We have reviewed the *Independent Auditor's Report* of the Miami County Metropolitan Housing Authority, prepared by Lightner & Stickel, CPAs, Inc., for the audit period January 1, 2005 through December 31, 2005. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Miami County Metropolitan Housing Authority is responsible for compliance with these laws and regulations.

Independent Auditor's Report

To the Board of Commissioners
Miami Housing Authority
Troy, Ohio

We have audited the accompanying financial statements of the Miami Metropolitan Housing Authority, as listed in the Table of Contents, as of and for the year ended December 31, 2005. These financial statements are the responsibility of the Miami Housing Authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as in evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Miami Metropolitan Housing Authority as of December 31, 2005, and the results of its operations and cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America

In accordance with Government Auditing Standards, we have also issued a report dated June 16, 2006, on our consideration of the Miami Housing Authority's internal control over financial reporting and our tests of compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the basic financial statements of the Miami Housing Authority taken as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, the supplemental schedules combining: balance sheets, revenues, expenses and changes in equity and supplemental schedule on Actual Capital Fund Program incurred on projects closed and schedule of adjusting journal entries are also presented for the purpose of additional analysis and are not a required part of the basic financial statements. The aforementioned supplemental schedules and information are also the responsibility of management. Such supplemental schedules and information have been subjected to the auditing procedures applied in the audit of the basic consolidated financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic consolidated financial statements taken as a whole.

MIAMI METROPOLITAN HOUSING AUTHORITY
MANAGEMENT DISCUSSION & ANALYSIS
(MD&A)

Fiscal Year 2005

The “Management Discussion and Analysis (MD&A)” is required by GASB 34 and required to be part of the annual audit report. It’s purpose is to give an overview and summary of the financial statements, including issues of concern, as well as success. Fiscal Year 2005 is compared to Fiscal Year 2004.

The MD&A is not intended to replace and/or substitute for the financial report (audit report) or its details and notes. Please read it in connection with the audit report.

FINANCIAL HIGHLIGHTS

- The Housing Authority’s assets declined from \$5,365,811. in 2004 to \$5,059,008. in 2005 or by \$306,803. (5.7%), mostly due to increased expenses (utilities, administration, insurance and tenant services) and depreciation.
- Total revenues increased by \$13,972. (.27%) from \$5,115,933. in 2004 to \$5,129,905. in 2005.
- The unrestricted Public Housing assets (or old operating fund) is \$265,334. or 37% of Public Housing expenses. This is down from the previous year by \$130,199. due to using revenues to cover short falls in the federal grant.

FINANCIAL STATEMENTS OVERVIEW

The Authority is a special purpose government engaged in business -type activities. Consequently, the information in the audit report is presented in two formats: The Agency as a whole and the individual program as they make up the whole.

The Statement of Net Assets is similar to a balance sheet in private business and represents the Agency as a whole. “Restricted Net Assets” are those restricted by law or grant to a particular purpose or program. This is a “Net Asset” figure, i.e. debt and depreciation are subtracted from total assets. “Unrestricted Net Assets” are what’s left and generally represents monies free to be used in the programs.

The Authority-wide Statement of Revenue Expenses and Changes in Net Assets is similar to an Income/Expense Statement for the Agency as a whole. The focus of this report is changes that reflect increased gain or loss.

All reports are presented on an “accrual” basis. This means income and expenses are present when they are incurred, regardless of when cash is received or paid.

FINANCIAL FUND STATEMENTS

All programs of the Authority are reported as “proprietary funds.” A “fund” is a grouping of related accounts that have been segregated for specific activities or objectives. Generally, each program is reported as a “Fund”. All income and expenses are grouped around each specific program activity.

The Authority has three “funds” or “programs”:

1. Conventional Public Housing, which is housing owned by the Authority and rented to eligible families who pay 30% of their income as “rent”. HUD provides an operating subsidy to offset family contributions.
2. Housing Choice Voucher Program, which is a rental subsidy program in which private landlords are paid the difference between the rent and 30% of the eligible family’s income by the Authority.
3. Capital Fund Program, which is a program designed to maintain and modernize properties owned by the Authority.

The audit report reflects the activities within each program and ensure the financial reports of the Authority are fairly stated.

FINANCIAL STATEMENT ANALYSIS (CONDENSED)

NOTE:The Financial statements are condensed for emphasis.

Revenue/Expenses:

- Revenue increased slightly by .27% from 2004, primarily due to rental income which offset a slight decrease in grant income.
- Expenses decreased slightly overall from 2004 (\$21,451.) and maintenance (\$32,583.), but are significantly up in utilities.
- Net Assets decreased by \$306,803. (5.7%) from 2004 partly due to depreciation and partly due to increased expenses.

Capital Assets:

- Buildings appreciated in value by 2.6% due to the Capital Improvement Grants.
- Equipment depreciated in value by 44.6% due to normal depreciation and equipment disposal.

LONG TERM DEBT

There are no long-term debts as of 12/31/05. See Financial Report notes for depreciation.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS

The Housing Authority is primarily dependent on HUD and congressional appropriations for future funding of operations. This consists of three grants (Voucher Program, Public Housing Program and Capital Program). While costs rise each year, appropriations/grants tend to be decreasing, which has an adverse effect on the fiscal conditions of the Agency.

Miami Metropolitan Housing Authority
Notes to Financial Statements
Year Ended December 31, 2005

Note 1 – Description of Entity

The Miami Metropolitan Housing Authority (“MMHA” or the “Authority”) was created under Ohio Revised Code Section 3735.27. The Housing Authority contracts with United States Department of Housing and Urban Development (HUD) to provide low and moderate income persons with safe and sanitary housing. The Housing Authority owns 123 units and has approximately 850 units under contract with private owners. Contributions, including operating subsidies and grants made by HUD, used to offset certain MMHA expenditures are more fully described as follows:

- Basic annual contributions for operations of the low rent housing program are received from HUD to cover the excess of expenditures over receipts, not to exceed maximum amounts stipulated in the Annual Contributions Contract.
- Housing assistance payments (“HAP”) are received by MMHA, subject to certain limitations, for operations of the Section 8 Program. The amount of the HAP payments is determined based upon numerous criteria, including unit size and number of dwellings units.
- MMHA is required to remit residuals (if any) from operations and certain interest to HUD as specified in its Annual Contributions Contract to reduce the annual HUD contributions.

Oversight of the Miami Metropolitan Housing Authority is provided by a six (6) member board called the Board of Commissioners representing one (1) appointee of the Common Pleas Court, one (1) appointee of the County commissioners, one (1) appointee of the Probate Court, one (1) appointee resident member appointed by the Resident Advisory Committee and two (2) appointees of the largest municipality of the county. The Authority’s financial statements include all funds, agencies, boards, commissions, and departments for which the Authority is financially accountable. Financial accountability, as defined by the Governmental Accounting Standards Board (“GASB”), exists if the Authority appoints a voting majority of an organization’s governing board and the Authority is either able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific burdens on, the Authority. The Authority may also be financially accountable for governmental organizations with a separately elected governing board, a governing board appointed by another government, or a jointly appointed board that is fiscally dependent on the Authority. The Authority also took into consideration other organizations for which the nature and significance of their relationship with the Authority are such that exclusion would cause the Authority’s general purpose financial statements to be misleading or incomplete. Based upon the foregoing criteria, the Authority has no component units.

Note 1 – Description of Entity (continue d)

HUD requires all grantee agencies and authorities to maintain a separate ledger for each grant/granting contract. Accordingly, MMHA maintains a separate ledger for each of the following programs/grants:

- a. **Annual Contributions Contract C-5082** – The following programs are operated under the contract:

Low Rent Housing Program – Under this program, which is sponsored by HUD and commonly known as Public Housing, MMHA manages 127 housing units, which are owned by Authority. MMHA operates the Program with the proceeds of rentals received from tenants and contributions and subsidies received from HUD under contractual agreement.

Modernization Programs – Modernization programs, also known as Capital Fund Program (CFP), are funded through project grants, and are used to replace or materially upgrade portions of MMHA’s housing units.

- b. **Annual Contributions Contract C-5052** – Housing Assistance Program (“HAP”) – Under this HUD Section 8 Program, MMHA contracts with private landlords and subsidizes the rental of approximately 850 housing dwelling units. Under this program, HAP payments are made to the landlord on behalf of the tenant for the difference between the contract rent and the amount the tenant is able to pay.

Note 2 – Summary of Significant Accounting Policies

The significant accounting policies under which the financial statements have been prepared are as follows:

Cash and cash equivalents include investments with original maturities of three months or less. Cash equivalents are carried at the lower of cost or market.

Allowance for Doubtful Accounts – No provisions for doubtful accounts has been established for the year ended December 31, 2005. Management has represented the balance of accounts receivable is fully collectible.

Inventory – The Authority’s inventories, which consist primarily of maintenance supplies are carried at cost using the first in-first out method and are valued at the lower of cost or market.

Miami Metropolitan Housing Authority
Notes to Financial Statements
Year Ended December 31, 2005

Note 2 – Summary of Significant Accounting Policies (continued)

Land, Structures and Equipment – is recorded at cost. Depreciation is provided for by the amortization of the cost of the asset over its estimated useful life using the straight line method. Depreciation expense was \$312,313 for the year ended December 31, 2005. The estimated useful lives are as follows:

	Buildings		40 years		
	Furniture & Equipment - Dwelling		7 years		
	REAC Line Item #	Low Rent Public Housing	Capital Fund Program	Section 8 Rental Vouchers Program	Total
Land, Structures and Equipment					
Land	161	\$ 357,350	\$ 0	\$ 0	\$ 357,350
Buildings	162	8,845,047	0	0	8,845,047
Furniture, Equipment and Machinery - Dwellings	163	76,442	0	0	76,442
Accumulated Depreciation	166	(5,034,377)	0	0	(5,034,377)
Total Land, Structures and Equipment		\$ 4,244,462	\$ 0	\$ 0	\$ 4,244,462

The cost of assets sold or retired and related amounts of accumulated depreciation are removed from the accounts in the year of disposal. Any resulting gain or loss is reflected in current operations. Expenditures for maintenance and repairs are charged directly to operations as incurred; additions and betterments are capitalized.

Interprogram Receivable/Payable – During the course of operations, numerous short-term interprogram loans are made primarily to cover payroll and interprogram cost allocations.

Recognition of Revenues and Expenses – Contributions, grants, and subsidies received from HUD are generally recognized as revenue in the Annual Contributions Contract year. Tenant rentals are recognized as revenues in the month of occupancy. Contributions under the Capital Fund Program (CFP) are recognized as revenue in the period in which the grants are awarded.

Indirect Costs – Certain indirect costs are allocated to the various programs under the HUD approved cost allocation plan.

Use of Estimates – The preparation of the financial statements in accordance with Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Miami Metropolitan Housing Authority
Notes to Financial Statements
Year Ended December 31, 2005

Note 2 – Summary of Significant Accounting Policies (continued)

Enterprise Fund – Pursuant to GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that use Proprietary Fund Accounting*, the Authority follows GASB guidance as applicable to its proprietary funds, and Financial Accounting Standards Boards Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins issued on or after November 30, 1989 that do not conflict with or contradict GASB Pronouncements.

Note 3 – Deposits and Investments

Legal and Other Requirements – The investment and deposit of Authority monies are governed by the provisions of the Ohio Revised Code and the Authority’s written investment policy. Only banks located in Ohio and domestic buildings and loan associations are eligible to hold public deposits. The Authority is also generally permitted to invest its monies in certificates of deposits, savings accounts, money market accounts, certain highly rated commercial paper, the State Treasurer’s investment pool (STAR OHIO), and obligations of certain political subdivisions of Ohio and the United States government and its agencies. These investments must mature within five years of their purchase. The Authority may also enter into repurchase agreements with any eligible depository or any eligible dealer for a period not exceeding thirty days.

Public depositories must give security for all public funds on deposits. HUD requires specific collateral on individual accounts in excess of amounts insured by the Federal Deposit Insurance Corporation. Repurchase agreements must be secured by the specific qualifying securities upon which the repurchase agreements are based. These securities must mature or be redeemable within five years of the date of the related repurchase agreement. The market value of the securities subject to a repurchase agreement must exceed the value of the principal by 2% and be marked to market daily. State law does not require security for public deposits and investments to be maintained in the Authority’s name.

The Authority is prohibited from investing in any financial instruments, contracts, or obligations whose value or return is based upon or linked to another asset or index, or both, separate from the financial instrument, contract, or obligation itself (commonly known as a “derivative”). The Authority is also prohibited from investing in reverse purchase agreements.

Government Accounting Standards Board Statement No. 3 (GASB No. 3) has established custodial credit risk categories for deposits and investments as follows:

Deposits:

- Category 1* – Insured or collateralized with securities held by the Authority or by its agent in the Authority’s name.
- Category 2* – Collateralized with securities held by the pledging financial institution’s trust department or agent in the Authority’s name.
- Category 3* – Uncollateralized as defined by the GASB (securities pledged with the pledging financial institution’s trust department or agent, but not in the Authority’s name).

**Miami Metropolitan Housing Authority
Notes to Financial Statements
Year Ended December 31, 2005**

Note 3 – Deposits and Investments (continued)

Investments:

Category 1 – Insured or registered, or securities held by the Authority or its agent in the Authority’s name.

Category 2 – Uninsured and unregistered, with securities held by the counterparty’s trust department or agent in the Authority’s name.

Category 3 – Uninsured and unregistered, with securities held by the counterparty or by its trust department or agent but not in the Authority’s name.

Deposits – At December 31, 2005 the carrying value of the Miami Metropolitan Housing Authority’s cash and investments consisted of demand deposits and certificate of deposits in the amount of \$309,927. The bank balances of \$360,457 were collateralized as follows:

- Category 1 \$100,000 was covered by Federal Deposit ory Insurance
- Category 2 \$260,457 was covered by collateral held by a third party in the name of the Authority.

Cash and cash equivalents, which are demand deposits, at December 31, 2005, are as follows:

Annual Contribution Contract	Book Amount	Bank Amount
C-5082-Public Housing	<u>\$ 309,927</u>	<u>\$ 360,457</u>

Note 4 – Related Party Transaction

The Miami County Metropolitan Housing Authority has a management agent contract with Miami County Community Action Council, in which a contract is signed to provide services as determined by the Housing Authority. The Community Action Council has a separate audit of its financial records under the same guidelines as OMB Circular A-133 “Audits of States, Local Governments and Non Profit Organizations.”

Note 5 – Risk Management

The Housing Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disaster. In order to minimize these risks the Authority was insured through the State Housing Authority Risk Pool, Inc. (SHARP) a public entity risk pool operating a common risk, management and insurance program for its 22 housing authority members. The State Housing Authority Risk Pool Association, Inc. is self-sustaining through member premiums and reinsures through commercial insurance companies. In addition coverage for employee health and accident insurance is purchased by an independent third party. Settlement claims for these risks have not exceeded coverage for the past two years. Further there has been not reduction in premiums or insurance coverage.

Notes to Financial Statements
Year Ended December 31, 2005

Note 6 – Employees’ Retirement System

The Housing Authority contributes 6.2% of gross salary to Social Security Insurance. Social Security Insurance requires members to contribute an additional 6.2% of their gross salary. The amount of these funds is not reflected in the accompanying financial statements.

Note 7 – Payments in Lieu of Taxes

MMHA has cooperation agreements with certain municipalities under which it makes payments in lieu of real estate taxes for various public services. Expense recognized for payments in lieu of taxes totaled \$ 22,751 for the year ended December 31, 2005.

Note 8 – Current Vulnerability Due to Certain Concentrations

The Authority receives the majority of its revenue from the U. S. Department of Housing and Urban Development and is subject to changes in Congressional acts or mandated changes by HUD.

Note 9 – Prior Year Adjustment

The Prior Year Adjustment of \$10,984 is related to budget modifications to a prior year Capital Improvement project and post for timing of voucher payables.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Commissioners
Miami Metropolitan Housing Authority
Troy, Ohio

We have audited the financial statements of the Miami Metropolitan Housing Authority as of and for the year ended December 31, 2005, and have issued our report thereon dated June 16, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Miami Metropolitan Housing Authority's internal control over financial reporting in order to determine our auditing procedures for expressing our opinion on the financial statement and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Miami Metropolitan Housing Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the audit committee, management, federal awarding agencies and pass-through agencies and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditor's Report on Compliance with Requirements Applicable to Each Major Federal Program and Internal Control Over Compliance in Accordance with OMB Circular A-133

To the Board of Commissioners
Miami Metropolitan Housing Authority
Troy, Ohio

Compliance

We have audited the compliance of the Miami Metropolitan Housing Authority with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to its major federal program for the year ended December 31, 2005. The Miami Metropolitan Housing Authority's major federal program is identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the Miami Metropolitan Housing Authority's management. Our responsibility is to express an opinion on the Miami Metropolitan Housing Authority's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Miami Metropolitan Housing Authority's compliance with those requirements and performing such other procedures as we considered necessary under the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Miami Metropolitan Housing Authority's compliance with those requirements.

In our opinion, the Miami Metropolitan Housing Authority complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended December 31, 2005.

Internal Control Over Compliance

The management of the Miami Metropolitan Housing Authority is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Miami Metropolitan Housing Authority's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information of management, federal awarding agencies and pass-through agencies and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.
