We have reviewed the *Independent Auditor's Report* of Perry Township, Gallia County, prepared by Balestra, Harr & Scherer, CPAs, Inc. for the audit period January 1, 2004 through December 31, 2005. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

The financial statements in the attached report are presented in accordance with a regulatory basis of accounting prescribed or permitted by the Auditor of State's Office (AOS). Due to a February 2, 2005 interpretation from the American Institute of Certified Public Accountants (AICPA), modifications were required to the *Independent Auditor's Report* on your financial statements. While the AOS does not legally require your government to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statements in accordance with GAAP. The attached report includes an opinion relating to GAAP presentation and measurement requirements, but does not imply the statements are misstated under the non-GAAP regulatory basis. The *Independent Auditor's Report* also includes an opinion on the financial statements using the regulatory format the AOS permits.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Perry Township is responsible for compliance with these laws and regulations.

Independent Auditor's Report

Board of Trustees Perry Township 26 Boggs School Road Patriot, Ohio 45658

We have audited the accompanying financial statements of the Perry Township, Gallia County, (the Township) as of and for the years ended December 31, 2005 and December 31, 2004. These financial statements are the responsibility of the Government's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

As described more fully in Note 1, the government has prepared these financial statements using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America. Although we cannot reasonably determine the effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, we presume they are material.

Revisions to GAAP require the Township to reformat its financial statement presentation and make other changes effective for the years ended December 31, 2005 and December 31, 2004. Instead of the funds accompanying financial statements presented for 2005 and 2004, the revisions require presenting entity wide statements and also to present its larger (i.e. major) funds separately for 2005 and 2004. While the Township does not follow GAAP, generally accepted auditing standards require us to include the following paragraph if the statements do not substantially conform to the new GAAP presentation requirements. The Auditor of State permits, but does not require governments to reformat their statements. The Township has elected not to reformat its statements. Since the Township does not use GAAP to measure financial statement amounts, the following paragraph does not imply the amounts are materially misstated under accounting basis the Auditor of State permits. Our opinion on the fair presentation of the amounts reported pursuant to its non-GAAP basis is in the second following paragraph.

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to above for the years ended December 31, 2005 and 2004 do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township's combined funds as of December 31, 2005 or December 31, 2004, or their changes in financial position for the years then ended.

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances of The Perry Township, Gallia County, as of December 31, 2005 and December 31, 2004, and its combined cash receipts and disbursements for the years then ended on the basis of accounting described in Note 2.

Independent Auditor's Report Page 2

The aforementioned revision to generally accepted accounting principles also requires the Township to include Management's Discussion & Analysis for the years ended December 31, 2005 and 2004. The Township has not presented Management's Discussion & Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2006, on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. It does not opine on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards. You should read it in conjunction with this report in assessing the results of our audit.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2005 AND 2004

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

Perry Township, Gallia County (the Township), is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Township is directed by a publicly-elected three-member Board of Trustees and a publicly-elected Clerk. The Township provides services that include road and bridge maintenance (public works), and cemetery maintenance (health).

The Township's management believes these financial statements present all activities for which the Township is financially accountable.

B. Basis of Accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Cash

All cash assets are maintained in an interest-bearing checking account.

D. Fund Accounting

The Township uses fund accounting to segregate cash that is restricted as to use. The Township classifies its funds into the following types:

1. General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

2. Special Revenue Funds

These funds are used to account for proceeds from specific sources that are restricted to expenditure for specific purposes. The Township had the following significant Special Revenue Fund:

Motor Vehicle License Tax Fund – This fund receives motor vehicle license tax money for constructing, maintaining and repairing Township roads.

Gasoline Tax Fund - This fund receives gasoline tax money for constructing, maintaining and repairing Township roads.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2005 AND 2004 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Fund Accounting (Continued)

3. Debt Service Fund

Bond Retirement Fund – This fund receives money for the retirement of debt obligation on the real estate bond.

E. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function, object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are canceled and reappropriated in the subsequent year.

A summary of 2005 and 2004 budgetary activity appears in Note 3.

F. Property, Plant and Equipment

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

2. EQUITY IN POOLED CASH

The Township maintains a cash pool used by all funds. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of cash at December 31 was as follows:

2005 2004

Demand Deposits \$126,828 \$129,032

Deposits: Deposits are either (1) insured by the Federal Deposit Insurance Corporation or (2) collateralized by securities specifically pledged by the financial institution to the Township.

Contrary to Ohio law, the Township did not encumber all commitments. Also contrary to Ohio Law, the Township did not amend its certificate of estimated resources as necessary or appropriate all disbursements.

4. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by Board of Trustees. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reflected in the accompanying financial statements as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to make semiannual payment, the first half is due December 31. The second half payment is due the following June 20.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2005 AND 2004 (Continued)

4. PROPERTY TAX (Continued) Public utilities are also taxed on personal and real

property located within the Township.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

5. DEBT Debt outstanding at December 31, 2005 was as follows:

	Principal	Interest Rate
General Obligation Note – Equipment	\$9,826	3.49%
Real Estate Bond – Land	43,784	4.60%

The Township issued a general obligation equipment note in 2003 for \$19,000 for the purchase of a Ford F250 pickup truck. The full faith and credit of the Township is pledged to repay this note.

The Township issued real estate acquisition bonds in 2004 for \$50,000 for the purchase of five acres of land. The full faith and credit of the Township is pledged to repay this bond.

Amortization of the above debts, including interest, is scheduled as follows

Year	Promissory	Real Estate
Ending	Note	Bond
2006	\$5,172	\$8,516
2007	5,172	8,516
2008	-	8,516
2009	-	8,516
2010	-	8,516
Thereafter		8,516
Total	\$10,344	\$51,096

6. RETIREMENT SYSTEM

The Township's elected officials and employees belong to the Public Employees Retirement System (PERS) of Ohio. PERS is a cost-sharing, multiple-employer plan. This plan provides retirement benefits, including postretirement healthcare, and survivor and disability benefits to participants as prescribed by the Ohio Revised Code.

Contribution rates are also prescribed by the Ohio Revised Code. For 2005 and 2004, members of PERS contributed 8.5% of their gross salaries. The Township contributed an amount equal to 13.55% of participants' gross salaries. The Township has paid all employer contributions required through December 31, 2005.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2005 AND 2004 (Continued)

7. RISK MANAGEMENT Risk Pool Membership

The Township belongs to the Ohio Township Association Risk Management Authority (OTARMA), a risk-sharing pool available to Ohio townships. OTARMA provides property and casualty coverage for its members. OTARMA is a member of the American Public Entity Excess Pool (APEEP). Member governments pay annual contributions to fund OTARMA. OTARMA pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

Casualty Coverage

OTARMA retains casualty risks up to \$250,000 per occurrence, including loss adjustments expense. OTARMA pays a percentage of its contributions to APEEP. APEEP reinsures claims exceeding \$250,000, up to \$1,750,000 per claim and \$5,000,000 in the aggregate per year. Governments can elect additional coverage, from \$2,000,000 to \$10,000,000, from the General Reinsurance Corporation.

If losses exhaust OTARMA's retained earnings, APEEP covers OTARMA losses up to \$5,000,000 per year, subject to a per-claim limit of \$2,000,000.

Property Coverage

OTARMA retains property risks including automobile physical damage up to \$100,000 on any specific loss in any one occurrence. The Travelers Indemnity Company reinsures specific losses exceeding \$100,000 up to \$500,000,000 per occurrence. APEEP's Guarantee Fund Pays losses and loss adjustment expenses exceeding operating contributions.

The aforementioned casualty and property reinsurance agreements do not discharge OTARMA's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective township.

Financial Position

OTARMA's financial statements (audited by other accountants) conform with generally accepted accounting principles, and report the following assets, liabilities and retained earnings at December 31, 2004 and 2003: Most recent information available:

Casualty Coverage	<u>2004</u>	<u>2003</u>

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Trustees Perry Township 26 Boggs School Road Patriot, Ohio 45658

To the Board of Trustees:

We have audited the financial statements of the Perry Township, Gallia County, Ohio (the Township), as of and for the years ended December 31, 2005 and 2004 and have issued our report thereon dated June 30, 2006, wherein we noted the Township followed accounting practices the Auditor of State prescribes rather than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* which are described in the accompanying schedule of findings as items 2004-001 through 2004-005.

SCHEDULE OF FINDINGS DECEMBER 31, 2005 AND 2004

FINDING NUMBER 2005-001

Material Noncompliance - Failure to obtain amended certificate of estimated resources

Ohio Rev. Code, Section 5705.36, in summary, states that the estimated resources should be reduced when actual revenues are determined to be lower that expected. The Township estimated resources were more than actual receipts for the years of 2004 and 2005, which could lead to the Township appropriating more than is actually available to spend in the General, Motor Vehicle, and Gasoline Tax Funds.

The Township should monitor each fund so that when revenues are lower than expected an amendment to reduce the estimated resources can be done.

Response

The Township Clerk will make an effort to monitor budgetary activity more closely.

FINDING NUMBER 2005-002

Material Noncompliance - Expenditures over Appropriations

Ohio Rev. Code, Section 5705.39, states that total appropriations from each fund shall not exceed the total estimated revenue. Appropriations exceeded estimated resources in the following funds and fiscal years:

			Estimated	Appropria	ition
	Year	Fund	Resources	Authority	Variance
2005		Motor Vehicle License	\$12,863	\$15,143	(\$2,280)
2005		Gasoline Tax	\$166,095	\$178,872	(\$12,777)

The Clerk may request the Board of Trustees to amend the certificate of estimated resources when deemed appropriate.

Response

The Township Clerk will make an effort to monitor budgetary activity more closely.

SCHEDULE OF FINDINGS DECEMBER 31, 2005 AND 2004 (Continued)

FINDING NUMBER 2005-003

Material Noncompliance-Prior Certification of Disbursements

Ohio Rev. Code, Section 5705.41 (D), requires that no subdivision or taxing unit shall make any contract or give any order involving the expenditure of money unless there is attached thereto a certificate of the fiscal officer of the subdivision that the amount required to meet the obligation has been lawfully appropriated for such purpose and is in the treasury or in the process of collection to the credit of an appropriate fund free from any previous encumbrances. This certificate need be signed only by the subdivision's fiscal officer. Every contract made without such a certificate shall be void, and no warrant shall be issued in payment of any amount due thereon.

This Section also provides for two exceptions to the above requirements:

- A. Then and Now Certificates If no certificate is furnished as required, upon receipt of the fiscal officer's certificate that a sufficient sum was, both at the time of the contract or order and at the time of the certificate, appropriated and free of any previous encumbrances, the Board of Trustees may authorize the issuance of a warrant in payment of the amount due upon such contract or order by resolution within 30 days from the receipt of such certificate.
- B. If the amount involved is less than \$1,000 dollars (which was changed to \$3,000, effective April 7, 2003), the Clerk may authorize payment through a Then and Now Certificate without affirmation of the Board of Trustees, if such expenditure is otherwise valid.

Fifty eight percent of expenditures were not certified prior to the purchase commitment being made. By not certifying funds prior to a purchase commitment, this may cause the Township to obligate money it does not have.

We recommend the Township certify funds prior to an obligation being incurred.

Response

The Township Clerk will make an effort to monitor expenditures more closely and attempt to certify disbursements prior to the purchase commitment being made.

SCHEDULE OF FINDINGS DECEMBER 31, 2005 AND 2004 (Continued)

FINDING NUMBER 2005-004

Material Noncompliance - Negative Fund Balances

Ohio Rev. Code Section 5705.10, provides that all money paid into a fund must be used only for purposes for which the fund was established. As a result, negative fund balances indicate that money from one fund was used to cover the expenses of another fund. The Township had significant negative fund balances in various funds, as follows:

 Date	Fund	Balance
December 31, 2005	Debt Service	(\$8,516)

We recommend that the Township monitor their fund balances to ensure that funds are used solely for their intended purpose and to prevent negative fund balances.

Response

The Township will maintain appropriate resources to make all necessary debt payments.

FINDING NUMBER 2005-005

Material Noncompliance-Failure to comply with Debt Covenants

The Bond Covenant requires the Township to pay all debt payments from the Bond Retirement Fund. The Township paid the required 2005 debt principal and interest payments from the General Fund contrary to the covenant. Adjustments have been made from the General Fund to the Bond Retirement Fund.

Response

The Township will pay all future payments from the Bond Retirement Fund.
