**NOTES TO THE SCHEDULE OF FEDERAL AWARDS EXPENDITURES
FOR THE YEAR ENDED DECEMBER 31, 2005**

- (A) The accompanying schedule of expenditures of federal awards includes the federal grant activity of Geauga County and is presented on the cash basis of accounting. The information in this schedule is presented in accordance with the requirements of *OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*, therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the basic financial statements.
- (B) Community Development receives the monies directly from HUD through drawdowns.
- (C) Geauga Community Action Council, Inc. receives the grant monies, and Job and Family Services is the subrecipient from them.
- (D) Geauga County administers a loan program with funds provided by the U.S. Department of Housing and Urban Development, through the Ohio Department of Development, under the Community Development Block Grant Program, (CFDA #14.228). The purpose of the loan program is to provide loans to various businesses to assist in expansion or modernization of equipment. As of December 31, 2005, the total amount of loans outstanding was \$3,153,509.

Auditor of State Betty Montgomery

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Geauga County
470 Center Street, Building 4
Chardon, Ohio 44024

To the Board of County Commissioners:

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Geauga County, Ohio, (the County) as of and for the year ended December 31, 2005, which collectively comprise the County's basic financial statements and have issued our report thereon dated June 16, 2006, wherein we reported the County restated the Debt Service Fund balance as of December 31, 2004. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting to determine our auditing procedures in order to express our opinion on the financial statements and not to opine on the internal control over financial reporting. Our consideration of the internal control would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts material to the financial statements we audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider material weaknesses. In a separate letter to the County's management dated June 16, 2006, we reported other matters involving internal control over financial reporting we did not deem reportable conditions.

Compliance and Other Matters

As part of reasonably assuring whether the County's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Auditor of State Betty Montgomery

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Geauga County
470 Center Street, Building 4
Chardon, Ohio 44024

To the Board of County Commissioners:

Compliance

We have audited the compliance of Geauga County, Ohio, (the County) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement that apply to each of its major federal programs for the year ended December 31, 2005. The summary of auditor's results section of the accompanying schedule of findings identifies the County's major federal programs. The County's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the types of compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County's compliance with those requirements.

In our opinion, Geauga County complied, in all material respects, with the requirements referred to above that apply to each of its major federal programs for the year ended December 31, 2005.

Internal Control Over Compliance

The County's management is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could directly and materially affect a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Federal Awards Expenditures Schedule

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of Geauga County as of and for the year ended December 31, 2005, and have issued our report thereon dated June 16, 2006, wherein we reported the County restated the Debt Service Fund balance as of December 31, 2004. Our audit was performed to form opinions on the financial statements that collectively comprise the County's basic financial statements taken as a whole. The accompanying federal awards expenditures schedule provides additional information as required by OMB Circular A-133 and is not a required part of the basic financial statements. We subjected this information to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

We intend this report solely for the information and use of the audit committee, management, the Board of Commissioners, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

Betty Montgomery
Auditor of State

Geauga County Auditor

June 16, 2006

To the Citizens of Geauga County
and to The Board of County Commissioners:
the Honorable Craig Albert,
the Honorable Mary Samide, and
the Honorable William Young:

As Geauga County Auditor, I am pleased to present Geauga County's Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 2005. This report conforms to generally accepted accounting principles (GAAP) and provides full and complete disclosure of the financial position and operations of the County.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the County, and specifically, the County Auditor's Office. To the best of my knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly and completely the financial position and results of the County's financial activities.

The CAFR is presented in three sections: the Introductory Section, the Financial Section and the Statistical Section. The Introductory Section includes this transmittal letter, a list of elected officials, the County's organization chart, an organization chart of the Auditor's Office, and a copy of the GFOA Certificate of Achievement. The Financial Section includes the Independent Accountants' Report, Management's Discussion and Analysis, the Basic Financial Statements and Notes that provide an overview of the County's financial position and operating results, required supplemental information, the combining statements for nonmajor funds and other schedules that provide detailed information relative to the Basic Financial Statements. The Statistical Section presents various tables reflecting social and economic information, financial trends, and fiscal capacity of the County.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. Geauga County's MD&A can be found immediately following the independent accountants' report.

Reporting Entity

Geauga County (the "County") was first organized by the General Assembly on March 1, 1806, as the second county in the Western Reserve. The name "Geauga," meaning "raccoon," is derived from the Native American language of the area. In 1789, three Connecticut families founded the first settlement in

Courthouse Annex, 231 Main Street, Suite 1A, Chardon, OH 44024-1293

Web site: <http://www.co.geauga.oh.us/departments/auditor> Email: auditor@co.geauga.oh.us

Proudly serving the residents of Geauga County

Geauga County at present-day Burton. A one-room log building was first erected in Chardon in 1808 to serve as a temporary courthouse and county seat. The first permanent courthouse was built on the southwest corner of Chardon's Public Square in 1813 at a cost of \$600. In March 1840, the residents of Painesville petitioned the General Assembly to designate Painesville as the county seat rather than Chardon, creating the present-day split between Geauga and Lake Counties. The present courthouse was built in 1869 at a cost of \$88,862.

Because of the hills and heavy forest throughout the County, early settlers took up the dairy business. At one time, nearly 60 creameries were in operation. Middlefield is now the center of the County's cheese-making industry, while other areas of the County currently produce rubber, electrical machinery, cabinetry, metals and a variety of other products. Charles Martin Hall, born in Thompson Township, was the inventor of processed aluminum that contributed to the industrial growth of the County. Geauga County is the home of the oldest County Fair in Ohio and is a leader in the production of maple products.

The County has only those powers conferred upon it by Ohio statutes. A three-member board of County Commissioners is elected at large in even-numbered years for overlapping four-year terms. The Commissioners serve as the taxing authority, the contracting body, and the chief administrators of public services for the County. The Board of Commissioners creates and adopts the annual operating budget and makes the annual appropriation measure for expenditures of all County funds. In addition to the Board of Commissioners, the offices of County Auditor and County Treasurer, grouped under the category of general government, are of particular importance to the financial affairs of the County.

The County Auditor is elected to a four-year term and has as one of his most important functions, the task of assessing real property for tax purposes. Under state law, a complete reappraisal must be conducted every six years as well as a triennial update between reappraisals. Following collection by the County Treasurer, the County Auditor is responsible for distributing certain taxes to various government units. The County Auditor is also the chief fiscal officer of the County, and no County contract or obligation may be made without his certification that funds for that contract or obligation have been lawfully appropriated and are available for payment or are in the process of collection. In addition, no account may be paid except by the County Auditor's warrant drawn upon the County Treasury. The County Auditor is responsible for the County's payroll and has other statutory accounting responsibilities. The County Auditor is also in charge of the County's bond retirement fund. By state law, the County Auditor is secretary of the County Board of Revision and the County Budget Commission, and the administrator and supervisor of the County Data Processing Board.

The County Treasurer, serving a four-year term, is required by state law to collect certain locally assessed taxes. The Treasurer is also responsible for investing all idle County funds as specified by Ohio law. He is the distributing agent for expenditures authorized by the Board upon the Auditor's warrant. The County Treasurer must make daily reports showing receipts, payments and balances to the County Auditor, and the books of account must always balance with those of the County Auditor. The County Treasurer is a member of the County Board of Revision. In addition, the County Treasurer, the County Auditor and the Prosecuting Attorney form the County Budget Commission which plays an important part in the financial administration of County government as well as in all local governments throughout the County. Other elected officials are the Clerk of Courts, the Recorder, the Sheriff, the Engineer, three Common Pleas Court Judges, and the County Coroner.

The County provides its citizens with a wide range of services that include human and social services, health and community assistance services, civil and criminal justice system services, road and bridge maintenance, and other general and administrative support services. The County also operates enterprise funds, which include water, waste water and storm water systems.

For financial reporting purposes, the County includes all funds, agencies, boards and commissions making up Geauga County (the Primary Government) and its Component Unit in accordance with the Governmental Accounting Standards Board (GASB) Statement No. 14 "The Financial Reporting Entity." The Primary Government includes the financial activities of the Children's Services Board, the County Board of Mental Retardation and Developmental Disabilities, and the Geauga County Board of Mental Health and Recovery Services.

The County serves as fiscal agent but is not financially accountable for the Geauga County Combined Health District and the Geauga County Soil and Water Conservation District, whose activities are included in this report as agency funds.

Metzenbaum Sheltered Industries Workshop, a non-profit organization, has been included as a discretely presented component unit, based on the significant services and resources provided by the County.

Excluded from the reporting entity because they are legally separate and fiscally independent of the County are the Geauga County Educational Service Center, the Geauga County Historical Society, the Geauga County Law Library, the Geauga Hospital, the Senior Citizens Center, the Geauga County Agricultural Society, the Geauga County Humane Society, and Geauga Community Action, Inc.

The Emergency Management Agency, the Geauga/Trumbull Solid Waste District, and the Portage-Geauga Juvenile Detention and Rehabilitation Center are governmental joint ventures and the County Risk Sharing Authority, Inc., (CORSA) and the County Commissioners Association of Ohio Workers' Compensation Group Rating Plan are public entity risk pools in which the County participates. The County serves as fiscal agent for the Geauga/Trumbull Solid Waste District, the Emergency Management Agency, and the Family First Council; therefore, they are reflected as agency funds within this report.

The Geauga County Public Library and the Geauga County Park District are related organizations of the County. The Northeast Ohio Areawide Coordinating Agency, the Geauga County Regional Airport Authority, the North East Ohio Network, the Family First Council, and the Geauga, Ashtabula, Portage Partnership Incorporated are jointly governed organizations of the County.

A complete discussion of the County's reporting entity is provided in Notes 1, 11, 12, 13 and 14.

Economic Condition and Outlook

Gauga County is a predominantly rural Northeastern Ohio County, located due south of Lake County and directly east of Cuyahoga County and the City of Cleveland. The County is comprised of sixteen townships, four villages and one city covering an area of approximately 404 square miles. The County is served by four U.S. highways extending 86 miles in the County and twelve state highways extending 186.5 miles in the County. Freight carriers provide the major mode of transporting goods. Because of the County's strategic location, a number of large freight carriers have facilities located here. The nearest commercial airport is Cleveland-Hopkins International Airport located approximately forty-five miles west of the City of Chardon. The County Airport, in Middlefield, and the Cuyahoga County Airport, located within five miles of the County limits, provide additional transportation facilities.

According to the U.S. Census Bureau, Geauga County's population is estimated at 95,218 for 2005, which represents a 17.4 percent increase from the 1990 census figure of 81,129. The 2005 unemployment rate for the County was 4.7 percent, while the State and National averages were 5.9 percent and 5.1 percent respectively. The County's unemployment rate continues to rank Geauga County within the twenty-five lowest in the State of Ohio.

Public education in the County is conducted primarily by seven school districts. Five of these districts operate a joint vocational facility, which offers students a chance to learn auto mechanics, information processing, cosmetology, agricultural management, and health occupations along with their typical junior and senior year studies. A number of private and parochial schools are located within or nearby the County. Residents of the County also have access to a wide range of higher educational facilities. A branch of Kent State University in the Village of Burton provides a two-year course of study. Within commuting distance are several public and private two-year and four-year colleges and universities, including the main campus of Kent State University, Hiram College, Notre Dame College, John Carroll University, Lake Erie College, Case Western Reserve University, Cleveland State University, Lakeland Community College, Ursuline College and the University of Akron.

The County is experiencing continuous planned growth. In 2005, the County Building Regulation Department issued a total of 1,773 building permits with an estimated value upon completion of \$183,762,769. Of this total, 360 permits were residential with an estimated value upon completion of \$118,428,616, and 1,413 were all other classes of property with an estimated value upon completion of \$65,334,153.

The County supports industrial expansion of local businesses and offers a revolving loan fund to assist new or growing businesses with low interest loans for expansion or additional capital. In 2005, \$850,000 was loaned to four companies, retaining nineteen jobs and creating thirty four additional jobs.

Major Initiatives

The Department of Community Development, through a Formula Grant, created an Economic Analysis plan, completed the renovation of the Kiwanis Lake Community Center in Newbury Township, paved the driveway and parking lot and installed an ADA ramp at Pleasant Hill County Home in Claridon Township, paved ADA parking spaces and installed two ADA restrooms at Adam Hall in Auburn Township, installed ADA upgrades to 3 homes owned by Maple Leaf Community Residences located throughout the county and occupied by disabled residents.

The Community and Economic Development office was approved to become a HUD credit counseling center and provided, free of charge, counseling to thirty eight low to moderate income Geauga County residents. Through a Community Housing Improvement Program Grant, two families received down payment assistance to purchase their first home as well as rehabilitation assistance to make necessary repairs. In addition, through the infrastructure loan program, five families received interest free ten year loans to upgrade their septic systems.

In 2005, the Office of the Geauga County Engineer completed the improvements on approximately twenty four miles of roadway. Five bridges were replaced. The total cost for the work performed in 2005 totaled approximately \$4.7 million. The County was able to utilize about \$1.7 million of State and Federal aid to accomplish these road and bridge improvements.

Major reconstruction was completed on sections of Leggett Road. Portions of Leggett and Chardon Windsor roads, the last remaining gravel roads maintained by Geauga County, were paved with asphalt. Asphalt resurfacing projects were completed for parts of Auburn Road, Thompson Road, Kirtland Road, Butternut Road, Bass Lake Road, Gingerich Road, Clay Street and Mulberry Road. County Forces completed bridge replacement work on Farmington Road, Sidley Road and Taylor May Road. Contractors completed replacement projects on Wisner Road and Caves Road.

Planning continues on the Parkman Sewer project, reaching the bidding stage in December 2005. Design for the transformation of wastewater treatment plants disinfection systems from chlorine to ultraviolet

continues. This is considered an environmentally safer method. Also, design continues for a second source of water for the customers in Canyon Lakes

Department Focus

The Geauga County Department on Aging (GDA) provides Geauga County residents age 60 and older with information, programs, and services to improve their quality of life. The department is responsible for delivering, planning, and coordinating services and resources for seniors that include, but are not limited to: transportation, meals, adult day care, health programs, information and referral, socialization and education, telephone reassurance and visiting, newsletters, volunteer placement, and chore services. The GDA also serves as an advocate for older persons and conducts special programs and public hearings to collect, evaluate and distribute information relative to senior needs.

Among the programs offered by GDA are five senior centers located in Chardon Township, Chagrin Falls Park, Middlefield Village, Thompson Township, and West Geauga. Each site offers educational programs and social activities of interest to seniors living in the local area. The senior centers offer on-site meals and currently offer services including legal services, home maintenance, transportation assistance, day care for adults with Alzheimer's or dementia-related disorders, telephone reassurance and friendly visitors for the isolated senior, home delivered meals, and volunteer placement. Up-to-date information on programs, services and issues of importance to seniors can be found in the GDA's monthly publication, the Geauga Senior News. The Senior News is mailed to seniors in over 6,500 households. The GDA is structured to adapt to the changing needs of the elderly in Geauga County.

Financial Information

Basis of Accounting

The County's accounting system is organized on a "fund" basis. Each fund or account group is a distinct self-balancing accounting entity. The County's day-to-day accounting and budgetary records are maintained on a basis other than generally accepted accounting principles (GAAP). For financial reporting purposes, the records are converted to the modified and full accrual basis for all applicable funds. On modified accrual basis, revenues are recognized when measurable and available, and expenditures are recognized when goods and services are received. On the accrual basis, revenues are recognized when measurable and earned; expenses are recognized when incurred.

The basis of accounting and presentation of the various funds used by Geauga County are fully described in Note 2 to the basic financial statements. Additional budgetary information can be found in Note 4.

Internal Controls

In developing the County's accounting system, much consideration was given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding (1) the safeguarding of assets against loss from unauthorized use or disposition, and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance is based on the assumption that the cost of internal accounting controls should not exceed the benefits expected to be derived from their implementation. The County utilizes a fully automated accounting system as well as automated systems for control of fixed assets and payroll. These systems, along with the manual auditing of each voucher prior to payment by the accounting department of the Auditor's Office, ensure that the financial information generated is both accurate and reliable.

Budgetary Control

The Board of County Commissioners adopts an annual appropriation measure for the County at the end of December for the coming year. This appropriation is sometimes called a temporary appropriation. Usually by mid-February, but no later than April 1, an annual appropriation is approved which takes into consideration the balances left from the prior year as well as any revisions in revenue estimates for the year. All disbursements and transfers of cash between funds require appropriation authority. Budgets are controlled at the object level within a department and fund. Purchase orders are approved by the department heads and, in many cases, by the Commissioners for departments under their control and are encumbered prior to their release to vendors. Those purchase orders that exceed the available appropriations are rejected until additional appropriations are secured. A computerized certification system allows the Auditor's Office to ascertain the status of a department's appropriation prior to authorizing additional purchases from a particular account.

Financial Condition

This is the fourth year the County has prepared financial statements following GASB Statement 34, "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments." GASB 34 created new basic financial statements for reporting on the County's financial activities as follows:

Government wide financial statements These statements are prepared on an accrual basis of accounting which is similar to the basis of accounting followed by businesses. The government wide statements distinguish between those activities of the County that are governmental and those that are considered business type activities.

Fund financial statements These statements present information for individual major funds rather than by fund type. Nonmajor funds are presented in total in one column. Governmental funds use the modified accrual basis of accounting and include a reconciliation to the governmental activities accrual information presented in the government wide financial statements. Proprietary and fiduciary funds use the accrual basis of accounting.

Statement of budgetary comparisons These statements present comparisons of actual information to the legally adopted budget. The budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances.

As part of this new reporting model, management is responsible for preparing Management's Discussion and Analysis of the County. This discussion follows the Independent Accountants' Report, providing an assessment of the County's finances for 2005. Because that discussion focuses on major funds, other nonmajor funds are discussed briefly in this letter.

Financial Highlights – Fiduciary Fund

Fiduciary funds account for assets held by Geauga County as an agent for individuals, private organizations, and/or other governmental units. The fiduciary funds the County maintains are agency funds. At year end the assets totaled \$176,557,123. The County uses agency funds to receive and distribute taxes and state levied revenues for all local governments within the County. Also included in the agency funds are the District Board of Health, Families and Children First Council, Geauga County Park District, Emergency Management, Soil and Water, and Geauga/Trumbull Solid Waste District.

Cash Management

During the year ended December 31, 2005, the County's cash resources were divided into bank deposits and short-term investments.

The County Treasurer, custodian of all County monies, is responsible for investing all idle funds and for directing the investment policies of the County as determined by the County's Investment Advisory Committee. The County pools its cash for maximum investment efficiency and simplified accountability. Among the County's many investments, Geauga County participates in the State Treasurer's Investment Pool of Ohio (STAR Ohio). This statewide investment pool was established in January 1986 for governmental entities in Ohio and is administrated by the Treasurer of State. In addition to STAR Ohio, the Treasurer invests in U.S. Government Securities and securities issued by U.S. Government Agencies. Interest income is allocated to the General Fund and to other qualifying funds as prescribed by Ohio law.

Risk Management

In 1990, the County began purchasing insurance from CORSA (County Risk Sharing Authority, Inc.) for all of its insurance coverage, including general liability insurance. To the extent any losses are not covered by insurance, the County has the ability to issue general obligation bonds to pay such costs.

The County carries elected officials' liability insurance and law enforcement liability insurance. The County also maintains property insurance coverage. In addition, the County maintains Workers' Compensation for all employees by paying premiums to the State of Ohio.

Independent Audit

Included in this report is an unqualified audit opinion rendered on the County's financial statements as of December 31, 2005, by our independent auditor, Betty Montgomery, Auditor of State. In addition to meeting the requirements set forth in State statutes, the audit was also designed to meet the requirements of the Single Audit Act Amendments of 1996. County management plans to continue to subject financial statements to an annual independent audit as part of the preparation of a CAFR. An annual audit also serves to maintain and strengthen the County's accounting and budgetary controls.

Awards

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Geauga County for its Comprehensive Annual Financial Report for the year ended December 31, 2004. This was the sixteenth year Geauga County received the prestigious award which is the highest form of recognition in the area of state and local government financial reporting. The County is proud to have earned the award in its sixteenth successive submittal to the program.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report that conforms to program standards. The report must also conform to generally accepted accounting principles (GAAP) and satisfy all applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are again submitting it to the GFOA to determine its eligibility for the award.

The publication of this CAFR displays Geauga County's ability to provide significantly enhanced financial information and accountability to the citizens of Geauga County, its elected officials, County management, and investors.

Acknowledgments

The preparation and publication of this report would not have been possible without the cooperation of every County department and agency. I want to express my appreciation to the Geauga County Board of Commissioners for their support for this endeavor from its inception. The guidance given by Local Government Services of the Auditor of State's Office was also most helpful and appreciated. I would also like to thank all of the elected officials, department heads and their staffs for their assistance and cooperation on this project.

The Geauga County Auditor's office has worked to maintain a level of professionalism and sound financial reporting which have as their cornerstone the preparation and publication of this report. The report increases public confidence in its elected officials and accountability of the governmental unit as a whole. The report also provides a fair representation of the financial condition of the County as of and for the year ended December 31, 2005. We ask for your continuing support of this project in the future and in our efforts to best serve the Citizens of Geauga County.

Planning, coordinating, compiling and completing this report have been the responsibilities of Chief Deputy Auditor, Beth McCaffrey. I gratefully acknowledge her dedication and professionalism as well as those of the other members of the County Auditor's staff including Ron Leyde, Susan Kotapish, Jeff Nokes, and Bob Kolcum, our resident artist.

Sincerely,

A handwritten signature in black ink, appearing to read "Tracy A. Jemison". The signature is fluid and cursive, with a long horizontal stroke at the end.

INDEPENDENT ACCOUNTANTS' REPORT

Geauga County
470 Center Street, Building 4
Chardon, Ohio 44024

To the Board of County Commissioners:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Geauga County, Ohio, (the County) as of and for the year ended December 31, 2005, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

As described more fully in Note 3 to the accompanying financial statements, the County restated the Debt Service Fund balance as of December 31, 2004.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Geauga County, Ohio, as of December 31, 2005, and the respective changes in financial position and where applicable, cash flows, thereof and the respective budgetary comparisons for the General, Mental Retardation, and Mental Health funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 16, 2006, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis and Condition Assessments of the County's Infrastructure are not a required part of the basic financial statements but are supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to opine on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual nonmajor fund statements and schedules and statistical tables provides additional information and are not a required part of the basic financial statements. We subjected the combining and individual nonmajor fund statements and schedules to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the introductory section and statistical tables to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Betty Montgomery
Auditor of State

June 16, 2006

Geauga County, Ohio

*Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited*

The management discussion and analysis of Geauga County's financial performance provides an overall review of the County's financial activities for the year ended December 31, 2005. The intent of this management discussion and analysis is to look at the County's financial performance as a whole; readers should also review the transmittal letter, the basic financial statements and the notes to the basic financial statements to enhance their understanding of the County's financial performance.

Financial Highlights

Key financial highlights for 2005 are as follows:

In total, net assets increased \$7,922,362. Net assets of governmental activities increased \$13,871,207 which represents a 8.5 percent increase from 2004. Net assets of business-type activities decreased \$5,948,845 or 30.53 percent from 2004.

General revenues accounted for \$43,805,089 in revenue or 50.6 percent of all revenues. Program specific revenues in the form of charges for services, grants and contributions accounted for \$42,829,406 or 49.4 percent of all revenues of \$86,634,495.

Total assets of governmental activities increased by \$18,920,137 and capital assets increased by \$14,920,951.

The County had \$65,672,212 in expenses related to governmental activities; only \$37,610,608 of these expenses were offset by program specific charges for services, grants or contributions. General revenues of \$41,983,291 were adequate to provide for these programs.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Geauga County as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *Statement of Net Assets* and *Statement of Activities* provide information about the activities of the County as a whole, presenting both an aggregate view of the County's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the County's most significant funds with all other nonmajor funds presented in total in one column. In the case of Geauga County, the general fund is by far the most significant fund.

Reporting the County as a whole

Statement of Net Assets and the Statement of Activities

While this document contains information about the funds used by the County to provide services to our citizens, the view of the County as a whole looks at all financial transactions and asks the question, "How did we do financially during 2005." The Statement of Net Assets and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by the private sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when the cash is received or paid.

These two statements report the County's net assets and the change in those assets. This change in net assets is important because it tells the reader whether, for the County as a whole, the financial position of the County has improved or diminished. However, in evaluating the overall position of the County, nonfinancial information such as changes in the County's tax base and the condition of County's capital assets will also need to be evaluated.

In the Statement of Net Assets and the Statement of Activities, the County is divided into three kinds of activities:

- **Governmental Activities** – Most of the County's services are reported here including public safety and social services programs, administration, and all departments with the exception of our Water and Sewer funds.
- **Business-Type Activities** – These services have a charge based upon the amount of usage. The County charges fees to recoup the cost of drainage facilities associated with Storm Water and for the entire operation of our Water Resources and Water District as well as all capital expenses associated with these facilities.
- **Component Unit** – The County includes financial data of the Metzenbaum Sheltered Workshop (the "Workshop"). Metzenbaum Sheltered Workshop is a legally separate, non-profit organization served by a self-appointed board of trustees. The Workshop, under a contractual agreement with the Geauga County Board of Mental Retardation, provides a comprehensive program of services, including employment for mentally retarded and developmentally disabled citizens. The component unit is separate and may buy, sell, lease and mortgage property in their own name and can sue or be sued in their own name.

Reporting on the County's Most Significant Funds

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of

Geauga County, Ohio

*Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited*

the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Fund financial reports provide detailed information about the County's major funds. The County uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the County's most significant funds. The County's major governmental funds are the General, Mental Retardation, Mental Health, Debt Service, and Construction funds.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is more narrow than that of the government-wide financial statements, it is useful to compare the information presented for the governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains a multitude of individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures and changes in fund balances for the major funds, which were identified earlier. Data from the governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report. The governmental fund financial statements can be found on pages 18-21 of this report.

Proprietary Funds: Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The proprietary fund financial statements can be found on pages 25-28 of this report.

Fiduciary Funds: Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that of the proprietary funds. The fiduciary fund financial statement can be found on page 29 of this report.

Notes to the Financial Statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 30-65 of this report.

Other Information: In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information required by Governmental Accounting Standards Board Statement No. 34 relating to disclosure about infrastructure reported using the modified approach.

The required supplementary information discussing the condition of the County's infrastructure can be found on pages 67 and 68. The combining and individual fund statements and schedules are presented immediately following the required supplemental information on infrastructure. These statements can be found on pages 69-184 of this report.

Government-wide Financial Analysis

The following table provides a summary of the County's net assets for 2005 compared to 2004:

Geauga County, Ohio

*Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited*

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the County, assets exceeded liabilities by \$190,450,136 (\$176,914,476 in governmental activities and \$13,535,660 in business type activities) as of December 31, 2005.

A large portion of the County's net assets (76.1 percent) reflect its investment in capital assets (e.g., land, building, infrastructure and machinery and equipment), less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

An additional portion of the County's net assets, \$30,116,336 (15.81 percent), represent resources that are subject to external restriction on how they may be used. The remaining balance, \$15,487,061 (8.0 percent), of unrestricted net assets may be used to meet the County's ongoing obligations to citizens and creditors.

As of December 31, 2005, the County is able to report positive balances in all three categories of net assets, both for the County as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior year.

Total assets increased \$18,338,338. Property taxes receivable increased by \$1,695,493 due to new residential and commercial construction. Capital assets increased by \$14,043,055 due to additions to infrastructure, building improvements and the addition of the new county jail during 2005.

Table 2 shows the changes in net assets for the year ended December 31, 2005:

Human Services accounts for \$27,625,810 of expenses out of \$65,672,212 total expenses for governmental activities, or 42 percent of that total. Public Works accounts for \$5,763,430, or 8.8 percent of expenses.

Geauga County, Ohio

*Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited*

Of the \$65,672,212 in governmental activities expenses, \$7,103,990 was covered by direct charges to users of the services. A significant portion of those charges are for fees charged for real estate transfers, for the collection of property taxes throughout the County, for title fees and for court fees. Public Safety services charges for services include things like fees for boarding prisoners and special details. Health includes charges for services provided to clients of the Mental Retardation Board. Child Support Enforcement Agency, Transportation Administration, and Aging fees are the largest components of the charges for human services.

Additional revenues provided by the State and Federal governments included \$25,693,478 for operations, \$4,813,140 for capital improvements or acquisitions and \$3,196,774 that was not restricted to a particular program or purpose. As the Statement of Activities shows, the majority of the intergovernmental revenues are grants and subsidies to provide health, public works and human services.

Financial Analysis of the Government's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the County's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$19,508,008. \$13,504,141 of this total amount constitutes unreserved fund balance, which is available for appropriation at the government's discretion within certain legal constraints and purpose restrictions. The remainder of fund balance is reserved to indicate that it is not available for new spending. While the bulk of the governmental fund balances are not reserved in the governmental fund statement, they lead to restricted net assets on the Statement of Net Assets due to their being restricted for use for a particular purpose mandated by the source of the resources such as the State or Federal government or the tax levy.

The general fund is the chief operating fund of the County. At the end of the current fiscal year, unreserved fund balance of the general fund was \$5,806,133, while the total fund balance reached \$6,170,007. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents approximately 32.3 percent of total general fund expenditures, while total fund balance represents 34.32 percent of that same amount.

The fund balance of the County's General Fund increased by \$1,870,021 during the current fiscal year. The primary factor for this increase is the increase of property taxes, sales taxes and interest revenue.

The Mental Retardation Fund balance increased by \$2,047,458 during the current fiscal year. This is primarily because of the passage of a replacement levy approved in 2004 for 2005 collection. The passage of the replacement essentially eliminated the House Bill 920 reduction, increasing the revenues.

Geauga County, Ohio

*Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited*

This fund transferred out \$825,166 to help fund projects in the M.R. Residential Services Fund and the MRDD Donation Fund.

The Mental Health Fund balance increased by \$663,645. This is due to an increase in intergovernmental revenues.

The Debt Service Fund balance decreased by \$8,314 due to payments made on outstanding debt.

The Construction Fund balance decreased by \$5,840,368 due to construction associated with the new County Jail.

General Fund Budgeting Highlights

Budgeting is prescribed by the Ohio Revised Code. Essentially the budget is the County's appropriations which are restricted by the amounts of anticipated revenues certified by the Budget Commission in accordance with the Revised Code. In 2005, the budget commission processed two adjustments to estimated revenues with a net increase in certified revenues of \$2,782,362. Actual revenues received were \$254,676 higher than certification. Additionally, the commissioners approved 13 resolutions adjusting appropriations which increased by \$447,772. Actual expenditures were \$1,015,551 less than appropriations. The original certificate of estimated resources was passed on August 19, 2004 based on the tax budget adopted by the commissioners on July 18, 2004 with a total certified amount of \$22,483,826, excluding carryover balance. The first permanent appropriations were passed on December 21, 2004, with a total of \$19,969,904.

The County's investment in capital assets for its governmental and business type activities as of December 31, 2005, amount to \$169,814,562 (net of accumulated depreciation). This investment in capital assets includes land, buildings and systems, improvements, equipment and machinery, roads, highways, and bridges.

Major capital asset events attributing to the increase include \$518,182 in bridge construction and \$4,124,214 in road construction. The new county jail was placed into service with a total asset cost of \$13,903,753.

Roadways in the County are currently maintained on a eleven year rotation for improvement or major repair. However, this life can be extended or decreased based on the amount and type of traffic and the degree of maintenance, such as crack filling.

The Geauga County Engineer has implemented a five-year program for road repairs and improvements. This plan changes continually based upon conditional inspections and budget allowances. Factors considered when evaluating a roadway include time since the last surface maintenance, current pavement condition (cracking, alligating, etc.) from visual observation, traffic volume, and traffic type. A numerical rating ranging from 0 to 9 is assigned to sections of roadways as a result of the yearly visual observations, with 0 being the lowest ranking and 9 being the highest. It is the practice of the Geauga County Engineer to maintain at least eighty percent of the mileage of the county highway system at an appraisal rating of 5 or more. The most recent assessment found that 98 percent of the County roads have a numerical rating of 5 or higher.

An up to date inventory of all bridges is maintained for all County owned bridges. Each bridge is evaluated annually based on the State Law and in accordance with Ohio Department of Transportation (ODOT) recommendations. Each bridge is given a ODOT sufficiency rating based upon bridge inspection rating factors. It is the practice of the County Engineer to maintain a bridge system in the County where 96 percent of the structures have a bridge appraisal rating of 5 or more.

Additional information on the County's capital assets can be found in Note 17 of this report.

	<u>\$4,443,962</u>	<u>\$5,093,656</u>	<u>\$14,662,823</u>	<u>\$9,303,393</u>	<u>\$19,106,785</u>	<u>\$14,397,049</u>

At the end of 2005, the County had long term obligations outstanding of \$19,106,785. Of this amount, \$15,717,823 comprises debt backed by the full faith and credit of the County and \$3,388,962 is special assessment debt for which the County is liable in the event of default by the property owner subject to the assessment.

Interest and fiscal charges amounted to .81 percent of the total expenses for governmental activities.

The County's governmental long-term obligations decreased by \$649,694 or 12.75 percent during 2005, and the County's Water and Sewer debt increased \$5,359,430 or 57.61 percent.

Additional information on the County's long-term debt can be found in Note 22 of this report.

Economic Factors and Next Year's Budgets and Rates

During 2005, unreserved fund balance in the general fund increased by \$3,804,281 to \$5,806,133. The primary cause for this increase was due to the increase in sales tax revenue. For 2005, the Budget Commission was able to issue a revenue certificate for the General Fund of \$25,266,188.

The real property revenues of the general fund are derived entirely from inside millage (unvoted millage). In 2005, the County received 2.5 mills of the maximum 2.5 of inside millage. 2.2 mills were allocated to the general fund and .3 mills were allocated to the debt service fund. The revenue structure of the general fund is balanced so that the operations of the County are not overly dependent on any specific revenue source. This diversified revenue stream has provided an equitable means of generating revenue necessary for the operations of the offices administered by elected officials.

Geauga County, Ohio

*Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited*

The unemployment rate for the county is currently 4.7 percent, which increased from 4.5 percent a year ago. The State average was 5.9 percent and the Federal rate was 5.1 percent.

Geauga County's economy has been resilient in contrast to other counties in the State of Ohio. The key factor is the industrial growth the County experienced over the past two decades as well as the rural atmosphere that has attracted many residents from the greater Cleveland area to relocate in the County while still commuting to the Cleveland area for employment.

Requests for Information

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Tracy A. Jemison, Geauga County Auditor, 231 Main Street, Suite 1A, Chardon, Ohio 44024, (440) 279-1608, or email at auditor@co.geauga.oh.us, or visit the County Web Site:

*Notes to the Basic Financial Statements
December 31, 2005*

Note 1. Description of Geauga County and Reporting Entity

Geauga County, Ohio (the County) was created in 1806. The County is governed by a Board of three commissioners elected by the voters of the County. An elected County Auditor serves as chief fiscal officer. In addition, there are seven other elected administrative officials. These officials are: Clerk of Courts, Treasurer, Prosecuting Attorney, Coroner, Engineer, Sheriff, and Recorder. There are also two elected Common Pleas Court Judges and one elected County Probate/Juvenile Court Judge. Although these elected officials manage the internal operations of their respective departments, the County Commissioners serve as the budget and taxing authority, contracting body, and the chief administrators of public services for the County, including each of these departments.

The County's major operations include human and social services, certain health care and community assistance services, a civil and criminal justice system, road and bridge maintenance and general administrative services. In addition, the County operates a water and sewer system.

Reporting Entity

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the County. For Geauga County, this includes the Children's Services Board, the Board of Mental Retardation and Developmental Disabilities (MRDD), the Board of Mental Health and Recovery Services and all departments and activities that are directly operated by the elected County officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organization; or (2) the County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of or provide financial support to, the organization; or the County is obligated for the debt of the organization. Component units also include organizations that are fiscally dependent on the County in that the County approves the budget, the issuance of debt, or the levying of taxes.

The component unit column in the financial statements identifies the financial data of the County's discretely presented component unit, Metzenbaum Sheltered Industries Workshop. It is reported separately to emphasize that it is legally separate from the County.

Metzenbaum Sheltered Industries Workshop (the Workshop) - Metzenbaum Sheltered Workshop is a legally separate, non-profit organization served by a self-appointing board of trustees. The Workshop, under a contractual agreement with the Geauga County Board of Mental Retardation, provides a comprehensive program of services, including employment for mentally retarded and developmentally disabled citizens. The Geauga County Board of MRDD provides the Workshop with resources and personnel for the operation of the Workshop including staff salaries and benefits and certain supplies and advertising. Based on the significant services and resources provided by the County to the Workshop and the Workshop's sole purpose of providing assistance to the mentally retarded and handicapped adults of Geauga County, the Workshop is reflected as a component unit of Geauga County. Metzenbaum Sheltered Industries operates on a fiscal year ending December 31. Separately issued financial statements can be obtained from the Metzenbaum Sheltered Industries Workshop, 8202 Cedar Road, Chesterland, Ohio, 44026.

Geauga County, Ohio

Notes to the Basic Financial Statements December 31, 2005

The County participates in the following joint ventures, public entity risk pools, related organizations and jointly governed organizations. These organizations are presented in Notes 11, 12, 13 and 14 to the Basic Financial Statements and are excluded from the accompanying financial statements.

Emergency Management Agency
Geauga/Trumbull Solid Waste District
Portage - Geauga Juvenile Detention and Rehabilitation Center
County Risk Sharing Authority
County Commissioners Association of Ohio Workers' Compensation Group Rating Plan
Geauga County Public Library
Geauga County Park District
Northeast Ohio Areawide Coordinating Agency
Geauga County Regional Airport Authority
North East Ohio Network
Family First Council
Geauga, Ashtabula, and Portage Partnership Incorporated

As the custodian of public funds, the County Treasurer invests all public moneys held on deposit in the County Treasury. In the case of the legally separate agencies, boards and commissions listed below, the County serves as fiscal agent, but the organizations are not considered a part of Geauga County. Accordingly the activity of the following districts and agencies are presented as agency funds within the County's financial statements:

Geauga County Combined Health District - The five member Board of Health which oversees the operation of the Health District is elected by a District Advisory Council comprised of Township Trustees and Mayors of participating municipalities. The Board adopts its own budget, hires and fires its own staff, and operates autonomously from the County.

Geauga County Soil and Water Conservation District - The Soil and Water Conservation District is created by statute as a separate and distinct political subdivision of the State. The five supervisors of the Soil and Water Conservation District are elected officials authorized to contract and sue on behalf of the District. The supervisors control their own operations and budget and do not rely on the County to finance deficits.

Information in the following notes to the basic financial statements is applicable to the primary government. When information is provided relative to the Workshop, it is specifically identified.

Note 2. Summary of Significant Accounting Policies

The financial statements of Geauga County have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The County also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its governmental and business-type activities and to its enterprise funds unless those pronouncements conflict with or contradict GASB pronouncements. The County has elected not to apply FASB statements and interpretations issued after November 30, 1989, to its business-type activities and enterprise funds. The more significant of the County's accounting policies are described below.

Geauga County, Ohio

Notes to the Basic Financial Statements December 31, 2005

A. Basis of Presentation

The County's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements The statement of net assets and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

The Workshop uses a business-type fund to report financial position and the results of its operations.

The statement of net assets presents the financial condition of the governmental and business-type activities of the County at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities of the County. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. The policy of the County is to not allocate indirect expenses to functions in the statement of activities. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County.

Fund Financial Statements During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

B. Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary, and fiduciary.

Governmental Fund Types Governmental funds are those through which most governmental functions are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the County's major governmental funds:

General The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

Geauga County, Ohio

Notes to the Basic Financial Statements December 31, 2005

Mental Retardation The Mental Retardation fund accounts for the operations of a school and the costs of administering a workshop for the mentally retarded and developmentally disabled. Revenue sources are a County-wide property tax levy and Federal and State grants.

Mental Health The Mental Health fund accounts for monies used pay the cost of contracts with local mental health agencies that provide services to the public at large. Revenue sources are a County-wide property tax levy and Federal and State grants.

Debt Service Fund The Debt Service fund is used to account for the accumulation of financial resources for, and the payment of, general long term debt principal, interest, and related costs.

Construction Fund The Construction fund is used to account for note proceeds, grants, and transfers used to purchase or construct County buildings.

The other governmental funds of the County account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position and cash flows. The following is the County's proprietary fund type:

Enterprise Funds Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following are the County's major enterprise funds:

Water Resources The Water Resources fund is used to account for sanitary sewer services provided to individuals and commercial users in the majority of the unincorporated areas of Geauga County. The cost of providing these services is financed primarily through user charges. This sewer district has its own facilities and rate schedule.

Water District The Water District fund is used to account for water services provided to individuals and commercial users in the majority of the unincorporated areas of Geauga County. The cost of providing these services is financed primarily through user charges. This water district has its own facilities and rate schedule.

Storm Water The Storm Water fund is used to account for transfers for the construction and operation of drainage facilities.

Fiduciary Fund Types Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the County under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the County's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The County's fiduciary funds are agency funds. Agency funds are used to account for assets held by the County as an agent for individuals, private organizations and/or other governments.

C. Measurement Focus

Government-wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the

Geauga County, Ohio

Notes to the Basic Financial Statements *December 31, 2005*

County are included on the Statement of Net Assets. The Statement of Activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net assets.

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities, generally, are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of fund net assets. The statement of changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

The Workshop uses an enterprise fund to report its financial position and the results of its operations. This fund uses the economic resources measurement focus and the accrual basis of accounting.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the County, available means expected to be received within thirty one days of year-end. Nonexchange transactions, in which the County receives value without directly giving equal value in return, include sales taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from sales taxes is recognized in the period in which the sale occurred. Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 7). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: sales tax (see Note 9), interest, federal and state grants and subsidies, state-levied locally shared taxes (including motor vehicle license fees and gasoline taxes), fees and rentals.

Geauga County, Ohio

Notes to the Basic Financial Statements December 31, 2005

Deferred Revenue Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Property taxes for which there is an enforceable legal claim as of December 31, 2005, but which were levied to finance year 2006 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue. On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

The Workshop allocates its expenses on a functional basis among its various programs and support services. Expenses and support services that can be identified with a specific program are allocated directly according to their natural expenditure classification. Other expenses that are common to several programs are allocated based on estimates established by the Workshop.

E. Cash and Cash Equivalents

To improve cash management, cash received by the County is pooled in a central bank account. Monies for all funds, including proprietary funds, are maintained in this account or are temporarily used to purchase short term investments. Individual fund integrity is maintained through the County's records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents."

During 2005, investments were limited to STAROhio, Federal Home Loan Bank Notes, Federal Home Loan Mortgage Corporation Notes, Federal National Mortgage Association Notes, and Commercial Paper.

Investments are reported at fair value which is based on quoted market prices.

STAROhio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price which is the price the investment could be sold for on December 31, 2005.

Investment procedures are restricted by the provisions of the Ohio Revised Code. Interest revenue credited to the general fund during 2005 amounted to \$1,020,991 which includes \$792,274 assigned from other County funds.

Investments with an original maturity of three months or less at the time of purchase and investments of the cash management pool are presented on the financial statements as cash equivalents.

The County utilizes a financial institution to service bonded debt as principal and interest payments come due. The balance in this account is presented as "Cash and Cash Equivalents with Fiscal Agent". The County has segregated bank accounts for monies held separate from the County's investment pool. These interest bearing depository accounts are presented as "Cash and Cash Equivalents in Segregated Accounts" since they are not required to be deposited into the County treasury. The Workshop's money is presented as "Equity in Pooled Cash and Cash Equivalents"(See Note 6).

Geauga County, Ohio

Notes to the Basic Financial Statements December 31, 2005

F. Inventories

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used.

G. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2005 are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and the expenditure/expense is reported in the year in which the services are consumed.

H. Capital Assets

General capital assets are capital assets which are associated with and generally arise from governmental activities. They generally result from expenditures in the governmental funds. General capital assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported in the business-type activities column.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The County was able to estimate the historical cost for the initial reporting of infrastructure by backtrending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). Donated capital assets are recorded at their fair market values as of the date received. The County maintains a capitalization threshold of five thousand dollars with the exception of land as land is listed regardless of cost. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of proprietary fund capital assets is also capitalized.

All capital assets are depreciated except for land and infrastructure reported on the modified approach. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	
Buildings (including waste water and water treatment plants)	40 years
Improvements other than buildings	40 years
Waste water and water mains	40 years
Equipment	5-20 years
Vehicles	5 years

The County's infrastructure consists of roads and bridges including assets constructed or acquired prior to December 31, 1980. County roads and bridges (infrastructure reported in the Governmental-type activities column of the statement of net assets) are presented using the modified approach and therefore these assets are not depreciated. In addition, expenditures made by the County to preserve existing roads or bridges are expensed rather than capitalized. Only expenditures for additions or improvements are capitalized.

Geauga County, Ohio

Notes to the Basic Financial Statements December 31, 2005

Additional disclosures about the condition assessments and maintenance cost regarding the County's roads and bridges appear in the Required Supplementary Information.

I. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the County will compensate the employees for the benefits through paid time off or some other means.

Sick leave benefits are accrued as a liability using the termination method. An accrual for earned sick leave is made to the extent that it is probable that benefits will result in termination payments. The liability is an estimate based on the County's past experience of making termination payments.

J. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported in the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds and long-term loans are recognized as a liability in the fund financial statements when due.

K. Reserves of Fund Equity and Designations

The County reserves those portions of fund balance which are legally segregated for specific future use or which do not represent expendable resources and therefore are not available for appropriations for expenditures. Fund equity reserves have been established for encumbrances and loans (community development block grant moneys loaned to local businesses).

L. Interfund Balances

On the fund financial statements, outstanding interfund loans and unpaid amounts for interfund services are reported as "interfund receivables/payables". Interfund loans which do not represent available expendable resources are offset by a fund balance reserve account. Interfund balance amounts are eliminated in the statement of net assets, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

M. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Geauga County, Ohio

Notes to the Basic Financial Statements *December 31, 2005*

N. Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

O. Budgetary Process

All funds, except agency funds are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the County may appropriate. The appropriations resolution is the Commissioner's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Commissioners. The legal level of control is at the object level. Any budgetary modifications at this level may only be made by resolution of the County Commissioners.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue that are identified by the Auditor. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources in place when final appropriations were passed by the Commissioners.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Commissioners during the year.

P. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The majority of net assets restricted for other purposes include the operation of Title Department, Care and Custody, 911 Program, and Motor Vehicle License grants.

The County applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. The government wide statement of net assets report \$30,116,336 of restricted net assets of which \$5,309,557 is restricted by enabling legislation.

Geauga County, Ohio

*Notes to the Basic Financial Statements
December 31, 2005*

Q. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for county sewer and county water. Operating expenses are necessary costs that have been incurred in order to provide the good or service that is the primary activity of the fund. Any revenues and expenses not meeting the definitions of operating are reported as nonoperating.

R. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the County Administration and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during 2005.

Note 3. Changes in Accounting Principles and Restated Fund Balances and Net Assets

A. Changes in Accounting Principles

For 2005, The County has implemented GASB Statement No. 40, "Deposit and Investment Risk Disclosures" and GASB Statement No. 42, "Accounting and Financial Reporting for Impairment of Capital Assets for Insurance Recoveries."

GASB Statement No. 40 establishes new disclosure requirements for risks associated with deposits and investments.

GASB Statement No. 42 establishes accounting and financial reporting standards for impairment of capital assets and clarifies and establishes accounting requirements for insurance recoveries.

The implementation of GASB No. 42 did not affect the presentation of the financial statements of the county.

B. Restated Fund Balance/Net Assets

The fund balance in the debt service fund was overstated by \$204,000 as of December 31, 2004 due to a reclassification of notes payable and accrued interest payable. The fund balance decreased from \$1,261,379 to \$1,057,379.

At December 31, 2005 it was determined that capital assets in governmental activities were overstated by \$141,378 due to the failure to remove assets that had been disposed of in 2004. Net Assets for governmental activities decreased from \$163,184,647 to \$163,043,269. Capital assets in business-type activities were understated by \$25,842, which increased the net assets of business-type activities at December 31, 2004 from \$19,458,663 to \$19,484,505. These adjustments had the following effects on governmental and business type activities as of December 31, 2004:

Geauga County, Ohio

Notes to the Basic Financial Statements December 31, 2005

	Governmental Activities	Business-Type Activities			Total Business-Type	Total
		Water Resources	Water District	Storm Water		
Net Assets, December 31, 2004	\$163,184,647	\$16,183,047	\$3,267,630	\$7,986	\$19,458,663	\$182,643,310
Capital Assets	(141,378)	25,842	0	0	25,842	(115,536)
Restated Net Assets, December 31, 2004	<u>\$163,043,269</u>	<u>\$16,208,889</u>	<u>\$3,267,630</u>	<u>\$7,986</u>	<u>\$19,484,505</u>	<u>\$182,527,774</u>

Note 4. Budgetary Basis of Accounting

While the County's reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statements of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual are presented in the basic financial statements for the General Fund and Major Special Revenue Funds. The major differences between the budget basis and the GAAP basis are:

1. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
2. Expenditures/expenses are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
3. Outstanding year end encumbrances are treated as expenditures (budget) rather than as a reservation of fund balance for governmental fund types (GAAP).

Adjustments necessary to convert the results of operations at the end of the year on the Budget basis to the GAAP basis are as follows:

	Net Change in Fund Balance General and Major Special Revenue Funds		
	General	Mental Retardation	Mental Health
GAAP Basis	\$1,870,021	\$2,047,458	\$663,645
Net Adjustment of			
Revenue Accruals	6,551	87,735	44,756
Beginning Fair Value Adjustments for Investments	(5,232)	0	0
Ending Fair Value Adjustments for Investments	(163,284)	0	0
Advances In	275,674	0	0
Net Adjustment for			
Expenditure Accruals	400,671	294,648	252,080
Advance Out	(48,592)	0	0
Encumbrances	(493,549)	(265,940)	(486,701)
Budget Basis	<u>\$1,842,260</u>	<u>\$2,163,901</u>	<u>\$473,780</u>

Geauga County, Ohio

Notes to the Basic Financial Statements December 31, 2005

Note 5. Fund Deficits

The following funds had the following deficit fund balances as of December 31, 2005:

	<u>Deficit Fund Balance</u>
Capital Projects Fund	
Construction	\$8,505,862
Non-Major Fund	
Community Development Administration	106,384

The deficit in the Construction Capital Projects Fund resulted from the issuance of bond anticipation notes. Once the notes are retired or the bonds are issued, the deficit will be eliminated.

The deficit in the Community Development Administration Fund arose due to the recognition of accrued liabilities. The General Fund provides transfers to cover deficit balances; however this is done when cash is needed rather than when accruals occur.

The following funds had total original appropriations in excess of original estimated resources plus carryover balances in violation of Section 5705.39, Ohio Revised Code. These have been corrected as of year end.

	<u>Estimated Resources Plus Carryover Balances</u>	<u>Appropriations</u>	<u>Excess</u>
Construction	(\$1,171,000)	\$1,864,895	(\$3,035,895)
Community Development Block Grant	1,502,130	1,586,104	(83,974)

Note 6. Deposits and Investments

State statutes classify monies held by the County into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the County has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Geauga County, Ohio

Notes to the Basic Financial Statements December 31, 2005

Interim monies held by the County can be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to payment of principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in securities listed above;
4. Bonds and other obligations of the State of Ohio or Ohio local governments;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations;
7. The State Treasurer's investment pool (STAROhio) and;
8. Commercial paper and bankers acceptances if training requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Investments may only be made through specified dealers and institutions.

Deposits

Custodial credit risk for deposits is the risk that in the event of bank failure, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year-end, the carrying amount of the County's deposits was \$7,813,301 and the bank balance was \$7,290,401. Of the bank balance \$344,228 was covered by federal depository insurance. The remaining \$6,946,173 was exposed to custodial credit risk because it was uninsured and uncollateralized. Although the securities were held by the pledging financial institutions' trust department in the County's name and all State statutory requirements for the deposit of money had been followed, non-compliance with federal requirements could potentially subject the County to a successful claim by the FDIC.

Geauga County, Ohio

Notes to the Basic Financial Statements December 31, 2005

Investments

Investments are reported at fair value. As of December 31, 2005, the County had the following investments:

Investment Type	Fair Value	Investment Maturities (in Years)			Total
		Less than 1	1-2	2-3	
Federal Home Loan Bank Notes	\$15,876,685	\$4,929,662	\$5,956,817	\$4,990,206	\$15,876,685
Federal Home Loan Mortgage Corporation Notes	13,868,820	7,925,424	3,963,795	1,979,601	13,868,820
Federal National Mortgage Association Notes	4,955,211	4,955,211	0	0	4,955,211
Commercial Paper	2,994,400	2,994,400	0	0	2,994,400
STAROhio	3,108,843	3,108,843	0	0	3,108,843
Total Investments	\$40,803,959	\$23,913,540	\$9,920,612	\$6,969,807	\$40,803,959

Interest Rate Risk As a means of limiting its exposure to fair value losses caused by rising interest rates, the County's investment policy requires that operating funds be invested primarily in short-term investments maturing within five years from the date of purchase and that the County's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments. The stated intent of the policy is to avoid the need to sell securities prior to maturity.

Credit Risk. The Federal National Mortgage Association Notes, Federal Home Loan Mortgage Corporation Notes and Federal Home Loan Bank Notes carry a rating of AAA by Moody's. The commercial paper carries a rating of P-1 by Moody's and A-1+ by Standard and Poors. STAROhio carries a rating of AAAM by Standard and Poor's. Ohio law requires that STAROhio maintain the highest rating provided by at least one nationally recognized standard rating service. Investments in commercial paper are limited to notes rated at the time of purchase to the highest classification established by two nationally recognized standard rating services. The County has no investment policy that would further limit its investment choices.

Custodial Credit Risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Commercial Paper, Federal National Mortgage Association Notes, Federal Home Loan Mortgage Corporation Notes, and the Federal Home Loan Bank Notes are exposed to custodial credit risk in that they are uninsured, unregistered, and held by the counterparty's trust department or agent. The County has no investment policy dealing with investment custodial risk beyond the requirement in state statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the treasurer or qualified trustee.

Concentration of Credit Risk The County follows State statute that limits investments in commercial paper and bankers' acceptances to 25 percent of the monies available for investment at any one time.

The County's major investment holdings at year end are as follows:

Federal Home Loan Bank Notes	38.91%
Federal Home Loan Mortgage Corporation Notes	33.99
Federal National Mortgage Association Notes	12.14
Commercial Paper	7.34
STAROhio	7.62
Total	100.00%

Geauga County, Ohio

Notes to the Basic Financial Statements December 31, 2005

Component Unit

At year-end, the carrying amount of the component unit's deposits was \$13,574 and the bank balance was \$22,719.48. The entire balance was covered by federal depository insurance.

Note 7. Property Taxes

Property taxes include amounts levied against all real, public utility, and tangible personal property located in the County. Property tax revenue received during 2005 for real and public utility property taxes represents collections of 2004 taxes. Property tax payments received during 2005 for tangible personal property (other than public utility property) is for 2005 taxes.

2005 real property taxes are levied after October 1, 2005 on the assessed value as of January 1, 2005, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2005 real property taxes are collected in and intended to finance 2006.

Public utility tangible personal property currently is assessed at varying percentages of true value. Public utility real property is assessed at 35 percent of true value. 2005 public utility property taxes became a lien December 31, 2004, are levied after October 1, 2005, and are collected in 2006 with real property taxes.

2005 tangible personal property taxes are levied after October 1, 2004, on the value as of December 31, 2004. Collections are made in 2005. Tangible personal property assessments are 18.75 percent of true value for capital assets and 18.75 percent of true value for inventory.

The full tax rate for all County operations for the year ended December 31, 2005, was \$11.20 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2005 property tax receipts were based are as follows:

Real Property	\$ 2,504,162,800
Public Utility Personal Property	76,114,040
Tangible Personal Property	<u>153,857,100</u>
Total Assessed Value	<u>\$ 2,734,133,940</u>

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statutes permits later payment dates to be established.

Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable at September 20.

Geauga County, Ohio

Notes to the Basic Financial Statements December 31, 2005

The County Treasurer collects property tax on behalf of all taxing districts within the County. The County Auditor periodically remits to the taxing districts their portions of the taxes collected. Collections of the taxes and remittance of them to the taxing districts are accounted for in various agency funds of the County. Property taxes receivable represent real and tangible personal property taxes, public utility taxes and outstanding delinquencies which are measurable as of December 31, 2005 and for which there is an enforceable legal claim. In the governmental funds, the entire receivable has been offset by deferred revenue since current taxes were not levied to finance 2005 operations and the collection of delinquent taxes during the available period is not subject to reasonable estimation. On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and a revenue while on the modified accrual basis the revenue is deferred.

Note 8. Receivables

Receivables at December 31, 2005, consisted of taxes, accounts (billings for user charged services, including unbilled utility services), special assessments, accrued interest, loans (community development block grant monies loaned to local businesses) and intergovernmental receivables arising from grants and entitlements. All receivables are considered fully collectible, including accounts receivable which, if delinquent may be certified and collected as a special assessment, subject to foreclosure for nonpayment.

Special assessments expected to be collected in more than one year amount to \$2,972,322 in the special assessment bond retirement fund. The amount of delinquent special assessments outstanding at year-end is \$367,217.

A summary of the principal items of intergovernmental receivables follows:

Geauga County, Ohio

Notes to the Basic Financial Statements
December 31, 2005

<i>Governmental Activities</i>	Amount
General Fund	
Local Government and Revenue Assistance	\$869,547

Geauga County, Ohio

*Notes to the Basic Financial Statements
December 31, 2005*

Note 9. Permissive Sales and Use Tax

At the November 1989 general election, a renewal of the one-half percent tax imposed by Commissioners resolution in 1987 on all retail sales made in the County was approved by the voters of the County, with an indefinite time period. Effective February 1, 2004, the sales tax rate was increased by ½ percent. ¼ percent of the increase is permanent to fund the general fund and projects as needed. An additional ¼ percent was added to expire in 5 years to fund operations of the 911 system and make capital improvements to the 800 MHZ radio system. Sales and use tax revenue is credited to the General Fund.

Note 10. Federal Food Stamp Program

The County's Department of Job and Family Services distributes, through contracting issuance centers, federal food stamps to entitled recipients within Geauga County. The receipt and issuance of these stamps have the characteristics of federal "grants"; however, Job & Family Services merely acts in an intermediary capacity. Therefore, the inventory value of these stamps is not reflected in the accompanying financial statements as the only economic interest related to these stamps rests with the ultimate recipient. A supply of paper food stamps is kept on hand at Job and Family Services in case of an emergency with the automated system. The federal food stamp activity for the year ending December 31, 2005 is as follows:

Balance at beginning of year	\$3,000
Amount distributed to entitled recipients	<u>(196)</u>
Balance at end of year	<u><u>\$2,804</u></u>

Note 11. Joint Ventures

A. Emergency Management Agency

The Emergency Management Agency (the "Agency") is a joint venture among the County, sixteen townships located within the County and four villages and one city located wholly within the County to provide early warnings of impending violent weather conditions and rescue assistance after the storms hit the area. The five members of the advisory council are appointed as follows: one County Commissioner, one Township Trustee appointed by all Trustees, the City of Chardon Mayor, one Mayor appointed by all other villages or their appointed designee, and one member appointed by the other four members. The degree of control exercised by any participating government is limited to its representation on the Board. The Agency does not have any outstanding debt. The continued existence of the Agency is dependent upon the County's continued participation; however, the County does not have an equity interest in the Agency. The Agency is not accumulating significant financial resources or experiencing fiscal stress which would cause additional financial benefit to or burden on the County. In 2005, the County contributed \$9,998 which represents two percent of total contributions. Complete financial statements can be obtained from the Emergency Management Agency, Geauga County, Ohio.

Geauga County, Ohio

*Notes to the Basic Financial Statements
December 31, 2005*

B. Geauga/Trumbull Solid Waste District

The Geauga/Trumbull Solid Waste District (the "District") is a governmental joint venture between Geauga and Trumbull Counties providing services to dispose of industrial waste. The board of directors consists of six members, the three County Commissioners of each of the member counties. The degree of control exercised by any participating County is limited to its representation on the Board. The District does not have any outstanding debt. The continued existence of the District is dependent upon the County's continued participation; however, the County does not have an equity interest in the District. The District is not accumulating significant financial resources or experiencing fiscal stress that would cause additional financial benefit to or burden on the County. Due to sufficient revenues from the haulers, it was determined that additional contributions were not needed to operate in 2005. Complete financial statements can be obtained from the Geauga/Trumbull Solid Waste District, Geauga County, Ohio.

C. Portage-Geauga Juvenile Detention and Rehabilitation Center

The Portage-Geauga Juvenile Detention and Rehabilitation Center (the "Center") is a joint venture between Portage and Geauga Counties. The degree of control exercised by either participating County is limited to its representation on the Board. A Joint Board of Trustees whose membership consists of four appointees of the Portage County Commissioners and three appointees of the Geauga County Commissioners controls the operation of the Center. The Center does not have any debt outstanding. The continued existence of the Center is dependent upon the County's continued participation; however, the County does not have an equity interest in the Center. The Center is not accumulating significant financial resources or experiencing fiscal stress that would cause additional financial benefit to or burden on the County. In 2005, the County contributed \$343,715 to the Center, which represents sixteen percent of total contributions. Complete financial statements can be obtained from the Portage-Geauga Juvenile Detention and Rehabilitation Center, Portage County, Ohio.

Note 12. Public Entity Risk Pools

A. County Risk Sharing Authority

The County Risk Sharing Authority, Inc. (CORSA) is a public entity risk sharing pool among forty-nine counties in Ohio. CORSA was formed as an Ohio nonprofit corporation for the purpose of establishing the CORSA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in coverage of losses and pay all contributions necessary for the specified insurance coverages provided by CORSA. These coverages include comprehensive general liability, automobile liability, certain property insurance, public officials liability and police professional insurance.

Each member County has one vote on all matters requiring a vote, to be cast by a designated representative. An elected board of not more than nine trustees manages the affairs of the Corporation. Only county commissioners of member counties are eligible to serve on the board. No county may have more than one representative on the board at any time. Each member county's control over the budgeting and financing of CORSA is limited to its voting authority and any representation it may have on the board of trustees. CORSA has issued certificates of participation in order to provide adequate cash reserves. The certificates are secured by the member counties' obligations to make coverage payments to CORSA. The participating counties have

Geauga County, Ohio

Notes to the Basic Financial Statements December 31, 2005

no responsibility for the payment of the certificates. The County does not have an equity interest in CORSA. The County's payment for insurance to CORSA in 2005 was \$280,593.

B. County Commissioners Association of Ohio Workers' Compensation Group Rating Plan

The County is participating in a group-rating plan for workers' compensation as established under Section 4123.29 of the Ohio Revised Code. The County Commissioners Association Service Corporation (CCAOSC) was established through the County Commissioners Association of Ohio (CCAO) as a group purchasing pool.

A group executive committee is responsible for calculating annual rate contributions and rebates, approving the selection of a third party administrator, reviewing and approving proposed third party fees, fees for risk management services and general management fees, determining ongoing eligibility of each participant and performing any other acts and functions which may be delegated to it by the participating employers. The group executive committee consists of seven members. Two members are the president and treasurer of CCAOSC; the remaining five members are representatives of the participants. These five members are elected for the ensuing year by the participants at a meeting held in the month of December of each year. No participant can have more than one member of the group executive committee in any year, and each elected member shall be a County Commissioner.

Note 13. Related Organizations

A. Geauga County Public Library

The County appoints the governing board of the Library, however, the County cannot influence the Library's operation nor does the Library represent a potential financial benefit or burden to the County. The County serves in a ministerial capacity as a taxing authority for the Library. Once the Library Board determines to present a levy to the voters, including the determination of its rate and duration, the County must place the levy on the ballot. The Library determines its own budget. The Library did not receive any funding from the County during 2005.

B. Geauga County Park District

The Probate Judge of the County appoints the three Park District Commissioners. The District hires and fires staff, and does not rely on the County to finance deficits. The County is not financially accountable for the District nor is the District financially dependent on the County. The District serves as its own taxing and debt issuance authority and is a related organization of the County. The District did not receive any funding from the County during 2005.

Note 14. Jointly Governed Organizations

A. Northeast Ohio Areawide Coordinating Agency

Northeast Ohio Areawide Coordinating Agency (NOACA) was created by the County Commissioners of Cuyahoga, Geauga, Lake, Lorain and Medina Counties and is responsible for transportation and environmental planning in the five county region. NOACA is controlled by 37 members including the three County Commissioners. The board exercises total control over the operation of the corporation including

Geauga County, Ohio

Notes to the Basic Financial Statements December 31, 2005

budgeting, appropriating, contracting and designating management. Each participant's degree of control is limited to its representation on the board. In 2005, the County contributed \$35,082, which represents .59 percent of total contributions.

B. Geauga County Regional Airport Authority

Geauga County Regional Airport Authority was established in 1992 to manage the day-to-day operations of the airport located in Middlefield Village. A joint board of trustees whose membership consists of seven members; three continuing appointments made by the County, three appointed by the Airport Authority Board of Trustees, and one appointed by Middlefield Village controls the operation of the airport. The board exercises total control over the operation of the airport including budgeting, appropriating, contracting and designating management. Each participant's degree of control is limited to its representation on the board. During 2005, the Airport received sufficient revenues and no additional funds were needed.

C. North East Ohio Network (N.E.O.N.)

N.E.O.N. is a council of governments formed to provide a regional effort in administering, managing and operating programs for certain individuals with developmental disabilities. Participating counties include Geauga, Columbiana, Lake, Mahoning, Medina, Portage, Stark and Trumbull Counties. N.E.O.N.'s operation is controlled by their board, which is comprised of the superintendent's of Mental Retardation and Developmental Disabilities of each participating county. N.E.O.N. adopts its own budget, authorized expenditures and hires and fires its own staff. During 2005, N.E.O.N. received sufficient revenues from state grant monies and no additional funds were needed from the participants.

D. Family First Council

The Family First Council (the "Council") provides services to multi-need youth in Geauga County. Members of the Council include the Board of Health, County Board of Education, Board of Mental Retardation and Developmental Disabilities, Juvenile Court, Board of Mental Health, Department of Human Services, the County Commissioners, the County Administrator, and the Bureau of Vocational Rehabilitation Administrator. The operation of the council is controlled by an advisory committee, which consists of a representative from each agency. Funding comes from each of the participants. In 2005, the County Commissioners contributed \$40,868, which represents 2.6 percent of total contributions.

E. Geauga, Ashtabula, and Portage Partnership Incorporated (GAPP)

GAPP provides for implementation of a local workforce investment system to comply with the Workforce Investment Act. The GAPP board consists of thirty three members, eleven from each participating County. The operation of the council is controlled by an advisory committee, which consists of a representative from each agency. Funding comes from each of the participants. GAPP, Inc., a private not-for-profit entity with a status as a 501©3 organization, functions as the fiscal agent. The Board of Trustees for GAPP, Inc., are appointed by the Board of County Commissioners of each county.

Geauga County, Ohio

*Notes to the Basic Financial Statements
December 31, 2005*

Note 15. Related Party Transactions

During 2005, Geauga County provided facilities, certain equipment, transportation and salaries for administration, implementation and supervision of its programs to Metzenbaum Sheltered Industries Workshop, a discretely presented component unit of Geauga County. Rehabilitative services provided directly to Workshop clients by the County amounted to \$1,712,809.

Note 16. Contingent Liabilities

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Based on prior experience, the County Commissioners believe such disallowances, if any, will be immaterial.

Note 17. Capital Assets

Capital asset activity for the year ended December 31, 2005, was as follows:

	Balance 12/31/04	Additions	Reductions	Balance 12/31/05
Government Activities:				
<i>Nondepreciable Capital Assets</i>				
Land	\$3,040,674	\$0	\$0	\$3,040,674

Total Governmental Activities	
Depreciation Expense	\$2,923,611

Geauga County, Ohio

Notes to the Basic Financial Statements
December 31, 2005

Note 18. Risk Management

A. Primary Government

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County contracted with CORSA (County Risk Sharing Authority, Inc.) for all property and general liability coverage including automobiles, equipment, public officials liability and police professional. The Hartford Insurance Company insures boilers and sewage treatment and well field equipment.

Property and general liability deductible equals \$2,500, for \$1,000,000 in coverage. Automobile liability has a \$1,000,000 combined single limit of liability. Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

For 2004, the County participated in the County Commissioners Association of Ohio Workers' Compensation Group Rating Plan (Plan), an insurance purchasing pool. (See Note 12) The Plan is intended to achieve lower workers' compensation rates while establishing safer working conditions and environments for the participants. The workers compensation experience of the participating counties is calculated as one experience and a common premium rate is applied to all participants in the Plan. Each participant pays its workers' compensation premium to the State based on the rate for the Plan rather than its individual rate. In order to allocate the savings derived by formation of the Plan, and to maximize the number of participants in the Plan, the Plan's executive committee annually calculates the total savings that accrued to the Plan through its formation. This savings is then compared to the overall savings percentage of the Plan. The Plan's executive committee then collects rate contributions from or pays rate equalization rebates to the various participants. Participation in the Plan is limited to counties that can meet the Plan's selection criteria. The firm of CompManagement, Inc. provides administrative, cost control and actuarial services to the Plan. Each year, the County pays an enrollment fee to the Plan to cover the costs of administering the program.

The County may withdraw from the Plan if written notice is provided sixty days prior to the prescribed application deadline of the Ohio Bureau of Workers' Compensation. However, the participant is not relieved of the obligation to pay any amounts owed to the Plan prior to withdrawal, and any participant leaving the Plan allows the representatives of the Plan to access loss experience for three years following the last year of participation.

B. Component Unit

The Workshop insurance coverage includes the following:

Insurance Company	Amount	Frequency	Deductible
Westfield Insurance Companies:			
Business Auto	\$1,000,000	each accident	n/a
Commercial Property	230,000		\$250
Commercial Inland Marine	30,000		250
Commercial Crime	5,000	each employee *	n/a
Nationwide Mutual Insurance Company:			
Comprehensive Liability	1,000,000	each occurrence	1,000
	5,000,000	aggregate	

* For three authorized employees to sign company checks.

Settled claims have not exceeded this commercial coverage in any of the past three years.

Geauga County, Ohio

Notes to the Basic Financial Statements December 31, 2005

For 2005, the Workshop participated in the Ohio Association of Adult Services' Worker's Compensation Group Rating Plan (Plan), an insurance purchasing pool. The Plan is intended to achieve lower worker's compensation rates while establishing safer working conditions and environments for the members. The Plan is managed by CompManagement, Inc., Dublin, Ohio.

Note 19. Employee Retirement Systems

A. Ohio Public Employees Retirement System (OPERS)

The County participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the member directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member directed plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the traditional and combined plans. Members of the member directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by writing to OPERS, 277 E. Town St., Columbus, OH 43215-4642 or by calling (614) 222-6705 or (800) 222-7377.

For the year ended December 31, 2005, the members of all three plans, except those in law enforcement or public safety participating in the traditional plan, were required to contribute 8.5 percent of their annual covered salaries. Members participating in the traditional plan who were in law enforcement contributed 10.1 percent of their annual covered salary; members in public safety contributed 9 percent. The employer contribution rate for pension benefits for 2005 was 9.55 percent, except for those plan members in law enforcement or public safety. For those classifications, the employer's pension contributions were 12.7 percent of covered payroll. The Ohio Revised Code provides statutory authority for member and employer contributions.

The County's required contributions for pension obligations to the traditional and combined plans for the years ended December 31, 2005, 2004, and 2003 were \$4,359,697, \$4,311,040, and \$3,979,349, respectively; 100 percent has been contributed for 2005, 2004 and 2003. Contributions to the member-directed plan for 2005 were \$74,204 made by the County and \$46,549 made by the plan members.

Geauga County, Ohio

Notes to the Basic Financial Statements December 31, 2005

B. State Teachers Retirement System (STRS)

The County participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371 or by calling (614) 227-4090.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or Combined Plan. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DB Plan into the DC Plan or the Combined Plan. This option expired on December 31, 2001. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the year ended December 31, 2005, plan members were required to contribute 10 percent of their annual covered salaries. The County was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The County's required contributions for pension obligations to the DB Plan for years ended December 31, 2005, 2004, and 2003 were \$209,143, \$218,293, and \$219,623 respectively; 100 percent has been contributed for fiscal year 2005, 2004 and 2003. Contributions to the DC and Combined Plans for fiscal year 2005 were \$1,927 made by the County and \$3,482 made by the plan members.

Geauga County, Ohio

*Notes to the Basic Financial Statements
December 31, 2005*

Note 20. Postemployment Benefits

A. Ohio Public Employees Retirement System (OPERS)

The Ohio Public Employees Retirement System (OPERS) provides postretirement health care coverage to age and service retirees with ten or more years of qualifying Ohio service credit with either the traditional or combined plans. Health care coverage for disability recipients and primary survivor recipients is available. Members of the member-directed plan do not qualify for postretirement health care coverage. The health care coverage provided by the retirement system is considered an Other Postemployment Benefit as described in *GASB Statement No. 12*. A portion of each employer's contribution to the traditional or combined plans is set aside for the funding of postretirement health care based on authority granted by State statute. The 2005 local government employer contribution rate was 13.55 percent of covered payroll (16.7 percent for public safety and law enforcement); 4.00 percent of covered payroll was the portion that was used to fund health care.

Benefits are advance-funded using the entry age normal actuarial cost method. Significant actuarial assumptions, based on OPERS's latest actuarial review performed as of December 31, 2004, include a rate of return on investments of 8.00 percent, an annual increase in active employee total payroll of 4.00 percent compounded annually (assuming no change in the number of active employees) and an additional increase in total payroll of between .50 percent and 6.3 percent based on additional annual pay increases. Health care premiums were assumed to increase between 1.0 and 6.0 percent annually for the next eight years and 4.00 percent annually after eight years.

All investments are carried at market. For actuarial valuation purposes, a smoothed market approach is used. Assets are adjusted to reflect 25 percent of unrealized market appreciation or depreciation on investment assets annually.

The number of active contributing participants in the traditional and combined plans was 376,109. Actual employer contributions for 2005 which were used to fund postemployment benefits were \$1,729,047. The actual contribution and the actuarially required contribution amounts are the same. OPERS's net assets available for payment of benefits at December 31, 2004, (the latest information available) were \$10.8 billion. The actuarially accrued liability and the unfunded actuarial accrued liability were \$29.5 billion and \$18.7 billion, respectively.

On September 9, 2004, the OPERS Retirement Board adopted a Health Care Preservation Plan (HCPP) with an effective date of January 1, 2007. The HCPP restructures OPERS' health care coverage to improve the financial solvency of the fund in response to increasing health care costs. Member and employer contribution rates increased as of January 1, 2006, which will allow additional funds to be allocated to the health care plan.

B. State Teachers Retirement System (STRS)

The County provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System (STRS Ohio). Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. Benefits are funded on a pay-as-you-go basis.

Geauga County, Ohio

Notes to the Basic Financial Statements December 31, 2005

All STRS benefit recipients and sponsored dependents are eligible for health care coverage. The STRS Ohio Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Most benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS Ohio funds is included in the employer contribution rate, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2004, the STRS Ohio Board allocated employer contributions equal to 1 percent of covered payroll to the Health Care Reserve Fund. For the County, this amount equaled \$14,939 for fiscal year 2005.

STRS Ohio pays health care benefits from the Health Care Reserve Fund. At June 30, 2004, the balance in the Fund was \$3.3 billion. For the year ended June 30, 2005, net health care costs paid by STRS Ohio were \$254,780,000 and STRS Ohio had 115,395 eligible benefit recipients.

Note 21. Other Employee Benefits

A. Compensated Absences

County employees earn vacation and sick leave at varying rates depending on length of service and department policy. All accumulated, unused vacation time is paid upon separation if the employee has at least one year of service with the County.

Twenty-five (25) percent of the accumulated, unused sick leave is paid, up to a maximum of 30 days, to employees who meet all necessary requirements to retire. For employees covered by the collected bargaining unit in the Sheriff's office, twenty-five (25) percent of the accumulated, unused sick leave is paid, up to a maximum of 90 days, to employees who meet all necessary requirements to retire.

Sick and vacation balances do not accumulate for the Workshop employees.

B. Health Care Benefits

Some County departments provide life and accidental death insurance to their employees through various life insurance companies. The County provides employee medical, and vision benefits through Medical Mutual of Ohio, and dental benefits through Delta Dental to all employees.

Geauga County, Ohio

Geauga County, Ohio

Notes to the Basic Financial Statements December 31, 2005

The Revenue Bond and the Enterprise Fund General Obligation Bonds will be paid from charges for services revenue in the Enterprise Funds. The OWDA and OPWC loans will be paid from charges for services revenue in the Enterprise funds.

General Obligation Bonds will be retired from the Debt Service Fund using tax monies. The Special Assessment Bonds will be paid from the proceeds of special assessments levied against benefited property owners. In the event that a property owner would fail to pay the assessment, the County would make payment.

Compensated absences are reported in the Compensated Absences Payable account and will be paid from the fund from which the employee is paid. These fund include the General Fund, and the Mental Retardation, Real Estate Assessment, Delinquent Tax, Community Development, Certificate of Title, CASA, Care and Custody, Court Technology, 911 Program, 800 Communications, Youth Center, Mental Health, Dog and Kennel, Children's Services, Child Support Enforcement, Transportation Administration, Aging, County Home, and Victim Witness Special Revenue Funds.

Bond anticipation notes that were rolled over prior to the issuance of the financial statements and have a new maturity beyond the end of the year in which the report is issued have been reported as long term obligations. These notes are for the construction of a new public library have an interest rate of 3.0 percent, mature on March 3, 2006 and will be paid from the debt service fund.

Principal and interest requirements to retire the County's long-term obligations outstanding at December 31, 2005 are as follows:

The County has entered into a contractual agreement for construction loans from the Ohio Water Development Authority (OWDA). Under the terms of this agreement, OWDA will reimburse, advance or directly pay the construction costs of the approved projects. OWDA will capitalize administrative costs and construction interest and then add them to the total amounts of the final loans. These loans will not have an accurate repayment schedule until the loans are finalized and, therefore, are not included in the schedule of future annual debt service requirements. The balance of these loans are as follows:

Auburn Corners	\$1,974,566
McFarland	<u>6,718,757</u>
Total	<u><u>\$8,693,323</u></u>

The Ohio Revised Code provides that the net general obligation debt of the County, exclusive of certain exempt debt, issued without a vote of the electors shall never exceed one percent of the total assessed valuation of the County. The Code further provides that the total voted and unvoted net debt of the County less the same exempt debt shall never exceed a sum equal to 3 percent of the first \$100,000,000 of the assessed valuation, plus 1 1/2 percent of such valuation in excess of \$100,000,000 and not in excess of \$300,000,000, plus 2 1/2 percent of such valuation in excess of \$300,000,000.

Geauga County, Ohio

Notes to the Basic Financial Statements December 31, 2005

The effects of the debt limitations described above at December 31, 2005, are an overall debt margin of \$56,248,864; and an unvoted debt margin of \$16,736,854.

The County has issued eight issues of industrial development revenue bonds in the aggregate outstanding principal amount of \$39,995,723 at December 31, 2005 for facilities used by private corporations or other entities. The County is not obligated in any way to pay debt charges on the bonds from any of its funds, and therefore they have been excluded entirely for the County's debt presentation. There has not been any condition of default under the bonds or the related financing documents.

Note 23. Short-Term Obligations

A summary of the note transactions for the year ended December 31, 2005, follows:

	Balance 12/31/04	Issued	Retired	Balance 12/31/05
Governmental Activities				
<i>Debt Service Fund:</i>				
Library Construction 3.00%	\$200,000	\$200,000	\$200,000	\$200,000
<i>Capital Projects Funds:</i>				
Human Services Improvements 3.38%	1,800,000	1,450,000	1,800,000	1,450,000
Jail Construction 1.80%	4,500,000	0	4,500,000	0
Jail Construction 3.0%	0	4,700,000	4,700,000	0
Jail Construction 4.0%	0	8,400,000	0	8,400,000
County Projects 1.80%	200,000	0	200,000	0
<i>Total</i>	<u>\$6,700,000</u>	<u>\$14,750,000</u>	<u>\$11,400,000</u>	<u>\$10,050,000</u>

The notes are backed by the full faith and credit of Geauga County and will mature within one year. The note liability is reflected in the fund that received the proceeds. Notes are generally issued in anticipation of long-term bond financing and are refinanced until such bonds are issued.

Geauga County, Ohio

Geauga County, Ohio

Notes to the Basic Financial Statements December 31, 2005

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them; to move unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations; to provide additional resources for current operations or debt service; reclassification of prior year distributed monies, to segregate money for anticipated capital projects; and to return money to the fund from which it was originally provided once a project is completed.

B. Interfund Balances

Interfund balances at December 31, 2005, consisted of the following amounts and represent charges for services or reimbursable expenses. These remaining balances resulted from the time lag between the dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting records, and (3) payments between funds are made. All are expected to be paid within one year.

Interfund Payable	Interfund Receivable			Total

Condition Assessments of the County's Infrastructure
Reported Under the Modified Approach
December 31, 2005

The County reports its roads and bridges infrastructure assets using the modified approach. The following disclosures pertain to the condition assessment and budgeted versus actual expenditure in 2005 for the preservation of these assets.

The Geauga County Engineer has implemented a five year program for road repairs and improvements. This plan changes continually based upon conditional inspections and budget allowances. Factors considered when evaluating a roadway include time since the last surface maintenance, current pavement condition from visual observation, traffic volume, and traffic type. A general overall numerical rating ranging from 0 to 9 is assigned to sections of roadways as a result of the yearly visual observations, with 0 being the lowest ranking and 9 being the highest. It is the practice of the Geauga County Engineer's office to maintain at least eighty percent (80%) of the mileage of the county highway system at an appraisal rating of 5 or more. The 2005, 2004, and 2003 assessments found that 99 percent, 98 percent, and 93 percent, respectively, of the County roads have a numerical rating of 5 or higher.

Each bridge is evaluated annually based on the State Law and in accordance with Ohio Department of Transportation (ODOT) recommendations. Each bridge is given an ODOT sufficiency rating and an overall appraisal rating based upon bridge inspection rating factors. It is the practice of the County Engineer to maintain a bridge system in the County where 95 percent of the structures have an overall bridge appraisal rating of 5 or more. The most recent assessment found that 97 percent of the County bridges have a numerical rating of 5 or higher.

The general overall ratings for roads and ODOT sufficiency ratings for bridges are as follows:

<u>Condition</u>	<u>Rating</u>
Failed	0
"Imminent" Failure	1
Critical	2
Serious	3
Poor	4
Fair	5
Satisfactory	6
Good	7
Very Good	8
Excellent	9

Geauga County, Ohio

Required Supplementary Information

Condition Assessments of the County's Infrastructure
Reported Under the Modified Approach
December 31, 2005

The following summarizes the overall ratings as of December 31, 2005, 2004 and 2003:

Condition Assessment	2005		2004		2003	
	Lane Miles	% of Lane Miles	Lane Miles	% of Lane Miles	Lane Miles	% of Lane Miles
Fair or Better	227.4	99%	224.1	98%	211.7	93%
Less than Fair	1.2	1%	4.5	2%	16	7%
	Number of Bridges	% of Bridges	Number of Bridges	% of Bridges	Number of Bridges	% of Bridges
Fair or Better	183	97%	185	98%	183	96%
Less than Fair	5	3%	3	2%	7	4%

The following is a comparison of the County Budgeted and Actual expenditures for preservation of existing roads and bridges:

Year	Budgeted Expenditures	Actual Expenditures	Difference
2005	\$10,255,500	\$9,725,320	\$530,180
2004	\$10,203,350	\$9,145,125	\$1,058,225
2003	\$10,751,119	\$9,610,630	\$1,140,489

Combining Statements – Nonmajor Governmental Funds

Nonmajor Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than amounts related to major capital projects) that are legally restricted to expenditure for specified purposes. Following is a description of the County's nonmajor special revenue funds:

Real Estate Assessment - To account for state mandated county-wide real estate reappraisals funded by charges to the political subdivisions located within the County.

Delinquent Tax Collector - To account for five percent of all certified delinquent real estate taxes and assessments used for collecting on delinquent accounts.

Community Development Administration - To account for federal grant revenue expended for administrative costs of the community development grant program.

County Recorder Micrographics -To account for revenue expended for microfilming county records.

Escrow Interest – To account for interest earned on real estate taxes held in escrow.

Bicentennial – To account for monies to fund the bicentennial celebration.

Help America Vote – To account for grant monies used to upgrade the County's voting machines.

Certificate of Title - To account for revenue derived from charges for services expended for subsidizing the operation of the Title department.

Court Appointed Special Advocacy (CASA) - To account for grant monies expended for the appointment of Special Court Advocates for juveniles.

Intensive Supervision - To account for grants from the Ohio Department of Correction for local probation programs.

Care and Custody - To account for state grant monies expended for the care of delinquent juveniles.

Volunteer Guardianship – To account for monies expended to recruit, train and provide volunteer guardians for indigent and non-indigent wards in Probate Court.

Court Technology - To account for monies expended to upgrade the Courts Computer systems.

Juvenile Recovery - To account for monies received from juveniles and adults for probation and other court services.

Juvenile Accountability - To account grant monies received from the Ohio Department of Youth Services.

Common Pleas Indigent Driver – To account for DUI fines used for educational programs.

911 Program - In 1993, the County residents voted to increase the sales tax one-quarter percent to provide a 911 emergency phone system for the County.

800 System Communication - Due to the County's close proximity to Cleveland Electric Illuminating Company's nuclear power plant, the County receives monies from CEI to fund an emergency preparedness program.

Youth Center – To account for the operation of the Youth Center, funded by state grants.

(Continued)

Combining Statements – Nonmajor Governmental Funds (continued)

Nonmajor Special Revenue Funds – Continued

DARE Grant - To account for grant monies received by the Sheriff's Department for drug-related education in the County schools.

Motor Vehicle License - To account for revenue derived from the motor vehicle license tax, gasoline taxes and interest revenue. Expenditures in this special revenue fund are restricted by state law to County road and bridge repair/improvement programs.

Ditch Maintenance - To account for special assessment revenue which will be used to provide irrigation ditches and maintain existing ditches within the County.

Dog and Kennel - To account for the dog warden's operations, financed by the sale of dog tags and fine collections.

Clean Water Act - To account for federal grants that have been expended to comply with the federal clean water act.

Children's Services Levy - To account for a County-wide property tax levy and state grants expended for the support and placement of children.

Mental Retardation Residential Services (M.R. Residential Services) - To account for the operation of residential services and supported living services of the mentally retarded and developmentally disabled funded primarily by the state.

Child Support Enforcement - To account for federal, state and local revenues used to administer the County Bureau of Support.

Transportation Administration - To account for a reimbursable state grant that is expended for administrative costs of the busing system in the County.

Aging - To account for federal grants expended for various programs assisting the senior citizens within the County.

County Home - To account for collection of fees from residents' families for the operations of the County home.

Medicaid Risk - To account for monies reserved for matching Medicaid monies.

Workforce Investment Act (WIA) – To account for monies received from the Workforce Development Fund.

MRDD Donation – To account for monies donated to support residents with mental retardation.

Public Assistance – To account for federal, state and local revenues used to provide public assistance to general relief recipients.

Revolving Loan - To account for initial loans made by the County to local businesses and the subsequent repayment of these loans.

Farmland Preservation – To account for local monies set aside for Farmland Preservation.

(Continued)

Combining Statements – Nonmajor Governmental Funds (continued)

Nonmajor Special Revenue Funds – Continued

Municipal Road Tax - To account for the portion of the \$5.00 permissive license tax that is retained by the County for road projects on major thoroughfares in the villages of the County.

Other Public Safety Funds - The following Special Revenue Funds operated by the County and subsidized in part by local, state and federal monies as well as miscellaneous sources were combined for reporting purposes due to the small amount of activity during the year:

Victim Witness
County Cop Education
Domestic Violence
Drug Law Enforcement
Prison Diversion
Commissary Fund
COPS More
Chardon Tower
Sheriff K-9 Unit
Law Enforcement Block Grant
Concealed Handgun

Indigent Guardianship
Drug Prosecution
Education and Enforcement
Juvenile Indigent Drivers
Violence Against Women Act
Victims of Crime Act
Victim Advocate
Juvenile Block Grant
Court Security
Pretrial Release
Criminal Investigation

Nonmajor Capital Projects Funds

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds). Following is a description of the County's nonmajor capital projects funds:

Computerization - To account for the fee monies received by the courts which are expended for computer equipment and updates to equipment used by the County court system.

Road and Bridge - To account for a voted tax levy that is expended for repair and reconstruction of County roads.

Permanent Improvement - To account for note proceeds and transfers expended for equipment or renovation of County buildings.

Water Construction - To account for the construction of water enterprise system assets being financed by special assessment debt.

Community Development Block Grant - To account for a federal grant that is expended on major construction projects.

HUD Housing – To account for recapture of HUD funds through CDBG HOME program.

Transportation Capital Grant - To account for the transportation grant monies which are expended for equipment and buildings used by the County transportation system.

Combining Statements – Fiduciary Funds

Agency Funds

Fiduciary funds are used to account for assets held by the County in a trustee capacity, or as an agent for individuals, private organizations, other governments, and/or other funds. The County's fiduciary funds are agency funds and are purely custodial (assets equal liabilities) and thus do not involve the measurement of results of operations.

District Board of Health - To account for the funds and subfunds of the Board of Health for which the County Auditor is the ex-officio fiscal agent as required under Section 3709.31, Revised Code.

Park Board - The County Auditor is the fiscal officer for this separate governmental agency. The fund accounts for a tax levy, royalties, and other revenue sources.

Family First Council - The County Auditor is the fiscal officer for the council which provides after school activities for multi-need juveniles.

Emergency Management Agency - To account for the fund controlled by Disaster Services, as established by Section 5915.07, Revised Code, for which the County Auditor is fiscal agent. Money is received from a federal grant to be used for maintaining an emergency management services department.

Soil and Water - To account for the funds and subfunds of the Soil and Water District, established under Chapter 1515, Revised Code, for which the County Auditor is the fiscal agent.

Geauga/Trumbull Solid Waste District - The County Auditor is the fiscal officer for this separate governmental district. Trumbull and Geauga Counties comprise the solid waste district.

Alimony and Child Support - To account for the collection of alimony and child support payments and the distribution of such monies to the court-designated recipients.

Building Standards Assessment - To account for the collection of a three percent fee on County inspections pursuant to section 3781.102 of the Revised Code.

Court Agency - To account for the following court activities not being reflected within the County's accounting system: 1. Clerk of Courts auto title fees, and legal (court related); 2. Probate court related receipts; 3. Juvenile court related receipts; and 4. County municipal court.

Emergency Planning - To account for funds used to implement a County-wide emergency plan for the handling of chemical or toxic material spills or fires, a state mandated program.

Hotel/Motel Excise Tax - To account for the collection of revenue from a three percent County imposed lodging tax. The revenue is received by the County who then disburses 99 percent to the Visitor's Bureau and one percent to the municipalities and townships not levying a hotel lodging tax.

Ohio Elections Commission - To account for monies which are collected whenever a levy or elected position is placed on the local ballot.

(Continued)

Combining Statements – Fiduciary Funds (Continued)

Payroll - To account for payroll taxes and other related payroll deductions accumulated from the governmental and proprietary funds for distribution to other governmental units and private organizations.

Sheriff's Civil - To account for the activities of the County sheriff's civil account.

Undivided Library and Local Government - To account for the collection of shared revenues from the State of Ohio that represent a portion of state income taxes which are returned to the County for use by district libraries and park districts.

Undivided Local Government - To account for the collection of shared revenues from the State of Ohio that represents a portion of state income taxes, state sales taxes, and corporate franchise taxes.

Undivided Tangible Tax - To account for the collection of tangible personal property taxes that are periodically apportioned to the subdivisions and to the County operating funds.

Undivided Real Estate - To account for the collection of real estate taxes and special assessments that are periodically apportioned to the subdivisions and to the County operating funds.

(1) Does not include General Health District or Park District levies, special districts that are not part of the County entity for reporting purposes.

(2) Does not include state reimbursements for homestead and rollback exemptions.

(3) This amount cannot be calculated based on other information in this statistical table because of retroactive additions and deletions which are brought on in one lump sum. Penalties and interest are included, since by Ohio Law they become part of the tax obligation.
