INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Toledo-Lucas County Public Library Lucas County 325 Michigan St. Toledo, Ohio 43624

To the Board of Trustees:

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Toledo-Lucas County Public Library, Lucas County, Ohio (the Library) as of and for the year ended December 31, 2005, which collectively comprise the Library's basic financial statements and have issued our report thereon dated May 30, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Library's internal control over financial reporting to determine our auditing procedures in order to express our opinions on the financial statements and not to opine on the internal control over financial reporting. Our consideration of the internal control would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts material to the financial statements we audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider material weaknesses.

Compliance and Other Matters

As part of reasonably assuring whether the Library's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

One Government Center / Room 1420 / Toledo, OH 43604-2246 Telephone: (419) 245-2811 (800) 443-9276 Fax: (419) 245-2484 www.auditor.state.oh.us Toledo-Lucas County Public Library Lucas County Independent Accountants' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards* Page 2

We intend this report solely for the information and use of the audit committee, management and the Board of Trustees. It is not intended for anyone other than these specified parties.

May 30, 2006

To the Citizens of Toledo and Lucas County and To the Board of Library Trustees of the Toledo-Lucas County Public Library

We are pleased to present our twelfth Comprehensive Annual Financial Report (CAFR) for the Toledo-Lucas County Public Library. This report, for the year ended December 31, 2005, contains the financial statements and other financial and statistical data that provide complete and full disclosure of all material financial aspects of the Toledo-Lucas County Public Library (the "Library"). This CAFR conforms to generally accepted accounting principles as applicable to governmental entities. The responsibility for the accuracy and completeness of all data presented, and the fairness of the presentation, rests with the Library, specifically the Finance Office.

This CAFR is divided into three sections as follows:

- 1. The Introductory Section contains the table of contents, letter of transmittal, a list of principal officials, organization chart of the Library, and the certificate of achievement.
- The Financial Section includes the Independent Accountants' Report, the Basic Financial Statements and Notes, which provide an overview of the Library's financial position and operating results, and the Combining Statements and Individual Fund Schedules, which provide detailed information about the Basic Financial Statements.
- The Statistical Section presents social and economic data and financial trend information.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Auditor of State Betty Montgomery's office has issued an unqualified opinion on the Toledo-Lucas County Public Library's basic financial statements for the year ended December 31, 2005. The Independent Accountants' Report is located at the front of the financial section of this report.

PROFILE OF THE LIBRARY

The origin of the Toledo-Lucas County Public Library reaches back to 1838 when the Toledo Young Men's Association created "a lyceum and public library in Toledo". This organization later evolved into the Toledo Library Association that became the Toledo Public Library on April 18, 1873. The Toledo Public Library left its original leased quarters in 1888 and moved into a new library building at the corner of Madison and Ontario streets. In 1900, the open shelf system was adopted and four years later catalog cards replaced a printed catalog of the library's holdings.

In 1915, the Toledo Public Library laid the groundwork to become a multi-building system when the Toledo City Council accepted \$125,000 from Andrew Carnegie for the construction of five branch libraries in the city. The first two branches opened in 1917: Locke Branch and Kent Branch. Three more branches opened the following year: Mott Branch, Jermain Branch, and South Branch.

The Lucas County Library system was established in 1918. Its headquarters, on River Road in Maumee, was situated at the site of Dudley's Massacre in the War of 1812. That same year, the county library opened branches in Monclova, Sylvania, Waterville, and Whitehouse. During the next half century, the Lucas County Library system gained a national reputation for its advocacy of bookmobile service to supplement its stationary collections in schools and other public and private buildings. At its peak, the county library operated three bookmobiles.

For the next fifty years, the Toledo Public Library, the Lucas County Library and, following its independent establishment in 1925, the Sylvania Library, continued to open additional branches and provide new services and resources as the county population information needs expanded.

The next major pioneering development came in 1970 when the three library systems in Lucas County merged into the current countywide Toledo-Lucas County Public Library. In the subsequent thirty years, the logic of that merger has been demonstrated repeatedly in improved service, increased usage, and more effective use of tax funds.

In 1995, the Library system adopted an enhanced computer-based technology to cope more successfully with the demands of the Information Age and to prepare for the forthcoming 21st century. The Library has applied computerization to its circulation system and its online public access catalog. It has also developed effective computerized links in statewide, national, and international networks with the objective of improving customer access to information. Public on-site access to the Internet was offered in 1996 and has expanded every year.

In the November 1995 general election, 73 percent of the Lucas County voters approved the Library's proposed capital projects. The \$38.6 million bond issue is funding the renovation and expansion of the Main Library and virtually all of the system's eighteen branch libraries from 1996 through 2005. The Library's 2005 annual report promotes the fact that the ten-year bond issue was completed and that the massive funding has revitalized the Library's physical facilities. At the end of 2005, the Main Library addition and seventeen branch libraries' capital projects had been completed (Birmingham, Heatherdowns, Holland, Maumee, Kent, Lagrange, Mott, Oregon, Point Place, Reynolds Corners, Sanger, South, Sylvania, Toledo Heights, Washington, Waterville and West Toledo). Lagrange Branch reopened in a new building in May 2005 and Waterville Branch opened in expanded facilities in February 2005. The last branch for renewal is Locke Branch. Spring Valley Architects has been hired, has secured property, and is in design development for Locke Branch.

The Library provides the residents of Lucas County with an abundance and variety of excellent services. With a book collection of 2.6 million volumes, the Toledo-Lucas County Public Library has the fifth largest public library collection in the State. Its annual circulation of over 6.3 million includes not only best sellers but also materials on all topics imaginable. In addition to books, the Library has maps, newspapers, current and bound magazines, microfilm, large print materials, videocassettes, compact discs, audio cassettes, books-on-tape, sheet music, digital video discs, and access to the Internet. Electronic books were introduced in 2000.

The Main Library is located in downtown Toledo and offers in-depth collections and staff expertise in the following subject areas: Audio-Visual, Business Technology, Children, Humanities, and Local History. Special collections and services include Community Information Profile which is a directory of local organizations and agencies, Grantsmanship Center to assist grants writers, Federal Documents Depository collection dating back to 1884, patents, a genealogical research collection, and a technology center which offers free public access to computers.

The Library's Outreach Services Department operates bookmobile services to nursing homes, retirement centers, and rural Lucas County residents. Outreach Services also provides library materials to correctional facilities, daycare providers, homebound, preschool, teens, and seniors.

One hundred sixty-three PC's were made available to the public at the Main Library and four hundred eighty-one PC's system-wide.

In 2005, staff members responded to approximately 621,348 reference questions from patrons that reached the Library in person, via phone, fax, or mail. The Library offers computerized database services, which provide access to hundreds of topics in all fields of knowledge. In addition, the Library's online catalog and other information resources are available through dial-in access.

All nineteen Library agencies offer children and adult programs to encourage reading and promote library services and materials.

Mission

The stated mission of the Library is as follows:

The Toledo-Lucas County Public Library supports and enhances a better quality of life for all residents of Lucas County. This is achieved best by offering open and equitable access to information and services in a variety of formats and locations. The Library provides:

- Focused resources and services that meet the needs of young children, adults, and individual learners.
- Popular materials at levels proportional to demands.
- Reference services, including specialized resources and services for economic development and local history.

The Library, in fulfillment of this mission, is committed to sound resource management, to the continued advancement of the Library system, and to quality service for all users.

LOCAL ECONOMY

The Library serves the entire County of Lucas and City of Toledo. This area has historically been a prime site for heavy manufacturing of steel, glass, rubber, and plastics, especially related to the automotive industry. As manufacturing has declined, the local economic development officers have nurtured small business start up and have attempted to attract high technology companies with modest success. The City and County salaries remain lower than the State average, unemployment is slightly higher than the State average, and the national downturn lingers somewhat in Toledo. The Toledo and Lucas County economy has not experienced the economic upturn seen in other parts of the United States.

Toledo is home to a world-class museum of art, nationally acclaimed zoo, COSI, well-maintained metropolitan parks, an excellent university, and a medical school.

The population of the City of Toledo has declined during the past several decades, while the County's population has slowly increased. System-wide circulation remains on a generally upward trend, with the 2005 total of all items borrowed exceeding six million items for the tenth consecutive year. Last year's total number of visitors to all Library locations reached nearly 3.6 million. The number of program attendees was over 115,733 in 2005. As an overall sign of a strong, effective Library system, the Toledo-Lucas County Public Library was ranked as the fourteenth best public library in the United States among the ninety libraries in its population category, according to the Hennen American Public Library Rating Index.

LONG-TERM FINANCIAL PLANNING

Fund balance in the General Fund (2 percent of total General Fund revenues) falls within the policy guidelines set by the Board of Library Trustees for budgetary and planning purposes (i.e. between 1 and 3 percent of total General Fund revenues). This percentage will not change until the freeze is taken off the Library and Local Government Support Fund by the State legislators. At this point, the Library does not plan to raise the target percent of total General Fund revenues because we are finished with our capital project master plan.

The major revenue source for the Library is the Library and Local Government Support Fund (LLGSF), based on an earmarking of the State income tax. The LLGSF is dependent on the economy of the State and, thus, fluctuates widely. In 1992, the Ohio Legislature froze the LLGSF at the 1991 level and temporarily reduced the earmarked funds from 6.3 percent to 5.7 percent. Although the earmarking percentage was reduced, the State income tax revenue grew during those years, and therefore a slight increase in actual dollars was seen in the LLGSF. In 1995, the Ohio legislature changed the temporary reduction into permanent law. Therefore, the increase of the LLGSF is due to the State income tax increase. More recently, LLGSF funding has followed the generally strong statewide economy for 1996 through 2000; however, beginning July 2001, the LLGSF faced a biennium budget freeze. In 2002, the Library faced a reduction of \$1.4 million to its operating budget because of Ohio's poor economy and lowered State income tax collection. Funding from the State of Ohio via the LLGSF plunged further in 2003 correlating to the ebb of the economy. Drastic reductions were made to the materials budget, supplies, building maintenance, technology upgrade and most other line items. The State's support in 2003 was equivalent to the 1999 level of \$18.4 million. While State funds remained frozen through 2004, the passage of the local one-mill four-year operating levy in November 2003 allowed the library to restore nearly all its budget line items. In 2005, State funds remained frozen at the 2001 funding level, which resulted in very cautious filling of staff vacancies and some reductions in the materials budget.

RELEVANT FINANCIAL POLICIES

It is the Toledo-Lucas County Public Library's policy that "onetime" resource inflows (such as grants or designated donations) not be used for general operating purposes. Accordingly, the Library allocates these resources to the purpose designated by the grant or donation, for example for computers or library materials.

MAJOR INITIATIVES

The following are selected highlights of the Library's accomplishments in 2005:

Circulation - 6,309,751

Reference - 621,348

Registered borrowers - 263,960

Collection total - 2,649,112 books

AUTHORS! AUTHORS! - This popular series continued for a twelfth year and included Edward P. Jones, Thomas Cahill, Debbie Travis, Karen Harper, Sue Monk Kidd, and Jon Meacham. The Blade remained a proud co-sponsor, as did the Friends of the Library, the Library Legacy Foundation, and various Library trust funds.

OTHER LOCAL PARTNERSHIPS - In 2005, the Library formed many partnerships with community businesses and organizations which benefited children and adults. The major cooperative efforts included the summer reading clubs and teen summer activities, funded by twenty-five local sponsors. Another season of brown bag concerts pleased thousands of downtown noon timers thanks to nine financial sponsors.

Capital Projects

During 2005, the Library completed construction on the new Lagrange Branch Library in May 2005 and an addition to Waterville Branch Library in March 2005.

Other Capital Projects - Locke Branch Library is the last of the capital projects. Bids for a new building are scheduled for spring 2006.

AWARDS AND ACKNOWLEDGEMENTS

Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) has awarded a Certificate of Achievement for Excellence in Financial Reporting to the Toledo-Lucas County Public Library for its Comprehensive Annual Financial Report for the year ended December 31, 2005. This was the eleventh consecutive Certificate of Achievement received by the Library.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report which conforms to program standards. Such a report must also satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of only one year. We believe our current report continues to conform to the Certificate of Achievement program requirements. Since this report was prepared with the stringent guidelines of the Certificate of Achievement program in mind, it will be submitted to GFOA to determine its eligibility for the Certificate of Achievement for 2005.

Acknowledgements

The preparation of this report would not have been possible without the efficient and dedicated service of the entire staff of the finance office. We wish to express our appreciation to all members of the office who assisted and contributed to the preparation of this report and their unfailing support for maintaining the highest standards of professionalism in the management of the Toledo-Lucas County Public Library's finances. Also, I would also like to express appreciation to Betty Montgomery, Auditor of State, and to her Local Government Services staff for their assistance in preparing this report.

President

Executive Director

INDEPENDENT ACCOUNTANTS' REPORT

Toledo-Lucas County Public Library Lucas County 325 Michigan St. Toledo, Ohio 43624

To the Board of Trustees:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Toledo-Lucas County Public Library, Lucas County, Ohio (the Library), as of and for the year ended December 31, 2005, which collectively comprise the Library's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Library's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Toledo-Lucas County Public Library, Lucas County, Ohio, as of December 31 ,2005, and the respective changes in financial position and where applicable, cash flows, thereof and the respective budgetary comparisons for the General and Improvement Levy funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 30, 2006, on our consideration of the Library's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Toledo-Lucas County Public Library Lucas County Independent Accountants' Report Page 2

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to opine on the financial statements that collectively comprise the Library's basic financial statements. The introductory section, combining and individual nonmajor fund statements, individual fund schedules, and statistical tables provide additional information and are not a required part of the basic financial statements. We subjected the combining and individual nonmajor fund statements and the individual fund schedules to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the introductory section and statistical tables to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Management's Discussion and Analysis For the Year Ended December 31, 2005 Unaudited

The discussion and analysis of the Toledo-Lucas County Public Library's financial performance provides an overview of the Library's financial activities for the year ended December 31, 2005. The intent of this discussion and analysis is to look at the Library's financial performance as a whole.

HIGHLIGHTS

Highlights for 2005 are as follows:

During 2005, the Library completed the addition to the Waterville Branch Library in March and construction of the new Lagrange Branch Library in May. The Locke Branch Library is the last project in the ten-year building and improvement program. The Library negotiated a contract for the land and started the design of a new building to replace the Locke Branch Library with Spring Valley Architects.

Our thirteen year old bookmobile was replaced with a brand new bookmobile in 2005. The new bookmobile has internet service and a Peek-A-Book system, which is loaded with children's storybooks. By touching the screen, the children can listen and watch stories on the screen. This is the first installation of a Peek-A-Book system in a moving vehicle.

Phases I and II of the Video-Conferencing Technology Project was completed in 2005 for Main Library (McMaster Area, SkyBank Room, Children's Library, and Children's Program Room) and Lagrange, Locke, Mott, Waterville, and West Toledo branches. This project consisted of audio, visual, data, and videoconferencing capabilities. With this new technology, the Library is able to present some of Main Library's children, teen, and training programs to a remote site concurrently to enrich that branch's services.

Late in the year, the Library received a grant from the State Library to continue the Video-Conferencing Project to include Heatherdowns and Kent branches. This work will be completed in 2006.

In early 2005, a committee of seventeen staff members recommended to the Administration the replacement of our ten year old TIGER system (library automation system) with Innovative Interfaces Incorporated automation system. The committee was charged with the task of reviewing and evaluating several library automation vendors. At the January Board of Library Trustees meeting, the Trustees approved the replacement of the system. In September, the new system was installed. This new software is the chosen product of all the Ohio colleges, universities, and junior colleges, and hundreds of public libraries across the United States, including the Cuyahoga County Public Library.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand the Toledo-Lucas County Public Library's financial position.

The statement of net assets and the statement of activities provide information about the activities of the Library as a whole, presenting both an aggregate and a longer-term view of the Library.

Management's Discussion and Analysis For the Year Ended December 31, 2005 Unaudited

Fund financial statements provide a greater level of detail. For governmental funds, these statements tell how services were financed in the short-term and what remains for future spending. Fund financial statements report the Library's most significant funds individually and the Library's non-major funds in a single column. The Library's major funds are the General Fund, Improvement Levy Fund, and Bond Construction Fund.

REPORTING THE LIBRARY AS A WHOLE

The statement of net assets and the statement of activities reflect how the Library did financially during 2005. These statements include all assets and liabilities using the accrual basis of accounting similar to that which is used by most private-sector companies. This basis of accounting considers all of the current year's revenues and expenses regardless of when cash is received or paid.

These statements report the Library's net assets and changes in those assets. This change in net assets is important because it tells the reader whether the financial position of the Library as a whole has increased or decreased from the prior year. Over time, these increases and/or decreases are one indicator of whether the financial position is improving or deteriorating. Causes for these changes may be the result of many factors, some financial, some not. Non-financial factors can include changes in the Library's property tax base and the condition of the Library's capital assets (land, buildings, equipment, etc.). These factors must be considered when assessing the overall health of the Library.

In the statement of net assets and the statement of activities, all of the Library's activities are presented as governmental activities. All of the Library's programs and services are reported here, including general public services, purchased and contracted services, and library materials and information. These services are primarily funded by property taxes and from intergovernmental revenues, including grants and other shared revenues.

REPORTING THE LIBRARY'S MOST SIGNIFICANT FUNDS

Fund financial statements provide detailed information about the Library's major funds, the General Fund, Improvement Levy Fund, and Bond Construction Fund. While the Library uses many funds to account for its financial transactions, these are the most significant.

Governmental Funds - The Library's governmental funds are used to account for essentially the same programs reported as governmental activities on the government-wide financial statements. Most of the Library's basic services are reported in these funds and focus on how money flows into and out of the funds as well as the balances available for spending at year end. These funds are reported on the modified accrual basis of accounting, which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the Library's general government operations and the basic services being provided.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities on the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Library's short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to help make this comparison between governmental funds and governmental activities.

Management's Discussion and Analysis For the Year Ended December 31, 2005 Unaudited

Proprietary Funds - The Library's proprietary funds use the accrual basis of accounting. These funds consist of internal service funds for prescription and dental programs.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Table 1 provides a summary of the Library's net assets for 2005 and 2004.

Table 1 Net Assets

| | Governmental Activities | | |
|-------------------------------|-------------------------|--------------|--|
| | 2005 | 2004 | |
| Assets | | | |
| Current and Other Assets | \$32,861,231 | \$36,239,252 | |
| Capital Assets, Net | 76,794,902 | 75,743,106 | |
| Total Assets | 109,656,133 | 111,982,358 | |
| | | | |
| <u>Liabilities</u> | | | |
| Current and Other Liabilities | 16,959,237 | 19,640,183 | |
| Long-Term Liabilities | 2,029,092 | 1,763,500 | |
| Total Liabilities | 18,988,329 | 21,403,683 | |
| | | | |
| Net Assets | | | |
| Invested in Capital Assets, | | | |
| Net of Related Debt | 75,106,999 | 73,045,106 | |
| Restricted | 941,979 | 935,064 | |
| Unrestricted | 14,618,826 | 16,598,505 | |
| Total Net Assets | \$90,667,804 | \$90,578,675 | |

The overall increase in the Library's net assets was less than 1 percent; however, a review of the above table reveals there are several areas which merit discussion. For example, current and other assets decreased in excess of \$3 million, or just over 9 percent. The three factors which contributed to this decrease were a decrease in cash and cash equivalents of over \$846,000 (primarily due to completion of construction activities at Lagrange and Waterville branches), a decrease in intergovernmental receivables of over \$460,000 (library entitlement funding), and a decrease in property taxes receivable of over \$2 million. In prior years, taxes were collected in excess of the amount needed to pay the related debt; therefore, future annual collections will be reduced. The increase in capital assets as well as invested in capital assets is due to the Lagrange and Waterville branches being completed.

There were also three factors contributing to the decrease in current and other liabilities. Completing the Lagrange and Waterville branches resulted in reduced liabilities for contracts and retainage at year end. With less receivables from intergovernmental sources (library entitlement funding) and property taxes, the deferred revenue amount was also lower at year end. Lastly, the Library reduced notes payable by \$1,058,000 in 2005.

Management's Discussion and Analysis For the Year Ended December 31, 2005 Unaudited

Table 2 reflects the change in net assets 2005 and 2004.

| Net Assets End of Year | \$90,667,804 | \$90,578,675 | |
| | | | |

While there was a slight decrease in overall revenues from the prior year, both program revenues and general revenues remained very comparable to 2004. General revenues continue to provide for 97 percent of the Library's revenue sources (primarily property taxes and Library and Local Government Support Fund monies). With almost 53 percent of all revenues provided by the State, it can be seen how any decreases in this funding source has a substantial impact on the services the Library can provide.

Management's Discussion and Analysis For the Year Ended December 31, 2005 Unaudited

Although not a significant increase (6.8 percent), expenses were greater than 2004. Over 89 percent of all expenses are used directly for services to the public. The intergovernmental expense represents payments to Lucas County for the payment of general obligation bonds the County has issued on the Library's behalf. This amount will decrease annually as principal and interest payments are made.

Table 3 indicates the total cost of services and the net cost of services for governmental activities. The statement of activities reflects the cost of program services and the charges for services, grants, and contributions offsetting those services. The net cost of services identifies the cost of those services supported by tax revenues and unrestricted state entitlements.

Table 3
Governmental Activities

| | Total Cost of Services | | | Cost of vices |
|-----------------------------------|------------------------|--------------|--------------|---------------|
| | 2005 2004 | | 2005 | 2004 |
| Public Services | | | | |
| General Public Services | \$22,648,900 | \$20,804,148 | \$21,775,198 | \$19,929,404 |
| Purchased and Contracted Services | 6,627,638 | 5,921,069 | 6,627,638 | 5,921,069 |
| Library Materials and Information | 3,643,535 | 3,757,594 | 3,485,052 | 3,712,379 |
| Intergovernmental | 3,839,954 | 3,875,326 | 3,839,954 | 3,875,326 |
| Interest and Fiscal Charges | 62,768 | 125,606 | 62,768 | 125,606 |
| Total Expenses | \$36,822,795 | \$34,483,743 | \$35,790,610 | \$33,563,784 |

Over 97 percent of the total costs of Library operations are derived from general revenues, and as stated previously, this consists of property taxes and State funding through Local Government Support.

GOVERNMENTAL FUNDS FINANCIAL ANALYSIS

The Library's major governmental funds are the General Fund, the Improvement Levy special revenue fund, and the Bond Construction capital projects fund. A review of these funds reflects a decrease in fund balance in the General Fund of \$888,841, or 18 percent. This decrease is due to transfers made to other funds to pay for future inprovements. Note,the General Fund had an increase in fund balance prior to these transfers. The 39 percent increase in fund balance in the Bond Construction fund is the result of revenue collections exceeding debt payments made.

BUDGETARY HIGHLIGHTS

The Library prepares an annual budget of revenues and expenditures/expenses for all funds of the Library for use by Library officials and department heads. The Library's most significant budgeted fund is the General Fund. For both revenues and expenditures, there were no significant changes from original to final budget amounts or from final budget to actual amounts received or spent.

A comparison to the prior year reveals that revenues were slightly greater than 2004 and expenditures were slightly less than 2004; however, again for 2005, expenditures exceeded revenues in the General Fund.

Management's Discussion and Analysis For the Year Ended December 31, 2005 Unaudited

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets - The Library's investment in capital assets as of December 31, 2005, was \$75,106,999 (net of accumulated depreciation and related debt). While the overall increase from the prior year was not that significant, 7.5 percent, there were several additions of note.

The Library completed several construction projects including the LaGrange and Waterville branches. There was also some additional land acquired for the Lagrange Branch. The additions to building and building improvements include the integration of video conferencing technology. In addition, the Library purchased a new bookmobile and a truck. For additional details regarding the Library's capital assets, refer to Note 9 to the basic financial statements.

Debt - At December 31, 2005, the Library had \$1,640,000 in revenue anticipation notes outstanding. The Library's long-term obligations included compensated absences and capital leases. For further information regarding the Library's debt, refer to Notes 16, 17, and 18 to the basic financial statements.

CURRENT ISSUES

Funding from the State of Ohio for the Library and Local Government Support Fund has been flat since 2001. The Library has cut the materials budget, supplies, building maintenance, technology upgrades, and most other line items as well as not filling some open positions in 2005.

The Library has continued the ten-year building and improvement program started in 1996. Construction was completed at the Lagrange and Waterville Branch Libraries in 2005. Locke Branch Library is the last project of the ten-year building and improvement program. The Library has entered into a purchase agreement for land to construct a new Locke Branch Library. Spring Valley Architects is in the design process for the new building.

REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of the Library's finances for all those interested in the Library's financial well being. Questions concerning any of the information provided in this report or requests for additional information should be directed to Clyde S. Scoles, Director/Clerk-Treasurer or Shirley Johnson, Business Manager/Deputy Clerk-Treasurer, 325 Michigan Street, Toledo, Ohio 43624.

NOTE 1 - REPORTING ENTITY

The Library was founded in 1873 as the Toledo Public Library. In 1918, the Lucas County Library system was established and in 1925, the Sylvania Library was established. The three library systems were merged into the current county-wide Toledo-Lucas County Public Library (Library) in 1970. Currently, there is a main branch located in downtown Toledo and eighteen branches which are located throughout Lucas County.

The Board of Library Trustees has seven members: three appointed by the Common Pleas Court Judges and four appointed by the Lucas County Commissioners. Appointments are for seven-year terms and members serve without compensation. Under Ohio statutes, the Library is a body politic and corporate capable of suing and being sued; contracting; acquiring, holding, processing, and disposing of real and personal property; and exercising such powers and privileges as are conferred upon it by law. The Library also determines and operates under its own budget. The control and management of the Library is governed by Sections 3375.22 to 3375.27 of the Ohio Revised Code. The Board of Library Trustees appoints a Director/Clerk-Treasurer, Deputy Director, Business Manager/Deputy Clerk-Treasurer, and two Assistant Deputy Clerk-Treasurers.

There is no potential for the Library to provide a financial benefit to or to impose a financial burden on the County Commissioners, nor can the County Commissioners significantly influence the programs, activities, or level of service performed or provided by the Library. The Library is fiscally independent of the County, although the County Commissioners serve in a ministerial capacity as the taxing authority. The determination to request approval of a tax, the rate, and the purpose(s) of the levy are discretionary decisions made solely by the Board of Library Trustees. Once these decisions are made, the County Commissioners must place the levy on the ballot.

Under the provisions of Governmental Accounting Standards Board Statement No. 14, "The Financial Reporting Entity", the Library is considered a related organization to Lucas County.

Component units are legally separate organizations for which the Library is financially accountable. The Library is financially accountable for an organization if the Library appoints a voting majority of the organization's governing board and (1) the Library is able to significantly influence the programs or services performed or provided by the organization; or (2) the Library is legally entitled to or can otherwise access the organization's resources; the Library is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the Library is obligated for the debt of the organization. Component units may also include organizations for which the Library approves the budget, the issuance of debt, or the levying of taxes. There were no component units of the Toledo-Lucas County Public Library in 2005.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Toledo-Lucas County Public Library have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Library also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or before November 30, 1989, to its governmental activities and to its internal service funds provided they do not conflict with or contradict GASB pronouncements. Following are the more significant of the Library's accounting policies.

A. Basis of Presentation

The Library's basic financial statements consist of government-wide financial statements, including a statement of net assets and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-Wide Financial Statements

The statement of net assets and the statement of activities display information about the Library as a whole. These statements include the financial activities of the primary government. The activity of the internal service funds is eliminated to avoid "doubling up" revenues and expenses.

The statement of net assets presents the financial condition of the governmental activities of the Library at year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the Library's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, and grants, contributions, and interest that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Library, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program is self-financing or draws from the general revenues of the Library.

Fund Financial Statements

During the year, the Library segregates transactions related to certain Library functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Library at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service funds are presented in a single column on the proprietary fund financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Fund Accounting

The Library uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the Library are reported in two categories, governmental and proprietary.

Governmental Funds

Governmental funds are those through which most governmental functions of the Library are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the Library's major governmental funds:

<u>General Fund</u> - The General Fund is used to account for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the Library for any purpose provided it is expended or transferred according to the general laws of Ohio.

<u>Improvement Levy Fund</u> - The Improvement Levy Fund is used to account for the receipt and distribution to Lucas County of the property tax levy used to pay the County general obligation bonds issued to finance Library improvements.

<u>Bond Construction Fund</u> - The Bond Construction Fund is used to account for note proceeds used to improve the library system by acquiring, equipping, and otherwise improving the Library's facilities and sites, including the acquisition of real estate and interests therein, for the Main Library and all of the branches.

The other governmental funds of the Library account for grants and other resources whose use is restricted for a particular purpose.

Proprietary Funds

Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position, and cash flows.

<u>Internal Service Funds</u> - Internal service funds are used to account for the Library's self insurance programs for prescription and dental claims.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Measurement Focus

Government-Wide Financial Statements

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the Library are included on the statement of net assets. The statement of activities presents increases (e.g. revenues) and decreases (e.g. expenses) in total net assets.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reflects the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide financial statements and the fund financial statements for governmental funds.

Like the government-wide financial statements, the internal service funds are accounted for using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of fund net assets. The statement of revenues, expenses, and changes in fund net assets presents increases (e.g., revenues) and decreases (e.g., expenses) in total net assets. The statement of cash flows reflects how the Library finances and meets the cash flow needs of its internal service funds.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the internal service funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions

Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the Library, available means expected to be received within thirty-one days after year end.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Nonexchange transactions, in which the Library receives value without directly giving equal value in return, include property taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the Library must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Library on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at year end: grants, patron fines and fees, interest, and services provided to others.

Deferred Revenues

Deferred revenues arise when assets are recognized before the revenue recognition criteria have been satisfied.

Property taxes for which there was an enforceable legal claim at December 31, 2005, but were levied to finance 2006 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements were met have also been recorded as deferred revenue.

On governmental fund financial statements, receivables that were not collected within the available period are recorded as deferred revenue.

Expenses/Expenditures

On the accrual basis, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgetary Process

The budgetary documents prepared by the Library include the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources establishes a limit on the amount the Board of Library Trustees may appropriate. The appropriations resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Board. The level of control has been established by the Board at the object level for all funds, except for the Bond Construction capital projects fund. This fund is not budgeted by the Board of Library trustees.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the fiscal officer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time final appropriations were passed by the Board.

The appropriations resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the year.

F. Cash and Investments

To improve cash management, cash received by the Library is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through Library records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

Cash and cash equivalents that are held separately for the Library by escrow agents for payment of retainage to contractors upon project completion are recorded as "Cash and Cash Equivalents with Escrow Agent".

During 2005, the Library invested in nonnegotiable certificates of deposit, repurchase agreements, federal agency securities, U.S. Treasury Notes, and STAR Ohio. Investments are reported at fair value, except for nonnegotiable certificates of deposit and repurchase agreements which are reported at cost. Fair value is based on quoted market prices. STAR Ohio is an investment pool, managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on December 31, 2005.

Following Ohio statutes, the Board of Library Trustees has, by resolution, specified funds to receive an allocation of interest earnings. Interest revenue credited to the General Fund during 2005 was \$199,206 which includes \$70,949 assigned from other Library funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time of purchase are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

G. Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, or laws of other governments, or are imposed by law through constitutional provisions or enabling legislation.

Resources set aside in separate escrow accounts whose use is limited to the payment of retainage to contractors are reported as restricted.

H. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2005, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

I. Inventory

Inventory is presented at cost on a first-in, first-out basis and is expended/expensed when used. Inventory consists of expendable supplies held for consumption.

J. Capital Assets

All of the Library's capital assets are general capital assets. General capital assets are capital assets which are associated with and generally arise from governmental activities and generally result from expenditures in governmental funds. General capital assets are reported in the governmental activities column on the government-wide statement of net assets but are not reported on the fund financial statements.

All capital assets are capitalized at cost and updated for additions and reductions during the year. Donated capital assets are recorded at their fair market value on the date donated. The Library maintains a capitalization threshold of five thousand dollars, except for building improvements which have a capitalization threshold of one hundred thousand dollars. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

All capital assets are depreciated, except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

| Description | Useful Lives |
|-----------------------------------|--------------|
| Buildings and Improvements | 30-100 years |
| Improvements Other Than Buildings | 15 years |
| Furniture Fixtures, and Equipment | 10-20 years |
| Vehicles | 10-13 years |

K. Library Books

Library books and materials are reflected as expenses when purchased and are not capitalized as assets of the Library.

L. Interfund Receivables/Payable

On fund financial statements, receivables and payables resulting from short-term interfund loans are reported as "Interfund Receivables/Payables". Interfund balances are eliminated on the statement of net assets, except for any net residual amounts due between governmental and business-type activities. These amounts are presented as "Internal Balances".

M. Compensated Absences

Library employees are represented by two unions, Association of Public Library Employees (Aple) and Communication Workers of America (CWA). Aple covers all librarians and CWA covers custodians, clerks, and clerical employees. All other employees are classified as exempt.

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable the Library will compensate the employees for the benefits through paid time off or some other means. The Library records a liability for accumulated unused vacation time when earned for all employees.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the Library has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employee wage rates at year end taking into consideration any limits specified in the Library's termination policy. The Library records a liability for accumulated unused sick leave after the number of years as follows:

| Aple | 5 years on staff |
|--------|-------------------|
| CWA | 8 years on staff |
| Exempt | 12 years on staff |

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

On governmental fund financial statements, compensated absences are recognized as liabilities and expenditures to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "Matured Compensated Absences Payable" in the fund from which the employees who have accumulated leave are paid. The noncurrent portion of the liability is not reported.

N. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements. All payables, accrued liabilities, and long-term obligations payable from the internal service funds are reported on the internal service fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Capital leases are recognized as liabilities on the fund financial statements when due.

O. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation adopted by the Library or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net assets restricted for other purposes primarily consist of donations restricted for various library services or materials. For the year ended December 31, 2005, net assets restricted by enabling legislation was \$85,154.

The Library's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

P. Fund Balance Reserves and Designations

The Library reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Fund balance designations are established to indicate tentative plans for financial utilization in future periods. Unreserved, undesignated fund balance indicates that portion of fund equity which is available for appropriation in future periods. Fund balance reserves have been established for encumbrances and principal. The reserve for principal signifies a legal restriction on the use of monies as specified in the will or trust. In the General Fund, the Board has designated a portion of fund balance for scholarships.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Q. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the internal service funds. For the Library, these revenues are charges for services. Operating expenses are the necessary costs incurred to provide the service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating.

R. Interfund Transactions

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

S. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence.

T. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 3 - CHANGE IN ACCOUNTING PRINCIPLES

For 2005, the Library has implemented Governmental Accounting Standards Board (GASB) Statement No. 40, "Deposit and Investment Risk Disclosure", GASB Statement No. 42, "Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries", and GASB Statement No. 44, "Economic Condition Reporting: The Statistical Section".

GASB Statement No. 40 establishes and modifies the disclosure requirements related to deposit and investment risks. The implementation of this statement did not result in any change to the Library's financial statements.

GASB Statement No. 42 establishes accounting and financial reporting standards for impairment of capital assets. The implementation of this statement did not result in any change to the Library's financial statements.

GASB Statement No. 44 establishes and modifies the requirements related to supplementary information presented in the statistical section.

NOTE 4 - ACCOUNTABILITY

At December 31, 2005, the Bond Construction capital projects fund had a deficit fund balance, in the amount of \$1,647,243. The deficit is due to recording the note liability in the fund that received the proceeds and will be alleviated when the notes are paid or bonds are issued.

NOTE 5 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures, and Changes in Fund Balance - Budget (Non-GAAP Budgetary Basis) and Actual - for the General Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- 1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
- 2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
- Outstanding year end encumbrances are treated as expenditures (budget basis) rather than as a 3. reservation of fund balance (GAAP basis).

Adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis for the General Fund are as follows:

Change in Fund Balance

| GAAP Basis | (\$888,841) |
|---|-------------|
| Increase (Decrease) Due To | |
| Revenue Accruals: | |
| Accrued 2004, Received in Cash 2005 | 1,400,581 |
| Accrued 2005, Not Yet Received in Cash | (1,400,417) |
| Expenditure Accruals: | |
| Accrued 2004, Paid in Cash 2005 | (1,581,272) |
| Accrued 2005, Not Yet Paid in Cash | 1,992,055 |
| | (continued) |

NOTE 5 - BUDGETARY BASIS OF ACCOUNTING (continued)

Change in Fund Balance (continued)

| Cash Adjustments: | |
|----------------------------------|---------------|
| Unrecorded Activity 2004 | (\$1,930) |
| Unrecorded Activity 2005 | (188) |
| Prepaid Items | (18,605) |
| Materials and Supplies Inventory | (480) |
| Note Principal Retirement | (1,058,000) |
| Note Interest | (64,181) |
| Reallocation of Revenue for Debt | 1,122,181 |
| Advances Out | (20,000) |
| Encumbrances Outstanding at | |
| Year End (Budget Basis) | (2,312,926) |
| Budget Basis | (\$2,832,023) |

NOTE 6 - INVESTMENTS

State statutes classify monies held by the Library into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the Library treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits the Board of Library Trustees has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts, including passbook accounts.

Protection of the Library's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the fiscal officer by the financial institution, or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

NOTE 6 - INVESTMENTS (continued)

Interim monies may be deposited or invested in the following securities:

- 1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
- 2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio;
- 5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions; and,
- 6. The State Treasurer's investment pool (STAR Ohio).

The Library may also invest any monies not required to be used for a period of six months or more in the following:

- 1. Bonds of the State of Ohio; and,
- 2. Bonds of any municipal corporation, village, county, township, or other political subdivision of this State as to which there is no default of principal, interest, or coupons.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the Library, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the fiscal officer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

NOTE 6 - INVESTMENTS (continued)

As of December 31, 2005, the Library had the following investments:

| | Fair Value | Maturity |
|--|-------------|------------|
| Repurchase Agreement | \$232,000 | 1/3/06 |
| Federal Home Loan Mortgage Corporation Notes | 93,111 | 11/28/06 |
| Federal Home Loan Bank Bonds | 98,406 | 12/28/06 |
| Federal Home Loan Bank Bonds | 167,822 | 10/26/07 |
| U.S. Treasury Notes | 79,875 | 1/31/06 |
| U.S. Treasury Notes | 119,245 | 3/31/06 |
| U.S. Treasury Notes | 118,336 | 11/30/06 |
| U.S. Treasury Notes | 168,060 | 6/30/07 |
| U.S. Treasury Notes | 157,537 | 10/31/07 |
| STAR Ohio | 110,614 | 39.41 days |
| | \$1,345,006 | |

Interest rate risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. The investment policy restricts the Deputy-Treasurer from investing in anything other than as identified in the Ohio Revised Code and that all investments must mature within five years from the date of investment unless they are matched to a specific obligation or debt of the Library.

The securities underlying the repurchase agreement (Federal Home Loan Mortgage Corporation Notes), Federal Home Loan Mortgage Corporation Notes, and Federal Home Loan Bank Bonds carry a rating of AAA by Moody's. STAR Ohio carries a rating of AAA by Standard and Poor's. The Library has no investment policy dealing with investment credit risk beyond the requirements of State statute. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service.

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Library will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The repurchase agreement is exposed to custodial credit risk as it is held by the counterparty's trust department or agent but not in the Library's name. The Library has no investment policy dealing with custodial credit risk beyond the requirements of State statute which prohibit the payment for investments prior to delivery of securities representing investments to the Deputy-Treasurer or qualified trustee. Repurchase agreements must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and the term of the agreement must not exceed thirty days.

The Library's investment policy states that, with the exception of U.S. Treasury securities or authorized pools, the Library may not invest more than 60 percent of its portfolio in any one security type or with a single financial institution. The Library may not invest more than 90 percent of its portfolio in STAR Ohio or more than 10 percent of its portfolio in repurchase agreements. For investment purposes, the Library also considers certificates of deposit and savings accounts as part of its portfolio to determine these percentages.

NOTE 6 - INVESTMENTS (continued)

The following table indicates the percentage of each investment to the Library's total portfolio.

| | Fair | Percentage of |
|--|-----------|---------------|
| | Value | Portfolio |
| Repurchase Agreement | \$232,000 | 17.25% |
| Federal Home Loan Mortgage Corporation Notes | 93,111 | 6.92 |
| Federal Home Loan Bank Bonds | 266,228 | 19.79 |
| U.S. Treasury Notes | 643,053 | 47.81 |

NOTE 7 - RECEIVABLES

Receivables at December 31, 2005, consisted of accounts (photocopies, facsimiles, and fines), accrued interest, amounts due from other governments, interfund, and property taxes. All receivables are considered collectible in full and within one year. Intergovernmental receivables consist of library local government support in the General Fund and a grant in the Videoconferencing Grant capital projects fund, in the amount of \$10,029,577 and \$127,099 respectively.

NOTE 8 - PROPERTY TAXES

Property taxes include amounts levied against all real property, public utility property, and tangible personal property located within the Library district. Real property tax revenues received in 2005 represent the collection of 2004 taxes. Real property taxes received in 2005 were levied after October 1, 2004, on the assessed values as of January 1, 2004, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenues received in 2005 represent the collection of 2004 taxes. Public utility real and tangible personal property taxes received in 2005 became a lien on December 31, 2003, were levied after October 1, 2004, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

Tangible personal property tax revenues received in 2005 (other than public utility property) represent the collection of 2005 taxes. Tangible personal property taxes received in 2005 were levied after October 1, 2004, on the true value as of December 31, 2004. Tangible personal property is currently assessed at 25 percent of true value for capital assets and 23 percent for inventory. Amounts paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semiannually. If paid annually, the first payment is due April 30; if paid semiannually, the first payment is due April 30, with the remainder payable by September 20.

The County Treasurer collects property taxes on behalf of all taxing districts within the County, including the Toledo-Lucas County Public Library. The County Auditor periodically remits to the Library its portion of the taxes collected.

NOTE 8 - PROPERTY TAXES (continued)

Accrued property taxes receivable represents real property, public utility property, and tangible personal property taxes which were measurable as of December 31, 2005, and for which there was an enforceable legal claim. Although total property tax collections for the next year are measurable, amounts to be received during the available period are not subject to reasonable estimation at December 31 and are not intended to finance 2005 operations.

Collectible delinquent real property taxes have been recorded as a receivable and revenue on the full accrual basis. On the modified accrual basis, the revenue is deferred.

The full tax rate for all Library operations for the year ended December 31, 2005, was \$2.20 per \$1,000 of assessed value. The assessed values of real property, public utility property, and tangible personal property upon which 2005 property tax receipts were based are as follows:

| Category | Amount |
|----------------------------|-----------------|
| Real Property | \$7,594,741,000 |
| Public Utility Property | 289,787,000 |
| Tangible Personal Property | 843,181,000 |
| Total Assessed Value | \$8,727,709,000 |

NOTE 9 - CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2005, was as follows:

| | Balance December 31, 2004 | Additions | Reductions | Balance December 31, 2005 |
|-------------------------------------|---------------------------------|-----------|-------------|---------------------------------|
| Governmental Activities: | | | | |
| Nondepreciable Capital Assets | | | | |
| Land | \$6,865,401 | \$104,937 | \$0 | \$6,970,338 |
| Construction in Progress | 3,610,761 | 1,711,892 | (4,703,747) | 618,906 |
| Total Nondepreciable Capital Assets | 10,476,162 | 1,816,829 | (4,703,747) | 7,589,244 |
| Depreciable Capital Assets | | | | |
| Buildings and Improvements | 70,111,605 | 5,296,181 | 0 | 75,407,786 |
| Improvements Other Than Buildings | 395,170 | 0 | 0 | 395,170 |
| Furniture, Fixtures, and Equipment | 3,111,378 | 224,894 | (96,221) | 3,240,051 |
| Vehicles | 202,782 | 231,901 | (88,665) | 346,018 |
| Total Depreciable Capital Assets | 73,820,935 | 5,752,976 | (184,886) | 79,389,025 |
| | | | | (continued) |

NOTE 9 - CAPITAL ASSETS (continued)

| Balance December 31, 2004 | Additions | Reductions | Balance December 31, 2005 |
|---------------------------------|---|---|--|
| | | | |
| (\$7,129,496) | (\$1,510,761) | \$0 | (\$8,640,257) |
| (218,441) | (26,345) | 0 | (244,786) |
| (1,092,891) | (206,663) | 44,898 | (1,254,656) |
| (113,163) | (19,170) | 88,665 | (43,668) |
| (8,553,991) | (1,762,939) | 133,563 | (10,183,367) |
| 65,266,944 | 3,990,037 | (51,323) | 69,205,658 |
| \$75,743,106 | \$5,806,866 | (\$4,755,070) | \$76,794,902 |
| | December 31, 2004 (\$7,129,496) (218,441) (1,092,891) (113,163) (8,553,991) 65,266,944 | December 31, 2004 Additions (\$7,129,496) (\$1,510,761) (218,441) (26,345) (1,092,891) (206,663) (113,163) (19,170) (8,553,991) (1,762,939) 65,266,944 3,990,037 | December 31, 2004 Additions Reductions (\$7,129,496) (\$1,510,761) \$0 (218,441) (26,345) 0 (1,092,891) (206,663) 44,898 (113,163) (19,170) 88,665 (8,553,991) (1,762,939) 133,563 65,266,944 3,990,037 (51,323) |

Depreciation expense was charged to general public services.

NOTE 10 - INTERFUND RECEIVABLES/PAYABLES

At December 31, 2005, the General Fund had an interfund receivable and the Videoconferencing Grant capital projects fund had an interfund payable, in the amount of \$20,000, to provide cash flow resources until the receipt of grant monies. This amount is expected to be repaid within one year.

NOTE 11 - RISK MANAGEMENT

The Library is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. In 2005, the Library contracted for the following insurance coverage.

| Coverage | Limits | Deductible Amounts |
|--------------------------|---------------------------|---------------------------|
| Property | \$118,892,398 | \$1,000 |
| General Liability | 2,000,000 Aggregate | 1,000 |
| | 1,000,000 Each Occurrence | |
| Employee Benefits | 2,000,000 Aggregate | 0 |
| | 1,000,000 Each Employee | |
| Auto | 1,000,000 | 500 Comprehensive |
| | | 500 Collision |
| Umbrella | 5,000,000 | 0 |
| Earthquake/Flood | 10,000,000 | 50,000 |
| Directors and Officers | 2,000,000 | 25,000 |
| Special Library Form | 79,999,592 | 1,000 |
| Electronic Equipment | 2,620,670 | 1,000 |
| Fine Arts | 1,218,036 | 1,000 |
| | | |

NOTE 11 - RISK MANAGEMENT (continued)

There has been no significant reduction in insurance coverage from 2004, and no insurance settlement has exceeded insurance coverage during the last three years.

The Library pays the State of Ohio Bureau of Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

In 2005, the Library provided prescription and dental benefits through self insured programs. The Library established a Prescription Fund and Dental Fund (internal service funds) to account for and finance these employee benefits. The Prescription Fund provides for unlimited verified coverage and the Dental Fund provides up to \$750 of coverage, per person, per year. The Library has commercial insurance for claims in excess of verified coverage provided by the funds.

All funds of the Library participate in the prescription and dental program, and made payments to the respective funds based on actuarial estimates of the amounts needed to pay prior- and current-year claims. Claims payable is based on the requirements of Governmental Accounting Standards Board Statement No. 30, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues", which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported if information prior to issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount can be reasonably estimated. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. Claims payable at December 31, 2005, was estimated by the third party administrators at \$73,226.

The changes in the claims liability for the past two years were as follows:

| | | Current-Year | | |
|------|-----------|--------------|-----------|----------|
| | | Claims and | | |
| | Beginning | Changes in | Claims | Ending |
| Year | Balance | Estimates | Payments | Balance |
| 2005 | \$54,994 | \$507,877 | \$489,645 | \$73,226 |
| 2004 | 47,022 | 769,809 | 761,837 | 54,994 |

NOTE 12 - SIGNIFICANT CONTRACTUAL COMMITMENTS

The Library has several outstanding contracts for professional services and construction. The following amounts remained on these contracts as of December 31, 2005:

| | Contract | as of December 31, | Outstanding |
|------------------------|-----------|--------------------|-------------|
| Vendor | Amount | 2005 | Balance |
| B. William Bucher, Inc | \$15,890 | \$0 | \$15,890 |
| Benham Companies, Inc | 1,404,663 | 1,094,412 | 310,251 |
| Commercial Interiors | 11,667 | 0 | 11,667 |
| | | | (continued) |

NOTE 12 - SIGNIFICANT CONTRACTUAL COMMITMENTS (continued)

| Vendor | Contract Amount | Amount Paid as of December 31, 2005 | Outstanding Balance |
|----------------------------------|--------------------|-------------------------------------|------------------------|
| Innovative Interfaces, Inc | \$759,758 | \$648,845 | \$110,913 |
| Lake Erie Electric of Toledo | 166,168 | 152,875 | 13,293 |
| Lakeside Interior Contractors | 80,887 | 0 | 80,887 |
| Rivereast Custom Cabinets | 9,300 | 0 | 9,300 |
| Spring Valley Architects, Inc | 112,000 | 24,191 | 87,809 |
| The Collaborative, Inc | 157,494 | 153,878 | 3,616 |
| ThyssenKrupp Elevator Co. | 467,920 | 373,428 | 94,492 |

NOTE 13 - DEFINED BENEFIT PENSION PLANS

The Library participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the member-directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the combined plan, employer contributions are invested by OPERS to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member-directed plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional and combined plans. Members of the member-directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642.

For the year ended December 31, 2005, members of all three plans were required to contribute 8.5 percent of their annual covered salary to fund pension obligations. The Library's contribution rate for pension benefits for 2005 was 9.55 percent. The Ohio Revised Code provides statutory authority for member and employer contributions.

NOTE 13 - DEFINED BENEFIT PENSION PLANS (continued)

The Library's required contribution for pension obligations to the traditional and combined plans for the years ended December 31, 2005, 2004, and 2003 was \$2,623,134, \$2,223,358, and \$2,249,059, respectively; 83 percent has been contributed for 2005 and 100 percent has been contributed for 2004 and 2003. Contributions to the member-directed plan for 2005 were \$29,493 made by the Library and \$18,502 made by plan members.

NOTE 14 - POSTEMPLOYMENT BENEFITS

The Ohio Public Employees Retirement System (OPERS) provides postretirement health care coverage to age and service retirees with ten or more years of qualifying Ohio service credit with either the traditional or combined plans. Health care coverage for disability recipients and primary survivor recipients is available. Members of the member-directed plan do not qualify for postretirement health care coverage. The health care coverage provided by OPERS is considered an Other Postemployment Benefit (OPB) as described in GASB Statement No. 12, "Disclosure of Information on Postemployment Benefits Other Than Pension Benefits by State and Local Governmental Employers". A portion of each employer's contribution to the traditional or combined plans is set aside for the funding of postretirement health care based on authority granted by State statute. The 2005 employer contribution rate was 13.55 percent of covered payroll; 4.00 percent was the portion used to fund health care.

Benefits are advance-funded using the entry age normal actuarial cost method. Significant actuarial assumptions, based on OPERS's latest actuarial review performed as of December 31, 2004, include a rate of return on investments of 8 percent, an annual increase in active employee total payroll of 4 percent compounded annually (assuming no change in the number of active employees), and an additional increase in total payroll of between .5 percent and 6.3 percent based on additional annual pay increases. Health care premiums were assumed to increase 1 to 6 percent annually for the next eight years and 4 percent annually after eight years.

All investments are carried at market value. For actuarial valuation purposes, a smoothed market approach is used. Assets are adjusted to reflect 25 percent of unrealized market appreciation or depreciation on investment assets annually.

The number of active contributing participants in the traditional and combined plans was 376,109. Actual employer contributions for 2005 which were used to fund postemployment benefits was \$615,644. The actual contribution and the actuarially required contribution amounts are the same. OPERS's net assets available for the payment of benefits at December 31, 2004 (the latest information available), was \$10.8 billion. The actuarial accrued liability and the unfunded actuarial accrued liability were \$29.5 billion and \$18.7 billion, respectively.

In September 2004, the OPERS Retirement Board adopted a Health Care Preservation Plan (HCPP) with an effective date of January 1, 2007. The HCPP restructures OPERS' health care coverage to improve the financial solvency of the fund in response to increasing health care costs. As an additional component of the HCPP, member and employer contribution rates increased as of January 1, 2006, which will allow additional funds to be allocated to the health care plan.

NOTE 15 - COMPENSATED ABSENCES

The criteria for determining the vacation and sick leave liability is derived from negotiated agreements and State laws. Employees are categorized by union as either Aple or CWA, or they are exempt (do not belong to a union).

Vacation and sick leave earned and accumulated depends upon length of service. The maximum hours by category of employee is listed below:

| Employee Type | Maximum Vacation Earned per Year | Maximum Sick Earned per Year | Maximum Vacation Accumulation |
|------------------|---|---------------------------------------|-------------------------------------|
| Aple | 182 | 104 | 212 |
| CWA | 182 | 104 | 205 |
| Exempt | 182 | 104 | 212 |

| | Maximum | Sick Hours Acc | umulation | |
|---------------------|---------|----------------|-----------|----------------------------------|
| Years of Service | Aple | CWA | Exempt | Percentage Sick Leave Paid |
| 0 to 9 | 830 | 830 | 830 | 0% |
| 10 to 14 | 830 | 830 | 830 | 39% |
| 15 to 19 | 975 | 950 | 975 | 41% |
| 20 to 24 | 975 | 950 | 975 | 44% |
| 25 or more | 975 | 975 | 975 | 44% |

NOTE 16 - NOTES PAYABLE

The changes in the Library's notes payable during 2005 were as follows:

| | Interest | Balance December 31, | | | Balance December 31, |
|-------------------------------|----------|-------------------------|-----------|-------------|-------------------------|
| | Rate | 2004 | Additions | Reductions | 2005 |
| Governmental Activities | | | | | |
| Revenue Anticipation Notes | | | | | |
| 2004 Library Facilities Notes | 2.65% | \$2,698,000 | \$0 | \$1,058,000 | \$1,640,000 |

On May 3, 2004, the Library issued revenue anticipation notes, in the amount of \$3,217,000, to retire revenue anticipation notes previously issued for completing improvements to the library system by acquiring, constructing, reconstructing, equipping, and otherwise improving the library's facilities and sites. The notes were issued under the authority of Ohio Revised Code Sections 3375.40 and 3375.404 for a three year period, with final maturity during 2007. The notes have an interest rate of 2.65 percent. The notes are being repaid through the Bond Construction capital projects fund.

NOTE 16 - NOTES PAYABLE (continued)

Principal and interest requirements to retire notes payable outstanding at December 31, 2005, were as follows:

| Year Ending December 31, | Principal | Interest | Total |
|--------------------------|-------------|----------|-------------|
| 2006 | \$1,086,000 | \$36,305 | \$1,122,305 |
| 2007 | 554,000 | 7,341 | 561,341 |
| | \$1,640,000 | \$43,646 | \$1,683,646 |

NOTE 17 - LONG-TERM OBLIGATIONS

The Library's long-term obligations activity for the year ended December 31, 2005, was as follows:

| | Balance December 31, 2004 | Additions | Reductions | Balance December 31, 2005 | Due Within One Year |
|-------------------------------|---------------------------------|-----------|------------|---------------------------------|------------------------|
| Compensated Absences Payable | \$1,763,500 | \$306,284 | \$88,595 | \$1,981,189 | \$689,749 |
| Capital Leases Payable | 0 | 52,236 | 4,333 | 47,903 | 8,822 |
| Total Governmental Activities | \$1,763,500 | \$358,520 | \$92,928 | \$2,029,092 | \$698,571 |

The compensated absences and capital leases will be paid from the General Fund.

NOTE 18 - CAPITAL LEASES - LESEE DISCLOSURE

The Library has entered into a capitalized lease for a vehicle. The lease meets the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, "Accounting for Leases", which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. New capital leases are reflected in the accounts "Purchased and Contracted Services" and "Inception of Capital Lease" in the funds which will be making the lease payments. Capital lease payments are reflected as debt service expenditures on the statement of revenues, expenditures, and changes in fund balances for the governmental funds. Principal payments in 2005 were \$4,333.

| | Governmental Activities |
|-------------------------------|-------------------------|
| Property under Capital Lease | \$52,236 |
| Less Accumulated Depreciation | (2,038) |
| | \$50,198 |

NOTE 18 - CAPITAL LEASES - LESEE DISCLOSURE (continued)

The following is a schedule of the future long-term minimum lease payments required under the capital lease and the present value of the minimum lease payments as of December 31, 2005.

| Fiscal Year | Principal | Interest | |
|-------------|-----------|----------|--|
| 2006 | \$8,822 | \$4,846 | |
| 2007 | 9,855 | 3,813 | |
| 2008 | 11,009 | 2,659 | |
| 2009 | 12,298 | 1,370 | |
| 2010 | 5,919 | 155 | |
| | \$47,903 | \$12,843 | |

NOTE 19 - CONSTRUCTION AND IMPROVEMENT OF FACILITIES

In 1995, the Board of Trustees of the Toledo-Lucas County Public Library submitted, to the Lucas County Commissioners, a property tax levy to be used for improvements to the Library system. The County Commissioners serve as the taxing authority and issue tax related debt on behalf of the Library, although their role is limited to a ministerial function. The determination to request approval of a tax, the rate, and the purpose are discretionary decisions made solely by the Board of Library Trustees.

With approval of the levy, the County Commissioners issued County general obligation bonds, in the amount of \$25,000,000 in 1996 and \$13,600,000 in 1997, for Library improvements. The bonds will be paid from proceeds of the property tax levy. Because the bonds are general obligations of Lucas County, the long-term obligation is excluded from the general long-term obligations of the Toledo-Lucas County Public Library. The receipt and expenditure of the proceeds from the property tax levy for the retirement of the debt is reflected in the Improvement Levy special revenue fund. The general obligation bonds were fully retired in 2005.

NOTE 20 - INTERFUND TRANSFERS

During 2005, the General Fund made transfers to other governmental funds, in the amount of \$1,100,000, to subsidize building repairs and improvements.

NOTE 21 - CONTINGENT LIABILITIES

A. Litigation

There are currently no matters of litigation with the Library as defendant.

NOTE 21 - CONTINGENT LIABILITIES (continued)

B. Federal and State Grants

For the period January 1, 2005, to December 31, 2005, the Library received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designees. Such audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under the terms of the grant. Based on prior experience, the Library believes such disallowances, if any, would be immaterial.

COMBINING STATEMENTS AND INDIVIDUAL FUND SCHEDULES

This Page Intentionally Left Blank

Toledo-Lucas County Public Library Combining Statements - Nonmajor Governmental Funds

NONMAJOR SPECIAL REVENUE FUNDS

To account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditure for specific purposes.

Special Gifts

To account for small donations used as designated by the donors.

Marci Stothers

To account for monies received from Marci Stothers for purchasing children's books about Native Americans.

Toledo Profile

To account for monies received from the sale of a book on local history used for further publications of the book or for revisions to the book.

Lois Waffle

To account for monies donated from the Estate of Lois A. Waffle to benefit the Waterville Branch of the Library.

Colby

To account for monies received from George F. Colby to benefit the Jermain Branch of the Library. This branch has since been closed. The Board has designated this money to be used for acquisitions relating to the history of Toledo and Lucas County.

Kent

To account for monies received from Eliza M. Kent to purchase books.

Louise M. Meffley

To account for monies donated from the Estate of Louise M. Meffley for purchasing materials for the sight impaired.

NONMAJOR CAPITAL PROJECTS FUNDS

To account for financial resources used for the acquisition or construction of major capital facilities.

Videoconferencing Grant

To account for LSTA grant to purchase media and videoconferencing equipment for the Heatherdowns and Kent Branches.

Building and Repair

To account for transfers from the General Fund to acquire or construct equipment and buildings.

Library Legacy Foundation

To account for donations from the Library Foundation to improve the library system by assistance with the construction project.

(continued)

Toledo-Lucas County Public Library Combining Statements - Nonmajor Governmental Funds (continued)

NONMAJOR PERMANENT FUNDS

To account for resources that are restricted to the extent that only earnings, and not principal, may be spent for Library purposes.

Libbey

Established by the bequest of Edward Drummond Libbey. The annual income is to provide for purchasing books other than novels, works of fiction, periodicals, and newspapers.

Hopkins

Originally established by Mrs. Owen J. Hopkins. The National Society of the United States Daughters of 1812 have given additional contributions. The annual income is to be used to purchase books on genealogy.

Colburn

Established by William J. and Carrie P. Colburn. The annual income is to provide for purchasing books other than novels, works of fiction, periodicals, and newspapers.

Source: Lucas County Auditor

b - TARTA is not levied in every county taxing district.

n/a - not available

Note: The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year.

Overlapping rates are those of local and county governments that apply to property owners within Toledo and Lucas County. Property tax rates for all overlapping governments are based upon the original voted levy.

a - Property tax rates are determined by a combination of the county-wide tax rates and the applicable tax rates for the school district, township, and municipality in which the property is located.
