INDEPENDENT ACCOUNTANTS' REPORT

Village of Corning Perry County P.O. Box 447 Corning, Ohio 43730-0447

To the Village Council:

We have audited the accompanying financial statements of the Village of Corning, Perry County, Ohio (the Village), as of and for the years ended December 31, 2003 and 2002. These financial statements are the responsibility of the Village's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

The Village's financial transactions were processed using the Auditor of State's Uniform Accounting Network (UAN). *Government Auditing Standards* considers this service to impair the independence of the Auditor of State to conduct the audit of the Village because the Auditor of State designed, developed, implemented, and, as requested, operates UAN. However, *Government Auditing Standards* permits the Auditor of State to audit and opine on this entity, because Ohio Revised Code Section 117.101 requires the Auditor of State to provide UAN services, and Ohio Revised Code Sections 117.11(B) and 115.56 mandate the Auditor of State to audit Ohio governments.

We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the Village prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of the Village of Corning, Perry County, as of December 31, 2003 and 2002, and its combined cash receipts and disbursements for the years then ended on the basis of accounting described in Note 1.

Betty Montgomery

In accordance with *Government Auditing Standards*, we have also issued our report dated March 10, 2004 on our consideration of the Village's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

This report is intended solely for the information and use of the audit committee, management, the Village Council and other officials authorized to receive this report under Section 117.26, Ohio Revised Code, and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2003 AND 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The Village of Corning, Perry County (the Village), is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Village is directed by a publicly-elected six-member Council, and an elected Mayor and Clerk. The Village provides general governmental services, including police services, fire protection services, emergency medical services, cemetery maintenance, maintenance of Village streets and highways, and water utility services.

The Village's management believes these financial statements present all activities for which the Village is financially accountable.

B. Basis of Accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Cash and Investments

The Village Clerk places all available funds of the Village in an interest bearing checking account.

D. Fund Accounting

The Village uses fund accounting to segregate cash and investments that are restricted as to use. The Village classifies its funds into the following types:

1. General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

2. Special Revenue Funds

These funds are used to account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The Village had the following significant Special Revenue Funds:

Flood Mitigation Grant Program Fund – This fund receives federal grant money designed to solve the Village's problems of repeated flooding and damage to housing stock, business, community organizations, and Village services.

D. Fund Accounting (Continued)

2. Special Revenue Funds (Continued)

EMS Fund – This fund receives money from three surrounding townships for emergency medical services, as well as money from charges related to emergency medical services runs.

3. Enterprise Funds

These funds account for operations that are similar to private business enterprises where management intends that the significant costs of providing certain goods or services will be recovered through user charges. The Village had the following significant Enterprise Funds:

Water Operating Fund – This fund receives charges for services from residents to cover the cost of providing this utility.

Waterline Improvement Fund – This fund receives federal and state assistance as well as debt proceeds for the upgrade and repair of water lines.

Sewer Fund – This fund receives debt proceeds for the planning and design of a wastewater facility.

4. Fiduciary Funds (Agency Funds)

These funds account for activity for which the Village is acting in an agency capacity. The Village had the following significant Agency Funds:

Mayor's Court Fund - This fund accounts for the financial activity of the Mayor's Court.

Bridgebuilders Fund – The Village is acting as a fiscal agent for a program aiding against underage alcohol consumption.

E. Budgetary Process

The Ohio Revised Code requires that each fund (except certain agency funds) be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of, and appropriations may not exceed estimated resources. The Council must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2003 AND 2002 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Fund Accounting (Continued)

2. Estimated Resources (Continued)

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the Village to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated. However, the Village did not encumber all commitments required by Ohio law.

A summary of 2003 and 2002 budgetary activity appears in Note 3.

F. Property, Plant and Equipment

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

2. EQUITY IN POOLED CASH

The Village maintains a cash pool used by all funds. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of cash and investments at December 31 was as follows:

| | 2003 | 2002 |
|-----------------|---------------|---------------|
| Demand deposits | \$ 166,324 | \$ 133,848 |

Deposits: Deposits are either (1) insured by the Federal Deposit Insurance Corporation, or (2) collateralized by the financial institution's public entity deposit pool.

3. BUDGETARY ACTIVITY

Budgetary activity for the years ending December 31, 2003 and 2002 follows:

| 2003 Budgeted vs. Actual Receipts | | | | | | | | |

Contrary to Ohio law, appropriations exceeded estimated resources at December 31, 2003 in the General and Street Paving Project 2002 Funds by \$14,223 and \$20,000, respectively.

4. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by Village Council. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reflected in the accompanying financial statements as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to make semiannual payments, the first half is due December 31. The second half payment is due the following June 20.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Village.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2003 AND 2002 (Continued)

The Ohio Public Works Commission (OPWC) loans were used for utility system improvements and will be repaid from utility system revenues.

The general obligation notes consist of issues for a fire truck, generator, dump truck, truck, and an emergency squad. The full faith and credit of the Village have been pledged to repay this debt.

Amortization of the above debt, including interest, is scheduled as follows:

| Year Ending December 31: | OV | VDA Loan_ | OP | WC Loan | General bligation Notes |

PERS is a cost-sharing, multiple-employer defined benefit pension plan. This plan provides retirement benefits, including postretirement healthcare, and survivor and disability benefits to participants as prescribed by the Ohio Revised Code.

Contribution rates are also prescribed by the Ohio Revised Code. For 2003 and 2002, members contributed 8.5% of their wages. The Village contributed an amount equal to 13.55% of participants' gross salaries. The Village has paid all contributions required through December 31, 2003.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2003 AND 2002 (Continued)

7. RISK MANAGEMENT

Risk Pool Membership

The Village belongs to the Ohio Municipal Joint Self-Insurance Pool, (the "Pool"), an unincorporated non-profit association available to municipal corporations and their instrumentalities. Pursuant to Section 2744.081 of the Ohio Revised Code, the Plan is deemed a separate legal entity. The Pool provides a program of property and casualty insurance for its members. The Plan pays judgments, settlements and other expenses resulting for covered claims that exceed the members' deductibles.

Casualty excess-of-loss contracts at December 31, 2002 and 2001 generally protect against individual losses exceeding \$150,000 for policies issued prior to April 1, 2000; \$100,000 for policies issued between April 1, 2000 and March 31, 2002; and \$125,000 for policies issued April 1, 2002 or later.

Property coverage contracts protect against losses, subject to a deductible of \$50,000, limited to an annual aggregate loss of the greater of \$300,000 or 1% of total coverage.

The Pool cedes reinsurance to reinsurers or excess reinsurers. The Pool is contingently liable should any reinsurer become unable to meet its obligations under the reinsurance agreements.

The Pool's financial statements (audited by other auditors) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained deficit at December 31, 2002 and 2001 (the latest information available):

| | 2002 | 2001 | |
|------------------|----------------|----------------|--|
| Assets | \$ 1,852,060 | \$ 3,354,251 | |
| Liabilities | (3,627,321) | (4,851,866) | |
| Retained Deficit | \$ (1,775,261) | \$ (1,497,615) | |

8. CONTINGENT LIABILITIES

Amounts received from grantor agencies are subject to audit and adjustment by the grantor, principally the federal government. Any disallowed costs may require refunding to the grantor. Amounts which may be disallowed, if any, are not presently determinable. However, based on prior experience, management believes such refunds, if any, would not be material.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

Village of Corning Perry County P.O. Box 447 Corning, Ohio 43730-0447

To the Village Council:

We have audited the accompanying financial statements of the Village of Corning, Perry County, Ohio (the Village), as of and for the years ended December 31, 2003 and 2002, and have issued our report thereon dated March 10, 2004, wherein we noted that the Village's financial transactions were processed using the Auditor of State's Uniform Accounting Network (UAN). Government Auditing Standards considers this service to impair the independence of the Audit of State to conduct the audit of the Village because the Auditor of State designed, developed, implemented, and, as requested, operates UAN. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Village's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under *Government Auditing Standards*, which are described in the accompanying Schedule of Findings as items 2003-001 and 2003-002. We also noted certain immaterial instances of noncompliance that we have reported to management of the Village in a separate letter dated March 10, 2004.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Village's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statement and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to the management of the Village in a separate letter dated March 10, 2004.

March 10, 2004

SCHEDULE OF FINDINGS DECMEBER 31, 2003 AND 2002

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2003-001

Noncompliance Citation

Ohio Rev. Code Section 5705.39 states the total appropriation from each fund shall not exceed the total of the estimated revenue available for expenditure therefrom.

Appropriations exceeded estimated resources in the following funds at December 31, 2003:

| | Estimated | | | | |
|----------------------------|-----------|-----------|----|----------------|--|
| Fund | R | Resources | | Appropriaitons | |
| General Fund | | 120,862 | \$ | 135,085 | |
| Street Paving Project 2002 | | 27.687 | | 47,687 | |

This could cause the Village to spend more money than is available to spend.

We recommend the Village monitor appropriations to ensure they do not exceed estimated resources.

FINDING NUMBER 2003-002

Noncompliance Citation

Ohio Rev. Code Section 5705.41(D) states no orders or contracts involving the expenditure of money are to be made unless there is a certificate of the fiscal officer that the amount required for the order or contract has been lawfully appropriated and is in the treasury or in the process of collection to the credit of an appropriate fund free from any previous encumbrances.

The following exceptions to this basic requirement are provided by statute:

<u>Then and Now Certificate</u>: This exception provides that, if the fiscal officer can certify that both at the time that the contract or order was made and at the time that he is completing his certification, sufficient funds were available or in the process of collection, to the credit of a proper fund, properly appropriated and free from any previous encumbrance, the taxing authority (Governing Board) can authorize the drawing of a warrant. The taxing authority has 30 days from the receipt of such certificate to approve payment by resolution or ordinance. If approval is not made within 30 days, there is no legal liability on the part of the subdivision or taxing district.

Amounts of less than \$100 for counties, or less than \$1,000 (\$3,000 after April 7, 2003) for other political subdivisions, may be paid by the fiscal officer without such affirmation of the taxing authority upon completion of the "then and now" certificate, provided that the expenditure is otherwise lawful. This does not eliminate any otherwise applicable requirement for approval of expenditures by the taxing authority.

Funds were not properly encumbered for 50 percent of the transactions tested in 2003 and 75 percent of the transactions tested in 2002, and neither of the above exceptions were met.

We recommend the Village obtain the prior certification of the Village fiscal officer before an obligation is incurred.
