#### INDEPENDENT AUDITOR'S REPORT

Delaware County Soil and Water Conservation District Delaware County 557 Sunbury Road, Suite A Delaware, Ohio 43015

To the Board of Supervisors:

## Report on the Audit of the Financial Statements

#### **Unmodified and Adverse Opinions**

We have audited the financial statements of the Delaware County Soil and Water Conservation District, Delaware County, Ohio (the District), which comprises the cash balances, receipts and disbursements for each fund as of and for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

## **Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the cash balances, receipts and disbursements for each fund as of and for the years ended December 31, 2022 and 2021, and the related notes to the financial statements, in accordance with the financial reporting provisions the Ohio Department of Agriculture permits, described in Note 2.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* section of our report, the accompanying financial statements do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the District, as of December 31, 2022 and 2021, or the changes in financial position thereof for the years then ended.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Delaware County Soil and Water Conservation District Delaware County Independent Auditor's Report Page 2

#### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 2 of the financial statements, the financial statements are prepared by the District on the accounting basis permitted by the financial reporting provisions of the Ohio Department of Agriculture, which is an accounting basis other than accounting principles generally accepted in the United States of America (GAAP), to satisfy these requirements. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 2 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

#### Emphasis of Matter

As discussed in Note 9 to the financial statements, the financial impact of COVID-19 and the continuing emergency measures will impact subsequent periods of the District. We did not modify our opinion regarding this matter.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the financial reporting provisions the Ohio Department of Agriculture permits. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
  include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
  statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.

Delaware County Soil and Water Conservation District Delaware County Independent Auditor's Report Page 3

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
  raise substantial doubt about the District's ability to continue as a going concern for a reasonable
  period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 31, 2023, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

Delaware County Notes to the Financial Statements For the Year Ended December 31, 2022

#### **Note 1 – Reporting Entity**

The constitution and laws of the State of Ohio establish the rights and privileges of the Delaware County Soil and Water Conservation District, Delaware County, (the District) as a body corporate and politic. A publicly elected five-member District Board of Supervisors directs the District. The District provides local leadership in the conservation of natural resources and stewardship of agricultural lands. The District contracts with the Delaware County Engineer to oversee the Ohio Revised Code (ORC) 6137 program. This fund is maintained by the Delaware County Engineer, but the District uses these funds for the day to day operation of the Drainage Maintenance Department.

The District's management believes these financial statements present all activities for which the District is financially accountable.

## Note 2 – Summary of Significant Accounting Policies

#### **Basis of Presentation**

The District's financial statements consist of a combined statement of receipts, disbursements and changes in fund balances (cash basis) for all funds.

#### Fund Accounting

The District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the District are presented below:

**Special Fund** The special fund is the primary fund used for day to day operations and expenditures including payroll and benefits. The District records all amounts received from the State, local, or federal governments in this fund. The County Auditor also maintains an accounting of this fund.

**District Fund** The district fund accounts for and reports revenues from district sales and equipment rentals, grants and donations.

*Other Funds* These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes. The District had the following significant Other Funds:

**Envirothon Fund** This fund accounts for the Envirothon, a high school competition that covers 17 counties in Area 5 of the Ohio Federation of Soil and Water Conservation Districts.

## Basis of Accounting

These financial statements follow the accounting basis permitted by the Ohio Department of Agriculture. This basis is similar to the cash receipts and disbursements accounting basis. The District recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred.

These statements include adequate disclosure of material matters the Ohio Department of Agriculture requires.

Delaware County Notes to the Financial Statements For the Year Ended December 31, 2022

#### **Budgetary Process**

The Ohio Revised Code requires the Special Fund be budgeted annually.

*Appropriations* Budgetary expenditures may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board of Supervisors must annually approve appropriation measures and subsequent amendments. Appropriations lapse at year end.

**Estimated Resources** Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must approve estimated resources.

A summary of 2022 budgetary activity appears in Note 3.

## **Deposits and Investments**

The Delaware County Treasurer is the custodian for the District's Special Fund's cash and investments. The County's cash and investment holds the District's Special Fund's cash and investments, which are reported at the County Treasurer's carrying amount. Deposits and investments disclosures for the County as a whole may be obtained from the Delaware County Treasurer, Donald Rankey, 145 North Union Street, Delaware, Ohio, 43015, phone 740-833-2480.

The District's accounting basis for all other funds includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

Money market mutual funds (including STAR Ohio) are recorded at share values the mutual funds report.

#### Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

#### Leases

The District is the lessee in various leases (as defined by GASB 87) related to buildings, and other equipment under noncancelable leases. Lease disbursements are recognized when they are paid.

#### Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the District must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

**Nonspendable** The District classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact. For regulatory purposes, nonspendable fund balance includes unclaimed monies that are required to be held for five years before they may be utilized by the District.

Delaware County Notes to the Financial Statements For the Year Ended December 31, 2022

**Restricted** Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

**Committed** Supervisors can *commit* amounts via formal action (resolution). The District must adhere to these commitments unless the Supervisors amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

**Assigned** Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. For regulatory purposes, assigned fund balance in the special and district funds is limited to encumbrances outstanding at year end.

*Unassigned* Unassigned fund balance is the residual classification for the special and district funds and includes amounts not included in the other classifications. In other funds, the unassigned classification is used only to report a deficit balance.

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

For regulatory purposes, limited disclosure related to fund balance is included in Note 8.

## Note 3 – Special Fund Budgetary Activity

#### Investments

Investments in STAR Ohio and mutual funds are not evidenced by securities that exist in physical or bookentry form.

#### Note 5 – Risk Management

The District belongs to the Ohio Plan Risk Management, Inc. (OPRM) (the "Plan"), a non-assessable, unincorporated non-profit association providing a formalized, jointly administered self-insurance risk management program and other administrative services to Ohio governments ("Members"). The Plan is legally separate from its member governments.

Pursuant to Section 2744.081 of the Ohio Revised Code, the plan provides property, liability, errors and omissions, law enforcement, automobile, excess liability, crime, surety and bond, inland marine and other coverages to its members sold through fourteen appointed independent agents in the State of Ohio.

## Workers' Compensation

Workers' Compensation coverage is provided by the State of Ohio. The District pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

### **Note 6 – Defined Benefit Pension Plans**

## Ohio Public Employees Retirement System

All District employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10 percent of their gross salaries, and the District contributed an amount equaling 14 percent of participants' gross salaries. The District has paid all contributions required through December 31, 2022.

## **Note 7 – Postemployment Benefits**

OPERS offers a cost-sharing, multiple-employer defined benefit postemployment plan, which includes multiple health care plans including medical coverage, prescription drug coverage, deposits to Health Reimbursement Arrangement, and Medicare Part B premium reimbursements, to qualifying benefit recipients. The portion of employer contributions allocated to health care for members in the traditional pension plan and combined plan was 0 percent during calendar year 2022. The portion of employer contributions allocated to health care for members in the member-directed plan was 4.0 percent during calendar year 2022.

Delaware County Notes to the Financial Statements For the Year Ended December 31, 2022

#### Note 8 – Fund Balances

Included in fund balance are amounts the District cannot spend, including the balance of unclaimed monies, which cannot be spent for five years. Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year end the balances of these amounts were as follows:

Fund Balances	Special	District	Envirothon	Total
Outstanding Encumbrances				0
Total	\$0	\$0	\$0	\$0

The fund balance of the other funds is either restricted or committed. These restricted, committed, and assigned amounts in the other funds would include the outstanding encumbrances. In the special and district funds, outstanding encumbrances are considered assigned.

#### Note 9 – COVID-19

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. Ohio's state of emergency ended in June, 2021 while the national state of emergency continues. During 2022, the District received COVID-19 funding. The financial impact of COVID-19 and the continuing emergency measures will impact subsequent periods of the District. The impact on the District's future operating costs, revenues, and additional recovery from emergency funding, either federal or state, cannot be estimated.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Delaware County Soil and Water Conservation District Delaware County 557 Sunbury Road, Suite A Delaware, Ohio 43015

#### To the Board of Supervisors:

We have audited, in accordance the with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the cash balances, receipts, and disbursements for each fund as of and for the years ended December 31, 2022 and 2021 and the related notes to the financial statements of the Delaware County Soil and Water Conservation District, Delaware County, (the District) and have issued our report thereon dated May 31, 2023, wherein we noted the District followed financial reporting provisions the Ohio Department of Agriculture prescribes or permits. We also noted the financial impact of COVID-19 and the continuing emergency measures will impact subsequent periods of the District.

#### Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
