## INDEPENDENT AUDITOR'S REPORT

Village of Ottawa  
Putnam County  
136 North Oak Street  
Ottawa, Ohio 45875-1810

To the Village Council:

### ***Report on the Financial Statements***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Ottawa, Putnam County, Ohio (the Village), as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for preparing and fairly presenting these financial statements in accordance with the cash accounting basis Note 2 describes. This responsibility includes determining that the cash accounting basis is acceptable for the circumstances. Management is also responsible for designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Village's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Village's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Ottawa, Putnam County, Ohio, as of December 31, 2014, and the respective changes in cash financial position and the respective budgetary comparisons for the General and Income Tax Funds thereof for the year then ended in accordance with the accounting basis described in Note 2.

### **Accounting Basis**

We draw attention to Note 2 of the financial statements, which describes the accounting basis. The financial statements are prepared on the cash basis of accounting, which differs from generally accepted accounting principles. We did not modify our opinion regarding this matter.

### **Other Matters**

#### *Supplemental and Other Information*

We audited to opine on the Village's financial statements that collectively comprise its basic financial statements. The Federal Award Expenditures Schedule presents additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and is also not a required part of the financial statements.

The schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We applied no procedures to the Management's Discussion and Analysis presented on pages 5-12 of the report, and accordingly, we express no opinion or any other assurance on it.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated September 1, 2015, on our consideration of the Village's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2014  
UNAUDITED**

This discussion and analysis of the Village of Ottawa's (the Village's) financial performance provides an overall review of the Village's financial activities for the year ended December 31, 2014, within the limitations of the Village's cash basis accounting. Readers should also review the basic financial statements and notes to enhance their understanding of the Village's financial performance.

**Highlights**

Key highlights for 2014 are as follows:

Net position of governmental activities increased \$1,027,808, or 21 percent, a significant change from the prior year. This was due mostly to the sale of bonds and notes for the purpose of advance refunding bonds, road improvements and water system improvements.

General receipts represent 51 percent of the Village's total receipts, and of this amount, 52 percent are debt proceeds for the purpose of advance refunding the Community Learning Center Bonds, roadway improvements, fire equipment and water system improvements. Nearly 39 percent are local taxes, 6 percent are grants and entitlements not restricted to specific programs, and the remaining 3 percent is interest earnings which can fluctuate annually due to rate of return, sale of capital assets, proceeds from insurance, and miscellaneous receipts.

The Water Operating Fund and Sewer Operating Fund are the Village's major business-type activities. The Water Operating Fund realized a decrease in net position of 15 percent, while the Sewer Operating Fund's net position increased 15 percent. The Village analyzes its water and sewer rates on a regular basis and makes adjustments accordingly.

**Using the Basic Financial Statements**

This annual report is presented in a format consistent with the presentation requirements of Governmental Accounting Standards Board Statement No. 34, as applicable to the Village's cash basis of accounting.

**Report Components**

The statement of net position and the statement of activities provide information about the cash activities of the Village as a whole.

Fund financial statements provide a greater level of detail. Funds are created and maintained on the financial records of the Village as a way to segregate money whose use is restricted to a particular specified purpose. These statements present financial information by fund, presenting funds with the largest balances or most activity in separate columns.

The notes to the financial statements are an integral part of the village-wide and fund financial statements and provide expanded explanation and detail regarding the information reported in the statements.

**Basis of Accounting**

The basis of accounting is a set of guidelines that determine when financial events are recorded. The Village has elected to present its financial statements on a cash basis of accounting. This basis of accounting is a basis of accounting other than generally accepted accounting principles. Under the Village's cash basis of accounting, receipts and disbursements are recorded when cash is received or paid.

**VILLAGE OF OTTAWA  
PUTNAM COUNTY**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2014  
UNAUDITED  
(Continued)**

As a result of using the cash basis of accounting, certain assets and their related revenues (such as accounts receivable) and certain liabilities and their related expenses (such as accounts payable) are not recorded in the financial statements. Therefore, when reviewing the financial information and discussion within this report, the reader must keep in mind the limitations resulting from the use of the cash basis of accounting.

**Reporting the Government as a Whole**

This annual report includes all activities for which the Village is fiscally responsible. These activities, defined as the Village's reporting entity, are operated within separate legal entities that make up the primary government. The primary government consists of the Village.

The statement of net position and the statement of activities reflect how the Village did financially during 2014, within the limitations of cash basis accounting. The statement of net position presents the cash balances and investments of the governmental and business-type activities of the Village at year-end. The statement of activities compares cash disbursements with program receipts for each governmental program and business-type activity. Program receipts include charges paid by the recipient of the program's goods or services and grants and contributions restricted to meeting the operational or capital requirements of a particular program. General receipts are all receipts not classified as program receipts. The comparison of cash disbursements with program receipts identifies how each governmental function or business-type activity draws from the Village's general receipts.

These statements report the Village's cash position and the changes in cash position. Keeping in mind the limitations of the cash basis of accounting, you can think of these changes as one way to measure the Village's financial health. Over time, increases or decreases in the Village's cash position is one indicator of whether the Village's financial health is improving or deteriorating. When evaluating the Village's financial condition, you should also consider other non-financial factors as well such as the Village's property tax base, the condition of the Village's capital assets and infrastructure, the extent of the Village's debt obligations, the reliance on non-local financial resources for operations and the need for continued growth in the major local revenue sources such as property and income taxes.

In the statement of net position and the statement of activities, we divide the Village into two types of activities:

Governmental activities. Most of the Village's basic services are reported here, including police, fire, streets and parks. State and federal grants and income and property taxes finance most of these activities. Benefits provided through governmental activities are not necessarily paid for by the people receiving them.

Business-type activities. The Village has two business-type activities, the provision of water and sewer. Business-type activities are financed by a fee charged to the customers receiving the service.

**Reporting the Village's Most Significant Funds**

Fund financial statements provide detailed information about the Village's major funds – not the Village as a whole. The Village establishes separate funds to better manage its many activities and to help demonstrate that money that is restricted as to how it may be used is being spent for the intended purpose. The funds of the Village are split into two categories: governmental and proprietary.

Governmental Funds - Most of the Village's activities are reported in governmental funds. The governmental fund financial statements provide a detailed view of the Village's governmental

operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent to finance the Village's programs. The Village's significant governmental funds are presented on the financial statements in separate columns. The information for non-major funds (funds whose activity or balances are not large enough to warrant separate reporting) is combined and presented in total in a single column. The Village's major governmental funds are the General Fund, Income Tax Fund, Bonds Series 2014 Fund, and Hazard Mitigation Grant Program - Phase 2 Fund. The programs reported in governmental funds are closely related to those reported in the governmental activities section of the entity-wide statements.

Proprietary Funds – When the Village charges customers for the services it provides, these services are generally reported in proprietary funds. When the services are provided to the general public, the activity is reported as an enterprise fund. The Village has three enterprise funds, the Water Operating Fund, Sewer Operating Fund, and Enterprise Debt Service Reserve Fund. When the services are provided to other departments of the Village, the service is reported as an internal service fund. The Village has no internal service funds.

**The Village as a Whole**

Table 1 provides a summary of the Village's Net Position for 2014 compared to 2013 on a cash basis:

(Table 1)

As mentioned previously, net position of governmental activities increased \$1,027,808, or 21 percent during 2014. The primary reasons contributing to the increases in cash balances are as follows:

- The cash increase in the Bonds Series 2014 Fund in the amount of \$600,000 was due to bond proceeds.
- There was an increase in the amount of \$190,273 in the Income Tax Fund. This was due to growth in income tax revenues, and non-federal, non-state grant or aid.
- The Hazard Mitigation Grant Program - Phase 2 Fund realized an increase in the amount of \$334,270 due to grant proceeds.

Program receipts represent 49 percent of total receipts and are primarily comprised of restricted water and sewer user fees. Grants restricted for specific projects were 39 percent of program receipts. Restricted intergovernmental receipts such as motor vehicle license and gas tax money, as well as recreational entry fees, and license and permit fees are also included in program receipts.

In 2014, general receipts represent 51 percent of the Village's total receipts, and of this amount, 52 percent are debt proceeds for the purpose of refunding the Community Learning Center Bonds, roadway improvements, fire equipment and water system improvements. Nearly 39 percent are local taxes, 6 percent are grants and entitlements not restricted to specific programs, and the remaining 3 percent is interest earnings which can fluctuate annually due to rate of return, sale of capital assets, proceeds from insurance, and miscellaneous receipts.

Disbursements for General Government represent the overhead costs of running the Village and the support services provided for the other government activities. These include the costs of council, mayor, municipal director, solicitor, fiscal officer, and community environment departments, as well as internal services such as payroll and purchasing.

Security of Persons and Property are the costs of police and fire protection; Leisure Time Activities are the costs of maintaining the pool and parks; the economic development department promotes the Village to industry and commerce as well as working with other governments in the area to attract new business; Basic Utility Services are costs associated with the water and sewer systems in special revenue funds; and Transportation is the cost of maintaining the roads.

**Governmental Activities**

If you look at the Statement of Activities, you will see the first column lists the major services provided by the Village. The next column identifies the costs of providing these services. The major program disbursements for governmental activities are for capital improvements, which account for 46 percent of all governmental disbursements. Debt service, security of persons and property and general government also represent significant costs, 28 percent, 12 percent and 7 percent, respectively. The next three columns of the Statement entitled Program Receipts identify amounts paid by people who are directly charged for the service and grants received by the Village that must be used to provide a specific service. The net Receipt (Disbursement) column compares the program receipts to the cost of the service. This "net cost" amount represents the cost of the service, which ends up being paid from money provided by local taxpayers. These net costs are paid from the general receipts, which are presented at the bottom of the Statement of Activities. A comparison between the total cost of services and the net cost is presented in Table 3.

The dependence upon general receipts is apparent as nearly 65 percent of governmental activities are supported through these receipts.

**Business-type Activities**

The Village has two major business type activities, the provision of water and sewer, which are accounted for in the Water Operating Fund and the Sewer Operating Fund. Charges for services did not support all the business type activity disbursements in 2014, as 13 percent of the business type activities were dependent on general receipts. The Village reviews its water and sewer rates annually and makes necessary adjustments to align the revenues with anticipated expenditures. In addition, the Village sells water and sewer to neighboring communities to help stabilize rates.

*The Government's Funds*

As you look at the Statement of Receipts, Disbursements, and Changes in Cash Basis Fund Balances you will see total governmental funds had receipts and other financing sources of \$7,724,643 and disbursements and other financing uses of \$6,696,835. The greatest change in fund balances within governmental funds occurred within the Bonds Series 2014 Fund. The fund balance increase of \$600,000 in the Bonds Series 2014 Fund is due to the sale of bonds.

There was an increase in the Hazard Mitigation Grant Program - Phase 2 Fund in the amount of \$334,270 due to grant proceeds.

The Income Tax Fund balance increased \$190,273, which can be attributed to growth in income tax revenues, and non-federal, non-state grant or aid.

The General Fund balance decreased \$44,300, which can be attributed to less intergovernmental revenue and insurance proceeds received.

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2014

(Continued)**

The Village's budget is prepared according to Ohio law and the Village Charter and is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances.

Final disbursements and other financing uses in the General Fund were budgeted at \$2,231,722, while actual disbursements were \$1,091,057. The Village employs a conservative approach to budgeting by estimating receipts low and appropriations high. In 2014, the Village budgeted for certain capital improvements in the General Fund, but decided not to pursue those improvements at this time in keeping with its conservative approach.

**Capital Assets and Debt Administration**

**Capital Assets**

The Village does not currently keep track of its capital assets and infrastructure.

**Debt**

At December 31, 2014, the Village's outstanding debt included \$2,525,000 in Various Purpose General Obligation Capital Asset Bonds, \$1,900,000 in Various Purpose Bonds, Series 2014 issued for roadway improvements and Community Learning Center Bonds advanced refunding, \$95,000 in unrefunded Community Learning Center Bonds, \$380,989 in Ohio Public Works Commission (OPWC) loans for improvements to water and sewer utility services, \$5,914,430 in Ohio Water Development Authority (OWDA) loans for improvements to water and sewer system buildings and structures, \$313,908 in State Infrastructure Bank loans for road improvements, \$536,606 in First Federal Bank loan for purchase of a fire truck, and \$122,090 in Key Government Finance lease for sewer camera system. For further information regarding the Village's debt, refer to Note 11 to the basic financial statements.

**Current Issues**

The challenge for all governments is to provide quality services to the public while staying within the restrictions imposed by limited, and in some cases shrinking, funding. We rely heavily on local taxes. The Village is constantly looking at ways to cut costs without cutting services. Employees are cross-trained in several areas and certain services have been contracted out resulting in cost savings. In addition, in 2014 the Village issued advance refunding bonds resulting in a savings of \$79,870 over the next 11 years.

**Contacting the Village's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the Village's finances and to reflect the Village's accountability for the monies it receives. Questions concerning any of the information in this report or requests for additional information should be directed to Barbara J. Hermiller, Fiscal Officer, Village of Ottawa, 136 North Oak Street, Ottawa, Ohio 45875-1810.

**VILLAGE OF OTTAWA  
PUTNAM COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2014**

**NOTE 1 – REPORTING ENTITY**

The Village of Ottawa, Putnam County, Ohio (the Village), is a body politic and corporate established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. Beginning January 1, 2000 the Village's form of government was changed from statutory to a charter form of government. A six-member Council elected at large for four-year terms directs the Village. The Mayor is elected to a four-year term, and votes only to break a tie.

**A. Primary Government**

The primary government consists of all funds, departments, boards and agencies that are not legally separate from the Village. The Village provides general government services, water and sewer utilities, maintenance of Village roads and bridges, park operations, and police services. The Village appropriates general fund money to support a volunteer fire department.

**B. Component Units**

Component units are legally separate organizations for which the Village is financially accountable. The Village is financially accountable for an organization if the Village appoints a voting majority of the organization's governing board and (1) the Village is able to significantly influence the programs or services performed or provided by the organization; or (2) the Village is legally entitled to or can otherwise access the organization's resources; the Village is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide support to, the organization; or the Village is obligated for the debt of the organization. The Village is also financially accountable for any organizations that are fiscally dependent on the Village in that the Village approves their budget, the issuance of their debt or the levying of their taxes. Component units also include legally separate, tax-exempt entities whose resources are for the direct benefit of the Village, are accessible to the Village and are significant in amount to the Village. Based on these criteria, the Village has no component units.

**C. Public Entity Risk Pools**

The Village participates in a public entity risk pool. Note 8 to the financial statements provides additional information for this entity. This organization is the Public Entities Pool of Ohio.

The Village's management believes these financial statements present all activities for which the Village is financially accountable.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

As discussed further in Note 2.C, these financial statements are presented on a cash basis of accounting. This cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the cash basis of accounting. The following are the more significant of the Village's accounting policies.

**A. Basis of Presentation**

The Village's basic financial statements consist of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

PUTNAM COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2014  
(Continued)**

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the Village as a whole. The statements distinguish between those activities of the Village that are governmental and those that are considered business-type. Governmental activities generally are financed through taxes, intergovernmental receipts or other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of net position presents the cash balance of the governmental and business-type activities of the Village at year-end. The statement of activities compares disbursements with program receipts for each of the Village's governmental and business-type activities. Disbursements are reported by function. A function is a group of related activities designed to accomplish a major service or regulatory program for which the Village is responsible. Program receipts include charges paid by the recipient of the program's goods or services and grants and contributions restricted to meeting the operational or capital requirements of a particular program. General receipts are all receipts not classified as program receipts, with certain limited exceptions. The comparison of direct disbursements with program receipts identifies the extent to which each governmental function or business-type activity is self-financing on a cash basis or draws from the Village's general receipts.

Fund Financial Statements

During the year, the Village segregates transactions related to certain Village functions or activities in separate funds to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Village at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

Proprietary fund statements distinguish operating transactions from nonoperating transactions. Operating receipts generally result from exchange transactions such as charges for services directly relating to the funds' principal services. Operating disbursements include costs of sales and services and administrative costs. The fund statements report all other receipts and disbursements as nonoperating.

B. Fund Accounting

The Village uses fund accounting to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Funds are used to segregate resources that are restricted as to use. The funds of the Village are divided into two categories, governmental and proprietary.

Governmental Funds

The Village classifies funds financed primarily from taxes, intergovernmental receipts (e.g. grants), and other nonexchange transactions as governmental funds. The Village has four major governmental funds including the General Fund, Income Tax Fund, Bond Series 2014 Fund, and Hazard Mitigation Grant Program - Phase 2 Fund.

- The General Fund is used to account for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the Village for any purpose provided it is expended or transferred according to the general laws of Ohio.
- The Income Tax Fund is a special revenue fund used primarily to fund capital improvements. Its use is restricted by Village ordinance.
- The Bond Series 2014 Fund is a capital project fund established for the receipt of bond monies

PUTNAM COUNTY**

FOR THE YEAR ENDED DECEMBER 31, 2014  
(Continued)**

to be used for advanced refunding the Community Learning Center Bonds and road improvement projects.

- The Hazard Mitigation Grant Program - Phase 2 Fund is a capital project fund established for the receipt and disbursement of grant monies.

The other governmental funds of the Village account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds

The Village classifies funds financed primarily from user charges for goods or services as proprietary. Proprietary funds are classified as enterprise.

Enterprise Funds - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The Village's major enterprise funds are the water and sewer funds.

Water Fund - The Water Fund accounts for the provision of water to the residents and commercial users located within the Village.

Sewer Fund - The Sewer Fund accounts for the provision of sanitary sewer services to the residents and commercial users within the Village.

C. Basis of Accounting

The Village's financial statements are prepared using the cash basis of accounting. Receipts are recorded in the Village's financial records and reported in the financial statements when cash is received rather than when earned and disbursements are recorded when cash is paid rather than when a liability is incurred.

As a result of the use of this cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued liabilities and the related expenses) are not recorded in these financial statements.

D. Budgetary Process

All funds are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations ordinance, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the Village Council may appropriate.

The appropriations ordinance is the Village Council's authorization to spend resources and sets limits on cash disbursements plus encumbrances at the level of control selected by the Village Council. The legal level of control has been established at the fund, department, and object level for all funds.

The certificate of estimated resources may be amended during the year if projected increases or decreases in receipts are identified by the Village Fiscal Officer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificated of estimated

PUTNAM COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS

(Continued)**

resources in effect at the time final appropriations were passed by the Village Council.

The appropriations ordinance is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation ordinance for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Village Council during the year.

E. Cash and Investments

To improve cash management, cash received by the Village is pooled and invested. Individual fund integrity is maintained through Village records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

Investments are reported as assets. Accordingly, purchases of investments are not recorded as disbursements, and sales of investments are not recorded as receipts. Gains at the time of sale are recorded as receipts.

During 2014, the Village invested in nonnegotiable certificates of deposit, savings accounts, money market funds, and STAR Ohio. The nonnegotiable certificates of deposit are reported at cost. The savings accounts and money market accounts are reported at the amount the Village has recorded as of December 31, 2014.

STAR Ohio is an investment pool, managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on December 31, 2014.

Interest earnings are allocated to Village funds according to State statutes, grant requirements, or debt related restrictions. Interest receipts credited to the General Fund during 2014 was \$24,953, which includes \$16,497 assigned from other Village funds.

F. Inventory and Prepaid Items

The Village reports disbursements for inventories and prepaid items when paid. These items are not reflected as assets in the accompanying financial statements.

G. Capital Assets

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets in the accompanying financial statements.

H. Interfund Receivables/Payables

The Village reports advances-in and advances-out for interfund loans. These items are not reflected as assets and liabilities in the accompanying financial statements.

I. Accumulated Leave

In certain circumstances, such as upon leaving employment or retirement, employees are entitled to cash payments for unused leave. Unpaid leave is not reflected as a liability under the Village's cash basis of accounting.

PUTNAM COUNTY**

FOR THE YEAR ENDED DECEMBER 31, 2014  
(Continued)**

J. Employer Contributions to Cost-Sharing Pension Plans

The Village recognizes the disbursement for their employer contributions to cost-sharing pension plans when they are paid. As described in Notes 9 and 10, the employer contributions include portions for pension benefits and for postretirement health care benefits.

K. Long-Term Obligations

The Village's cash basis financial statements do not report liabilities for bonds or other long-term obligations. Proceeds of debt are reported when the cash is received and principal and interest payments are reported when paid. Since recording a capital asset when entering into a capital lease is not the result of a cash transaction, neither an other financing source nor a capital outlay expenditure are reported at inception. Lease payments are reported when paid.

L. Net Position

Net position is reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position restricted for other purposes include resources restricted for other purposes include resources restricted for capital expenditures such as land and land improvements, street improvements, and police and fire equipment.

The Village's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted resources are available.

M. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Village is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

***Nonspendable*** The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of interfund loans.

***Restricted*** Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

Enabling legislation authorizes the Village to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the Village can be compelled by an external party—such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.

***Committed*** The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action (ordinance or resolution) of Village Council. Those committed amounts cannot be used for any other purpose unless Village Council removes or changes the specified use by taking the same type of action (ordinance or

**VILLAGE OF OTTAWA  
PUTNAM COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2014  
(Continued)**

resolution) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, the committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by Village Council, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints is not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

**Assigned** Amounts in the assigned fund balance classification are intended to be used by the Village for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by Village Council or a Village official delegated that authority by ordinance, or by State Statute.

**Unassigned** Unassigned fund balance is the residual classification for the general fund and includes amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Village applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**N. Interfund Transactions**

Transfers between governmental and business-type activities on the government-wide financial statements are reported in the same manner as general receipts.

Exchange transactions between funds are reported as receipts in the seller funds and as disbursements in the purchaser funds. Subsidies from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating receipts/disbursements in proprietary funds. Repayments from funds responsible for particular disbursements to the funds that initially paid for them are not presented in the financial statements.

**NOTE 3 – ACCOUNTABILITY**

The Village's governmental beginning balances have been restated due to a change in the funds considered to be major funds as of December 31, 2014.

In 2013, the Road Improvement and FEMA Flood Funds were classified as a major fund. In 2014, Road Improvement and FEMA Flood Funds were classified as a nonmajor fund due to a decrease in revenue and expenditure activity.

The prior period restatement had the following effect on the Village's governmental fund balances as previously reported:

The prior period restatement did not have an effect on net position as previously reported.

**NOTE 4 – BUDGETARY BASIS OF ACCOUNTING**

The budgetary basis as provided by law is based upon accounting for certain transactions on the basis of cash receipts, disbursements, and encumbrances. The Statement of Receipts, Disbursements and Changes in Fund Balance – Budget and Actual – Budgetary Basis presented for the General Fund, and Income Tax Fund are prepared on the budgetary basis to provide a meaningful comparison of actual results with the budget. The differences between the budgetary basis and the cash basis are outstanding year-end encumbrances are treated as cash disbursements (budgetary basis) rather than as a reservation of fund balance (cash basis). The encumbrances outstanding at year-end (budgetary basis) amounted to \$17,535 for the General Fund and \$233,769 in the Income Tax Fund.

In addition, as part of Governmental Accounting Standards Board Statement No. 54, “Fund Balance Reporting”, certain funds that are legally budgeted in separate special revenue funds (budget stabilization and termination benefit funds) are considered part of the General fund on the cash basis.

The following table summarizes the adjustments necessary to reconcile the cash basis statement to the budgetary basis statement for the General fund:

Net Change in Fund Cash Balance		
	General Fund	Income Tax Fund
Cash Basis	(\$44,300)	\$190,273
Adjustment for Encumbrances	(17,535)	(233,769)
Budget Basis	(\$61,835)	(\$43,496)

**NOTE 5 – DEPOSITS AND INVESTMENTS**

Monies held by the Village are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the Village treasury. Active monies must be maintained either as cash in the Village treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that Council has identified as not required for use within the current

**VILLAGE OF OTTAWA  
PUTNAM COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2014  
(Continued)**

five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the Village can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio or Ohio local governments;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio).

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the Village, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions.

At year end, the Village had \$150 in undeposited cash on hand which is included as part of "Equity in Pooled Cash and Cash Equivalents".

Deposits

Custodial credit risk is the risk that in the event of bank failure, the Village will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, \$4,431,087 of the Village's bank balance of \$8,988,266 was exposed to custodial credit risk because those deposits were uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the Village's name.

**VILLAGE OF OTTAWA  
PUTNAM COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2014  
(Continued)**

The Village has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the Village or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

**NOTE 6 – INCOME TAXES**

The Village levies a 1 percent income tax whose proceeds are placed into the Income Tax Fund. The Village levies and collects the tax on all income earned within the Village as well as on incomes of residents earned outside the Village. Employers within the Village are required to withhold income tax on employee earnings and remit the tax to the Village at least quarterly. Corporations and other individual taxpayers are also required to pay their estimated tax at least quarterly and file a final return annually.

**NOTE 7 – PROPERTY TAXES**

Property taxes include amounts levied against all real property, public utility property, and tangible personal property located in the Village. Real property tax receipts received in 2014 represent the collection of 2013 taxes. Real property taxes received in 2014 were levied after October 1, 2013, on the assessed values as of January 1, 2013, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax receipts received in 2014 represent the collection of 2013 taxes. Public utility real and tangible personal property taxes received in 2014 became a lien on December 31, 2012, were levied after October 1, 2013, and are collected in 2014 with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

The full tax rate for all Village operations for the year ended December 31, 2014, was \$4.00 per \$1,000 of assessed value. The assessed values of real property, public utility property, and tangible personal property upon which 2014 property tax receipts were based are as follows:

Real Property	
Residential	\$64,344,530
Agriculture	706,290
Commercial/Industrial/Mineral	20,281,480
Public Utility Property	
Real	21,880
Personal	3,646,710
Total Assessed Value	<u>\$89,000,890</u>

**NOTE 8 – RISK MANAGEMENT**

The Village is exposed to various risks of property and casualty losses, and injuries to employees.

The Village insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

**VILLAGE OF OTTAWA  
PUTNAM COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2014  
(Continued)**

The Village belongs to the Public Entities Pool of Ohio (PEP), a risk-sharing pool available to Ohio local governments. PEP provides property and casualty coverage for its members. American Risk Pooling Consultants, Inc. (ARPCO), a division of York Insurance Services Group, Inc. (York), functions as the administrator of PEP and provides underwriting, claims, loss control, risk management, and reinsurance services for PEP. PEP is a member of the American Public Entity Excess Pool (APEEP), which is also administered by ARPCO. Member governments pay annual contributions to fund PEP. PEP pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

Casualty and Property Coverage

APEEP provides PEP with an excess risk-sharing program. Under this arrangement, PEP retains insured risks up to an amount specified in the contracts. At December 31, 2014, PEP retained \$350,000 for casualty claims and \$100,000 for property claims.

The aforementioned casualty and property reinsurance agreement does not discharge PEP's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

Financial Position

PEP's financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and net position at December 31, 2013 and 2014.

	<u>2013</u>	<u>2014</u>
Assets	\$34,411,883	\$35,402,177
Liabilities	(12,760,194)	(12,363,257)
Net Position	<u>\$21,651,689</u>	<u>\$23,038,920</u>

At December 31, 2013 and 2014, respectively, the liabilities above include approximately 11.6 million and \$11.1 million of estimated incurred claims payable. The assets above also include approximately \$11.1 million and \$10.8 million of unpaid claims to be billed. The Pool's membership increased from 475 members in 2013 to 488 members in 2014. These amounts will be included in future contributions from members when the related claims are due for payment. As of December 31, 2014, the Village's share of these unpaid claims collectible in future years is approximately \$60,000.

Based on discussions with PEP, the expected rates PEP charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to PEP for each year of membership.

<u>Contributions to PEP</u>	
<u>2013</u>	<u>2014</u>
\$85,754	\$86,404

After one year of membership, a member may withdraw on the anniversary of the date of joining PEP, if the member notifies PEP in writing 60 days prior to the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year's contribution.

**VILLAGE OF OTTAWA  
PUTNAM COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2014  
(Continued)**

Withdrawing members have no other future obligation to PEP. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

**NOTE 9 – DEFINED BENEFIT PENSION PLANS**

**A. Ohio Public Employees Retirement System**

Plan Description – The Village participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan. Under the Combined Plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to, but less than, the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost-of-living adjustments to members of the Traditional Pension and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/investments/cafr.shtml>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 614-222-5601 or 800-222-7377.

Funding Policy – The Ohio Revised Code provides statutory authority for member and employer contributions and currently limits the employer contribution to a rate not to exceed 14 percent of covered payroll for state and local employer units and 18.1 percent of covered payroll for law and public safety employer units. Member contribution rates, as set in the Ohio Revised Code, are not to exceed 10 percent. For the year ended December 31, 2014, members in state and local classifications contributed 10 percent of covered payroll while public safety and law enforcement members contributed 12 percent and 13 percent, respectively. While members in the state and local divisions may participate in all three plans, law enforcement and public safety divisions exist only within the Traditional Pension Plan. For 2014, member and employer contribution rates were consistent across all three plans.

The Village's 2014 contribution rate was 14 percent, except for those plan members in law enforcement or public safety, for whom the Village's contribution was 18.10 percent of covered payroll. The portion of employer contributions used to fund pension benefits is net of post-employment health care benefits. The portion of employer contribution allocated to health care for members in the Traditional Plan was 2 percent for 2014. The portion of employer contributions allocated to health care for members in the Combined Plan was 2 percent for 2014. Employer contribution rates are actuarially determined.

The Village's required contributions for pension obligations to the Traditional Pension and Combined Plans for the years ended December 31, 2014, 2013, and 2012 were \$109,744, \$116,519, and \$88,423, respectively; 100 percent has been contributed for 2014 and 100 percent for 2013 and 2012.

**B. Ohio Police and Fire Pension Fund**

The Village contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing multiple-employer defined benefit pension plan. OP&F provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are

**VILLAGE OF OTTAWA  
PUTNAM COUNTY**

established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, Ohio 43215-5164. That report is also available on OP&F's website at [www.op-f.org](http://www.op-f.org).

From Jan. 1, 2014 thru July 1, 2014, plan members were required to contribute 10.75% of their annual covered salary. From July 2, 2014 thru Dec. 31, 2014, plan members were required to contribute 11.50% of their covered salary. Throughout 2014 employers were required to contribute 19.5% and 24.0% respectively for police officers and firefighters. The Village's contributions to OP&F for the years ending December 31, 2014, 2013, and 2012 were \$55,819, \$33,506, and \$34,216, respectively. The full amount has been contributed for 2014, 2013, and 2012.

**NOTE 10 – POSTEMPLOYMENT BENEFITS**

**A. Ohio Public Employees Retirement System**

Plan Description – Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan—a cost sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan—a defined contribution plan; and the Combined Plan—a cost sharing, multiple employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing multiple-employer defined benefit post-employment health care plan for qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage. The plan includes a medical plan, prescription drug program and Medicare Part B premium reimbursement.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The Ohio Revised Code permits, but does not mandate, OPERS to provide health care benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report which may be obtained by visiting <https://www.opers.org/investments/cafr.shtml>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 614-222-5601 or 800-222-7377.

Funding Policy – The post-employment health care plan was established under, and is administrated in accordance with, Internal Revenue Code 401(h). The Ohio Revised Code provides the statutory authority requiring public employers to fund post retirement health care through contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2014, state and local employers contributed at a rate of 14 percent of covered payroll, and public safety and law enforcement employers contributed at 18.1 percent. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14 percent of covered payroll for state and local employer units and 18.1 percent of covered payroll for law and public safety employer units.

Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of post-employment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional Plan was 2 percent for 2014. The

portion of employer contributions allocated to health care for members in the Combined Plan was 2 percent for 2014.

The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the post-employment health care plan.

The Village's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2014, 2013, and 2012 were \$18,291, \$8,963, and \$35,369, respectively; 100 percent has been contributed for 2014 and 100 percent for 2013 and 2012.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4 percent of the employer contributions toward the health care fund after the end of the transition period.

**B. Ohio Police and Fire Pension Fund**

**Plan Description.** The Village contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored health care program, a cost-sharing multiple-employer defined postemployment health care plan administered by OP&F. OP&F provides healthcare benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-retirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or statutory survivor benefit or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45.

The Ohio Revised Code allows, but does not mandate OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits are codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the Plan. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, Ohio 43215-5164. That report is also available on OP&F's website at [www.op-f.org](http://www.op-f.org).

**Funding Policy.** The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.50% and 24.00% of covered payroll for police and fire employers, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.50% of covered payroll for police employer units and 24.00% of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS Code Section 115 trust and one for Medicare Part B reimbursements administrated as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for

retiree health care benefits. The employer contribution allocated to the health care plan was .5% of covered payroll from January 1, 2014 thru December 31, 2014. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h).

The OP&F Board of Trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The Village's contributions to OP&F for the years ending December 31, 2014, 2013, and 2012 were \$1,469, \$9,654, and \$18,114, respectively. The full amount has been contributed for 2014, 2013, and 2012.

the purpose of building the community learning center. The 2014 advance refunding bonds were issued for a total of \$1,900,000. This advance refunding was undertaken to reduce total debt service payments over the next 11 years by \$69,398 and resulting in an economic gain of \$79,870.

The bonds issued in 2011 were also issued under the Ohio Capital Asset Financing Program as Fractionalized Interests. The participants in this issue, besides the Village of Ottawa were: Village of Galena, City of Reading, Little Miami Joint Fire & Rescue District, City of Munroe Falls, City of Forest Park, and the Village of Silver Lake. The bonds issued on behalf of the Village of Ottawa will finance road improvement, road equipment, water improvement, and sewer equipment.

The Promissory Note is through First Federal Bank for the purchase of a new fire truck. This note will be repaid with monthly payments of \$5,306 over 10 years. The note will be repaid with income tax receipts.

The State Infrastructure Bank loans were obtained through the Ohio Department of Taxation. These loans are for Williamstown Road and Putnam Parkway Road improvements. During 2014, the projects were not completed and therefore the entire loan amounts had not been utilized. Consequently, the loans have not been closed and final amortization schedules are unavailable. The loans will be repaid in semiannual installments over 10 years, but are not included in the accompanying amortization schedule. These loans will be repaid with income tax receipts.

The Ohio Public Works Commission 0% loans relate to a storm sewer project, street pump, and sanitary sewer extension. The storm sewer loan will be repaid in semiannual installments of \$15,036 over 20 years. Income tax revenues are the dedicated source of repayment for this loan. The street pump loan will be repaid in semiannual installments of \$2,881 over 20 years. Sewer revenues are the dedicated source of repayment for this loan. The sanitary sewer extension loan will be repaid in semiannual installments of \$8,596 over 20 years. Sewer revenues are the dedicated source of repayment for this loan.

The Ohio Water Development Authority (OWDA) loan #6643 is for a lime sludge project. During 2014, the project was not completed and therefore the entire loan amount had not been utilized. Consequently, the loan has not been closed and a final amortization schedule is unavailable. The loan is not included in the accompanying amortization schedule.

The Ohio Water Development Authority (OWDA) loan #2447 for the wastewater treatment plant improvements relates to a sewer system expansion project that was mandated by the Ohio Environmental Protection Agency. The loan will be repaid in semiannual installments including interest, over 20 years. Sewer receipts secure the loan.

The OWDA loan #3790 for the water treatment plant improvements relates to a water system expansion project that was necessary to meet upcoming Environmental Protection Agency requirements. The loan will be repaid in semiannual installments including interest, over 20 years. Water receipts secure this loan.

The purpose of the OWDA loan #4380 for the Pohl Road area water line extension was to service a recently annexed area. The loan will be repaid in semiannual installments over 20 years. This loan will be repaid with water receipts.

The OWDA loan #4381 for the Pohl Road area sanitary sewer extension was mandated by the Ohio Environmental Protection Agency. The loan will be repaid in semiannual installments over 20 years. This loan will be repaid with sewer receipts.

The OWDA loan #4570 is for rehabilitation of two water storage tanks. The loan will be repaid in semiannual installments over 20 years. Water receipts secure this loan.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Village of Ottawa  
Putnam County  
136 North Oak Street  
Ottawa, Ohio 45875-1810

To the Village Council:

We have audited in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Ottawa, Putnam County, Ohio (the Village), as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements and have issued our report thereon dated September 1, 2015, wherein we noted the Village uses a special purpose framework other than generally accepted accounting principles.

### ***Internal Control Over Financial Reporting***

As part of our financial statement audit, we considered the Village's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the Village's internal control. Accordingly, we have not opined on it.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. However, as described in the accompanying schedule of findings we identified a certain deficiency in internal control over financial reporting, that we consider a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or a combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Village's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider finding 2014-001 described in the accompanying schedule of findings to be a material weakness.

***Compliance and Other Matters***

As part of reasonably assuring whether the Village's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

***Entity's Response to Findings***

The Village's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not audit the Village's response and, accordingly, we express no opinion on it.

***Purpose of this Report***

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Village's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Village's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Village of Ottawa  
Putnam County  
136 North Oak Street  
Ottawa, Ohio 45875-1810

To the Village Council:

### ***Report on Compliance for the Major Federal Program***

We have audited the Village of Ottawa, Putnam County, Ohio's (the Village) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect the Village of Ottawa's major federal program for the year ended December 31, 2014. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the Village's major federal program.

### ***Management's Responsibility***

The Village's Management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

### ***Auditor's Responsibility***

Our responsibility is to opine on the Village's compliance for the Village's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the Village's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the Village's major program. However, our audit does not provide a legal determination of the Village's compliance.

***Opinion on the Major Federal Program***

In our opinion, the Village of Ottawa, Putnam County, Ohio complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended December 31, 2014.

***Report on Internal Control Over Compliance***

The Village's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the Village's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Village's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on OMB Circular A-133 requirements. Accordingly, this report is not suitable for any other purpose.

**Material Weakness - Financial Reporting**

Accurate financial reporting is the responsibility of Village management and is essential to ensure the information provided to the readers of the financial statements accurately reflects the Village's activity. The Village lacked a policy regarding financial review which contributed to material posting discrepancies such as the following, occurring without detection:

- The Net Position in the Governmental Type Activities was not properly classified per Government Accounting Standards Board No. 54, Fund Balance Reporting and Governmental Fund Type Definitions as of December 31 2014. As a result, the restricted net position was overstated and unrestricted net position was understated by \$2,421,558.
- The 2014 bond refinancing costs, in the amount of \$1,257,895 in the Bond Series 2014 Fund and Governmental Type Activities, were incorrectly posted as interest and fiscal charges instead of payment to bond escrow.
- As of December 31, 2014, \$622,274 of assigned fund balance was not properly classified per Government Accounting Standards Board No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, resulting in assigned fund balance being understated and unassigned fund balance being overstated in the General Fund.
- Note proceeds in the amount of \$548,400 were incorrectly posted as other debt proceeds in the General Fund and Governmental Type Activities.

The accompanying financial statements have been adjusted to correct these and thirteen other audit adjustments.

To ensure the Village's financial statements and notes to the financial statements are complete and accurate, Council should adopt policies and procedures, including a final review of the financial statements, and notes to the financial statements to identify and correct errors and omissions.

**Officials' Response:**

The Village of Ottawa will follow this guidance in the future. The Village utilizes the Uniform Accounting Network provided by the Ohio Auditor of State's for accounting software. This software does not have an account for payment to bond escrow. Also, both note proceeds and other debt proceeds are listed as Other Financing Sources on the financial statement.
