INDEPENDENT AUDITOR'S REPORT

Northwest Wood Ambulance District Wood County P.O. Box 2016 Grand Rapids, Ohio 43522-0216

To the Board of Trustees:

Report on the Financial Statements

We have audited the accompanying financial statements of the cash balances, receipts and disbursements by fund type, and related notes of Northwest Wood Ambulance District, Wood County, Ohio (the District) as of and for the years ended December 31, 2019 and 2018.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Northwest Wood Ambulance District Wood County Independent Auditor's Report Page 2

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 2 of the financial statements, the District prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States of America (GAAP), to satisfy these requirements.

Although the effects on the financial statements of the variances between the regulatory accounting basis and GAAP are not reasonably determinable, we presume they are material.

Though the District does not intend these statements to conform to GAAP, auditing standards generally accepted in the United States of America require us to include an adverse opinion on GAAP. However, the adverse opinion does not imply the amounts reported are materially misstated under the accounting basis Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. Our opinion on this accounting basis is in the *Opinion on Regulatory Basis of Accounting* paragraph below.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the District as of December 31, 2019 and 2018, and the respective changes in financial position thereof for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances, receipts and disbursements by fund type, and related notes of Northwest Wood Ambulance District, Wood County, Ohio as of December 31, 2019 and 2018, for the years then ended in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 2.

Emphasis of Matter

As discussed in Note 11 to the financial statements, the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the District. We did not modify our opinion regarding this matter.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 20, 2020, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2019

Note 1 – Reporting Entity

The constitution and laws of the State of Ohio establish the rights and privileges of Northwest Wood Ambulance District, Wood County, Ohio (the District) as a body corporate and politic. A four-member Board of Trustees governs the District. Each political subdivision within the District appoints one member. Those subdivisions are Village of Grand Rapids, Grand Rapids Township, Village of Tontogany and Washington Township. The District provides 24-hour emergency medical services within the District and by mutual aid to areas outside the District.

Public Entity Risk Pool

The District participates in a public entity risk pool. Note 7 to the financial statements provide additional information for this entity. The District's management believes these financial statements present all activities for which the District is financially accountable.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation

The District's financial statements consist of a combined statement of receipts, disbursements and changes in fund balances (cash basis) for all governmental fund types which is organized on a fund type basis.

Fund Accounting

The District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the District are presented below:

General Fund The general fund accounts for and reports all financial resources not accounted for and reported in another fund. The general fund balance is available to the District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Special Revenue Funds These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The District had the following significant Special Revenue Fund:

Emergency Medical Service Fund This fund receives money for providing emergency medical services, maintaining EMS equipment, and to purchase ambulances.

Basis of Accounting

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D). This basis is similar to the cash receipts and disbursements accounting basis. The District recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Rev. Code Section 117.38 and Ohio Admin. Code Section 117-2-03 (D) permit.

Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2019 (CONTINUED)

Appropriations Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. Unencumbered appropriations lapse at year-end.

Estimated Resources Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must approve estimated resources.

Encumbrances The Ohio Revised Code requires the District to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year-end are carried over, and need not be reappropriated.

A summary of 2019 budgetary activity appears in Note 4.

Deposits and Investments

The District's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

Capital Assets

The District records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the District must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

Nonspendable The District classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

Restricted Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

Committed Trustees can *commit* amounts via formal action (resolution). The District must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2019 (CONTINUED)

Assigned Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. In the general fund, *assigned* amounts represent intended uses established by District Trustees or a District official delegated that authority by resolution, or by State Statute.

Unassigned Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Note 3 – Compliance

Contrary of Ohio law, the District recorded \$59,499 emergency medical service charges for services in the General Fund instead of the Emergency Medical Services Fund.

Note 4 – Budgetary Activity

Budgetary activity for the year ending December 31, 2019 follows:

2019 Budgeted vs. Actual Receipts			
	Budgeted	Actual	
Fund Type	Receipts	Receipts	Variance
General	\$693,686	\$623,361	(\$70,325)
Special Revenue		59,499	59,499
Total	\$693,686	\$682,860	(\$10,826)

2019 Budgeted vs. Actual Budgetary Basis Expenditures			
	Appropriation	Budgetary	
Fund Type	Authority	Expenditures	Variance
General	\$784,127	\$665,804	\$118,323

Note 5 – Deposits

The District maintains a deposit pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of deposits at December 31 was as follows:

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2019 (CONTINUED)

	2019
Demand deposits	\$25,408
Other time deposits (savings and NOW accounts)	324,590
Total deposits	\$349,998

Deposits

Deposits are insured by the Federal Deposit Insurance Corporation or collateralized through the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledgee to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Note 6 – Property Taxes

Real property taxes become a lien on January 1 preceding the October 1 date for which the Trustees adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable non-business, owner occupancy, and homestead exemption credits and/or homestead and rollback deductions. The financial statements include these credits and/or deduction amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the District.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the District.

Note 7 – Risk Management

Workers' Compensation

Workers' Compensation coverage is provided by the State of Ohio. The District pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

Risk Pool Membership

The District belongs to the Ohio Plan Risk Management, Inc. (OPRM) (the Plan), a non-assessable, unincorporated non-profit association providing a formalized, jointly administered self-insurance risk management program and other administrative services to Ohio governments (Members). The Plan is legally separate from its member governments.

Pursuant to Section 2744.081 of the Ohio Revised Code, the plan provides property, liability, errors and omissions, law enforcement, automobile, excess liability, crime, surety and bond, inland marine and other coverages to its members sold through fourteen appointed independent agents in the State of Ohio.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2019 (CONTINUED)

OPRM coverage programs are developed specific to each member's risk management needs and the related premiums for coverage are determined through the application of uniform underwriting criteria addressing the member's exposure to loss. Effective November 1, 2017, the OPRM retained 47% of the premium and losses on the first \$250,000 casualty treaty and 30% of the first \$1,000,000 property treaty. The OPRM is also participated in a property primary excess of loss treaty. This treaty reimbursed the OPRM 30% for losses between \$200,000 and \$1,000,000. The reimbursement is based on the amount of loss between \$200,000 and \$1,000,000. Effective November 1, 2018, the OPRM the property retention remained unchanged, however, the Plan assumed 100% of the first \$250,000 casualty treaty. Members are only responsible for their self-retention (deductible) amounts, which vary from member to member. Effective November 1, 2019, the OPRM's property retention increased from 30% to 33%, while the casualty treaty remains unchanged and still assumes 100% of the first \$250,000 casualty treaty. OPRM had 776 members as of December 31, 2019.

The Pool's audited financial statements conform with generally accepted accounting principles, and reported the following assets, liabilities and equity at December 31, 2019.

Assets	\$ 15,920,504
Liabilities	<u>(11,329,011)</u>
Members' Equity	\$ 4,591,493

You can read the complete audited financial statements for OPRM at the Plan's website, www.ohioplan.org.

Note 8 – Defined Benefit Pension Plans

Ohio Public Employees Retirement System

Some employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a costsharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10 percent of their gross salaries and the District contributed an amount equaling 14 percent of participants' gross salaries. The District has paid all contributions required through December 31, 2019.

Social Security

Some employees contributed to Social Security. This plan provides retirement benefits, including survivor and disability benefits to participants.

The employee contributed 6.2 percent of their gross salary. The District contributed an amount equal to 6.2 percent of the participant's gross salary. The District has paid all contributions required through December 31, 2019.

Note 9 – Postemployment Benefits

OPERS offers cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement, and Medicare Part B premium reimbursements, to qualifying benefit recipients. The portion of employer contributions allocated to health care for OPERS members in the traditional pension plan and combined plan was 0 percent during calendar year 2019. The portion of employer contributions allocated to health care for OPERS members in the percent during calendar year 2019.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2019 (CONTINUED)

Note 10 - Debt

Debt outstanding at December 31, 2019, was as follows:

	Principal	Interest Rate
Lease Obligations	\$39,442	2.75%

The District has a lease/purchase agreement with Huntington Public Capital Corporation to finance the purchase of a new ambulance in 2016.

Amortization

Amortization of the above debt, including interest, is scheduled as follows:

Year Ending	
December 31:	Ambulance
2020	\$28,415
2021	11,840
Total	\$40,255

Note 11 – Subsequent Events

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the District. In addition, the impact on the District's future operating costs, revenues, and any recovery from emergency funding, either federal or state, cannot be estimated.

Note 8 – Defined Benefit Pension Plans

Ohio Public Employees Retirement System

Some employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a costsharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10 percent of their gross salaries and the District contributed an amount equaling 14 percent of participants' gross salaries. The District has paid all contributions required through December 31, 2018.

Social Security

Some employees contributed to Social Security. This plan provides retirement benefits, including survivor and disability benefits to participants.

The employee contributed 6.2 percent of their gross salary. The District contributed an amount equal to 6.2 percent of the participant's gross salary. The District has paid all contributions required through December 31, 2018.

Note 9 – Postemployment Benefits

OPERS offers cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement, and Medicare Part B premium reimbursements, to qualifying benefit recipients. The portion of employer contributions allocated to health care for OPERS members in the traditional pension plan and combined plan was 0 percent during calendar year 2018. The portion of employer contributions allocated to health care for OPERS members and the percent during calendar year 2018.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Northwest Wood Ambulance District Wood County P.O. Box 2016 Grand Rapids, Ohio 43522-0216

To the Board of Trustees:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' Government Auditing Standards, the financial statements of the cash balances, receipts, and disbursements by fund type of Northwest Wood Ambulance District, Wood County, Ohio, (the District) as of and for the years ended December 31, 2019 and 2018, and the related notes to the financial statements and have issued our report thereon dated November 13, 2020 wherein we noted the District followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. We also noted the financial impact of COVID-19 and the continuing emergency measures which may impact subsequent periods of the District.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the District's internal control over financial reporting (internal control) as a basis for determining audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the District's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or a combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the District's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings that we consider material weaknesses. We consider findings 2019-001 and 2019-002 to be material weaknesses.

Wood County Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards* Page 2

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the financial statement. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matters we must report under Government Auditing Standards which is described in the accompanying schedule of findings as item 2019-001.

District's Response to Findings

The District's response to the findings identified in our audit is described in the accompanying schedule of findings. We did not subject the District's response to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

SCHEDULE OF FINDINGS DECEMBER 31, 2019 AND 2018

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2019-001

Noncompliance and Material Weakness

Ohio Rev. Code § 505.721 provides in part that "a board of trustees of a joint ambulance district may establish reasonable charges for the use of ambulance or emergency medical services. Charges collected under this section shall be kept in a separate fund designated as the ambulance and emergency medical services fund, and shall be appropriated and administered by the Board. The moneys in the fund shall be used for the payment of the costs of the management, maintenance, and operation of ambulance and emergency medical services in the district."

In our audit engagement letter, as required by AU-C Section 210, Terms of Engagement, paragraph .06, management acknowledged its responsibility for the preparation and fair presentation of their financial statements; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error as discussed in AU-C Section 210 paragraphs .A14 & .A16.

The District inappropriately recorded \$54,499 and \$60,590 of ambulance and/or emergency medical services revenue in the general fund for the years ended December 31, 2019 and 2018, respectively. Given the sources of the revenue, this should have been recorded in the ambulance and emergency medical services fund. Audit adjustments are reflected in the financial statements and notes to the financial statements correcting the misstatements.

The lack of controls over the posting of financial transactions decreases the reliability of financial data at year-end and can result in undetected errors and irregularities. The District should implement controls to help ensure all transactions are reviewed to help ensure posting to the proper funds.

Officials' Response:

The District Officials' are aware of these issues and are taking steps to correct them. The Fiscal Officer plans to review future postings of financial activity to make sure they are properly reported in the accounting ledgers and financial statements.

FINDING NUMBER 2019-002

Material Weakness – Financial Reporting

In our audit engagement letter, as required by AU-C Section 210, Terms of Engagement, paragraph .06, management acknowledged its responsibility for the preparation and fair presentation of their financial statements; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error as discussed in AU-C Section 210 paragraphs .A14 and .A16.

In addition, Governmental Accounting Standards Board (GASB) Statement No. 54 requires, in part and codified as GASB Code 1800.165 - .179, fund balance be divided into one of five classifications based on the extent to which constraints are imposed upon the resources. The following fund balance classification errors were identified in the accompanying financial statements.

Northwest Wood Ambulance District Wood County Schedule of Findings Page 2

In 2019 and 2018, General Fund subsequent year appropriations in excess of estimated receipts and outstanding encumbrances were incorrectly classified as unassigned instead of assigned fund balance in the amounts of \$229,909 and \$90,441 respectively.

These errors were not identified and corrected prior to the District preparing its financial statements due to deficiencies in the District's internal controls over financial statement monitoring. The accompanying financial statements have been adjusted to reflect these changes. Additional errors in smaller relative amounts were also noted.

To help ensure the District's financial statements and notes to the financial statements are complete and accurate the District should adopt policies and procedures, including a final review of the financial statements and notes to the financial statements by the Fiscal Officer and the Trustees to help identify and correct errors and omissions.

In addition, the Fiscal Officer can also refer to Auditor of State Bulletin 2011-004 at the following website address for information on Governmental Accounting Standards Board Statement No. 54: http://www.ohioauditor.gov/publications/bulletins/2011/2011-004.pdf.

Officials' Response:
