INDEPENDENT ACCOUNTANTS' REPORT

Toledo Academy of Learning
Lucas County
301 Collingwood Blvd.
Toledo, Ohio 43602

To the Governing Board:

We have audited the accompanying basic financial statements of the Toledo Academy of Learning, Lucas County (the Academy), as of and for the year ended June 30, 2005, as listed in the table of contents. These financial statements are the responsibility of the Academy's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Toledo Academy of Learning, Lucas County, as of June 30, 2005, and the changes in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 20, 2006, on our consideration of the Academy's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information the Governmental Accounting Standards Board requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to opine on the financial statements that collectively comprise the Academy's basic financial statements. The federal awards expenditure schedule is required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, but is not a required part of the basic financial statements. We subjected the federal awards expenditure schedule to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2005
UNAUDITED

The discussion and analysis of the Toledo Academy of Learning's (the Academy) financial performance provides an overall review of the Academy's financial activities for the fiscal year ended June 30, 2005. The intent of this discussion and analysis is to look at the Academy's financial performance as a whole; readers should also review the basic financial statements and notes to the basic financial statements to enhance their understanding of the Academy's financial performance.

The Management's Discussion and Analysis (MD&A) is an element of the new reporting model adopted by the Governmental Accounting Standard Board (GASB) in their Statement No. 34 Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Government issued June, 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

Financial Highlights

- In total, net assets decreased $4,308
- Total assets were $848,199
- Total liabilities were $159,731

Using this Financial Report

This report consists of three parts, the MD&A, the basic financial statements, and notes to those statements. The basic financial statements include a statement of net assets, a statement of revenues, expenses and changes in net assets, and a statement of cash flows.

Reporting the Academy as a Whole

One of the most important questions asked about the Academy is, "As a whole, what is the Academy's financial condition as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities, which appear first in the Academy's financial statements, report information on the Academy as a whole and its activities in a way that helps you answer this question. We prepare these statements to include all assets and liabilities, using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when the cash is received or paid.

These two statements report the Academy's net assets – the difference between assets and liabilities, as reported in the statement of net assets – as one way to measure the Academy's financial health or financial position. Over time, increases or decreases in the Academy's net assets – as reported in the Statement of Net Assets – are indicators of whether its financial health is improving or deteriorating. The relationship between revenues and expenses is the Academy's operating results. However, the Academy's goal is to provide services to our students, not to generate profits as commercial entities do. One must consider many other non-financial factors, such as the quality of the education provided and the safety of the school, to assess the overall health of the Academy.

The Statement of Net Assets and the Statement of Activities report the activities for the Academy, which encompass all of the Academy's services, including instruction, support services, and community services. Unrestricted state aid and state and federal grants finance most of these activities.

Table 1 provides a summary of the Academy's net assets for fiscal year 2005 and fiscal year 2004:

(Table 1)
Net Assets

	2005	2004

Unrestricted	518,135	492,693
Total Net Assets	$ 688,468	$ 692,776

Total assets increased $52,779, which represents a 6.64 percent increase from fiscal year 2004. While cash and cash equivalents increased by $266,917, total receivables decreased by $173,282. This was due to the receipt of fiscal year 2004 receivables in fiscal year 2005 for state and federal grants. Total liabilities increased by $57,087, which represents a 55.62 increase from 2004. There was an increase in accounts payable for various services performed in 2005 and an increase in intergovernmental payable for withholdings. The Academy's staff increased in 2005 causing an increase in the withholdings due. The Academy's net assets decreased by $4,308, represents a 0.62 percent decrease from 2004.

Table 2 shows the changes in net assets for fiscal year 2005 as compared to fiscal year 2004.

Increase in Net Assets	$ (4,308)	$ 300,755

There was an increase in revenues of $761,402, mainly due to the receipt of the 21st Century grant in fiscal year 2005 and foundation revenue increases based on enrollment. Of the increase in revenues, the foundation payments increased by $438,767. Community Schools receive no support from tax revenues.

Expenses increased by $1,066,465 from 2004. The expense for salaries increased $511,509, and the expense for fringe benefits increased $211,259 over fiscal year 2004. This was primarily due to the hiring of additional staff throughout the 2005 school year. Material and supplies expense increased $135,430, due to additional material and supplies purchases. Depreciation expense increased $2,379.

Capital Assets

At the end of fiscal year 2005, the Academy had $173,269 (net of $322,671 in accumulated depreciation) invested in leasehold improvements and furniture and equipment. Table 3 shows fiscal year 2005 balances compared to fiscal year 2004:

NOTE 1 – DESCRIPTION OF THE SCHOOL AND REPORTING ENTITY

Toledo Academy of Learning (the Academy) is a State nonprofit corporation established pursuant to Ohio Revised Code Chapters 3314 and 1702. The Academy is an approved tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Academy's tax-exempt status. The Academy's objective is to bridge the gap between families, educators, and the community to form a supportive network dedicated to fostering excellence and innovation in education. The developmental program is offered year-round for students in kindergarten through ninth grade who are average, at risk, special needs, or gifted. The Academy, which is part of the State's education program, is independent of any school district and is nonsectarian in its programs, admission policies, employment practices, and all other operations. The Academy may acquire facilities as needed and contract for any services necessary for the operation of the Academy.

The Academy was approved for operation under a contract with the Lucas County Educational Service Center (the Sponsor) for contracts commencing July 19, 1999. The Sponsor is responsible for evaluating the performance of the Academy and has the authority to deny renewal of the contract at its expiration or terminate the contract prior to its expiration. The sponsorship agreement states the Treasurer of Lucas County Educational Service Center shall serve as the Chief Financial Officer of the Toledo Academy of Learning (see note 9).

The Academy operates under the direction of a seven-member Governing Board. The Governing Board is responsible for carrying out the provisions of the contract which include, but are not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers. The Governing Board controls the Academy's one instructional/support facility staffed by 33 non-certified and 35 certificated full-time teaching personnel who provide services to 334 students.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Academy have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Academy also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its proprietary activities, provided they do not conflict with or contradict GASB pronouncements. The more significant of the Academy's accounting policies are described below.

A. Basis of Presentation

The Academy's basic financial statements consist of a statement of net assets, a statement of revenue, expenses, and changes in net assets, and a statement of cash flows. Enterprise fund reporting focuses on the determination of the change in net assets, financial position, and cash flows.

B. Measurement Focus

Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the statement of net assets. The statement of changes in net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the Academy finances and meets the cash flow needs of its enterprise activities.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. The Academy's financial statements are prepared using the accrual basis of accounting.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place.

Non-exchange transactions, in which the Academy receives value without directly giving equal value in return, include grants, entitlements, and donations. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the Academy must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Academy on a reimbursement basis.

Expenses are recognized at the time they are incurred.

D. Budgetary Process

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Revised Code Chapter 5705, unless specifically provided in the contract between the Academy and its sponsor. The contract between the Academy and its Sponsor does prescribe an annual budget requirement in addition to preparing a five-year forecast, which is to be updated on an annual basis.

E. Cash and Cash Equivalents

All monies received by the Academy are accounted for by the Academy's fiscal agent, the Lucas County Educational Service Center. All cash received by the fiscal agent is maintained in separate bank accounts in the Academy's name. Monies for the Academy are maintained in these accounts or temporarily used to purchase short-term investments.

For the purposes of the statement of cash flows and for presentation on the Statement of Net Assets, investments with original maturities of three months or less, at the time they are purchased by the Academy, are considered to be cash equivalents. During the year ended June 30, 2005, the Academy only had deposits.

F. Capital Assets and Depreciation

All capital assets are capitalized at cost and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The Academy maintains a capitalization threshold of five hundred dollars. The Academy does not possess any infrastructure.

Improvements are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

All reported capital assets are depreciated. Depreciation is computed using the straight-line method over the following useful lives:

Description	Estimated Lives
Leasehold Improvements	5 years
Furniture and Equipment	5 years

G. Intergovernmental Revenues

The Academy currently participates in the State Foundation Program, the State Disadvantaged Pupil Impact Aid (DPIA) Program, and the State Special Education Program. Revenues from these programs are recognized as operating revenues in the accounting period in which all eligibility requirements are met.

Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the Academy must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Academy on a reimbursement basis.

H. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2005, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expense is reported in the year in which services are consumed.

I. Security Deposits

The Academy entered into a lease for the use of the building for the administration and instruction of the Academy. Based on the lease agreement, a security deposit was required to be paid at the signing of the agreement. The amount, totaling $12,064, is held by the lessor.

J. Net Assets

Net assets represent the difference between assets and liabilities. Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

K. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activities. For the Academy, these revenues are primarily foundation payments from the state. Operating expenses are necessary costs incurred to provide the good or service that are the primary activity of the Academy. Revenues and expenses not meeting this definition are reported as non-operating.

L. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 3 – DEPOSITS

At fiscal year end June 30, 2005, the bank balance was $619,283. Based on the criteria described in GASB Statement No. 40, “Deposit and Investment Risk Disclosure,” as of June 30, 2005, $519,283 of the bank balance was exposed to custodial risk as discussed below, while $100,000 of the bank balance was covered by the Federal Depository Insurance Corporation.

Custodial credit risk is the risk that in the event of bank failure, the Academy will not be able to recover the deposits. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at the Federal Reserve Banks or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the Academy.

NOTE 4 - RECEIVABLES

Receivables at June 30, 2005, consisted of accounts and intergovernmental receivables arising from grants, entitlement and shared revenues. All receivables are considered collectible in full and will be received within one year.

A summary of the principal items of accounts and intergovernmental receivables follows:

Total Capital Assets Being Depreciated, Net	$ 203,638	$ (30,369)	$ -	$ 173,269

NOTE 6 - RISK MANAGEMENT

A. Property and Liability

The Academy is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2005, the Academy contracted with Cincinnati Insurance Company for general liability and property insurance and educational errors and omissions insurance.

Coverages are as follows:

Commercial Property ($1,000 deductible)	$ 940,000
Commercial General Liability per Occurrence	1,000,000
Commercial General Liability Aggregate	1,000,000
Commercial General Liability Personal & Advertising Injury	1,000,000
Teacher's Professional Liability per Occurrence	1,000,000
Teacher's Professional Liability Aggregate	1,000,000

The Academy owns no real estate, but leases a facility located at 301 Collingwood Boulevard, Toledo, Ohio (See Note 11).

B. Workers' Compensation

The Academy pays the State Workers' Compensation System a premium for employee injury coverage. The premium is calculated by multiplying the monthly total gross payroll by a factor that is calculated by the State.

C. Employee Medical, Dental, Vision, Prescription, and Life Benefits

The Academy has contracted with private carriers to provide employee medical, dental, vision, prescription, and life insurance to its full time employees who work 40 or more hours per week.

NOTE 7 - DEFINED BENEFIT PENSION PLANS

A. School Employees Retirement System

The Academy contributes to the School Employees Retirement System (SERS), a cost-sharing multiple-employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746 or by calling toll free 1-800-878-5853. It is also posted on the SERS website, www.ohsers.org, under Forms and Publications.

NOTE 7 - DEFINED BENEFIT PENSION PLANS – (Continued)

For the fiscal year ended June 30, 2005, plan members are required to contribute 10 percent of their annual covered salary and the Academy is required to contribute at an actuarially determined rate. The current Academy rate is 14 percent of annual covered payroll. A portion of the Academy's contribution is used to fund pension obligations with the remainder being used to fund health care benefits. For fiscal year 2005, 10.57 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board. The Academy's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2005, 2004, and 2003, were $54,333, $33,364, and $27,699, respectively; 100 percent has been contributed for fiscal years 2005, 2004, and 2003.

B. State Teachers Retirement System of Ohio

The Academy participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement system administered by the State Teachers Retirement Board. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. Benefits are established by Chapter 3307 of the Ohio Revised Code. STRS Ohio issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371.

New members have a choice of three retirement plans, a Defined Benefit Plan (DBP), a Defined Contribution Plan (DCP), and a Combined Plan (CP). The DBP plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DCP allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account.

Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DCP and the DBP. In the CP, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DBP. DCP and CP members will transfer to the DBP during their fifth year of membership unless they permanently select the DCP or CP. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DBP into the DCP or the CP. This option expired on December 31, 2001.

A DBP or CP member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DCP who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

NOTE 7 - DEFINED BENEFIT PENSION PLANS – (Continued)

For the fiscal year ended June 30, 2005, plan members were required to contribute 10 percent of their annual covered salaries. The Academy was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers.

The Academy's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2005, 2004, and 2003, were $147,296, $85,359, and $49,251, respectively; 69.69 percent has been contributed for fiscal year 2005 and 100 percent for fiscal years 2004 and 2003. The balance outstanding of $44,651 is reflected as an intergovernmental payable.

NOTE 8 - POSTEMPLOYMENT BENEFITS

The Academy provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System of Ohio (STRS Ohio) and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs, and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are on a pay-as-you-go basis.

STRS retirees who participated in the Defined Benefit Plan or the Combined Plan and their dependents are eligible for health care coverage. The STRS Ohio Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. All benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS Ohio funds is included in the employer contribution rate, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2005, the STRS Ohio Board allocated employer contributions equal to 1.0 percent of covered payroll to the Health Care Reserve Fund. For the Academy, this amount equaled $10,134 for fiscal year 2005.

STRS Ohio pays health care benefits from the Health Care Reserve Fund. At June 30, 2005, the balance in the Fund was $3.3 billion. For the year ended June 30, 2005, net health care costs paid by STRS Ohio were $254,780,000 and STRS Ohio had 115,400 eligible benefit recipients.

For SERS, coverage is made available to service retirees with ten or more fiscal years of qualifying service credit, and to disability and survivor benefit recipients. All members must pay a portion of their premium for health care. The portion is based on years of service, Medicare eligibility, and retirement status. A safety net is in place for retirees whose household income falls below federal poverty levels. Premiums are reduced by 50 percent for those who apply.

For the fiscal year ended June 30, 2005, employer contributions to fund health care benefits were 3.43 percent of covered payroll. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2005, the minimum pay was established at $27,400. For the Academy, the amount contributed to fund health care benefits, including the surcharge, during the 2005 fiscal year equaled $72,728.

NOTE 8 - POSTEMPLOYMENT BENEFITS – (Continued)

The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level for the health care fund. The target level for the health care reserve is 150 percent of the annual health care expenses. Expenses for health care for the fiscal year ended June 30, 2005, were $178,221,113. The target level for the health care fund is 150 percent of the projected claims less premium contributions for the next fiscal year. As of June 30, 2005, the value of the health care fund was $267.5 million, which is about 168 percent of next year's projected net health care costs of $158,776,151. On the basis of actuarial projections, the allocated contributions will be sufficient, in the long-term, to provide for a health care reserve equal to at least 150 percent of estimated annual net claim costs. SERS has approximately 58,123 participants currently receiving health care benefits.

NOTE 9 – FISCAL AGENT

The sponsorship agreement states the Treasurer of the Lucas County Educational Service Center shall serve as the Chief Financial Officer of the Academy. As part of this agreement, the Academy shall compensate the Lucas County Educational Service Center two percent (2%) of the per pupil allotment paid to the Academy from the State of Ohio. The amount paid to the Fiscal Agent for fiscal year 2005 totaled $59,024 in administrative fees and $13,222 in sponsorship fees. Liabilities totaling $4,909 were accrued for the year ended June 30, 2005.

The Treasurer of the Sponsor shall perform all of the following functions while serving as the Chief Financial Officer of the Academy:

- Maintain custody of all funds received by the Academy in segregated accounts separate from the Sponsor's or any other Community School's funds;

- Maintain all books and accounts of all funds of the Academy;

- Maintain all financial records of all state funds of the Academy and follow State Auditor procedures for receiving and expending state funds;

- Assist the Academy in meeting all financial reporting requirements established by the Auditor of Ohio;

- Invest funds of the Academy in the same manner as the funds of the Sponsor are invested, but the Treasurer shall not commingle the funds with any of the Sponsor or any other Community School; and

- Pay obligations incurred by the Academy within a reasonable amount of time, not more than 14 calendar days after receipt of a properly executed voucher signed by the Director of the Academy so long as the proposed expenditure is within the approved budget and funds are available.

NOTE 10 – PURCHASED SERVICES

For the period ended June 30, 2005, purchased service expenses were payments for services rendered as follows:

Professional and Technical Services	$ 281,336
Property Services	370,742
Travel Mileage/Meeting Expense	27,374
Communications	21,705
Utilities	2,031
Contracted Craft or Trade Services	110,766
Pupil Transportation Services	20,944
Total Purchased Services	$ 834,898

NOTE 11 – OPERATING LEASES

The Academy entered into a building lease agreement with NZB Limited Liability Company commencing September 1, 2001, through August 30, 2004, which was subsequently renewed for the period of September 1, 2004, through August 31, 2009. In April of 2003, the Academy acquired additional space with the same vendor. The base rent for the initial term is the sum of $519,544 payable in equal monthly installments of $12,064 during the first year and $15,616 per month during the second and third years of the leasehold term. The additional space is leased to the Academy for an extra $10,233 per month. Total payments made for fiscal year 2005 on this agreement was $364,694.

The following is a schedule of the future minimum payments required under the operating leases as of June 30, 2005:

Year Ending June 30,	Facility Rental
2006	377,592
2007	394,183
2008	409,838
2009	426,434
2010	106,956
Total	$ 1,715,003

NOTE 12 – CAPITALIZED LEASE – LESSEE DISCLOSURE

In August of 2003, the Academy entered into a capitalized lease for an upgrade to their security system. The lease meets the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, "Accounting for Leases," which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. The capital lease has been recorded at the present value of the future minimum lease payments as of the inception date. Payments due totaled $3,557 for the year; the Academy made payments totaling $2,676 with an overpayment from the prior year of $881.

NOTE 12 – CAPITALIZED LEASE – LESSEE DISCLOSURE – (Continued)

The following is a schedule of the future minimum lease payments required under the capital lease and the present value of the minimum lease payments as of June 30, 2005.

Fiscal Year Ending, June 30,		
2006	$	3,261
Total		3,261
Less: amount representing interest		(325)
Present value of minimum lease payments	$	2,936

NOTE 13 – STATE SCHOOL FUNDING DECISION

On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision reaffirmed earlier decisions that Ohio's current school-funding decision is unconstitutional.

The Supreme Court relinquished jurisdiction over the case and directed "…the Ohio General Assembly to enact a school-funding scheme that is thorough and efficient…."

The Academy is currently unable to determine what effect, if any, this decision will have on its future State funding and on its financial operations.

NOTE 14 - CONTINGENCIES

A. Grants

The Academy received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the Academy. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the Academy at June 30, 2005.

B. State Funding

The Ohio Department of Education reviews enrollment data and full time equivalency (FTE) calculations made by the schools. These reviews ensure the schools are reporting accurate student enrollment data of the State, upon which state foundation funding is calculated. For fiscal year 2005, the results of this review resulted in a decrease of $69,531. This amount was recorded as a payable on the financial statements. This amount will be deducted from the Academy's foundation settlement payment beginning in February 2006 until the balance is paid in full.

NOTE 14 – CONTINGENCIES – (Continued)

C. Litigation

A suit was filed in Franklin County Common Pleas Court on May 14, 2001, alleging that Ohio's Community (i.e., Charter) Schools program violates the state Constitution and state laws. On April 21, 2003, the Court dismissed the counts containing constitutional claims and stayed the other counts pending appeal of the constitutional issues. The plaintiffs appealed to the Court of Appeals, the issues have been briefed, and the case was heard on November 18, 2003. On August 24, 2004, the Court of Appeals rendered a decision that Community Schools are part of the state public educational system and this matter was sent to the Ohio Supreme Court. The Ohio Supreme Court accepted the appeal from the Court of Appeals for review on February 16, 2005. Oral arguments occurred November 29, 2005. The effect of this suit, if any, on the Academy is not presently determinable.

NOTE 15 – RELATED PARTY

The Academy's Governing Board entered into an employment contract with the Assistant Director. The Assistant Director's spouse is a member of the Governing Board, but abstains from voting on the Assistant Director's contract. Total payments to the Assistant Director during the audit period totaled $20,812.

NOTE 16 – SUBSEQUENT EVENT

On December 13, 2005, the Lucas County Educational Service Center (LCESC), the Academy's sponsor and fiscal agent, gave the Academy a 90-day written notice of non-renewal of the sponsorship contract, effective June 30, 2006, and the reasons for non-renewal. On May 15, 2006, the Academy entered into a sponsorship agreement with Richland Academy of the Arts (RAA), effective June 1, 2006. RAA and the Academy are still finalizing some of the attachments to the contract.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Toledo Academy of Learning
Lucas County
301 Collingwood Blvd.
Toledo, Ohio 43602

To the Governing Board:

We have audited the basic financial statements of the Toledo Academy of Learning, Lucas County, (the Academy), as of and for the year ended June 30, 2005, and have issued our report thereon dated June 20, 2006. We conducted our audit in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Academy's internal control over financial reporting to determine our auditing procedures in order to express our opinion on the financial statements and not to opine on the internal control over financial reporting. Our consideration of the internal control would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts material to the financial statements we audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider material weaknesses. In a separate letter to the Academy's management dated June 20, 2006, we reported other matters involving internal control over financial reporting we did not deem reportable conditions.

Compliance and Other Matters

As part of reasonably assuring whether the Academy's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could directly and materially effect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Toledo Academy of Learning
Lucas County
301 Collingwood Blvd.
Toledo, Ohio 43602

To the Governing Board:

Compliance

We have audited the compliance of the Toledo Academy of Learning, Lucas County, (the Academy), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement that apply to each of its major federal programs for the year ended June 30, 2005. The summary of auditor's results section of the accompanying schedule of findings identifies the Academy's major federal programs. The Academy's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the Academy's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the types of compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the Academy's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Academy's compliance with those requirements.

In our opinion, the Academy complied, in all material respects, with the requirements referred to above that apply to each of its major federal programs for the year ended June 30, 2005.

Internal Control over Compliance

The Academy's management is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Academy's internal control over compliance with requirements that could directly and materially affect a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

We intend this report solely for the information and use of management, the Governing Board, Sponsor, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.
