REPORT OF INDEPENDENT ACCOUNTANTS

Fort Morrow Consolidated Fire District
Marion County
PO Box 17
Waldo, Ohio 43356

To the Board of Trustees:

We have audited the accompanying financial statements of Fort Morrow Consolidated Fire District, Marion County, Ohio, (the District) as of and for the years ended December 31, 2001, and December 31, 2000. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the District prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balance of the District, as of December 31, 2001, and December 31, 2000, and its cash receipts and disbursements for the years then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated July 2, 2002 on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

This report is intended solely for the information and use of management, the Board of Trustees and other officials authorized to receive this report under § 117.26, Ohio Revised Code, and is not intended to be and should not be used by anyone other than these specified parties.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2001 AND 2000**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

Fort Morrow Consolidated Fire District, Marion County, Ohio, (the District) is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The District is directed by an appointed four-member Board of Trustees. One board member is appointed by each political subdivision within the District. Those subdivisions are Marlboro Township, Richland Township, Waldo Township, and the Village of Waldo. The District provides fire protection and rescue services within the District.

The District's management believes these financial statements present all activities for which the District is financially accountable.

B. Basis of Accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Cash

Certificates of deposit are valued at cost.

D. Budgetary Process

The Ohio Revised Code requires that the District budget annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the function and object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must also approve estimated resources.

D. Budgetary Process (Continued)

3. Encumbrances

The Ohio Revised Code requires the District to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are canceled and re-appropriated in the subsequent year.

A summary of 2001 and 2000 budgetary activity appears in Note 3.

E. Property, Plant and Equipment

Acquisitions of property, plant and equipment are recorded as capital outlay disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

2. CASH

The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of cash at December 31 follows:

	2001	2000
Demand deposits	56,212	181,872
Certificates of deposit	140,960	59,438
Total deposits	197,172	241,310

Deposits: Deposits are either insured by the Federal Depository Insurance Corporation or collateralized by securities specifically pledged by the financial institution to the District.

3. BUDGETARY ACTIVITY

Budgetary activity for the years ending December 31, 2001 and December 31, 2000 follows:

2001 Budgeted vs. Actual Receipts		
Budgeted	Actual	
Receipts	Receipts	Variance
\$105,000	\$117,855	\$12,855

2001 Budgeted vs. Actual Budgetary Basis Expenditures

4. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by Board of Trustees. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reflected in the accompanying financial statements as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to make semiannual payment, the first half is due December 31. The second half payment is due the following June 20.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the District.

5. RETIREMENT SYSTEM AND SOCIAL SECURITY

The District's officials and employees belong to either the Public Employees Retirement System (PERS) of Ohio or Social Security. PERS is a cost-sharing, multiple employer plan. PERS provides retirement benefits, including postretirement healthcare, and survivor and disability benefits, to participants as prescribed by the Ohio Revised Code.

Contribution rates are also prescribed by the Ohio Revised Code. For 2001 and 2000, members of PERS contributed 8.5% of their gross salaries. The District contributed an amount equal to 13.55% of participants' gross salaries through June 30, 2000. PERS temporarily reduced employer contributions to 8.13% effective July 1, 2000 through December 31, 2000. Social Security members contributed 6.2% of their gross salaries. The District has paid all contributions required through December 31, 2001.

6. RISK MANAGEMENT

The District has obtained commercial insurance for the following risks:

- Comprehensive property and general liability
- Vehicles
- Wrongful Acts; and
- Inland Marine

**REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON INTERNAL CONTROL
REQUIRED BY GOVERNMENT AUDITING STANDARDS**

Fort Morrow Consolidated Fire District
Marion County
PO Box 17
Waldo, Ohio 43356

To the Board of Trustees:

We have audited the accompanying financial statements of Fort Morrow Consolidated Fire District, Marion County, Ohio (the District), as of and for the years ended December 31, 2001 and December 31, 2000, and have issued our report thereon dated July 2, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of noncompliance that we have reported to management of the District in a separate letter dated July 2, 2002.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted certain other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the District in a separate letter dated July 2, 2002.
