COMPREHENSIVE ANNUAL FINANCIAL REPORT

For the Fiscal Year Ended December 31, 2005

Issued by

CITY AUDITOR

HUGH J. DORRIAN

**Auditor of State
Betty Montgomery**

City Council
City of Columbus
90 West Broad Street
Columbus, Ohio 43215

We have reviewed the *Independent Auditors' Report* of the City of Columbus, Franklin County, prepared by Deloitte & Touche LLP, for the audit period January 1, 2005 through December 31, 2005. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Columbus is responsible for compliance with these laws and regulations.

A handwritten signature in cursive script that reads "Betty Montgomery".

HUGH J. DORRIAN

CITY AUDITOR

614 / 645-7615

City of Columbus

OHIO

**90 WEST BROAD STREET
COLUMBUS, OH 43215**

ROBERT L. MCDANIEL

DEPUTY CITY AUDITOR

FAX: 614 / 645-8444

April 17, 2006

To the Citizens of the City of Columbus, Ohio:

The Comprehensive Annual Financial Report (CAFR) of the City of Columbus, Ohio (the City) for the fiscal year ended December 31, 2005 is hereby presented to its citizens by their City Auditor, statutorily described as the City's chief accounting officer.

The City's Charter states, "The auditor shall be an elector of the City, and be elected for a term of four years . . ." The Charter also sets forth the auditor's powers and duties and states, in part:

The auditor shall be the city's chief accounting officer. He shall keep, in accurate, systematized detail a record of the receipts, disbursements, assets, and liabilities of the city, and the recorded facts shall be presented periodically to officials and to the public in such summaries and analytical schedules as shall be necessary to show the full effect of such transactions for each fiscal year upon the finances of the city and in relation to each department of the city government, including distinct summaries and schedules for each public utility owned or operated.

This report fulfills these duties and is distributed to approximately 500 recipients, which include civic associations, banks, brokers, rating agencies, schools, libraries, university students, and city, state, and federal officials. This report is also available on the City's website. The Internet address is <http://www.cityofcolumbus.org>.

The City's management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Deloitte & Touche LLP has issued an unqualified ("clean") opinion, which includes an explanatory paragraph related to the restatement of the beginning General fund and Other Governmental fund balances, on the City's financial statements for the year ended December 31, 2005. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

Profile of the Government

Columbus was first organized as a borough in 1816 and subsequently became a city on March 3, 1834. The City is a home-rule municipal corporation operating under the laws of Ohio. The City's Charter, its constitution, can only be amended by a majority of the City's voters. It has been amended many times since its original adoption in 1914, most recently on November 2, 1999. The laws of the State of Ohio prevail when conflicts exist between the Charter and the state constitution and in matters where the Charter is silent.

Columbus, Ohio's capital city, is located in the central part of the state, approximately 150 miles south of Cleveland and 110 miles northeast of Cincinnati. The City's elevation is approximately 777 feet above sea level. Inter and intra state highways I-70, I-71, I-270, and I-670 serve as some of the City's major transportation arteries. The Ohio State University, with 50,504 students on its Columbus campus, is located near the center of the City. Columbus was ranked as the nation's 15th largest city as a result of the 2000 census.

Some comparative data for Ohio's six largest cities follow. Population estimates for 1980, 1990, and 2000 are from the U.S. Bureau of Census. The Mid Ohio Regional Planning Commission estimates Columbus' population at 763,651 at December 31, 2005. The respective cities' management provided area data as of December 31, 2005.

<u>City</u>	<u>Area</u> <u>2005</u>	<u>Population</u>		
		<u>2000</u>	<u>1990</u>	<u>1980</u>
Columbus	225.9 sq. mi.	711,470	632,910	565,021
Cleveland	77.9 sq. mi.	478,403	505,616	573,822
Cincinnati	78.8 sq. mi.	331,285	364,040	385,410
Toledo	84.3 sq. mi.	313,619	332,943	354,635
Akron	62.4 sq. mi.	217,074	223,019	237,177
Dayton	56.3 sq. mi.	166,179	182,044	193,536

The City's management consists of a Mayor, seven-member Council, City Auditor, and City Attorney. These officials are elected for four-year terms on an at-large basis. The Mayor and four Council members are elected in an odd numbered year. Three Council members, the City Auditor, and the City Attorney are elected in the following odd numbered year. The City's Charter also provides for appointments and elections of successors to these officials if they should, for any reason, vacate their office. All are chosen through a non-partisan election process.

In addition to the elected officials, certain others are major participants in the City's management. The Director of the Department of Recreation and Parks, the Health Commissioner, the Civil Service Executive Secretary, and the Secretary of the Sinking Fund are appointed by, and report to, independent Commissions. All of these Commission members are appointed by the Mayor and are subject to confirmation by the Council. The financial activities of these Commissions (budgets, expenditures, etc.) are subject to approval by the Council and are, therefore, included in this report. The City's Treasurer and Clerk to the Council are appointed by, and serve at the pleasure of the Council.

The Mayor's cabinet, appointed by him and serving at his pleasure, is not subject to confirmation by the Council. In 2005 the cabinet consisted of the directors of the departments of Public Safety, Public Service, Finance, Public Utilities, Development, Technology, Equal Business Opportunity, Human Resources, Community Relations, and Education.

The accompanying financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity* and Statement No. 39, *Determining Whether Certain Organizations are Component Units*. On this basis, the reporting entity of the City includes the following services to its citizens as authorized by its charter: public service (refuse collection, street engineering and construction, traffic engineering and parking, etc.), public safety (fire, police, etc.), development, health, recreation and parks, and public utilities. In addition, the City owns and operates four enterprise activities: a water system, a sanitary sewer system, a storm sewer and drainage system, and an electricity distribution system; financial activities for which are contained in this report. Water and sanitary sewer services are metropolitan in nature and reach far beyond the City's corporate boundaries. The City does not operate schools or hospitals, nor is it responsible for public assistance programs.

Other entities included in this report and further explained in Notes A, Q, and R are:

Joint Ventures:

- Columbus Regional Airport Authority
- The Franklin Park Conservatory Joint Recreation District
- The Affordable Housing Trust for Columbus and Franklin County

Component Units:

- Columbus Urban Growth Corporation
- The RiverSouth Authority

Information regarding reporting standards and bases of accounting used in the preparation of the City's financial statements can be found in Note A – *Summary of Significant Accounting Policies* in Notes to the Financial Statements.

The annual budget of the City of Columbus serves as the foundation for the City's financial planning and control. On or before the fifteenth day of November, the Mayor submits to City Council an estimate of the expenditures necessary to conduct the affairs of the City for the fiscal year commencing the following January 1. Budget estimates are distributed throughout the City (including newspapers and libraries) and public hearings are held to obtain taxpayers' comments. Subsequent to January 1, and after publication of the proposed budget ordinances, the budget is legally enacted through passage of the ordinances. The budget specifies expenditure amounts by Object Level One (i.e. personal services, materials & supplies, contractual services, debt principal payments, other, capital outlay, interest on debt, and transfers)

for each division within each fund. Transfers of appropriations of \$25,000 or less can be made between budget Object Level One within a division and fund without additional City Council action, but with responsible management approval. Transfers in excess of this amount require the approval of both City Council and the Mayor.

Local economy

Employment in the Greater Columbus Area continues to be service oriented. Six of the twelve (12) largest employers in the Columbus area are government or government-oriented (the State of Ohio, The Ohio State University, United States Postal Service, Defense Supply Center – Columbus, Defense Finance and Accounting Service – Columbus, Columbus Public Schools, City of Columbus, and Franklin County). The fifty largest employers in the Greater Columbus area are shown in the Statistical Section of this report. These major employers, representing government, insurance, public utilities, manufacturing, retail, banking, research, medical, and services, provide a broad and diverse employment base.

The traditional stability of the City's economy continued to be tested in 2005. Average annual unemployment rates (5.3%) for 2005 continued to be below the State of Ohio (5.9%) and is comparable to the United States (5.1%) rate. A ten-year history of unemployment rates for Franklin County (by month) from the Ohio Department of Job and Family Services and the Annual Average Rates for Franklin County, the State of Ohio, and the United States is provided in the Statistical Section of this CAFR – see Table 25 on page 231.

The City's employee relations are established largely in association with the following labor organizations:

- American Federation of State, County, and Municipal Employees (AFSCME), Locals 1632 and 2191. (www.afscme.org)
AFSCME has approximately 2,326 members among the City's 5,110 civilian employees. AFSCME has, however, bargaining rights for approximately 2,704 of these employees. The current labor agreement between the City and AFSCME was effective April 1, 2005 and continues through March 31, 2008.
- Fraternal Order of Police (FOP) (www.fop9.org)
FOP has bargaining rights for all of the City's police officers except for the chief and his five deputy chiefs. Of the City's 1,863 police officers, 1,775 are members of the FOP. The City and the FOP recently agreed to a new contract. The new contract was effective December 9, 2005 and continues through December 8, 2008.
- International Association of Firefighters (IAFF) (www.iaff.org)
IAFF has bargaining rights for all the City's firefighters except for the chief and one of his five assistant chiefs. Membership in the IAFF includes 1,518 of a total 1,532 firefighters. The current contract was effective June 1, 2004 and continues through May 31, 2007.
- Columbus Municipal Association of Government Employees; Communication Workers of America, Local 4502 (CMAGE/CWA).
CMAGE/CWA has approximately 874 members and has bargaining rights for approximately 1,189 of the 5,110 civilian employees. During 2005, the City and CMAGE/CWA agreed to a new contract. The new contract was effective August 24, 2005 and continues through August 23, 2008.

Under Ohio's Collective Bargaining Act, if members of the police or fire division cannot reach agreement with the City they "shall submit the matter to a final offer settlement procedure." This requirement of Ohio law is referred to as a "no-strike" or "binding arbitration" provision. Other employees are permitted to strike under Ohio law after giving proper notification.

Long-term financial planning

The City of Columbus entered the 21st Century ascending the ranks of America's largest municipalities, with a balanced budget, growing population and economic growth, and a history of strict fiscal management.

These factors allowed the City to weather the national financial downturn, albeit with little spending growth, and, as Columbus entered its Fiscal Year for 2005, the City continued to provide a high level of quality public services.

Administrations, Councils, and the actively engaged civic organizations from across the City have been partners in building Columbus for the 21st Century, and these responsible policies will continue to ensure the City's economic success for future generations.

At December 31, 2005 the City had \$77.6 million of unencumbered cash and investments (budget basis) in its General Fund, including \$41.7 million in its Economic Stabilization (Rainy Day) Fund, a component of the City's General Fund. Unemployment continues to be low compared to the State and similar cities, and Columbus is aggressively working to attract new businesses, jobs, and private investment into growth corridors and downtown.

Stability of the City's workforce, due to its high government, education, and other service-oriented employment sectors, would indicate a continuance of stable employment. While the public and private sectors continue to offer economic opportunities, Columbus also is home to an educational infrastructure that will allow it to be a leader in future innovation and job development, including The Ohio State University, Columbus State Community College, Ohio Dominican University, Franklin University, Otterbein College, DeVry Institute, Columbus College of Art and Design, Capital University, and others.

The City manages its long term financing of its capital needs through the annual updating of its Capital Improvement Plan (CIP). The CIP schedules capital improvements through the current and succeeding five years. The CIP, while not including appropriations or authorizations to expend monies; only the current year's portion known as the Capital Improvements Budget (CIB) contains such authorizations; is formalized by ordinance of the City Council after holding public hearings and presented to the citizens as a formal plan. Both the CIP and the CIB are subject to change by the Council.

The CIP contains not only a detailed listing of planned projects but also, in most instances, their funding source or sources. Most capital projects are funded through the use of a long term debt, bonds or monies borrowed via the Ohio Water Development Authority (see Note G). The City uses a ten year forecast of revenues available for debt service and a ten year forecast of current and anticipated debt service amounts in order to determine its debt capacity for nonenterprise type debt. Enterprise type debt capacity is guided by ten year projections of the respective enterprise revenues and costs. The major source of funding for nonenterprise debt service is a dedicated portion of City income tax collections. The City, by local statute, dedicates one fourth of its income tax collections to the payment of such debt service. This financial activity is accounted for in the General Bond Retirement and Special Income Tax Debt Services Funds, both major funds. This one fourth "set aside" for debt service local statute has been in place since 1983 with similar policies in place since 1956. Since the City maintains this income tax "set aside" the City has not levied a property tax rate increase in 50 years.

Also as a policy, the City seeks voter approval for much of its general obligation planned debt; both nonenterprise and enterprise type debt. Since 1956; most recently in 2004, the City has sought voter approval 82 times to issue debt for various purposes, both nonenterprise and enterprise type debt. The voters have given their approval 76 times. Of the City's general obligation debt its voters have given their direct approval for 70.5% of that outstanding at December 31, 2005 (see Note G). General Obligation bonds of the City are rated AAA and Aaa by Standard and Poor's Corporation and Moody's Investors Services respectively.

The City's Department of Finance forecasts its General Fund revenues and expenditures also for a period of ten years with a more focused emphasis on the initial three years.

Relevant financial policies

Columbus' financial stability is due to implementing and managing through a series of policy decisions beginning under the administration of Mayor Jack Sensenbrenner nearly 50 years ago. The policy which promoted stable growth of the City and economy through controlled delivery of services with annexation remains in place to this day and has been supplemented with several new policies which will allow Columbus to continue to thrive into the future.

The first supplemental policy that will assure Columbus' financial stability and bring greater developmental balance to the region was the establishment of a dedicated revenue stream to Capital Infrastructure investments through the Special Income Tax (SIT). One fourth (.50%) of the City's current 2.0% income tax rate is dedicated to a debt service fund for non-enterprise, governmental type capital improvements. This commitment was established in 1956 and has allowed Columbus to make critical investments in growth corridors as well as older core

neighborhoods. The use of the SIT for long-term capital investment has also allowed the City to protect its "Triple A" credit rating, saving taxpayers millions of dollars.

The second supplemental policy was the dedication of a stream of revenue through the Hotel Bed Tax to invest into The Affordable Housing Trust for Columbus and Franklin County, a joint venture of the City and Franklin County and reported in Note Q of this report. This long-term commitment has added millions of dollars to invest in creating more quality, affordable housing for residents. Enabling more families to buy homes or rent affordable apartments allows for greater neighborhood investment and is helping stabilize the housing stock in many areas which had seen a generation of disinvestment.

The third supplemental policy is truly innovative, as the Administration of Mayor Michael B. Coleman works to implement Pay as You Grow in Columbus' key growth corridors on the northwest, southeast, and northeast corners of the City. These policies were put in place as the City and region prepare for continued population growth. By establishing growth plans and early investment standards requiring private development to fund critical infrastructure needs, the City will both reduce the burden on the existing capital budget and ensure that new growth areas create added revenue to invest into older neighborhoods. Too many cities have seen growth and development drain resources from core neighborhoods, or waited years before the infrastructure could be built to catch up with residential and commercial growth. The Pay as You Grow policies will allow new neighborhoods to be built at the same time as the needed infrastructure of roads, schools, parks, and safety services are developed. The policy will also ensure that all parties in the new development pay their fair share for the cost of the infrastructure and City operations. Such policies are designed to allow for Columbus to continue its stable and sustainable growth.

Major initiatives

DEPARTMENT OF PUBLIC UTILITIES

Upground Reservoir Project. The Columbus Department of Public Utilities in Spring 2006 will release a Final Design Report of its Upground Reservoir Project, which sprang from recommendations of the 10-year Water Beyond 2000 Feasibility Study. The Water Beyond 2000 effort looked at water needs for the growing Columbus and central Ohio area into the 21st Century.

The Upground Reservoir Project calls for three reservoirs to be constructed on 2,500 acres on City of Columbus-owned land in northwest Delaware County and a small portion of Union County. The \$94.6 million project, scheduled for completion in 2009, will store 18.3 billion gallons of water, a dependable supply for City of Columbus water customers.

Staff of Public Utilities and the firm MS Consultants, who have teamed to develop the Upground Reservoir Project, will begin meeting with representatives of townships, municipalities, environmental groups, and other stakeholders to discuss the project in Spring 2006. Public meetings to describe the project and take comments from residents in areas around the proposed reservoir sites, plus Columbus residents, also will take place in Spring 2006.

Big Walnut Augmentation/Rickenbacker Interceptor/Southerly Headworks. The City of Columbus is taking a significant step forward in its wastewater treatment process with construction of the Big Walnut Augmentation/Rickenbacker Interceptor (BWARI). The \$170 million project, slated for completion in 2008, will significantly reduce wet weather Sanitary Sewer Overflows into the Scioto River, making for a cleaner river. The BWARI's benefits set the tone for the related Wet Weather Management Plan, the City's \$2.5 billion, 40-year plan to improve sewers in Columbus, which will improve other local waterways and significantly decrease cases of basement back ups.

The construction of new Headworks at the Southerly Wastewater Treatment Plant is also tied to the BWARI. The \$95 million Headworks project will boost wastewater treatment capacity at Southerly to 330 million gallons of water per day, with a capability to expand to 550 million gallons per day. The project also includes new biological odor controls.

Bliss Run Storm Sewer Project, Phase 3. Bliss Run Storm Sewer Project, Phase 3, will complete a several year storm sewer project on Columbus' east side that will relieve significant flooding problems and basement back ups. The \$11.5 million portion of the Bliss Run effort will benefit residents in the Eastmoor area. Phase 3 completion is scheduled for 2007. The three-phase project includes a new sewer trunk that ranges from 12 foot-by-eight foot boxes, to five foot diameter pipes. All three phases of the Bliss Run project encompass the 2,500 acre Bliss Run Watershed, bounded by 17th Avenue on the north, Alum Creek and Scottwood Road on the south, Weyant Avenue on the east, and Cassady Avenue and Stanwood Road on the west. It also includes the Berwick area. All three phases totaled \$30 million.

DEPARTMENT OF RECREATION AND PARKS

The Columbus Recreation and Parks Department works to create and maintain enjoyable, safe, and healthful recreational environments for residents and visitors to our city through our programs, facilities, and our parks.

Initiatives undertaken in 2005 included beginning the relocation process of our administrative offices to one site, 400 E. Town St., an historical landmark which is located next to our internationally-acclaimed Topiary Garden in Deaf School Park. Involved in the move are our offices at City Hall, 420 W. Whittier St., and 200 Greenlawn Ave. The Whittier St. location not only encompasses administrative staff, but also our greenhouse facilities, maintenance functions, and the warehouse. The greenhouse will move to Franklin Park, which is part of a master plan for that park's 87 acres in conjunction with the Franklin Park Conservatory, while the maintenance and warehouse facilities will relocate to an undetermined site at this time. In turn, the vacated facilities on Whittier St. will be demolished and the land will be leased as a newly developed 88-acre Metro Park and Ohio Audubon nature center.

A construction initiative completed last year was the building of the Lazelle Woods and Dodge Recreation Centers. Both facilities are state of the art, multi-generational centers in which Lazelle, a 27,000 sq. ft. building, provides programming in the far north section of the city that has seen tremendous growth, while Dodge replaces a center built in 1933 on the near west side and is 30,000 sq. ft. in size. Additional new builds for the department in 2005 included the Hoover Mudflats boardwalk that creates an educational and recreational opportunity to bird watch in an area known to have bald eagles, and the opening of a glass enclosed shelter house in the new North Bank Park along the downtown riverfront.

Highlights of programming initiatives included serving 105,000 breakfasts and 202,000 lunches through our summer food program, creating a new wheelchair tennis program and a swim team for those with disabilities, reinstating the "Partnership Through Sponsorship" program to provide financial support to non-profit organizations who produce special events in Columbus neighborhoods, implementing seven new youth baseball tournaments, forming a partnership with Phoenix Theatre for Children as artistic consultants for our child and teen theatrical productions, new snow skiing and canoeing programs for teens, once again coordinating the annual "Jazz and Rib Fest" downtown, and working to expand older adult mental health services through our Central Ohio Area Agency on Aging.

Awards and acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Columbus, Ohio for its Comprehensive Annual Financial Report for the fiscal year ended December 31, 2004. This was the twenty-sixth consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

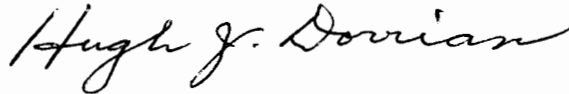

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement program requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

This report represents the twenty-seventh (1979-2005) Comprehensive Annual Financial Report of the City of Columbus containing financial statements audited by a nationally recognized firm of certified public accountants. Approximately 500 copies of this report will be distributed. In addition to citizens in the community, the recipients will include city, state, and federal officials, university students, schools, libraries, newspapers, investment banking firms, banks, rating agencies, etc.

This report is also available on the City's website. The Internet address is <http://www.cityofcolumbus.org>. The report will be made available to any person or organization requesting it. This extensive effort of preparation and distribution of this report fulfills the City Auditor's goal of full disclosure of the City's finances.

This report is issued by Hugh J. Dorrian, CPA, City Auditor. Special thanks and recognition go to Ms. Darlene Short and Ms. Vikki Amicon for their exemplary efforts in the preparation of this report. All members of the City Auditor's staff and many of the City's other employees also contributed to this effort. They all have my thanks and respect for their work.

Respectfully submitted,

A handwritten signature in cursive script that reads "Hugh J. Dorrian".

FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

The Honorable Hugh J. Dorrian
City Auditor
City of Columbus, Ohio

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Columbus, Ohio (the "City"), as of and for the year ended December 31, 2005, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on the respective financial statements based on our audit. We did not audit the financial statements of Columbus Urban Growth Corporation, and the Affordable Housing Trust for Columbus and Franklin County. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for Columbus Urban Growth Corporation and the Affordable Housing Trust for Columbus and Franklin County, are based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the respective financial statements are free of material misstatement. The financial statements of Columbus Urban Growth Corporation were not audited in accordance with *Government Auditing Standards*, but were audited in accordance with auditing standards generally accepted in the United States of America. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the respective financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the reports of other auditors, the basic financial statements referred to above present fairly, in all material respects, the respective net assets or financial position of the governmental activities, business-type activities, discretely presented component units, each major fund, and aggregate remaining fund information of the City of Columbus, Ohio, as of December 31, 2005, and the respective changes in financial position and respective cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note S, the beginning fund balances of the General and Other Governmental Funds, in the accompanying December 31, 2005 financial statements, have been restated.

The Management's Discussion and Analysis on pages 21–38 and Budgetary Comparison Schedule-General Fund on pages 115–117 are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. This supplementary information is the responsibility of the City's management. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the respective financial statements that collectively comprise the City's basic financial statements. The Introductory Section, supplementary information on pages 121–202, and Statistical Section are presented for purposes of additional analysis and are not a required part of the basic financial statements. This supplementary information is the responsibility of the City's management. The supplementary information on pages 121–202 has been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole. The Introductory Section and Statistical Section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 14, 2006, on our consideration of the City of Columbus's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

April 14, 2006

CITY OF COLUMBUS, OHIO

Management's Discussion and Analysis

As management of the City of Columbus (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2005. We encourage readers to consider the information presented here in conjunction with our letter of transmittal at the front of this report and the City's financial statements, which follow this section.

Financial Highlights

- The assets of the City exceeded its liabilities at the close of 2005 by \$1.9 billion. Of this amount, \$317.2 million is considered unrestricted. The unrestricted net assets of the City's governmental activities are \$154 million and may be used to meet the government's on-going obligations. The unrestricted net assets of the City's business-type activities are \$163.2 million and may be used to meet the on-going obligations of the City's business-type activities, including the water, sanitary sewer, storm sewer, and electricity enterprises.
- The City's total net assets increased \$109 million in 2005. Net assets of the governmental activities increased \$67.7 million, which represents a 6.3 percent increase from 2004. Net assets of the business-type activities increased \$41.3 million or 5.4 percent from 2004.
- The total cost of the City's programs increased \$47.8 million or 4 percent. The cost of governmental activities increased \$24.3 million or 3 percent, while the cost of business-type activities increased \$23.5 million or 8.1 percent.
- As of the close of the current fiscal year, the City's governmental funds reported a combined ending fund balance of \$548.7 million. The combined governmental funds fund balance increased \$39.9 million from the prior year's ending fund balance. Approximately \$310 million of the \$548.7 million fund balance is considered unreserved at December 31, 2005.
- The general fund reported a fund balance of \$98.8 million at the end of the current fiscal year. The unreserved fund balance for the general fund was \$88.8 million or 15.5 percent of total general fund expenditures (including transfers out). There was a \$1.659 million decrease in the total general fund balance for the year ended December 31, 2005.
- The City's total debt increased by \$251.1 million (12.8 percent) during the current fiscal year. The City sold \$274.77 million of general obligation bonds on December 14, 2005. On February 11, 2005 the City sold \$295.015 million of General Obligation Refunding Bonds, dated February 23, 2005. The Refunding Bonds consisted of two series: \$227.010 million of unlimited (voted) bonds with a final maturity of December 15, 2023 and \$68.005 million of limited (unvoted) bonds with a final maturity of June 15, 2018. These bonds refunded \$171.8 million and \$125.3 million in governmental activities bonds and business-type activities bonds, respectively. On August 30, 2005, the City issued \$15.475 million of governmental type debt to refund/defease a portion of the outstanding Police and Firemen's Disability and Pension Fund Employer's Accrued Liability Refunding (P&F Bonds) dated July 15, 1998. Governmental and business-type activities paid \$160.9 million on general obligation and revenue bond maturities in 2005 and the City's sewer enterprise fund, a business-type activity, issued \$114.3 million in Ohio Water Development Authority revenue obligations for various projects.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves. As discussed in Note S to the financial statements, the City restated the beginning fund balances of the General Fund and the Other Governmental Funds. Management's Discussion and Analysis gives effect to those restatements.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances in a manner similar to private-sector business.

The *statement of net assets* presents information on all of the City's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenue and expenses reported in this statement for some items will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees or charges (business-type activities). The governmental activities of the City include general government, public service, public safety, development, health, and recreation and parks. The business-type activities of the City include four enterprise activities: a water system, a sanitary sewer system, a storm sewer system, and an electricity distribution system.

The government-wide financial statements can be found on pages 41 – 43 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains 95 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the general bond retirement debt service fund, and the special income tax debt service fund, all of which are considered to be major funds. Data for the other 92 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The basic governmental fund financial statements can be found on pages 44 – 47 of this report.

Proprietary funds. The City maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its water, sanitary sewer, storm sewer, and electricity distribution operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions, including employee benefits self-insurance, fleet management, information services, purchasing/contracts, telecommunications, and land acquisition. The services provided by these funds predominantly benefit the governmental rather than the business-type functions. They have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provided separate information for the water, sanitary sewer, storm sewer, and electricity distribution operations. The water, sanitary sewer, storm sewer, and electricity enterprise funds are considered to be major funds of the City. Conversely, all internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements* elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 48 – 51 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City’s own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statement can be found on page 52 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 53 – 112 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City’s general fund budget. The City adopts an annual appropriation budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget. Required supplementary information can be found on pages 113 – 117 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the required supplemental information. Combining and individual fund statements and schedules can be found on pages 119 – 202 of this report.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. The City's assets exceeded liabilities by \$1.9 billion at the close of the most recent fiscal year.

The largest portion of the City's net assets (71 percent) reflects its investment in capital assets (e.g. land, buildings, improvements other than buildings, machinery and equipment, and infrastructure); less any related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to citizens; therefore, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay debt must be provided from other sources, since capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net assets (12.7 percent) represents resources that are subject to restrictions as to how they may be used. The remaining balance of unrestricted net assets (\$317.2 million) may be used to meet the government's on-going obligations to citizens and creditors. It is important to note that although the total unrestricted net assets is \$317.2 million; the unrestricted net assets of the City's business-type activities (\$163.2 million) may not be used to fund governmental activities.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net assets, both for the government as a whole, as well as for its separate governmental and business-type activities.

Overall net assets of the City increased \$109 million in 2005. Net assets for governmental activities increased \$67.7 million, while net assets for business-type activities increased \$41.3 million. The City continued efforts to contain costs and pursue new revenue sources. The increase in net assets for business-type activities was the result of the aggregate business-type activities holding expenses to 88.9 percent of total revenue for the year. Due to rate increases in the water, sanitary sewer, and storm sewer enterprise funds of 7.3 percent, 9.6 percent and 6.4 percent, respectively, and an increase in water pumpage in 2005, total business-type charges for services were up \$22 million. Business-type activities expenses for 2005 increased \$23.5 million or 8.1 percent over the comparable expenses in 2004.

There was a decrease of \$30.6 million in restricted net assets reported in connection with the City's governmental activities. The decrease in amounts restricted for capital projects and offsetting increase in amounts restricted for debt service was a result of several transactions, including the issuance of new debt in 2005 and the expenditures of funds on capital projects funded by bonds.

There was an increase of \$49.6 million in the governmental activities amount invested in capital assets, net of related debt, as bond proceeds were used to complete certain capital projects in 2005.

Electric	-	-	60,873	56,276	60,873	56,276
Total expenses	\$ 863,795	839,479	313,068	289,550	1,176,863	1,129,029
Increase in net assets before transfers	70,102	113,441	38,939	37,553	109,041	150,994
Transfers	(2,390)	(2,412)	2,390	2,412	-	-
Increase (decrease) in net assets	67,712	111,029	41,329	39,965	109,041	150,994
Net asset -- January 1st	\$ 1,067,915	956,886	768,651	728,686	1,836,566	1,685,572
Net asset -- December 31st	\$ 1,135,627	1,067,915	809,980	768,651	1,945,607	1,836,566

Governmental activities. Governmental activities increased the City's net assets by \$67.7 million. Key elements of the changes in net assets are as follows:

- Income tax revenue, which represents more than 50 percent of the City's governmental revenue, increased \$15.3 million or 3.36 percent on a full accrual basis. This increase is attributed to the current state of the local economy.
- Investment earnings increased \$9.6 million or 131 percent. The increase is due to improved interest rates on investments and increased cash balances resulting from proceeds of bond issues in late 2004 and 2005.
- Continued efforts by the City to contain costs. Expenses were 92 percent of total revenues for 2005.

Business-type activities. Business-type activity net assets increased \$41.3 million. Key elements of changes in net assets are as follows.

- Charges for services increased \$22 million or 6.9 percent.
- The transfers of \$2.4 million in 2005 represent transfers from the special income tax debt service fund to the storm sewer enterprise fund for debt related payment.
- Expenses increased \$23.5 million or 8.1 percent in 2005.

The increase in business-type activities net assets was \$41.3 million. Charges for services, which comprise 96.6 percent of the business-type activities revenues, increased as a result of rate increases in the water, sanitary sewer, and storm sewer enterprise funds of 7.3 percent, 9.6 percent, and 6.4 percent, respectively, and an increase in water pumpage in 2005. The business-type activities continued the pattern of cost containment relative to the level of revenues for enterprise activities in 2005. The percent of annual expense to annual revenue was 88.9 percent in 2005.

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related requirements.

Governmental Funds

The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of December 31, 2005, the City's governmental funds reported combined ending fund balances of \$548.7 million, an increase of \$39.9 million in comparison with the prior year. Approximately \$310 million of this amount constitutes *unreserved fund balance*, which is available for spending at the government's discretion. The remainder of fund balance is *reserved* to indicate that it is not available for new spending because it has already been committed to liquidate contracts and purchase orders of the prior period and for non-current loans receivable.

A schedule of governmental funds revenues and expenditures for the last ten fiscal years has been provided in the Statistical Section of this CAFR – see Table 4 on page 209.

General fund. The general fund is the chief operating fund of the City. At December 31, 2005, unreserved fund balance of the general fund was \$88.8 million, while total fund balance was \$98.8 million. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures (including transfers out). Unreserved fund balance represents 15.5 percent of total general fund expenditures (including transfers out), while total fund balance represents 17.2 percent of that same amount.

A schedule of general fund revenues and expenditures for the last ten fiscal years has been provided in the Statistical Section of this CAFR – see Table 5 on page 210.

The fund balance of the City's general fund decreased \$1.659 million during 2005. The fund balance of the general fund increased \$51.1 million in 2004 due to a non-recurring payment of \$55.1 million received from the Solid Waste Authority of Central Ohio (SWACO) for partial satisfaction of lease rental payments due the City as fully described in Note H. Key factors of the 2005 results are as follows:

- Total revenues (including transfers in) decreased \$21.3 million or 3.5 percent.
- Income tax revenue, which represents 62 percent of general fund revenues (including transfers in), increased \$11.6 million or 3.37 percent.
- Expenditures (including transfers out) increased by \$31.5 million or 5.8 percent.

Revenue narrative:

Brief descriptions of the City's General Fund major revenue components follow.

Income taxes

The City's income tax continues to be its primary source of revenue. The tax applies to all wages, salaries, commissions, and other compensation paid by employers and/or the net proceeds from the operation of a business, profession, or other enterprise activity. The initial tax rate of .5 percent, collected in 1948, was increased to 1 percent in 1956, 1.5 percent in 1971, and to the current 2 percent in 1983. Income tax rates of cities and villages within the State of Ohio are limited to a maximum of 1 percent, unless specifically approved by a majority of the resident voters of the respective city or village. There are 567 cities and villages within the State of Ohio that now levy a local income tax. Rates range from .30 percent to 3.00 percent.

Local school districts in the State of Ohio are also permitted to levy an income tax, but only with the approval of a majority of voters within the district. Ohio has 611 school districts; 143 have an income tax. Rates range from 0.5 percent to 1.75 percent.

Approximately 83.6 percent of the City's income tax collected in 2005 was via employers withholding the tax from employees' earnings and remitting the tax to the City on a statutorily prescribed schedule. Approximately 11.6 percent of collections originated from business accounts and 4.8 percent from independently employed individual taxpayers. Depending on the amount withheld, employers must remit to the City on a semi-monthly, monthly, or quarterly frequency, with the largest amounts being remitted semi-monthly.

One quarter of the revenue from this tax is accounted for in a Debt Service Fund and is primarily used for servicing debt pertaining to non-enterprise type capital improvements. Tipping fees for disposal of garbage collected by the City are also paid from this fund on the City's budget basis of accounting. On the modified accrual basis of accounting, such tipping fee amounts are transferred to the General Fund and expended as public service expenditures. Three-quarters of income tax revenues are used for General Fund purposes. Income tax revenues on the budget basis represent 2005 collections of \$488.1 million less refunds of \$17.3 million for a net amount of \$470.8 million. Beginning in 2002 the City began designating certain collections to defray collection agency fees on delinquent accounts. Income tax revenues on the modified accrual basis of accounting, net of refunds, were \$474.251 million.

A ten-year history of the income tax revenue and cash collections, net of refunds, appears in the Statistical Section of this report. The City acts as collection agent for 7 other cities and villages in the central Ohio area. Fees collected by the City for these services totaled \$294,779 in 2005, and are accounted for in the General Fund as charges for services.

Property taxes

Property taxes in Ohio are levied and collected by its 88 counties. The City lies partially within three of these counties: Franklin, Fairfield, and Delaware. After collection, the counties distribute portions of

these taxes to the political subdivisions (school districts, cities, villages, townships, etc.) located within their geographic borders. Property taxes for the City represent a tax rate of approximately 3.14 mills (\$3.14 per \$1,000 of taxable valuation) applied to the assessed value of property located in the City. Assessed values represent approximately 35 percent of appraised values. This rate, 3.14 mills, has remained unchanged since 1956.

Increases in this rate can only occur with approval of the City's voters. Revenues from property taxes are used for General Fund operations, including a partial provision, 0.60 mills, for current police and fire pension costs.

Property assessed values steadily increased over the period 1996 to 2005, with larger increases evident every three years. These three-year increases result from comprehensive reappraisals of property that take place every six years, and less formal triennial updates that occur the third year in between the six year reappraisals. Six-year reappraisals took place in 2005, with the resulting increases in property tax collections occurring in 2006. In 1996 and 2002 triennial updates occurred. Property taxes levied in 2005 but not collectible until 2006 are accounted for in the General Fund as accounts receivable and unearned revenue at an estimated amount of \$50.6 million.

The increase in total assessed values for tax year 2005; shown in detail in Table 10 in the Statistical Section of this report; is due to the six-year reappraisal in 2005. There was a slight increase in assessed valuation for collection year 2005 as compared to collection year 2004. The decline in total assessed values for collections in 2004 is due to legislated declining assessed values, as a percent of appraised values, of personal property. Personal property is defined as equipment and inventory used in business. Real property, land and buildings, assessed value for tax collection in 2005 increased 15.5 percent. Personal property assessed values declined again for collections in 2005 by approximately \$345 million or 24.1 percent.

Overall, property tax revenue increased from \$45.891 million in 2004 to \$46.788 million in 2005.

Additional data on property values and taxes appear in the Statistical Section of this report.

Investment earnings

The City's investment policies are discussed in Note C. This source of revenue is not conducive to year-to-year comparisons. Investment earnings are only deposited to the General Fund after all statutorily directed earnings are deposited to the appropriate funds: enterprise funds, grant funds, etc. Interest earnings in the General Fund increased from \$6.754 million in 2004 to \$15.937 million in 2005.

Licenses and permits

Licenses and permits are issued by the City to regulate activities related to building, health, and other business enterprises. The revenue from licenses and permits declined from \$2.090 million in 2004 to \$1.865 million in 2005.

Shared revenues

Shared revenues in the General Fund include the taxes listed below which are levied and collected by the state or counties and partially redistributed to the City and other political subdivisions. Provided below is a five-year history of the City's share of these revenues as reported in the governmental fund financial statements on a modified accrual basis of accounting.

	(in thousands)				
	<u>2005</u>	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>
<i>Shared revenues - unrestricted</i>					
State income, sales, corporate franchise, and public utility taxes:					
Local government fund	\$ 43,558	42,979	43,075	43,677	46,881
Local governments revenue assistance fund	3,828	3,830	3,830	3,879	4,080
Estate tax	8,941	8,031	9,272	8,105	9,972
State liquor fees	1,095	1,052	960	982	964
Cigarette tax and other	<u>44</u>	<u>32</u>	<u>33</u>	<u>36</u>	<u>35</u>
Total	<u>\$ 57,466</u>	<u>55,924</u>	<u>57,170</u>	<u>56,679</u>	<u>61,932</u>

Beginning in 2002 the State of Ohio declared a "freeze" on the level of revenue it shared with cities and other political subdivisions in the local government and local government revenue assistance funds.

Charges for services

The City performs certain services for its citizens and other municipalities for which it charges various amounts. These services include impounding, storing and selling abandoned autos; fire and police protection provided to certain suburbs; parking meter fees; and various other services. Additionally the City's General Fund allocates certain citywide costs initially borne by the General Fund to certain other funds. These costs (pro rata charges) are allocated by charging certain other funds a statutorily approved rate of 4.5 percent, as determined by the City's most recent cost allocation plan, of their gross revenue.

These revenues in the General Fund over the past five years have produced:

	(in thousands)				
	<u>2005</u>	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>
<i>Charges for services</i>					
Parking meters and fees	\$ 3,179	3,121	3,125	3,394	3,413
City Attorney charges	963	1,089	1,067	739	707
Police services	5,670	4,722	4,963	4,039	3,361
Fire services	9,977	9,613	6,612	1,913	1,840
Pro rata charges	18,416	17,250	16,433	16,352	15,402
All other	<u>1,813</u>	<u>1,837</u>	<u>1,761</u>	<u>1,357</u>	<u>2,035</u>
Total	<u>\$ 40,018</u>	<u>37,632</u>	<u>33,961</u>	<u>27,794</u>	<u>26,758</u>

Police services in 2005 include \$506 thousand received from the local public school district for special police services in schools; this revenue was first received in 2003 in the amount of \$1.035 million. The comparable 2004 amount was \$651 thousand.

Fire services representing charges for emergency medical transportation services were \$7.754 million (\$7.449 million collected) and \$7.548 million (\$7.520 million collected) in 2005 and 2004, respectively; 2003 was the first year for such revenue.

Fines and forfeits

This revenue source consists of fines and forfeits imposed by the Franklin County Municipal Court, and parking tickets issued by the City's parking violations bureau. Increased "prices" for court costs resulted in the significant increase in this revenue source in 2005.

	(in thousands)				
	<u>2005</u>	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>
<i>Fines and forfeits</i>					
Fines and forfeits	\$ 14,806	12,091	11,470	10,656	8,804
Parking ticket revenue	<u>5,739</u>	<u>5,660</u>	<u>5,621</u>	<u>4,866</u>	<u>4,120</u>
Total	<u>\$ 20,545</u>	<u>17,751</u>	<u>17,091</u>	<u>15,522</u>	<u>12,924</u>

Miscellaneous

Miscellaneous revenues in the General Fund on the modified accrual basis of accounting consist of the following:

	(in thousands)				
	<u>2005</u>	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>
<i>Miscellaneous revenue</i>					
Solid Waste Authority of Central Ohio rent	\$ 12,363	61,758	-	-	-
Electricity kilowatt tax	3,364	3,265	-	-	-
Hotel/motel taxes	3,204	2,875	2,804	2,707	2,735
Refunds and reimbursements	3,630	3,008	1,206	5,755	2,266
Other	<u>130</u>	<u>149</u>	<u>1,435</u>	<u>113</u>	<u>650</u>
Total	<u>\$ 22,691</u>	<u>71,055</u>	<u>5,445</u>	<u>8,575</u>	<u>5,651</u>

Refunds and reimbursements in 2004 and 2002 include refunds from the Ohio Bureau of Workers' Compensation. Proportionate shares of the refund were returned to the respective funds from which the premium had been paid.

Expenditure narrative:

Public safety, primarily police and fire service, continues to be the dominant function of the general fund. Public safety expenses were 69.1 percent and 69.8 percent of total expenses and transfers out for 2005 and 2004, respectively. The practice of transferring monies from the general fund to the health operating fund and the recreation and parks operating fund, both nonmajor special revenue funds, is a method used annually by the City to provide resources to these funds. It is appropriate, therefore, to consider transfers out when analyzing total general fund expenditures. Total general fund expenditures increased 5.8 percent in 2005; expenditures exceeded revenues (including transfers in) for the year by \$1.659 million. The City recognizes the need to continue its pattern of cost containment while pursuing new revenue sources.

General Fund revenue and expense trend information over the last ten years is included in the Statistical Section of this report – see Table 5 on page 210 and Table 6 on page 211.

General bond retirement debt service fund. The general bond retirement debt service fund has a total fund balance of \$1 million. The net decrease in fund balance during 2005 in this fund was approximately \$162 thousand. The general bond retirement fund is funded primarily with income tax revenue at the level necessary to meet debt service requirements.

Special income tax debt service fund. The special income tax debt service fund has a total fund balance of \$180.9 million. The net increase in fund balance during 2005 in this fund was approximately \$8.7 million. The increase in fund balance is the result of the premium received on the December 2005 bond issue. One quarter of the City's income tax revenue is set aside to meet debt service requirements for governmental activity type debt. Those income tax revenues not required in the general bond retirement fund, as noted above, are recorded in the special income tax fund.

Proprietary Funds

The City's proprietary funds financial statements provide the same information found in the government-wide financial statements, but in more detail.

The City operates four enterprise activities: a water system, a sanitary sewer system, a storm sewer system, and an electricity distribution system, which are accounted for in separate enterprise funds. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises—where the City intends that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City accounts for its enterprise funds on the full accrual basis of accounting.

The annual charges and rate increases (decreases) for the average Columbus resident/user of water and sewers over the last ten years are included in Table 14 of the Statistical Section. An average Columbus resident/user is defined as a customer using 12,000 cubic feet of water annually. Water and sanitary sewer charges are designed to provide resources for both capital and operating costs. Storm sewer and electricity charges are designed to provide resources operating costs (maintenance) and certain, but not all, capital costs.

The City's enterprises are not subject to rate review or determination by the Public Utilities Commission of Ohio or any similar regulatory body. The City's Council has the necessary authority to establish appropriate user rates when needed. The rates are reviewed and established by the Council annually. The frequency and amounts of rate setting authority lies solely with the City's Council.

Water. The City's water enterprise serves the residents of the City and the majority of suburban communities in the Columbus vicinity. The population of the service area is estimated in excess of one million persons. The water enterprise serves 267,178 customer accounts, owns and maintains 2,540 miles of water mains primarily within the City and maintains an additional 900 miles of mains beyond the City's borders.

The City obtains its raw water supply from rivers, reservoirs, and wells. The enterprise conducted a regional water resource project titled *Water Beyond 2000* which is used as a guide to develop additional water supply, treatment facilities, and distribution components as dictated by increasing demand. Future supply requirements will be addressed through a combination of demand management efforts and construction of upground reservoirs along the Scioto River north of the City. All necessary land for the upground reservoirs has been purchased.

The enterprise operates one of the most sophisticated water laboratories in the nation. The lab has maintained its EPA certification continually since the certification process began in 1976 pursuant to the Safe Drinking Water Act of 1974. On a semiannual basis, the lab must conduct various water study sample tests. The certification covers both equipment and personnel and represents a measure of quality performance. The staff is fully supported with state of the art equipment. Their primary responsibility is to assure that the water enterprise is, and will remain, in compliance with all federal, state, and local requirements.

All bonds of the water enterprise are paid from water enterprise revenues.

A ten-year comparison of certain water enterprise data is shown in Table 7 of the Statistical Section.

Sanitary Sewer. The City's sanitary sewer enterprise also serves the metropolitan area with approximately 263,147 customer accounts, both residential and commercial. Included in the total sewer system are 2,969 miles of sanitary sewers, 2,830 miles of storm sewers, and 180 miles of combined sanitary/storm sewers. The costs and related financial activities of sanitary and combined sewers are accounted for in the Sanitary Sewer Enterprise Fund.

When the Jackson Pike plant, one of the City's two treatment plants, reaches capacity the excess automatically flows through connectors to the Southerly plant. The Southerly plant has a design capacity that allows gallons treated to exceed, by approximately 20 percent, the maximum longer term sustainable maximum capacity for shorter periods of time. In 2005, gallons treated on eleven days; 1/3, 1/4, 1/5, 1/6, 1/7, 1/8, 1/12, 1/13, 1/14, 4/25 and 8/31, exceeded the longer term sustainable capacity, with 1/4 being the maximum treatment day of 200 million gallons.

All bonds and notes of the sanitary sewer enterprise are paid from sanitary sewer enterprise revenues.

A ten-year comparison of certain sanitary sewer enterprise data is shown in Table 7 of the Statistical Section.

Storm Sewer. Prior to 2002 the City's storm sewer financial activity was accounted for in a governmental type special revenue fund. Beginning with 2002, storm sewer assets, liabilities, revenues, and expenses have been accounted for in a business type activity enterprise fund. The City intends that all costs of the storm sewer enterprise be supported by user charges except for debt service, principal and interest, on bonds authorized by the voters in 1991 and prior. This net debt service amount in 2005 was \$ 2.265 million and is included in the enterprise financial statements as a transfer in from the Special Income Tax Fund. Final maturity on these bonds, all general obligation type bonds, is 2026.

The City's storm sewer enterprise owns and maintains 2,830 miles of such sewers and has 192,575 customer accounts, all within the City's borders.

A ten-year comparison of certain storm sewer enterprise data is shown in Table 7 of the Statistical Section.

Electricity. The City owns and operates an electricity distribution system and accounts for it in the Electricity Enterprise Fund. The system had its origin in the 1890's and generated electricity from burning coal. The initial sole purpose for its existence was to light the streets of the City. In response to environmental concerns, the City ceased burning coal in 1977 and ceased generating electricity. The City continued distributing electric power by purchasing all of its needed power from privately owned and other publicly owned utilities.

After a lengthy construction period, the City's solid waste resource recovery facility, a refuse derived fuel power plant, with capital costs of approximately \$200 million, began operations in the fourth quarter 1983. On April 1, 1993, the City leased the plant and related transfer stations (the Plant) to the Solid Waste Authority of Central Ohio (SWACO), a separate and distinct political sub-division of the State of Ohio. The annual lease payments to the City were to be in the amount of the related debt service requirements on bonds that were issued for the construction of the Plant. This lease resulted in the removal of certain real and personal property assets from the Electricity Enterprise Fund with original costs totaling \$205.5 million of which \$3.4 million was transferred to the then General Fixed Asset Account Group. The lease was accounted for in the Electricity Enterprise Fund as a capital lease in accordance with Statement No. 13 of the Financial Accounting Standards Board, *Accounting for Leases*. Due to a series of federal court decisions and U.S. EPA decisions the Plant ceased operations at the end of 1994. The City then began, in 1995, to buy all of its power from sources other than SWACO. The City's electricity distribution system has 13,748 residential and commercial customers.

As indicated above, the Plant ceased operations in December 1994. Demolition of the Plant began in February 2005. SWACO continues, however, to operate a landfill. The City is SWACO's largest customer at the landfill for landfill tipping fees.

At the end of 1994, upon the closing of the Plant, its associated direct financing lease was no longer deemed to be an Electricity Enterprise Fund asset nor were the general obligation bonds related thereto considered an Electricity Enterprise Fund liability. The City, therefore, in December 1994 transferred the direct financing lease (the asset) and the general obligation bonds related thereto (the liability) to the Debt Service Fund and the then General Long-Term Obligations Account Group, respectively.

In 1984 the City issued \$70.0 million of Variable Rate Demand Electric System Revenue Bonds. Proceeds of the bonds were used toward the completion of the Plant. Bondholders, however, had first lien on all revenues of the Electric Enterprise. Even after the closure of the Plant in 1994, these bonds, because of the lien on all revenues of the enterprise, remained as liabilities of the enterprise. In 2001 these revenue bonds were converted, refunded, by the issuance of Governmental Type general obligation fixed rate unvoted bonds of the City. Since no claim on enterprise revenue remains and the related asset was long ago, 1994, transferred out of the enterprise, the remaining bonds of \$29.450 million outstanding at December 31, 2001 were transferred out of the enterprise in 2002 as a nonreciprocal interfund transfer.

SWACO operates a landfill and agrees to continue to operate the landfill in a manner that ensures that disposal capacity in the Franklin County Landfill will be available to the City and its residents through, at a minimum, the

year 2025. The City continues to agree to dispose of all garbage collected by the City at the SWACO landfill. In 2005, the City paid SWACO \$13.1 million for landfill tipping fees (\$10.4 million in 2004).

The lease of the Plant between the City and SWACO extends to March 31, 2010 with automatic renewals of 5-year terms at annual rentals of \$100,000, unless SWACO chooses not to renew. SWACO, however, with consent of the City, began partial demolition of the plant in 2005. The lease payment obligation to the City will, however, continue.

In 2004, pursuant to statute, the City began accounting for the SWACO lease in its General Fund. The City received \$9,964,675 from SWACO in January 2006, which is recognized as revenue in 2005 (60 day rule). All lease receivable amounts not received within 60 days after year end have been accounted for as unearned revenue in the General Fund (see Note D).

Revenue included in Note O-Miscellaneous Revenues as Rent: SWACO consists of \$9,964,675 received in January 2006 plus \$2,398,694 in costs paid by SWACO on behalf of the City; a total of \$12,363,369.

A detailed computation of the City's lease receivable at December 31, 2005 is shown in Note H.

Rates charged to customers are determined solely by the City's Council after recommendation by the electricity enterprise management. Council's determination is final and is not subject to review or approval by any other regulatory body. Rates are, however, subject to market driven competition provided by the private electric utility in the area.

A ten-year comparison of certain electricity enterprise data is shown in Table 7 of the Statistical Section.

Unrestricted net assets at the end of the year amounted to \$61.4 million, \$70.9 million, \$24.8 million, and \$4.3 million for the water, sanitary sewer, storm sewer, and electricity enterprises, respectively. The growth in net assets in the water, sanitary sewer, storm sewer, and electricity enterprise funds was \$15.5 million, \$17.9 million, \$4.8 million, and \$2.9 million, respectively. Other factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

The final amended general fund budget had total appropriations of approximately \$13.3 million more than the original budget. The total original appropriations, including those for transfers out, were \$562.5 million, while the final appropriations were \$575.8 million. Final 2005 appropriations were 3.1 percent higher than the final 2004 appropriations and 4.2 percent higher than actual 2004 budget basis expenditures. In order to balance the 2005 budget, the City had to use \$13 million from its economic stabilization subfund, a component of the general fund. In 2004, the City used approximately \$25 million from the economic stabilization fund. A ten-year history of fund balances in the various components of the General Fund follows:

Budget Basis (in thousands)						
Year Ended	Undesignated subfund	Economic stabilization subfund	Anticipated expenditures subfund	Safety staffing contingency subfund	Job Growth subfund	Total General Fund
1996	\$ 18,064	\$ 11,725	\$ 1,800	\$ -	\$ -	\$ 31,589

Capital Asset and Debt Administration

Capital assets. The City's investment in capital assets for governmental and business-type activities as of December 31, 2005, amounts to \$3.2 billion (net of accumulated depreciation). This investment in capital assets includes land, buildings, systems, improvements, machinery and equipment, park facilities, roads, curbs and gutters, streets and sidewalks, and drainage systems. The total increase in the City's investment in capital assets for 2005 was 7.5 percent (a 6.6 percent increase for governmental activities and an 8.4 percent increase for business-type activities).

Major capital asset events during 2005 included the following:

- Total capital assets, net of accumulated depreciation, increased \$223.1 million.
- Business-type activity capital assets increased by \$131.5 million or \$183.9 million, net of \$52.4 million in current year depreciation expense. The increase was due to: \$13.7 million in water plant and water line improvements; \$47.8 million in sanitary sewer plant improvements; \$98 million in sanitary sewer line improvements; \$11.4 million street light, transformer and cable improvements, and expansion in electricity division; and \$13 million in other improvements.
- Governmental activity capital assets increased by \$91.7 million or \$143.2 million, net of \$51.5 million in current year depreciation expense. This increase was due to: \$19.4 million in donated streets; \$71.2 million in traffic signals and other street improvements; \$20.4 million in land and other improvements related to new and future park sites; \$4.5 million in fire station building and rehabilitation; \$11.5 million in fire and police vehicles; \$2.7 million related to the police station building and rehabilitation; \$7.9 million in transportation and refuse vehicles; and \$5.6 million in other improvements.

Additional information on the City's capital assets can be found in Note F on pages 74 – 75 of this report.

Long-term debt. At December 31, 2005, the City, the primary government, had \$2.2 billion of long-term bonds and loans outstanding. All assessment bonds and notes issued by the City are general obligation bonds and notes. There were \$2.481 million in assessment bonds and \$2.507 million in assessment notes, all related to business-type activities, outstanding at December 31, 2005. The revenue bonds of the City represent bonds secured solely by specified revenue sources (i.e. revenue bonds).

City of Columbus
General Obligation and Revenue Bonds Outstanding
(amounts expressed in thousands)

	Governmental activities		Business-type activities		Total	
	2005	2004	2005	2004	2005	2004
General obligation bonds, notes and capital leases	\$ 900,069	821,438	677,446	584,944	1,577,515	1,406,382
Revenue bonds	69,670	63,276	565,193	491,640	634,863	554,916
Total	\$ 969,739	884,714	1,242,639	1,076,584	2,212,378	1,961,298

Total long-term bonds and loans outstanding at December 31, 2005 increased \$251 million or 12.8 percent as compared to the amount outstanding at December 31, 2004. Key events contributing to the change in long-term debt balances are as follow:

- On February 11, 2005 the City sold \$295.015 million of General Obligation Refunding Bonds, dated February 23, 2005. The Refunding Bonds consisted of two series: \$227.010 million of unlimited (voted) bonds with a final maturity of December 15, 2023 and \$68.005 million of limited (unvoted) bonds with a final maturity of June 15, 2018. The governmental activities portion of the Refunding Bonds totaled \$171.680 million and refunded \$171.805 million of old governmental activities bonds, while the business-type activities portion of the Refunding Bonds totaled \$123.335 million and refunded \$125.305 million of old business-type activity bonds. The total adjusted reduction in aggregate debt service and total net present value savings on the refunding was \$13.802 million and \$11.004 million, respectively.
- On August 30, 2005, the City issued \$15.475 million of governmental type debt to refund/defeas a portion of the outstanding Police and Firemen’s Disability and Pension Fund Employer’s Accrued Liability Refunding (P&F Bonds) dated July 15, 1998. The total adjusted reduction in aggregate debt service and total net present value savings on the refunding was \$773 thousand and \$471 thousand, respectively.
- On December 14, 2005, the City sold \$274.770 million of General Obligation Bonds. Governmental activities received \$151.510 million of proceeds on sale of the bonds, while business-type activities received \$123.260 million.
- At various dates throughout 2005, the City issued additional business-type activities long term notes to the Ohio Water Development Authority for the sanitary sewer enterprise of \$114.269 million for various sanitary sewer capital projects; \$1.088 million and \$1.141 million of general obligation assessment bonds and notes, respectively, for electricity enterprise.

The City's general obligation bond ratings by Standard & Poor's Corporation and Moody's Investor Services, Inc. are "AAA" and "Aaa", respectively. The City's bond ratings are shown in the following table.

Type	Moody's	Standard & Poor's
General Obligation Bonds – Fixed Rate	Aaa	AAA
General Obligation – Variable Rate Demand Bond	Aaa/VMIG1	AAA/A1+
1999 Water System Revenue Refunding Bonds	Aa2	AA
1994 Sanitary Sewer System Adjustable Rate Refunding Revenue Bonds	Aa2/VMIG1	AA/A1+
2002 Sanitary Sewer System Revenue Refunding Bonds	Aa2	AA

The City is within all of its legal debt limitations. The Ohio Revised Code provides that the net debt (as defined in the Ohio Revised Code) of a municipal corporation, whether or not approved by the electors, shall not exceed 10.5 percent of the total value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5 percent of the total taxation value of property. The statutory limitations on debt are measured by the ratio of net debt to tax valuation and expressed in terms of a percentage. At December 31, 2005, the City's total net debt amounted to 4.10 percent of the total assessed value of all property within the City. Unvoted net debt amounted to 0.61 percent of the total assessed value of all property within the City. The City had a legal debt margin for total debt of \$1.042 billion and a legal debt margin for unvoted debt of \$795.538 million. The aggregate amount of the City's unvoted debt is also subject to overlapping debt restrictions with other political subdivisions. The actual aggregate amount of the City's unvoted debt, when added to that of other political subdivisions within the respective counties in which Columbus lies, is limited to ten mills. This millage is measured against the property values in each overlapping district. At December 31, 2005, the millage amounts were as follows:

Political subdivision of State of Ohio	Mills Required		
	Franklin County	Fairfield County	Delaware County
Direct			
City of Columbus	4.0594	4.0594	4.0594
Overlapping			
County	0.6063	1.6175	1.8239
School District	0.1531	-	-
Township	0.2274	-	-
JVSD	-	-	0.0180
Total	<u>5.0462</u>	<u>5.6769</u>	<u>5.9013</u>
Maximum millage permitted	<u>10.0000</u>	<u>10.0000</u>	<u>10.0000</u>

Additional information regarding the City's long-term debt can be found in Note G on pages 75 – 93 of this report.

Economic Factors and Next Year's General Fund Budget

The City's key objectives set for the 2006 budget were jobs, safety, and long-term fiscal stability. With the uncertainty surrounding the economy, the City considered the impact on two primary revenue sources: income tax revenue and state shared revenue.

In the 2006 budget process City Council decided that it was important to: 1) continue the City's investment in job creation; 2) put the highest premium on safety for the people of Columbus and City employees; and 3) adopt a budget designed to promote long-term fiscal stability. In order to meet the objectives of the 2006 budget, the City recognized the need to continue its pattern of cost containment while pursuing new revenue sources.

General fund expenditure appropriations for 2006 have been approved by City Council in the amount of \$598.833 million. This appropriation level is approximately \$28.860 million more than actual 2005 general fund budgetary

basis expenditures (including transfers out). The appropriation level was set based on estimated revenues, including a transfer of \$12 million from the Economic Stabilization (Rainy Day) subfund component of the General Fund, in the General Fund of the same amount for 2006. There remains \$45.440 million of unbudgeted monies in the various subfund components of the General Fund. See General Fund Budgetary Highlights on page 33 of this report.

Request for Information

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to show accountability for the money it receives. This report is also available on the City's website at www.cityofcolumbus.org. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City Auditor's Office, 90 West Broad Street, Columbus, Ohio, 43215.

City of Columbus, Ohio

Exhibit 3.1

Reconciliation of the Balance Sheet to the Statement of Net Assets Governmental Funds December 31, 2005 (amounts expressed in thousands)

Total **fund balances** for governmental funds (Exhibit 3) \$ 548,680

Total **net assets** reported for governmental activities in the statement of net assets is different because:

Capital assets used in governmental activities (excluding internal service fund capital assets) are not financial resources and therefore are not reported in the funds. Those assets consist of:

Land	210,898	
Buildings, net of \$114,478 accumulated depreciation	232,791	
Improvements other than buildings, net of \$54,568 accumulated depreciation	111,103	
Machinery and equipment, net of \$152,491 accumulated depreciation	62,815	
Infrastructure, net of \$237,153 accumulated depreciation	<u>865,167</u>	
Total capital assets (See Note F)		1,482,774

Bond issuance costs associated with new debt issued by the City in 2005 were reported as expenditures in the governmental fund when the debt was issued, whereas bond issuance costs are deferred in the statement of net assets. Deferred bond issuance costs are amortized, over the life of the debt issued, as an adjustment to interest expense in the statement of activities. 4,803

Internal services funds (see Exhibit 5) are used by the City to account for the financing of goods or services provided by one department or agency to other City departments or agencies, generally on a cost reimbursement basis. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets. Internal service fund net assets are: 5,570

City income tax revenue related to 2005 (and prior tax years) will be collected beyond the 60 day period used to record revenue in the fund statements. Revenue and a corresponding receivable for this amount are included in the government-wide statements. 50,298

Emergency Medical Services charges related to 2005 (and prior tax years) will be collected beyond the 60 day period used to record revenue in the fund statements. Revenue and a corresponding receivable for this amount are included in the government-wide statements. 10,362

State shared revenue appropriated during the State of Ohio's fiscal year ended June 30, 2005 will be collected by the City in calendar year 2006. Revenue and a corresponding receivable for the amount appropriated but not received by December 31, 2005 are included in the government-wide statements. 40,581

General obligation debt to be paid for by CRAA, a joint venture of the City. The revenue to be collected from CRAA was deferred in the fund statements, but recognized as revenue in the government-wide statements. 3,775

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities - both current and long-term - are reported in the statement of net assets. Also, during the year the City issued new debt. The deferred amount on refunding and premium received on the refunding were reported in the governmental fund when the debt was issued, whereas these amounts are deferred and amortized, over the remaining life of the new debt, as an adjustment to interest expense in the statement of activities.

Balances at December 31, 2005 are:

Accrued interest on bonds		(8,879)
Due to other governments		(2,500)
Accrued vacation and sick leave		(58,539)
Capital lease	(2,000)	
Bonds and notes payable	(906,411)	
Unamortized deferred amount on refunding	20,490	
Unamortized premiums	<u>(53,377)</u>	
Total long-term liabilities (see Note G)		<u>(941,298)</u>

Total **net assets** of governmental activities (Exhibit 1) \$ 1,135,627

The notes to the financial statements are an integral part of this statement.

Exhibit 4.1

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances
to the Statement of Activities
Governmental Funds
For the Year Ended December 31, 2005
(amounts expressed in thousands)

Net change in fund balances - total governmental funds (Exhibit 4)	\$ 39,889
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets, which meet capitalization requirements, is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	92,058
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. The amount is the net effect of the reversal of prior year items against current year accruals.	(391)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of premiums and deferred amount on refundings when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The amount is the net effect of these differences in the treatment of long-term debt and related items.	(65,909)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(1,796)
Net loss of certain activities of internal service funds are reported with governmental activities.	3,861
Changes in net assets of governmental activities (Exhibit 2)	<u>\$ 67,712</u>

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements
December 31, 2005

NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Columbus (the City) was organized on March 3, 1834 and is a home-rule, municipal corporation under the laws of the State of Ohio. The City operates under the Council-Mayor form of government.

The accompanying financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, and Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, in that the financial statements include all the organizations, activities, functions, and component units for which the City (the reporting entity) is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and either (1) the City's ability to impose its will over the component unit, or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the City. On this basis, the reporting entity of the City includes the following services as authorized by its charter: public service, public safety, development, health, and recreation and parks. In addition, the City owns and operates four enterprise activities: a water system, a sanitary sewer system, a storm sewer system, and an electricity distribution system. The reporting entity also includes three joint ventures and two component units.

Joint Ventures:

- In August 1990, the City's Council created the Columbus Municipal Airport Authority (CMAA), as permitted by State law, to manage the City's two airports. CMAA became operational in November 1991. Although CMAA was a separate legal entity, the City discretely presented the financial statements of CMAA pursuant to GASB Statement No. 14 as a part of the reporting entity through December 31, 2002. On December 12, 2002 the City of Columbus, Ohio, the Columbus Municipal Airport Authority, and the County of Franklin, Ohio entered into the Port Authority Consolidation and Joinder Agreement. The effective date of the agreement was January 1, 2003. The agreement unites the operations of Columbus Municipal Airport Authority, created by the City in 1990, and the Rickenbacker Port Authority, created by the County in 1979 and dissolved by the County Commissioners via this action. The new entity is titled the Columbus Regional Airport Authority (CRAA). The board of directors of the CRAA is its governing body and consists of nine (9) members; four (4) appointed by the Mayor of the City of Columbus, four (4) by the County Commissioners of Franklin County and one (1) jointly by the Mayor and the County Commissioners. Beginning January 1, 2003 the CRAA was characterized as a Joint Venture of the City and the County. CRAA's financial activity is reported in Note Q contained in this report. Complete financial statements of CRAA may be obtained from CRAA's administration offices at 4600 International Gateway, Columbus, Ohio 43219 or at www.columbusairports.com.
- The Franklin Park Conservatory Joint Recreation District (the Conservatory District) was created by the City (Resolution 109X-90) and Franklin County (Resolution 79-90) in 1990 pursuant to authority contained in Section 755.14(B) of the Ohio Revised Code (ORC). The agreement between the City and the County that created the Conservatory District in 1990 was amended by the City (Ordinance 1794-96) and the County (Resolution 800-96) in August 1996. The amendment increased the number of members of the Board of the Conservatory District from 10 to 17. Eight members of the Board are appointed by the Mayor of the City subject to confirmation by the City's Council and six members are appointed by the County. In addition, the Governor, the Speaker of the House of Representatives and the President of the Senate of the State of Ohio each appoint one member to the Board pursuant to the authority contained in Section 755.14(B)(2) of the ORC. State appointed members are nonvoting members if they also serve as members of the Ohio General Assembly; no member presently serves in both roles. The Mayor of the City, therefore, does not appoint a voting majority of the Board.

The City contributed certain fixed assets to the Conservatory District at the time of its inception and has agreed to an annual operating subsidy, but subject to annual appropriation by the City's Council. Revenues, the operating subsidy, received by the Conservatory District in 2005 from the City were

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

\$452,693; 7% of its total revenue and support. In addition, the City provided support of \$750,000 in 2005 for the Conservatory District's capital needs. The City has authorized operating and capital subsidies of \$452,693 and \$250,000, respectively, to the Conservatory District for 2006. In the event of the Conservatory District's liquidation, its assets will be transferred to the City.

Because the City's Mayor does not appoint a voting majority of the Conservatory District's Board and multiple governments participate in the board appointment process, the City accounts for and reports the financial activity of the Conservatory District as a joint venture pursuant to GASB Statements No. 14 and 39. The Conservatory District's financial activity is reported in Note Q contained in this report. Complete financial statements may be obtained from the Conservatory District at 1777 East Broad Street, Columbus, Ohio 43203.

- The Affordable Housing Trust for Columbus and Franklin County (AHT) was initially created as the Columbus Housing Trust Corporation, with Articles of Incorporation (Articles) filed with the Ohio Secretary of State on August 31, 2000. Amended Articles were then filed for AHT in May 2001. No single government or government official appoints a majority of the Board members. All are jointly appointed. In 2005 the City provided cash assistance to AHT of \$1,172,095. The County provided cash assistance of \$750 thousand. AHT's total support and revenue in 2005 was \$2.293 million. The City is committed through its legislation to provide a portion of its hotel-motel tax collections to AHT each year into the future. This commitment approximates \$1.0 million per year.

Since the Mayor does not singularly appoint a voting majority of AHT's board of trustees and multiple governments participate in both the board appointment process and the financial support of AHT, the City accounts for and reports the financial activity of AHT as a joint venture pursuant to GASB Statements No. 14 and 39. AHT's financial activity is reported in Note Q contained in this report. Complete financial statements of AHT may be obtained from The Affordable Housing Trust for Columbus and Franklin County, 415 East Mound Street, Columbus, OH 43215.

Component units:

- Columbus Urban Growth Corporation (CUGC) was incorporated in 1996 as an Ohio not-for-profit corporation and, as stated in Notes to its consolidated financial statements for the year ended June 30, 2005, was organized for the purpose of promoting commercial and industrial development and creating investment and job opportunities in Columbus inner city and economically depressed neighborhoods. In accordance with its missions, CUGC has established the entities of Community Urban Redevelopment Corporation, Neighborhood Acquisition Corporation, Crosstown, LLC and 268 Management Company. The consolidated financial statements include all the above entities. All material accounts and transactions among the consolidated entities have been eliminated.

Management of CUGC consists of a 15 member Board of Trustees, 10 of whom are appointed by the City (5 by the Mayor and 5 by the President of City Council). CUGC receives a significant portion of its funding from the City and at June 30, 2005 had \$4.472 million of notes payable to the City. The City leases significant amounts of property to CUGC. See Note I – Property Leased to Others. Because the City appoints a majority of the Board of Trustee members of CUGC and because of CUGC's financial dependency on the City, a component unit relationship is deemed to exist. See Note R – Component Units – for additional disclosures regarding CUGC.

- The RiverSouth Authority (RiverSouth) came into existence in 2004 as a result of the following statutes. The Columbus City Council, via ordinance no. 2446-03, approved on November 19, 2003, authorized the City Clerk to initiate the process to create The RiverSouth Authority, a new community authority as provided for under Ohio Revised Code (ORC) Chapter 349. The City Council continued the process by establishing the time and place for a public hearing on the matter via Ordinance No. 451-04 approved on March 17, 2004. The public hearing was held at 5:00 p.m. on Monday, April 19, 2004 in City Council

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Chambers. The Council, via Ordinance No. 1007-04, approved June 23, 2004, created "The RiverSouth Authority" as a body politic and corporate.

The Board of Trustees of the Authority, pursuant to the creating Ordinance 1007-04, consists of nine members. The City appoints five members including one local government representative. The Developer, The Columbus Downtown Development Corporation, a private entity, appoints the remaining four members. RiverSouth encompasses several square blocks in the core of Columbus' downtown, and, as indicated in the background of the ordinance, all to be developed and redeveloped for the conduct of commercial, residential, cultural, educational, and recreational activities.

Certain inter-dependent transactions occurred in 2004 pursuant to the following. Ordinance No. 1009-2004, approved by Council on June 23, 2004, authorized the City's Director of Development to execute a lease agreement and first supplemental lease agreement with RiverSouth whereby the City leased certain land, approximately 1.621 acres, from RiverSouth and recognized certain projects and costs to be undertaken by RiverSouth. On June 29, 2004 RiverSouth then proceeded to issue \$37,870,000 of RiverSouth Area Redevelopment Bonds, 2004 Series A (the Bonds). Rental payments from the City to RiverSouth due as a result of the lease and first supplemental lease agreements are to equate to the debt service requirements on the Bonds beginning December 1, 2007 in the total amount of \$58.905 million. These rental payments are subject to annual appropriations of City Council. Payments are scheduled to begin in 2007.

The Official Statement, dated June 24, 2004, issued in conjunction with the Bonds states in part "...The Authority and City entered into the Master Lease Agreement dated June 1, 2004 (the "Lease") under which the Authority has agreed to issue obligations to finance redevelopment activities as authorized by the Columbus City Council, and to lease to the City certain land consisting of approximately 1.621 acres (the "Project Land") located in the RiverSouth area in downtown Columbus. The City's lease interest in the Project Land will include the underlying land interest in the Project Land but does not include improvements made on the Project Land whether or not such improvements are financed by Bonds issued by the Authority. Upon the expiration of the lease term, all right, title and interest in the Project Land will be transferred to the City. In connection with each series of Bonds issued by the Authority, the City and the Authority will enter into a supplemental lease agreement. The supplemental lease agreement will identify the capital facilities to be financed with the related series of Bonds and will provide for the applicable rentals. The Authority and City have also entered into the First Supplemental Lease dated June 1, 2004 (the "First Supplemental Lease") in connection with the issuance of the 2004 Series A Bonds. . ."

Ordinance No. 1312-2005, approved by Council on July 25, 2005 authorized the City to enter into a Second Supplemental Lease Agreement with the RiverSouth Authority. This Second Agreement resulted in RiverSouth, on October 11, 2005, issuing an additional \$42,850,000 of bonds; the RiverSouth Area Redevelopment Bonds, 2005 Series A. Rental payments from the City to RiverSouth due as a result of the Second Supplemental Lease Agreement are to equate to the debt service requirements on the 2005 bonds beginning December 1, 2008 in the total amount of \$66.518 million. Rental payments under the Second Supplemental Lease Agreement are also subject to annual appropriations of City Council with payments beginning in 2008 and apply to the same 1.621 acres of land as the Master Lease Agreement and the First Supplemental Lease Agreements.

Because the City appoints a majority of the Board of Trustee members of RiverSouth and because of RiverSouth's financial dependency on the City, a component unit relationship is deemed to exist. See Note R – Component Units – for additional disclosures regarding RiverSouth.

The accounting policies and financial reporting practices of the City conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. Beginning January 1, 2001, the City changed its financial reporting to comply with GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. For fiscal year 2003, the City

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

implemented GASB Statement No. 40, *Deposits and Investment Risk Disclosures*. In November 2003, the GASB issued Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*. The City has determined that GASB Statement No. 42 has no impact on its financial statements as of December 31, 2005. The GASB issued Statement No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, in April 2004 and Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefit Plans Other Than Pension Plans*. The City has determined that these two statements have no impact on its financial statements as of December 31, 2005. The GASB issued Statement No. 44, *Economic Condition Reporting: The Statistical Section – and amendment of NCGA Statement 1*, in May 2004 and Statement No. 46, *Net Assets Restricted by Enabling Legislation – an amendment of GASB Statement No. 34*, in December 2004. Both of these statements have been implemented as of December 31, 2005. Finally, GASB issued Statement No. 47, *Accounting for Termination Benefits*, in June 2005. The City has determined that this statement has no impact in its financial statements as of December 31, 2005.

The following is a summary of the City's significant accounting policies:

(a) Government-wide and fund financial statements

Financial information of the City is presented in this report as follows.

- Management's discussion and analysis introduces the basic financial statements and provides an analytical overview of the City's financial activities.
- Basic financial statements:
 - Government-wide financial statements consist of a statement of net assets and a statement of activities.

These statements report all of the assets, liabilities, revenues, expenses, and gains and losses of the City. Governmental activities are reported separately from business type activities. Governmental activities are normally supported by taxes and intergovernmental revenues whereas business type activities are normally supported by fees and charges for services and are usually intended by management to be financially self-sustaining. Fiduciary funds of the City are not included in these government-wide financial statements; however, separate financial statements are presented for the fiduciary funds.

Interfund receivables and payables between governmental and business type activities have been eliminated in the Government-wide Statement of Net Assets. These eliminations minimize the duplicating effect on assets and liabilities within the governmental and business type activities total column.

Internal service fund balances, whether positive or negative, have been eliminated against the expenses and program revenues shown in governmental activities Statement of Activities.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities.

Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

- o Fund financial statements consist of a series of statements focusing on information about the City's major governmental and enterprise funds. Separate financial statements are presented for the governmental, proprietary, and fiduciary funds.

The City's major governmental funds are the General fund, the General Bond Retirement debt service fund, and the Special Income Tax debt service fund. Of the City's business type activities, its Water, Sanitary Sewer, Storm Sewer, and Electricity enterprise funds are considered major funds.

The General fund is the accounting entity in which all governmental activity, except that which is required to be accounted for in other funds, is accounted for. Its revenues consist primarily of taxes, investment income, licenses and permits, intergovernmental shared revenue, charges for services, fines, and other.

General fund expenditures represent costs of general government; public service, including garbage collection and facilities management; public safety, including fire, police, and communications; certain development costs, and other. Resources of the General fund are also transferred annually to support services such as public recreation and public health, which are accounted for in separate special revenue funds.

The General Bond Retirement and the Special Income Tax debt service funds are accounting entities in which the City accounts for the accumulation of resources for and the payment of general obligation debt; principal, interest, and related expenditures. Revenues consist primarily of a portion of the City's income tax.

The Water enterprise fund, a major fund, is the accounting entity in which the City accounts for all financial activity related thereto. The City collects, purifies, and sells water to city residents and certain suburban areas. Water is collected from surface areas (rivers) and wells. The City has three water treatment plants. Revenues consist primarily of user charges.

The Sanitary Sewer enterprise fund, a major fund, is the accounting entity in which the City accounts for all financial activity related thereto. The City collects and treats effluent of City residents and residents of certain suburban areas. The City has two sewerage treatment plants. Revenues consist primarily of user charges.

The Storm Sewer enterprise fund, a major fund, is the accounting entity in which the City accounts for all financial activity related thereto. Prior to 2002, storm sewer financial activities were accounted for in a special revenue fund and various capital project funds. Revenues consist primarily of user charges.

The Electricity enterprise fund, a major fund, is the accounting entity in which the City accounts for all the financial activity related thereto. The City purchases, but does not generate, and sells electricity to its 13,748 customers, both residential and commercial. Revenues consist primarily of user charges.

The City maintains various nonmajor internal service funds which are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government, generally on a cost reimbursement basis. The largest of these funds account for fleet management services and electronic information services.

Also maintained by the City are fiduciary funds such as agency funds used to account for assets held by the government as an agent for individuals, private organizations, other governments, and/or other funds.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

- Notes to the financial statements providing information that is essential to a user's understanding of the basic financial statements.
- Required supplementary information such as budgetary comparison schedules as required by GASB.

(b) Financial reporting presentation

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures (expenses). Fund types are as follows:

GOVERNMENTAL FUNDS

General Fund—The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds—Special Revenue Funds are used to account for revenues derived from specific taxes, grants or other restricted revenue sources. The uses and limitations of each special revenue fund are specified by City ordinances or federal and state statutes.

Debt Service Funds—Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Capital Projects Funds—Capital Projects Funds are used to account for financial resources used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

Permanent Funds—Permanent funds are for the purpose of accounting for resources that are legally restricted to the extent that earnings, and not principal, may be used for purposes that support the reporting government's programs. The City, however, does not utilize Permanent funds.

PROPRIETARY FUNDS

Enterprise Funds—Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises—where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City has separate enterprise funds for its water, sanitary sewer, storm sewer, and electricity services.

Internal Service Funds—Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, generally on a cost-reimbursement basis.

FIDUCIARY FUNDS

Agency Funds—Agency Funds are used to account for assets held by the City as an agent for individuals, private organizations, other governments, and/or other funds. Assets held for other funds or governments include payroll taxes and other employee withholdings (which are combined into one agency fund for ease of payment), income taxes, and utility charges collected by the City on behalf of other governments. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Other Fiduciary funds; which, however, the City does not utilize are **Pension trust funds** used to account for resources that are required to be held in trust for the respective members or beneficiaries; **Investment trust funds** used to report the external portion of investment pools reported by the sponsoring government as required by GASB No. 31 and **Private-purpose trust funds** used to account for other trust arrangements which benefit individuals, private organizations or other governments.

(c) Measurement focus and bases of accounting

Except for budgetary purposes, the bases of accounting used by the City conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

The government-wide and the proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide, proprietary, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include income taxes, property taxes, grants, shared revenue (unrestricted, intergovernmental revenue) and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the taxpayer's liability occurs and revenue from property taxes is recognized in the fiscal year for which the taxes are levied. On an accrual basis, revenue in the form of shared revenue is recognized when the provider government recognizes its liability to the City. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

Pursuant to GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that use Proprietary Fund Accounting*, the City follows GASB guidance as applicable to its governmental and business-type activities, and Financial Accounting Standards Boards (FASB) Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins issued on or before November 30, 1989 that do not conflict with or contradict GASB Pronouncements. The City has elected to follow GASB guidance for business-type activities and enterprise funds rather than FASB guidance issued after November 30, 1989.

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(d) Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed in all funds. On the GAAP basis of accounting, encumbrances do not constitute expenditures or liabilities, but are reported as reservations of fund balances in governmental funds.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

(e) Cash Equivalents

For purposes of the statement of cash flows, the Proprietary Funds consider all highly liquid investments held by trustees, with an original maturity of three months or less when purchased, to be cash equivalents. In addition, all cash and investments with treasurer are also considered to be cash equivalents because they are available to the Proprietary Funds on demand.

(f) Investments

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, the City records all of its investments at fair value as defined in the statement.

The City does not engage in any form of derivatives or reverse repurchase agreements in the management of its investment portfolio. Only eligible investments with final maturities not greater than two years from time of purchase are permitted. The City's cash and investments are further explained in Note C.

(g) Inventory

Inventory is valued at cost utilizing the first-in, first-out method for enterprise funds and the average cost method for internal service funds. Items considered as inventory in the enterprise funds and internal service funds are accounted for as expenditures when acquired by governmental funds.

(h) Capital Assets

Capital assets, which include property, plant, and equipment, and infrastructure (e.g. roads, curbs and gutters, streets and sidewalks, and drainage systems) are reported in the applicable governmental or business-type activity columns in the government-wide financial statements. The City defines capital assets as assets with an estimated useful life of five years or more from the time of acquisition by the City and a cost of \$5,000 or more. Such assets are recorded at historical cost or estimated historical cost (for certain assets acquired prior to 1960). Pursuant to the implementation of GASB Statement No. 34, the historical cost of infrastructure assets (retroactive to January 1, 1979) is included as part of the governmental capital assets reported in the government-wide statements. Donated assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment is depreciated using the straight line method over the following estimated useful lives:

Description	Estimated Lives (years)
Information processing equipment	5
Trucks	8
Equipment, furniture, and fixtures	10
Heavy rescue equipment	25
Buildings, infrastructure, water lines, and fire hydrants	40
Sewer mains and certain water assets	75-100

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

(i) Pensions

Pursuant to the modified accrual basis of accounting, governmental funds record the provision for pension cost when the obligation is incurred and will be liquidated with available and measurable resources. Pension cost for proprietary fund types is recorded when incurred (see Note K).

(j) Insurance

The City assumes the liability for most property damage and personal injury risks. Judgments and claims, including those incurred but not reported as of year-end, are recorded when it is probable that an asset has been impaired or a liability has been incurred and the amount of loss can be reasonably estimated. The City insures certain of its major buildings. The policy has a \$100,000 deductible. No losses occurred in 2003, 2004, or 2005 that exceeded insurance coverage. A fire occurred in January 2002 in which the City sustained a loss of approximately \$100,000.

The City's division of Police operates a fleet of six jet-powered helicopters. These helicopters (models M/D 500E), valued at approximately \$1,000,000 each, are insured for both hull insurance (\$1,000,000 per helicopter with \$100,000 deductible) and liability insurance (\$10,000,000 per occurrence; \$1,000,000 per passenger; no deductible). No accidents or losses occurred in 2003, 2004, or 2005.

Additionally, the City provides medical, dental, vision, and short-term disability coverage for its employees on a self-insurance basis. Expenses for claims are recorded on a current basis based on an actuarially determined charge per employee. The City accounts for such activity in an Internal Service Fund in accordance with GASB Statement No. 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues.

A summary of changes in self-insurance claims liability follows:

	(in thousands)				
	2005	2004	2003	2002	2001
Claims liability at January 1	\$ 5,000	5,500	6,500	5,000	5,000
Incurred claims, net of favorable settlements	71,646	67,488	60,146	55,817	48,328
Claims paid	<u>(71,346)</u>	<u>(67,988)</u>	<u>(61,146)</u>	<u>(54,317)</u>	<u>(48,328)</u>
Claims liability at December 31	<u>\$ 5,300</u>	<u>5,000</u>	<u>5,500</u>	<u>6,500</u>	<u>5,000</u>

Claims are accrued based upon estimates of the claims liabilities made by management and the third-party administrator of the City. These estimates are based on past experience and current claims outstanding. Actual claims experience may differ from the estimate. An actuary was used in the determination of the current liability. This claims liability is recorded in the Internal Service Fund as accrued wages and benefits.

(k) Vacation and Sick Leave

City employees are granted vacation and sick leave in varying amounts. In the event of termination, an employee is reimbursed for accumulated vacation and sick leave at various rates.

Vacation and sick leave accumulated by governmental fund type and proprietary fund type employees is reported as an expense when earned in the government-wide financial statements. Vacation and sick leave accumulated by governmental fund type employees is not reported as an expenditure in the governmental fund financial statements, as current financial resources are not used.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Payment of vacation and sick leave is dependent upon many factors; therefore, timing of future payments is not readily determinable. However, management believes that sufficient resources will be made available for the payment of vacation and sick leave when such payments become due.

(l) Debt Issuance Costs, Premiums, Discounts, and Deferred Amounts on Refundings

Bond premiums and discounts, as well as issuance costs and deferred amounts on refundings, are capitalized and amortized over the life of the bonds.

(m) Interfund Transactions

The City has the following types of transactions among funds:

- 1) Reciprocal interfund loans: Amounts provided by one fund to another with a requirement for repayment.
- 2) Reciprocal interfund services provided and used: Purchases and sales of goods and services between funds for a price approximating their external exchange value.
- 3) Nonreciprocal interfund transfers: Flows of assets between funds without equivalent flows of assets in return and without a requirement for repayment. This includes payments in lieu of taxes that are not payments for, and are not reasonably equivalent in value to, services provided.
- 4) Nonreciprocal interfund reimbursements: Repayments from the funds responsible for particular expenditures or expenses to the funds that initially paid for them.
- 5) The City's interfund receivables and payables at December 31, 2005 are presented in Note E. Transfers are presented in Note P.

(n) Pursuant to local statute and determined by an internal cost allocation plan, certain costs initially borne by the General Fund are then billed as direct charges to other funds of the City. Revenues from these charges are accounted for in the government-wide Statement of Activities as general government and in the governmental funds Statement of Revenue, Expenditures, and Changes in Fund Balances General Fund as charges for services. The corresponding expenses appear as function/program costs in the Statement of Activities.

(o) The City, in its proprietary funds, accounts for all recurring type revenues, including all revenues which the City controls through statutory pricing or regulatory authority, as operating revenues and all recurring type expense as operating expenses. Non-recurring revenues such as gains on sales of assets and revenues over which the City has minimal or no control, primarily interest earnings, are accounted for as nonoperating revenues. Interest expense and other non-recurring expenses over which the City has minimal or no control are reported as non-operating expense.

(p) The City complies with all restrictions governing the use of restricted assets. Such restrictions do not offer discretion regarding use of these resources in an unrestricted manner. Where capital funds, usually bond proceeds, are available capital assets are acquired from such resources. Capital assets can be, however, and to a lesser amount are, acquired from unrestricted resources.

(q) Restricted Net Assets

At December 31, 2005, \$27.698 million of the City's \$245.591 million in governmental activities restricted net assets on the Statement of Net Assets were restricted by enabling legislation, as defined by GASB Statement No. 46, *Net Assets Restricted by Enabling Legislation*.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

NOTE B—COMMITMENTS AND CONTINGENCIES

(a) Litigation

The City is a defendant in a number of lawsuits pertaining to matters that are incidental to performing routine governmental and other functions. As of December 31, 2005, claims approximating \$92.6 million were outstanding against the City. Based on the current status of all these legal proceedings, it is the opinion of management that ultimate resolution of such will not have a material effect on the City's financial statements. The City is currently undergoing an examination by the Internal Revenue Service (IRS) for the year 2003. The IRS has proposed certain adjustments totaling \$1.3 million. At this preliminary stage of the examination, ultimate resolution of the proposed adjustments cannot be determined. The City intends to vigorously contest the proposed adjustments.

Subsequent to December 31, 2005, the City received official notification from the IRS dated April 17, 2006 that the 2004 tax year has additionally been opened for examination of the same issues identified in the 2003 examination. The City has applied consistent tax treatment of the items identified by the IRS as subject to the 2003 proposed adjustment. Consequently, the IRS may propose adjustments similar in amounts to the 2003 adjustments during the 2004 examination process. If this occurs, the City intends to vigorously contest any proposed adjustments.

(b) Federal Grants

Under the terms of federal grants, periodic audits are required and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such audits could lead to reimbursements to the grantor agencies. While questioned costs may occur, ultimate repayments required of the City have been infrequent in prior years.

(c) Franklin County Convention Facilities Authority (CFA)

The CFA is a separate and distinct entity created under the laws of Ohio. In June 1990, the CFA issued lease revenue bonds for the purpose of constructing a convention facility in downtown Columbus. Also in June 1990, the City and the County of Franklin, Ohio (the County) entered into a lease/sublease arrangement with the CFA pursuant to which the City and the County leased the convention facility as tenants in common from the CFA. The City and the County subleased the facility back to the CFA. The lease requires that the City and the County each pay rent to the CFA in an amount equal to one half of the debt service on the revenue bonds. Under the sublease, the CFA is required to pay rent to the County and the City in an amount equal to such debt service. Such sub rental payments are expected to be derived from the hotel/motel excise tax levied by the CFA, and if such tax is insufficient, from earnings on, and the principal amount of, certain reserve funds created in connection with the issuance of the revenue bonds. If the foregoing amounts are insufficient, the City agreed in the lease to apply that portion of the hotel/motel tax levied by the City and currently paid by the City to a convention and visitors bureau to the payment of rentals under the lease. If, after the application of the foregoing amounts, additional amounts are required to meet the City's and the County's obligations under the lease, such amounts will be paid by the City and the County, in equal shares, from their general resources, provided that their respective legislative bodies have appropriated funds for such purpose. No such payments were necessary prior to or during 2005. The lease will terminate as to the City and the County if their respective legislative bodies fail to appropriate amounts required for rentals thereunder. The total amount of these revenue bonds outstanding at December 31, 2005 was \$146 million net of premiums and discounts of \$5.1million, or a gross amount of \$151.1 million.

(d) Other liabilities – Compensated Absences

At December 31, 2005, the City had compensated absences liabilities of Governmental Type Activities that will not be paid from funds available, as defined. The City wishes to fully disclose these liabilities. In

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

accordance with GASB Interpretation No. 6; *Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements*, however, these liabilities are not accounted for, nor are they required to be, in the Fund financial statements contained in this report. Accrued vacation and sick leave are granted to City employees at varying amounts. At the time of the employee's termination, such accruals are paid to the employee at varying rates from the fund to which the employee's payroll is charged. Except for the unused portion of an employee's prior year's sick leave accrual which is recorded in the fund that ultimately disburses this accrual to the employee after year end, all other accrued vacation and sick leave applicable to governmental type activities is not reflected in the fund financial statements contained in this report. The long term liability activity related to compensated absences for the year ended December 31, 2005, was as follows:

	Beginning		Reductions	Ending		Amount payable within one year
	Balance	Additions	(in thousands)	Balance		
Governmental Activities	\$ 57,731	42,612	40,641	\$ 59,702	\$	40,600
Business Type Activities	4,366	6,169	6,089	4,446	\$	4,446

Internal service funds predominately serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities. At year end \$1.163 million of internal service funds compensated absences are included in the above amounts. Also, for the governmental activities, compensated absences are generally liquidated at a rate of approximately 77% from the general fund, 20% from other governmental funds, and 3% from the internal service funds.

NOTE C—CASH AND INVESTMENTS

Investment Policies: The City follows GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, and records all its investments at fair value. At December 31, 2005, fair value was \$ 2,243,677 below the City's net cost for its investments. At December 31, 2004 fair value was \$ 2,679,480 below net cost. Fair value is determined by quoted market prices and acceptable other pricing methodologies.

The City pools its cash, except for that held by revenue bond trustees, fiscal and escrow agents, and certain debt service and agency fund cash and investments, for maximum investing efficiency. Earnings on the pool are allocated to individual funds at the discretion of the City Council after meeting revenue bond indentures and other requirements. All statutory requirements are met in distributing earnings of the pool to various funds.

The City Codes, Chapters 325 and 321, respectively, provide for a Treasury Investment Board and a Depository Commission. Both consist of the City Treasurer, who serves as chairman and represents the City Council; the City Auditor, an independently elected official; and the Director of the Department of Finance, representing the Mayor; hence a check and balance process via the separation of powers.

Pursuant to these code sections, the City does not purchase any form of derivatives. The City does invest in STAROhio, an investment pool managed by the State Treasurer's Office that allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the Securities Exchange Commission as an investment company, but does operate in a manner similar to Rule 2a-7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price that is the price the investment could be sold for on December 31, 2005.

Management of STAROhio states that its policy also prohibits investing in derivatives and/or engaging in the use of reverse repurchase agreements. Average days to maturity of the STAROhio portfolio at December 31, 2005

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

was 39 days. The City is prohibited from using reverse repurchase agreements and does not leverage its investment portfolio in any manner. The City purchases investments only through member banks of the Federal Reserve System or broker dealers registered with the National Association of Security Dealers. The City requires broker dealers to formally apply for and be evaluated for eligibility to conduct business with the City.

The City's investment code and practices have consistently protected the portfolio from unnecessary credit risk (safety) and market risks (liquidity) while providing a competitive yield. Generally, only eligible investments with the remaining terms not greater than two years until final maturity are purchased by the Treasurer. Investments with a remaining term of greater than two years may be purchased only with the specific approval of City Council. Average days to maturity of the City's investments with the Treasurer at December 31, 2005 was 321.1 days.

Investments as permitted by Chapter 325 of the Columbus City Code are:

- A. Bonds, notes, or other obligations of the United States government or its Agencies for which the faith of the United States is pledged for the payment of principal and interest thereon. They are:

Obligations of the United States government:

- United States Treasury Bills
- United States Treasury Notes
- United States Treasury Bonds
- United States Treasury Strips

Obligations guaranteed by the United States government:

Federal government agencies:

- Department of Housing and Urban Development
- Farmers Home Administration
- General Service Administration
- Government National Mortgage Association
- Maritime Administration
- Washington Metropolitan Area Transit Authority

- B. Bonds, notes, debentures, or other obligations issued by any of the federal government-sponsored enterprises listed below. They are:

- Federal Farm Credit System
- Federal Home Loan Banks
- Federal Home Loan Mortgage Corporation
- Federal National Mortgage Association

- C. The Ohio State Treasurer's Asset Reserve Funds (STAROhio) pursuant to Ohio Revised Code 135.45;

- D. Bonds or other obligations of the City of Columbus, Ohio;

- E. Obligations of the State of Ohio or any municipal corporation, village, county, township, or other political subdivision of the State of Ohio, as to which there is no default of principal or interest and which have been approved as to their validity by nationally recognized bond counsel.

- F. Certificates of deposits (collateralized as described below) in eligible institutions applying for moneys as provided in Chapter 321 of Columbus City Codes; and

- G. Repurchase agreements that are collateralized with legally authorized securities as defined in Chapter 321.08 of Columbus City Code and held in third-party safekeeping designated by the City Treasurer and in the name of the City of Columbus.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Safeguarding activities call for the City's investments with the Treasurer, except for investments with STAROhio, investments held by revenue bond trustees, fiscal and escrow agents, and certain debt service and agency funds, to be held in book entry form at federal reserve banks in the accounts of certain member banks-agents of the City who hold the investments in the City's name.

The revenue bond agreements of the water and sanitary sewer enterprises require certain cash and investments to be maintained and managed by trustees. The respective trustees, bank trust departments, invest these monies at the direction of the City Auditor pursuant to the revenue bond agreements.

All of the City's deposits and investments comply with State statutes, City ordinances, and applicable bond indentures.

Deposits: Custodial credit risk is the risk that, in the event of a bank failure, the City's deposits may not be returned. The City's policy is to place deposits with major local banks (as defined by Chapter 321 of the City Code) approved by the Depository Commission. All deposits, except for deposits held by fiscal and escrow agents or trustees, are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by Chapter 135 of the ORC and Chapter 321 of the Columbus City Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system in the name of the respective depository bank, and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at a Federal Reserve Bank in the name of the City.

At December 31, 2005, the carrying amount of all City deposits, exclusive of money market funds in the amount of \$17,227,722 held by bond trustees, was \$249,748,737. Based on the criteria described in GASB Statement No. 40, *Deposits and Investment Risk Disclosures*, as of December 31, 2005, \$138,788,767 of the City's bank balance of \$250,109,804 was exposed to custodial risk as follows:

	(in thousands)
Uninsured and collateral held by the pledging financial institution's agents not in the City's name	\$ 138,267
Uncollateralized and uninsured	522
Total balances per banks	\$ 138,789

The money market funds, amounting to \$17,227,722, while held by bond trustees as the City's agents and in the City's name, are also considered uncollateralized and uninsured. However, their disposition and availability are governed by bond ordinances and indentures.

Investments: As of December 31, 2005, the City had the following investments and maturities (amounts in thousands):

	Fair Value	Investment Maturities					Greater than 24 months
		6 months or less	7 to 12 months	12 to 18 months	19 to 24 months		
STAROhio	\$ 3,523	3,523	-	-	-	-	
US Treasuries	1,979	1,979	-	-	-	-	
FFCB Notes	27,437	9,996	17,441	-	-	-	
FHLB Notes	239,140	66,634	70,973	64,727	36,806	-	
FHLMC Notes	227,304	97,205	34,514	70,588	24,997	-

City of Columbus Assessment Bonds	846	-	-	14	31	801	
City of Columbus Assessment Notes	1,964	1,964	-	-	-	-	
City of Columbus G.O. Refunding Bonds	2,153	1,610	543	-	-	-	
City of Columbus Revenue (TIF) Bonds	555	-	-	-	-	555	
Total	\$ 702,060	255,774	148,194	184,923	111,813	1,356	

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy generally limits investment portfolio maturities to two years or less. The City Treasurer holds one investment which matures on August 1, 2012. This \$555 thousand investment in City of Columbus Revenue (TIF) Bonds was specifically authorized by City Council.

Credit Risk. The City's investments in the FFCB, FHLB, and FFLMC Coupon Notes were rated AAA and Aaa by Standard & Poor's and Moody's Investor Services, respectively. The City's investments in FFLMC have a short-term Standard & Poor's credit rating of A-1+ and a short-term Fitch credit rating of F1+. The City's investment in FNMA Coupon Notes were rated AAA by both Standard and Poor's and Fitch. The City's investments in various City of Columbus bonds and notes totaling \$5,518,014 were not specifically rated; however, the City of Columbus Assessment Bonds are general obligations of the City. The City's general obligation bond ratings by Standard & Poor's and Moody's Investor Services are AAA and Aaa, respectively. Standard and Poor's has assigned STAROhio an AAAM money market rating.

Concentration of Credit Risk. The Treasury Investment Board guidelines do not place a limit on the amount which may be invested in any one issuer. Of the City's total investments, 34.1% are FHLB Notes, 32.4% are FFLMC Notes, and 28.1% are FNMA Notes. All other investments not explicitly guaranteed by the U.S. government are 5.4% of the City's total investments.

Reconciliation of Cash and Investments to the Statement of Net Assets: The following is a reconciliation of cash and investments to the Statement of Net Assets as of December 31, 2005.

	(in thousands)

Total	\$ 137,362	81,971	29,628	82,344	3,505	6,471	341,281	(75,896)	\$ 265,385

Housing and Urban Development (HUD) loans include Community Development Act (CDA) loans of \$34.5 million, Home Investment Partnerships (HOME) Program loans of \$41.7 million, and various other loans totaling \$6.1 million. Funds received under these programs that are loaned to eligible recipients are recorded as loans receivable. The City has recorded a \$68.9 million allowance for uncollectible HUD loans. In addition, the net receivable balance has been reported as a reservation of fund balance on the governmental fund financial statements.

The revenue related to certain other receivables presented in the table above has been deferred due to the nature of those receivables and is reported as "unearned revenue". Unearned revenue and other is comprised of the following (in thousands):

	Governmental Type Funds				Business Type Funds
	Other			Totals	Enterprise Funds
	General	Special Income Tax	Governmental Funds		
Income tax (Note L)	\$ 37,724	12,574	-	\$ 50,298	\$ -

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

The outstanding balances between funds result mainly from: the time lag between the dates that interfund goods and services are provided; transactions are recorded in the accounting system; and payments between funds are made.

Certain Interfund Receivable/Payables of a longer term repayment schedule also exist. The Special Income Tax fund has paid debt service on certain general obligation bonds, proceeds of which were used for golf course improvements. The Recreation debt service fund, not a major fund, will make repayments from a portion of its revenues.

Business type activities:			
Water enterprise	\$ 15,755		
Sanitary sewer enterprise	30,884		
Storm sewer enterprise	2,397		
Electricity enterprise	<u>3,377</u>		
	<u>\$ 52,413</u>		

Interest incurred during the construction phase (\$4.218 million in 2005), net of related interest earnings (\$600 thousand in 2005), of business-type activity, capital assets is included as part of the capitalized value of the assets constructed. Interest was capitalized in 2005 in the following activities/funds.
(in thousands)

Water enterprise	\$ 162
Sanitary sewer enterprise	<u>3,456</u>
Total 2005 interest capitalized	<u>\$ 3,618</u>

Construction commitments will be funded with existing resources and/or issuance of additional debt.

NOTE G—BONDS, NOTES, AND LOANS PAYABLE

Bonds, notes, and loans payable in the Statement of Net Assets are summarized below. Internal service fund debt of \$28.441 million, which includes unamortized premiums of \$469 thousand and unamortized deferred amounts on refundings of \$14 thousand, is included in governmental type debt.

	Governmental Type	Business Type Activities

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

The principal retirement and payment of obligations under the capitalized lease in the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances is comprised of the following.

	(in thousands)
General obligation OPWC notes	\$ 318
Single Family Mortgage Revenue Note (FNMA)	11
General obligation bonds	78,465
Obligation under capital lease	870
Revenue bonds (TIFs)	485
Total	\$ 80,149

Proceeds from bonds and long-term notes in the Other Governmental Funds (Capital Projects Fund) Statement of Revenue, Expenditures, and Changes in Fund Balance consist of the following.

	(in thousands)
General obligation bonds - New Issues	\$ 128,480
Revenue bonds (TIFs) - New Issues	5,500
Revenue note (TIFs)	1,255
Total	\$ 135,235

Premiums received on bonds sold in 2005 are included in the Special Income Tax fund in the amount of \$27.570 million.

Short-Term Notes

The City issues special assessment notes for certain projects where the direct citizen-beneficiary of the project shares in its costs. Upon final determination of costs, the City then converts the remaining portion of the note (the portion not paid upon project completion by the citizen-beneficiary) to bonds. All special assessment notes are general obligations of the City and are held by the Debt Service Fund or the City's pooled cash and investments with Treasurer. All such notes are accounted for in Business-Type-Enterprise activities.

Issuances and maturities of such notes during 2005 were as follows (in thousands).

Accounted for in:	Date issued	Maturity date	Interest rate	Balance at December 31, 2004	Additions	Deletions	Balance at December 31, 2005

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Long-Term Notes

Except for the FNMA note and the TIF notes, all other notes payable are backed by the full faith and credit, i.e. general obligations, of the City. Notes may be issued in anticipation of long-term bond financing and are refinanced until such bonds are issued. There are, however, long-term notes for which the debt service will be paid from current resources. Those notes are as follows.

Ohio Public Works Commission (OPWC): OPWC extends both grants and loans to the City. In certain OPWC commitments, the agreements with OPWC provide for cash received by the City to be first considered as grant receipts. Monies received by the City after the grant commitment has been fulfilled by OPWC are then considered loans. Only the loan portion need be repaid by the City. The first two commitments from OPWC included loan monies only.

Notes in the amount of \$4.192 million accounted for as Governmental type represent the amounts due on fifteen loans from the Ohio Public Works Commission (OPWC) for infrastructure improvements. These notes are non-interest-bearing and have serial maturities, with final maturities July 1, 2024. Initial repayments of the loans began in July 1994. OPWC has committed to additional non-interest-bearing loans as shown below. Cash is provided to the City by OPWC only to the extent of project completion. Only that portion of the loan commitment actually paid to the City is recognized as a liability by the City. Repayments of these loans are made from the Debt Service Fund. OPWC loans are considered general obligations of the City and Governmental type obligations. Grant and loan commitments and loans outstanding at December 31, 2005 were as follows (in thousands):

Project	Project Number	Total grant commitment	Total loan commitment	Repaid by City			Outstanding Loans at 12/31/05
				Total Loaned at 12/31/2005	Prior to 2005	In 2005

Future debt service requirements on the OPWC loans and loan commitments are shown as Future Debt Service for Governmental Type Non-Proprietary – Notes contained in this Note G.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Notes (TIF): This amount represents a developer's participation in debt service on certain limited general obligation bonds. The agreement between the City and the developer requires the developer to pay to the City 65% of debt service on the applicable portion of the bonds less the revenues received by the City from two TIFs. The amounts received by the City from the developer were as follows:

<u>Date received from developer</u>	<u>(in thousands)</u>
April 27, 2002	\$ 1,221
March 5, 2003	1,837
February 19, 2004	1,542
February 10, 2005	1,255
	<u>\$ 5,855</u>

The City must begin repaying the developer when the applicable TIF revenues exceed 65% of the debt service on the applicable portion of the bonds. The interest rate on the notes shall not exceed the City's rate of borrowing on general obligation bonds. The interest rate on the notes is estimated to be 4.60%. The repayment obligation is limited solely to revenues of the two applicable TIFs and does not constitute a general obligation of the City. While a precise date for beginning repayments of the notes and any such future notes can not be determined, it is estimated that such repayments will not begin for several years.

FNMA: The City participates in various affordable housing efforts. The following long-term note is not a general obligation of the City but is payable solely from mortgage payments made by the homebuyers and certain grant funds provided solely for this purpose. The FNMA note is also considered a governmental type obligation.

(3) Exclusive of Ohio Water Development Authority Loans of \$441,727,511.

Variable interest rate bonds

The variable interest rate bonds were issued, pursuant to ordinances adopted by Council, in the Electricity Enterprise in 1996; Sanitary Sewer Enterprise in 1994; Water Enterprise in 1995 and 1996; Storm Sewer Enterprise in 1995 and 1996; and Non-enterprise in 1995 and 1996, respectively. The 1994 Sanitary Sewer (weekly interest rate mode) bonds are revenue bonds. The Water Enterprise, the 1996 Electricity Enterprise, the Storm Sewer Enterprise, and the Non-enterprise bonds are variable rate, weekly interest rate mode, general obligation bonds. The proceeds of the bonds were used to provide funds for certain capital improvements, retire certain bonds and notes previously issued by the City, establish bond reserve funds, where required, in accordance with trust agreements, and pay costs incurred to issue the bonds.

Interest on the variable interest rate bonds is paid at various times as specified in the trust agreements relating to such bonds, at rates determined by the remarketing agent and the City after reviewing the rates of similar municipal issues. The bonds may be put at the discretion of the holders at a price equal to principal plus accrued interest on any interest payment date or such other dates as specified in the trust agreements. The remarketing agent is authorized to use its best efforts to sell the put bonds at a price equal to 100% of the principal amount.

The variable rate general obligation bonds are accounted for in the Governmental type bonds (\$18.805 million) the Water Enterprise Fund (\$35.135 million), the Electricity Enterprise Fund (\$3.640 million), and the Storm Sewer Enterprise Fund (\$3.920 million). These bonds are enhanced by a Liquidity Facility provided by Westdeutsche Landesbank Girozentrale—New York Branch (West L-B).

Under the Liquidity Facility for the variable rate general obligation bonds, subject to certain terms and conditions set forth therein, West L-B agrees to make funds available to purchase bonds that are tendered or required to be tendered for purchase and not remarketed or for which remarketing proceeds are not delivered. The Liquidity Facility on the 1995 variable rate general obligation bonds and the 1996 variable rate general obligation bonds

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

will expire on June 15, 2011 and December 15, 2011, respectively, subject to earlier termination in accordance with its terms, but may be extended or replaced. Extension of the termination date, if the City requests, is at the option of West L-B. The immediate termination or suspension of West L-B's obligation to purchase bonds under the Liquidity Facility does not result in acceleration of the bonds. West L-B is not obligated to pay the principal or redemption price of or interest on the bonds under any circumstances, but is obligated only to purchase bonds upon the tender thereof, subject to the terms and provisions of the Liquidity Facility.

If West L-B should be required to purchase these bonds, the City would be required to pay West L-B interest at the higher of the West L-B's prime rate (7.25% at December 31, 2005) or 3% over the Federal Funds rate. This increased interest is reflected in the following table as Debt Service Fund, Water Enterprise Fund, Electricity Enterprise Fund, and Storm Sewer Enterprise Fund general obligation bonds.

The Brewery TIF variable rate revenue bonds (\$2.9 million) and the Waggoner TIF variable rate revenue bonds (\$1.7 million) are both enhanced by letters of credit issued by Huntington National Bank, Columbus, Ohio.

The Sanitary Sewer variable rate revenue bonds (\$51.6 million) carry no letter of credit or liquidity enhancement. If a put bond proves to be unremarkable by the remarketing agent, the City is required by statute to buy the bonds into its own portfolio. A specific interest rate is not required of the Sanitary Sewer variable rate revenue bonds if purchased into the City's investment portfolio.

The following table reflects the additional interest the City would have to pay if the variable rate bonds were purchased into the City's own portfolio. The assumed incremental interest rate in the table is 7.25%.

The City may, at its option, convert the variable rate bonds to a fixed rate. Furthermore, the bonds may be called at the discretion of the City under specified procedures on any interest payment date.

Future Debt Service

The following tables summarize the City's future debt service requirements on its outstanding bonds, long-term notes, and OWDA/EPA loans and loan commitments as of December 31, 2005. Future interest assumes rates on variable rate debt in effect at December 31, 2005. Although the variable rate bonds may be payable upon demand (as described previously), the City intends to repay these issues in accordance with the respective redemption schedules (in thousands).

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Restricted Assets

In conjunction with the issuance of the Water and Sanitary Sewer revenue bonds, the City entered into various trust agreements with commercial banks. These trust agreements require that the City establish various funds for the cost of construction and repayment of debt. The restricted asset balances in the Enterprise Funds segregate funds held by the City from funds held by trustees in accordance with the trust agreements. Enterprise restricted assets consisted of the following at December 31, 2005:

	(in thousands)				Total Enterprise
	Water	Sanitary Sewer	Storm Sewer	Electricity	
Held by the City—					
Construction funds	\$ 84,919	23,982	64,959	6,251	180,111
Debt retirement	3,306	1,564	2,475	-	7,345
For Others as deposits	71	51	-	224	346
Held by trustees—					
Debt service funds	1,931	7,339	-	-	9,270
Accrued interest receivable on investments	3	17	-	-	20
Total restricted assets	\$ 90,230	32,953	67,434	6,475	197,092

Except for accrued interest receivable, restricted assets consist of cash, cash equivalents, and investments. In addition, these trust agreements require the City to pledge net revenues (defined in the trust agreement as revenues less operating and maintenance expenses) of the Water and Sanitary Sewer Enterprise Funds to the payment of the principal and interest on the respective bonds when due.

In the opinion of management, the city has complied with all bond covenants.

Matured Bonds and Interest

Matured bonds and interest payable include \$952 thousand and \$557 thousand respectively at December 31, 2005; \$1.082 million and \$627 thousand respectively at December 31, 2004.

OWDA/EPA

Loans payable to the Ohio Water Development Authority (OWDA/EPA), funded by the Ohio Environmental Protection Agency, of \$441.728 million are revenue obligations incurred to help finance sanitary sewerage treatment facilities and are to be repaid from charges for sanitary sewerage services.

Notes to the Financial Statements, continued

Voted Debt Authority

Various amounts of debt for various purposes were authorized by the City's voters (voted-unlimited) in May 1991, November 1999, and November 2004. The remaining unissued amounts and purposes of these authorizations are shown in the following table. There is no time limit regarding utilization of the authorization.

(in thousands)

	Date	Total	Issued in	Issued in	Unissued as of
	Authorized	Authorized	1991-2004	2005	12/31/2005
Sanitary sewer system	1991	\$ 325,000	312,700	12,300	-

		<u>\$ 1,158,325</u>	<u>431,235</u>	<u>237,495</u>	<u>489,595</u>

Bonds identified above as Sanitary sewer system, Electricity, Water system, and Storm sewer system are accounted for in the respective Business type enterprise funds. Other bonds are accounted for as Governmental type bonds.

Legal Debt Margins

The Ohio Revised Code provides that the total net debt (as defined in the ORC) of a municipal corporation, whether or not approved by the electors, shall not exceed 10.5% of the total value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5% of the total taxation value of property. The statutory limitations on debt are measured by the ratio of net debt to tax valuation and expressed in terms of a percentage. At December 31, 2005 the City's total net debt amounted to 4.10% of total assessed value of all property within the City and unvoted net debt amounted to 0.61% of the total assessed value of all property within the City. The City had a legal debt margin for total debt of \$1.042 billion and a legal debt margin for unvoted debt of \$795.538 million. The aggregate amount of the City's unvoted debt is also subject to overlapping debt restrictions with other political subdivisions.

Conduit Type Debt

In 1994, the City issued \$2.225 million in library improvement revenue bonds in conjunction with the Worthington Public Library, another separate and distinct political subdivision. The site of this Worthington Public Library building, however, is located within the geographic boundaries of the City of Columbus. The proceeds of the bonds were used to construct and expand library facilities that were leased to the Board of Trustees of the library. The lessee makes lease payments directly to the revenue bond trustee in an amount equal to the revenue bond payments. In the event of default on the lease payments, the City's liability is limited to surrendering possession of the library facilities to the trustees. The revenue bonds do not constitute a debt or a pledge of the faith and credit of the City and, accordingly, are not reflected in the accompanying basic financial statements. All payments of principal and interest were made when due. Bonds remaining outstanding at December 31, 2005 are as follows (in thousands):

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Title	Issued Date	Remaining Interest rate	Original Amount	Outstanding at December 31, 2005	Final Maturity Date
City of Columbus, Ohio Library Improvement Revenue Bonds, Series 1994 (Board of Trustees of the Worthington Public Library - Lessee)	8/1/1994	5.55% to 6.15%	\$ 2,225	\$ 1,110	1/1/2015

Tax Increment Financing Districts (TIFs)

The City, pursuant to the Ohio Revised Code and City ordinances, has established 30 TIFs. A TIF represents a geographic area wherein property values created after the commencement date of the TIF are exempt, in whole or in part, from property taxes. Owners of such property, however, must pay amounts equal to the property taxes, known as "service fees", as though the TIF had not been established. These "service fees" are then dedicated to the payments for various public improvements within or adjacent to the TIF area. However, payments from two of the TIFs will assist the City in paying for certain public improvements in an area remote from the TIF area. Property values existing before the commencement date of a TIF continue to be subjected to property taxes.

"Service fee" revenue was \$7.570 million, net of \$102 thousand in county auditor deductions, in 2005 and is accounted for as miscellaneous revenue in the Debt Service Funds since these monies are intended to pay principal and interest on bonds whose proceeds will be used to construct public improvements. Corresponding fixed assets are accounted for in the City's infrastructure accounts.

TIFs have a longevity of the shorter period of 30 years or until the public improvements are paid for. The property tax exemption then ceases; service fees cease, and property taxes then apply to the increased property values.

Interest rate borne by old bonds	5.00%

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Advanced Refunding

On February 11, 2005 the City sold \$295.015 million of General Obligation Refunding Bonds, dated February 23, 2005. The Refunding Bonds consisted of two series: \$227.010 million of unlimited (voted) bonds with a final maturity of December 15, 2023 and \$68.005 million of limited (unvoted) bonds with a final maturity of June 15, 2018. A summary of the refunding appears below (in thousands).

	Governmental Type	Internal Service	Business-type activities - Enterprise				Total
			Water	Sanitary Sewer	Storm Sewer	Electricity

(1) These defeasances apply to these maturities only. These bonds are not called. The City has escrowed money for principal and interest to their final maturities, 9/15/2005, 06, 07, 08, 09, 10, and 11. The City does, however, reserve the right to call these bonds.

NOTE H—ELECTRICITY

The City's Electricity Enterprise celebrated its 106th year of operation in 2005. The Enterprise presently serves 3,904 commercial customers and 9,844 residential customers and in 2005 had operating revenues of \$63.35 million (\$60.8 million in 2004). During 2005, the Electricity Enterprise Fund received approximately 24.9% (23.3% in 2004) of its charges for services from other funds of the City for electric power. The enterprise purchases and resells its power. The enterprise does not generate power.

On November 30, 2000, the Enterprise entered into a mandatory, exclusive contract for the purchase of power at \$36.14 per megawatt hour, adjusted for various transmission and other factors. The contract shall remain in effect until December 31, 2008, subject to the supplier's option to terminate on December 31 of 2006 or 2007. The City intends to continue to operate its Electricity Enterprise. Included in receivables (Note D) in the General Fund is \$29,628,463 representing amounts due from the Solid Waste Authority of Central Ohio (SWACO). On

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

April 1, 1993, the City leased to SWACO an electricity-generating, solid waste recovery plant and related transfer stations (the Plant). The annual lease payments to the City were to be in the amount of the related debt service requirements. SWACO paid these rental payments to the City in a timely manner in 1993 and in 1994. The lease resulted in the removal of certain real and personal property assets from the Electricity Enterprise Fund with costs in the amount of \$202,000,000. The lease was accounted for as a capital lease in accordance with Statement No. 13 of the Financial Accounting Standards Board, Accounting for Leases, as amended, and was originally accounted for in the Electricity Enterprise Fund.

Due to a series of federal court decisions and U.S. E.P.A. decisions, the Plant ceased operations in 1994. Because the asset underlying the lease was no longer a functioning asset, the lease was transferred from the Electricity Enterprise Fund to the Special Income Tax debt service fund in 1994. General obligation bonds outstanding at that time and related to the construction of the underlying assets were also transferred, in 1994, from the Electricity Enterprise Fund to the then existing General Long-Term Obligations Account Group. These bonds now appear in the financial statements as Governmental type general obligation fixed rate bonds. In 1984, the City issued \$70.0 million of Variable Rate Demand Electric System Revenue Bonds. Proceeds of the bonds were used toward the completion of the Plant. Bondholders, however, had first lien on all revenues of the Electric Enterprise. Even after the closure of the Plant in 1994, these bonds, because of the lien on all revenues of the enterprise, remained as liabilities of the enterprise. In 2001, these revenue bonds were converted, refunded by the issuance of Governmental Type general obligation fixed rate unvoted bonds of the City. Since no claim on enterprise revenues remains and the related asset was long ago, 1994, transferred out of the enterprise, the remaining bonds of \$29.450 million outstanding at December 31, 2001 were transferred out of the enterprise in 2002 as a Nonreciprocal Interfund Transfer.

In 1998 and again in 1999, the City and SWACO amended the lease, the third and fourth modifications. Essentially, the City agreed to reduce the amount due from SWACO to the City to an amount equal to 65% of debt service and associated bond costs required for the City's bonds from January 1, 1995 to the bonds' final maturity in 2010. SWACO agreed to impose a new fee on garbage originating throughout the SWACO boundaries, primarily Franklin County, Ohio. The City, rather than pay cash to SWACO for residential type garbage picked up by City garbage trucks, grants a credit to SWACO against the amount due by SWACO to the City. This credited amount approximates \$2.5 million annually. This new fee applies to all garbage originating within SWACO boundaries regardless of whether the garbage is disposed of (tipped) at SWACO's landfill or not. This new fee, authorized by SWACO in December 1998, became effective at various dates in 1999.

SWACO operates a landfill and agrees to continue to operate the landfill in a manner that ensures that disposal capacity in the Franklin County Landfill will be available to the City and its residents through, at a minimum, the year 2025. The City continues to agree to dispose of all garbage collected by the City at the SWACO landfill. In 2005, the City paid SWACO a total of \$13.1 million from all funds for landfill tipping fees (\$10.4 million in 2004).

The lease of the Plant between the City and SWACO extends to March 31, 2010 with automatic renewals of 5-year terms at annual rentals of \$100,000, unless SWACO chooses not to renew. SWACO, however, with consent of the City, began partial demolition of the plant in 2005. The lease payment obligation to the City will, however, continue.

In 2004, pursuant to statute, the City began accounting for the SWACO lease in its General Fund. The City received \$9,964,675 from SWACO in January 2006 and is recognized as revenue in 2005 (60 day rule). All lease receivable amounts not received within 60 days after year end have been accounted for as unearned revenue in the General Fund (see Note D).

Revenue included in Note O-Miscellaneous Revenues as Rent: SWACO consists of \$377,500 cash received from SWACO in 2005 plus \$9,964,675 received in January 2006 plus \$2,398,694 in costs paid by SWACO on behalf of the City less \$377,500 cash received from SWACO in January 2005 and recognized as revenue in 2004; a total of \$12,363,369.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

A reconciliation of the debt service on the City's bonds related to the SWACO agreement to the City's lease receivable due from SWACO at December 31, 2005 follows:

Debt service: 1995-2004	\$	172,294,944
2005		14,840,924
Projected debt service 2006-2010		43,191,474
Total applicable debt service	\$	<u>230,327,342</u>
65% of total applicable debt service	\$	149,712,772
Less:		
Payments made by SWACO:		
1995-2004		(112,329,383)
2006		(377,500)
Credits in lieu of payments -		
Retired facility fee:		
1999-2004		(13,808,436)
2005		(2,398,694)
Environmental costs and other:		
1998-2004		(3,409,195)
2005		-
Interest due on deferred payment:		
1998-2004		12,224,716
2005		14,183
		<u>14,183</u>
Amount due from SWACO to City at 12-31-2005	\$	<u>29,628,463</u>

The amount due from SWACO at December 31, 2005 includes \$9,964,675 recognized as revenue in 2005 with the remaining \$19.664 million deferred. See Note D.

Debt service for 1995 through 2005 includes actual principal and interest on the general obligation bonds and principal and interest on the revenue bonds paid to the revenue bond trustee until such revenue bonds were refunded by general obligation bonds in March 2001. Also included are associated bond costs: letter of credit fees, trustee fees, and remarketing agent fees applicable to the revenue bonds. Total principal, interest, and associated bond costs were then reduced by interest earned and collected by the revenue bond trustee. Amounts for years 2006 to 2010 include actual principal and interest on the general obligation bonds remaining to be paid. Debt service requirements on the City's bonds will be paid from the City's General Bond Retirement debt service fund. The City is fully capable of meeting the debt service requirements of these bonds.

NOTE I—PROPERTY LEASED TO OTHERS

The City leased to others in 1985, an office building known as the old, old post office. The City has no net investment in this lease because the City's purchase price of \$3 million for the building was entirely recovered by a lease payment received at the lease's inception. The initial lease term was for 20 years with a 20-year renewal term at \$100 per year. The lessee renewed the lease in December 2005 for an additional 20 years and paid the initial \$100. The lessee may then purchase the property at its then fair market value or continue to lease it for up to 55 additional years.

The City leases certain real property, together with buildings and improvements located thereon, to the Columbus Zoological Park Association (the Zoo). The lease, with annual rental payments of \$10 per year, which was paid in a lump sum of \$200 before the first anniversary date of the amended lease, is an extension of earlier leases

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

that began in 1970. This current lease which commenced in 2003 expires December 31, 2023. The Zoo uses and occupies the premises solely for zoological, conservation, educational, research, and recreational purposes. Animals at the Zoo are not owned by the City.

In 2002, the City and Columbus Urban Growth Corporation ("CUGC"), a not for profit corporation under Chapter 1702 of the Ohio Revised Code and a qualified 501(C)(3) entity under the Internal Revenue Code, undertook discussions on the possible redevelopment of 84.311 acres of the vacated Northland Mall property. At the request of the City, CUGC negotiated the purchase of the property from the three landowners. In January and February 2003 pursuant to three (3) separate purchase contracts, the City purchased the 84.311-acre site from CUGC, and an affiliate of CUGC, Northland Town Center LLC. The total purchase price for the redevelopment site was \$9.5 million, which reflected the total of CUGC's and Northland Town Center, LLC's purchase price, acquisition expenses and carrying costs. Under the terms of the purchase agreements CUGC and Northland Town Center retained possession of the site for up to two (2) years with the obligation to maintain the site and to pay utilities, taxes, and insurance.

At the time of purchase by the City, CUGC was under contract to sell 10.877 acres of the former Federated Department Store site to Northland Associates, LLC for \$2 million. As part of the purchase from CUGC, the Northland Associates' contract was assigned to and assumed by the City. As part of the obligation under the contract with Northland Associates, LLC, and as necessary for the future redevelopment of the remainder of the site, the City agreed in December 2003, to contract with CUGC for \$1.3 million to construct a new public road system to serve the site (this contract was subsequently increased by \$150 thousand) and for \$1.1 million to demolish certain site improvements (this contract was subsequently reduced by \$150 thousand). On February 11, 2004, in accordance with the terms of the purchase contract, the City sold the 10.877 acres to Northland Associates, LLC. for the \$2 million.

With a term commencing July 1, 2003, the City and CUGC entered into a 99 year lease, renewable forever, for the remaining 73.434 acres of the former Northland Mall site. Under the lease CUGC is obligated to maintain the Premises and pay all expenses (utilities, taxes, and insurance). CUGC is obligated during the term of the lease to pay, as rent, 90% of its cash flow, as defined in the lease, from its operations on the Premises.

In addition, CUGC has the option to purchase the Premises or any portion thereof. The Premises are subdivided into three zones, Frontage, Middle, and South, with a set minimum purchase price for each zone. The minimum purchase prices were calculated to reimburse the City its basis in the premises less acreage associated with future public roads needed for the redevelopment. Under the initial lease the option price per acre beginning in the second year of the term equals the greater of the initial option price plus 1% for each year after the first year or 10% of net profit realized by CUGC on any resale. On June 15, 2005 an amended and Restated Lease was executed which modified the option price formula eliminating the 10% net profit alternative. The new provision provides on any sale the City is entitled to the minimum price and any excess proceeds after CUGC retains 10% of the gross sale proceeds. Any excess is to be applied by the City to future infrastructure improvements within the Northland site.

In December of 2004, by Ordinance No. 2189-2004, the City authorized the sale of three parcels of the Premises to CUGC and the resale of these parcels by CUGC permitted whereby CUGC was to retain all proceeds to defer past and future redevelopment costs of the site. The three sales were completed in January of 2005.

See also Note H regarding assets leased to SWACO by the City.

NOTE J—LEASE COMMITMENTS AND LEASED ASSET

The City leases a significant amount of property and equipment under short term operating leases. Total payments on such leases for the year ended December 31, 2005 were approximately \$5.5 million.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

The City also leases a building under a capitalized lease. The cost of the building, \$19.8 million, is included in the City's capital assets used in governmental activities. Beginning in 2005, the City has four options to extend this lease for an additional term of 10 years each under the same terms and conditions of the original leases. The City is presently negotiating renewal of the lease.

During 2004, the City entered into an agreement with its component unit, RiverSouth, for the lease of approximately 1.621 acres of land, as described in Note A and Note R. The lease is considered a capital lease and the land, valued at \$2 million, is included in the City's capital assets used in governmental activities. It is anticipated that this amount will be amortized over the remaining life of the bonds issued by RiverSouth.

The following is a schedule of calculated future minimum lease payments under the RiverSouth capitalized lease together with the present value of the net minimum lease payments as of December 31, 2005. Capitalized lease amounts also appear in Note G.

Year ending December 31:	(in thousands)
2006	\$ -
2007	168
2008	168
2009	169
2010	169
2011 – 2015	843
2016 – 2020	843
2021 – 2024	674
Total minimum lease payments	3,034
Less—amount representing interest at 4.81% for the leased land	(1,034)
Present value of net minimum lease payments	\$ 2,000

NOTE K—PENSION PLANS

Police and fire-sworn personnel participate in the statewide Ohio Police and Fire Pension Fund (OP&F). Substantially all other City employees participate in the statewide Ohio Public Employees Retirement System (OPERS). Both OP&F and OPERS are cost sharing multiple-employer public employee retirement systems administered by their respective Retirement Boards. The OP&F Board consists of 6 members elected by representative groups and 3 statutory members. The OPERS Board consists of 7 members elected by representative groups, 1 statutory member, and 3 appointed members. The total payroll for the City's employees for the year ended December 31, 2005 was \$460.0 million. Of this amount, \$224.1 million was covered by OP&F, \$230.1 million was covered by OPERS, and \$5.8 million was not subject to pension benefit calculations.

Employer and employee required contributions to OP&F and OPERS are established by the Ohio Revised Code (ORC) and are based on percentages of covered employees' gross salaries, as defined. In addition to paying the employer's share as required by the ORC, the City pays a portion of the employee's share.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Required contributions to OP&F and OPERS are used to fund pension obligations and health care programs. Rates required attributable to 2005 payroll costs are summarized as follows:

	Percentage of covered payroll—January 1, 2005 to December 31, 2005				
	Employee share			Employer Share	Total
	Paid by City	Paid by employee	Total		
Police	6.5	3.5	10.00%	19.50%	29.50%
Fire	6.5	3.5	10.00%	24.00%	34.00%
OPERS:					
Full time	8.5	-	8.50%	13.55%	22.05%
Part time	6.0	2.5	8.50%	13.55%	22.05%

Police and Fire (OP&F)

OP&F has provided the following information to the City in order to assist the City in complying with GASB Statement No. 27.

- A. OP&F is a cost-sharing multiple-employer defined benefit pension plan.
- B. OP&F provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries.
- C. Authority to establish and amend benefits is provided by state statute per Chapter 742 of the ORC.
- D. OP&F issues a stand-alone financial report. Interested parties may obtain a copy at www.op-f.org, by making a written request to OP&F at: 140 East Town Street, Columbus, Ohio 43215-5164, or by calling (614) 228-2975.
- E. The ORC provides statutory authority for employee and employer contributions. The required contributions are:

	<u>Employees</u>	<u>Employer</u>
Police	10%	19.5%
Fire	10%	24.0%

- F. City of Columbus employer share contributions for OP&F for the years ended December 31, 2005, 2004, and 2003 were (in thousands) \$48,271, \$45,374, and \$42,488, respectively, or 88% of the required contributions for 2004, 79% of the required contributions for 2003, and equal to the required contributions for 2002.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

City data indicates the required amounts for the past five years have been:

Year	Employee share paid by employee	Employee share paid by City	Employer share paid by City	Total paid by City
(in thousands)				
Police:				
2005	\$ 4,292	7,971	23,925	31,896
2004	4,038	7,499	22,652	30,151
2003	3,756	6,975	20,927	27,902
2002	3,781	7,022	21,067	28,089
2001	3,782	7,024	21,072	28,096
Fire:				
2005	\$ 3,545	6,599	24,346	30,945
2004	3,308	6,159	22,722	28,881
2003	2,359	6,625	21,561	28,186
2002	1,268	7,185	20,286	27,471
2001	1,207	6,842	19,317	26,159

OP&F offers three types of service retirement: normal, service commuted, and age/service commuted. In a normal retirement, a member is eligible at age 48 with 25 years of service with a monthly pension equal to 60% of the average of the three highest years of allowable earnings. The maximum pension of 72% of the average allowable earnings for the three highest years is paid after 33 years of service. Under the service commuted retirement, a member is eligible if they have at least 15 years of service, they have reached the age of 48 and 25 years has elapsed from the date of their full-time hire. Under the age/service commuted retirement, a member is eligible if they have 15 years of service and they have reached the age 62. In the event of death, eligible survivors may qualify for a monthly benefit and a one-time \$1,000 lump sum benefit payment. Benefits are established by the ORC.

OP&F has provided the following information pertaining to other postemployment benefits for health care costs in order to assist the City in complying with GASB Statement No. 12.

- A. OP&F provides postretirement health care coverage to any person who receives or is eligible to receive a monthly benefit check or is a spouse or eligible dependent child of such person. An eligible dependent child is any child under the age of 18 whether or not the child is attending school or under the age of 22 if attending school full-time or on a 2/3 basis. The health care coverage provided by the retirement system is considered an Other Postemployment Benefits (OPEB) as described in GASB Statement No. 12. The Ohio Revised Code provides that the health care cost paid from the fund of OP&F shall be included in the employer's contribution rate. The total police employer contribution rate is 19.5% of covered payroll and the total firefighter employer contribution rate is 24% of covered payroll.
- B. The ORC provides the statutory authority allowing OP&F's Board of Trustees (Board) to provide health care coverage to all eligible individuals.
- C. Health care funding and accounting is on a pay-as-you-go basis. A percentage of covered payroll, as defined by the Board, is used to pay retiree health care expenses. The Board defined allocation was 7.75% of covered payroll in 2004 and 2005. In addition, since July 1, 1992 most retirees and survivors have been required to contribute a portion of the cost of their health care coverage through a deduction from their monthly benefit payment. Beginning in 2001, all retirees and survivors have monthly health care contributions.
- D. The total health care expense paid by the retirement plan was \$102,173,796 net of member contributions of \$55,665,341 for the year ended December 31, 2004. Eligible benefit recipients totaled 13,812 for police and 10,528 for fire. Based on the portion of each employer's contribution to OP&F set aside for

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

funding of postretirement health care, as described above, the City's contribution for 2005 allocated to postretirement care was approximately \$9.5 million for police and \$7.9 million for fire.

OPERS

OPERS has provided the following information to the City in order to assist the City in complying with GASB Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers* (Statement No. 27). OPERS administers three separate pension plans as described below:

- A. The Traditional Pension Plan – a cost-sharing multiple-employer defined benefit pension plan.
- B. The Member-Directed Plan – a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings thereon.
- C. The Combined Plan – a cost-sharing multiple-employer defined benefit pension plan. Under the Combined Plan employer contributions are invested by the retirement system to provide a formula retirement benefit similar in nature to the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.
- D. OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the Traditional Plan and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits.
- E. Authority to establish and amend benefits is provided by state statute per Chapter 145 of the ORC.
- F. OPERS issues a stand-alone financial report. Interested parties may obtain a copy at www.opers.org, by making a written request to OPERS at: 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-6701 or 1-800-222-PERS (7377).
- G. The ORC provides statutory authority for employee and employer contributions. The City's employee contribution rate in 2005 was 8.5%. The City's contribution rate, as an employer, was 13.55% of covered payroll.
- H. Required employer contributions are equal to 100% of the dollar amount billed to each employer and must be extracted from the employer's records.

City data indicates the required amounts for the past five years have been:

Year	Employee share paid by employee	Employee share paid by City	Employer share paid by City	Total paid by City
		(in thousands)		
2005	\$ 241	19,318	31,180	50,498
2004	221	17,851	28,809	46,660
2003	225	17,878	28,858	46,736
2002	268	17,444	28,713	46,157
2001	286	17,251	27,957	45,208

OPERS members are eligible to retire at any age with 30 years of service, at age 60 with at least 5 years of service or at age 55 with at least 25 years of service. Those retiring with less than 30 years of service or less than age 65 receive reduced benefits. Under the Traditional Pension Plan, eligible employees are entitled to a monthly retirement benefit equal to 2.2% of the average of their three highest years of earnings multiplied by the first 30 years of service plus 2.5% of the average of their three highest years for each year in excess of 30.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Under the Member-Directed Plan, eligible members are entitled to a monthly benefit dependent upon the performance of the OPERS investment options that the members selected. Under the Combined Plan, eligible members are entitled to a monthly benefit equal to 1.0% of the average of their three highest years of earnings multiplied by the number of years of service plus 1.25% of the average of their three highest years for each year in excess of 30. Additionally, under the Combined Plan, a benefit is provided based on the performance of the OPERS investment options the member selected. OPERS also provides death and disability benefits. Benefits are established by the ORC.

OPERS has provided the following information pertaining to other postemployment benefits for health care costs in order to assist the City in complying with GASB Statement No. 12, *Disclosure of Information on Postemployment Benefits Other Than Pension Benefits by State and Local Government Employers* (Statement No. 12).

- A. Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan – a cost sharing multiple-employer defined benefit pension plan; the Member-Directed Plan – a defined contribution plan; and the Combined Plan – a cost-sharing multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS provides retirement, disability, survivor, and post-retirement health care benefits to qualifying members of both the Traditional and the Combined Plans; however, health care benefits are not statutorily guaranteed. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-retirement health care coverage, age and service retirees must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability recipients and primary survivor recipients is available. The health care coverage provided by the Retirement System is considered an Other Post-employment Benefit (OPEB) as described in GASB Statement No. 12.

A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care. The Ohio Revised Code provides statutory authority for employer contributions. The 2005 employer contribution rate for local government employer units was 13.55% of covered payroll and 4.00% was used to fund health care for the year.

- B. The Ohio Revised Code provides the statutory authority requiring public employers to fund postretirement health care through their contributions to OPERS.
- C. Summary of Assumptions:
 - Actuarial Review. The assumptions and calculations below were based on the Systems latest Actuarial Review performed as of December 31, 2004.

Funding Method. An entry age normal actuarial cost method of valuation is used in determining the present value of OPEB. The difference between assumed and actual experience (actuarial gains and losses) becomes part of unfunded actuarial accrued liability.

Assets Valuation Method. All investments are carried at market value. For actuarial valuation purposes, a smoothed market approach is used. Under this approach assets are adjusted annually to reflect 25% of unrealized market appreciation or depreciation on investment assets.

Investment Return. The investment assumption rate for 2004 was 8.00%.

Active Employee Total Payroll. An annual increase of 4.00% compounded annually is the base portion of the individual pay increase assumption. This assumes no change in the number of active employees.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Additionally, annual pay increases, over and above the 4.00% base increase, were assumed to range from .50% to 6.3%.

Health Care. Health care costs were assumed to increase at the projected wage inflation rate plus an additional factor ranging from 1.0% to 6.0% for the next 8 years. In subsequent years (9 and beyond) health care costs were assumed to increase at 4.00% (the projected wage inflation rate).

- D. OPEB are advanced-funded on an actuarially determined basis. The following disclosures are required:
1. The number of active contributing participants in the Traditional Pension and Combined Plans at year end 2005 was 376,109.
 2. The City's contribution used to fund OPEB was \$9.2 million.
 3. \$10.8 billion represents the actuarial value of the Retirement System's net assets available for OPEB at December 31, 2004.
 4. The actuarially accrued liability and the unfunded actuarial accrued liability, based on the actuarial cost method used, were \$29.5 billion and \$18.7 billion, respectively.

- E. OPERS Board adopts a Health Care Preservation Plan:

The Health Care Preservation Plan (HCPP) adopted by the OPERS Retirement Board on September 9, 2004, will be effective January 1, 2007. In addition to the HCPP, OPERS has taken additional action to improve the solvency of the Health Care Fund in 2005 by creating a separate investment pool for health care assets. As an additional component of the HCPP, members and employer contribution rates increased as of January 1, 2006, which will allow additional funds to be allocated to the health care plan.

There are no post-employment benefits provided by the City other than those provided through OPERS and OP&F.

The liability for past service costs at the time OPERS was established was assumed by the State of Ohio; therefore, it is not a liability of the City. The liability for past service costs at the time OP&F was established was paid by the City to OP&F in January 1994. The City is current on all of its required pension fund contributions.

NOTE L—INCOME TAXES

The City levies a tax of 2% on substantially all income earned within the City. In addition, residents of the City are required to pay City income tax on income they earn outside the City. However, a credit is allowed for income taxes paid to other municipalities.

Employers within the City are required to withhold income tax on employees' compensation and remit this tax to the City semimonthly, monthly, or quarterly, depending upon the amounts withheld. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually.

For the governmental fund financial statements, the City recognizes as revenue income tax received within 60 days after year end applicable to taxpayer liabilities for periods prior to the year end net of an allowance for income tax refunds. These taxes are considered both measurable and available whereas all other income taxes are recognized as revenue when received. The City has consistently followed this practice for many years.

Receivables and unearned revenues have been recorded in the General and Special Income Tax fund in the amount of \$37.724 million and \$12.574 million, respectively, for the estimated income tax due to the City for 2005 and prior tax years, but not collected within the available period.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

NOTE M—PROPERTY TAXES

Property taxes include amounts levied against all real, public utility, and tangible personal (used in business) property located in the City.

Real property taxes and public utility taxes collected during 2005 were levied after October 1, 2004 on the assessed value listed as of January 1, 2004, the lien date. One half of these taxes were due January 20, 2005 with the remaining balance due on June 20, 2005. Tangible personal property taxes attach as a lien and were levied on January 1, 2005. One half of this tax was due on April 30, 2005 and the remaining balance was due on September 20, 2005.

Assessed values on real property are established by state law at 35% of appraised market value. A revaluation of all property is required to be completed every sixth year. The last revaluation was completed in 2005. Tangible personal property assessments are 25% of true value (true values are based on cost and established by the State of Ohio). The assessed value upon which the 2005 levy was based was approximately \$14.719 billion. The assessed value for 2005, upon which the 2006 levy will be based, is approximately \$16.275 billion.

Ohio law prohibits taxation of property from all taxing authorities within a county in excess of 1% of assessed value without a vote of the people. Under current procedures, the City's share is .314% (3.14 mills) of assessed value. Increases in the property tax rate are restricted only by voter willingness to approve such increases.

The County Treasurers collect property taxes on behalf of all taxing districts in the counties, including the City of Columbus. The County Auditors periodically remit to the City its portion of the taxes collected. Property taxes may be paid on either an annual or semiannual basis. Current tax collections for the year ended December 31, 2005 were 95.4% (95.1% in 2004) of the tax levy.

Property taxes levied in 2005 but not due for collection until 2006 are recorded in the General Fund as taxes receivable and unearned revenues at December 31, 2005 in the amount of \$50.6 million.

NOTE N—DEFICIT FUND EQUITIES

At December 31, 2005, the Recreation & Parks Operations Special Revenue Fund, the Recreation Debt Service Fund and the Fleet Management Internal Service Fund had deficits of \$379 thousand, \$4.696 million, and \$92 thousand, respectively. These deficits will be eliminated by future charges for services or bond proceeds.

Fund balance deficits may be budgeted for and exist on the City's budgetary basis of accounting for certain funds. These fund balance deficits exist because encumbrances are recorded against certain accounts receivable that are not recognized as revenue on the budget basis of accounting.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

NOTE O—MISCELLANEOUS REVENUES

For the year ended December 31, 2005, miscellaneous revenues in the fund financial statements consisted of the following:

Total Transfers	\$ 95,543	11,954	12,835	5,383	62,880	36	2,455

Transfers are used to move revenues from the fund with collection authorization to the General Bond Retirement fund as debt service principal and interest payments become due and to move unrestricted revenues to finance various programs that the City must account for in other funds in accordance with budgetary authorization, including amounts provided as subsidies and/or matching funds for various grant programs.

NOTE Q—JOINT VENTURES

COLUMBUS REGIONAL AIRPORT AUTHORITY

On December 12, 2002 the City of Columbus, Ohio, the Columbus Municipal Airport Authority, and the County of Franklin, Ohio entered into the Port Authority Consolidation and Joinder Agreement. The effective date of the agreement was January 1, 2003. The agreement unites the operations of Columbus Municipal Airport Authority, created by the City in 1990, and the Rickenbacker Port Authority, created by the County in 1979 and dissolved by the County Commissioners via this action. The new entity is titled the Columbus Regional Airport Authority (CRAA). The board of directors of the CRAA is its governing body and consists of nine (9) members; four (4)

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

appointed by the Mayor of the City of Columbus, four (4) by the County Commissioners of Franklin County and one (1) jointly by the Mayor and the County Commissioners.

Beginning January 1, 2003 the Columbus Regional Airport Authority (CRAA) is characterized as a Joint Venture of the City and the County whereas, the Columbus Municipal Airport Authority (CMAA) was reported as a component unit of the City through December 31, 2002.

Summary financial data of CRAA for the year ended December 31, 2005 are as follows:

	(in thousands)
Cash and cash equivalents, unrestricted	\$ 8,114
Other current assets, unrestricted	20,560
Cash and cash equivalents, restricted	39,437
Other investments, restricted	36,246
Other current assets, restricted	4,660
Capital assets, net of accumulated depreciation	454,590
Non-current investments, unrestricted	25,564
Non-current assets other than capital	11,906
Non-current investments, restricted	13,319
Total assets	\$ 614,396
Current liabilities payable from unrestricted assets	\$ 18,422

FRANKLIN PARK CONSERVATORY JOINT RECREATION DISTRICT

As noted in Note A, the Franklin Park Conservatory Joint Recreation District (the Conservatory District) is considered a joint venture of the City and Franklin County (the County). The arrangement with the Conservatory District possesses all of the following characteristics to be classified as a joint venture. The Conservatory District:

- resulted from a contractual arrangement (City Resolution 109X-90 and Franklin County Resolution 79-90 pursuant to authority contained in Section 755.14(B) of the Ohio Revised Code);
- functions as a separate and specific activity from the City and the County;
- is governed by the City and the County, with neither entity in a position to unilaterally control the Conservatory District's financial or operating policies; and
- involves an ongoing financial responsibility on the part of the City and the County.

The Conservatory District receives an annual operating subsidy from the City, subject to annual appropriation by the City's Council. Financial statements of the Conservatory District may be obtained from the Conservatory District's administration offices at 1777 East Broad Street, Columbus, Ohio 43203. Summary financial data for the year ended December 31, 2005 are as follows:

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

	(in thousands)
Cash and investments	\$ 817
Other current assets	1,335

¹ Amount includes City payments of \$452,693 for operations and \$750,000 for capital needs.

The Conservatory District's restricted net assets at December 31, 2005 are comprised of an expendable endowment of \$532,726 and an investment of \$163,149 at the Columbus Foundation, an Ohio not-for-profit corporation, for the purpose of furthering the Conservatory District's mission. The Conservatory District has the right to suggest to the Columbus Foundation how these monies are to be expended.

THE AFFORDABLE HOUSING TRUST FOR COLUMBUS AND FRANKLIN COUNTY

Also, as noted in Note A, The Affordable Housing Trust for Columbus and Franklin County (AHT) is considered a joint venture of the City and County. In its Audits of State and Local Governmental Units, with Conforming Changes as of May 1, 2001, both the Financial Accounting Standards Board (FASB) and the Governmental Accounting Standards Board (GASB) recognizes an organization to be governmental if it has one or more of the following characteristics:

- "Popular election of officers or appointment (or approval) of a controlling majority of the members of the organization's governing body by officials of one or more state or local governments."
All members of AHT's board of trustees are jointly appointed by the City's Mayor and the County's Commissioners.
- "The potential for unilateral dissolution by a government with the net assets reverting to the government."
- The contract between the City and AHT, in the event of its termination, calls for assets of AHT received from the City and assets of AHT acquired through the use of City funds to revert to the City.
- "The power to enact and enforce a tax levy."
AHT does not have taxing authority.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Having two of the above characteristics AHT, therefore, is considered a joint venture of the City. AHT will continue to receive annual funding from the City as long as the current agreement continues. Summary financial data for the year ended December 31, 2005 are as follows:

	(in thousands)
Cash and cash equivalents	\$ 3,940
Other current assets	88
Capital assets, net of accumulated depreciation	2
Non-current assets other than capital	7,030
Total assets	\$ 11,060

Restricted net assets	10,059
Unrestricted net assets	911
Total net assets	\$ 10,972
Total revenues (including City support of \$1,172,095)	\$ 2,293
Total expense	(687)
Increase in net assets	\$ 1,606

NOTE R—COMPONENT UNITS

As described in Note A, the City has two discretely presented component units. The significant accounting disclosures for each of the component units follow.

COLUMBUS URBAN GROWTH CORPORATION (CUGC)

CUGC, incorporated in 1996 as an Ohio not-for-profit corporation, was organized for the purpose of promoting commercial and industrial development and creating investment and job opportunities in Columbus inner city and economically depressed neighborhoods.

Significant Accounting Policies and Disclosures for CUGC

CUGC financial statements are prepared on an accrual basis of accounting in accordance with generally accepted accounting principles as prescribed by the Financial Accounting Standards Boards Statements and Interpretations (FASB) and reports on a June 30th fiscal year end. All balances contained herein for CUGC are as of and for the year ended June 30, 2005. CUGC's financials statements have been reformatted to a presentation compatible with the City's financial statements.

Cash – CUGC maintains cash in financial institutions that may exceed federally insured amounts at times. CUGC's cash balance at June 30, 2005 was \$599,149.

Property Held for Development – Property held for development consists of properties that are currently under construction or rehabilitation (\$5.004 million) and land available for sale (\$758 thousand). These properties totaled \$5.762 million at June 30, 2005 and are reported as property held for development on the City's Statement of Net Assets.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Capital Assets – Capital assets are stated at cost. Depreciation is provided on a straight-line method over an estimated useful life of the assets. A summary of capital assets as of June 30, 2005 follows.

	(in thousands)
Nondepreciable capital assets -	
Land	\$ 12
Depreciable capital assets:	
Building	11,978
Furniture and fixtures	158
Computers and equipment	131
Total depreciable capital assets	12,267
Less: accumulated depreciation	1,014
Total depreciable capital assets, net	11,253
Total capital assets, net	\$ 11,265

Bonds and Notes Payable – CUGC is the owner of a 90,000 square-foot building within the West Edge development, which was financed with \$10.5 million Series A and B Municipal Bonds. CUCC also holds certain interest bearing and non-interest bearing notes payable to various entities including the City, National City Bank, and Fifth Third Bank. CUGC has a line of credit with National City Bank with a variable rate of interest of prime plus 1.5% for a maximum borrowing of \$700 thousand. At June 30, 2005, the outstanding balance was \$439 thousand. The following table shows the bonds and notes payable as of June 30, 2005.

	(in thousands)
Line of credit	\$ 439
Bonds payable (including derivative of \$48 thousand)	10,003
Notes payable:	
Due to primary government	4,472
Other	1,534
Total long-term liabilities	\$ 16,448

Projected amortization of bonds and notes payable are as follows:

<u>June 1,</u>	(in thousands)	
	Bonds Payable	Notes Payable
2005	\$ 570	\$ -
2006	595	357
2007	625	18
2008	470	14
2009	505	9
2010 and thereafter	7,190	5,608
Total	9,955	6,006
Add: Derivative at fair value	48	-
Total bonds and notes payable	\$ 10,003	\$ 6,006

CUGC accounts for its interest rate swap agreement in accordance with Statement of Financial Accounting Standards (SFAS) No. 133, "Accounting for Derivative Instruments and Hedging Activities," as amended by SFAS No. 138, *Accounting for Certain Derivative Instruments and Certain Hedging Activities*, which requires all derivative instruments to be carried at fair value on the statement of financial position. CUGC designated its derivative instrument (interest rate swap) used for risk management into a hedging relationship in accordance with the requirements of the new standard. The derivative instrument used to hedge the variability of forecasted cash flows attributable to interest rate risk was designated in a cash flow hedge relationship.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

On August 2, 2002 CUGC entered into an interest rate swap agreement with the intent of managing CUGC's exposure to interest rate movements of future cash flows by effectively converting a portion of bonds payable from a variable rate to a fixed rate of 3.16% without the exchange of the underlying principal amounts.

The interest rate swap agreement is accounted for as a cash flow hedge and is recorded in the financial statements at its fair value with an offsetting charge to changes in net assets. The interest rate swap has a notional amount of \$9.955 million and a maturity date of August 9, 2007. As the swap agreement is settled on a monthly basis, the difference between the variable and fixed rates to be paid or received is recognized as a charge to interest expense offset by a change in net assets. The "derivative at fair value" presented on CUGC's statements in the amount of \$48,046, has been reclassified to bonds payable on the City's Statement of Net Assets.

Northland Properties – During fiscal year 2003, CUGC acquired and sold to the City the property known as the former Northland Mall. The acquisition began in November of 2002 and was completed by April of 2003. The sales agreement with the City, completed in April 2003, called for CUGC to assume the development responsibilities for the site as agent to the City. The sale price to the City was larger than the acquisition cost to cover the future expenses of acquisition, carrying costs, marketing costs, design and engineering, and environmental work. These excess amounts paid to CUGC by the City have been reflected as unearned revenue and recognized as development fee income as actual costs are incurred. During the fiscal year ended June 30, 2005, CUGC reached an agreement with the City whereby three parcels of Northland property were sold to outside parties for the total proceeds of approximately \$994 thousand. CUGC was permitted to retain these proceeds as unearned revenue in order to cover carrying costs and operational expenses associated with the Northland project. The total amount of unearned revenue earned in 2005 was approximately \$1.159 million.

CUGC entered into an agreement with the City whereby CUGC, acting as agent to the City, would supervise and execute the demolition of buildings and the installation of infrastructure in connection with the Northland Properties. Expenses incurred and reimbursed by the City during 2005 approximated \$2.044 million.

Subsequent Event – Subsequent to June 30, 2005, CUGC sold the Franklin County Children's Services building for a selling price of approximately \$11,100,000. In connection with this transaction, the bonds payable and other liabilities associated with this building were paid in full, and CUGC recognized a gain on sale of assets.

See Notes A and I for further disclosures related to CUGC and its relationship and transactions with the City. Complete financial statements of CUGC may be obtained from CUGC at 415 E. Main Street, Columbus, Ohio 43215.

THE RIVERSOUTH AUTHORITY (RiverSouth)

RiverSouth is a new community authority created by the City of Columbus pursuant to Chapter 349 of the Ohio Revised Code as a body corporate and politic. RiverSouth was created to govern the redevelopment and revitalization of a new community referred to as the RiverSouth District. The Downtown Development Corporation, a not-for-profit corporation, has been appointed Developer of the new community.

Significant Accounting Policies and Disclosures for RiverSouth

The financial statements of the RiverSouth Authority have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Cash – RiverSouth had cash on deposit with the bond trustee in two accounts at December 31, 2005. The project fund held approximately \$48.506 million to use for development projects, while the capitalized interest fund held approximately \$8.048 million to pay interest on outstanding bonds through June 1, 2008. The balance is insured by FDIC up to \$100,000 and the remaining amount, \$56.454 million is uncollateralized and uninsured.

Bonds Payable – The RiverSouth Area Redevelopment Bonds, 2005 Series A and 2004 Series A were issued in the amounts of \$42,850,000 and \$37,870,000 respectively, to provide funds to pay the costs of acquiring and

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

developing land and acquiring and constructing community facilities. These bonds are payable from the revenues, receipts, and other moneys assigned under a Master Trust Agreement dated June 1, 2004 between the Authority and U.S. Bank National Association as Trustee (the Trustee), as supplemented by the First Supplemental Trust Agreement dated June 1, 2004 and the Second Supplemental Trust Agreement dated October 1, 2005 (together, the "Trust Agreement").

The revenues and receipts assigned by the Trust Agreement are primarily composed of certain rental payments to be paid to RiverSouth under the Lease with the City. The rental payments paid by the City to RiverSouth are from moneys specifically appropriated for such purpose and are to be the primary source of money to pay debt service. The obligation of the City to make rental payments is expressly made subject to the availability of annual appropriations for such purpose. Notwithstanding the requirement for annual appropriations of rental payments for the payment of debt service, the City has agreed that all such rental payments required to pay debt service will be included in the estimated budgets of the City. RiverSouth and the City contemplate that the supplemental agreements will make provision for rental payments to be paid to RiverSouth in amounts at least adequate to meet the debt service on the 2004 Series A and 2005 Series A bonds. Neither the project land nor the capital facilities to be financed with the bond proceeds are pledged to secure payment on the bonds. The first rental payments from the City are due December 1, 2007.

Principal and interest requirements to retire the RiverSouth's outstanding debt at December 31, 2005 are:

	(in thousands)	
	Principal	Interest
2006	\$ -	\$ 4,251
2007	-	3,955
2008	-	3,955
2009	1,200	3,955
2010	3,585	3,914
2011-2015	20,365	17,145
2016-2020	25,895	11,603
2021-2025	29,675	4,284
Total	\$ 80,720	\$ 53,062

See Notes A and J for further disclosures related to RiverSouth and its relationship and transactions with the City. Complete financial statements of RiverSouth may be obtained from The RiverSouth Authority at 20 East Broad Street, Suite 100, Columbus, Ohio 43215.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

NOTE S—RESTATEMENT OF BEGINNING FUND BALANCES

Prior Period Adjustment

Subsequent to the issuance of the December 31, 2004 financial statements, the City assessed the financial statement impact of GASB Technical Bulletin No. 2004-2, *Recognition of Pension and Other Postemployment Benefit Expenditures/Expense and Liabilities by Cost-Sharing Employers*. This technical bulletin requires that contractually obligated pension liability be recorded as a fund liability as well as a liability at the government-wide level, as previously recorded. As such, the City restated its obligation for such pension liability at December 31, 2004. Pension liabilities related to the City's proprietary funds were properly reflected as fund liabilities in prior periods and, therefore, do not require adjustment. The General Fund and Other Governmental Funds are restated as follows (in thousands):

	General	Other Governmental Funds
Fund Balances, as previously reported	\$ 104,243	235,285
Due to Other Governments - Pension liability	(3,714)	(391)
Fund Balances, as restated	\$ 100,529	234,894

Unrealized loss on investments	351
 Net change in fund balance per the Statement of Revenues, Expenditures, and Changes in Fund Balance (Exhibit 4)	 <u>\$ (1,659)</u>

See notes to required supplementary information.

CITY OF COLUMBUS, OHIO

Notes to the Required Supplementary Information

December 31, 2005

NOTE A—BUDGETARY DATA

City Council follows the procedures outlined below in establishing expenditure budget data.

- (1) Prior to November 15, the Mayor submits to City Council an estimate of the expenditures necessary to conduct the affairs of the City for the fiscal year commencing the following January 1.
- (2) Budget estimates are distributed throughout the City (including newspapers and libraries) and public hearings are held to obtain taxpayers' comments.
- (3) Subsequent to January 1, and after publication of the proposed budget ordinances, the budget is legally enacted through passage of the ordinances. The budget specifies expenditure amounts by Object Level One for each division within each fund. The objects are (1) personal services, (2) materials and supplies, (3) contractual services, (4) debt principal payments, (5) other, (6) capital outlay, (7) interest on debt, and (10) transfers.
- (4) Transfers of appropriations of less than \$25,000 can be made between budget Object Level One within a division and fund without additional City Council action, but with responsible management approval. Transfers in excess of this amount require the approval of both City Council and the Mayor. Supplemental appropriations must be approved by City Council. During 2003, all appropriations were approved as required. Appropriations for general funds expenditures and transfers out, were as follows:

	(in thousands)		
	Original budget	Revisions	Final budget
General	\$ 562,490	13,345	575,835

- (5) The City maintains budgetary controls by not permitting expenditures to exceed appropriations at the Object Level One level for each division within each fund.
- (6) Unencumbered appropriations lapse at year-end.

All General fund expenditures, except for expenditures paid through the county auditor, have annual expenditures budgeted by City Council. Revenues and expenditures paid through the county auditor are estimated by the City Auditor in conjunction with the annual budgeting process. However, this estimate is not included or required in the budget ordinance.

Revenues for the General fund are estimated by the City Auditor in conjunction with the annual budgeting process. However, this estimate is not included or required in the budget ordinance.

Notes to the Required Supplementary Information (continued)

The City's budgetary process is based upon accounting for certain transactions on a basis other than GAAP. The major differences are:

- (1) Revenues are recorded when received in cash (budget), as opposed to when susceptible to accrual (modified accrual).
- (2) Expenditures are recorded when encumbered or paid in cash (budget), as opposed to when the liability is incurred (modified accrual).
- (3) Encumbrances are recorded as the equivalent of expenditures (budget), as opposed to a reservation of fund balances (modified accrual).

SUPPLEMENTARY INFORMATION

City of Columbus, Ohio

This page is left blank intentionally.

City of Columbus, Ohio

Major Governmental Funds

General Fund – the general operating fund of the City and is used to account for all financial resources except those required to be accounted for in another fund.

General Bond Retirement Fund – required by State statutes and accounts for all general obligation debt, except proprietary funds' general obligation debt, of the City.

Special Income Tax Fund – used to account for 25% of income tax collections set aside for debt service and related expenditures.

Internal Service Funds

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government, generally on a cost-reimbursement basis. The title of the funds indicates the type of service provided. The Internal Service Funds are:

- **Employee Benefits**
- **Worker's Compensation**
- **Fleet Management**
- **Information Services**
- **Telecommunications**
- **Land Acquisition**

Fiduciary Funds - Agency Funds

Agency funds - used to account for assets held by the government as an agent for individuals, private organizations, other governments, and/or other funds. Assets held for other funds or governments include payroll taxes and other employee withholdings and income taxes and utility charges collected by the City on behalf of other governments. Their titles are descriptive of their nature. They are:

- Payroll Deposit
- Garnishments
- Unclaimed money
- Short North SID Deposit
- Capital Crossroads SID
- Health Deposit
- Construction Insp. Deposit
- City Auditor's Deposit
- City Attorney's Deposit
- Safety Agency Deposit
- Police Property Room Deposit
- Suburb Utility Surcharges
- Suburb Income Tax
- City Treasurer's Deposit
- Purchasing Deposit
- Recreation Deposit
- Development Deposit
- Convention Facility Tax
- Service Department Deposit

STATISTICAL SECTION

City of Columbus, Ohio

Statistical Section

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health. These tables are presented in accordance with Governmental Accounting Standards Board (GASB) Statement No. 44, *Economic Condition Reporting: The Statistical Section*.

Contents

Tables

Financial Trends

1 – 7

These schedules contain trend information to help understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

8 – 14

These schedules contain information to help assess the City's most significant local revenue sources.

Debt Capacity

15 – 20 and 39

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information

21 – 35

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information

36 – 38

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB 34 in 2001; schedules presenting government-wide information include information beginning in that year.

Fairfield County (2)

Delaware County (2)

(1) The effective rate is determined by multiplying the total rate by a composite reduction factor which is determined annually by the State Tax Commissioner to adjust for changes in the valuation of the property tax base.

(2) The City of Columbus entered Fairfield County in 1975 and Delaware County in 1991. Because the vast majority of property within the City lies within Franklin County, the above table demonstrates a ten year history of that property within Franklin County, but only current year data for Fairfield and Delaware counties.

Sources: Franklin, Fairfield, and Delaware County Auditors.

City of Columbus, Ohio

Table 18

Computation of Direct and Overlapping Debt

Debt of the City, authorized by the Council but not by a vote of the electors, is subject to overlapping restrictions with each respective county and school district. Limitations apply to each county total and should not be considered cumulatively. Total debt service charges for any one year of all overlapping debt must not exceed ten mills (1%) of the assessed property value. This determination is made by the respective county auditor: each time a subdivision proposes to issue unvoted debt. The most recent data prepared by the county auditor: for this purpose is as of December 31, 2005.

Political subdivision of State of Ohio	Principal outstanding (in thousands)	Percentage applicable to Columbus	Amount applicable to Columbus (in thousands)	Mills required
<i>Per Franklin County Auditor:</i>				
Direct				
City of Columbus	\$ 355,210	100.00 %	\$ 355,210	4.0594
Overlapping				
Franklin County	144,597	57.00	82,420	0.6063
School District	15,065	97.91	14,750	0.1531
Township	<u>1,875</u>	0.23	<u>4</u>	<u>0.2274</u>
Total	<u>\$ 516,747</u>		<u>\$ 452,385</u>	<u>5.0462</u>
<i>Per Fairfield County Auditor:</i>				
Direct				
City of Columbus	\$ 3,032	100.00 %	\$ 3,032	4.0594
Overlapping				
Fairfield County	<u>52,218</u>	4.70	<u>2,454</u>	<u>1.6175</u>
Total	<u>\$ 55,250</u>		<u>\$ 5,486</u>	<u>5.6769</u>
<i>Per Delaware County Auditor:</i>				
Direct				
City of Columbus	\$ 4,795	100.00 %	\$ 4,795	4.0594
Overlapping				
Delaware County	95,030	4.13	3,925	1.8239
JVSD	<u>155</u>	5.32	<u>8</u>	<u>0.0180</u>
Total	<u>\$ 99,980</u>		<u>\$ 8,728</u>	<u>5.9013</u>

The City does not pay general obligation debt service from property taxes. General obligation debt service relating to enterprise funds is paid from the respective enterprise fund. All other general obligation debt service is paid from income taxes, certain charges for services, and payments in lieu of taxes designated by the City for that purpose and accounted for in a debt service fund and from special assessments

¹ The Water System Revenue Refunding Bonds Series 1999 requires three coverage tests. Two rate covenant tests determine if the City is required to increase user rates or engage an independent engineer to assist in determining adequate rates. The bond reserve requirement test determines whether the City will be required to establish a debt service reserve fund. The City has exceeded all coverage requirements.

Compliance Information Securities and Exchange Commission Rule 15c2-12(b)(5)(i)(C) and (D)

In the spirit of full disclosure and in compliance with the above Rule, the City is pleased to disclose the following regarding its outstanding obligations.

Description of Material Events:

1. There were no delinquencies of principal and/or interest payments.
2. There were no non-payment related defaults.
3. There were no unscheduled draws on debt service reserves reflecting financial difficulties.
4. There were no unscheduled draws on credit enhancements reflecting financial difficulties.
5. There were no substitutions of credit or liquidity providers. No current provider failed to perform.
6. There have been no adverse tax opinions affecting the tax-exempt status of any of the City's outstanding obligations.
7. There have been no modifications to rights of the holders of the City's obligations.
8. Bonds called are included in the defeasances that follow (9).
9. On August 30, 2005, the City issued \$15.475 million of governmental type debt to refund/defeas a portion of the outstanding Police and Firemen's Disability and Pension Fund Employer's Accrued Liability Refunding (P&F Bonds) dated July 15, 1998. The transaction was accomplished as follows.

	<u>(in thousands)</u>
Sources of funds:	
Par amount of new bonds	\$ 15,475
Premium received	640
Cash contribution from the City	<u>72</u>
Total sources	<u>\$ 16,187</u>
Uses of funds:	
Redemption price and carrying amount of old bonds	\$ 16,008
Underwriters' discount and other costs of issuance	<u>179</u>
Total	<u>\$ 16,187</u>

The deferred amount on the refunding/defeasance of the P&F Bonds was calculated as follows:

	<u>(in thousands)</u>
Reacquisition price -	
Amount paid to escrow agent	\$ 16,008
Net carrying amount of the old bonds	<u>15,265</u>
Deferred amount on refunding	<u>\$ 743</u>
Amortized in 2005	\$ 24
Unamortized amount	\$ 719

City of Columbus, Ohio

Table 39 (continued)

Compliance Information Securities and Exchange Commission Rule 15c2-12(b)(5)(i)(C) and (D)

Nominal reduction in debt service, economic gain, and present value gain on the refunding/defeasance of the P&F Bonds was calculated as follows:

	<u>(in thousands)</u>
Refunded (old) bonds:	
Principal	\$ 15,265
Interest	<u>6,782</u>
Total	<u>22,047</u>
Refunding (new) bonds:	
Principal	15,475
Interest	<u>5,799</u>
Total	<u>21,274</u>
Reduction in aggregate debt service	<u>\$ 773</u>
Economic gain:	
Present value of adjusted reduction in aggregate debt service	\$ 543
Plus:	
Refunding bonds issued	15,475
Premium received	640
Less:	
Payment to refunded bond escrow agent	(16,008)
Cost of issuance	<u>(179)</u>
Total economic gain	<u>\$ 471</u>
Present value rate:	
True interest cost of new bonds	3.86%
Interest rate borne by old bonds	5.00%

City of Columbus, Ohio

Table 39 (continued)

Compliance Information Securities and Exchange Commission Rule 15c2-12(b)(5)(i)(C) and (D)

Advanced Refunding

On February 11, 2005 the City sold \$295.015 million of General Obligation Refunding Bonds, dated February 23, 2005. The Refunding Bonds consisted of two series: \$227.010 million of unlimited (voted) bonds with a final maturity of December 15, 2023 and \$68.005 million of limited (unvoted) bonds with a final maturity of June 15, 2018. A summary of the refunding appears below (in thousands).

	Governmental Type	Internal Service	Business-type activities - Enterprise				Total
			Water	Sanitary Sewer	Storm Sewer	Electricity	
Amount paid to escrow agent	\$ 189,192	278	42,062	61,192	30,014	3,574	326,312
Net carrying amount of old bonds:							
Old bonds outstanding	171,545	260	38,740	55,965	27,280	3,320	297,110
Unamortized bond premium	974	-	843	1,149	149	-	3,115
Unamortized bond issuance costs	(70)	-	(20)	(16)	(11)	-	(117)
Net carrying amount of old bonds	172,449	260	39,563	57,098	27,418	3,320	300,108
Deferred amount on the refunding	\$ 16,743	18	2,499	4,094	2,596	254	26,204

Nominal decrease in debt service, economic gain, and present value savings on the refunding/defeasance was calculated as follows:

Refunded (old) bonds								
Principal	\$ 171,545	260	38,740	55,965	27,280	3,320	297,110	
Interest	79,289	107	18,704	31,267	14,721	978	145,066

(23.) **Debt Summary – Projected Additional Debt**

To be eligible for capital improvements funding (i.e., from issuance of debt), an asset must have a useful life of at least five years and be considered non-operational. Some examples of capital improvements projects include the purchase of major equipment items, street lighting, street improvements, land acquisition for recreational needs, building construction, and facility rehabilitation. The City's planned capital improvements program (CIP), for the period 2006 through 2011, provides for approximately \$2.01 billion in funding for various capital improvements. A copy of the current CIP may be obtained by contacting the Department of Finance, City Hall, 90 West Broad Street, Columbus, Ohio 43215.

This Comprehensive Annual Financial Report of the City of Columbus, Ohio will be distributed to approximately 500 recipients including the Municipal Securities Rulemaking Board, all nationally recognized municipal securities information repositories (NRMSIRS), and to the Ohio Municipal Advisory Council. This report is also available on the City's website. The Internet address is: <http://www.cityofcolumbus.org>.

SINGLE AUDIT SECTION

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Hugh J. Dorrian
City Auditor
City of Columbus, Ohio
and the Honorable Betty Montgomery
Ohio Auditor of State

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Columbus, Ohio (the "City"), as of and for the year ended December 31, 2005, which collectively comprise the City's basic financial statements, and have issued our report thereon dated April 14, 2006, which included an explanatory paragraph related to the restatement of the beginning General and Other Governmental fund balances, and which is based in part on the reports of other auditors who audited the Columbus Urban Growth Corporation, a discretely presented component unit, and the Affordable Housing Trust for Columbus and Franklin County, a joint venture. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

However, we noted certain immaterial instances of noncompliance that we have reported to the management of the City in a separate letter dated April 14, 2006.

This report is intended solely for the information and use of the City's management, the Ohio Auditor of State, federal, state, and pass-through awarding agencies, and is not intended to be and should not be used by anyone other than these specified parties.

Deloitte + Touche LLP
April 14, 2006

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL AWARD PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND ON THE SCHEDULE OF RECEIPTS AND EXPENDITURES OF FEDERAL, STATE, AND COUNTY AWARDS

The Honorable Hugh J. Dorrian
City Auditor
City of Columbus, Ohio
and the Honorable Betty Montgomery
Ohio Auditor of State

Compliance

We have audited the compliance of the City of Columbus, Ohio (the "City"), with the types of compliance requirements described in the U.S. Office of Management and Budget ("OMB") Circular A-133 *Compliance Supplement* that are applicable to each of its major federal programs for the year ended December 31, 2005. The City's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2005. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 05-01, 05-02, and 05-03.

Internal Control Over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal

programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Expenditures of Federal Awards

We have audited the governmental activities, the business-type activities, the discretely presented component audits, each major fund, and the aggregate remaining fund information of the City of Columbus, as of and for the year ended, December 31, 2005, which collectively comprise the City's basic financial statements, and have issued our report thereon dated April 14, 2006, which included an explanatory paragraph related to the restatement of the beginning General and Other Governmental fund balances, and which is based in part on the reports of other auditors who audited the Columbus Urban Growth Corporation, a discretely presented component unit, and the Affordable Housing Trust of Columbus and Franklin County, a joint venture. Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for the purpose of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. This schedule is the responsibility of the management of the City. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects when considered in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the City's management, the Ohio Auditor of State, federal, state, and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

CITY OF COLUMBUS, OHIO

Notes to Schedule of Receipts and Expenditures of Federal, State, and County Awards December 31, 2005

Note A-General

The accompanying Schedule of Receipts and Expenditures of Federal, State, and County Awards (the Schedule) presents the activity of all federal, state and county award programs of the City of Columbus, Ohio (the City). The City's reporting entity is defined in Note A to the City's basic financial statements. All federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included on the Schedule.

Note B-Basis of Accounting

The accompanying Schedule is presented using the cash basis of accounting in which revenues are recognized when received and expenditures are recognized when paid.

Note C-Relationship to Basic Financial Statements

Grant revenues are reported in the City's special revenue and capital projects funds. See the Schedule for the reconciliation between the fund financial statements prepared in accordance with generally accepted accounting principles (GAAP) and the Schedule prepared on the cash basis of accounting.

Note D-Schedule References

1. Grant No. represents the City's Performance Accounting System classification structure and is used for internal purposes only.
2. Grant number for pass-through grants is the State of Ohio's grant number.
3. Grant award amounts represent grantor's share only.
4. The P.A.S.S.P.O.R.T. program is funded by both federal and state Medicaid. The amount presented is the federal portion only.

Note E-Loans Outstanding

The City administers loan programs with funding received from the Department of Housing and Urban Development. Following are the loan balances outstanding for these programs as of December 31, 2005:

Program Title	Federal CFDA Number	Amount Outstanding
Community Development Block Grant	14.218	\$34,548,658
HOME Investment Partnership	14.239	41,708,403
Housing Development Grant Program	14.174	991,704
Homeownership Opportunities For People Everywhere (HOPE)	14.185	85,000
Rental Rehabilitation	14.230	2,309,722
Section 108	14.246	629,940
Urban Development Action Grant	14.221	2,070,706

Illustrative Schedule of Findings and Questioned Costs

Section I—Summary of Auditors’ Results

CITY OF COLUMBUS

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED DECEMBER 31, 2005**

PART I—SUMMARY OF AUDITORS’ RESULTS

Financial Statements:

Type of auditors’ report issued:			Unqualified
Internal control over financial reporting:			
1. Material Weakness(es) identified?	_____	Yes	_____ X _____ No
2. Reportable condition(s) identified not considered to be material weaknesses?	_____	Yes	_____ X _____ None reported
3. Noncompliance material to financial statements noted?	_____	Yes	_____ X _____ No

Federal Awards:

4. Material weakness(es) identified?	_____	Yes	_____ X _____ No
5. Reportable condition(s) identified not considered to be material weaknesses?	_____	Yes	_____ X _____ None reported

Type of auditor’s report issued on compliance for major programs: Unqualified

6. Any audit findings disclosed that are required to be reported in accordance with Circular A-133 (Section .510(a) of Circular A-133)?	_____	Yes	_____ X _____ No
---	-------	-----	------------------

7. Identification of major programs:

Name of Federal Program or Cluster	CFDA Number
HOME Investment Partnership Program	14.239
Highway Planning and Construction	20.205
Aging Cluster	93.044, 93.045
Columbus Urban Area Security Initiative	97.008

8. Dollar Threshold used to distinguish between Type A and Type B programs? \$2,479,654

9. Auditee qualified as low-risk auditee:	_____ X _____	Yes	_____ _____ No
---	---------------	-----	----------------

Section II—Financial Statement Findings

No matters were reportable.

Section III—Federal Award Findings and Questioned Costs

#05-01 Allowable Costs

Grantor—U.S. Department of Transportation, CFDA 20.205

Sponsor Identification Number—Various

Project Number—#540002—“Freeway Management System”, #548077—“Paving the Way” and #562001—“Combat”

Criteria—The A-133 OMB Compliance Supplement Part 3 Compliance Requirement, *Allowable Cost Requirements* states: “(1) Cost must be given consistent treatment through application of those generally accepted accounting principles appropriate to the circumstances. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances was allocated to the Federal award as an indirect cost and (2) Costs must conform to any limitations or exclusions set forth in the circulars, Federal laws, State or local laws, sponsored agreements, or other governing regulations as to types or amounts of cost items.”

Finding—Overall, the Division of Transportation does not reconcile the requests for reimbursement to either supporting documentation or the schedule of federal awards. Items identified include:

- Freeway Management and Paving the Way grant administrators did not reconcile supporting documentation to requests for reimbursement. Invoices that were submitted to the Ohio Department of Transportation (“ODOT”) listed hours worked that were not reconciled to the City’s payroll reports. Separate time sheets generated by the program managers were used to create the invoices, but there were differences between the invoices, the time sheets, and the payroll reports in three of the 20 payroll-related selections.
- Hourly reimbursement rates were not calculated consistently. ODOT approved an overhead rate for Paving the Way and Freeway Management, but the approved rate did not equal the overhead rate used to bill the ODOT in seven of the seven Paving the Way payroll selections and six of 13 Freeway Management payroll selections.
- Two items included on the schedule of federal awards were not considered federal awards, nor were they requested for reimbursement. These amounts totaled \$55,543.

Effect—Expenditures on the Schedule of Receipts and Expenditures of Federal, State, and County Awards may not accurately reflect the federal expenditures.

Recommendation—We recommend that the City (1) determine written procedures at the onset of a grant for calculation of reimbursable costs; (2) obtain written clarification from the grantor for any subjective or questionable procedures that are not specifically outlined or are unclear in the grant; (3) implement a process of reconciling and reviewing an invoice before it is submitted to the State for reimbursement to ensure that programs are charged correctly. This process should include reconciliation to the centrally-generated payroll reports and creation of an accurate system that tracks hourly payroll rates, as well as time spent on the grant versus time spent on other projects. These measures will prevent inconsistent reimbursement practices and provide clear guidelines and justification.

Views of Responsible Officials—The City is in the process of developing a corrective action plan, which is available upon request.

#05-02 Allowable Costs

Grantor—U.S. Department of Development, CFDA 14.239

Sponsor Identification Number—Various

Project Number—#458001—Homeownership Development Program (“HDP”) and American Dream Downpayment Initiative (“ADDI”)

Criteria—The A-133 OMB Compliance Supplement Part 4 Compliance requirement, *Eligibility Requirements* states: “The HOME Program has income targeting requirements. Only low-income or very low-income persons can receive housing assistance. Therefore, the participating jurisdiction must determine if each family is income eligible by determining the family’s annual income, as provided for in 24 CFR Section 92.203. Participating jurisdictions must maintain records for each family assisted.”

Finding—The City of Columbus developed eligibility requirements for all of its HOME programs. During testing of ADDI and HDP, the following exceptions to requirements were not appropriately documented:

In one of the four ADDI selections, a homebuyer’s application was processed and approved when the homebuyer exceeded a qualifying debt ratio established by the City. No documentation was maintained supporting the reason for the exception nor that the exception had been properly approved by both the program coordinator and the division administrator in accordance with departmental policy.

There was no documentation regarding exceptions to the qualifying debt ratios made for two of the six HDP selections. The applications for these selections were processed and approved without documentation supporting the reason for the exception nor that the exception had been properly approved by the both the program coordinator and the division administrator.

Two of the four ADDI selections were missing documentation regarding lack of homeownership in the prior three years, which was established by the City as a requirement to receive ADDI funds. The same lack of documentation regarding the approval process was noted with these selections.

In addition, the internal monitoring procedures of the City identified two individuals who received federal funding despite violating income and assets restrictions:

Individual #1 had an adjusted gross income of \$83,228 the year the individual received the HOME money according to the 2004 tax return filed, but only \$43,000 was estimated as the annual income due to the exclusion of overtime earned. According to HUD regulation, annual income must include the full amount

of income, including overtime, commissions, etc., before any payroll deductions. Therefore, this selection violates HUD's income requirements. The Department of Development responded to the issue by transferring \$44,000 of unspecified "non-federal" funds to repay the HUD program.

Individual #2 had over \$65,000 in liquid assets at the time the individual was given HOME money. This is in violation of the City's requirement that a homebuyer have less than \$5,000 in liquid assets. This individual is also a City employee at the Department of Public Utilities.

Effect—Not properly documenting exceptions to the requirements could result in violations of HUD and City requirements. Approving individuals that clearly do not meet income/asset guidelines could result in persons other than "low-income or very low-income persons" receiving Federal housing assistance in violation of HUD regulations.

Recommendation—We recommend that the City (1) determine written procedures to clearly document that each requirement has been met and (2) obtain written documentation and written approval regarding any exceptions to requirements that are determined to be allowable. Written procedures should be reviewed regularly to determine if they are still applicable, including a review by the department charged with all applicable regulations and requirements if followed. This regular review should also verify that the procedures are being followed by the department and that all approval levels are fully documented.

Views of Responsible Officials—The City is in the process of developing a corrective action plan, which is available upon request.

#05-03 Cash Management

Grantor—U.S. Department of Recreation and Parks (CFDA 93.558)

Project Number—Various

Criteria—The OMB Circular A-133 *Compliance Supplement* requires that interest earned on advances by local government grantees and subgrantees is required to be submitted promptly, but at least quarterly, to the Federal agency. Up to \$100 per year may be kept for administrative expenses.

Finding—The Temporary Assistance for Needy Families program consistently maintained a cash balance made up of Federal funds, on which the program did not earn interest. The City of Columbus allocates interest to programs only when it has been requested by the program; otherwise, the interest is allocated to the General Fund.

Questioned Cost—Based on the allocation procedures established by the City Auditor's Office, Temporary Assistance for Needy Families should have earned \$930 during 2005. Interest was subsequently allocated to the program by the City Auditor's Office.

Effect—No interest could be allocated to the program to either be returned to the Federal government or applied against grant reimbursements to reduce the amount owed by the Federal government.

Recommendation—The City of Columbus should develop written procedures to identify programs with cash balances and allocate a portion of interest earned back to those programs that receive advances of Federal funds. Those programs, in turn, should either remit this amount back to the grantor agency or report this amount as a reduction in Federal funding.

Views of Responsible Officials—The City is in the process of developing a corrective action plan, which is available upon request.

Section IV—Summary of Prior Audit Findings

Number	Finding	Status	Contact
04-01	Ten programs consistently maintained a cash balance made up of Federal funds, on which the program did not earn interest. The City allocates interest to programs only when it has been requested by the program; otherwise, the interest is allocated to the General Fund. Based on the allocation procedures established by the City Auditor’s Office, these should have earned \$17,697 in interest. Interest was subsequently allocated to the programs by the City Auditor’s Office.	In 2005, an additional program should have received an interest allocation. This finding will be repeated within finding 05-03.	Hugh J. Dorrian, City Auditor
04-02	Freeway Management System and Paving the Way grant administrators did not reconcile supporting documentation to requests for reimbursement. Invoices that were submitted to the ODOT listed hours worked that were not reconciled to the City’s payroll reports. Separate time sheets generated by the program managers were used to create the invoices, but there were differences between the invoices, the time sheets, and the payroll reports in 24 of the 27 payroll-related selections.	There continues to be discrepancies in the reconciliation process. This finding will be repeated with finding 05-01.	Henry Guzman, Director of Public Service
04-03	Based on discussions with the City Transportation Division personnel, they are not fully aware of the requirements of the A-133 <i>Compliance Supplement</i> , including portions of the allowable cost, period of availability, and reporting requirements. Due to this lack of understanding, procedures for supervisory review of reimbursement requests and periodic comparison of budget to actual expenditures are not clearly established.	Corrected	Henry Guzman, Director of Public Service
