Auditor of State Betty Montgomery

INDEPENDENT ACCOUNTANTS' REPORT

Rolling Hills Local School District
Guernsey County
P.O. Box 38
Byesville, Ohio 43723

To the Board of Education:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Rolling Hills Local School District, Guernsey County, Ohio (the School District), as of and for the year ended June 30, 2005, which collectively comprise the School District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Rolling Hills Local School District, Guernsey County, Ohio, as of June 30, 2005, and the respective changes in financial position and where applicable, cash flows, thereof and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 22, 2006, on our consideration of the School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

743 E. State St. / Athens Mall Suite B / Athens, OH 45701
Telephone: (740) 594-3300 (800) 441-1389 Fax: (740) 594-2110
www.auditor.state.oh.us

We conducted our audit to opine on the financial statements that collectively comprise the School District's basic financial statements. The Schedule of Federal Awards Receipts and Expenditures is required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. We subjected the Schedule of Federal Awards Receipts and Expenditures to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as whole.

A handwritten signature in black ink that reads "Betty Montgomery". The signature is written in a cursive, flowing style.

Betty Montgomery
Auditor of State

May 22, 2006

Rolling Hills Local School District, Ohio
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2005
Unaudited

The discussion and analysis of the Rolling Hills Local School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2005. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the School District's financial performance.

Financial Highlights

Key financial highlights for the fiscal year 2005 are as follows:

- Net assets of governmental activities decreased \$988,914.
- General revenues accounted for \$14,418,543 in revenue or 80 percent of all revenues. Program specific revenues in the form of charges for services, grants and contributions accounted for \$3,649,905, 20 percent of total revenues of \$18,068,448.
- Total assets of governmental activities decreased \$1,096,318 primarily due to decreases in cash and cash equivalents.
- The School District had \$19,057,362 in expenses related to governmental activities; only \$3,649,905 of these expenses were offset by program specific charges for services, grants and contributions. General revenues of \$14,418,543 were not adequate enough to provide for the remainder of these activities.
- The School District has two major funds: the General Fund and the Debt Service Fund. The General Fund had \$14,742,068 in revenues and \$15,565,424 in expenditures. The General Fund's balance decreased \$1,023,356. The Debt Service Fund had \$418,006 in revenues and \$570,447 in expenditures. The Debt Service Fund's balance decreased \$102,441.

Using this Annual Financial Report

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Rolling Hills Local School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities and conditions.

The Statement of Net Assets and Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look as the School District's most significant funds with all other non-major funds presented in total in one column.

Reporting the School District as a Whole

Statement of Net Assets and Statement of Activities

While this document contains information about the large number of funds used by the School District to provide programs and activities for students, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during fiscal year 2005?" The Statement of Net Assets and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into consideration all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the School District as a whole, the financial position of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the School District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs, and other factors.

In the Statement of Net Assets and the Statement of Activities, all of the School District's activities are reported as governmental including instruction, support services, operation of non-instructional services, extracurricular activities, and interest and fiscal charges.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The analysis of the School District's major funds begins on page 8. Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multiple of financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's major governmental funds are the General Fund and the Debt Service Fund.

Governmental Funds Most of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at fiscal year end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general governmental operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

The School District as a Whole

Recall that the Statement of Net Assets provides the perspective of the School District as a whole. Table 1 provides a summary of the School District's net assets for 2005 compared to 2004.

Table 1
Net Assets

	<u>Governmental Activities</u>	
	<u>2005</u>	<u>2004</u>
Assets		
Current and Other Assets	\$7,964,922	\$8,874,075
Capital Assets	13,648,881	13,836,046
Total Assets	<u>21,613,803</u>	<u>22,710,121</u>
Liabilities		
Long-Term Liabilities	(2,173,330)	(2,550,595)
Other Liabilities	(6,844,036)	(6,574,175)
Total Liabilities	<u>(9,017,366)</u>	<u>(9,124,770)</u>
Net Assets		
Invested in Capital Assets, Net of Debt	12,348,881	12,111,046
Restricted	1,793,097	1,580,057
Unrestricted (Deficit)	(1,545,541)	(105,752)
Total Net Assets	<u>\$12,596,437</u>	<u>\$13,585,351</u>

Total assets decreased \$1,096,318. This is primarily due to cash and cash equivalents decreasing by \$1,186,320 and property and other local taxes receivable increasing by \$346,498 from fiscal year 2004. Capital assets also decreased by \$187,165 due mostly to current year depreciation exceeding capital asset additions.

Total liabilities decreased \$107,404. The decrease in the Energy Conservation Loan and General Obligation Bonds in the amounts of \$100,000 and \$325,000, respectively, accounted for a portion of this decrease. However, this is offset by an increase in accrued wages and benefits and deferred revenue by \$118,236 and \$163,952, respectively. Compensated absences payable also increased by \$47,735 from fiscal 2004.

Total net assets decreased \$988,914 for the reasons stated above. Specifically, unrestricted net assets decreased by \$1,439,789 primarily as a result of a decline in the General Fund's cash balance.

Rolling Hills Local School District, Ohio
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2005
Unaudited

There was an increase of \$984,544 in special instruction program expenses. These increases are due to increased expenses of the General Fund under accrual accounting.

The unique nature of property taxes in Ohio creates the need to routinely seek voter approval for operating funds. As the result of legislation enacted in 1976, the overall revenue generated by the levy will not increase solely as a result of inflation. As an example, a homeowner with a home valued at \$100,000 and taxed at 1.0 mill would pay \$35.00 annually in taxes. If three years later the home were reappraised and increased to \$200,000 (and this inflationary increase in value is comparable to other property owners) the effective tax rate would become .5 mills and the owner would still pay \$35.00. Property taxes made up 31 percent of revenues for governmental activities for Rolling Hills Local School District in fiscal year 2005.

While the School District operates a tight budget, revenue sources are not projected to keep pace with expenses. In addition, the passage of any future levies would cause the School District to lose State funding through GAP Aid. Enrollment also is a factor in the finances of the School District. The School District lost approximately \$370,000 in outgoing open enrollment in fiscal year 2005.

Instructional programs comprise approximately 58 percent of total governmental program expenses. Of the instructional expenses, approximately 78 percent is for regular instruction, 18 percent for special instruction, and 4 percent for vocational instruction.

The Statement of Activities shows the cost of program services and the charges for services, grants, and contributions offsetting those services. Table 3 shows, for governmental activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements.

Other Non-Instructional Services	10,616	(1,515)	18,134	3,137
Extracurricular Activities	384,177	264,036	336,960	211,686
Interest and Fiscal Charges	131,660	131,660	166,512	166,512
Total Expenses	<u>\$19,057,362</u>	<u>\$15,407,457</u>	<u>\$18,045,155</u>	<u>\$14,677,182</u>

The dependence upon tax revenues and state subsidies for governmental activities is apparent, with 81 percent of the School District's activities being supported primarily through taxes and intergovernmental revenues. 19 percent of total governmental activities are supported by program revenues in the form of charges for services, operating grants, capital grants, and contributions.

The School District's Funds

The School District's governmental funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$17,939,280 and expenditures of \$18,998,568. The net change in fund balance for the year was most significant in the General Fund, a decrease of \$1,023,356. This net change indicates that the School District was not able to meet current obligations with current resources. The Debt Service Fund had total revenues of \$418,006 and total expenditures of \$570,447. The Debt Service fund balance decreased by \$102,441 from the previous year.

General Fund Budgeting Highlights

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund. However, estimated revenue and appropriation amendments were minimal throughout the year.

For the General Fund, even though budgeted revenues were immaterially different from actual revenues, the inadequate revenue for General Fund operations is apparent from the net change in fund balance, a decrease of \$985,558. The General Fund's ending unobligated cash balance was \$387,902 below the final budgeted amount.

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal year 2005, the School District had \$13,648,881 invested in land, land improvements, buildings and improvements, furniture and equipment, and vehicles. During fiscal year 2005, the School District purchased land improvements, buildings and improvements, and furniture and equipment. See Note 9 for additional information regarding capital assets.

Debt

At June 30, 2005, the School District had \$1,300,000 in 1985 general obligation bonds outstanding, \$325,000 due within one year. The bonds were issued for school facilities construction and improvements. The bonds will be fully repaid by fiscal year 2009. See Note 15 for more detailed information of the School District's debt.

Set-asides

For fiscal year 2005, Ohio law required school districts to set aside three percent of certain revenues for capital improvements and an additional three percent for textbooks and instructional materials. For fiscal year 2005, this amounted to \$304,104 for each set aside. For fiscal year 2005, the School District did not have qualifying disbursements or offsets exceeding the \$304,104 requirement for textbooks and instructional materials and capital improvements. Therefore, a portion of the requirement for textbooks and instructional materials and capital improvements would have been required to be set-aside and carried forward to future years if the School District would have had enough unrestricted resources for these amounts. See Note 19 for more detailed information of the School District's set-asides.

Economic Factors

The School District did not end fiscal year 2005 with a positive cash flow. This is the fifth straight year that the School District has experienced a negative cash flow. Based on the current financial situation, the School District will not be able to maintain current program and staffing levels. However, the School District's five year forecast is forecasting a \$117,904 deficit at the end of fiscal year 2006. The School District placed an emergency replacement levy on the May 2006 ballot with increased millage to generate approximately \$1,800,000 annually. This levy failed. Based on these factors, the board of education and administration of the School District must maintain careful financial planning and prudent fiscal management in order to ensure the future financial stability of the School District.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have any questions about this report or need additional financial information contact Jeffrey Walters, Treasurer/CFO at Rolling Hills Local School District, P.O. Box 38, Byesville, Ohio 43723.

*Reconciliation of the Net Change in Fund Balances of Governmental
 Funds to the Statement of Activities
 For the Fiscal Year Ended June 30, 2005*

Net Change in Fund Balances - Total Governmental Funds (\$1,059,288)

Amounts reported for governmental activities in the statement of activities are different because of the following:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current period:

Capital Assets Additions	406,306	
Current Year Depreciation	<u>(573,488)</u>	(167,182)

Revenues on the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds:

Property Taxes	137,868	
Tuition and Fees	78	
Intergovernmental	<u>(17,014)</u>	120,932

Governmental funds only report the disposal of capital assets to the extent proceeds are received.

In the statement of activities, a loss has been reported which represents the net carrying value of the assets since no amount was received from the disposal. (19,983)

Some expenses reported on the statement of activities do not require the use of current financial resources, therefore, are not reported as expenditures in governmental funds:

Intergovernmental Payable	161,552	
Special Termination Benefits	20,000	
Compensated Absences	<u>(47,735)</u>	133,817

Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. 425,000

In the statement of activities, interest is accrued on outstanding bonds and notes, whereas in governmental funds, an interest expenditure is reported when due. 2,765

The internal service fund used by management to charge the costs of insurance to individual funds is not reported in the district-wide statement of activities. The net change of the internal service fund is reported with governmental activities. (424,975)

Change in Net Assets of Governmental Activities (\$988,914)

Rolling Hills Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2005

Note 1 - Description of the School District and Reporting Entity

Rolling Hills Local School District (the "School District") is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio.

The School District operates under a locally-elected five member Board of Education. The School District provides educational services as authorized by its charter and further mandated by state and federal agencies. This Board controls the School District's six instructional support facilities staffed by 92 classified employees and 145 certificated teaching and administrative personnel who provide services to 2,234 students.

Reporting Entity

A reporting entity is composed of the primary government, component units, and other organizations that are included to insure that the financial statements of the School District are not misleading. The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For Rolling Hills Local School District, this includes general operations, food service, and student related activities of the School District.

Community Christian School operates within the School District boundaries. Current state legislation provides funding to this parochial school. These monies are received and disbursed by the School District on behalf of the parochial school and transportation is provided to their students. This activity is reflected in the Auxiliary Services Special Revenue Fund for financial reporting purposes.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt, or the levying of taxes. The School District has no component units.

The School District participates in five jointly governed organizations and two group insurance purchasing pools. These organizations are the Ohio Mid-Eastern Regional Educational Service Agency (OME-RESA), the Mid-East Career and Technology Centers, the Metropolitan Educational Council, the East Central Ohio Special Education Regional Resource Center, the Coalition of Rural and Appalachian Schools, the Ohio School Boards Association Workers' Compensation Group Rating Plan, and the Ohio School Plan. Additional information concerning these organizations is presented in Notes 16 and 17.

Note 2 - Summary of Significant Accounting Policies

The financial statements of the School District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School District also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its governmental activities and to its internal service fund provided they do not conflict with or contradict GASB pronouncements. The more significant of the School District's accounting policies are described below.

Rolling Hills Local School District, Ohio

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2005

A. Basis of Presentation

The School District's basic financial statements consist of government-wide statements, including a Statement of Net Assets and a Statement of Activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements The Statement of Net Assets and the Statement of Activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is eliminated to avoid "doubling up" revenues and expenses. These statements usually distinguish between those activities of the School District that are governmental (primarily supported by fees and charges). The School District, however; has no business-type activities.

The Statement of Net Assets presents the financial condition of the governmental activities of the School District at fiscal year end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department, and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants, and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the School District.

Fund Financial Statements During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

B. Fund Accounting

The School District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary, and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The General Fund and the Debt Service Fund are the major funds of the School District.

General Fund The General Fund is the operating fund of the School District and is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Fund The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, bond/loan principal, interest, and related costs.

Rolling Hills Local School District, Ohio

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2005

The other governmental funds of the School District account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Fund Type Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position, and cash flows. Proprietary funds are classified as enterprise or internal service; the School District has no enterprise funds.

Medical-Dental-Prescription Self-Insurance Internal Service Fund The internal service fund accounts for the financing of services provided by one department or agency to other departments or agencies of the School District on a cost reimbursement basis. The School District's only internal service fund accounts for the operation of the School District's self-insurance program for employee medical/surgical, dental, and prescription drug claims.

Fiduciary Fund Types Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the School District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the School District's own programs. The School District's private purpose trust fund accounts for a college scholarship program for eligible students. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The School District's agency funds accounts for faculty and student managed activities and payroll withholdings.

C. Measurement Focus

Government-wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the School District are included on the Statement of Net Assets. The Statement of Activities presents increases (i.e. revenues) and decreases (i.e. expenses) in total net assets.

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, the proprietary fund is accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of this fund are included on the Statement of Fund Net Assets. The Statement of Changes in Fund Net Assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The Statement of Cash Flows provides information about how the School District finances and meets the cash flow needs of its proprietary activity.

The private purpose trust fund is reported using the economic resources measurement focus.

Rolling Hills Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2005

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-Exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within 60 days of fiscal year end.

Nonexchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 7). Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the School District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year end: property taxes available as an advance, interest, tuition, grants, fees, and rentals.

Deferred Revenue Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of June 30, 2005, but which were levied to finance fiscal year 2006 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Rolling Hills Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2005

E. Cash and Cash Equivalents

To improve cash management, cash received by the School District is pooled. Monies for all funds, except the private purpose trust fund, are maintained in this pool. Individual fund integrity is maintained through the School District's records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents" on the financial statements.

The School District has a segregated bank account for monies held separate from the School District's central bank account. This account maintains voluntary payroll deductions associated with the School District's flexible spending program. This interest bearing depository account is presented on the financial statements as "Cash and Cash Equivalents in Segregated Accounts" since it is not deposited into the School District treasury.

During fiscal year 2005, investments were limited to nonnegotiable certificates of deposit which are reported at cost and STAROhio. STAROhio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price which is the price the investment could be sold for on June 30, 2005.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue credited to the General Fund during fiscal year 2005 amounted to \$34,914, which includes \$25,562 assigned from other School District funds.

Investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the School District are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months not purchased from the pool are reported as investments.

F. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2005, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the fiscal year in which services are consumed.

G. Inventory

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used.

Inventories of governmental funds consist of expendable supplies held for consumption and donated and purchased food held for resale.

H. Capital Assets

All of the School District's capital assets are general capital assets. General capital assets are those assets not specifically related to activities reported in proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide Statement of Net Assets but are not reported in the fund financial statements.

Rolling Hills Local School District, Ohio

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2005

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the fiscal year. The School District was able to estimate the historical cost for the initial reporting of assets by backtrending (i.e., estimating current replacement cost of the asset to be capitalized and using an

appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). Donated fixed assets are recorded at their fair market values as of the date received. The School District maintains a capitalization threshold of five thousand dollars. The School District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets, except land, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Land Improvements	10-20 years
Buildings and Improvements	5-50 years
Furniture and Equipment	5-20 years
Vehicles	10 years

I. Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans and unpaid amounts for interfund services are classified as "interfund receivables/payables". These amounts are eliminated on the Statement of Net Assets.

J. Restricted Assets

Assets are reported as restricted assets when limitations on their use change the normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, or laws of other government or imposed by law through constitutional provisions or enabling legislation.

K. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the School District will compensate the employees for the benefits through paid time off or some other means. A liability is recorded for vacation eligible employees after one year of service with the School District.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the School District has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at fiscal year end, taking into consideration any limits specified in the School District's termination policy. The School District records a liability for accumulated unused sick leave after seventeen years of current service for food service employees and nineteen years of current service for all other employees of the School District.

The entire compensated absences liability is reported on the government-wide financial statements.

Rolling Hills Local School District, Ohio

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2005

On the governmental fund financial statements, compensated absences are recognized as liabilities and expenditures to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "matured compensated absences payable" in the funds from which these payments will be paid.

L. Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. General obligation bonds are recognized as a liability on the governmental fund financial statements when due.

M. Interfund Transactions

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

N. Fund Balance Reserves

The School District reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and therefore are not available for appropriation or expenditure. Unreserved fund balance indicates that portion of fund equity which is available for appropriation in future periods. Fund equity reserves have been established for encumbrances, capital improvements, property taxes, bus purchases, and textbooks and instructional materials.

The reserve for property taxes represents taxes recognized as revenue under generally accepted accounting principles but not available for appropriation under State statute. The reserve for bus purchases represents State grant funds required to be utilized for the purchase of school buses. The reserves for capital improvements and textbooks and instructional materials represent amounts required to be set-aside by statute for capital acquisitions and improvements and the purchase of textbooks and instructional materials.

O. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net assets restricted for other purposes include resources restricted music and athletic programs and for set-aside requirements, and federal and state grants restricted to expenditures for specified purposes. The government-wide statement of net assets reports \$1,793,097 of restricted net assets. Of the restricted net assets, \$1,576,777 has resulted from enabling legislation.

Rolling Hills Local School District, Ohio

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2005

The School District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

P. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary fund. For the School District, these revenues are charges for services for self-insurance programs. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. Revenues and expenses not meeting this definition are reported as non-operating.

Q. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence.

R. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

S. Budgetary Data

All funds, other than agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution, and the certificate of estimated resources, which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and set annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of control has been established by the Board of Education at the fund level for all funds of the School District. Any budgetary modifications at this level may only be made by resolution of the Board of Education. The Treasurer has been authorized to further allocate appropriations to the function and object level within each fund. Advances in/out are not required to be budgeted since they represent a temporary cash flow resource and are not intended to be repaid.

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original budgeted amounts in the budgetary statement reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statement reflect the amounts in the final amended certificate of estimated resources in effect at the time the final appropriations were passed by the Board.

The appropriation resolution is subject to amendment by the Board throughout the fiscal year with the restriction that appropriations may not exceed estimated revenues. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board of Education during the fiscal year.

Rolling Hills Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2005

Note 3 - Change in Accounting Principles

For fiscal year ended June 30, 2005, the School District has implemented GASB Statement No. 40, "Deposit and Investment Risk Disclosures", and GASB Technical Bulletin No. 2004-02. "Recognition of Pension and Other Postemployment Benefit Expenditures/Expenses and Liabilities by Cost Sharing Employers", and early implemented GASB Statement No. 46, "Net Assets Restricted by Enabling Legislation".

GASB Statement No. 40 modifies the disclosures for deposits and investments. See Note 6 "Deposits and Investments" for required disclosures.

GASB Technical Bulletin No. 2004-02 addresses the amount that should be recognized as an expenditure/expense and as a liability each period by employers participating in a cost-sharing multiple-employer pension and other postemployment benefit (OPEB) plans. The implementation of this technical bulletin had no material effect on the School District's financial statements for the fiscal year ended June 30, 2004.

GASB Statement No. 46 clarifies how legal enforceability should be applied for determining restricted net assets, and had no material effect on the financial statements.

Note 4 - Accountability and Compliance

A. Accountability

Fund Deficits

Fund balances at June 30, 2005, included the following individual fund deficits:

General Fund	\$680,695
Other Governmental Funds:	
Food Service	91,237
Miscellaneous Local	84,666
District Managed Student Activities	12,419

The deficit in the General Fund was created by the lack of unrestricted resources to cover operations of the fund and also by the adjustment of accrued liabilities. The School District is currently monitoring its financial condition and is taking steps to increase revenues and reduce spending.

The deficit in the Food Service Special Revenue Fund is due in part to a deficit cash balance, as well as adjustments for accrued liabilities and a failure to adequately fund this program. The deficit in the District Managed Student Activities Special Revenue Fund is due in part to deficit cash balances as well as adjustments for accrued liabilities. The General Fund had insufficient cash to cover these deficit cash balances, which are recorded as interfund payables to the Classroom Facilities Maintenance Special Revenue Fund. The School District is planning in the future to increase lunch prices and to reduce personnel expenses to address the deficit in the Food Service Special Revenue Fund.

Rolling Hills Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2005

B. Compliance

The General Fund had original and final appropriations in excess of final estimated resources plus available balances for the fiscal year ended June 30, 2005 in the amounts of \$4,527 and \$4,835, respectively.

The following funds had expenditures plus encumbrances in excess of appropriations contrary to Section 5705.41, Revised Code:

General Fund	\$351,146
Special Revenue Funds:	
District Managed Student Activities	24,668
Miscellaneous State Grants	18,542
Food Service	11,562

The School District will more closely monitor budgetary procedures pertaining to violations of this nature in the future.

The School District should have Restricted Cash and Cash Equivalents on the balance sheet in the amount of \$479,123 for bus purchases and set-asides, but the School District does not have available unrestricted cash resources to cover these restrictions. The School District currently has a zero unrestricted cash balance in the General Fund.

Ohio Rev. Code Section 5705.10 provides that money paid into a fund must be used only for the purposes for which such fund has been established. As a result, a negative fund balance indicates that money from one fund was used to cover the expenses of another fund. The following funds had deficit cash fund balances contrary to Section 5705.10:

General Fund	\$98,643
Special Revenue Funds:	
District Managed Student Activities	11,800
Title I	12,317
Food Service	40,506

Note 5 - Budgetary Basis of Accounting

While the School District is reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual presented for the General Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are as follows:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).

Rolling Hills Local School District, Ohio

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2005

3. Encumbrances are treated as expenditures (budget basis) rather than as a reservation of fund balance (GAAP basis).
4. Advances in and advances out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the General Fund.

Net Change in Fund Balance	
GAAP Basis	(\$1,023,356)
Net Adjustment for Revenue Accruals	(101,110)
Net Adjustment for Expenditure Accruals	279,063
Beginning of Fiscal Year:	
Prepaid Items	168,903
End of Fiscal Year:	
Prepaid Items	(20,359)
Advances In	5,395
Encumbrances	(294,094)
Budget Basis	<u><u>(\$985,558)</u></u>

Note 6 - Deposits and Investments

Monies held by the School District are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the School District treasury. Active monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the School District can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States treasury, or any other obligation guaranteed as to principal and interest by the United States;

Rolling Hills Local School District, Ohio

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2005

2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in securities listed above;
4. Bonds and other obligations of the State of Ohio or Ohio local governments;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations;
7. The State Treasurer's investment pool (STAROhio);
8. Commercial paper and bankers acceptances if training requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Investments may only be made through specified dealers and institutions.

Deposits Custodial credit risk for deposits is the risk that in the event of bank failure, the School District will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, \$693,838 of the School District's bank balance of \$801,220 was exposed to custodial credit risk because it was uninsured and uncollateralized. Although all statutory requirements for the deposit of money had been followed, non-compliance with federal requirements could potentially subject the School District to a successful claim by FDIC.

The School District has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the School District or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

Investments As of June 30, 2005, the School District had monies invested in STAROhio. This investment is in an internal investment pool. The fair value of the investment in STAROhio is \$979,763 and has an average maturity of 33 days at fiscal year end.

Interest Rate Risk. The School District's investment policy addresses interest rate risk to the extent that it allows the Treasurer to invest funds to a maximum maturity of five years, and allows for the withdrawal of funds from approved public depositories or sell negotiable instruments prior to maturity in accordance with the law. State statute requires that an investment mature within five years from the date of purchase, unless matched to a specific obligation or debt of the School District, and that an investment must be purchased with the expectation that it will be held to maturity.

Rolling Hills Local School District, Ohio

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2005

Credit Risk. STAROhio carries a rating of AAAm by Standard and Poor's. Ohio law requires that STAROhio maintain the highest rating provided by at least one nationally recognized standard rating service. The School District has no investment policy that would further limit its investment choices.

Note 7 - Property Taxes

Property taxes are levied and assessed on a calendar year basis while the School District's fiscal year runs from July through June. First-half tax distributions are received by the School District in the second half of the fiscal year. Second-half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real property, public utility property, and tangible personal (used in business) property located in the School District. Real property tax revenues received in calendar year 2005 represent the collection of calendar year 2004 taxes. Real property taxes received in calendar year 2005 were levied after April 1, 2004, on the assessed values as of January 1, 2004, the lien date. Assessed values for real property taxes are established by State statute at thirty-five percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenues received in calendar year 2005 represent the collection of calendar year 2004 taxes. Public utility real and tangible personal property taxes received in calendar year 2005 became a lien on December 31, 2003, were levied after April 1, 2004, and are collected with real property taxes. Public utility real property is assessed at thirty-five percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

Tangible personal property tax revenues received in calendar 2005 (other than public utility property) represent the collection of calendar year 2005 taxes. Tangible personal property taxes received in calendar year 2005 were levied after April 1, 2004, on the value as of December 31, 2004. Tangible personal property is currently assessed at twenty-five percent of true value for capital assets and twenty-three percent for inventory. Amounts paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semiannually. If paid annually, payment is due April 30; if paid semiannually, the first payment is due April 30, with the remainder payable by September 20. Tangible personal property taxes paid by April 30 are usually received by the School District prior to June 30.

The County Treasurer collects property taxes on behalf of all taxing districts in the county, including Rolling Hills Local School District. The School District receives property taxes from Guernsey, Muskingum, and Noble Counties. The County Auditors periodically advance to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2005, are available to finance fiscal year 2005 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable represents real property, public utility property, and tangible personal taxes which are measurable as of June 30, 2005 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 were levied to finance current fiscal year operations and are reported as revenue at fiscal year end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred revenue.

Rolling Hills Local School District, Ohio

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2005

At June 30, 2005, \$1,291,700 was available as an advance in the General Fund, \$21,074 was available in the Classroom Facilities Special Revenue Fund, and \$91,911 was available to the Debt Service Fund. The amount available as an advance at June 30, 2004, was \$1,235,870 in the General Fund, \$20,165 in the Classroom Facilities Special Revenue Fund, and \$103,972 in the Debt Service Fund.

On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue while on a modified accrual basis the revenue is deferred.

The assessed values upon which the fiscal year 2005 taxes were collected are:

	2004 Second- Half Collections		2005 First- Half Collections	
	Amount	Percent	Amount	Percent
Agricultural/ Residential and Other Real Estate	\$112,490,800	61.41%	\$132,067,250	66.54%
Public Utility Personal	10,284,180	5.61%	10,315,310	5.20%
Tangible Personal Property	60,421,420	32.98%	56,088,797	28.26%
Total	\$183,196,400	100.00%	\$198,471,357	100.00%

Tax rate per \$1,000 of assessed valuation	\$32.65	\$29.10
---	---------	---------

Note 8 - Receivables

Receivables at June 30, 2005, consisted of property taxes, accounts (rent and student fees), and intergovernmental grants. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current year guarantee of federal funds. All receivables are expected to be collected within one year.

A summary of principal items of intergovernmental receivables follows:

General Fund	
CAFS Reimbursement	\$21,516
Excess Cost Reimbursement	38,882
General Fund	<u>60,398</u>
Other Governmental Funds	
IDEA Part B Grant	110,706
Title I Grant	137,546
Title V Grant	3,423
Title II-A Grant	46,161
Title II-D Grant	3,504
Safe and Drug Free Schools Grant	9,291
Summer Intervention Grant	27,914
School Breakfast/Lunch Reimbursement	56,771
Other Governmental Funds	<u>395,316</u>
Total	<u><u>\$455,714</u></u>

Rolling Hills Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2005

Note 9 - Capital Assets

Capital asset activity for the fiscal year ended June 30, 2005, was as follows:

	Balance June 30, 2004	Additions	Deletions	Balance June 30, 2005
Nondepreciable Capital Assets				
Land	\$218,502	\$0	(\$4,000)	\$214,502
Depreciable Capital Assets				
Land Improvements	298,585	215,021	0	513,606
Buildings and Improvements	17,721,660	112,462	(5,895)	17,828,227
Furniture and Equipment	1,558,168	78,823	(41,324)	1,595,667
Vehicles	1,509,479	0	0	1,509,479
Total at Historical Cost	<u>21,087,892</u>	<u>406,306</u>	<u>(47,219)</u>	<u>21,446,979</u>
Less Accumulated Depreciation				
Land Improvements	(110,343)	(21,499)	0	(131,842)
Buildings and Improvements	(5,543,882)	(367,865)	2,388	(5,909,359)
Furniture and Equipment	(1,132,492)	(62,917)	28,848	(1,166,561)
Vehicles	(683,631)	(121,207)	0	(804,838)
Total Accumulated Depreciation	<u>(7,470,348)</u>	<u>(573,488)*</u>	<u>31,236</u>	<u>(8,012,600)</u>
Depreciable Capital Assets, Net of Accumulated Depreciation	<u>13,617,544</u>	<u>(167,182)</u>	<u>(15,983)</u>	<u>13,434,379</u>
Governmental Activities Capital Assets, Net	<u>\$13,836,046</u>	<u>(\$167,182)</u>	<u>(\$19,983)</u>	<u>\$13,648,881</u>

* Depreciation expense was charged to governmental functions as follows:

Rolling Hills Local School District, Ohio

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2005

Instruction:	
Regular	\$183,592
Special	16,933
Vocational	7,357
Support Services:	
Pupils	36,364
Instructional Staff	46,337
Administration	25,904
Fiscal	3,679
Operation of Maintenance and Plant	38,698
Pupil Transportation	152,553
Central	3,679
Extracurricular	27,934
Operation of Non-Instructional Services:	
Food Service Operations	<u>30,458</u>
 Total Depreciation Expense	 <u><u>\$573,488</u></u>

Note 10 - Interfund Transfers and Balances

Transfers made during fiscal year 2005 consist of the following transfers in and out:

	<u>Transfers In</u>	<u>Transfers Out</u>
General	\$0	\$200,000
Food Service	50,000	0
District Managed Student Activity	100,000	0
Bond Retirement	50,000	0
Total	<u>\$200,000</u>	<u>\$200,000</u>

The transfers to the Food Service and District Managed Student Activity Special Revenue Funds were made to help subsidize the operations of these activities and to move unrestricted monies to support these programs accounted for in separate funds. The transfer to the Bond Retirement fund was made to cover a portion of the energy conversation notes payment.

Interfund balances at June 30, 2005, consist of the following individual fund receivables and payables:

	<u>Interfund Receivable</u>		
	<u>General</u>	<u>Other Governmental</u>	<u>Total</u>
	<u>Fund</u>	<u>Funds</u>	<u>All Funds</u>
<u>Interfund Payable</u>			
General Fund	\$0	\$98,643	\$98,643
Other Governmental Funds	90,000	64,623	154,623
Total	<u>\$90,000</u>	<u>\$163,266</u>	<u>\$253,266</u>

Rolling Hills Local School District, Ohio

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2005

The General Fund advanced \$90,000 to the Miscellaneous Local Special Revenue Fund to cover expenditures as needed during fiscal year 2004. The advance did not get repaid during fiscal year 2005 and it is the intent of the School District to pass a resolution to reclass this advance to a transfer during fiscal year 2006. The interfund receivables reported in Other Governmental Funds are for cash advances to the General Fund and the Food Service, Title I, and District Managed Student Activities Special Revenue Funds. These cash advances to offset negative cash balances were created for reporting purposes.

Note 11 - Risk Management

A. Property and Liability

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2005, the School District contracted with Indiana Insurance, through Kennedy Insurance Agency, for property and fleet insurance. During fiscal year 2005, the School District joined together with other school districts in Ohio to participate in the Ohio School Plan (OSP), a public entity insurance purchasing pool. Each individual school district enters into an agreement with the OSP and its premium is based on types of coverage, limits of coverage, and deductibles that it selects. The School District pays this annual premium to the OSP. (See Note 17) Coverage provided is as follows:

<u>Indiana Insurance Company</u>		
Commercial Property Coverage Blanket	\$42,477,806	
Equipment Breakdown Coverage	\$125,000	
Commercial Crime Coverage	\$5,000	
Computer Equipment Coverage	\$100,000	\$250 deductible
Commercial Inland Marine Coverage	\$377,391	\$250 deductible
Fleet Insurance:		
Liability	\$2,000,000	any one accident
Auto Medical Payments	\$5,000	any one accident
Uninsured Motorists	\$1,000,000	any one accident
Comprehensive	Cash Value	
Collision	Cash Value	\$500 deductible
<u>Ohio School Plan</u>		
General Liability:		
Bodily Injury and Property Damage	\$1,000,000	each occurrence
Personal and Advertising Injury	\$1,000,000	each offense
Fire Damage	\$500,000	any one event
Medical Expense	\$10,000	each accident
General Aggregate	\$3,000,000	
Products Aggregate	\$1,000,000	
Employee Benefits Liability	\$1,000,000	
Aggregate	\$3,000,000	
Employers' Liability	\$1,000,000	
Errors and Omissions	\$1,000,000	\$2,500 deductible
Aggregate	\$2,000,000	\$2,500 deductible
Employment Practices	\$1,000,000	\$2,500 deductible
Aggregate	\$2,000,000	\$2,500 deductible
Excess Liability Coverage	\$2,000,000	

Rolling Hills Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2005

Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. There has been no significant reduction in insurance coverage from coverage in fiscal year 2005.

B. Workers' Compensation

For fiscal year 2005, the School District participated in the Ohio School Boards Association Workers' Compensation Group Rating Plan (GRP), an insurance purchasing pool (Note 17). The intent of the GRP is to achieve the benefit of a reduced premium for the School District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of the GRP. A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund". This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria. The firm of Gates McDonald & Co. provides administrative, cost control and actuarial services to the GRP.

C. Employee Medical Benefits

The School District has elected to provide employee medical/surgical, dental, and prescription drug benefits through a self-insured plan. Medical Benefits serves as claims servicer for this coverage. The claims liability of \$250,400 reported in the internal service fund at June 30, 2005 is based on an estimate provided by the third party administrator and the requirements of Governmental Accounting Standards Board Statement No. 30, which requires that a liability for unpaid claim costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses.

Changes in the fund's claims liability amount in fiscal years 2004 and 2005 were:

	Balance at Beginning of Year	Current Year Claims	Claim Payments	Balance at End of Year
2004	\$233,500	\$2,414,297	\$2,396,397	\$251,400
2005	251,400	2,540,579	2,541,579	250,400

Note 12 - Employee Benefits

A. Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified employees and administrators who are contracted to work 260 days per year earn ten to twenty-five days of vacation per fiscal year, depending upon length of service. Vacation can be accumulated to one year's worth of accrual plus ten days. Accumulated, unused vacation time, is paid to classified employees and administrators upon termination of employment. Teachers and administrators who work less than an eleven or twelve month basis do not earn vacation time.

Rolling Hills Local School District, Ohio

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2005

Teachers, administrators, and classified employees earn sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of 240 days for certified employees, 240 days for classified employees and 260 days for administrators. Upon retirement, all employees receive payment for one-fourth of their total sick leave accumulation.

B. Insurance

The School District provides life insurance and accidental death and dismemberment insurance to all full-time employees through Anthem Life Insurance Company in the amount of \$50,000.

Note 13 - Defined Benefit Pension Plans

A. School Employees Retirement System

The School District contributes to the School Employees Retirement System (SERS), a cost-sharing multiple-employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by State statute per Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3476 or by calling (614)222-5853.

Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute at an actuarially determined rate. The current School District rate is 14 percent of annual covered payroll. A portion of the School District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2005, 10.57 percent of annual covered salary was the portion used to fund pension obligations. For fiscal year 2004, 9.09 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board. The School District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2005, 2004, and 2003, were \$253,594, \$233,471, and \$168,347, respectively; 44 percent has been contributed for fiscal year 2005 and 100 percent for fiscal years 2004 and 2003.

B. State Teachers Retirement System

The School District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371, by calling (614) 227-4090, or by visiting the STRS Ohio Web site at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5% of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan.

Rolling Hills Local School District, Ohio

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2005

DC and Combined Plan members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or Combined Plan. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DB Plan into the DC Plan or the Combined Plan. This option expired on December 31, 2001. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2005, plan members are required to contribute 10 percent of their annual covered salaries. The School District is required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School District's required contributions for pension obligations to the DB Plan for the fiscal years ended June 30, 2005, 2004, and 2003, were \$935,688, \$950,270, and \$856,427 respectively; 82 percent has been contributed for fiscal year 2005 and 100 percent for fiscal years 2004 and 2003. Contributions to the DC and Combined Plans for fiscal year 2005 were \$157 made by the School District and \$3,461 made by the plan members.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System have an option to choose Social Security or the School Employees Retirement System/State Teachers Retirement System. As of June 30, 2005 one member of the Board of Education elected Social Security. The Board's liability is 6.2 percent of wages paid.

Note 14 - Postemployment Benefits

The School District provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System (STRS), and to retired non-certificated employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs, and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are funded on a pay-as-you-go basis.

All STRS benefit recipients and sponsored dependents are eligible for health care coverage. The STRS Board has statutory authority over how much, if any, of the health care cost will be absorbed by STRS. Most benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS funds is included in the employer contribution rate, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2005, the STRS Board allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. For the School District, this amount equaled \$71,976 for fiscal year 2005.

Rolling Hills Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2005

STRS pays health care benefits from the Health Care Stabilization Fund. At June 30, 2004, (the latest information available) the balance in the Fund was \$3.1 billion. For the year ended June 30, 2004, net health care costs paid by STRS were \$268,739,000 and STRS had 111,853 eligible benefit recipients.

For SERS, coverage is made available to service retirees with ten or more fiscal years of qualifying service credit, and to disability and survivor benefit recipients. Members retiring on or after August 1, 1989, with less than twenty-five years of service credit must pay a portion of their premium for health care. The portion is based on years of service up to a maximum of 75 percent the premium.

After the allocation for basic benefits, the remainder of the employer's 14 percent contribution is allocated to providing health care benefits. For the fiscal year ended June 30, 2005, employer contributions to fund health care benefits were 3.43 percent of covered payroll, a decrease of 1.48 percent from fiscal year 2004. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2005, the minimum pay has been established at \$27,400. However, the surcharge is capped at 2 percent of each employer's SERS salaries. For the School District, the amount contributed to fund health care benefits, including the surcharge, during the 2005 fiscal year equaled \$118,785.

The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level for the health care fund. The target level for the health care reserve is 150 percent of annual health care expenses. Expenses for health care at June 30, 2004, (the latest information available), were \$223,443,805 and the target level was \$335.2 million. At June 30, 2004, SERS had net assets available for payment of health care benefits of \$300.8 million. SERS has approximately 62,000 participants receiving health care benefits.

Note 15 - Long-Term Obligations

The changes in the School District's long-term obligations during the year consist of the following:

	Outstanding 6/30/2004	Additions	Reductions	Outstanding 6/30/2005	Amounts Due Within One Year
Governmental Activities					
1985 School Facilities Improvement - 9% General Obligation Bonds	\$1,625,000	\$0	\$325,000	\$1,300,000	\$325,000
1995 Energy Conservation Loan - 5.60%	100,000		100,000	0	0
Compensated Absences Payable	825,595	116,088	68,353	873,330	148,350
Total Governmental Activities					
Long-Term Liabilities	<u>\$2,550,595</u>	<u>\$116,088</u>	<u>\$493,353</u>	<u>\$2,173,330</u>	<u>\$473,350</u>

The 1985 School Facilities Improvement bonds were originally issued in the amount of \$7,435,000 for the purpose of constructing a high school, together with necessary parking, access roads and landscaping; acquiring and improving an existing school building; remodeling, improving and making additions to existing school buildings; and providing a sewage treatment plant, water service, furnishings and equipment for such school buildings. The bonds are being retired by the debt service fund from the collection of property taxes.

Rolling Hills Local School District, Ohio

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2005

The 1995 Energy Conservation Loan was originally issued in the amount of \$999,000 for the purpose of modifying and remodeling school buildings to reduce energy consumption. Property taxes are being utilized for the payment of this obligation from the Debt Service Fund.

Compensated absences will be paid from the fund in which the employees' salaries are paid. These funds include the General Fund and the Food Service, Miscellaneous State Grants, Title I, and Miscellaneous Federal Grants Special Revenue Funds.

Principal and interest requirements to retire the long-term general obligation bonds outstanding at June 30, 2005, are as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2006	\$325,000	\$102,375	\$427,375
2007	325,000	73,125	398,125
2008	325,000	43,875	368,875
2009	325,000	14,625	339,625
Totals	<u>\$1,300,000</u>	<u>\$234,000</u>	<u>\$1,534,000</u>

The overall debt margin of the School District as of June 30, 2005, was \$17,217,422, with an unvoted debt margin of \$198,471.

Note 16 - Jointly Governed Organizations

A. Ohio Mid-Eastern Regional Educational Service Agency

The Ohio Mid-Eastern Regional Educational Service Agency (OME-RESA) was created as a regional council of governments pursuant to State statutes. OME-RESA includes school districts from 11 participating counties consisting of Belmont, Carroll, Columbiana, Coshocton, Guernsey, Harrison, Jefferson, Monroe, Muskingum, Noble, and Tuscarawas Counties. OME-RESA provides financial accounting services, educational management information, and cooperative purchasing services to member districts. OME-RESA is governed by a governing board which is selected by the member districts. OME-RESA possesses its own budgeting authority. The School District's payment for computer services to OME-RESA in fiscal year 2005 was \$51,202. To obtain financial information write to the Ohio Mid-Eastern Regional Educational Service Agency, Karen Blake, Treasurer, at 2023 Sunset Blvd., Steubenville, Ohio 43952.

B. Mid-East Career and Technology Centers

The Mid-East Career and Technology Centers is a jointly governed organization providing vocational services to its thirteen member school districts. The Vocational School is a distinct political subdivision of the State of Ohio operated under the direction of a Board consisting of one member from each of the participating school district's boards. The board possesses its own budgeting and taxing authority. The continued existence of the vocational school is not dependent on the District's continued participation and no equity interest exists. To obtain financial information write to the Mid-East Career and Technology Centers, Rick White, Treasurer, at 1965 Chandlersville Road, Zanesville, Ohio 45701.

Rolling Hills Local School District, Ohio

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2005

C. Metropolitan Educational Council

The School District participates in the Metropolitan Educational Council (MEC), a jointly governed organization. The organization is composed of over 100 members which includes school district, joint vocational schools, educational service centers, and libraries covering 24 counties in Central Ohio. The MEC helps its members purchase services, insurances, supplies and other items at a discounted rate. The governing board of MEC is composed of either the superintendent, a designated representative or a member of the board of education for each participating school district in Franklin County (18 school districts) and one representative from each county. Each year, the participating school districts pay a membership fee to MEC to cover the cost of administering the program. The School District's membership payment to MEC for fiscal year 2005 was \$845. Financial information may be obtained from the Metropolitan Educational Council, Denise Music, who serves as fiscal officer, at 6100 Channingway Blvd, Suite 604, Columbus, Ohio 43232.

D. East Central Ohio Special Education Regional Resource Center (ECO SERRC)

The School District participates in East Central Ohio Special Education Regional Resource Center (ECO SERRC), which is a special education regional resource center that selects its own board, adopts its own budget, and receives direct federal and state grants for its operation. The jointly governed organization was formed for the purpose of initiating, expanding, and improving special education programs and services for children with disabilities and their parents. The ECO SERRC is governed by a board composed of superintendents of member school districts in east central Ohio, parents of children with disabilities, representatives of chartered non-public schools, representatives of county boards of MR/DD, and representatives of universities. The degree of control exercised by any participating school district is limited to its representation on the Board. There is no financial commitment made by the districts involved in ECO SERRC. ECO SERRC is not dependent upon the continued participation of the School District and the School District does not maintain an equity interest in or financial responsibility for ECO SERRC. During fiscal year 2005, the School District paid \$4,975 to ECO SERRC. Financial information can be obtained by contacting Julie A Lynch, Treasurer at the Tuscarawas-Carroll-Harrison Education Service Center, 172 North Broadway, New Philadelphia, Ohio 44663.

E. Coalition of Rural and Appalachian Schools

The School District participates in the Coalition of Rural and Appalachian Schools, a jointly governed organization including 131 school districts and other educational institutions in the 33-county region of Ohio designated as Appalachia. The Coalition is operated by a board which is composed of seventeen members. The board members consist of one member elected and one member appointed from each of the seven regions into which the 33 Appalachian counties are divided; and three from the Ohio University College of Education. The Coalition provides various in-service functions for school district administrative personnel; gathers data regarding conditions of education in the region; cooperates with other professional groups to assess and develop programs designed to meet the needs of member districts; and provides staff development programs for school district personnel. The Coalition is not dependent on the continued participation of the School District and the School District does not maintain an equity interest in or financial responsibility for the Coalition. During fiscal year 2005, the School District paid \$300 to the Coalition.

Rolling Hills Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2005

Note 17 - Insurance Purchasing Pools

A. Ohio School Boards Association Workers' Compensation Group Rating Plan

The School District participates in the Ohio School Boards Association Workers' Compensation Group Rating Plan (GRP), an insurance purchasing pool. The GRP's business and affairs are conducted by a three member Board of directors consisting of the President, the President-Elect and the Immediate Past President of the OSBA. The Executive Director of the OSBA, or his designee, serves as coordinator of the program. Each year, the participating school districts pay an enrollment fee to the GRP to cover the costs of administering the program.

B. Ohio School Plan

The School District participates in the Ohio School Plan (OSP), an insurance purchasing pool. The Ohio School Plan (OSP) is created and organized pursuant to and as authorized by Section 2744.081 of the Ohio Revised Code. The OSP is an unincorporated, non-profit association of its members and an instrumentality for each member for the purpose of enabling members of the Plan to provide for a formalized, joint insurance purchasing program to maintain adequate insurance protection, risk management programs and other administrative services. The OSP's business and affairs are conducted by a fifteen member Board of directors consisting of school district superintendents and treasurers, as well as the president of Harcum-Hyre Insurance Agency, Inc. and a partner of the Hylant Group, Inc. Hylant Group, Inc. is the Administrator of the OSP and is responsible for processing claims. Harcum-Hyre Insurance Agency, Inc. is the sales and marketing representative, which establishes agreements between OSP and member schools.

Note 18 - Contingencies

A. Grants

The School District received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School District at June 30, 2005.

B. Litigation

The School District is currently not a party to any legal proceedings.

Note 19 - Set Asides

The School District is required by State statute to annually set-aside in the General Fund an amount based on a statutory formula for the purchase of textbooks and other instructional materials and an equal amount for the acquisition and construction of capital improvements. Amounts not spent by year end or offset by similarly restricted resources received during the year must be held in cash at year end and carried forward to be used for the same purposes in future years.

Rolling Hills Local School District, Ohio

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2005

Senate Bill 345, effective April 10, 2001, eliminated future set-aside requirements for budget stabilization, reduced requirements related to the current set-aside, and placed restrictions on current budget stabilization money relating to workers' compensation refunds.

The following cash basis information describes the change in the fiscal year end set-aside amounts for textbooks, capital acquisition, and budget stabilization. Disclosure of this information is required by State statute.

	<u>Textbooks</u>	<u>Capital Improvements</u>	<u>Budget Stabilization</u>
Set-aside Reserve Balance as of June 30, 2004	\$191,275	\$0	\$67,981
Current Year Set-aside Requirement	304,104	304,104	0
Current Year Offsets	0	(85,359)	0
Qualifying Disbursements	<u>(134,371)</u>	<u>(118,487)</u>	<u>(67,981)</u>
Total	<u>\$361,008</u>	<u>\$100,258</u>	<u>\$0</u>
Set-aside Balance Carried Forward to Future Fiscal Years	<u>\$361,008</u>	<u>\$100,258</u>	<u>\$0</u>

The accompanying Notes to the Schedule of Federal Awards Receipts and Expenditures are an integral part of this Schedule.

**ROLLING HILLS LOCAL SCHOOL DISTRICT
GUERNSEY COUNTY**

**NOTES TO SCHEDULE OF FEDERAL AWARDS RECEIPTS AND EXPENDITURES
FOR THE FISCAL YEAR ENDED JUNE 30, 2005**

NOTE A – SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Federal Awards Receipts and Expenditures (the Schedule) summarizes the activity of the School District’s federal award programs. The Schedule has been prepared on the cash basis of accounting.

NOTE B – CHILD NUTRITION CLUSTER

Program regulations do not require the School District to maintain separate inventory records for purchased food and food received from the U.S. Department of Agriculture. This nonmonetary assistance (expenditures) is reported in the Schedule at the fair market value of the commodities received.

Cash receipts from the U.S. Department of Agriculture are commingled with State grants. It is assumed that federal monies are expended first.

NOTE C – MATCHING REQUIREMENTS

Certain Federal programs require the School District contribute non-Federal funds (matching funds) to support the Federally-funded programs. The School District has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

NOTE D - TRANSFERS

The Ohio Department of Education (ODE) requires School Districts to record grant funds carried over from one grant period to another grant period as a negative receipt in the original grant fund project-by-year line and as a positive receipt in the subsequent year project line. The Schedule reflects the following transfer due to ODE administrative action:

<u>CFDA Number</u>	<u>Pass-through Entity Number</u>	<u>Transfers-In</u>	<u>Transfers-Out</u>
84.027	047308-6BSF-2004		\$29,243

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Rolling Hills Local School District
Guernsey County
P.O. Box 38
Byesville, Ohio 43723

To the Board of Education:

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Rolling Hills Local School District, Guernsey County, Ohio (the School District), as of and for the year ended June 30, 2005, which collectively comprise the School District's basic financial statements and have issued our report thereon dated May 22, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School District's internal control over financial reporting to determine our auditing procedures in order to express our opinions on the basic financial statements and not to opine on the internal control over financial reporting. Our consideration of the internal control would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts material to the financial statements we audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider material weaknesses. In a separate letter to the School District's management dated May 22, 2006, we reported other matters involving internal control over financial reporting we did not deem reportable conditions.

Compliance and Other Matters

As part of reasonably assuring whether the School District's basic financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed instances of noncompliance or other matters that we must report under *Government Auditing Standards* which are described in the accompanying Schedule of Findings as items 2005-001 and 2005-002. In a separate letter to the School District's management dated May 22, 2006, we reported other matters related to noncompliance we deemed immaterial.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Rolling Hills Local School District
Guernsey County
P.O. Box 38
Byesville, Ohio 43723

To the Board of Education:

Compliance

We have audited the compliance of the Rolling Hills Local School District, Guernsey County, Ohio (the School District), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement that apply to each of its major federal programs for the year ended June 30, 2005. The Summary of Auditor's Results section of the accompanying Schedule of Findings identifies the School District's major federal programs. The School District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to the major federal program. Our responsibility is to express an opinion on the School District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the types of compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the School District's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the School District's compliance with those requirements.

In our opinion, the School District complied, in all material respects, with the requirements referred to above that apply to each of its major federal programs for the year ended June 30, 2005.

Internal Control over Compliance

The School District's management is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the School District's internal control over compliance with requirements that could directly and materially affect a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

743 E. State St. / Athens Mall Suite B / Athens, OH 45701
Telephone: (740) 594-3300 (800) 441-1389 Fax: (740) 594-2110
www.auditor.state.oh.us

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses. However, we noted a matter involving the internal control over federal compliance not requiring inclusion in this report, that we reported to the School District's management in a separate letter dated May 22, 2006.

We intend this report solely for the information and use of the audit committee, management, the Board of Education, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

**ROLLING HILLS SCHOOL DISTRICT
GUERNSEY COUNTY**

**SCHEDULE OF FINDINGS
OMB CIRCULAR A-133 § .505
FOR THE FISCAL YEAR ENDED JUNE 30, 2005**

1. SUMMARY OF AUDITOR'S RESULTS

(d)(1)(i)	Type of Financial Statement Opinion	Unqualified
(d)(1)(ii)	Were there any material control weakness conditions reported at the financial statement level (GAGAS)?	No
(d)(1)(ii)	Were there any other reportable control weakness conditions reported at the financial statement level (GAGAS)?	No
(d)(1)(iii)	Was there any reported material non-compliance at the financial statement level (GAGAS)?	Yes
(d)(1)(iv)	Were there any material internal control weakness conditions reported for major federal programs?	No
(d)(1)(iv)	Were there any other reportable internal control weakness conditions reported for major federal programs?	No
(d)(1)(v)	Type of Major Programs' Compliance Opinion	Unqualified
(d)(1)(vi)	Are there any reportable findings under § .510?	No
(d)(1)(vii)	Major Programs (list):	Title I Grants to Local Educational Agencies, CFDA #84.010 Special Education Grants to States, CFDA #84.027
(d)(1)(viii)	Dollar Threshold: Type A\B Programs	Type A: > \$ 300,000 Type B: all others
(d)(1)(ix)	Low Risk Auditee?	Yes

**ROLLING HILLS LOCAL SCHOOL DISTRICT
GUERNSEY COUNTY**

**SCHEDULE OF FINDINGS
OMB CIRCULAR A-133 § .505
FOR THE FISCAL YEAR ENDED JUNE 30, 2005
(Continued)**

**2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS**

FINDING NUMBER 2005-001

Noncompliance Citation

Ohio Rev. Code Section 5705.10 states, in part, money that is paid into a fund must be used only for the purposes for which such fund has been established. As a result, a negative fund balance indicates that money from one fund was used to cover the expenses of another fund.

At June 30, 2005, the following funds had negative cash fund balances in the following amounts:

Fund	Negative Balance
001- General	(\$392,828)
006 – Food Service	(51,277)
019 – Rotary	(30,044)
300 – Student Activities	(19,370)
460 – Student Intervention	(27,386)
572 – Title I	(12,454)
584 – Drug Free Schools	(1,486)
590 – Class Size Reduction	(30,741)

In addition, we noted instances throughout the year in which negative cash fund balances existed, as follows:

At November 30, 2004:

Fund	Negative Balance
001- General	(\$132,940)
006 – Food Service	(323,990)
019 – Rotary	(30,967)
459 – Ohio Reads	(8,197)
572 – Title I	(39,784)

At March 31, 2005:

Fund	Negative Balance
006 – Food Service	(\$254,432)
019 – Rotary	(39,003)
300 – Student Activities	(18,256)

We recommend the School District monitor fund balances and take corrective action such as advancing funds, if possible, and take actions to implement expenditure reduction plans.

GUERNSEY COUNTY**

**SCHEDULE OF FINDINGS
OMB CIRCULAR A-133 § .505
FOR THE FISCAL YEAR ENDED JUNE 30, 2005
(Continued)**

**2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS (Continued)**

FINDING NUMBER 2005-002

Noncompliance Citation

Ohio Rev. Code Section 5705.41 (B) prohibits subdivisions or taxing authorities from expending money unless it has been appropriated.

For the months tested during fiscal year 2005, the following funds had expenditures and commitments which exceeded appropriations at the legal level of control by the following amounts:

Fund	<u>Budgetary Expenditures in Excess of Appropriations and Prior Year Encumbrances</u>
November 30, 2004:	
401 – Auxiliary Services	(\$1,638)
432 – Management Info.	(3,021)
452 – Schoolnet Prof. Dev.	(1,679)
499-9205 – Safe School	(2,158)
599-9214 – Rural & Low Income	(31,845)
March 31, 2005:	
006 – Food Service	(\$40,206)
300 – Student Activities	(4,692)
440 – Entry Year Programs	(1,000)
460 – Summer Intervention	(14,631)
June 30, 2005:	
General	(\$351,239)
019 – Rotary	(8,927)
300 – Student Activities	(24,727)
401 – Auxiliary Services	(2,661)
447 – DPIA	(172)
459 – Ohio Reads	(22,384)
460 – Student Intervention	(51,358)
573 – Title VI	(298)
584 – Drug Free Schools	(14,390)
006 – Food Service	(11,562)

Failure to limit appropriations to the amount certified by the budget commission could result in overspending and negative cash balances. The Treasurer should deny any payment requests exceeding appropriations.

We did not receive a response from the Officials to the findings reported above.

3. FINDINGS FOR FEDERAL AWARDS

None

**ROLLING HILLS LOCAL SCHOOL DISTRICT
GUERNSEY COUNTY**

**SCHEDULE OF PRIOR AUDIT FINDINGS
OMB CIRCULAR A-133 § .315 (b)
