Ada Village Council Village of Ada Hardin County 115 West Buckeye St. Ada, Ohio 45810

To the Members of Village Council:

We have audited the accompanying financial statements of the Village of Ada, Hardin County, Ohio , (the Village) as of and for the years ended December 31, 2003 and December 31, 2002. These financial statements are the responsibility of the Village's management. Our responsibility to to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the Village prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of the Village as of December 31, 2003 and December 31, 2002, and its combined cash receipts and disbursements for the years then ended on the basis of accounting described in Note 1.

Village of Ada Hardin County Report of Independent Accountants Page 2

In accordance with *Government Auditing Standards*, we have also issued our report dated May 26, 2004 on our consideration of the Village's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

This report is intended solely for the information and use of the audit committee, management, the Village Council and other officials authorized to receive this report under Section 117.26, Ohio Revised Code, and is not intended to be and should not be used by anyone other than these specified parties.

# NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2003 AND 2002

#### 1. <u>Summary of Significant Accounting Policies</u>

A. <u>Description of the Entity</u>

The Village of Ada, Hardin County, (The Village) is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Village is directed by a publicly-elected six-member Council. The Village provides general governmental services, including water and sewer utilities, maintenance of Village roads and bridges, park operations, and police services.

The Village's management believes these financial statements present all activities for which the Village is financially accountable.

## B. Basis of Accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

#### C. Cash and Investments

Investments are included in the fund cash balances. Accordingly, purchases of investments are not recorded as disbursements, and sales of investments are not recorded as receipts. Gains or losses at the time of sale are recorded as receipts or disbursements, respectively.

#### D. Fund Accounting

The Village uses fund accounting to segregate cash and investments that are restricted as to use. The Village classifies its funds into the following types:

#### General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

#### Special Revenue Funds

These funds are used to account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The Village had the following significant Special Revenue Funds:

*Street Construction, Maintenance and Repair Fund* - This fund receives gasoline tax and motor vehicle license tax money for constructing, maintaining and repairing Village streets.

*Swimming Pool Fund* -This fund receives taxes and collects charges from users to pay for renovation and operational costs.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2003 AND 2002

#### 1. <u>Summary of Significant Accounting Policies</u> (Continued)

#### D. <u>Fund Accounting</u> (Continued)

#### <u>Debt Service Fund</u> This fund is used to accumulate resources for the payment of bonds and note indebted ness.

#### Capital Projects Funds

These funds are used to account for receipts that are restricted for the acquistion or construction of major capital projects (except those financed through enterprise or trust funds). The Village had the following significant capital projects fund:

Sewer Capital Improvement Fund - This fund receives proceeds from State grants to pay for improvements to the sanitary sewer system.

#### Enterprise Fund

These funds account for operations that are similar to private business enterprises where management intends that the significant costs of providing certain goods or services will be recovered through user charges. The Village had the following significant Enterprise Funds:

*Water Fund* - This fund receives charges for services from residents to cover the cost of providing this utility.

Sewer Fund - This fund receives charges for services from residents to cover the cost of providing this utility.

*Water Project Fund* - This fund receives proceeds from debt and State grants to pay for improvements to the water treatment system.

#### Internal Service Funds

These funds account for operations that provide services to other departments or agencies of the government. The Village had the following significant Internal Service Fund:

*Health Insurance Fund* - This fund is used to account for employee health insurance benefits.

#### Fiduciary Funds (Trust and Agency Funds)

Trust funds are used to account for resources restricted by legally binding trust agreements. If the agreement requires the Village to maintain the corpus of the trust, the fund is classified as a non-expendable trust fund. Other funds are classified as expendable. The Village had the following significant Fiduciary Funds:

*Fire Damage Insurance Fund* - This fund is used to account for the proceeds of insurance claims to pay for damages.

*Tree Fund* - This fund is used to account for amounts used to save trees.

# NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2003 AND 2002

#### 1. <u>Summary of Significant Accounting Policies</u> (Continued)

E. <u>Budgetary Process</u>

The Ohio Revised Code requires that each fund be budgeted annually.

#### Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or major object level of control, and appropriations may not exceed estimated resources. The Council must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

#### Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must also approve estimated resources.

#### Encumbrances

The Ohio Revised Code requires the Village to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2003 and 2002 budgetary activity appears in Note 3.

# F. Property, Plant, and Equipment

Acquisitions of property, plant, and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

## G. Accumulated Leave

2.

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the cash basis of accounting used by the Village.

#### Equity in Pooled Cash and Investments

The Village maintains a cash and investments pool used by all funds. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of cash and investments at December 31, was as follows:

	2003	2002
Demand Deposits	<u>\$32,156</u>	<u>\$ 96,108</u>
Total Deposits	32,156	96,108
Federal Government Agency Securities	<u>1,669,356</u>	<u>1,656,324</u>

Total Deposits and Investments	\$ <u>1,701,512</u>	<u>\$1,752,432</u>

#### Deposits:

Deposits are (1) insured by the Federal Depository Insurance Corporation or (2) collateralized by the financial institution's public entity deposit pool.

#### Investments:

Federal government agency securities are held by Fifth Third Bank in the Village's name.

Contrary to Ohio law, appropriations exceeded the estimated resources in the Capital Projects Fund during 2003.

#### 4. Property Tax

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by Village Council. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reflected in the accompanying financial statements as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to make semiannual payments, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Village.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

# NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2003 AND 2002

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Village.

#### 5. <u>Local Income Tax</u>

The Village levies a municipal income tax of 1.15 percent on substantially all earned income arising from employment, residency, or business activities within the Village, as well as certain income of residents earned outside of the Village.

Employers within the Village withhold income tax on employee compensation and remit the tax to Central Collection Agency (CCA), an agency of the City of Cleveland, which provides a full range of tax collection services for forty-three member communities throughout thirteen Ohio counties, including the Village. Corporations and other individual taxpayers remit estimated taxes quarterly and file a declaration annually with CCA.

. . . . . .

#### 6. <u>Debt</u>

#### Compliance

As part of obtaining reasonable assurance about whether the Village's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance that is required to be reported under Government Auditing Standards, which is described in the accompanying schedule of findings as item 2003- 30233-001.

## Internal Control Over Financial Reporting

Our consideration of the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting and its approximate to be material weaknesses.
