Comprehensive Annual Financial Report December 31, 2005

City Council City of North Olmsted 5200 Dover Center Road North Olmsted, Ohio 44070

We have reviewed the *Independent Auditors' Report* of the City of North Olmsted, Cuyahoga County, prepared by Ciuni & Panichi, Inc., for the audit period January 1, 2005 through December 31, 2005. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of North Olmsted is responsible for compliance with these laws and regulations.

Betty Montgomeny

BETTY MONTGOMERY Auditor of State

August 14, 2006

June 15, 2006

Honorable Thomas E. O'Grady Citizens of North Olmsted, Ohio And Members of City Council

Ohio law (Ohio Administrative Code Section 117-2-03(B)) requires that all cities file annual audited financial reports prepared on a GAAP (Generally Accepted Accounting Principles) basis with the Auditor of State within six months of the close of each fiscal year. This report is published to fulfill that requirement for the fiscal year ended December 31, 2005.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that the City has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Ciuni & Panichi, Inc. (Certified Public Accountants and Business Advisors), have issued an unqualified ("clean") opinion on the City of North Olmsted's financial statements for the year ended December 31, 2005. The Independent Auditors' Report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

#### PROFILE OF THE GOVERNMENT

#### **Basic Information**

North Olmsted was once a part of the Connecticut Western Reserve, claimed by the state of Connecticut. Investors bought land from the state, sight unseen, and went west to divide it up and sell it to settlers. Aaron Olmstead was one of the early landowners, but he never lived here. His son, Charles Olmstead, owned much of the land along Butternut Ridge and sold plots to the pioneer settlers beginning in 1815. In 1820 Charles Olmstead offered his father's library of 500 books to the community, then called Lenox, if they would change the name to Olmstead. They agreed, and the books, brought by oxcart from Connecticut, were used as a circulating library. The remaining 153 books are on display in the City's library. Over the course of the years, the "a" was omitted and the city became known as "North Olmsted."

In 1908 the residents voted to incorporate, becoming a village. In 1951 North Olmsted became a city because it had a population of over 5,000 people. The rapid growth was attributed to returning World War II veterans looking to provide a suburban living for their families. At one time the City was considered the fastest growing city in Ohio because it more than doubled in size from 1950 to 1960 and doubled again in 1970. Since the 1970 census, the population of North Olmsted has stayed relatively constant. The 2000 census was 34,113.

The City is a suburban community located in Cuyahoga County in Northeastern Ohio, approximately 13 miles southwest of the downtown area of the City of Cleveland and approximately 18 miles southeast of the City of Lorain. The City is served by diversified transportation facilities. There is immediate access to three State and U.S. highways and interstate highways I-80 (the Ohio Turnpike) and I-480, with access to interstate highways I-90 and I-71 within five miles of the City. The City is served by Cleveland Hopkins

International Airport, located within five miles of the City, and is adjacent to areas served by Conrail and Amtrak railroads.

The City of North Olmsted's primary government consists of all funds and departments, which are not legally separate from the City and provide a full range of services including:

- Police and Fire Protection
- ♦ Bus Service provided through North Olmsted Municipal Bus Line (NOMBL)
- ♦ Recreation Facility
- Parks and Recreational Activities
- 18 hole Golf Course and Ballroom
- WasteWater Treatment Plant Processing of Sanitary Sewage
- Planning and Zoning Committees
- Senior Center and Related Programs
- ♦ Local Human Services ministering to youth, disabled, seniors and needy families
- Maintenance and Improvement of City Roads and Infrastructure
- Maintenance and Improvement of Storm and Sanitary Sewer Systems

The City of North Olmsted operates under and is governed by its Charter, first adopted by the voters in 1959. The Charter has been and may be amended by the voters from time to time. The City is also subject to some general laws applicable to all cities. Under the Ohio Constitution, the City may exercise all powers of local self-government, and police powers to the extent not in conflict with applicable general laws. The Charter provides for a mayor-council form of government.

Legislative authority is vested in a seven-member Council, of whom three members are at-large and four members are from wards, all elected to four-year terms. The Council sets compensation of City officials and employees, and enacts ordinances and resolutions relating to City services, tax levies, appropriating and borrowing money, licensing and regulating businesses and trades, and other municipal purposes. The presiding officer is the President of Council, elected specifically to that office by the voters for a four-year term. The President of Council has no vote except in the event of a tie. The Charter establishes certain administrative departments and the Council may establish divisions of those departments or additional departments and has exercised that authority.

The City's chief executive and administrative officer is the Mayor, elected by the voters specifically to that office for a four-year term. The other elected City officials are the Director of Finance and the Director of Law, each elected to a four-year term. All elected officials, except the Mayor and Director of Finance, serve part-time.

The Mayor has authority to appoint the directors of Public Safety, Public Service, Human Resources, Community Life Services, Planning and Economic Development, certain City employees and members of a number of City boards and commissions. The Mayor generally may remove, without the concurrence of Council and in accordance with civil service and collective bargaining agreement requirements, all officers and employees he has appointed, except that heads of departments and divisions created by the Charter may only be removed with the concurrence of two-thirds of the members of Council. The Mayor may not remove officers and employees of Council, Finance or the Law departments.

The Mayor may veto any legislation passed by Council. A veto may be overridden by a two-thirds vote of all members of Council.

#### **Component Unit**

The North Olmsted Commission on Paratransit, Inc. (N.O.C.O.P.) has been presented as a discretely presented component unit of the primary government, based on the significant services and resources provided by the City. A complete discussion of the City's reporting entity is provided in Notes 1, 18 and 21 of the basic financial statements.

#### **Budgetary Process**

A temporary appropriation resolution to control expenditures may be passed on or around January 1 of each year for the period January 1 to March 31. An annual appropriation measure must be passed by April 1 of each year for the period January 1 to December 31. Appropriations by fund must be within the estimated resources as certified by the County Budget Commission, and the total of expenditures and encumbrances may not exceed the appropriations at any level of control. Any revisions that alter the appropriations at the legal level of budgetary control must first by approved by City Council. Council may pass supplemental fund appropriations so long as the total appropriations by fund does not exceed the amounts set forth in the most recent Certificate of Estimated Resources.

The City maintains budgetary control on a cash basis by department for salaries, other expenditures and debt service. Estimated expenditure amounts must be encumbered prior to the release of purchase orders to vendors or finalization of other contracts. Encumbrances that would exceed the available appropriation level are identified on an ongoing basis and are not approved or recorded until City Council authorizes additional appropriations or transfers. Unencumbered appropriations lapse at the end of each calendar year.

Formal budgetary integration is employed as a management control device during the year for all funds consistent with statutory provisions. Appropriation amounts are as originally adopted, or as amended by City Council throughout the year by supplemental appropriations, which either reallocate or increase the original appropriated amounts. During the year, supplemental appropriation measures were legally enacted; however, none of these amendments were significant. The budgetary figures, which appear in the statement of budgetary comparisons, represent the original permanent appropriation and the final appropriations amounts, including all amendments and modifications.

#### FACTORS AFFECTING FINANCIAL CONDITION

#### **Summary of Local Economy**

The City's unemployment rate has remained at 4.8% for the last two years while the State and nation's rates have declined by .3% and .4%, respectively. The local economy has recovered from the last few years, though it still lags the State and national economic recoveries. The State restructured its business tax structure to be more competitive. It will eliminate the personal property tax by 2009. The State will reimburse those lost taxes at a decreasing level through 2018.

The City is a suburban residential community and a commercial center for the western portion of the County and adjacent Lorain County. The City has actively promoted commercial, residential and light industrial development, and has established a City-wide community reinvestment area and participated in an enterprise zone within the County for that purpose, as hereinafter discussed in more detail.

The largest commercial development in the City includes the Westfield Shopping Mall and the adjacent Great Northern Shopping Center, together constituting a 2.0 million square foot retail complex with approximately 225 stores, professional and medical offices and restaurants; the Great Northern Corporate Center I, II and III, a 267,000 square foot executive office complex; and the Great Northern Technology Center, a 144,000 square foot office complex. All of this development is located adjacent to an interchange on interstate highway I-480. The properties have been developed in phases over the past 35 years, and the businesses located in them now provide employment for approximately 6,500 persons. The local economy has developed and redeveloped around this area.

The City is not dependent on a single revenue source or a single taxpayer which strengthens it during an economic downturn. The City Charter allows for 11.1 charter millage to be levied on property, which also is unique to cities. Additionally, the City, which currently offers residents 100% credit on up to two percent for taxes paid to their workplace city, can adjust that credit through an ordinance of Council. The City does not expect to do this, but it provides flexibility if necessary.

# Relevant Financial Policies

#### Internal Control

Management of the City is responsible for establishing and maintaining an internal control structure designed to ensure the assets of the government are protected from loss, theft or misuse and adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted

accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: 1) the cost of a control should not exceed the benefits likely to be derived; and 2) the valuation of costs and benefits requires estimates and judgments by management.

All internal controls are designed within the above framework. Accordingly, we believe the City's system of internal controls is adequate to safeguard assets and provide reasonable assurance of proper recording of transactions.

#### Basis of Accounting

This is the third year the City has prepared financial statements following GASB Statement 34, "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments." GASB 34 creates basic financial statements for reporting the City's financial activities as follows:

Government-wide financial statements These statements are prepared on an accrual basis of accounting, which is similar to the basis of accounting followed by many businesses. The government-wide statements distinguish between those activities of the City that are governmental and those that are considered business-type activities.

Fund financial statements These statements present information for individual major funds rather than by fund type. Nonmajor funds are presented in total in one column. Governmental funds use the modified accrual basis of accounting and include reconciliation to the governmental activities accrual information presented in the governmental-wide financial statements. Proprietary and fiduciary funds use the accrual basis of accounting.

Statements of budgetary comparisons These statements present comparisons of actual information to the legally adopted budget. The budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances.

#### **Debt Administration**

The Debt Service fund accounts for the accumulation of resources for the payment of general long-term obligations. Revenue sources for these funds include receipts from property taxes and transfers from other funds consisting of income taxes, hotel/motel taxes, sewer user charges and golf user charges.

The Mayor and his administration prioritize capital projects for which borrowings are required. City Council approves such borrowings for these purposes. For the last four years, both the Administration and Council have been committed to borrowing for the prioritized list of current capital needs at an amount less than the City is retiring each year in general obligation debt so that each year the City's total general obligation debt is declining. This is a general policy with the Mayor's and City Council's consideration of the impact of voted tax issues and self-supporting enterprise fund debt.

In April of 2006, the City of North Olmsted received a rating increase to an A1 rating from Moody's Investor Service Inc. for limited tax and an Aa3 rating for unvoted tax. Fitch IBCA affirmed the City's A+ rating in April 2006.

#### Cash Management

All City cash is pooled for investment purposes in order to maximize yield while protecting principal through conservative investment choices. The City's investment policy designates what type of investments can be made and only permits investments that are in compliance with the Ohio Revised Code. Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), eligible securities pledged by the financial institution as security for repayment, surety company bonds deposited with the treasurer by the financial institution or a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

The City plans for short and long term cash flow needs and attempts to match investment maturities accordingly. This is accomplished primarily with certificates of deposits, repurchase agreements, government securities, agency securities, mutual fund and sweep checking accounts.

#### Risk Management

The City is exposed to various risks of loss related to torts: theft, damage to or destruction of assets, errors and omissions, employee injuries and natural disasters. By maintaining comprehensive insurance coverage with private carriers, the City has addressed these various types of risk.

The City provides health, dental and vision insurance to its employees through a self-insurance plan. An employee committee reviews and selects the health plan provider. The City funds the insurance plan by contributing the expected cost for single and family coverage out of the fund from which the employee's compensation is paid. Employees contribute a portion of this expected cost on a pre-tax basis through payroll withholding. Resources are accumulated in the internal service fund to meet current and future claims. The City has reinsurance for claims in excess of \$75,000 per individual and \$2,735,363 in the aggregate for plan year 2005. Claims in excess of this aggregate are insured by private carriers. The City expects to assume no additional risks in the near future. The City contracts with a third party administrator to process the claims in accordance with the plan. The City also offered an Health Maintenance Organization (HMO) through the end of 2005 which the City paid a premium per month with no additional assumption of risk

#### **Major Initiatives**

The City recognizes the need to promote and coordinate new development and redevelopment activity. The City completed a review and obtained approval (with significant community discussion and input) of an updated master plan to provide policies that will guide development of the remaining vacant land in the city and the revitalization and redevelopment of other areas. The Charter was amended by a vote of the people to revise various boards and commissions to streamline the development process. The zoning code is being reviewed to support this process also. A streetscaping plan for the City's commercial corridors has been written and in the process of being implemented.

The development of a plan for recreational facilities and programs is under way to improve the quality of life in the City and attract future residents and retain current ones.

The City is undertaking, in cooperation with the County and the adjacent City of Westlake, the construction of a four-lane, north-south street to connect interstate highways I-480 and I-90. The estimated cost of the project is \$18 million, and the City's \$1 million share of the cost is to be paid from a federal transportation grant obtained for that purpose. The City expects the project to spur commercial development and redevelopment in the adjacent area of the City and has a plan being developed to facilitate this.

A bond levy was passed in November 2004 to construct and equip a new fire station on the west end of the City to replace a 56 year old facility. Land was purchased and designs were developed in 2005 with construction to being in summer 2006.

#### **AWARDS AND ACKNOWLEDGEMENTS**

#### **GFOA Certificate of Achievement**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of North Olmsted for its comprehensive annual financial report for the fiscal year ended December 31, 2004. This was the sixth year that the city has achieved this prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. The CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City of North Olmsted has received a Certificate of Achievement for the last six consecutive years. We believe our current report continues to conform to the Certificate of Achievement program requirements and we are submitting it to the GFOA.

#### **Acknowledgments**

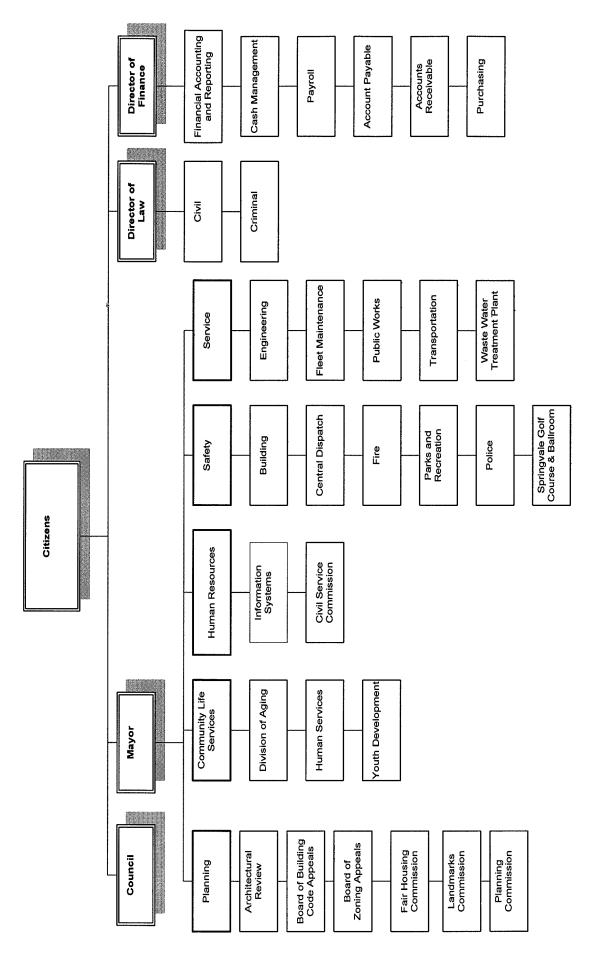

The 2005 Comprehensive Annual Financial Report was prepared by the Finance Department with cooperation from all city departments. We would like to express our appreciation to Ciuni & Panichi, Inc. for their guidance in the preparation of this report.

We would also like to thank the Mayor and members of City Council for supporting the preparation of this report, which expresses their commitment to financial integrity. In closing, we are grateful to the residents and taxpayers of the City of North Olmsted for entrusting us with the fiscal administration of their local government.

Respectfully submitted,

Carrie B. Copfer, CPA' Director of Finance

Leslie A. Bruxvoort, CPA Assistant Director of Finance

#### **Independent Auditors' Report**

Members of the City Council North Olmsted, Ohio

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of North Olmsted, Ohio as of and for the year ended December 31, 2005, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of City of North Olmsted, Ohio's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of North Olmsted, Ohio, as of December 31, 2005, and the respective changes in financial position, and, where applicable, cash flows and the respective budgetary comparison for the General Fund thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 3, during the year ended December 31, 2005, the City of North Olmsted implemented GASB Statement No. 40, "Deposit and Investment Risk Disclosures", and GASB Statement No. 42 "Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries".

In accordance with *Government Auditing Standards*, we have also issued our report dated June 15, 2006 on our consideration of the City of North Olmsted, Ohio's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreement and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Members of the City Council North Olmsted, Ohio

The Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of North Olmsted, Ohio's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Cleveland, Ohio June 15, 2006

Ciuni & Panichi Inc.

Management's Discussion and Analysis (Unaudited) For the Fiscal Year Ended December 31, 2005

The management's discussion and analysis of the City of North Olmsted's financial performance provides an overall review of the City's financial activities for the year ended December 31, 2005. The intent of this discussion and analysis is to look at the City's financial performance as a whole; readers should also review the transmittal letter and the basic financial statements to enhance their understanding of the City's financial performance.

#### **Financial Highlights**

Key financial highlights for 2005 are as follows:

- Total net assets are \$62,363,708 at December 31, 2005, which represents a 3.4 percent decrease from the prior year.
- Total invested in capital assets, net of related debt of \$50,716,262, represents 81.3 percent of total net assets in 2005.
- Total liabilities decreased by \$1,097,852 or 1.3 percent decrease from 2004 primarily from debt service payments.

#### **Using This Comprehensive Annual Financial Report (CAFR)**

This annual report consists of a series of financial statements and notes to those statements. These statements are prepared and organized so the reader can understand the City of North Olmsted as a financial whole or as an entire operating entity. The statements proceed to provide an increasingly detailed look at our specific financial condition.

The *Statement of Net Assets* and *Statement of Activities* provide information about the activities of the whole City, presenting both an aggregate view of the City's finances and a longer-term view of those assets. Major fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short term as well as what dollars remain for future spending. The fund financial statements also look at the City's most significant funds with all other non-major funds presented in total in one column.

Management's Discussion and Analysis (Unaudited) For the Fiscal Year Ended December 31, 2005

#### Reporting the City of North Olmsted as a Whole

#### Statement of Net Assets and Statement of Activities

While this document contains information about the funds used by the City to provide services to our citizens, the view of the City as a whole considers all financial transactions and measures how the City did financially during fiscal year 2005. The *Statement of Net Assets* and the *Statement of Activities* include assets and liabilities using the accrual basis of accounting similar to the accounting method used by the private sector. The basis of this accounting takes into account all of the current year's revenues and expenses regardless of when the cash is received or paid.

These two statements report the City's net assets and the changes in those assets. The changes in net assets are important because it tells whether, for the City as a whole, the financial position has improved or diminished. However, in evaluating the overall position of the City, non-financial information such as changes in the City's tax base and the condition of the City's capital assets will also need to be evaluated.

The Statement of Net Assets and the Statement of Activities are divided into the following categories:

- Assets
- Liabilities
- Net Assets (Assets minus Liabilities)
- Program Revenue and Expenses
- General Revenues
- Net Assets Beginning of Year and Year's End

#### Reporting the City of North Olmsted's Most Significant Funds

#### Fund Financial Statements

The presentation of the City's major funds begins on page 17. Fund financial reports provide detailed information about the City's major funds based on the restrictions on the use of monies. The City has established many funds which account for the multitude of services, facilities and infrastructure provided to our residents. However, these fund financial statements focus on the City's most significant funds. In the case of the City of North Olmsted, the major governmental funds are the General Fund, General Obligation Bond Retirement Fund, and Fire Construction Fund, and the major enterprise funds are North Olmsted Municipal Bus Line (NOMBL) Fund, Springvale Golf Course and Ballroom Fund, and Sewer Revenue Fund.

Management's Discussion and Analysis (Unaudited) For the Fiscal Year Ended December 31, 2005

#### Governmental Funds

Most of the City's activities are reported in the governmental funds which focus on how money flows into and out of those funds and the balances left at year end available for spending in future periods. Governmental funds are reported using an accounting method called modified accrual accounting which measures cash and all other financial assets that are expected to be readily converted to cash. The governmental fund statements provide a detailed short-term view of the City's general operations and the basic services it provides. Government fund information helps one determine whether there are more or fewer financial resources that can be spent in the near future on services provided to our residents. The relationship (or differences) between governmental activities (reported in the *Statement of Net Assets* and the *Statement of Activities*) and governmental funds is reconciled in the financial statements.

#### **Proprietary Funds**

The City of North Olmsted maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities. The City uses enterprise funds to account for the operations of its municipal bus line, golf course and ballroom and sanitary sewer plant and system. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City maintains this type of fund for its self-insurance of health related employee benefits. Because this predominately affects governmental rather than business functions, it has been included within the governmental activities in the government-wide financial statements.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The basic proprietary fund financial statements can be found beginning on page 23 of this report.

#### **Fiduciary Funds**

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources are not available to support the City's own programs. The City of North Olmsted has only one agency fund to report within the fiduciary fund category. Agency funds are reported on a full accrual basis and only present statements of assets and liabilities.

#### Notes to the Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found starting on page 30 of this report.

#### **Other Information**

In addition to the basic financial statements and the accompanying notes, this report also presents certain other information that the City believes readers will find useful. After the notes to the basic financial statements, the combining statements referred to earlier in connection with nonmajor governmental funds are presented, as well as individual detailed budgetary comparisons for all funds. This information can be found starting on page 64 of this report.

Management's Discussion and Analysis (Unaudited) For the Fiscal Year Ended December 31, 2005

#### The City of North Olmsted as a Whole

The *Statement of Net Assets* looks at the City as a whole. Table 1 provides a summary of the City's net assets for 2005 compared to 2004.

Table 1 Net Assets

Management's Discussion and Analysis (Unaudited) For the Fiscal Year Ended December 31, 2005

Net assets may serve over time as a useful indicator of a government's financial position. For the City of North Olmsted, total assets exceed total liabilities by \$62,363,708 as of December 31, 2005.

The largest portion of the City's net assets (81.3 percent) reflects the investments in capital assets (land, construction in progress, buildings, improvements other than buildings, machinery and equipment, furniture and fixtures and infrastructure) less any related debt to acquire those assets that is still outstanding. These capital assets are used to provide services to the City's citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

Total assets for 2005 decreased by \$3,305,193 or 2.2 percent when compared to 2004. The decrease in total assets was due to accumulated depreciation on capital assets. The net affect of depreciation, additions and deletions on governmental activities decreased roads by \$3,193,769 and was offset by an increase in other capital assets, net of accumulated depreciation (buildings, improvements other than buildings, machinery and equipment, furniture and fixtures and bridges and culverts) of \$298,166. Business-type activities capital assets (buildings, improvements other than buildings, machinery and equipment, furniture and fixtures and storm sewer lines) decreased by \$1,513,717 which again is primarily attributed to the accumulated depreciation on capital assets of the sanitary sewer plant and system. The City's total liabilities decreased \$1,097,852 from 2004 to 2005. This is primarily from the annual debt service payment at a greater rate than the increase in short term liabilities and the bond anticipation notes outstanding. Therefore, total net assets decreased by \$2,207,341 from 2004 to 2005.

In order to further understand what makes up the changes in net assets for the current year, Table 2 provides further details regarding the results of activities for the current year.

City of North Olmsted

Management's Discussion and Analysis (Unaudited) For the Fiscal Year Ended December 31, 2005

#### **Governmental Activities**

Several revenue sources fund the City's governmental activities. Property and other local taxes contribute 31.3 percent; municipal income taxes contribute 36.8 percent, with the remaining 31.9 percent coming from other sources which include charges for services, grants and entitlements from other governmental entities. Total revenues increased approximately \$1,500,000 from 2004 to 2005. Charges for services increased by \$815,146 from a variety of sources – administrative fees, emergency medical services, hotel/motel taxes, police fines, etc. Increase in capital grants and contributions in 2005 is primarily due to one year grants received this fiscal year only. Other revenues increased by \$529,358 from increased investment earnings due to higher interest rates for 2005.

Overall, total program expenses increased by 3.4% over 2004. Despite increases in operating expenses such as wages, benefits, fuel, and utilities, controllable program expenses were efficiently utilized to offset the such increases where possible.

Security of Persons and Property represent 37.4 percent of program expenses. This includes the cost of the police, dispatch, fire and paramedic services. Program expenses increased by wage and benefit cost increases and utility costs.

Transportation expenses represent 29.1 percent of program expenses. This includes the cost of providing all public works services such as street and storm channel maintenance and improvement, snow removal and equipment maintenance. Program expenses increased over the prior year in transportation due to wage and benefit cost increases and fuel and utility costs.

Leisure Time Activities represent 7.5 percent of program expenses. This is the cost of operating the recreation center and recreational programs. Leisure time activities decreased by 9.5 percent due to necessary maintenance and repairs that occurred in 2004. Additionally, operations were streamlined saving on wages, benefits and outside services.

Interest and Fiscal Charges on debt service are 6.8 percent of program expenses. They increased by \$100,000 in 2005 as the cost of borrowing increased.

Basic Utility Services represents 4.7 percent of program expenses. This includes trash collection, recycling, leaf pick up and brush removal. These are funded from 15 percent of the income tax collection by a 1991 vote of the people. These 2005 program expenses stayed relatively constant to 2004 as were under multi-year contracts for those services.

#### **Business Type Activities**

Charges for Services is the primary source of revenue for the municipal bus line (NOMBL), Springvale Golf Course and Ballroom (Springvale) and sewer operations. NOMBL was acquired by the Greater Cleveland Regional Transit Authority (GCRTA) in March 2005. Therefore, the decline in revenues and corresponding program expenses is primarily due to this.

Management's Discussion and Analysis (Unaudited) For the Fiscal Year Ended December 31, 2005

#### Financial Analysis of the City's Funds

The City of North Olmsted uses fund accounting as mandated by governmental legal requirements. The importance of accounting and reporting using this method is to demonstrate compliance with these finance related requirements.

#### Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Information about the City's governmental funds begins on page 17. These funds are accounted for by using the modified accrual basis of accounting.

As of December 31, 2005, the City's governmental funds reported combined ending fund balances of \$15,414,812. Of that amount, \$14,945,798 constitutes unreserved fund balances, which is available for spending at the government's discretion. The \$469,014 remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed to liquidate contracts and purchases of the prior period.

All governmental funds had total revenues of \$33,244,218 and expenditures of \$41,964,606, leaving a \$1,170,033 current year surplus, after consideration of \$9,890,421 in other financing sources.

The general fund is the most significant fund as it is the source for providing a significant portion of major governmental activities such as police, fire, service, legislative and administrative functions. In 2005, the general fund had total revenues of \$18,984,438 and expenditures of \$18,975,160 resulting in an increase in fund balance of \$15,150, after consideration of \$5,872 in other financing sources, for an ending general fund balance at December 31, 2005 of \$3,445,456. This represents 18.2 percent of the current year general fund expenditures. This is an encouraging comparison in a difficult economic climate that continues to exist in our region. Revenues ended approximately \$243,000 over last year's revenues while expenditures were approximately \$600,000 more than last year's expenditures.

#### General Fund Budgeting Highlights

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund. The City amended its general fund budget at various times throughout fiscal year 2005. All recommendations for budget amendments are initially presented to the Finance Committee of City Council for review before they are presented to the whole Council for Ordinance enactment on the change. Budgetary modifications between the legal level of control categories may only be made by resolution of the City Council. The City allows intra-department budget modifications if they are within the same legal level of control category. The general fund supports many of the City's major activities such as the police, fire and service departments, as well as most legislative and administrative activities. The general fund is monitored closely, looking for possible revenue shortfalls or potential overspending by individual departments.

Management's Discussion and Analysis (Unaudited) For the Fiscal Year Ended December 31, 2005

For the general fund, the original budgeted revenues were \$17,801,752. The final budgeted revenue amount was \$18,209,551. The City actually received \$19,222,242 in 2005. The excess came primarily from greater than anticipated revenues of \$400,000 in municipal income taxes, fines of \$64,000, and approximately \$388,000 of intergovernmental revenues. The original appropriations for the general fund were \$19,415,899. The final appropriations were \$19,602,224. The City had a \$1,619,399 variance when comparing the budgeted and actual unencumbered balance because the City historically budgets to expend nearly 100 percent of their available resources, when actually only 99.0 percent of available resources were expended in 2005. The City's actual expenditures ended \$585,603 below the final budgeted amount.

| Total capital assets         | \$<br>79,216,110        | \$_ | 82,111,713 | \$                       | 33,471,439 | \$_ | 34,985,156 | \$ | 112,687,549 | \$ | 117,096,869 |

Total capital assets net of depreciation of the City's governmental activities as of December 31, 2005, were \$79,216,110, which was \$2,895,603 lower than December 31, 2004. The most significant increase was in construction in progress of \$708,675 mainly for the construction of the fire station offset by a decrease in infrastructure (\$3,628,024) due to increased depreciation. Business type activities capital assets decreased by \$1,513,717 over 2004 which also allowed annual depreciation to exceed new capital additions from limiting capital purchases due to the uncertain economy potentially limiting revenue streams. For additional information see Note 8.

#### Debt

As of December 31, 2005, the City of North Olmsted had \$70,831,389 in total debt outstanding with \$8,102,045 due within one year.

Management's Discussion and Analysis (Unaudited) For the Fiscal Year Ended December 31, 2005

The General Obligation Bonds are composed of many various purposes which include street and storm improvements, sanitary sewer improvements, equipment, computerization, golf course purchase and improvements, recreation center and parks improvements, city building improvements and new library construction. Many revenue sources assist in the payment of debt service. The Special Assessment Bonds are for the Industrial Parkway construction. The property owners pay for this bond which will be repaid in 2010.

The City has several OPWC and OWDA loans outstanding, however, the OPWC loans are no interest loans. The City also has \$9,860,000 in bond anticipation notes outstanding at December 31, 2005 for various purposes, the most notable being \$4,000,000 for the fire station 2 construction.

The State of Ohio statute limits the amount of general obligation debt a governmental entity may issue to 10.5 percent of the total assessed valuation. The City's overall legal debt margin was \$54,302,888 at December 31, 2005. This represents the aggregate principal amount of additional voted and unvoted debt which the City may issue without exceeding the limitation. This calculation does not take into account the City's ability to repay such debt levels within current resources.

Additional information concerning the City's debt can be found in Note 12 to the basic financial statements.

#### **Economic Factors and Next Year's Budget**

The City of North Olmsted began to react in 2002 to the slowing economy, through attrition and layoffs and maintained its efforts through 2005. The City's 2006 budget includes the continued high costs of fuel, utilities, healthcare benefits and mandatory 4.5 percent wage increases. The revenues are budgeted similar to 2005 actual results, after any consideration to any operational changes as local and State economy have lagged behind the national economic recovery.

#### **Requests for Information**

This financial report is designed to provide our citizens, taxpayers, creditors and investors with a general overview of the City's finances and show the City's accountability for all money it receives, spends, or invests. If you have any questions about this report or need financial information, contact the Director of Finance, City of North Olmsted, 5200 Dover Center Road, North Olmsted, Ohio, 44070; telephone 440-777-8000 or e-mail at <a href="mailto:finance@north-olmsted.com">finance@north-olmsted.com</a>.

Reconciliation of Total Governmental Fund Balances to Net Assets of Governmental Activities

## December 31, 2005

| December 31, 2005   |   |   |      |                 |
|---|---|---|------|-----------------|
| Total governmental fund balances  |   |   | \$   | 15,414,812      |
| Amounts reported for governmental activities in the Statement of Net Assets are different because:  |   |   |      |                 |
| Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.   |   | 79,216,110                                |      |                 |
| Other long-term assets are not available to pay for current-<br>period expenditures and therefore are deferred in the funds.  Property and other taxes \$ 405,306                         |   |   |      |                 |
| Municipal income taxes Intergovernmental Special assessments Miscellaneous  |   | 688,881<br>1,743,375<br>390,000<br>77,485 |      |                 |
| Total   | - | 77,403                                    |      | 3,305,047       |
| In the Statement of Activities, interest is accrued on outstanding long-term obligations, whereas in governmental funds, an interest expenditure is reported when due.                    |   | (347,401)                                 |      |                 |
| Long-term liabilities are not due and payable in the current period and are therefore not reported in the funds.  |   |   |      |                 |
| Notes payable<br>Loans payable  |   | (9,860,000)<br>(108,899)                  |      |                 |
| Police past service cost  |   | (106,825)                                 |      |                 |
| General obligation bonds  |   | (35,635,000)                              |      |                 |
| Special assessment bonds Capital leases   |   | (390,000)<br>(15,754)                     |      |                 |
| Compensated absences  | _ | (4,359,462)                               |      | (50, 475, 0.40) |
| Total   |   |   |      | (50,475,940)    |
| An internal service fund is used by management to charge the costs of insurance to individual funds. The assets and liabilities of the internal service fund are included in governmental |   |   |      |                 |
| activities in the statement of net assets.  Net assets  |   |   |      | 496,020         |
| Internal balances   |   |   | _    | (151,042)       |
| Net assets of governmental activities   |   |   | \$ _ | 47,457,606      |

Statement of Revenues, Expenditures and Changes in Fund Balance – Budget (Non-GAAP Budgetary Basis) and Actual - General Fund

# For The Year Ended December 31, 2005

| For The Year Ended December 31, 2005   |              |                 |
|--|--------------|-----------------|
| Net change in fund balances - total governmental funds   |              | \$<br>1,170,033 |
| Amounts reported for governmental activities in the Statement of Activities are different because:   |              |                 |
| Governmental funds report capital outlay as expenditures. However in<br>the statement of activities, the cost of those assets is allocated over<br>their useful lives and reported as depreciation expense. This is the<br>amount by which depreciation exceeded capital outlays in the current<br>period. |              |                 |
| Capital outlay   | \$ 4,101,983 |                 |
| Depreciation expense   | (6,332,898)  |                 |
| Total  |              | (2,230,915)     |
| In the Statement of Activities, only the gain on the disposal of capital assets are reported, whereas, in the Governmental Funds, the proceeds from the disposal increase financial resources. Thus, the change in net assets differs from the change in fund balance by the cost of the capital assets.   |              | (664,688)       |
| Revenues in the Statement of Activities that do not provide current  |              |                 |
| financial resources are not reported as revenues in the funds.   |              |                 |
| Municipal income taxes   | (150,937)    |                 |
| Property and other local taxes   | (165,489)    |                 |
| Miscellaneous  | (5,371)      |                 |
| Special assessments  | (65,000)     |                 |
| Intergovernmental  | 446,901      |                 |
| Total  |              | 60,104          |
| Issuance of notes is an other financing source in the funds, but increase long-term liabilities in the Statement of Net Assets   |              | (9,860,000)     |
|  |              | (2,000,000)     |
| Other financing sources in the governmental funds that increase long-<br>term liabilities in the Statement of Net Assets. These sources were<br>attributed to the inception of capital leases  |              | (19,316)        |
| Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.   |              |                 |
| Bond principal paid  | 3,545,000    |                 |
| Loan principal paid  | 13,612       |                 |
| Note principal paid  | 7,175,000    |                 |
| Total  |              | 10,733,612      |
|  |              |                 |
|  |              | (Continued)     |
|  |              | ,               |

Statement of Revenues, Expenditures and Changes in Fund Balance – Budget (Non-GAAP Budgetary Basis) and Actual - General Fund (continued)

# For The Year Ended December 31, 2005

Change in net assets of governmental activities

| 1 of The Teal Ended Becomber 61, 2006  |                             |           |
|--|-----------------------------|-----------|
| In the statement of activities, interest is accrued on outstanding debt, whereas in governmental funds, an interest expenditure is reported when due.  |                             | (196,766) |
| Some expenses reported in the statement of activities, such as compensated absences and intergovernmental payable which represents contractually required pension contributions, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.  Capital lease payments  Police past service costs  Compensated absences  Total | 3,562<br>2,292<br>(442,013) | (436,159) |
| The internal service fund used by management to charge the costs of insurance to individual funds is not reported in the entity-wide statement of activities. Governmental expenditures and related internal service fund revenues are eliminated. The net revenue (expense) of the internal service fund is allocated among governmental activities.  |                             |           |
| Change in net assets Internal balances Total   | 13,794<br>(2,817)           | 10,977    |

Notes to Basic Financial Statements

### For The Year Ended December 31, 2005

## **Note 1:** Description of the City and Reporting Entity

The City of North Olmsted, Ohio, was chartered in 1959 under the laws of the State of Ohio. The City operates a Mayor-Council form of government.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements are not misleading.

The City of North Olmsted's primary government consists of all funds and departments which are not legally separate from the City. They include police and fire fighting forces, sewer services, a municipal bus line, a golf course, a street maintenance service, planning and zoning, and a staff to provide necessary support to these service providers.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations which are fiscally dependent on the City in that the City approves the budget, the issuance of debt, or the levying of taxes.

A discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize it is legally separated from the City.

North Olmsted Commission on Paratransit, Inc. (N.O.C.O.P.) provides transportation to the residents of the City of North Olmsted, the City of Olmsted Falls and Olmsted Township who are sixty years of age or older or disabled. N.O.C.O.P. was formed in 1992 and is governed by a Board of Trustees which consists of nine members. The following five members are automatic members of the Board of Trustees: The Mayor of the City of North Olmsted or designee, The Finance Director of the City of North Olmsted or designee, a designee from the Advisory Board for the Department of Human Resources of the City of North Olmsted, a member of the Finance Committee of the North Olmsted City Council as designated by the Chairman of the Committee and the President of the North Olmsted City Council. The remaining four members of the Board of Trustees are elected by the membership as provided in its by-laws. Fares are collected based on the destination and frequency that the service is used. The three communities also share costs or deficits on a prorated agreement based on each community's population. The current formula is as follows: the City of North Olmsted contributes 68.9 percent, the City of Olmsted Falls contributes 10.0 percent and Olmsted Township contributes 21.1 percent. N.O.C.O.P. operates on a fiscal year ending December 31. Complete financial statements for N.O.C.O.P. may be obtained by writing the North Olmsted Commission on Paratransit, Inc., 5200 Dover Center Road, North Olmsted, Ohio 44070.

Notes to Basic Financial Statements (continued)

## For The Year Ended December 31, 2005

### **Note 1:** Description of The City And Reporting Entity (continued)

Information in the following notes to the basic financial statements is applicable to the primary government. Information relative to the component unit is presented in Note 21.

The City is associated with two jointly governed organizations, the West Shore Council of Governments and the Northeast Ohio Public Energy Council. These organizations are presented in Note 18 to the basic financial statements.

# **Note 2:** Summary of Significant Accounting Policies

The financial statements of the City of North Olmsted have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The City also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its business-type activities and to its proprietary funds provided they do not conflict with or contradict GASB pronouncements. The City has elected not to apply FASB pronouncements and interpretations issued after November 30, 1989, to its business-type activities and enterprise funds. The more significant of the City's accounting policies are described below.

# A. Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

### Government-wide Financial Statements

The statement of net assets and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the City that are governmental and those that are considered business-type. The activity of the internal service fund is eliminated to avoid "doubling up" revenues and expenses.

Notes to Basic Financial Statements (continued)

# For The Year Ended December 31, 2005

## **Note 2:** Summary of Significant Accounting Policies (continued)

### A. Basis of Presentation (continued)

Government-wide Financial Statements (continued)

The statement of net assets presents the financial condition of the governmental and business-type activities of the City at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the City.

#### Fund Financial Statements

During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

## B. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

#### Governmental Funds

Governmental funds are those through which most governmental functions are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the City's major governmental funds:

Notes to Basic Financial Statements (continued)

## For The Year Ended December 31, 2005

## **Note 2:** Summary of Significant Accounting Policies (continued)

### B. Fund Accounting (continued)

Governmental Funds (continued)

General Fund - The general fund is the operating fund of the City and is used to account for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the charter of the City of North Olmsted and/or the general laws of Ohio.

General Obligation Bond Retirement Fund - The general obligation bond retirement fund accounts for resources that are used for payment of principal and interest and fiscal charges on general obligation debt.

*Fire Construction Fund* - The fire construction fund accounts for financial resources designated to construct, furnish, equip and otherwise improve a fire station.

The other governmental funds of the City account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds

Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

*Enterprise Funds* - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The City's major enterprise funds are:

North Olmsted Municipal Bus Line Fund (NOMBL) - The NOMBL fund accounts for the revenues and expenses of the City-owned municipal bus line.

Springvale Golf Course and Ballroom Fund - The Springvale golf course and ballroom fund accounts for revenues and expenses of the City owned golf course and ballroom facility.

Sewer Revenue Fund - The sewer revenue fund accounts for the revenues and expenses of the sanitary sewer system and waste water treatment plant facilities.

*Internal Service Fund* - The internal service fund accounts for the financing of services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis. The City's internal service fund accounts for a self-insurance program for employee medical, dental and vision benefits.

Notes to Basic Financial Statements (continued)

# For The Year Ended December 31, 2005

## **Note 2:** Summary of Significant Accounting Policies (continued)

### B. Fund Accounting (continued)

Fiduciary Funds

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. The City has no trust funds. Agency funds are purely custodial in nature (assets equal liabilities) and thus do not involve measurement of results of operations. The City's agency fund accounts for deposits from contractors, developers and individuals to ensure compliance with City ordinances.

#### C. Measurement Focus

#### Government-wide Financial Statements

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All non-fiduciary assets and all liabilities associated with the operation of the City are included on the Statement of Net Assets. The Statement of Activities presents increases (i.e. revenues) and decreases (i.e. expenses) in total net assets.

#### Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of fund net assets. The statement of revenues, expenses and changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in total net assets. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

Notes to Basic Financial Statements (continued)

## For The Year Ended December 31, 2005

## **Note 2:** Summary of Significant Accounting Policies (continued)

# D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting; proprietary and fiduciary funds also use the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue and in the presentation of expenses versus expenditures.

#### Revenues - Exchange and Nonexchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the City, available means expected to be received within sixty days of year-end.

Nonexchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned. Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 7). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: income tax, state-levied locally shared taxes (including gasoline tax and motor vehicle license fees), fines and forfeitures, interest, grants and entitlements and rentals.

## Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of December 31, 2005, but which were levied to finance year 2006 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Notes to Basic Financial Statements (continued)

# For The Year Ended December 31, 2005

## **Note 2:** Summary of Significant Accounting Policies (continued)

### D. Basis of Accounting (continued)

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

# E. Budgetary Data

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount Council may appropriate. The appropriations resolution is Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Council. The legal level of control has been established by Council at the object level within each department in the general fund and at the object level for all other funds. Budgetary modifications may only be made by resolution of the City Council at the legal level of control.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Director of Finance. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time the final appropriations were enacted by Council.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by Council during the year.

## F. Pooled Cash and Cash Equivalents

To improve cash management, cash received by the City is pooled. Monies for all funds, including proprietary funds, are maintained in this pool. Individual fund integrity is maintained through the City's records. Interest in the pool is presented as "equity in pooled cash and cash equivalents".

Investments are reported at fair value which is based on quoted market prices, with the exception of nonparticipating certificates of deposit and repurchase agreements, which are reported at cost.

Notes to Basic Financial Statements (continued)

# For The Year Ended December 31, 2005

## **Note 2:** Summary of Significant Accounting Policies (continued)

### F. Pooled Cash and Cash Equivalents (continued)

During 2005, investments were limited to repurchase agreements, non negotiable certificates of deposit, Victory United States Government Obligations Money Market Mutual Funds and Key Public Money Market Savings.

Investment procedures are restricted by the provisions of the Ohio Revised Code. Interest revenue for 2005 consisted of:

|                                    | Actual     |                | Fror | n (To) Other |
|------------------------------------|------------|----------------|------|--------------|
|                                    | <u>Int</u> | erest Credited |      | City Funds   |
| General                            | \$         | 199,578        | \$   | 129,453      |
| Special Revenue Funds:             |            |                |      |              |
| Endowment and Grant                |            | 30             |      | (4,740)      |
| Senior Center                      |            | 633            |      | (1,614)      |
| Debt Service Funds:                |            |                |      |              |
| General Obligation Bond Retirement |            | 153,633        |      | 124,254      |
| Special Assessment Bond Retirement |            | 50,432         |      | 46,745       |
| Capital Project Funds:             |            |                |      |              |
| Library Construction               |            | 53,645         |      | 18,946       |
| Fire Construction                  |            | 138,537        |      | (12,636)     |
| All others                         | -          |                | -    | (300,408)    |
|                                    | \$         | 596,488        | \$   |              |

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the City are presented on the financial statements as cash equivalents.

## G. Materials and Supplies Inventory

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventory consists of expendable supplies.

# H. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2005 are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

Notes to Basic Financial Statements (continued)

## For The Year Ended December 31, 2005

## **Note 2:** Summary of Significant Accounting Policies (continued)

### I. Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. General capital assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net assets and in the respective funds.

Capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The City maintains a capitalization threshold of \$5,000. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of proprietary fund capital assets is also capitalized.

All capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

Datimated Lives

| Description             | Estimated Lives |
|-------------------------|-----------------|
| Buildings               | 30 years        |
| Machinery and Equipment | 2 to 15 years   |
| Furniture and fixtures  | 10 to 15 years  |
| Roads                   | 20 to 30 years  |
| Bridges and culverts    | 35 to 50 years  |
| Storm sewer lines       | 20 years        |

The City's infrastructure consists of roads, bridges, culverts and storm sewer lines.

#### J. Interfund Balances

Dagamintian

On fund financial statements, outstanding interfund loans and unpaid amounts for interfund services are reported as "interfund receivables/payables". Interfund loans which do not represent available expendable resources are offset by a fund balance reserve account. Interfund balance amounts are eliminated in the statement of net assets, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

Notes to Basic Financial Statements (continued)

## For The Year Ended December 31, 2005

## **Note 2:** Summary of Significant Accounting Policies (continued)

### K. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. The City records a liability for all accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those that the City has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employee wage rates at year end taking into consideration any limits specified in the City's termination policy.

# L. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds and long-term loans are recognized as a liability on the governmental fund financial statements when due.

#### M. Fund Balance Reserves

The City reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent expendable resources and therefore are not available for appropriation or expenditure. Fund balance reserves have been established for encumbrances.

#### N. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Notes to Basic Financial Statements (continued)

## For The Year Ended December 31, 2005

## **Note 2:** Summary of Significant Accounting Policies (continued)

### O. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for sewer services, golf and self-insurance programs. Operating expenses are necessary costs that have been incurred in order to provide the good or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating.

# P. Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets, tap-in fees to the extent they exceed the cost of the connection to the system, or from grants or outside contributions of resources restricted to capital acquisition and construction.

### Q. Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

# R. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Administration and that are either unusual in nature or infrequent in occurrence.

#### S. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

# U. Comparative Data/Reclassifications

Prior year data presented in Management's Discussion and Analysis and the Statistical Section have been reclassified in order to be comparative and provide an understanding of the changes in financial position and operations. Certain reclassifications have been made to the 2004 financial statements in order to conform to the 2005 presentation.

Notes to Basic Financial Statements (continued)

# For The Year Ended December 31, 2005

### Note 3: Change in Accounting Principles and Restatement of Fund Balances

For 2005, the City has implemented GASB Statement No. 40, "Deposit and Investment Risk Disclosures" and GASB Statement No. 42, "Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries", and GASB Technical Bulletin No. 2004-2, "Recognition of Pension and other Postemployment Benefit Expenditures/Expense and Liability by Cost-Sharing Employers."

GASB Statement No. 40 establishes disclosure requirements for investment credit risk, interest rate risk, deposit custodial risk and foreign currency risk.

GASB Statement No. 42 establishes accounting and financial reporting standards for impairment of capital assets and clarifies and establishes accounting requirements for insurance recoveries.

GASB Technical Bulletin No. 2004 – 2 addresses the amount that should be recognized as expenditures expense and as liability each period by employers participating in a cost-sharing multiple – employer pension and other postemployment benefit (OPEB) plans.

The implementation of GASB Statements No. 40 and No. 42 did not affect the presentation of the financial statements of the City. The implementation of GASB Technical Bulletin No. 2004-2 had the following effect on fund balances:

|   |    | General   | General<br>Obligation<br>Retirement | Fire<br>Construction | Non-Major<br>Governmental<br>Funds | Total<br>Governmental<br>Funds |
|---|----|-----------|-------------------------------------|----------------------|------------------------------------|--------------------------------|
| Fund Balance,<br>December 31, 2004                  | \$ | 3,821,174 | \$<br>1,802,585                     | \$<br>3,500,000      | \$<br>5,511,888                    | \$<br>14,635,647               |
| Implementation of GASB<br>Technical Bulletin 2004-2 | -  | (390,868) |                                     |                      |                                    | (390,868)                      |
| Adjusting Fund Balance,<br>December 31, 2004        | \$ | 3,430,306 | \$<br>1,802,585                     | \$<br>3,500,000      | \$<br>5,511,888                    | \$<br>14,244,779               |

Understatement of accrued compensated absences had the following effect on net assets at December 31, 2004:

| Net assets, December 31, 2004               | \$ | 49,152,456 |
|---|----|------------|
| Restatement of accrued compensated absences | _  | (261,732)  |
| Restated net assets, December 31, 2004      | \$ | 48,890,724 |

#### Note 4: Fund Deficits

Not apparent in the basic financial statements is a deficit fund balance of \$44,627 in the Special Revenue Recreation Fund. The Recreation Fund deficit is the result of reflecting expenditures in accordance with the modified accrual basis of accounting, which are larger than amounts recognized on the budget basis. The Springvale Golf Course and Ballroom Fund deficit of \$999,572 is the result of interfund loans which are used to finance the debt payments until resources are accumulated to repay the general obligation bond retirement debt service fund.

Notes to Basic Financial Statements (continued)

# For The Year Ended December 31, 2005

### **Note 5:** Budgetary Basis of Accounting

While the City is reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures, and Changes in Fund Balance - Budget (Non-GAAP Basis) and Actual presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
- (b) Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
- (c) Encumbrances are treated as expenditures (budget) rather than as a reservation of fund balance (GAAP).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budget basis statements for the general fund.

| Net Change in Fund Balance              | ee |          |
|---|----|----------|
| GAAP Basis                              | \$ | 15,150   |
| Net adjustment for revenue accruals     |    | 243,488  |
| Net adjustment for expenditure accruals |    | 48,449   |
| Encumbrances                            |    | (89,908) |
| Budget basis                            | \$ | 217,177  |

## **Note 6:** Deposits and Investments

## A. Legal Requirements

State statutes classify monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that Council has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Notes to Basic Financial Statements (continued)

# For The Year Ended December 31, 2005

### **Note 6:** Deposits and Investments (continued)

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Interim monies can be invested in the following obligations:

- 1. United States treasury notes, bills, bonds, or any other obligation or security issued by the United States treasury or any other obligation guaranteed as to principal and interest by the United States;
- 2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio;
- 5. No-load money market mutual funds consisting exclusively of obligations described in (1) or (2) of this and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions; and
- 6. The State Treasurer's investment pool (STAROhio).

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity.

Notes to Basic Financial Statements (continued)

# For The Year Ended December 31, 2005

# **Note 6:** Deposits and Investments (continued)

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the finance director or, if the securities are not represented by certificate, upon receipt of confirmation of transfer from the custodian.

### B. Deposits

Custodial credit risk is the risk that in the event of bank failure, the City's deposits may not be returned to it. Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution, by surety company bonds or by a single collateral pool established by the financial institution. In accordance with Chapter 135 of the Ohio Revised Code, any public depository receiving deposits pursuant to an award of City funds shall be required to pledge as security for repayment of all public moneys.

At year-end, the carrying amount of the City's deposits was \$9,086,554 and the bank balance was \$9,790,306. Of the bank balance \$442,817 was covered by Federal depository insurance and \$9,347,489 was uninsured. Of the remaining bank balance, \$117,345 was collateralized with securities held by the pledging institution's agent in the City's name and \$9,230,144 was collateralized with securities held by the pledging institution's trust department, not in the City's name.

#### C. Investments

Investments are reported at fair value. As of December 31, 2005, the city had the following investments:

|  |      |            | Weighted |
|--|------|------------|----------|
|  |      |            | Average  |
|  |      |            | Maturity |
|  |      | Fair Value | (Days)   |
| Federal Home Loan Mortgage Corporation | \$   | 2,942,366  | 94       |
| Federal Home Loan Bank                 | _    | 3,163,360  | 483      |
| Total Portfolio                        | \$ _ | 6,105,726  | 577      |

Interest Rate Risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. The City's investment policy addresses interest rate risk requiring that the City's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments, thereby avoiding that need to sell securities on the open market prior to maturity and by investing operating funds primarily in short-term investments. The City investment policy also limits security purchases to those that mature five years unless specifically matched to a specific cash flow. To date, no investments have been purchased with a life greater than one year.

Custodial Risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of investment or collateral securities that are in the possession

Notes to Basic Financial Statements (continued)

## For The Year Ended December 31, 2005

### **Note 6:** Deposits and Investments (continued)

of an outside party. All financial institutions and broker/dealers who desire to become qualified for investment transactions with the City must meet a set of prescribed standards and be periodically reviewed.

*Credit Risk* is addressed by the City's investment policy by the requirements that all investments are authorized by Ohio Revised Code and that portfolio be diversified both by types of investment and issuer. All investments of the city are registered and carry a rating AAA by Standard & Poor's.

Concentration of Credit Risk is defined by the Governmental Accounting Standards Board as five percent as five percent or more in the securities of a single issuer. The City's investment policy requires diversification of the portfolio but does not indicate specific percentage allocations. The following is the City's allocation as of December 31, 2005:

|  | Percentage     |
|--|----------------|
| Investment Issuer                      | of Investments |
| Federal Home Loan Mortgage Corporation | 48.19%         |
| Federal Home Loan Bank                 | 51.81          |

#### Note 7: Receivables

Receivables at December 31, 2005, consisted primarily of municipal income taxes, property and other taxes, special assessments, accounts (billings for user charged services and court fines), and intergovernmental receivables arising from grants, entitlements and shared revenues.

No allowance for doubtful accounts has been recorded because uncollectible amounts are expected to be insignificant.

Special assessments expected to be collected in more than one year amount to \$320,000 in the special assessment bond retirement fund.

#### A. Property Taxes

Property taxes include amounts levied against all real, public utility and tangible personal property located in the City. Property tax revenue received during 2005 for real and public utility property taxes represents collections of the 2004 taxes. Property tax payments received during 2005 for tangible personal property (other than public utility property) are for 2005 taxes.

2005 real property taxes are levied after October 1, 2005, on the assessed value as of January 1, 2005, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2005 real property taxes are collected in and intended to finance 2006.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2005 public utility property taxes which became a lien December 31, 2004, are levied after October 1, 2005, and are collected in 2006 with real property taxes.

Notes to Basic Financial Statements (continued)

## For The Year Ended December 31, 2005

### **Note 7:** Receivables (continued)

### A. Property Taxes (continued)

2005 tangible personal property taxes are levied after October 1, 2004, on the values as of December 31, 2004. Collections are made in 2005. Tangible personal property assessments are 25 percent of true value for capital assets and 23 percent for inventory.

The full tax rate for all City operations for the year ended December 31, 2005, was \$13.40 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2005 property tax receipts were based as follows:

| Real estate                        |      |             |
|------------------------------------|------|-------------|
| Residential/Agriculture            | \$   | 569,329,950 |
| Commercial/Industrial/Mineral      |      | 237,578,290 |
| Tangible personal property         |      |             |
| Public utility                     |      | 14,685,560  |
| General tangible personal property |      | 49,409,433  |
| Total valuation                    | \$ _ | 871,003,233 |

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statue permits later payment dates to be established.

Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable at September 20.

The County Treasurer collects property taxes on behalf of all taxing districts in the County, including the City of North Olmsted. The County Auditor periodically remits to the City its portion of the taxes collected. Property taxes receivable represents real and tangible personal property taxes, public utility taxes and outstanding delinquencies which are measurable as of December 31, 2005 and for which there is an enforceable legal claim. In the general fund; recreation, fire pension and police pension special revenue funds; and general obligation bond retirement, library bond retirement and sewer bond retirement debt service funds; the entire receivable has been offset by deferred revenue since the current taxes were not levied to finance 2004 operations and the collection of delinquent taxes during the available period is not subject to reasonable estimation. On a full accrual basis, delinquent property taxes have been recorded as revenue while the remainder of the receivable is deferred.

#### B. Income Taxes

The City levies and collects an income tax of 2 percent on all income earned within the City as well as income of residents earned outside the City. The City allows a credit of 100 percent of the tax paid to another municipality, not to exceed the amount owed. Employers within the City are required to withhold income tax on employee earnings and remit the tax to the City at least quarterly.

Notes to Basic Financial Statements (continued)

# For The Year Ended December 31, 2005

## **Note 7:** Receivables (continued)

## B. Income Taxes (continued)

Corporations and other individual taxpayers are also required to pay their estimated tax at least quarterly and file an annual return.

Income tax revenues are distributed by a 1991 vote of the people as follows: 70 percent to the General fund; 15 percent for solid waste management, recycling and disposal (Solid Waste Management fund); and 15 percent for maintaining and equipping streets, storm water drainage systems and other permanent improvements (including debt charges on obligations issued after 1990 for those purposes).

# C. Intergovernmental Receivables

A summary of the principal items of intergovernmental receivables follows:

|                                    | <br>Amount      |
|------------------------------------|-----------------|
| Governmental activities            |                 |

# **Note 7:** Receivables (continued)

# C. Intergovernmental Receivables (continued)

The City financed sanitary sewer system improvements through the issuance of general obligation bonds and an OWDA loan. The sanitary sewer system provides sewer services for part of the City of Fairview Park. The City of Fairview Park has agreed to pay the City 5.24 percent of the debt retirement related to the improvement and a capital surcharge. An intergovernmental receivable of \$ 71,524 has been recorded on the statement of net assets.

**Note 8:** Capital Assets

A summary of changes in capital assets during 2005 follows:

Notes to Basic Financial Statements (continued)

### For The Year Ended December 31, 2005

#### **Note 9: Defined Benefit Pension Plans**

### A Ohio Public Employees Retirement System

The City participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the member directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member directed plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the traditional and combined plans. Members of the member directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by writing to OPERS, 277 E. Town St., Columbus, OH 43215-4642 or by calling (614) 222-6705 or (800) 222-7377.

For the year ended December 31, 2005, the members of all three plans, except those in law enforcement or public safety participating in the traditional plan, were required to contribute 8.5 percent of their annual covered salaries. The City's contribution rate for pension benefits for 2005 was 13.55 percent, except for those plan members in law enforcement or public safety. For those classifications, the City's pension contributions were 12.7 percent of covered payroll. The Ohio Revised Code provides statutory authority for member and employer contributions.

The City's required contributions for pension obligations to the traditional and combined plans for the years ended December 31, 2005, 2004, and 2003 were \$868,705, \$905,483, and \$906,771 respectively; 85 percent has been contributed for 2005 and 100 percent for 2004 and 2003. Contributions to the member-directed plan for 2005 were \$2,277 made by the City of North Olmsted and \$1,428 made by the plan members.

#### B. Ohio Police and Fire Pension Fund

The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing multiple-employer defined benefit pension plan. OP&F provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Notes to Basic Financial Statements (continued)

## For The Year Ended December 31, 2005

### **Note 9: Defined Benefit Pension Plans (continued)**

### B. Ohio Police and Fire Pension Fund (continued)

Plan members are required to contribute 10 percent of their annual covered salary to fund pension obligations while the City is required to contribute 19.5 percent for police officers and 24 percent for firefighters. Contributions are authorized by State statute. The City's contributions to the Fund for police and firefighters were \$433,315 and \$499,112 for the year ended 2005, \$249,513 and \$286,103 for the year ended December 31, 2004, and \$236,149 and \$315,836 for the year ended December 31, 2003. The full amount has been contributed for 2004 and 2003. 71 percent for police and 73 percent for firefighters has been contributed for 2005 with the remainder being reported as a liability.

In addition to current contributions, the City pays installments on the accrued liability incurred when the State of Ohio established the statewide pension system for police and fire fighters in 1967. As of December 31, 2005, the unfunded liability of the City was \$106,825 payable in semi-annual payments through the year 2031. This is an accounting liability of the City which will not vary. The liability is reported as "long-term liabilities" in the governmental activities column on the statement of net assets.

# **Note 10: Postemployment Benefits**

#### A. Ohio Public Employees Retirement System

The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the Traditional Plan (TP) – a cost-sharing multiple-employer defined benefit pension plan; the Member-Directed Plan (MD) – a defined contribution plan; and the Combined Plan (CO) – a cost-sharing multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS provides retirement, disability, survivor and post-retirement health care benefits to qualifying members of both the Traditional and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-retirement health care coverage, age and service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability recipients and qualified survivor recipients is available. The health care coverage provided by the Retirement System is considered an Other Post-employment Benefit (OPEB) as described in GASB Statement No. 12. A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care. The Ohio Revised Code provides statutory authority requiring employers to fund post-retirement health care through their contributions to OPERS. The 2005 employer contribution rate was 13.55 percent of covered payroll; 4.0 percent was the portion that was used to fund health care.

Notes to Basic Financial Statements (continued)

## For The Year Ended December 31, 2005

### **Note 10:** Postemployment Benefits (continued)

### A. Ohio Public Employees Retirement System (continued)

Benefits are advance-funded using the entry age normal actuarial cost method. Significant actuarial assumptions, based on OPERS's latest actuarial review performed as of December 31, 2004, include a rate of return on investments of 8.0 percent. An annual increase of 4.0 percent, compounded annually, is the base portion of the individual pay increase assumption. This assumes no change in the number of active employees. Additionally, annual pay increase, over and above the 4.0 percent base increase, were assumed to range from 0.50 percent to 6.3 percent. Health care costs were assumed to increase at the projected wage inflation rate plus an additional factor ranging from 1 percent to 6 percent for the next eight years. In subsequent years (9 and beyond) health care costs were assumed to increase at 4 percent (the projected wage inflation rate).

All investments are carried at market value. For actuarial valuation purposes, a smoothed market approach is used. Assets are adjusted to reflect 25 percent of unrealized market appreciation or depreciation on investment assets annually.

At December 31, 2005, the number of active contributing participants in the Traditional and Combined Plans totaled 376,109. The number of active contributing participants for both plans used in the December 31, 2004, actuarial valuation was 376,109. The City's actual contributions for 2005, which were used to fund postemployment benefits, were \$363,851. The actual contribution and the actuarially required contribution amounts are the same. OPERS's net assets available for payment of benefits at December 31, 2004, (the latest information available) were \$10.8 billion. The actuarially accrued liability and the unfounded actuarially accrued liability were \$29.5 billion and \$18.7 billion, respectively.

On September 9, 2004, the OPERS Retirement Board adopted a Health Care Preservation Plan (HCPP) with an effective date of January 1, 2007. The HCPP restructures OPERS' health care coverage to improve the financial solvency of the fund in response to skyrocketing health care costs.

Under the HCPP, retirees eligible for health care coverage will receive a graded monthly allocation based on their years of service at retirement. The Plan incorporates a cafeteria approach, offering a broad range of health care options that allow benefit recipients to use their monthly allocation to purchase health care coverage customized to meet their individual needs. If the monthly allocation exceeds the cost of the options selected, the excess is deposited into a Retirement Medical Account that can be used to fund future health care expenses.

#### B. Ohio Police and Fire Pension Fund

The Ohio Police and Fire Pension Fund (OP&F) provides postretirement health care coverage to any person who receives or is eligible to receive a monthly service, disability or survivor benefit check or is a spouse or eligible dependent child of such person. An eligible dependent child is any child under the age of 18 whether or not the child is attending school, or under the age of 22 if attending school full-time or on a 2/3 basis.

Notes to Basic Financial Statements (continued)

## For The Year Ended December 31, 2005

### **Note 10:** Postemployment Benefits (continued)

### B. Ohio Police and Fire Pension Fund (continued)

The health care coverage provided by the retirement system is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 12. The Ohio Revised Code provides the authority allowing the Ohio Police and Fire Pension Fund's board of trustees to provide health care coverage and states that health care costs paid from the funds of OP&F shall be included in the employer's contribution rate. Health care funding and accounting is on a pay-as-you-go basis. The total police employer contribution rate is 19.5 percent of covered payroll and the total firefighter employer contribution rate is 24 percent of covered payroll, of which 7.75 percent of covered payroll was applied to the postemployment health care program during 2003. In addition, since July 1, 1992, most retirees have been required to contribute a portion of the cost of their health care coverage through a deduction from their monthly benefit payment. Beginning in 2001, all retirees and survivors have monthly health care contributions.

The City's actual contributions for 2005 that were used to fund postemployment benefits were \$285,283 for police and \$238,129 for firefighters. The OP&F's total health care expense for the year ended December 31, 2004, (the latest information available) was \$102,173,796, which was net of member contributions of \$55,665,341. The number of OP&F participants eligible to receive health care benefits as of December 31, 2004, was 13,812 for police and 10,528 for firefighters.

# Note 11: Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. By maintaining comprehensive insurance coverage with private carriers, the City has addressed these various types of risk. There were no reductions in insurance coverage from the previous year. Settled claims have not exceeded this commercial coverage in any of the past three years.

The City provides health, dental and vision insurance to its employees through a self-insurance plan. The City pays the monthly premium for the self-insurance plan. The City contracts with a third party administrator to direct this program. During 2005, self-insurance was in effect for claims up to \$75,000 per covered individual and \$2,735,363 in aggregate. This aggregate includes both medical and drug coverage. Claims in excess of this aggregated are insured by private carriers.

The claims liability of \$289,312 as estimated by the third party administrator and reported in the Hospitalization internal service fund at December 31, 2005, is based on the requirements of GASB Statement No. 30 which requires a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The estimate was not affected by incremental claims adjustment expenses and does not include other allocated or unallocated claim adjustment expenses.

Notes to Basic Financial Statements (continued)

# For The Year Ended December 31, 2005

# **Note 11: Risk Management (continued)**

Changes in the funds claims liability amount in 2005 and 2004 were as follows:

|                                  | 2005          | 2004          |
|----------------------------------|---------------|---------------|
| Unpaid claims, beginning of year | \$<br>329,297 | \$<br>277,978 |
| Incurred claims                  | 2,368,605     | 2,524,958     |
| Claims payments                  | (2,408,590)   | (2,473,639)   |
| Unpaid claims, end of year       | \$<br>289,312 | \$<br>329,297 |

Workers' compensation coverage is provided by the State of Ohio. The City pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

**Note 12: Long-Term Obligations** 

The original issue date, maturity date, interest rate and original issuance amount for each of the City's bonds and loans follows:

|                                     | Original   | Maturity | Interest   | Original    |
|-------------------------------------|------------|----------|------------|-------------|

Notes to Basic Financial Statements (continued)

## For The Year Ended December 31, 2005

#### **Note 12:** Long-Term Obligations (continued)

General obligation bonds are direct obligations of the City for which its full faith and credit are pledged for repayment. General obligation bonds are to be repaid from both voted and unvoted general property taxes levied on all taxable property located within the City, sewer user charges and golf fees. Tax monies will be received in and the debt will be retired from the general obligation bond, library bond retirement and sewer bond retirement debt service funds.

Special assessment bonds are payable from the proceeds of assessments against the specific property owners who primarily benefited from the project. Special assessment monies will be received in and the debt will be retired from the special assessment special revenue fund. In the event that property owners fail to make their special assessment payments, the City is responsible for providing the resources to meet the annual principal and interest payments.

Compensated absences will be paid from the general fund, recreation special revenue fund, and the NOMBL, Springvale golf course and ballroom and sewer revenue enterprise funds. The Police pension liability is paid from the general fund. The intergovernmental payable is paid from the hotel/motel special revenue fund. The OWDA and OPWC loans liability are payable semiannually from the general obligation bond and sewer bond debt service funds. The OPWC loans are interest free.

In prior years, the City defeased certain general obligation bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the City's general purpose financial statements. At December 31, 2005, \$5,300,000 of bonds outstanding are considered to be defeased.

The City's overall legal debt margin was \$54,302,888 at December 31, 2005. Principal and interest requirements to retire the long-term obligations outstanding at December 31, 2005, are as follows:

Notes to Basic Financial Statements (continued)

#### For The Year Ended December 31, 2005

#### **Note 13: Operating Leases**

The City is obligated under certain leases accounted for as operating leases. The total cost for leases in 2005 was \$26,864. The following is a schedule by year of future minimum lease payments required operating leases that have initial or remaining noncancellable lease terms in excess of one year as of December 31, 2005.

| Year ending            |              |
|------------------------|--------------|
| December 31,           | Amount       |
| 2006                   | \$<br>12,709 |
| 2007                   | 479          |
| Total minimum payments | \$<br>13,188 |

#### **Note 14: Capital Leases**

The City entered into lease agreement for several copiers. The City's lease obligations meet the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, "Accounting for Leases". Capital lease payments have been reclassified and are reflected as debt service expenses in the basic financial statements. These expenditures are reflected as capital outlay expenditures on a budgetary basis. Capital assets acquired by lease have been originally capitalized as machinery and equipment in the amount of \$26,842. Accumulated depreciation as of December 31, 2005 for machinery and equipment was \$2,684, leaving a current book value of \$24,148 for machinery and equipment.

The following is a schedule of the future long-term minimum lease payments required under the capital leases and the present value of the minimum lease payments as of December 31, 2005.

|   |                 |      | Business- |

#### **Note 15:** Compensated Absences

Vacation leave is earned at rates which vary depending upon length of service and standard work week. City employees are paid for earned, unused vacation leave at the time of termination of employment if the employee has acquired at least one year of service to the City.

Sick leave is earned at the rate of 10 hours for each month worked. Each employee upon retirement is paid for a portion of the employee's earned unused sick leave balances, from 600 hours to 1,500 hours, depending upon the union contract upon termination with the City.

| General Obligation Bond Retirement Fund |              | 397,071 |    | 982,055       |             | -      | 1,379,126       |
| Non – major Governmental Funds          |              | 231     | _  |               | _           |        | 231             |
|   | \$ _         | 407,302 | \$ | 1,137,711     | \$ _        | 98,010 | \$<br>1,643,023 |

The General Obligation Bond Retirement Debt Service Fund loaned the Permanent Improvement Street and Storm Special Revenue Fund and Springvale Golf Course and Ballroom Enterprise Fund additional resources to meet the debt service requirements for the year. The General Fund loaned the Sewer Revenue Enterprise Fund operating monies that will be paid back in future years. The Endowment Grant Special Revenue Fund provided the Law Enforcement Special Revenue Fund with resources to help pay for operating costs. The loan from the General Fund to the Community Development Grant Fund was to help pay operating expenses.

#### **Note 18: Jointly Governed Organizations**

#### A. West Shore Council Of Governments

The West Shore Council of Governments helps foster cooperation between municipalities in areas affecting health, safety, welfare, education, economic conditions and regional development. The Board is comprised of one member from each of the six participating entities. The Board exercises total control over the operation of the Council including budgeting, appropriating, contracting and designating management. Budgets are adopted by the Board. Each city's degree of control is limited to its representation on the Board. In 2005, the City contributed \$71,757. Complete financial information can be obtained from the City of Bay Village 350 Dover Center Road, Bay Village, Ohio 44140.

The Council has established two subsidiary organizations, the West Shore Hazardous Materials Committee ("HAZ MAT") which provides hazardous material protection and assistance, and the West Shore Enforcement Bureau which provides extra assistance to cities in the form of a Swat Team.

### B. Northeast Ohio Public Energy Council (NOPEC)

The City is a member of the Northeast Ohio Public Energy Council (NOPEC). NOPEC is a regional council of governments formed under Chapter 167 of the Ohio Revised Code. NOPEC was formed to serve as a vehicle for communities wishing to proceed jointly with an aggregation program for the purchase of electricity and natural gas. NOPEC is currently comprised of over 100 communities who have been authorized by ballot to purchase electricity and natural gas on behalf of their citizens. The intent of NOPEC is to provide electricity and natural gas at the lowest possible rates while at the same time insuring stability in

Notes to Basic Financial Statements (continued)

#### For The Year Ended December 31, 2005

#### B. Northeast Ohio Public Energy Council (NOPEC) (continued)

prices by entering into long-term contracts with suppliers to provide electricity and natural gas to the citizens of its member communities.

NOPEC is governed by a General Assembly made up of one representative from each member community. The representatives from each county then elect one person to serve on the eight-member NOPEC Board of Directors. The Board oversees and manages the operation of the aggregation program. The degree of control exercised by any participating government is limited to its representation in the General Assembly and on the Board. The City of North Olmsted did not contribute to NOPEC during 2004. Financial information can be obtained by contacting the Board Chairman, 1615 Clark Avenue, Cleveland, Ohio, 44109.

#### **Note 19: Contingent Liabilities**

The City of North Olmsted is a party to legal proceedings seeking damages. The City management is of the opinion that ultimate disposition of these claims and legal proceedings will not have a material effect, if any, on the financial condition of the City.

#### **Note 20:** Subsequent Events

#### A. General Obligation Bonds

On May 3, 2006, the City retired \$10,175,000, in general obligation bond anticipation notes and issued \$11,775,000 in new general obligation capital improvement bonds to mature in the years 2006 through 20021, and interest rates between 3.75 and 4.5 percent.

| Bond Issuance                  | Authorized           |
|--------------------------------|----------------------|
|                                |                      |
| Fire station improvement bonds | \$ 4,000,000         |
| Capital improvement bonds      | 1,920,000            |
| Street improvement bonds       | 3,960,000            |
| Fire equipment bonds           | 560,000              |
| Sewer improvement bonds        | 345,000              |
| Computer acquisition bonds     | 360,000              |
| Equipment acquisition bonds    | 630,000              |
| Total                          | \$ <u>11,775,000</u> |

In 2006, the City issued \$26,440,000 in general obligation refunding bonds to provide resources to purchase U.S. Government securities that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of various general obligation bonds. The general obligation refunding bonds are to mature in the years 2017 and 2020 and have interest rates between 4 and 5.25 percent.

Notes to Basic Financial Statements (continued)

#### For The Year Ended December 31, 2005

#### **Note 20:** Subsequent Events (continued)

#### **B.** Discontinued Operations

The Greater Cleveland Regional Transit Authority (GCRTA) sought to acquire NOMBL. On March 15, 2005, the aforementioned acquisition was approved by City Council. Effective March 20, 2005 operations were relinquished to GCRTA.

#### **Note 21:** Component Unit

#### A. Summary of Significant Accounting Policies

*Nature of Organization* - North Olmsted Commission on Paratransit, Inc. (N.O.C.O.P.) is a non-profit corporation that provides transportation to residents of the City of North Olmsted, the City of Olmsted Falls and Olmsted Township who are 60 years of age or older or disabled. The N.O.C.O.P. is primarily funded by fares collected based on the destination and frequency that the service is used. The three communities also share costs or deficits on a prorated arrangement based on each community's population. The current formula is as follows: the City of North Olmsted contributes 68.9 percent, the City of Olmsted Falls contributes 10.0 percent and Olmsted Township contributes 21.1 percent.

The N.O.C.O.P. is exempt under Internal Revenue Code Section 501(c) (3) from Federal income tax. It is also currently exempt from Federal unemployment tax and Ohio franchise, personal property, and sales taxes. The payroll of the N.O.C.O.P. is subject to social security (FICA) coverage due to the Social Security Amendments of 1983.

Financial Statement Presentation - The N.O.C.O.P. has prepared financial statements in conformity with general accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The N.O.C.O.P. also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements.

Classification of Net Assets - Unrestricted net assets are comprised of amounts upon which donors have placed no restriction on expenditure of these assets themselves or their investment income.

Temporarily restricted net assets and investment income generated by these assets comprise those amounts the expenditure of which has been restricted by donors for use during a specific time period or for a particular purpose. When such a restriction expires; that is, when a stipulated time restriction ends or a program restriction is accomplished, temporarily restricted net assets are released to unrestricted net assets and are reported in the statement of activities and changes in net assets.

Permanently restricted net assets comprise those assets contributed to the N.O.C.O.P. by donors who have indicated an intention that the assets are to remain in perpetuity as permanent endowments of the N.O.C.O.P. Investment income generated by these assets is reported as unrestricted or temporarily restricted, depending upon whether the donors have limited the expenditure of income to a particular purpose or purposes or have

Notes to Basic Financial Statements (continued)

#### For The Year Ended December 31, 2005

#### **Note 21:** Component Unit (continued)

#### A. Summary of Significant Accounting Policies (continued)

indicated that such income is to be available for the general purposes of the N.O.C.O.P. At December 31, 2005, all of the assets of the N.O.C.O.P. are unrestricted.

Accounts and Intergovernmental Receivables - Accounts and intergovernmental receivables are derived from fares and services within the three communities. At December 31, 2005, accounts receivable were reported at \$2,617 and intergovernmental receivables were reported at \$16,786.

Vehicles - It is the N.O.C.O.P.'s policy to capitalize expenditures in excess of \$1,000 with an estimated life of more than one year. Vehicles accounts are stated at cost or donated value and are being depreciated using the straight-line method over their estimated useful lives of four years. When sold, retired, or otherwise disposed of, the related cost and accumulated depreciation are removed from the applicable accounts and any gain or loss resulting there from is included in the statement of activities. Routine maintenance, repairs and renewals are charged to operating cost and expenses as incurred. Vehicle additions and expenditures which materially increase values or extend useful lives are capitalized.

During the year ended December 31, 2005, depreciation expense was \$11,226. A summary of the component unit's capital assets at December 31, 2005, follows:

Capital assets being depreciated:

| Vehicles                      | \$<br>89,811 |
|-------------------------------|--------------|
| Less accumulated depreciation | <br>(89,811) |
|                               |              |
| Net                           | \$<br>_      |

*Use of Estimates* - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## B. Cash Equivalents and Cash on Hand

At year end the carrying amount of the N.O.C.O.P.'s deposits were \$47,705 and the bank balance was \$52,073, all of which was covered by the Federal Deposit Insurance Coverage (FDIC).

At year end, the N.O.C.O.P. had \$100 in undeposited cash on hand which is included on the statement of net assets of the City as part of "Equity in Pooled Cash and Cash Equivalents".

## Nonmajor Special Revenue Funds

To account for revenues from specific sources which legally, or otherwise, are restricted to expenditures for specific purposes.

Casualty Loss Fund - Accounts for resources designated to pay for property damages that are not covered by insurance.

Community Development Block Grant Fund (CDBG) – Accounts for block grants received and grant reimbursement expenditures.

**Alcohol Education Fund** - Accounts for court fees obtained from DUI cases and approved alcohol education related expenditures.

**Economic Development Fund** - Accounts for the revenues generated from annual fees paid by new development agreements through tax abatement and community reinvestment incentives and expenditures in promoting economic development and compliance.

**FEMA Grant Fund** - Accounts for revenues received from the federal government and expenditures as prescribed under the Federal Emergency Management Agency's Assistance to Firefighters Grant Program.

*Motor Vehicle License Fund* - Accounts for the additional motor vehicle registration fees designated for maintenance and repair of streets within the City.

**Recreation Fund** - Accounts for real and personal property taxes and program revenues and expenditures for the operation and maintenance of recreation programs, services, parks and the recreation center facility.

Clague Park Fund - Accounts for the receipt of a sale of land proceeds and Clague Park wireless communication tower upfront proceeds and the expenditures related to revitalizing and improving Clague Park.

**Hotel/Motel Tax Fund** - Accounts for the three percent Hotel/Motel Tax Levy and emergency medical service nonresident ambulance receipts. Expenditures are restricted to safety equipment and up to 15% for capital improvements or building maintenance for safety use.

*Emergency Medical Services Fund* - Accounts for 25% of the resident emergency medical service's receipts. Expenditures are restricted to capital improvements for the Fire Division of the Department of Public Safety.

**State Highway Fund** - Accounts for the portion of the State gasoline tax and motor vehicle registration fees designated for maintenance and repair of State highways within the City.

*Street Maintenance Fund* - Accounts for the portion of State gasoline tax and motor vehicle registration fees designated for maintenance and repair of streets within the City.

Non-Major Governmental Funds

#### For The Year Ended December 31, 2005

Nonmajor Special Revenue Funds (continued)

**Solid Waste Management Fund** - Accounts for 15% of the municipal income tax receipts and expenditures associated with tax collection, solid waste removal, and costs of recycling services provided to residents.

**Permanent Improvement Fund** - Accounts for 15% of the municipal income tax receipts and expenditures for the permanent improvement of streets and the storm sewer system.

**Community Diversion Fund** - Accounts for the federal grant receipts, County and local program fees and expenditures related to the youth community diversion program contracted with the County juvenile court system.

**Drug Enforcement Fund** - Accounts for fines and forfeitures from drug court cases and expenditures for use in drug enforcement.

**Endowment and Grant Fund** - Accounts for donations restricted for a specific purpose and expenditures for those specific restricted uses.

*Fire Pension Fund* - Accounts for property taxes levied for the payment of current employer contributions for fire disability and pension benefits.

**Law Enforcement Fund** - Accounts for other monies seized from criminals by law enforcement officers or the sale of contraband in the course of their work restricted for expenditures that would enhance the police services.

**Stop Program Fund** - Accounts for fines on traffic violations restricted to paying overtime wages and benefits to officers issuing tickets under this program.

**Police Pension Fund** - Accounts for property taxes levied for the payment of current employer contributions for police disability and pension benefits.

**Senior Center Fund** - Accounts for the daily operations of the senior center and its programs and the services provided on a cost reimbursement basis to senior citizens.

*Title III Fund* - Accounts for the hot lunch program which provides lunch to senior citizens on a cost reimbursement basis.

Combining Statements
Non-Major Governmental Funds

#### For The Year Ended December 31, 2005

## Nonmajor Debt Service Funds

*Library Bond Retirement Fund* - Accounts for resources restricted to pay the principal, interest and related fiscal charges on the library bonded debt.

**Sewer Bond Retirement Fund** - Accounts for resources restricted to pay the principal interest and related fiscal charges on pre-1987 sanitary sewer improvements.

**Special Assessment Bond Retirement Fund** - Accounts for the collected taxes levied by special assessment where specified improvements were levied to specific taxpayers and expenditures to pay the related applicable debt payments and the costs associated with collection and payment.

*Fire Station Bond Retirement Fund* – Accounts for resources restricted to pay the principal, interest and related fiscal charges on the fire station funded debt.

#### Nonmajor Capital Projects Funds

*Capital Improvements Fund* - Accounts for resources allocated for specific major capital improvements and the related expenditures.

*Library Construction Fund* - Accounts for financial resources designated to construct a free and public library and related expenditures.

**Building and Land Acquisition and Improvement Fund** – Accounts for financial resources for acquiring real property, constructing improvements, including additions to buildings, upon lands owned by the City, or for substantially rehabilitating or renovating existing City-owned buildings.

*Issue II Fund* – Accounts for Issue II grant monies received and the related expenditures paid directly to the contractors on our behalf.

**Fund Descriptions** 

#### For the Year Ended December 31, 2005

#### Fiduciary Funds

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. The City has no trust funds. Agency funds are purely custodial (assets equal liabilities) and thus do not involve measurement of results of operations.

#### Agency Fund

**Deposits Fund** - Accounts for deposits held by the City from contractors, developers and individuals to ensure compliance with City ordinances. These monies net of inspection charges are returned when the work is properly completed.

#### Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Members of the City Council North Olmsted, Ohio

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of North Olmsted (the "City"), as of and for the year ended December 31, 2005, which collectively comprise the City's basic financial statements and have issued our report thereon dated June 15, 2006, wherein we noted the City adopted *Government Accounting Standards Board Statement No.* 40 and 42. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Internal Control over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.
