## INDEPENDENT ACCOUNTANTS' REPORT

Loveland City School District  
Hamilton County  
757 S. Lebanon Road  
Loveland, Ohio 45140

To the Board of Education:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Loveland City School District, Hamilton County, Ohio (the District), as of and for the year ended June 30, 2012, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Loveland City School District, Hamilton County, Ohio, as of June 30, 2012, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 22, 2013, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis and Required budgetary comparison schedule*, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

We conducted our audit to opine on the financial statements that collectively comprise the District's basic financial statements taken as a whole. The federal awards receipts and expenditure schedule provides additional information required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. The federal awards receipts and expenditure schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. This schedule was subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**Dave Yost**  
Auditor of State

January 22, 2013

**Loveland City School District, Ohio**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2012**  
**(Unaudited)**

---

The discussion and analysis of Loveland City School District's financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2012. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the District's performance.

**Financial Highlights**

Key financial highlights for 2012 are as follows:

- Net assets of governmental activities decreased \$4,139,635 which represents a 11.9% decrease from 2011.
- General revenues accounted for \$41,142,073 in revenue or 88.6% of all revenues. Program specific revenues in the form of charges for services and sales, grants and contributions accounted for \$5,297,037 or 11.4% of total revenues of \$46,439,110.
- The District had \$50,578,745 in expenses related to governmental activities; \$5,297,037 of these expenses were offset by program specific charges for services, grants or contributions. General revenues of \$41,142,073 were adequate to provide for these programs.

**Overview of the Financial Statements**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *Statement of Net Assets* and *Statement of Activities* provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other nonmajor funds presented in total in one column. The General, Debt Service and Permanent Improvement Funds are the major funds of the District.

**Government-wide Financial Statements**

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2012?" The Government-wide Financial Statements answers this question. These statements include *all assets* and *liabilities* using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

**Loveland City School District, Ohio**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2012**  
**(Unaudited)**

---

These two statements report the District's *net assets* and changes in those assets. This change in net assets is important because it tells the reader that, for the District as a whole, the financial position has improved or diminished. The causes of this change may be the result of many factors, both financial and non-financial. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

In the Government-wide Financial Statements, the overall financial position of the District is presented in the following manner:

- **Governmental Activities** – Most of the District's programs and services are reported here including instruction, support services, operation of non-instructional services, extracurricular activities, and interest and fiscal charges.

**Fund Financial Statements**

The analysis of the District's major funds is presented in the Fund Financial Statements (see Table of Contents). Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds.

**Governmental Funds** Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year end available for spending in future periods. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial assets* that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental *activities* (reported in the Statement of Net Assets and the Statement of Activities) and governmental *funds* is reconciled in the financial statements.

**Fiduciary Funds** Fiduciary Funds are used to account for resources held for the benefits of parties outside the government. Fiduciary Funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs.

**Loveland City School District, Ohio  
Management’s Discussion and Analysis  
For the Fiscal Year Ended June 30, 2012  
(Unaudited)**

**The District as a Whole**

Recall that the Statement of Net Assets provides the perspective of the District as a whole.

Table 1 provides a summary of the District’s net assets for 2012 compared to 2011:

**Table 1  
Net Assets**

	Governmental Activities	
	2012	2011 Restated
Assets		
Current Assets	\$39,713,980	\$43,142,514
Capital Assets	47,570,452	49,473,595
Total Assets	87,284,432	92,616,109
Liabilities		
Other Liabilities	31,027,323	30,926,516
Long-Term Liabilities	25,579,808	26,872,657
Total Liabilities	56,607,131	57,799,173
Net Assets		
Invested in Capital Assets, Net of Related Debt	19,274,036	20,683,345
Restricted	3,385,287	3,115,699
Unrestricted	8,017,978	11,017,892
Total Net Assets	\$30,677,301	\$34,816,936

Over time, net assets can serve as a useful indicator of a government’s financial position. At June 30, 2012, the District’s assets exceeded liabilities by \$30,677,301.

**Loveland City School District, Ohio**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2012**  
**(Unaudited)**

---

At year end, capital assets represented 55% of total assets. Capital assets include land, buildings and improvements and equipment. Capital assets, net of related debt to acquire the assets at June 30, 2012, totaled \$19,274,036. These capital assets are used to provide services to the students and are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

A portion of the District's net assets, \$3,385,287, represents resources that are subject to external restriction on how they must be used. The remaining balance of unrestricted net assets of \$8,017,978 may be used to meet the District's ongoing obligations to the students and creditors. The external restriction will not affect the availability of fund resources for future use.

Current assets decreased mainly due to a decrease in equity in pooled cash and investments in 2012 as compared to 2011 mainly due to a decrease in investment balance due to the completion of the HB264 Energy Conservation Improvement project. Long-term liabilities decreased primarily due to the District continuing to make principal payments on its long term debt obligations.

**This space intentionally left blank**

**Loveland City School District, Ohio**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2012**  
(Unaudited)

Table 2 shows the change in net assets for fiscal year 2012 with comparisons to fiscal year 2011.

**Table 2**  
**Changes in Net Assets**

	Governmental Activities	
	2012	2011 Restated
Program Revenues:		
Charges for Services and Sales	\$2,349,949	\$2,359,065
Operating Grants and Contributions	2,947,088	4,897,061
General Revenue:		
Property Taxes	26,588,665	29,862,747
Grants and Entitlements	14,066,273	14,585,748
Other	487,135	245,757
Total Revenues	<u>46,439,110</u>	<u>51,950,378</u>
Program Expenses:		
Instruction	28,843,445	28,434,658
Support Services:		
Pupil and Instructional Staff	3,771,624	3,881,978
General and School Administrative, Fiscal and Business	4,899,374	4,299,805
Operations and Maintenance	3,525,013	3,414,198
Pupil Transportation	3,353,378	3,362,872
Central	1,102,436	1,049,687
Operation of Non-Instructional Services	2,256,111	2,277,134
Extracurricular Activities	1,379,102	1,363,543
Interest and Fiscal Charges	1,448,262	1,928,685
Total Expenses	<u>50,578,745</u>	<u>50,012,560</u>
Change in Net Assets	(4,139,635)	1,937,818
Beginning Net Assets	<u>34,816,936</u>	<u>32,879,118</u>
Ending Net Assets	<u><u>\$30,677,301</u></u>	<u><u>\$34,816,936</u></u>

The District revenues are mainly from two sources. Property taxes levied for general, debt service and capital projects purposes and grants and entitlements comprised 88% of the District's revenues for governmental activities.

The District depends greatly on property taxes as a revenue source. The unique nature of property taxes in Ohio creates the need to routinely seek voter approval for operating funds. The overall revenues generated by a levy will not increase solely as a result of inflation. As an example, a homeowner with a home valued at \$100,000 and taxed at 1.0 mill would pay \$35.00 annually in taxes. If three years later the home were reappraised and increased to \$200,000 (and this inflationary increase in value is comparable to other property owners) the effective tax rate would become .5 mills and the owner would still pay \$35.00.

**Loveland City School District, Ohio**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2012**  
(Unaudited)

---

Thus Ohio districts dependent upon property taxes are hampered by a lack of revenue growth and must regularly return to the voters to maintain a constant level of service. Property taxes made up 57% of revenue for governmental activities for the District in fiscal year 2012.

**Governmental Activities**  
**Revenue Sources**

---

<u>Revenue Sources</u>	<u>2012</u>	<u>Percentage</u>
General Grants	\$14,066,273	30.29%
Program Revenues	5,297,037	11.41%
General Tax Revenues	26,588,665	57.25%
Investment Earnings	34,642	0.07%
Other Revenues	452,493	0.98%
Total Revenue Sources	<u>\$46,439,110</u>	<u>100.00%</u>

Instruction comprises 57% of governmental program expenses. Support services expenses were 32% of governmental program expenses. All other expenses including interest expense were 11%. Interest expense was attributable to the outstanding bond and borrowing for capital projects.

Property tax revenue decreased in 2012 compared to 2011 mainly due to an decrease in property tax advances. Operating Grants and Contributions decreased mainly due to the passage of the American Recovery Relief Act in the prior year. Instruction Expenses increased mainly due to an increase in personnel cost and general inflationary factors.

**Loveland City School District, Ohio  
Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2012  
(Unaudited)**

**Governmental Activities**

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows, for government activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements.

**Table 3  
Governmental Activities**

	Total Cost of Services		Net Cost of Services	
	2012	2011	2012	2011
Instruction	\$28,843,445	\$28,434,658	(\$26,938,030)	(\$25,476,060)
Support Services:				
Pupil and Instructional Staff	3,771,624	3,881,978	(3,299,711)	(3,314,929)
General and School Administrative, Fiscal and Business	4,899,374	4,299,805	(4,883,808)	(4,284,850)
Operations and Maintenance	3,525,013	3,414,198	(3,502,338)	(3,006,148)

Central	1,102,436	1,049,687	(1,091,636)	(1,031,037)
Operation of Non-Instructional Services	2,256,111	2,277,134	(126,997)	(146,103)
Extracurricular Activities	1,379,102	1,363,543	(765,529)	(785,659)
Interest and Fiscal Charges	1,448,262	1,928,685	(1,448,262)	(1,928,685)
Total Expenses	<u>\$50,578,745</u>	<u>\$50,012,560</u>	<u>(\$45,281,708)</u>	<u>(\$42,756,434)</u>

**The District's Funds**

The District has three major governmental funds: the General Fund, Debt Service Fund and Permanent Improvement Fund. Assets of these funds comprised \$38,764,041 (98%) of the total \$39,478,081 governmental funds assets.

**General Fund:** Fund balance at June 30, 2012 was \$5,569,894, a decrease in fund balance of \$3,697,711 from 2011. The primary reason for the decrease in fund balance was due to a decrease in property tax advances.

**Debt Service Fund:** Fund balance at June 30, 2012 was \$2,954,668, a decrease of \$557,823 from 2011. The decrease in fund balance was mainly due to a decrease in property tax advances.

**Permanent Improvement Fund:** Fund balance at June 30, 2012 was (\$1,459,063), an increase of \$911,351 from 2011. The increase in fund balance was mainly due to a decrease in operation and maintenance expenditures.

**General Fund Budgeting Highlights**

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

**Loveland City School District, Ohio**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2012**  
(Unaudited)

---

During the course of fiscal year 2012, the District amended its general fund budget three times, however none were significant. The District uses site-based budgeting and the budgeting systems are designed to tightly control total site budgets but provide flexibility for site management. During the course of the year, the District revised the budget in an attempt to deal with unexpected changes in revenues and expenditures.

For the General Fund, final budgeted revenue was \$38,558,524, compared to original budget estimates of \$38,524,850. Of the \$33,674 difference, most was due to an underestimate for taxes and intergovernmental revenue.

The District's ending unobligated cash balance for the general fund was \$4,101,871.

**Capital Assets and Debt Administration**

*Capital Assets*

At the end of fiscal year 2012, the District had \$47,570,452 invested in land, buildings and improvements, and equipment. Table 4 shows fiscal year 2012 balances compared to fiscal year 2011:

**Table 4**  
**Capital Assets at Year End**  
**(Net of Depreciation)**

---

	Governmental Activities	
	2012	2011 Restated
Land	\$1,436,356	\$1,436,356
Construction in Progress	0	5,240,073
Buildings and Improvements	43,169,731	39,630,794
Equipment	2,964,365	3,166,372
Total Net Capital Assets	<u>\$47,570,452</u>	<u>\$49,473,595</u>

The decrease in capital assets is due current year depreciation expense exceeding current year additions.

See Note 6 in the notes to the basic financial statements for the details on the District's capital assets.

**Loveland City School District, Ohio**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2012**  
(Unaudited)

***Debt***

At June 30, 2012, the District had \$23,796,416 in debt outstanding, \$1,845,871 due within one year. Table 5 summarizes total debt outstanding.

**Table 5**  
**Outstanding Debt at Year End**

	Governmental Activities

	<u>\$23,796,416</u>	<u>\$25,028,037</u>
Total Outstanding Debt at Year End	<u>\$23,796,416</u>	<u>\$25,028,037</u>

See Note 7 and 8 in the notes to the basic financial statements for the details on the District's long term obligations.

**For the Future**

School funding in the State of Ohio is still in a "fluid" situation. No one seems to know what the Governors new budget will hold in 2013, however everyone knows that it will be ever changing. In 2011 the Board of Education placed a new operating levy on the ballot. The Board was creative in that it was able to reduce the bond millage by 3.5 mills and only put a 3.5 mill operating levy on for the voters to approve. This was overwhelmingly supported by the community and was approved. The Board of Education realized that the state of the economy was spiraling out of control and they did not want to add any additional financial burden to its residents. It was a conscious decision to spend the cash balances down at a controlled rate. Cash balance reserves should be recognized as the stabilizing resource that they are, rather than a revenue source to support ongoing operations. As the Board analyzes its operating condition, its commitment to taxpayers, and the very real need for additional resources at some point in the future, great care will need to be given to the sustainability of the district's current level of services to its community. We have promised the Loveland Schools community that we will make any adjustments to our spending necessary so that we will not be back on the ballot until 2014 and we will adhere to this promise. Loveland Schools is currently on the funding "guarantee" from the State of Ohio which means our foundation money that we receive from the State will not fluctuate in either direction. However, the State of Ohio is reducing the "guarantee" money by 1% to 2% each year and this will eventually take us off the "guarantee" funding formula. Over the past two fiscal years the state has sped up the elimination of the Tangible Personal Property taxes which resulted in a loss of revenue to the school district in the amount of \$1.2 million dollars. The bulk of the 3.5 mill levy passed in November 2011 was to cover this loss. The school districts AA2 rating from Moody's was recently reaffirmed for its fiscal and

**Loveland City School District, Ohio**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2012**  
**(Unaudited)**

---

management strengths. This was accomplished even though our economy has been horrible over the past two to three years.

All of the District's financial abilities will be needed to meet the challenges of the future. With careful planning and monitoring of the District's finances, the District's management is confident that the District can continue to provide a quality education for our students and provide a secure financial future.

**Contacting the District's Financial Management**

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Brett Griffith at Loveland City School District, 757 South Lebanon Road, Loveland, Ohio 45140.

Loveland City School District, Ohio  
 Reconciliation of Total Governmental Fund Balance to  
 Net Assets of Governmental Activities  
 June 30, 2012

---

Total Governmental Fund Balance		\$7,360,964
Amounts reported for governmental activities in the statement of net assets are different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.		47,570,452
Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the funds.		
Delinquent Property Taxes	\$724,060	
Interest	2,942	
Intergovernmental	46,300	
Other	47,732	
		821,034
In the statement of net assets interest payable is accrued when incurred, whereas in the governmental funds interest is reported as a liability only when it will require the use of current financial resources.		(66,349)
Some liabilities reported in the statement of net assets do not require the use of current financial resources and therefore are not reported as liabilities in governmental funds.		
Compensated Absences		(1,448,283)
Deferred bond issuance cost associated with long-term liabilities are not reported in the funds.		235,899
Long-term liabilities, are not due and payable in the current period and therefore are not reported in the funds.		(23,796,416)
Net Assets of Governmental Activities		<u>\$30,677,301</u>

See accompanying notes to the basic financial statements.

Loveland City School District, Ohio  
 Reconciliation of the Statement of Revenues, Expenditures, and Changes  
 in Fund Balance of Governmental Funds to the Statement of Activities  
 For the Fiscal Year Ended June 30, 2012

---

Net Change in Fund Balance - Total Governmental Funds (\$3,954,933)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital asset additions as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount of the difference between capital asset additions and depreciation in the current period.

Capital assets used in governmental activities	\$644,002	
Depreciation Expense	<u>(2,547,145)</u>	(1,903,143)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Delinquent Property Taxes	(\$274,486)	
Interest	(2,420)	
Intergovernmental	46,300	
Other	<u>47,732</u>	(182,874)

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. 1,443,641

Interest expense in the statement of activities differs from the amount reported in governmental funds for accrued interest was calculated for bonds and notes payable. 453,747

Accrued Interest

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Compensated Absences	\$244,346	
Amortization of Bond Issuance Cost	(28,399)	
Amortization of Bond Premium	131,762	
Bond Accretion	<u>(343,782)</u>	
		<u>3,927</u>

Change in Net Assets of Governmental Activities (\$4,139,635)

**For The Fiscal Year Ended June 30, 2012**

---

---

**Note 1 - Description of the District**

---

The Loveland City School District (the "District") is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio.

The Loveland City School District is a city school district as defined by Section 3311.02, Revised Code. The District operates under an elected Board of Education (5 members) and is responsible for the provision of public education to residents of the District.

Management believes the financial statements included in this report represent all of the funds of the District for which the Board of Education has fiscal responsibility.

**Reporting Entity**

In accordance with Governmental Accounting Standards Board [GASB] Statement 14, the financial reporting entity consists of a primary government. The District is a primary government because it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state and local governments.

There are no component units combined with the District for financial statement presentation purposes, and it is not included in any other governmental reporting entity. Consequently, the District's financial statements include only the funds of those organizational entities for which its elected governing body is financially accountable. The District's major operations include education, pupil transportation, food service, and maintenance of District facilities.

**Parochial Schools**

The District has three non-public schools within its boundaries. St. Columbia School is operated through the Catholic Diocese. Children's Meeting House Montessori School is guided by the American Montessori Society; and Ohio Valley Voices which is a school for the Hearing Impaired. Current State legislation provides funding to these parochial schools. These monies are received and disbursed on behalf of the schools by the treasurer of the District, as directed by the schools. The activity of these State monies by the District is reflected in a special revenue fund for financial reporting purposes.

The District is associated with three jointly governed organizations and two public entity risk pools. These organizations are:

Jointly Governed Organizations:

The Southwest Ohio Computer Association

Hamilton Clermont Cooperative Association / Unified Purchasing Association

The Great Oaks Institute of Technology and Career Development

Public Entity Risk Pools:

Greater Cincinnati Insurance Consortium

These organizations are presented in Notes 12 and 14.

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

---

---

**Note 2 - Summary of Significant Accounting Policies**

---

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant of the District's accounting policies are described below.

**Measurement Focus**

Government-wide Financial Statements

The District's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

The government-wide statements are prepared using the economic resources measurement focus. All assets and liabilities associated with the operation of the District are included on the statement of net assets. Fiduciary funds are not included in entity-wide statements.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the District.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The private purpose trust fund is reported using the economic resources measurement focus.

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

---

**Fund Accounting**

The District uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain District functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The various funds of the District are grouped into the categories governmental and fiduciary. The focus of government fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

Governmental Funds

Governmental funds focus on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the District's major governmental funds:

General Fund – The general fund is used to account for all financial resources except those required to be accounted for in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

Debt Service Fund – The debt service fund is used to account for the accumulation of resources for the payment of general obligation bond principal and interest and certain other long-term obligations from governmental resources when the District is obligated in some manner for the payment.

Permanent Improvement Fund – The capital projects fund is used to account for all transactions related to acquiring, constructing or improving such permanent improvements as are authorized by Chapter 5705, Revised Code.

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

---

Fiduciary Funds

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. Agency funds are custodian in nature (assets equal liabilities) and do not involve measurement of results of operations. The District's only fiduciary funds are a private purpose trust fund and two agency funds. The private purpose trust fund accounts for scholarship programs for students. The student activities fund is used to account for assets and liabilities generated by student managed activities. The fund accounts for sales and other revenue generating activities by student activity programs, which have students involved in the management of the program. The Section 125 plan accounts for monies voluntarily withheld from employees on a pre-tax basis to reimburse employees for medical and dental expenses not covered by group insurance.

**Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Fiduciary funds use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues – Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, included property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

---

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year end: property taxes available for advance and intergovernmental revenue.

Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of June 30, 2012, but which were levied to finance fiscal year 2013 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Unearned Revenue

Unearned revenue represents amounts under the accrual basis of accounting for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met because such amounts have not yet been earned.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The fair value of donated commodities used during the year is reported in the operating statement as an expense with a like amount reported as donated commodities revenue.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

**Equity in Pooled Cash and Investments**

Cash received by the District is pooled for investment purposes. Interest in the pool is presented as "Equity in Pooled Cash and Investments" on the financial statements.

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts such as nonnegotiable certificates of deposits and repurchase agreements are reported at cost.

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

---

The District has invested funds in the State Treasury Asset Reserve of Ohio (STAR Ohio) during fiscal year 2012. STAR Ohio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company but does operate in a manner consistent with Rule 2A7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on June 30, 2012.

Following Ohio statutes, the Board has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue credited to the General Fund during the fiscal year amounted to \$36,324, \$646 in the Permanent Improvement Fund and \$92 in Other Governmental Funds.

**Inventory**

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventory consists of food held for resale and consumable supplies.

**Capital Assets**

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The District maintains a capitalization threshold of five hundred dollars (\$5,000). The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets are depreciated, except land. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is allocated using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Buildings and Improvements	20-40 years
Equipment	5-15 years

**Compensated Absences**

The District reports compensated absences in accordance with the provisions of GASB Statement No. 16, "Accounting for Compensated Absences." Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the District will compensate the employees for the benefits through paid time off or some other means. The District records a liability for accumulated unused vacation time, when earned, for all employees with more than one year of service.

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

---

Sick leave benefits are accrued as a liability using the vested payment method. The entire compensated absence liability is reported on the government-wide financial statements.

For governmental fund financial statements, the expenditures for unpaid compensated absences are recognized when due. These amounts are recorded in the account “compensated absences payable” in the fund from which the employees who have accumulated unpaid leave are paid. Compensated absences are reported in governmental funds only if they have matured.

The District’s policies regarding compensated absences are determined by the state laws and/or negotiated agreements. In summary, the policies are as follows:

<u>Vacation</u>	<u>Certified</u>	<u>Administrators</u>	<u>Non-Certificated</u>	<u>Exempt</u>
How Earned	Not Eligible	30 days per year	10-25 days for each service year depending on length of service	10-25 days for each service year depending on length of service

**Net Assets**

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. Of the \$3,385,287 in restricted net assets, none were restricted by enabling legislation.

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

---

**Interfund Activity**

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as interfund "receivables/payables". These amounts are eliminated in the governmental activities columns of the statement of net assets.

As a general rule, the effect of interfund (internal) activity has been eliminated from the government-wide statement of activities. The interfund services provided and used are not eliminated in the process of consolidation.

**Fund Balance**

In accordance with Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting*, the District classifies its fund balance based on the purpose for which the resources were received and the level of constraint placed on the resources. The following categories are used:

Nonspendable – resources that are not in spendable form (inventory) or have legal or contractual requirements to maintain the balance intact.

Restricted – resources that have external purpose restraints imposed on them by providers, such as creditors, grantors, or other regulators.

Committed – resources that are constrained for specific purposes that are internally imposed by the government at its highest level of decision making authority, the Board of Education.

Assigned – resources that are intended to be used for specific purposes as approved through the District's formal purchasing procedure by the Treasurer.

Unassigned – residual fund balance within the General Fund that is not restricted, committed, or assigned. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from incurred expenses for specific purposes exceeding amounts which had been restricted, committed or assigned for said purposes.

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

---

---

The District applies restricted resources first when an expense is incurred for purposes which both restricted and unrestricted net assets are available. The District considers committed, assigned, and unassigned fund balances, respectively, to be spent when expenditures are incurred for purposes for which any of the unrestricted fund balance classifications could be used.

**Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**Note 3 - Equity in Pooled Cash and Investments**

---

The District maintains a cash and investment pool used by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "Equity in Pooled Cash and Investments."

State statute requires the classification of monies held by the District into three categories:

Active Monies - Those monies required to be kept in a "cash" or "near cash" status for immediate use by the District. Such monies must by law be maintained either as cash in the District treasury, in depository accounts payable or withdrawable on demand.

Inactive Monies – Those monies not required for use within the current two year period of designated depositories. Ohio law permits inactive monies to be deposited or invested as certificates of deposit maturing not later than the end of the current period of designated depositories, or as savings or deposit accounts, including, but not limited to passbook accounts.

Interim Monies – Those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Ohio law permits interim monies to be invested or deposited in the following securities:

- (1) Bonds, notes, or other obligations of or guaranteed by the United States, or those for which the faith of the United States is pledged for the payment of principal and interest.
- (2) Bonds, notes, debentures, or other obligations or securities issued by any federal governmental agency.
- (3) No-load money market mutual funds consisting exclusively of obligations described in (1) or (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions.

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

---

- (4) Interim deposits in the eligible institutions applying for interim monies to be evidenced by time certificates of deposit maturing not more than one year from date of deposit, or by savings or deposit accounts, including, but limited to, passbook accounts.
- (5) Bonds and other obligations of the State of Ohio.
- (6) The Ohio State Treasurer's investment pool (STAR Ohio).
- (7) Commercial paper and banker's acceptances which meet the requirements established by Ohio Revised Code, Sec. 135.142.
- (8) Under limited circumstances, corporate debt interests in either of the two highest rating classifications by at least two nationally recognized rating agencies.

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public moneys deposited with the institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

### **Deposits**

Custodial Credit Risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's policy for deposits is any balance not covered by depository insurance will be collateralized by the financial institutions with pledged securities. As of June 30, 2012, none of the District's bank balance of \$1,152,303 was exposed to custodial risk.

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

---

Ohio Revised Code Chapter 135, Uniform Depository Act, authorizes pledging of pooled securities in lieu of specific securities. Specifically, a designated public depository may pledge a single pool of eligible securities to secure repayment of all public monies deposited in the financial institution, provided that all times the total value of the securities so pledged is at least equal to 105% of the total amount of all public deposits secured by the pool, including the portion of such deposits covered by any federal deposit insurance.

**Investments**

As of June 30, 2012, the District had the following investments:

	<u>Fair Value</u>	<u>Weighted Average Maturity (Years)</u>
Money Market Funds	\$234,296	0.00
STAROhio	3,392,917	0.16
Federal Home Loan Bank	1,992,451	1.21
Fannie Mae	1,654,716	1.87
Freddie Mac	<u>1,733,576</u>	0.49
	<u><u>\$9,007,956</u></u>	
Portfolio Weighted Average Maturity		0.76

Interest Rate Risk - In accordance with the investment policy, the District manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to three years.

Credit Risk – It is the District’s policy to limit its investments that are not obligations of the U.S. Government or obligations explicitly guaranteed by the U.S. Government to investments which have the highest credit quality rating issued by nationally recognized statistical rating organizations. The District’s Investments in Federal Home Loan Bank and Fannie Mae were rated AAA by Standard & Poors and Fitch Ratings and Aaa by Moody’s Investors Service. Investments in Freddie Mac were rated A-1+ by Standard and Poors and P-1 by Moody’s Investors Service. Investments in STAROhio were rated AAAM by Standards & Poor’s. Investments in Money Market Funds were not rated.

Concentration of Credit Risk – The District’s investment policy allows investments in U.S. Agencies or Instrumentalities. The District has invested 38% of the District’s investments in STAROhio, 3% in Money Market Funds, 22% in Federal Home Loan Bank, 18% in Fannie Mae and 19% in Freddie Mac.

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

---

Custodial Credit Risk – The risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All of the District’s securities are either insured and registered in the name of the District or at least registered in the name of the District.

**Note 4 - Property Taxes**

---

Real property taxes collected in 2012 were levied in April on the assessed values as of January 1, 2011, the lien date. Assessed values are established by the County Auditor at 35 percent of appraised market value. A re-evaluation of real property is required to be completed no less than every six years, with a statistical update every third year.

Tangible personal property tax revenue received during calendar year 2012 (other than public utility property tax) represents the collection of 2012 taxes levied against local and interexchange telephone companies. Tangible personal property tax on business inventory, manufacturing machinery and equipment, and furniture and fixtures is no longer levied and collected. The October 2008 tangible personal property tax settlement was the last property tax settlement for general personal property taxes. Tangible personal property taxes received from telephone companies in calendar year 2012 were levied after April 1, 2011, on the value as of December 31, 2011. Payments by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20. Tangible personal property taxes paid by April 30 are usually received by the School District prior to June 30.

Real property taxes are payable annually or semi-annually. In 2012, if paid annually, payment was due by January 20th. If paid semi-annually, the first payment (at least 1/2 amount billed) was due January 20th with the remainder due on June 20th.

The County Auditor remits portions of the taxes collected to all taxing districts with periodic settlements of real and public utility property taxes in February and August and tangible personal property taxes in June and October. The District records billed but uncollected property taxes as receivables at their estimated net realizable value.

Accrued property taxes receivable represent delinquent taxes outstanding and real property, personal property and public utility taxes which became measurable at June 30, 2012. Delinquent property taxes collected within 60 days are included as a receivable and tax revenue as of June 30, 2012 on the fund financial statements. The entire amount of delinquent taxes receivable is recognized as revenue in the government-wide financial statements. Although total property tax collections for the next fiscal year are measurable, only the amount available as an advance at June 30 is available to finance current year operations. The receivable is, therefore, offset by a credit to deferred revenue for that portion not intended to finance current year operations. The amount available as an advance at June 30, 2012, was \$6,328,150 for General Fund, \$480,690 for Debt Service Fund and \$771,660 for Permanent Improvement Fund, and is recognized as revenue, with a corresponding reserve to fund balance since the Board did not appropriate these receivables for fiscal year 2012 operations.

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

---

On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis the revenue has been deferred.

The assessed values upon which the fiscal year 2012 taxes were collected are:

	<u>Amount</u>
Agricultural/Residential and Other Real Estate	\$731,368,780
Public Utility	<u>11,158,640</u>
Total	<u><u>\$742,527,420</u></u>

**Note 5 – Receivables**

---

Receivables at June 30, 2012 consisted of taxes, accounts, interest and intergovernmental receivable. All receivables are considered collectible in full.

**Note 6 - Capital Assets**

---

Capital asset activity for the fiscal year ended June 30, 2012, was as follows:

	<u>Beginning Balance Restated</u>	<u>Additions</u>	<u>Deletions</u>	<u>Ending Balance</u>
<b>Governmental Activities</b>				
<i>Capital Assets, not being depreciated:</i>				
Land	\$1,436,356	\$0	\$0	\$1,436,356
Construction in Progress	5,240,073	260,955	5,501,028	0
<i>Capital Assets, being depreciated:</i>				
Buildings and Improvements	76,829,324	5,501,028	0	82,330,352

Governmental Activities Capital Assets, Net	<u><u>\$49,473,595</u></u>	<u><u>\$3,597,885</u></u>	<u><u>\$5,501,028</u></u>	<u><u>\$47,570,452</u></u>

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

---

Depreciation expense was charged to governmental functions as follows:

Instruction:	
Regular	\$1,718,484
Special	21,613
Support Services:	
Pupil	5,095
Instructional Staff	58,266
School Administration	39,276
Fiscal	9,600
Business	4,786
Operations and Maintenance	140,797
Pupil Transportation	121,599
Central	253,445
Operation of Non-Instructional Services	52,924
Extracurricular Activities	121,260
Total Depreciation Expense	<u><u>\$2,547,145</u></u>

**Note 7 - Notes Payable**

---

Activity related to the District's tax anticipation notes payable is presented below:

<u>Purpose</u>	<u>Interest Rate</u>	<u>Issue Date</u>	<u>Maturity Date</u>	<u>Balance July 1</u>	<u>Additions</u>	<u>Deductions</u>	<u>Balance June 30</u>
2010 Tax Anticipation	3.47%	6/1/2010	6/1/2011	\$6,000,000	\$0	\$6,000,000	\$0
2011 Tax Anticipation	3.47%	6/1/2011	6/1/2012	0	4,500,000	0	4,500,000
				<u>\$6,000,000</u>	<u>\$4,500,000</u>	<u>\$6,000,000</u>	<u>\$4,500,000</u>

The note is shown as a liability on the fund financial statements in the fund which received the proceeds. The proceeds were used for capital improvements.

General obligation bonds will be paid from the debt service fund and the permanent improvement fund. Compensated absences will be paid from the fund from which the person is paid (usually general and special revenue funds).

On July 21, 2009, the Board of Education of the Loveland City School District issued its \$6,015,000 School Energy Conservation Improvements Bonds (Qualified School Construction Bonds), Series 2009. These bonds are the first Qualified School Construction Bonds ("QSCBs") to be issued in Ohio and the sixth to be issued in the country. Qualified School Construction Bonds are a new type of qualified tax credit bond created under the American Recovery and Reinvestment Act of 2009. The Loveland City School District will use the QSCBs proceeds to construct various energy conservation improvements to their buildings. The QSCBs issued by the Loveland City School District bare a tax credit rate of 7.19% (with no supplemental interest coupon, therefore the District will pay no interest on the QSCBs over their 15 year term) and were rated Aa3 by Moody's Investors Service.

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

Principal and interest requirements to retire general obligation debt outstanding at year end are as follows:

Fiscal Year Ending June 30	General Obligation Bond			Capital Appreciation Bond

**Note 9 - Pension Plans**

**School Employees Retirement System of Ohio**

Plan Description

The District contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing multiple-employer defined benefit pension plan. SERS provides retirement, disability, and survivor benefits; annual cost-of-living adjustments; and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report can be obtained by contacting SERS, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746 or by calling toll free (800) 878-5853. It is also posted on SERS' website at [www.ohsers.org](http://www.ohsers.org) under *Employers/Audit Resources*.

Funding Policy

Plan members are required to contribute 10% of their annual covered salary and District is required to contribute 14% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended, up to statutory maximum amounts, by the SERS' Retirement Board. The Retirement Board acting with the advice of the actuary, allocates the employer contribution rate among four of the funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care fund) of the System. For fiscal year ending June 30, 2012, the allocation to pension and death benefits is 11.81%. The remaining 2.19% of the 14% employer contribution rate is allocated to the Health Care and Medicare B Funds. The District's contributions to SERS for the years ended June 30, 2012, 2011, and 2010 were \$1,028,496, \$988,056, and \$1,065,240, respectively; 67% has been contributed for fiscal year 2012 and 100% for fiscal years 2011 and 2010.

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

---

**State Teachers Retirement System of Ohio**

Plan Description

The School District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple employer public employee retirement system. STRS Ohio is a statewide retirement plan for licensed teachers and other faculty members employed in the public schools of Ohio or any school, community school, college, university, institution, or other agency controlled, managed and supported, in whole or in part, by the state or any political subdivision thereof. Additional information or copies of STRS Ohio's *Comprehensive Annual Financial Report* can be requested by writing to STRS Ohio, 275 E. Broad Street, Columbus, OH 43215-3771, by calling toll-free 1-888-227-7877, or by visiting the STRS Ohio web site at [www.strsoh.org](http://www.strsoh.org).

Plan Options

New members have a choice of three retirement plan options. In addition to the Defined Benefit (DB) Plan, new members are offered a Defined Contribution (DC) Plan and a Combined Plan. The DC Plan allows members to allocate all their member contributions and employer contributions equal to 10.5% of earned compensation among various investment choices. The Combined Plan offers features of the DC Plan and DB Plan. In the Combined Plan, member contributions are allocated to investment choices by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. Contributions into the DC Plan and Combined Plan are credited to member accounts as employers submit their payroll information to STRS Ohio, generally on a biweekly basis. DC and Combined Plan members will transfer to the DB Plan during their fifth year of membership unless they permanently select the DC or Combined Plan.

DB Plan Benefits

Plan benefits are established under Chapter 3307 of the Revised Code. Any member may retire who has (i) five years of service credit and attained age 60; (ii) 25 years of service credit and attained age 55; or (iii) 30 years of service credit regardless of age. The annual retirement allowance, payable for life, is the greater of the "formula benefit" or the "money-purchase benefit" calculation. Under the "formula benefit," the retirement allowance is based on years of credited service and final average salary, which is the average of the member's three highest salary years. The annual allowance is calculated by using a base percentage of 2.2% multiplied by the total number of years of service credit (including Ohio-valued purchased credit) times the final average salary. The 31<sup>st</sup> year of earned Ohio service credit is calculated at 2.5%. An additional one-tenth of a percent is added to the calculation for every year of earned Ohio service over 31 years (2.6% for 32 years, 2.7% for 33 years and so on) until 100% of final average salary is reached. For members with 35 or more years of Ohio contributing service, the first 30 years will be calculated at 2.5% instead of 2.2%. Under the "money-purchase benefit" calculation, a member's lifetime contributions plus interest at specified rates are matched by an equal amount from other STRS Ohio funds. This total is then divided by an actuarially determined annuity factor to determine the maximum annual retirement allowance.

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

---

DC Plan Benefits

Benefits are established under Sections 3307.80 to 3307.89 of the Revised Code. For members who select the DC Plan, all member contributions and employer contributions at a rate of 10.5% are placed in an investment account. The member determines how to allocate the member and employer money among various investment choices. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump-sum withdrawal. Employer contributions into members' accounts are vested after the first anniversary of the first day of paid service. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Combined Plan Benefits

Member contributions are allocated by the member, and employer contributions are used to fund a defined benefit payment. A member's defined benefit is determined by multiplying 1% of the member's final average salary by the member's years of service credit. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60. The defined contribution portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50.

Eligible faculty of Ohio's public colleges and universities may choose to enroll in either STRS Ohio or an alternative retirement plan (ARP) offered by their employer. Employees have 120 days from their employment date to select a retirement plan.

A retiree of STRS Ohio or another Ohio public retirement system is eligible for reemployment as a teacher following the elapse of two months from the date of retirement. Contributions are made by the reemployed member and employer during the reemployment. Upon termination of reemployment or age 65, whichever comes later, the retiree is eligible for an annuity benefit or equivalent lump-sum payment in addition to the original retirement allowance. A reemployed retiree may alternatively receive a refund of only member contributions with interest before age 65, once employment is terminated.

Benefits are increased annually by 3% of the original base amount for DB Plan participants.

The DB and Combined Plans offer access to health care coverage to eligible retirees who participated in the plans and their eligible dependents. Coverage under the current program includes hospitalizations, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. By Ohio law, health care benefits are not guaranteed.

A DB or Combined Plan member with five or more years' credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of members who die before retirement may qualify for survivor benefits. A death benefit of \$1,000 is payable to the beneficiary of each deceased retired member who participated in the DB Plan. Death benefit coverage up to \$2,000 can be purchased by participants in the DB, DC or Combined Plans. Various other benefits are available to members' beneficiaries.

Funding Policy

Chapter 3307 of the Revised Code provides statutory authority for member and employer contributions. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10% for members and 14% for employers.

Contribution requirements and the contributions actually made for the fiscal year ended June 30, 2012, were 10% of covered payroll for members and 14% for employers. The District's contributions to STRS for the years ended June 30, 2012, 2011, and 2010 were \$2,989,800, \$3,026,328, and \$2,774,980, respectively; 83% has been contributed for fiscal year 2012 and 100% for fiscal years 2011 and 2010.

**Note 10- Post Employment Benefits**

---

**School Employees Retirement System of Ohio**

Plan Description

In addition to a cost-sharing multiple-employer defined benefit pension plan, the School Employees Retirement System of Ohio (SERS) administers two postemployment benefit plans.

Medicare Part B Plan

The Medicare B plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Ohio Revised Code (ORC) 3309.69. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B premium for calendar year 2012 was \$96.40 for most participants, but could be as high as \$369.10 depending on their income; SERS' reimbursement to retirees was \$45.50.

The Retirement Board, acting with the advice of the actuary, allocates a portion of the current employer contribution rate to the Medicare B Fund. For fiscal year 2012, the actuarially required allocation was .76%. District contributions for the year ended June 30, 2012, 2011 and 2010 were \$55,833, \$53,637 and \$57,827, respectively, which equaled the required contributions each year.

Health Care Plan

ORC 3309.375 and 3309.69 permit SERS to offer health care benefits to eligible retirees and beneficiaries. SERS' Retirement Board reserves the right to change or discontinue any health plan or program. SERS offers several types of health plans from various vendors, including HMO's, PPO's, Medicare Advantage and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively.

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

---

The ORC provides the statutory authority to fund SERS' postemployment benefits through employer contributions. Active members do not make contributions to the postemployment benefit plans.

The Health Care Fund was established under, and is administered in accordance with, Internal Revenue Code 105(e). Each year after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer 14% contribution to the Health Care Fund. At June 30, 2012, the health care allocation was 1.43%. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statutes provide that no employer shall pay a health care surcharge greater than 2% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2012, the minimum compensation level was established at \$35,800. The surcharge, added to the unallocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund. The District contributions assigned to health care for the years ended June 30, 2012, 2011, and 2010 were \$105,054, \$100,923, and \$35,001, respectively; 67% has been contributed for fiscal year 2012 and 100% for fiscal years 2011 and 2010.

The SERS Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

The financial reports of SERS' Health Care and Medicare B plans are included in its *Comprehensive Annual Financial Report*. The report can be obtained by contacting SERS, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746 or by calling toll free (800) 878-5853. It is also posted on SERS' website at [www.ohsers.org](http://www.ohsers.org) under *Employers/Audit Resources*.

### **State Teachers Retirement System of Ohio**

#### Plan Description

STRS Ohio administers a pension plan that is comprised of: a Defined Benefit Plan; a self-directed Defined Contribution Plan and a Combined Plan that is a hybrid of the Defined Benefit and the Defined Contribution Plan.

Ohio law authorized STRS Ohio to offer a cost-sharing, multiple-employer health care plan. STRS Ohio provides access to health care coverage to eligible retirees who participated in the Defined Benefit or Combined Plans. Coverage under the current program includes hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums.

Pursuant to 3307 of the Revised Code, the Retirement Board has discretionary authority over how much, if any, of the associated health care costs will be absorbed by STRS Ohio. All benefit recipients, for the most recent year, pay a portion of the health care costs in the form of a monthly premium.

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

---

STRS Ohio issues a stand-alone financial report. Interested parties can view the most recent *Comprehensive Annual Financial Report* by visiting [www.strsoh.org](http://www.strsoh.org) or by requesting a copy by calling toll-free 1-888-227-7877.

**Funding Policy**

Under Ohio law, funding for post-employment health care may be deducted from employer contributions. Of the 14% employer contributions rate, 1% of covered payroll was allocated to post-employment health care for the year ended June 30, 2012, 2011 and 2010. The 14% employer contribution rate is the maximum rate established under Ohio law. The District contributions for the years ended June 30, 2012, 2011, and 2010 were \$213,557, \$216,166, and \$198,210, respectively; 83% has been contributed for fiscal year 2012 and 100% for fiscal years 2011 and 2010.

**Note 11 - Contingent Liabilities**

---

**Student Attendance Data Review**

The Auditor of State is currently performing a statewide review of supporting documentation for student attendance data reported to the Ohio Department of Education. The results of this review are still pending and will be reported separately to the Ohio Department of Education at a later date.

The School District received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. This also encompasses the Auditor of State's ongoing review of student attendance data. However, the effect of any such disallowed claims on the overall financial position of the School District at June 30, 2012, if applicable, cannot be determined at this time.

**Litigation**

The District is party to legal proceedings. The District is of the opinion that the ultimate disposition of claims will not have a material effect, if any, on the financial condition of the District.

---

**Note 12 - Jointly Governed Organizations**

---

*The Southwest Ohio Computer Association* - The Southwest Ohio Computer Association (SWOCA) is a jointly governed organization among a three county consortium of Ohio school districts. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to the administrative and instructional functions of the member districts. Each of the governments of these schools supports SWOCA based upon a per pupil charge dependent upon the software package utilized. SWOCA is governed by a Board of Directors consisting of the superintendents and treasurers of member school districts. The degree of control exercised by any participating school district is limited to its representation on the Board. The Board consists of one representative from each of the participating 32 school districts. The financial statements for SWOCA are available at 3603 Hamilton-Middletown Road, Hamilton, Ohio 45012.

*Hamilton Clermont Cooperative Association/Unified Purchasing Association* - The Hamilton Clermont Cooperative Association/Unified Purchasing Association (HCCA) is a jointly governed organization among a two county consortium of school districts. The Unified Purchasing Cooperative was organized under the Hamilton Clermont Cooperative Association to benefit member districts with a more economically sound purchasing mechanism for general school, office and cafeteria supplies. The United Purchasing Cooperative organization is governed by representatives from each of the governments that created the organization, but there is no ongoing financial interest or responsibility by the participating governments. Complete financial statements for HCCA can be obtained from their administrative office at 7615 Harrison Avenue, Cincinnati, Ohio 45231.

*The Great Oaks Institute of Technology and Career Development* - The Great Oaks Institute of Technology and Career Development, a jointly governed organization, is a distinct political subdivision of the State of Ohio operated under the direction of a Board, consisting of one representative from each of the participating school district's elected board. The Board possesses its own budgeting and taxing authority as a separate body politic and corporate, established by the Ohio Revised Code. Great Oaks was formed for the purpose of providing vocational education opportunities to the students of the member school districts, which includes the students of the School District. The District has no ongoing financial interest in nor responsibility for Great Oaks. To obtain financial information, write to Great Oaks at 3254 East Kemper Road, Cincinnati, Ohio 45241.

**Note 13 - Risk Management**

---

The District constantly faces the risk of loss of assets by fire, storm, theft, accident or other catastrophes. Generally, the District shifts the burden of such losses by entering into a casualty insurance contract whereby an insurance company, in consideration of a premium payment, assumes the risk of all or a portion of these losses. The Ohio Casualty Company provides insurance coverage on the buildings and contents, boiler and machinery, burglary/robbery/theft (inside and outside), and mobile instruction units. Utica also insures our fleet of vehicles and radio and communication equipment.

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

---

All employees, volunteers and booster groups are covered under the District's liability policy with Ohio Casualty. The limits of liability are \$4,000,000 for each occurrence and with a \$5,000,000 aggregate.

The Travelers Insurance Company insures the performance bonds. The Superintendent, Board President and Assistant Treasurer are each insured in the amount of \$50,000. In addition, the Treasurer and Business Manager are each insured in the amount of \$100,000. The District uses the State Workers' Compensation plan.

The District maintains a comprehensive insurance coverage with private carriers for real property, building contents and vehicles. Vehicle policies include liability coverage for bodily injury and property damage. Real property and contents are 90% co-insured. The district is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District contracted with Ohio Casualty for property insurance, fleet insurance, and for liability insurance coverage. Coverage provided by Ohio Casualty are as follows:

Building and Contents – replacement cost (\$1,000 deductible)	\$93,916,418
Automobile Liability	4,000,000
Uninsured Motorist	1,000,000
General Liability:	
Per Occurrence	4,000,000
Total Per Year	5,000,000

Settled claims have not exceeded this commercial coverage in any of the past three years. There have been no significant reductions in insurance coverage from last year.

**Note 14 - Insurance Purchasing Pool**

---

*Greater Cincinnati Insurance Consortium* - The Greater Cincinnati Insurance Consortium, an insurance purchasing pool, is a health trust formed to provide affordable and desirable dental, life, medical and other disability group insurance for members' employees, eligible dependents and designated beneficiaries of such employees. The board of Directors consists of one representative from each of the participating members and are elected by the vote of the majority of the member school districts. The District pays premiums to a third party administrator, Edward Paul Cerry, which in turn buys the insurance policies from various insurance companies. Upon termination, the District shall be responsible for prompt payment of all plan liabilities accruing as a result of such termination and maintain no right to any assets of the Consortium. The District may terminate participation in the Consortium for the benefit of its employees upon written notice to the Consortium delivered at least sixty days prior to the annual review date of the policy. Financial information can be obtained from the Greater Cincinnati Insurance Consortium at 20600 Chagrin Boulevard, Shaker Heights, Ohio 44122.

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

---

**Note 15 – Accountability**

---

The following individual funds had a deficit in fund balance at year end:

<u>Fund</u>	<u>Deficit</u>
Special Revenue Funds:	
Title VI - B Preschool	\$90,128
Title I	45,845
Improving Teacher Quality	28,164
EHA Preschool	3,357
Capital Projects Fund:	
Permanent Improvement	1,459,063

The deficit in fund balance was primarily due to accruals in GAAP. The general fund is liable for any deficit in these funds and will provide operating transfers when cash is required not when accruals occur.

**Note 16 - Fund Balance Reserves for Set-Asides**

---

The District is required by State statute to annually set aside in the general fund an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by year end or offset by similarly restricted resources received during the year must be held in cash at year end and carried forward to be used for the same purposes in future years.

For fiscal year ended June 30, 2012, the District was no longer required to set aside funds in the budget reserve set-aside, with the exception of refund monies received from the Bureau of Workers' Compensation, which must be spent for specified purposes.

The following cash basis information describes the change in the year end set-aside amounts for textbooks and capital acquisition. Disclosure of this information is required by State statute.

	<u>Textbooks</u>	<u>Capital Acquisition</u>
Set Aside Reserve Balance as of June 30, 2011	(\$2,138,746)	\$0
Current Year Set Aside Requirements	0	794,634
Qualified Disbursements	0	(483,991)
Elimination per H.B. 30 of the Ohio 129th General Assembly	2,138,746	0
Current Year Offsets	0	(310,643)
Set Aside Reserve Balance as of June 30, 2012	<u>\$0</u>	<u>\$0</u>
Restricted Cash as of June 30, 2012	<u>\$0</u>	<u>\$0</u>
Carried Forward as of June 30, 2012	<u>\$0</u>	

Qualifying disbursements and current year offsets for capital activity during the year exceeded the amount required for the set-aside.

**Loveland City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2012**

**Note 17 – Prior Year Defeasance of Debt**

In prior years, the District defeased certain general obligation bonds by placing the proceeds of the new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included on the District’s financial statements. On June 30, 2012, none of bonds outstanding are considered defeased.

**Note 18 – Fund Balances**

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

<u>Fund Balances</u>	<u>General</u>	<u>Debt Service</u>	<u>Permanent Improvement</u>	<u>Other Governmental Funds</u>	<u>Total</u>
<b>Nonspendable:</b>					
Inventory	\$0	\$0	\$0	\$30,196	\$30,196
<b>Total Nonspendable</b>	<u>0</u>	<u>0</u>	<u>0</u>	<u>30,196</u>	<u>30,196</u>

**Notes to the Required Supplementary Information**  
**For The Fiscal Year Ended June 30, 2012**

---

---

**Note 1 - Budgetary Process**

---

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriations resolution and the certificate of estimated resources which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount that the Board of Education may appropriate. The appropriation resolution is Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Board. The legal level of control has been established by Board at the fund level. Any budgetary modifications at this level may only be made by resolution of the Board of Education.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources issued during the fiscal year 2012.

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by Board during the year.

While the District is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Schedule of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual (Non-GAAP Basis) presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are as follows:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures for all funds (budget basis) rather than as an assignment of fund balance for governmental fund types and expendable trust funds (GAAP basis).

**Loveland City School District, Ohio**

The accompanying notes to this schedule are an integral part of this schedule.

**LOVELAND CITY SCHOOL DISTRICT  
HAMILTON COUNTY**

**NOTES TO THE FEDERAL AWARDS EXPENDITURES SCHEDULE  
FISCAL YEAR ENDED 2012**

**NOTE A - SIGNIFICANT ACCOUNTING POLICIES**

The accompanying Federal Awards Receipts and Expenditures Schedule (the Schedule) reports the Loveland City School District's (the District's) federal award programs' receipts and disbursements. The schedule has been prepared on the cash basis of accounting.

**NOTE B - CHILD NUTRITION CLUSTER**

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the Government assumes it expends federal monies first.

**NOTE D – FOOD DONATION PROGRAM**

The Government reports commodities consumed on the Schedule at the fair value. The District allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities.

## INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Loveland City School District  
Hamilton County  
757 S. Lebanon Road  
Loveland, Ohio 45140

To the Board of Education:

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Loveland City School District, Hamilton County, Ohio (the District), as of and for the year ended June 30, 2012, which collectively comprise the District's basic financial statements and have issued our report thereon dated January 22, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of the District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

### Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We intend this report solely for the information and use of management, the audit committee, federal awarding agencies, pass-through entities, and others within the District. We intend it for no one other than these specified parties.

A handwritten signature in black ink that reads "Dave Yost". The signature is written in a cursive style with a large, looping "D" and "Y".

## INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Loveland City School District  
Hamilton County  
757 S. Lebanon Road  
Loveland, Ohio 45140

To the Board of Education:

### Compliance

We have audited the compliance of Loveland City School District, Hamilton County, Ohio (the District), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect the District's major federal programs for the year ended, June 30, 2012. The *summary of auditor's results* section of the accompanying schedule of findings identifies the Government's major federal programs. The District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to opine on the Government's compliance based on our audit.

Our compliance audit followed auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the Government's compliance with these requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Government's compliance with these requirements.

In our opinion, the Loveland City School District complied, in all material respects, with the requirements referred to above that could directly and materially affect each of its major federal programs for the year ended June 30, 2012.

### Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Government's internal control over compliance with requirements that could directly and materially affect a major federal program, to determine our auditing procedures for the purpose of opining on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Government's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We intend this report solely for the information and use of the audit committee, management, others within the entity, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.
