SINGLE AUDIT

YEAR ENDED JUNE 30, 2022

OHIO AUDITOR OF STATE  
KEITH FABER

88 East Broad Street  
Columbus, Ohio 43215  
IPAReport@ohioauditor.gov  
(800) 282-0370

Board of Education  
Fairfield City School District  
4641 Bach Lane  
Fairfield, OH 45014

We have reviewed the *Independent Auditor's Report* of the Fairfield City School District, Butler County, prepared by Clark, Schaefer, Hackett & Co., for the audit period July 1, 2021 through June 30, 2022. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Fairfield City School District is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Keith Faber".

Control Over Compliance as Required by the Uniform Guidance ..... 80 - 82

Schedule of Findings and Questioned Costs ..... 83 - 84

Corrective Action Plan ..... 85

## **INDEPENDENT AUDITORS' REPORT**

To the Board of Education  
Fairfield City School District:

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Fairfield City School District (the School District), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Fairfield City School District as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards (Government Auditing Standards)*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Fairfield City School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fairfield City School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government*

*Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fairfield City School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fairfield City School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information, the schedules of proportionate share of net pension liability, schedules of pension contributions, schedules of proportionate share of net OPEB liability (asset) and schedules of OPEB contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Fairfield City School District's basic financial statements. The accompanying schedule of expenditures of federal awards as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2022 on our consideration of the School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

*Clark, Schaefer, Hackett & Co.*

**Fairfield City School District, Ohio**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2022**  
**(Unaudited)**

---

The discussion and analysis of Fairfield City School District's financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2022. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review notes to the basic financial statements and financial statements to enhance their understanding of the District's performance.

### **Financial Highlights**

Key financial highlights for 2022 are as follows:

- Net position of governmental activities increased \$11,276,880 from 2021.
- General revenues accounted for \$95,415,160 in revenue or 77% of all revenues. Program specific revenues in the form of charges for services and sales, grants and contributions accounted for \$28,330,326 or 23% of total revenues of \$123,745,486.
- The District had \$112,468,606 in expenses related to governmental activities; \$28,330,326 of these expenses were offset by program specific charges for services and sales, grants or contributions. General revenues of \$95,415,160 were also used to provide for these programs.

### **Overview of the Financial Statements**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *Statement of Net Position* and *Statement of Activities* provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other nonmajor funds presented in total in one column. The General Fund is the only major fund of the District.

### **Government-wide Financial Statements**

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the questions, "How did we do financially during 2022?" The Government-wide Financial Statements answers this question. These statements include *all assets, liabilities, and deferred outflows/inflows of resources* using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

**Fairfield City School District, Ohio**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2022**  
(Unaudited)

---

These two statements report the District's *net position* and changes in the net position. This change in net position is important because it tells the reader that, for the District as a whole, the financial position has improved or diminished. The causes of this change may be the result of many factors, both financial and non-financial. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

In the Government-wide Financial Statements, the overall financial position of the District is presented in the following manner:

- **Governmental Activities** – Most of the District's programs and services are reported here including instruction, support services, operation of non-instructional services, extracurricular activities and interest and fiscal charges.

**Fund Financial Statements**

The analysis of the District's major funds begins on the balance sheet. Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds.

**Governmental Funds** Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial assets* that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental *activities* (reported in the Statement of Net Position and the Statement of Activities) and governmental *funds* is reconciled in the financial statements.

**Proprietary Funds** The District maintains one proprietary internal service fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the District's various functions. The District's internal service fund accounts for self insurance of the District's workers' compensation benefits.

**The District as a Whole**

As stated previously, the Statement of Net Position looks at the District as a whole. Table 1 provides a summary of the District's net position for fiscal year 2022 compared to fiscal year 2021:

**Fairfield City School District, Ohio**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2022**

<b>Total Net Position</b>	<b>(\$2,563,719)</b>	<b>(\$13,840,599)</b>

**Fairfield City School District, Ohio**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2022**  
**(Unaudited)**

---

Over time, net position can serve as a useful indicator of a government's financial position. At June 30, 2022, the District's liabilities and deferred inflows of resources were exceeded by assets and deferred outflows of resources by \$2,563,719.

At year-end, capital assets represented 43% of total assets. Capital assets include land, buildings and improvements, and equipment. Capital assets, net of related debt to acquire the assets at June 30, 2022, were \$42,054,211. These capital assets are used to provide services to the students and are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

A portion of the District's net position, \$15,259,918 represents resources that are subject to external restriction on how they must be used.

Net position of governmental activities increased \$11,276,880 from 2021 to 2022. Total assets for the District decreased slightly from 2021 to 2022 mainly due to the decrease in capital assets because of current year depreciation expense and disposals exceeding additions. Total liabilities decreased from 2021 to 2022 due to a decrease in net pension liability.

Table 2 shows the changes in net position for fiscal years 2022 and 2021.

***This Space Intentionally Left Blank***

**Fairfield City School District, Ohio**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2022**  
(Unaudited)

**Table 2**  
**Changes in Net Position**

	Governmental Activities	
	2022	2021
Revenues:		
Program Revenues		
Charges for Services and Sales	\$4,351,165	\$5,088,408
Operating Grants and Contributions	23,979,161	18,166,482
General Revenues		
Property Taxes	58,386,850	55,211,998
Grants and Entitlements not Restricted to Specific Programs	34,358,410	34,132,148
Revenue in Lieu of Taxes	2,476,862	2,302,427
Other	193,038	1,057,063
Total Revenues	<u>123,745,486</u>	<u>115,958,526</u>
Program Expenses		
Instruction	67,368,734	77,623,177
Support Services:		
Pupil and Instructional Staff	7,459,484	9,185,933
School Administrative, General		
Administration, Fiscal and Business	12,399,513	13,601,397
Operations and Maintenance	6,717,475	7,384,020
Pupil Transportation	8,103,276	8,300,440
Central	290,157	299,278
Operation of Non-Instructional Services	6,154,403	5,835,796
Extracurricular Activities	1,962,016	1,962,557
Interest and Fiscal Charges	2,013,548	1,907,938
Total Program Expenses	<u>112,468,606</u>	<u>126,100,536</u>
Change in Net Position	11,276,880	(10,142,010)
Net Position - Beginning of Year	<u>(13,840,599)</u>	<u>(\$3,698,589)</u>
Net Position - End of Year	<u>(\$2,563,719)</u>	<u>(\$13,840,599)</u>

Of the total governmental activities revenues of \$123,745,486, \$28,330,326 is from program revenue. This means that the government relies on general revenues to fund the majority of the cost of services provided to the students. Of those general revenues, \$58,386,850 (61%) comes from property tax levies and \$34,358,410 (36%) is from state funding. This District's operations are reliant upon its property tax levy and the state's foundation program.

The District depends greatly on property taxes as a revenue source. The unique nature of property taxes in Ohio creates the need to routinely seek voter approval for operating funds. The overall revenues generated by a levy will not increase solely as a result of inflation. As an example, a homeowner with a home valued at \$100,000 and taxed at 1.0 mill would pay \$35.00 annually in taxes. If three years later the home were reappraised and increased to \$200,000 (and this inflationary increase in value is comparable to other property owners) the effective tax rate would become .5 mills and the owner would still pay \$35.00.

**Fairfield City School District, Ohio**  
**Management’s Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2022**  
(Unaudited)

---

Thus Ohio districts do not collect additional property tax revenue on the increased value of homes that is due to appreciation and must regularly return to the voters to maintain a constant level of service. Property taxes made up 47% of revenue for governmental activities for the District in fiscal year 2022.

**Governmental Activities**  
**Revenue Sources**

---

	<u>2022</u>	<u>Percentage</u>
General Grants	\$34,358,410	28%
Program Revenues	28,330,326	23%
General Tax Revenues	58,386,850	47%
Investment Earnings	(1,115,209)	-1%
Other Revenues	3,785,109	3%
Total Revenue Sources	<u>\$123,745,486</u>	<u>100%</u>

Instruction comprises 60% of governmental program expenses. Support services expenses were 31% of governmental program expenses. All other program expenses including interest and fiscal charges were 9%. Interest expense was attributable to the outstanding bonds and borrowing for capital projects.

Overall revenues increased due to an increase in program revenues in 2022 when compared to 2021. Total expenses decreased in 2022 due to an decrease in Instruction expenses.

**Governmental Activities**

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows, for government activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements.

Extracurricular Activities	1,962,016	1,962,557	(1,280,022)	(1,578,837)
Interest and Fiscal Charges	2,013,548	1,907,938	(2,013,548)	(1,907,938)
Total Expenses	<u>\$112,468,606</u>	<u>\$126,100,536</u>	<u>(\$84,138,280)</u>	<u>(\$102,845,646)</u>

**The District’s Funds**

The District has one major governmental fund: the General Fund. Assets of the General Fund comprised \$115,156,876 (81%) of the total \$141,438,722 governmental funds’ assets.

**General Fund:** Fund balance at June 30, 2022 was \$49,349,612, a decrease in fund balance of \$739,029 from 2021. The decrease in fund balance was mainly due to total expenditures exceeding total revenues.

**General Fund Budgeting Highlights**

The District’s budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

During the course of fiscal year 2022 the District amended its General Fund budget at times. The District’s budgeting systems are designed to tightly control total site budgets but provide flexibility for site management. During the course of the year, the District revised the budget in an attempt to deal with unexpected changes in revenues and expenditures.

For the General Fund, the final budgeted revenue was \$96,435,579 and the original budgeted revenue was \$96,460,130. The difference was \$24,551, mostly due to overestimates in taxes and intergovernmental revenue. The final budgeted expenditures were \$104,543,797 and the original budgeted expenditures were \$104,684,291. The difference was \$140,494, mostly due to changes in instruction, school administration, and pupil transportation expenditures.

The District’s ending unobligated actual fund balance for the General Fund was \$48,652,172.

**Fairfield City School District, Ohio**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2022**  
(Unaudited)

---

**Capital Assets and Long-Term Obligations**

**Capital Assets**

At the fiscal year end, the District had \$109,571,274 invested in land, buildings and improvements, and equipment. Table 4 shows fiscal year 2022 balances compared to fiscal year 2021:

**Table 4**  
**Capital Assets at Year End**  
**(Net of Depreciation)**

---

	Governmental Activities	
	2022	2021
Land	\$5,062,249	\$5,062,249
Buildings and Improvements	101,190,289	104,823,445
Equipment	3,318,736	3,463,044
Total Net Capital Assets	<u>\$109,571,274</u>	<u>\$113,348,738</u>

Overall, capital assets decreased due to depreciation expense and disposals exceeding additions. See note 6 in the notes to the basic financial statements for further details on the District's capital assets.

**Long-Term Obligations**

At June 30, 2022, the District had \$68,338,983 in bonds and notes payable outstanding, \$3,444,994 due within one year. Table 5 summarizes bonds and notes payable outstanding.

**Table 5**

**For the Fiscal Year Ended June 30, 2022**  
**(Unaudited)**

---

See note 7 in the notes to the basic financial statements for further details on the District's outstanding debt.

**For the Future**

Public school districts in Ohio use a combination of state funds, local sources (such as property taxes) and federal funds. Since the funding for the State Funding Program must be appropriated by the General Assembly for each biennium, there can be no assurance that current funding levels will be continued. From time to time there may be an increase, a stabilization or a reduction of the level of state assistance to school districts.

House Bill 110 was signed by Governor DeWine on July 1, 2021. The Fair School Funding Plan is the basis for the new school-funding formula included in the bill. The proposed funding formula may differ significantly from the current funding formula when it is enacted. From time to time, legislation is proposed which would make changes in school district funding amounts based on criteria specific to only certain school districts.

Fairfield remains concerned about the instability of the state and local economy and the political ramifications of new funding models. Management is required to plan carefully and prudently the resources to meet student needs over the next several years.

All of the District's financial abilities will be needed to meet the challenges of the future. With careful planning and monitoring of the District's finances, the District's management is confident that the District can continue to provide a quality education for our students and provide a secure financial future.

**Contacting the District's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, please contact the Treasurer/CFO at Fairfield City School District, 4641 Bach Lane, Fairfield, Ohio 45014.

Fairfield City School District, Ohio  
 Reconciliation of Total Governmental Fund Balance to  
 Net Position of Governmental Activities  
 June 30, 2022

Total Governmental Fund Balance		\$64,472,004
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.		
Capital assets used in the operation of Governmental Funds		109,571,274
Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.		
Delinquent Property Taxes	461,617	
Interest	42,010	
Intergovernmental	85,845	
		589,472
An internal service fund is used by management to charge back costs to individual funds. The assets and liabilities of the internal service fund are included in governmental activities in the statement of net position.		
Internal Service Net Position		418,090
In the statement of net position interest payable is accrued when incurred; whereas, in the governmental funds interest is reported as a liability only when it will require the use of current financial resources.		
		(339,361)
Some liabilities reported in the statement of net position do not require the use of current financial resources and, therefore, are not reported as liabilities in governmental funds.		
Compensated Absences		(10,727,129)
Deferred bond loss associated with long-term liabilities are not reported in the funds.		
		303,589
Deferred outflows and inflows or resources related to pensions and OPEB are applicable to future periods and, therefore, are not reported in the funds.		
Deferred outflows of resources related to pensions	30,925,400	
Deferred inflows of resources related to pensions	(52,687,100)	
Deferred outflows of resources related to OPEB	3,595,209	
Deferred inflows of resources related to OPEB	(14,349,836)	
		(32,516,327)
Long-term liabilities and net OPEB assets are not available to pay for current period expenditures and are not due and payable in the current period and, therefore, are not reported in the funds.		
Net OPEB Asset	8,434,132	
Net Pension Liability	(66,444,170)	
Net OPEB Liability	(7,986,310)	
Other Amounts	(68,338,983)	
		(134,335,331)
Net Position of Governmental Activities		(\$2,563,719)

See accompanying notes to the basic financial statements.

Fairfield City School District, Ohio  
 Reconciliation of the Statement of Revenues, Expenditures, and Changes  
 in Fund Balance of Governmental Funds to the Statement of Activities  
 For the Fiscal Year Ended June 30, 2022

Net Change in Fund Balance - Total Governmental Funds \$3,093,096

Amounts reported for governmental activities in the  
 statement of activities are different because:

Governmental funds report capital asset additions as expenditures.  
 However, in the statement of activities, the cost of those assets is  
 allocated over their estimated useful lives as depreciation  
 expense. This is the amount of the difference between capital  
 asset additions and depreciation in the current period.

Capital assets used in governmental activities	1,276,597	
Depreciation Expense	<u>(5,037,853)</u>	
		(3,761,256)

Governmental funds only report the disposal of assets to the  
 extent proceeds are received from the sale. In the statement  
 of activities, a gain or loss is reported for each disposal. The  
 amount of the proceeds must be removed and the gain or loss  
 on the disposal of capital assets must be recognized. This is the  
 amount of the difference between the proceeds and the gain or loss.

(16,208)

Governmental funds report district pension and OPEB contributions as  
 expenditures. However in the Statement of Activities, the cost of  
 pension and OPEB benefits earned net of employer contributions  
 are reported as pension and OPEB expense.

Pension Contributions	9,474,872	
Pension Expense	(1,535,374)	
OPEB Contributions	263,719	
OPEB Expense	<u>403,927</u>	
		8,607,144

Revenues in the statement of activities that do not provide  
 current financial resources are not reported as revenues in  
 the funds.

Delinquent Property Taxes	19,158	
Interest	12,324	
Intergovernmental	<u>(200,536)</u>	
		(169,054)

Repayment of bond and note principal is an expenditure  
 governmental funds, but the repayment reduces long-term  
 liabilities in the statement of net position.

3,367,915

In the statement of activities interest expense is accrued when incurred;  
 whereas, in governmental funds an interest expenditure is reported  
 when due.

14,654

Some expenses reported in the statement of activities do not require the  
 use of current financial resources and, therefore, are not reported as  
 expenditures in governmental funds.

Compensated Absences	(131,059)	
Amortization of Bond Premium	342,784	
Amortization of Deferred Charge on Refunding	(13,199)	
Bond Accretion	<u>(248,799)</u>	
		(50,273)

The internal service fund used by management to charge back costs  
 to individual funds is not reported in the entity-wide statement of  
 activities. Governmental fund expenditures and the related internal  
 service fund revenues are eliminated. The net revenue (expense) of  
 the internal service fund is allocated among the governmental activities.

Change in Net Position - Internal Service Funds		<u>190,862</u>
---	--	----------------

Change in Net Position of Governmental Activities		<u><u>\$11,276,880</u></u>

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

**Note 1 - Description of the District**

---

The Fairfield City School District (the "District") operates under current standards prescribed by the Ohio State Board of Education as provided in division (D) of Section 3301.07 and Section 119.01 of the Ohio Revised Code.

The District operates under a locally elected five member Board form of government and provides educational services as authorized by its charter or further mandated by state and/or federal agencies. This Board controls the District's instructional and support facilities staffed by approximately 465 non-certificated personnel and approximately 661 certificated full time teaching and administrative personnel to provide services to students and other community members.

The District is the 16<sup>th</sup> largest in the State of Ohio (among 613 Districts) in terms of enrollment (ADM) and the 2<sup>nd</sup> largest in Butler County. It currently operates 6 elementary schools (serving grades Preschool-5), 2 middle school (serving grades 6-8), 1 freshman school (serving grade 9), alternative education school (serving grades 9-12), and 1 comprehensive high school (serving grades 10-12). The District services an area of 38 square miles.

**Reporting Entity**

The reporting entity is comprised of the primary government, which consists of all funds, departments, boards and agencies that are not legally separate from the District. This includes general operations, food service, and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt, or the levying of taxes. The District has no component units.

**Note 2 - Summary of Significant Accounting Policies**

---

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant of the District's accounting policies are described below.

**Measurement Focus**

**Government-wide Financial Statements**

The District's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities and fund financial statements which provide a more detailed level of financial information.

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

The government-wide statements are prepared using the economic resources measurement focus. All assets, liabilities, and deferred outflows/inflows associated with the operation of the District are included on the statement of net position.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

**Fund Financial Statements**

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets, current liabilities, and deferred inflows generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net position. The statement of cash flows provides information about how the District finances and meets the cash flow needs of its proprietary activities.

**Fund Accounting**

The District uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain District functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The various funds of the District are grouped into the categories governmental and proprietary.

**Governmental Funds**

Governmental funds focus on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities and deferred inflows is reported as fund balance. The following is the District's major governmental fund:

General Fund - The general fund is used to account for all financial resources except those required to be accounted for in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

**Proprietary Funds**

Proprietary funds are used to account for the District's ongoing activities which are similar to those often found in the private sector where the determination of net income is necessary or useful to sound financial administration. The District has no enterprise funds. The following is a description of the District's internal service fund:

Internal Service Fund - The internal service fund is used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the district, or to other governments, on a cost-reimbursement basis. The internal service fund of the District accounts for a self-insurance program which provides workers' compensation benefits to employees.

**Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows/outflows, and in the presentation of expenses versus expenditures.

Revenues – Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, included property taxes, tax increment financing (TIF), grants, entitlements and donations. On an accrual basis, revenue from property taxes and TIF's is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year end: property taxes available for advance, grants and other taxes.

Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

net assets that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the District, deferred outflows of resources related to deferred charge on refunding, pension and OPEB are reported on the governmental-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is amortized over the shorter of the life of the refunded or refunding debt. The deferred outflows of resources related to pension and OPEB are explained in Notes 8 and 9.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period and will not be recognized as an inflow of resources until that time. For the District, deferred inflows of resources include property taxes, grants and other taxes (which include tax incremental financing 'TIF'), investment earnings, OPEB, and pension. Property taxes and TIF represent amounts for which there is an enforceable legal claim as of June 30, 2022, but which were levied to finance year 2023 operations. These amounts have been recorded as deferred inflows on both the government-wide statement of net position and the governmental fund financial statements. Grants and investment earnings have been recorded as deferred inflows on the governmental fund financial statements. Deferred inflows of resources related to pension and OPEB are reported on the government-wide statement of net position. For more pension and OPEB related information, see Notes 8 and 9.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The fair value of donated commodities used during the year is reported in the operating statement as an expense with a like amount reported as operating grants.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

**Equity in Pooled Cash and Investments**

Cash received by the District is pooled for investment purposes. Interest in the pool is presented as "Equity in Pooled Cash and Investments" on the financial statements.

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Nonparticipating investment contracts such as nonnegotiable certificates of deposits and repurchase agreements are reported at cost.

Following Ohio statutes, the Board has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue during fiscal year 2022 credited to the General Fund amounted to (\$1,135,334) and \$7,802 credited to Other Governmental Funds.

For purposes of the statement of cash flows, the internal service portion of pooled cash and investments is considered a cash equivalent because the District is able to withdraw resources from the internal service funds without prior notice or penalty.

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

**Inventory**

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventories are accounted for using the purchase method on the fund level statements and using the consumption method on the government-wide statements.

Inventory consists of donated food.

**Capital Assets**

General capital assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their acquisition cost as of the date received. The District maintains a capitalization threshold of one thousand dollars (\$1,000). The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets are depreciated, except land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is allocated using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Buildings and Improvements	10 - 40 years
Equipment	5 - 10 years

**Compensated Absences**

The District reports compensated absences in accordance with the provisions of GASB Statement No. 16, "Accounting for Compensated Absences." Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the District will compensate the employees for the benefits through paid time off or some other means. The District records a liability for accumulated unused vacation time, when earned, for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The entire compensated absence liability is reported on the government-wide financial statements.

For governmental fund financial statements, the expenditures for unpaid compensated absences are recognized when due. The related liability is recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated unpaid leave are paid. Compensated absences are reported in governmental funds only if they have matured.

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

The District's policies regarding compensated absences are determined by the state laws and/or negotiated agreements. In summary, the policies are as follows:

<u>Vacation</u>	<u>Certified</u>	<u>Administrators</u>	<u>Non-Certificated</u>
How earned	Not Eligible	Not Eligible	10-25 days for each Service year depending on length of service.
Maximum Accumulation	Not Applicable	Not Applicable	25 days
Vested	Not Applicable	Not Applicable	As Earned
Termination Entitlement	Not Applicable	Not Applicable	Paid upon Termination
<u>Sick Leave</u>	<u>Certified</u>	<u>Administrators</u>	<u>Non-Certificated</u>
How Earned	1 1/4 days per month of employment (15 days per year)	1 1/4 days per month of employment (15 days per year)	1 1/4 days per month of employment (15 days per year)
Maximum Accumulation	330 days according to bargaining agreements	360 days	330 days according to bargaining agreements
Vested	As Earned	As Earned	As Earned
Termination Entitlement	Per Contract	Per Contract	Per Contract

**Pensions/Other Postemployment Benefits (OPEB)**

For purposes of measuring the net pension/OPEB liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

**Net Position**

Net position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available. Of the District's \$15,259,918 in restricted net position, none was restricted by enabling legislation.

**Interfund Activity**

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables". These amounts are eliminated in the governmental activities column on the Statement of Net Position.

As a general rule the effect of interfund (internal) activity has been eliminated from the government-wide statement of activities. The interfund services provided and used are not eliminated in the process of consolidation.

**Fund Balance**

In accordance with Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting*, the District classifies its fund balance based on the purpose for which the resources were received and the level of constraint placed on the resources. The following categories are used:

Nonspendable – resources that are not in spendable form or have legal or contractual requirements to maintain the balance intact.

Restricted – resources that have external purpose restraints imposed on them by providers, such as creditors, grantors, or other regulators.

Committed – resources that are constrained for specific purposes that are internally imposed by the government at its highest level of decision making authority, the Board of Education. Formal action by the Board of Education is needed to commit or rescind resources.

Assigned – resources that are intended to be used for specific purposes as approved through the District's formal purchasing procedure by the Treasurer.

Unassigned – residual fund balance within the General Fund that is not restricted, committed, or assigned. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from incurred expenditures for specific purposes exceeding amounts which had been restricted, committed or assigned for said purposes.

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**Restricted Assets**

Restricted assets in the general fund represent equity in pooled cash and investments set aside to establish a budget stabilization reserve, while restricted assets in the capital projects fund is for retainage payable.

**Note 3 - Equity in Pooled Cash and Investments**

---

The District maintains a cash and investment pool used by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "Equity in Pooled Cash and Investments."

State statute requires the classification of monies held by the District into three categories:

Active Monies - Those monies required to be kept in a "cash" or "near cash" status for immediate use by the District. Such monies must by law be maintained either as cash in the District treasury, in depository accounts payable or withdrawable on demand.

Inactive Monies – Those monies not required for use within the current two year period of designated depositories. Ohio law permits inactive monies to be deposited or invested as certificates of deposit maturing not later than the end of the current period of designated depositories, or as savings or deposit accounts, including, but not limited to passbook accounts.

Interim Monies – Those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim monies held by the District can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States.
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities.

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and the term of the agreement must not exceed thirty days.
4. Bonds and other obligations of the State of Ohio, and with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio, if training requirements have been met.
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts.
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions.
7. The State Treasurer's investment pool (STAR Ohio).
8. Certain bankers' acceptances for a period not to exceed one hundred eighty days) and commercial paper notes (for a period not to exceed two hundred seventy days) in an amount not to exceed 40 percent of the interim monies available for investment at any one time if training requirements have been met.

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Except as noted above, an investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity.

### **Deposits**

Custodial credit risk for deposits is the risk that in the event of bank failure, the District will not be able to recover deposits or collateral securities that are in the possession of an outside party. As of June 30, 2022, \$13,552,896 of the District's bank balance of \$14,052,896 was exposed to custodial credit risk because it was uninsured and collateralized.

The District has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or be protected by:

Eligible securities pledged to the District and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105% of the deposits being secured; or

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

Participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be 102% of the deposits being secured or a rate set by the Treasurer of State.

**Investments**

As of June 30, 2022, the District had the following investments:

	<u>Fair Value</u>	<u>Fair Value Hierarchy</u>	<u>Weighted Average Maturity (Years)</u>
Federal Home Loan Bank	\$12,427,081	Level 2	2.47
Federal National Mortgage Association	2,740,477	Level 2	2.79
Federal Home Loan Mortgage	1,454,063	Level 2	1.43
Federal Farm Credit Bank	1,744,700	Level 2	2.69
US Treasury Notes	4,865,962	Level 2	2.36
Commercial Paper	22,128,674	Level 2	0.31
Negotiable CDs	8,771,399	Level 2	1.48
Money Market Funds	5,205,565	N/A	0.00
	<u>\$59,337,921</u>		
Portfolio Weighted Average Maturity			1.29

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 of the fair value hierarchy are valued using pricing sources, as provided by the investment managers. Level 3 inputs are significant unobservable inputs. The above table identifies the District's recurring fair value measurements as of June 30, 2022.

**Interest Rate Risk** - In accordance with the investment policy, the District manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to three years.

**Credit Risk** – It is the District's policy to limit its investments that are not obligations of the U.S. Government or obligations explicitly guaranteed by the U.S. Government to investments which have the highest credit quality rating issued by nationally recognized statistical rating organizations. The District's investments in Federal National Mortgage Association, Federal Farm Credit Bank, Federal Home Loan Mortgage and Federal Home Loan Bank were rated AA+ by Standard & Poor's and Aaa by Moody's Investors Service. The District's investments in Commercial Paper was rated A-1+ by Standard and Poor's ratings and P-1 by Moody's Investors Service. Money Market Funds, and Negotiable CD's are not rated.

**Concentration of Credit Risk** – The District's investment policy allows investments in Federal Agencies or Instrumentalities. The District has invested 9% of the District's investments in Money Market Funds, 5% in Federal National Mortgage Association, 2% in Federal Home Loan Mortgage, 3% in Federal Farm Credit Bank, 15% in Negotiable CDs, 21% in Federal Home Loan Bank, 8% in US Treasury Notes and 37% in Commercial Paper.

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

Custodial Credit Risk is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All of the District’s securities are registered in the name of the District.

**Note 4 - Property Taxes**

---

Property taxes are levied and assessed on a calendar year basis. Second half distributions occur in a new fiscal year. Property taxes include amounts levied against all real and public utility property located in the District. Real property taxes are levied after April 1 on the assessed value listed as of the prior January 1, the lien date. Public utility property taxes attached as a lien on December 31 of the prior year, were levied April 1 and are collected with real property taxes. Assessed values for real property taxes are established by State law at 35 percent of appraised market value. All property is required to be revalued every six years. Public utility property taxes are assessed on real property at 35 percent of true value.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established. The District receives property taxes from Butler County. The County Auditor periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2022, are available to finance fiscal year 2022 operations. The amount available for advance can vary based on the date the tax bills are sent.

On a full-accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis the revenue has been deferred.

Accrued property taxes receivable represent delinquent taxes outstanding, real property, and public utility taxes which became measurable at June 30, 2022. Delinquent property taxes collected within 60 days are included as a receivable and tax revenue as of June 30, 2022 on the fund statements. The entire amount of delinquent taxes receivable is recognized as a revenue on the government-wide financial statements. Although total property tax collections for the next fiscal year are measurable, only the amount available as an advance at June 30 is available to finance current year operations. The receivable is, therefore, offset by a credit to deferred inflows of resources for that portion not intended to finance current year operations.

The assessed value, by property classification, upon which taxes collected in 2022 were based as follows:

	<u>Amount</u>
Public Utility	\$75,931,180
Real Estate	<u>1,677,688,880</u>
Total	<u><u>\$1,753,620,060</u></u>

**Note 5 – Receivables**

---

Receivables at June 30, 2022, consisted of taxes, accounts (rent and student fees), intergovernmental, interfund, and interest. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current year guarantee of federal funds.

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

A summary of the principal items of intergovernmental receivables follows:

	<u>Amounts</u>
General Fund	\$2,489,823
<b>Other Governmental Funds:</b>	
School Security	16,937
Title VI B Pre-School	515,562
Title III	76,768
Title I	357,331
Drug Free Schools	7,628
Miscellaneous Federal	270,386
Pre-School Disabilities	13,411
Title II-A	48,723
High Schools that Work	11,424
American Rescue Plan Act	<u>1,598,630</u>
Total	<u><u>\$5,406,623</u></u>

**Note 6 - Capital Assets**

---

Capital asset activity for the fiscal year ended June 30, 2022, was as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Deletions</u>	<u>Ending Balance</u>
<b>Governmental Activities</b>				
<b><i>Capital Assets, not being depreciated:</i></b>				
Land	\$5,062,249	\$0	\$0	\$5,062,249
<b><i>Capital Assets, being depreciated:</i></b>				
Buildings and Improvements	160,468,862	70,465	149,000	160,390,327
Equipment	<u>26,079,476</u>	<u>1,206,132</u>	<u>230,666</u>	<u>27,054,942</u>
Totals at Historical Cost	<u>191,610,587</u>	<u>1,276,597</u>	<u>379,666</u>	<u>192,507,518</u>
Less Accumulated Depreciation:				
Buildings and Improvements	55,645,417	3,690,858	136,237	59,200,038
Equipment	<u>22,616,432</u>	<u>1,346,995</u>	<u>227,221</u>	<u>23,736,206</u>
Total Accumulated Depreciation	<u>78,261,849</u>	<u>5,037,853</u>	<u>363,458</u>	<u>82,936,244</u>
Governmental Activities Capital Assets, Net	<u><u>\$113,348,738</u></u>	<u><u>(\$3,761,256)</u></u>	<u><u>\$16,208</u></u>	<u><u>\$109,571,274</u></u>

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

Depreciation expense was charged to governmental functions as follows:

Instruction:	
Regular	\$2,334,840
Special	19,492
Support Services:	
Pupil	43,759
Instructional Staff	84,569
School Administration	93,731
Fiscal	927
Business	3,305
Operations and Maintenance	924,773
Pupil Transportation	1,340,270
Operation of Non-Instructional Services	119,916
Extracurricular Activities	72,271
Total Depreciation Expense	<u><u>\$5,037,853</u></u>

**Note 7 - Long-Term Liabilities**

The change in the District's long-term obligations during the year consist of the following:

	Interest Rate	Beginning Balance	Issued	Retired	Ending Balance	Due In One Year
<b>Governmental Activities:</b>						
Bonds:						
2020 Refunding						
Current Interest Bonds	2.923-3.476%	\$49,205,000	\$0	\$615,000	\$48,590,000	\$635,000
Capital Appreciation Bonds	27.26-27.70%	580,000	0	0	580,000	0
Interest		269,532	248,799	0	518,331	0
Premium		6,771,695	0	342,784	6,428,911	0

Notes Payable:						
2013 Bus Note Payable	2.33%	560,069	0	276,810	283,259	283,259
2017 HVAC Note Payable	2.03%	2,795,587	0	913,105	1,882,482	931,735
Subtotal Bonds and Note Payable		71,800,883	248,799	3,710,699	68,338,983	3,444,994
Compensated Absences		10,874,727	509,626	476,097	10,908,256	560,589
Subtotal Bonds and Other Amounts		82,675,610	758,425	4,186,796	79,247,239	4,005,583
Net Pension Liability		120,697,707	0	54,253,537	66,444,170	0
Net OPEB Liability		8,966,112	0	979,802	7,986,310	0
Total Governmental Activities		<u><u>\$212,339,429</u></u>	<u><u>\$758,425</u></u>	<u><u>\$59,420,135</u></u>	<u><u>\$153,677,719</u></u>	<u><u>\$4,005,583</u></u>

General obligation bonds will be paid from the debt service fund. Compensated absences will be paid from the fund from which the person is paid (usually general and special revenue funds). Notes payable obligations will be paid from the general fund.

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

**Debt Refunding**

The District's outstanding bonds from direct borrowings and direct placements related to governmental activities of \$1,529,000 contain the following provision that for the payment of the Bonds and the interest thereon, the full faith, credit, and revenue of the Board of Education are hereby irrevocably pledged, and for the purpose of providing the necessary funds to pay the interest on the Bonds promptly when and as the same falls due, and also to provide a fund sufficient to discharge the Bonds at maturity or upon mandatory sinking fund redemption, there shall be and is hereby levied on all the taxable property in this School District within applicable limitations, in addition to all other taxes, a direct tax annually during the period the Bonds are to run in an amount sufficient to provide funds to pay interest upon the Bonds as and when the same falls due and also to provide a fund for the discharge of the principal of the Bonds at maturity or upon mandatory sinking fund redemption, which tax shall not be less than the interest and sinking fund tax required by Article XII, Section 11 of the Constitution of Ohio.

There is no repayment schedule for the net pension liability and net OPEB liability; however, employer pension and OPEB contributions are made from the fund benefitting from their service.

The following is a summary of the District's future annual debt service requirements for general obligations:

Fiscal Year Ending June 30	General Obligation Bonds			Capital Appreciation Bonds		
	Principal	Interest	Total	Principal	Interest	Total
2023	\$1,925,000	\$4,458,577	\$6,383,577	\$0	\$0	\$0

**Note 8 - Defined Benefit Pension Plans**

---

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

**Net Pension Liability/Net OPEB Liability (Asset)**

Pensions and OPEB are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions/OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period.

The net pension/OPEB liability (asset) represent the District’s proportionate share of each pension/OPEB plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan’s fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the District’s obligation for this liability to annually required payments. The District cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the District does receive the benefit of employees’ services in exchange for compensation including pension and OPEB.

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system’s board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients.

The remainder of this note includes the required pension disclosures. See Note 9 for the required OPEB disclosures.

**Plan Description - School Employees Retirement System (SERS)**

**Plan Description**

District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS’ fiduciary net position. That report can be obtained by visiting the SERS website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire on or after August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

\* Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service; 2.20% for the first thirty years of service and 2.50% for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost of living adjustment (COLA) on the first anniversary date of the benefit. New benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. The COLA is indexed to the percentage increase in the CPI-W, not to exceed 2.50% and with a floor of 0.00%. A three-year COLA suspension was in effect for all benefit recipients for the years 2018, 2019, and 2020. The Retirement Board approved a 0.50% COLA for calendar year 2021 and 2.50% for 2022.

**Funding Policy**

Plan members are required to contribute 10.00% of their annual covered salary and the District is required to contribute 14.00% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10.00% for plan members and 14.00% for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2022, the allocation to pension, death benefits, and Medicare B was 14.00%. For fiscal year 2022, the Retirement Board did not allocate any employer contribution to the Health Care Fund.

The District's contractually required contribution to SERS was \$2,068,424 for fiscal year 2022. Of this amount \$112,548 is reported as accrued wages and benefits.

**Plan Description - State Teachers Retirement System (STRS)**

**Plan Description**

District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple employer public employee system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at [www.strsoh.org](http://www.strsoh.org).

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.20% of final average salary for the five highest years of earnings multiplied by all years of service. In April 2017, the Retirement Board made the decision to reduce COLA granted on or after July 1, 2017, to 0.00% to preserve the fiscal integrity of the retirement system. Benefit recipients' base benefit and past cost-of living increases are not affected by this change. Eligibility changes will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 35 years of service credit and at least age 60.

Eligibility changes for DB Plan members who retire with actuarially reduced benefits will be phased in until August 1, 2023, when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit at any age.

The DC Plan allows members to place all their member contributions and 9.53% of the 14.00% employer contributions into an investment account. The member determines how to allocate the member and employer money among various investment choices offered by STRS. The remaining 4.47% of the 14.00% employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12.00% of the 14.00% member rate is deposited into the member's DC account and the remaining 2.00% is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50 and after termination of employment.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

**Funding Policy**

Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The fiscal year 2022 employer and employee contribution rate of 14.00% was equal to the statutory maximum rates. For fiscal year 2022, the full employer contribution was allocated to pension.

The District's contractually required contribution to STRS was \$7,406,448 for fiscal year 2022. Of this amount \$1,234,408 is reported as accrued wages and benefits.

**Net Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Proportionate Share of the Net Pension Liability	\$15,297,789	\$51,146,381	\$66,444,170
Proportion of the Net Pension Liability:			
Current Measurement Date	0.41460680%	0.40002179%	
Prior Measurement Date	<u>0.41033740%</u>	<u>0.38665655%</u>	
Change in Proportionate Share	0.00426940%	0.01336524%	
Pension Expense	(\$263,363)	\$1,798,737	\$1,535,374

At June 30 2022, reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
<u>Deferred Outflows of Resources</u>			
Differences between expected and actual experience	\$1,476	\$1,580,177	\$1,581,653
Changes of assumptions	322,126	14,188,923	14,511,049
Changes in employer proportionate share of net pension liability	162,016	5,195,810	5,357,826
Contributions subsequent to the measurement date	<u>2,068,424</u>	<u>7,406,448</u>	<u>9,474,872</u>
Total Deferred Outflows of Resources	<u>\$2,554,042</u>	<u>\$28,371,358</u>	<u>\$30,925,400</u>
<u>Deferred Inflows of Resources</u>			
Differences between expected and actual experience	\$396,734	\$320,583	\$717,317
Net difference between projected and actual earnings on pension plan investments	7,878,808	44,078,391	51,957,199
Changes in employer proportionate share of net pension liability	<u>12,584</u>	<u>0</u>	<u>12,584</u>
Total Deferred Inflows of Resources	<u>\$8,288,126</u>	<u>\$44,398,974</u>	<u>\$52,687,100</u>

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

\$9,474,872 reported as deferred outflows of resources related to pension resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Fiscal Year Ending June 30:	SERS	STRS	Total
2023	(\$1,850,619)	(\$5,084,145)	(\$6,934,764)
2024	(1,660,277)	(4,650,334)	(6,310,611)
2025	(1,873,296)	(5,545,368)	(7,418,664)
2026	<u>(2,418,316)</u>	<u>(8,154,217)</u>	<u>(10,572,533)</u>
Total	<u>(\$7,802,508)</u>	<u>(\$23,434,064)</u>	<u>(\$31,236,572)</u>

**Actuarial Assumptions - SERS**

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

***This Space Intentionally Left Blank***

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2021, compared with June 30, 2020, are presented below:

	June 30, 2021	June 30, 2020
Inflation	2.40%	3.00%
Future Salary Increases, including inflation	3.25% to 13.58%	3.50% to 18.20%
COLA or Ad Hoc COLA	2.00%, on or after April 1, 2018, COLAs for future retirees will be delayed for three years following commencement	2.50%
Investment Rate of Return	7.00% net of system expenses	7.50% net of investments expense, including inflation
Actuarial Cost Method	Entry Age Normal (Level Percent of Payroll)	Entry Age Normal (Level Percent of Payroll)

Mortality rates for 2021 were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.30% for males and set forward 3 years and adjusted 106.80% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

Mortality rates for 2020 were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females. Mortality among service retired members, and beneficiaries were based upon the RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120.00% of male rates, and 110.00% of female rates. Mortality among disabled members were based upon the RP-2000 Disabled Mortality Table, 90.00% for male rates and 100.00% for female rates, set back five years is used for the period after disability retirement.

The most recent experience study was completed for the five year period ended June 30, 2020.

The long-term return expectation for the Pension Plan Investments has been determined by using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating an arithmetic weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes.

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	2.00%	-0.33%
US Equity	24.75%	5.72%
Non-US Equity Developed	13.50%	6.55%
Non-US Equity Emerging	6.75%	8.54%
Fixed Income/Global Bonds	19.00%	1.14%
Private Equity	11.00%	10.03%
Real Estate/Real Assets	16.00%	5.41%
Multi-Asset Strategy	4.00%	3.47%
Private Debt/Private Credit	3.00%	5.28%
Total	100.00%	

**Discount Rate**

The total pension liability for 2021 was calculated using the discount rate of 7.00%. The discount rate for 2020 was 7.50%. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.00%). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

**Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate**

Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.00%, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%), or one percentage point higher (8.00%) than the current rate.

	1% Decrease 6.00%	Current Discount Rate 7.00%	1% Increase 8.00%
Proportionate share of the net pension liability	\$25,451,763	\$15,297,789	\$6,734,498

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

**Actuarial Assumptions - STRS**

Key methods and assumptions used in the June 30, 2021, actuarial valuation compared to those used in the June 30, 2020, actuarial valuation are presented below:

Inflation	2.50%	2.50%
Projected Salary Increases	12.50% at age 20 to 2.50% at age 65	12.50% at age 20 to 2.50% at age 65
Investment Rate of Return	7.00% net of investments expense, including inflation	7.45% net of investments expense, including inflation
Discount Rate of Return	7.00%	7.45%
Payroll Increases	3.00%	3.00%
Cost-of-Living Adjustments (COLA)	0.00%	0.00%

Post-retirement mortality rates are based on the RP-2014 Annuitant Mortality Table with 50.00% of rates through age 69, 70.00% of rates between ages 70 and 79, 90.00% of rates between ages 80 and 84, and 100.00% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90.00% of rates for males and 100.00% of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2021, valuation are based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2016.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Rate of Return *</u>
Domestic Equity	28.00%	7.35%
International Equity	23.00%	7.55%
Alternatives	17.00%	7.09%
Fixed Income	21.00%	3.00%
Real Estate	10.00%	6.00%
Liquidity Reserves	<u>1.00%</u>	2.25%
Total	<u><u>100.00%</u></u>	

\*10 Year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25%, and is net of investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

**Discount Rate**

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021, and was 7.45% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2021. Therefore, the long-term expected rate of return on pension plan investments of 7.00% was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2021.

**Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate**

The following table presents the District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.00%) or one-percentage-point higher (8.00%) than the current rate:

	1% Decrease 6.00%	Current Discount Rate 7.00%	1% Increase 8.00%
Proportionate share of the net pension liability	\$95,778,030	\$51,146,381	\$13,432,734

**Changes Between the Measurement Date and the Reporting date**

In February 2022, the Board approved changes to demographic measures that will impact the June 30, 2022, actuarial valuation. These demographic measures include retirement, salary increase, disability/termination and mortality assumptions. In March 2022, the STRS Board approved benefit plan changes to take effect on July 1, 2022. These changes include a one-time three percent cost-of-living increase (COLA) to be paid to eligible benefit recipients and the elimination of the age 60 requirement for retirement age and service eligibility that was set to take effect in 2026. The effect on the net pension liability is unknown.

**Note 9 - Defined Benefit OPEB Plans**

---

See Note 8 for a description of the net OPEB liability (asset).

**Plan Description - School Employees Retirement System (SERS)**

**Health Care Plan Description**

The District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. The following types of credit purchased after January 29, 1981 do not count toward health care coverage eligibility: military, federal, out-of-state, municipal, private school, exempted, and early retirement incentive credit. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Annual Comprehensive Financial Report which can be obtained on SERS' website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

**Funding Policy**

State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14.00% of covered payroll to the Health Care Fund in accordance with the funding policy. For fiscal year 2022, no allocation was made to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2022, this amount was \$25,000. Statutes provide that no employer shall pay a health care surcharge greater than 2.00% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.50% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2022, the District's surcharge obligation was \$263,719.

The surcharge, added to the allocated portion of the 14.00% employer contribution rate is the total amount assigned to the Health Care Fund. The District's contractually required contribution to SERS was \$263,719 for fiscal year 2022.

**Plan Description - State Teachers Retirement System (STRS)**

**Plan Description**

The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS which can be obtained by visiting [www.strsoh.org](http://www.strsoh.org) or by calling (888) 227-7877.

**Funding Policy**

Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. All benefit recipients pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14.00% of covered payroll. For the fiscal year ended June 30, 2022, STRS did not allocate any employer contributions to post-employment health care.

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

**Net OPEB Liabilities (Assets), OPEB Expense (Income), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

The net OPEB liability (asset) was measured as of June 30, 2021, and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB liability (asset) was based on the District's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Proportionate Share of the Net OPEB Liability	\$7,986,310	\$0	\$7,986,310
Proportionate Share of the Net OPEB (Asset)	0	(8,434,132)	(8,434,132)
Proportion of the Net OPEB Liability/Asset:			
Current Measurement Date	0.42197960%	0.40002179%	
Prior Measurement Date	<u>0.41255230%</u>	<u>0.38665655%</u>	
Change in Proportionate Share	0.00942730%	0.01336524%	
OPEB Expense	\$46,333	(\$450,260)	(\$403,927)

At June 30 2022, reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
<u>Deferred Outflows of Resources</u>			
Differences between expected and actual experience	\$85,128	\$300,318	\$385,446
Changes of assumptions	1,252,863	538,734	1,791,597
Changes in employer proportionate share of net OPEB liability	724,472	429,975	1,154,447
Contributions subsequent to the measurement date	<u>263,719</u>	<u>0</u>	<u>263,719</u>
Total Deferred Outflows of Resources	<u>\$2,326,182</u>	<u>\$1,269,027</u>	<u>\$3,595,209</u>
<u>Deferred Inflows of Resources</u>			
Differences between expected and actual experience	\$3,977,542	\$1,545,291	\$5,522,833
Changes of assumptions	1,093,659	5,031,586	6,125,245
Net difference between projected and actual earnings on OPEB plan investments	173,505	2,337,793	2,511,298
Changes in employer proportionate share of net OPEB liability	<u>190,460</u>	<u>0</u>	<u>190,460</u>
Total Deferred Inflows of Resources	<u>\$5,435,166</u>	<u>\$8,914,670</u>	<u>\$14,349,836</u>

\$263,719 reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability (adjustment to net OPEB asset) in the year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**

---

Fiscal Year Ending June 30:	SERS	STRS	Total
2023	(\$706,267)	(\$2,164,881)	(\$2,871,148)
2024	(707,484)	(2,106,377)	(2,813,861)
2025	(785,267)	(2,087,287)	(2,872,554)
2026	(725,446)	(967,643)	(1,693,089)
2027	(356,772)	(328,251)	(685,023)
Thereafter	(91,467)	8,796	(82,671)
<b>Total</b>	<b>(\$3,372,703)</b>	<b>(\$7,645,643)</b>	<b>(\$11,018,346)</b>

**Actuarial Assumptions - SERS**

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2021, compared with June 30, 2020, are presented below:

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

	June 30, 2021	June 30, 2020
Inflation	2.40%	3.00%
Future Salary Increases, Including Inflation Wage Increases	3.25% to 13.58%	3.50% to 18.20%
Investment Rate of Return	7.00% net of investment expense, including inflation	7.50% net of investment expense, including inflation
Municipal Bond Index Rate:		
Measurement Date	1.92%	2.45%
Prior Measurement Date	2.45%	3.13%
Single Equivalent Interest Rate (SEIR), net of plan investment expense, including price inflation:		
Measurement Date	2.27%	2.63%
Prior Measurement Date	2.63%	3.22%
Medical Trend Assumption:		
Medicare	5.125% to 4.40%	5.25% to 4.75%
Pre-Medicare	6.75% to 4.40%	7.00% to 4.75%

For 2021, mortality rates among healthy retirees were based on the PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.30% for males and set forward 3 years and adjusted 106.80% for females. Mortality rates for contingent survivors were based on PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.50% for males and adjusted 122.50% for females. Mortality rates for actives is based on PUB-2010 General Amount Weighted Below Median Employee mortality table.

For 2020, mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and Scale BB, 120.00% of male rates and 110.00% of female rates. RP-2000 Disabled Mortality Table with 90.00% for male rates and 100.00% for female rates set back five years.

The most recent experience study was completed for the five year period ended June 30, 2020.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2015 through 2020, and was adopted by the Board in 2021. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.00%, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class, as used in the June 30, 2020 five-year experience study, are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	2.00%	-0.33%
US Equity	24.75%	5.72%
Non-US Equity Developed	13.50%	6.55%
Non-US Equity Emerging	6.75%	8.54%
Fixed Income/Global Bonds	19.00%	1.14%
Private Equity	11.00%	10.03%
Real Estate/Real Assets	16.00%	5.41%
Multi-Asset Strategy	4.00%	3.47%
Private Debt/Private Credit	3.00%	5.28%
Total	100.00%	

**Discount Rate**

The discount rate used to measure the total OPEB liability at June 30, 2021 was 2.27%. The discount rate used to measure total OPEB liability prior to June 30, 2021, was 2.63%. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the contribution rate of 1.50% of projected covered payroll each year, which includes a 1.50% payroll surcharge and no contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to become insufficient to make all projected future benefit payments of current System members by SERS actuaries. The Municipal Bond Index Rate is used in the determination of the SEIR for both the June 30, 2020 and the June 30, 2021 total OPEB liability. The Municipal Bond Index rate is the single rate that will generate a present value of benefit payments equal to the sum of the present value determined by the long-term expected rate of return, and the present value determined by discounting those benefits after the date of depletion. The Municipal Bond Index Rate is 1.92% at June 30, 2021 and 2.45% at June 30, 2020.

**Sensitivity of the Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates**

The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability of SERS, what SERS' net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.27%) and higher (3.27%) than the current discount rate (2.27%). Also shown is what SERS' net OPEB liability would be based on health care cost trend rates that are 1 percentage point lower (5.75% decreasing to 3.40%) and higher (7.75% decreasing to 5.40%) than the current rate.

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

	1% Decrease (1.27%)	Current Discount Rate (2.27%)	1% Increase (3.27%)
Proportionate share of the net OPEB liability	\$9,896,004	\$7,986,310	\$6,460,710
	1% Decrease (5.75% decreasing to 3.40%)	Current Trend Rate (6.75% decreasing to 4.40%)	1% Increase (7.75% decreasing to 5.40%)
Proportionate share of the net OPEB liability	\$6,148,804	\$7,986,310	\$10,440,653

**Actuarial Assumptions - STRS**

Key methods and assumptions used in the June 30, 2021, actuarial valuation and the June 30, 2020 actuarial valuation are presented below:

	June 30, 2021	June 30, 2020
Projected salary increases	12.50% at age 20 to 2.50% at age 65	12.50% at age 20 to 2.50% at age 65
Investment Rate of Return	7.00%, net of investment expenses, including inflation	7.45%, net of investment expenses, including inflation
Payroll Increases	3.00%	3.00%
Discount Rate of Return	7.00%	7.45%
Health Care Cost Trends:		
Medical		
Pre-Medicare	5.00% initial, 4.00% ultimate	5.00% initial, 4.00% ultimate
Medicare	-16.18% initial, 4.00% ultimate	-6.69% initial, 4.00% ultimate
Prescription Drug		
Pre-Medicare	6.50% initial, 4.00% ultimate	6.50% initial, 4.00% ultimate
Medicare	29.98% initial, 4.00% ultimate	11.87% initial, 4.00% ultimate

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Table with 50.00% of rates through age 69, 70.00% of rates between ages 70 and 79, 90.00% of rates between ages 80 and 84, and 100.00% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Table with 90.00% of rates for males and 100.00% of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2021, valuation are based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2016.

The non-Medicare subsidy percentage was increased effective January 1, 2022 from 2.055% to 2.10% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022.

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

The Medicare Part D Subsidy was updated to reflect it is expected to be negative in CY 2022. The Part B monthly reimbursement elimination date was postponed indefinitely.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Rate of Return*
Domestic Equity	28.00%	7.35%
International Equity	23.00%	7.55%
Alternatives	17.00%	7.09%
Fixed Income	21.00%	3.00%
Real Estate	10.00%	6.00%
Liquidity Reserves	1.00%	2.25%
Total	100.00%	

\*10 Year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25%, and is net of investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

**Discount Rate**

The discount rate used to measure the total OPEB liability was 7.00% as of June 30, 2021, and was 7.45% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumes STRS continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2021. Therefore, the long-term expected rate of return on health care plan investments of 7.00% was used to measure the total OPEB liability as of June 30, 2021.

**Sensitivity of the Proportionate Share of the Net OPEB (Asset) to Changes in the Discount and Health Care Cost Trend Rate**

The following table represents the net OPEB asset as of June 30, 2021, calculated using the current period discount rate assumption of 7.00%, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
Proportionate share of the net OPEB (asset)	(\$7,117,104)	(\$8,434,132)	(\$9,534,311)

	1% Decrease	Current Trend Rate	1% Increase
Proportionate share of the net OPEB (asset)	(\$9,489,733)	(\$8,434,132)	(\$7,128,784)

**Changes Between the Measurement Date and the Reporting date**

In February 2022, the Board approved changes to demographic measures that will impact the June 30, 2022, actuarial valuation. The effect on the net OPEB liability (asset) is unknown.

**Note 10 - Contingent Liabilities**

---

**Grants**

The District receives significant financial assistance from numerous federal, state and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds.

However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements of the individual fund types included herein or on the overall financial position of the District as of June 30, 2022.

**Litigation**

The District is party to legal proceedings. The probability of loss or the amount is not currently estimable. District management estimates that all other potential claims, not covered by insurance of the District, resulting from all other litigation would not materially affect the financial statements of the District.

**Note 11 - Risk Management**

---

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees and natural disasters. During the fiscal year, the District contracted with Liberty Mutual for property and general liability insurance and boiler and machinery insurance.

General liability is protected by Liberty Mutual with \$1,000,000 each occurrence, \$2,000,000 aggregate limit. Vehicles are covered by Liberty Mutual with a \$500 deductible. Public officials' bond insurance is provided by Marsh & McLennan Agency. The Treasurer is covered by a bond in the amount of \$100,000. The District has elected to provide employee medical and dental benefits through Butler Health Plan. The employees share the cost of the monthly premium for the coverage with the Board.

There were no significant reductions in insurance coverage from the prior year. Also, there were no settlements that exceeded insurance coverage for the past three fiscal years.

Beginning in January 2011, the District began to self-insure its workers' compensation costs. Expenses for claims are recorded on the current basis based on an actuarially determined charge per employee. The

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

District accounts for the activities of this program in an internal service fund in accordance with GASB Statement No. 10. A summary of the changes in self-insurance workers' compensation claims liability is as follows:

	<u>2022</u>	<u>2021</u>
Claims Liability at Beginning of Year	\$27,715	\$48,043
Claims Incurred	85,275	49,907
Claims Paid	<u>(68,981)</u>	<u>(70,235)</u>
Claims Liability at End of Year	<u>\$44,009</u>	<u>\$27,715</u>

**Note 12 - Jointly Governed Organizations**

---

**Southwest Ohio Computer Association**

Southwest Ohio Computer Association (SWOCA) is a jointly governed organization among a three county consortium of school districts. The jointly governed organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member districts. Each of the governments of these schools supports SWOCA based upon a per pupil charge dependent upon the software package utilized. SWOCA is a council of governments that is governed by a Board of Directors consisting of the superintendents and treasurers of member school districts. The degree of control exercised by any participating school district is limited to its representation on the Board. The Board consists of one representative from each of the participating 43 school districts.

**Butler Technology and Career Development Schools**

The Butler Technology and Career Development Schools is a distinct political subdivision of the State of Ohio operated under the direction of a Board, consisting of one representative from the participating school district's elected board, which possesses its own budgeting and taxing authority. Accordingly, the Butler Technology and Career Development School is not part of the District and its operations are not included as part of the reporting entity.

**Note 13 – Accountability**

---

The following funds had a deficit in fund balance:

<u>Other Governmental Funds:</u>	<u>Deficit</u>
Extracurricular Student Activitis	\$551,045
Title VI B Pre-School	21,639
Public School Pre-School	17,000
Title I	50,744
Pre-School Disabilities	3,090
High Schools that Work	10,648

The deficits in fund balance were primarily due to accruals in GAAP. The general fund is liable for any deficit in these funds and will provide transfers when cash is required not when accruals occur.

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

**Note 14 - Statutory Reserves**

---

The District is required by State statute to annually set aside in the general fund an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by year-end or offset by similar restricted resources received during the year must be held in cash at year-end and carried forward to be used for the same purposes in future years.

For fiscal year ended June 30, 2022, the District was no longer required to set aside funds in the budget reserve set-aside, with the exception of refund monies received from the Bureau of Workers' Compensation, which must be spent for specified purposes.

The following cash basis information describes the change in the year-end set-aside amounts for capital acquisition and budgetary stabilization. Disclosure of the information is required by State statute.

	<u>Capital Acquisition</u>	<u>Budget Stabilization</u>
Set Aside Reserve Balance as of June 30, 2021	\$0	\$203,843
Current Year Set Aside Requirements	1,727,798	0
Qualified Disbursements	(3,026,704)	0
Current Year Offsets	0 *	0
Set Aside Reserve Balance as of June 30, 2022	<u>(\$1,298,906)</u>	<u>\$203,843</u>
Restricted Cash as of June 30, 2022	<u>\$0</u>	<u>\$203,843</u>

\* - is a carryforward from prior years that can be used as the eligible amount to be used as a current year offsets. \$59,237 was used as the eligible offset for FY09, \$0 for FY10, \$131,981 for FY11, \$345,672 for FY12, \$381,875 for FY13, \$0 for FY 14, \$0 for FY 15, \$0 for FY 16, \$0 for FY 17, \$0 for FY18, \$0 for FY19, \$0 for FY20, \$0 for FY21 and \$0 for FY22. \$26,270,756 will be the offset carryforward for FY23.

Although the District had offsets and qualifying disbursements during the year that reduced the set-aside amounts to below zero for capital acquisition. For capital acquisition, the negative amount was a result of a bond issuance, which will be used to offset set-aside requirements in future years.

Am. Sub. Senate Bill 345 amended ORC Section 5705.29 effectively eliminating the requirement for the District to establish and maintain a budget stabilization reserve. By resolution, the Board can eliminate the reserve in accordance with the Act. As of June 30, 2022, the Board had not acted on the Senate Bill requirements to eliminate the reserve balance.

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

**Note 15 - Interfund Transactions**

Interfund transactions at June 30, 2022, consisted of the following interfund receivables and interfund payables and transfers in and transfers out:

	Interfund		Transfers	
	Receivable	Payable	In	Out
General Fund	\$3,541,565	\$0	\$0	\$308,393
Other Governmental Funds	0	3,541,565	308,393	0
<b>Total All Funds</b>	<b>\$3,541,565</b>	<b>\$3,541,565</b>	<b>\$308,393</b>	<b>\$308,393</b>

Interfund balance/transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budget authorizations; to segregate and to return money to the fund from which it was originally provided once a project is completed.

**Note 16 – Fund Balances**

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental fund and all other governmental funds are presented below:

Fund Balances	General	Other Governmental Funds	Total
<b>Restricted for:</b>			
Student Activity	\$0	\$298,045	\$298,045
Spring Recognition	0	85,094	85,094
Auxiliary Services	0	399,524	399,524
Title III	0	335	335
Classroom Facilities Maintenance	0	3,261,638	3,261,638
Food Service	0	3,831,292	3,831,292
High School that Works	0	5,200	5,200
Miscellaneous Federal Grants	0	256,044	256,044
School Security	0	24,381	24,381
Private Purpose Trust	0	5,951	5,951
Drug Free Schools	0	1	1
Debt Service	0	2,343,978	2,343,978
Classroom Facilities	0	3,532,204	3,532,204

**Fairfield City School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Fiscal Year Ended June 30, 2022**

---

**Note 17 – Tax Abatements entered Into By Other Governments**

---

Other governments entered into property tax abatement agreements with property owners under the Ohio Community Reinvestment Area (“CRA”) program with the taxing districts of the District. The CRA program is a directive incentive tax exemption program benefiting property owners who renovate or construct new buildings. Under this program, the other governments designated areas to encourage revitalization of the existing housing stock and the development of new structures. Within the taxing districts of the District, the City of Fairfield (City) has entered into such an agreement. Under this agreement the District’s property taxes were reduced by approximately \$630,000. The District received \$430,000 from the City in association with the forgone property tax revenue.

**Note 18 – Implementation of New Accounting Principles**

---

For fiscal year 2022, the School District implemented GASB Statement No. 87, Leases and related guidance from (GASB) Implementation Guide No. 2019-3.

GASB Statement No. 87 sets out to improve the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments’ financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments’ leasing activities. The implementation of GASB Statement No. 87 resulted in previous year capital leases being reclassified to notes due to not meeting the definition of a lease under GASB 87.

**Note 19 – COVID-19**

---

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. Ohio’s state of emergency ended in June of 2021 while the national state of emergency continues. During fiscal year 2022, the School District received COVID-19 funding. The financial impact of COVID-19 and the continuing recovery measures may impact subsequent periods of the School District. The impact on the School District’s future operating costs, revenues, and additional recovery from funding, either federal or state, cannot be estimated.

**Note 20 – Other Commitments**

---

The District utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year-end are reservations of fund balance for subsequent-year expenditures and may be reported as part of restricted, committed, or assigned classifications of fund balance. At year end, the District’s commitments for encumbrances in the governmental funds were as follows:

<u>Fund Type</u>	<u>Year-End Encumbrances</u>
General Fund	\$5,497,511
Other Governmental Funds	<u>3,880,611</u>
Total	<u><u>\$9,378,122</u></u>

---

**Note 1 - Budgetary Process**

---

All funds, except custodial funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriations resolution and the certificate of estimated resources which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount that the Board of Education may appropriate. The appropriation resolution is Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Board. The legal level of control has been established by Board at the fund level. Any budgetary modifications at this level may only be made by resolution of the Board of Education. During the course of fiscal 2022, the District amended its budget several times.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources issued during the fiscal year 2022.

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by Board during the year. At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriation. Encumbered appropriations are carried forward to the succeeding fiscal year and are not reappropriated.

While the District is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Schedule of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual (Non-GAAP Budgetary Basis) presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are as follows:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures for all funds (budget basis) rather than as assigned to a fund balance for governmental fund types (GAAP basis).

**Fairfield City School District, Ohio**  
**Notes to the Required Supplementary Information**  
**For The Year Fiscal Ended June 30, 2022**

---

4. Advances in and advances out are operating transactions (budget basis) as opposed to balance sheet transactions.

The following table summarizes the adjustments necessary to reconcile the GAAP basis to the budgetary basis for the general fund.

	Net Change in Fund Balance
	<u>General</u>
GAAP Basis	(\$739,029)
Revenue Accruals	(1,722,158)
Expenditure Accruals	1,545,879
Transfers In	313,268
Transfers Out	(613,268)
Advances In	4,048,065
Advances Out	(3,945,593)
Encumbrances	(5,497,511)
Funds Budgeted Elsewhere	<u>(71)</u>
Budget Basis	<u><u>(\$6,610,418)</u></u>

**Note 2 - Net Pension Liability**

**School Employees Retirement System (SERS)**

**Changes in Benefit Terms:**

2022: Cost of Living Adjustments (COLA) increased from 0.50% to 2.50%.

2020-2021: There were no changes in benefit terms from the amounts reported for this fiscal year.

2019: With the authority granted the Board under Senate Bill 8, the Board has enacted a three year COLA delay for future benefit recipients commencing benefits on or after April 1, 2018.

2018: SERS changed from a fixed 3.00% annual increase to a Cost of Living Adjustments (COLA) based on the changed in the Consumer Price Index Index (CPI-W), with a cap of 2.50% and a floor of 0.00%.

2014-2017: There were no changes in benefit terms from the amounts reported for these fiscal years.

**Changes in Assumptions:**

2022: The following changes of assumptions affected the total pension liability since the prior measurement date:

- (1) The assumed rate of inflation was reduced from 3.00% to 2.40%,
- (2) Payroll growth assumption was reduced from 3.50% to 3.25%,
- (3) Assumed real wage growth was increased from 0.50% to 0.85%,
- (4) Cost of Living Adjustments (COLA) was reduced from 2.50% to 2.00%,
- (5) The discount rate was reduced from 7.50% to 7.00%,
- (6) Rates of withdrawal, compensation, participation, spouse coverage assumption, retirement, and disability were updated to reflect recent experience, and,

**Fairfield City School District, Ohio**  
**Notes to the Required Supplementary Information**  
**For The Year Fiscal Ended June 30, 2022**

---

- (7) Mortality among active members, service retirees and beneficiaries, and disabled members were updated.

2018-2021: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for these fiscal years.

2017: The following changes of assumptions affected the total pension liability since the prior measurement date:

- (1) The assumed rate of inflation was reduced from 3.25% to 3.00%,
- (2) Payroll growth assumption was reduced from 4.00% to 3.50%,
- (3) Assumed real wage growth was reduced from 0.75% to 0.50%,
- (4) Rates of withdrawal, retirement and disability were updated to reflect recent experience,
- (5) Mortality among active members was updated to RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females,
- (6) Mortality among service retired members, and beneficiaries was updated to the following RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates,
- (7) Mortality among disabled members was updated to RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement, and
- (8) The discount rate was reduced from 7.75% to 7.50%.

2014-2016: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for these fiscal years.

**State Teachers Retirement System (STRS)**

**Changes in Benefit Terms:**

2019-2022: There were no changes in benefit terms from the amounts reported for these fiscal years.

2018: STRS decreased the Cost of Living Adjustment (COLA) to zero.

2014-2017: There were no changes in benefit terms from the amounts reported for these fiscal years.

**Changes in Assumptions:**

2022: There were changes in assumptions since the prior measurement date, which the discount rate was adjusted to 7.00% from 7.45%.

2019-2021: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for these fiscal years.

2018: The following changes of assumptions affected the total pension liability since the prior measurement date:

- (1) The long term expected rate of return was reduced from 7.75% to 7.45%,
- (2) The inflation assumption was lowered from 2.75% to 2.50%,
- (3) The payroll growth assumption was lowered to 3.00%,
- (4) Total salary increases rate was lowered by decreasing the merit component of the individual salary increases, in addition to a decrease of 0.25% due to lower inflation,

**Fairfield City School District, Ohio**  
**Notes to the Required Supplementary Information**  
**For The Year Fiscal Ended June 30, 2022**

---

- (5) The healthy and disabled mortality assumptions were updated to the RP-2014 mortality tables with generational improvement scale MP-2016, and
- (6) Rates of retirement, termination and disability were modified to better reflect anticipated future experience.

2014-2017: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for these fiscal years.

**Note 3 - Net OPEB (Asset)/Liability**

---

**School Employees Retirement System (SERS)**

**Changes in Benefit Terms:**

2017-2022: There were no changes in benefit terms from the amounts reported for these fiscal years.

**Changes in Assumptions:**

2022: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

- (1) Investment Rate of Return:
  - Prior Measurement Date 7.50%
  - Measurement Date 7.00%
- (2) Assumed Rate of Inflation:
  - Prior Measurement Date 3.00%
  - Measurement Date 2.40%
- (3) Payroll Growth Assumption:
  - Prior Measurement Date 3.50%
  - Measurement Date 1.75%
- (4) Assumed Real Wage Growth:
  - Prior Measurement Date 0.50%
  - Measurement Date 0.85%
- (5) Municipal Bond Index Rate:
  - Prior Measurement Date 2.45%
  - Measurement Date 1.92%
- (6) Single Equivalent Interest Rate, net of plan investment expense, including price inflation:
  - Prior Measurement Date 2.63%
  - Measurement Date 2.27%
- (7) Rates of withdrawal, retirement and disability were updated to reflect recent experience.
- (8) Rate of health care participation for future retirees and spouses was updated to reflect recent.
- (9) Mortality among active members was updated to the following:
  - a. PUB-2010 General Amount Weighted Below Median Employee mortality table.
- (10) Mortality among service retired members was updated to the following:
  - a. PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females.
- (11) Mortality among beneficiaries was updated to the following:

**Fairfield City School District, Ohio**  
**Notes to the Required Supplementary Information**  
**For The Year Fiscal Ended June 30, 2022**

---

- a. PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.5% for males and adjusted 122.5% for females.
- (12) Mortality among disabled member was updated to the following:
- a. PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females.
- (13) Mortality rates are projected using a fully generational projection with Scale MP-2020.

2021: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

- (1) Discount Rate:
  - Prior Measurement Date 3.22%
  - Measurement Date 2.63%
- (2) Municipal Bond Index Rate:
  - Prior Measurement Date 3.13%
  - Measurement Date 2.45%
- (3) Single Equivalent Interest Rate, net of plan investment expense, including price inflation:
  - Prior Measurement Date 3.22%
  - Measurement Date 2.63%

2020: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

- (1) Discount Rate:
  - Prior Measurement Date 3.70%
  - Measurement Date 3.22%
- (2) Municipal Bond Index Rate:
  - Prior Measurement Date 3.62%
  - Measurement Date 3.13%
- (3) Single Equivalent Interest Rate, net of plan investment expense, including price inflation:
  - Prior Measurement Date 3.70%
  - Measurement Date 3.22%

2019: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

- (1) Discount Rate:
  - Prior Measurement Date 3.63%
  - Measurement Date 3.70%
- (2) Municipal Bond Index Rate:
  - Prior Measurement Date 3.56%
  - Measurement Date 3.62%
- (3) Single Equivalent Interest Rate, net of plan investment expense, including price inflation:
  - Prior Measurement Date 3.63%
  - Measurement Date 3.70%

2018: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in

**Fairfield City School District, Ohio**  
**Notes to the Required Supplementary Information**  
**For The Year Fiscal Ended June 30, 2022**

---

calculating the total OPEB liability as presented below:

(1) Discount Rate:	
Fiscal Year 2018	3.63%
Fiscal Year 2017	2.98%
(2) Municipal Bond Index Rate:	
Fiscal Year 2018	3.56%
Fiscal Year 2017	2.92%
(3) Single Equivalent Interest Rate, net of plan investment expense, including price inflation:	
Fiscal Year 2018	3.63%
Fiscal Year 2017	2.98%

2017: The following changes of assumptions affected the total OPEB liability since the prior measurement date:

- (1) The assumed rate of inflation was reduced from 3.25% to 3.00%,
- (2) Payroll growth assumption was reduced from 4.00% to 3.50%,
- (3) Assumed real wage growth was reduced from 0.75% to 0.50%,
- (4) Rates of withdrawal, retirement and disability were updated to reflect recent experience,
- (5) Mortality among active members was updated to RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females,
- (6) Mortality among service retired members, and beneficiaries was updated to the following RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates, and
- (7) Mortality among disabled members was updated to RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement.

**State Teachers Retirement System (STRS)**

**Changes in Benefit Terms:**

2022: The non-Medicare subsidy percentage was increased effective January 1, 2022 from 2.055% to 2.100%. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D subsidy was updated to reflect it is expected to be negative in CY2022. The Part B monthly reimbursement elimination date was postponed indefinitely.

2021: There was no change to the claims costs process. Claim curves were updated to reflect the projected fiscal year end 2021 premium based on June 30, 2020 enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2021 from 1.984% to 2.055% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

2020: There was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2020 to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020 from 1.944% to 1.984% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted

**Fairfield City School District, Ohio**  
**Notes to the Required Supplementary Information**  
**For The Year Fiscal Ended June 30, 2022**

---

effective January 1, 2021 to 2.1% for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

2019: The subsidy multiplier for non-Medicare benefit recipients was increased from 1.900% to 1.944% per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased effective January 1, 2019 and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020. The Board is extending the current Medicare Part B partial reimbursement program for one year. Under this program, benefit recipients currently enrolled in the STRS Ohio Health Care Program and Medicare Part B receive \$29.90 per month to reimburse a portion of the Medicare Part B premium. The reimbursement was set to be reduced to \$0 beginning January 1, 2020. This impacts about 85,000 benefit recipients.

2018: The subsidy multiplier for non-Medicare benefit recipients was reduced from 2.10% to 1.90% per year of service. Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2019.

2017: There were no changes in benefit terms from the amounts reported for this fiscal year.

**Changes in Assumptions:**

2022: There were changes in assumptions since the prior measurement date, which the discount rate was adjusted to 7.00% from 7.45%.

2021: There were changes in assumptions during the measurement year, which decreased the total OPEB liability by approximately \$0.26 billion. The assumption changes included changes in healthcare costs and trends.

2020: There were changes in assumptions during the measurement year, which increased the total OPEB liability by approximately \$0.04 billion. The assumption changes included changes in healthcare costs and trends.

2019: The discount rate was increased from the blended rate of 4.13% to the long-term expected rate of return of 7.45% based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB). Valuation year per capita health care costs were updated.

2018: The discount rate was increased from 3.26% to 4.13% based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB) and the long term expected rate of return was reduced from 7.75% to 7.45%. Valuation year per capita health care costs were updated, and the salary scale was modified. The percentage of future retirees electing each option was updated based on current data and the percentage of future disabled retirees and terminated vested participants electing health coverage were decreased. The assumed mortality, disability, retirement, withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs.

2017: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for this fiscal year.

**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS:**

**NOTE A - BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal award activity of the Fairfield City School District (the "School District") under programs of the federal government for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"). Because the Schedule presents only a selected portion of the operations of the School District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the School District.

**NOTE B - SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The School District has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

**NOTE C - FOOD DISTRIBUTION**

Nonmonetary assistance is reported in the schedule at the entitlement value of the commodities received and disbursed.

**NOTE D - CHILD NUTRITION CLUSTER**

Cash receipts from the U.S. Department of Agriculture are commingled with State grants. It is assumed federal monies are expended first.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**INDEPENDENT AUDITORS' REPORT**

To the Board of Education  
Fairfield City School District:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Fairfield City School District ("School District") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements, and have issued our report thereon dated December 20, 2022.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified a certain deficiency in internal control, described in the accompany schedule of findings and questioned costs as item 2022-001 that we considered to be a significant deficiency.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **School District's Response to Finding**

*Government Auditing Standards* requires the auditor to perform limited procedures on the School District's response to the finding identified in our audit and described in the accompanying schedule of findings and requested costs. The School District's response was not subjected to the other auditing procedures applied in the audit of the financial statements, and accordingly, we express no opinion on the response.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT  
ON INTERNAL CONTROL OVER COMPLIANCE AS REQUIRED BY THE UNIFORM GUIDANCE**

**INDEPENDENT AUDITORS' REPORT**

To the Board of Education  
Fairfield City School District:

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Fairfield City School District's ("School District") compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the School District's major federal programs for the year ended June 30, 2022. The School District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the School District's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the School District's federal programs

## ***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Fairfield City School District  
 Schedule of Findings and Questioned Costs  
 Year Ended June 30, 2022**

**Section I - Summary of Auditors' Results**

**Financial Statements**

Type of auditors' report issued:	unmodified
Internal control over financial reporting:	
• Material weakness(es) identified?	no
• Significant deficiency(ies) identified not considered to be material weaknesses?	yes
Noncompliance material to financial statements noted?	no

**Federal Awards**

Internal Control over major programs:	
• Material weakness(es) identified?	no
• Significant deficiency(ies) identified not considered to be material weaknesses?	none reported
Type of auditors' report issued on compliance for major programs:	unmodified
Any audit findings that are required to be reported in accordance with 2 CFR 200.516(a)?	no
Identification of major programs:	
<i>ALN 84.010 – Title I Grants to Local Educational Agencies</i>	
<i>ALN 84.425D, U, and W – Education Stabilization Fund</i>	
Dollar threshold to distinguish between Type A and Type B Programs:	\$750,000
Auditee qualified as low-risk auditee?	no

**Fairfield City School District  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022  
(continued)**

**Section II - Financial Statement Findings**

**Finding 2022-001 – Financial Reporting**

*Condition:* We identified a misstatement in the financial statements for the year under audit that was not initially identified by the School District's internal control over financial reporting. A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A deficiency in operation exists when a properly designed control does not operate as designed. In this case, the internal controls over the preparation and review of the School District's financial statements did not operate as designed and we consider this a significant deficiency.

Throughout the year, the School District maintains its books and records on the cash-basis of accounting and converts its financial statements at year-end to generally accepted accounting principles (GAAP). An audit adjustment was necessary to correct intergovernmental receivable on the financial statements related to the conversion to the GAAP basis as opposed to an error in the School District's books.

*Recommendation:* We recommend the School District enhances its internal controls over financial reporting to ensure the preparation of complete and accurate financial statements in conformity with generally accepted accounting principles.

*Management's Response:* Management concurs with the adjustment which has been posted to the financial statements.

**Section III – Federal Award Findings and Questioned Costs**

*None*

**Section IV – Schedule of Prior Year Findings**

*None*
