INDEPENDENT ACCOUNTANTS' REPORT

Board of Trustees Old Brooklyn Montessori School Cuyahoga County 4430 State Road Cleveland, Ohio 44109

We have audited the accompanying financial statements of the Old Brooklyn Montessori School, Cuyahoga County, Ohio, (the School) as of and for the year ended June 30, 2005, which collectively comprise the School's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Old Brooklyn Montessori School, Cuyahoga County, Ohio, as of June 30, 2005 and the respective changes in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 23, 2005, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2005 Unaudited

The discussion and analysis of Old Brooklyn Montessori School's financial performance provides an overall review of the School's financial activities for the fiscal year ended June 30, 2005. The intent of this discussion and analysis is to look at the School's financial performance as a whole. Readers should also review the Notes to the Financial Statements and the Financial Statements to enhance their understanding of the School's financial performance.

Financial Highlights

Key financial highlights for 2005 include the following:

- In total, net assets increased \$164,114, which represents a 20.9% increase from 2004. This increase is due primarily to an increased enrollment of 13 students resulting in increased state funding and federal subsidies. Also, private grants were received during the year.
- Total assets increased \$61,975, which represents a 3.7% increase from 2004. This increase is due to a decrease in the year end current assets of \$35,045 offset an increase in net capital assets of \$97,020. The cash balance reduction is due to expending grant funds from two private foundations. The increase in fixed assets is due primarily to building improvements and purchases of classroom computers and equipment.
- Liabilities decreased \$102,139, which represents an 11.5% decrease from 2004. Mortgages payable decreased by \$73,897, accounts payable decreased by \$13,985 and other current liabilities (mainly payroll related) decreased by a total of \$14,257.
- Operating revenues increased by \$217,020, which represents a 12.7% increase from 2004. The majority of this increase (\$215,272) is due to increased enrollment resulting in increased state funding. Additional increases are the result of materials fees and student activities.
- Operating expenses increased by \$240,567, which represents a 13.6% increase from 2004. Operating expense increases are due to services delivered for the increased enrollment, annual increases in service costs and additional services paid with non-operating revenues.
- Non-operating revenues decreased by \$200,947, which represents a 45.8% decrease from 2004. This decrease is due mostly to the awarding of the two private one-time grants awarded in fiscal year 2004 (\$287,705), offset by increased Federal and State Grants in the amount of \$86,253 plus increased interest earned of \$505.

Using this Financial Report

This report consists of three parts, the Management's Discussion and Analysis, the Financial Statements and the Notes to the Financial Statements. The Financial Statements include a Statement of Net Assets, a Statement of Revenues, Expenses and Changes in Net Assets and a Statement of Cash Flows.

Statement of Net Assets

The Statement of Net Assets looks at how well the school has performed financially from inception through June 30, 2005. This statement includes all of the assets, liabilities and equity balances using the accrual basis of accounting, which is the accounting method used by most private-sector companies. This basis of accounting takes into account all revenues earned and expenses incurred during the year, regardless as to when the cash is received or expended.

The following schedule provides a summary of the School's Statement of Net Assets for fiscal years ended June 30, 2005 and 2004.

	2005	2004

Total Liabilities and		
Net Assets	<u>\$1,734,729</u>	<u>\$1,672,754</u>

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2005 Unaudited

Net Assets increased \$164,114, due primarily to increased enrollment and private grants. For assets, cash decreased \$42,524; due from other governments increased \$5,855; accounts receivable increased \$2,298, prepaid interest on the mortgages decreased by \$674 and net fixed assets increased \$97,020 from 2004. For liabilities, accounts payable decreased \$13,985; due to other governments decreased \$12,690; accrued wages and benefits decreased \$3,012; interest payable increased \$344; deferred revenues increased \$1,101 and mortgage notes payable decreased \$73,897 from 2004.

Statement of Revenues, Expenses and Changes in Net Assets

The Statement of Revenues, Expenses and Changes in Net Assets reports operating and non-operating activities for the fiscal year ended June 30, 2005.

The following schedule provides a summary of the School's Statement of Revenues, Expenses and Changes in Net Assets for fiscal years ended June 30, 2005 and 2004.

Net Assets at End of Year	\$ 950,245	\$ 786,131

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2005 Unaudited

Net Assets increased in both fiscal years ending June 30, 2004 and 2005. This is due in part to increasing revenues due to increasing enrollment. Although certain expenditures such as salaries will increase as the number of classes increases other costs remain fixed such as facilities costs resulting in more efficient operations. Additionally, grants have been received for capital improvements to our building and to purchase various educational programs and equipment.

The most significant increases in revenues from 2004 to 2005 are Foundation and DPIA (increased \$215,272) due to enrollment increases and increases in formula amounts and Federal and State Grants (increased \$86,253) due mainly to increased title allocations. These increases were offset by a reduction in Private Grants and Contributions (decreased \$284,705) due primarily to one-time grants awarded by the Cleveland Foundation and the Walton Family Foundation in 2004.

Most areas of expenses increased from 2004 to 2005. Salaries and Fringe Benefits increased (\$72,945) due to additional staffing and annual increases; Purchased services increased (\$147,803) due to additional instructional services, pupil support services, administrative services and occupancy costs. Materials and Supplies increased (\$9,736) due to increased text book and classroom supplies purchases for additional enrollment and for facilities supplies. Depreciation increased (\$38,573) as a direct result of the purchase of computers and equipment and additional building improvements. Other Operating Expenses decreased (\$36,064) due to mortgage debt service and reduced insurance premiums.

Capital Assets

As of June 30, 2005 the School had \$1,348,475 invested in computers and office equipment, furniture and equipment, building, building improvements and mortgage loan fees, net of depreciation. This is a \$97,020 increase over June 30, 2004.

The following schedule provides a summary of the School's Fixed Assets as of June 30, 2005 and 2004.

		2005		2004

Debt Service

On November 12, 2002 the School purchased the building in which it operates. Financing of the purchase was accomplished through two mortgages. The first mortgage is held by US Bank National Association with a face value of \$707,500 for a term of fifteen years and an interest rate of 5.60% per annum. This mortgage is guaranteed by the Ohio School Facilities Commission for an amount up to \$600,000. The second mortgage is held by G & W Properties with a face value of \$232,500 for a term of five years and an interest rate of 9.50% per annum. The outstanding principal balances as of June 30, 2005 are \$628,127 and \$126,082 respectively.

For more information on debt service see the Notes to the Financial Statements.

Current Financial Issues

Old Brooklyn Montessori School opened in the fall of 1998 as one of the first community schools in the state of Ohio. In its sixth year of operations it has grown from 30 students, two teaching staff members and expenses of \$181,928 to a total of 266 students, 26 teaching staff members and expenses of \$2,006,351. During this time we have also been able to purchase our own educational facility. As the School matures to full enrollment we strive to maintain the high level of services we currently offer, to provide a strong educational product to our students and families and to maintain the reputation we have developed during these initial years.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2005

I. Description of the School and Reporting Entity

Old Brooklyn Montessori School (OBMS) is a nonprofit corporation established February 3, 1997 pursuant to Ohio Revised Code Chapters 3314 and 1702 to maintain and provide a school exclusively for any educational, literary, scientific and related teaching service that qualifies as an exempt organization under § 501(c)(3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect OBMS' tax-exempt status. OBMS, which is part of Ohio's education program, is independent of any school district. OBMS may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of OBMS.

On April 9, 1998, OBMS submitted a proposal to the Ohio Department of Education to open a community school in the fall of 1998. The Ohio Department of Education approved the proposal and entered into a five-year contract with OBMS which provided for the commencement of operations at the beginning of the 1998-99 school year. The contract was renewed in 2003 for a two-year period commencing July 1, 2003. On October 16, 2003 OBMS entered into a contract with Lucas County Educational Service Center (LCESC) to have LCESC replace the Ohio Department of Education as their sponsor as required by Sub. HB 364. Under the terms of the contract LCESC will provide sponsorship services for a fee. See Note XIII for further discussion of the sponsor services.

OBMS operates under a five-member Board of Trustees. The Board is responsible for carrying out the provisions of the contract, which include, but are not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualification of teachers. The Board of Trustees controls OBMS' instructional facility staffed by eleven uncertified and fifteen certificated full time teaching personnel who provide services to 266 students.

OBMS entered into an agreement with Constellation Community Schools (CCS) to provide management services for the fiscal year. See Note XIII for further discussion of this management agreement. The board members of OBMS are also board members of CCS, Parma Community School, Elyria Community School, Lorain Community School, Westpark Community School, Mansfield Community, Puritas Community School, Stockyard Community School, Madison Community School, Greater Cleveland Academy for Gifted Students and Lorain Academy for Gifted Students.

I. Description of the School and Reporting Entity (Continued)

For fiscal year 2005, OBMS has implemented GASB Statement No. 39, "Determining Whether Certain Organizations are Component Units," GASB Statement No. 40, "Deposit and Investment Risk Disclosures," GASB Statement No. 46, "Net Assets Restricted by Enabling Legislation" and GASB Technical Bulletin No. 2004-2, "Recognition of Pension and Other Postemployment Benefit Expenditures/Expense and Liabilities by Cost-Sharing Employers."

GASB Statement No. 39 states that entities for which a primary government is not financially accountable may still be reported as component units based on the nature and significance of their relationship with the primary government.

GASB Statement No. 40 establishes disclosure requirements for investment credit risk, interest rate risk, deposit custodial risk and foreign currency risk.

GASB Statement No. 46 clarifies when net assets should be considered restricted based upon enabling legislation.

GASB Technical Bulletin No. 2004-2 addresses the amount that should be recognized as expenditure/expense and as a liability each period by employers participating in a cost-sharing multiple-employer pension and other post-employment benefit plans.

The implementation of GASB Statements Nos. 39, 46 and GASB Technical Bulletin No. 2004-2 did not affect the presentation of the financial statements for the school.

II. Summary of Significant Accounting Policies

The financial statements of OBMS have been prepared in conformity with generally accepted accounting principles as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. OBMS also applies Financial Accounting Standards Board statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The more significant of OBMS' accounting policies are described below.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2005

II. Summary of Significant Accounting Policies (Continued)

1. Basis of Presentation

Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

2. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by its measurement focus. Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the Statement of Net Assets. Operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total assets.

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. OBMS prepares financial statements using the accrual basis of accounting. Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded when the exchange takes place. Revenues resulting from non-exchange transactions, in which OBMS receives value without directly giving equal value in return, such as grants and entitlements, are recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when the use is first permitted; matching requirements, in which OBMS must provide local resources to be used for a specified purpose; and expenditure requirements, in which resources are provided to OBMS on a reimbursement basis. Expenses are recognized at the time they are incurred.

3. Cash

All monies received by OBMS are deposited in demand deposit accounts.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2005

II. Summary of Significant Accounting Policies (Continued)

4. Budgetary Process

Pursuant to Ohio Revised Code Chapter 5705.391 OBMS prepares and adopts an annual budget which includes estimated revenues and expenditures for the fiscal year and a five year forecast of revenues and expenditures. OBMS will from time to time adopt budget revisions as necessary.

5. Due from Other Governments and Accounts Receivable

Moneys due OBMS for the year ended June 30, 2005 are recorded as Due from Other Governments and as Accounts Receivable. A current asset for the receivable amount is recorded at the time of the event causing the moneys to be due.

6. Capital Assets, Mortgage Fees and Depreciation

Capital assets are capitalized at cost and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the dates received. All items with a useful life of one year or greater and a value of \$500 or more are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

Mortgage Fees have been capitalized at cost and are being amortized over the term of the mortgage for which they have been incurred.

Depreciation of buildings, building improvements, computers, office equipment and furniture and equipment is computed using the straight-line method over their estimated useful lives. Improvements to fixed assets are depreciated over the remaining useful lives of the related fixed assets. Estimated useful lives are as follows:

Capital Asset Classification	Years
Computers and Office Equipment	3
Furniture and Equipment	10
Building	40
Building Improvements	10
Mortgage Loan Fees	5 or 15

— A Community School — Cuyahoga County NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2005

II. Summary of Significant Accounting Policies (Continued)

7. Intergovernmental Revenues

OBMS currently participates in the State Foundation Program and the State Disadvantaged Pupil Impact Aid Program ("DPIA"). Revenues received from these programs are recognized as operating revenues in the accounting period in which all eligibility requirements have been met.

Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met.

Amounts awarded under the above named programs for the 2005 school year totaled \$2,069,103.

8. Compensated Absences

Vacation is taken in a manner which corresponds with the school calendar; therefore, OBMS does not accrue vacation time as a liability.

Sick leave benefits are earned at the rate of one and one-quarter day per month and can be accrued up to a maximum of one hundred twenty days. OBMS will accept the transfer of sick days from another school district up to the maximum accrual amount. No financial accrual for sick time is made since unused sick time is not paid to employees upon employment termination.

9. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from these estimates.

10. Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. The deferred revenue for OBMS consists of material and fees received in the current year which pertain to the next school year.

III. Deposits

At fiscal year end June 30, 2005, the carrying amount of OBMS' deposits totaled \$373,228 and its bank balance was \$407,029. Based on the criteria described in GASB Statement No. 40, "Deposit and Investment Risk Disclosure," as of June 30, 2005, \$250,490 of the bank balance was exposed to custodial risk as discussed below, while \$156,539 was covered by the Federal Depository Insurance Corporation.

Custodial credit risk is the risk that in the event of bank failure, OBMS will not be able to recover the deposits. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at the Federal Reserve Banks or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of OBMS.

VI. Dawning School Building Purchase

On July 1, 2002, OBMS moved its operations to the former Dawning School located at 4430 State Road, Cleveland, which it purchased on November 12, 2002. The purchase price of \$950,000, along with other purchase costs totaling \$61,759, have been capitalized and will be depreciated over a forty year period. Loan fees totaling \$5,470, have been capitalized and will be depreciated over a fifteen year period. All operations of the school are located at this site.

VII. Mortgage Notes Payable

On November 12, 2002, OBMS entered into two mortgage agreements relating to the purchase of the former Dawning School (see note VI).

A first mortgage note in the amount of \$707,500 is held by US Bank National Association. The note is for a term of fifteen years with an interest rate of 5.60 percent per annum. The Ohio School Facilities Commission has guaranteed the first mortgage up to \$600,000.

A second mortgage note in the amount of \$232,500 is held by G & W Properties and is subordinate to the first mortgage. The note is for a term five years with an interest rate of 9.50 percent per annum.

During fiscal year 2005 principal was reduced by \$33,127 for US Bank National Association and \$40,771 for G & W Properties. Interest expense totaled \$36,540 for US Bank National Association and \$14,115 for G & W Properties. As of June 30, 2005 outstanding principal balances are \$628,127 for the first mortgage and \$126,082 for the second mortgage. Interest payable totaling \$2,931 due US Bank National Association and \$499 for G & W Properties has been recorded as a current liability as of June 30, 2005.

Principal payments due on the mortgage notes are as follows:

Year	<u>US Bank</u>	G & W Properties
2006	37,088	48,701
2007	37,682	53,535
2008 2009	39,847 42,137	23,846 -0-
2010	44,749	-0-

VIII. Risk Management

1. Property and Liability Insurance

OBMS is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For fiscal year 2005, OBMS contracted with Cincinnati Insurance Company for all of its' insurance.

General liability is covered at \$2,000,000 single occurrence limit and \$4,000,000 aggregated. Hired and Non-Owned Vehicles are covered at \$500,000 combined single limit of liability. Other coverage includes School Leaders Errors & Omissions, Employee Crime, Sexual Abuse and Misconduct, Electronic Data Processing and Business Interruption.

2. Workers' Compensation

OBMS makes premium payments to the Ohio Worker's Compensation System for employee injury coverage. As of June 30, 2005, there have been no claims filed by OBMS employees with the Ohio Worker's Compensation System.

3. Employee Medical, Dental, and Life Benefits

OBMS provides medical, dental and life insurance benefits to all full time employees. Employees participate in premium payments through pretax payroll deductions. Total insurance benefits paid by OBMS for the fiscal year is \$74,988.

IX. Defined Benefit Pension Plans

1. School Employees Retirement System

OBMS contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing multiple employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 3309 of the Ohio Revised Code. The School Employees Retirement System issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to SERS, 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746 or by calling (614)222-5853.

IX. Defined Benefit Pension Plans (Continued)

Plan members are required to contribute 10 percent of their annual covered salary and OBMS is required to contribute at an actuarially determined rate. The current rate is 14 percent of annual covered payroll. A portion of OBMS' contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2005, 10.57 percent of annual covered salary was the portion to fund pension obligations. For fiscal year 2004, 9.09 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to statutory maximum amounts, by the SERS' Retirement Board. The OBMS contributions to SERS for the years ended June 30, 2005, 2004 and 2003 were \$3,723, \$3,346 and \$3,159, respectively, equal to the required contributions for each year.

2. State Teachers Retirement System

OBMS participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing multiple employer public employee retirement system. Also, OBMS is the account through which CCS makes their required contributions to STRS Ohio. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 East Broad Street, Columbus, OH 43215-3771 or by calling (614)227-4090.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit Plan during the fifth year of membership unless they permanently select the DC or

Combined Plan. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DB Plan into the DC or the Combined Plan. This option expired on December 31, 2001. Benefits are established by Chapter 3307 of the Ohio Revised Code

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2005, plan members were required to contribute 10 percent of their annual covered salaries. OBMS was required to contribute 14 percent, 13 percent was the portion used to fund pension obligation. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

OBMS' required contributions for pension obligations to the DB Plan for the fiscal years ended June 30, 2005, 2004 and 2003 were \$108,069, \$101,369 and \$83,628 respectively. For fiscal year 2005, OBMS has a prepaid contributions balance totaling \$1,170 at year end which is reflected in Due from Other Governments in the accompanying financial statements.

X. Post-Employment Benefits

OBMS provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System (STRS), and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are on a pay-as-you-go basis.

X. Post-Employment Benefits (Continued)

STRS retirees who participated in the DB or combined plans and their dependents are eligible for health care coverage. The STRS Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS. All benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS funds is included in the employer contribution rate, currently 14 percent of covered payroll. For the fiscal years ended June 30, 2005, the STRS Board allocated employer contributions equal to 1 percent of covered payroll to the Health Care Reserve Fund. For OBMS, this amount equaled \$8,313 for fiscal 2005.

STRS pays health care benefits from the Health Care Stabilization Fund. At June 30, 2004, (the latest information available) the balance in the Fund was \$3.1 billion. For the year ended June 30, 2004, net health care costs paid by STRS were \$268,739,000 and STRS had 111,853 eligible benefit recipients.

For SERS, coverage is made available to service retirees with ten or more fiscal years of qualifying service credit, and to disability and survivor benefit recipients. All retirees and beneficiaries are required to pay a portion of their premiums for health care. The portion is based on years of service, Medicare eligibility and retirement status. Premiums may be reduced for retirees whose household income falls below the poverty level.

After the allocation for the basic benefits, the remainder of the employer's 14 percent contribution is allocated to providing health care benefits. For the fiscal year ended June 30, 2005, employer contributions to fund health care benefits were 3.43 percent of covered payroll. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2005, the minimum pay was established at \$27,400. However, the surcharge is capped at 2 percent of each employer's SERS salaries. For OBMS, the amount contributed to fund health care benefits, including surcharge, during the 2005 fiscal year equaled \$3,308.

The surcharge added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level of the health care fund. The target level of the health care reserve is 150 percent of the annual health care expenses. Expenses for health care for the fiscal year ended June 30, 2004 (the latest information available), were \$223,443,805 and the target level was \$335.2 million dollars. At June 30, 2004, SERS had net assets available for health care benefits of \$300.8 million. SERS has approximately 62,000 participants currently receiving health care benefits.

XI. State School Funding Decision

On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision reaffirmed earlier decisions that Ohio's current school-funding plan is unconstitutional.

The Supreme Court relinquished jurisdiction over the case and directed "...the Ohio General Assembly to enact a school-funding scheme that is thorough and efficient...".

OBMS is currently unable to determine what effect, if any, this decision will have on its future State funding and its financial operations.

XII. Contingencies

1. Grants

OBMS received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs requires compliance with terms and conditions, specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of OBMS. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of OBMS at June 30, 2005.

2. Litigation

A suit was filed in Franklin County Common Pleas Court on May 14, 2001, alleging that Ohio's Community (i.e. Charter) Schools program violates the State Constitution and State law. On April 21, 2003, the court dismissed the counts containing constitutional claims and stayed the other counts pending appeal of the constitutional issues. The plaintiffs appealed to the Court of Appeals, the issues have been briefed and the case was heard on November 18, 2003. On August 24, 2004 the Court of Appeals rendered a decision that Community Schools are part of the state public educational system and this matter was sent to the Ohio Supreme Court. The Ohio Supreme Court accepted the appeal from the Court of Appeals for review on February 16, 2005. Oral argument occurred November 29, 2005. The effect of this suit, if any, on OBMS is not presently determinable.

XII Contingencies (Continued)

3. Enrollment FTE

The Ohio Department of Education conducts reviews of enrollment and full-time equivalency (FTE) calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. The conclusions of this review could result in state funding being adjusted. As of the date of this report there are no adjustments to the state funding received during fiscal year 2005.

XIII. Sponsorship and Management Agreements

OBMS entered into an agreement with Lucas County Educational Service Center (LCESC) to provide sponsorship and oversight services as required by law. The agreement is effective October 16, 2003. Sponsorship fees are calculated as 1% of state funds received by OBMS, from the State of Ohio. The total amount due from OBMS for fiscal year 2005 was \$18,439 all of which was paid prior to June 30, 2005.

OBMS entered into an agreement with Constellation Community Schools (CCS) to provide legal, financial, and business management services for the fiscal year 2005. The agreement was for a period of one year, effective July 1, 2004. Management fees are calculated as 11% of the 2004/2005 Foundation payment received by OBMS, as reported in the Monthly Community School Foundation Report. The total amount due from OBMS for the fiscal year ending June 30, 2005 was \$202,717 all of which was paid prior to June 30, 2005.

XIV. Related Parties

The members of the OBMS Board of Trustees are also members of Constellation Community Schools (CCS), Parma Community School, Elyria Community School, Lorain Community School, Westpark Community School, Puritas Community School, Stockyard Community School, Madison Community School, Greater Cleveland Academy for Gifted Students and Lorain Academy for Gifted Students governing boards. OBMS contracts with CCS for legal, financial and business management services.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Board of Trustees Old Brooklyn Montessori School Cuyahoga County 4430 State Road Cleveland, Ohio 44109

We have audited the financial statements of the Old Brooklyn Montessori School, Cuyahoga County, Ohio, (the School) as of and for the year ended June 30, 2005, which collectively comprise the School's basic financial statements and have issued our report thereon dated December 23, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting to determine our auditing procedures in order to express our opinions on the financial statements and not to opine on the internal control over financial reporting. Our consideration of the internal control would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts material to the financial statements we audit may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider material weaknesses. In a separate letter to the School's management dated December 23, 2005, we reported other matters involving internal control over financial reporting we did not deem reportable conditions.

Compliance and Other Matters

As part of reasonably assuring whether the School's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.
