

CITY OF WARREN, OHIO

COMPREHENSIVE ANNUAL FINANCIAL REPORT

**FOR THE YEAR ENDED
DECEMBER 31, 2014**

DAVID N. GRIFFING, CITY AUDITOR

Dave Yost • Auditor of State

City Council
City of Warren
391 Mahoning Avenue NW
Warren, OH 44483

We have reviewed the *Independent Auditor's Report* of the City of Warren, Trumbull County, prepared by Rea & Associates, Inc., for the audit period January 1, 2014 through December 31, 2014. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Warren is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Dave Yost".

CITY OF WARREN, OHIO

Finance Department

DAVID N. GRIFFING
City Auditor

NANCY E. RUGGIERI
Deputy Auditor

CITY HALL
391 Mahoning Avenue
Warren, Ohio 44483
Telephone: (330) 841-2586
Fax: (330) 841-2676

June 25, 2015

The Honorable Mayor, Members of City Council, and
The Citizens of the City of Warren, Ohio:

The Comprehensive Annual Financial Report (CAFR) of the City of Warren, Ohio, (the "City") for the year ended December 31, 2014, is hereby submitted. This report is prepared in conformance with generally accepted accounting principles (GAAP) in the United States of America as set forth by the Governmental Accounting Standards Board (GASB). Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City Auditor's office. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

The City is responsible for establishing and maintaining an internal control structure designed to protect its assets from loss, theft or misuse. Furthermore, the accounting system must be adequate to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and that the valuation of costs and benefits requires estimates and judgments by management.

The City is required by state law to have an annual audit performed by the Auditor of State's Office or an independent public accounting firm, if permitted by the Auditor of State. Rea & Associates, Inc. performed the audit for the year ended December 31, 2014. The City continues to receive an unmodified opinion. The Independent Auditor's Report on the City's financial statements is included in the Financial Section of this report.

As a part of the City's independent audit, tests are made to determine the adequacy of the internal control structure, including that portion related to federal financial assistance programs, as well as to determine that the City has complied with applicable laws and regulations. The results of the City's independent audit for the year ended December 31, 2014 provided no instances of material weaknesses in the internal control structure and two instances of significant violations of applicable laws and regulations.

This transmittal letter is designed to provide historical information about the City, as well as complement the required Management's Discussion and Analysis (MD&A). Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements. The City's MD&A can be found immediately following the Independent Auditor's Report.

COMMUNITY PROFILE

For financial reporting purposes, the City includes all funds, agencies, boards, commissions, and departments for which the City is financially accountable. The City is the only governmental unit in the reporting entity; it has no component units.

In determining what constitutes the City's reporting entity, criteria established by GASB Statement No. 14, "The Financial Reporting Entity", were used. The City is comprised of all entities not legally separate from the City. Trumbull County, Warren Township, Howland Township, the Warren City School District and the Trumbull Career and Technical Center are separate governmental jurisdictions that overlap the City's boundaries. However, these entities are not included in the City's financial reports.

The City of Warren, historic capital of the Connecticut Western Reserve and Trumbull County seat, was incorporated as a village in 1843 and attained city status in 1869. Located in northeast Ohio, the City is situated approximately fifty-two miles southeast of Cleveland and fourteen miles northwest of Youngstown, occupies a land area of 16.30 square miles, and serves a population of approximately 40,768 residents.

Warren is easily reached by a variety of rail, highway and air transportations systems. In conjunction with the Conrail and B&O railroads, the City is home to a first-rate network of regional and interstate highways, providing local business and industry with access to major metropolitan markets. State Routes 5, 45, 82 and U.S. Route 422 serve the City directly, while the Ohio Turnpike (I-80) is located six miles west of the corporate limits, I-76 is nine miles south, and State Route 11 is four miles east. Commercial and air freight services are supplied by the Youngstown-Warren Regional Airport; additional air transportation services are provided by Cleveland Hopkins International Airport, Akron-Canton Regional Airport, and Pittsburgh International Airport – all within 75 miles of the City.

Cultural and recreational opportunities abound throughout Warren and the surrounding region. The W.D. Packard Music Hall auditorium (performance seating capacity for 2,400 and banquet seating for 500) is home to a variety of music and theatrical productions, the downtown district hosts several summer festivals and outdoor concerts, and local museums, historic and cultural landmarks provide a forum for the notable architectural, educational, and entertainment resources present in the community. The City is home to over 260 acres of public parks, including the downtown Riverwalk, Warren Community Amphitheatre, and Trumbull County Women's Park. These facilities provide a variety of recreational opportunities for local residents, including softball, soccer, biking, and tennis. Mosquito Lake and Meander Creek Reservoir provide facilities for swimming, fishing and boating.

In addition to the City's comprehensive public school system and excellent parochial school system, advanced education can be pursued at the local branch of Kent State University. Several accredited colleges and universities with four-year and advanced degree programs are also located within a short driving distance, including Youngstown State University, Kent State University, Hiram College, and Akron University. The Eastern Gateway Community College recently opened a campus with business offices in downtown Warren to provide access to our citizens to alternative forms of education.

A complete discussion of the City's reporting entity is provided in Note 2 in the notes to the basic financial statements (BFS).

PROFILE OF THE GOVERNMENT

The City provides a wide range of general governmental services to its residents including: public safety (police and fire), public health, municipal court, highways and streets, public improvements, community development, engineering planning and zoning, water, sewers, sanitation, parks and recreation, and general administrative services. The City is a statutory city that operates under those powers granted by the Ohio Constitution and The Ohio Revised Code. The Mayor is elected at-large to serve a four-year term. The Mayor is responsible for administrating the policies and ordinances adopted by the City Council, for overseeing the day-to-day operations of the City, and for appointing the superintendents of various departments. The 11 members of City Council are elected every 2 years with one serving as the President of Council. Council members serve as the legislative authority and the taxing authority. The Council members create and adopt the annual operating budget of the City.

Aside from the Mayor and Council, citizens elect three other at-large City administrative officials, each of whom is independent within the limits of Ohio law affecting the particular office. These officials, elected to four-year terms, are the Auditor, Treasurer, and Law Director. The Auditor serves as the chief financial officer of the City. As chief financial officer, no contract or obligation involving the City can be made without the Auditor's certification that appropriations are sufficient and that funds are available, or are in the process of collection, to satisfy the contract or obligation. The Auditor is the central disbursing agent for the City who distributes funds to creditors in payment of liabilities incurred by the City and its departments. In addition, the Auditor is responsible for the preparation of the City payroll and maintaining a permanent accounting system and records.

The Treasurer is the custodian of all City funds. The Treasurer is responsible for the investment of active, inactive, and interim funds as specified by Ohio law. In addition, the Treasurer serves as an internal control function for the Auditor.

The Law Director has the responsibility of the criminal and civil divisions of the City Law Department. The criminal division is responsible for prosecuting all cases arising in the two municipal courts within the City. The Law Director is also responsible for the civil division which prepares all contracts, bonds, legislation, and other instruments in writing. As designated by Ohio law, the Law Director serves as chief legal counsel for all City officials, directors, departments, and boards.

ECONOMIC CONDITION AND OUTLOOK

The City benefits from its prime location as a central component of the regional Cleveland-Pittsburgh American manufacturing belt. Approximately 9,300 manufacturing plants, 9,400 wholesale distribution centers and 17 Fortune 500 corporate world headquarters are located within 80 miles of the City. Residents derive significant benefit from and have easy access to exceptional employment, educational, recreational, medical, and cultural facilities within and surrounding the greater Youngstown-Warren metropolitan area. Home to a diversified base of industrial and commercial activity, employment within the City is primarily concentrated in the production of steel, automotive and associated systems, wholesale and retail distribution, as well as education, medical, and other professional services. The factors of globalization and increased competition have required significant changes in the regional economy; in order to regain competitive advantage, local manufacturing firms have implemented supplementary research divisions and embraced technological advances, resulting in increased investment, economic diversification and enhanced productivity. In addition, City officials and business leaders are placing added emphasis on the attraction of diverse corporate, retail and industrial employers to the region. As employment in heavy manufacturing has decreased, local non-manufacturing sector employment has increased, allowing the area to sustain growth despite a transition of workforce demographics.

Spearheaded by partnerships between the Warren Community Development Department, Warren Redevelopment and Planning (WRAP), and the Regional Chamber, the City's economic development team possesses significant resources to assist the establishment, expansion, or relocation of any business. Support is available with regard to site selection, financial and tax abatement assistance, business plan development, and other associated issues. Sustained growth taking place in Warren and the surrounding metropolitan area represents positive economic trends that are expected to continue into the future.

A \$3 million renovation of a vacant downtown building is now the new home of the Tech Belt Energy Innovation Center (TBEIC), a government funded energy incubator aimed at development and commercialization of early stage energy technology.

The City of Warren, through the Community Development Department, acts as the lead agency in a partnership with Trumbull County for receiving federal funding from HUD for affordable housing programs. Through these efforts, the City and County have completed several housing projects over the years such as the 2009 completion of a \$9.5 million acquisition and rehab of 188 units at the Warren Heights Apartments on the City's north end and the \$12.5 million acquisition and rehab of 150 units at the Hampshire House Apartments on the City of Warren's southwest side completed in 2011. In 2012 construction began on the Morgandale project consisting of 10 units of senior housing and the YWCA was granted assistance to develop 12 units of permanent supportive housing in their building with construction beginning in 2013. Funding is also in place for a 60 unit, \$9 million senior housing project on the City's west side with construction scheduled to begin in 2015.

\$190,466 in small business loans were approved through the City of Warren Revolving Loan Fund and UDAG program in 2014. These loans help retain 39 current jobs and create 25 new employment opportunities. Using tax abatements and other incentives the City was able to attract a large technology company that added 200 new jobs to the City.

Warren continues its program of site visits to existing companies within the City that focused on the needs and wellness of their current employers as well as giving them the chance to discuss any problems they may have or possible ways for the City to assist them in growing their business.

In cooperation with the Mahoning Valley Economic Development Corporation (MVEDC), Warren Commerce Park has been developed into a home for industry, with tenants including Charles Manufacturing, Jaro Transportation, and Patriot Water Treatment. Proximity to major highways and rail service provide a variety of transportation options, offering market advantages to all tenants. The City of Warren developed Northwest Business Park (adjacent to OH-82 with direct links to the Ohio Turnpike) through the advancement of local public-private partnerships. Currently, the park is home to the Boy Scouts regional headquarters and a number of smaller manufacturing firms. In addition, Eastgate Technology Center located on the City of Warren's east side accommodates innovative high-tech corporations.

Since 2002, over \$2.5 million has been spent on the construction of the Warren Riverwalk campus, including an outdoor amphitheatre, festival promenade, multi-purpose event area, and the exterior restoration of the Kinsman House and Land Office. In 2012, the City started planning for the interior restoration of the Kinsman House with construction beginning in 2013 of two accessible restrooms and an elevator which will allow for better public use of this historic facility. The construction of the Riverwalk Stagehouse at the Warren Community Amphitheatre was completed in 2007 with several events having attendance in excess of 3,000 people. This project, together with ancillary recreational facilities, will provide first-class entertainment and cultural opportunities for residents and visitors alike. A series of concerts were scheduled for 2014 and had music sounding through the community. These concerts and other downtown festivals and events were held every week throughout the summer and into the fall.

FINANCIAL POLICIES AND LONG-TERM FINANCIAL PLANNING

As the local economy slowly recovers from the Great Recession, the City continues to explore options for reducing expenses and generating additional revenue. These actions are a function of the City's longstanding budget review policies set in place to ensure that the general fund expenditure levels are timely adjusted consistent with available and anticipated resources. The budget is the primary planning tool utilized to ensure that the City has sufficient resources to meet its operating and capital improvement requirements. The City's budgetary control program begins prior to the fiscal year with the preparation of a detailed specific-use budget based on line item justification by department heads. Budget performance reports are prepared and reviewed monthly by the finance department, deviations from budget are noted, and reports are submitted to department heads. Problem areas are anticipated and appropriate adjustments are made with a compromise of budget and management considerations.

Despite the vigorous budget review process to eliminate extraneous expenses, the City recognizes the need to supplement regular revenues with additional revenue streams in order to offset rising costs associated with health care and fuel price increases. To that end, the City continues to be aggressive in applying for grants and has employed a grants writer to assist with the application process. The City has also hired a collection agency to assist in the collection of outstanding money owed to the City. In addition, the City has contracted with the City of Cleveland to ensure the City's taxpayers are in compliance with the City tax code which has improved income tax collections over the last several years.

MAJOR INITIATIVES - CURRENT AND FUTURE PROJECTS

Throughout 2014, a number of projects were initiated enabling the City to operate with increased efficiency as well as compete for commercial and industrial development promoting an atmosphere conducive for job retention and growth.

PUBLIC SAFETY

The Emergency Services Division (ESD) of the Police department is comprised of one Captain, three Lieutenants, six Sergeants and twenty-six Patrol Officers. This is the only division, other than our 911 Center, that is scheduled to work seven days a week and 24 hours a day, every day of the year. The ESD also provides a security detail of two Officers for the Municipal Court, two Officers to the Trumbull Metropolitan Housing Authority, and has two K-9 units. These K-9 units are State certified for narcotics detection, tracking, patrol, and article searches. Additionally, a total of five Officers are assigned as School Resource Officers with the Warren City School District and John F. Kennedy/Blessed Sacrament Schools. The officers of ESD are the first respondents to virtually all calls for service by the Warren Police Department. These calls ranged from the most mundane to the most dangerous emergency situations. The aggressive but courteous tactics of the ESD officers have been largely recognized as being the primary reason that Warren has enjoyed such a low crime rate. Also, the Department is deeply committed to its Citizen Awareness Academy which is a program aimed at improving communication and understanding between the police and the citizens, communities, neighborhoods and businesses we serve.

The Warren City Fire Department was the recipient of a KME Rescue Pumper last year as part of a Bond by the City of Warren. The rescue pumper is manufactured in Pennsylvania and the distributor is Warren Fire Equipment in Lordstown. This Rescue pumper responds to just about any type of call imaginable including structure fires, car fires, hazardous material incidents, auto accidents, and confined space rescue calls. The cost of the truck was in excess of \$500,000.

The Fire Department was also awarded a Fire Investigation Grant through the Federal Emergency Management Agency's Assistance to Firefighter's Grant. This grant was for just over \$36,000 and will provide specific training for all of our fire investigators. This grant will also provide additional equipment such as hand tools, generators, portable lighting, and cameras to name a few. The goal of this grant is to provide training and equipment to help reduce the amount of intentionally set fires.

The Fire Department also received a grant to purchase firefighting turnout gear for 32 of our firefighters. This grant was also Assistance to Firefighter's Grant through the Federal Emergency Management Agency. The amount of the grant was slightly over \$67,000. The cost of the firefighting pants and coat only cost in excess of \$2,000. The turnout gear protects the firefighters from heat and flames they normally encounter in their daily operations.

The Fire Department Save A Life Smoke Alarm (SALSA) has been quite successful since its inception in 2012. The SALSA programs under the direction of Lt. Chuck Eggleston with the assistance of Hands On Volunteer Network of Mahoning Valley have installed over 800 smoke detectors in residences in the City of Warren. The smoke detectors are long life that is provided with 10 year sealed lithium batteries. The program is funded by donations as well as a federal grant that was obtained. The Fire Department is currently working on another grant application to continue this successful program. All Warren City residents are able to get smoke detectors installed in their homes by filling out the application. No Warren City residents are denied smoke detectors.

The Central Fire Station underwent significant renovations during 2014 and is still continuing. The heating and cooling system was completely upgraded with new wall mounted units, new boiler and thermostats. All of the windows were replaced with more energy efficient windows. The roof was completely replaced and all of the apparatus bay doors are scheduled to be replaced. The upgrades were slightly under \$500,000.

GENERAL GOVERNMENT

The City was successful in passing a bond issue in 2013 that will allow the City to repair and renovate most of the City buildings and purchase a new building to house some City departments thereby eliminating the building in the worst condition. This will allow the City to repair all City parking lots as well. In the bond issue, the City also secured funds to repair and resurface a large number of residential streets throughout the City. This bond and some state and federal project funds allowed the City to make improvements to the City streets in the amount of \$11,000,000 during 2014. These two projects had a positive effect on City infrastructure.

The City has been working on upgrading the financial software system from a main frame based system to a web based system. This new software system will allow the City more flexibility in preparing reports for departments and the City administration with less intervention from the Data Processing Department. There will be more access to information and report writing that can easily be transmitted to those requesting information and reports. The City went live with the software on April 27, 2015 which was a challenge to convert the financial system as well as the payroll system at the same time. Although there have been a few delays in the process, the system is up and running now. We will be upgrading the Utilities software later this summer.

CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Warren for its comprehensive annual financial report for the year ended December 31, 2013. This was the twelfth year the City received this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to meet the Certificate of Achievement Program's requirements and this report will be submitted to the GFOA to determine its eligibility for another certificate.

ACKNOWLEDGEMENTS

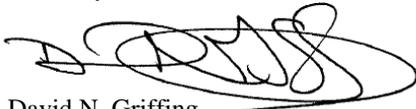

The publication of this CAFR represents an important achievement in the ability of the City of Warren to provide significantly enhanced financial information and accountability to the citizens of the City of Warren, its elected officials, City management and investors. This report continues the aggressive program of the City Auditor's office to improve the City's overall financial accounting, management and reporting capabilities.

I would like to acknowledge the efforts of the entire staff of the City of Warren Auditor's office for their contributions to this report. Special thanks are extended to Nancy Ruggieri, Deputy Auditor, for her effort and dedication to this project. I would also like to acknowledge the assistance provided by the staff of Julian & Grube, Inc., Steve Julian, CPA and Carrie Simmons, CPA; their guidance and professionalism was invaluable and greatly appreciated.

I would like to acknowledge the efforts of our new auditors in this their third year replacing our former auditors after seven years. The firm of Rea & Associates, Inc. has done a great job of completing the process on time. Thanks to Morgan Helmick of their office for completing the audit so that the report could be filed on time with GFOA.

I would also like to thank all of the elected officials, department heads and their staffs for their continued assistance and cooperation with the preparation of this CAFR. I know with their continued support, this project and our efforts toward sound financial management of the City of Warren will continue.

Sincerely,

David N. Griffing
City Auditor

INDEPENDENT AUDITOR'S REPORT

June 25, 2015

To the Honorable Mayor and City Council
City of Warren
Trumbull County, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Warren, Trumbull County, Ohio (the City), as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of December 31, 2014, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General Fund and the Community Development Block Grant Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5–19 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 25, 2015 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF WARREN, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2014 (UNAUDITED)

The management's discussion and analysis of the City of Warren's (the "City") financial performance provides an overall review of the City's financial activities for the year ended December 31, 2014. The intent of this discussion and analysis is to look at the City's financial performance as a whole; readers should also review the transmittal letter, basic financial statements and the notes to the basic financial statements to enhance their understanding of the City's financial performance.

Financial Highlights

Key financial highlights for 2014 are as follows:

- The total net position of the City increased \$374,345. Net position of governmental activities increased \$1,894,568 or 3.19% from 2013 and net position of business-type activities decreased \$1,520,223 or 4.55%.
- General revenues accounted for \$20,368,522 or 64.42% of total governmental activities revenue. Program specific revenues accounted for \$11,251,157 or 35.58% of total governmental activities revenue. Governmental activities also reported a special item gain of \$2,280,036.
- The City had \$31,682,147 in expenses related to governmental activities; \$11,251,157 of these expenses was offset by program specific charges for services, grants or contributions. General revenues (primarily property taxes, income taxes and unrestricted grants and entitlements) of \$20,368,522 partially covered the remaining expenses of \$20,430,990.
- The general fund had revenues of \$24,253,656 in 2014. This represents a decrease of \$1,639,170 or 6.33% from 2013 revenues. The expenditures and other financing uses of the general fund, which totaled \$25,951,837 in 2014, decreased \$1,219,425 or 4.49% from 2013. Other changes in fund balance for the general fund include a special item loss of \$39,538. The net decrease in fund balance for the general fund was \$1,737,719 in 2014.
- The community development block grant fund, a major governmental fund, had revenues of \$1,846,148 and expenditures and other financing uses of \$1,806,404 in 2014, resulting in an increase in fund balance of \$39,744.
- The general bond payment fund is major governmental fund and had revenues of \$1,534,828 and expenditures and other financing uses of \$2,156,497 in 2014. Fund balance decreased from \$2,017,079 to \$1,395,410.
- The general capital projects fund, a major governmental fund, had revenues and other financing sources of \$4,435,849 in 2014. Expenditures in 2014 totaled \$6,759,171 and the fund balance at the end of the year was \$3,196,189.
- Net position for the business-type activities, which are made up of the water, sewer, sanitation, Packard Music Hall (activity from January 1, 2014 through August 31, 2014), downtown parking, city redevelopment and stormwater utility enterprise funds, decreased in 2014 by \$1,520,223.
- Effective September 1, 2014, a private management company took over the operations of the Packard Music Hall, which had previously been reported in the Packard Music Hall nonmajor enterprise fund for the City. The City transferred all residual fund assets and liabilities to the general fund and has reported this net amount as a special item in the financial statements.

Using this Comprehensive Annual Financial Report

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the City as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

CITY OF WARREN, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2014 (UNAUDITED)

The statement of net position and statement of activities provide information about the activities of the whole City, presenting both an aggregate view of the City's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the City's most significant funds with all other nonmajor funds presented in total in one column.

Reporting the City as a Whole

Statement of Net Position and the Statement of Activities

While this document contains a large number of funds used by the City to provide programs and activities, the view of the City as a whole looks at all financial transactions and asks the question, "How did the City perform financially during 2014?" The statement of net position and the statement of activities answer this question. These statements include all assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues and expenses using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting reflects all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the City's net *position* and changes in that position. This change in net position is important because it tells the reader that, for the City as a whole, the financial position of the City has improved or diminished. The causes of this change may be the result of many factors-some financial, others not. Non-financial factors include the City's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required community programs and other factors.

In the statement of net position and the statement of activities, the City is divided into two distinct kinds of activities:

Governmental activities - Most of the City's programs and services are reported here including police, fire and rescue, street maintenance, capital improvements, and general administration. These services are funded primarily by property taxes, income taxes, and intergovernmental revenues including federal and state grants and other shared revenues.

Business-type activities - These services are provided on a charge for goods or services basis to recover all or a significant portion of the expenses of the goods or services provided. The City's water, sewer, sanitation, Packard Music Hall, downtown parking, city redevelopment, and stormwater utility are reported here.

The City's statement of net position and statement of activities can be found on pages 21-23 of this report.

Reporting the City's Most Significant Funds

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other State and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Fund financial reports provide detailed information about the City's major funds. The City uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the City's most significant funds. The analysis of the City's major governmental and proprietary funds begins on page 13.

CITY OF WARREN, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2014 (UNAUDITED)

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, the readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains several individual governmental funds. The City has segregated these funds into major funds and nonmajor funds. The City's major governmental funds are the general fund, community development block grant fund, general bond payment fund and general capital projects fund. Information for the major funds is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures, and changes in fund balances. Data from the other governmental funds are combined into a single, aggregated presentation. The basic governmental fund financial statements can be found on pages 24-32 of this report.

Proprietary Funds

The City maintains two types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its sewer, water, Packard Music Hall, sanitation, downtown parking, city redevelopment, and stormwater utility. The sewer, water and sanitation enterprise funds are considered major funds.

Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The basic proprietary fund financial statements can be found on pages 33-39 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. Agency funds are the City's only fiduciary fund type. The basic financial statement for the agency funds can be found on page 40 of this report.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These notes to the basic financial statements can be found on pages 41-77 of this report.

Government-Wide Financial Analysis

The statement of net position provides the perspective of the City as a whole. The table that follows provides a summary of the City's net position for 2014 and 2013.

Over time, net position can serve as a useful indicator of a government's financial position. At December 31, 2014, the City's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$93,212,871, an increase of 0.40% from 2013.

The decrease in current assets, and corresponding increase in capital assets, for the governmental activities is mostly due to spending on various capital improvement projects. The business-type activities also transferred net capital assets of approximately \$2.3 million to the governmental activities in 2014. The overall decrease in liabilities for both governmental activities and business-type activities is primarily due to the retirement of long-term debt obligations.

Capital assets reported on the government-wide statements represent the largest portion of the City's net position. At year-end, capital assets represented 71.06% of total assets, compared to 68.91% at December 31, 2013. Capital assets include land, easements, construction in progress (CIP), land improvements, buildings and improvements, computer software, furniture and equipment, vehicles and infrastructure. The City's net investment in capital assets at December 31, 2014, was \$47,726,468 and \$23,181,238 in the governmental activities and business-type activities, respectively. These capital assets are used to provide services to citizens and are not available for future spending.

A portion of the City's net position, \$15,460,341, represents resources that are subject to external restriction on how they may be used. In the governmental activities, the remaining balance of unrestricted net position is a deficit of \$1,844,314.

The following table shows the changes in net position for 2014 and 2013.

CITY OF WARREN, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2014 (UNAUDITED)

Governmental Activities

Governmental activities net position increased \$1,894,568 in 2014, after increasing \$1,445,529 in 2013. The increase in 2014 is due to transfers of assets and liabilities from the Packard Music Hall enterprise fund, which is reported as a special item. Effective September 1, 2014, the City elected to have a private company to operate the Packard Music Hall and transferred the fund's residual assets and liabilities to the governmental activities.

Total revenues decreased \$2,681,516 or 7.82%. Capital grants and contributions consist of grant revenue from the Ohio Department of Transportation for road construction and repair projects. The City received most of the funding for the approved grants in 2013. The increase in operating grants and contributions is mostly due to additional grant funding for the City's community development block grant programs. Most of the decrease in general revenues came from unrestricted grants and entitlements, which is primarily due to the continued decline in inheritance tax revenues received. The State inheritance tax was repealed effective January 1, 2013, therefore the only amounts the City currently receives are delinquent payments.

In total, 2014 expenses were comparable to the prior year, decreasing \$855,962 or 2.63%. The most significant change was for security of persons and property expenses, which were lower in 2014 primarily due to a decrease in fire department staff.

Security of persons and property, which primarily supports the operations of the police and fire departments, is the City's largest category of governmental activity expenses accounting for \$15,374,111 and \$16,292,351 of the total expenses of the City during 2014 and 2013, respectively. These expenses were partially funded by \$1,598,937 in 2014 compared to \$1,452,930 in 2013 in direct charges to users of the services. Transportation expenses, which mainly consist of repair and upkeep of the City's roads, totaled \$4,256,445 during 2014 and \$4,124,435 during 2013. In 2014, these expenses were fully funded by operating and capital grants and contributions.

In total, operating grants and contributions and capital grants and contributions were \$7,374,193 during 2014, compared to \$8,062,128 during 2013. These revenues are restricted to a particular program or purpose. \$4,658,488 or 63.17% of the total grants and contributions subsidized transportation programs in 2014.

General revenues totaled \$20,368,522, and amounted to 64.42% of total governmental revenues during 2014. These revenues primarily consist of property and income tax revenue of \$17,617,646. The other primary source of general revenues is grants and entitlements not restricted to specific programs, which includes local government and local government revenue assistance, making up \$2,016,181. These revenues sources combine for 62.09% of total governmental revenues.

CITY OF WARREN, OHIO

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2014
(UNAUDITED)**

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. As can be seen in the graph below, the City is highly dependent upon property and income taxes as well as unrestricted grants and entitlements to support its governmental activities.

Governmental Activities - Program Revenues vs. Total Expenses

The following table shows, for governmental activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and other general revenues.

Governmental Activities

	Total Cost of Services 2014	Net Cost of Services 2014	Total Cost of Services 2013	Net Cost of Services 2013
Program Expenses:				
General government	\$ 5,938,254	\$ 4,679,470	\$ 5,490,149	\$ 4,270,616
Security of persons and property	15,374,111	13,635,419	16,292,351	14,673,185
Public health and welfare	652,802	440,304	681,620	477,165
Transportation	4,256,445	(402,393)	4,124,435	(1,816,955)
Community environment	2,165,295	866,228	2,545,832	1,420,560

Interest and fiscal charges	413,785	413,785	195,930	195,930
Bond issuance costs	-	-	226,597	226,597
Total	\$ 31,682,147	\$ 20,430,990	\$ 32,538,109	\$ 20,428,101

The dependence upon general revenues for governmental activities is apparent, with 67.70% and 62.78% of expenses supported through taxes and other general revenues in 2014 and 2013, respectively. A decrease in program revenues, as described on page 10, led to an increased reliance upon general revenues in 2014.

CITY OF WARREN, OHIO

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2014
(UNAUDITED)**

Governmental Activities - General and Program Revenues

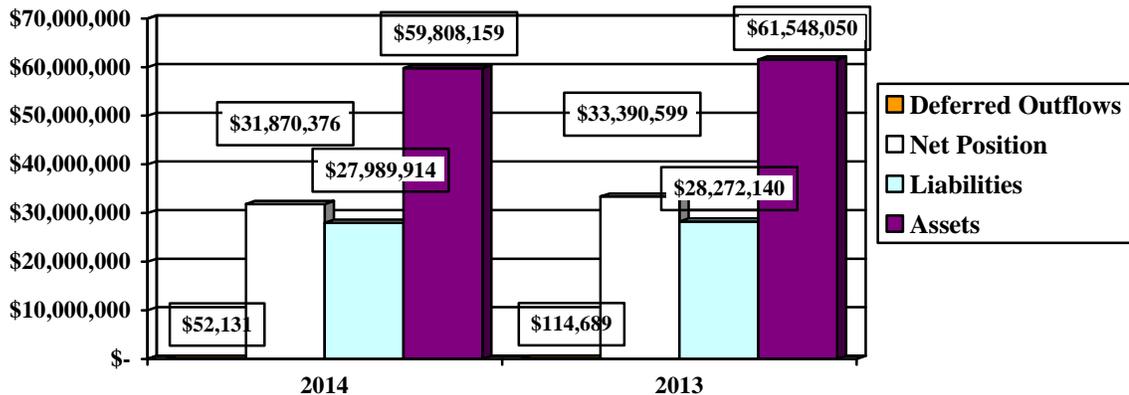

Business-type Activities

Business-type activities include the sewer, water, sanitation, Packard Music Hall (activity from January 1, 2014 through August 31, 2014), downtown parking, city redevelopment, and stormwater enterprise funds. In 2014 and 2013, these programs had program revenues of \$24,276,136 and \$23,087,106, respectively, and general revenues of \$322,482 and \$435,637, respectively. Total revenues for 2014 were \$24,598,618 which represents an increase of 4.57% from 2013 revenues of \$23,522,743. Higher revenues for water services made up most of this increase.

Total expenses for business-type activities were \$24,161,805 in 2014 compared to \$23,547,774 in 2013. This represents an increase of 2.61%. The business-type activities also reported a special item of \$(2,280,036) which represents the transfer of assets and liabilities related to the Packard Music Hall operations to the governmental activities.

Net position for business-type activities decreased \$1,520,223 or 4.55% from 2013. The graph below shows the business-type activities assets, deferred outflows of resources, liabilities and net position at year-end.

(UNAUDITED)

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the City's net resources available for spending at year-end.

The City's governmental funds (as presented on the balance sheet on pages 24-25) reported a combined fund balance of \$16,386,029 which is \$5,182,043 lower than last year's total of \$21,568,072. One of the main reasons for this large decrease is a result of the City spending a large portion of the 2013 bond issuance proceeds for capital projects in 2014. The following schedule indicates the fund balances and the total change in fund balances as of December 31, 2014 for all major and nonmajor governmental funds.

	Fund Balances 12/31/14	Fund Balances 12/31/13	Increase (Decrease)
Major funds:			
General	\$ 2,332,975	\$ 4,070,694	\$ (1,737,719)
Community development block grant	1,632,539	1,592,795	39,744
General bond payment	1,395,410	2,017,079	(621,669)
General capital projects	3,196,189	5,519,511	(2,323,322)
Nonmajor governmental funds	<u>7,828,916</u>	<u>8,367,993</u>	<u>(539,077)</u>
Total	<u>\$ 16,386,029</u>	<u>\$ 21,568,072</u>	<u>\$ (5,182,043)</u>

General Fund

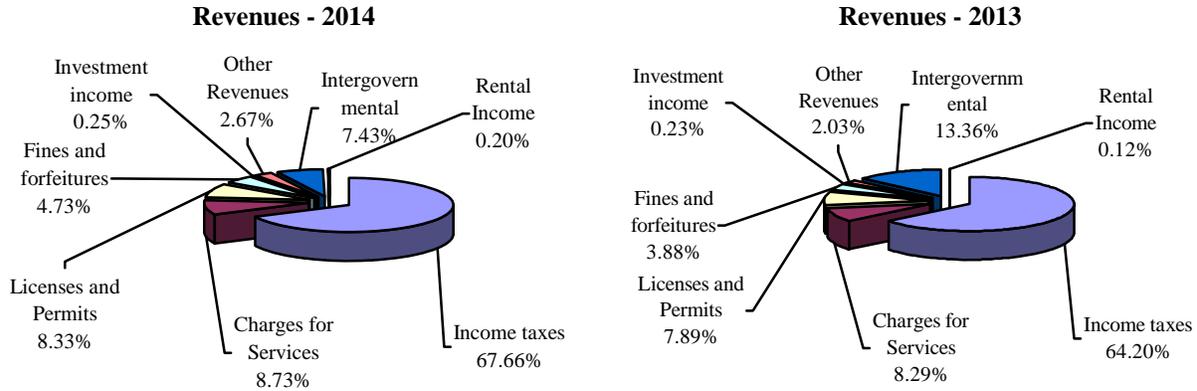

The City's general fund balance decreased \$1,737,719. The table that follows assists in illustrating the revenues of the general fund.

	2014 Amount	2013 Amount	Percentage Change
Revenues			
Income taxes	\$ 16,409,208	\$ 16,624,224	(1.29) %
Charges for services	2,118,099	2,146,723	(1.33) %
Licenses and permits	2,020,183	2,043,647	(1.15) %
Fines and forfeitures	1,148,146	1,004,271	14.33 %
Intergovernmental	1,801,270	3,459,216	(47.93) %
Investment income	60,434	59,044	2.35 %
Rental income	47,749	30,606	56.01 %
Other	<u>648,567</u>	<u>525,095</u>	23.51 %
Total	<u>\$ 24,253,656</u>	<u>\$ 25,892,826</u>	(6.33) %

CITY OF WARREN, OHIO

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2014
(UNAUDITED)**

The most significant change in general fund revenues, and the main reason for the overall decrease in revenues, is in intergovernmental revenues. These revenues decreased due to a decline in inheritance tax revenues, as discussed on page 10.

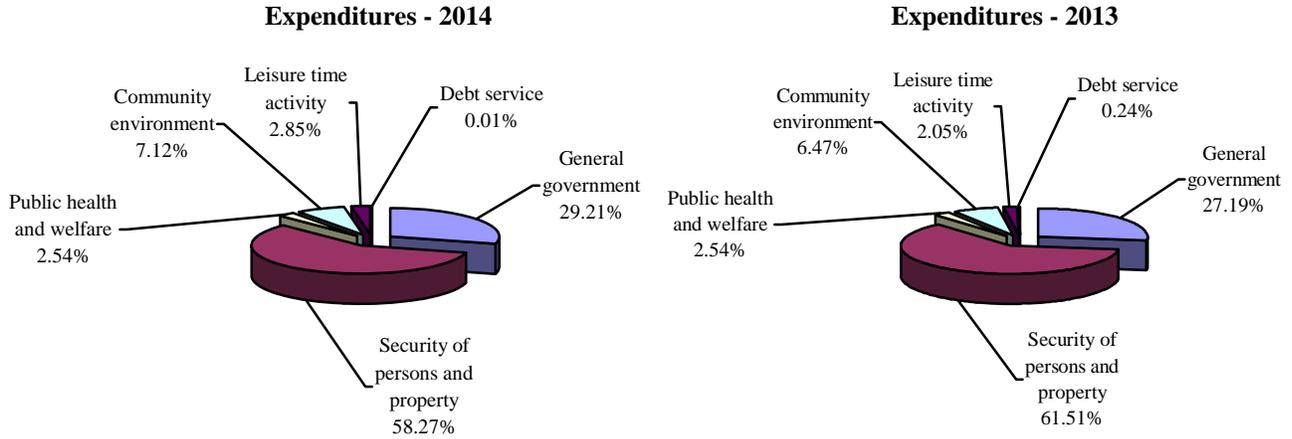

The table that follows assists in illustrating the expenditures of the general fund.

	2014 Amount	2013 Amount	Percentage Change
<u>Expenditures</u>			
General government	\$ 7,485,316	\$ 7,301,472	2.52 %
Security of persons and property	14,936,227	16,516,777	(9.57) %
Public health and welfare	650,352	682,462	(4.71) %
Community environment	1,825,474	1,738,663	4.99 %
Leisure time activity	730,344	550,457	32.68 %
Debt service	1,124	63,874	(98.24) %
Total	<u>\$ 25,628,837</u>	<u>\$ 26,853,705</u>	(4.56) %

Security of persons and property expenditures represent the largest expenditure category for the general fund. These expenditures decreased due to reductions in staff for the police and fire departments. The large increase in leisure time activity expenditures is a result of maintenance equipment purchases in 2014. Debt service payments in 2013 included the final payment on a capital lease.

CITY OF WARREN, OHIO

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2014
(UNAUDITED)**

Community Development Block Grant Fund

The community development block grant fund accounts for State and federal grant monies used for housing improvement and development and is reported as a major fund. Revenues of \$1,846,148 exceeded expenditures and other financing sources of \$1,806,404, resulting in an increase in fund balance of \$39,744. Fund balance at December 31, 2014 was \$1,632,539, all of which is reported as restricted for community developments and improvements.

General Bond Payment Fund

The general bond payment fund is a major fund and accounts for the proceeds of an unvoted property tax levy used for principal and interest payments on the City's long-term obligations. Revenues for 2014 totaled \$1,534,828 and expenditures and other financing uses were \$2,156,497. Fund balance at December 31, 2014 was \$1,395,410, all of which is restricted for debt service payments.

General Capital Projects Fund

The general capital projects fund is reported as a major fund, and is used to accumulate resources, primarily intergovernmental grants and proceeds from the issuance of debt, for capital related improvements throughout the City. Revenues and other financing sources were \$4,435,849 and expenditures were \$6,759,171. Fund balance at December 31, 2014 was \$3,196,189, which is restricted for capital improvements.

Proprietary Funds

The City's proprietary funds provide the same type of information found on the government-wide financial statements for business-type activities, but in more detail. The City's major proprietary funds include the sewer, water and sanitation enterprise funds.

Total operating revenues for the sewer fund were \$8,195,004 in 2014 compared to \$8,027,797 in 2013, an increase of 2.08%. A slight increase in demand from the City's water customers is the primary cause for the higher revenues. Operating expenses also increased slightly in order to service the higher demand. The sewer fund reported operating income of \$1,263,570 for 2014.

CITY OF WARREN, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2014 (UNAUDITED)

The water fund also felt the effects of increased consumer demand, as 2014 operating revenues of \$11,197,649 increased 5.52% compared to 2013. Operating expenses were largely unchanged, decreasing 0.33%. As a result of the increase in revenues, the water fund was able to report operating income of \$84,212 for 2014.

For the sanitation fund, operating revenues totaled \$3,485,823 in 2014. This represents an increase of 1.14% from 2013 operating revenues of \$3,446,499. Total operating expenses rose from \$3,204,354 in 2013 to \$3,620,384, an increase of 12.98%. This increase is primarily related to higher vehicle maintenance costs and higher costs for operating supplies, particularly diesel fuel. The sanitation fund reported an operating loss for 2014 in the amount of \$134,561 due to the increased expenses.

Budgeting Highlights

The City's budgeting process is prescribed by the Ohio Revised Code (ORC). Essentially the budget is the City's appropriations which are restricted by the amounts of anticipated revenues certified by the Budget Commission in accordance with the ORC. Therefore, the City's plans or desires cannot be totally reflected in the original budget. If budgeted revenues are adjusted due to actual activity then the appropriations can be adjusted accordingly.

The City amended its general fund budget several times throughout the year. Original budgeted revenues and other financing sources of \$26,550,000 were increased to \$27,035,605 in the final budget. Budgeted other financing sources were increased \$414,025 to account for the issuance of bond anticipation notes in 2014. The only major decrease in budgeted revenues was for income taxes, which went from \$17,920,428 in the original budget to \$17,800,000 in the final budget to account for a leveling off of income tax collections. Actual revenues and other financing sources for the year were \$25,305,887 or \$1,479,718 less than the final budget. The largest variance was income taxes revenue, which came in \$1,250,771 less than budgeted due to lower than expected collections from withholdings.

For the general fund, original budgeted expenditures and other financing uses were \$26,870,920. The budget amendments throughout the year increased this amount to \$28,088,783 in the final budget. Actual expenditures and other financing uses were \$26,322,317 or \$1,766,466 below budget. All departments within the general fund were able to keep spending under budget. These variances were primarily due to lower expenditures for wages and benefits and contractual services, particularly for the police and fire departments.

Capital Assets and Debt Administration

Capital Assets

At the end of 2014, the City had \$102,440,603 (net of accumulated depreciation) invested in land, easements, construction in progress (CIP), land improvements, buildings and improvements, software, furniture and equipment, vehicles and infrastructure. Of this total, \$54,417,368 was reported in governmental activities and \$48,023,235 was reported in business-type activities.

CITY OF WARREN, OHIO

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2014
(UNAUDITED)**

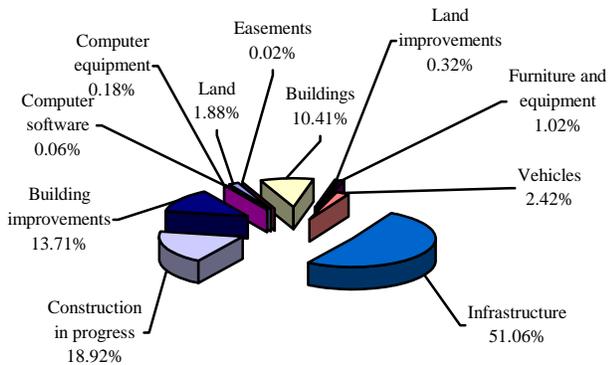

The following table shows 2014 balances compared to 2013:

**Capital Assets at December 31
(Net of Depreciation)**

	Governmental Activities		Business-Type Activities		Total	
	2014	2013	2014	2013	2014	2013

Totals	\$ 54,417,368	\$ 48,006,754	\$ 48,023,235	\$ 51,651,354	\$ 102,440,603	\$ 99,658,108

The following graphs show the breakdown of governmental capital assets by category for 2014 and 2013:

Capital Assets - Governmental Activities 2014

Capital Assets - Governmental Activities 2013

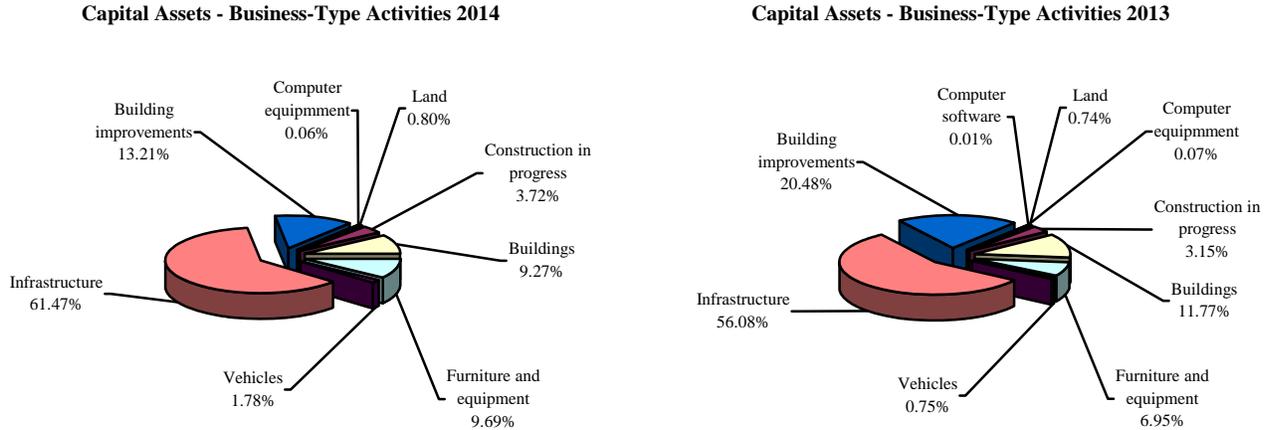

The City's largest capital asset category is infrastructure which includes roads, sidewalks, curbs, and traffic signals. These items are immovable and of value only to the City, however, the annual cost of purchasing these items is quite significant. The net book value of the City's infrastructure (cost less accumulated depreciation) represents 51.06% of the City's total governmental capital assets.

CITY OF WARREN, OHIO

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2014
(UNAUDITED)**

The following graphs show the breakdown of business-type capital assets by category for 2014 and 2013:

The City's largest business-type capital asset category is infrastructure that primarily includes water and sewer lines. These items play a vital role in the income producing ability of the business-type activities. The net book value of the City's infrastructure (cost less accumulated depreciation) represents approximately 61.47% of the City's total business-type capital assets.

See Note 10 in the notes to the basic financial statements for detail on the City's capital assets.

Debt Administration

The following table summarizes the City's long-term obligations outstanding at December 31, 2014 and 2013. Additional detail can be found in Note 13 in the notes to the basic financial statements.

CITY OF WARREN, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2014 (UNAUDITED)

Economic Conditions and Next Year's General Fund Budget Outlook

The City's Administration considers the impact of various economic factors when establishing the fiscal year 2015 budget. The continued challenges resulting from regional loss of employment, stagnant economic development, and the general national recession, have yielded significant influence on the objectives established in the 2015 budget. The primary objectives include continued improvement to constituent service delivery as well as long-term fiscal stability.

Despite the uncertainty surrounding the economy, the City continues to carefully monitor two primary sources of revenue: local income taxes and shared intergovernmental (State) revenue. In order to stabilize the impact of the fluctuations in these revenue sources, City Council continues to pursue economic development and job creation, maintain the community's reputation for high public safety standards, and adopt a budget designed to promote long-term fiscal stability. In order to meet the objectives of the 2015 budget, the City emphasized various efforts to continue to contain costs while pursuing new sources of revenue.

In order to meet these challenges, further cost containment and/or revenue enhancement actions will be essential. With the continuation of conservative budgeting practices, the City's financial position is anticipated to remain stable in future years.

Contacting the City's Financial Management

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information contact David N. Griffing, Auditor, City of Warren, 391 Mahoning Avenue NW, Warren Ohio 44483-4634.

RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES TO
NET POSITION OF GOVERNMENTAL ACTIVITIES
DECEMBER 31, 2014

Total governmental fund balances		\$	16,386,029
<i>Amounts reported for governmental activities on the statement of net position are different because:</i>			
Capital assets used in governmental activities, exclusive of internal service funds, are not financial resources and therefore are not reported in the funds.			53,894,405
Other long-term assets are not available to pay for current-period expenditures and therefore are deferred inflows of resources in the funds.			
Delinquent property taxes receivable	\$	558,728	
Income taxes receivable		2,043,888	
Accounts receivable		17,667	
Special assessments receivable		2,295,662	
Intergovernmental receivable		935,493	
Accrued interest receivable		5,709	
Total		5,857,147	5,857,147
Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds. The long-term liabilities (excluding amounts reported in the internal service funds) are as follows:			
General obligation bonds payable		(9,860,000)	
Loans payable		(1,486,767)	
Note payable		(22,053)	
Compensated absences payable		(5,083,955)	
Total		(16,452,775)	(16,452,775)
On the statement of net position interest is accrued on outstanding bonds, notes and loans payable, whereas in governmental funds, interest expenditures are accrued when due.			(54,156)
Unamortized premiums on bond issuances are not recognized in the funds.			(284,479)
Internal service funds are used by management to charge the costs of life and hospitalization insurance, workers' compensation, data processing and risk management to individual funds. The assets and liabilities of the internal service funds are included in governmental activities on the statement of net position.			2,057,916
An internal balance is recorded in governmental activities to reflect overpayments to the internal service funds by the business-type activities.			(61,592)
Net position of governmental activities		\$	61,342,495

CITY OF WARREN, OHIO

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2014

Net change in fund balances - total governmental funds \$ (5,182,043)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation expense in the current period, excluding internal service fund activity and net of the gross additions and depreciation of transferred assets.

Capital asset additions	\$ 7,247,084	
Current year depreciation	(3,188,577)	
Total	4,058,507	4,058,507

Capital assets do not provide current financial resources; therefore, the transfer of capital assets from the business-type activities, reported as a special item in the statement of activities, is not reported in the funds. 2,319,574

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Delinquent property taxes	52,178	
Income taxes	(162,178)	
Other revenues	1,026	
Special assessments	(143,906)	
Intergovernmental revenues	129,002	
Investment income	281	
Total	(123,597)	(123,597)

Repayment of long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities on the statement of net position. 815,983

In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. The following resulted in additional interest expense reported in the statement of activities.

Increase in accrued interest payable	(17,567)	
Amortization of bond premium	15,641	
Total	(1,926)	(1,926)

Compensated absences that do not require the use of current financial resources are not reported as expenditures in governmental funds. (322,992)

Internal service funds used by management to charge the costs of life and hospitalization insurance, workers' compensation, data processing and risk management to individual funds are not reported in the statement of activities. Governmental fund expenditures and the related internal service fund revenues are eliminated. The net revenue (expense) of the internal service funds, excluding internal balance activity of \$125,733, is allocated among the governmental activities. 331,062

Change in net position of governmental activities \$ 1,894,568

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 1 - DESCRIPTION OF THE CITY

The City of Warren, Ohio (the "City") was created in 1843. It is located in Trumbull County and is a politic and corporate body established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The City operates under a Council-Mayor form of government and provides the following services to its residents: public safety (police and fire), public health, municipal court, highways and streets, public improvements, community development (planning and zoning), water, sewers, sanitation, parks and recreation and general administrative services.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements (BFS) of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The City's significant accounting policies are described below.

A. Reporting Entity

For financial reporting purposes, the City's BFS include all funds, agencies, boards, commissions, and departments for which the City is financially accountable. Financial accountability, as defined by the GASB, exists if the City appoints a voting majority of an organization's Governing Board and is either able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific burdens on, the City. The City may also be financially accountable for governmental organizations with a separately elected Governing Board, a Governing Board appointed by another government, or a jointly appointed Board that is fiscally dependent on the City. The City also took into consideration other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's BFS to be misleading or incomplete. Based upon the foregoing criteria, the City has no component units.

Included as part of the City's primary government in the determination of the City's reporting entity is the Warren Municipal Court (the "Court"). The Court's operations are not legally separate from the City. In addition, the City is responsible for budgeting and appropriating funds for the operation of the Court and is ultimately responsible for any operating deficits sustained by the Court. The City's share of the fines collected by the Court along with its share of the Court's administrative and operating costs is recorded in the City's general fund. Monies held by the Court in a fiduciary capacity are included in an agency fund in the accompanying BFS.

B. Basis of Presentation - Fund Accounting

The City's BFS consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements - The statement of net position and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activities of the internal service funds, with the exception of services provided and used during the fiscal year, are eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities.

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The statement of net position presents the financial condition of the governmental and business-type activities of the City at year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental functions are self-financing or draw from the general revenues of the City.

Fund Financial Statements - During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service funds are presented in a single column on the face of the proprietary fund financial statements. Fiduciary funds are reported by type.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operation. The principal operating revenues of the City's proprietary funds are charges for services. Operating expenses for the enterprise funds include personnel and other expenses related to sewer, water, sanitation, the Packard Music Hall, City redevelopment, downtown parking, and stormwater operations and operating expenses for the internal service fund include claims and administrative expenses. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

The agency funds do not report a measurement focus as they do not report operations.

C. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds - Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. Governmental fund assets and deferred outflows of resources less liabilities and deferred inflows of resources is reported as fund balance.

The following are the City's major governmental funds:

General fund - The general fund is used to account for and report all financial resources not accounted for and reported in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Community development block grant fund - This fund accounts for State and federal monies received under the Community Development Block Grant program for providing decent housing and a suitable living environment and expanded economic opportunities principally for persons of low and moderate income and the allowable administrative costs associated with those projects.

General bond payment - This fund was established to account for the accumulation of resources for, and the payment of, principal and interest on long-term debt and related costs.

General capital projects - This fund is used to account for the acquisition and construction of major capital improvements and facilities other than those financed by proprietary fund types.

Other governmental funds of the City are used to account for specific revenue sources that are restricted or committed to an expenditure for specified purposes other than debt service or capital projects.

Proprietary Funds - Proprietary fund reporting focuses on changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise funds - The enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following are the City's major enterprise funds:

Sewer fund - This fund accounts for the operations of providing sewage services to customers and maintaining the local sewer system of the City.

Water fund - This fund accounts for the operations of providing water services to customers and maintaining the local water system of the City.

Sanitation fund - This fund accounts for the operations of providing sanitation services to customers within the City.

Internal service funds - The internal service funds account for the financing of services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis. The City's internal service funds report on the operations of life insurance and hospitalization, workers' compensation, data processing and risk management.

Fiduciary Funds - Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The City's fiduciary funds are agency funds which account for highway patrol fines, auditors escrow, payroll and the municipal court.

D. Measurement Focus and Basis of Accounting

Government-wide Financial Statements - The government-wide financial statements are prepared using the economic resources measurement focus. All assets, deferred outflows of resources, liabilities and deferred inflows of resources associated with the operation of the City are included on the statement of net position.

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Fund Financial Statements - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets, deferred outflows of resources, current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the financial statements for governmental funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities associated with the operation of these funds are included on the statement of net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

E. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and agency funds also use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows of resources and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, are recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the City, available means expected to be received within sixty days of year end.

Nonexchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned (See Note 7). Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 6). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year end: income taxes, State-levied locally shared taxes (including gasoline tax, local government funds and permissive tax), grants, fines and forfeitures, fees and special assessments.

Deferred Inflows of Resources and Deferred Outflows of Resources - A deferred inflow of resources is an acquisition of net position by the City that is applicable to a future reporting period. A deferred outflow of resources is a consumption of net position by the City that is applicable to a future reporting period.

Property taxes for which there is an enforceable legal claim as of December 31, 2014, but which were levied to finance year 2015 operations, and other revenues received in advance of the year for which they were intended to finance, have been recorded as deferred inflows of resources. Receivables not received within the available period and delinquent property taxes due at December 31, 2014, are recorded as deferred inflows of resources in governmental funds.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

F. Budgetary Data

The City follows these procedures in establishing the budgetary data reported in the financial statements:

Tax Budget - A tax budget of estimated revenue and expenditures for all funds is submitted to the County Auditor, as Secretary of the County Budget Commission, by July 20 of each year, for the period January 1 to December 31 of the following year. All funds, except agency funds, are legally required to be budgeted; however, only governmental funds are required to be reported.

Estimated Resources - The County Budget Commission determines if the budget substantiates a need to levy all or part of previously authorized taxes and reviews estimated revenue. The Commission certifies its actions to the City by September 1. As part of this certification, the City receives the official certificate of estimated resources, which states the projected revenue of each fund. On or about January 1, the certificate of estimated resources is amended to include any unencumbered fund balances at December 31. Further amendments may be made during the year if money from a new revenue source is received or if actual receipts exceed current estimates. The amounts reported on the budgetary statements reflect the amounts in the final amended official certificate of estimated resources issued during 2014.

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Appropriations - A temporary appropriation measure to control cash expenditures may be passed on or about January 1 of each year for the period January 1 to March 31. An annual appropriation ordinance must be passed by April 1 of each year for the period January 1 to December 31. The appropriation ordinance fixes spending authority at the major expenditure object for all funds. The appropriation ordinance may be amended during the year as new information becomes available, provided that total fund appropriations do not exceed current estimated resources, as certified. The appropriations for a fund may only be modified during the year by an ordinance of Council. The amounts on the budgetary statement reflect the final appropriation amounts, including all amendments and modifications legally enacted by Council.

Budgeted Level of Expenditures - Administrative control is maintained through the establishment of detailed line-item budgets. Appropriated funds may not be expended for purposes other than those designated in the appropriation ordinance without authority of Council. Expenditures may not legally exceed appropriations at the level of appropriation adopted by Council. For all funds, Council appropriations are made by major expenditure object. This is known as the legal level of budgetary control. Any changes in appropriations outside of the legal level of budgetary control require the approval of Council by an appropriation amendment ordinance.

Lapsing of Appropriations - At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. Encumbrances are carried forward and are not reappropriated as part of the subsequent year appropriations.

G. Cash, Cash Equivalents and Investments

To improve cash management, cash received by the City is pooled. Monies for all funds, including proprietary funds, are maintained in this pool. Individual fund integrity is maintained through the City's records. Each fund's interest in the pool is presented as "equity in pooled cash and cash equivalents" on the financial statements.

During 2014, investments were limited to repurchase agreements, federal agency securities and investments in the State Treasury Asset Reserve of Ohio (STAR Ohio).

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts, such as repurchase agreements, are reported at cost.

The City has invested funds in STAR Ohio during 2014. STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's shares price which is the price the investment could be sold for on December 31, 2014.

Following Ohio statutes, the Council has, by resolution, specified the funds to receive an allocation of interest earnings. During 2014, interest revenue in the general fund amounted to \$47,749 which includes \$45,984 assigned from other City funds.

CITY OF WARREN, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The City has segregated bank accounts for monies held separate from the City's central bank account for municipal court activity. These interest bearing depository accounts are presented on the financial statements as "cash with fiscal and escrow agents" since they are not required to be deposited into the City treasury.

For purposes of the statement of cash flows and for presentation on the statement of net position, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the City are considered to be cash equivalents. Investments with maturities greater than three months at the time of purchase are reported as investments.

An analysis of the City's investment account at year end is provided in Note 4.

H. Inventories of Materials and Supplies

On government-wide and fund financial statements, purchased inventories are presented at the lower of cost or market. Inventories are recorded on a first-in, first-out basis and are expensed when used. Inventories are accounted for using the consumption method.

On the fund financial statements, reported materials and supplies inventory is equally offset by a nonspendable fund balance in the governmental funds which indicates that it does not constitute available spendable resources even though it is a component of net current assets.

Inventory consists of expendable supplies held for consumption.

I. Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position, but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The City maintains a capitalization threshold of \$5,000. The City's infrastructure consists of traffic signals, sidewalks, storm sewers, streets, and water and sewer lines. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of capital assets is also capitalized for business-type activities.

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

All reported capital assets are depreciated except for land, easements and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City’s historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Governmental Activities Estimated Lives</u>	<u>Business-type Activities Estimated Lives</u>
Autos and trucks	5	5
Machinery, equipment, software, furniture and fixtures	5 - 20	10
Land improvements	10 - 20	N/A
Building improvements	15	15
Sewer and water treatment plants and buildings	N/A	20
Other buildings	40	40
Infrastructure	15 - 30	20 - 70

J. Compensated Absences

Compensated absences of the City consist of vacation leave and sick leave to the extent that payment to the employee for these absences is attributable to services already rendered and are not contingent on a specific event that is outside the control of the City and the employee.

In conformity with GASB Statement No. 16, “Accounting for Compensated Absences”, vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the City will compensate the employees for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability using the vesting method. The liability is based on the sick leave accumulated at December 31 by those employees who are currently eligible to receive termination payments and by those employees for whom it is probable they will become eligible to receive termination benefits in the future.

For purposes of establishing a liability for sick leave on employees expected to become eligible to retire in the future, all employees age fifty or greater with at least ten years of service or any employee with at least twenty years of service were considered expected to become eligible to retire in accordance with GASB Statement No. 16.

The total liability for vacation and sick leave payments has been calculated using pay rates in effect at the balance sheet date, and reduced to the maximum payment allowed by labor contract and/or statute, plus applicable additional salary related payments. City employees are granted vacation and sick leave in varying amounts. In the event of termination, an employee is reimbursed for accumulated vacation and sick leave at various rates.

The entire compensated absence liability is reported on the government-wide financial statements.

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

On governmental fund financial statements, compensated absences are recognized as liabilities and expenditures to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated leave are paid. The noncurrent portion of the liability is not reported. For proprietary funds, the entire amount of compensated absences is reported as a fund liability.

K. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year.

L. Unamortized Bond Premiums/Accounting Gain or Loss

Bond premiums are amortized over the term of the bonds. Bond premiums are presented as an addition to the face amount of the bonds.

For advance refundings resulting in the defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This accounting gain or loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, and is presented as a deferred inflow or outflow of resources on the statement of net position.

On the governmental fund financial statements, bond premiums and deferred charges from refunding are recognized in the current period.

M. Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as due to/from other funds. These amounts are eliminated in the governmental activities column on the statement of net position, except for any residual amounts between governmental and business-type activities, which are presented as internal balance.

N. Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues.

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the BFS.

O. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form or legally required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash.

Restricted - Fund balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (ordinance) of City Council (the highest level of decision making authority). Those committed amounts cannot be used for any other purpose unless City Council removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as committed. City Council has by ordinance authorized the City Auditor to assign fund balance. The Council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year’s appropriated budget.

Unassigned - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The City applies restricted resources first when expenditures are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund balance is available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

CITY OF WARREN, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

P. Restricted Assets

The City reports assets being held in accordance with a trust agreement to invest and manage funds related to the capping of the Warren Hills landfill site as restricted assets in the general fund.

Q. Estimates

The preparation of the BFS in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the BFS and accompanying notes. Actual results may differ from those estimates.

R. Capital Contributions

Capital contributions in proprietary fund financial statements arise from contributions of capital assets, tap-in fees to the extent they exceed the cost of the connection to the system, or from grants or outside contributions of resources restricted to capital acquisition and construction. Capital contributions are reported as revenue in the proprietary fund financial statements.

S. Net Position

Net position represents the difference between assets plus deferred outflows less liabilities less deferred inflows. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on the use of resources either through enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

T. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of City Council and that are either unusual in nature or infrequent in occurrence. The City had no extraordinary items during 2014. Effective September 1, 2014, a private management company took over the operations of the Packard Music Hall, which had previously been reported in the Packard Music Hall nonmajor enterprise fund for the City. The City transferred all residual fund assets and liabilities to the general fund and has reported this net amount as a special item in the financial statements.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Change in Accounting Principles

For 2014, the City has implemented GASB Statement No. 69, "Government Combinations and Disposals of Government Operations" and GASB Statement No. 70, "Accounting and Financial Reporting for Nonexchange Financial Guarantees".

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

GASB Statement No. 69 establishes accounting and financial reporting standards related to government combinations and disposals of government operations. The Statement improves the decision usefulness of financial reporting by requiring that disclosures be made by governments about combination arrangements in which they engage and for disposals of government operations. The implementation of GASB Statement No. 69 did not have an effect on the financial statements of the City.

GASB Statement No. 70 improves the recognition, measurement, and disclosures for state and local governments that have extended or received financial guarantees that are nonexchange transactions. The implementation of GASB Statement No. 70 did not have an effect on the financial statements of the City.

B. Deficit Fund Balance

The police grants fund, a nonmajor governmental fund, had a deficit fund balance of \$7,863 at December 31, 2014. This fund did not comply with Ohio State law, which does not permit a cash basis deficit at year end. The general fund is liable for the deficit in this fund and provides transfers when cash is required.

C. Compliance

The City had estimated resources in excess of actual resources at year end and throughout the year in non-compliance with Ohio Revised Code Section 5705.36. The City also transferred various amounts between funds without obtaining specific approval from City Council as required by Ohio Revised Code Section 5705.14.

NOTE 4 - DEPOSITS AND INVESTMENTS

The City maintains a cash and investment pool used by all funds. Each fund type's portion of this pool is displayed on the financial statements as "equity in pooled cash and cash equivalents". Statutes require the classification of monies held by the City into three categories:

Active Monies: those monies required to be kept in a "cash" or "near-cash" status for immediate use by the City. Such monies must by law be maintained either as cash in the City treasury; in depository accounts payable or withdrawable on demand; including negotiable order of withdrawal (NOW) account; or in money market deposit accounts.

Inactive Monies: those monies not required for use within the current five year period of designation of depositories. Inactive monies may be deposited or invested as certificates of deposit maturing not later than the end of the current period of designation of depositories or as savings or deposit accounts including, but not limited to, passbook accounts.

Interim Monies: those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories. Interim monies must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal or interest by the United States;

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in items (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool State Treasury Asset Reserve of Ohio (STAR Ohio);
7. Certain banker's acceptance and commercial paper notes for a period not to exceed one-hundred-eighty days from the purchase date in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and,
8. Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies.

The City may also invest any monies not required to be used for a period of six months or more in the following:

1. Bonds of the State of Ohio;
2. Bonds of any municipal corporation, village, county, township, or other political subdivision of this State, as to which there is no default of principal, interest or coupons; and,
3. Obligations of the City.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

A. Deposits with Financial Institutions

At December 31, 2014, the carrying amount of all City deposits was \$12,331,486, exclusive of the \$5,733,902 in repurchase agreements included in investments below. Based on the criteria described in GASB Statement No. 40, “Deposits and Investment Risk Disclosures”, as of December 31, 2014, \$767,302 of the City’s bank balance of \$13,056,658 was exposed to custodial risk as discussed below, while \$12,289,356 was covered by the Federal Deposit Insurance Corporation (FDIC).

Custodial credit risk is the risk that, in the event of bank failure, the City will not be able to recover deposits or collateral securities that are in the possession of an outside party. As permitted by Ohio Revised Code, the City’s deposits are collateralized by a pool of eligible securities deposited with Federal Reserve Banks, or at member banks of the Federal Reserve System, in the name of the depository bank and pledged as a pool of collateral against all public deposits held by the depository. The City has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions’ trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the City to a successful claim by the FDIC. The City has no deposit policy for custodial credit risk beyond the requirements of State statute.

B. Investments

As of December 31, 2014, the City had the following investments and maturities:

<u>Investment type</u>	<u>Fair Value</u>	<u>Investment Maturities</u>				
		<u>6 months or less</u>	<u>7 to 12 months</u>	<u>13 to 18 months</u>	<u>19 to 24 months</u>	<u>Greater than 24 months</u>
FFCB	\$ 1,992,900	\$ -	\$ -	\$ 995,540	\$ -	\$ 997,360
FHLB	996,530	-	-	-	996,530	-
FHLMC	1,397,064	-	-	-	-	1,397,064
STAR Ohio	30,698	30,698	-	-	-	-
Repurchase agreements	<u>5,733,902</u>	<u>5,733,902</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 10,151,094</u>	<u>\$ 5,764,600</u>	<u>\$ -</u>	<u>\$ 995,540</u>	<u>\$ 996,530</u>	<u>\$ 2,394,424</u>

The weighted average maturity of investments is 0.93 years.

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates and according to State law, the City’s investment policy limits investment portfolio maturities to five years or less.

Credit Risk: STAR Ohio carries a rating of AAAM by Standard & Poor’s. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The City’s investments in federal agency securities, and the federal agency securities that underlie the repurchase agreements, were rated AA+ and Aaa by Standard & Poor’s and Moody’s Investor Services, respectively. The City’s investment policy does not specifically address credit risk beyond requiring the City to only invest in securities authorized by State statute. The weighted average maturity of the portfolio held by STAR Ohio as of December 31, 2014 is 51 days.

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The federal agency securities are exposed to custodial credit risk in that they are uninsured, unregistered and held by the counterparty's trust department or agent, but not in the City's name. The City's investment in repurchase agreements is collateralized by underlying securities that are held by the investment's counterparty, not in the name of the City. Ohio law requires the market value of the securities subject to repurchase agreements must exceed the principal value of securities subject to a repurchase agreement by 2%. The City has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Treasurer or qualified trustee.

Concentration of Credit Risk: The City's investment policy addresses concentration of credit risk by requiring investments to be diversified to reduce the risk of loss resulting from over concentration of assets in a specific maturity, a specific obligor or a specific class or type of security. The following table includes the percentage of each investment type held by the City at December 31, 2014:

<u>Investment type</u>	<u>Fair Value</u>	<u>% to Total</u>
FFCB	\$ 1,992,900	19.63
FHLB	996,530	9.82
FHLMC	1,397,064	13.76
STAR Ohio	30,698	0.30
Repurchase agreements	<u>5,733,902</u>	<u>56.49</u>
Total	<u>\$ 10,151,094</u>	<u>100.00</u>

C. Reconciliation of Cash and Investments to the Statement of Net Position

The following is a reconciliation of cash and investments as reported in the note above to cash and investments as reported on the statement of net position as of December 31, 2014:

<u>Cash and investments per note</u>	
Carrying amount of deposits	\$ 12,331,486
Investments	<u>10,151,094</u>
Total	<u>\$ 22,482,580</u>

<u>Cash and investments per statement of net position</u>	
Governmental activities	\$ 12,585,573
Business-type activities	8,575,257
Agency funds	<u>1,321,750</u>
Total	<u>\$ 22,482,580</u>

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 5 - INTERFUND TRANSACTIONS

- A. Interfund transfers for the year ended December 31, 2014, consisted of the following, as reported in the fund financial statements:

<u>Transfers from</u>	<u>Transfers to</u>				<u>Total</u>
	<u>General</u>	<u>General Capital Projects</u>	<u>Nonmajor Governmental</u>	<u>Nonmajor Enterprise</u>	
General	\$ -	\$ -	\$ -	\$ 323,000	\$ 323,000
Community development block grant	-	-	97,910	-	97,910
General bond payment	-	1,204,500	-	-	1,204,500
Nonmajor governmental	-	125,750	-	-	125,750
Total	<u>\$ -</u>	<u>\$ 1,330,250</u>	<u>\$ 97,910</u>	<u>\$ 323,000</u>	<u>\$ 1,751,160</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. Transfers between governmental funds are eliminated on the government-wide financial statements.

The community development block grant fund transferred \$97,910 to the guaranteed loan fund, a nonmajor governmental fund, in order to cover a debt payment. The motor vehicle levy nonmajor governmental fund transferred \$125,750 to the general capital projects fund to finance the City's required local share of an improvements project. The transfer from the general bond payment fund to the general capital projects fund was made in order to cover the debt service payments on the general capital projects fund's note that matured. The general fund transferred \$323,000 to the nonmajor enterprise funds in order to help subsidize operations.

- B. Due to/from other funds at December 31, 2014 consisted of the following:

<u>Due from</u>	<u>Due to</u>			<u>Total</u>
	<u>General</u>	<u>General Bond Payment</u>	<u>Internal Service</u>	
General	\$ -	\$ 558,250	\$ -	\$ 558,250
Nonmajor governmental	2,131	291,750	-	293,881
Sanitation	-	-	650,000	650,000
Total	<u>\$ 2,131</u>	<u>\$ 850,000</u>	<u>\$ 650,000</u>	<u>\$ 1,502,131</u>

The \$2,131 loan from the general fund to the police grants nonmajor governmental fund was made in order to cover a deficit cash balance at year end. The other interfund loans are City of Warren notes which represent amounts borrowed from other City funds. The notes were issued June 4, 2014 and mature June 4, 2015 at an interest rate of 0.35%. The notes were issued in order to finance vehicle and equipment purchases. Interfund balances between governmental funds are eliminated on the government-wide financial statements.

CITY OF WARREN, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014**

NOTE 6 - PROPERTY TAXES

Public utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Public utility tangible personal property is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2014 public utility property taxes became a lien December 31, 2013, are levied after October 1, 2014, and are collected in 2015 with real property taxes. Public utility property taxes are payable on the same dates as real property taxes described previously.

The County Treasurer collects property taxes on behalf of all taxing districts in the County, including the City of Warren. The County Auditor periodically remits to the City its portion of the taxes collected. Property taxes receivable represents real property taxes, public utility taxes, tangible personal property taxes and outstanding delinquencies which are measurable as of December 31, 2014 and for which there is an enforceable legal claim. In the governmental funds, the current portion receivable has been offset by deferred inflows of resources since the current taxes were not levied to finance 2014 operations and the collection of delinquent taxes has been offset by a deferred inflows of resources since the collection of the taxes during the available period is not subject to reasonable estimation. On a full accrual basis, collectible delinquent property taxes have been recorded as revenue.

The assessed value upon which the 2013 levy (collected in 2014) was based was \$393,478,920. Ohio law limits unvoted property taxation, combined for all overlapping taxing authorities, to 10 mils. The City's current share of property tax is 3.5 mils of assessed value, all of which is unvoted.

NOTE 7 - LOCAL INCOME TAX

The 2 percent City income tax is levied on substantially all income earned within the City. In addition, the residents of the City are required to pay City income tax on income they earn outside the City; however, full credit is allowed for all income taxes these residents pay to other municipalities. Employers within the City are required to withhold income tax on employee compensation and remit the tax to the City at least quarterly. Major employers are required to remit withholdings to the City monthly. Corporations and self-employed individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually with the City. Income tax revenue is reported to the extent that it is measurable and available to finance current operations at December 31, 2014. Income tax revenue for 2014 reported in the general fund was \$16,409,208.

NOTE 8 - RECEIVABLES

Receivables at December 31, 2014, consisted of taxes, accounts (billings for user charged services and other fees), accrued interest, special assessments, loans and intergovernmental receivables arising from grants, entitlements and shared revenue. Receivables have been recorded to the extent that they are measurable at December 31, 2014. The only receivables not expected to be collected within one year are special assessments, which are collected over the life of the assessment.

CITY OF WARREN, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014**

NOTE 8 - RECEIVABLES - (Continued)

Receivables have been disaggregated on the face of the BFS. A summary of the principal items of receivables reported on the statement of net position follows:

Governmental activities:

Income taxes	\$ 4,052,315
Real and other taxes	1,857,318
Accounts	391,297
Intergovernmental	1,695,338
Accrued interest	20,735
Special assessments	2,295,662
Loans	6,447,332

Business-type activities:

Accounts	3,621,885
Intergovernmental	24,872
Special assessments	107,072

NOTE 9 - LOANS RECEIVABLE

Loans receivable represent low interest loans made by the City for development projects and small businesses under the Federal Community Development Block Grant (CDBG) program, Home Investment Partnership (HIP) program, Reinvestment Corporation and the U.S. Department of Housing & Urban Development (HUD) Section 108. The loans bear interest at annual rates ranging between 0 and 9 percent and are to be repaid over a period ranging from 2 to 40 years.

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 10 - CAPITAL ASSETS - (Continued)

Depreciation expense was charged to functions/programs of the City as follows:

Governmental activities:

General government	\$ 468,416
Security of persons and property	315,581
Public health and welfare	1,647
Transportation	2,302,660
Economic development	100,273
Capital assets held by the government's internal service funds are charged to the various functions based on their usage of the assets	<u>4,635</u>

Total depreciation expense - governmental activities \$ 3,193,212

Business-type activities:

Sewer	\$ 937,404
Water	2,077,458
Sanitation	153,910
Packard Music Hall	130,607
City redevelopment	14,791
Downtown parking	48,059
Stormwater utility	<u>25,790</u>

Total depreciation expense - business-type activities \$ 3,388,019

NOTE 11 - COMPENSATED ABSENCES LIABILITY

Vacation, compensation time, and sick leave accumulated by governmental fund type employees have been recorded in the balance sheet to the extent the liability was due at year end. Vacation, compensation time and sick leave earned by proprietary funds type employees is expensed when earned and has been recorded in the fund.

Upon termination of City service, a fully vested employee is entitled to a percentage of their accumulated sick leave based on their years of service. At December 31, 2014, vested benefits for vacation leave and compensation time for governmental fund type employees totaled \$3,011,087 and vested benefits for sick leave totaled \$2,180,254. For proprietary fund types, vested benefits for vacation leave and compensation time totaled \$817,812 and vested benefits for sick leave totaled \$746,263 at December 31, 2014. Included in the vested benefits for sick leave figures is an additional liability to accrue and record termination (severance) payments for employees expected to become eligible to retire in the future in accordance with GASB Statement No. 16.

NOTE 12 - LEASES

A. Capital Leases - Lessee Disclosure

In 2014, the City entered into a capitalized lease for a sewer cleaner. The lease agreement meets the criteria of a capital lease as defined by GASB Statement No. 62, which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee.

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 12 - LEASES - (Continued)

Capital assets consisting of equipment have been capitalized in the amount of \$374,768, which represents the present value of the future minimum lease payments at the time of acquisition. A corresponding liability in the amount of \$187,386 and \$187,382 was recorded in the sewer fund and stormwater utility nonmajor enterprise fund, respectively. Principal payments during 2014 amounted to \$38,901 and \$38,900 paid by the sewer fund and stormwater utility fund, respectively. At December 31, 2014, accumulated depreciation on the equipment amounted to \$13,423 leaving a book value of \$351,345.

The following is a schedule of the future long-term minimum lease payments required under the capital lease and the present value of the minimum lease payments as of December 31, 2014:

<u>Year Ended</u> <u>December 31,</u>	<u>Amount</u>
2015	\$ 77,801
2016	77,801
2017	77,801
2018	<u>77,801</u>
Total	311,204
Less: amount representing interest	<u>(14,237)</u>
Present value of net minimum lease payments	<u>\$ 296,967</u>

B. Operating Lease - Lessor Disclosure

On November 15, 1993, the City entered into a lease agreement with Avalon South Management, Inc. for the lease of the City owned golf course. The lease calls for an annual fee for the management, operation and maintenance of the golf course based upon a percentage of gross receipts as defined by the agreement.

The carrying value of the property follows:

	<u>Land</u>	<u>Building</u>
Asset	\$ 9,000	\$ 219,756
Less: accumulated depreciation	<u>-</u>	<u>(118,119)</u>
Total	<u>\$ 9,000</u>	<u>\$ 101,637</u>

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 13 - LONG-TERM OBLIGATIONS

A. Governmental Activities

During 2014, the following changes occurred in governmental activities long-term obligations:

<u>General obligation bonds</u>					
Various purpose, series 2012	\$ 1,245,000	\$ -	\$ (130,000)	\$ 1,115,000	\$ 130,000
Pension refunding, series 2012	1,335,000	-	(45,000)	1,290,000	45,000
Various purpose, series 2013	8,585,000	-	(485,000)	8,100,000	530,000
Total general obligations bonds	<u>11,165,000</u>	<u>-</u>	<u>(660,000)</u>	<u>10,505,000</u>	<u>705,000</u>
<u>Other long-term obligations</u>					
Reinvestment partnership corporation loan	290,000	-	(95,000)	195,000	95,000
HUD 108 loan	1,225,000	-	(100,000)	1,125,000	110,000
Ohio Department of Development mortgage note	45,208	-	(23,155)	22,053	22,053
OPWC loan	179,595	-	(12,828)	166,767	12,829
Claims payable	987,385	122,873	(62,903)	1,047,355	183,817
Compensated absences	4,980,191	1,526,611	(1,315,461)	5,191,341	1,350,639
Total other long-term obligations	<u>7,707,379</u>	<u>1,649,484</u>	<u>(1,609,347)</u>	<u>7,747,516</u>	<u>1,774,338</u>
Total governmental activities long-term obligations	18,872,379	<u>\$ 1,649,484</u>	<u>\$ (2,269,347)</u>	18,252,516	<u>\$ 2,479,338</u>
Add: Unamortized premium on bond issues	317,316			299,746	
Total reported on the statement of net position	<u>\$ 19,189,695</u>			<u>\$ 18,552,262</u>	

In accordance with State of Ohio law, the City may not incur non-exempt general long-term indebtedness in excess of 10.5 percent of the total value of all property listed and assessed for taxation and 5.5 percent of such value without voter approval.

Compensated Absences - Compensated absences will be paid from the fund which the employees' salaries are paid. The payments will be made primarily from the general fund, community development block grant fund and street maintenance nonmajor governmental fund.

General Obligation Bonds:

On November 13, 2003, the City issued \$6,045,000 in general obligation various purpose refunding bonds to currently refund the callable portion of the 1993 general obligation various purpose refunding bonds (principal \$6,235,000; interest rate 5.10%). The refunded debt is considered defeased (in substance) and accordingly, has been removed from the statement of net position. None of the defeased debt was outstanding at December 31, 2014.

On December 4, 2012, the City issued various purpose general obligation bonds in the amount of \$1,370,000 to finance the acquisition of a fire truck and computer system improvements. The issue is comprised of serial bonds with annual interest rates ranging from 2.00% - 2.25% and a final maturity date of December 1, 2022. A portion of the debt issue is repaid from the data processing internal service fund. The City had unspent bond proceeds of \$150,112 at December 31, 2014.

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 13 - LONG-TERM OBLIGATIONS - (Continued)

Also on December 4, 2012, the City issued the pension refunding bonds to retire, together with money available in the police and fire pension nonmajor governmental funds, the City's police and fire pension liability. The issue is comprised of \$185,000 serial bonds and \$1,195,000 term bonds. The serial bonds bear an annual interest rate of 1.50% and mature December 1, 2016, and the term bonds bear an annual interest rate ranging from 2.00% - 3.50% and mature December 1, 2035.

On December 24, 2013, the City issued various purpose general obligation bonds in the amount of \$8,585,000 to pay for constructing and improving City structures and street improvements. The issue is comprised of \$7,880,000 serial bonds with an annual interest rate ranging from 2.00% - 4.25% and a final maturity date of December 1, 2028, and \$705,000 term bonds with a 4.40% interest rate and December 1, 2033 maturity. The City had unspent bond proceeds of \$2,302,025 at December 31, 2014.

The following is a summary of the City's future annual debt service requirements for the general obligation bonds:

Year	General Obligation Bonds		
	Principal	Interest	Total
2015	\$ 705,000	\$ 339,734	\$ 1,044,734
2016	720,000	325,859	1,045,859
2017	735,000	311,709	1,046,709
2018	750,000	297,009	1,047,009
2019	765,000	280,609	1,045,609
2020 - 2024	3,605,000	1,023,843	4,628,843
2025 - 2029	2,200,000	451,915	2,651,915
2030 - 2034	945,000	117,319	1,062,319
2035	80,000	2,800	82,800
Total	\$10,505,000	\$ 3,150,797	\$13,655,797

Reinvestment Partnership Corporation Loan - On April 29, 1999, the City received a \$985,000 loan from the Reinvestment Partnership Corporation. This loan was made through the Federal 108 Loan Guarantee Program. In 2000, the City began disbursing the loan proceeds for economic development and housing rehabilitation projects throughout the City. These projects have not been capitalized and reported in the City's capital assets; therefore, the loan is not included as a component of net position invested in capital assets, net of related debt. On July 21, 2010, the City refinanced the loan at a lower interest rate. Interest payments are made semi-annually at a rate ranging from 1.66% - 2.66%. Principal and interest payments are made out of the guaranteed loan nonmajor governmental fund using future grant receipts and principal and interest payments received on amounts the City loans for economic development and housing rehabilitation.

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 13 - LONG-TERM OBLIGATIONS - (Continued)

The following is a summary of the City's future annual debt service principal and interest requirements for the general obligation loan payable:

<u>Year</u>	Loan Payable		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2015	\$ 95,000	\$ 4,750	\$ 99,750
2016	100,000	2,660	102,660
Total	\$ 195,000	\$ 7,410	\$ 202,410

HUD 108 Loan - On September 14, 2006, the City received a \$1,700,000 HUD Section 108 loan. The City disbursed the loan proceeds for economic development and housing rehabilitation projects throughout the City. These projects have not been capitalized and reported in the City's capital assets; therefore, the balance of the loan is not included in the net investment in capital assets component of net position. Interest payments (at approximately 5.28 percent) on the loan began in 2007 and principal payments began August 1, 2008. The loan matures August 1, 2022. Principal and interest payments are made out of the guaranteed loan nonmajor governmental fund using future grant receipts and principal and interest payments received on amounts the City loans for economic development and housing rehabilitation.

The following is a summary of the City's future annual debt service principal and interest requirements for the general obligation loan payable:

<u>Year</u>	Loan Payable		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2015	\$ 110,000	\$ 60,832	\$ 170,832
2016	115,000	55,234	170,234
2017	125,000	49,356	174,356
2018	135,000	42,732	177,732
2019	145,000	35,468	180,468
2020 - 2022	495,000	56,426	551,426
Total	\$ 1,125,000	\$ 300,048	\$ 1,425,048

Ohio Department of Development Mortgage Note - In November 1999, the City received a \$202,000 note from the Ohio Department of Development. This note was to fund the Mahoningside Redevelopment Project. This project has not been capitalized and reported in the City's capital assets; therefore, the balance of the note is not included in the net investment in capital assets component of net position. The note bears an interest rate of 4.25% and matures November 1, 2015. Principal and interest payments are made out of the community development block grant special revenue fund.

Total	<u>\$ 22,053</u>	<u>\$ 443</u>	<u>\$ 22,496</u>

OPWC Loan - During 2008, the City entered into an agreement with Trumbull County to pay a portion of the County's loan from the Ohio Public Works Commission (OPWC). The City's share of the interest-free loan is \$256,564 and is payable over 20 years, with a final payment date of December 1, 2027. The proceeds were used to fund the North Road Reconstruction Project. The principal and interest payments are made out of the debt service fund.

The following is a summary of the City's future annual debt service principal and interest requirements for the OPWC loan payable:

<u>Year</u>	OPWC Loan Payable		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2015	\$ 12,829	\$ -	\$ 12,829
2016	12,828	-	12,828
2017	12,828	-	12,828

General Obligation Bonds:

General obligation bonds are expected to be retired with revenues of the enterprise funds. General obligation bonds are secured by the City's ability to levy a voted or unvoted property tax within limitations of Ohio law.

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 13 - LONG-TERM OBLIGATIONS - (Continued)

On December 4, 2012, the City issued \$5,975,000 various purpose refunding bonds to advance refund a portion of the waterworks system revenue bonds stated to mature on November 1, 2015 and currently refund all of the waterworks system revenue bonds stated to mature on November 1, 2022. The portion of the proceeds issued for the advance refunding were used to purchase SLGS that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of the refunded debt. The balance of the refunded debt outstanding at December 31, 2014 was \$600,000.

The 2012 various purpose refunding issue is comprised of serial bonds with an annual interest rate ranging from 2.00% - 2.25%. The reacquisition price exceeded the net carrying amount of the old debt by \$182,459. This difference, reported in the accompanying financial statements as a deferred outflow of resources, is being charged to interest expense through maturity on December 1, 2022 using the straight-line method.

OPWC Loan:

The City received a \$53,921 loan from the OPWC in 2011 to help fund capital improvements for the City's storm sewer infrastructure. The interest free loan is payable in semi-annual installments over a thirty year period, with final payment due January 1, 2041. Payments on the loan are made from the stormwater utility nonmajor enterprise fund.

OWDA Loans:

The City has entered into debt financing arrangements through the OWDA to fund construction projects. The amounts due to the OWDA are payable solely from sewer and water revenues. The loan agreements function similar to a line-of-credit agreement. At December 31, 2014, the City has outstanding borrowings of \$19,569,057. The loan agreements require semi-annual payments based on the permissible borrowings rather than the actual amount loaned. These payments are reflected in the future maturities of principal and interest table and are subject to revision if the total amount is not drawn down.

The City has pledged future water and sewer customer revenues to repay the loans. The loans are payable solely from water and sewer fund revenues and are payable through 2034. Annual principal and interest payments on the loans are expected to require 58.34% of available net revenues for the water fund and 51.85% of available net revenues for the sewer fund. The total principal and interest remaining to be paid on the loans is approximately \$15,943,124 for the water fund and \$6,095,882 for the sewer fund. Principal and interest payments in 2014 totaled \$1,261,015 and \$1,141,233 in the water fund and sewer fund, respectively.

The downtown combined sewer, water treatment plant switch gear replacement, waterline replacement and bulk water dispensing station projects financed through OWDA loans are not closed out as of December 31, 2014. Future annual debt service principal and interest requirements for these loans, which have combined principal balance outstanding at December 31, 2014 of \$7,153,446, are not available.

NOTE 14 - RISK MANAGEMENT

The City is exposed to various risks of loss during the normal course of its operations including, but not limited to, loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and injuries to employees. The City utilizes three funds relating to its risk management program. All of the funds have been classified as internal service funds.

The City purchases insurance policies in varying amounts for general liability, property damage, and employee and public officials' liability, including errors and omissions of the City's safety forces. There were no significant reductions in insurance coverage from the prior year in any category of risk. Settled claims have not exceeded the City's insurance coverage in any of the past three years.

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 14 - RISK MANAGEMENT - (Continued)

A. Hospitalization

The City maintains a hospitalization self-insurance fund which has been classified as an internal service fund in the accompanying BFS. The purpose of this fund is to pay the cost of medical benefits provided to City employees and their covered dependents for which the City is self-insured. The City is self-insured for the first \$75,000 per participant; annual claims above such amount are paid for by stop-loss insurance which the City maintains.

Settled claims have not exceeded the self-insurance amount in any of the past three years. The liability for unpaid claims of \$942,541 reported in the internal service fund at December 31, 2014, is based on the requirements of GASB Statement No. 10, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues", as amended by FASB Statement No. 30 "Risk Financing Omnibus", which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be accrued at the estimated ultimate cost of settling the claims.

Changes in the fund's liability for the current and previous year are as follows:

<u>Fund</u>	<u>Year</u>	<u>Beginning of Year Liability</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claims Payments</u>	<u>End of Year Liability</u>
Hospitalization self-insurance	2014	\$ 880,235	\$ 6,126,289	\$ (6,063,983)	\$ 942,541
	2013	795,822	5,865,215	(5,780,802)	880,235

B. Risk Management

The City maintains a risk management fund which has also been classified as an internal service fund in the accompanying BFS. The purpose of this fund is to pay any general liability claims the City may have levied against it, except for police liability, which remains insured through a private insurance carrier.

Changes in the fund's liability for the current and previous year are as follows:

<u>Fund</u>	<u>Year</u>	<u>Beginning of Year Liability</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claims Payments</u>	<u>End of Year Liability</u>
Risk management	2014	\$ 9,517	\$ 131,784	\$ (129,941)	\$ 11,360
	2013	2,472	150,724	(143,679)	9,517

C. Workers' Compensation

The City has elected to take advantage of the workers' compensation plan being offered by the State of Ohio. This plan, called retrospective rating, allows the City to pay a fraction of the premium it would pay as an experience-rated risk.

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 14 - RISK MANAGEMENT - (Continued)

In 2014, the City paid premiums to the State Fund for Workers' Compensation for calendar year 2014 in the amount of \$259,360. The City reimbursed the Bureau of Workers Compensation for actual medical costs and compensation paid to injured workers in the amount of \$183,817 under the Retrospective Rating Plan.

Retrospective rating constitutes a step closer to self-insurance. In the retrospective rating plan, the City agrees to assume a portion of the risk in return for a possible reduction in premiums. The greater the percentage of the risk the City assumes, the greater the potential reduction in the premium. If the City's loss experience is better than predicted by the experience-rating system, its premium obligation will be less than what it would have paid under experience rating. If its experience is worse than predicted, its premium obligation will be more than it would have been assessed under experience rating, limited to a maximum premium. The City has assumed the risk for individual claims up to a maximum of \$300,000.

The City has agreed to pay all claims up to a maximum of 200% of what the City would have paid had the City remained an experience-rated risk. Claims exceeding these limits will be paid by the State. Each year, the City pays the State a "minimum premium" for retaining the risk of having to pay claims which exceeds the City's maximum claim limits. Ten years after each year the City elected the retrospective plan for workers' compensation, the City settles up for the reserve on any claims that are still open. The City has established a workers' compensation internal service fund to account for and finance its uninsured risks of loss in this program.

The claims liability of \$1,047,355 reported at December 31, 2014, as estimated by the third party administrator, is based on the requirements of GASB Statement No. 10, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues", as amended by GASB Statement No. 30, "Risk Financing Omnibus", which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred, but not reported claims, be accrued at the estimated ultimate cost of settling the claims. Of the total claims liability, \$183,817 is due within one year and is reported as a current liability on the statements of net position. The remaining portion is a noncurrent liability of \$863,538. The estimate was not affected by non-incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses.

Changes in the fund's liability for the current and previous year are as follows:

<u>Fund</u>	<u>Year</u>	<u>Beginning of Year Liability</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claims Payments</u>	<u>End of Year Liability</u>
Workers' compensation	2014	\$ 987,385	\$ 122,873	\$ (62,903)	\$1,047,355
	2013	1,480,729	-	(493,344)	987,385

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 15 - PENSION PLANS

A. Ohio Public Employees Retirement System

Plan Description - The City participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the Combined Plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the Traditional Pension Plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report which may be obtained by visiting <https://www.opers.org/investments/cafr.shtml>, writing to OPERS, 277 East Town Street, Columbus, OH 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

Funding Policy - The Ohio Revised Code provides statutory authority for member and employer contributions. For 2014, member and employer contribution rates were consistent across all three plans. The 2014 member contribution rates were 10.00% for members. The City's contribution rate for 2014 was 14.00% of covered payroll.

The City's contribution rate for pension benefits for members in the Traditional Plan and Combined Plan for 2014 was 12.00%. The City's required contributions for pension obligations to the Traditional Pension and Combined Plans for the years ended December 31, 2014, 2013, and 2012 were \$1,554,254, \$1,809,289, and \$1,323,756, respectively; 91.45% has been contributed for 2014 and 100% has been contributed for 2013 and 2012. The remaining 2014 pension liability has been reported as due to other governments on the basic financial statements. Contributions to the Member-Directed Plan for 2014 were \$16,682 made by the City and \$11,915 made by the plan members.

B. Ohio Police and Fire Pension Fund

Plan Description - The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing multiple-employer defined benefit pension plan. OP&F provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to the OP&F, 140 East Town Street, Columbus, Ohio 43215-5164 or by visiting the website at www.op-f.org.

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 15 - PENSION PLANS - (Continued)

Funding Policy - From January 1, 2014 through July 1, 2014, plan members were required to contribute 10.75% of their annual covered salary. From July 2, 2014 through December 31, 2014, plan members were required to contribute 11.50% of their annual covered salary. Throughout 2014, the City was required to contribute 19.50% and 24.00% for police officers and firefighters, respectively. Contribution rates are established by State statute.

For 2014, the portion of the City's contributions to fund pension obligations was 19.00% for police officers and 23.50% for firefighters. The City's required contributions for pension obligations to OP&F for police officers and firefighters were \$643,891 and \$691,710 for the year ended December 31, 2014, \$642,290 and \$771,907 for the year ended December 31, 2013, and \$529,665 and \$676,223, for the year ended December 31, 2012. 100% has been contributed for 2013 and 2012. 90.59% has been contributed for police and 91.26% has been contributed for firefighters for 2014. The remaining 2014 pension liability has been reported as due to other governments on the basic financial statements.

NOTE 16 - POSTEMPLOYMENT BENEFIT PLANS

A. Ohio Public Employees Retirement System

Plan Description - OPERS maintains a cost-sharing multiple employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

To qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have ten years or more of qualifying Ohio service credit. The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the healthcare plan are presented separately in the OPERS financial report which may be obtained by visiting <https://www.opers.org/investments/cafr.shtml>, writing to OPERS, 277 East Town Street, Columbus, OH 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

Funding Policy - The post-employment healthcare plan was established under, and is administered in accordance with, Internal Revenue Code Section 401(h). State statute requires that public employers fund post-employment healthcare through contributions to OPERS. A portion of each employer's contribution to the Traditional or Combined Plans is set aside for the funding of post-employment health care.

Employer contribution rates are expressed as a percentage of the covered payroll of active employees. In 2014, local government employers contributed 14.00% of covered payroll. Each year the OPERS' Retirement Board determines the portion of the employer contribution rate that will be set aside for the funding of the postemployment health care benefits. The portion of employer contributions allocated to fund post-employment healthcare for members in the Traditional Plan and Combined Plan for 2014 was 2.00%.

CITY OF WARREN, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014**

NOTE 16 - POSTEMPLOYMENT BENEFIT PLANS - (Continued)

The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the post-employment healthcare plan.

The City's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2014, 2013, and 2012 were \$259,042, \$139,176, and \$536,229, respectively; 91.45% has been contributed for 2014 and 100% has been contributed for 2013 and 2012. The remaining 2014 post-employment health care benefits liability has been reported as due to other governments on the basic financial statements.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under State Bill 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4.00% of the employer contributions toward the health care fund after the end of the transition period.

B. Ohio Police and Fire Pension Fund

Plan Description - The City contributes to the OP&F Pension Fund sponsored health care program, a cost-sharing multiple-employer defined postemployment health care plan administered by OP&F. OP&F provides healthcare benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-employment health care coverage to any person who receives or is eligible to receive a monthly service, disability or survivor benefit check or is a spouse or eligible dependent child of such person.

The Ohio Revised Code allows, but does not mandate OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to the OP&F, 140 East Town Street, Columbus, Ohio 43215-5164 or by visiting the website at www.op-f.org.

Funding Policy - The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.50% and 24.00% of covered payroll for police and fire employers, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.50% of covered payroll for police employer units and 24.00% of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts, one account is for health care benefits under an Internal Revenue Code Section 115 trust and the other account is for Medicare Part B reimbursements administered as an Internal Revenue Code Section 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 16 - POSTEMPLOYMENT BENEFIT PLANS - (Continued)

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan into the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. For 2014, the portion of employer contributions allocated to health care was 0.50% of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that the pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h).

The OP&F Board of Trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions to OP&F which were allocated to fund post-employment healthcare benefits for police officers and firefighters were \$18,585 and \$16,034 for the year ended December 31, 2014, \$146,625 and \$137,513 for the year ended December 31, 2013, and \$280,411 and \$264,609, for the year ended December 31, 2012. 100% has been contributed for 2013 and 2012. 90.59% has been contributed for police and 91.26% has been contributed for firefighters for 2014. The remaining 2014 post-employment health care benefits liability has been reported as due to other governments on the basic financial statements.

NOTE 17 - BUDGETARY BASIS OF ACCOUNTING

While the City is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The statement of revenues, expenditures and changes in fund balances - budget and actual (non-GAAP budgetary basis) presented for the general fund and major special revenue fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are as follows:

1. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP);
2. Expenditures/expenses are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP);
3. In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to assigned or committed fund balance for that portion of outstanding encumbrances not already recognized as an account payable (GAAP basis); are treated as expenditures (budget) rather than as a reservation of fund balance (GAAP);
4. Investments are reported at fair value (GAAP) rather than cost (budget); and,
5. Some funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements (as reported in the fund financial statements) to the budgetary basis statements for all governmental funds for which a budgetary basis statement is presented.

CITY OF WARREN, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 17 - BUDGETARY BASIS OF ACCOUNTING - (Continued)

	<u>General</u>	<u>Community Development Block Grant</u>
Budget basis	\$ (1,016,430)	\$ (385,923)
Net adjustment for revenue accruals	(508,023)	(141,802)
Net adjustment for expenditure accruals	(130,475)	325,955
Net adjustment for other financing sources/uses	(364,250)	-
Funds budgeted elsewhere	13,374	-
Adjustment for encumbrances	<u>268,085</u>	<u>241,514</u>
GAAP basis	<u>\$ (1,737,719)</u>	<u>\$ 39,744</u>

The Packard Music Hall fund is legally budgeted in a separate fund but is considered part of the general fund on GAAP basis.

NOTE 18 - CONTINGENCIES

A. Grants

The City receives significant financial assistance from numerous federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements of the individual fund types included herein or on the overall financial position of the City at December 31, 2014.

B. Litigation

Several claims and lawsuits are pending against the City. In the opinion of the City Law Director, any potential liability would not have a material effect on the BFS.

C. Debt

On August 28, 2001, the City and Austin Village Plaza entered into a \$350,000 promissory note with Second National Bank. In the event of default by Austin Village Plaza, the City may be called upon to repay the outstanding debt obligation. At this time, it is not determinable whether the City will sustain a liability related to this matter, therefore a liability has not been reported in the financial statements.

NOTE 19 - FUND BALANCE

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented in the following table.

CITY OF WARREN, OHIO

NOTE 20 - OTHER COMMITMENTS

The City utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed, or assigned classifications of fund balance. At year end, the City's commitments for encumbrances in the governmental funds were as follows:

<u>Fund</u>	<u>Year-End Encumbrances</u>
General	\$ 210,808
Community development block grant	111,925
General capital projects	1,924,916
Nonmajor governmental	<u>461,717</u>
Total	<u>\$ 2,709,366</u>

**COMBINING STATEMENTS
AND INDIVIDUAL
FUND SCHEDULES**

CITY OF WARREN, OHIO

**INDIVIDUAL FUND SCHEDULES
FUND DESCRIPTIONS - GOVERNMENTAL FUNDS**

General Fund

The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the charter of the City and/or the general laws of Ohio.

Major Special Revenue Fund

Community Development Block Grant (CDBG)

To account for State and federal monies received under the Community Development Block Grant program for providing decent housing and a suitable living environment and expanded economic opportunities principally for persons of low and moderate income and the allowable administrative costs associated with those projects.

Nonmajor Special Revenue Funds

The special revenue funds are used to account for all specific financial resources (other than major capital projects) that are legally restricted for specified expenditure purposes. The following are the special revenue funds which the City operates:

Court Computerization

To account for revenues collected by the courts to be used for computer maintenance of the courts.

Street Maintenance

To account for that portion of the State gasoline tax and motor vehicle registration fees designated for maintenance and repair of dedicated streets within the City.

Police Grants

To account for all grants specific to the Police Department.

Drivers Alcohol Treatment

To account for fines collected to be used for expenditures related to drunk driving enforcement and treatment.

Drug Law Enforcement

To account for fines of the Municipal Court designated to subsidize each agency's law enforcement efforts that pertain to drug offenses.

Law Enforcement Trust

To account for monies received from the Federal Law Enforcement agencies designated for law enforcement purposes.

Enforcement and Education

To account for grant monies received from DUI arrests to be used for enforcement and education and for DUI housing reimbursements pursuant to Ohio Revised Code Section 4511.191.

Federal Forfeitures

To account for revenues received from Federal forfeitures to be used for expenditures related to drug enforcement and education.

Probation - Municipal Court

To account for revenues received from municipal probation.

Special Projects - Courts

To account for revenues collected by the courts to be used on various projects in the courts.

Legal Research - Courts

To account for revenues collected by the courts to be used for legal research.

CITY OF WARREN, OHIO

INDIVIDUAL FUND SCHEDULES
FUND DESCRIPTIONS - GOVERNMENTAL FUNDS

Nonmajor Special Revenue Funds - (Continued)

Guarantee Loan

To account for monies related to a loan received from the Reinvestment Partnership Corporation through the Federal 108 Loan Guarantee Program.

Highway Construction

To account for revenues generated from license and gasoline taxes to be used on State highways located within the City.

Motor Vehicle Levy

To account for resources received as a result of the County's levied motor vehicle license tax to assist in maintaining those City streets.

Home Investment

To account for monies received through the Home Investment Partnership Program.

Major Debt Service Fund

General Bond Payment

The General Bond Payment debt service fund is established to account for the accumulation of resources for, and the payment of, principal and interest on long-term debt and related costs.

Major Capital Projects Fund

General Capital Projects

The General Capital Projects capital projects fund is used to account for the acquisition and construction of major capital facilities other than those financed by proprietary fund types.

CITY OF WARREN, OHIO
INDIVIDUAL FUND SCHEDULES
FUND DESCRIPTIONS - ENTERPRISE FUNDS

Enterprise Funds

The enterprise funds are used to account for the City's sewer, water and sanitation operations. These operations are financed and operated in a manner similar to that of a private business enterprise. The intent of the City is that the costs (expenses including depreciation) of providing goods and services on a continuing basis be recovered primarily through user charges. Following is a description of the City's enterprise funds:

Major Enterprise Funds

Sewer

To account for the operations of providing sewage services to customers and to maintain the local sewer system of the City.

Water

To account for the operations of providing water services to customers and to maintain the local water system of the City.

Sanitation

To account for the operations of providing sanitation services to customers within the City.

Nonmajor Enterprise Funds

Packard Music Hall

To account for the operations of the Packard Music Hall.

City Redevelopment

To account for the purchase, leasing and eventual sale of land and buildings by the City.

Downtown Parking

To account for user fees and related operations of various city-owned downtown parking facilities.

Stormwater Utility

To account for the storm drainage runoff service provided to the residential and commercial users of the City and to some residents of the County.

**INDIVIDUAL FUND SCHEDULES
FUND DESCRIPTIONS - INTERNAL SERVICE FUNDS**

Internal Service Funds

The internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governmental units, on a cost-reimbursement basis. Following is a description of the City's internal service funds:

Life Insurance and Hospitalization

To account for the revenues and expenses associated with medical benefits provided to City employees and their covered dependents for which the City is self-insured.

Workers Compensation

To account for claims applicable to years in which the City elects to be partially self-insured under a retrospective rating plan with the State of Ohio.

Data Processing

To account for operations of the data processing department which provides services to various City departments on a cost-reimbursement basis.

Risk Management

To account for expenses related to the general liability claims the City may have levied against it, except for police liability, which remains insured through a private insurance carrier.

CITY OF WARREN, OHIO
INDIVIDUAL FUND SCHEDULES
FUND DESCRIPTIONS - AGENCY FUNDS

Agency Funds

Agency funds maintain assets held by the City as an agent for individuals, private organizations and other governmental units. These funds are purely custodial (assets equal liabilities) and therefore do not involve the measurement of results of operation. The following are the City's agency funds:

Highway Patrol Fines

To account for Highway Patrol fines due to other entities.

Auditors Escrow

To account for various deposits received by the City in a fiduciary role.

Payroll

To account for the next payroll, payroll taxes, and other related payroll deductions accumulated from the governmental, proprietary, and fiduciary funds for the distribution to employees, other governmental units, and private organizations.

Municipal Court

To account for the activities within the Municipal Court.

CITY OF WARREN, OHIO
STATISTICAL SECTION

This part of the City of Warren's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	140-149
Revenue Capacity These schedules contain information to help the reader assess the City's most significant local revenue sources, the income tax and the real and personal property tax.	150-159
Debt Capacity These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	160-167
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	168-169
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	170-175

Sources: Sources are noted on the individual schedules.

Source: Trumbull County Auditor's Office

- (a) Real property is assessed at 35% of actual value.
- (b) Public utility is assessed at 88% percent of actual value.
- (c) For 2005 and prior, tangible personal is assessed at 25% of true value for capital assets and 23% of true value for inventory included in tangible personal property.
 For 2006, tangible personal is assessed at 18.75% of property value, including inventory.
 For 2007, tangible personal is assessed at 12.50% of property value, including inventory.
 For 2008, tangible personal is assessed at 6.25% of property value, including inventory.
 For 2009 and subsequent years, tangible personal is assessed at 0.00% of property value, including inventory, except for telephone tangible personal property which is assessed at 10% of property value, including inventory. In 2009 and 2010, telephone tangible personal property is the only taxable tangible personal property.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Warren, Trumbull County, Ohio (the City), as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated June 25, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, which are described in the accompanying schedule of findings and questioned costs as items 2014-001 and 2014-002.

Entity's Response to Findings

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the City's responses and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Rea & Associates, Inc.

Medina, Ohio

June 25, 2015

To the Honorable Mayor and City Council
City of Warren
Trumbull County, Ohio

**Independent Auditor's Report on Compliance for Each Major Federal Program;
Report on Internal Control over Compliance; and Report on the Schedule of
Expenditures of Federal Awards Required by OMB Circular A-133**

Report on Compliance for Each Major Federal Program

We have audited the City of Warren's, Trumbull County, Ohio (the City) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended December 31, 2014. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2014.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated June 25, 2015, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

**CITY OF WARREN
TRUMBULL COUNTY, OHIO
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED DECEMBER 31, 2014**

Note A – Significant Accounting Policies

The accompanying Schedule of Expenditures of Federal Awards is a summary of the activity of the City’s federal award programs. The schedule has been prepared on the cash basis of accounting.

Note B – Community Development Block Grants (CDBG) Revolving Loan Program

The City has established a revolving loan program to provide low-interest loans to businesses to create jobs for persons from low to moderate income households and to eligible persons and to rehabilitate homes. The Federal Department of Housing and Urban Development (HUD) grants the money for these loans to the City. The initial loan of this money is recorded as a disbursement on the Schedule of Expenditures of Federal Awards. Loans repaid, including interest, are used to make additional loans. Subsequent loans are subject to the same compliance requirements imposed by HUD as the initial loans; and therefore, are reported as federal expenditures in the year of disbursement. Prior year outstanding balances are reported in the schedule below.

These loans are collateralized by equipment and mortgages.

Activity in the CDBG revolving loan fund during 2014 is as follows:

Beginning loans receivables balance as of January 1, 2014:	\$1,395,781
Loans Made:	120,043
Loan principal repaid:	<u>(110,949)</u>
Ending loans receivable balances as of December 31, 2014:	\$1,404,875
Cash balance on hand in the revolving loan fund as of December 31, 2014:	\$ 297,134
Delinquent Amounts due as of 12/31/14:	\$ 201,807

Note C – HOME Investment Partnership Program

The City has established a revolving loan program to provide low-interest loans to businesses to create jobs for persons from low to moderate income households and to eligible persons and to rehabilitate homes. The Federal Department of Housing and Urban Development (HUD) grants the money for these loans to the City. The initial loan of this money is recorded as a disbursement on the Schedule of Expenditures of Federal Awards. Loans repaid, including interest, are used to make additional loans. Subsequent loans are subject to the same compliance requirements imposed by HUD as the initial loans; and therefore, are reported as federal expenditures in the year of disbursement. Prior year outstanding balances are reported in the schedule below.

**CITY OF WARREN
TRUMBULL COUNTY, OHIO
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED DECEMBER 31, 2014
(Continued)**

These loans are collateralized by equipment and mortgages.

Activity in the HOME revolving loan fund during 2014 is as follows:

Beginning loans receivables balance as of January 1, 2014:	\$3,498,451
Loans Made:	372,959
Loan principal repaid:	<u>(185,495)</u>
Ending loans receivable balances as of December 31, 2014:	\$3,685,915
Cash balance on hand in the revolving loan fund as of December 31, 2014:	\$ 281,292
Delinquent Amounts due as of 12/31/14:	\$ 0

Note D – Guarantee Loan Program

The City has established a revolving loan program to provide low-interest loans to businesses to create jobs for persons from low to moderate income households and to eligible persons and to rehabilitate homes. The Federal Department of Housing and Urban Development (HUD) grants the money for these loans to the City. The initial loan of this money is recorded as a disbursement on the Schedule of Expenditures of Federal Awards. Loans repaid, including interest, are used to make additional loans. Subsequent loans are subject to the same compliance requirements imposed by HUD as the initial loans; and therefore, are reported as federal expenditures in the year of disbursement. Prior year outstanding balances are reported in the schedule below.

These loans are collateralized by equipment and mortgages.

Activity in the Guarantee revolving loan fund during 2014 is as follows:

Beginning loans receivables balance as of January 1, 2014:	\$1,459,942
Loans Made:	0
Loan principal repaid:	<u>(103,400)</u>
Ending loans receivable balances as of December 31, 2014:	\$1,356,542
Cash balance on hand in the revolving loan fund as of December 31, 2014:	\$ 112,394
Delinquent Amounts due as of 12/31/14:	\$ 0

CITY OF WARREN
TRUMBULL COUNTY, OHIO
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED DECEMBER 31, 2014
(Continued)

Note E – Subrecipients

The City passes-through certain Federal assistance received from the United States Department of Housing and Urban Development to other governments or not-for-profit agencies (subrecipients). As described in Note A, the City records expenditures of Federal awards to subrecipients when paid in cash. The subrecipient agencies have certain compliance responsibilities related to administering these Federal Programs. Under Federal Circular A-133, the City is responsible for monitoring subrecipients to help assure that Federal awards are used for authorized purposes in compliance with laws, regulations and the provisions of contracts or grant agreements, and that performance goals are achieved.

Note F – Matching

Certain Federal programs require that the city contribute non-federal funds to support the federally-funded programs. The City has complied with the matching requirements. The expenditures of non-federal matching funds is not included on the Schedule.

OMB CIRCULAR A-133, Section .505
DECEMBER 31, 2014**

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

Material Noncompliance

Finding Number: 2014-001

Criteria: Ohio Rev. Code Section 5705.14 states that no transfer shall be made from one fund of a subdivision to any other fund, by order of the court or otherwise, except as follows: (E) Money may be transferred from the general fund to any other fund of the subdivision. Except in the case of transfer pursuant to division (E) of this section, transfers authorized by this section shall only be made by resolution of the taxing authority passed with the affirmative vote of two-thirds of the members.

Condition: As of December 31, 2014, the City had total transfers out of the General Fund to the Packard Music Hall Fund (\$459,000) and Downtown Parking Fund (\$58,000), Community Development Fund to the Guaranteed Loan Fund (\$97,910), and Motor Vehicle Levy to Capital Projects (\$125,750) not specifically approved by City Council for the purpose of debt retirement payments, capital expenses, and general expenses.

Cause: The City did not properly obtain a vote of two-thirds of the City of Council members prior to transferring funds from special revenues funds or a majority vote for general fund transfers.

Effect: The City transferred money without approval, contrary to Ohio Revised Code.

Recommendation: We recommend the City obtain approval through City Council for all interfund transfers.

Management's Response: Management concurs and will obtain approval for transfers in future periods.

Material Noncompliance

Finding Number: 2014-002

Criteria: Ohio Rev. Code Section 5705.36 states that on or about the first day of each fiscal year, the fiscal officer of each subdivision and other taxing unit shall certify to the county auditor the total amount from all sources available for expenditures from each fund set up in the tax budget or, if adoption of a tax budget is waived under section 5705.281 of the Revised Code, from each fund created by or no behalf of the taxing authority. (3) upon determination by the fiscal officer of a subdivision that the revenue to be collected by the subdivision will be greater than the amount included in an official certificate or (4) upon determination by the fiscal officer of a subdivision that the revenue to be collected by the subdivision will be less than the amount included in an official certificate, the fiscal officer shall certify an amended certificate with the commission.

SCHEDULE OF FINDINGS AND QUESITONED COSTS, (Cont.)
OMB CIRCULAR A-133, Section .505
DECEMBER 31, 2014**

<p>2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS (Continued)</p>
--

Finding Number: 2014-002(continued)

Condition: The City had the following material excesses with final estimated resources compared to actual revenue for the following funds:

	Final Estimated Resources	Actual Revenue	Estimated Resources Over Actual
General Fund	\$ 28,404,146	\$ 26,674,428	\$ 1,729,718
Community Development Block Grant	1,849,770	1,806,735	43,035
General Capital Projects	9,400,433	8,190,597	1,209,836
General Bond Payment	3,587,066	3,550,195	36,871
Sewer	10,992,195	10,756,764	235,431
Workers Compensation	2,874,861	2,186,519	688,342

Cause: The City did not request reduced amended reduced certificates throughout the year upon notice of decreased resources.

Effect: Failure to monitor fluctuations in resources could result in appropriations exceeding actual resources and ultimately operating funds into negative fund balances.

Recommendation: We recommend the City review its available resources versus actual collections throughout the year and file amended reduced certificates when necessary.

Management's Response: The City is attempting to monitor its budget more closely and to submit additional amendments for estimated resources more frequently throughout the fiscal year and at fiscal yearend.

<p>3. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS</p>

None were noted.
