INDEPENDENT ACCOUNTANTS' REPORT

Cardington-Lincoln Local School District
Morrow County
121 Nichols Street
Cardington, Ohio 43315

To the Board of Education:

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Cardington-Lincoln Local School District, Morrow County, Ohio (the District), as of and for the year ended June 30, 2012, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Cardington-Lincoln Local School District, Morrow County, Ohio, as of June 30, 2012, and the respective changes in financial position thereof and the respective budgetary comparisons for the General and Education Jobs funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated February 12, 2013, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

We conducted our audit to opine on the financial statements that collectively comprise the District's basic financial statements taken as a whole. The federal awards receipts and expenditure schedule provides additional information required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. The federal awards receipts and expenditure schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. This schedule was subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(UNAUDITED)**

The management's discussion and analysis of the Cardington-Lincoln Local School District's (the "District") financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2012. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the District's financial performance.

Financial Highlights

Key financial highlights for fiscal year 2012 are as follows:

- In total, net assets of governmental activities decreased \$1,302,274 which represents a 5.75% decrease from 2011.
- General revenues accounted for \$9,219,638 in revenue or 74.51% of all revenues. Program specific revenues in the form of charges for services and sales, grants and contributions accounted for \$3,153,806 or 25.49% of total revenues of \$12,373,444.
- The District had \$13,675,718 in expenses related to governmental activities; \$3,153,806 of these expenses was offset by program specific charges for services, grants or contributions. General revenues supporting governmental activities (primarily taxes and unrestricted grants and entitlements) of \$9,219,638 were not adequate to provide for these programs.
- The District has three major governmental funds, the general fund, bond retirement fund and the education jobs fund. The general fund had \$10,366,235 in revenues and \$10,681,558 in expenditures. During fiscal year 2012, the general fund's fund balance decreased \$315,323 from a balance of \$288,566 to a deficit of \$26,757.
- The bond retirement fund had \$434,998 in revenues and \$536,006 in expenditures. During fiscal year 2012, the bond retirement fund's fund balance decreased \$101,008 from \$1,235,594 to \$1,134,586.
- The education jobs fund had \$10,244 in revenues and \$392,142 in expenditures. During fiscal year 2012, the education jobs fund balance decreased \$381,898 from \$0 to a deficit of \$381,898.

Using the Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *statement of net assets* and *statement of activities* provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other nonmajor funds presented in total in one column.

Reporting the District as a Whole

Statement of Net Assets and the Statement of Activities

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2012?" The statement of net assets and the statement of activities answer this question. These statements include *all assets, liabilities, revenues and expenses* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting takes into accounts all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the District's *net assets* and changes in those assets. This change in net assets is important because it tells the reader that, for the District as a whole, the *financial position* of the District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

In the statement of net assets and the statement of activities, the governmental activities include the District's programs and services, including instruction, administration, operation and maintenance of plant, pupil transportation, extracurricular activities, and food service operations. The statement of net assets and statement of activities can be found on pages 13 and 14 of this report.

The government-wide financial statements include not only Cardington-Lincoln Local School District itself (known as the primary government), but also a legally separate community school district for which the District is financially accountable. Financial information for the component unit, Cardington-Lincoln Local Digital Academy, is reported separately from the financial information presented for the primary government itself.

Reporting the District's Most Significant Funds

Fund Financial Statements

The analysis of the District's major governmental funds begins on page 9. Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds. The District's major governmental funds are the general fund, bond retirement fund and education jobs fund.

Governmental Funds

Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial assets* that can readily be converted to cash. The governmental fund financial statements provide a detailed *short-term* view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental *activities* (reported in the statement of net assets and the statement of activities) and governmental *funds* is reconciled in the basic financial statements. The basic governmental fund financial statements can be found on pages 15-20.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(UNAUDITED)

Reporting the District's Fiduciary Responsibilities

The District is the trustee, or fiduciary, for its scholarship programs. This activity is presented as a private-purpose trust fund. The District also acts in a trustee capacity as an agent for individuals or other entities. These activities are reported in agency funds. All of the District's fiduciary activities are reported in separate statements of fiduciary net assets and changes in fiduciary net assets on pages 21 and 22. These activities are excluded from the District's other financial statements because the assets cannot be utilized by the District to finance its operations.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These notes to the basic financial statements can be found on pages 23-56 of this report.

The District as a Whole

Recall that the statement of net assets provides the perspective of the District as a whole. A comparative analysis has been provided.

The table below provides a summary of the District's net assets at June 30, 2012 and June 30, 2011.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(UNAUDITED)

Over time, net assets can serve as a useful indicator of a government's financial position. At June 30, 2012, the District's assets exceeded liabilities by \$21,337,510.

At year-end, capital assets represented 81.25% of total assets. Capital assets include land, land improvements, buildings and improvements, furniture and equipment, and vehicles. Capital assets, net of related debt to acquire the assets at June 30, 2012 were \$20,466,014. These capital assets are used to provide services to the students and are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

A portion of the District's net assets, \$1,800,355, represents resources that are subject to external restriction on how they may be used. The remaining balance of unrestricted net assets is a deficit of \$928,859.

The graph below presents the District's assets, liabilities and net assets at June 30, 2012 and June 30, 2011:

The table below shows the change in net assets for fiscal year 2012 and 2011.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(UNAUDITED)

The graph below presents the District's governmental activities revenue and expenses for fiscal year 2012 and 2011:

Governmental Activities - Revenues and Expenses

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State grants and entitlements.

Governmental Activities

The dependence upon tax and other general revenues for governmental activities is apparent, 71.30% of instruction activities are supported through taxes and other general revenues. For all governmental activities, general revenues would support 76.94% of the total expenditures. The District's taxpayers and unrestricted grants and entitlements are by far the primary support for District's students.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(UNAUDITED)

The graph below presents the District's governmental activities revenue for fiscal year 2012 and 2011.

Governmental Activities - General and Program Revenues

The District's Funds

The District's governmental funds reported a combined fund balance of \$1,207,832, which is lower than last year's total of \$2,067,568. The schedule below indicates the fund balance and the total change in fund balance as of June 30, 2012 and 2011.

| | Fund Balance (Deficits) <u>June 30, 2012</u> | Fund Balance <u>June 30, 2011</u> | Increase/ (Decrease) | Percentage Change |
|--------------------|----------------------------------------------------|--------------------------------------|-------------------------|----------------------|
| General | \$ (26,757) | \$ 288,566 | \$ (315,323) | (109.27) % |
| Bond retirement | 1,134,586 | 1,235,594 | (101,008) | (8.17) % |
| Education jobs | (381,898) | - | (381,898) | (100.00) % |
| Other governmental | <u>481,901</u> | <u>543,408</u> | <u>(61,507)</u> | (11.32) % |
| Total | <u>\$ 1,207,832</u> | <u>\$ 2,067,568</u> | <u>\$ (859,736)</u> | (41.58) % |

General Fund

The District's general fund balance decreased \$315,323. The decrease can be attributed to a decrease in tuition revenue and in earnings on investments from the prior year as well as an increase in support services expenditures.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(UNAUDITED)

The table that follows assists in illustrating the financial activities and fund balances of the general fund:

| | <u>2012</u> <u>Amount</u> | <u>2011</u> <u>Amount</u> | <u>Increase/</u> <u>(Decrease)</u> | <u>Percentage</u> <u>Change</u> |
|----------------------------|------------------------------|------------------------------|---------------------------------------|------------------------------------|
| <u>Revenues</u> | | | | |
| Property taxes | \$ 2,151,079 | \$ 2,143,584 | \$ 7,495 | 0.35 % |
| Tuition | 602,356 | 676,814 | (74,458) | (11.00) % |
| Earnings on investments | 1,061 | 5,442 | (4,381) | (80.50) % |
| Intergovernmental | 7,332,861 | 7,128,839 | 204,022 | 2.86 % |
| Other revenues | 155,972 | 76,960 | 79,012 | 102.67 % |
| Payment in lieu of taxes | <u>122,906</u> | <u>130,835</u> | <u>(7,929)</u> | (6.06) % |
| Total | <u>\$ 10,366,235</u> | <u>\$ 10,162,474</u> | <u>\$ 203,761</u> | 2.01 % |
| | | | | |
| | <u>2012</u> <u>Amount</u> | <u>2011</u> <u>Amount</u> | <u>Increase/</u> <u>(Decrease)</u> | <u>Percentage</u> <u>Change</u> |
| <u>Expenditures</u> | | | | |
| Instruction | \$ 6,834,436 | \$ 6,923,757 | \$ (89,321) | (1.29) % |
| Support services | 3,689,086 | 3,232,798 | 456,288 | 14.11 % |
| Non-instructional services | 3,515 | 3,120 | 395 | 12.66 % |
| Extracurricular activities | <u>154,521</u> | <u>187,977</u> | <u>(33,456)</u> | (17.80) % |
| Total | <u>\$ 10,681,558</u> | <u>\$ 10,347,652</u> | <u>\$ 333,906</u> | 3.23 % |

Overall revenues of the general fund increased \$203,761 or 2.01%. Tax revenue increased \$7,495 from the prior year. This increase was attributable to the amount of taxes collected and available to the District as an advance at fiscal year end. The amount of tax advances available from the county auditor can vary depending upon when tax bills are mailed. The decrease in earnings on investment of \$4,381 is due to normal decreases in rates and the amount of investments. Tuition revenues decreased due to a decrease in open enrollment in fiscal year 2012. Other revenues increased because of an increase in reimbursements from the Cardington Digital Academy.

Overall expenditures of the general fund increased \$333,906 or 3.23%. The most significant increase was in the area of support services. Support services increased \$456,288 due to the District no longer receiving State Fiscal Stabilization Funds (SFSF). These expenditures were previously reported in a nonmajor special revenue fund but the activity was moved back to the general fund in fiscal year 2012.

Bond Retirement Fund

The District's bond retirement fund, had \$434,998 in revenues and \$536,006 in expenditures. During fiscal year 2012, the bond retirement fund's fund balance decreased \$101,008 from \$1,235,594 to \$1,134,586.

Education Jobs Fund

The District's education jobs fund, had \$10,244 in revenues and \$392,142 in expenditures. During fiscal year 2012, the education jobs fund's fund balance decreased \$381,898 from \$0 to a deficit of \$381,898. The District has an intergovernmental receivable that will alleviate this deficit once funds are received.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012
(UNAUDITED)

General Fund Budgeting Highlights

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the general fund.

During the course of fiscal year 2012, the original budgeted revenues and other financing sources of \$10,205,708 were \$176,126 less than the final budgeted revenues and other financing sources of \$10,381,834. Actual revenues and other financing sources for fiscal 2012 were \$10,304,244. This represents a \$77,590 decrease from final budgeted revenues.

General fund original appropriations and other financing uses totaled \$11,119,517, which were \$103,723 more than final appropriations and other financing uses of 11,015,794. The actual budget basis expenditures uses for fiscal year 2012 totaled \$10,574,819, which is \$440,975 less than the final budgeted appropriations.

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal year 2012, the District had \$24,156,008 invested in land, land improvements, buildings and improvements, furniture and equipment and vehicles. This entire amount is reported in governmental activities.

The following table shows June 30, 2012 balances compared to June 30, 2011:

**Capital Assets at June 30
(Net of Depreciation)**

| | Governmental Activities | |
|---------------------------|-------------------------|---------------|
| | 2012 | 2011 |
| Land | \$ 279,100 | \$ 279,100 |
| Land improvements | 1,036,461 | 1,143,924 |
| Building and improvements | 22,449,323 | 23,568,913 |
| Furniture and equipment | 261,789 | 281,107 |
| Vehicles | 129,335 | 76,934 |
| Total | \$ 24,156,008 | \$ 25,349,978 |

The overall decrease in capital assets of \$1,193,970 is due to current year depreciation expense of \$1,291,376 and additions during the current year of \$97,406.

See Note 8 to the basic financial statements for additional information on the District's capital assets.

Debt Administration

At June 30, 2012, the District had \$4,218,363 in general obligation bonds outstanding. Of this total, \$387,310 is due within one year and \$3,831,053 is due in more than one year.

See Note 9 to the basic financial statements for additional information on the District's debt administration.

Current Financial Related Activities

Funding

The District received 70% of its operating revenues through the state foundation formula for school funding. The state's biennium for fiscal year 2012 will provide funding to the District as unrestricted funds and restricted funds. From 1998 to 2011, local property values have increased \$38,930,016. This increase represents a shift in revenues to the District of less state funding and more local dependence on property tax collections. There has also been a significant shift of valuation from Commercial/Industrial to Residential/Agriculture due to the change in law regarding the valuation of CAUV agriculture valuations. The District's last levy that provided additional operating funds to the District was passed in 1986.

Budget

72% of the general fund budget is expended for employee wages and fringe benefits. The District also contracts for some personal services through purchased serviced contracts that are in addition to the wages and fringe benefits costs. In the most recent preceding years, the District has been able to successfully manage the rising cost of health insurance premiums to keep renewal premium increases around 6%. However, the unknown nature of the insurance industry makes us very cautious when planning for the future. During fiscal year 2011, the District enacted a reduction-in-force of employees to maintain a projected positive cash balance for fiscal year ending 2012. These reductions of expenditures included staff wages and related fringe benefits.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact Mr. Scott Osborne, Cardington-Lincoln Local School District, 121 Nichols Street, Cardington, Ohio 43315-1121.

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012**

NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT

The Cardington-Lincoln Local School District (the "District") is located primarily in Morrow (and serves a small portion of Marion) County and includes the Village of Cardington and Lincoln Township. The District serves an area of approximately 85 square miles.

The District was established in 1840 through the consolidation of existing land areas and school districts. The District is organized under Sections 2 and 3, Article VI of the Constitution of the State of Ohio. Under such laws, there is no authority for a school district to have a charter or adopt local laws. The legislative power of the school district is vested in the Board of Education, consisting of five members elected at large for staggered four year terms.

The District ranks as the 428th largest by enrollment among the 918 public school districts and community schools in the State and the 3rd largest in Morrow County. It currently operates 1 elementary school, 1 middle school, and 1 comprehensive high school. The District employs 51 non-certified, 80 certified employees and 5 administrators to provide services to approximately 1,213 students in grades K through 12 and various community groups.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District also applies Financial Accounting Standards Board (FASB) guidance issued on or before November 30, 1989, to its governmental activities provided it does not conflict with or contradict GASB pronouncements. The District's significant accounting policies are described below.

A. Reporting Entity

The reporting entity has been defined in accordance with GASB Statement No. 14, "The Financial Reporting Entity" as amended by GASB Statement No. 39, "Determining Whether Certain Organizations Are Component Units". The reporting entity is composed of the primary government and component units. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the District, this includes general operations, food service and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's Governing Board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; or (3) the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Certain organizations are also included as component units if the nature and significance of the relationship between the primary government and the organization is such that exclusion by the primary government would render the primary governments financial statements incomplete or misleading. Based upon the application of these criteria, the District has one component unit.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The following organizations are described due to their relationship to the District:

DISCRETELY PRESENTED COMPONENT UNIT

Cardington-Lincoln Local Digital Academy

The Cardington Digital Academy (the "Academy") is a non-profit 501(c)(3) corporation established pursuant to Ohio Revised Code Chapters 3314 and 3314.03 to establish a conversion school in Cardington-Lincoln Local School District addressing the needs of students in kindergarten through the twelfth grade. The Academy is designed for students who have a desire for, and whose education can be optimized by, a program of online instruction in an independent environment. Because the focus is on distance learning, the ability of students to learn independently in their own homes using an online educational program is an essential element of the Academy's program. The Academy operates under the direction of a five-member Board of Directors. The District is able to impose its will upon the operations for the Academy; therefore, the financial activity of the Academy is presented as a discretely presented component unit of the District. Separately issued financial statements can be obtained from the Treasurer of the Academy, Scott Osborne at 121 Nichols Street, Cardington, Ohio 43315-1121.

JOINTLY GOVERNED ORGANIZATIONS

Tri-Rivers Educational Computer Association (TRECA)

TRECA is a jointly governed organization among 36 school districts. TRECA was formed for the purpose of applying modern technology (with the aid of computers and other electronic equipment) to the administrative and instructional functions of member districts. Each of the governments of these schools supports TRECA based upon a per pupil charge, dependent upon the software package utilized. TRECA is governed by a Board of Directors consisting of superintendents of the member school districts. The degree of control exercised by any participating school district is limited to its representation on the Board. In the event of the dissolution of TRECA, all current members will share in net obligations or asset liquidations in a ratio proportionate to their last twelve months' financial contributions. Financial information is available from Mike Carder, Chief Executive Officer, at 100 Executive Drive, Marion, Ohio 43302. During fiscal year 2012, the District paid \$39,294 to TRECA for its services.

Tri-Rivers Career Center

The Tri-Rivers Career Center (the "Center") is a distinct political subdivision of the State of Ohio. The Center operates under the direction of a Board consisting of one representative from each of the participating school district's Board of Education, one representative from the Mid-Ohio Educational Service Center and three representatives from the North Central Ohio Educational Service Center. The Center Board of Education possesses its own budgeting and taxing authority. Financial information is available from Steve Earnest, Treasurer, at 2222 Marion-Mt. Gilead Road, Marion, Ohio 43302.

Cardington-Lincoln Joint Recreation Board

The District and the Village of Cardington participate in a Joint Recreation Board, created under the provisions of Ohio Revised Code, Sections 755.12 to 755.18. The Joint Recreation Board consists of two representatives from each participant, and one appointed by the four members. The degree of control exercised by the District is limited to its representation on the Board. Financial information is available from the Treasurer, P.O. Box 10, Cardington, Ohio 43315.

RELATED ORGANIZATION

Cardington-Lincoln School District Public Library

The Cardington-Lincoln School District Public Library is a distinct subdivision of the State of Ohio, created under Chapter 3375 of the Ohio Revised Code. The Library is governed by a Board of Trustees appointed by the Cardington-Lincoln School District Board of Education. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel and does not depend on the District for operational subsidies. Although the District does serve as the taxing authority for the Library, its role is limited to a ministerial function. The determination to request approval of a tax, including its rate and the purpose, are discretionary decisions made solely by the Board of Trustees. Financial information is available from the Cardington Public Library, Clerk/Treasurer, at 128 East Main Street, Cardington, Ohio 44315.

INSURANCE PURCHASING POOLS

Ohio School Boards Association and Ohio Association of School Business Officials Workers' Compensation Group Rating Plan

The District participates in a group rating plan for workers' compensation as established under Section 4123.29 of the Ohio Revised Code. The Workers' Compensation Group Rating Plan (GRP) was established through the Ohio School Boards Association (OSBA) and Ohio Association of School Business Officials (OASBO) as a group purchasing pool.

B. Fund Accounting

The District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary. The District does not have any proprietary funds.

GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance.

The following are the District's major governmental funds:

General fund - The general fund is used to account for and report all financial resources not accounted for and reported in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

Bond retirement fund - This fund is used to account for the accumulation of resources and payment of general obligation bond principal and interest and certain long-term obligations from governmental resources when the government is obligated in some manner for payment.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Education jobs fund - The education jobs fund is used to provide compensation and benefits and other expenses, such as support services, necessary to retain existing employees, to recall or rehire former employees, and to hire new employees, in order to provide early childhood, elementary or secondary educational and related services.

Other governmental funds of the District are used to account for (a) financial resources that are restricted, committed, or assigned to expenditures for capital outlays including the acquisition or construction of capital facilities and other capital assets and (b) specific revenue sources that are restricted or committed to an expenditure for specified purposes other than debt service or capital projects.

FIDUCIARY FUNDS

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. The District's only trust fund is a private-purpose trust which accounts for scholarship programs for students. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The District's agency fund accounts for student activities.

C. Basis of Presentation and Measurement Focus

Government-wide Financial Statements - The statement of net assets and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government and its component unit, except for fiduciary funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the governmental activities of the District. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include amounts paid by the recipient of goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues of the District.

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the District are included on the statement of net assets.

Fund Financial Statements - Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column and all nonmajor funds are aggregated into one column. Fiduciary funds are reported by fund type.

**CARDINGTON-LINCOLN LOCAL SCHOOL DISTRICT
MORROW COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The private-purpose trust fund is reported using the economic resources measurement focus. Agency funds do not report a measurement focus as they do not report operations.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Fiduciary funds also use the accrual basis of accounting.

Revenues - Exchange and Nonexchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 6).

Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year end: property taxes available as an advance, interest, tuition, grants, student fees and rentals.

Unearned Revenue and Deferred Revenue - Unearned revenue and deferred revenue arise when assets are recognized before revenue recognition criteria have been satisfied.

**CARDINGTON-LINCOLN LOCAL SCHOOL DISTRICT
MORROW COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Property taxes for which there is an enforceable legal claim as of June 30, 2012, but which were levied to finance fiscal year 2013 operations, and other revenues received in advance of the fiscal year for which they are intended to finance, have been recorded as unearned revenue. Grants and entitlements received before the eligibility requirements are met and delinquent property taxes due at June 30, 2012 are recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have been reported as deferred revenue.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred. The entitlement value of donated commodities used during the year is reported in the statement of revenues, expenditures and changes in fund balances as an expenditure with a like amount reported as intergovernmental revenue.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgets

The District is required by State statute to adopt an annual appropriated cash basis budget for all funds, except agency funds. The specific timetable for fiscal year 2012 is as follows:

1. Prior to January 15, the Superintendent and Treasurer submit to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing for all funds. Public hearings are publicized and conducted to obtain taxpayers' comments. The purpose of this budget document is to reflect the need for existing (or increased) tax rates.
2. By no later than January 20, the Board-adopted budget is filed with the Morrow County Budget Commission for tax rate determination.
3. Prior to April 1, the Board of Education accepts, by formal resolution, the tax rates as determined by the Budget Commission and receives the Commission's certificate of estimated resources which states the projected revenue of each fund. Prior to June 30, the District must revise its budget so that total contemplated expenditures from any fund during the ensuing year will not exceed the amount stated in the certificate of estimated resources. The revised budget then serves as a basis for the appropriation measure. On or about July 1, the certificate of estimated resources is amended to include any unencumbered balances from the preceding year as reported by the District Treasurer. The certificate of estimated resources may be further amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The budget figures, as shown in the accompanying budgetary statement, reflect the amounts set forth in the original and final certificates of estimated resources issued for fiscal year 2012.

**CARDINGTON-LINCOLN LOCAL SCHOOL DISTRICT
MORROW COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

4. By July 1, the annual appropriation resolution is legally enacted by the Board of Education at the fund level of expenditures, which is the legal level of budgetary control. State statute permits a temporary appropriation to be effective until no later than October 1 of each year. Although the legal level of budgetary control was established at the fund level of expenditures, the District has elected to present the general fund budgetary statement comparison at the fund and function level. Resolution appropriations by fund must be within the estimated resources as certified by the County Budget Commission and the total of expenditures may not exceed the appropriation totals.
5. Any revisions that alter the total of any fund appropriation must be approved by the Board of Education.
6. Formal budgetary integration is employed as a management control device during the year for all funds consistent with the general obligation bond indenture and other statutory provisions. All funds completed the year within the amount of their legally authorized cash basis appropriation.
7. Appropriation amounts are as originally adopted, or as amended by the Board of Education through the year by supplemental appropriations, which either reallocated or increased the original appropriated amounts. All supplemental appropriations were legally enacted by the Board prior to June 30, 2012. The budget figures, as shown in the accompanying budgetary statement, reflect the original and final appropriation amounts including all amendments and modifications.
8. Unencumbered appropriations lapse at year end. Encumbered appropriations are carried forward to the succeeding fiscal year and need not be reappropriated. Expenditures may not legally exceed budgeted appropriations at the fund level.

F. Cash and Investments

To improve cash management, cash received by the District is pooled in a central bank account. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the District's records. Each fund's interest in the pool is presented as "equity in pooled cash and cash equivalents" on the basic financial statements.

Under existing Ohio statutes all investment earnings are assigned to the general fund unless statutorily required to be credited to a specific fund or the Board of Education has, by resolution, specified the funds to receive an allocation of interest. Interest revenue credited to the general fund during fiscal year 2012 amounted to \$1,061, which includes \$756 assigned from other funds.

For presentation on the basic financial statements, investments of the cash management pool with original maturities of three months or less at the time they are purchased by the District are considered to be cash equivalents.

**CARDINGTON-LINCOLN LOCAL SCHOOL DISTRICT
MORROW COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

G. Inventory

On government-wide and fund financial statements, purchased inventories are presented at the lower of cost or market and donated commodities are presented at their entitlement value. Inventories are recorded on a first-in, first-out basis and are expensed when used. Inventories are accounted for using the consumption method.

On the fund financial statements, reported material and supplies inventory is equally offset by a nonspendable fund balance in the governmental funds which indicates that it does not constitute available spendable resources even though it is a component of net current assets.

Inventory consists of expendable supplies held for consumption, donated food and purchased food.

H. Capital Assets

General capital assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets, but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and deductions during the year. Donated capital assets are recorded at their fair market values as of the date received. The District maintains a capitalization threshold of \$5,000. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. The District does not possess infrastructure.

All reported capital assets except land are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

| Description | Governmental Activities Estimated Lives |
|----------------------------|-----------------------------------------------|
| Land improvements | 20 years |
| Buildings and improvements | 20 - 50 years |
| Furniture and equipment | 5 - 20 years |
| Vehicles | 6 - 15 years |

I. Interfund Balances

On fund financial statements, receivables and payables resulting from negative cash balances at June 30 are classified as "due to/from other funds." These amounts are eliminated in the governmental activities column on the statement of net assets.

J. Compensated Absences

Compensated absences of the District consist of vacation leave and sick leave to the extent that payments to the employee for these absences are attributable to services already rendered and are not contingent on a specific event that is outside the control of the District and the employee.

In accordance with the provisions of GASB Statement No. 16, “Accounting for Compensated Absences”, a liability for vacation leave is accrued if a) the employees’ rights to payment are attributable to services already rendered; and b) it is probable that the employer will compensate the employees for the benefits through paid time off or other means, such as cash payment at termination or retirement. An accrual for earned sick leave is made to the extent that it is probable that the benefits will result in termination (severance) payments. A liability for sick leave is accrued using the vesting method; i.e., the liability is based on the sick leave accumulated at June 30, 2012, by those employees who are currently eligible to receive termination (severance) payments, as well as those employees expected to become eligible in the future. For purposes of establishing a liability for sick leave on employees expected to become eligible to retire in the future, all employees with at least ten years of service were considered expected to become eligible to retire in accordance with GASB Statement No. 16.

The total liability for vacation and sick leave payments has been calculated using pay rates in effect at June 30, 2012 and reduced to the maximum payment allowed by labor contract and/or statute, plus any applicable additional salary related payments.

The entire compensated absence liability is reported on the government-wide financial statements.

For governmental fund financial statements, the current portion of unpaid compensated absences is the amount expected to be paid using expendable available resources. These amounts are recorded in the account “compensated absences payable” in the fund from which the employees who have accumulated unpaid leave are paid. The noncurrent portion of the liability is not reported.

K. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences and claims and judgments that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds and loans are recognized as a liability on the fund financial statements when due.

L. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable.

Restricted - Fund balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the District Board of Education (the highest level of decision making authority). Those committed amounts cannot be used for any other purpose unless the District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted nor committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of the District Board of Education, which includes giving the Treasurer the authority to constrain monies for intended purposes.

Unassigned - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The District applies restricted resources first when expenditures are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund balance is available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

M. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consist of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The amount restricted for other purposes includes amounts that are restricted for the District trust fund.

The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

N. Prepayments

Certain payments to vendors reflect the costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. These items are reported as assets on the balance sheet using the consumption method. A current asset for the prepaid amounts is recorded at the time of the purchase and the expenditure/expense is reported in the year in which services are consumed. The District had no prepayments at June 30, 2012.

O. Estimates

The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

P. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the basic financial statements.

Q. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during fiscal year 2012.

R. Budget Stabilization Arrangement

The District has established a budget stabilization reserve in accordance with authority established by State law. Additions to the budget stabilization reserve can only be made by formal resolution of the Board of Education. Expenditures out of the budget stabilization reserve can only be made to offset future budget deficits. At June 30, 2012, the balance in the budget stabilization reserve was \$117,505. This amount is included in unassigned fund balance of the general fund and in unrestricted net assets on the statement of net assets.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Change in Accounting Principles

For fiscal year 2012, the District has implemented GASB Statement No. 57, "OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans", and GASB Statement No. 64, "Derivative Instruments: Application of Hedge Accounting Termination Provisions - an Amendment of GASB Statement No. 53".

GASB Statement No. 57 addresses issues related to the use of the alternative measurement method and the frequency and timing of measurements by employers that participate in agent multiple-employer other postemployment benefit (OPEB) plans. The implementation of GASB Statement No. 57 did not have an effect on the financial statements of the District.

GASB Statement No. 64 clarifies the circumstances in which a hedge accounting should continue when a swap counterparty, or a swap counterparty's credit support provider, is replaced. The implementation of GASB Statement No. 64 did not have an effect on the financial statements of the District.

B. Deficit Fund Balances

Fund balances at June 30, 2012 included the following individual fund deficits:

| <u>Major funds</u> | <u>Deficit</u> |
|------------------------------------|----------------|
| General | \$ 26,757 |
| Education jobs | 381,898 |
| <u>Nonmajor funds</u> | |
| Food service | 34,593 |
| Vocational educational enhancement | 9 |
| Race to the top | 4,640 |
| IDEA Part-B | 46,547 |
| Title I | 56,634 |
| Improving teacher quality | 23,842 |

The general fund is liable for any deficits in these funds and provides transfers when cash is required, not when accruals occur. The deficit fund balances resulted from adjustments for accrued liabilities.

**NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE 4 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in items (1) and (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasury Asset Reserve of Ohio investment pool (STAR Ohio);
7. Certain banker's acceptance and commercial paper notes for a period not to exceed one hundred eighty days from the purchase date in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and,
8. Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies.

MORROW COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Deposits with Financial Institutions

At June 30, 2012, the carrying amount of all District deposits was \$2,126,544. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of June 30, 2012, \$1,787,861 of the District's bank balance of \$2,165,336 was exposed to custodial credit risk as discussed below, while \$377,475 was covered by the FDIC.

Custodial credit risk is the risk that, in the event of bank failure, the District's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the District. The District has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the District to a successful claim by the FDIC.

B. Reconciliation of Cash and Investments to the Statement of Net Assets

The following is a reconciliation of cash and investments as reported in the note above to cash and investments as reported on the statement of net assets as of June 30, 2012:

| | |
|-------------------------------------------------------------|---------------------|
| <u>Cash and investments per note</u> | |

NOTE 5 - INTERFUND TRANSACTIONS

Interfund balances consisted of the following at June 30, 2012, as reported as due to/from other funds on the governmental fund statements:

| <u>Receivable fund</u> | <u>Payable fund</u> | <u>Amount</u> |
|------------------------|-----------------------------|-------------------|
| General fund | Education jobs fund | \$ 391,905 |
| General fund | Nonmajor governmental funds | <u>51,532</u> |
| Total | | <u>\$ 443,437</u> |

The primary purpose of the interfund balances is to cover negative cash balances in the nonmajor governmental funds. These negative balances are allowable under Ohio Revised Code Section 3315.20. These interfund balances will be repaid once the anticipated revenues are received. All interfund balances are expected to be repaid within one year.

Interfund balances between governmental funds are eliminated on the government-wide financial statements.

NOTE 6 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the District fiscal year runs from July through June. First half tax collections are received by the District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real property and public utility property. Real property tax revenues received in calendar year 2012 represent the collection of calendar year 2011 taxes. Real property taxes received in calendar year 2012 were levied after April 1, 2011, on the assessed values as of January 1, 2011, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established. Public utility property tax revenues received in calendar year 2012 represent the collection of calendar year 2011 taxes. Public utility real and personal property taxes received in calendar year 2012 became a lien on December 31, 2010, were levied after April 1, 2011, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

The District receives property taxes from Morrow and Marion County. The County Auditor periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2012, are available to finance fiscal year 2012 operations. The amount available as an advance at June 30, 2012 was \$523,294 in the general fund, \$93,453 in the bond retirement fund and \$10,001 in the classroom facilities maintenance fund (a nonmajor governmental fund). This amount is recorded as revenue. The amount available for advance at June 30, 2011 was \$494,844 in the general fund, \$89,768 in the bond retirement fund and \$9,148 in the classroom facilities maintenance fund (a nonmajor governmental fund). The amount of second-half real property taxes available for advance at fiscal year-end can vary based on the date the tax bills are sent.

MORROW COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 6 - PROPERTY TAXES - (Continued)

Accrued property taxes receivable includes real property, public utility property and delinquent tangible personal property taxes which are measurable as of June 30, 2012 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to unearned revenue.

On the accrual basis of accounting, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis of accounting the revenue has been deferred.

The assessed values upon which the fiscal year 2012 taxes were collected are:

| | 2011 Second Half Collections | | 2012 First Half Collections | |
|---------------------------------------------------|---------------------------------|----------------|--------------------------------|----------------|
| | <u>Amount</u> | <u>Percent</u> | <u>Amount</u> | <u>Percent</u> |
| Agricultural/residential and other real estate | \$ 114,658,940 | 96.46 | \$ 114,685,640 | 96.28 |
| Public utility personal | <u>4,212,160</u> | <u>3.54</u> | <u>4,431,110</u> | <u>3.72</u> |
| Total | <u>\$ 118,871,100</u> | <u>100.00</u> | <u>\$ 119,116,750</u> | <u>100.00</u> |
| Tax rate per \$1,000 of assessed valuation | \$31.19 | | \$31.19 | |

NOTE 7 - RECEIVABLES

Receivables at June 30, 2012 consisted of property taxes, payment in lieu of taxes, accounts, and intergovernmental grants and entitlements. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs and the current year guarantee of federal funds.

A summary of the principal items of receivables reported on the statement of net assets follows:

| | |
|---------------------------------|---------------------|
| Governmental activities: | |
| Property taxes | \$ 2,820,504 |
| Payment in lieu of taxes | 122,906 |
| Accounts | 2,807 |
| Intergovernmental | <u>585,421</u> |
| Total | <u>\$ 3,531,638</u> |

Receivables have been disaggregated on the face of the basic financial statements. All receivables are expected to be collected within the subsequent year.

NOTE 9 - LONG-TERM OBLIGATIONS - (Continued)

B. General Obligation Bonds

These bonds are general obligations of the District for which the full faith and credit of the District is pledged for repayment. Accordingly, such unmatured obligations of the District are accounted for on the statement of net assets. Payments of principal and interest relating to these bonds are recorded as expenditures in the bond retirement fund.

Series 2002 G.O. Bonds

On September 1, 2001, the District issued \$1,670,000 in general obligation bonds to provide funds for the advance refunding of the 1992 general obligation bonds which were originally issued for construction and improvement to various facilities. The proceeds of the bonds were used to advance refund the 1992 general obligation bonds by purchasing U.S. Government Securities that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of the refunded debt. On December 1, 2001, the 1992 general obligation bonds were called and paid in full.

This issue is comprised of both current interest bonds, par value \$1,670,000, and capital appreciation bonds, par value \$259,996. The interest rates on the current interest bonds ranged from 2.40% to 4.15%. There are no further obligations outstanding on the current interest bonds. The capital appreciation bonds mature on December 1, 2012 (effective interest 7.747%) and December 1, 2013 (effective interest 7.736%) and December 1, 2014 (effective interest rate 7.727%) at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date. The accreted value at maturity for the capital appreciation bonds is \$635,000. Total accreted interest of \$308,601 has been included in the statement of net assets at June 30, 2012.

Series 2003 G.O. Bonds

On January 9, 2003, the District issued \$3,500,000 in general obligation bonds (Series 2003, School Facilities Improvement Bonds), which represent the District's share of a construction and renovation project approved and significantly funded by the Ohio School Facilities Commission (OSFC). OSFC awarded the District a \$21,195,239 grant for the project, and made quarterly disbursements to the District until the project was substantially completed. The source of payment is derived from a current 2.93 mil bonded debt tax levy.

This issue is comprised of term current interest bonds, par value \$3,425,000, and capital appreciation bonds, par value \$74,998. The capital appreciation bonds mature each December 1, 2013 and 2014, (effective interest 13.12%) at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date. The accreted value at maturity for the capital appreciation bonds is \$290,000. Total accreted interest of \$152,151 has been included in the statement of net assets at June 30, 2012.

Interest payments on the current interest bonds are due on June 1 and December 1 of each year. The final stated maturity of the current interest bonds is December 1, 2025.

Auditorium Bonds

On June 17, 2003, the District issued \$1,165,000 in general obligation bonds (Series 2003, School Facilities Improvement Bonds), which represent the locally funded initiative to build an auditorium. The source of payment is derived from a current .87 mil bonded debt tax levy.

This issue is comprised of both current interest bonds, par value \$1,125,000 and capital appreciation bonds, par value \$40,000. The interest rate on the current interest bonds is 11.768%. The capital appreciation bonds mature each December 1, 2014, (effective interest 13.26%), December 1, 2015 (effective interest 13.15%), and December 1, 2016 (effective interest 13.07%) at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date. The accreted value at maturity for the capital appreciation bonds is \$165,000. Total accreted interest of \$67,617 has been included in the statement of net assets at June 30, 2012.

Interest payments on the current interest bonds are due on June 1 and December 1 of each year. The final stated maturity of the current interest bonds is December 1, 2026.

The following is a summary of the future annual requirements to maturity for general obligation bonds:

| Fiscal Year Ending June 30, | Current Interest Bonds | | | Capital Appreciation Bonds | | |

D. Legal Debt Margin

The Ohio Revised Code provides that voted net general obligation debt of the District shall never exceed 9% of the total assessed valuation of the District. The code further provides that unvoted indebtedness shall not exceed 1/10 of 1% of the property valuation of the District. The code additionally states that unvoted indebtedness related to energy conservation debt shall not exceed 9/10 of 1% of the property valuation of the District. The assessed valuation used in determining the District's legal debt margin has been modified by House Bill 530 which became effective March 30, 2006. In accordance with House Bill 530, the assessed valuation used in the District's legal debt margin calculation excluded tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, and personal property owned or leased by a railroad company and used in railroad operations. The effects of these debt limitations at June 30, 2012, are a voted debt margin of \$8,165,100 (including available funds of \$1,134,586) and an unvoted debt margin of \$119,117.

NOTE 10 - RISK MANAGEMENT

A. Property and Liability

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal 2012, the District participated in the Ohio Casualty's Liability, Fleet and Property Insurance Program (see Note 2.A.). The program provides coverage for the group through excess liability for \$250,000,000. The following is the District's insurance coverage obtained through the group purchasing program:

Total policy coverage - includes the following:

| | |
|-------------------------------------------------------------------|--------------|
| Blanket Building and Personal Property limit (\$1,000 deductible) | \$46,298,977 |
| Equipment Breakdown (\$1,000 deductible) | Limited |
| Inland Marine (\$500 deductible) | \$200,000 |
| | |
| Auto Liability & Uninsured/underinsured motorist | \$1,000,000 |
| Medical payments | \$5,000 |
| | |
| Public Employee Dishonesty (\$500 deductible) | \$50,000 |
| General school district liability | \$2,000,000 |
| Per occurrence | \$1,000,000 |
| | |
| Umbrella Coverage | \$2,000,000 |
| Per occurrence | \$2,000,000 |

Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in insurance coverage from the prior year.

B. OSBA Workers' Compensation Group Rating Plan

For fiscal year 2012, the District participated in the Ohio School Boards Association Workers' Compensation Group Rating Plan (GRP), an insurance purchasing pool (Note 2.A.). The intent of the GRP is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the state based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of the GRP.

C. Group Health and Dental Insurance

The District offers group life insurance and accidental death and dismemberment insurance to all employees through Unum Life Insurance Company. The District offers employee group medical/surgical benefits through United Healthcare. Depending upon the plan chosen, the employees share a portion of the cost of the monthly premium with the Board. The premium varies with employee depending on the terms of the union contract. Dental insurance is offered by the District to all employees through United Healthcare Insurance Company. Vision insurance is offered by the District through Vision Service Plan. Regardless of the plan utilized by the employees, all group benefit plans are traditionally funded, and the District does not retain any risk of loss.

NOTE 10 - RISK MANAGEMENT - (Continued)

Post employment health care is provided to plan participants or their beneficiaries through the respective retirement systems discussed in Note 12. As such, no funding provisions are required by the District.

NOTE 11 - PENSION PLANS

A. School Employees Retirement System

Plan Description - The District contributes to the School Employees Retirement System (SERS), a cost-sharing, multiple-employer defined benefit pension plan. SERS provides retirement, disability, survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746. It is also posted on the SERS' Ohio website, www.ohsers.org, under "*Employers/Audit Resources*".

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the District is required to contribute at an actuarially determined rate. The current District rate is 14 percent of annual covered payroll. A portion of the District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits. For fiscal year 2012, 12.65 percent and 0.05 percent of annual covered salary was the portion used to fund pension obligations and death benefits, respectively. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The District's required contributions for pension obligations and death benefits to SERS for the fiscal years ended June 30, 2012, 2011 and 2010 were \$170,389, \$171,525 and \$181,490, respectively; 54.76 percent has been contributed for fiscal year 2012 and 100 percent for fiscal years 2011 and 2010.

B. State Teachers Retirement System of Ohio

Plan Description - The District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio website at www.strsoh.org, under "*Publications*".

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the

DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For fiscal year 2012, plan members were required to contribute 10 percent of their annual covered salaries. The District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The District's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2012, 2011 and 2010 were \$618,294, \$653,541 and \$670,240, respectively; 85.46 percent has been contributed for fiscal year 2012 and 100 percent for fiscal years 2011 and 2010. Contributions to the DC and Combined Plans for fiscal year 2012 were \$41,155 made by the District and \$29,396 made by the plan members.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the SERS/STRS Ohio have an option to choose Social Security or the SERS/STRS Ohio. As of June 30, 2012, certain members of the Board of Education have elected Social Security. The District's liability is 6.2 percent of wages paid.

NOTE 12 - POSTEMPLOYMENT BENEFITS

A. School Employees Retirement System

Plan Description - The District participates in two cost-sharing, multiple employer postemployment benefit plans administered by the School Employees Retirement System (SERS) for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Section 3309.69 of the Ohio Revised Code. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B premium for calendar year 2012 was \$99.90 for most participants, but could be as high as \$319.70 per month depending on their income and the SERS' reimbursement to retirees was \$45.50. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746. It is also posted on the SERS' Ohio website, www.ohsers.org, under "Employers/Audit Resources".

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). For 2012, 0.55 percent of covered payroll was allocated to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statutes provide that no employer shall pay a health care surcharge greater than 2.0 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the statewide SERS-covered payroll for the health care surcharge. For fiscal year 2012, the actuarially determined amount was \$35,800.

Active members do not contribute to the postemployment benefit plans. The Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility and retirement status.

The District's contributions for health care (including surcharge) for the fiscal years ended June 30, 2012, 2011 and 2010 were \$29,164, \$49,169 and \$34,554, respectively; 54.76 percent has been contributed for fiscal year 2012 and 100 percent for fiscal years 2011 and 2010.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For fiscal year 2012, this actuarially required allocation was 0.75 percent of covered payroll. The District's contributions for Medicare Part B for the fiscal years ended June 30, 2012, 2011, and 2010 were \$10,062, \$11,038 and \$10,793, respectively; 54.76 percent has been contributed for fiscal year 2012 and 100 percent for fiscal years 2011 and 2010.

B. State Teachers Retirement System of Ohio

Plan Description - The District contributes to the cost sharing, multiple employer defined benefit Health Plan (the "Plan") administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org, under "Publications" or by calling (888) 227-7877.

Funding Policy - Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2012, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The District's contributions for health care for the fiscal years ended June 30, 2012, 2011 and 2010 were \$47,561, \$50,272 and \$51,557, respectively; 85.46 percent has been contributed for fiscal year 2012 and 100 percent for fiscal years 2011 and 2010.

NOTE 13 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

The statement of revenue, expenditures and changes in fund balance - budget and actual (non-GAAP budgetary basis) presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues and other financing sources are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures and other financing uses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to a reservation of fund balance for that portion of outstanding encumbrances not already recognized as an account payable (GAAP basis); and,
- (d) Some funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis).

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 13 - BUDGETARY BASIS OF ACCOUNTING - (Continued)

The adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis for the general fund is as follows:

Net Change in Fund Balance

| | <u>General fund</u> | <u>Education Jobs</u> |
|-----------------------------------------|---------------------|-----------------------|
| Budget basis | \$ (270,575) | \$ (391,905) |
| Net adjustment for revenue accruals | 31,109 | 10,244 |
| Net adjustment for expenditure accruals | (272,916) | (237) |
| Funds budgeted elsewhere | (6,238) | - |
| Adjustment for encumbrances | <u>203,297</u> | <u>-</u> |
| GAAP basis | <u>\$ (315,323)</u> | <u>\$ (381,898)</u> |

Certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. This includes the special trust fund, the flower trust fund and the public school support fund.

NOTE 14 - CONTINGENCIES

A. Grants and ADM

The Auditor of State is currently performing a statewide review of supporting documentation for student attendance data reported to the Ohio Department of Education. The results of this review are still pending and will be reported separately to the Ohio Department of Education at a later date.

The District received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. This also encompasses the Auditor of State's ongoing review of student attendance data; however, the effect of any such disallowed claims on the overall financial position of the District at June 30, 2012, if applicable, cannot be determined at this time.

B. Litigation

The District is involved in no material litigation as either plaintiff or defendant.

NOTE 15 - STATUTORY RESERVES

The District is required by State law to annually set-aside certain general fund revenue amounts, as defined by statutory formula, for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the year must be held in cash at fiscal year-end. This amount must be carried forward to be used for the same purpose in future years. Expenditures exceeding the set-aside requirement may not be carried forward to the next fiscal year.

| Set-aside balance June 30, 2012 | <u>\$ -</u> |

NOTE 16 - COMMITMENTS

The District utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year-end are reservations of fund balance for subsequent-year expenditures and may be reported as part of restricted, committed, or assigned classifications of fund balance. At year end, the District's commitments for encumbrances in the governmental funds were as follows:

| <u>Fund Type</u> | <u>Year-End Encumbrances</u> |
|-----------------------------|----------------------------------|
| General fund | \$ 163,929 |
| Nonmajor governmental funds | <u>12,179</u> |

NOTE 17 – MANAGEMENT PLAN

The District has suffered an operating loss of \$1,302,274 and had an unrestricted net asset deficiency of \$928,859 at June 30, 2012. The General fund had a deficit fund balance of \$26,757 at June 30, 2012. The Board of Education has approved a Plan for Reduction of Expenditures that includes the following cost reduction measures for fiscal year 2014:

| | |
|------------------------------------------------------|-------------------|
| Temporary closure of the Intermediate School | \$ 242,000 |
| Utilities reduction | |
| Reduction of 7 classified positions | |
| Convert single route bussing to double route bussing | 90,000 |
| Building supplies reduction | 10,000 |
| Reduction of extended service - certified | 28,000 |
| Technology budget reduction | 25,000 |
| Elimination of bus purchase fiscal year 2014 | 85,000 |
| Certified staff reductions - 4 | <u>251,000</u> |
| Total estimated reductions | <u>\$ 731,000</u> |

As of January 31, 2013, the District's General fund had a deficit fund balance of \$108,030. The District anticipates finishing fiscal year 2013 with a General fund balance of \$300,507, as noted on the District's five-year forecast, which will be updated in May 2013.

The Board of Education has also approved a measure to place a five-year 0.75% earned income tax on the May 7, 2013 ballot.

NOTE 18 - CARDINGTON-LINCOLN LOCAL DIGITAL ACADEMY

The basic financial statements (BFS) of the Academy have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Academy also applies Financial Accounting Standards Board (FASB) guidance issued prior to November 30, 1989, provided those pronouncements do not conflict with or contradict GASB pronouncements. The Academy does not apply FASB guidance issued after November 30, 1989. The Academy's significant accounting policies are described below.

A. Basis of Presentation

Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Operating revenues are those revenues that are generated directly from the primary activity of the Academy. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the Academy. All revenues and expenses not meeting this definition are reported as non-operating.

B. Measurement Focus and Basis of Accounting

Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the statement of net assets. Statement of revenues, expenses and changes in net assets present increases (i.e., revenues) and decreases (i.e., expenses) in total net assets. Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made. The accrual basis of accounting is utilized for reporting purposes. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

C. Budgetary Process

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Revised Code Section 5705, unless specifically provided in the Academy's contract with its Sponsor. The contract between the Academy and its Sponsor requires a detailed school budget for each year of the contract; however, the budget does not have to follow the provisions of Ohio Revised Code Section 5705.

D. Cash

Cash received by the Academy is maintained in a demand deposit account.

NOTE 18 - CARDINGTON-LINCOLN LOCAL DIGITAL ACADEMY - (Continued)

E. Capital Assets and Depreciation

All capital assets are capitalized at cost and updated for additions and reductions during the year. Donated capital assets are recorded at their fair market value on the date donated. The Academy maintains a capitalization threshold of \$500. The Academy does not have any infrastructure. Improvements are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All capital assets are depreciated. Depreciation is computed using the straight-line method. Equipment is depreciated over three years.

F. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets consist of capital assets, net of accumulated depreciation. Net assets are reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws, or regulations of other governments.

The Academy applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

G. Intergovernmental Revenue

The Academy currently participates in the IDEA Part B Grant, the Safe and Drug Free Schools Grant, the Rural Education Achievement Program (REAP) Grant and the State Foundation Program. Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is permitted, matching requirements, in which the Academy must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Academy on a reimbursement basis. Revenues received from the State Foundation Program are recognized as operating revenues.

H. Accrued Liabilities

The Academy has recognized certain expenses due, but unpaid as of June 30, 2012. These expenses are reported as accrued liabilities in the accompanying financial statements.

I. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

J. Deposits

At June 30, 2012, the carrying amount of the Academy's deposits was \$211,724. Based on the criteria discussed in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of June 30, 2012, the Academy's entire bank balance of \$211,857 was covered by the Federal Deposit Insurance Corporation (FDIC). There are no significant statutory restrictions regarding the deposit and investment of funds by the nonprofit corporation.

The Academy had no investments.

K. Receivables

At June 30, 2012, receivables consisted of intergovernmental receivables. The receivables are expected to be collected in full within one year. A summary of the receivables follows:

M. Service Agreements

Tri-Rivers Educational Computer Association

The Academy entered into a one-year agreement with Tri-Rivers Educational Computer Association ("TRECA") for planning, instructional, administrative and technical services required for the operation of the Academy for fiscal year 2012. Under the contract, TRECA is required to provide the following services:

1. Instructional, supervisory/administrative, and technical services sufficient to effectively implement the Academy's educational plan, assessment and accountability plan and the sponsorship contract.
2. Responsibility for all payroll functions, including retirement system contributions and all other legal withholding and/or payroll taxes with respect to all personnel providing services to the Academy on behalf of TRECA. Also, all personnel shall possess any certification or licensure which may be required by law.
3. Provide technical services that include access to, and the use of, computer software, computer hardware, networking hardware, network services, and the services of technical support personnel. The Academy is responsible for recovering and returning any and all equipment to TRECA. In cases where equipment is unrecoverable, the Academy shall reimburse TRECA up to \$900 per student except if the student has been enrolled in the Academy for at least 90 days, the Academy shall reimburse TRECA in the amount of \$700, and, if the student has been enrolled in the Academy for at least 180 days, the Academy shall reimburse TRECA in the amount of \$500.

Curricular services limited to standardized curriculum developed by TRECA.

For these services, the Academy is required to pay the following fees to TRECA:

Enrollment - \$3,910 per full time student enrolled per year. In case of a student enrolled with an Individualized education program (IEP), the Academy will determine if special education will be provided by TRECA or otherwise. If substantially all of the special education and services are provided to such a student by other than TRECA, the Academy does not have to pay TRECA the enrollment fee per the agreement, instead, actual costs for that student are provided by TRECA. If the special education for a student is provided by TRECA, then any additional amount received from Department of Education for special education and related services is due to TRECA for that student. The Academy receives a maximum reduction of \$47,500 to the enrollment fee by providing one full-time certified teacher who meets the staffing needs of TRECA. This is contingent on the staffing needs of TRECA and the reduction will be prorated with the actual amount dependent upon the number of days the teacher is contracted to work with TRECA.

NOTE 18 - CARDINGTON-LINCOLN LOCAL DIGITAL ACADEMY - (Continued)

Cardington-Lincoln Local School District

The Community School Sponsorship Contract and the annual Purchased Services Contract between the Academy and Cardington-Lincoln Local School District outlined the specific payments to be made by the Academy to Cardington-Lincoln Local School District during fiscal year 2012. In addition, the Community School Sponsorship Contract stated that the two parties agreed to pay other mutually agreed upon amounts, including fees for any services provided to the Academy by Cardington-Lincoln Local School District. The following payments were made in fiscal year 2012 from the Academy to Cardington-Lincoln Local School District:

| | |
|---------------------------------------------------------------|-------------------------|
| Administrative Services | \$ 81,530 |
| Professional Services | <u>\$ 5,000</u> |
| Cardington-Lincoln Local School District for fiscal year 2012 | <u><u>\$ 86,530</u></u> |

N. Risk Management

The Academy is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2012, the Academy was named as an additional insured party on Cardington-Lincoln Local School District's, the Sponsor, insurance policy.

Settled claims have not exceeded commercial coverage in the past three years. There was no significant reduction in coverage from the prior year.

O. Contingencies

Grants and ADM

The Auditor of State is currently performing a statewide review of supporting documentation for student attendance data reported to the Ohio Department of Education. The results of this review are still pending and will be reported separately to the Ohio Department of Education at a later date.

The Academy received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the Academy. This also encompasses the Auditor of State's ongoing review of student attendance data; however, the effect of any such disallowed claims on the overall financial position of the Academy at June 30, 2012, if applicable, cannot be determined at this time.

Litigation

The Academy is not a party to legal proceedings that, in the opinion of management, would have a material adverse effect on the financial statements.

NOTE 18 - CARDINGTON-LINCOLN LOCAL DIGITAL ACADEMY - (Continued)

State Foundation Funding

The Ohio Department of Education conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which State foundation funding is calculated. As a result of the review after fiscal year end, the Ohio Department of Education underpaid the Academy \$2,769. This amount is reflected as an intergovernmental receivable on the basic financial statements.

P. Purchased Services

For fiscal year ended June 30, 2012, purchased services expenses were as follows:

| | |
|-------------------------------------|-------------------|
| Professional and technical services | \$ 226,684 |
| Transportation | 2,169 |
| Communications/Utilities | <u>852</u> |
| Total | <u>\$ 229,705</u> |

Q. Accountability and Compliance

Change in Accounting Principles

For fiscal year 2012, the Academy has implemented GASB Statement No. 57, "OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans", and GASB Statement No. 64, "Derivative Instruments: Application of Hedge Accounting Termination Provisions - an Amendment of GASB Statement No. 53".

GASB Statement No. 57 addresses issues related to the use of the alternative measurement method and the frequency and timing of measurements by employers that participate in agent multiple-employer other postemployment benefit (OPEB) plans. The implementation of GASB Statement No. 57 did not have an effect on the financial statements of the Academy.

GASB Statement No. 64 clarifies the circumstances in which a hedge accounting should continue when a swap counterparty, or a swap counterparty's credit support provider, is replaced. The implementation of GASB Statement No. 64 did not have an effect on the financial statements of the Academy.

**NOTES TO THE FEDERAL AWARDS RECEIPTS AND EXPENDITURES SCHEDULE
FISCAL YEAR ENDED JUNE 30, 2012**

NOTE A – SIGNIFICANT ACCOUNTING POLICIES

The accompanying Federal Awards Receipts and Expenditures Schedule (the Schedule) reports the Cardington-Lincoln Local School District's (the District) federal award programs' receipts and disbursements. The schedule has been prepared on the cash basis of accounting.

NOTE B – CHILD NUTRITION CLUSTER

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

NOTE C – FOOD DONATION PROGRAM

The District reports commodities consumed on the Schedule at the entitlement value. The District allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Cardington-Lincoln Local School District
Morrow County
121 Nichols Street
Cardington, Ohio 43315

To the Board of Education:

We have audited the financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Cardington-Lincoln Local School District, Morrow County, Ohio (the District) as of and for the year ended June 30, 2012, which collectively comprise the District's basic financial statements as listed in the table of contents and have issued our report thereon dated February 12, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of opining on the effectiveness of the District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the District's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. Therefore, we cannot assure that we have identified all deficiencies, significant deficiencies or material weaknesses. However, as described in the accompanying schedule of findings we identified a certain deficiency in internal control over financial reporting, that we consider a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and timely corrected. We consider finding 2012-01 described in the accompanying schedule of findings to be a material weakness.

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We also noted certain matters not requiring inclusion in this report that we reported to the District's management in a separate letter dated February 12, 2013.

The District's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not audit the District's response and, accordingly, we express no opinion on it.

We intend this report solely for the information and use of management, the Board of Education, federal awarding agencies and pass-through entities, and others within the District. We intend it for no one other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Cardington-Lincoln Local School District
Morrow County
121 Nichols Street
Cardington, Ohio 43315

To the Board of Education:

Compliance

We have audited the compliance of Cardington-Lincoln Local School District, Morrow County, Ohio (the District) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect each of the District's major federal programs for the year ended June 30, 2012. The *summary of auditor's results* section of the accompanying schedule of findings identifies the District's major federal programs. The District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to opine on the District's compliance based on our audit.

Our compliance audit followed auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with these requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with these requirements.

In our opinion, Cardington-Lincoln Local School District complied, in all material respects, with the requirements referred to above that could directly and materially affect each of its major federal programs for the year ended June 30, 2012. However, the results of our auditing procedures disclosed an instance of noncompliance with these requirements that, while not affecting our opinion on compliance, OMB Circular A-133 requires us to report. The accompanying schedule of findings lists this instance as Finding 2012-02.

Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with the requirements that could directly and materially affect a major federal program, to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the District's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses and therefore, we cannot assure we have identified all deficiencies, significant deficiencies, or material weaknesses. However, as discussed below, we identified a certain deficiency in internal control over compliance that we consider to be a material weakness.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings as item 2012-02 to be a material weakness.

The District's response to the finding we identified is described in the accompanying schedule of findings. We did not audit the District's response and, accordingly, we express no opinion on it.

We intend this report solely for the information and use of management, the Board of Education, others within the entity, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

Noncompliance/Material Weakness

OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, (the Circular), sets forth standards for the audit of non-Federal entities expending Federal awards. **Section .300(a) of the Circular** states the auditee shall identify, in its accounts, all Federal awards received and expended and the Federal programs under which they were received. Federal program and award identification shall include, as applicable, the CFDA title and number, award number and year, name of the Federal agency, and name of the pass-through entity.

Section .310(b) states, in part, the auditee shall also prepare a schedule of expenditures of Federal awards for the period covered by the auditee's financial statements. At a minimum, the schedule shall:

1. List individual Federal programs by Federal agency. For Federal programs included in a cluster of programs, list individual Federal programs within a cluster of programs. For Research and Development, total Federal awards expended shall be shown either by individual award or by Federal agency and major subdivision within the Federal agency.
2. For Federal awards received as a subrecipient, the name of the pass-through entity and identifying number assigned by the pass-through entity shall be included.
3. Provide total Federal awards expended for each individual Federal program and the CFDA number or other identifying number when the CFDA information is not available.
4. Include notes that describe the significant accounting policies used in preparing the schedule.
5. To the extent practical, pass-through entities should identify in the schedule the total amount provided to subrecipients from each federal program.
6. Include, in either the schedule or a note to the schedule, the value of the Federal awards expended in the form of non-cash assistance, the amount of the insurance in effect during the year, and loans or loan guarantees outstanding at year end. While not required, it is preferable to present this information in the schedule.

The original federal awards receipts and expenditures schedule prepared by the District for fiscal year 2012 did not include expenditures totaling \$364,296 for the Education Jobs program. These expenditures were related to salaries that were incurred during fiscal year 2012 that were incorrectly reported in the General Fund rather than the Education Jobs Fund. The District reclassified these expenditures to the Education Jobs fund subsequent to June 30, 2012.

Noncompliance/Material Weakness

The Statement of Revenues, Expenditures and Changes in Fund Balance --Budget and Actual for the General Fund and the Education Jobs Fund were also adjusted to report \$364,296 of Regular Instruction actual expenditures in the Education Jobs Fund rather than the General Fund.

Failure to identify federal awards and accurately prepare federal awards receipts and expenditures schedule may result in noncompliance with the Circular and may compromise the District's ability to obtain federal awards in the future.

We recommend the District implement procedures to track and readily identify the receipt and disbursement of all federal awards. The Academy should use this information to ensure accurate preparation of the federal awards receipts and expenditures schedule at year end.

Officials' Response and Corrective Action Plan:

The District will monitor and ensure all federal awards are accurately identified and promptly receipted and expensed.
