We have completed certain procedures in accordance with Ohio Rev. Code Section 117.01(G) to the accounting records and related documents of Antwerp/Paulding County Community Improvement Corporation, Paulding County, Ohio (the CIC) for the years ended December 31, 2019 and 2018.

Our procedures were designed solely to satisfy the audit requirements of Ohio Rev. Code Section 117.11(A). Because our procedures were not designed to opine on the CIC's financial statements, we did not follow *generally accepted auditing standards*. We do not provide any assurance on the CIC's financial statements, transactions or balances for the years ended December 31, 2019 and 2018.

The CIC's management is responsible for preparing and maintaining its accounting records and related documents. Our responsibility under Ohio Rev. Code Section 117.11(A) is to examine, analyze and inspect these records and documents.

Based on the results of our procedures, we found the following significant compliance or accounting issues to report.

Current Year Observations

1. We noted that the CIC has not adopted a public records policy. Ohio Rev. Code § 149.43 (E)(2) requires all public offices to adopt a public records policy. In adopting a public records policy under this division, a public office may obtain guidance from the model public records policy developed and provided to the public office by the attorney general under Ohio Rev. Code § 109.43. Failure to adopt a public records policy could lead to noncompliance with the Open Records Laws when handling public records requests. The CIC should adopt a public records policy that is modeled after the example published by the Ohio Attorney General.

2. We noted the CIC does not have an adopted records retention schedule policy. Ohio Rev. Code § 149.43(B)(2) states, in part, a public office also “shall have available a copy of its current records retention schedule at a location readily available to the public.” Failure to have and follow a records retention schedule could result in public records being disposed of prematurely. The CIC should implement procedures to provide the appropriate policy is approved to help avoid issues with public records requests.
