CUYAHOGA COUNTY**

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE YEAR ENDED JUNE 30, 2019**

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Rocky River City School District (the District) under programs of the federal government for the year ended June 30, 2019. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

NOTE C – INDIRECT COST RATE

The District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE D - CHILD NUTRITION CLUSTER

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

NOTE E – FOOD DONATION PROGRAM

The District reports commodities consumed on the Schedule at the entitlement value. The District allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities.

NOTE F - MATCHING REQUIREMENTS

Certain Federal programs require the District to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The District has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY**

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE YEAR ENDED JUNE 30, 2019
(Continued)**

NOTE G - TRANSFERS BETWEEN PROGRAM YEARS

Federal regulations require schools to obligate certain federal awards by June 30. However, with ODE's consent, schools can transfer unobligated amounts to the subsequent fiscal year's program. The District transferred the following amounts from 2018 to 2019 programs:

<u>Program Title</u>	<u>CFDA Number</u>	<u>Amount Transferred</u>
Title I Grants to Local Educational Agencies	84.010	\$1,072
Special Education Grants to States (IDEA, Part B)	84.027	\$3,763
English Language Acquisition State Grants	84.365	\$72

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Rocky River City School District
Cuyahoga County
1101 Morewood Parkway
Rocky River, Ohio 44116

To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Rocky River City School District, Cuyahoga County, (the District) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 27, 2019.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the District's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the District's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Efficient • Effective • Transparent

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Rocky River City School District
Cuyahoga County
1101 Morewood Parkway
Rocky River, Ohio 44116

To the Board of Education:

Report on Compliance for the Major Federal Program

We have audited the Rocky River City School District's (the District) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect the Rocky River City School District's major federal program for the year ended June 30, 2019. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the District's major federal program.

Management's Responsibility

The District's management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the District's compliance for the District's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the District's major program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on the Major Federal Program

In our opinion, the Rocky River City School District complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended June 30, 2019.

Report on Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the District's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have also audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Rocky River City School District (the District) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our unmodified report thereon dated December 27, 2019. We conducted our audit to opine on the District's basic financial statements as a whole. The accompanying schedule of expenditures of federal awards presents additional analysis required by the Uniform Guidance and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

ROCKY RIVER CITY SCHOOL DISTRICT

Cuyahoga County | Ohio

December 27, 2019

To the Board of Education, residents of the Rocky River City School District and other interested parties:

We are pleased to submit to you the Comprehensive Annual Financial Report (CAFR) of the Rocky River City School District (the "District") for the fiscal year ended June 30, 2019. This CAFR, which includes financial statements and other financial and statistical data, conforms to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental entities. Responsibility for both the accuracy of the data presented, and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The report provides the taxpayers of the District, bond rating agencies and other interested parties with comprehensive financial information, enabling them to gain a clear understanding of the District's finances. This report is intended to contribute to meeting the accountability requirements of the public. Copies will be distributed to the Rocky River Public Library, rating agencies and other interested organizations. Copies will be made available to all residents of the District or any other interested party through the District's web site at www.rrcs.org, as well as through printed copies available at the Board of Education offices. Access to this report and all related audit reports will be made available on the Ohio Auditor of State's website at www.auditor.state.oh.us upon public release of the audit.

The District

History¹

The District has a long and rich tradition of academic excellence by providing a plethora of educational opportunities to its students. Early settlers in what is now Rocky River realized the importance of education for their children. The first grammar school in the area was built around 1840 at the corner of Wagar and Detroit Roads. The next schoolhouse, a one-room red brick structure, held eight grades and was built around 1890 at the northeast corner of Center Ridge and Northview Roads.

Rocky River's first high school was organized in 1892 at the site of the old Wooster School on Wooster Road. Five students graduated in 1897, the first graduating class. On January 7, 1919, a new high school at the corner of Lakeview and Riverview Avenues was opened with an enrollment of 45 students. The current high school was built in 1950 and completed and opened for students in 1951 and has been improved and updated periodically over the years. The District built a new middle school on the same location of the prior middle school that was finished and opened to students in 2000. Most recently in August 2017, the District finished major renovations of the first floor of the original 1930 portion of Beach School to house a modern early childhood center to service special needs preschool students.

¹McCauley, Ann. Rocky River...Timeless. The Rocky River Library Foundation, 2002

Current Organization

The District is governed by the Constitution of the State of Ohio and various statutes enacted by the Ohio General Assembly through the State Department of Education. Under Ohio law, the District is a separate and distinct unit of government with its own taxing authority. The Rocky River Board of Education is a five member board, elected at large, with staggered four year terms.

The District is located in a suburban area west of Cleveland, Ohio and encompasses the entire City of Rocky River and a small portion of the City of Fairview Park. The property tax base is primarily residential with a significant amount of retail commercial property. The District serves 2,743 students ranging from Kindergarten through Twelfth Grade. In addition, a wide range of services are provided for preschool-aged children as well as some adult programming.

The Reporting Entity

The District has reviewed its reporting entity definition in order to insure conformance with the Government Accounting Standards Board Statement No. 14, "The Financial Reporting Entity" as amended by GASB Statement No. 39, "Determining Whether Certain Organizations Are Component Units" and GASB Statement No. 61, "The Financial Reporting Entity: Omnibus an Amendment of GASB Statements No. 14 and No. 34". In evaluating how to define the District for financial reporting purposes, management has considered all agencies, departments and organizations making up the District (the primary government) and its potential component units. The District has no component units and the District is not a component unit of any other governmental organization.

The District is associated with Connect and the Ohio Schools Council Association, both jointly governed organizations; the Suburban Health Consortium and the Ohio Schools' Council Workers' Compensation Group Rating Program, both insurance purchasing pools; and the Rocky River Public Library, a related organization.

Demographics, Economic Condition and Outlook²

The 2010 U.S. Census data reports a population of 20,213 (2017 estimate is 20,310 per the American Community Survey 5-Year Estimates) in the City of Rocky River with 9,769 housing units. The 2007 business census reports a total of 1,987 businesses within the City. The median household income is \$69,601, while the mean household income is \$112,255 (year 2017 data) and the per capita income is \$50,166 (year 2017 data). The median home value is \$223,000 (year 2017 data). In 2012, the median sale price for a home was \$212,500. As of September 30, 2019, the median sale price of a home was \$247,500, with a median listing price of \$322,400. Market trends as of September 30, 2019 project an increase over the next year of +1.2% in median home sales price.

According to the 2013-2017 American Community Survey 5-Year Estimates, the median age in Rocky River was 45.6 years of age. Per the 2010 U.S. Census, the median age for residents of Rocky River was 43.5 and families (non-single residences) represented 55.2% of the population. Per the 2013-2017 American Community Survey 5-Year Estimates, the racial makeup of the city of those reporting one race or multi-race was 95.2% White, 1.6% African American, 0.7% Asian, 0.3% some other races, and 2.2% multi-racial. Hispanic or Latino of any race was 2.9% of the population.

Per the updated 2010 Demographic Profile Data, there were 9,329 households of which 24.2% had their own children under the age of 18 living with them, 45.8% were married couples living together, 7.7% had a female householder with no husband present, and 43.7% were single/non-family households. 25% of the households were made up of at least one individual under 18 years of age and 36% was made up of at least one individual 65 years of age or older.

² Primary sources of data used for this section are <https://www.zillow.com/rocky-river-oh/home-values/> and http://factfinder2.census.gov/faces/nav/jsf/pages/community_facts.xhtml (for zip code 44116)

The average household size was 2.16 and the average family size was 2.95. In the city, the population was spread amongst age groupings with 23.4% under the age of 20, 3.2% from 20 to 24, 9.5% from 25 to 34, 13.1% from 35 to 44, 15.3% from 45 to 54, 13.2% from 55 – 64 and 22.5% who were 65 years of age or older.

Additionally, per the 2013-2017 American Community Survey, the City had an employed civilian population ages 16 years and over of 10,076 with the occupational makeup being 59.9% management, business, science, and arts occupations, 9.0% Service occupations, 20.3% Sales and office occupations, 2.5% Natural resources, construction, and maintenance occupations, and 8.4% Production, transportation, and material moving occupations. 55.5% of the population has at least a bachelor's degree. Businesses within the community are predominantly retail and service oriented.

The District receives over 76% of its governmental fund revenues from local property tax collections. Therefore, the long-term financial health of the District is very dependent on its tax base. The total assessed valuation of the District's tax duplicate has risen 27.5% over the last ten years. The increased value in the tax duplicate is due primarily to revisions in property values made by the County Fiscal Officer every three years as well as some new construction value, although assessed values had decreased in certain years during this timeframe due to the elimination of tangible personal property values from the tax duplicate. The most recent sexennial property reappraisal that took effect in January of 2019 produced an increase in assessed valuation of 16.7% for tax year 2018/collection year 2019.

The City of Rocky River is almost completely developed, so future assessed valuation increases will come primarily from property value changes. There may also be some growth from the demolition of existing commercial and residential building stock and the subsequent redevelopment of such property, as this is becoming increasingly common in fully-developed suburban areas like Rocky River. There are no major manufacturing plants located within the District's boundaries. In terms of assessed dollar value, the largest real property taxpayer owns approximately 2.49% of the total assessed valuation within the District.

Major Initiatives - Fiscal Year 2019

During fiscal year 2019, the District continued working towards the goals as outlined in the District's Strategic Plan that was adopted in fiscal year 2009. This strategic plan outlines actions designed to achieve desired outcomes. It is a statement of the Rocky River City School District's mission, beliefs, and goals. It defines what we as a community envision for the future of our schools, and details objectives and strategies to guide us on our journey. Approved by the Board of Education on June 25, 2009, this Plan is meant to serve as the compass by which the District will chart its course for the next ten years. As the 2014-15 school year was the mid-point of the ten year strategic plan lifecycle, the District undertook a comprehensive update process to realign and adjust the functional strategic area results that will be achieved by 2019. The Strategic Plan, as adopted and amended, is as follows:

BELIEFS

We believe ...

- Students are the heart of our purpose.
- Student success requires a partnership among family, school and community.
- A Rocky River education empowers values, inspires curiosity and encourages talents that lead to success.
- High expectations lead to high achievement.
- Lifelong learners thrive as they embrace the changing global society.

An exceptional school district demonstrates all of the above.

STRATEGIC OBJECTIVES

- All students will engage in contemporary, globally competitive curricular and co-curricular programs of excellence.
- All students will achieve their educational goals incorporating the highest international standards.
- All students will participate in a student-centered environment that addresses educational, social, and emotional needs.
- All students will learn through lessons and experience that communication is open, sincere, timely, and responsive.
- All students will attend schools that are state-of-the art facilities.
- All students will learn in an environment that is technologically competitive on a global level.

COMMUNICATIONS

Proactively share comprehensive and timely information with all stakeholders about updates on progress in achieving our mission and the opportunities that our school district provides.

- The District website is the primary source of information about District events/accomplishments and curricular/extracurricular opportunities for students.
- Relevant safety and security information is provided to stakeholders in a timely fashion.
- Legislative information that may impact the District on a local, state, or federal level is communicated to stakeholders.
- Updates on the progress and status of achieving the District's strategic objectives and mission are accessible to stakeholders.

CURRICULUM and CO-CURRICULUM

Develop and implement 21st century curricula, support systems, and co-curricular programming to ensure the highest expectations of excellence in an increasingly interconnected world.

- Career pathways are illuminated and explored enabling students to succeed as independent, self-sufficient citizens in a dynamic world.
- Students understand their learning process and their progress, and necessary data are communicated and used to facilitate each child's growth and development.
- Students are self-aware and socially and emotionally prepared to persevere in an interconnected and competitive world.
- Students understand, and are contributing participants in, a diverse, global setting.
- Curricula, instruction and assessment are aligned and articulated, and prepare students for the rigors of the 21st century global economy.

FACILITIES

Continue to improve and maintain facilities that meet our mission.

- School buildings and grounds use creative strategies to promote community and foster student interaction.
- District facilities continue to enhance exemplary curricular and co-curricular opportunities for all students.
- A facilities master plan provides a blueprint for buildings and systems that support student success, and enhance campus safety and accessibility.
- The facilities master plan uses nontraditional funding sources and maximizes operational efficiencies.

FINANCE

Provide traditional and nontraditional fiscal resources and efficiencies to meet our mission of excellence to support the other strategies.

- Feasible alternative revenue streams supplement traditional funding sources.
- Operational efficiencies and cost-containment measures are instituted, based on industry standards and benchmarks, to optimize resources for District programs.
- Multiple channels are used to inform the community about the District's financial status and the Ohio school finance environment.
- Accelerated funding of the District's cash reserves ensures financial stability, observes internal benchmarks and avoids detrimental impact to educational outcomes.
- A dedicated revenue stream is established to sufficiently provide for maintenance and improvement of the District's capital assets.

HUMAN RESOURCES

Recruit, hire, and retain exceptional staff to accomplish our mission.

- A comprehensive approach is in place, includes stakeholders, and assures the District continues to attract, hire, and retain exceptional employees.
- Administrators research, promote and communicate available, pertinent professional development opportunities for employees.
- Opportunities are offered to enhance relationships between District employees.
- Wellness programs promote improved health among all members of the District.
- Human Resource operations are efficient, cost effective, and sustainable.

TECHNOLOGY

Maximize the utilization and implementation of current technology to provide the students and staff training necessary to support achievement of our mission and strategic objectives.

- Technological literacy is expected and promoted throughout the District to deploy and utilize resources in an effective, consistent, and coordinated manner.
- The technology architecture is proactively maintained and enhanced to support operations of the District.
- All students have appropriate and readily available access and opportunity to use technology, and are empowered to be responsible digital citizens.
- Students have the resources necessary to develop the current technology skills required for college and career readiness.
- Technology enhances the safety and security of students and staff.

Goals for 2020

One of the primary goals for 2020 is to continue the implementation components of the aforementioned Strategic Plan to address the realigned and updated results for the functional strategic areas.

In addition to this goal, the following financial goals will be addressed:

- To effectively use District resources to assure the highest quality educational program while attempting to meet the District's revised financial plan. This includes continually working towards successfully managing funds that will be generated from the additional 4.9 mill combined operating and permanent improvement property tax levy that was passed in May of 2017 to support the District's programming by providing financial stability through at least fiscal year 2022. This will include prioritizing curricular needs such as all-day kindergarten, expansion of course offerings such as world language, career tech education, and an increased emphasis on college preparation, amongst other programmatic improvements. This will be accomplished in large part by carefully developing, monitoring and adjusting short-term and long-term financial projections and expenditures based on educational needs and objectives and attempting to anticipate and react to various outside factors such as state funding changes and major cost drivers. A retirement incentive currently being offered to teachers with a deadline of January 10, 2020 should contribute to this goal by incentivizing additional teachers to retire as of June 2020, therefore allowing for cost savings with replacement hiring and possible opportunities for realignment of staffing levels. Additionally, planning for an additional combined operating and permanent improvement levy will be undertaken in earnest to provide for additional funding past fiscal 2022.
- To continue to educate the electorate of the District on the District's financial situation and its impact on the future prosperity and financial stability of the District; to communicate the District's dependence on local taxpayer support and current issues with the state funding; garner input from knowledgeable citizens and other experts in the community regarding local economics; and more effectively share the District's stewardship and effective use of tax dollars through modern communication methods and platforms (e.g. social media) to reach a larger portion of stakeholders.
- To receive the Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting and Auditor of State Award with Distinction for this fiscal year 2020 CAFR.

- To continue to assure that the District's property tax base remains strong and stable by working through economic issues with city and county governments, the business community, and individual property owners.
- To continue to effectively and efficiently utilize and maintain District facilities that were substantially improved with the \$42.9 million bond issue that was approved by the voters in May 2010 as part of the District's Master Plan for facilities. This goal will include the continued development and implementation of a five-year capital plan that will be used as the roadmap to reach this goal.

Financial Policies Impacting the Financial Statements

The Board of Education approved the District's Ten-Year Strategic Plan (the "Plan") in fiscal year 2009 and updated components of the plan in 2015. The Plan (goals of which are described above) serves as a roadmap for allocating resources to achieve desired outcomes. The District recently completed all significant improvements called for under the comprehensive Facilities Master Plan as outlined in the Plan, developed to ensure the cost-effective use of facilities consistent with its educational programs. Reviews and recommendations for programmatic changes, student reassignments, and building reuse or closings are all considered in the context of the Plan and have a significant financial impact as they relate to the District's education facilities and allocation of resources.

The Board of Education made a policy decision in the spring of 2010 to utilize interest rebates from the federal government from interest that the District would be paying on Qualified School Construction Bonds (QSCBs) and Build America Bonds (BABs) for receipt to the general fund, as allowable by current federal regulations, for four full calendar years (covering five fiscal years) in order to sustain the District's operations. This additional general fund operating revenue source ceased with the payment received in November, 2014, and then reverted to the bond retirement fund for future debt service payment purposes starting with the last BAB subsidy payment received in April 2015. With a current refunding of the BABs to tax-exempt bonds being effectuated in December of 2014, direct subsidies on those bonds will no longer be received, but direct subsidies on the QSCBs are still expected to be received as authorized by the federal government and are anticipated to be used exclusively for debt service purposes.

Effective January 1, 2014, the Board of Education made a policy decision to move ½-mill of inside property tax millage to the permanent improvement fund from the general fund. Permanent improvement fund expenditures are generally restricted to significant capital improvements and equipment purchases with an estimated useful life of five years or longer. This inside millage is expected to generate approximately \$456,000 annually based on the District's valuation for collection year 2019.

Long-Term Financial Planning

As part of the District's long-term planning, the Treasurer/CFO prepares a five-year financial forecast that is reviewed and approved by the Board of Education. This document provides a snapshot of projected revenues and expense over the next five years and is accompanied by financial assumption notes. The Board of Education reviews this document on a semi-annual basis for changes that might impact their financial decisions. Further, the Treasurer/CFO meets at least semi-annually with a citizens finance committee comprised of residents that have a financial, business, legal and/or governmental background. This committee reviews the five-year forecast and other financial issues confronting the District and may offer suggestions and recommendations for the Treasurer/CFO to present to the Board of Education.

The Treasurer/CFO also prepares and updates a multi-year capital/permanent improvement forecast that is periodically reviewed and updated by the Board of Education and Administration to aid in long-term capital planning.

A formal policy was adopted by the Board of Education during fiscal year 2014 to reserve and restrict a minimum level of operating cash in order to mitigate the risk of a funding shortfall and to comply with best practices as established by the GFOA and other reputable sources as they related to sound fiscal management of an organization. The current intent is to reserve a minimum of \$175,000 per year until an amount equal to 2 mills of property valuation is reached (approximately \$1.887 million based on the projected property valuation for collection year 2024). Further, the Board policy requires a majority vote to release any reserved funds upon recommendation of the Superintendent. The Board and Administration will also look at opportunities to accelerate the funding of this reserve amount based on significant and unexpected one-time revenue sources or significant unanticipated savings from various budget areas, or by other means, as this acceleration is specifically called for as part of the realigned and updated strategic plan results mentioned previously.

Financial Information

Internal Accounting and Budgetary Control: In developing the District's accounting system, much consideration was given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute assurance regarding the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing the financial statements and maintaining the accountability of assets. The concept of reasonable assurance is based on the assumption the cost of internal accounting controls should not exceed the benefits expected to be derived from their implementation.

The District utilizes a fully automated accounting system as well as an automated system of control for capital assets and payroll. Further, the District has been utilizing an automated vendor payment auditing system that reviews every vendor disbursement run through the system to verify compliance with laws and regulation and reviews for indications of fraudulent activity. This automated system was expanded recently to include payroll disbursements. These systems, along with the manual auditing of each voucher prior to payment, as well as multiple levels of review of and segregation of duties over revenue collections and investments ensures financial information generated is both accurate and reliable.

At the beginning of each fiscal year, the Board of Education adopts either a temporary appropriation measure or a permanent appropriation measure for the fiscal year. If a temporary appropriation is first adopted, the permanent appropriation measure must be adopted upon receipt from the County Fiscal Officer of an amended certificate of estimated resources based on final assessed values and tax rates, which is usually within three months of the fiscal year.

Annual appropriations may not exceed the County Budget Commission's official estimate of resources. The County Fiscal Officer must certify that the Board of Education's appropriation measures, including any supplements or amendments, do not exceed the amount set forth in the latest of those official estimates.

All disbursements and transfers of cash between funds require appropriation authority from the Board. Budgets are controlled at the fund level for all District funds. All operational department purchase order requests must be approved by the Executive Director of Human Resources and Support Services, while site-based purchase orders are reviewed by individual school principals. Building fund and/or permanent improvement funds requisitions/purchase orders are typically reviewed by the Superintendent or Executive Director of Human Resources and Support Services while requisitions/purchase orders against grant funds are reviewed by designated grant managers responsible for administering the goals of the grant as well.

All requisitions/purchase orders are then reviewed by a Treasurer's Office staff member and the Treasurer/CFO, and then certified for availability of funds. Necessary funds are then encumbered and purchase orders released to vendors. Those requests which exceed the available appropriation are rejected until additional appropriations are secured.

The accounting system used by the District provides interim financial reports which detail year-to-date expenditures and encumbrances versus the original appropriation plus any additional appropriations to date. In addition to interim financial statements, each administrator and school principal is furnished monthly reports showing the status of the budget accounts for which they are responsible. The Finance Committee of the Board of Education typically meets monthly at which time they review monthly and fiscal year-to-date financial reports. As an additional safeguard, all employees are covered by commercial crime and dishonesty policy, and certain individuals in policy making roles are covered additionally by a separate limit bond.

The basis of accounting and the various funds utilized by the District are fully described in Note 2 of the financial statements. Additional information on the District's budgetary accounting can also be found in Note 2.

Financial Reporting

The District's basic financial statements report on the District's financial activities as follows:

Government-wide financial statements: These statements are prepared on an accrual basis of accounting which is similar to the basis of accounting followed by many businesses. The government-wide statements distinguish between those activities of the District that are governmental and those that are considered business-type activities. The District has no business-type activities.

Fund financial statements: The focus of fund financial statements is on major funds rather than reporting funds by type. Non-major funds are presented in total in one column. Governmental funds use the modified accrual basis of accounting and include reconciliation to the governmental activities accrual information presented in the governmental-wide financial statements. Fiduciary funds use the accrual basis of accounting.

Statements of budgetary comparisons: These statements present comparisons of actual information to the legally adopted budget. The budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances.

As part of this reporting model, management is responsible for preparing a Management Discussion and Analysis (MD&A) of the District. This discussion is presented in the financial section of this report and provides an assessment of the District finances for fiscal year 2019. This transmittal letter is intended to be read in conjunction with the District's MD&A.

Independent Audit

State statutes require the District to be subjected to an annual examination by an independent auditor. An annual audit serves to maintain and strengthen the District's accounting and budgetary controls. The Auditor of State of Ohio rendered an opinion on the District's financial statements as of and for the year ended June 30, 2019. The opinion appears at the beginning of the financial section of this report.

Pursuant to statute, the State prescribes a uniform accounting system to standardize accounting classification and financial reporting for all school governments in Ohio. The District adopted and has been in conformance with that system beginning with its financial report for the year 1979.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded its Certificate of Achievement for Excellence in Financial Reporting to the Rocky River City School District for its comprehensive annual financial report (CAFR) for the year ended June 30, 2018.

This was the twenty-eighth year that the Rocky River City School District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized CAFR, whose contents conform to program standards. Such a report must satisfy both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate. This Certificate is the highest form of recognition available for governmental accounting and financial reporting. Attainment of this Certificate represents a substantial accomplishment for any governmental entity.

Acknowledgments

The publication of this report continues in the District's tradition of providing a high level of accountability of the District's finances to taxpayers, investors and other internal and external users of such information. This accomplishment would not have been possible without the support and efforts of Treasurer's office staff members Dale Cummins, Margaret Donnelly and Julie Allen, as well as administrators and other employees of the District. Assistance of the County Fiscal Officer's office staff and other outside agencies made possible the fair presentation of statistical data provided in this report.

Special thanks are extended to the CPA firm of Julian & Grube, Inc. for their technical assistance in preparing this report as well as to Greg Murphy, the District's Communications Specialist, for designing the covers and divider pages of this report.

The Board of Education's commitment to excellence to the District in general, and support for this project in particular, are sincerely appreciated.

INDEPENDENT AUDITOR'S REPORT

Rocky River City School District
Cuyahoga County
1101 Morewood Parkway
Rocky River, Ohio 44116

To the Board of Education:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Rocky River City School District, Cuyahoga County, Ohio (the District), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Efficient • Effective • Transparent

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Rocky River City School District, Cuyahoga County, Ohio, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the General Fund thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *management's discussion and analysis*, and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the District's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules, and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this information to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we will also issue our report dated December 27, 2019, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

CUYAHOGA COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019
(UNAUDITED)**

The discussion and analysis of Rocky River City School District's (the "District") financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2019. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the transmittal letter, notes to the basic financial statements and financial statements to enhance their understanding of the District's financial performance.

Financial Highlights

Key financial highlights for 2019 are as follows:

In total, net position of the governmental activities increased \$6.6 million from a deficit of \$26.6 million at June 30, 2018 to a deficit of \$20.0 million at June 30, 2019.

Total governmental activities revenues increased \$3.1 million and total governmental activities expenses increased \$16.7 for fiscal year 2019.

Program revenue, revenue from specific fees and grants, decreased to 9.42% of all revenue from 9.92% in 2018. Over 90% of governmental activities revenues come from general revenues, primarily property taxes.

Total capital assets, net increased from \$51.5 million at June 30, 2018 to \$52.3 at June 30, 2019.

The District's outstanding long-term obligations decreased to \$97.2 million at June 30, 2019 from \$109 million at June 30, 2018.

The District's major governmental funds are the general fund and bond retirement fund. The general fund had \$42.2 million in revenues and other financing sources and \$41.1 million in expenditures and other financing uses. During fiscal year 2019, the general fund's fund balance increased \$1.1 million, from a balance of \$8.2 million to a balance of \$9.3 million.

The bond retirement fund had \$3.4 million in revenues and \$3.6 million expenditures. During fiscal year 2019, the bond retirement fund's fund balance decreased \$0.2 million from \$3.7 million to \$3.5 million.

Using these Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *statement of net position* and *statement of activities* provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term and what remains for future spending. The fund financial statements also look at the District's most significant funds with all other non-major funds presented in total in one column. In the case of the District, the general fund and bond retirement fund are by far the most significant funds.

CUYAHOGA COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019
(UNAUDITED)**

Reporting the District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2019?" The statement of net position and the statement of activities answer this question. These statements include *all assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues and expenses* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the District's *net position* and changes in that position. This change in net position is important because it tells the reader that, for the District as a whole, the *financial position* of the District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

The statement of net position and the statement of activities include the District's programs and services, including instruction, support services (which includes the operation and maintenance of plant and pupil transportation), extracurricular activities and food service operations.

The District's statement of net position and statement of activities can be found on pages 41-42 of this report.

Reporting the District's Most Significant Funds

Fund Financial Statements

Fund financial statements provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds. The District's major governmental funds are the general fund and bond retirement fund.

Governmental Funds

Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end, available for spending in future periods. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial assets* that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the District's general government operations and the services it provides.

Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental *activities* (reported in the statement of net position and the statement of activities) and governmental *funds* is reconciled in the financial statements. The basic governmental fund financial statements can be found on pages 43-47 of this report.

Proprietary Funds

The District maintains a proprietary fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the District's various functions. The District's internal service fund accounts for employee benefit programs. The basic proprietary fund financial statements can be found on pages 48-50 of this report.

Fiduciary Funds

The District is a trustee, or fiduciary, for its scholarship programs. This activity is presented as a private-purpose trust fund. The District also acts in a trustee capacity as an agent for individuals or other entities. These activities are reported in agency funds. All of the District's fiduciary activities are reported in separate statements of fiduciary net position and changes in fiduciary net position on pages 51 and 52. These activities are excluded from the District's other financial statements because the assets cannot be utilized by the District to finance its operations.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These notes to the basic financial statements can be found on pages 53-104 of this report.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's net pension liability and net OPEB liability/asset. The required supplementary information can be found on pages 106-121 of this report.

Net Pension/OPEB Liability/Asset

The net pension liability is reported pursuant to Governmental Accounting Standards Board (GASB) Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27." The net other postemployment benefits (OPEB) liability/asset is reported pursuant to GASB Statement 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions." For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the District's actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability, and the net OPEB liability to the reported net position and subtracting deferred outflows related to pension and OPEB and the net OPEB asset.

GASB standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability* or *net OPEB liability*. GASB 68 and GASB 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB 68 and GASB 75 require the net pension liability and the net OPEB liability/asset to equal the District's proportionate share of each plan's collective:

1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service.
2. Minus plan assets available to pay these benefits.

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the District is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require, the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019
(UNAUDITED)**

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68 and GASB 75, the District's statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plan's *change* in net pension liability and net OPEB liability/asset, respectively, not accounted for as deferred inflows/outflows.

Over time, net position can serve as a useful indicator of a government's financial position. At June 30, 2019, the District's liabilities plus deferred inflows of resources exceeded assets plus deferred outflows of resources by \$20 million.

Total Assets and Deferred Outflows of Resources decreased by \$0.5 million. Current assets decreased \$0.3 million primarily due to a decrease in cash with escrow agent of \$2.0 million. Capital assets increased by \$0.8 million as capital additions exceeded depreciation expense. The District acquired \$4.2 million in capital assets in fiscal year 2019, but the related depreciation expenses related to the capital assets was \$3.4 million for fiscal year 2019. Deferred outflows related the District's net pension and OPEB liabilities/asset decreased \$3.6 million from fiscal year 2018. Deferred outflows related to pension decreased primarily due to changes in assumptions by the State Teachers Retirement System (STRS). See Note 14 for more detail. Total assets include a net OPEB asset reported by STRS. See Note 15 for more detail. STRS did not report a net OPEB asset in the prior year.

Total Liabilities and Deferred Inflows of Resources decreased by \$7.1 million. Long-term liabilities decreased \$11.8 million as the District's net pension liability decreased \$3.4 million and net OPEB liability decreased \$6.5 million in fiscal year 2019. These liabilities are outside of the control of the District. The District contributes its statutorily required contributions to the pension systems; however, it's the pension systems that collect, hold and distribute pensions and OPEB to District employees, not the District. Current liabilities increased \$0.7 million during fiscal year 2019. Deferred inflows related the District's net pension liability and net OPEB liability/asset increased \$4.4 million from fiscal year 2018. Deferred inflows related to OPEB increased primarily due to changes in assumptions by STRS. See Note 15 for more detail.

The restricted portion of net position of \$3.9 million at June 30, 2019 was a decrease of \$2.0 million from June 30, 2018.

(UNAUDITED)**

Governmental Activities

During fiscal year 2019, change in net position increased \$6.6 million compared to a \$20.2 million increase in fiscal year 2018.

Total revenue for *governmental activities* increased \$3.1 million primarily due to an increase in property tax revenue. The District's property taxes increased \$2.6 million in 2019 due primarily to fluctuations in taxes collected by the Cuyahoga County Fiscal Officer and available as advance at year-end. The amount collected and available as advance for the fiscal year end June 30, 2019, June 30, 2018 and June 30, 2017 was \$6.0 million, \$4.1 million and \$5.7 million, respectively. This amount is recorded as revenue in the respective fiscal year. The amount collected and available for advance can vary depending upon when tax bills are sent.

Overall, expenses of the governmental activities increased \$16.7 million or 62.31%. This increase is primarily the result of the STRS indefinitely suspending the Cost of Living Adjustment ("COLA") and the School Employee Retirement System (SERS) lowering the COLA from 3.00% to 2.50% in fiscal year 2018. These benefit changes caused a decrease to the net pension liability reported at June 30, 2018 and the subsequent expenses reported for fiscal year 2018.

On an accrual basis, the District reported \$4.6 million and (\$14.7 million) in pension expense for fiscal year 2019 and 2018, respectively. In addition, the District reported (\$5.6 million) and (\$1.7 million) in OPEB expense for fiscal year 2019 and 2018, respectively. The increase in both the net pension expense and the OPEB expense from fiscal year 2018 to fiscal year 2019 was \$15.4 million. This increase is primarily the result of the benefit changes by the retirement systems. Fluctuations in the pension and OPEB expense makes it difficult to compare financial information between years. Pension and OPEB expense are components of program expenses reported on the statement of activities. The District's total expenses for fiscal year 2019 are comparable to total fiscal year 2017 expenses.

Interest expenses decreased \$0.1 million as the District realized interest savings from making scheduled principal payments which lowers interest.

Total program revenues supporting governmental activities increased from 2018; however, the percentage of program revenue support decreased to 9.42% from 9.92% in 2018. The vast majority of revenue supporting governmental activities, over 90%, continues to be general revenue. 76.15% of total revenue, \$38.1 million for 2019, was property taxes paid by the residents in the District. Only \$6.3 million (12.67% of total revenue) came from unrestricted state or federal sources (general revenue source).

CUYAHOGA COUNTY, OHIO**

**MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019
(UNAUDITED)**

Graph 2 below shows a comparison of program revenues versus general revenue for the governmental activities for fiscal year 2019, 2018 and 2017.

Graph 2
Revenues for Governmental Activities
(In millions)

	2019	2018	2017
Program Revenue	\$4.8	\$4.6	\$4.7
General Revenue	45.3	42.4	37.6

Revenue For Governmental Activities (In Millions)

The District’s property taxes increased \$2.6 million in 2019 due to fluctuations in taxes collected by the Cuyahoga County Fiscal Officer and available as advance at year-end. The unique nature of property taxes in Ohio creates the need to routinely seek voter approval for operating funds. The overall revenue generated by a voted levy does not increase solely as a result of inflation. As an example, a homeowner with a home valued at \$100,000 and taxed at 1.0 mill would pay \$35.00 annually in taxes. If three years later the home were reappraised and increased to \$200,000 (and this inflationary increase in value is comparable to other property owners) the effective tax rate would become 0.5 mills and the owner would still pay \$35.00. Thus, school districts dependent upon property taxes are hampered by a lack of revenue growth and must regularly return to the voters to maintain a constant level of service. Property taxes made up 76.15% of revenues for governmental activities for the District in fiscal year 2019.

(UNAUDITED)**

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows, for governmental activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements. As stated earlier, fluctuations in pension expense reported under GASB 68 and GASB 75 make it difficult to compare financial information between years.

Table 3 below shows the governmental activities total cost of services and net cost of services for fiscal year 2019, 2018 and 2017.

(UNAUDITED)**

The District's Governmental Funds

The District's major governmental funds are reported on pages 43 and 45. All governmental funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues and other financing sources of \$50.9 million and expenditures and other financing uses of \$51.5 million. The general fund balance increased \$1.1 million as revenues exceeded expenditures. Expenditures increased \$2.3 million from 2018. The fund balance of the bond retirement fund decreased \$0.2 million. Principal retirement in the bond retirement fund decreased \$1.9 million from fiscal year 2018.

General Fund Budgeting Highlights

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the general fund.

During the course of fiscal year 2019, the District amended its general fund budget numerous times, none significant. The District uses site-based budgeting and the budgeting systems are designed to tightly control total site budgets but provide flexibility for site management.

For the general fund, actual budget basis revenue and other financing sources was \$0.4 million lower than the original budget estimates of \$40.8 million. Final budgeted revenues and other financing sources were over \$40.4 million which was less than \$0.1 million higher than actual budget basis revenues and other financing sources of \$40.4 million.

Total expenditures on the budget basis (cash outlays plus encumbrances) were \$41.1 million. Actual expenditures and other financing uses were greater than original budgeted expenditures and other financing uses of \$41.0 million and \$0.1 million less than final budgeted expenditures and other financing uses of \$41.2 million. The actual expenditures and other financing uses were less than the final budgeted amounts primarily due to less than anticipated spending on instruction.

The general fund budgetary statement can be found on page 47.

Capital Assets and Debt Administration

Capital Assets

Table 4 below reports the District's capital assets, net of accumulated depreciation, for fiscal year 2019, 2018 and 2017.

Table 4
Capital Assets, Net
(In millions)

	Governmental Activities		
	2019	2018	2017
Land	\$0.8	\$0.8	\$0.8
Construction in progress	0.6	0.0	0.6
Land Improvements	2.3	2.4	3.5
Building/Improvements	45.6	45.1	45.0
Furniture/Equipment	2.1	2.3	1.8
Vehicles	0.9	0.9	1.0
<i>Total</i>	\$52.3	\$51.5	\$52.7

At June 30, 2019, the District had \$52.3 million in total capital assets. This is the value of land, construction in progress, land improvements, building/improvements, furniture/equipment and vehicles after depreciation is taken off their value. The largest component of these capital assets is building/improvements.

Total capital assets increased from \$51.5 million in 2018 to \$52.3 million for 2019. This increase was the result of capital acquisitions exceeding depreciation expense. The District acquired \$4.2 million in capital assets in fiscal year 2019. For additional information on capital assets, see Note 9 to the basic financial statements.

(In millions)

	Governmental Activities		
	2019	2018	2017
School Building General Obligation Bonds	\$36.8	\$38.8	\$42.6

The School Building Improvement Bonds were issued following passage of the bond issue in November 1997. The bonds were issued in February 1998 in the amount of \$24.5 million. The proceeds of the issue funded the construction of the new middle school and renovations of the other facilities in the District.

The School Building Improvement Bonds were issued following passage of the bond issue in May 2010. The bonds were issued in September 2010 in the amount of \$42.9 million. The proceeds of the issue is funding the construction project in the District. During 2015, the District refunded a portion of the Series 2010 bonds with the Series 2014 School Improvement bonds in the amount of \$28.3 million. During 2017, the District refunded a portion of the Series 2014 bonds with the Series 2018 School Improvement bonds in the amount of \$7.4 million.

For additional information on debt, see Note 11 to the basic financial statements. Graph 5 below shows the District's outstanding bonded debt at June 30, 2019, 2018 and 2017.

Rocky River City School District Debt Limit and Margin (In Millions)

District Outlook

After several years of navigating financial challenges based on the current state of the economy and the continued erosion of state funding support, the Rocky River City School District is back on solid financial footing for the foreseeable future. As the preceding information shows, the District heavily depends on its property taxpayers. An operating levy of 4.9 mills was passed back in November of 2012 for a continuing period of time that has sustained the District’s programming and operations through fiscal year 2018. This levy was planned to enable the District to continue its currently excellent education program level for a three-year levy cycle. However, with the continued emphasis on controlling costs and becoming more efficient with available resources, the District was able to stretch the planned three-year levy cycle to five years. This was in spite of a loss of over \$800,000 in State of Ohio funding starting in July of 2012.

Due to the need for additional operating funds for programming and ongoing capital needs, the Board of Education placed a combined 4.4 mill operating/0.5 mill permanent improvement levy on the May 2017 primary ballot that ultimately passed by a wide margin. This levy is projected to produce an estimated \$3.44 million annually, starting with first collection in January 2018, to fund the Districts educational programs and operations for the next 3 – 4 years, as well as produce approximately \$390,000 for permanent improvement/capital needs.

CUYAHOGA COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019
(UNAUDITED)**

In looking forward to major expenditure areas, the District's personnel contracts and policies would be the main drivers. In April and May of 2017, the District agreed to a two-year contract extension with both the teacher's bargaining unit and classified OAPSE bargaining unit, respectively, to become effective on July 1, 2018. These extensions include base salary increases of 2% annually and retained step/experience increments from the prior contract while including additional employee health insurance concessions in the way of increased deductibles, co-pays and co-insurance maximums. These provisions have been applied to all non-bargaining employees as well. Most recently, the District reached an agreement for a contract extension with its teaching union in May 2018, and then subsequently agreed to an extension with both classified OAPSE unions. These extensions call for 2% base raises for a three year period starting July 1, 2019 and running through June 30, 2022. The extensions also call for additional insurance plan design changes that took effect on October 1, 2018 that increase employee out of pocket costs for deductibles and co-pays and institutes a wellness premium rebate/incentive program. The deductible portion will increase slightly in the third year of the agreement along with the premium rebate that can be earned for meeting certain wellness goals. These extensions provide labor certainty going forward and will allow the District to plan its finances accordingly.

These changes piggyback the District's decision to join the Suburban Health Consortium as of July 1, 2010, which enabled the District to self-fund employee medical and prescription drug insurance plan with a group of 5,000+ lives. This arrangement has provided leverage in keeping annual increases to levels below general trending and even out increases when high claim years are experienced.

The District also reduced projected salary costs by hiring in certificated staff replacements at a lower placement on the teacher salary schedule wherever possible. This was significant going into fiscal year 2012 as the District had 23 employees (17 teachers, one administrator and five support staff) retire as of the end of fiscal year 2011, producing over \$700,000 in first-year savings for the District. As the District continues to look for cost savings measures moving forward to fiscal year 2020 and beyond, the district is considering re-calibration of personnel levels based on student enrollment and programmatic needs as well as other operational efficiencies. These efforts include a one-time retirement incentive plan that is being offered to teaching staff as of November 2019, which will offer an additional contribution to a post-retirement health reimbursement account for an eligible teacher that would elect to retire or resign as of June 30, 2020, by providing their notice of retirement or resignation by January 10, 2020. Based on a minimum of four teachers electing to opt into this plan, the district reasonably projects a savings of over \$600,000 over five years starting in fiscal year 2021. This savings could increase if more than four teachers opted into this plan and/or if the District were able to non-replace one or more of the positions being vacated.

Some of the District's facilities were in need of significant repairs and remodeling/redesign in order to be brought up to acceptable standards. Since the District did not, at the time, have a dedicated revenue stream or other resources to address these issues, the Board of Education placed a \$42.9 million bond levy before the voters in May of 2010 that passed by a significant margin. The plan for the use of these funds was a comprehensive one that covered the upgrade of virtually all buildings in the District (physical plant upgrades for the primary, intermediate and high schools and technology upgrades for the middle school) with the main emphasis being placed on the renovation and expansion of Rocky River High School to meet the needs of our students in order to provide them a 21st Century education. The construction phase for the renovated Board of Education administrative offices was substantially completed by July 15, 2011. The construction phases for Goldwood Primary School and Kensington Intermediate School were substantially completed by April, 2013, and December, 2012, respectively. The High School was substantially completed for the beginning of the 2013-14 school year in late August of 2013.

**MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019
(UNAUDITED)**

The bonds were subsequently issued in September of 2010 and included near zero-interest Qualified School Construction Bonds (QSCB’s) and 35% rebateable Build America Bonds (BAB’s) as authorized by the federal ARRA as well as traditional tax-exempt bonds. The BAB portion of the 2010 bond issue was refunded in December 2014, yielding a net present value savings to the District of just over \$1.1 million over the life of the bonds. A portion of these bonds (\$7.44 million) were then advanced refunded in March of 2018 for a net present value savings to the District of \$632,000. This most recent refunding was made possible by the upcoming payoff of the District’s 1998 bond issue in December 2018, the District’s strong credit rating and favorable market conditions.

As mentioned previously, the District passed new millage in May of 2017 that included a portion (0.5 mill) dedicated for permanent improvements. The District also receives funding from 0.5 mill of inside millage that was moved to permanent improvement purposes back in 2014 as well as net lease revenue from the long-term lease of a District facility currently not needed for educational purposes. The District continues to plan and work on smaller-scale capital projects and major equipment replacements that were not addressed with the aforementioned bond issue such as an upgrade to the District’s food service server area and related equipment. The District plans to fund these improvements mainly from available cash in the permanent improvement fund produced by the inside millage and net lease revenue along with funds to be generated from the new 0.5 mill permanent improvement levy.

Some of these capital projects have and will require borrowing against these funds in the form of tax anticipation notes and/or capital lease/purchase arrangements. One recent project that was completed using permanent improvement fund resources through a capital lease/purchase obligation consisted of building improvements and renovations at the Beach Board of Education’s south wing in order to provide adequate space for the District’s special education preschool program. Another project that is being funded through a capital lease/purchase borrowing and was recently completed was an energy conservation/capital improvement project that addressed needed upgrades to building lighting and HVAC systems throughout all of the District buildings. This energy project is already yielding substantial savings on energy consumption and costs, and is expected to continue to do so going forward. There was also a recent project completed that included a new ornamental fence surrounding the high school stadium, a major facelift to the high school auditorium, and needed masonry repair/restoration work on the high school and Kensington Intermediate school. The fencing and auditorium portions of this project were funded in large part by private funds from The Rocky River Campus Foundation and generous individuals within the community.

Educationally, the District continues to perform at the highest level as determined by the State of Ohio, which is measured by an objectively defined set of criteria. A ten-year history of the District’s Performance Index Score (a weighted average of State “report card” performance levels across subject areas and each tested grade) is as follows:

<u>2010</u>	<u>2011</u>	<u>2012</u>	<u>2013</u>	<u>2014</u>	<u>2015</u>	<u>2016</u>	<u>2017</u>	<u>2018</u>	<u>2019</u>
108.1	110.9	110.8	111.5	111.3	107.1	107.1	109.4	108.0	109.4

The 109.4 earned for 2018-19 ranked second overall in the State of Ohio and second in Cuyahoga County. The five-year graduation rate for academic year 2017-18 was 99.0%, resulting in a grade of A from the State of Ohio.

**MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019
(UNAUDITED)**

In its assessments for academic year 2012-13, the State began implementing a number of changes in the way in which the performance of its school districts and their individual schools is to be measured and reported. The former designations, such as “Excellent” as described above, have been replaced with letter grades on performance indicators and several new measures. This new reporting is being phased in over several years. The four components initially included on the new report card are Achievement (measuring absolute academic achievement compared to national standards of success), Progress (measuring the average annual improvement for each student), Gap Closing (measuring how well a school district or school is doing in narrowing gaps in reading, math and graduation rate among students according to socioeconomic, racial, ethnic or disability status) and Graduation Rate (measuring the percentage of students who entered the 9th grade and graduated in four and five years). Two additional components, K-3 Literacy (measuring the improvement in reading for students in kindergarten through 3rd grade) and Prepared for Success (measuring whether students who graduate are prepared for college or a career), were added for the 2015-16 academic year. An End of Course Retake Improvement standard was added for 2018-19, while 10th grade-specific standards were merged into the high school standards. The District’s overall component grade for achievement for 2018-19 was an A.

The breakdown of the District’s final student test results and performance index for the 2018-19 academic year from the Ohio Department of Education is summarized in the following chart:

**2019 Achievement Results
(80% proficiency percentage is the State of Ohio minimum standard)**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019
(UNAUDITED)**

Please visit <https://reportcard.education.ohio.gov/district/overview/044701> for the complete District report card and links to all data subsets.

The District also continued moving forward in fiscal year 2019 with its strategic plan that was adopted in June of 2009. This has been the “roadmap” that the District has used to continue to move ahead in all areas of its operation. This plan was updated as part of a mid-term update in the spring of 2015 through the collaborative efforts of District board members, administration, parents and other interested community members and resulted in updated “action plan results” for the strategic areas of communications, curriculum & co-curriculum, facilities, finance, human resources and technology.

In June 2005, the State Legislature made landmark changes to the State’s taxing structure with the passage of House Bill 66 that took effect July 1, 2005. Of the many changes to Ohio’s taxing structure, one of the most significant changes was the phase-out of the tangible personal property (TPP) tax on most businesses inventory, manufacturing machinery and equipment, and furniture and fixtures over four years at about 25% annually beginning in tax year 2006. Most new manufacturing machinery and equipment that would have been first taxable in tax year 2006 and thereafter is no longer subjected to TPP tax. Ohio School Districts were to be fully “held harmless” for lost revenue through tax year 2010 by the State. HB 1 signed into law by the Governor as of July 1, 2010 included a provision to extend the full (100%) reimbursement of “base year” valuation losses through fiscal year 2013. Reimbursements were then to be phased out starting in fiscal year 2014 through fiscal year 2019. The District began receiving these “hold harmless” payments in May of 2006.

However, the revenue guarantee through fiscal year 2013 was eliminated upon the adoption of Amended Substitute H.B. 153 that was signed into law on June 30, 2011. This house bill phases out the District’s personal property tax reimbursement and the utility deregulation/SB3/KwH tax reimbursement revenue sources by fiscal year 2013. The impact on the District’s revenues is a reduction of over \$821,748 for fiscal year 2012 and an additional \$445,684 in fiscal year 2013. The total reduction of revenue over four years of the District’s forecast is \$3,491,956 over what was estimated based on previous law. This House Bill also removed all provisions of the “Evidenced Based Model” (EBM) that was in law previously.

Amended Substitute House Bill 49, the State of Ohio’s biennial budget bill, covering fiscal years’ 2018 and 2019, was passed into law in June of 2017 to take effect on July 1, 2018. This budget bill allows for funding of public schools for the biennium. The effect on the Rocky River City Schools will be minimal as the base per-student funding amount increases very minimally, and the legislation contains a guarantee of fiscal year 2018 funding levels if any student enrollment decrease between fiscal year 2014 and 2017 is less than 5%.

On July 18, 2019, Amended Substitute House Bill 166 was signed into law for the new state biennium that took effect July 1, 2019. This legislation added “Student Wellness and Success Funding” for Ohio Districts, of which \$98,357 is anticipated to be received by the District in fiscal 2020, and \$138,507 being expected for fiscal year 2021. However, the District’s overall state foundation aid was reduced by approximately \$62,000 for fiscal years 20 and 21 due to a change in Ohio Administrative Code. Specifically, the state calculation of special education transportation in FY 2020 is now predicated on the greater of the state share index of the district or 25%. Prior to this change, this calculation was based on the greater of the state share index or 60%. This change will result in school districts that have a state share index less than 60% to see a drop in their special education transportation funding.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019
(UNAUDITED)**

There is excellent work being done by a group of school officials and state legislators under the Ohio Fair School Funding Plan (<https://sites.google.com/view/ohiofairschoolfunding/home?authuser=0>). This funding plan did not make its way into the recent state budget legislation, but was widely publicized and its merits were considered by the legislature and the Governor. If this plan would be enacted in whole or part, it could provide Ohio school districts with additional state support. However, that appears unlikely to happen in the near future.

Based on all of challenges that the District faces, and in order to keep its excellent educational programming in place for the future, the District must consider an operating and permanent improvement initiative in the near future. As the district's latest five year forecast issued in November 2019 shows, a need for an additional operating levy will be needed most likely in calendar year 2021, or cost reductions will be needed to be put into place as soon as fiscal year 2020 to eliminate a projected operating fund deficit.

The aforementioned factors along with the increasingly difficult climate for school levy passage will be crucial issues to be dealt with by the District going forward, but the District's current position both programmatically and financially is very strong

Contacting the District's Financial Management

This financial report is designed to provide our citizen's, taxpayers, investors, creditors and the general public with an overview of the District's finances and to show accountability for the money it receives. If you have any questions about this report or would like additional financial information about the District, please contact Greg R. Markus, CPA, Treasurer/CFO, Rocky River City School District, 1101 Morewood Parkway, Rocky River, Ohio, 44116 or by email at Markus.Greg@rrcs.org. RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Net change in fund balances - total governmental funds	\$	(597,692)
<i>Amounts reported for governmental activities in the statement of activities are different because:</i>		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the costs of those assets are allocated over their estimated useful lives as depreciation expense.		
Capital asset additions	\$ 4,199,217	
Current year depreciation	<u>(3,459,667)</u>	
Total		739,550
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, disposals, trade-ins, and donations) is to decrease net position.		
		(32,723)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Delinquent property tax revenues	77,360	
Earnings on investments	4,055	
Other local revenue	(40,000)	
Intergovernmental	<u>99,823</u>	
Total		141,238
Repayment of bond and lease-purchase obligation principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities on the statement of net position. Principal payments during the year were:		
Bonds	1,990,000	
Lease-purchase obligations	<u>599,866</u>	
Total		2,589,866
Issuances of lease purchase obligations are recorded as other financing sources in the funds; however, in the statement of activities, they are not reported as revenues as they increase liabilities on the statement of net position.		
		(635,422)
In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due.		
Decrease in accrued interest payable	2,616	
Accreted interest on capital appreciation bonds	(43,324)	
Amortization of bond premiums	94,512	
Amortization of deferred charges on debt refundings	<u>(68,638)</u>	
Total		(14,834)
Contractually required pension contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows.		
		3,420,181
Except for amounts reported as deferred inflows/outflows, changes in the net pension liability are reported as pension expense in the statement of activities.		
		(4,612,994)
Contractually required OPEB contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows.		
		118,173
Except for amounts reported as deferred inflows/outflows, changes in the net OPEB liability are reported as OPEB expense in the statement of activities.		
		5,568,714
An internal service fund used by management to charge the costs of employee benefit programs is not reported in the government-wide statement of activities. Governmental fund expenditures and the related internal service fund revenues are eliminated. The net revenue (expense) of the internal is allocated among the governmental activities.		
		(28,330)
Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
		<u>(108,715)</u>
Change in net position of governmental activities	\$	<u>6,547,012</u>

CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT

The Rocky River City School District (the “District”) is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The District operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four year terms. The District provides educational services as authorized by State statute and federal guidelines.

The District is located in a suburban area west of Cleveland, Ohio. It is located in Cuyahoga County, and encompasses the entire City of Rocky River and a small portion of the City of Fairview Park. It is staffed by 212 certified, 145 non-certified and 20 administrative personnel who provide services from Pre-K through Grade 12 to 2,743 students and other community members. The District currently operates a primary school, a preschool, an intermediate school, a middle school and a high school.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant of the District’s accounting policies are described below.

A. Reporting Entity

The reporting entity has been defined in accordance with GASB Statement No. 14, “The Financial Reporting Entity” as amended by GASB Statement No. 39, “Determining Whether Certain Organizations Are Component Units” and GASB Statement No. 61, “The Financial Reporting Entity: Omnibus an Amendment of GASB Statements No. 14 and No. 34”. The reporting entity is composed of the primary government and component units. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the District, this includes general operations, food service, and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization’s Governing Board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization’s resources; or (3) the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Certain organizations are also included as component units if the nature and significance of the relationship between the primary government and the organization is such that exclusion by the primary government would render the primary government’s financial statements incomplete or misleading. Based upon the application of these criteria, the District has no component units. The basic financial statements of the reporting entity include only those of the District (the primary government).

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The following organization is described due to its relationship to the District:

RELATED ORGANIZATION

Rocky River Public Library

The Rocky River Public Library (the "Library") is a distinct political subdivision of the State of Ohio created under Chapter 3375 of the Ohio Revised Code. The Library is governed by a Board of Trustees appointed by the District's Board of Education. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel and does not depend on the District for operational subsidies. Although the District does serve as the taxing authority and may issue tax related debt on behalf of the Library, its role is limited to a ministerial function. The determination to request approval of a tax, the rate and the purpose are discretionary decisions made solely by the Board of Trustees. The Library did not receive any funding from the District during fiscal year 2019. Financial information can be obtained from the Clerk/Treasurer of the Rocky River Public Library at 1600 Hampton Rd., Rocky River, Ohio 44116.

JOINTLY GOVERNED ORGANIZATIONS

Connect

Connect is a jointly governed organization serving twenty-four school districts and two educational service centers. Connect was organized pursuant to Ohio Revised Code Chapter 167 as a regional council of governments for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among the member districts. Connect operates as an information technology center pursuant to ORC 3301.075. Each of the governments of these schools supports Connect based on a per pupil charge dependent upon the software packages used. The District contributed \$110,183 to Connect during fiscal year 2019. Connect is governed by a four-member Board of Directors consisting of the Superintendent of the Educational Service Center of Cuyahoga County, the Superintendent of the Educational Service Center of Lorain County, the Superintendent of the Educational Service Center of Medina County, and the Executive Director of the Ohio Schools Council. Financial information can be obtained by contacting the Treasurer at the Cuyahoga County Educational Service Center, who serves as fiscal agent, at 5700 West Canal Road, Valley View, Ohio 44125.

Ohio Schools Council Association

The Ohio Schools' Council Association (Council) is a jointly governed organization among 241 school districts, educational service centers, joint vocational districts, and Developmental Disabilities boards in 33 Ohio counties. The jointly governed organization was formed to bring quality products and services at the lowest possible cost to the member districts. The Council's Board consists of seven superintendents of the participating districts whose terms rotate every year. The degree of control exercised by any school district is limited to its representation on the Board. In fiscal year 2019, the District paid \$5,516 to the Council for annual membership and other fees. Financial information can be obtained by contacting William J. Zelei, the Executive Director of the Ohio Schools' Council at 6393 Oak Tree Blvd., Suite 377, Independence, Ohio 44131.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The District participates in the natural gas purchase program. This program allows the District to purchase natural gas at reduced rates. Compass Energy has been selected as the supplier and program manager. There are currently 163 program members in the program. The participants make monthly payments based on estimated usage. Each September, these estimated payments are compared to their actual usage for the year (July to June). School districts that paid more in estimated billings than their actual billings are issued credits on future billings beginning in September until the credits are exhausted and school districts that did not pay enough on estimated billings are invoiced for the difference on the September monthly estimated billing.

The District participates in the Council's Power4Schools electric purchase program. This program allows school districts to purchase electricity at reduced rates, if the school districts will commit to participating in the program for either a two-year period or an eight and one-half year period depending upon electric generation area. There are currently 256 program members in the program. FirstEnergy Solutions has been selected as the supplier for the program. The participants make monthly payments based on estimated usage. Each June these estimated payments are compared to the actual usage for the year and any necessary adjustments are made.

INSURANCE PURCHASING POOL

Suburban Health Consortium

The Suburban Health Consortium (the "Consortium") is a shared health risk pool created on October 1, 2001, formed by the Boards of Education of several school districts in northeast Ohio, for the purposes of maximizing benefits and/or reducing costs of group health, life, dental and/or other insurance coverages for their employees and the eligible dependents and designated beneficiaries of such employees. The Consortium was formed and operates as a legally separate entity under Ohio Revised Code Section 9.833. The Board of Directors shall be the governing body of the Consortium. The Board of Education of each Consortium Member shall appoint its Superintendent or such Superintendent's designee to be its representative of the Board of Directors. The officers of the Board of Directors shall consist of a Chairman, Vice-Chairman and Recording Secretary, who shall be elected at the annual meeting of Board of Directors and serve until the next annual meeting. All of the authority of the Consortium shall be exercised by or under the direction of the Board of Directors. The Board of Directors shall also set all premiums and other amounts to be paid by the Consortium Members, and the Board of Directors shall also have the authority to waive premiums and other payments. All members of the Board of Directors shall serve without compensation.

The Fiscal Agent shall be the Board of Education responsible for administering the financial transactions of the Consortium (Orange City School District). The Fiscal Agent shall carry out the responsibilities of the Consortium Fund, enter into contracts on behalf of the Consortium as authorized by the Directors and carry out such other responsibilities as approved by the Directors and agreed to by the Fiscal Agent. Each District Member enrolled in a benefit program may require contributions from its employees toward the cost of any benefit program being offered by such District Member, and such contributions shall be included in the payments from such District Member to the Fiscal Agent for such benefit program. Contributions are to be submitted by each District Member, to the Fiscal Agent, required under the terms of the Consortium Agreement and any benefit program in which such District Member is enrolled to the Fiscal Agent on a monthly basis, or as otherwise required in accordance with any benefit program in which such District Member is enrolled.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

All general administrative costs incurred by the Consortium that are not covered by the premium payments shall be shared equally by the Consortium Members as approved by the Directors and shall be paid by each Consortium Member upon receipt of notice from the Fiscal Agent that such payment is due. It is the express intention of the Consortium Members that the Consortium Agreement and the Consortium shall continue for an indefinite term but may be terminated as provided in the Consortium Agreement. Any Consortium Member wishing to withdraw from participation in the Consortium or any benefit program shall notify the Fiscal Agent at least one hundred eighty (180) days prior to the effective date of withdrawal.

Upon withdrawal of a Consortium Member, the Consortium shall pay the run out of all claims for such Consortium Member provided such Consortium Member has paid to the Consortium, prior to the effective date of withdrawal, a withdrawal fee in the amount equal to two months' premiums at the Consortium Member's current rate. Payment of the withdrawal fee does not extend insurance coverage for two months. Upon automatic withdrawal, for non-payment of premiums required by the Consortium Agreement, the Consortium shall pay the run out of all claims for such Consortium Member provided that the Consortium has received from such Consortium Member all outstanding and unpaid premiums and other amounts and the withdrawal fee equal to two months' premiums at the Consortium Member's current rates. Any Consortium Member which withdraws from the Consortium pursuant to the Consortium Agreement shall have no claim to the Consortium's assets. Financial information for the Consortium can be obtained from Greg Slemons, Treasurer of the Orange City School District (the "Fiscal Agent") at 32000 Chagrin Blvd, Cleveland, Ohio 44124-5922.

Ohio Schools' Council Workers' Compensation Group Rating Program

The Ohio Schools' Council Workers' Compensation Group Rating Program (the "Plan") is an insurance purchasing pool (See Note 13.C.). The plan is intended to reduce premiums for the participants. The Worker's Compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the Plan.

B. Fund Accounting

The District uses funds to report its financial position and the results of its operations. A fund is a separate accounting entity with a self-balancing set of accounts. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain school district activities or functions. Funds are classified into three categories: governmental, proprietary and fiduciary. Each category is divided into separate fund types.

GOVERNMENTAL FUNDS

Governmental funds focus on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources and liabilities and deferred inflows of resources is reported as fund balance.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The following are the District's major governmental funds:

General fund - The general fund is used to account for and report all financial resources not accounted for and reported in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

Bond retirement fund - The bond retirement fund is used to account for and report financial resources that are restricted to expenditure for principal and interest.

Other governmental funds of the District are used to account for (a) financial resources that are restricted, committed, or assigned to expenditures for capital outlays including the acquisition or construction of capital facilities and other capital assets, and b) specific revenue sources that are restricted or committed to an expenditure for specified purposes other than debt service or capital projects.

PROPRIETARY FUNDS

Proprietary funds are used to account for the District's ongoing activities which are similar to those often found in the private sector where the determination of net income is necessary or useful to sound financial administration. Proprietary funds consist of enterprise funds and internal service funds. The District has only an internal service fund.

Internal Service Fund - Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the District, or to other governments, on a cost-reimbursement basis. The internal service fund of the District accounts for employee benefit programs.

FIDUCIARY FUNDS

Fiduciary fund reporting focuses on net position and changes in net position. For the District, the fiduciary fund category is split into four classifications: investment trust funds, pension trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. The District's only trust fund is a private-purpose trust which accounts for scholarship programs for students. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The District's agency funds account for student managed activities and district agency resources, which account for Workers' Compensation and Ohio High School Athletic Association tournaments.

C. Basis of Presentation and Measurement Focus

Government-Wide Financial Statements - The statement of net position and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. Internal service fund activity is eliminated to avoid "doubling up" revenues and expenses.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The government-wide financial statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the District are included on the statement of net position.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the governmental activities of the District. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include amounts paid by the recipient of goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues of the District.

Fund Financial Statements - Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column, and all nonmajor funds are aggregated into one column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by fund type.

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

All proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the statement of net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net position. The statement of cash flows provides information about how the District finances and meets the cash flow needs of its proprietary activities.

Like the government-wide statements, the private-purpose trust fund is accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of this fund are included on the statement of fiduciary net position. The statement of changes in fiduciary net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position.

Agency funds do not report a measurement focus as they do not report operations.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting.

Revenues - Exchange and Non-exchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, payment in lieu of taxes, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 6).

Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, interest, tuition, grants, and student fees.

Deferred Outflows of Resources and Deferred Inflows of Resources - In addition to assets, the government-wide statement of net position will report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the District, see Note 14 and 15 for deferred outflows of resources related to the District's net pension liability and net OPEB liability/asset, respectively. In addition, deferred outflows of resources include a deferred charge on debt refunding. A deferred charge on debt refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

In addition to liabilities, both the government-wide statement of net position and the governmental fund financial statements report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the District, deferred inflows of resources include property taxes, payment in lieu of taxes and unavailable revenue. Property taxes and payment in lieu of taxes represent amounts for which there is an enforceable legal claim as of June 30, 2019, but which were levied to finance fiscal year 2020 operations. These amounts have been recorded as a deferred inflow of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet and represents receivables which will not be collected within the available period. For the District, unavailable revenue includes, but is not limited to, delinquent property taxes and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

For the District, see Note 14 and 15 for deferred inflows of resources related to the District's net pension liability and net OPEB liability/asset, respectively. This deferred inflow of resources is only reported on the government-wide statement of net position.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred. The entitlement value of donated commodities received during the year is reported in the statement of revenues, expenditures and changes in fund balances as an expenditure with a like amount reported as intergovernmental revenue.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgetary Process

All funds, other than agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution and the certificate of estimated resources, which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of control has been established by the Board of Education at the fund level for all funds. Any budgetary modifications at this level may only be made by resolution of the Board of Education. The Treasurer has been given the authority to allocate Board appropriations to the function and object levels within each fund.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts in the final amended certificate in effect when the final appropriations were passed prior to fiscal year-end.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations may not exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the year.

F. Cash and Investments

To improve cash management, cash received by the District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the District's records. Each fund's interest in the pool is presented as "equity in pooled cash and investments" on the financial statements.

During fiscal year 2019, investments were limited to Federal Home Loan Mortgage Corporation (FHLMC) securities, Federal Home Loan Bank (FHLB), Federal Farm Credit Bank (FFCB) securities, commercial paper, negotiable certificates of deposit (negotiable CD's), U.S. government money market fund, and investments in the State Treasury Asset Reserve of Ohio (STAR Ohio). Except for investments in STAR Ohio, investments are reported at fair value.

STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, "Certain External Investment Pools and Pool Participants." The District measures its investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV per share that approximates fair value.

For fiscal year 2019, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$100 million, requiring the excess amount to be transacted the following business day(s), but only to the \$100 million limit. All accounts of the participant will be combined for these purposes.

Under existing Ohio statute, interest earnings are allotted to the general fund unless the Board of Education has, by resolution, specified funds to receive an allocation of interest earnings. Interest revenue credited to the general fund during fiscal year 2019 amounted to \$367,319 which includes \$101,461 assigned from other District funds.

For presentation on the basic financial statements, investments purchased by the cash management pool and investments with original maturities of three months or less at the time they are purchased by the District are considered to be cash equivalents. Investments with an initial maturity of more than three months are reported as investments.

An analysis of the District's investment account at fiscal year-end is provided in Note 4.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

G. Inventory

On government-wide and fund financial statements, inventories of supplies are reported at cost while inventories held for resale are reported at the lower of cost or market. Inventories are recorded on a first-in, first-out basis and are expended/expensed when used. Donated commodities are recorded at their entitlement value. Inventories are accounted for using the consumption method.

On the fund financial statements, reported material and supplies inventory is equally offset by a nonspendable fund balance in the governmental funds which indicates that it does not constitute available spendable resources even though it is a component of net current assets. Inventory held for resale is not offset by nonspendable fund balance as the proceeds from the eventual sale of the inventory is either restricted, committed or assigned.

Inventory consists of expendable supplies held for consumption and food service inventory held for resale.

H. Capital Assets

General capital assets are those assets specifically related to governmental activities. These assets result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position, but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their acquisition values as of the date received. The District maintains a capitalization threshold of \$2,000. The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets except land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Governmental Activities Estimated Lives</u>
Land improvements	10-30 years
Building/ improvements	10-40 years
Furniture/equipment	5-20 years
Vehicles	8 years

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

I. Interfund Balances

On the fund financial statements, receivables and payables resulting from short-term interfund loans are classified as “interfund loans receivable” and “interfund loans payable” and receivables and payables resulting from long-term interfund loans and classified as “advances to other funds” and “advances from other funds”. Interfund balances between governmental funds are eliminated for reporting on the government-wide statement of net position. See Note 5 for detail on the District’s interfund balances at June 30, 2019.

J. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements. Transfers between governmental funds are eliminated for reporting on the government-wide statement of activities. Interfund services provided and used are not eliminated for reporting on the government-wide statement of activities.

K. Compensated Absences

Compensated absences of the District consist of vacation leave and sick leave liability to the extent that payments to the employee for these absences are attributable to services already rendered and are not contingent on a specific event that is outside the control of the District and the employee.

In accordance with the provisions of GASB Statement No. 16, “Accounting for Compensated Absences”, a liability for vacation leave is accrued if a) the employees’ rights to payment are attributable to services already rendered; and b) it is probable that the employer will compensate the employees for the benefits through paid time off or other means, such as cash payment at termination or retirement. A liability for severance is accrued using the termination method; i.e., a liability is accrued for earned sick leave to the extent that it is probable that benefits will result in termination payments. The liability is an estimate based on the District’s past experience of making termination payments.

The total liability for vacation and severance payments has been calculated using pay rates in effect at June 30, 2019 and reduced to the maximum payment allowed by labor contract and/or statute, plus any additional salary related payments.

The entire compensated absence liability is reported on the government-wide financial statements. For governmental fund financial statements, compensated absences are recognized as liabilities and expenditures as payments come due each period upon the occurrence of employee resignations and retirements.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

L. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and from current financial resources are reported as obligations of the funds. However, claims and judgements and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds and lease-purchase obligations are recognized as a liability in the fund financial statements when due. Net pension/OPEB liability should be recognized in the governmental funds to the extent that benefit payments are due and payable and the pension/OPEB plan's fiduciary net position is not sufficient for payment of those benefits.

M. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form or legally required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable.

Restricted - Fund balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the District Board of Education (the highest level of decision-making authority). Those committed amounts cannot be used for any other purpose unless the District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted nor committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of the District Board of Education, which includes giving the Treasurer the authority to constrain monies for intended purposes. The Board's has, by resolution, authorized the Treasurer to assign fund balances for encumbrances outstanding at year-end.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Unassigned - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The District applies restricted resources first when expenditures are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund balance is available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

N. Non-Public Schools

Within the District's boundaries, St. Christopher, St. Thomas, Ruffing Montessori Elementary Schools, Lutheran West, Magnificat High Schools, and Lechaperone Rouge Preschool operated as non-public schools. Current State legislation provides funding to these schools. These monies are received and disbursed on behalf of the schools by the Treasurer of the District, as directed by the schools. This activity is reflected as a governmental activity for financial reporting purposes.

O. Net Position

Net position represents the difference between assets and deferred outflows and liabilities and deferred inflows. The net position component "net investment in capital assets," consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets or related debt also should be included in this component of net position. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

P. Contributions of Capital

Contributions of capital in the government-wide financial statements arise from outside contributions of capital assets, or from grants or outside contributions of resources restricted to capital acquisition and construction. The District had no capital contributions in fiscal year 2019.

Q. Estimates

The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

R. Issuance Costs/Bond Premiums and Discounts and Accounting Gain or Loss on Debt Refunding

On the governmental fund financial statements, issuance costs, bond premiums, bond discounts, and deferred charges from debt refunding are recognized in the current period.

On the government-wide financial statements, issuance costs are recognized in the current period and are not amortized. Bond premiums and discounts are amortized over the term of the bonds using the straight-line method. Unamortized bond premiums are presented as an addition to the face amount of the bonds reported on the statement of net position. Unamortized bond discounts are presented as a reduction to the face amount of the bonds reported on the statement of net position. The reconciliation between the bonds face value and the amount reported on the statement of net position is presented in Note 11.

For advance refunding resulting in the defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This accounting gain or loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, and is presented as a deferred outflow of resources.

S. Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liability, net OPEB asset, deferred outflows of resources and deferred inflows of resources related pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

T. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during fiscal year 2019.

U. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the District, these revenues are charges for services for the employee benefit programs. Operating expenses are necessary costs incurred to provide the goods or services that are the primary activity of the fund. All revenues not related to operating activities have been reported as nonoperating revenue.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

V. Fair Value Measurements

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Change in Accounting Principles

For fiscal year 2019, the District has implemented GASB Statement No. 83, "Certain Asset Retirement Obligations" and GASB Statement No. 88, "Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements".

GASB Statement No. 83 addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability. The implementation of GASB Statement No. 83 did not have an effect on the financial statements of the District.

GASB Statement No. 88 improves the information that is disclosed in notes to the basic financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. The implementation of GASB Statement No. 88 did not have an effect on the financial statements of the District.

B. Deficit Fund Balances

Fund balances at June 30, 2019 included the following individual fund deficits:

<u>Nonmajor funds</u>	<u>Deficit</u>
Title VI-B	\$ 21,375
Title I	4,379
Title II-A	1
Building	153,364

The general fund is liable for any deficit in these funds and provides transfers when cash is required, not when accruals occur. The deficit fund balances resulted from adjustments for accrued liabilities.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 4 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories.

Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the fair value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in items (1) and (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool, the State Treasury Asset Reserve of Ohio (STAR Ohio);
7. Certain banker's acceptance and commercial paper notes for a period not to exceed one-hundred-eighty days and two-hundred-seventy days, respectively, from the purchase date in an amount not to exceed forty percent of the interim monies available for investment at any one time; and,
8. Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019**

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System, a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Cash with Escrow Agent

At June 30, 2019, the District had \$1,833,543 held by Key Government Finance, Inc. and PNC Equipment Finance, LLC. as escrow agents related to lease-purchase obligations entered into during fiscal years 2017, 2018, and 2019 (see Note 8). This amount is not included in "Deposits with Financial Institutions" below.

B. Deposits with Financial Institutions

At June 30, 2019, the carrying amount of all District deposits was \$4,991,948 and the bank balance of all District deposits was \$5,586,388. Of the bank balance, \$1,017,302 was covered by the FDIC, \$3,447,400 was covered by the Ohio Pooled Collateral System, and \$1,121,686 was uninsured and uncollateralized.

Custodial credit risk is the risk that, in the event of bank failure, the District will not be able to recover deposits or collateral securities that are in the possession of an outside party. The District has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or protected by (1) eligible securities pledged to the District and deposited with a qualified trustee by the financial institution as security for repayment whose fair value at all times shall be at least 105 percent of the deposits being secured, or (2) participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total fair value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State. For 2019, two of the District's financial institutions were approved for a collateral rate of 102 percent through the OPCS and one was approved for a reduced collateral rate of 50 percent through the OPCS. Although all statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the District to a successful claim by the FDIC.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

C. Investments

As of June 30, 2019, the District had the following investments and maturities:

Measurement/ Investment type	Measurement Value	Investment Maturities				
		6 months or less	7 to 12 months	13 to 18 months	19 to 24 months	Greater Than 24 months
<i>Fair Value:</i>						
Negotiable CDs	\$ 1,746,987	\$ 246,755	\$ -	\$ -	\$ -	\$ 1,500,232
Commercial paper	2,181,618	1,746,929	434,689	-	-	-
FFCB	250,665	-	-	-	-	250,665
FHLB	549,078	-	-	248,808	300,270	-
FHLMC	1,124,360	-	497,845	-	-	626,515
U.S. Government Money						
Market Mutual Fund	15,260	15,260	-	-	-	-
<i>Amortized Cost:</i>						
STAR Ohio	1,574,237	1,574,237	-	-	-	-
Total	\$ 7,442,205	\$ 3,583,181	\$ 932,534	\$ 248,808	\$ 300,270	\$ 2,377,412

The weighted average maturity of investments is 1.38 years.

The District's investments in U.S. government money market mutual funds are valued using quoted market prices in active markets (Level 1 inputs). The District's investments in negotiable CDs, FHLMC securities, FHLB securities, FFCB securities, and commercial paper are valued using quoted market prices in markets that are not considered to be active, dealer quotations or alternative pricing sources for similar assets or liabilities for which all significant inputs are observable, either directly or indirectly (Level 2 inputs). As discussed in Note 2.F, investments in STAR Ohio is reported at its share price.

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates and according to State law, the District's investment policy limits investment portfolio maturities to five years or less.

Credit Risk: The District's investments in FHLMC securities, FHLB securities, and FFCB securities were rated AA+ and Aaa by Standard & Poor's and Moody's Investor Services, respectively. STAR Ohio and the U.S. government money market mutual fund were rated AAAM by Standard & Poor's. STAR Ohio must maintain the highest letter or numerical rating provided by at least one nationally recognized standard service. The negotiable CDs were not rated but are fully covered by the FDIC. The commercial paper was rated A1+ and A1 by Standard & Poor's and P1 by Moody's Investor Services. The District has no investment policy that would further limit its investment choices.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The FHLMC securities, FHLB securities, and commercial paper are exposed to custodial credit risk in that they are uninsured, unregistered and held by the counterparty's trust department or agent, but not in the District's name. The District has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the treasurer or qualified trustee.

Concentration of Credit Risk: The District places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type at June 30, 2019:

<u>Measurement/ Investment type</u>	<u>Measurement Value</u>	<u>% of Total</u>
<i>Fair Value:</i>		
Negotiable CDs	\$ 1,746,987	23.47 %
Commercial paper	2,181,618	29.31
FFCB	250,665	3.37
FHLB	549,078	7.38
FHLMC	1,124,360	15.11
U.S. Government Money		
Market Mutual Fund	15,260	0.21
<i>Amortized Cost:</i>		
STAR Ohio	<u>1,574,237</u>	<u>21.15</u>
Total	<u>\$ 7,442,205</u>	<u>100.00 %</u>

D. Reconciliation of Cash and Investments to the Statement of Net Position

The following is a reconciliation of cash and investments as reported in the note above to cash and investments as reported on the statement of net position as of June 30, 2019:

<u>Cash and investments per note</u>	
Carrying amount of deposits	\$ 4,991,948
Cash with escrow agent	1,833,543
Investments	<u>7,442,205</u>
Total	<u>\$ 14,267,696</u>
<u>Cash and investments per statement of net position</u>	
Governmental activities	\$ 13,946,605
Private-purpose trust fund	26,841
Agency fund	<u>294,250</u>
Total	<u>\$ 14,267,696</u>

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 5 - INTERFUND TRANSACTIONS

- A. Interfund loans receivable/payable consisted of the following at June 30, 2019, as reported on the fund statements:

<u>Receivable fund</u>	<u>Payable fund</u>	<u>Amount</u>
General fund	Nonmajor governmental funds	\$ 1,112,022
General fund	Internal service fund	11,906
Bond retirement	Nonmajor governmental funds	<u>621,961</u>
Total		<u>\$ 1,745,889</u>

The primary purpose of the interfund balances is to cover costs in specific funds where revenues were not received by June 30. These interfund balances will be repaid once the anticipated revenues are received. The interfund receivable in the general fund represents \$1,123,928 loaned from the general fund to nonmajor governmental funds and the internal service fund to cover cash overdrafts in nonmajor governmental funds and the internal service fund. In addition, the District issued \$621,961 in manuscript debt from the bond retirement fund to the building fund (a nonmajor governmental fund). The debt provided temporary funding for buses until funds are received. The manuscript debt has a maturity date of one year from the date of issue and bears an annual interest rate of 2 percent. Interfund loans between governmental funds are eliminated on the government-wide financial statements.

- B. Interfund transfers for the year ended June 30, 2019, consisted of the following, as reported on the fund statements:

	<u>Amount</u>
<u>Transfers from general fund to:</u>	
Nonmajor governmental funds	\$ 272,350
Internal service fund	<u>5,000</u>
	<u>\$ 277,350</u>

Transfers are used to move revenues from the fund that statute or budget required to collect them to the fund that statute or budget requires to expend them and to use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. Interfund transfers between governmental funds are eliminated on the government-wide financial statements; therefore, no transfers are reported on the statement of activities.

NOTE 6 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the District fiscal year runs from July through June. First half tax collections are received by the District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 6 - PROPERTY TAXES – (Continued)

Property taxes include amounts levied against all real property and public utility property. Real property tax revenues received in calendar year 2019 represent the collection of calendar year 2018 taxes. Real property taxes received in calendar year 2019 were levied after April 1, 2018, on the assessed values as of January 1, 2018, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised fair value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established. Public utility property tax revenues received in calendar year 2019 represent the collection of calendar year 2018 taxes. Public utility real and personal property taxes received in calendar year 2019 became a lien on December 31, 2017, were levied after April 1, 2018, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value.

The District receives property taxes from Cuyahoga County. The County Fiscal Officer periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2019, are available to finance fiscal year 2019 operations. The amount available as an advance at June 30, 2019 was \$5,343,961 in the general fund, \$511,012 in the bond retirement fund and \$130,974 in the permanent improvement fund (a nonmajor governmental fund). This amount is recorded as revenue. The amount available for advance at June 30, 2018 was \$3,762,229 in the general fund, \$214,796 in the bond retirement fund and \$85,919 in the permanent improvement fund (a nonmajor governmental fund). The amount of second-half real property taxes available for advance at fiscal year-end can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property, public utility property and delinquent tangible personal property taxes which are measurable as of June 30, 2019 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows.

On the accrual basis of accounting, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis of accounting the revenue has been reported as a deferred inflow.

The assessed values upon which the fiscal year 2019 taxes were collected are:

	2018 Second Half Collections		2019 First Half Collections	
	<u>Amount</u>	<u>Percent</u>	<u>Amount</u>	<u>Percent</u>
Agricultural/residential and other real estate	\$ 773,047,770	98.66	\$ 903,744,990	98.81
Public utility personal	<u>10,486,080</u>	<u>1.34</u>	<u>10,880,040</u>	<u>1.19</u>
Total	<u>\$ 783,533,850</u>	<u>100.00</u>	<u>\$ 914,625,030</u>	<u>100.00</u>
Tax rate per \$1,000 of assessed valuation	\$ 90.47		\$ 91.57	

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 7 - RECEIVABLES

Receivables at June 30, 2019 consisted of taxes, accounts (billings for user charged services and student fees), accrued interest, and intergovernmental grants and entitlements. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs and the current year guarantee of federal funds.

A summary of the principal items of receivables reported on the statement of net position follows:

Governmental activities:

Property taxes	\$ 39,088,379
Accounts	32,937
Intergovernmental	347,643
Accrued interest	<u>18,713</u>
 Total governmental activities	 <u>\$ 39,487,672</u>

Receivables have been disaggregated on the face of the basic financial statements. All receivables are expected to be collected within the subsequent year.

NOTE 8 - LEASE-PURCHASE OBLIGATIONS

During fiscal year 2014, the District entered into lease-purchase agreements with PNC Equipment Finance, LLC to finance the acquisition of artificial turf at the high school. Lease payments made under the lease-purchase agreement have been reclassified and are reflected as debt service expenditures in the financial statements for the governmental funds. These expenditures are reported as function expenditures on the budgetary statements. The total amount of the lease-purchase was \$470,275. The lease-purchase agreement bears an interest rate of 2.87%.

During fiscal year 2017, the District entered into lease-purchase agreements with PNC Equipment Finance, LLC to finance the acquisition of computer and technology equipment. Lease payments made under the lease-purchase agreement have been reclassified and are reflected as debt service expenditures in the financial statements for the governmental funds. These expenditures are reported as function expenditures on the budgetary statements. The total amount of the lease-purchase is \$526,000. The lease-purchase agreement bears an interest rate of 1.99%.

During fiscal year 2017, the District entered into lease-purchase agreements with PNC Equipment Finance, LLC to finance the acquisition of computer and technology equipment. Lease payments made under the lease-purchase agreement have been reclassified and are reflected as debt service expenditures in the financial statements for the governmental funds. These expenditures are reported as function expenditures on the budgetary statements. The total amount of the lease-purchase is \$340,000. The lease-purchase agreement bears an interest rate of 1.38%.

During fiscal year 2017, the District entered into lease-purchase agreements with Key Government Finance, Inc. to finance the renovation of the Beach School building. Lease payments made under the lease-purchase agreement have been reclassified and are reflected as debt service expenditures in the financial statements for the governmental funds. These expenditures are reported as function expenditures on the budgetary statements. The total amount of the lease-purchase is \$1,251,641. The lease-purchase agreement bears an interest rate of 3.50%.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 8 - LEASE-PURCHASE OBLIGATIONS - (Continued)

During fiscal year 2017, the District entered into lease-purchase agreements with Key Government Finance, Inc. to finance the renovation of the Beach School building. Lease payments made under the lease-purchase agreement have been reclassified and are reflected as debt service expenditures in the financial statements for the governmental funds. These expenditures are reported as function expenditures on the budgetary statements. The total amount of the lease-purchase is \$148,359. The lease-purchase agreement bears an interest rate of 3.50%.

During fiscal year 2018, the District entered into lease-purchase agreements with PNC Equipment Finance, LLC to finance the acquisition of computer and technology equipment. Lease payments made under the lease-purchase agreement have been reclassified and are reflected as debt service expenditures in the financial statements for the governmental funds. These expenditures are reported as function expenditures on the budgetary statements. The total amount of the lease-purchase is \$500,000. The lease-purchase agreement bears an interest rate of 2.87%.

During fiscal year 2018, the District entered into lease-purchase agreements with Key Government Finance, Inc. to finance the renovation of lighting, HVAC and acquisition of other equipment. Lease payments made under the lease-purchase agreement have been reclassified and are reflected as debt service expenditures in the financial statements for the governmental funds. These expenditures are reported as function expenditures on the budgetary statements. The total amount of the lease-purchase is \$2,500,000. The lease-purchase agreement bears an interest rate of 3.12%.

During fiscal year 2019, the District entered into lease-purchase agreements with PNC Equipment Finance, LLC to finance the acquisition of computer and technology equipment. Lease payments made under the lease-purchase agreement have been reclassified and are reflected as debt service expenditures in the financial statements for the governmental funds. These expenditures are reported as function expenditures on the budgetary statements. The total amount of the lease-purchase is \$345,422. The lease-purchase agreement bears an interest rate of 2.72%.

During fiscal year 2019, the District entered into lease-purchase agreements with Key Government Finance, Inc. to finance a high school stadium fence and roof renovations. Lease payments made under the lease-purchase agreement have been reclassified and are reflected as debt service expenditures in the financial statements for the governmental funds. These expenditures are reported as function expenditures on the budgetary statements. The total amount of the lease-purchase is \$290,000. The lease-purchase agreement bears an interest rate of 2.89%.

Capital assets consisting of computers, land improvements (field turf project), and CIP (stadium fence and roof renovations) have been capitalized, in part, based upon the District's individual item threshold of \$2,000. A corresponding liability is recorded in the government-wide financial statements. Principal and interest payments in fiscal year 2019 of \$599,866 and \$140,599, respectively, were paid by the general fund and the permanent improvement fund (a nonmajor governmental fund).

School Improvement Refunding Bonds - Series 2014

On December 30, 2014, the District issued \$28,250,000, in general obligation refunding bonds, which included \$11,040,000 in serial bonds and \$17,210,000 in term bonds with interest rates varying from 3.25 percent to 4.0 percent. The final stated maturity on the issue is December 1, 2044. Interest payments on the current interest bonds are due on June 1 and December 1 of each year. These bonds are paid from the bond retirement fund. Proceeds were used to current refund \$28,500,000 of the outstanding Series 2010 school improvement Build America Bonds (BABs).

The bonds were sold at a premium of \$837,902. Proceeds of \$28,786,310 (after the underwriting fees and other issuance costs) were deposited in an irrevocable trust with an escrow agent to provide for all future debt payments on the refunded Series 2010 school improvement BABs. As a result, \$28,500,000 of these bonds were considered defeased and the liability for the refunding portion of these bonds has been removed from the basic financial statements. As of June 30, 2019, the outstanding amount of the refunded bonds is \$28,250,000. A portion of the Series 2014 Refunding Bonds were advance refunded in fiscal year 2017 with the issuance of the Series 2017 Refunding Bonds described below.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 11 - LONG-TERM OBLIGATIONS - (Continued)

The reacquisition price exceeded the net carrying amount of the old debt by \$286,310. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is equal to the life of the new debt issued.

School Improvement Bonds - Series 2010

On September 28, 2010, the District issued \$42,900,000, in general obligation school improvement bonds, including \$3,140,000 in serial bonds, \$28,500,000 in term Build America Bonds (BABs) and \$11,260,000 in sinking fund Qualified School Construction Bonds (QSCBs). Proceeds from the bond issue were used to construct, renovate, remodel, add to, furnish, equip or otherwise improve school district buildings and facilities. The bonds were sold at a premium of \$443,449. Principal payments on the bonds are due December 1 or each year while interest payments are due on June 1 and December 1 of each year. Principal and interest payments are made from the bond retirement fund. During 2015, the District advance refunded the entire balance of the BABs, in the amount of \$28,500,000, through the issuance of the Series 2014 school improvement refunding bonds.

The serial bonds consist of current interest bonds, par value \$2,720,000, and capital appreciation bonds, par value \$420,000. The current interest serial bonds were issued for a seven year period with a final maturity at December 1, 2017. The serial bonds mature on December 1 in each year 2011 through 2017 and bear interest rates ranging from 1.0 percent to 4.0 percent. The serial bonds are not subject to redemption prior to maturity.

The capital appreciation bonds mature on December 1, 2027 at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date. The effective interest rate on the capital appreciation bonds is 6.305%. The accreted value at maturity for the capital appreciation bond is \$1,220,000. Total accreted interest of \$299,767 has been included in the statement of net position at June 30, 2019.

The QSCBs mature on December 1, 2026 in the amount of \$11,260,000. The QSCBs bear an interest rate of 5.068 percent. The District receives a direct payment subsidy from the United States Treasury equal to 100% of the lesser of the interest payments on the bonds or the federal tax credits that would otherwise have been available to the holders of the bonds. The District records this subsidy from the federal government in the bond retirement fund. The QSCBs are subject to optional redemption, on any date on or after December 31, 2020, and extraordinary optional redemption, at the sole discretion of the District, at a redemption price equal to 100% of the principal amount redeemed, plus accrued interest to the redemption date. On December 1 in each year 2020 through 2026, the District is required to make a mandatory deposit into a sinking fund that will provide for payment of the QSCBs upon maturity.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 11 - LONG-TERM OBLIGATIONS - (Continued)

The QSCBs are subject to mandatory sinking fund requirements on each December 1 as follows:

<u>Year</u>	<u>Mandatory Sinking Fund Requirement</u>
2019	\$ 1,205,000
2020	1,205,000
2021	1,205,000
2022	1,205,000
2023	1,205,000
2024	1,205,000
2025	1,205,000
2026	<u>1,200,000</u>
Total	<u>\$ 9,635,000</u>

The Bond Registrar Agreement provided for the creation of a separate escrow account (the “Sinking Fund Account”) as a separate deposit account in the custody of the Bond Registrar. Money in the Sinking Fund Account will be applied to the payment of the principal of the QSCBs at maturity. There will be deposited in the Sinking Fund Account the mandatory sinking fund requirements to be paid by the District to the Bond Registrar pursuant to the Bond proceedings in accordance with the schedule above.

The above Mandatory Sinking Fund Requirements will be gross funded. However, the District will receive as a credit against the amount of each such mandatory sinking fund requirement when due the amount by which the balance in the Sinking Fund Account on that payment date exceeds the sum of all mandatory sinking fund requirements for prior payment dates.

The Bond Registrar Agreement provides that money and investments in the Sinking Fund Account shall be irrevocably held in trust by the Bond Registrar for and pledged for the benefit, equally and ratably, of the owners of the QSCBs, and such money, together with any income or interest earned thereon, shall not be subject to levy or attachment or lien by or for the benefit of any other creditor of the District. The Bond Registrar shall use the money deposited in the Sinking Fund Account and all investment earnings thereon solely and exclusively to pay the principal of the QSCBs when due at maturity or redemption.

All money held in the Sinking Fund Account will be invested or reinvested by the Bond Registrar in obligations in which the Treasurer may deposit or invest interim money of the District in accordance with Section 135.14 of the Ohio Revised Code (ORC) and “active deposits” as defined in Section 135.01 of the ORC and that mature or are subject to redemption by and at the option of the holder not later than the date when the moneys, together with interest or other investment income accrued on those moneys, will be required for the payment of principal of the QSCBs.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 11 - LONG-TERM OBLIGATIONS - (Continued)

As of June 30, 2019, the District has made the following deposits to the Sinking Fund Account and the balance of the Sinking Fund Account at June 30, 2019 follows:

District Deposits to Sinking Fund Account	Balance of Sinking Fund Account	Excess
\$ 1,625,000	\$ 1,675,352	\$ 50,352

School Improvement Refunding Bonds - Series 2017

On March 15, 2017, the District issued general obligation bonds (Series 2017 Refunding Bonds) to advance refund the callable portion of the Series 2014 School Improvement Refunding Bonds (principal \$7,445,000; interest rate of 3.25% to 4.00%). Issuance proceeds of \$8,370,396 were used to purchase securities which were placed in an irrevocable trust to provide resources for all future debt service payments on the refunded debt. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position. The balance of the refunded bonds was \$7,445,000 at June 30, 2019.

The refunding issue is comprised of current interest bonds, par value \$7,440,000. The interest rate on the current interest bonds is 3.650%.

The reacquisition price exceeded the net carrying amount of the old debt (including unamortized deferred changes and unamortized premiums) by \$925,396. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is equal to the life of the new debt issued.

Payments of principal and interest relating to the Series 2017 refunding bonds are recorded as expenditures in the bond retirement fund. Interest payments on the current interest bonds are due on June 1 and December 1 each year. The final maturity stated in the issue is December 1, 2032.

Compensated Absences

Compensated absences will be paid from the fund which the employee is paid which, for the District, is primarily the general fund and the food service fund (a nonmajor governmental fund).

Lease-Purchase Obligations

The lease-purchase obligations will be repaid from the general fund and the permanent improvement fund (a nonmajor governmental fund). See Note 8 for further detail on the District's lease-purchase obligations.

Net Pension Liability

The District's net pension liability is described in Note 14. The District pays obligations related to employee compensation from the fund benefitting from their service which, for the District, is primarily the general fund.

2024	1,360,000	1,486,816	2,846,816	-	-	-
2025 - 2029	5,315,000	5,899,252	11,214,252	420,000	800,000	1,220,000
2030 - 2034	1,640,000	4,038,503	5,678,503	-	-	-
2035 - 2039	8,175,000	3,195,281	11,370,281	-	-	-
2040 - 2044	9,910,000	1,414,175	11,324,175	-	-	-
2045	2,220,000	41,625	2,261,625	-	-	-
Total	<u>\$ 36,120,000</u>	<u>\$ 22,193,736</u>	<u>\$ 58,313,736</u>	<u>\$ 420,000</u>	<u>\$ 800,000</u>	<u>\$ 1,220,000</u>

C. Legal Debt Margin

The Ohio Revised Code provides that voted net general obligation debt of the District shall never exceed 9% of the total assessed valuation of the District. The Code further provides that unvoted indebtedness shall not exceed 1/10 of 1% of the property valuation of the District. The Code additionally states that unvoted indebtedness related to energy conservation debt shall not exceed 9/10 of 1% of the property valuation of the District. The assessed valuation used in determining the District's legal debt margin has been modified by House Bill 530 which became effective March 30, 2006. In accordance with House Bill 530, the assessed valuation used in the District's legal debt margin calculation excluded tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, and personal property owned or leased by a railroad company and used in railroad operations. The effects of these debt limitations at June 30, 2019, are a voted debt margin of \$49.3 million (including available funds of \$3.5 million) and an unvoted debt margin of \$0.9 million.

NOTE 12 - COMPENSATED ABSENCES

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements, Board of Education policies and State laws. Teachers do not earn vacation. Support staff personnel assigned to work less than 240 days annually do not earn vacation. Support staff personnel assigned to work 240 days or more and managers earn annual vacation leave from 10 to 25 days, based on years of service. Administrators are entitled from 20 to 30 days of vacation leave annually, based on years of service or specific contractual terms. Administrators may not carry forward more than five vacation days, and those must be used by January 31st of the subsequent year.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019**

NOTE 12 - COMPENSATED ABSENCES – (Continued)

All regular employees earn sick leave at a rate of one and one-fourth days per month. Support staff personnel and managers employed by the District for a minimum of two years, and eligible to retire pursuant to State statute, are entitled to severance benefits based on accumulated sick leave and years of service.

Teachers who resign with ten or more years of service or those who meet the requirements of Ohio Revised Code Section 124.39 - Section B may choose between one of two plans for their severance payment. Each plan offers a varying percentage of their sick leave balance ranging between 20% and 33% of their accumulated but unused sick leave and some plans offer an additional payment depending upon their years of service ranging between \$600 and \$1,800 for each year. Teachers may choose between plans for which they are eligible.

Classified non-union employees, with two or more years and who meet the requirements of ORC Section 124.39, are eligible for severance payments equal to 33% of their accumulated but unused sick leave to a maximum of 75 days.

Classified executive non-union secretaries who have been employed by the District for 30 years or who have reached their first year of eligibility to retire under the School Employees Retirement System rules may choose between one of two plans for their severance payment. Each plan offers a varying percentage of their sick leave balance ranging between 75% and 80% of their accumulated but unused sick leave depending upon years of service. Each plan also offers an additional payment depending upon their years of service ranging between \$200 and \$300 for each year of service. Classified executive non-union secretaries may choose between plans for which they are eligible.

Classified union employees who have been employed by the District for at least two years and who meet the requirements of ORC Section 124.39 may choose between one of three plans for their severance payment. These plans offer a sick leave payment equal to either 33% or 60% of their accumulated but unused sick leave up to a maximum number of days depending upon the year of retirement and the plan chosen. In addition, employees with ten or more years of service are eligible for an additional payment depending upon their years of service ranging between \$50 and \$175 for each year of service with the District. Classified union employees may choose between plans for which they are eligible.

Administrators are eligible for severance payments equal to 33% of their accumulated but unused sick leave. Also, administrators will receive an amount equal to 30% of the administrator's current daily rate for each day of accumulated sick leave beyond 120 days as certified by the Treasurer's office. In addition, administrators shall receive a longevity payment equal to \$1,500 per year of employment as an administrator with the District if they retire.

NOTE 13 - RISK MANAGEMENT

A. Comprehensive

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For fiscal year 2019, the District contracted with various insurance companies through the Ohio Schools Council insurance program. Netherlands Insurance provides property, inland marine and crime insurance coverage. There is a \$10,000 deductible on building and contents, along with a \$1,000 deductible for employee dishonesty insurance with a \$500 deductible for forgery/alteration and computer fraud. The equipment breakdown coverage is provided by Liberty Mutual Fire Insurance Company. The coverage provides a \$200,000,000 limit and a \$1,000 deductible.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 13 - RISK MANAGEMENT - (Continued)

Netherland Insurance provides fleet and liability insurance. Automobile liability has a limit of \$1,000,000 per accident/occurrence and an equal amount of uninsured motorist coverage with a \$1,000 deductible for comprehensive and \$1,000 deductible for collision and replacement buses 10 years and newer. The general liability provides coverage with a limit of \$1,000,000 per occurrence. Coverage provided by these companies was as follows:

Building and Contents- replacement cost	\$ 132,299,234
Equipment Breakdown	200,000,000
Automobile Liability	1,000,000
General Liability:	
Per occurrence	1,000,000
General Aggregate	2,000,000
Umbrella	10,000,000
Commercial Excess	5,000,000
In Excess of Commercial Umbrella	10,000,000

B. Group Health, Prescription, Dental, Life and Vision Insurance

For fiscal year 2019, the District provided employee major medical, hospitalization and preventative care and prescription drug benefits through a self-insured program through the Suburban Health Consortium and administered by Medical Mutual of Ohio and Express Scripts, Inc. The Suburban Health Consortium (the "Consortium") is a legally separate entity organized under Ohio Revised Code Section 9.833 as a joint self-insurance pool (see Note 2.A.). The Consortium was established on October 1, 2001, formed by the Boards of Education of several school districts in northeast Ohio, for the purposes of maximizing benefits and reducing costs of group health, life, dental and/or other insurance coverage for their employees and the eligible dependents and designated beneficiaries of such employees.

The vast majority of the District's employees were covered by a PPO (preferred provider organization) plan with a co-insurance level of 90% subject to annual maximum amounts if they choose a network provider for services. The co-insurance level is 70% for non-network providers and is also subject to annual maximum amounts. The plan has a deductible of \$500 single/\$1,000 family for network services and \$1,000 single/\$2,000 family for non-network services. The deductible and co-insurance components, together, are subject to an annual out of pocket maximum amount. In addition, the plan required doctor's office, urgent care, emergency room and prescription drug co-pays. As of the plan year starting October 1, 2018, the District was responsible for 85% of the monthly funding rates (15% is employee portion of the funding rate contribution) of \$1,296.23 for family coverage and \$609.99 for single coverage for all full-time equivalent (FTE) staff. With the exception of OAPSE bargaining unit employees working 7 hours or greater, employees who are scheduled to work at a FTE below 1.0 but greater than 0.5 is eligible for this coverage, but they are required to pay the difference in premium based on the difference between 1.0 and their scheduled FTE on top of the aforementioned 15% employee premium contribution. The funding rate is generally paid by the fund that pays the salary for the employee.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019**

NOTE 13 - RISK MANAGEMENT - (Continued)

The District also offered a “minimum value plan” that is designed to comply with the affordability requirements of the Affordable Care Act (ACA) federal health insurance legislation. This plan offers lower monthly premiums, but has much higher deductibles and out-of-pocket limits for employees to meet. This plan was initially only offered to non-union employees starting in fiscal year 2016 as union contracts were already in place for bargaining unit members. However, based on union contract extensions that were agreed to with the District’s teaching union in April of 2016 and the District’s classified OAPSE union in May of 2016, this plan was available to all employees starting July 1, 2016.

The District also provides employee dental benefits through a fully insured insurance program administered by CoreSource through the OASIS Trust that offers different levels of coverage through two plan structures. One plan is based on UCR (usual, customary and reasonable) that offers a higher level of coverage than the other plan, which is a lower percentage level of UCR coverage as it is based upon network provider participation. These plans provide dental benefits with a \$50 family and \$25 single deductible per year. For fiscal year 2019, premium rates were \$111.23 for a family plan and \$33.40 for a single plan per employee per month for the “high” plan for all certificated, classified and administrative staff. The District is responsible for 60% of these premiums for all employees who choose this option with exception of administrators for whom the District pays 100% of these premiums, and tutors, who bear the entire cost of this coverage. The employee is responsible for the other 40%. For fiscal year 2019, premium rates were \$76.11 for a family plan and \$22.85 for a single plan per employee per month for the “low” plan for all certificated and classified staff who choose this option with exception of tutors who bear the entire cost of this coverage. The District is responsible for 80% of these premiums and the employee is responsible for the other 20% for all employees who choose this option. Any employee who is scheduled to work at a FTE below 1.0 but greater than 0.5 is eligible for this coverage, but they are required to pay the difference in premium based on the difference between 1.0 and their scheduled FTE on top of the 40% “high” plan/20% “low” plan employee premium contribution. The premium is generally paid by the fund that pays the salary for the employee.

A group life with accidental death and dismemberment insurance plan administered by CoreSource through the OASIS Trust is maintained for all employees who are scheduled to work at least a 0.5 FTE basis. The dollar amount of coverage ranges from \$30,000 - \$50,000 and is based on an employee’s position within the District. The entire premium cost of \$0.10 per \$1,000 of coverage per month is paid by the District. The Superintendent and Treasurer are covered for higher limits at comparable rates.

A group vision plan is also offered by the District to all employees through United Health Care. Employees who elect this coverage are responsible for 100% of the monthly premium.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 13 - RISK MANAGEMENT - (Continued)

C. Workers' Compensation Program

The District participates in the Ohio Schools Council Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool (Note 2.A.). The intent of the GRP is to achieve the benefits of a reduced premium for the District by virtue of its grouping and representation with other participants in the GRP. The worker's compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its worker's compensation premium to the State based on the rate for the GRP rather than its individual rate. Total savings is then calculated and each participant's individual performance is compared to the overall savings percentage of the GRP. A participant will then either receive money from or be required to contribute to the "equity pooling fund". This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria. The firm of Sheakley Uniservice, Inc. provides administrative, cost control and actuarial services to the GRP.

NOTE 14 - DEFINED BENEFIT PENSION PLANS

Net Pension Liability

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the District's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

The Ohio Revised Code limits the District's obligation for this liability to annually required payments. The District cannot control benefit terms or the manner in which pensions are financed; however, the District does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *pension and postemployment benefits payable* on both the accrual and modified accrual bases of accounting.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 14 - DEFINED BENEFIT PENSION PLANS - (Continued)

Plan Description - School Employees Retirement System (SERS)

Plan Description - The District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire after August 1, 2017
Full benefits	Age 65 with 5 years of services credit; or Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially reduced benefits	Age 60 with 5 years of service credit; or Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

* Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service; 2.2% for the first thirty years of service and 2.5% for years of service credit over 30. Final average salary is the average of the highest three years of salary.

Effective January 1, 2018, SERS cost-of-living adjustment (COLA) changed from a fixed 3% annual increase to one based on the Consumer Price Index (CPI-W) with a cap of 2.5% and a floor of 0%. SERS also has the authority to award or suspend the COLA, or to adjust the COLA above or below CPI-W. SERS suspended the COLA increases for 2018, 2019 and 2020 for current retirees, and confirmed their intent to implement a four-year waiting period for the state of a COLA for future retirees.

Funding Policy - Plan members are required to contribute 10% of their annual covered salary and the District is required to contribute 14% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10% for plan members and 14% for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2019, the allocation to pension, death benefits, and Medicare B was 13.5%. The remaining 0.5% of the employer contribution rate was allocated to the Health Care Fund.

The District's contractually required contribution to SERS was \$704,572 for fiscal year 2019. Of this amount, \$76,115 is reported as pension and postemployment benefits payable.

CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 14 - DEFINED BENEFIT PENSION PLANS - (Continued)

Plan Description - State Teachers Retirement System (STRS)

Plan Description - Licensed teachers participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS website at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307. The DB Plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation will be 2.2% of final average salary for the five highest years of earnings multiplied by all years of service. Effective July 1, 2017, the cost-of-living adjustment was reduced to zero. Members are eligible to retire at age 60 with five years of qualifying service credit, or age 55 with 26 years of service, or 31 years of service regardless of age. Eligibility changes will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 35 years of service credit and at least age 60.

The DC Plan allows members to place all their member contributions and 9.53% of the 14% employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.47% of the 14% employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12% of the 14% member rate goes to the DC Plan and the remaining 2% is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity after termination of employment at age 50 or later.

New members who choose the DC Plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit to apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 14 - DEFINED BENEFIT PENSION PLANS - (Continued)

Funding Policy - Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. For fiscal year 2019, plan members were required to contribute 14% of their annual covered salary. The District was required to contribute 14%; the entire 14% was the portion used to fund pension obligations. The fiscal year 2019 contribution rates were equal to the statutory maximum rates.

The District's contractually required contribution to STRS was \$2,715,609 for fiscal year 2019. Of this amount, \$466,200 is reported as pension and postemployment benefits payable.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the projected contributions of all participating entities.

Following is information related to the proportionate share and pension expense:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Proportion of the net pension liability prior measurement date	0.15382220%	0.16362292%	
Proportion of the net pension liability current measurement date	<u>0.14776650%</u>	<u>0.16423764%</u>	
Change in proportionate share	<u>-0.00605570%</u>	<u>0.00061472%</u>	
Proportionate share of the net pension liability	\$ 8,462,861	\$ 36,112,169	\$ 44,575,030
Pension expense	\$ 516,136	\$ 4,096,858	\$ 4,612,994

At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Deferred outflows of resources			
Differences between expected and actual experience	\$ 464,134	\$ 833,581	\$ 1,297,715
Changes of assumptions	191,110	6,399,758	6,590,868
Difference between District contributions and proportionate share of contributions/change in proportionate share	67,737	1,345,095	1,412,832
Contributions subsequent to the measurement date	<u>704,572</u>	<u>2,715,609</u>	<u>3,420,181</u>
Total deferred outflows of resources	<u>\$ 1,427,553</u>	<u>\$ 11,294,043</u>	<u>\$ 12,721,596</u>

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 14 - DEFINED BENEFIT PENSION PLANS - (Continued)

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Deferred inflows of resources			
Differences between expected and actual experience	\$ -	\$ 235,835	\$ 235,835
Net difference between projected and actual earnings on pension plan investments	234,482	2,189,804	2,424,286
Difference between District contributions and proportionate share of contributions/ change in proportionate share	<u>302,962</u>	<u>-</u>	<u>302,962</u>
Total deferred inflows of resources	<u>\$ 537,444</u>	<u>\$ 2,425,639</u>	<u>\$ 2,963,083</u>

\$3,420,181 reported as deferred outflows of resources related to pension resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2020.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Fiscal Year Ending June 30:			
2020	\$ 498,531	\$ 3,725,070	\$ 4,223,601
2021	36,645	2,623,832	2,660,477

Total	<u>\$ 185,537</u>	<u>\$ 6,152,795</u>	<u>\$ 6,338,332</u>

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 14 - DEFINED BENEFIT PENSION PLANS - (Continued)

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2018, are presented below:

Wage inflation	3.00%
Future salary increases, including inflation	3.50% to 18.20%
COLA or ad hoc COLA	2.50%, on and after April 1, 2018, COLA's for future retirees will be delayed for three years following commencement
Investment rate of return	7.50% net of investments expense, including inflation
Actuarial cost method	Entry age normal (level percent of payroll)

For 2018, the mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five-year age set-back for both males and females. Mortality among service retired members, and beneficiaries were based upon the RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates. Mortality among disabled members was based upon the RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement.

The most recent experience study was completed for the five year period ended June 30, 2015.

The long-term return expectation for the Pension Plan Investments has been determined using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes.

The target allocation and best estimates of arithmetic real rates of return for each major assets class are summarized in the following table:

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
Cash	1.00 %	0.50 %
US Equity	22.50	4.75
International Equity	22.50	7.00
Fixed Income	19.00	1.50
Private Equity	10.00	8.00
Real Assets	15.00	5.00
Multi-Asset Strategies	10.00	3.00
Total	<u>100.00 %</u>	

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 14 - DEFINED BENEFIT PENSION PLANS - (Continued)

Discount Rate - The total pension liability was calculated using the discount rate of 7.50%. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the long-term assumed investment rate of return (7.50%). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.50%, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.50%), or one percentage point higher (8.50%) than the current rate.

	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
District's proportionate share of the net pension liability	\$ 11,920,578	\$ 8,462,861	\$ 5,563,797

Actuarial Assumptions - STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the July 1, 2018, actuarial valuation are presented below:

	July 1, 2018
Inflation	2.50%
Projected salary increases	12.50% at age 20 to 2.50% at age 65
Investment rate of return	7.45%, net of investment expenses, including inflation
Payroll increases	3.00%
Cost-of-living adjustments (COLA)	0.0%, effective July 1, 2017

For the July 1, 2018, actuarial valuation, post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50% of rates through age 69, 70% of rates between ages 70 and 79, 90% of rates between ages 80 and 84, and 100% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90% of rates for males and 100% of rates for females, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the July 1, 2018 valuation are based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2016.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 14 - DEFINED BENEFIT PENSION PLANS - (Continued)

STRS Ohio's investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation**	Long Term Expected Real Rate of Return *
Domestic Equity	28.00 %	7.35 %
International Equity	23.00	7.55
Alternatives	17.00	7.09
Fixed Income	21.00	3.00
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
Total	<u>100.00 %</u>	

*10-Year geometric nominal returns, which include the real rate of return and inflation of 2.25% and does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

**The Target Allocation percentage is effective as of July 1, 2017. Target weights will be phased in over a 24-month period concluding on July 1, 2019.

Discount Rate - The discount rate used to measure the total pension liability was 7.45% as of June 30, 2018. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2018. Therefore, the long-term expected rate of return on pension plan investments of 7.45% was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2018.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following table presents the District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.45%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.45%) or one-percentage-point higher (8.45%) than the current rate:

	1% Decrease (6.45%)	Current Discount Rate (7.45%)	1% Increase (8.45%)
District's proportionate share of the net pension liability	\$ 52,737,070	\$ 36,112,169	\$ 22,041,447

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 15 - DEFINED BENEFIT OPEB PLANS

Net OPEB Liability/Asset

The net OPEB liability/asset reported on the statement of net position represents a liability/asset to employees for OPEB. OPEB is a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for OPEB is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net OPEB liability/asset represents the District's proportionate share of each OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each OPEB plan's fiduciary net position. The net OPEB liability/asset calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

The Ohio Revised Code limits the District's obligation for this liability to annually required payments. The District cannot control benefit terms or the manner in which OPEB are financed; however, the District does receive the benefit of employees' services in exchange for compensation including OPEB.

GASB 75 assumes the liability is solely the obligation of the employer, because they benefit from employee services. OPEB contributions come from these employers and health care plan enrollees which pay a portion of the health care costs in the form of a monthly premium. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. Any change to benefits or funding could significantly affect the net OPEB liability/asset. Resulting adjustments to the net OPEB liability/asset would be effective when the changes are legally enforceable. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net OPEB liability* or *net OPEB asset* on the accrual basis of accounting. Any liability for the contractually-required OPEB contribution outstanding at the end of the year is included in *pension and postemployment benefits payable* on both the accrual and modified accrual bases of accounting.

Plan Description - School Employees Retirement System (SERS)

Health Care Plan Description - The District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Comprehensive Annual Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 15 - DEFINED BENEFIT OPEB PLANS - (Continued)

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14% of covered payroll to the Health Care Fund in accordance with the funding policy. For fiscal year 2019, 0.5% of covered payroll was made to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2019, this amount was \$21,600. Statutes provide that no employer shall pay a health care surcharge greater than 2% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2019, the District's surcharge obligation was \$92,078.

The surcharge added to the allocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund. The District's contractually required contribution to SERS was \$118,173 for fiscal year 2019. Of this amount, \$94,897 is reported as pension and postemployment benefits payable.

Plan Description - State Teachers Retirement System (STRS)

Plan Description – The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. Medicare Part B premium reimbursements will be discontinued effective January 1, 2020. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14% of covered payroll. For the fiscal year ended June 30, 2019, STRS did not allocate any employer contributions to post-employment health care.

NOTE 15 - DEFINED BENEFIT OPEB PLANS - (Continued)

OPEB Liabilities/Assets, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability/asset was measured as of June 30, 2018, and the total OPEB liability/asset used to calculate the net OPEB liability/asset was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB liability/asset was based on the District's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Proportion of the net OPEB liability prior measurement date	0.15590980%	0.16362292%	
Proportion of the net OPEB liability/asset current measurement date	<u>0.15003030%</u>	<u>0.16423764%</u>	
Change in proportionate share	<u>-0.00587950%</u>	<u>0.00061472%</u>	
Proportionate share of the net OPEB liability	\$ 4,162,246	\$ -	\$ 4,162,246
Proportionate share of the net OPEB asset	\$ -	\$ (2,639,131)	\$ (2,639,131)
OPEB expense	\$ 147,848	\$ (5,716,562)	\$ (5,568,714)

At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Deferred outflows of resources			
Differences between expected and actual experience	\$ 67,942	\$ 308,255	\$ 376,197
Difference between District contributions and proportionate share of contributions/change in proportionate share		41,893	41,893

Actuarial Assumptions - SERS

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 15 - DEFINED BENEFIT OPEB PLANS - (Continued)

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2018, are presented below:

Wage inflation	3.00%
Future salary increases, including inflation	3.50% to 18.20%
Investment rate of return	7.50% net of investments expense, including inflation
Municipal bond index rate:	
Measurement date	3.62%
Prior measurement date	3.56%
Single equivalent interest rate, net of plan investment expense, including price inflation:	
Measurement date	3.70%
Prior measurement date	3.63%
Medical trend assumption:	
Medicare	5.375 to 4.75%
Pre-Medicare	7.25 to 4.75%

Mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and Scale BB, 120% of male rates and 110% of female rates. RP-2000 Disabled Mortality Table with 90% for male rates and 100% for female rates set back five years.

The most recent experience study was completed for the five year period ended June 30, 2015.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2010 through 2015, and was adopted by the Board on April 21, 2016. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.50%, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 15 - DEFINED BENEFIT OPEB PLANS - (Continued)

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class, as used in the June 30, 2015 five-year experience study, are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	1.00 %	0.50 %
US Equity	22.50	4.75
International Equity	22.50	7.00
Fixed Income	19.00	1.50
Private Equity	10.00	8.00
Real Assets	15.00	5.00
Multi-Asset Strategies	10.00	3.00
Total	<u>100.00 %</u>	

Discount Rate - The discount rate used to measure the total OPEB liability at June 30, 2018 was 3.70%. The discount rate used to measure total OPEB liability prior to June 30, 2018 was 3.63%. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the state statute contribution rate of 2.00% of projected covered employee payroll each year, which includes a 1.50% payroll surcharge and 0.50% of contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to become insufficient to make future benefit payments during the fiscal year ending June 30, 2026. Therefore, the long-term expected rate of return on OPEB plan assets was used to present value the projected benefit payments through the fiscal year ending June 30, 2025 and the Fidelity General Obligation 20-year Municipal Bond Index rate of 3.62%, as of June 30, 2018 (i.e. municipal bond rate), was used to present value the projected benefit payments for the remaining years in the projection. A municipal bond rate of 3.56% was used as of June 30, 2017. The total present value of projected benefit payments from all years was then used to determine the single rate of return that was used as the discount rate. The projection of future benefit payments for all current plan members was until the benefit payments ran out.

Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates - The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability of SERS, what SERS' net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.70%) and higher (4.70%) than the current discount rate (3.70%). Also shown is what SERS' net OPEB liability would be based on health care cost trend rates that are 1 percentage point lower (6.25% decreasing to 3.75%) and higher (8.25% decreasing to 5.75%) than the current rate.

	1% Decrease (2.70%)	Current Discount Rate (3.70%)	1% Increase (4.70%)
District's proportionate share of the net OPEB liability	\$ 5,050,558	\$ 4,162,246	\$ 3,458,869

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 15 - DEFINED BENEFIT OPEB PLANS - (Continued)

	1% Decrease (6.25 % decreasing to 3.75 %)	Current Trend Rate (7.25 % decreasing to 4.75 %)	1% Increase (8.25 % decreasing to 5.75 %)
District's proportionate share of the net OPEB liability	\$ 3,358,169	\$ 4,162,246	\$ 5,226,988

Actuarial Assumptions - STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the July 1, 2018, actuarial valuation, compared with July 1, 2017, are presented below:

	July 1, 2018		July 1, 2017
Inflation	2.50%		2.50%
Projected salary increases	12.50% at age 20 to 2.50% at age 65		12.50% at age 20 to 2.50% at age 65
Investment rate of return	7.45%, net of investment expenses, including inflation		7.45%, net of investment expenses, including inflation
Payroll increases	3.00%		3.00%
Cost-of-living adjustments (COLA)	0.00%		0.00%, effective July 1, 2017
Discounted rate of return	7.45%		N/A
Blended discount rate of return	N/A		4.13%
Health care cost trends			6 to 11% initial, 4.50% ultimate
	Initial	Ultimate	
Medical			
Pre-Medicare	6.00%	4.00%	
Medicare	5.00%	4.00%	
Prescription Drug			
Pre-Medicare	8.00%	4.00%	
Medicare	-5.23%	4.00%	

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Table with 50% of rates through age 69, 70% of rates between ages 70 and 79, 90% of rates between ages 80 and 84, and 100% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Table with 90% of rates for males and 100% of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2018 valuation are based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2016.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 15 - DEFINED BENEFIT OPEB PLANS - (Continued)

Assumption Changes Since the Prior Measurement Date - The discount rate was increased from the blended rate of 4.13% to the long-term expected rate of return of 7.45% based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB). Valuation year per capita health care costs were updated.

Benefit Term Changes Since the Prior Measurement Date - The subsidy multiplier for non-Medicare benefit recipients was increased from 1.90% to 1.944% per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased effective January 1, 2019 and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation**	Long Term Expected Real Rate of Return *
Domestic Equity	28.00 %	7.35 %
International Equity	23.00	7.55
Alternatives	17.00	7.09
Fixed Income	21.00	3.00
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
Total	<u>100.00 %</u>	

*10-Year geometric nominal returns, which include the real rate of return and inflation of 2.25% and does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

** The Target Allocation percentage is effective as of July 1, 2017. Target weights will be phased in over a 24-month period concluding on July 1, 2019.

Discount Rate - The discount rate used to measure the total OPEB asset was 7.45% as of June 30, 2018. A discount rate used to measure the total OPEB liability was 4.13% as of June 30, 2017. The projection of cash flows used to determine the discount rate assumes STRS Ohio continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on health care plan investments of 7.45% was used to measure the total OPEB asset as of June 30, 2018.

NOTE 15 - DEFINED BENEFIT OPEB PLANS - (Continued)

Sensitivity of the District's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate - The following table represents the net OPEB asset as of June 30, 2018, calculated using the current period discount rate assumption of 7.45%, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.45%) or one percentage point higher (8.45%) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

	1% Decrease (6.45%)	Current Discount Rate (7.45%)	1% Increase (8.45%)
District's proportionate share of the net OPEB asset	\$ 2,261,983	\$ 2,639,131	\$ 2,956,107
	1% Decrease	Current Trend Rate	1% Increase
District's proportionate share of the net OPEB asset	\$ 2,938,213	\$ 2,639,131	\$ 2,335,390

NOTE 16 - CONTINGENCIES

A. Grants

The District receives significant financial assistance from numerous federal, State and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the District. However, in the opinion of management, any such disallowed claims will not have a material effect on the financial position of the District.

B. Litigation

The District is party to legal proceedings pertaining to the District's construction projects. The District is withholding payment for certain vendors for non-performance or pending claims. District management believes that ultimate outcome of this litigation will result in either no further payments required or recovery of monies previously paid. Regardless, management is of the opinion that the ultimate outcome will not have a material effect, if any, on the financial condition of the District.

C. Foundation Funding

School District foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. The Ohio Department of Education (ODE) is legislatively required to adjust/reconcile funding as enrollment information is updated by schools throughout the State, which can extend past the fiscal year end. As of the date of this report, additional ODE adjustments for fiscal year 2019 are not finalized. As a result, the impact of future FTE adjustments on the fiscal year 2019 financial statements is not determinable, at this time. Management believes this may result in either an additional receivable to, or a liability of, the District.

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 17 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of GAAP, the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

The statement of revenue, expenditures and changes in fund balance - budget and actual (non-GAAP budgetary basis) presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues and other financing sources are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures and other financing uses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to assigned or committed fund balance for that portion of outstanding encumbrances not already recognized as an account payable (GAAP basis);
- (d) Advances-in and advances-out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis); and,
- (e) Some funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis).

The adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis for the general fund is as follows:

Net Change in Fund Balance

	<u>General Fund</u>
Budget basis	\$ (752,480)
Net adjustment for revenue accruals	1,735,436
Net adjustment for expenditure accruals	(506,494)
Net adjustment for other sources/uses	(58,162)
Funds budgeted elsewhere	36,863
Adjustment for encumbrances	653,132
GAAP basis	<u>\$ 1,108,295</u>

Certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. These includes unclaimed monies fund, the uniform school supplies fund, the Beach building fund, the building rotary fund and the public school support fund.

CUYAHOGA COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

NOTE 18 - SET-ASIDES

The District is required by State law to annually set-aside certain general fund revenue amounts, as defined by statutory formula, for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the year must be held in cash at fiscal year-end. This amount must be carried forward to be used for the same purpose in future years. Expenditures exceeding the set-aside requirement may not be carried forward to the next fiscal year.

The following cash-basis information describes the change in the fiscal year-end set-aside amount for capital improvements. Disclosure of this information is required by State statute.

	<u>Capital Improvements</u>
Set-aside balance June 30, 2018	\$ -
Current year set-aside requirement	463,524
Current year qualifying expenditures	<u>(952,168)</u>
Total	<u>\$ (488,644)</u>
Balance carried forward to fiscal year 2020	<u>\$ -</u>
Set-aside balance June 30, 2019	<u>\$ -</u>

NOTE 19 - TAX ABATEMENTS ENTERED INTO BY OTHER GOVERNMENTS

The City of Fairview Park has entered into property tax abatement agreements with property owners under the Ohio Community Reinvestment Area (“CRA”) program with the taxing districts of the District. The CRA program are directive incentive tax exemption programs benefiting property owners who renovate or construct new buildings. Under this program, the other governments designated areas to encourage revitalization of the existing housing stock and the development of new structures. The CRA agreement entered into by the City of Fairview Park resulted in the District’s property taxes being reduced by \$137,312 in fiscal year 2019. The District is not receiving any amounts from these other governments in association with the forgone property tax revenue.

NOTE 20 – SIGNIFICANT SUBSEQUENT EVENTS

On November 6, 2019, the District entered into an agreement with Linden House Associates LLC (the “Company”) to settle a dispute over the Company’s assessed value on land at 3303 Linden Road, Rocky River, Ohio. The Company agreed to pay the District \$104,547 for tax year 2017 and \$87,552 for tax year 2018 by December 1, 2019, an estimated amount of \$87,552 for tax year 2019 by March 1, 2020, and an estimated amount of \$87,552 for tax year 2020 by March 1, 2021.

On July 5, 2019, the District issued bus acquisition notes (manuscript notes) in the amount of \$194,365. The notes bear an interest rate of 2.00% and mature on July 3, 2020.

On August 9, 2019, the District issued bus acquisition notes (manuscript notes) in the amount of \$54,614.29. The notes bear an interest rate of 2.00% and mature on August 7, 2020.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

PENSION

SCHOOL EMPLOYEES RETIREMENT SYSTEM (SERS) OF OHIO

Changes in benefit terms: There were no changes in benefit terms from the amounts reported for fiscal years 2014-2017. For fiscal year 2018, SERS changed from a fixed 3% annual increase to a Cost of Living Adjustment (COLA) based on the changes in the Consumer Price Index (CPI-W), with a cap of 2.5% and a floor of 0%. There were no changes in benefit terms from the amounts previously reported for fiscal year 2019.

Changes in assumptions: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal years 2014-2016. For fiscal year 2017, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the assumed rate of inflation was reduced from 3.25% to 3.00%, (b) payroll growth assumption was reduced from 4.00% to 3.50%, (c) assumed real wage growth was reduced from 0.75% to 0.50%, (d) Rates of withdrawal, retirement and disability were updated to reflect recent experience, (e) mortality among active members was updated to RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females, (f) mortality among service retired members, and beneficiaries was updated to the following RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates, (g) mortality among disabled members was updated to RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement and (h) the discount rate was reduced from 7.75% to 7.50%. There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal years 2018-2019.

STATE TEACHERS RETIREMENT SYSTEM (STRS) OF OHIO

Changes in benefit terms: There were no changes in benefit terms from the amounts reported for fiscal years 2014-2017. For fiscal year 2018, STRS decreased the Cost of Living Adjustment (COLA) to zero. There were no changes in benefit terms from amounts previously reported for fiscal year 2019.

Changes in assumptions: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal years 2014-2017. For fiscal year 2018, the following changes of assumption affected the total pension liability since the prior measurement date: (a) the long term expected rate of return was reduced from 7.75% to 7.45%, (b) the inflation assumption was lowered from 2.75% to 2.50%, (c) the payroll growth assumption was lowered to 3.00%, (d) total salary increases rate was lowered by decreasing the merit component of the individual salary increases, in addition to a decrease of 0.25% due to lower inflation (e) the healthy and disabled mortality assumptions were updated to the RP-2014 mortality tables with generational improvement scale MP-2016 and (f) rates of retirement, termination and disability were modified to better reflect anticipated future experience. There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2019.

FOR THE FISCAL YEAR ENDED JUNE 30, 2019

OTHER POSTEMPLOYMENT BENEFITS (OPEB)

SCHOOL EMPLOYEES RETIREMENT SYSTEM (SERS) OF OHIO

Changes in benefit terms: There were no changes in benefit terms from the amounts previously reported for fiscal years 2017-2019.

Changes in assumptions: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2017. For fiscal year 2018, the following changes of assumptions affected the total OPEB liability since the prior measurement date: (a) assumed rate of inflation was reduced from 3.25% to 3.00%, (b) payroll growth assumption was reduced from 4.00% to 3.50%, (c) assumed real wage growth was reduced from 0.75% to 0.50%, (d) rates of withdrawal, retirement, and disability were updated to reflect recent experience, (e) mortality among active members was updated to the following: RP-2014 Blue Collar Mortality Table with fully generational projection and a five-year age set-back for both males and females, (f) mortality among service retired members, and beneficiaries was updated to the following: RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates, (g) mortality among disabled members was updated to the following: RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement, (h) the municipal bond index rate increased from 2.92% to 3.56% and (i) the single equivalent interest rate, net of plan investment expense, including price inflation increased from 2.98% to 3.63%. For fiscal year 2019, the following changes of assumptions affected the total OPEB liability since the prior measurement date: (a) the discount rate increased from 3.63% to 3.70%, (b) the health care cost trend rate for Medicare were changed from a range of 5.50%-5.00% to a range of 5.375%-4.75% and Pre-Medicare were changed from a range of 7.50%-5.00% to a range of 7.25%-4.75%, (c) the municipal bond index rate increased from 3.56% to 3.62% and (i) the single equivalent interest rate, net of plan investment expense, including price inflation increased from 3.63% to 3.70%.

STATE TEACHERS RETIREMENT SYSTEM (STRS) OF OHIO

Changes in benefit terms: There were no changes in benefit terms from the amounts previously reported for fiscal year 2017. For fiscal year 2018, STRS reduced the subsidy multiplier for non-Medicare benefit recipients from 2.1% to 1.9% per year of service. Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 2019. For fiscal year 2019, STRS increased the subsidy multiplier for non-Medicare benefit recipients from 1.9% to 1.944% per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased January 1, 2019 and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020.

Changes in assumptions: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2017. For fiscal year 2018, the following changes of assumption affected the total OPEB liability since the prior measurement date: (a) the discount rate was increased from 3.26% to 4.13% based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB), (b) the long term expected rate of return was reduced from 7.75% to 7.45%, (c) valuation year per capita health care costs were updated, and the salary scale was modified, (d) the percentage of future retirees electing each option was updated based on current data and the percentage of future disabled retirees and terminated vested participants electing health coverage were decreased and (e) the assumed mortality, disability, retirement, withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs. For fiscal year 2019, the following changes of assumptions affected the total OPEB liability since the prior measurement date: (a) the discount rate was increased from the blended rate of 4.13% to the long-term expected rate of return of 7.45% based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB) and (b) decrease in trend rates from 6.00%-11.00 initial; 4.50% ultimate down to Medical Pre-Medicare 6.00% and Medicare 5.00% initial; 4.00% ultimate and Prescription Drug Pre-Medicare 8.00% and Medicare (5.23%) initial; 4.00% ultimate.

ROCKY RIVER CITY SCHOOL DISTRICT

FUND DESCRIPTIONS - NONMAJOR SPECIAL REVENUE FUNDS

Special revenue funds are established to account for revenues from specific sources which legally, or otherwise, are restricted to expenditures for specific purposes. A description of the District's special revenue funds follows:

Food Service Fund

This fund accounts for the financial transactions related to the food service operations of the District.

Special Trust Fund

A fund used to account for the proceeds of specific revenue sources, except for state and federal grants that are legally restricted for specified purposes.

Other Grants Fund

A fund used to account for the proceeds of specific revenue sources, except for state and federal grants that are legally restricted for specified purposes.

District Managed Activity Fund

A fund provided to account for monies for those student activity programs which have student participation in the activity but do not have student management of the programs.

Auxiliary Services Fund

A fund provided to account for monies which provide services and materials to pupils attending non-public schools within the School District.

Data Communications Fund

A fund provided to account for money appropriated for Ohio Educational Computer Network Connections.

Miscellaneous State Grants Fund

This fund accounts for various monies received from state agencies which are not classified elsewhere.

Title VI-B Fund

A fund provided to account for federal monies used to assist schools in the identification of handicapped children, development of procedural safeguards, implementation of least restrictive alternative service patterns, and provision of full educational opportunities to handicapped children at the preschool, elementary, and secondary levels.

Title III Fund

A fund provided to account for federal monies used to assist the School District in meeting the special needs of children of limited English proficiency.

Title I Fund

To account for State of Ohio and federal grants that provide financial assistance to meet the special needs of educationally deprived children.

Preschool Disability Fund

To account for monies received for the improvement and expansion of services for handicapped children ages three through five years.

Title II-A Fund

To account for grant monies used for the hiring of additional teachers.

Miscellaneous Federal Grants Fund

To account for monies received from the federal government which are not classified elsewhere.

FUND DESCRIPTIONS - NONMAJOR SPECIAL REVENUE FUNDS - (Continued)

The following funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis). These funds are not included in the combining statements for the nonmajor special revenue funds since they are reported in the general fund (GAAP basis); however, the budgetary schedules for these funds are presented in this section.

Unclaimed Monies Fund

This fund accounts for the unclaimed monies within the District. These monies must be held for a period of time, after that time period passes, the monies may be returned to the general fund.

Uniform School Supplies Fund

This fund accounts for the purchase and sale of school supplies for use in the District. Profits derived from such sales are used for school purposes or activities connected with the school.

Building Rotary Fund

This fund accounts for curricular and related activities (e.g. field trips) within a school building that are paid for mainly by student fees.

Public School Support Fund

A fund provided to account for specific local revenue sources (i.e. profits from vending machines, sales of pictures, etc.), that are restricted to expenditures for specified purposes approved by board resolution. Such expenditures may include curricular and extra-curricular related purchases.

ROCKY RIVER CITY SCHOOL DISTRICT

FUND DESCRIPTION - NONMAJOR CAPITAL PROJECTS FUNDS

The capital projects funds accounts for financial resources to be used for the construction or acquisition of major capital facilities (other than those financed by proprietary funds and trust funds). A description of the District's nonmajor capital project funds follows:

Permanent Improvement Fund

A fund provided to account for all transactions related to the acquiring, construction, or improving of such permanent improvements.

Building Fund

This building fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays including the acquisition or construction of capital facilities or other capital assets.

ROCKY RIVER CITY SCHOOL DISTRICT

NONMAJOR INTERNAL SERVICE FUND - FUND DESCRIPTIONS

Internal Service Fund

An Internal Service Fund is used to account for the financing of services provided by one department to the other departments of the government or to other districts on a cost reimbursement basis.

Employee 125 Plan/Wellness Fund

This fund accounts for a flexible benefits plan offered to District employees, and for wellness benefits through the District's medical insurance.

CUYAHOGA COUNTY, OHIO
FUND DESCRIPTIONS - FIDUCIARY FUNDS**

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into two classifications: private purpose trust and agency funds. Private purpose trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. Agency funds are purely custodial (assets equal liabilities) and thus do not involve the measurement of results.

Private-Purpose Trust Fund

Special Trust Fund

A fund provided to account for monies set aside from endowments for scholarships for students enrolled in the District. The principal and income from such a fund may be expended.

Agency Funds

District Agency Fund

This fund accounts for Workers' Compensation premiums collected and remitted and for resources collected for various tournaments and remitted to the Ohio High School Athletic Association (OHSAA).

Student Managed Activities Fund

This fund accounts for those student activity programs which have student participation in the activity and have students involved in the management of the program.

ROCKY RIVER CITY SCHOOL DISTRICT

Cuyahoga County | Ohio

**ROCKY RIVER CITY SCHOOL DISTRICT
CUYAHOGA COUNTY, OHIO**

STATISTICAL SECTION

This part of the Rocky River City School District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.	170-181
Revenue Capacity These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.	182-189
Debt Capacity These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.	190-193
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	194-195
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.	196-207

Sources: Sources are noted on the individual schedules.

Source: School District records and Ohio Department of Education.

Note (1): During fiscal year 2014, the District fully implemented a new automated work order system, so 2014 forward reflects actual totals. In addition to processing these work orders, the facilities department processes numerous routine maintenance-type jobs as well as emergency requests that would not be tracked through a formal work order.

Note (2): The District does not operate a lunch program for its two elementary buildings, but does serve milk to students in these buildings.

Source: School District records.

Note: Year of original construction is in parentheses. Any increases in square footage and capacity are the result of new construction, renovations and additions.

Capacity is expressed in the estimated number of students a building is equipped to handle and is subject to changes in federal, state or local standards and programming as well as modifications to physical building characteristics as needed.

* Only a small portion of this building was being utilized for pre-kindergarten special education students through the 2004-2005 school year. This program was moved to Goldwood Primary School of the 2005-2006 school year. A portion of this building was leased out to a private pre-school through the 2011-2012 school year, but that lease has terminated as of 6/30/12. As of July 2011, the majority of this building is being utilized as the District's Board of Education/Administrative Offices in place of the previous location which was demolished as part of the District's construction and renovation project that commenced in 2010.

** This building has not been needed for pre-kindergarten through 12 educational purposes during the last 10 years and is currently being leased to the Cleveland Clinic Health System for use as a healthcare facility.

*** Enrollment reflected here does not include students who are outplaced due to special needs.
