NOTES TO THE FEDERAL AWARDS EXPENDITURES SCHEDULE 2 CFR 200.510(b)(6) FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Trumbull County (the County's) under programs of the federal government for the year ended December 31, 2015. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following cost principles contained in OMB Circular A-87 *Cost Principles for State, Local, and Indian Tribal Governments* (codified in 2 CFR Part 225). County has not elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE C - SUBRECIPIENTS

The County passes certain federal awards received from the Trumbull County Jobs & Family Services, and the Trumbull County Mental Health Recovery Board to other governments or not-for-profit agencies (subrecipients). As described in Note B, the County reports expenditures of Federal awards to subrecipients when paid in cash.

As a subrecipient, the County has certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these subawards as authorized by laws, regulations, and the provisions of contracts or grant agreements, and that subrecipients achieve the award's performance goals.

NOTE D - CHILD NUTRITION CLUSTER

The County commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the County assumes it expends federal monies first.

NOTE E – FOOD DONATION PROGRAM

The County reports commodities consumed on the Schedule at the fair value. The County allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities.

NOTE F - COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REVOLVING LOAN PROGRAMS

The County has a revolving loan fund (RLF) program to provide low-interest loans to businesses to create jobs for low to moderate income persons and also to lend money to eligible persons to rehabilitate homes. The Federal Department of Housing and Urban Development (HUD) grants money for these loans to the County, passed through the Ohio Department of Development. The Schedule reports loans made and administrative costs as disbursements on the Schedule. Subsequent loans are subject to the same compliance requirements imposed by HUD as the initial loans. These loans are collateralized by mortgages on the property and by other guarantees.

NOTES TO THE FEDERAL AWARDS EXPENDITURES SCHEDULE 2 CFR 200.510(b)(6) FOR THE YEAR ENDED DECEMBER 31, 2015 (Continued)

Activity in the CDBG Revolving Loan Fund during 2015 was as follows:

| Beginning loans receivable balance as of January 1, 2015: | \$ 647,949 |
|--|------------------|
| Loans made | 0 |
| Loans principle repaid on loans issued prior to 2015 | (34,983) |
| Loan principle repaid on 2015 loans issued: | <u>0</u> |
| Ending loans receivable balance as of December 31, 2015 | \$ 612,966 |
| Cash balance on hand in the revolving loan fund at December 31, 2015 | \$ 64,510 |
| Interest subsidies and economic development principal | 74,790 |
| Administrative costs expended during 2015 | <u>(154,078)</u> |
| Total Value of RLF portion of CDBG 14.228 Program | \$ 598,188 |

NOTE F - MATCHING REQUIREMENTS

Certain Federal programs require the County to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The County has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

Dave Yost · Auditor of State

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Trumbull County 160 High Street Warren, Ohio 44481

To the Board of County Commissioners:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' Government Auditing Standards, the financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of Trumbull County, (the County) as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated June 23, 2016. Our report refers to other auditors who audited the financial statements of the Fairhaven Industries, Inc. as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that those auditors separately reported. The financial statements of Fairhaven Industries, Inc. were not audited in accordance with Government Auditing Standards. We also noted the County adopted Governmental Accounting Standards Board Statement 68 and 71.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the County's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the County's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings that we consider a material weakness. We consider finding 2015-002 to be a material weakness.

Trumbull County Independent Auditor's Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Required By *Government Auditing Standards* Page 2

Compliance and Other Matters

As part of reasonably assuring whether the County's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matters we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2015-001.

Entity's Response to Findings

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings. We did not audit the County's responses and, accordingly, we express no opinion on them.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Dave Yost Auditor of State Columbus, Ohio

June 23, 2016

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Trumbull County 160 High Street Warren, Ohio 44481

To the Board of County Commissioners:

Report on Compliance for Each Major Federal Program

We have audited Trumbull County's (the County) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect each of Trumbull County's major federal programs for the year ended December 31, 2015. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the County's major federal programs.

Management's Responsibility

The County's Management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the County's compliance for each of the County's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on each of the County's major programs. However, our audit does not provide a legal determination of the County's compliance.

101 Central Plaza South, 700 Chase Tower, Canton, Ohio 44702-1509 Phone: 330-438-0617 or 800-443-9272 www.ohioauditor.gov Trumbull County Independent Auditor's Report On Compliance with Requirements Applicable to Each Major Federal Program and on Internal Control Over Compliance Required by the Uniform Guidance Page 2

Opinion on Each Major Federal Program

In our opinion, Trumbull County complied in all material respects with the requirements referred to above that could directly and materially affect each of its major federal programs for the year ended December 31, 2015.

Other Matters

The results of our auditing procedures in our report dated August 24, 2016 disclosed no instances of noncompliance. Subsequent to issuing our August 24, 2016 report, we determined this report should also include finding 2015-003. This report discloses an instance of noncompliance which Uniform Guidance requires us to report, described in the accompanying schedule of findings as item 2015-003. Our opinion on *each* major federal program is not modified with respect to this matter.

The County's response to our noncompliance finding is described in the accompanying corrective action plan. We did not audit the County's response and, accordingly, we express no opinion on it.

Report on Internal Control Over Compliance

The County's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the County's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the County's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance requirement will not be prevented, or timely detected and corrected. A *significant deficiency in internal control over compliance* is a deficiency or a combination of deficiencies in internal control over compliance with a federal program's compliance requirement will not be prevented, or timely detected and corrected. A *significant deficiency in internal control over compliance* is a deficiency or a combination of deficiencies in internal control over compliance with a federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Therefore, we cannot assure we have identified all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Therefore, we cannot assure we have identified all deficiencies. The results of our tests in our report dated August 24, 2016, disclosed no deficiencies in internal control over compliance in accordance with the Uniform Guidance. Subsequent to issuing our August 24, 2016 report, we determined this report should also include finding 2015-003. This report includes finding 2015-003, and replaces our report dated August 24, 2016. This finding does not affect our opinion on the financial statements dated June 23, 2016. However, we identified a certain deficiency in internal control over compliance that we consider to be a material weakness, described in the accompanying schedule of findings as item 2015-003.

Trumbull County Independent Auditor's Report On Compliance with Requirements Applicable to Each Major Federal Program and on Internal Control Over Compliance Required by the Uniform Guidance Page 3

The County's response to our internal control over compliance finding is described in the accompanying corrective action plan. We did not audit the County's response and, accordingly, we express no opinion on it.

This report only describes the scope of our tests of internal control over compliance and the results of this testing based on the Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

Report on the Federal Awards Expenditures Schedule Required by the Uniform Guidance

We have also audited the financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of Trumbull County, (the County), as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our unmodified report thereon dated June 23, 2016, wherein we noted Fairhaven Industries Inc. was audited by other auditors. Our opinion also explained that the County adopted Governmental Accounting Standards Board Statement 68 and 71 during the year. We conducted our audit to opine on the County's' basic financial statements as a whole. We have not performed any procedures to the audited financial statements subsequent to June 23, 2016. The accompanying federal awards expenditures schedule presents additional analysis required by the Uniform Guidance and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Kuthtobu

Keith Faber Auditor of State

Columbus, Ohio

August 24, 2016, except for the Medicaid Assistance Program and the noncompliance and material weakness described in Finding 2015-003, which is as of April 1, 2019.

THIS PAGE INTENTIONALLY LEFT BLANK.

SCHEDULE OF FINDINGS 2 CFR § 200.515 DECEMBER 31, 2015

1. SUMMARY OF AUDITOR'S RESULTS

| d)(1)(i) | Type of Financial Statement Opinion | Unmodified |
|--------------|---|---|
| (d)(1)(ii) | Were there any material control weaknesses reported at the financial statement level (GAGAS)? | Yes |
| (d)(1)(ii) | Were there any significant deficiencies in internal control reported at the financial statement level (GAGAS)? | No |
| (d)(1)(iii) | Was there any reported material noncompliance at the financial statement level (GAGAS)? | Yes |
| (d)(1)(iv) | Were there any material internal control weaknesses reported for major federal programs? | Yes |
| (d)(1)(iv) | Were there any significant deficiencies in internal control reported for major federal programs? | No |
| (d)(1)(v) | Type of Major Programs' Compliance Opinion | Unmodified |
| (d)(1)(vi) | Are there any reportable findings under 2 CFR § 200.516(a)? | Yes |
| (d)(1)(vii) | Major Programs (list): Community Development Block Grant Workforce Investment Act Cluster Highway Planning & Construction Cluster Medicaid Assistance Program Cluster | <u>CFDA #</u> 14.228 17.25859 & .78 20.205 93.778 |
| (d)(1)(viii) | Dollar Threshold: Type A\B Programs | Type A: > \$793,255 Type B: all others |
| (d)(1)(ix) | Low Risk Auditee under 2 CFR §200.520? | Low |

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

1 Negative Fund Balances

| Finding Number | 2015-001 |
|----------------|----------|

NONCOMPLIANCE

Ohio Revised Code § 5705.10(I) states that money paid into any fund shall be used only for the purposes for which such fund has been established. As a result, a negative fund balance indicates that money from one fund was used to cover the expenditures/expenses of another fund.

We noted negative fund balances during the year and at year end as follows:

| Fund # | Fund | April | August | December |
|--------|------------------------|---------------|---------------|-------------|
| 001 | General Fund | \$(5,000,509) | \$(1,246,851) | |
| 003 | Public Assistance | (43,381) | | |
| 039 | 911- Emergency Systems | | (347,131) | |
| 235 | MR/DD Federal Program | | | \$ (59,288) |
| 710 | Sheriff Rotary | (107,287) | | |

The County should utilize cash advances to these funds or request additional funding before deficits occur to help ensure compliance with the above requirements.

Official's Response: Historically, the Auditor's Office has transferred money from the sales tax funds on a quarterly basis to cover the general fund costs.

2 Construction in Progress - Sewer

| Finding Number | 2015-002 |
|----------------|----------|

MATERIAL WEAKNESS

The County maintains a fixed asset ledger prepared by the Auditor's Office. The ledger lists the assets according to category and location. It is the responsibility of the department fiscal agents to notify the Auditor of all changes including construction in progress each fiscal year. These changes are then used to update capital asset balances on the annual financial statements.

Ohio Administrative Code Chapter 117-2-01 provides that all public officials are responsible for the design and operation of a system of internal control that is adequate to provide reasonable assurance regarding the achievement of objectives for their respective public offices in certain categories. "Internal control" means a process affected by an entity's governing board, management, and other personnel, designed to provide reasonable assurance regarding the achievement of financial reporting.

Finding Number 2015 – 002 (Continued)

The 2015 Sewer Fund construction in progress (CIP) balances improperly included total anticipated project costs instead of just the actual expensed costs. The Sewer Fund CIP was overstated by \$1,605,951. The financial statements and capital asset records have been adjusted accordingly.

Sound financial reporting is the responsibility of the departments, Auditor, and the Commissioners and is essential to help ensure the information provided to the readers of the financial statements is complete and accurate.

The County should establish internal controls to help prevent and detect errors in capital asset balances.

Official's Response: The construction in progress (CIP) reconciliation was completed using the estimated budget spreadsheets for each project. The estimated budget spreadsheets were inadvertently used to value the CIP account. By using the estimated budget spreadsheets, all budgeted 2015 expenditures were included as actual 2015 CIP expenses. Not all items on the estimated budget spreadsheet were incurred in 2015, thus over valuing the CIP balance.

3. FINDINGS FOR FEDERAL AWARDS

Schedule of Expenditures of Federal Awards

| Finding Number | 2015-003 | | |
|---|--|-------------------------------|-----------------------|
| CFDA Title and Number | Highway Planning and Construction Cluster (20.205) | | |
| Federal Award Identification Number / Year | 2015 | | |
| Federal Agency | U.S. Department of Transportation | | |
| Repeat Finding from Prior Audit? | No | Finding Number (if repeat) | N/A – not repeated |

Noncompliance and Material Weakness

2 C.F.R Subpart F § 200.510(b) requires that the auditee prepare a Schedule of Expenditures of Federal Awards (the Schedule) for the period covered by the Entity's financial statements which must include the total federal awards expended as determined in accordance with § 200.502.

At a minimum, the schedule must:

- (1) List individual Federal programs by Federal agency.
- (2) For Federal awards received as a subrecipient, the name of the pass-through entity and identifying number assigned by the pass-through entity must be included.
- (3) Provide total Federal awards expended for each individual Federal program and the CFDA number or other identifying number when the CFDA information is not available.
- (4) Include the total amount provided to subrecipients from each Federal program.
- (5) For loan or loan guarantee programs described in § 200.502 Basis for determining Federal awards expended, paragraph (b), identify in the notes to the schedule the balances outstanding at the end of the audit period.
- (6) Include notes that describe the significant accounting policies used in preparing the schedule, and note whether or not the auditee has elected to use the 10 percent de minimis cost rate as covered in § 200.414 Indirect (F&A) costs.

Finding Number 2015 – 003 (Continued)

The County prepared a Federal Awards Expenditures Schedule (the Schedule) based on information provided by each department. However, the County overstated the Highway Planning and Construction cluster program expenditures (CFDA # 20.205) on the Schedule by \$5,346,290. The County's Federal Awards Expenditures Schedule has been corrected for this error.

The County did not have adequate controls in place to detect and prevent this error.

Errors and omissions to the Schedule could have an adverse effect on future grant awards by the awarding agency or agencies in addition to an inaccurate assessment of major federal programs that would be subjected to audit. Adjustments, to which management have agreed, are reflected in the accompanying Schedule.

County management should review all grant and loan awards and be familiar with federal reporting requirements. The County should implement a system to track all federal expenditures and related information separately from other expenditures and report federal expenditures with proper support including, but not limited to, grant agreements, calculation of the expenditures, and any federal reporting requirements. This will help ensure the Schedule is complete and accurate and major federal programs are correctly identified for audit.

Officials' Response: Refer to the Corrective Action Plan

CORRECTIVE ACTION PLAN 2 CFR § 200.511(c) DECEMBER 31, 2015

| Finding Number | Planned Corrective Action | Anticipated Completion Date | Responsible Contact Person |
|-------------------|--|-----------------------------------|--|
| 2015-001 | The Auditor's Office will assess the general fund balance on a monthly basis so that money can be transferred from the sales tax funds in a timely manner. | October 31, 2016 | Adrian Biviano, County Auditor |
| 2015-002 | The cost to date spreadsheet which tracks all current year project spending will be used in the creation of the CIP reconciliation. The Controller and Project Planning Director will monitor and review the year end CIP reconciliation to ensure the current year expenditures are properly recorded in the CIP balance. | March 31, 2017 | Robert Maiorano, Controller of County Sanitary Engineer department |
| 2015-003 | The County Engineer's office will seek confirmation from the Ohio Department of Transportation prior to submitting their schedule of expenditures of federal awards to the County Auditor | May 1, 2018 | Nicole Klingeman, Engineer Fiscal Officer |

June 23, 2016

The Honorable Daniel E. Polivka The Honorable Frank S. Fuda The Honorable Mauro Cantalamessa

The Honorable Sam C. Lamanusa Trumbull County Treasurer

Citizens of Trumbull County:

It is my pleasure to present Trumbull County's Comprehensive Annual Financial Report (CAFR) for the year ended December 31,2015.

To the best of my knowledge the data presented, herein, is completely accurate in all respects and has been reported in a manner designed to provide complete disclosure of the financial position and the results of operations of the County.

This report was prepared in complete accordance with Generally Accepted Accounting Principles (GAAP) as applicable to government entities and with the hop of receiving a nineteenth Certificate of Achievement for Excellence in Financial Reporting Guidelines of the Government Finance Officers Association (GFOA) in the history of Trumbull County.

This document represents full disclosure of all Trumbull County's financial activities during the aforementioned year. The Trumbull County Auditor's office, unless otherwise noted, takes full responsibility for the data contained herein. We believe that the report has been prepared in a manner which will easily enable the reader to gain valuable insights into Trumbull County's financial activity.

The preparation of this comprehensive document represents an ongoing commitment to excellence in terms of the financial management of Trumbull County. We intend to reflect this same commitment in ensuing years with similar practices and the continued attainment of this cherished award of achievement.

Yours Sincerely,

altria & Rivian

Adrian S. Biviano MBA, CPA, CGFM, CFE

ADRIAN S. BIVIANO, CPA TRUMBULL COUNTY AUDITOR 160 High Street, N.W., Warren, Ohio 44481 Phone: 330-675-2420 Fax: 330-675-2419 auditor@co.trumbull.oh.us

June 23, 2016

Trumbull County Board of Commissioners 160 High Street Warren, Ohio 44481

Citizens of Trumbull County:

I am pleased to submit the comprehensive annual financial report of Trumbull County for the year ended December 31, 2015.

This report enables the County to comply with Ohio Administrative Code Section 117-2-03 (B), which requires reporting on a GAAP (Generally Accepted Accounting Principles) basis, and Ohio Revised Code Section 117.38 which requires the counties reporting on a GAAP basis to file unaudited general purpose external financial statements with the Auditor of State within 150 days of year end.

Management assumes responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Dave Yost, Auditor of State, has issued an unmodified ("clean") opinion on Trumbull County's financial statements for the year ended December 31, 2015. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

The County and the Form of Government

Trumbull County, created in 1800, is located in northeast Ohio, on the southern border of Ashtabula County, the eastern borders of Geauga and Portage Counties and the western border of the State of Pennsylvania. The County is approximately forty miles southeast of the City of Cleveland. The County encompasses 24 townships and eleven cities and villages, the largest of which is the City of Warren, the County Seat. The County is in the Youngstown-Warren, Ohio Metropolitan Statistical Area (MSA) comprised of Trumbull, Columbiana and Mahoning Counties, the 99th largest of 381 MSA's in the United States.

The County is served by extensive and diversified transportation facilities. More than eighty motor freight carriers serve the area and 40 contract carriers maintain offices or terminals. The County is presently served by two railroad systems - Conrail and CSX. The Western Reserve Port Authority is located within the County and commercial service is provided by Allegiant Airline. Also, Wyman's

Executive Airport is located within the County. Three airports within commuting distance of the County, Cleveland Hopkins International Airport, Akron-Canton Regional Airport and Pittsburgh International Airport, provide additional air transportation services.

One major interstate highway traversing the County, the Ohio Turnpike Interstate 80, is a major coast-tocoast route linking the area with such major national economic centers as New York and Chicago. I-80 and local spur I-680 provide quick access to Cleveland, Akron and Youngstown. In addition to federal highways, the County is crisscrossed with modern state highways. State Routes 11, 45, 46 and 82 and U.S. Route 422 facilitate travel within the County and link the County with the industries of the Ohio Valley Region.

The cities, villages and townships, together with various special districts and other governmental entities operating in the County, are responsible for many local governmental services and make significant expenditures to provide such services to County residents. The County, nonetheless, has significant responsibilities in the areas of general government, administration of justice, road and bridge maintenance, health care, sanitation, public welfare, social services and public assistance. The County also operates two enterprise funds that include a water system and wastewater system.

For financial reporting purposes, the County includes all funds, agencies, boards and commissions making up Trumbull County (the Primary Government) and its' Component Units, in accordance with the Governmental Accounting Standards Board (GASB) Statement No. 14 "The Financial Reporting Entity" as amended by GASB Statement No. 39, "Determining Whether Certain Organizations Are Component Units" and GASB Statement No. 61, "The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34". The County's primary government includes the financial activities of Trumbull County Community Mental Health Board, Trumbull County Board of Developmental Disabilities (DD), Trumbull County Children Service's Board and all departments and activities that are directly operated by elected County officials.

Component units are legally separate organizations which are fiscally dependent on the County or for which the County is financially accountable. Fairhaven Sheltered Workshop, Inc. and the Trumbull County Land Bank have been included as discretely presented component units.

The County is associated with other organizations. These include the Geauga/Trumbull Solid Waste District which is a joint venture as discussed in Note 14; the County Risk Sharing Authority, Inc. (CORSA), a risk sharing pool discussed in Note 22; the Western Reserve Port Authority, the Family and Children First Council, the Northeast Ohio Community Alternative Program, and the North East Ohio Network which are jointly governed organizations discussed in Note 23; the Private Industry Council, the Trumbull County Public Library, the Trumbull County Tourism Board, the Trumbull County Metropolitan Park District and the Trumbull County Transit Board which are related organizations discussed in Note 24.

The County has only those powers, and powers incidental thereto, conferred upon it by the State constitution and statutes. A three-member Board of County Commissioners (the "Board") is the primary legislative and executive body of the County. The Board is elected at-large in even-numbered years for four-year overlapping terms. The Board is responsible for providing and managing the funds used to support the various County activities. The Board exercises its legislative powers in budgeting, appropriating monies, levying taxes, issuing bonds and notes and letting contracts for public works and services to provide this financial management. The Board has certain responsibilities for the management of most County facilities, including various court, correctional and administrative facilities, public assistance and social services facilities and general County facilities.

In addition to the Board, citizens elect eight other County administrative officials, each of whom is independent within the limits of State Statutes affecting the particular office. These officials, elected to four-year terms, are the County Auditor, County Treasurer, County Prosecutor, County Engineer, Coroner, Clerk of Courts, County Recorder and Sheriff. Common Pleas Judges, including the Domestic Relations, Juvenile Court and Probate Court Judges, are also elected on a County-wide basis and serve six-year terms. Court of Appeals Judges are elected on a district-wide basis by the electors of the Counties included in the district for a six-year term.

The County Auditor serves as the chief fiscal officer for the County and the tax assessor for all political subdivisions within the County. As the chief fiscal officer, no contract or obligation involving the County can be made without the Auditor's certification that appropriations are sufficient and that funds are available, or are in the process of collection, to ensure that the contract or obligation can be paid. The Auditor is also the central disbursing agent of the County who, by the issuance of County warrants, distributes funds to creditors in payment of liabilities incurred by the County and its departments. In addition, the Auditor is responsible for the preparation of the County payroll and has statutory accounting responsibilities.

As tax assessor, the Auditor is responsible for establishing the tax rates for real estate, personal property and manufactured homes. Once these taxes are collected, the Auditor is responsible for distributing those collections to the other governmental entities in accordance with legally adopted rates. In addition to these duties, the Auditor is the secretary to the County Data Processing Board and serves as the secretary to the County Board of Revision and the County Budget Commission.

The County Auditor is also responsible for the development and implementation of an interdepartmental County-wide geographical information system (GIS). The Trumbull County Auditor's office has moved the County map information to a GIS system to provide the many benefits of these advanced mapping systems to their county governments. This system provides aerial photography, geodetic control, analytical triangulation, GIS photogram metric mapping and property conversion. This computerized system will provide the public as well as departments with valuable data and information about the County as a whole.

The County Treasurer is the custodian of all County funds. The Treasurer is responsible for the investment of idle County funds as specified by Ohio law. The Treasurer is also responsible for collecting all tax monies and applying those payments to the appropriate tax accounts. Daily reconciliations of the total County fund balances of the Auditor and the Treasurer are performed by the two offices, and reconciliations by fund are prepared monthly. The County Budget Commission is comprised of the County Treasurer, Auditor and Prosecutor. The Budget Commission plays an important function in the financial administration of the County government and all other local governments within the County.

The County Engineer, required by Ohio law to be a registered professional engineer and surveyor, serves as the civil engineer for the County and its officials. His primary responsibilities relate to the construction, maintenance and repair of County roads and bridges, related roadside drainage facilities and storm or surface runoff systems. The Board of Commissioners takes bids on and awards contracts for the projects recommended and approved by the County Engineer. The County Engineer also prepares tax maps for the County Auditor.

The Board of County Commissioners are required to adopt a final budget by the close of the fiscal year. This annual budget serves as the foundation for the Trumbull County's financial planning and control. The legal level of control has been established by the Commissioners at the object level within each department. Any budgetary modifications at this level may only be made by resolution of the County Commissioners.

Administration of the Justice System

As a part of its justice system, the County maintains the Court of Appeals and the Common Pleas Court which include a Domestic Relations Division, a Juvenile Division and a Probate Division.

The County Prosecutor's office, the Juvenile Detention Center and the County Jail are also maintained by the County. In addition to the responsibilities as a prosecutor of criminal cases, the County Prosecutor is designated by Ohio law as the chief legal counsel for all County officers, boards and agencies, including

the Board of Commissioners, the County Auditor and the County Treasurer and all townships and local school districts. The County Prosecutor is also a member of the County Budget Commission.

The Clerk of Courts keeps all official records of the Common Pleas Court, and when the Court of Appeals holds sessions within the County, she also serves as Clerk of Courts of the Court of Appeals. The office of the Clerk of Courts operates on a system of fees charged for services and is essentially self-supporting.

The County Sheriff is the chief law enforcement officer of the County and provides certain specialized services which include maintaining a special staff of deputies whose duties are to assist local law enforcement officers upon their request and to enforce the law in unincorporated areas of the County. The Sheriff also operates and maintains the County jail and is responsible for its inmates, including persons detained for trial or transfer to other institutions. As an officer of the County courts, the Sheriff is in charge of the service of court documents.

Industry, Commerce and Economic Development

Employment in the County and Metropolitan Statistical Area (MSA) is primarily in the manufacturing sector and within that sector largely in the automobile and steel industries. According to the U.S. Department of Labor, Bureau of Labor Statistics, Midwest Information Office, as of March 2015, there were 68,268 people employed in Trumbull County making an average weekly wage of \$800.

Trumbull County's collaborative economic development program helps existing companies grow and works to attract new businesses, industry, investment, and jobs. Trumbull County coordinates local, state, regional, and federal programs for businesses and industries expanding or locating in Trumbull County and takes advantage of state and federal programs such as Ohio's Enterprise Zone (RZ) and Community Reinvestment Area (CRA) programs, which permits tax incentives on new real property within designated areas; the Community Development Block Grant Economic Development (CDBG-ED) Program, which provides for jobs for low and moderate income persons; the CDBG Revolving Loan Fund (RLF), which provides low-interest loans to primarily small manufacturing facilities; and has Foreign Trade Zone (FTZ) status which allows for reducing trade and tariff costs for local companies. Trumbull County is also a founding member of the Trumbull County Brownfield Coalition.

Trumbull County has one of the largest and most successful Enterprise Zone Programs in Ohio, encompassing most jurisdictions in the County's 625 square-mile area. The Enterprise Zone Program provides tax incentives for new industrial or manufacturing expansion projects in Trumbull County. In 2015, the Planning Commission had a total of 13 active Enterprise Zone Agreements in compliance with their agreements. As a result of the 13 active Enterprise Zone Agreements: 487 jobs were created; 3,013 jobs were retained; \$120,000,000 was invested in real property and \$215,000,000 was invested in personal property in Trumbull County.

One of those tax abatements was made to Clean Energy Future – Lordstown LLC for a 100 percent abatement on real and personal property for 15 years to construct a new energy generation facility in Lordstown Village along State Route 45. The total cost of investment is expected to exceed \$500,000,000 and will create 19 new full-time jobs.

The Community Reinvestment Area (CRA) Program allows a community to offer tax incentives on the increased value from improvements to properties within the boundaries of the CRA. CRAs are typically located in areas where investment has been discouraged. In 2015, the Planning Commission entered into contract with the City of Warren to update its Community Reinvestment Area. The City of Warren has an existing CRA that was originally certified in 1977. Also in 2015, the Planning Commission entered into contract with Liberty Township to update its existing CRA. Both of these projects will be completed in 2016. In 2013, the Planning Commission assisted Liberty Township in establishing a three square mile CRA along Belmont Avenue. In 2014, the Planning Commission processed three CRA applications; the construction of an 87-room Comfort Suites Hotel, the creation of a Dunkin Donuts, and the construction of an office and shop for CR Electric. When completed, these projects are expected to create \$8.4 million

of total investment and generate 92 construction jobs, 31 full-time jobs, and 43-part-time jobs.

Trumbull County has had one of the most successful Revolving Loan Funds in Ohio, with over \$4 million loaned to local companies since 1984, yielding 1,000 new jobs and thousands of jobs retained. The Revolving Loan Fund (RLF) provides low-interest loans to primarily small manufacturing facilities within Trumbull County. Trumbull County Planning Commission currently has five (5) active loans in the RLF and is proud to report that all performance and compliance criteria including job creation have been met and maintained for all loans. In addition, all payments have been received and are up to date. The proceeds for the last several years have gone to pay back the bond for the Section 108 Loan Program.

The County has had over 1,000 acres designated as FTZ 181; however, a policy change in 2011 allowed a foreign trade zone to be designated anywhere in Trumbull County, and would provide for a 30 to 60 day review of applications by qualified companies to locate in a foreign trade zone.

In 2015, the Planning Commission continued to participate as an active member of the Trumbull County Brownfield Coalition, which was the recipient of a FY2013 \$600,000 U.S. EPA Brownfields Assessment Grant. In July 2015, Warren City Council passed legislation authorizing and supporting the submission of an application to the Ohio Environmental Protection Agency (OEPA) to establish an Urban Setting Designation (USD) in the City of Warren under the Voluntary Action Program (VAP). Ohio's VAP recognizes that many brownfield sites are located in highly urbanized areas which rely on community water systems to supply residents with safe drinking water. In those areas, ground water that contains chemicals from prior industrial or commercial activities poses no perceptible risk to the community because ground water is not used for drinking purposes. A USD recognizes that cleaning up the ground water. Also in 2015, the Coalition continued to perform assessments at different brownfield sites throughout Trumbull County as shown in the table below.

| Site | Work Performed |
|----------------------------------|--|
| Wean Building | Asbestos Survey |
| Warren CDA Building | Asbestos Survey |
| Trumbull Bronze | Phase I and II Environmental Site Assessment |
| Girard Leatherworks | Phase II Environmental Site Assessment |
| RG Steel Administration Building | Phase I and II Environmental Site Assessment |
| St. Joseph's Hospital | Asbestos Survey |
| Peerless Electric | Phase I Environmental Site Assessment |
| Larchmont Sites | Phase I Environmental Site Assessment and Asbestos Surveys and Phase |
| | II Environmental Site Assessments at selected sites |
| Dana Street Sites | Phase I Environmental Site Assessment and Asbestos Survey |

In 2015, the Planning Commission continued to provide in-kind time to the Coalition to implement a oneof-its-kind education and outreach strategy that focuses on building partnerships with other local agencies to effectively educate all groups that are affected by brownfields including business owners, realtors, elected officials, and residents of the community.

On September 12, 2015, the Coalition partnered with the Trumbull Art Gallery to produce an art exhibition entitled "Urban Opportunity." This show featured six local photographers who captured Trumbull County's brownfield sites and turned them into works of art. The coalition combined an unexpected partnership with an innovative educational approach in order to leverage new advocates for brownfield redevelopment. The Coalition has always looked for creative ways to educate the public on the importance of brownfield redevelopment. By partnering with local artists and focusing on visual imagery as an educational tool, the Coalition was able to change the way Trumbull County residents look at abandoned industrial sites. The Coalition presented at the 2014 and 2016 Ohio Brownfield Conference about their unique public engagement strategy and partnerships.

In 2015, Planning Commission staff worked with the City of Warren, Regional Chamber, Western

Reserve Port Authority, Mahoning Valley Economic Development Corporation and JobsOhio to assist Christopher Alan and his company, AutoParkit, to announce their intent to locate a manufacturing facility at the former Delphi Packard property located on Dana Street in the City of Warren. The company has entered into a purchase agreement for two properties on Dana Street and expects to invest several million dollars in real estate and employ 250-300 people over the next three to four years.

The Brookings Institution's Metropolitan Policy Forum released a survey showing that the Youngstown/Warren metro area ranked third among the 100 largest U.S. metro areas for percentage increase in manufacturing jobs from 2010 to 2011. The Brookings Institutions' March 2012 tracking of economic recovery in the 100 largest U.S. Metro areas found that Youngstown-Warren was among the 20 metro areas showing the strongest economic improvement. The report showed that in 2010-2011, Youngstown-Warren was one of only six metro areas in the U.S. with manufacturing employment growth of more than 10 percent. The Youngstown-Warren metro area's employment grew at the sixth fastest rate among 100 metro areas in the nation in the first three quarters of 2011 while the change in unemployment – a 1.4 percent year-to-year decline – was the eighth-best percentage decrease in America.

Income

According to the 2010 - 2014 American Community Survey 5-Year Estimates, the median household income for Trumbull County is estimated at \$43,226; compared to the Warren City median household income of \$29,249; the State median household income of \$48,849; and the United States median household income of \$53,482.

Housing

The following data from the 2010 - 2014 American Community Survey, 5-Year Estimates shows housing units in Trumbull County; with comparative statistics for the City of Warren, the State of Ohio and the United States.

| | Median Value of Owner-Occupied Housing Units | Number of Housing Units |
|-----------------|---|-------------------------|
| City of Warren | \$ 63,700 | 20,404 |
| Trumbull County | \$ 97,700 | 95,799 |
| Ohio | \$129,600 | 5,135,173 |
| United States | \$175,700 | 132,741,033 |

Sanitary Engineer - Water and Sewer

The County, through the Sanitary Engineer's Department, is in the process of making various capital improvements which will be funded by various sources, including special assessments, through the business-type funds. Some sewer projects that were in process include the Little Squaw Creek Interceptor (Phase 4 and 5) projects, the Kinsman (Phase 2) project, the Scott Street (Phase 2) project, the Belmont Park project, the Allison Avenue project, the South Bedford Road project, the Swift Drive project, the Heaton Chute Project, the State Road (Phase 2) project, the Scoville Drive project and the Mosquito Creek Capital Improvement project and the Brookfield Capital Improvement project.

The Blueprint to Prosperity Waterline Initiative is the water project that was in process.

Long-term Financial Planning

Trumbull County has developed a five (5) year capital budget plan which is used as a plan for capital spending projects and is updated annually to maintain a five year outlook. This budget is meant to

provide guidance by the Board of County Commissioners and other elected officials in determining the County's future capital needs.

Within the County's general fund operating budget, the Commissioners appropriate between \$500,000-\$1,000,000 in a contingency account for anticipated capital and other operating needs.

Relevant Financial Policies

The County imposed an additional 0.25 percent sales tax levy for County operations, along with a 0.25 percent levy for public safety services in October 2005. The current annual revenues from these levies are estimated to be \$10.0 million.

Acknowledgments

The publication of this CAFR represents an important achievement in the ability of Trumbull County to provide significantly enhanced financial information and accountability to the citizens of Trumbull County, its elected officials, County management and investors. This report continues the aggressive program of the County Auditor's office to improve the County's overall financial accounting, management and reporting capabilities.

I would like to acknowledge the efforts of the entire staff of the Trumbull County Auditor's office and Data Processing Department for their contributions to this report. Special thanks are extended to Trumbull County's accounting staff, for their effort and dedication to this project. The guidance given by Julian & Grube, Inc. was greatly appreciated. They provided valuable assistance in a most professional manner.

I would also like to recognize Trumbull County Treasurer Sam C. Lamancusa and his staff for their periodic assistance and to thank the Trumbull County Board of Commissioners for their support of this CAFR.

Lastly, I would like to thank all of the elected officials, department heads and their staffs for their assistance and cooperation with the preparation of this CAFR. I ask for their continued support of this project and of my efforts towards continuing the sound financial management for Trumbull County.

Sincerely,

achia & Binan

INDEPENDENT AUDITOR'S REPORT

Trumbull County 160 High Street Warren, Ohio 44481

To the Board of County Commissioners:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of Trumbull County, Ohio (the County), as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We did not audit the financial statements of Fairhaven Industries Inc., which represent 32 percent, 32 percent, and 64 percent, respectively, of the assets, net position, and revenues of the discretely presented component units. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amount included for Fairhaven Industries Inc., is based solely on the report of other auditors. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement. The other auditors audited the financial statements of Fairhaven Industries Inc. in accordance with auditing standards generally accepted in the United States used the financial statements of Fairhaven Industries Inc. in accordance with auditing standards generally accepted in the United States of America and not in accordance with *Government Auditing Standards*.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the County's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of Trumbull County, Ohio, as of December 31, 2015, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General, Motor Vehicle Gasoline Tax, Public Assistance, County Board of Developmental Disabilities, Community Mental Health, and Children's Services funds, thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 3 to the financial statements, during the year ended December 31, 2015, the County implemented GASB Statement No. 68, "Accounting and Financial Reporting for Pensions - an Amendment of GASB Statement No. 27" and GASB Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date - an Amendment of GASB Statement No. 68". We did not modify our opinion regarding this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, and schedules of net pension liabilities and pension contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the County's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling statements and schedules directly to the underlying accounting and other records used to prepare the basic financial statements and schedules directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Trumbull County Independent Auditor's Report Page 3

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 23, 2016, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2015 UNAUDITED

The management's discussion and analysis of Trumbull County's (the "County") financial performance provides an overall review of the County's financial activities for the year ended December 31, 2015. The intent of this discussion and analysis is to look at the County's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the County's financial performance.

Financial Highlights

Key financial highlights for 2015 are as follows:

- The total net position of the County increased \$5,504,293. Net position of governmental activities increased \$2,709,273, which represents a 1.70% increase from 2014. Net position of business-type activities increased \$2,795,020, which represents a 3.25% increase from 2014.
- General revenues accounted for \$67,826,444 or 43.64% of total governmental activities revenue. Program specific revenues accounted for \$87,601,968 or 56.36% of total governmental activities revenue.
- The County had \$153,267,213 in expenses related to governmental activities. \$87,601,968 of these expenses were offset by program specific charges for services, grants or contributions. General revenues (primarily taxes) of \$67,826,444 were adequate to provide for these programs.
- The County's major governmental funds are the general fund, motor vehicle gasoline tax fund, public assistance fund, County Board of Developmental Disabilities fund, community mental health fund, children services fund and general obligation bond retirement fund. The general fund, the County's largest major fund, had revenues and other financing sources of \$48,117,183 in 2015, and expenditures and other financing uses of \$46,721,325. The general fund's fund balance increased \$1,395,858 or 20.25% from 2014 to 2015.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the County as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The statement of net position and statement of activities provide information about the activities of the whole County, presenting both an aggregate view of the County's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the County's most significant funds with all other nonmajor funds presented in total in one column. In the case of the County, there are seven major governmental funds. The general fund is the largest major fund.

Reporting the County as a Whole

Statement of Net Position and the Statement of Activities

The statement of net position and the statement of activities answer the question, "How did we do financially during 2015?" These statements include all assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues and expenses using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the County's net position and changes in that position. This change in net position is important because it tells the reader that, for the County as a whole, the financial position of the County has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the County's property tax base, current property tax laws, facility conditions and other factors.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2015 UNAUDITED

In the statement of net position and the statement of activities, the County is divided into two distinct kinds of activities:

Governmental activities - Most of the County's programs and services are reported here including human services, health, public safety, public works and general government. These services are funded primarily by taxes and intergovernmental revenues including federal and State grants and other shared revenues.

Business-type activities - These services are provided on a charge for goods or services basis to recover all or a significant portion of the expenses of the goods or services provided.

The County's statement of net position and statement of activities can be found on pages 19-21 of this report.

Reporting the County's Most Significant Funds

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other State and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Fund financial reports provide detailed information about the County's major funds. The County uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the County's most significant funds. The County's major governmental funds are the general fund, motor vehicle gasoline tax fund, public assistance fund, County Board of Developmental Disabilities fund, community mental health fund, children services fund and general obligation bond retirement fund. An analysis of the County's major governmental and proprietary funds begins on page 13.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, the readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains a multitude of individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures, and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. The basic governmental fund financial statements can be found on pages 22-34 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2015 UNAUDITED

Proprietary Funds

The County maintains proprietary funds, including both enterprise funds and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its sewer and water operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses four internal service funds to account for its gasoline and telephone rotary operations and its self-insurance programs for medical benefits and workers' compensation. The basic proprietary fund financial statements can be found on pages 35-39 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statement can be found on page 40 of this report.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These notes can be found on pages 41-101 of this report.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's net pension liability. The required supplementary information can be found on pages 104-110 of this report.

Government-wide Financial Analysis

The statement of net position provides the perspective of the County as a whole. The table that follows provides a summary of the County's net position at December 31, 2015 and December 31, 2014. Net position for 2014 has been restated as described in Note 3.A.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2015 UNAUDITED

| | Net Position | | | | | |
|----------------------------------|----------------|---------------|-----------------------|-----------------|----------------|-----------------|
| | Governmental | Business-type | Governmental | Business-type | | |
| | Activities | Activities | Activities | Activities | Total | Total |
| | 2015 | 2015 | 2014 (Restated) | 2014 (Restated) | 2015 | 2014 (Restated) |

During 2015, the County adopted Governmental Accounting Standards Board (GASB) Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27" and GASB Statement 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date - An Amendment of GASB Statement No. 68" which significantly revises accounting for pension costs and liabilities. For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the County's actual financial condition by adding deferred inflows related to pension and the net pension liability to the reported net position and subtracting deferred outflows related to pension.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB 27 focused on a funding approach. This approach limited pension costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability*. GASB 68 takes an earnings approach to pension accounting; however, the nature of Ohio's statewide pension systems and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2015 UNAUDITED

Under the new standards required by GASB 68, the net pension liability equals the County's proportionate share of each plan's collective:

- 1. Present value of estimated future pension benefits attributable to active and inactive employees' past service
- 2 Minus plan assets available to pay these benefits

GASB notes that pension obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the County is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employee, because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68, the County's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's *change* in net pension liability not accounted for as deferred inflows/outflows.

As a result of implementing GASB 68, the County is reporting a net pension liability and deferred inflows/outflows of resources related to pension on the accrual basis of accounting. This implementation also had the effect of restating net position at December 31, 2014, for governmental activities from \$206,885,407 to \$159,579,911 and business-type activities from \$88,223,508 to \$85,898,442.

Over time, net position can serve as a useful indicator of a government's financial position. At December 31, 2015, the County's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$250,982,646. This amounts to \$162,289,184 in governmental activities and \$88,693,462 in business-type activities.

As of December 31, 2015, the County is able to report positive balances in all categories of net position for both its governmental activities and business-type activities.

The net investment in capital assets represents the largest portion of net position for the County. Capital assets are used to provide services to citizens and are not available for future spending. Although the County's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities. Capital assets are discussed further on pages 16 and 17.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2015 UNAUDITED

Restricted net position represents resources that are subject to external restrictions on how they may be used. Unrestricted net position may be used to meet the County's ongoing obligations to its citizens and creditors.

The following table shows the changes in net position for governmental and business-type activities for 2015 and 2014. See Note 3.A for detail regarding the restatement of net position.

| | Change in Net Position | | | | | |

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2015 UNAUDITED

The information necessary to restate the 2014 beginning balances and the 2014 pension expense amounts for the effects of the initial implementation of GASB 68 is not available. Therefore, 2014 functional expenses still include pension expense of \$7,249,884 computed under GASB 27. GASB 27 required recognizing pension expense equal to the contractually required contributions to the plan. Under GASB 68, pension expense represents additional amounts earned, adjusted by deferred inflows/outflows. The contractually required contribution is no longer a component of pension expense. Under GASB 68, the 2015 statements report pension expense of \$7,342,971. Consequently, in order to compare 2015 total program expenses to 2014, the following adjustments are needed:

| | Governmental Activities | Business-Type Activities |
|---|----------------------------|-----------------------------|
| Total 2015 program expenses under GASB 68 | \$ 153,267,213 | \$ 18,803,770 |
| Pension expense under GASB 68 | (7,030,141) | (312,830) |
| 2015 contractually required contributions | <u>6,618,694</u> | <u>360,233</u> |
| Adjusted 2015 program expenses | 152,855,766 | 18,851,173 |
| Total 2014 program expenses under GASB 27 | 145,871,359 | <u>18,197,124</u> |
| Increase (decrease) in program expenses not related to pension | \$ 6,984,407 | <u>\$ 654,049</u> |

Governmental Activities

Despite increased expenses in 2015, net position increased by \$2,709,273 (1.70%) as revenues continued to outpace expenses. Total revenues remained virtually unchanged, increasing only \$252,473 (0.16%). A slight decline in program revenues was offset by a similar slight increase in general revenues.

In the program revenues, charges for services and sales and operating grants and contributions decreased slightly, while capital grants and contributions increased. The decrease in charges for services program revenues is due to declines in revenue from various sources such as rental income, Sheriff Department fines and court fees. The major components of the decrease in operating grants and contributions are reduced Federal grants for County Board of Developmental Disabilities Medicaid programs and a decrease in State grant funding for the community mental health programs. Capital grants and contributions increased due to additional funding from the Ohio Public Works Commission and Ohio Department of Transportation; these grants were used primarily for infrastructure improvements throughout the County.

General revenues for the County primarily consist of property taxes and permissive sales tax revenue. These two revenues sources comprised 37.96% of total revenues in 2015, compared to 37.09% in 2014. Sales tax revenue increased slightly as the local economy continues to improve.

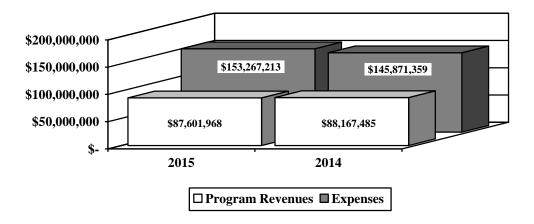

Overall, expenses in 2015 for most of the County's programs decreased slightly compared to the prior year, except for a sizeable increase in expenses for the County's public works programs. This is primarily due to an extensive bridge repair and replacement program in 2015.

The County's largest category of expenses in 2015 was human services. Human services, which supports the operations of the public assistance fund and children services fund, accounts for \$40,807,798 or 26.63% of total governmental expenses of the County. These operations were funded by \$4,713,973 in charges to users of services and \$25,553,757 in operating grants and contributions in 2015. General government expenses, which include legislative and executive and judicial programs, totaled \$36,632,117 or 23.90% of total governmental expenses. General government expenses were partially covered by \$13,102,493 in direct charges to users and \$2,821,283 in operating and capital grants and contributions.

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services for 2015 and 2014. As can be seen in the graph below, the County is reliant upon general revenues to finance operations as program revenues are not sufficient to cover total expenses.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2015 UNAUDITED

Governmental Activities - Program Revenues vs. Total Expenses

The following table shows, for governmental activities, the total cost of services and the net cost of services for 2015 and 2014. That is, it identifies the cost of these services supported by general revenues (such as tax revenue and unrestricted State grants and entitlements).

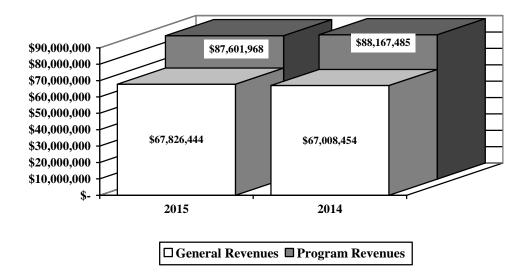

| | T | otal Cost of Services 2015 |] | Net Cost of Services 2015 | Services Services | |] | Net Cost of Services 2014 |
|-------------------------------------|----|----------------------------------|----|---------------------------------|-------------------|-------------|----|---------------------------------|
| Program expenses: | | | | | | | | |
| General government | \$ | 36,632,117 | \$ | 20,708,341 | \$ | 37,775,423 | \$ | 22,449,529 |
| Public safety | | 20,165,552 | | 12,491,609 | | 20,676,925 | | 11,515,452 |
| Public works | | 24,267,186 | | 4,337,141 | | 13,930,978 | | (3,042,982) |
| Health | | 30,705,619 | | 16,902,164 | | 31,081,112 | | 15,012,936 |
| Human services | | 40,807,798 | | 10,540,068 | | 41,595,690 | | 11,006,363 |
| Economic development and assistance | | - | | (3,019) | | - | | (48,655) |
| Interest and fiscal charges | | 688,941 | | 688,941 | | 811,231 | | 811,231 |
| Total | \$ | 153,267,213 | \$ | 65,665,245 | \$ | 145,871,359 | \$ | 57,703,874 |

Governmental Activities

The dependence upon general revenues for governmental activities is apparent, with 42.84% and 39.56% of expenses supported through taxes and other general revenues during 2015 and 2014, respectively. The following graph illustrates the County's reliance upon general revenues.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2015 UNAUDITED

Governmental Activities – General and Program Revenues

Business-type Activities

The County's sewer fund and water fund are reported in the business-type activities. These programs had program revenues (primarily charges for services and sales) of \$20,953,601, general revenues of \$1,193,263, and expenses of \$18,803,770 for 2015. Revenues decreased compared to the prior year, mostly due to a decrease in capital grants and contributions, while expenses increased slightly. Net position of the business-type activities increased \$2,795,020 or 3.25% during 2015.

Financial Analysis of the Government's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the County's net resources available for spending at year-end.

The County's governmental funds (as presented on the balance sheet on pages 22-23) reported a combined fund balance of \$81,267,809, which is \$2,592,063 higher than last year's total of \$78,675,746. The following schedule indicates the fund balance and the total change in fund balance as of December 31, 2015 and December 31, 2014 for all major and nonmajor governmental funds.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2015 UNAUDITED

| | Fund Balance (Deficit) <u>December 31, 2015</u> | | Fund Balance (Deficit) December 31, 2014 | | Increase (Decrease) |
|------------------------------------|---|------------|--|------------|------------------------|
| Major funds: | | | | | |
| General | \$ | 8,289,727 | \$ | 6,893,869 | \$ 1,395,858 |
| Motor vehicle gasoline tax | | 1,520,140 | | 3,719,763 | (2,199,623) |
| Public assistance | | (89,802) | | (305,779) | 215,977 |
| County Board of | | | | | |
| Developmental Disabilities | | 25,413,609 | | 25,169,930 | 243,679 |
| Community mental health | | 6,176,280 | | 5,952,345 | 223,935 |
| Children services | | 10,180,972 | | 8,995,462 | 1,185,510 |
| General obligation bond retirement | | 1,471,316 | | 1,489,310 | (17,994) |
| Nonmajor governmental funds | | 28,305,567 | | 26,760,846 | 1,544,721 |
| Total | \$ | 81,267,809 | \$ | 78,675,746 | \$ 2,592,063 |

General Fund

The general fund, the County's largest major fund, had revenues and other financing sources of \$48,117,183 in 2015, which represents a \$150,168 (0.31%) increase from 2014. The general fund had expenditures and other financing uses of \$46,721,325 in 2015, a decrease of \$2,454,568 (4.99%) from 2014. Fund balance for the general fund increased \$1,395,858 or 20.25% from 2014 to 2015.

The table that follows assists in illustrating the revenues of the general fund during 2015 and 2014.

| | 2015 Amount | 2014 Amount | Percentage Change |
|----------------------------|----------------|----------------|----------------------|
| Revenues: | | | |
| Permissive sales tax | \$ 23,994,510 | \$ 23,113,820 | 3.81 % |
| Property taxes | 6,139,073 | 6,160,365 | (0.35) % |
| Charges for services | 3,004,302 | 3,517,146 | (14.58) % |
| Fees, licenses and permits | 3,449,665 | 3,606,366 | (4.35) % |
| Fines and forfeitures | 3,228,649 | 3,726,941 | (13.37) % |
| Intergovernmental | 6,161,388 | 6,037,749 | 2.05 % |
| Investment income | 159,382 | 286,408 | 44.35 % |
| Rentals and royalties | 548,533 | 875,676 | (37.36) % |
| Other | 1,382,779 | 498,174 | 177.57 % |
| Total | \$ 48,068,281 | \$ 47,822,645 | 0.51 % |

The single largest source of revenue for the general fund is the permissive sales tax, accounting for 49.92% of total revenues in 2015. The County experienced an increase in sales tax revenue due to the rebounding local economy. Other revenues also increased considerably due to various refunds and reimbursements, as well as a significant amount of unclaimed monies recognized as revenue in 2015. The most significant decreases in general fund revenues were charges for services and fines and forfeitures, which is a result of decreases in several categories including housing prisoners fees, court cost reimbursements and Sheriff's Department fines.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2015 UNAUDITED

The table that follows assists in illustrating the expenditures of the general fund during 2015 and 2014.

| | 2015 Amount | 2014 Amount | Percentage Change |
|-----------------------------|----------------|----------------|----------------------|
| Expenditures: | | | |
| Current: | | | |
| General government | | | |
| Legislative and executive | \$ 16,785,486 | \$ 17,365,943 | (3.34) % |
| Judicial | 11,156,099 | 11,885,378 | (6.14) % |
| Public safety | 14,958,899 | 16,104,065 | (7.11) % |
| Human services | 1,143,922 | 1,166,318 | (1.92) % |
| Capital outlay | 28,722 | - | 100.00 % |
| Debt service: | | | |
| Principal retirement | 13,687 | 15,613 | (12.34) % |
| Interest and fiscal charges | 820 | 288 | 184.72 % |
| Total | \$ 44,087,635 | \$ 46,537,605 | (5.26) % |

Total cash disbursements for the general fund in 2015 were comparable to 2014 amounts; the overall decrease in expenditures is a result of fluctuations in accrued liabilities at the end of the year. Total liabilities for the general fund at December 31, 2015, 2014 and 2013 were approximately \$2.6 million, \$2.8 million and \$1.6 million, respectively. The most significant liabilities for the general fund are accrued wages and benefits and amounts due to other governments, which include amounts owed to the State-run pension systems. The general fund also reports an interfund liability for amounts owed to the workers' compensation fund to cover premiums and claims payments. This liability was significantly lower in 2015 due to the internal service fund having already accumulated sufficient funds over the years to satisfy outstanding obligations. Most of these savings are reflected in the judicial and public safety functions. In addition, the County had additional vehicle and equipment purchases in 2014 which are mostly reflected in the legislative and executive category.

Motor Vehicle Gasoline Tax Fund

The motor vehicle gasoline tax fund, a County major fund, had revenues and other financing sources of \$18,350,097 and expenditures of \$20,549,720 in 2015. Fund balance decreased from \$3,719,763 to \$1,520,140 at December 31, 2015. Both revenues and expenditures increased considerably as the County used additional intergovernmental grant revenue to help fund road and bridge improvements.

Public Assistance Fund

The public assistance fund, a County major fund, had revenues and other financing sources of \$15,213,842 and expenditures of \$14,997,865 in 2015. The fund's deficit fund balance decreased from \$305,779 to \$89,802 at December 31, 2015. The fund received a reduced allocation of intergovernmental grants and entitlements revenue in 2015; however, this was offset by a decrease in the cost of services provided.

County Board of Developmental Disabilities Fund

The County Board of Developmental Disabilities fund, a County major fund, had revenues of \$26,545,320 and expenditures and other financing uses of \$26,301,641 in 2015. Fund balance increased from \$25,169,930 to \$25,413,609 at December 31, 2015 as revenues (mostly property taxes and intergovernmental grants and entitlements) continued to exceed expenditures.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2015 UNAUDITED

Community Mental Health Fund

The community mental health fund, a County major fund, had revenues of \$5,568,495 and expenditures of \$5,344,560 in 2015. Revenues decreased slightly, mostly due to a reduction in intergovernmental grants and entitlements; however, revenues continued to exceed expenditures and fund balance increased from \$5,952,345 to \$6,176,280 at December 31, 2015.

Children Services Fund

The children services fund, a County major fund, had revenues of \$16,821,647 and expenditures of \$15,636,137 in 2015. These amounts were comparable to the prior year. Fund balance increased from \$8,995,462 to \$10,180,972 at December 31, 2015 as revenues continued to outpace expenditures.

General Obligation Bond Retirement Fund

The general obligation bond retirement fund, a County major fund, had revenues and other financing sources of \$9,111,992 and expenditures and other financing uses of \$9,129,986 in 2015. The increased activity in this fund during the year is due to a bond refunding of approximately \$4.9 million. Fund balance decreased \$17,994 to \$1,471,316 at December 31, 2015.

Budgeting Highlights – General Fund

The County's budgeting process is prescribed by the Ohio Revised Code (ORC). Essentially the budget is the County's appropriations which are restricted by the amounts of anticipated revenues certified by the Budget Commission in accordance with the ORC. Therefore, the County's plans or desires cannot be totally reflected in the original budget. If budgeted revenues are adjusted due to actual activity then the appropriations can be adjusted accordingly.

Original budgeted revenues and other financing sources of \$43,101,224 were increased slightly to \$43,296,299 in the final budget. Actual revenues and other financing sources were \$44,618,009 or \$1,321,710 more than the final budget. Most of this variance is reflected in intergovernmental revenue as a result of additional casino tax distributions from the State and other revenue due to reimbursements and unclaimed monies.

Original budgeted expenditures and other financing uses were \$47,024,075 and final budgeted expenditures and other financing uses were \$47,235,516. Actual expenditures and other financing uses of \$45,305,537 were less than final budgeted expenditures by \$1,929,979. This variance is a result of management's commitment to keeping costs as low as possible while still providing the level of services that County residents expect.

Proprietary Funds

The County's proprietary funds provide the same type of information found in the government-wide financial statements for business-type activities, except in more detail. The County's major proprietary funds include the sewer fund and water fund. The sewer fund reported operating income for 2015 as operating revenues continue to exceed operating expenses. Operating revenues increased due to an increase in charges for services. Operating expenses also increased, mostly due to an increase in contract services. Net position for the sewer fund increased \$3,477,460 or 5.32%. The water fund reported a slight operating loss for 2015, which is mostly a result of increased contract services expenses. Net position for the water fund decreased \$483,273 (2.36%).

Capital Assets and Debt Administration

Capital Assets

At the end of 2015, the County had \$199,258,458 (net of accumulated depreciation) invested in land, construction in progress, buildings and improvements, equipment, furniture and fixtures, vehicles and infrastructure. Of this total, \$112,201,900 was reported in governmental activities and \$87,056,558 was reported in business-type activities.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2015 UNAUDITED

The following table shows December 31, 2015 balances compared to December 31, 2014.

| | Governme | ntal Activities | Business-ty | pe Activities | Total | | |
|---------------------------|-----------------------|-----------------|----------------------|----------------------|-----------------------|-----------------------|--|
| | 2015 | 2014 | 2015 | 2014 | 2015 | 2014 | |
| Land | \$ 2,670,657 | \$ 2,670,657 | \$ 224,878 | \$ 224,878 | \$ 2,895,535 | \$ 2,895,535 | |

| Vehicles | 3,186,510 | 2,823,077 | 278,301 | 376,474 | 3,464,811 | 3,199,551 | |
| Infrastructure | 53,310,895 | 48,072,564 | 67,762,687 | 70,261,521 | 121,073,582 | 118,334,085 | |
| Total | <u>\$ 112,201,900</u> | \$ 110,467,232 | <u>\$ 87,056,558</u> | <u>\$ 88,413,672</u> | <u>\$ 199,258,458</u> | <u>\$ 198,880,904</u> | |

Capital Assets at December 31 (Net of Depreciation)

Capital asset acquisitions in 2015 totaled \$14,173,220 while disposals, net of accumulated depreciation, were \$2,939,608. The County recognized a total of \$10,856,058 in depreciation expense for 2015. See Note 13 in the notes to the basic financial statements for detail on governmental activities and business-type activities capital assets.

Debt Administration

At December 31, 2015 the County had \$107,494,738 in long-term obligations outstanding. Of this total \$7,407,158 is due within one year and \$100,087,580 is due in greater than one year. The following table summarizes the outstanding debt at December 31, 2015 and 2014. Long-term obligations for 2014 have been restated to account for the net pension liability; see Note 3.A for detail.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2015 UNAUDITED

Total additions to long-term debt in 2015 were \$15,611,365 and total reductions were \$13,899,740. See Note 19 in the notes to the basic financial statements for detail on governmental activities and business-type activities long term debt.

Contacting the County's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the County's finances and to show the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Adrian S. Biviano, Trumbull County Auditor, 160 High St. N.W. Warren, Ohio 44481 or email at auditor@co.trumbull.oh.us.

TRUMBULL COUNTY, OHIO RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES TO NET POSITION OF GOVERNMENTAL ACTIVITIES DECEMBER 31, 2015

| Total governmental fund balances | | \$ 81,267,809 |
|--|---|-------------------|
| Amounts reported for governmental activities on the statement of net position are different because: | | |
| Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. | | 112,201,900 |
| Other long-term assets are not available to pay for current-period expenditures and therefore are deferred inflows of resources in the funds. Permissive sales taxes receivable Property taxes receivable Accounts receivable Intergovernmental receivable Special assessments receivable Accrued interest receivable Total | \$ 4,777,957 6,642,111 237,068 10,357,792 10,739,860 35,592 | 32,790,380 |
| Internal service funds are used by management to charge the costs of insurance and materials and supplies to individual funds. The assets and liabilities of the internal service funds are included in governmental activities on the statement of net position. | | 11,060,539 |
| An internal balance is recorded in governmental funds to reflect overpayments to the internal service funds by the business-type activities. | | 170,233 |
| On the statement of net position interest is accrued on outstanding bonds, notes and loans payable, whereas in the governmental funds, interest is accrued when due. | | (69,783) |
| Deferred amounts on debt refundings are not recognized in the governmental funds. | | 318,763 |
| The net pension asset and net pension liability are not available to pay for current period expenditures and are not due and payable in the current period, respectively; therefore, the asset, liability and related deferred inflows/outflows are not reported in governmental funds. Net pension asset Deferred outflows of resources Deferred inflows of resources Net pension liability Total | 73,644 9,683,209 (2,475,683) (54,785,279) | (47,504,109) |

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2015

| Net change in fund balances - total governmental funds | | | \$ 2,592,063 |
|--|--------|---|-----------------|
| Amounts reported for governmental activities in the statement of activities are different because: | | | |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceed depreciation expense in the current period. Capital asset additions Current year depreciation Total | \$ | 12,321,048 (7,646,772) | 4,674,276 |
| The net effect of various miscellaneous transactions involving capital assets (i.e., sales, disposals, trade-ins, and donations) is to decrease net position. | | | (2,939,608) |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. Permissive sales taxes Property taxes Intergovernmental revenues Special assessments Investment income Other Total | | 100,708 (514,620) 44,043 2,179,604 (2,241) 204,944 | 2,012,438 |
| Issuances of bonds, notes and loans and the inception of capital leases are reported as other financing sources in the governmental funds; however, in the statement of activities, they are not reported as revenues as they increase liabilities on the statement of net position. | | | (7,916,719) |
| Repayment of bond, note and loan principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities on the statement of net position. | | | 4,689,061 |
| The payment to refunded bond escrow agent for the advance refunding of debt is an other financing use in the governmental funds, but the payment reduces long-term liabilities on the statement of net position. | | | 4,068,751 |
| In the statement of activities, interest is accrued on outstanding bonds, notes and loans, whereas in governmental funds, an interest expenditure is reported when due. Decrease in accrued interest payable Amortization of deferred amounts on refunding Amortization of bond premiums Total | | 13,864 (38,883) 21,059 | (3,960) |
| Contractually required pension contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows of resources. | | | 6,585,032 |
| Except for amounts reported as deferred inflows/outflows, changes in the net pension asset/liability are reported as pension expense in the statement of activities. | | | (7,000,910) |
| Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. | | | (363,482) |
| Internal service funds used by management to charge the costs of insurance and materials and supplies to individual funds are not reported in the government-wide statement of activities. Governmental fund expenditures and the related internal service fund revenues are eliminated. The net revenue (expense) of the internal service funds is allocated among the governmental activities. | | | (3,687,669) |
| Change in net position of governmental activities | | | \$ 2,709,273 |

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 1 - DESCRIPTION OF THE COUNTY

Trumbull County, Ohio (the "County") was created in 1800. The County is governed by a board of three Commissioners elected by the voters of the County. An elected County Auditor serves as chief fiscal officer. In addition, there are seven other elected administrative officials. These officials are: County Treasurer, Recorder, Clerk of Courts, Coroner, Engineer, Prosecuting Attorney and Sheriff. Also elected are three Common Pleas Court Judges, a Probate and Domestic/Juvenile Court Judge and two County (Area) Court Judges. Although these elected officials manage the internal operations of their respective departments, the County Commissioners serve as the budget and taxing authority, contracting body and the chief administrators of public services for the County, including each of these departments.

Reporting Entity

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the County consists of all funds, departments, boards and agencies that are not legally separate from the County. For Trumbull County, this includes the Human Services Department, the Children Services Board, the Veterans Services Department, the Board of Developmental Disabilities, the Board of Alcohol Drug Addiction and Mental Health Services, the Emergency Management Agency and all departments and activities that are directly operated by the elected County officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organization; or (2) the County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance deficits of, or provide financial support to, the organization. Component units may also include organizations that are fiscally dependent on the County in that the County approves the budget, the issuance of debt or the levying of taxes and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the primary government. Based on the criteria described, the County has two discretely presented component units whose financial activities have been reflected in the accompanying financial statements.

Fairhaven Sheltered Workshop, Inc. - Fairhaven Sheltered Workshop, Inc. (Workshop) is a legally separate, non-governmental non-profit organization, served by a self-appointing board of trustees. The Workshop, under a contractual agreement with the Trumbull County Board of Developmental Disabilities (DD), provides a comprehensive program of services, including employment for developmentally disabled citizens. The Trumbull County Board of DD provides the Workshop with money and personnel for operation of the Workshop including staff salaries and benefits and certain supplies and advertising. Based on the significant services and resources provided by the County to the Workshop and the Workshop's sole purpose of providing assistance to the handicapped adults of Trumbull County, it was determined that to exclude the workshop from the County's report would make the report incomplete. Separately issued financial statements can be obtained from Fairhaven Sheltered Workshop, Inc., 420 Lincoln Way, Niles, Ohio 44446.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 1 - DESCRIPTION OF THE COUNTY - (Continued)

The Trumbull County Land Reutilization Corporation (Land Bank) - The Land Bank is a county land reutilization corporation that was formed on November 10, 2010 when the Trumbull County Board of Commissioners authorized the incorporation of the Land Bank under Chapter 1724 of the Ohio Revised Code through resolution as a not-for-profit corporation under the laws of the State of Ohio. The purpose of the Land Bank is for reclaiming, rehabilitating or reutilizing economically nonproductive land throughout the County. The Corporation can potentially address parcels where the fair market value of the property has been greatly exceeded by the delinquent taxes and assessed liens and are therefore not economically feasible to initiate foreclosure actions upon. By establishing the Land Bank, the County can begin to address dilapidated housing issues in communities located in the County and also return properties to productive use. The Land Bank has been designated as the County's agent to further its mission to reclaim, rehabilitate, and reutilize vacant, abandoned, tax foreclosed and other real property in the County by exercising the powers of the County under Chapter 5722 of the Ohio Revised Code. The Board of Directors is primarily made up of elected officials of the County. Separately issued financial statements can be obtained from the Land Bank by contacting Sam Lamancusa, Trumbull County Treasurer, 160 High Street, Warren, OH 44481.

The County participates in a joint venture, risk sharing pool, jointly governed organizations and related organizations. These organizations are the Geauga/Trumbull Solid Waste District, the County Risk Sharing Authority, Inc. (CORSA), the Western Reserve Port Authority, the Family and Children First Council, the Northeast Ohio Community Alternative Program, the North East Ohio Network, the Private Industry Council, the Trumbull County Public Library, the Trumbull County Tourism Board, the Trumbull County Metropolitan Park District and the Trumbull County Transit Board. These organizations are presented in Notes 14, 22, 23 and 24 to the basic financial statements.

As the custodian of public funds, the County Treasurer invests all public monies held on deposit in the County Treasury. In the case of several legally separate agencies, boards and commissions, the County serves as fiscal agent, but the organizations are not considered a part of Trumbull County. Accordingly the activity of the Metropolitan Park District, the Soil and Water Conservation District, Emergency Management Agency and the General Health District are presented as agency funds within the County's financial statements.

Information in the notes to the basic financial statements is applicable to the primary government. Information for the component units are presented in Notes 28 and 29 to the basic financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Trumbull County have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The more significant of the County's accounting policies are described below.

A. Basis of Presentation

The County's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Government-Wide Financial Statements - The statement of net position and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activities of the internal service funds are eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the County that are governmental and those that are considered business-type.

The statement of net position presents the financial condition of the governmental and business-type activities of the County at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities of the County. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the County.

Fund Financial Statements - During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service funds are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

B. Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds - Governmental funds are those through which most governmental functions are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources and liabilities and deferred inflows of resources is reported as fund balance. The following are the County's major governmental funds:

<u>General Fund</u> - The general fund accounts for and reports all financial resources except those required to be accounted for and reported in another fund. The general fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

<u>Motor Vehicle Gasoline Tax Fund</u> - The motor vehicle gasoline tax fund accounts for and reports restricted revenue derived from motor vehicle license and gasoline taxes and interest. Expenditures in this fund are restricted by State law to County road and bridge repair/improvement programs.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

<u>Public Assistance Fund</u> - The public assistance fund accounts for and reports restricted Federal and State grants as well as transfers from the general fund for public assistance to general relief recipients and pay their providers of medical assistance and for certain public social services.

<u>County Board of Developmental Disabilities Fund</u> - The County board of developmental disabilities fund is used to account for and report the operations of a school and the costs of administering a workshop for the developmentally disabled. Restricted revenue sources include a restricted County-wide property tax levy and Federal and State grants.

<u>Community Mental Health Fund</u> - The community mental health fund accounts for and reports a restricted County-wide property tax levy and Federal and State grants that are expended primarily to pay the cost of contracts with local mental health agencies that provide services to the public.

<u>Children Services Fund</u> - The children services fund accounts for and reports a restricted Countywide property tax levy, Federal and State grants, support collections and VA and Social Security. Major expenditures are for foster homes, emergency shelters, medical care, school supplies, counseling and parental training.

<u>General Obligation Bond Retirement Fund</u> - The general obligation bond retirement fund accounts for and reports permissive sales tax and special assessment revenue collections restricted to the payment of general long-term and special assessment debt principal, interest and related costs.

The other governmental funds of the County account for grants and other resources whose use is restricted, committed or assigned to a particular purpose.

Proprietary Funds - Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise Funds - Enterprise funds may be used to account for and report any activity for which a fee is charged to external users for goods or services. The following are the County's major enterprise funds:

<u>Water Fund</u> - The water fund accounts for and reports revenues generated from the charges for distribution of water to the residential and commercial users of the County.

<u>Sewer Fund</u> - The sewer fund accounts for and reports sewer services to County individuals and commercial users in the County. The costs of providing these services are financed primarily through user charges.

Internal Service Funds Internal service funds account for and report the financing of services provided by one department or agency to other departments or agencies of the County on a cost reimbursement basis. The County's internal service funds report on County departments' gasoline purchases, self-insurance programs for employee medical benefits, telephone communication system and workers' compensation.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Fiduciary Funds - Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. Trust funds are used to account for assets held by the County under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the County's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

The County's fiduciary funds are all classified as agency funds. The agency funds account for assets held by the County as agent for the Board of Health and other districts and entities and for various taxes, assessments, and State shared resources collected on behalf of and distributed to other local governments.

C. Measurement Focus

Government-wide Financial Statements - The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the County are included on the statement of net position. The statement of activities presents increases (e.g. revenues) and decreases (e.g. expenses) in total net position.

Fund Financial Statements - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e. revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements for governmental funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of fund net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e. expenses) in total net position. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements and the statements presented for the proprietary and fiduciary funds are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred outflows/inflows of resources and in the presentation of expenses versus expenditures.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Revenues - Exchange and Nonexchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the County, available means expected to be received within thirty-one days of year-end.

Nonexchange transactions, in which the County receives value without directly giving equal value in return, include sales taxes, property taxes and grants, entitlements and donations. On an accrual basis, revenue from sales taxes is recognized in the period in which the sale occurred. Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 7). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: sales taxes (See Note 8), interest, Federal and State grants and subsidies, State-levied locally shared taxes (including gasoline tax and motor vehicle license fees), fees and rentals.

Deferred Outflows/Inflows of Resources - In addition to assets, the government-wide statement of net position will report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the County, deferred outflows of resources have been reported for the following items related to the County's net pension liability: (1) the net difference between projected and actual investment earnings on pension plan assets, (2) the County's contributions to the pension systems subsequent to the measurement date and (3) differences between employer's contributions and the employer's proportional share of contributions.

In addition, deferred outflows of resources include the deferred charges on debt refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statements of net position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the County, deferred inflows of resources include property taxes and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of December 31, 2015, but which were levied to finance year 2015 operations. These amounts have been recorded as a deferred inflow of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the County, unavailable revenue includes delinquent property taxes, sales taxes, special assessments, interest, fees and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts became available.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The County also reports deferred inflow of resources for the following items related to the County's net pension liability: (1) differences between expected and actual experience and (2) differences between employer's contributions and the employer's proportional share of contributions. These deferred inflows of resources are only reported on the government-wide statement of net position.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Cash and Cash Equivalents

To improve cash management, cash received by the County is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the County's records. Interest in the pool is presented as "equity in pooled cash and cash equivalents."

The County has segregated bank accounts for monies held separate from the County's central bank account. These interest bearing depository accounts are reported as "cash and cash equivalents in segregated accounts" since they are not required to be deposited into the County Treasury.

The County utilizes a financial institution to service bonded debt as principal and interest payments come due. The balances in these accounts reported as "cash and cash equivalents with fiscal agents".

During 2015, investments were limited to federal agency securities and investments in the State Treasury Asset Reserve of Ohio (STAR Ohio).

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices.

The County has invested in STAR Ohio during 2015. STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's net asset value per share which is the price the investment could be sold at December 31, 2015.

Investment procedures are restricted by the provisions of the Ohio Revised Code. Interest revenue, including a decrease in the fair value of investments, credited to the general fund during 2015 amounted to \$159,382, which includes \$148,263 assigned from other County funds.

Investments with original maturities of three months or less at the time they are purchased and investments of the cash management pool are presented on the financial statements as cash equivalents.

F. Prepayments

Payments made to vendors for services that will benefit periods beyond December 31, 2015, are recorded as prepayments using the consumption method by recording a current asset for the prepaid amount at the time of purchase and reflecting the expenditure/expense in the year in which the services are consumed.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

G. Inventory

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventory consists of expendable supplies held for consumption.

H. Restricted Assets

Assets are reported as restricted when limitations on their use change in nature of normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, or laws of other governments or imposed by law through constitutional provision. Restricted assets in the general fund represent money set aside for unclaimed monies.

I. Capital Assets

General capital assets are capital assets which are associated with and generally arise from governmental activities. They generally result from expenditures in the governmental funds. General capital assets are reported in the governmental activities column of the government-wide statement of net position, but are not reported in the fund financial statements. Capital assets utilized by the enterprise funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The County was able to estimate the historical cost for the initial reporting of infrastructure by back trending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). Donated capital assets are recorded at their fair market values as of the date received. The County maintains a capitalization threshold of five thousand dollars with the exception of land as land was listed regardless of cost. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of proprietary fund capital assets is also capitalized.

All capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

| | Governmental | Business-Type |
|-----------------------------------|-----------------|-----------------|
| | Activities | Activities |
| Description | Estimated Lives | Estimated Lives |
| Buildings and Improvements | 20 - 50 Years | 20 - 50 Years |
| Equipment, Furniture and Fixtures | 5 - 20 Years | 5 - 20 Years |
| Vehicles | 5 - 10 Years | 5 - 10 Years |
| Infrastructure | 10 - 50 Years | 10 - 50 Years |

For 2015, the County reported infrastructure consisting of roads, bridges and culverts, water and sewer lines and includes infrastructure acquired prior to December 31, 1980.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

J. Interfund Balances

On fund financial statements, outstanding interfund loans and unpaid amounts for interfund services are reported as "due to/from other funds". Interfund balance amounts are eliminated on the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

K. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. The County records a liability for all accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the termination payment method. An accrual for earned sick leave is made to the extent that it is probable that benefits will result in termination payments. The liability is based on the County's past experience of making termination payments.

The entire compensated absences liability is reported on the government-wide financial statements.

On the governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "matured compensated absences payable" in the fund from which the employee who has accumulated unpaid leave is paid.

L. Bond Premium and Deferred Charges on Refunding

On the government-wide financial statements, bond premiums are deferred and amortized over the term of the bonds using the straight-line method. Bond premiums are presented as an increase of the face amount of the bonds payable. On governmental fund statements, bond premiums are receipted in the year the bonds are issued.

For debt refunding, the difference between the reacquisition price (funds required to refund the old debt) and the net carrying amount of the old debt, the deferred amount (loss) on refunding, is being amortized as a component of interest expense. This accounting loss is amortized over the remaining life of the old or new debt, whichever is shorter, and is presented as a deferred outflow of resources on the statement of net position.

M. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases and long-term loans and notes are recognized as a liability on the governmental fund financial statements when due.

N. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as a follows:

<u>Nonspendable</u> - The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criteria includes items that are not expected to be converted to cash.

<u>Restricted</u> - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

<u>Committed</u> - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the County Commissioners. Those committed amounts cannot be used for any other purpose unless the County Commissioners removes or change the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

<u>Assigned</u> - Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. These amounts are assigned by the County Commissioners. In the general fund, assigned amounts represent intended uses established by the County Commissioners or a County official delegated that authority by resolution or by State Statute. State statute authorizes the County Auditor to assign fund balance for purchases on order provided such amounts have been lawfully appropriated. County Commissioners assigned fund balance to cover a gap between estimated revenue and appropriations in year 2016's appropriated budget. County Commissioners assigned fund balance for hillside administration.

<u>Unassigned</u> - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

O. Net Position

Net position represents the difference between all other elements in a statement of net position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Net position restricted for other purposes include child support, indigent guardianship, dog warden operations, drug investigation and prosecution, alcohol treatment and probate court.

The County applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

P. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for water, sewer, gasoline rotary, self-insurance programs, telephone rotary and workers' compensation. Operating expenses are necessary costs that have been incurred in order to provide the good or service that is the primary activity of the fund. Any revenues and expenses not meeting the definitions of operating are reported as nonoperating.

Q. Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets from the construction capital projects governmental fund, outside contributions of resources restricted to capital acquisition and construction and tap-in fees to the extent they exceed the cost connection to the system.

R. Internal Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Transfers between governmental activities are eliminated on the government-wide financial statements. Internal allocations of overhead expenses from one function to another or within the same function are eliminated in the statement of activities. Interfund payments for services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

S. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

T. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the Commissioners may appropriate. The appropriations resolution is the Commissioners' authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Commissioners. The legal level of control has been established by the Commissioners at the object level within each department. Any budgetary modifications at this level may only be made by resolution of the County Commissioners.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the County Auditor. The amounts reported as the original and final budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original and final appropriations were enacted by the Commissioners.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Commissioners during the year.

U. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net positon have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Change in Accounting Principles/Restatement of Net Position

For 2015, the County implemented GASB Statement No. 68, "<u>Accounting and Financial Reporting for</u> <u>Pensions - an Amendment of GASB Statement No. 27</u>" and GASB Statement No. 71, "<u>Pension Transition</u> for Contributions Made Subsequent to the Measurement Date - an Amendment of GASB Statement No. 68".

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

GASB Statement No. 68 improves the accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. The implementation of GASB Statement No. 68 affected the County's pension plan disclosures, as presented in Note 21 to the financial statements, and added required supplementary information which is presented after the notes to the basic financial statements.

GASB Statement No. 71 improves the accounting and financial reporting by addressing an issue in GASB Statement No. 68, concerning transition provisions related to certain pension contributions made to defined benefit pension plans prior to implementation of that Statement by employers and nonemployer contributing entities.

A net position restatement is required in order to implement GASB Statement No 68 and 71. The governmental activities and business-type activities at January 1, 2015 have been restated as follows:

| | Governmental Activities | | | |
|---|----------------------------|---------------|---------------|---------------|
| Net position as previously reported | \$ 206,885,407 | | | |
| Net pension asset | 20,176 | | | |
| Deferred outflows - payments subsequent to | | | | |
| measurement date | 6,877,853 | | | |
| Net pension liability | (53,321,265) | | | |
| Deferred inflows - difference between projected | | | | |
| and actual investment earnings | (882,260) | | | |
| | | | | |
| Restated net position at January 1, 2015 | <u>\$ 159,579,911</u> | | | |
| | | | | |
| | Business-Type | | | Internal |
| | Activities | Water | Sewer | Service Funds |
| Net position as previously reported | \$ 88,223,508 | \$ 21,028,714 | \$ 67,165,860 | \$ 15,164,640 |
| Net pension asset | 1,121 | 268 | 853 | 105 |
| Deferred outflows - payments subsequent to | | | | |
| measurement date | 372,031 | 88,838 | 283,193 | 34,765 |
| Net pension liability | (2,698,218) | (644,312) | (2,053,906) | (252,135) |
| | | | | |
| Restated net position at January 1, 2015 | \$ 85,898,442 | \$ 20,473,508 | \$ 65,396,000 | \$ 14,947,375 |

Other than employer contributions subsequent to the measurement date and differences between projected and actual investment earnings, the County made no restatement for deferred inflows/outflows of resources as the information needed to generate these restatements was not available. The restatement had no effect on governmental fund balances.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

B. Deficit Fund Balance/Net Position

Fund balances and net position at December 31, 2015 included the following individual fund deficits:

| Major fund | D | eficit |
|---|----|--------|
| Public assistance | \$ | 89,802 |
| Nonmajor governmental fund Homeland security | | 10,315 |
| Internal service fund Telephone rotary | | 1,477 |

These funds complied with Ohio State law, which does not permit a cash basis deficit at year end. The deficits resulted from adjustments for accrued liabilities. The general fund is liable for any deficits in these funds and provides transfers when cash is required, not when accruals occur.

NOTE 4 - FUND BALANCE

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed upon the use of resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented in the following table.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 5 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP basis), the budgetary basis as provided by law and described above is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statements of Revenues, Expenditures, and Changes in Fund Balances - Budget (Non-GAAP basis) and Actual - are presented in the basic financial statements for the general fund and major special revenue funds.

The major differences between the budget basis and the GAAP basis (generally accepted accounting principles) and:

- a) Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- b) Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- c) Encumbrances are treated as expenditures (budget basis) rather than as restricted, committed or assigned fund balance (GAAP basis);
- d) Unrecorded cash, which consists of in-transit court cash and unrecorded interest is not reported by the County on the operating statements (budget basis), but is reported on the GAAP basis operating statements;
- e) Investments are reported at cost (budget basis) rather than fair value (GAAP basis); and,
- f) Budgetary revenues and expenditures of the Hillside Administration fund are reclassified to the general fund for GAAP reporting.

In addition, the County does not budget for various operations in the general fund. The activities of the various general accounts are included in the general fund on the GAAP financial statements.

The following tables summarized the adjustments necessary to reconcile the budgetary basis statements to the GAAP basis statements for the general fund and major special revenue funds.

| | | County Board of | | | | |
|---|---------------------|-----------------|--------------|---------------------|---------------|-----------------|
| | | Motor Vehicle | Public | Developmental | Community | Children |
| | General Fund | Gasoline Tax | Assistance | Disabilities | Mental Health | <u>Services</u> |
| Budget basis | \$ (687,528) | \$ (3,021,650) | \$ (397,859) | \$ (954,742) | \$ (51,000) | \$ 138,337 |
| Net adjustment for revenue accruals | 3,470,453 | (88,735) | (256,501) | (1,001,796) | (88,752) | (270,875) |
| Net adjustment for expenditure accruals | (2,158,300) | (354,150) | 753,855 | 1,425,989 | 25,801 | 545,702 |
| Net adjustment for other sources/uses | 28,721 | - | - | - | - | - |

| GAAP basis | <u>\$ 1,395,858</u> | \$ (2,199,623) | \$ 215,977 | \$ 243,679 | \$ 223,935 | \$ 1,185,510 |

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 6 - DEPOSITS AND INVESTMENTS

Monies held by the County are classified by State statute into two categories, active and inactive. Active monies are public monies determined to be necessary to meet current demand upon the County treasury. Active monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Protection of the County's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of public monies deposited with the institution.

Monies held by the County, which are not considered active, are classified as inactive. Inactive monies may be deposited or invested in the following securities provided a written investment policy has been filed with the Ohio Auditor of State:

- 1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States; or any book entry, zero-coupon United States treasury security that is a direct obligation of the United States;
- Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio or its political subdivisions, provided that such political subdivisions are located wholly or partly with the County;
- 5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
- 6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) above and repurchase agreements secured by such obligations, provided that these investments are made only through eligible institutions;
- 7. The State Treasurer's investment pool (STAR Ohio);
- 8. Securities lending agreements in which the County lends securities and the eligible institution agrees to simultaneously exchange similar securities or cash, equal value for equal value;
- 9. Up to twenty-five percent of the County's average portfolio in either of the following:
 - a. Commercial paper notes in entities incorporated under the laws of Ohio or any other State that have assets exceeding five hundred million dollars rated at the time of purchase, which are rated in the highest qualification established by two nationally recognized standard rating service, which do not exceed ten percent of the value of the outstanding commercial paper of the issuing corporation and which mature within 270 days after purchase; and,

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 6 - DEPOSITS AND INVESTMENTS - (Continued)

- b. Banker's acceptances eligible for purchase by the Federal Reserve System and which mature within 180 days after purchase.
- 10. Fifteen percent of the County's average portfolio in notes issued by U.S. corporations or by depository institutions that are doing business under authority granted by the U.S. provided that the notes are rated in the second highest or higher category by at least two nationally recognized standard rating services at the time of purchase and the notes mature within two years from the date of purchase;
- 11. No-load money market mutual funds rated in the highest category at the time of purchase by at least one nationally recognized standard rating service consisting exclusively of obligations guaranteed by the United States, securities issued by a federal government agency or instrumentality, and/or highly rated commercial paper; and,
- 12. One percent of the County's average portfolio in debt interests rated at the time of purchase in the three highest categories by two nationally recognized standard rating services and issued by foreign nations diplomatically recognized by the United States government.

Reverse repurchase agreements, investments in derivatives, and instruments in stripped principal or interest obligations that are not issued or guaranteed by the United States, are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Other than corporate notes, commercial paper, and bankers acceptances, an investment must mature within five years from the date of statement unless matched to a specific obligation or debt of the County. Investments must be purchased with the expectation that they will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Deposits

Custodial Credit Risk - Custodial credit risk for deposits is the risk that in the event of bank failure, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, \$52,470,618 of the County's bank balance of \$95,980,345 was uninsured and uncollateralized. Although the securities were held by the pledging financial institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the County to a successful claim by the FDIC.

The County has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the County or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one-hundred-five percent of the deposits being secured.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 6 - DEPOSITS AND INVESTMENTS - (Continued)

B. Investments

Investments are reported at fair value. As of December 31, 2015, the County had the following investments:

| | | Investment N | | | |
|---|------------------|----------------------|----|------------------------|---------------|
| | Fair Value | 6 months or less | | Greater than 24 months | % of Total |
| Federal Home Loan Bank Notes | \$ 5,965,590 | \$ - | \$ | 5,965,590 | 15.71 |
| Federal Home Loan Mortgage Corporation Notes | 8,003,160 | - | | 8,003,160 | 21.08 |
| Federal National Mortgage | -,, | | | -,, | |
| Association Notes | 7,988,740 | - | | 7,988,740 | 21.04 |
| STAR Ohio | 16,006,623 | 16,006,623 | | | 42.17 |
| Total | \$ 37,964,113 | \$ 16,006,623 | \$ | 21,957,490 | 100.00 |

The weighted average maturity of investments is 2.28 years.

Interest Rate Risk - As a means of limiting its exposure to fair value losses caused by rising interest rates, the County's investment policy requires that operating funds be invested primarily in short-term investments maturing within five years from the date of purchase and that the County's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments. The stated intent of the policy is to avoid the need to sell securities prior to maturity. Repurchase agreements are limited to 30 days and the market value of the securities must exceed the principal value of the agreement by at least 2 percent and be marked to market daily.

Credit Risk - All investments of the County carry a rating of AA+ by Standard & Poor's. STAR Ohio carries a rating of AAAm by Standard and Poor's. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The County has no investment policy that addresses credit risk.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The County has no investment policy dealing with investment custodial risk beyond the requirement in Ohio law that prohibits payments for investments prior to the delivery of the securities representing such investments to the Auditor or qualified trustee.

Concentration of Credit Risk - The County places no limit on the amount it may invest in any one issuer.

NOTE 7 - PROPERTY TAXES

Property taxes include amounts levied against all real and public utility property located in the County. Property tax revenue received during 2015 for real and public utility property taxes represents collections of the 2014 taxes.

2015 real property taxes are levied after October 1, 2015 on the assessed value as of January 1, 2015, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2015 real property taxes are collected in and intended to finance 2015.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 7 - PROPERTY TAXES - (Continued)

Real property taxes are payable annually or semi-annually. If paid annually, the payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Public utility personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2015 public utility property taxes became a lien December 31, 2014, are levied after October 1, 2015, and are collected in 2015 with real property taxes.

The full tax rate for all County operations for the year ended December 31, 2015, was \$12.30 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2015 property tax receipts were based are as follows:

| Real property | |
|--|---------------------|
| Residential/agricultural | \$ 2,462,934,360 |
| Commercial/industrial/mineral/other real | 613,879,250 |
| Public utility | |
| Personal | 137,100,330 |
| Total assessed value | \$ 3,213,913,940 |

The County Treasurer collects property taxes on behalf of all taxing districts in the County. The County Auditor periodically remits to the taxing districts their portion of the taxes collected. The collection and distribution of taxes for all subdivisions within the County, excluding the County itself, is accounted for through agency funds. The amount of the County's tax collections is accounted for within the applicable funds. Property taxes receivable represents real and public utility taxes and outstanding delinquencies which were measurable as of December 31, 2015, and for which there was an enforceable legal claim. In governmental funds, the portion of the receivable not levied to finance 2015 operations is offset to deferred inflows of resources - property taxes a receivable and revenue while on the modified accrual basis the revenue has been reported as deferred inflows of resources - delinquent property tax revenue not available.

NOTE 8 - PERMISSIVE SALES AND USE TAX

In January 1993, the County Commissioners by resolution imposed three-quarters of one percent tax on all retail sales made in the County, except sales on motor vehicles, and on the storage, use, or consumption in the County of tangible personal property, including automobiles, not subject to the sales tax. Effective during 2000, the County Commissioners decreased the tax by one-quarter of one percent to one-half of one percent. On April 6, 2005 the County Commissioners passed two resolutions which levied an additional two 0.25 percent County sales and use taxes to become effective on July 1, 2005. The resolutions brought the County's sales and use tax up to 1.0 percent. Vendor collections of the tax are paid to the State Treasurer by the twenty-third day of the month following collection.

The State Tax Commissioner certifies to the State Auditor the amount of the tax to be returned to the County. The Tax Commissioner's certification must be made within forty-five days after the end of the month. The State Office of Budget and Management then has five days in which to draw the warrant payable to the County. Proceeds of the tax are credited to the general fund and the general obligation bond retirement debt service fund.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 9 - RECEIVABLES

Receivables at December 31, 2015, consisted of permissive sales taxes, property taxes, accounts (billings for user charged services including unbilled utility services), special assessments, accrued interest, alimony and child support, due from other funds, loans and intergovernmental receivables arising from grants, entitlements, and shared revenues. Except for alimony and child support collected and distributed through an agency fund, receivables are considered collectible in full. All receivables, except property taxes, special assessments, and loans, are expected to be received within one year. Property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year. Utility accounts receivable may be certified and collected as a special assessment, subject to foreclosure for nonpayment.

| | Accounts Receivable | | | Estimated ncollectible |] | Net Receivable |
|---------------------------|------------------------|------------|----|---------------------------|----|-------------------|
| Alimony and Child Support | \$ | 31,433,951 | \$ | 18,382,575 | \$ | 13,051,376 |

Special assessments expected to be collected in more than one year amount to \$10,000,188 in the general obligation bond retirement fund. At December 31, 2015 delinquent special assessments were \$188,176.

Loans expected to be collected in more than one year amount to \$1,003,260 in the revolving loan special revenue fund. At December 31, 2015 there were no delinquent loans.

A summary of the principal items of intergovernmental receivables follows:

| Governmental Activities | Amount | | |
|-----------------------------------|--------|------------|--|
| Grants | \$ | 2,835,274 | |
| Homestead and rollback | | 2,667,221 | |
| Motor vehicle gas and license tax | | 3,678,981 | |
| Local government | | 1,315,636 | |
| Casino tax | | 1,243,972 | |
| Total Governmental Activities | \$ | 11,741,084 | |

Payment in Lieu of Taxes

According to State law, the County has established a tax incremental financing district within the County under which the County has granted property tax exemptions and agreed to construct certain infrastructure improvements. The property owners have agreed to make payments to the County to help pay the costs of the infrastructure improvements. The amount of those payments generally reflects all or a portion of the property taxes which the property owners would have paid if the property had not been declared exempt. The property owners' contractual promise to make these payments in lieu of taxes generally continues until the cost of the improvement has been paid or the agreement expires, whichever occurs first. Future development by these owners or others may result in subsequent agreements to make payments in lieu of taxes and may therefore spread the costs of the improvements to a larger number of property owners. The payment in lieu of taxes received by the County is due to the City of Youngstown for their agreement with V&M Star LP, and has been reported in the County's undivided payment in lieu of taxes agency fund.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 10 - PENDING LITIGATION

During 2002, the State of Ohio, Environmental Protection Agency (EPA), filed suit against the Trumbull County Board of Commissions as a result of an investigation from the Trumbull County Board of Health for areas in the county failing to have a sewer system which is causing violations in health standards.

Litigation between the State of Ohio, Environmental Protection Agency and the County Commissioners, named as third-party plaintiff and counter-claimant and the Board of Health named as third-party defendant was concluded in January 2007 through the filing of a Consent Judgment Entry. In accordance with the Consent Judgment Entry, the County was able to prioritize the project and set their own timetable for completion of the projects enumerated. It also allows the County to extend the project timetables if, after due diligence, the requisite funding for a specific project cannot be obtained. The County has committed to do the enumerated projects and commit funds of approximately \$50,000,000 from years 2010 through 2020. In the Consent Judgement Entry, the County agreed to sewer twelve unsewered areas to remediate unsanitary conditions by 2020. Currently, six areas are complete, two are in the final stages of construction completion, and four are in the design process. The County is ahead of the agreed-upon schedule.

Trumbull County is currently involved in litigation over two separate and distinct projects from the Consent Order Decree. The only connection between these two projects is the same general contractor. The Kinsman Project by contract is in Arbitration with the American Arbitration Association. The Vienna Project is currently pending in Trumbull County Common Pleas Court. There are claims and counterclaims which are of substantial value and the County is vigorously prosecuting these actions. That said, regardless of the outcome, the Trumbull County Sanitary Engineering Fund has sufficient funds available to satisfy any anticipated adverse awards to the extent that, to the best of management's knowledge, there will be no materially adverse effect on the operating revenues of the County or those improvements to the County generally or the Trumbull County Sanitary Engineer specifically.

NOTE 11 - GRANTS

The County received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agency. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management such disallowed claims will not have a material adverse effect on the overall position of the County.

NOTE 12 - COMPENSATED ABSENCES

County employees earn vacation and sick leave at varying rates depending on length of service and department policy. For all County employees, all accumulated, unused vacation time is paid upon separation if the employee has at least one year of service with the County. Upon retirement or death, unused sick leave is paid at varying rates depending on length of service.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 13 - CAPITAL ASSETS

Capital asset activity for year ended December 31, 2015, was as follows:

| | Balance | | | Balance |

NOTE 14 - JOINT VENTURE

The Geauga/Trumbull Solid Waste District (the "District"), is a governmental joint venture between Geauga and Trumbull Counties providing services to dispose of industrial waste. The board of directors consists of six members, the three County Commissioners of each of the member counties. The degree of control exercised by any participating County is limited to its representation on the Board. The District does not have any outstanding debt. The continued existence of the District is dependent upon the County's continued participation; however, the County does not have an equity interest in the District. The District is not accumulating significant financial resources or experiencing fiscal stress that would cause additional financial benefit to or burden on the County. Due to sufficient revenues from the haulers, it was determined that additional contributions were not needed to operate in 2015. Complete financial statements can be obtained from the Geauga/Trumbull Solid Waste District, Geauga County, Ohio.

NOTE 15 - CAPITAL LEASES

The County has existing leases for multiple copiers, a hydraulic excavator and dump trucks. These lease obligations meet the criteria of a capital lease and have been recorded on the government-wide and business-type statements. The equipment and vehicles have been capitalized in the amount of \$938,838, the present value of the minimum lease payments at the inception of the lease. The assets acquired through capital leases are as follows:

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 15 - CAPITAL LEASES - (Continued)

| | vernmental activities | Business-Type Activities | | |
|--|--------------------------|-----------------------------|----------|--|
| Equipment | \$ 415,199 | \$ | 44,051 | |
| Vehicles | 479,588 | | - | |
| Less: Accumulated Depreciation | (354,432) | | (35,241) | |
| Total Book Value as of December 31, 2015 | \$ 540,355 | \$ | 8,810 | |

The following is a schedule of the future long-term minimum lease payments required under the capital lease and present value of the minimum lease payments is as follows:

| Year Ending December 31, | vernmental ctivities | Business-Type Activities | |
|---|-----------------------------|-----------------------------|--------|
| 2016 | \$ 186,521 | \$ | 9,036 |
| 2017 | 169,927 | | 1,506 |
| 2018 | 165,627 | | - |
| 2019 | 7,992 | | - |
| 2020 | 4,728 | | - |
| 2021 | 122 | | - |
| Total | 534,917 | | 10,542 |
| Less: amount representing interest | (28,117) | | (66) |
| Present value of net minimum lease payments | \$ 506,800 | \$ | 10,476 |

Capital leases for the governmental activities are paid from the general fund, children services fund, community mental health fund and motor vehicle gasoline tax fund. Capital leases for the business-type activities are paid from the sewer fund. These expenditures/expenses are reflected as program expenditures/expenses on a budgetary basis and are reclassified and reflected as debt service in the fund financial statements.

NOTE 16 - RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. During 2015, the County contracted with the County Risk Sharing Authority, Inc. (CORSA), a risk sharing pool (See Note 22), for insurance coverage as follows:

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 16 - RISK MANAGEMENT - (Continued)

| General Liability | \$ | 1,000,000 |
|---|----|-------------|
| Law Enforcement Liability | | 1,000,000 |
| Public Officials Liability | | 1,000,000 |
| Automobile Liability | | 1,000,000 |
| Building and Contents - Actual Cash Value | 2 | 317,207,181 |
| Other Property Insurance: | | |
| Extra Expense | | 1,000,000 |
| Flood and Earthquake | 1 | 100,000,000 |
| Valuable Papers | | 1,000,000 |
| Comprehensive Boiler and Machinery | | 1,000,000 |
| Crime Coverage | | 1,000,000 |
| Excess Liability | | 1,000,000 |

Settled claims have not exceeded coverage in any of the last three years and there was no significant reduction in coverage from the prior year.

The County has elected to provide medical benefits through a self-insured program. The maintenance of these benefits is accounted for in the hospitalization internal service fund. Specific stop loss threshold covered per person of \$200,000 annual maximum per covered person. Incurred but not reported claims of \$912,941 have been accrued as a liability based on a review of January, 2016 billings provided by the County Auditor's Office. The claims liability reported in the hospitalization internal service fund at December 31, 2015, is based on the requirements of Governmental Accounting Standards Board Statement No. 30 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claims adjustment expenses. Changes in the fund's claims liability amounts for 2014 and 2015 were:

| | В | alance at | | | | Ba | alance at |
|------|----|------------|--------|-------------|--------------------|----|-----------|
| | Be | ginning of | C | urrent Year | Claims | | End of |
| Year | | Year | Claims | | Payments | En | d of Year |

| 2014 | | 691,660 | | 11,455,653 | (11,327,803) | | 819,510 |

The County participates in the State Workers' Compensation retrospective rating and payment system. Once the County receives notice of the 2015 claims paid by the Bureau of Workers' Compensation, the County will reimburse the State for claims paid on the County's behalf. The payable is reclassified from claims payable to intergovernmental payable. This plan involves the payment of a minimum premium for administrative services and stop-loss coverage in addition to the actual claim costs for employees injured in 2015. The minimum premium portion, reported as due to other governments, is \$501,644 and the actual claim costs are \$1,447,238. The maintenance of these benefits is accounted for in the Workers' Compensation internal service fund.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 16 - RISK MANAGEMENT - (Continued)

Incurred but not reported claims and premium of \$2,397,754 have been accrued as a liability at December 31, 2015, based on an estimate by the County Auditor's Office and the Bureau of Workers' Compensation. This amount is made up of the claims liability amount of \$1,658,340 and due to other governments of \$739,414 for the current year claims cost. The claims liability reported in the workers' compensation internal service fund at December 31, 2015, is based on the requirements of Governmental Accounting Standards Board Statement No. 30 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claims adjustment expenses.

Changes in the fund's claims liability amounts for 2014 and 2015 were:

| | | | C | urrent Year | | | | |

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 17 - INTERFUND TRANSACTIONS - (Continued)

The general fund transfers to the public assistance special revenue fund were to cover the mandated share of program costs certified by the Ohio Department of Human Services (ODHS). The remaining general fund transfers were made to move unrestricted balances to support programs and projects accounted for in other governmental funds. The County board of developmental disabilities special revenue fund made a transfer to the permanent improvement capital projects fund for building improvements. The transfer from the general obligation bond retirement fund to the sewer fund was made in order to transfer residual monies that had previously been accumulated for the repayment of a sewer fund debt obligation. The redevelopment special revenue fund and permanent improvement capital project fund and the water and sewer enterprise fund transfers to the general obligation bond retirement debt service fund were for principal and interest payments on various debt issues. Nonmajor governmental funds made transfers to other nonmajor governmental funds for local grant matching requirements. The sewer fund transferred money to the water fund to cover a portion of a capital improvements project and the water fund transferred back the unused portion during the year.

B. Interfund Balances

Interfund balances at December 31, 2015, consisted of the following amounts and represent charges for services or reimbursable expenditures/expenses. These remaining balances resulted from the time lag between dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting records and (3) payments between funds are made. All are expected to be paid within one year.

| | Due from other funds | | | | | | | | | | | |

During 2015, Trumbull County entered into loans with the Ohio Water Development Authority (OWDA) in the amount of \$1,054,077 and the Ohio Public Works Commission (OPWC) in the amount of \$225,997. The proceeds of these loans were used for various sewer and water projects and bridge replacement projects.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 19 - LONG-TERM DEBT - (Continued)

The County has entered into contractual agreements for construction loans from the OWDA. Under the terms of these agreements, the OWDA will reimburse, advance or directly pay the construction costs of approved projects. The OWDA will capitalize administrative costs and construction interest and then add them to the total amount of the final loan.

Lines of credit have been established for the OPWC in the amount of \$620,629 for bridge replacement projects, and the OWDA in the amount of \$2,742,203 for various sewer improvement projects. Since the loan repayment schedule has not yet been finalized, a repayment schedule is not included in the schedule of debt service requirements. Until a final repayment schedule is available, the County is paying based on estimates. The balance of these loans is as follows:

| Governmental Activities: | Decen | <u>ıber 31, 2015</u> | Lines of Credit | | | |
|---|-------|----------------------|-----------------|--------------------|--|--|
| Chestnut Ridge Road Bridge Project Bailey Road & Palmyra Road Bridge Project | \$ | 148,474 182,209 | \$ | 300,065 320,564 | | |
| Total Governmental Activities | \$ | 330,683 | \$ 620,6 | | | |
| Business-Type Activities: Sewer Fund: | | | | | | |
| Little Squaw Creek Interceptor Phase III | \$ | 614,782 | \$ | 886,925 | | |
| Little Squaw Creek Interceptor Phase IV | | 1,349,206 | | 1,733,778 | | |
| Ridge Road Sanitary Sewer | | 91,583 | | 121,500 | | |
| Total Business-Type Activities | \$ | 2,055,571 | \$ | 2,742,203 | | |

In 2011, the County defeased various bond issues both general obligation and special assessment in order to take advantage of lower interest rates. The proceeds of the new bonds were placed in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the County's financial statements. At December 31, 2015, the amount of defeased principal outstanding was \$3,120,000.

The County issued general obligation bonds in 2015 to acquire property and advance refund at a lower interest rate various portions of the County's outstanding 2004, 2006 and 2007 bond issues. The proceeds of the refunding bonds were placed in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the County's financial statements. At December 31, 2015, the amount of defeased principal outstanding was \$3,760,000. The refunding resulted in an economic gain of \$279,998.

General obligation bonds reported in governmental activities are a direct obligation of the County and will be paid from the general obligation bond retirement debt service fund using property tax revenues. Special assessment bonds will be paid from the proceeds of special assessments levied against benefited property owners. In the event that a property owner would fail to pay the assessment, payment would be made by the County. Business type activities general obligation bonds will be paid from user charges. The Ohio Water Development Authority (OWDA) loans will be paid from revenues derived by the County from the operation of the water and sewer system as well as special assessments. The capital leases will be paid from the general fund, motor vehicle gas tax, community mental health and children services special revenue funds, the hospitalization internal service fund and the sewer fund.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 19 - LONG-TERM DEBT - (Continued)

Compensated absences will be paid from the fund from which the employees' salaries are paid. These funds include the general fund, public assistance, county board of developmental disabilities, community mental health, children services, motor vehicle gasoline tax, bureau of support, real estate assessment, dog and kennel, community based correctional facility, delinquent real estate tax assessment collector, certificate of title, emergency 911, youth services, elderly affairs, drug task force, water, sewer, hospitalization and workers' compensation.

The Logan Arms Sewer Replacement, Newton Manor Sewer Replacement, Youngstown/Warren Regional Airport Waterline Project, the Warren Township Meadowbrook Waterline Project, King Graves Waterline OPWC loans, the 5th Avenue Pump Station Replacement and Champion Water Tower will be paid with user charges from the sewer and water enterprise funds respectively. The Precast Structure Project Loan, the North Road Reconstruction Project, Rehabilitation Projects, Chestnut Ridge Road Bridge Project and Bailey Road & Palmyra Road Bridge Project will be paid from the motor vehicle gas tax special revenue fund.

The County has pledged future sales tax revenues to repay governmental activities revenue bonds. The revenue bonds are payable solely from net revenues and are payable through 2028. Annual principal and interest payments on the bonds are expected to require approximately 1.05 percent of revenues. The total principal and interest remaining to be paid on the bonds is \$2,818,302. Principal and interest paid for the current year were \$272,787 and sales tax revenue was \$25,977,706.

The County has pledged future sewer revenues to repay revenue bonds, OPWC loans and OWDA loans. All the debt is payable solely from net revenues and are payable through 2048. Annual principal and interest payments on the sewer debt are expected to require approximately 23.34 percent of net revenues. The total principal and interest remaining to be paid on the debt is \$21,631,385. Principal and interest paid for the current year were \$1,242,106 and total net revenues were \$5,321,966.

The County has pledged future water revenues to repay OPWC loans and OWDA loans. All debt is payable solely from net revenues and are payable through 2030. Annual principal and interest payments on the water debt are expected to require approximately 24.33 percent of net revenues. The total principal and interest remaining to be paid on the debt is \$2,243,310. Principal and interest paid for the current year was \$172,834 and total net revenues were \$710,343.

On March 14, 2014, the County issued \$800,000 of bond anticipation notes at a rate of 1.25 percent and matured on March 10, 2015. These notes were issued to finance a building acquisition. On September 14, 2015, the County issued \$1,500,000 of bond anticipation notes at a rate of 1.25 percent and matured on March 10, 2015. These notes were rolled over on March 9, 2015 at a rate of 1.25% and maturing on March 9, 2016. The notes were issued for the construction of a Veteran's building. On June 2, 2015, the County issued \$750,000 of bond anticipation notes at a rate of 1.875% and maturing on March 9, 2016. These notes were issued to finance building and equipment improvements. The notes are all backed by the full faith and credit of the County. As of December 31, 2015, note proceeds of \$128,162 had not been spent.

The County was awarded a \$500,000 Local Governmental Innovation Fund (LGIF) loan from the Ohio Development Services Agency. Loan proceeds were used to finance the construction of a salt storage facility. The interest-free loan is payable in equal quarterly installments through 2025.

Additional detail regarding the County's capital leases and claims liability can be found in Notes 15 and 16. See Note 20 for more information on the net pension liability.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 19 - LONG-TERM DEBT - (Continued)

The following is a summary of the County's future annual principal and interest requirements to retire general obligation bonds, special assessment bonds, revenue bonds, OWDA loans, OPWC loans and LGIF loan:

Governmental Activities

| Total | \$ | 396,752 | \$ | 49,104 | \$ | 2,997,800 | \$ | 2,352,958 | \$ | 1,527,841 | \$ | 12,517,183 | \$ | 2,423,343 |

The Ohio Revised Code provides that the net general obligation debt of the County, exclusive of certain exempt debt, issued without a vote of the electors shall never exceed one percent of the total assessed valuation of the County. The Code further provides that the total voted and unvoted net debt of the County less the same exempt debt shall never exceed a sum equal to three percent of the first \$100,000,000 of the assessed valuation, plus one and one-half percent of such valuation in excess of \$100,000,000 and not in excess of \$300,000,000, plus two and one-half percent of such valuation in excess of \$300,000,000.

The effects of the debt limitations described above at December 31, 2015, are an overall debt margin of \$64,936,550, including available funds of \$92,701, and unvoted debt margin of \$18,227,840.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 19 - LONG-TERM DEBT - (Continued)

Industrial Development Revenue Bonds

The County has issued six issues of industrial development revenue bonds in the aggregate outstanding principal amount of \$12,595,000 at December 31, 2015, for facilities used by private corporations or other entities. The County is not obligated in any way to pay debt charges on the bonds from any of its funds, and therefore they have been excluded entirely from the County's debt presentation. There has not been and is not any condition of default under the bonds or the related financing documents.

NOTE 20 - DEFINED BENEFIT PENSION PLANS

Net Pension Liability/Asset

The net pension liability/asset reported on the statement of net position represents a liability or asset to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability/asset represents the County's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability/asset calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

The Ohio Revised Code limits the County's obligation for this liability to annually required payments. The County cannot control benefit terms or the manner in which pensions are financed; however, the County does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes any net pension liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits or overfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *due to other governments* on both the accrual and modified accrual bases of accounting.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 20 - DEFINED BENEFIT PENSION PLANS - (Continued)

Plan Description - Ohio Public Employees Retirement System (OPERS)

Plan Description - County employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan and the Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. County employees) may elect the Member-Directed Plan and the Combined Plan, substantially all employee members are in OPERS' Traditional Plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the Traditional Pension Plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <u>https://www.opers.org/financial/reports.shtml</u>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the Traditional Pension Plan as per the reduced benefits adopted by SB 343 (see OPERS CAFR referenced above for additional information):

Age and Service Requirements:

Age 48 with 25 years of service credit or Age 56 with 15 years of service credit

Public Safety and Law Enforcement

Formula:

2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25

Final average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 20 - DEFINED BENEFIT PENSION PLANS - (Continued)

Benefits in the Combined Plan consist of both an age-and-service formula benefit (defined benefit) and a defined contribution element. The defined benefit element is calculated on the basis of age, FAS, and years of service. Eligibility regarding age and years of service in the Combined Plan is the same as the Traditional Pension Plan. The benefit formula for the defined benefit component of the plan for State and Local members in transition Groups A and B applies a factor of 1.0% to the member's FAS for the first 30 years of service. A factor of 1.25% is applied to years of service in excess of 30. The benefit formula for transition Group C applies a factor of 1.0% to the member's FAS and the first 35 years of service and a factor of 1.25% is applied to years in excess of 35. Persons retiring before age 65 with less than 30 years of service credit receive a percentage reduction in benefit. The defined contribution portion of the benefit is based on accumulated member contributions plus or minus any investment gains or losses on those contributions. Members retiring under the Combined Plan receive a 3% COLA adjustment on the defined benefit portion of their benefit.

Defined contribution plan benefits are established in the plan documents, which may be amended by the OPERS's Board of Trustees. Member-Directed Plan and Combined Plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the Combined Plan consists of the member's contributions plus or minus the investment gains or losses resulting from the member's investment selections. The amount available for defined contribution benefits in the Member-Directed Plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20% each year. For additional information, see the Plan Statement in the OPERS CAFR.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

| | State and Local | Public Safety | Law Enforcement | |
|---|--------------------|------------------|--------------------|--|
| 2015 Statutory Maximum Contribution Rates | | i | | |
| Employer | 14.0 % | 18.1 % | 18.1 % | |
| Employee | 10.0 % | 12.0 % | 12.0 % | |
| 2015 Actual Contribution Rates | | | | |
| Employer: | | | | |
| Pension | 12.0 % | 14.1 % | 14.1 % | |
| Post-employment Health Care Benefits | 2.0 % | 4.0 % | 4.0 % | |
| Total Employer | 14.0 % | 18.1 % | 18.1 % | |
| Employee | 10.0 % | 11.5 % | 12.1 % | |

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

The County's contractually required contribution for both the Traditional Pension Plan and the Combined Plan was \$6,842,355 for 2015. Of this amount, \$1,889,461 is reported as due to other governments.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 20 - DEFINED BENEFIT PENSION PLANS - (Continued)

Plan Description - State Teachers Retirement System (STRS)

Plan Description - County licensed teachers participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307. The DB Plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation will be 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. With certain exceptions, the basic benefit is increased each year by two percent of the original base benefit. For members retiring August 1, 2013, or later, the first two percent is paid on the fifth anniversary of the retirement benefit. Members are eligible to retire at age 60 with five years of qualifying service credit, or age 55 with 25 years of service, or 30 years of service regardless of age. Age and service requirements for retirement will increase effective August 1, 2015, and will continue to increase periodically until they reach age 60 with 35 years of service or age 65 with five years of service or August 1, 2026.

The DC Plan allows members to place all their member contributions and 9.5 percent of the 14 percent employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.5 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, member contributions are allocated among investment choices by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of services. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50.

New members who choose the DC Plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 20 - DEFINED BENEFIT PENSION PLANS - (Continued)

Funding Policy - Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The statutory maximum employee contribution rate was increased one percent July 1, 2014, and will be increased one percent each year until it reaches 14 percent on July 1, 2016. For January 1, 2015 through June 30, 2015, plan members were required to contribute 12 percent of their annual covered salary. For July 1, 2015 through December 31, 2015, plan members were required to contribute 13 percent of their annual covered salary. The County was required to contribute 14 percent; the entire 14 percent was the portion used to fund pension obligations. The 2015 contribution rates were equal to the statutory maximum rates.

The County's contractually required contribution to STRS was \$285,606 for 2015. Of this amount, \$12,203 is reported as due to other governments.

Pension Liabilities/Assets, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability and net pension asset for the OPERS Traditional Pension Plan and Combined Plan, respectively, were measured as of December 31, 2014, and the total pension liability or asset used to calculate the net pension liability or asset was determined by an actuarial valuation as of that date. STRS total pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability or asset was based on the County's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

| | OPERS | STRS | Total |
|--------------------------------|---------------|--------------|---------------|
| Proportionate share of the net | | | |
| pension liability | \$ 52,434,939 | \$ 5,638,872 | \$ 58,073,811 |
| Proportionate share of the net | | | |
| pension asset | 78,143 | - | 78,143 |
| Proportion of the net pension | | | |
| liability | 0.46074100% | 0.01942634% | |
| Proportion of the net pension | | | |
| asset | 0.21509200% | 0.0000000% | |
| Pension expense | \$ 5,941,966 | \$ 1,401,005 | \$ 7,342,971 |

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 20 - DEFINED BENEFIT PENSION PLANS - (Continued)

At December 31, 2015, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | OPERS | | STRS | | Total |
|---|-------|------------|------|-----------|------------------|
| Deferred outflows of resources | | | | | |
| Differences between expected and | | | | | |
| actual experience | \$ | - | \$ | 80,344 | \$ 80,344 |
| Net difference between projected and | | | | | |
| actual earnings on pension plan investments | | 2,802,540 | | - | 2,802,540 |
| Difference between employer contributions | | | | | |
| and proportionate share of contributions | | 394,435 | | 4,899 | 399,334 |
| County contributions subsequent to the | | | | | |
| measurement date | | 6,842,355 | | 136,572 | 6,978,927 |
| Total deferred outflows of resources | \$ | 10,039,330 | \$ | 221,815 | \$ 10,261,145 |
| Deferred inflows of resources | | | | | |
| Differences between expected and | | | | | |
| actual experience | \$ | 945,025 | \$ | - | \$ 945,025 |
| Net difference between projected and | | | | | |
| actual earnings on pension plan investments | | - | 1 | 1,543,955 | 1,543,955 |
| Difference between employer contributions | | | | | |
| and proportionate share of contributions | | - | | 41,107 | 41,107 |
| Total deferred inflows of resources | \$ | 945,025 | \$ 1 | 1,585,062 | \$ 2,530,087 |

\$6,978,927 reported as deferred outflows of resources related to pension resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability/asset in the year ending December 31, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

| | OPERS | | STRS | | Total | | |
|--------------------------|-------|-----------|------|-------------|-------|---------|--|
| Year Ending December 31: | | | | | | | |
| 2016 | \$ | 454,758 | \$ | (427,226) | \$ | 27,532 | |
| 2017 | | 454,758 | | (427,226) | | 27,532 | |
| 2018 | | 657,138 | | (427,227) | | 229,911 | |
| 2019 | | 697,800 | | (218,140) | | 479,660 | |
| 2020 | | (2,836) | | - | | (2,836) | |
| Thereafter | | (9,668) | | - | | (9,668) | |
| Total | \$ | 2,251,950 | \$ | (1,499,819) | \$ | 752,131 | |

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 20 - DEFINED BENEFIT PENSION PLANS - (Continued)

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability in the December 31, 2014, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Wage inflation | 3.75 percent | | | |
|---|--|--|--|--|
| Future salary increases, including inflation | 4.25 to 10.05 percent including wage inflation | | | |
| COLA or ad hoc COLA | 3 percent, simple | | | |
| Investment rate of return | 8 percent | | | |
| Actuarial cost method | Individual entry age | | | |
| Mortality rates were based on the RP-2000 Mortality Table projected 20 years using Projection Scale AA. For | | | | |
| males, 105 percent of the combined healthy male i | mortality rates were used. For females, 100 percent of the | | | |

males, 105 percent of the combined healthy male mortality rates were used. For females, 100 percent of the combined healthy female mortality rates were used. The mortality rates used in evaluating disability allowances were based on the RP-2000 mortality table with no projections. For males 120 percent of the disabled female mortality rates were used set forward two years. For females, 100 percent of the disabled female mortality rates were used.

The most recent experience study was completed for the five year period ended December 31, 2010.

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

OPERS manages investments in four investment portfolios: the Defined Benefits portfolio, the Health Care portfolio, the 115 Health Care Trust portfolio and the Defined Contribution portfolio. The Defined Benefit portfolio includes the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan, the annuitized accounts of the Member-Directed Plan and the VEBA Trust. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The money weighted rate of return, net of investments expense, for the Defined Benefit portfolio is 6.95 percent for 2014.

The allocation of investment assets with the Defined Benefit portfolio is approved by the OPERS Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2014 and the long-term expected real rates of return:

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

| Asset Class | Target Allocation | Weighted Average Long-Term Expected Real Rate of Return (Arithmetic) |
|------------------------|----------------------|---|
| Fixed income | 23.00 % | 2.31 % |
| Domestic equities | 19.90 | 5.84 |
| Real estate | 10.00 | 4.25 |
| Private equity | 10.00 | 9.25 |
| International equities | 19.10 | 7.40 |
| Other investments | 18.00 | 4.59 |
| Total | 100.00 % | 5.28 % |

NOTE 20 - DEFINED BENEFIT PENSION PLANS - (Continued)

Discount Rate - The discount rate used to measure the total pension liability/asset was 8 percent for both the Traditional Pension Plan and the Combined Plan. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following table presents the County's proportionate share of the net pension liability/asset calculated using the current period discount rate assumption of 8 percent, as well as what the County's proportionate share of the net pension liability/asset would be if it were calculated using a discount rate that is one-percentage-point lower (7 percent) or one-percentage-point higher (9 percent) than the current rate:

| | Current | | | | | |
|--|---------|-----------------------|-----------------------|------------------------|----------------------------|--|
| | | % Decrease (7.00%) | Discount Rate (8.00%) | | 1% Increase (9.00%) | |
| County's proportionate share of the net pension liability (asset): Traditional Pension Plan Combined Plan | \$ | 102,233,820 10,755 | \$ | 52,434,939 (78,143) | \$ 16,268,765 (157,017) | |

Actuarial Assumptions - STRS

The total pension liability in the June 30, 2015, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 2.75 percent |
|----------------------------|--|
| Projected salary increases | 2.75 percent at age 70 to 12.25 percent at age 20 |
| Investment Rate of Return | 7.75 percent, net of investment expenses |
| Cost-of-Living Adjustments | 2 percent simple applied as follows: for members retiring before |
| (COLA) | August 1, 2013, 2 percent per year; for members retiring August 1, 2013, |
| | or later, 2 percent COLA paid on fifth anniversary of retirement date. |

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 20 - DEFINED BENEFIT PENSION PLANS - (Continued)

Mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males' ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89 and not set back from age 90 and above.

Actuarial assumptions used in the June 30, 2015, valuation are based on the results of an actuarial experience study, effective July 1, 2012.

The 10 year expected real rate of return on pension plan investments was determined by STRS' investment consultant by developing best estimates of expected future real rates of return for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized as follows:

| Asset Class | Target Allocation | Long-Term Expected Real Rate of Return |
|----------------------|----------------------|---|
| Domestic Equity | 31.00 % | 8.00 % |
| International Equity | 26.00 | 7.85 |
| Alternatives | 14.00 | 8.00 |
| Fixed Income | 18.00 | 3.75 |
| Real Estate | 10.00 | 6.75 |
| Liquidity Reserves | 1.00 | 3.00 |
| | | |
| Total | 100.00 % | |

Discount Rate - The discount rate used to measure the total pension liability was 7.75 percent as of June 30, 2015. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2015. Therefore, the long-term expected rate of return on pension plan investments of 7.75 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2015.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following table presents the County's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.75 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.75 percent) or one-percentage-point higher (8.75 percent) than the current rate:

| | Current | | | | | | |
|------------------------------|---------|---------------------------|---------|-----------|---------|-------------|--|
| | 1% | 1% Decrease Discount Rate | | | | 1% Increase | |
| | (6.75%) | | (7.75%) | | (8.75%) | | |
| County's proportionate share | | | | | | | |
| of the net pension liability | \$ | 7,457,768 | \$ | 5,368,872 | \$ | 3,602,399 | |

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 21 - POSTEMPLOYMENT BENEFIT PLANS

A. Ohio Public Employees Retirement

Plan Description - OPERS maintains a cost-sharing multiple employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

To qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have ten years or more of qualifying Ohio service credit. The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the healthcare plan are presented separately in the OPERS financial report which may be obtained by visiting <u>https://www.opers.org/financial/reports.shtml</u>, writing to OPERS, 277 East Town Street, Columbus, OH 43215-4642 or by calling (800) 222-7377.

Funding Policy - The post-employment healthcare plan was established under, and is administrated in accordance with, Internal Revenue Code Section 401(h). State statute requires that public employers fund post-employment healthcare through contributions to OPERS. A portion of each employer's contribution to the Traditional or Combined Plans is set aside for the funding of post-employment health care.

Employer contribution rates are expressed as a percentage of the covered payroll of active employees. In 2015 local government employers contributed 14.00% of covered payroll (18.10% for public safety and law enforcement). Each year the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for the funding of the postemployment health care benefits. The portion of employer contributions allocated to fund post-employment healthcare for members in the Traditional Plan and Combined Plan for 2015 was 2.00% for members in the state and local category and 4.00% for members in the public safety and law enforcement categories.

The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the post-employment healthcare plan.

The County's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2015, 2014, and 2013 were \$1,123,235, \$1,164,581, and \$592,687, respectively; 76.28% has been contributed for 2015 and 100% has been contributed for 2014 and 2013. The remaining 2015 post-employment health care benefits liability has been reported as due to other governments on the basic financial statements.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under State Bill 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4.00% of the employer contributions toward the health care fund after the end of the transition period.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 21 - POSTEMPLOYMENT BENEFIT PLANS - (Continued)

B. State Teachers Retirement System of Ohio

Plan Description - The County contributes to the cost sharing, multiple employer defined benefit Health Plan (the "Plan") administered by the State Teachers Retirement System of Ohio (STRS) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy - Ohio law authorizes STRS to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2015, STRS did not allocate any percentage of employer contributions to the Health Care Stabilization Fund. The County's contributions for health care for the years ended December 31, 2015, 2014 and 2013 were \$0, \$12,380 and \$21,375, respectively. The full amount has been contributed for 2014 and 2013.

NOTE 22 - RISK SHARING POOL

The County Risk Sharing Authority, Inc., (CORSA) is a risk sharing pool made up of sixty counties in Ohio. CORSA was formed as an Ohio nonprofit corporation for the purpose of establishing the CORSA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in coverage of losses and pay all contributions necessary for the specified insurance coverage provided by CORSA. This coverage includes comprehensive general liability, automobile liability, certain property insurance and public officials' errors and omissions liability insurance.

Each member county has one vote on all matters requiring a vote, to be cast by a designated representative. The affairs of CORSA are managed by an elected board of not more than nine trustees. Only county commissioners of member counties are eligible to serve on the board. No county may have more than one representative on the board at any time. Each member county's control over the budgeting and financing of CORSA is limited to its voting authority and any representation it may have on the board of trustees. CORSA has issued certificates of participation in order to provide adequate cash reserves. The certificates are secured by the member counties' obligations to make coverage payments to CORSA. The participating counties have no responsibility for the payment of certificates. The County does not have an equity interest in CORSA. The County's payment for insurance to CORSA in 2015 was \$590,359.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 23 - JOINTLY GOVERNED ORGANIZATIONS

A. Western Reserve Port Authority ("Port Authority")

The Western Reserve Port Authority is statutorily created as a separate and distinct political subdivision of the State. The eight Port Authority Board Members are appointed equally by the Trumbull and Mahoning County Commissioners. The Board exercises total control over the operations of the Port Authority including budgeting, appropriating, contracting and designating management. Each participant's degree of control is limited to its representation on the Board. As of January 2004, the County began collecting a 2 percent Hotel and Lodging Tax to fund the Port Authority's operation. In May 2005, the Board of Trumbull County Commissioners increased the rate to 4 percent and allocated the entire 4 percent collections of the Hotel Lodging Tax for the use by the Western Reserve Port Authority in 2004 and \$50,000 in 2009. The County did not contribute to the Western Reserve Port Authority in 2015. The Board of County Commissioners passed a new resolution effective as of May 1, 2006, allocating 2 percent of the 4 percent lodging tax to be paid to the Port Authority. On September 20, 2012, the Board of County Commissioners passed a resolution which increased the lodging tax by an additional one percent, with 3 percent of the 5 percent tax allocated to the Port Authority. The remaining 2 percent is paid to the newly established Trumbull County Tourism Board.

B. Family and Children First Council

The Family and Children First Council provides services to multi-need youth in Trumbull County. Members of the Council include Trumbull County Board of Developmental disabilities, Mental Health Board, Warren City School District, Trumbull County Children Services Board, Trumbull County Board of Health, Ohio Department of Youth Services, Trumbull County Common Pleas Court, Trumbull County Human Services, Western Reserve Care System, City of Warren, Trumbull County Educational Service Center and Trumbull County Mental Health Center. The operation of the Council is controlled by an advisory committee which consists of a representative from each agency. Funding comes from each of the participants. The advisory committee exercises total control over the operations of the organization including budgeting, appropriating, contracting and designating management. Each representative's degree of control is limited to its representation on the committee. In 2015, the County did not contribute to the Family and Children First Council.

C. Northeast Ohio Community Alternative Program (N.E.O.C.A.P.)

N.E.O.C.A.P. is a community based corrections facility that provided residents of the facility educational, vocational, substance abuse and support counseling services. The facility is administered by a Judicial Corrections Board consisting of seven common pleas court judges. The members consist of two judges each from Trumbull and Lake Counties and one judge each from Ashtabula, Geauga and Portage Counties. N.E.O.C.A.P.'s Board exercises total control over the operations of the organization including budgeting, appropriating, contracting and designating management. Each participant's degree of control is limited to its representation on the Board. Funding comes from the State. In 2015, the County did not make any contributions to N.E.O.C.A.P.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 23 - JOINTLY GOVERNED ORGANIZATIONS - (Continued)

D. Northeast Ohio Network (N.E.O.N.)

N.E.O.N. is a council of governments formed to provide a regional effort in administering, managing and operating programs for certain individuals with developmental disabilities. Participating counties include Trumbull, Columbiana, Geauga, Lake, Mahoning, Medina, Portage, Ashtabula, Lorain, Summit, Wayne, Richland and Stark counties. N.E.O.N.'s operation is controlled by their board which is comprised of the superintendents of Developmental Disabilities of each participating County. N.E.O.N.'s Board exercises total control over the operations of the organization including budgeting, appropriating, contracting and designating management. Each participant's degree of control is limited to its representation on the Board. During 2015, N.E.O.N received sufficient revenues from State grant monies and no additional funds were needed from the participants.

NOTE 24 - RELATED ORGANIZATIONS

A. Private Industry Council

The Private Industry Council is statutorily created under Section 1702.26 of the Ohio Revised Code. The twenty-eight members of the Private Industry Council are appointed by the Trumbull County Board of Commissioners. The County is not financially accountable for the Council nor is the Council financially dependent on the County. The Council adopts its own budget, authorizes expenditures, hires and fires staff and does not rely on the County to finance deficits.

B. Trumbull County Public Library

The Trumbull County Board of Commissioners is responsible for appointing a voting majority of the Trumbull County Public Library Board; however, the County cannot influence the Library's operation nor does the Library represent a potential financial benefit or burden on the County. The County serves in a ministerial capacity as the taxing authority for the Library. Once the Library determines to present a levy to the voters, including the determination of its rate and duration, the County must place the levy on the ballot. The Library determines its own budget. The Library did not receive any funding from the County during 2015.

C. Trumbull County Tourism Board

The Trumbull County Tourism Board was created during 2005 to take the place of the Trumbull County Convention and Visitors Bureau which was eliminated. The purpose of the Board is to encourage development for Trumbull County by promoting travel within the County. On May 5, 2005, the Trumbull County Board of Commissioners adopted a resolution establishing the Trumbull County Tourism Board as the designated recipient of 2 percent of the 5 percent lodging excise tax funds.

D. Trumbull County Metropolitan Park District ("District")

The Probate Judge of the County appoints the three Park District Commissioners. The District hires and fires staff, and does not rely on the County to finance deficits. The County is not financially accountable for the District nor is the District financially dependent on the County. The District serves as its own taxing and debt issuance authority and is a related organization of the County. The District received \$95,000 from the County during 2015.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 24 - RELATED ORGANIZATIONS - (Continued)

E. Trumbull County Transit Board

The Trumbull County Transit Board was created to provide origin to destination transportation services available upon request. The Trumbull County Commissioners are responsible for appointing a voting majority of the Trumbull County Transit Board; however, the County cannot influence the Transit Board's operation nor does the Transit Board represent a potential financial benefit or burden on the County. The Transit Board determines its own budget. The Transit Board did not receive any funding from the County during 2015.

NOTE 25 - CONSTRUCTION AND OTHER SIGNIFICANT COMMITMENTS

A. Contractual Commitments

At December 31, 2015, the County's significant contractual commitments consisted of:

| | | Contract | Amount | Amount | | |
|--------------------------------------|--------|------------|------------------|-----------|------------|--|
| Project | Amount | | Paid | Remaining | | |
| ODOT Road & Bridge | | | | | | |
| Improvement Projects | \$ | 7,784,575 | \$ 2,899,588 | \$ | 4,884,987 | |
| Veteran's Building | | 1,602,380 | 1,456,697 | | 145,683 | |
| Little Squaw Creek Sewer Phase IV | | 3,840,000 | 2,164,543 | | 1,675,457 | |
| Kinsman Phase II Sanitary Sewer | | 10,415,737 | 9,300,909 | | 1,114,828 | |
| Allison Avenue Sewer | | 300,000 | 5,923 | | 294,077 | |
| Ridge Road Sanitary Sewer | | 218,000 | 8,941 | | 209,059 | |
| Scott Street Sanitary Sewer Phase II | | 2,778,170 | 40,745 | | 2,737,425 | |
| Total | \$ | 26,938,862 | \$ 15,877,346 | \$ | 11,061,516 | |

\$1,438,043 of the amounts remaining on these contracts was encumbered at year end.

B. Encumbrances

Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At fiscal year end the amount of encumbrances expected to be honored upon performance by the vendor in the next fiscal year were as follows:

| Governmental Funds: | | Proprietary Funds: | |
|-----------------------------|-----------------|---------------------------|-----------------|
| General Fund | \$ 787,512 | Sewer | \$ 959,154 |
| Motor Vehicle Gasoline Tax | 1,264,912 | Water | 430,746 |
| Public Assistance | 116,482 | Internal Service | 71,989 |
| County Board of | | | |
| Developmental Disabilities | 774,228 | Total Proprietary Funds: | \$ 1,461,889 |
| Community Mental Health | 337,886 | | |
| Children Services | 772,346 | | |
| Nonmajor Governmental Funds | 4,020,567 | | |
| Total Governmental Funds | \$ 8,073,933 | | |

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 26 - SUBSEQUENT EVENTS

On March 8, 2016, the County issued bond anticipation notes for the following purposes:

| Purpose | Amount | Rate | Maturity | | |
|---|--------------|-------|----------|--|--|
| Little Squaw Creek Interceptor Phase V | \$ 450,000 | 1.50% | 3/8/2017 | | |
| Building and Equipment Improvement | 1,000,000 | 1.50% | 3/8/2017 | | |
| Kinsman Sewer Phase II | 653,000 | 1.75% | 9/8/2016 | | |
| Little Squaw Creek Interceptor Phase IV | 515,000 | 1.75% | 9/8/2016 | | |
| Scott Street Sewer Phase II | 300,000 | 1.75% | 9/8/2016 | | |
| Total | \$ 2,918,000 | | | | |

NOTE 27 - RELATED PARTY TRANSACTIONS

During 2015, Trumbull County provided facilities, certain equipment, transportation and salaries for administration, implementation and supervision of its programs to Fairhaven Sheltered Workshop, Inc. Fairhaven Sheltered Workshop, a discretely presented component unit of Trumbull County, reported \$2,660,562 for such contributions. Fairhaven Sheltered Workshop recorded operating revenues and expenses at cost or fair market as applicable, to the extent the contribution is related to the vocational purpose of the Workshop.

NOTE 28 - FAIRHAVEN INDUSTRIES, INC.

A. Summary of Significant Accounting Policies

Fairhaven Sheltered Workshop, Inc. was incorporated in the State of Ohio in May, 1967. Effective January 23, 1996, the Secretary of the State of Ohio, recorded a name change for Fairhaven Sheltered Workshop, Inc. to Fairhaven Industries, Inc. Fairhaven Industries, Inc. (the Organization) provides labor skills training and employment as mandated by the State to be provided to developmentally disabled adults. Most of the services are provided directly through Trumbull County's 169 Board. Some of the costs associated with this program are paid directly by the 169 Board. This data is included as part of the statement of activities and changes in net position.

B. Income Taxes

The Organization is a publicly-supported nonprofit organization as described in Section 501 (c) (3) of the Internal Revenue Code and is exempt from federal, state and local income taxes and therefore has made no provision for federal income taxes in the accompanying financial statements. In addition, Fairhaven Industries, Inc. has been determined by the Internal Revenue Service not to be a "private foundation" within the meaning of Section 509 (a) of the Internal Revenue Code.

C. Method of Accounting

The financial statements have been prepared utilizing the accrual basis of accounting.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 28 - FAIRHAVEN INDUSTRIES, INC. - (Continued)

D. Basis of Presentation

The Organization adopted Statement of Financial Accounting Standards (SFAS) No. 117, "Financial Statements of Not-For-Profit Organizations." Under SFAS No. 117, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted and permanently restricted, based on the existence or absence of donor-imposed restriction. When a donor restriction expires (that is, when a stipulated time restriction ends or a purpose restriction is accomplished), temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statements of activities and changes in net assets as net assets released from restrictions.

Due to its fiscal dependence on Trumbull County Ohio, Fairhaven Industries, Inc. is a component unit of Trumbull County Ohio whose reporting is subject to basis of presentation as defined by the Governmental Accounting Standards Board (GASB). GASB statement 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements,* changed the reporting requirements for Not-For-Profit Organizations. The financial reporting of Fairhaven industries, Inc. is included as a component unit in the financial reporting of Trumbull County Ohio and as such has been subjected to the reporting requirements of GASB 62 in that financial reporting.

E. Public Support and Revenue

The Organization's major source of income is from sales and services to the public and companies. The Organization grants credit to customers on open account (no collateral required), who are generally located in Northeast Ohio. Contributions from the general public are nominal. In addition, the Organization receives support from the Trumbull County 169 Board to cover some of the program costs. These costs, totaling \$2,660,562 as calculated by the 169 Board, are included in the statement of activities as support and in-kind contributions.

F. Estimates

The preparation of financial statement in conformity with generally accepted accounting principles requires the use of management's estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

G. Cash and Cash Equivalents

The Organization considers all highly liquid investments available for current use with a maturity of three months or less when purchased to be cash equivalents.

H. Investments

Investments are composed of certificates of deposit with maturities of greater than three months. Investments are stated at cost which approximates fair value.

I. Accounts Receivable

Accounts receivable represent amounts due from charge contracts for services. Substantially all amounts are considered collectible by management. An allowance for bad debts has not been established because it is not considered material.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 28 - FAIRHAVEN INDUSTRIES, INC. - (Continued)

J. Capital Assets

Capital assets are recorded at cost. Maintenance, repairs and minor renewals are charged to expense as incurred. When assets are sold, or otherwise disposed of, the related cost and accumulated depreciation are removed from the accounts and any profit or loss arising from such disposition is included as income or expense in the year in which sold. Assets with a cost of over \$500 are capitalized.

Depreciation is based on the estimated useful lives computed on the straight-line method.

| Description | Estimated Lives |
|------------------------|-----------------|
| | |
| Property and Equipment | 5 - 7 Years |

Depreciation expense for 2015 is \$6,071 and accumulated depreciation at December 31, 2015 is \$122,130.

K. Advertising Costs

Advertising costs are charged to operations in the year incurred and totaled \$1,047 in 2015.

L. Property and Equipment

Property and equipment used in operations and not recorded on the statement of financial position is as follows:

| Description | Acquired | Cost |
|-----------------------------------|----------|--------------|
| Fyda Freightliner Truck | 3/6/2003 | \$ 56,291 |
| 05 International - 4400 4.2 Truck | 2/1/2004 | 52,170 |
| 06 Econoline Van | 8/3/2006 | 15,000 |

Terms of contract provide that Fairhaven Industries shall have the responsibility for the purchase of all equipment, except all business vehicles purchased by Fairhaven Industries Inc. shall be titled, licensed, and insured in the name of Trumbull County Board of Developmental Disabilities ("TCBDD"). Maintenance and cost of parts for repairs used for Fairhaven Industries shall be the responsibility of TCBDD.

The contract further states "that in the termination, dissolution or liquidation of the nonprofit corporation, all assets shall be transferred to the TCBDD."

M. Concentration of Credit Risk

Fairhaven Industries, Inc. maintains cash balances at several financial institutions located in Northeast Ohio. Accounts at each institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At December 31, 2015, the Organization had \$0 in excess of the FDIC insurance limits. It is the opinion of management that the solvency of the referenced financial institutions is not of particular concern at this time.

Concentrations of credit risk with respect to accounts receivable include one customer which constitutes 66.49 percent of the Organization's total accounts receivable.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 28 - FAIRHAVEN INDUSTRIES, INC. - (Continued)

N. In-Kind

The value of in-kind services are calculated based in the method prescribed by the State of Ohio, Ohio Department of DD and received directly from the Trumbull County 169 Board and is reflected on the accompanying Statement of Activities.

NOTE 29 - TRUMBULL COUNTY LAND BANK

The Trumbull County Land Reutilization Corporation (Land Bank) is a county land reutilization corporation that was formed on November 10, 2010, when the Trumbull County Board of Commissioners authorized the incorporation of the Land Bank under Chapter 1724 of the Ohio Revised Code to exercise the powers and perform the duties of a county with respect to land reutilization under Chapter 5722 of the Ohio Revised Code. The purpose of the Land Bank is for the reclamation, rehabilitation and reutilization of vacant, abandoned, taxforeclosed or other real property in the County.

Summary of Significant Accounting Policies

The basic financial statements of the Land Bank have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Land Bank's significant accounting policies are described below.

A. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The Land Bank uses a single proprietary or enterprise fund to account for and report its financial activities, which are limited to *business-type activities* - i.e., activities that are financed in whole or in part by fees charged to external parties and are operated in a manner similar to private business where the determination of revenues earned, costs incurred and/or net income is necessary for management accountability. The financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses include the cost of services and administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Property sales associated with the current fiscal period are all considered to be susceptible to accrual and as such have been recognized as revenues of the current fiscal period.

B. Estimates

The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 29 - TRUMBULL COUNTY LAND BANK - (Continued)

C. Operating and Non-operating Revenues and Expenses

As a business-type activity, the Land Bank distinguishes operating revenues and expenses from nonoperating items. Operating revenues are mostly comprised of revenues from the sales of property. Operating expenses generally result from the acquisition, demolition and renovation of properties, and general and administrative expenses in accordance with the Land Bank's mission. All revenues and expenses not meeting these definitions are reported as non-operating revenues and expenses.

D. Cash and Cash Equivalents

All monies received by the Land Bank are deposited in a demand deposit account, with the exception of some deposits being made for the purchase of real estate which are placed into an interest on trust accounts (IOTA) escrow account to be held until the completion of certain objectives. The balance in the IOTA account was \$75,493 at December 31, 2015. Investments with an original maturity of three months or less at the time of purchase are presented on the financial statements as cash equivalents. The Land Bank had no investments during the year of or at the end of the year of 2015.

E. Restricted Assets

Certain amounts of cash are classified as restricted because their use is restricted by grant agreements or requirements for the purchase of real estate. Restricted cash at December 31, 2015 is \$75,943.

F. Due From Other Governments

Amounts due from other governments are receivables stated at their outstanding balance. The Land Bank considers all amounts to be fully collectible. If collection becomes doubtful, the Land Bank will either set up an allowance for doubtful accounts, or if deemed completely uncollectible, the amounts will be charged against income in the current period. Management does not believe a reserve for uncollectible receivables is necessary at December 31, 2015.

G. Land Contracts Receivable

Land contracts receivable are receivables from parcel sales and are stated at their outstanding balance. The Land Bank considers all amounts to be fully collectible. If amounts become uncollectible, the Land Bank will identify them and record them as bad debt in the period that they become uncollectible. There was no bad debt in 2015. In 2015, one land contract receivable was mutually terminated and the parcel was repurchased for the remaining outstanding balance of \$20,775.

H. Inventory Asset

The Land Bank's inventory consists of any unsold parcels that have been transferred into the name of the Land Bank. The values placed on these parcels are based solely on the expense incurred by the Land Bank that directly pertains to said parcels not to exceed the expected net realizable value. Inventory value was \$397,250 at December 31, 2015.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 29 - TRUMBULL COUNTY LAND BANK - (Continued)

I. Capital Assets

The Land Bank follows the practice of capitalizing expenses for property and equipment whose cost is in excess of \$250. The costs of additions and improvements which substantially extend the useful life of a particular asset are capitalized. Routine repair and maintenance costs are expensed in the period they are incurred.

The Land Bank's equipment and vehicles are depreciated primarily using the straight-line method. Estimated useful lives of assets are as follows:

| Equipment | 7 years |
|--------------------|---------|
| Computer equipment | 5 years |
| Vehicles | 5 years |

Capital assets at December 31, 2015 consisted of:

| | | Acc | umulated | | Net |
|--------------------------|--------------|-----|------------|-----|----------|
| | Cost | Dep | preciation | Boo | ok Value |
| Land | \$ 2,400 | \$ | - | \$ | 2,400 |
| Construction in progress | 9,378 | | - | | 9,378 |
| Computers | 747 | | 448 | | 299 |
| Computer software | 45,498 | | 25,702 | | 19,796 |
| Vehicles | 3,500 | | 2,800 | | 700 |
| Furniture & Equipment | 953 | | 274 | | 679 |
| Total | \$ 62,476 | \$ | 29,224 | \$ | 33,252 |

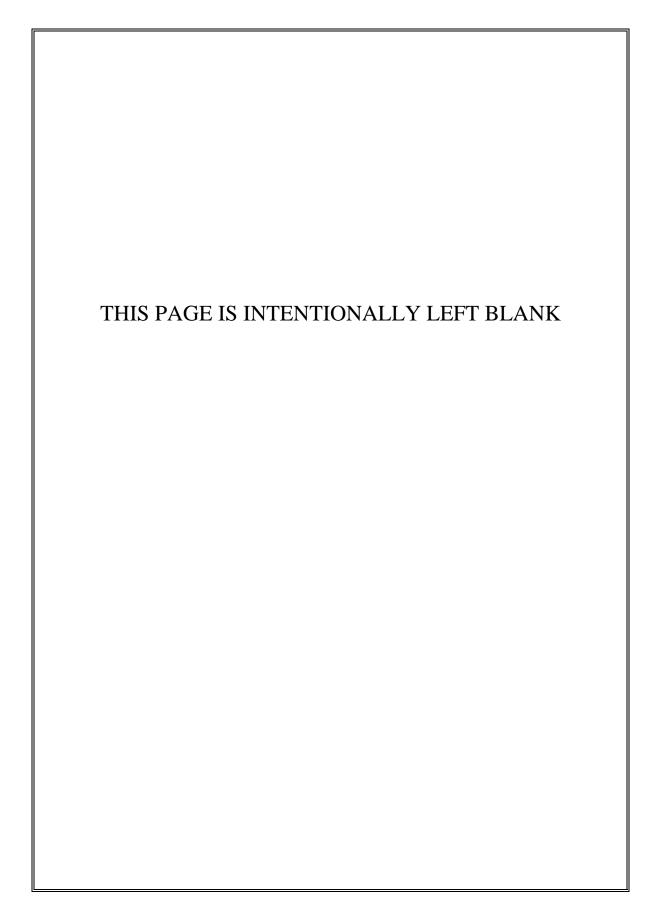

J. Net Position

Equity is classified as net position and displayed in three components:

<u>Net investment in capital assets</u> - capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. The Land Bank has no borrowings as of December 31, 2015.

<u>Restricted net position</u> - net position with constraints placed on their use either by (1) external groups such as creditors or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation. The Land Bank does not have restricted net position at December 31, 2015.

<u>Unrestricted net position</u> - all other assets that do not meet the definition of net investment in capital assets or restricted net position.

INDIVIDUAL FUND SCHEDULES FUND DESCRIPTIONS - NONMAJOR GOVERNMENTAL FUNDS

Nonmajor Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources that are restricted, committed or nonspendable to expenditure for specified purposes other than debt service or capital projects. Following is a description of all nonmajor special revenue funds:

Child Support Fund - To account for and report restricted Federal, State and local revenues used to administer the County Bureau of Support.

Real Estate Assessment Fund - To account for and report restricted State-mandated County-wide real estate reappraisals that are funded by charges to political subdivision located within the County.

Indigent Guardianship Fund - To account for and report restricted costs expended by the court involving an indigent guardian.

Dog and Kennel Fund - To account for and report restricted monies from the sale of dog tags, kennel permits and fine collections for the dog warden's operations.

Adult Probation Fund - To account for and report restricted State grant monies received for adult probation services.

Probate Court Fund - To account for and report restricted court fines to be spent on supplies as stated within the Revised Code.

Domestic Violence Shelter Fund - To account for and report restricted marriage license fees and additional fees for annulment/divorce/dissolution to be used for funding a shelter for domestic violence victims.

Drug Law Enforcement Fund - To account for and report restricted fines for drug violations used by the Sheriff's and Prosecutor's office for the enforcement of drug laws and the investigation and prosecution of drug violations.

Delinquent Real Estate Tax Assessment Collector Fund - To account for and report a restricted five percent of all collected delinquent real estate taxes, personal property taxes and manufactured home taxes restricted for the purpose of collecting delinquent real estate taxes.

Certificate of Title Fund - To account for and report restricted fees retained by the Clerk of Courts from costs incurred in processing titles under Chapters 1548 and 4505, Revised Code.

Recorders Supplemental Fund - To account for and report restricted County Recorder fees to be used to computerize the Recorder's office.

Emergency 911 Fund - To account for and report restricted tax revenue used in establishing, equipping, furnishing, operating and maintaining a County-wide 911 system of safety answering points.

Youth Services Fund - To account for and report restricted grant monies from the State Department of Youth Services and used for placement of children, a juvenile delinquency diversion program, juvenile delinquency prevention and other related activities.

Elderly Affairs Fund - To account for and report restricted Federal and local grants used to provide meals for and to transport senior citizens.

Law Library Fund - To account for and report restricted grant monies used in the operation of the County Law Library.

Community Development Fund - To account for and report restricted grants received from the Federal government to be expended for administrative costs of the community development block grant program.

Senior Citizens Levy Fund - To account for and report restricted revenue received from property taxes and local funds to maintain senior citizens services or facilities.

Drug Prosecution Unit Fund - To account for and report restricted Federal grants and local funds used to prosecute drug offenders who operate in more than one jurisdiction.

Revolving Loan - Economic Development Fund - To account for and report restricted Federal grants and local repayments used to make loans for economic development projects within the County.

-- Continued

INDIVIDUAL FUND SCHEDULES FUND DESCRIPTIONS - NONMAJOR GOVERNMENTAL FUNDS (CONTINUED)

Nonmajor Special Revenue Funds - (Continued)

Indigent Drivers Alcohol Treatment Fund - To account for and report restricted fees collected by the State and remitted to the County for driver's licenses reinstatements and to account for expenditures for drug treatment services.

Law Enforcement Trust Fund - To account for and report restricted forfeited contraband or forfeited contraband monies used in accordance with Senate Bill No. 258.

Law Enforcement Agency Fund - To account for and report restricted money from the sale of contraband as well as to pay the costs of seizure, storage, maintenance and provision of security for the contraband.

Drug Task Force Fund - To account for and report restricted Federal grant monies received to assist the sheriff in conducting multi-county cooperative and coordinate investigative approach to drug, gang, violent crime investigations and pharmaceutical diversion investigations.

Redevelopment Fund - To account for and report restricted service fees to secure payment of the obligation issued to finance public infrastructure improvements.

Local Law Enforcement Block Grant Fund - To account for and report restricted Federal grant monies received enabling the sheriff to install wireless equipment to assist in reducing crime and improve public safety.

Community Gun Violence Block Grant Fund - To account for and report restricted Federal grant monies received to assist in prosecuting violent firearm related crime offenders.

Homeland Security Fund - To account for and report restricted Federal grants used to build on progress made with previous Homeland Security Funds to enhance the capabilities of local first responders.

Workforce Development Fund - To account for and report restricted Federal grants used to help in a quick turnaround of revenues received and disbursed.

Hillside Administration Fund - To account for and report the residual balance of Hillside Hospital assigned to pay any additional costs related to the close out of Hillside Hospital. This fund is included with the general fund for GAAP reporting as it does not have a restricted or committed revenue source.

Misecllaneous State Grants Fund - To account for and report restricted State grant monies used by the Sheriff's Department for continuing professional training programs and the operation and maintenance of the marine patrol program.

Nonmajor Capital Projects Funds

Capital projects funds are used to account for and report financial resources restricted, committed or assigned to expenditure for capital outlays including the acquisition or construction of major capital facilities and other capital assets, other than those financed by proprietary funds or for assets that will be held in trust. Following is a description of all nonmajor capital projects funds:

Court Computerization Fund - To account for and report restricted court fees collected to pay for computer equipment and the upkeep of the equipment for the court.

Construction Fund - To account for and report transfers and other revenues committed for construction projects of the County.

Permanent Improvement Fund - To account for and report transfers and other revenues committed for major capital improvement

County Computerization Fund - To account for and report transfers committed to pay for computer equipment and the upkeep of the equipment for the GIS County Mapping Project and the Sheriff Auto ID System Project.

Court Security Fund - To account for and report restricted grant revenue and court fees collected to pay for security equipment and enhanced security measures and the upkeep of the equipment for the court.

INDIVIDUAL FUND SCHEDULES FUND DESCRIPTIONS - INTERNAL SERVICE FUNDS

INTERNAL SERVICE FUNDS

Internal service funds are used to account for the financing of services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis. The following is a description of the internal service funds:

Internal Service Funds

Gasoline Rotary Fund - To account for revenue received from various departments used to pay for gasoline purchased by the County.

Hospitalization Fund - To account for a medical benefits self-insurance program for employees of the County. Monthly fees are paid and any balance on hand is held until used.

Telephone Rotary Fund - To account for the telephone communication system as well as the corresponding lease payments.

Workers' Compensation Fund - To account for revenues used to provide workers' compensation benefits to employees.

FUND DESCRIPTIONS - FIDUCIARY FUNDS

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. Agency funds are purely custodial (assets equal liabilities) and thus do not involve the measurement of results of operations. The following are the County's fiduciary funds:

Agency Funds

Undivided Taxes Fund - To account for the collection and distribution of various taxes.

Undivided Sales Taxes Fund - To account for the collection and distribution of sales taxes.

Undivided Payment in Lieu of Taxes Fund - To account for the collection and distribution of payment in lieu of taxes.

Alimony/Support Fund - To account for the collection of alimony and child support payments by the Bureau of Support and the distribution of such monies to the court-designated recipients.

Court Agency Fund - To account for clerk of court auto title fees, and County court, juvenile court and probate court related receipts.

Emergency Management Agency Fund - To account for monies collected from various member subdivisions to finance the operating costs of the Emergency Management Agency.

Community-Based Correctional Facility Fund - To account for the collection and disbursement of monies for the construction and maintenance of the community-based correctional facility.

Other Agency Funds

Engineer's Drainage District Fund Taxing Districts Fund Double Paid Taxes Fund Interest Fund Payroll Fund Cigarette Tax Fund Library and Local Government Fund Forfeited Land Sale Fund Township Gas Tax Fund Undivided Homestead and Rollback Fund Undivided Local Government Fund Inheritance Tax Fund Board of Health Fund Soil Conservation Fund Metro Park District Fund Ohio Board of Building Standards Fund Election Commission Fund County Auction Sales Fund Family and Children First Council Fund Housing Trust Fund Record Fund Port Authority Fund Tourism Board Fund Motel Administration Clearing Fund

STATISTICAL SECTION

This page intentionally left blank.

TRUMBULL COUNTY, OHIO STATISTICAL SECTION

This part of the Trumbull County, Ohio's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the County's most significant local revenue source, the property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial reports relates to the services the County provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

ASSESSED VALUE AND ESTIMATED ACTUAL VALUE OF TAXABLE PROPERTY LAST TEN YEARS

Notes:

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal. The assessed value of real property (including public utility real property) is 35 percent of estimated true value. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property was assessed in previous years at 25 percent for machinery and equipment and 23 percent for inventories. General business tangible personal property tax was phased out beginning in 2006. Both types of general business tangible personal property were assessed at 12.5 percent for 2007, 6.25 percent for 2008 and zero for 2009. Beginning in 2007, House Bill 66 switched telephone companies from being public utilities to general business type taxpayers and began a four year phase out of the tangible personal property tax on local and inter-exchange telephone companies. No tangible personal property taxes were levied or collected in 2009 from general business taxpayers (except telephone companies whose last year to pay tangible personal property tax is 2010). During 2015, the County did not include an assessed value for general business tangible personal property.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10%, 2-1/2% and homestead exemptions before being billed. Beginning in the 2006 collection year, the 10% rollback for commercial/industrial property has been eliminated.

The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Values Table, generated the property tax revenue billed in that year.

Rates may only be raised by obtaining the approval of a majority of the voters at a public election.

Real property tax rates for voted levies are reduced so that inflationary increases in values do not generate additional revenue.

Overlapping rates are those of local and county governments that apply to property owners within the County.

(1) In 2007, the voters approved a continuing operating levy for the Development Disabilities Board with an increase in millage.

Source: Office of the Auditor, Trumbull County, Ohio

- (1) Includes Homestead/Rollback taxes assessed locally, but distributed through the State and reported as Intergovernmental revenue.
- (2) The County does not identify delinquent tax collections by tax year

Note: The County's current reporting system does not track delinquency tax collections by tax year. Outstanding delinquencies are tracked in total by the date the parcel is first certified delinquent. Penalties and interest are applied to the total outstanding delinquent balance. The presentation will be updated as new information becomes available.
