NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS 2 CFR 200.510(b)(6) FOR THE YEAR ENDED JUNE 30, 2023

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Westlake City School District, Cuyahoga County, Ohio, (the District) under programs of the federal government for the year ended June 30, 2023. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement. The District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE C – CHILD NUTRITION CLUSTER

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first

NOTE D – FOOD DONATION PROGRAM

The District reports commodities consumed on the Schedule at the entitlement value. The District allocated donated food commodities to the respective programs that benefitted from the use of those donated food commodities.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Westlake City School District Cuyahoga County 24365 Hilliard Boulevard Westlake, Ohio 44145

To the Board of Education:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Westlake City School District, Cuyahoga County, (the District) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 28, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Westlake City School District Cuyahoga County Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards* Page 2

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE AND ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

Westlake City School District Cuyahoga County 24365 Hilliard Boulevard Westlake, Ohio 44145

To the Board of Education:

Report on Compliance for the Major Federal Program

Opinion on the Major Federal Program

We have audited Westlake City School District's, Cuyahoga County, Ohio (the District) compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on Westlake City School District's major federal program for the year ended June 30, 2023. The District's major federal program is identified in the *Summary of Auditor's Results* section of the accompanying schedule of findings.

In our opinion, Westlake City School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2023.

Basis for Opinion on the Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Westlake City School District Cuvahoga County Independent Auditor's Report on Compliance with Requirements Applicable to The Major Federal Program and on Internal Control Over Compliance and on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Page 2

Responsibilities of Management for Compliance

The District's Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS. Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit. •
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Westlake City School District Cuyahoga County Independent Auditor's Report on Compliance with Requirements Applicable to The Major Federal Program and on Internal Control Over Compliance and on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance Page 3

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we fit to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of this testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the major fund and the aggregate remaining fund information of the Westlake City School District, Cuyahoga County, Ohio (the District) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our unmodified report thereon dated December 28, 2023. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. The schedule is the responsibility of management and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Todd L. Hopkins CFO/Treasurer 24525 Hilliard Blvd. Westlake, OH 44145 (440) 835-6301 Fax (440) 871-6034

December 28, 2023

Dear Members of the Board of Education and Citizens of the Westlake City School Community:

We are pleased to submit to you the Annual Comprehensive Financial Report (ACFR) of the Westlake City School District (the "District") for the fiscal year ended June 30, 2023. This ACFR includes an opinion from the State Auditor and conforms to accounting principles generally accepted in the United States of America as applicable to governmental entities. Responsibility for the accuracy of the data presented and the completeness and fairness of the presentation, including all disclosures, rest with the District. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the District. This report will provide the taxpayers of the Westlake City School District with comprehensive financial data in a format which will enable them to gain an understanding of the District's financial affairs. Copies will be made available to the Porter Public Library, major taxpayers, financial rating services and other interested parties.

The Reporting Entity

The District has reviewed its reporting entity definition in order to ensure conformance with GASB Statement No. 14, "<u>The Financial Reporting Entity</u>" as amended by GASB Statement No. 39, "<u>Determining Whether Certain Organizations Are Component Units</u>" and GASB Statement No. 61, "<u>The Financial Reporting Entity</u>: <u>Omnibus an Amendment of GASB Statements No. 14 and No. 34</u>". In evaluating how to define the District for financial reporting purposes, management has considered all agencies, departments and organizations making up the Westlake City School District (the primary government) and its potential component units.

Excluded from the reporting entity because they are fiscally independent of the District are the City of Westlake, the Parent Teacher Organization, and West Shore Career Technical District.

The Ohio Schools Council Association and Connect are jointly governed organizations and the Porter Public Library is a related organization whose relationships to the District are described in Note 2, to the basic financial statements.

A complete discussion of the District's reporting entity is provided in Note 2.A to the basic financial statements.

Organizational Structure

Statutorily, the District operates under the standard prescribed by the Ohio State Board of Education as provided in division (D) of Section 3301.07 of the Ohio Revised Code, to provide educational services prescribed by State and Federal agencies. The Board of Education is made up of five members elected at large, for overlapping four-year terms. The Board of Education elects its President and Vice President annually, and appoints two officials: the Superintendent, who serves as the Chief Executive Officer (CEO), and the Treasurer, who serves as the Chief Financial Officer (CFO).

The District provides education to 3,279 students in grades kindergarten through twelfth. The District provides general education, special education and vocational type academic programs. The District's enrollment has declined slightly over the past couple years but is projected to remain stable in the foreseeable future.

The Westlake City School District

The District, one of over 600 municipal, city, local and exempted village school districts in the State, provides education to students in grades PreK through 12. It is located in Cuyahoga County in northeastern Ohio, approximately 13 miles west of the City of Cleveland. The District's territory encompasses the entire City of Westlake.

The District was originally part of Dover Township. Dover Township was organized as one school district. As the population grew, nine sub-districts were created, each serviced by a one-room school. In 1898, the Dover Public High School was organized and anyone graduating from the eighth grade in any of the sub-districts could attend that High School. In 1909, Dover Village, which is now the City of Westlake, incorporated and the first centralized school opened that fall. A bond issue was passed in 1917, allowing four rooms to be added to the rear of the school, doubling its size.

In 1923, a new high school was dedicated and the sub-districts were abandoned. Since that time, several new schools have been constructed, most recently an elementary school into which the prior four elementary schools were consolidated in 2019. There are four schools in the District - one high school (grades 9-12), one middle school (grades 7-8), one intermediate school (grades 5-6), and one elementary school (grades PreK- 4).

Economic Condition and Outlook

In the 2020 Census classifications, the District was placed in the Cleveland-Elyria-Mentor Metropolitan Statistical Area (MSA), comprised of the five counties of Cuyahoga, Geauga, Lake, Lorain and Medina. It was also in the Cleveland-Akron Consolidated Statistical Area (CSA). Only limited statistics are now available for the MSA and CSA.

The District's calendar year 2020 population estimate was 34,238. The U.S. Census Bureau estimates that the District's 2023 population was 33,907 (see **Demographic and Economic Statistics** in the Statistical Section of the ACFR). Its area is approximately 15.9 square miles. Land use, as measured by the assessed value of real property, is presented in the following table.

Percent of Assessed Valuation of Real Property

Residential	73.32%
Commercial/Industrial	24.43
Public Utility	2.25
Agricultural	0.00
Undeveloped	(a)

(a) Included in above categories.

Source: County Fiscal Officer.

The District's general area is served by diversified transportation facilities, including three State and one U.S. highway and I-80, I-480 and I-90 (located within the City). It is served by Norfolk and Southern Railroad and is adjacent to areas served by Conrail and Amtrak and is also served by passenger air services at Cleveland Hopkins International Airport located seven miles from the City and by Burke Lakefront Airport located 15 miles from the City. Public mass transit for the area is provided by the Greater Cleveland Regional Transit Authority.

Banking and financial services are provided to the District area by offices of numerous commercial banks and savings and loan associations, all of which have their principal offices elsewhere.

One daily newspaper (online daily, printed four days per week) and two weekly newspapers serve the District. The District is within the broadcast area of numerous television stations and AM and FM radio stations. Multichannel cable TV service, including educational, governmental and public access channels, is provided by AT&T U-verse, Spectrum (formerly known as Time Warner Cable) and Breezeline (formerly Wide Open West) Cable.

A total of 29 Ohio Hospital Association member hospitals serves the County. Hospitals serving the District's area include St. John Medical Center, which is located in the District (and affiliated with University Hospitals of Cleveland), Fairview Hospital (located nine miles southeast of the District and affiliated with the Cleveland Clinic) and the main offices of the Cleveland Clinic and University Hospitals (located in the City of Cleveland).

Within commuting distance are several public and private two-year and four-year colleges and universities, including Baldwin Wallace University, Case Western Reserve University, the Cleveland Institute of Art, the Cleveland Institute of Music, Cleveland State University, Cuyahoga Community College, John Carroll University, Kent State University, Lakeland Community College, Lorain County Community College, Notre Dame College, Oberlin College, the University of Akron and Ursuline College.

The District is served by varied recreational facilities. The City currently operates park sites in six locations, including a park (Tri-City) that is managed with two other cities (the Cities of Rocky River and Fairview Park) and Porter Fields which utilizes unused cemetery land for two rectangular fields. The two large community parks are Recreation Center Park near the center of the City which houses the City's Recreation Center and Clague Park (and the adjacent Clague Playhouse area) in the eastern side of the City. The City also provides neighborhood parks in the northern part of the City (Roman Park) and in the southwestern part of the City (Bradley Nature Park).

In addition to the facilities offered by the City, the Cleveland Metroparks manages the Bradley Woods Reservation, a large, primarily passive park at the southwestern edge of the District. Many of the schools in the District also provide playgrounds, athletic fields, and courts that can be used by the public when schools are not in session. Private organizations, including St. John Medical Center, also provides some soccer fields and other facilities for use by the public. Additionally, a park is operated by a Homeowners Association in the northwestern part of town, and a playground is available for public use in Crocker Park.

Additionally, the City purchased an existing nine-hole golf course in 1988 and also purchased, in 1990, an adjacent 18-hole golf course, which was reconfigured to create a 27-hole golf course that the City operates as Meadowood Golf Course.

The City opened its Recreation Center to the public in November 1998. The Recreation Center includes a recreation building with an aquatic room housing five pools, a diving well, spectator seating, a family locker room, and men's and women's locker facilities. The pool area opens onto an outdoor terrace for summer use. The gymnasium contains two regulation basketball courts with optional use as four smaller basketball or volleyball and pickleball courts. There is also a one-twelfth-mile, three lane running/walking track on the mezzanine level. Also included are a lobby and snack area overlooking the pool, an aerobics/multi-purpose room, an exercise and fitness room, an arts and crafts room, a babysitting facility, staff offices and meeting space, and a community room with an associated warming kitchen. The Recreation Center is situated on a 93-acre park-like setting, including two full-size soccer fields, three smaller soccer fields, two softball/baseball diamonds, five tennis courts, a sledding hill and an extensive paved path for biking, jogging, walking, and rollerblading. A concession/restroom building serves users of the playing fields. The new 25,000 square foot Community Services Center is located on the site of the Recreation Center and opened in July 2021.

The City closed its Peterson Pool at Clague Park in 2018 as construction began on the transformation of the Pool into a Family Aquatic Center. The project included clearing the site of the former Peterson Pool and constructing, furnishing and equipping a new Aquatic Center on, and clearing, equipping and improving, the site, including construction of new bath house and concession stand buildings, a lazy river, multiple water features, splash pad, spray cannons, fountains, waterfalls and jets. Construction was completed in May 2019.

Other recreational and community assets in the PMSA include four professional sports teams offering year-round entertainment at different locations in the PMSA, and the Cleveland Metroparks System (Metroparks), which consists of nearly 19,000 acres of natural beauty with many scenic, historic and geologic features in Cuyahoga, Lorain and Medina Counties. Over 100 miles of parkways provide easy access to the Metroparks facilities designed in accordance with the park's conservation goals: wildlife management areas and waterfowl sanctuaries; picnic areas and playfields; hiking, bridle, all-purpose and physical fitness trails; six golf courses; swimming, boating and fishing areas; stables; tobogganing, sledding, skating and cross-country skiing areas; and four nature centers offering nature exhibits and programs. A principal asset of the Metroparks is the Cleveland Zoo counting over 3,000 animals occupying 165 rolling, wooded acres, and which is accredited by the American Association of Zoological Parks and Aquariums.

Major Initiatives

For the current academic school year, 3,279 students were enrolled in grades PreK-12 the District's four schools (one elementary school, one intermediate school, one middle school, and one high school), which figure includes School District residents attending classes at the West Shore Career Technical District.

The District operates a variety of non-classroom facilities that consist of athletic fields, an administration facility and a transportation depot.

The high school curriculum offers a wide range of electives and comprehensive courses of study in college preparatory, vocational and physical education programs. A full range of extracurricular programs and activities are available, beginning in the elementary grades. All District schools have libraries, lunch programs, and multipurpose rooms or gyms for student activities.

Approximately 89.2% of the teaching staff have master's degrees. The District's faculty has an average of 19.2 years of teaching experience, compared to the statewide average of 13.8 years (as of Fiscal Year 2023).

Classroom teachers at all levels are supported by specialists in reading, guidance, technology, library services, art, music and physical education. Aides are employed on an as-needed basis to support programming requirements. Nurses, psychologists, aides assisting at-risk and disabled students, and speech pathologists are employed to work with students at all levels. The District's Pupil Personnel Services program includes school health and psychological services, pupil appraisal, counseling and guidance services, special education services, and speech-language and hearing services. Guidance counselors are available at the elementary, intermediate, middle school, and high school levels.

The District is one of the school districts in the West Shore Career Technical District (West Shore Career Tech), which also includes the Bay Village, Rocky River, and Lakewood City School Districts. This workforce program has approximately 400 full-time and part-time students including 29 part-time students from the School District (during the 2022-23 school year), enrolled in either a two-year intensive training or one-year work/study program.

The District is characterized by high academic performance. Students consistently score well above the state average at the third through high school levels on the State achievement tests. The High School students score above the National and State averages on the SAT and the ACT tests, as discussed further below. The High School consistently ranks among the top school districts for the annual number of commended, semi-finalist and finalist categories in the National Merit Scholarship competition. In 2023, the High School had 4 National Merit Finalists, 4 students identified as National Merit Semi-finalists and an additional 6 students were named as National Merit Commended Scholars. During the 2022/23 school year, the High School had 42 students designated as an AP Scholar. Within that 42, 32 qualified as AP Scholars with Distinction. Finally, the High School students are responsible for completing 20 hours of Service-Learning activities as a requirement for graduation. Each graduating class typically accrues in excess of 5500 hours of community service as part of our graduation program.

The District's educational program includes these attributes and accomplishments, among others:

Strong Academic Profile

- The High School offers 23 Advanced Placement (AP) courses and 29 honors courses in a variety of disciplines.
- In 2023, over 85 students earned college credit through the College Credit Plus program. The High School currently offers college level courses in English, Psychology, Spanish and Sociology on our campus.
- High School students regularly perform above state averages on the SAT and ACT examinations. The Class of 2022's average ACT score was 25 and average SAT score was 1089, each of which was above national and State averages.
- The District offers an introductory second language learning program at the elementary level to provide students with a foundation for future learning of second and/or third languages. This begins with our kindergarten students. At the intermediate level, students are given the option to continue with the language they studied at the elementary level or to explore another language. At the middle and high school levels, students are given a choice of languages to study.
- The High School offers more than 30 visual arts and music courses.
- Middle School students are offered high school credit courses in Spanish, French, Algebra I, Honors Geometry, and Honors Algebra II. In Fiscal Year 2023, 287 Middle School students earned high school credit during the academic year, 113 in World Language, 25 in Honors Geometry, 119 in Algebra I, and 5 in Algebra II.
- Among the District's 2023 graduates, 90% enrolled in higher education, with 72% attending four-year colleges and 18% attending two-year colleges.

- The High School television station, WHBS-TV, provides students with a unique opportunity to experience a working television studio.
- The District offers 26 different opportunities to participate in interscholastic sports in grades 7-12. More than 850 students participate in at least one sport per year.
- The District has 11 school counselors and 2 social workers that provide SEL services to our students.

Awards and Recognition

- The "Top 20" students in the senior class were awarded over \$1 million dollars in scholarship money.
- Select students regularly participate in the Ohio Music Education Association (OMEA) Contests.
- In 2022, over 65 students were selected as members of the National English Honor Society at High School the 4th chapter in Ohio.
- In 2022, the High School was named one of the best high schools in Ohio by U.S. News and World Report.
- In the 2022/23 school year, Westlake High School Athletic Teams won 6 Conference titles. The Girls Cross Country Team was a Top 10 team in the State.
- Recently, students in the Middle School's Intervention Specialist classes participated in numerous service, learning projects in the community.
- During the 2022 school year, the Middle School Math Club placed in the Top 10 in several math competitions.
- Congratulations to our Chorale earning Superior Ratings and our Women's Ensemble earning Excellent Ratings.
- During the 2022 school year, the District's Science Olympiad Teams qualified to compete in the Ohio State Championships.

In addition, the District continues to participate in several partnerships with the City of Westlake. Currently, the Middle School students plant a garden with support from the Westlake Garden Club and donate the food to Westlake assistance for our residents to enjoy. Our High School students work with the city on numerous volunteer projects throughout the year assisting everyone from youngest members of the community to our senior citizens.

The Board has established a community information program that includes a formal communications office, informational newsletters to residents and staff, a District cable television channel, and various community surveys.

<u>Community News</u>: The District has several avenues of communication, including print and e-mail newsletters, to deliver news and information about the District to City residents, including:

- *Key Communiqué* an e-newsletter that is distributed at least once a month during the school year to provide the latest news and upcoming event information for the District. Anyone can subscribe to this e-newsletter.
- News Releases individual news items sent to the local media about contests, photo opportunities, upcoming events, or general informational messages.

<u>Employee News</u>: The District offers different tools to communicate with staff on a range of topics, including *Around the Schools*, a publication for and about District employees, which is delivered via e-mail to all staff members each Monday.

<u>Website</u>: The District website is a comprehensive source of information about the District. Users of the site can access information on news from the schools and various departments, teacher web sites, athletic information, and upcoming events. Parents are granted access to the District's Power School program for online access to student grades and other information posted by teachers.

State "Report Card" Designations

The Ohio General Assembly amended Ohio's accountability law in the summer of 2021. Schools and districts now receive an overall rating and star ratings for currently five components. Districts and schools receive an overall rating of 1 (lowest) to 5 (highest) stars in half-star increments. The State evaluates and measures the performance of its school districts and their individual schools and annually reports the results to the public. The State measured and reported on the following performance components for all of its school districts and each of their individual schools: (a) Achievement (measures students academic achievement using each level of performance on Ohio's State Tests), (b) Progress (measures the academic performance of students compared to expected growth on Ohio's State Tests), (c) Gap Closing (measuring how well a school district or school is doing in narrowing gaps in reading, math and graduation rate among students according to socioeconomic, racial, ethnic or disability status), (d) Graduation Rate (measuring the percentage of students who entered the 9th grade and graduated in four and five years), (e) Early Literacy (measuring the improvement in reading for students in kindergarten through 3rd grade) and (f) College, Career, Workforce and Military Readiness (how well-prepared Ohio's students are for all future opportunities).

	Academic Year 2022-23
Overall Rating	5 Stars
Achievement	5 Stars
Progress	4 Stars
Gap Closing	5 Stars
Graduation	4 Stars
Early Literacy	5 Stars
College, Career, Workforce and Military Readiness	This component is not rated and will not factor into the overall rating until the 2024-2025 school year at the earliest. NR

Due to the COVID-19 pandemic, the State government has enacted legislation that, among other things, mandated that, for the 2019-20, 2020-2021, and 2021-2022 school years, the Ohio Department of Education shall not (a) publish report card ratings; (b) assign overall letter grades to school districts and buildings; (c) assign grades to other measures; or (d) rank school districts. And the absence of report card ratings for those school years shall not enter into determinations of sanctions or penalties or create a new starting point for determinations based on ratings over multiple years.

Legislation provides for changes in this methodology and its related full report card reporting to school districts and the public beginning with the 2022-23 school year.

Further information relating the State's methodology of evaluating and measuring the performance of its school districts and their individual schools, as well as the results from year to year (including the results of the performance of the School District and its individual schools), may be obtained from the Ohio Department of Education. In the District's view, while changes in results from year to year may be based in part upon the District's educational efforts and the concomitant educational attainment or achievement of the District's students, changes may also be reflective of changes in the State's grading methodology, criteria and standards.

Long-Term Financial Planning

As part of the District's long-term planning, the CFO prepares a five-year financial forecast which is ultimately approved by the Board of Education and filed with the Ohio Department of Education. This document provides a snapshot of historical and projected revenues and expenses over the next five years and is accompanied by financial assumption notes. The Board of Education reviews this document on a quarterly basis for changes that might impact their financial decisions.

Financial Policies Impacting the Financial Statements

During fiscal year 2015, the District advance refunded \$57,165,000 of Build America Bonds. This advance refunding was undertaken to reduce the combined total debt service payments by \$2,110,668 and resulted in an economic gain of \$1,093,350. During fiscal year 2022. the District closed a \$78,045,000 bond refunding in October 2021 to reduce the combined total debt service payments by \$10,263,529 and resulted in an economic gain of \$8,276,446. No debt refunding's took place in fiscal years 2016 - 2021 or in 2023. The District is constantly evaluating options for the refunding of debt in an effort to save on future interest charges.

Financial Information

Internal Accounting and Budgetary Control

In developing the District's accounting system much consideration was given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute assurance that the financial statements are free of any material misstatements. The concept of reasonable assurance is based on the assumption that the cost of internal accounting controls should not exceed the benefits expected to be derived from their implementation.

The District utilizes a fully automated accounting system as well as an automated system of control for capital assets and payroll. These systems, coupled with the manual audit of each voucher prior to payment, ensures the financial information generated is both accurate and reliable.

At the beginning of each fiscal year, the Board of Education adopts either a temporary appropriation measure or a permanent appropriation measure for that fiscal year. If a temporary appropriation measure is first adopted, the permanent appropriation measure must be adopted upon receipt from the County Fiscal Officer of an amended certificate of estimated resources based on final assessed values and tax rates, which is usually within the first three months of the fiscal year. Annual appropriations may not exceed the County Budget Commission's official estimate of resources. The County Fiscal Officer must certify that the Board of Education's appropriation measure, including any supplements or amendments, do not exceed the amount set forth in the latest of those official estimates.

All disbursements and transfers of cash between funds require appropriation authority from the Board. Budgets are controlled at the fund, function and object level for all funds. All purchase order requests must be approved by either the Superintendent or the Assistant Superintendent and certified by the CFO/Treasurer; necessary funds are then encumbered and purchase orders are released to vendors. Those requests which exceed the available appropriation are rejected until additional appropriations are secured.

The accounting system used by the District provides interim financial reports which detail year-to-date expenditures and encumbrances versus the original appropriation plus any additional appropriations made to date. Each administrator and school principal is furnished with monthly reports showing the status of the budget accounts for which they are responsible. In addition, an on-line inquiry system is available at each cost center site. The basis of accounting and the various funds utilized by the District are fully described in Note 2 of the basic financial statements. Additional information on the District's budgetary accounting can also be found in Note 2.

Financial Presentation

The District's basic financial statements consist of the following:

Government-wide financial statements: These statements are prepared on an accrual basis of accounting which is similar to the basis of accounting followed by businesses. The government-wide statements distinguish those activities of the District that are governmental in nature.

Fund financial statements: These statements present information for individual major funds rather than by fund type. Non-major funds are presented in total in one column. Governmental funds use the modified accrual basis of accounting and include a reconciliation to the governmental activities accrual information presented in the government-wide financial statements. Proprietary and fiduciary funds use the accrual basis of accounting.

Statement of budgetary comparisons: These statements present comparisons of actual information to the legally adopted budget. The budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances.

Management is responsible for preparing a Management Discussion and Analysis (MD&A) of the District. This discussion follows the Independent Auditor's Report, providing an assessment of the District's finances for fiscal year 2023 and a discussion of current issues affecting the District in the future. The MD&A should be read in conjunction with this letter of transmittal.

Independent Audit

State statutes require the District to be subjected to an annual examination by an independent auditor. An annual audit serves to maintain and strengthen the District's accounting and budgetary controls. Independent auditor Keith Faber, Auditor of State, was selected to render an opinion on the District's financial statements as of and for the year ended June 30, 2023. The opinion appears at the beginning of the financial section of this report.

Pursuant to statute, the State prescribes a uniform accounting system to standardize accounting classification and financial reporting for all school governments in Ohio. The District adopted and has been in conformance with that system beginning with its financial report for the 1979 year.

Awards

GFOA Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Westlake City School District for its ACFR for the fiscal year ended June 30, 2022. The Certificate of Achievement is the highest form of recognition in the area of governmental financial reporting.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized ACFR, whose contents conform to program standards. Such a report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements.

The Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA.

Acknowledgments

The publication of this document is a significant step in documenting the District's financial position and provides both transparency and accountability to the residents of the Westlake City School District.

The preparation of this report would not have been possible without the assistance and support of the staff of the CFO/Treasurer's office, as well as various administrators and staff members of the District. In addition, assistance from the County Fiscal Officer's staff and other outside agencies made possible the fair presentation of statistical data.

Appreciation is also expressed to the accounting firm of Julian & Grube, Inc. for assistance in planning, designing and reviewing this financial report.

Finally, sincere appreciation is extended to the Board of Education for their support on this project.

Respectfully Submitted,

INDEPENDENT AUDITOR'S REPORT

Westlake City School District Cuyahoga County 24365 Hilliard Boulevard Westlake, Ohio 44145

To the Board of Education:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Westlake City School District, Cuyahoga County, Ohio (District), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Westlake City School District, Cuyahoga County, Ohio as of June 30, 2023, and the respective changes in financial position thereof and the budgetary comparison for the General Fund for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Westlake City School District Cuyahoga County Independent Auditor's Report Page 2

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Westlake City School District Cuyahoga County Independent Auditor's Report Page 3

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Westlake City School District Cuyahoga County Independent Auditor's Report Page 4

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we will also issue our report dated December 28, 2023, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

THI

Keith Faber Auditor of State Columbus, Ohio

December 28, 2023

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

The management's discussion and analysis of the Westlake City School District's (the "District") financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2023. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the transmittal letter, basic financial statements and the notes to the basic financial statements to enhance their understanding of the District's financial performance.

Financial Highlights

Key financial highlights for 2023 are as follows:

- In total, net position of governmental activities increased \$3,297,883 which represents a 16.50% increase from 2022's net position.
- General revenues accounted for \$63,116,002 in revenue or 88.42% of all revenues. Program specific revenues in the form of charges for services and sales and operating grants and contributions accounted for \$8,268,029 or 11.58% of total revenues of \$71,384,031.
- The District had \$68,086,148 in expenses related to governmental activities; only \$8,268,029 of these expenses were offset by program specific charges for services and sales and operating grants and contributions. General revenues supporting governmental activities (primarily taxes and unrestricted grants and entitlements) of \$63,116,002 were adequate to provide for these programs.
- The District's major governmental funds are the general fund and bond retirement fund. The general fund had \$57,949,974 in revenues and \$56,547,376 in expenditures and other financing uses. During fiscal 2023, the general fund's fund balance increased \$1,402,598 from a balance of \$32,252,846 to \$33,655,444.
- The bond retirement fund had \$7,523,208 in revenues and \$6,726,647 in expenditures. During fiscal 2023, the bond retirement fund's fund balance increased \$796,561 from \$9,347,617 to \$10,144,178.

Using the Basic Financial Statements

This annual report consists of a series of financial statements and notes pertaining to those statements. These statements are organized so the reader can understand the District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The statement of net position and statement of activities provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other nonmajor funds presented in total in one column. In the case of the District, the general fund and bond retirement fund are by far the most significant funds, and the only governmental funds reported as major funds.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

Reporting the District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2023?" The statement of net position and the statement of activities answer this question. These statements include *all assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues and expenses* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the District's *net position* and changes in that position. This change in net position is important because it tells the reader that, for the District as a whole, the *financial position* of the District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

In the statement of net position and the statement of activities, the governmental activities include the District's programs and services, including instruction, support services, operation and maintenance of plant, pupil transportation, extracurricular activities, and food service operations.

Reporting the District's Most Significant Funds

Fund Financial Statements

The analysis of the District's major governmental funds begins on page 13. Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds. The District's major governmental funds are the general fund and the bond retirement fund.

Governmental Funds

Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial assets* that can readily be converted to cash. The governmental fund financial statements provide a detailed *short-term* view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental *activities* (reported in the statement of net position and the statement of activities) and governmental *funds* is reconciled in the basic financial statements.

Reporting the District's Fiduciary Responsibilities

The District's fiduciary activities are reported in separate statement of net position and statement of changes in fiduciary net position. The District's fiduciary activities account for activity related to Westlake Alumni Organizations. This activity is reported in a custodial fund. This activity is excluded from the District's other financial statements because the assets cannot be utilized by the District to finance its operations.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's net pension liability and OPEB liability/asset.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

The District as a Whole

The statement of net position provides the perspective of the District as a whole. Capital assets, net, and long-term liabilities for 2022 have been restated to reflect subscription-based information technology arrangements (SBITAs) due to the implementation of GASB No. 96 (see Note 3.A.). The table below provides a summary of the District's net position at June 30, 2023 and June 30, 2022.

Net Position

<u>Assets</u> Current and other assets Net OPEB asset Capital assets, net Total assets	Governmental Activities 2023 \$ 100,901,049 5,063,357 131,601,124 237,565,530	Restated Governmental Activities 2022 \$ 99,262,589 4,159,617 134,363,564 227,785,770

Total net position	\$ 23,283,583	\$ 19,985,700

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

The net pension liability is reported pursuant to Governmental Accounting Standards Board (GASB) Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27." The net other postemployment benefits (OPEB) liability/asset is reported pursuant to GASB Statement 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions." For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the District's actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability, and the net OPEB liability to the reported net position and subtracting deferred outflows related to pension and OPEB and the net OPEB asset.

GASB standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability* or *net OPEB liability*. GASB 68 and GASB 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB 68 and GASB 75 require the net pension liability and the net OPEB liability/asset to equal the District's proportionate share of each plan's collective:

- 1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service.
- 2. Minus plan assets available to pay these benefits.

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the District is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require, the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68 and GASB 75, the District's statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plan's *change* in net pension liability and net OPEB liability/asset, respectively, not accounted for as deferred inflows/outflows.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

Over time, net position can serve as a useful indicator of a government's financial position. At June 30, 2023, the District's assets plus deferred outflows exceeded liabilities plus deferred inflows by \$23,283,583. Of this total, \$12,137,095 is restricted in use.

Current and other assets increased due to an increase in equity in pooled cash and cash equivalents due to current year operations.

At year-end, capital assets represented 55.40% of total assets. Capital assets include land, land improvements, buildings and improvements, furniture and equipment, vehicles and textbooks and library books. Net position invested in capital assets at June 30, 2023, was \$35,238,970. These capital assets are used to provide services to the students and are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

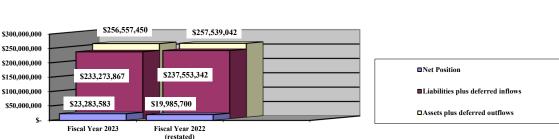

Current liabilities remained comparable to the prior year.

Long-term liabilities increased primarily due to an increase in the District's net pension liability. The District's net pension liability increased approximately \$21,481,991 while deferred inflows of resources related to pension decreased approximately \$21,863,891. These changes were the result of changes at the pension system level for the State Teachers Retirement System (STRS) and the School Employees Retirement System (SERS). Net investment income on investments at both pension systems exceeded estimates for the fiscal year 2022 measurement that are used for the fiscal year 2023 reporting which cause a large increase in fiduciary net position. The District's net pension liability and net OPEB liability are outside of the control of the District. The District contributes its statutorily required contributions to the pension systems; however, it is the pension systems that collect, hold and distribute pensions and OPEB to District employees, not the District. See Notes 13 and 14 for more detail.

Deferred inflows related to pension decreased as described above. See Note 13 for more information on the District's net pension liability and the District's related deferred inflows.

A portion of the District's net position, \$12,137,095, represents resources that are subject to external restriction on how they may be used. The remaining balance of unrestricted net position is a deficit of \$24,092,482.

The graph below illustrates the District's governmental activities assets plus deferred outflows, liabilities plus deferred inflows and net position at June 30, 2023 and 2022 (as restated – See Note 3.A).

Governmental Activities

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

The table below shows the change in net position for fiscal years 2023 and 2022.

Change in Net Position

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

Governmental Activities

Net position of the District's governmental activities increased \$3,297,883. Total governmental expenses of \$68,086,148 were offset by program revenues of \$8,268,029 and general revenues of \$63,116,002. Program revenues supported 12.14% of the total governmental expenses. The primary sources of revenue for governmental activities are derived from property taxes, and grants and entitlements. These revenue sources represent 85.12% of total governmental revenue.

Charges for services and sales increased due to an increase in tuition receipts as a result of open enrollment and increased participation in extracurricular programs versus the prior year. Operating grants and contributions decreased primarily due to decreased federal grant funding including Elementary and Secondary School Emergency Relief (ESSER) funding.

Property tax revenue decreased due to fluctuations in the amount of property taxes collected and available as advance at year end. These amounts are recognized as revenue in the fiscal year the District could draw on these advances rather than when cash is received. The amounts that were available as advance were \$4,667,425, \$5,265,423, and \$4,338,870 at June 30, 2023, 2022, and 2021, respectively. Fluctuations in the amount of property taxes collected and available for advance can vary depending upon when tax bills are sent and will effect the year in which property tax revenues are recognized.

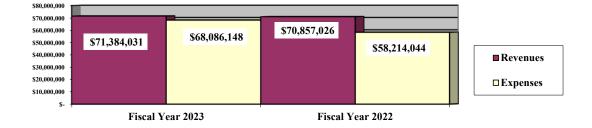

Grants and contributions not restricted to specific programs increased due to more Foundation formula funding received through the State of Ohio in fiscal 2023.

Investment earnings increased due to the reporting of an increase in the District's fair value of investments. GAAP requires certain investments to be reported at fair value rather than cost. Fluctuations in the fair value of investments are reported as an increase (decrease) in fair value of investments. The fair value of investments have decreased as interest rates continue to rise. The District intends to hold all investments to maturity thus eliminating the risk of fluctuations in fair value. The increase in the District's fair value of investments is reported as a component of investment earnings in the table above.

Overall, expenses of the governmental activities increased \$9,872,104 or 16.96%. On an accrual basis, the District reported \$4,922,620 and (\$1,383,163) in pension expense for fiscal year 2023 and 2022, respectively. The increase in the net pension expense from fiscal year 2022 to fiscal year 2023 was \$6,305,783. This increase is primarily the result of decreased investment income at the retirement systems level which affects the District's pension expense. Fluctuations in the pension and OPEB expense makes it difficult to compare financial information between years. Pension and OPEB expense are components of program expenses reported on the statement of activities.

Other instruction expenses increased due to a change in the State of Ohio's funding formula for where kids that were open enrolled to other schools. Under the new formula, funding goes directly to the school where the open enrolled student attends rather than being passed through the District.

The graph below presents the District's governmental activities revenue and expenses for fiscal year 2023 and 2022.

Governmental Activities - Revenues and Expenses

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

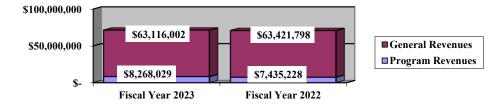

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State grants and entitlements.

Governmental Activities

	Total Cost of Services 2023	Net Cost of Services 2023	Total Cost of Services 2022	Net Cost of Services 2022
Program expenses				
Instruction:				
Regular	\$ 26,008,554	\$ 24,621,529	\$ 22,015,675	\$ 20,544,901
Special	10,071,472	8,887,763	8,398,350	7,310,215
Vocational	1,375,653	1,370,394	1,274,569	1,269,051
Adult/continuing	3,946	(3,894)	3,278	(12,332)
Other	1,055,495	533,185	817,739	587,152
Support services:				
Pupil	4,428,642	3,998,023	3,961,325	3,538,495
Instructional staff	1,876,925	1,768,615	1,702,642	1,688,757
Board of education	32,402	32,402	32,191	32,191
Administration	3,525,550	3,289,269	2,828,740	2,651,128
Fiscal	1,367,161	1,367,161	1,226,423	1,226,423
Business	418,809	418,809	421,948	421,948
Operations and maintenance	5,648,293	5,469,543	5,273,449	5,197,734
Pupil transportation	3,666,838	3,084,350	3,042,262	2,726,925
Central	447,973	447,973	350,353	350,353
Operation of non-instructional services:				
Food service operations	1,625,308	(10,254)	1,501,084	(507,252)
Other non-instructional services	1,447,019	107,733	918,193	(196,332)
Extracurricular activities	1,717,722	1,067,132	1,345,830	849,466
Interest and fiscal charges	3,368,386	3,368,386	3,099,993	3,099,993
Total expenses	\$ 68,086,148	\$ 59,818,119	\$ 58,214,044	\$ 50,778,816

The dependence upon tax and other general revenues for governmental activities is apparent, as 91.94% of instruction activities are supported through taxes, grants and entitlements and other general revenues. For all governmental activities, general revenue support is 87.86%. Taxes and unrestricted grants and entitlements from the State of Ohio, as a whole, are by far the primary support for the District's students. The graph below presents the District's governmental activities revenue for fiscal year 2023 and 2022.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

The District's Funds

The District's governmental funds reported a combined fund balance of \$44,670,303, which is more than last year's total of \$43,561,078. The schedule below indicates the fund balance and the total change in fund balance as of June 30, 2023 and 2022.

	-	und Balance ine 30, 2023	-	und Balance ine 30, 2022	Change			
General Bond Retirement Other Governmental	\$	33,655,444 10,144,178 870,681	\$	32,252,846 9,347,617 1,960,615	\$	1,402,598 796,561 (1,089,934)		
Total	\$	44,670,303	\$	43,561,078	\$	1,109,225		

General Fund

The District's general fund balance increased \$1,402,598. An analysis of the general fund's revenues and expenditures is presented below. The table that follows assists in illustrating the financial activities of the general fund.

	2023 Amount	2022 Amount	Increase (Decrease)	Percentage Change
Revenues				
Taxes and payments in lieu of taxes	\$ 46,494,192	\$ 46,835,107	\$ (340,915)	(0.73) %
Tuition	1,364,804	1,451,728	(86,924)	(5.99) %
Earnings on investments and				
(decrease) in fair value of investments	1,621,767	(233,292)	1,855,059	(795.17) %
Intergovernmental	7,559,192	7,428,698	130,494	1.76 %
Other revenues	910,019	830,814	79,205	9.53 %
Total	<u> </u>	\$ 56,313,055	\$ 1,636,919	2.91 %
<u>Expenditures</u>				
Instruction	\$ 34,575,295	\$ 33,069,388	1,505,907	4.55 %
Support services	19,845,409	19,175,638	669,771	3.49 %
Other non-instructional services	591,194	457,242	133,952	29.30 %
Extracurricular activities	1,064,889	1,019,298	45,591	4.47 %
Facilities acquisition and construction	19,209	2,892	16,317	564.21 %
Debt service	43,500		43,500	100.00 %
Total	\$ 56,139,496	\$ 53,724,458	\$ 2,415,038	4.50 %

Overall revenues of the general fund increased \$1,636,919 or 2.91%.

Property and other taxes revenue decreased due to fluctuations in the amount of property taxes collected and available as advance at year end. These amounts are recognized as revenue in the fiscal year the District could draw on these advances rather than when cash is received. The amounts that were available as advance were \$4,004,435, \$4,517,489, and \$3,722,549 at June 30, 2023, 2022, and 2021, respectively. Actual general fund property tax receipts (cash-basis) for fiscal year 2023 and 2022 were \$45,131,564 and \$44,689,525, respectively.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

Tuition and fee revenue increased due open enrollment. Investment earnings increased due to the reporting of an increase in the District's fair value of investments. GAAP requires certain investments to be reported at fair value rather than cost. Fluctuations in the fair value of investments are reported as an increase (decrease) in fair value of investments. The fair value of investments have decreased as interest rates continue to rise. The District intends to hold all investments to maturity thus eliminating the risk of fluctuations in fair value. The decrease in the District's fair value of investments is reported as a component of investment earnings in the table above.

Expenditures for instruction and support services increased due to normal and customary wage and benefit increases. In addition, the District had more staff in fiscal 2023 versus fiscal 2022. All other expenditures remained comparable to the prior fiscal year or changed an insignificant amount.

Bond Retirement Fund

The bond retirement fund had \$7,523,208 in revenues and \$6,726,647 in expenditures and other financing uses. During fiscal 2023, the bond retirement fund's fund balance increased \$796,561 from \$9,347,617 to \$10,144,178.

General Fund Budgeting Highlights

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the general fund.

During the course of fiscal 2023 the District amended its general fund budget several times. For the general fund, final budgeted revenues and other financing sources were \$52,512,961, which was the same as original budgeted revenues and other financing sources estimate of \$52,512,961. Actual revenues and other financing sources for fiscal 2023 were \$58,482,874. This is an increase of \$5,969,913 from final budgeted revenues and other financing sources which is primarily due to conservative budgeting of property tax receipts and intergovernmental receipts from the State of Ohio.

General fund original appropriations (appropriated expenditures plus other financing uses) of \$57,504,885 were increased to \$59,239,676 in the final budget. The actual budget basis expenditures and other financing uses for fiscal year 2023 totaled \$59,188,868, which was \$50,808 lower than the final budget appropriations

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal 2023, the District had \$131,601,124 invested in land, land improvements, buildings and improvements, furniture and equipment, vehicles and intangible right to use SBITA's. This entire amount is reported in governmental activities. The following table shows fiscal 2023 balances compared to 2022:

Capital Assets at June 30 (Net of Depreciation)

	Governmental Activities						
		Restated					
	2023	2022					
Land	\$ 2,576,787	\$ 2,576,787					
Land improvements	153,361	174,143					
Buildings and improvements	125,734,804	128,914,838					
Furniture and equipment	1,480,941	1,483,805					
Vehicles	1,553,459	1,070,289					
Intangible right to use SBITA	101,772	143,702					
Total	\$ 131,601,124	\$ 134,363,564					

The overall decrease in capital assets of \$2,762,440 is primarily due to depreciation of \$3,583,077 exceeding additions of \$820,637.

See Note 9 to the basic financial statements for additional information on the District's capital assets.

Debt Administration

At June 30, 2023, the District had \$92,215,939 in general obligation bonds (the issue is comprised of current issue bonds, term bonds, sinking fund bonds and capital appreciation bonds) outstanding. Of this total, \$3,475,000 is due within one year and \$88,740,939 is due in more than one year. The following table summarizes the bonds outstanding:

Outstanding Debt, at Year End

	Governmental Activities 2023	Governmental Activities 2022				
Serial bonds	\$ 40,620,000	\$ 42,510,000				
Term bonds	42,440,000	42,440,000				
Sinking fund bonds	6,945,000	8,475,000				
Capital appreciation bonds	1,595,000	1,595,000				
Accretion on capital appreciation bonds	615,939	211,582				
Total	\$ 92,215,939	\$ 95,231,582				

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

The District made \$3,420,000 in principal payments on the current interest bonds during fiscal year 2023. The capital appreciation bonds accreted \$404,357 in interest during 2023.

See Note 10 to the basic financial statements for detail on the District's debt administration.

Current Financial Related Activities

The Westlake Board of Education and administration closely monitor revenues and expenditures in accordance with its financial forecast and annual appropriations, which provides a roadmap for District achievement and performance measurement. This monitoring process has historically been affirmed by the rating agencies of Moody's and Standard and Poor's.

The financial future of the District is not without its internal as well as external challenges. In the foreseeable future, the internal challenge will remain as long as the District is required to rely on local property taxes to fund its operations. External challenges continue to evolve as the District absorbs additional unfunded mandates and struggles with the State of Ohio who has yet to fully implement an adequate solution to the State's educational funding system.

The District has projected growth in State revenues, for the first time since fiscal year 2016, due to the parital implementation of the new State funding model and the recent change in law setting a minimum State share (of the new funding model) percentage at 10%. With approximately 86 percent of general fund revenues being derived from local sources, one can see the significant impact these changes will have on the District and ultimately, the residential taxpayers.

Community support for the District remains solid. In May of 2000, the Westlake voters had passed a 5.5mill replacement levy, which helped fund the general operations and permanent improvements of the District over the last several years. In addition, the community overwhelmingly passed a bond issue in late 2002 to support the construction of a new district Performing Arts center. In May of 2006, the community passed a 6.9 mill continuing levy for general operations. In May of 2010, the community overwhelmingly passed a 3.4 mill bond issue to support phase I of its capital improvement plan. Most recently, in November of 2016, the community approved a 1.3 mill bond issue to replace the four aging elementary schools with one new elementary campus and 0.8 mill continuing permanent improvement levy.

As a result of the challenges mentioned above, it will be imperative that management continues to carefully and prudently manage their finances to meet community expectations and provide the facilities and resources required to meet student needs over the next several years. The Westlake community understands the income generated by local levies remains relatively constant, thereby forcing the District to come back to the voters from time to time asking for additional support. The District continues to communicate to the community the reliance upon their support for the majority of its operations and will continue to work diligently to plan expenses, staying carefully within the District's financial five-year plan.

In summary, the District has committed itself to financial and educational excellence for many years to come. The District has received the Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting since 1993 and several State Auditor Awards for financial distinction. Educationally, the District continues to rank among the top schools in Ohio for educational excellence receiving high performance designations by the Ohio Department of Education.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the District's finances and to report the District's accountability for the money it receives. If you have questions about this report or need additional financial information please contact: Todd Hopkins, Chief Financial Officer/Treasurer, Westlake City School District, 24525 Hilliard Boulevard, Westlake, Ohio 44145. Or if you prefer, you may email inquiries to: <u>HopkinsT@wlake.org</u>.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2023

Net change in fund balances - total governmental funds			\$	1,109,225
Amounts reported for governmental activities in the statement of activities are different because:				
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation/amortization expense. Capital asset additions Current year depreciation/amortization Total	\$	820,637 (3,583,077)		(2,762,440)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. Delinquent property taxes Earnings on investments Other miscellaneous revenues Intergovernmental Total		(1,440,820) 46,847 (245) 1,279,185		(115,033)
Repayment of bond and financed purchases note principal is an expenditure in the funds, but the repayment reduces long-term liabilities on the statement of net position.				3,604,406
In the statement of activities, interest is accrued on outstanding bonds, whereas in the funds, an interest expenditure is reported when due. The following items resulted in additional interest being reported in the statement of activities: (Increase) in accrued interest payable Accreted interest on capital appreciation bonds Amortization of bond premiums Amortization of deferred charges Total		(6,827) (404,357) 428,219 (170,112)	-	(153,077)
Contractually required contributions are reported as expenditures in the funds; however, the statement of net position reports these amounts as deferred outflows. Pension OPEB Total		5,056,340 121,142		5,177,482
Except for amounts reported as deferred inflows/outflows, changes in the net pension/OPEB liability/asset are reported as pension/OPEB expense in the statement of activities. Pension OPEB Total		(4,922,620) 1,441,572		(3,481,048)
Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in the funds.				(81,632)
Change in net position of governmental activities			\$	3,297,883

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT

Westlake City School District (the "District") is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The District operates under a locally-elected five-member Board form of government.

The District is located in Westlake, Ohio, Cuyahoga County. The Board of Education controls the District's four instructional facilities. The District employs (full- and part-time) 299 professional staff members and 252 non-teaching and support staff employees who provide services to 3,102 students and other community members.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant of the District's accounting policies are described below.

A. Reporting Entity

The reporting entity has been defined in accordance with GASB Statement No. 14, "<u>The Financial Reporting Entity</u>" as amended by GASB Statement No. 39, "<u>Determining Whether Certain Organizations Are Component Units</u>" and GASB Statement No. 61, "<u>The Financial Reporting Entity</u>: <u>Omnibus an Amendment of GASB Statements No. 14 and No. 34</u>". The reporting entity is composed of the primary government and component units. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the District, this includes general operations, food service, and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's Governing Board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; or (3) the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Certain organizations are also included as component units if the nature and significance of the relationship between the primary government and the organization is such that exclusion by the primary government would render the primary government's financial statements incomplete or misleading. Based upon the application of these criteria, the District has no component units. The basic financial statements of the reporting entity include only those of the District (the primary government).

The following organizations are described due to their relationship to the District.

RELATED ORGANIZATION

Porter Public Library

The Porter Public Library (the "Library") is a distinct political subdivision of the State of Ohio created under Chapter 3375 of the Ohio Revised Code. The Library is governed by a Board of Trustees appointed by the Westlake City School District Board of Education. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel and does not depend on the District for operational subsidies. Although the District does serve as the taxing authority and may issue tax related debt on behalf of the Library, its role is limited to a ministerial function. The determination to request approval of a tax, the rate and the purpose are discretionary decisions made solely by the Board of Trustees. Financial information can be obtained from the Porter Public Library, Ms. Jana Nassif, Fiscal Officer, at 27333 Center Ridge Road, Westlake, Ohio 44145.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

JOINTLY GOVERNED ORGANIZATIONS

Connect

Connect is a jointly governed organization serving twenty-four school districts and two educational service centers. Connect was organized pursuant to Ohio Revised Code Chapter 167 as a regional council of governments for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among the member districts. Connect operates as an information technology center pursuant to ORC 3301.075. Each of the governments of these schools supports Connect based on a per pupil charge dependent upon the software packages used. The District contributed \$111,423 to Connect during fiscal year 2023. Connect is governed by a four-member Board of Directors consisting of the Superintendent of the Educational Service Center of Northeast Ohio, the Superintendent of the Educational Service Center of Lorain County, the Superintendent of the Educational Service Center of the Ohio Schools Council. Financial information can be obtained by contacting the Treasurer at the Educational Service Center of Northeast Ohio, who serves as fiscal agent, at 5700 West Canal Road, Valley View, Ohio 44125.

Ohio Schools Council Association

The Ohio Schools' Council Association (Council) is a jointly governed organization among 274 school districts, educational service centers, joint vocational districts, and Developmental Disabilities boards in 37 Ohio counties. The jointly governed organization was formed to bring quality products and services at the lowest possible cost to the member districts. The Council's Board consists of seven superintendents of the participating districts whose terms rotate every year. The degree of control exercised by any school district is limited to its representation on the Board. In fiscal year 2023, the District paid \$1,500 to the Council for general program and safety program annual membership. Financial information can be obtained by contacting William J. Zelei, the Executive Director of the Ohio Schools' Council at 6393 Oak Tree Blvd., Suite 377, Independence, Ohio 44131.

The District participates in the natural gas purchase program. This program allows the District to purchase natural gas at reduced rates. Compass Energy has been selected as the supplier and program manager. There are currently 170 program members in the program. The participants make monthly payments based on estimated usage. Each September, these estimated payments are compared to their actual usage for the year (July to June). School districts that paid more in estimated billings than their actual billings are issued credits on future billings beginning in September until the credits are exhausted and school districts that did not pay enough on estimated billings are invoiced for the difference on the September monthly estimated billing.

The District participates in the Council's Power4Schools electric purchase program. This program allows school districts to purchase electricity at reduced rates, if the school districts will commit to participating in the program for either a two-year period or an eight and one-half year period depending upon electric generation area. There are currently 186 program members in the program. FirstEnergy Solutions has been selected as the supplier for the program. The participants make monthly payments based on estimated usage. Each June these estimated payments are compared to the actual usage for the year and any necessary adjustments are made.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

INSURANCE PURCHASING POOL

Suburban Health Consortium

The Suburban Health Consortium (the "Consortium") is a shared health risk pool created on October 1, 2001, formed by the Boards of Education of several school districts in northeast Ohio, for the purposes of maximizing benefits and/or reducing costs of group health, life, dental and/or other insurance coverages for their employees and the eligible dependents and designated beneficiaries of such employees. The Consortium was formed and operates as a legally separate entity under Ohio Revised Code Section 9.833. The Board of Directors shall be the governing body of the Consortium. The Board of Education of each Consortium Member shall appoint its Superintendent or such Superintendent's designee to be its representative of the Board of Directors. The officers of the Board of Directors shall consist of a Chairman, Vice-Chairman and Recording Secretary, who shall be elected at the annual meeting of Board of Directors and serve until the next annual meeting. All of the authority of the Consortium shall be exercised by or under the direction of the Board of Directors. The Board of Directors shall also set all premiums and other amounts to be paid by the Consortium Members, and the Board of Directors shall also have the authority to waive premiums and other payments. All members of the Board of Directors shall serve without compensation.

The Fiscal Agent shall be the Board of Education responsible for administering the financial transactions of the Consortium (Orange City School District). The Fiscal Agent shall carry out the responsibilities of the Consortium Fund, enter into contracts on behalf of the Consortium as authorized by the Directors and carry out such other responsibilities as approved by the Directors and agreed to by the Fiscal Agent. Each District Member enrolled in a benefit program may require contributions from its employees toward the cost of any benefit program being offered by such District Member, and such contributions shall be included in the payments from such District Member to the Fiscal Agent for such benefit program. Contributions are to be submitted by each District Member. to the Fiscal Agent, required under the terms of the Consortium Agreement and any benefit program in which such District Member is enrolled to the Fiscal Agent on a monthly basis, or as otherwise required in accordance with any benefit program in which such District Member is enrolled. All general administrative costs incurred by the Consortium that are not covered by the premium payments shall be shared equally by the Consortium Members as approved by the Directors, and shall be paid by each Consortium Member upon receipt of notice from the Fiscal Agent that such payment is due. It is the express intention of the Consortium Members that the Consortium Agreement and the Consortium shall continue for an indefinite term, but may be terminated as provided in the Consortium Agreement. Any Consortium Member wishing to withdraw from participation in the Consortium or any benefit program shall notify the Fiscal Agent at least one hundred eighty (180) days prior to the effective date of withdrawal.

Upon withdrawal of a Consortium Member, the Consortium shall pay the run out of all claims for such Consortium Member provided such Consortium Member has paid to the Consortium, prior to the effective date of withdrawal, a withdrawal fee in the amount equal to two months' premiums at the Consortium Member's current rate. Payment of the withdrawal fee does not extend insurance coverage for two months. Upon automatic withdrawal, for non-payment of premiums required by the Consortium Agreement, the Consortium shall pay the run out of all claims for such Consortium Member provided that the Consortium has received from such Consortium Member all outstanding and unpaid premiums and other amounts and the withdrawal fee equal to two months' premiums at the Consortium Member's current rates. Any Consortium Member which withdraws from the Consortium pursuant to the Consortium Agreement shall have no claim to the Consortium's assets. Financial information for the Consortium can be obtained from Mr. Todd Puster, Treasurer of the Orange City School District (the "Fiscal Agent") at 32000 Chagrin Blvd., Pepper Pike, Ohio 44124-5974.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

B. Fund Accounting

The District uses funds to report its financial position and the results of its operations. A fund is a separate accounting entity with a self-balancing set of accounts. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain school district activities or functions. Funds are classified into three categories: governmental, proprietary and fiduciary. Each category is divided into separate fund types.

GOVERNMENTAL FUNDS

Governmental funds focus on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is reported as fund balance.

The following are the District's major governmental funds:

<u>General fund</u> - The general fund is used to account for and report all financial resources not accounted for and reported in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

<u>Bond retirement fund</u> - The bond retirement fund is used to account for and report financial resources that are restricted, committed or assigned to expenditure for principal and interest.

Other governmental funds of the District are used to account for (a) financial resources that are restricted, committed, or assigned to expenditures for capital outlays including the acquisition or construction of capital facilities and other capital assets, not reported in the building fund, and (b) specific revenue sources that are restricted or committed to an expenditure for specified purposes other than debt service or capital projects.

PROPRIETARY FUNDS

Proprietary funds are used to account for the District's ongoing activities which are similar to those often found in the private sector where the determination of net income is necessary or useful to sound financial administration. The District has no proprietary funds.

FIDUCIARY FUNDS

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangements that have certain characteristics. The District does not have any trust funds. Custodial funds are used to report fiduciary activities that are not required to be reported in a trust fund. The District's custodial fund accounts for monies held on behalf of Westlake Alumni Organizations.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

C. Basis of Presentation and Measurement Focus

The District's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

<u>Government-Wide Financial Statements</u> - The statement of net position and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. These statements distinguish between those activities that are governmental and those that are considered business-type activities. The District has no business-type activities.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the governmental activities of the District. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include amounts paid by the recipient of goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues of the District.

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the District are included on the statement of net position.

<u>Fund Financial Statements</u> - Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column, and all nonmajor funds are aggregated into one column. Fiduciary funds are reported by fund type.

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, the custodial funds are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of this fund are included on the statement of fiduciary net position. The statement of changes in fiduciary net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows, and in the presentation of expenses versus expenditures.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

<u>Revenues - Exchange and Non-exchange Transactions</u> - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 6). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, interest, tuition, grants, student fees and rentals.

<u>Deferred Outflows of Resources and Deferred Inflows of Resources</u> - In addition to assets, the government-wide statement of net position will report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. See Notes 13 and 14 for deferred outflows of resources related to net pension liability/asset and net OPEB liability/asset, respectively. In addition, deferred outflows of resources include a deferred charge on debt refunding. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, both the government-wide statement of net position and the governmental fund financial statements report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. Deferred inflows of resources include property taxes and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of June 30, 2023, but which were levied to finance fiscal year 2024 operations. These amounts have been recorded as a deferred inflow of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet and represents receivables which will not be collected within the available period. Unavailable revenue includes, but is not limited to, delinquent property taxes and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. The deferred inflow of resources for leases is related to the lease receivable and is being amortized to lease revenue in a systematic and rational manner over the term of the lease.

See Notes 13 and 14 for deferred inflows of resources related to net pension liability/asset and net OPEB liability/asset, respectively. These deferred inflows of resources are only reported on the government-wide statement of net position.

<u>Expenses/Expenditures</u> - On the accrual basis of accounting, expenses are recognized at the time they are incurred. The entitlement value of donated commodities received during the year is reported in the statement of revenues, expenditures and changes in fund balances as an expenditure with a like amount reported as intergovernmental revenue.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgetary Process

All funds, other than custodial funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution and the certificate of estimated resources, which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of control has been established by the Board of Education at the fund, function and object level for all funds.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts in the final amended certificate in effect when the final appropriations were passed by the Board of Education.

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations may not exceed estimated revenues. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board of Education during the fiscal year.

F. Cash and Cash Equivalents

To improve cash management, cash received by the District is pooled. Individual fund integrity is maintained through the District's records. Each fund's interest in the pool is presented as "equity in pooled cash and investments" on the financial statements.

During fiscal year 2023, investments were limited to Federal Home Loan Bank (FHLB) securities, Federal Farm Credit Bank (FFCB) securities, negotiable certificates of deposit (negotiable CD's), municipal bonds, commercial paper, U.S. Treasury notes, U.S. Treasury bills, U.S. government money market mutual funds, and investments in the State Treasury Asset Reserve of Ohio (STAR Ohio). Except for investments in STAR Ohio, investments are reported at fair value which is based on quoted market prices.

The District invested in STAR Ohio. STAR Ohio (the State Treasury Asset Reserve of Ohio), is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, "Certain External Investment Pools and Pool Participants." The District measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

For fiscal year 2023, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, 24 hours notice in advance of all deposits and withdrawals exceeding \$100 million is encouraged. STAR Ohio reserves the right to limit the transaction to \$250 million, requiring the excess amount to be transacted the following business day(s), but only to the \$250 million limit. All accounts of the participant will be combined for these purposes.

Under existing Ohio statutes, interest earnings are allotted to the general fund unless the Board of Education has, by resolution, specified funds to receive an allocation of interest earnings. Interest revenue credited to the general fund during fiscal year 2023 amounted to \$1,582,143 which includes \$424,517 assigned from other District funds.

For purposes of the statement of cash flows and for presentation on the statement of net position, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the District are considered to be cash equivalents. Investments with an initial maturity of more than three months are reported as investments.

An analysis of the District's investment account at fiscal year-end is provided in Note 4.

G. Inventory

On government-wide and fund financial statements, inventories of supplies are reported at cost while inventories held for resale are reported at the lower of cost or market. Inventories are recorded on a first-in, first-out basis and are expended/expensed when used. Donated commodities are recorded at their entitlement value. Inventories are accounted for using the consumption method.

On the fund financial statements, reported material and supplies inventory is equally offset by a nonspendable fund balance in the governmental funds which indicates that it does not constitute available spendable resources even though it is a component of net current assets. Inventory held for resale is not offset by nonspendable fund balance as the proceeds from the eventual sale of the inventory is either restricted, committed or assigned.

Inventory consists of expendable supplies held for consumption and food service inventory held for resale.

H. Capital Assets

All capital assets of the District are classified as general capital assets. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their acquisition value. During fiscal year 2023, the District increased their capitalization threshold from \$1000, to \$5,000 for its general capital assets. This threshold change is being applied prospectively.

The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. All reported capital assets except land and construction in progress are depreciated/amortized. Improvements are depreciated over the remaining useful lives of the related capital assets.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Depreciation/amortization is computed using the straight-line method over the following useful lives:

	Governmental Activities
Description	Estimated Lives
Buildings and improvements	30 - 50 years
Furniture and equipment	5 - 10 years
Vehicles	10 years
Land improvements	30 years
Textbooks	5 years
Library books	2 years
Intangible right-to-use:	
Computer software	3 - 5 years

The District is reporting intangible right-to-use assets related to computer software. The intangible assets are being amortized in a systematic and rational manner of the shorter of the subscription term or the useful life of the underlying asset.

I. Interfund Loans

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund loans receivables/payables". These amounts are eliminated in the statement of net position.

J. Issuance Costs/Bond Premiums and Discounts and Accounting Gain or Loss on Debt Refunding

On the governmental fund financial statements, issuance costs, bond premiums, bond discounts, and deferred charges from debt refunding are recognized in the current period.

On the government-wide financial statements, issuance costs are recognized in the current period and are not amortized. Bond premiums and discounts are amortized over the term of the bonds using the straight-line method. Unamortized bond premiums are presented as an addition to the face amount of the bonds reported on the statement of net position. Unamortized bond discounts are presented as a reduction to the face amount of the bonds reported on the statement of net position. The reconciliation between the bonds face value and the amount reported on the statement of net position is presented in Note 10.

For advance refunding resulting in the defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This accounting gain or loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, and is presented as a deferred outflow of resources.

K. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employee's rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability using the termination method. An accrual for earned sick leave is made to the extent that it is probable that benefits will result in termination payments. The liability is an estimate based on the District's past experience of making termination payments.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The total liability for vacation and sick leave payments has been calculated using pay rates in effect at June 30, 2023, and reduced to the maximum payment allowed by labor contract and/or statute, plus any additional salary related payments. The entire compensated absence liability is reported on the government-wide financial statements.

For governmental fund financial statements, compensated absences are recognized as liabilities and expenditures as payments come due each period upon the occurrence of employee resignations and retirements.

L. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds and notes are recognized as a liability in the fund financial statements when due. Net pension/OPEB liability should be recognized in the governmental funds to the extent that benefit payments are due and payable and the pension/OPEB plan's fiduciary net position is not sufficient for payment of those benefits.

M. Net Position

Net position represents the difference between assets and deferred outflows and liabilities and deferred inflows. The net position component "net investment in capital assets," consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets or related debt also should be included in this component of net position. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The amount restricted for other purposes represents amounts restricted for scholarship programs in which the District has administrative involvement and for local grants.

The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

N. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

<u>Nonspendable</u> - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form or legally required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

<u>Restricted</u> - Fund balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

<u>Committed</u> - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the District Board of Education (the highest level of decision making authority). Those committed amounts cannot be used for any other purpose unless the District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

<u>Assigned</u> - Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted nor committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of the District Board of Education, which includes giving the Treasurer the authority to constrain monies for intended purposes. The Board has, by resolution, authorized the Treasurer to assign fund balances for encumbrances outstanding at year-end.

<u>Unassigned</u> - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The District applies restricted resources first when expenditures are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund balance is available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

O. Estimates

The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

P. Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liability, net OPEB asset, deferred outflows of resources and deferred inflows of resources related pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

Q. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during fiscal year 2023.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

R. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements. Transfers between governmental funds are eliminated for reporting on the government-wide statement of activities. Interfund services provided and used are not eliminated for reporting on the government-wide statement of activities.

S. Nonpublic Schools

Within the District boundaries, there are various nonpublic schools. Current State legislation provides funding to these non-public schools. These monies are received and disbursed by the District on behalf of the non-public schools by the Treasurer of the District, as directed by the non-public schools. The receipt and expenditure of these state monies by the District are reflected in a nonmajor governmental fund for financial reporting purposes.

T. Prepayments

Payments made to vendors for services that will benefit periods beyond June 30, 2023, are recorded as prepayments using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year in which services are consumed. Fund balance has been presented as nonspendable equal to the balance of the prepayment at fiscal year-end.

U. Fair Value Measurements

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

V. Scholarship Endowment

The District has administrative involvement in the award of certain scholarship endowments. At June 30, 2023, the total endowed principal was \$13,563 and is reported as nonspendable fund balance. At June 30, 2023, the net appreciation available for scholarship awards was \$20,129 is reported as restricted fund balance for other purposes. The District's policy for spending investment income (awarding scholarships) takes into consideration the donors request for the District to have administrative involvement in determining the award recipient. Ohio Revised Code 5705.09 governs the use of these funds and their ability to spend net appreciation.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Change in Accounting Principles

For fiscal year 2023, the District has implemented GASB Statement No. 91, "<u>Conduit Debt Obligations</u>", GASB Statement No. 94, "<u>Public-Private and Public-Public Partnerships and Availability Payment Arrangements</u>", GASB Statement No. 96, "<u>Subscription Based Information Technology Arrangements</u>", certain questions and answers of GASB Implementation Guide 2021-1 and certain paragraphs of GASB Statement No. 99, "<u>Omnibus 2022</u>".

GASB Statement No. 91 provides a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The implementation of GASB Statement No. 91 did not have an effect on the financial statements of the District.

GASB Statement No. 94 is to improve financial reporting by addressing issues related to public-private and public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. The implementation of GASB Statement No. 94 did not have an effect on the financial statements of the District.

GASB Statement No. 96 provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended. These changes were incorporated in the District's fiscal year 2023 financial statements. The District recognized \$143,702 in governmental activities in subscriptions payable at July 1, 2022; however, this entire amount was offset by the intangible asset, right to use subscription assets.

GASB Implementation Guide 2021-1 provides clarification on issues related to previously established GASB guidance. The implementation of GASB Implementation Guide 2021-1 did not have an effect on the financial statements of the District.

GASB Statement No. 99 to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The implementation of GASB Statement No. 99 did not have an effect on the financial statements of the District.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

B. Deficit Fund Balances

Fund balances at June 30, 2023 included the following individual fund deficits:

Nonmajor funds	Deficit	
Elementary and Secondary		
School Emergency Relief (ESSER)	\$	984,629
IDEA, Part B Special Education		613,487
Limited English Proficiency		50,981
Title I		380,639
IDEA, Part B Preschool Stimulus		58,620
Improving Teacher Quality		97,258
Student Support and Academic Enrichment		15,950
Total	\$	2,201,564

The general fund is liable for any deficit in these funds and provides transfers when cash is required, not when accruals occur. The deficit fund balances resulted from adjustments for accrued liabilities.

NOTE 4 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts. Interim monies may be deposited or invested in the following securities:

- 1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
- Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

- 4. Bonds and other obligations of the State of Ohio, and with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio, if training requirements have been met;
- 5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
- 6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- 7. The State Treasurer's investment pool, the State Treasury Asset Reserve of Ohio (STAR Ohio); and,
- 8. Certain bankers' acceptances for a period not to exceed one hundred eighty days) and commercial paper notes (for a period not to exceed two hundred seventy days) in an amount not to exceed 40 percent of the interim monies available for investment at any one time if training requirements have been met.

Protection of the deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Except as noted above, an investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Deposits with Financial Institutions

At June 30, 2023, the carrying amount of all District deposits was \$15,154,448 and the bank balance of all District deposits was \$16,069,504. Of the bank balance, \$500,000 was covered by the FDIC and \$15,569,504 was collateralized through the OPCS.

Custodial credit risk is the risk that, in the event of bank failure, the District will not be able to recover deposits or collateral securities that are in the possession of an outside party. The District has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or protected by (1) eligible securities pledged to the School District and deposited with a qualified trustee by the financial institution as security for repayment whose fair value at all times shall be at least 105 percent of the deposits being secured, or (2) participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total fair value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State. For 2023, the District's financial institutions collateralized the District's deposits at a rate of 102 percent through the OPCS. Although all statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the District to a successful claim by the FDIC.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

B. Investments

As of June 30, 2023, the District had the following investments and maturities:

			Investment Maturities									
Measurement/	Μ	leasurement	6	months or		7 to 12		13 to 18		19 to 24	(Greater Than
Investment type		Value		less		months		months		months		24 months
Fair Value:												
FHLB	\$	4,043,869	\$	-	\$	740,588	\$	1,559,341	\$	751,670	\$	992,270
FFCB		952,158		-		-		-		-		952,158
FHLMC		495,680		-		-		495,680				
Municipal bonds		1,143,199		843,712		-		-		-		299,487
U.S. Treasury Notes		2,467,676		-		2,467,676		-		-		-
Negotiable CD's		7,473,129		981,913		1,454,142		1,712,418		2,136,114		1,188,542
Commercial paper		8,696,885		7,534,397		1,162,488		-		-		-
U.S. Treasury bills		3,409,287		3,409,287		-		-		-		-
U.S. government money												
market mutual funds		2,708,874		2,708,874		-		-		-		-
Amortized Cost:												
STAR Ohio		117,824		117,824		-		-				_
Total	\$	31,508,581	\$	15,596,007	\$	5,824,894	\$	3,767,439	\$	2,887,784	\$	3,432,457

The weighted average maturity of investments is 0.88 years.

The District's investments in U.S. Government money market mutual funds are valued using quoted market prices in active markets (Level 1 inputs). The District's investments in federal agency securities (FHLB and FFCB), commercial paper, municipal bonds, U.S. Treasury notes, U.S. Treasury bills, and negotiable CD's are valued using quoted prices in markets that are not considered to be active, dealer quotations or alternative pricing sources for similar assets or liabilities for which all significant inputs are observable, either directly or indirectly (Level 2 inputs).

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates and according to State law, the District's investment policy limits investment portfolio maturities to five years or less. The District's investment policy also requires that the investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments. The stated intent of the policy is to avoid the need to sell securities prior to maturity.

Credit Risk: The District's investments in federal agency securities (FHLB and FFCB), U.S. Treasury notes and U.S. Treasury bills were rated AA+ and Aaa by Standard & Poor's and Moody's Investor Services, respectively. The commercial paper was rated P-1 and A-1 / A-1+ by Moody's and Standard & Poor's, respectively. The municipal bonds were rated AA and AA2 by Standard & Poor's and Moddy's Investor Services, respectively. STAR Ohio and the U.S. government money market mutual funds were rated AAAm by Standard & Poor's. STAR Ohio must maintain the highest letter or numerical rating provided by at least one nationally recognized standard service. The negotiable CD's were not rated but are fully covered by the FDIC. The District has no investment policy that would further limit its investment choices.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The federal agency securities (FHLB and FFCB), municipal bonds, U.S. Treasury notes, and commercial paper are exposed to custodial credit risk in that they are uninsured, unregistered and held by the counterparty's trust department or agent, but not in the District's name. The District has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the treasurer or qualified trustee. The negotiable CD's were covered by the FDIC

Concentration of Credit Risk: The District places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the District at June 30, 2023:

Measurement/	Measurement		
Investment type		Value	% of Total
Fair Value:			
FHLB	\$	4,043,869	12.83
FFCB		952,158	3.02
FHLMC		495,680	1.57
Muni Bonds		1,143,199	3.63
U.S. Treasury notes		2,467,676	7.83
Negotiable CD's		7,473,129	23.72
Commercial paper		8,696,885	27.60
U.S. Treasury bills		3,409,287	10.82
U.S. government money market mutual funds		2,708,874	8.60
Amortized Cost:		<i>, ,</i>

	\$	31,508,581	100.00

C. Reconciliation of Cash and Investments to the Statement of Net Position

The following is a reconciliation of cash and investments as reported in the note above to cash and investments as reported on the statement of net position as of June 30, 2023:

\$	15,154,448
	31,508,581
\$	46,663,029
¢	46 520 702
\$	46,538,703
	124,326
\$	46,663,029
	\$ \$

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 5 - INTERFUND TRANSACTIONS

A. Interfund loans receivable/payable consisted of the following at June 30, 2023, as reported on the fund statements:

Receivable fund	Payable fund	Amount
General fund	Nonmajor governmental funds	\$ 2,815,166
Bond retirement	Nonmajor governmental funds	600,000
Total		\$ 3,415,166

The primary purpose of the interfund balances is to cover costs in specific funds where revenues were not received by June 30. These interfund balances will be repaid once the anticipated revenues are received. The interfund receivable in the general fund represents \$2,815,166 loaned from the general fund to nonmajor governmental funds. In addition, the District has \$600,000 in manuscript debt from the bond retirement fund to the permanent improvement fund (a nonmajor governmental fund). The debt provided temporary funding for constructing, renovating, remodeling, adding to, furnishing, equipping, and otherwise improving District buildings and facilities until funds are received. The manuscript debt has a maturity date of April 1, 2024 and bears an annual interest rate of 3 percent. Interfund loans between governmental funds are eliminated on the government-wide financial statements.

B. Interfund transfers for the year ended June 30, 2023, consisted of the following, as reported on the fund financial statements:

	Amount
Transfers from general fund to:	
Nonmajor governmental funds	\$ 407,880

Transfers are used to move revenues from the fund that statute or budget required to collect them to the fund that statute or budget requires to expend them and to use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. Interfund transfers between governmental funds are eliminated on the government-wide financial statements; therefore, no transfers are reported on the statement of activities.

NOTE 6 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the District fiscal year runs from July through June. First half tax collections are received by the District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real property and public utility property. Real property tax revenues received in calendar year 2023 represent the collection of calendar year 2022 taxes. Real property taxes received in calendar year 2023 were levied after April 1, 2022, on the assessed values as of January 1, 2022, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised fair value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, as was seen during fiscal year 2023, State statute permits alternate payment dates to be established as Cuyahoga County received approval from the Ohio Tax Commissioner to extend the due date of the second half 2022 real estate tax payments for 28 days.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 6 - PROPERTY TAXES - (Continued)

Public utility property tax revenues received in calendar year 2023 represent the collection of calendar year 2022 taxes. Public utility real and personal property taxes received in calendar year 2023 became a lien on December 31, 2021, were levied after April 1, 2022, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

The District receives property taxes from Cuyahoga County. The County Fiscal Officer periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2023, are available to finance fiscal year 2023 operations. The amount available as an advance at June 30, 2023 was \$4,004,435 in the general fund, \$559,280 in the bond retirement fund, and \$103,710 in the permanent improvement fund (a nonmajor governmental fund). This amount is recorded as revenue. The amount available for advance at June 30, 2022 was \$4,517,489 in the general fund, \$630,936 in the bond retirement fund and \$116,998 in the permanent improvement fund (a nonmajor governmental fund). The amount of second-half real property taxes available for advance at fiscal year-end can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property, public utility property and delinquent tangible personal property taxes which are measurable as of June 30, 2023 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows.

On the accrual basis of accounting, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis of accounting the revenue has been reported as a deferred inflow.

The assessed values upon which the fiscal year 2023 taxes were collected are:

	2022 Second Half Collection	-	2023 First Half Collections			
	Amount	Percent	Amount	Percent		
Agricultural/residential and other real estate Public utility personal	\$ 1,732,088,240 	97.85 \$ 2.15	1,737,447,280 39,995,150	97.75 2.25		
Total	\$ 1,770,097,960	100.00 \$	1,777,442,430	100.00		
Tax rate per \$1,000 of assessed valuation	5	\$ 69.70		\$ 68.80		

NOTE 7 - RECEIVABLES

A. Receivables

Receivables at June 30, 2023 consisted of taxes, accounts (billings for user charged services, rentals and student fees), accrued interest and intergovernmental grants and entitlements. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs and the current year guarantee of federal funds.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 7 – RECEIVABLES - (Continued)

A summary of the principal items of receivables reported on the statement of net position follows:

Governmental activities	
Property taxes	\$ 50,910,785
Accounts	391,493
Intergovernmental	2,472,711
Accrued interest	102,693
Total governmental activities	\$ 53,877,682

Receivables have been disaggregated on the face of the basic financial statements. All receivables are expected to be collected within the subsequent year.

B. Leases Receivable

The District is reporting leases receivable of \$362,969 in the general fund. For fiscal year 2023, the District recognized lease revenue of \$9,932, which is reported in rental income, and interest revenue of \$18,940. The District is lessor of certain property in the following lease agreement:

	Lease		Lease	
	Commencement		End	Payment
Purpose	Date	Years	Date	Method
Cell tower land use	1998	60	2058	Monthly

Lease payments will be paid into the general fund. The following is a schedule of future lease payments under the lease agreement:

Fiscal Year	 Principal	_	Interest	_	Total
2024	\$ -	\$	16,560	\$	16,560
2025	-		16,560		16,560
2026	-		16,560		16,560
2027	-		16,560		16,560
2028	-		17,388		17,388
2029 - 2033	-		96,172		96,172
2034 - 2038	-		110,596		110,596

2049 - 2053	112,105		56,119		168,224
2054 - 2058	 158,666		20,086		178,752
Total	\$ 362,969	\$	547,891	\$	910,860

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 8 - FINANCED PURCHASE NOTE PAYABLE

In fiscal year 2018, the District entered into a financed purchase note payable agreement for the acquisition of buses. Financed purchase note payable payments have been reclassified and are reflected as debt service expenditures in the statement of revenues, expenditures and changes in fund balances (nonmajor governmental funds). These expenditures are reflected as program/function expenditures on a budgetary basis in the permanent improvement fund (a nonmajor governmental fund).

Principal payments in the 2023 fiscal year totaled \$141,000. This amount is reflected as debt service principal retirement in the permanent improvement fund (a nonmajor governmental fund) and as a reduction to the long-term liabilities reported on the statement of net position.

NOTE 9 - CAPITAL ASSETS

Due to the implementation of GASB Statement No. 96 (see Note 3.A for detail), the District has reported capital assets for the right to use computer software which is reflected in the schedule below. Capital asset activity for the fiscal year ended June 30, 2023, was as follows:

	Restated Balance June 30, 2022	Additions	Deductions	Balance June 30, 2023
Governmental activities: <i>Capital assets, not being depreciated/amortized:</i>				
Land	\$ 2,576,787	\$ -	\$ -	\$ 2,576,787

Total long-term liabilities	\$ 148,310,587	\$ 22,035,573	\$ (5,697,154)	\$ 164,649,006	\$ 3,635,922

All general obligation bonds will be paid from property taxes in the bond retirement fund.

School Improvement Bonds - Series 2010

On August 10, 2010, the District issued \$84,055,000, in general obligation school improvement bonds, including \$15,630,000 in serial bonds, \$57,165,000 in term Build America Bonds (BABs) and \$11,260,000 in sinking fund Qualified School Construction Bonds (QSCBs). Proceeds from the bond issue were used to construct, renovate, remodel, add to, furnish, equip or otherwise improve school district buildings and facilities. The bonds were sold at a premium of \$1,385,761. Principal payments on the bonds are due December 1 of each year while interest payments are due on June 1 and December 1 of each year. During 2015, a portion of the serial bonds, in the amount of \$2,830,000 were refunded through the issuance of the series 2014 restructuring bonds and the entire balance of the BABs, in the amount of \$57,165,000, were refunded through the issuance of the series 2014 refunding bonds.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 10 - LONG-TERM OBLIGATIONS - (Continued)

The QSCBs mature on December 1, 2026 in the amount of \$11,260,000. The QSCBs bear an interest rate of 5.227 percent. The District receives a direct payment subsidy from the United States Treasury equal to 100% of the lesser of the interest payments on the bonds or the federal tax credits that would otherwise have been available to the holders of the bonds. The District records this subsidy from the federal government in the Bond Retirement fund. The QSCBs are subject to optional redemption, on any date on or after December 31, 2020, and extraordinary optional redemption, at the sole discretion of the District, at a redemption price equal to 100% of the principal amount redeemed, plus accrued interest to the redemption date. On December 1 in each year 2020 through 2026, the District is required to make a mandatory deposit into a sinking fund that will provide for payment of the QSCBs upon maturity. The QSCBs are subject to mandatory sinking fund requirements as follows:

Year	Mandatory Sinking Fund <u>Requirement</u>					
2020	\$ 1,295,000					
2021	1,490,000					
2022	1,530,000					
2023	1,565,000					
2024	1,755,000					
2025	1,795,000					
2026	1,830,000					
Total	<u>\$ 11,260,000</u>					

School Improvement Restructuring Bonds - Series 2014

On July 22, 2014, the District issued \$2,830,000, in general obligation restructuring bonds. These bonds are serial bonds with interest rates varying from 2.29 percent to 4.50 percent. The final stated maturity on the issue is December 1, 2025. Proceeds were used to restructure \$2,830,000 of the outstanding 2010 school improvement serial bonds.

Proceeds of \$2,995,303 (including District contributions of \$203,803 less underwriting fees and other issuance costs) were deposited in an irrevocable trust with an escrow agent to provide for all future debt payments on the restructured portion of the 2010 school improvement serial bonds. As a result, \$2,830,000 of these bonds were considered defeased and the liability for the refunding portion of these bonds has been removed from the basic financial statements. The restructured bonds were retired during fiscal year 2017.

The reacquisition price exceeded the net carrying amount of the old debt by \$165,303. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is equal to the life of the new debt issued.

School Improvement Refunding Bonds - Series 2014

On December 11, 2014, the District issued \$55,700,000, in general obligation refunding bonds, which included \$33,210,000 in serial bonds and \$22,490,000 in term bonds with interest rates varying from 2.0 percent to 5.0 percent. The final stated maturity on the issue is December 1, 2043. Proceeds were used to advance refund \$57,165,000 of the outstanding 2003 school improvement BAB's. During 2022, the entire balance of the serial bonds (\$33,060,000) and a portion of the term bonds (\$13,975,000) were refunded through the issuance of the Series 2022 School Improvements Refunding Bonds. At June 30, 2023, the remaining liability on the Series 2014 School Improvement Refunding Bonds consisted of term bonds in the amount of \$8,515,000.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 10 - LONG-TERM OBLIGATIONS - (Continued)

The original Series 2014 bonds were sold at a premium of \$2,517,550. Proceeds of \$57,716,291 (after the underwriting fees and other issuance costs) were deposited in an irrevocable trust with an escrow agent to provide for all future debt payments on the refunded 2010 school improvement BAB's. As a result, \$57,165,000 of these bonds were considered defeased and the liability for the refunding portion of these bonds has been removed from the basic financial statements. As of June 30, 2023, the outstanding amount of the refunded bonds is \$57,165,000.

The remaining term bonds are subject to mandatory sinking fund redemption as follows:

	N	landatory				
	Sin	iking Fund				
Year	Re	Redemption				
2038	\$	4,025,000				
2039		2,165,000				
2040		2,325,000				
Total	\$	8,515,000				

School Improvement Refunding Bonds - Series 2021

On October 19, 2021, the District issued \$76,450,000, in general obligation refunding bonds, which included \$42,525,000 in serial bonds, \$33,925,000 in term bonds, and \$1,595,000 in capital appreciation bonds with an interest rate of 4.0 percent. The final stated maturity on the issue is December 1, 2050. Proceeds were used to refund \$3,275,000 of the outstanding Series 2011 School Improvement Refunding Bonds, \$47,035,000 of the outstanding Series 2014 School Improvement Refunding Series 2016 School Improvement Bonds, and \$22,900,000 of the outstanding Series 2017 School Improvement Bonds.

The serial bonds were issued for a 16-year period with a final maturity at December 1, 2038. The term bonds have a final maturity of December 1, 2050. The capital appreciation bonds were issued for a 9-year period with a final maturity at December 1, 2031 in the amount of \$1,595,000. At June 30, 2023, a total of \$615,939 in accreted interest has been recorded on the capital appreciation bonds. The bonds are being retired from the bond retirement fund. The 2021 school improvement refunding bonds are not subject to redemption prior to stated maturity.

The bonds were sold at a premium of \$9,252,986. Proceeds of \$86,537,485 (after the underwriting fees and other issuance costs) and a District contribution of \$2,000,000 were deposited in an irrevocable trust with an escrow agent to provide for all future debt payments on the refunded bonds previously mentioned. As a result, \$81,995,000 of these bonds were considered defeased and the liability for the refunding portion of these bonds has been removed from the basic financial statements.

The reacquisition price exceeded the net carrying amount of the old debt (including unamortized premiums and unamortized deferred charges) by \$4,241,897. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is equal to the life of the new debt issued. The refunding was undertaken to reduce total debt service requirements by \$10,263,529 resulting in an economic gain of \$8,276,446.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 10 - LONG-TERM OBLIGATIONS - (Continued)

Future Debt Service Requirements

Principal and interest requirements to retire general obligation bonds outstanding at June 30, 2023, are as follows:

Fiscal	General Obligation Bonds		Capital Appreciation Bonds			_	Total				
<u>Year Ending,</u>	_	Principal	 Interest		Principal	_	Interest	_	Principal	_	Interest
2024	\$	3,475,000	\$ 6,538,180	\$	-	\$	-	\$	3,475,000	\$	6,538,180

2049 - 2050		3,690,000	 149,400		-		-		3,690,000		149,400
Total	\$	90,005,000	\$ 53,526,421	\$	1,595,000	\$	6,520,000	\$	91,600,000	\$	60,046,421

Net Pension Liability

The District pays obligations related to employee compensation from the fund benefitting from their service which, for the District, is primarily the general fund. See Note 13 for further detail on the District's net pension liability.

Net OPEB Liability/Asset

The District pays obligations related to employee compensation from the fund benefitting from their service which, for the District, is primarily the general fund. See Note 14 for further detail on the District's net OPEB liability/asset.

Financed purchase note payable

See Note 8 for further detail on the District's financed purchase note payable.

SBITAs Payable

The District has entered into SBITAs for the right-to-use certain computer software. Due to the implementation of GASB Statement No. 96, the District reports an intangible capital asset and corresponding SBITA liability for the future scheduled payments under the arrangements. The District has obtained the right-to-use computer software through the following SBITAs:

	SBITA Commencement	Term	SBITA End	Payment
Purpose	Date	(Years)	Date	Method
Computer software	2022	3	2027	Annual
Computer software	2022	3	2025	Annual
Computer software	2022	2	2024	Annual

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 10 - LONG-TERM OBLIGATIONS - (Continued)

SBITA payments are paid from the general fund. The following is a schedule of future payments under the SBITAs:

Fiscal Year	Principal		Interest		Total		
2024	\$	40,450	\$	3,050	\$	43,500	
2024		41,679		1,821		43,500	
2024		8,947		553		9,500	
2025		9,220		280		9,500	
Total	\$	100,296	\$	5,704	\$	106,000	

Compensated Absences

Compensated absences will be paid from the general fund and the following nonmajor governmental funds: food service fund, auxiliary services fund, IDEA Part B special education fund, Title I fund and the early childhood educational development fund.

Legal Debt Margin

The Ohio Revised Code provides that voted net general obligation debt of the District shall never exceed 9% of the total assessed valuation of the District. The code further provides that unvoted indebtedness shall not exceed 1/10 of 1% of the property valuation of the District. The code additionally states that unvoted indebtedness related to energy conservation debt shall not exceed 9/10 of 1% of the property valuation of the District. The assessed valuation used in determining the District's legal debt margin has been modified by House Bill 530 which became effective March 30, 2006. In accordance with House Bill 530, the assessed valuation used in the District's legal debt margin calculation excluded tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, and personal property owned or leased by a railroad company and used in railroad operations. The effects of these debt limitations at June 30, 2023, are a voted debt margin of \$78,513,997 including available funds of \$10,144,178 and an unvoted debt margin of \$1,777,442.

NOTE 11 - OTHER EMPLOYEE BENEFITS

A. Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified employees earn ten to twenty-one days of vacation per year, depending upon type of contract, length of service and hours worked. Teachers and administrators who are not on a twelve-month contract do not earn vacation time. Administrators employed to work 260 days per year earn vacation annually as specified in their individual contracts. Classified employees and administrators who earn vacation are paid for accumulated unused vacation time upon termination of employment. Teachers, administrators and classified employees earn sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated to a maximum of 325 days for classified employees. The certified employees' sick leave accrual is continuous, without limit. Upon retirement, certified employees receive payment for one-fourth of the total sick leave accumulation, up to a maximum accumulation of 260 days. Classified employees receive payment for one-fourth of the total sick leave accumulation, up to a maximum accumulation of 260 days. In addition, the classified employee may qualify based on sick leave usage to receive 10% of his/her unused days accumulated but unused during the last five years of employment. Administrative employees with five or more years of service receive payment for one-fourth of the total sick leave accumulation, up to a maximum accumulation of 260 days. In addition, administrative employees with 10 or more years of service receive an additional 10 days for every year worked in excess of 10 years to a maximum of 30 additional days.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 11 - OTHER EMPLOYEE BENEFITS - (Continued)

B. Insurance Benefits

The District provides term life insurance and accidental death and dismemberment insurance to eligible employees through Anthem Life Insurance, in the amount of \$50,000 or \$25,000 for all certified employees depending upon full and part time teaching, \$50,000 or \$30,000 for all noncertified employees depending upon the number of years each employee worked, and \$100,000 for each administrator except the superintendent and treasurer which are three times annual compensation and \$300,000, respectively.

NOTE 12 - RISK MANAGEMENT

A. Property and Liability

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For fiscal year 2023, the District is contracted with the Ohio School Plan to provide property, fleet and liability insurance, as well as boiler and machinery coverage. There is a \$1,000 deductible with an agreed value co-insurance for property and a \$1,000 deductible for boiler and machinery coverage. There is no deductible for general liability.

General liability is provided by Ohio School Plan with a \$5,000,000 single occurrence limit, a \$7,000,000 aggregate limit in addition to a \$5,000,000 excess coverage policy. Employee dishonesty coverage is also provided by the Ohio School Plan with a \$1,000 deductible. Vehicles are covered by the Ohio School Plan and have a \$250 deductible for comprehensive and \$500 deductible for collision; buses have a \$1,000 deductible for comprehensive and \$1,000 deductible liability has a \$5,000,000 combined single limit of liability excluding the excess coverage indicated above.

Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. There was no significant reduction in coverage from the prior year.

B. Employee Medical Benefits

The District is a member of the Suburban Health Consortium, a shared risk pool (Note 2.A.) to provide employee medical, surgical, prescription drug, vision and dental benefits. Rates are set through an annual calculation process. The District pays a monthly contribution which is placed in a common fund from which the claim payments are made for all participating districts. For fiscal year 2023, the District paid either 85% or 95% (for employees who choose a higher deductible plan) of the cost of the monthly insurance premium for certified, classified and administrative employees.

C. Workers' Compensation

The District pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs. During fiscal year 2023, the District was enrolled in a Group Retrospective rating program offered by the Ohio Bureau of Worker's Compensation and administered by CompManagement Inc.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 13 - DEFINED BENEFIT PENSION PLANS

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

Net Pension Liability/Net OPEB Liability/Asset

The net pension liability and the net OPEB liability/asset reported on the statement of net position represents a liability or asset to employees for pensions and OPEB, respectively.

Pensions and OPEB are a component of exchange transactions-between an employer and its employees-of salaries and benefits for employee services. Pensions/OPEB are provided to an employee-on a deferred-payment basis-as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension/OPEB liability (asset) represent the District's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

The Ohio Revised Code limits the District's obligation for this liability to annually required payments. The District cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the District does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require, the retirement systems to provide healthcare to eligible benefit recipients.

The remainder of this note includes the required pension disclosures. See Note 14 for the required OPEB disclosures.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension/OPEB liability (asset)* on the accrual basis of accounting. Any liability for the contractually required pension contribution outstanding at the end of the year is included in pension and postemployment benefits payable on both the accrual and modified accrual bases of accounting.

Plan Description - School Employees Retirement System (SERS)

Plan Description - The District's non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at <u>www.ohsers.org</u> under Employers/Audit Resources.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire after August 1, 2017			
Full benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit			
Actuarially reduced benefits	Age 60 with 5 years of service credit; or Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit			

* Members with 25 years of service credit as of August 1, 2017 will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service; 2.2% for the first thirty years of service and 2.5% for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost-of-living adjustment (COLA) on the first anniversary date of the benefit. Beginning April 1, 2018, new benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. A three-year COLA suspension was in effect for all benefit recipients for the years 2018, 2019, and 2020. Upon resumption of the COLA, it will be indexed to the percentage increase in the CPI-W, not to exceed 2.5% and with a floor of 0%. In 2022, the Board of Trustees approved a 2.5% cost-of-living adjustment (COLA) for eligible retirees and beneficiaries in 2023.

Funding Policy - Plan members are required to contribute 10.00% of their annual covered salary and the District is required to contribute 14.00% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10.00% for plan members and 14.00% for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2023, the allocation to pension, death benefits, and Medicare B was 14.00%. For fiscal year 2023, the Retirement Board did not allocate any employer contribution to the Health Care Fund.

The District's contractually required contribution to SERS was \$1,303,535 for fiscal year 2023. Of this amount, \$76,716 is reported as pension and postemployment benefits payable.

Plan Description - State Teachers Retirement System (STRS)

Plan Description - Licensed teachers participate in STRS, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS website at www.strsoh.org.

New members have a choice of three retirement plans: a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined (CO) Plan. Benefits are established by Ohio Revised Code Chapter 3307.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.20% of final average salary for the five highest years of earnings multiplied by all years of service. Eligibility changes will be phased in until August 1, 2023, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 35 years of service credit and at least age 60.

Eligibility changes for DB Plan members who retire with actuarially reduced benefits will be phased in until August 1, 2023 when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit regardless of age.

The DC Plan allows members to place all of their member contributions and 9.53% of the 14% employer contributions into an investment account. The member determines how to allocate the member and employer money among various investment choices offered by STRS Ohio. The remaining 4.47% of the 14% employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12% of the 14% member rate goes to the DC Plan and the remaining 2% is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity after termination of employment at age 50 and after termination of employment.

New members who choose the DC Plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service, who is determined to be disabled, may qualify for a disability benefit. New members, on or after July 1, 2013, must have at least ten years of qualifying service credit to apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The fiscal year 2023 employer and employee contribution rate of 14% was equal to the statutory maximum rates. For fiscal year 2023, the full employer contribution was allocated to pension.

The District's contractually required contribution to STRS was \$3,752,805 for fiscal year 2023. Of this amount, \$633,128 is reported as payable/pension and postemployment benefits payable.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating entities.

Following is information related to the proportionate share and pension expense:

	SERS	STRS	Total
Proportion of the net pension			
liability prior measurement date	0.254798600%	0.197286136%	
Proportion of the net pension			
liability current measurement date	0.233654000%	<u>0.195546800</u> %	
Change in proportionate share	- <u>0.021144600</u> %	- <u>0.001739336</u> %	
Proportionate share of the net			
pension liability	\$ 12,637,826	\$ 43,470,300	\$ 56,108,126
Pension expense	\$ 353,485	\$ 4,569,135	\$ 4,922,620

At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	SERS		 STRS	 Total
Deferred outflows of resources				
Differences between expected and				
actual experience	\$	511,843	\$ 556,478	\$ 1,068,321
Net difference between projected and				
actual earnings on pension plan investments			1,512,668	1,512,668
Changes of assumptions		124,699	5,202,088	5,326,787
Difference between employer contributions				
and proportionate share of contributions/				
change in proportionate share		250,206	40,341	290,547
Contributions subsequent to the				
measurement date		1,303,535	 3,752,805	 5,056,340
Total deferred outflows of resources	\$	2,190,283	\$ 11,064,380	\$ 13,254,663

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

	SERS		STRS	Total
Deferred inflows of resources				
Differences between expected and				
actual experience	\$	82,965	\$ 166,288	\$ 249,253
Net difference between projected and				
actual earnings on pension plan investments		441,005	-	441,005
Changes of assumptions		-	3,915,677	3,915,677
Difference between employer contributions				
and proportionate share of contributions/				
change in proportionate share		761,810	 622,136	 1,383,946
Total deferred inflows of resources	\$	1,285,780	\$ 4,704,101	\$ 5,989,881

\$5,187,459 reported as deferred outflows of resources related to pension resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2024.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	 SERS	ERS STRS		Total	
Fiscal Year Ending June 30:					
2024	\$ (84,243)	\$	(182,684)	\$	(266,927)
2025	(417,680)		(296,102)		(713,782)
2026	(629,981)		(1,322,335)		(1,952,316)
2027	 732,872		4,408,595		5,141,467
Total	\$ (399,032)	\$	2,607,474	\$	2,208,442

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2022, are presented below:

Wage inflation:	
Current measurement date	2.40%
Prior measurement date	2.40%
Future salary increases, including inflation:	
Current measurement date	3.25% to 13.58%
Prior measurement date	3.25% to 13.58%
COLA or ad hoc COLA:	
Current measurement date	2.00%
Prior measurement date	2.00%
Investment rate of return:	
Current measurement date	7.00% net of system expenses
Prior measurement date	7.00% net of system expenses
Discount rate:	
Current measurement date	7.00%
Prior measurement date	7.00%
Actuarial cost method	Entry age normal (level percent of payroll)

In 2022, mortality rates were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

In the prior measurement date, mortality rates were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

The most recent experience study was completed for the five-year period ended June 30, 2020.

The long-term return expectation for the Pension Plan Investments has been determined using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	2.00 %	(0.45) %
US Equity	24.75	5.37
Non-US Equity Developed	13.50	6.22
Non-US Equity Emerging	6.75	8.22
Fixed Income/Global Bonds	19.00	1.20
Private Equity	11.00	10.05
Real Estate/Real Assets	16.00	4.87
Multi-Asset Strategy	4.00	3.39
Private Debt/Private Credit	3.00	5.38
Total	100.00 %	

Discount Rate - The total pension liability was calculated using the discount rate of 7.00%. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.00%). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.00%, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%), or one percentage point higher (8.00%) than the current rate.

		Current				
	19	6 Decrease	Di	scount Rate	19	% Increase
District's proportionate share						
of the net pension liability	\$	18,602,276	\$	12,637,826	\$	7,612,857

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

Actuarial Assumptions - STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the June 30, 2022, actuarial valuation are presented below:

	June 30, 2022	June 30, 2021
Inflation	2.50%	2.50%
Projected salary increases	Varies by service from 2.50% to 8.50%	12.50% at age 20 to
		2.50% at age 65
Investment rate of return	7.00%, net of investment expenses, including inflation	7.00%, net of investment expenses, including inflation
Discount rate of return	7.00%	7.00%
Payroll increases	3.00%	3.00%
Cost-of-living adjustments (COLA)	0.00%	0.00%

For the June 30, 2022 actuarial valuation, post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110% for males, projected forward generationally using mortality improvement scale MP-2020. Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95% for females, projected forward generationally using mortality improvement scale MP-2020. Post-retirement disabled mortality rates are based on Pub-2010 Teachers Disable Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

For the prior measurement date, post-retirement mortality rates are based on the RP-2014 Annuitant Mortality Tables with 50% of rates through age 69, 70% of rates between ages 70 and 79, 90% of rates between ages 80 and 84, and 100% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Tables, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Tables with 90% of rates for males and 100% of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2022 valuation are based on the results of an actuarial experience study for the period July 1, 2015 through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

STRS Ohio's investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation*	Long-Term Expected Real Rate of Return **
Domestic Equity	26.00 %	6.60 %
International Equity	22.00	6.80
Alternatives	19.00	7.38
Fixed Income	22.00	1.75
Real Estate	10.00	5.75
Liquidity Reserves	1.00	1.00
Total	100.00 %	

* Target allocation percentage is effective as of July 1, 2022. Target weights were phased in over a 3-month period concluding on October 1, 2022.

**10-Year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25% and is net of investment expenses. Over a 30-year period, STRS Ohio's investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with the rates described previously. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS Ohio's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2022. Therefore, the long-term expected rate of return on pension plan investments of 7.00% was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2022.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following table represents the net pension liability as of June 30, 2022, calculated using the current period discount rate assumption of 7.00%, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current assumption:

	Current					
	19	1% Decrease		scount Rate	1% Increase	
District's proportionate share						
of the net pension liability	\$	65,667,798	\$	43,470,300	\$	24,698,089

Changes Between Measurement Date and Reporting Date - STRS approved a one-time 1.00% cost-of-living adjustment to eligible benefit recipients effective July 1, 2023. It is unknown what effect this change will have on the net pension liability.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 14 - DEFINED BENEFIT OPEB PLANS

Net OPEB Liability/Asset

See Note 13 for a description of the net OPEB liability (asset).

Plan Description - School Employees Retirement System (SERS)

Health Care Plan Description - The District contributes to the SERS Health Care Fund, administered by SERS for noncertificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Annual Comprehensive Financial Report which can be obtained on SERS' website at <u>www.ohsers.org</u> under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14% of covered payroll to the Health Care Fund in accordance with the funding policy. For the fiscal year ended June 30, 2023, SERS did not allocate any employer contributions to post-employment health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2023, this amount was \$25,000. Statutes provide that no employer shall pay a health care surcharge greater than 2% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2023, the District's surcharge obligation was \$121,142.

The surcharge added to the allocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund. The District's contractually required contribution to SERS was \$121,142 for fiscal year 2023. Of this amount, \$121,142 is reported payable/pension and postemployment benefits payable.

Plan Description - State Teachers Retirement System (STRS)

Plan Description - The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 14 - DEFINED BENEFIT OPEB PLANS - (Continued)

Funding Policy - Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14% of covered payroll. For the fiscal year ended June 30, 2023, STRS did not allocate any employer contributions to post-employment health care.

OPEB Liabilities/Assets, **OPEB** Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability/asset was measured as of June 30, 2022, and the total OPEB liability/asset used to calculate the net OPEB liability/asset was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB liability/asset was based on the District's share of contributions to the respective retirement systems relative to the contributions of all participating entities.

Following is information related to the proportionate share and OPEB expense:

	SERS		STRS		Total	
Proportion of the net OPEB						
liability/asset prior measurement date	0.	252464600%	0	.197286136%		
Proportion of the net OPEB						
liability/asset current measurement date	0.1	235428400%	0	.195546800%		
Change in proportionate share	-0.	017036200%	-0	.001739336%		
Proportionate share of the net						
OPEB liability	\$	3,305,439	\$	-	\$	3,305,439
Proportionate share of the net						
OPEB asset	\$	-	\$	(5,063,357)	\$	(5,063,357)
OPEB expense	\$	(430,011)	\$	(1,011,561)	\$	(1,441,572)

At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	SERS		STRS	Total	
Deferred outflows of resources					
Differences between expected and					
actual experience	\$	27,788	\$ 73,403	\$	101,191
Net difference between projected and					
actual earnings on OPEB plan investments		17,176	88,140		105,316
Changes of assumptions		525,774	215,682		741,456
Difference between employer contributions					
and proportionate share of contributions/					
change in proportionate share		287,036	1,725		288,761
Contributions subsequent to the					
measurement date		121,142	 		121,142
Total deferred outflows of resources	\$	978,916	\$ 378,950	\$	1,357,866

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 14 - DEFINED BENEFIT OPEB PLANS - (Continued)

	SERS	STRS	Total
Deferred inflows of resources			
Differences between expected and			
actual experience	\$ 2,114,403	\$ 760,421	\$ 2,874,824
Net difference between projected and			
actual earnings on OPEB plan investments			-
Changes of assumptions	1,356,908	3,590,415	4,947,323
Difference between employer contributions			
and proportionate share of contributions/			
change in proportionate share	1,068,090	133,194	1,201,284
Total deferred inflows of resources	\$ 4,539,401	\$ 4,484,030	\$ 9,023,431

\$121,142 reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability/asset in the fiscal year ending June 30, 2024.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	SERS		STRS		Total	
Fiscal Year Ending June 30:						
2024	\$	(869,012)	\$	(1,260,434)	\$	(2,129,446)

Thereafter		(530,220)		(598,932)		(1,129,152)
Total	\$	(3,681,627)	\$	(4,105,080)	\$	(7,786,707)

Actuarial Assumptions - SERS

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 14 - DEFINED BENEFIT OPEB PLANS - (Continued)

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2022 are presented below:

Wage inflation:	
Current measurement date	2.40%
Prior measurement date	2.40%
Future salary increases, including inflation:	
Current measurement date	3.25% to 13.58%
Prior measurement date	3.25% to 13.58%
Investment rate of return:	
Current measurement date	7.00% net of investment
	expense, including inflation
Prior measurement date	7.00% net of investment
	expense, including inflation
Municipal bond index rate:	
Current measurement date	3.69%
Prior measurement date	1.92%
Single equivalent interest rate, net of plan investment expense,	
including price inflation:	
Current measurement date	4.08%
Prior measurement date	2.27%
Medical trend assumption:	
Current measurement date	7.00 to 4.40%
Prior measurement date	
Medicare	5.125 to 4.400%
Pre-Medicare	6.750 to 4.400%

In 2022, mortality rates were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

In the prior measurement date, mortality rates were based on the PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

The most recent experience study was completed for the five-year period ended June 30, 2020.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 14 - DEFINED BENEFIT OPEB PLANS - (Continued)

The long-term expected rate of return on plan assets is reviewed as part of the actuarial 5-year experience study. The most recent study covers fiscal years 2016 through 2020, and was adopted by the Board in 2021. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a long-normal distribution analysis in which best-estimate ranges of expected future real rates of return were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.00%, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant for inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	2.00 %	(0.45) %
US Equity	24.75	5.37
Non-US Equity Developed	13.50	6.22
Non-US Equity Emerging	6.75	8.22
Fixed Income/Global Bonds	19.00	1.20
Private Equity	11.00	10.05
Real Estate/Real Assets	16.00	4.87
Multi-Asset Strategy	4.00	3.39
Private Debt/Private Credit	3.00	5.38
Total	100.00 %	

Discount Rate - The discount rate used to measure the total OPEB liability at June 30, 2022, was 4.08%. The discount rate used to measure total OPEB liability prior to June 30, 2022, was 2.27%. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the contribution rate of 1.50% of projected covered payroll each year, which includes a 1.50% payroll surcharge and no contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to become insufficient to make all projected future benefit payments of current System members by SERS actuaries. The Municipal Bond Index Rate is used in the determination of the SEIR for both the June 30, 2022 and the June 30, 2021 total OPEB liability. The Municipal Bond Index rate is the single rate that will generate a present value of benefit payments equal to the sum of the present value determined by the long-term expected rate of return, and the present value determined by discounting those benefits after the date of depletion. The Municipal Bond Index Rate is 3.69% at June 30, 2022 and 1.92% at June 30, 2021.

Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates - The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability, what the net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.08%) and higher (5.08%) than the current discount rate (4.08%). Also shown is what the net OPEB liability would be based on health care cost trend rates that are 1 percentage point lower (6.00% decreasing to 3.40%) and higher (8.00% decreasing to 5.40%) than the current rate (7.00% decreasing to 4.40%).

Actuarial Assumptions - STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the June 30, 2022 actuarial valuation, compared with June 30, 2021 actuarial valuation, are presented below:

	June 30, 2022		June 30, 2021		
Inflation	2.50%		2.50%		
Projected salary increases	Varies by service from 2.50%		12.50% at age 20 to		
-	to 8.50%		2.50% at age 65		
Investment rate of return	7.00%, net of investment expenses, including inflation		7.00%, net of investment expenses, including inflation		
Payroll increases	3.00%		3.00%		
Cost-of-living adjustments (COLA)	0.00%		0.00%		
Discount rate of return	7.00%		7.00%		
Blended discount rate of return	N/A		N/A		
Health care cost trends					
	Initial	Ultimate	Initial	Ultimate	
Medical					
Pre-Medicare	7.50%	3.94%	5.00%	4.00%	
Medicare	-68.78%	3.94%	-16.18%	4.00%	
Prescription Drug					
Pre-Medicare	9.00%	3.94%	6.50%	4.00%	
Medicare	-5.47%	3.94%	29.98%	4.00%	

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For the June 30, 2022 actuarial valuation, for healthy retirees the post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110% for males, projected forward generationally using mortality improvement scale MP-2020; pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95% for females, projected forward generationally using mortality improvement scale MP-2020. For disabled retirees, mortality rates are based on the Pub-2010 Teachers Disabled Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 14 - DEFINED BENEFIT OPEB PLANS - (Continued)

For the prior measurement date, for healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Tables with 50% of rates through age 69, 70% of rates between ages 70 and 79, 90% of rates between ages 80 and 84, and 100% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Tables with 90% of rates for males and 100% of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2022 valuation are based on the results of an actuarial experience study for the period July 1, 2015 through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

Assumption Changes Since the Prior Measurement Date - The discount rate remained unchanged at 7.00% for the June 30, 2022 valuation.

Benefit Term Changes Since the Prior Measurement Date - Salary increase rates were updated based on the actuarial experience study for the period July 1, 2015 through June 30, 2021 and were changed from age based to service based.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation*	Long-Term Expected Real Rate of Return **
Domestic Equity	26.00 %	6.60 %
1 2		0.00
International Equity	22.00	6.80
Alternatives	19.00	7.38
Fixed Income	22.00	1.75
Real Estate	10.00	5.75
Liquidity Reserves	1.00	1.00
Total	100.00 %	

* Target allocation percentage is effective as of July 1, 2022. Target weights were phased in over a 3-month period concluding on October 1, 2022.

**10-Year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25% and is net of investment expenses. Over a 30-year period, STRS Ohio's investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate - The discount rate used to measure the total OPEB liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed STRS Ohio continues to allocate no employer contributions to the health care fund. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2022. Therefore, the long-term expected rate of return on health care fund investments of 7.00% was applied to all periods of projected health care costs to determine the total OPEB liability as of June 30, 2022.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 14 - DEFINED BENEFIT OPEB PLANS - (Continued)

Sensitivity of the District's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate - The following table represents the net OPEB asset as of June 30, 2022, calculated using the current period discount rate assumption of 7.00%, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

	Current									
	1%	6 Decrease	Dis	scount Rate	1% Increase					
District's proportionate share of the net OPEB asset	\$	4,688,763	\$	5,063,357	\$	5,390,930				
	1%	6 Decrease	T	Current Frend Rate	19	% Increase				
District's proportionate share of the net OPEB asset	\$	5,251,933	\$	5,063,357	\$	4,825,327				

NOTE 15 - CONTINGENCIES

A. Grants

The District receives significant financial assistance from numerous federal, State and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the District. However, in the opinion of management, any such disallowed claims will not have a material effect on the financial position of the District.

B. Litigation

The District is party to legal proceedings. The District is of the opinion that ultimate disposition of claims will not have a material effect, if any, on the financial condition of the District.

C. Foundation Funding

Foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. Traditional districts must comply with minimum hours of instruction, instead of a minimum number of school days each year. The funding formula the Ohio Department of Education (ODE) is legislatively required to follow will continue to adjust as enrollment information is updated by the District, which can extend past the fiscal year-end. As of the date of this report, ODE has finalized the impact of enrollment adjustments to the June 30, 2023 Foundation funding. The District had no material Foundation adjustments to report.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 16 - OTHER COMMITMENTS

The District utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed, or assigned classifications of fund balance. At year end, the District's commitments for encumbrances (net of amounts already included in payables) in the governmental funds were as follows:

	Y	Year-End
Fund	Enc	umbrances
General fund	\$	573,344
Bond retirement		4,100
Other governmental		1,922,455
Total	\$	2,499,899

NOTE 17 - SET-ASIDES

The District is required by State law to annually set-aside certain general fund revenue amounts, as defined by statutory formula, for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the year must be held in cash at fiscal year-end. This amount must be carried forward to be used for the same purpose in future years. Expenditures exceeding the set-aside requirement may not be carried forward to the next fiscal year. The following cash-basis information describes the change in the fiscal year-end set-aside amount for capital improvements. Disclosure of this information is required by State statute.

	(Capital
	Imp	rovements
Set-aside balance June 30, 2022	\$	-
Current year set-aside requirement		702,136
Current year qualifying expenditures	(1,244,200)
Total	\$	(542,064)
Balance carried forward to fiscal year 2024	\$	
Set-aside balance June 30, 2023	\$	_

NOTE 18 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

The statement of revenue, expenditures and changes in fund balance - budget and actual (non-GAAP budgetary basis) presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

(a) Revenues and other financing sources are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 18 - BUDGETARY BASIS OF ACCOUNTING - (Continued)

- (b) Expenditures and other financing uses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to assigned or committed fund balance for that portion of outstanding encumbrances not already recognized as an account payable (GAAP basis);
- (d) Advances-in and advances-out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis); and,
- (e) Some funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis).

The adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis for the general fund is as follows:

Net Change in Fund Balance

	Ge	eneral fund
Budget basis	\$	(705,994)
Net adjustment for revenue accruals		311,489
Net adjustment for expenditure accruals		(115,612)
Net adjustment for other sources/uses		1,199,671
Funds budgeted elsewhere		(4,730)
Adjustment for encumbrances		717,774
GAAP basis	<u>\$</u>	1,402,598

Certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. These include the public school support fund, the interdistrict summer school fund, the community education fund and the uniform school supplies fund.

NOTE 19 - TAX ABATEMENTS ENTERED INTO BY OTHER GOVERNMENTS

The City of Westlake has entered into property tax abatement agreements with property owners under the Ohio Community Reinvestment Area ("CRA") program with the taxing districts of the District. The CRA program are direct incentive tax exemption programs benefiting property owners who renovate or construct new buildings. Under this program, the other governments designated areas to encourage revitalization of the existing housing stock and the development of new structures. Due to the CRA agreements entered into by the City of Westlake, the District's property taxes were reduced by \$141,281 in fiscal year 2023. The District is not receiving any amounts from these other governments in association with the forgone property tax revenue.

SCHOOL EMPLOYEES RETIREMENT SYSTEM (SERS) OF OHIO

Changes in benefit terms:

- ^a There were no changes in benefit terms from the amounts reported for fiscal year 2014.
- ^a There were no changes in benefit terms from the amounts reported for fiscal year 2015.
- ^a There were no changes in benefit terms from the amounts reported for fiscal year 2016.
- ^a There were no changes in benefit terms from the amounts reported for fiscal year 2017.
- For fiscal year 2018, SERS changed from a fixed 3% annual increase to a Cost of Living Adjustment (COLA) based on the changes in the Consumer Price Index (CPI-W), with a cap of 2.5% and a floor of 0%.
- For fiscal year 2019, with the authority granted the Board under Senate Bill 8, the Board has enacted a three year COLA delay for future benefit receipients commencing benefits on or after April 1, 2018.
- ^a There were no changes in benefit terms from the amounts previously reported for fiscal year 2020.
- There were no changes in benefit terms from the amounts previously reported for fiscal year 2021.
- For fiscal year 2022, SERS changed from a Cost of Living Adjustment (COLA) of 2.5% to 2.0%.
- ^a There were no changes in benefit terms from the amounts reported for fiscal year 2023.

Changes in assumptions :

- ^a There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2014.
- ^a There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2015.
- ^a There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2016.
- For fiscal year 2017, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the assumed rate of inflation was reduced from 3.25% to 3.00%, (b) payroll growth assumption was reduced from 4.00% to 3.50%, (c) assumed real wage growth was reduced from 0.75% to 0.50%, (d) rates of withdrawal, retirement and disability were updated to reflect recent experience, (e) mortality among active members was updated to RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age setback for both males and females, (f) mortality among service retired members and beneficiaries was updated to the following RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates and 110% of female rates, (g) mortality among disabled members was updated to RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement and (h) the discount rate was reduced from 7.75% to 7.50%.
- ^a There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2018.
- ^a There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2019.
- ^a There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2020.
- There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2021.
- For fiscal year 2022, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) wage inflation decreased from 3.00% to 2.40%, (b) future salary increases changed from 3.50%-18.20% to 3.25%-13.58%, (c) investment rate of return decreased from 7.50% to 7.00%, (d) discount rate decreased from 7.50% to 7.00% and (e) mortality tables changed from the RP-2014 Blue Collar mortality table to the PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table.
- ^a There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2023.

OTHER POSTEMPLOYMENT BENEFITS (OPEB) (CONTINUED)

STATE TEACHERS RETIREMENT SYSTEM (STRS) OF OHIO

Changes in benefit terms:

^D There were no changes in benefit terms from the amounts previously reported for fiscal year 2017.

- ^o For fiscal year 2018, STRS reduced the subsidy multiplier for non-Medicare benefit recipients from 2.1% to 1.9% per year of service. Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 2019.
- ^D For fiscal year 2019, STRS increased the subsidy multiplier for non-Medicare benefit recipients from 1.9% to 1.944% per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased January 1, 2019 and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020.
- For fiscal year 2020, STRS increased the subsidy percentage from 1.944% to 1.984% effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.
- ^D For fiscal year 2021, the non-Medicare subsidy percentage was increased effective January 1, 2021 from 1.984% to 2.055% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.
- For fiscal year 2022, the non-Medicare subsidy percentage was increased effective January 1, 2022 from 2.055% to 2.100%. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D subsidy was updated to reflect it is expected to be negative in CY2022. The Part B monthly reimbursement elimination date was postponed indefinitely.
- ^a There were no changes in benefit terms from the amounts previously reported for fiscal year 2023.

Changes in assumptions :

- ^a There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2017.
- ^D For fiscal year 2018, the following changes of assumptions affected the total OPEB liability since the prior measurement date: (a) the discount rate was increased from 3.26% to 4.13% based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB), (b) the long term expected rate of return was reduced from 7.75% to 7.45%, (c) valuation year per capita health care costs were updated, and the salary scale was modified, (d) the percentage of future retirees electing each option was updated based on current data and the percentage of future disabled retirees and terminated vested participants electing health coverage were decreased and (e) the assumed mortality, disability, retirement, withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs.
- ^a For fiscal year 2019, the following changes of assumptions affected the total OPEB liability/asset since the prior measurement date: (a) the discount rate was increased from the blended rate of 4.13% to the long-term expected rate of return of 7.45% based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB) and (b) decrease in health care cost trend rates from 6.00%-11.00% initial; 4.50% ultimate down to Medical Pre-Medicare 6.00% and Medicare 5.00% initial; 4.00% ultimate and Prescription Drug Pre-Medicare 8.00% and Medicare (5.23%) initial; 4.00% ultimate.
- For fiscal year 2020, health care cost trend rates were changed to the following: medical pre-Medicare from 6.00% initial 4.00% ultimate down to 5.87% initial 4.00% ultimate; medical Medicare from 5.00% initial 4.00% ultimate down to 4.93% initial 4.00% ultimate; prescription drug pre-Medicare from 8.00% initial 4.00% ultimate down to 7.73% initial 4.00% ultimate and (5.23%) initial 4.00% ultimate.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION (CONTINUED) FOR THE FISCAL YEAR ENDED JUNE 30, 2023

OTHER POSTEMPLOYMENT BENEFITS (OPEB) (CONTINUED)

STATE TEACHERS RETIREMENT SYSTEM (STRS) OF OHIO (CONTINUED)

Changes in assumptions (continued):

- ^a For fiscal year 2021, health care cost trend rates were changed to the following: medical pre-Medicare from 5.87% initial 4.00% ultimate down to 5.00% initial 4.00% ultimate; medical Medicare from 4.93% initial 4.00% ultimate down to -6.69% initial 4.00% ultimate; prescription drug pre-Medicare from 7.73% initial 4.00% ultimate down to 6.50% initial 4.00% ultimate; prescription drug Medicare from 9.62% initial 4.00% ultimate up to 11.87% initial 4.00% ultimate.
- ^D For fiscal year 2022, the following changes of assumption affected the total OPEB liability since the prior measurement date: (a) the long-term expected rate of return was reduced from 7.45% to 7.00%, (b) the discount rate of return was reduced from 7.45% to 7.00% and (c) health care cost trend rates were changed to the following: medical Medicare from -6.69% initial 4.00% ultimate down to -16.18% initial 4.00% ultimate; prescription drug Medicare from 11.87% initial 4.00% ultimate up to 29.98% initial 4.00% ultimate.
- ^D For fiscal year 2023, the following changes of assumption affected the total OPEB liability since the prior measurement date: (a) projected salary increase went from 12.50% at age 20 to 2.50% at age 65 to varies by services from 2.50% to 8.50% and (b) health care cost trend rates were changed to the following: Pre-Medicare from 5.00% initial 4.00% ultimate to 7.50% initial 3.94% ultimate; medical Medicare from 16.18% initial 4.00% ultimate to -68.78% initial 3.94% ultimate; prescription drug Pre-Medicare from 6.50% initial 4.00% ultimate to 9.00% initial 3.94% ultimate; Medicare from 29.98% initial 4.00% ultimate to -5.47% initial 3.94% ultimate.

COMBINING STATEMENTS AND INDIVIDUAL FUND SCHEDULES

WESTLAKE CITY SCHOOL DISTRICT CUYAHOGA COUNTY, OHIO <u>MAJOR FUNDS</u>

General Fund

The general fund accounts for and reports all financial resources not accounted for and reported in another fund. NONMAJOR GOVERNMENTAL FUND DESCRIPTIONS

Nonmajor Special Revenue Funds

Special revenue funds are used to account for and report specific revenue sources that are restricted or committed to expenditure for a specific purpose. A description of the District's special revenue funds follows:

Food Service Fund

This fund accounts for the financial transactions related to the food service operations of the District.

Local Grants Fund

This fund accounts for monies received to promote community involvement and to support activities between the school and community. It includes monies contributed to the District to provide various scholarships for students in which the District has administrative involvement in the award process and the original contribution may be expended for this purpose.

Endowment Fund

This fund accounts for monies contributed to the District to provide various scholarships for students in which the District has administrative involvement in the award process and the original contribution is required to remain intact and only the earnings may be expenses for this purpose.

Professional Development Grant Fund

This fund accounts for grant monies that are legally restricted to expenditures for professional development.

Student Managed Activity Fund

This fund accounts for student activity programs which have student participation in the activity and have students involved in the management of the program but which the District had administrative involvement in the programs operations.

Athletic and Music Fund

This fund accounts for gate receipts and other revenues from athletic events and all costs (except supplemental coaching contracts) of the District's athletic program and transportation of the band to and from athletic events.

Auxiliary Services Fund

This fund accounts for funds which provide services and materials to pupils attending non-public schools within the District.

Data Communications Support Fund

This fund accounts for State monies received to provide Ohio Educational Computer Network Connections.

Student Wellness and Success Fund

This fund accounts for state monies distributed in accordance with ORC section 3317.26, that are restricted for specific purposes related to student wellness including mental health services, services for homeless youth, services for child welfare involved youth, community liaisons, physical health care services, mentoring programs, family engagement and support services, city connects programming, professional development regarding the provision of trauma informed care, and professional development regarding cultural competence.

Miscellaneous State Grants Fund

This fund accounts for State monies which support academic and enrichment programs for the student body.

Elementary and Secondary School Emergency Relief (ESSER) Fund

This fund accounts for federal monies to provide emergency relief grants to school districts related to the COVID-19 pandemic. Restrictions include, but are not limited to, providing for coordination of preparedness and response efforts, training and professional development of staff, planning and coordination during long-term closure, and purchasing technology for students.

IDEA, Part B Special Education Fund

This fund accounts for federal monies used to assist schools in the identification of handicapped children, development of procedural safeguards, implementation of least restrictive alternative service patterns, and provision of full educational opportunities to

Limited English Proficiency Fund

This fund accounts for federal monies used for instruction in the child's native language to the extent necessary to allow a child to achieve competence in English.

NONMAJOR GOVERNMENTAL FUND DESCRIPTIONS

Nonmajor Special Revenue Funds - (Continued)

Title I Fund

This fund accounts for federal revenues which support the implementation of a variety of programs such as computer education, gifted and talented programs, in-service and staff developments.

Student Support and Academic Enrichment

This fund accounts for federal monies to improve student's academic achievement by increasing the capacity of states, local education agencies (LEA's), schools, and the local communities to (1) provide all students with access to a well-rounded education, (2) improve school conditions for student learning, and (3) improve the use of technology in order to improve the academic achievement and digital literacy for all students.

Early Childhood Education Development Fund

This fund accounts for federal monies which partially support the preschool program focusing on the early education of handicapped children.

Supporting Effective Instruction Fund

This fund accounts for various monies to hire additional classroom teachers, so that the number of students per teacher will be reduced.

Miscellaneous Federal Grants Fund

This fund accounts for federal revenues which support the implementation of a variety of programs such as computer education, gifted and talented programs, in-service and staff developments.

The following funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis). These funds are not included in the combining statements for the nonmajor special revenue funds since they are reported in the general fund (GAAP basis); however, the budgetary schedules for these funds are presented in this section.

Uniform School Supplies Fund

This fund accounts for the purchase and sale of school supplies for use in the District. Profits derived from such sales are used for school purposes or activities connected with the school.

Interdistrict Summer School Fund

This fund accounts for tuition received from four surrounding school districts as well as Westlake City School District students for the purpose of summer school education.

Community Education Fund

This fund accounts for revenues and expenses involved in upgrading and retraining out-of-school youths and adults for the purpose of improving their skills and knowledge in their occupation or planned occupation.

Public School Support Fund

This fund accounts for school site sales revenue and expenditures for field trips, assemblies and other activity costs.

Nonmajor Capital Projects Fund

Capital project funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays including the acquisition or construction of capital facilities or and other capital assets.

Permanent Improvement Fund

This fund accounts for the acquisition and construction of permanent improvements as authorized by Chapter 5705, Revised Code.

Building Fund

This building fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays including the acquisition or construction of capital facilities or and other capital assets.

STATISTICAL SECTION

This part of the Westlake City School District's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

Contents	Page
Financial Trends These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.	144-155
Revenue Capacity These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.	156-163
Debt Capacity These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.	164-167
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	168-169
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.	170-179

Sources: Sources are noted on the individual schedules.

⁽¹⁾ The newly constructed 2019 Westlake Elementary replaced Bassett, Dover, Hilliard, and Holly Lane elementaries.

⁽²⁾ Building was demolished upon completion of the new Westlake High School.

⁽³⁾ In 2013, the new High School was built attached to the existing Performing Arts Center (1998) and next to the freestanding Field House (2004).

⁽⁴⁾ Former Lee Burneson Facility renamed to Dover Intermediate School- 2014

⁽⁵⁾ Former Administration Building was transferred to the City of Westlake- 2018

⁽⁶⁾ Bassett Elementary was taken offline and prepped for demolition in FY2021

⁽⁷⁾ Dover Elementary was demolished in FY2021

Note: Year of original construction is in parentheses. Year of major addition/renovation is in brackets. Increases in square footage and capacity are the result of renovations and additions. Capacity is defined by standardized guidelines. District exceeded those guidelines in some years.
