BASIC FINANCIAL STATEMENTS (AUDITED) FOR THE FISCAL YEAR ENDED JUNE 30, 2005

AMY HENDRICKS, DIRECTOR OF FINANCE AND BUSINESS OPERATIONS

Auditor of State Betty Montgomery

Board of Education Vermilion Local School District 1230 Beechview Drive Vermilion, Ohio 44089

We have reviewed the *Independent Auditor's Report* of the Vermilion Local School District, Erie County, prepared by Julian and Grube, Inc., for the audit period July 1, 2004 through June 30, 2005. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Finding For Recovery - Repaid Under Audit

Vermilion Local Schools Negotiated Agreement with Unclassified Employees Article 31, Section 31.03 (A) entitles employees who are first eligible to retire and that chose to retire within that contract year or at the end of that contract year severance pay of one half of their sick leave balance up to a maximum of 105 days. The District issued a severance payment to Katherine (Ida) Wilson on July 1, 2005 for \$17,814.33. The District miscalculated the amount of severance due which should have been \$2,300.80 based upon the negotiated agreement provision for severance pay.

In accordance with the foregoing facts and pursuant to Ohio Revised Code Section 117.28, a finding for recovery for public money illegally expended is hereby issued against Katherine Wilson in the amount of \$15,513.53 in favor of the District's General fund.

Katherine Wilson made restitution to the District on December 13, 2005 in the amount of \$12,000. She paid the remaining balance on December 20, 2005.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Vermilion Local School District is responsible for compliance with these laws and regulations.

Independent Auditor's Report

Board of Education Vermilion Local School District 1230 Beechview Drive Vermilion, Ohio 44808-1170

We have audited the accompanying financial statements of the governmental activities, its major fund, and the aggregate remaining fund information of the Vermilion Local School District, Erie County (the "District"), as of and for the fiscal year ended June 30, 2005, which collectively comprise the District's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, its major fund, and the aggregate remaining fund information of the Vermilion Local School District, Erie County, Ohio, as of June 30, 2005, and the respective changes in financial position and cash flows, where applicable thereof, and the respective budgetary comparison for the general fund for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

As disclosed in Note 3 to the financial statements, the District implemented Governmental Accounting Standards Board (GASB) Technical Bulletin No. 2004-2, "<u>Recognition of Pension and Other</u> <u>Postemployment Benefit Expenditures/Expenses and Liabilities by Cost-Sharing Employers</u>" for the fiscal year ended June 30, 2005. In addition, there was a restatement for the establishment of an internal service fund which effected both the general fund and the internal service fund balances and net assets at July 1, 2004, which is discussed in more detail in Note 3.

Independent Auditor's Report Vermilion Local School District Page Two

In accordance with *Government Auditing Standards*, we have also issued our report dated November 29, 2005, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 3 through 12 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying schedule of receipts and expenditures of federal awards is presented for purposes of additional analysis as required by U. S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements of the District. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Julian & Grube, Inc. November 29, 2005

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2005 UNAUDITED

The management's discussion and analysis of the Vermilion Local School District's (the "District") financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2005. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the District's financial performance.

Financial Highlights

Key financial highlights for 2005 are as follows:

- In total, net assets of governmental activities increased \$1,730,415 which represents an 18.52% increase from 2004.
- General revenues accounted for \$22,010,827 in revenue or 89.37% of all revenues. Program specific revenues in the form of charges for services and sales, grants and contributions accounted for \$2,619,071 or 10.63% of total revenues of \$24,629,898.
- The District had \$22,899,483 in expenses related to governmental activities; \$2,619,071 of these expenses was offset by program specific charges for services and sales, grants or contributions. General revenues supporting governmental activities (primarily taxes and unrestricted grants and entitlements) of \$22,010,827 were adequate to provide for these programs.
- The District's only major governmental fund is the general fund. The general fund had \$22,264,632 in revenues and other financing sources and \$21,447,175 in expenditures. During fiscal year 2005, the general fund's fund balance increased \$818,380 from \$4,727,632 to \$5,546,012.

Using these Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *Statement of Net Assets* and *Statement of Activities* provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other nonmajor funds presented in total in one column. In the case of the District, the general fund is by far the most significant fund, and the only governmental fund reported as a major fund.

Reporting the District as a Whole

Statement of Net Assets and the Statement of Activities

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2005?" The Statement of Net Assets and the Statement of Activities answer this question. These statements include *all assets, liabilities, revenues and expenses* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2005 UNAUDITED

These two statements report the District's *net assets* and changes in those assets. This change in net assets is important because it tells the reader that, for the District as a whole, the *financial position* of the District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

In the Statement of Net Assets and the Statement of Activities, the Governmental Activities include the District's programs and services, including instruction, support services, operation and maintenance of plant, pupil transportation, extracurricular activities, and food service operations. The District's statement of net assets and statement of activities can be found on pages 13-14 of this report.

Reporting the District's Most Significant Funds

Fund Financial Statements

The analysis of the District's major governmental fund begins on page 9. Fund financial reports provide detailed information about the District's major fund. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds. The District's only major governmental fund is the general fund.

Governmental Funds

Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called *modified accrual* accounting which measures cash and all other *financial assets* than can readily be converted to cash. The governmental fund financial statements provide a detailed *short-term* view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental *activities* (reported in the Statement of Net Assets and the Statement of Activities) and governmental *funds* is reconciled in the basic financial statements. The basic governmental fund financial statements can be found on pages 15-19 of this report.

Proprietary Fund

The District maintains a proprietary fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the District's various functions. The District's internal service fund accounts for medical self-insurance. The basic proprietary fund financial statements can be found on pages 20-22 of this report.

Reporting the District's Fiduciary Responsibilities

The District is the trustee, or fiduciary, for its scholarship programs. This activity is presented as a private-purpose trust fund. The District also acts in a trustee capacity as an agent for individuals or other entities. These activities are reported in agency funds. All of the District's fiduciary activities are reported in separate Statements of Fiduciary Net Assets and Changes in Fiduciary Net Assets on pages 23 and 24. These activities are excluded from the District's other financial statements because the assets cannot be utilized by the District to finance its operations.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These notes to the basic financial statements can be found on pages 25-50 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2005 UNAUDITED

The District as a Whole

The Statement of Net Assets provides the perspective of the District as a whole.

The table below provides a summary of the District's net assets for 2005 and 2004.

	Governmental Activities 2005	(Restated) Governmental Activities 2004
Assets		
Current and other assets	\$ 23,096,361	\$ 22,275,960
Capital assets	7,001,729	7,185,717
Total assets	30,098,090	29,461,677
Liabilities		
Current liabilities	14,933,475	15,796,801
Long-term liabilities	4,092,055	4,322,731
Total liabilities	19,025,530	20,119,532
<u>Net Assets</u>		
Invested in capital		
assets, net of related debt	5,343,655	5,367,067
Restricted	414,561	256,818
Unrestricted	5,314,344	3,718,260
Total net assets	\$ 11,072,560	\$ 9,342,145

Over time, net assets can serve as a useful indicator of a government's financial position. At June 30, 2005, the District's assets exceeded liabilities by \$11,072,560. Of this total, \$5,314,344 is unrestricted in use.

At year-end, capital assets represented 23.26% of total assets. Capital assets include land, land improvements, buildings and improvements, furniture and equipment, and vehicles. Capital assets, net of related debt to acquire the assets at June 30, 2005, were \$5,343,655. These capital assets are used to provide services to the students and are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

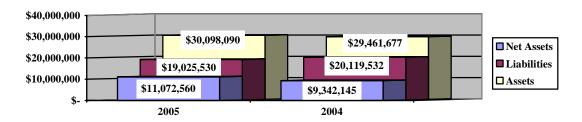

A portion of the District's net assets, \$414,561, represents resources that are subject to external restriction on how they may be used. The remaining balance of unrestricted net assets of \$5,314,344 may be used to meet the District's ongoing obligations to the students and creditors.

Net Assets

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2005 UNAUDITED

The graph below presents the District's governmental activities revenue and expenses for fiscal years 2005 and 2004:

Governmental Activities

The table below shows the change in net assets for fiscal years 2005 and 2004.

Damana	Governmental Activities 2005	Governmental Activities 2004
<u>Revenues</u> Program revenues:		
Charges for services and sales	\$ 1,222,177	\$ 1,093,280

Net assets at beginning of year	9,342,145	9,775,526
Net assets at end of year	\$ 11,072,560	\$ 9,342,145

Governmental Activities

Net assets of the District's governmental activities increased \$1,730,415. Total governmental expenses of \$22,899,483 were offset by program revenues of \$2,619,071 and general revenues of \$22,010,827. Program revenues supported 11.44% of the total governmental expenses.

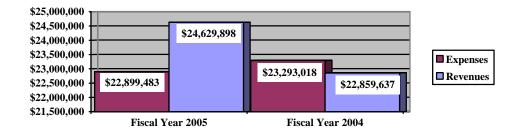

The primary sources of revenue for governmental activities are derived from property taxes, and grants and entitlements. These revenue sources represent 88.62% of total governmental revenue.

The largest expense of the District is for instructional programs. Instruction expenses totaled \$12,708,831 or 55.50% of total governmental expenses for fiscal year 2005.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2005 UNAUDITED

The graph below presents the District's governmental activities revenue and expenses for fiscal years 2005 and 2004.

Governmental Activities - Revenues and Expenses

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State grants and entitlements.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2005 UNAUDITED

The dependence upon tax and other general revenues for governmental activities is apparent, 92.12% of instruction activities are supported through taxes and other general revenues. For all governmental activities, general revenue support is 88.56%. The District's taxpayers, as a whole, are by far the primary support for District's students.

The graph below presents the District's governmental activities revenue for fiscal years 2005 and 2004.

Governmental Activities - General and Program Revenues

The District's Funds

The District's governmental funds reported a combined fund balance of \$6,382,592, which is higher than last year's total of \$5,400,087. The June 30, 2004 fund balances have been restated as described in Note 3.A to the basic financial statements. The schedule below indicates the fund balance and the total change in fund balance as of June 30, 2005 and 2004.

	Fund Balance June 30, 2005	Restated Fund Balance June 30, 2004	Increase	Percentage Change
General Other Governmental	\$ 5,546,012 <u>836,580</u>	\$ 4,727,632 672,455	\$ 818,380 164,125	17.31 % 24.41 %
Total	\$ 6,382,592	\$ 5,400,087	\$ 982,505	18.19 %

General Fund

The District's general fund balance increased \$818,380 (after a restatement to the June 30, 2004 fund balance which is detailed in Note 3.A to the basic financial statements). The increase in fund balance can be primarily attributed to the increase in various revenues and the decrease in expenditures. The table that follows assists in illustrating the financial activities and fund balance of the general fund.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2005 UNAUDITED

		Restated		
	2005	2004	Increase	Percentage
	Amount	Amount	(Decrease)	Change
Revenues				
Taxes	\$ 15,021,101	\$ 13,736,846	\$ 1,284,255	9.35 %
Earnings on investments	168,460	88,049	80,411	91.33 %
Intergovernmental	6,681,486	6,448,696	232,790	3.61 %
Other revenues	308,205	245,726	62,479	25.43 %

Capital outlay	85,380	237,530	(152,150)	(64.06) %
Debt service	279,845	283,569	(3,724)	(1.31) %
Total	<u>\$ 21,447,175</u>	\$ 21,026,325	<u>\$ 420,850</u>	2.00 %

General Fund Budgeting Highlights

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the general fund.

During the course of fiscal year 2005, the District amended its general fund budget once. For the general fund, original budgeted revenues and other financing sources were \$21,327,048 and final budgeted revenues and other financing sources were \$21,421,349. Actual revenues and other financing sources for fiscal year 2005 was \$21,341,025. This represents a \$80,324 decrease from final budgeted revenues.

General fund original appropriations and other financing uses of \$22,110,991 were increased to \$22,126,652 in the final budget. The actual budget basis expenditures and other financing uses for fiscal year 2005 totaled \$21,611,811, which was \$514,841 less than the final budget appropriations.

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal year 2005, the District had \$7,001,729 invested in land, land improvements, buildings and improvements, furniture and equipment, and vehicles. This entire amount is reported in governmental activities. The following table shows fiscal year 2005 balances compared to 2004:

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2005 UNAUDITED

Capital Assets at June 30 (Net of Depreciation)

	Governmental Activities				
	2005	2004			
Land	\$ 699,837	\$ 699,837			
Land improvements	46,120	49,653			
Building and improvements	4,204,655	4,410,697			
Furniture and equipment	1,252,933	1,206,153			
Vehicles	798,184	819,377			
Total	<u>\$ 7,001,729</u>	\$ 7,185,717			

The overall decrease in capital assets of \$183,988 is due to depreciation expense of \$618,516 exceeding capital outlays of \$434,528 in the fiscal year.

See Note 8 to the basic financial statements for additional information on the District's capital assets.

Debt Administration

At June 30, 2005, the District had \$650,000 in general obligation bonds and \$1,415,000 in energy conservation bonds outstanding. Of this total, \$230,000 is due within one year and \$1,835,000 is due in greater than one year. The following table summarizes the bonds and loans outstanding.

Outstanding Debt, at Year End

	Governmental Activities 2005	Governmental Activities 2004
General obligation bonds Energy conservation bonds	\$ 650,000 1,415,000	\$ 780,000 1,505,000
Total	\$ 2,065,000	\$ 2,285,000

At June 30, 2005, the District's overall legal debt margin was \$39,353,615, an unvoted debt margin of \$440,623, and an unvoted energy conservation debt margin of \$3,120,604.

See Note 11 to the basic financial statements for additional information on the District's debt administration.

Current Financial Related Activities

Like many school districts in Ohio, the Vermilion Local School District is facing the difficult challenge of maintaining standards of service to our students while operating within our fiscal limitations. Current projections indicate that by June 30, 2007, the District's operating funds will have a deficit balance in excess of \$1.5 million. This deficit is a result of reductions in the personal property tax base as well as lack of adequate revenue from the state.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2005 UNAUDITED

The triennial update commenced in 2003 effective for calendar year 2004. Current trends would facilitate the assumption that the 20-mill floor will be reached as a result of the update, thereby generating additional revenue. Voters approved an Emergency Levy Renewal in November 2002 that will generate \$2,175,000 per year. This levy will expire mid-year in fiscal 2006, and a renewal will be sought not later than November, 2005, to avoid a gap in collections.

Ford Motor Company has announced the planned closing of the Lorain Assembly Plant with a tentative timeline of late 2006. The impact of the real estate values on this parcel is undetermined. Tax laws would lead to the assumption that this revenue will remain constant as adjustments are made to the remaining properties in the Commercial/Industrial duplicate.

Valuations decreased by over 27% in calendar year 1998 mainly because of Ford's closing down the Thunderbird and Cougar line. As a result, our PT tax collection has decreased substantially. Fiscal year 2000 included the 1998 values multiplied by the tax rates, plus one half year's collection of the 3 year Emergency Levy. Calendar year 1999 valuations (collectable calendar year 2000 – fiscal year 2001) tentatively issued by the County Auditor's office would have decreased by another \$2,685,550 (primary cause – Ford Motor Co.). However, fiscal year 2001 had an unusual collection rate of delinquent taxes resulting in over \$200,000 in revenue. There was a one year increase in valuation of personal property at the Lorain Assembly Plant that brought in \$400,000 during fiscal year 2001. The assessment rate on personal tangible property is 25%. What began in January 2002, with the assessment rate on the inventory portion of this tax will decreasing by 1% a year until it is completely phased out has now been accelerated. Due to the confidential nature of business returns, it is difficult to estimate the amount and timing of reductions in local revenue.

A reduction of approximately \$600,000 per year in State Aid will began in 2004 with the 23 mill charge off of the estimated \$26 million new valuation of the First Energy West Lorain Turbine Plant.

The Board of Education and the administration of the District have been good stewards of the tax dollars provided by our community. However, due to the revenue circumstances cited as well increases in expenditures, the District will be in a position that will require an increased level of revenue or a reduction in the services offered to our community. The state legislature remains unable to commit adequate funding for all school children in Ohio. The result is an increasing shift of costs to the local taxpayer to support education in each community.

Contacting the District's Financial Management

This financial report is designed to provide our citizen's taxpayers, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact: Ms. Amy Hendricks, Director of Finance and Business Operations, Vermilion Local School District, 1230 Beechview Drive, Vermilion, Ohio 44089.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2005

Net change in fund balances - total governmental funds	\$	981,225
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depeciation expense exceeded capital outlays in the current period.		
Capital asset additions \$ 434,52 Current year depreciation (618,51) Total		(183,988)
In the statement of activities, interest is accrued on outstanding bonds and notes, where as in governmental funds, an interest expenditure is reported when due.		224
Governmental funds report expenditures for inventory when purchased. However, in the statement of activities, they are reported as an expense when consumed.		1,280
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Taxes(114,80Interest(8,64Intergovernmental(29,65Total(29,65	-2)	(153,101)
Repayment of bond and lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.		375,956
Proceeds of leases are recorded as revenue in the funds, however on the statement of activities, they are not reported as revenues as they increase the liabilities on the statement of net assets.		(85,380)
Some expenses reported in the statement of activities, such as compensated absences do not require the use of current resources and therefore are not reported as expenditures in governmental funds.		(87,516)
The internal service fund used by management to charge the costs of insurance to individual funds is not reported in the district-wide statement of activities. Governmental fund expenditures and the related internal service fund revenues		
are eliminated. The net revenue (expense) of the internal service fund is allocated among the governmental activities.		881,715
Change in net assets of governmental activities	\$	1,730,415

STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE - BUDGET AND ACTUAL (NON-GAAP BUDGETARY BASIS) GENERAL FUND FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT

The Vermilion Local School District (the "District") is located in Erie County and encompasses all of the City of Vermilion and portions of surrounding townships.

The District was established in 1944 through the consolidation of existing land areas and school districts and is organized under Sections 2 and 3, Article VI of the Constitution of the State of Ohio. Under such laws there is no authority for a school district to have a charter or adopt local laws. The legislative power of the school district is vested in the Board of Education, consisting of five members elected at large for staggered four-year terms.

The District ranks as the 208th largest by enrollment among the 614 public school districts in the state, and the 2^{nd} largest in Erie County. It currently operates 2 elementary schools, 1 middle school, and 1 comprehensive high school. The District employs 94 non-certified and 172 certified employees to provide services to 2,479 students in grades K through 12 and various community groups.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District also applies Financial Accounting Standards Board (FASB) Statement and Interpretations issued on or before November 30, 1989, to its governmental activities and proprietary fund provided they do not conflict with or contradict GASB pronouncements. The District's significant accounting policies are described below.

A. Reporting Entity

The reporting entity has been defined in accordance with GASB Statement No. 14, "<u>The Financial Reporting Entity</u>" as amended by GASB Statement No. 39, "<u>Determining Whether Certain Organizations Are Component Units</u>". The reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the basic financial statements of the District are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the District, this includes general operations, food service, preschool and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organizations' government board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; or (3) the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Based upon the application of these criteria, the District has no component units. The basic financial statements of the reporting entity include only those of the District (the primary government). The following organizations are described due to their relationship to the District:

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

JOINTLY GOVERNED ORGANIZATION

EHOVE Career Center

The vocational school district is a separate body politic and corporate, established by the Ohio Revised Code (ORC) to provide vocational and special education needs of the students. The school accepts non-tuition students from the District as a member school, however, it is considered a separate political subdivision and is not considered to be part of the District.

Lake Erie Education Computer Association (LEECA)

LEECA is a jointly governed organization among thirty school districts. The jointly governed organization was formed for the purpose of applying modern technology (with the aid of computers and other electronic equipment) to administrative and instructional functions among member districts. Each of the governments of these schools supports LEECA based upon a per pupil charge, dependent upon the software package utilized. The LEECA assembly consists of a superintendent or designated representative from each participating school district and a representative from the fiscal agent. LEECA is governed by a Board of Directors chosen from the general membership of the LEECA assembly.

The Board of Directors consists of a representative from the fiscal agent, the chairman of each of the operating committees, and at least one Assembly member from each county in which participating school districts are located. The degree of control exercised by any participating school district is limited to its representation on the Board. Financial information can be obtained by contacting the Treasurer at the Lorain County Board of Education, who serves as the fiscal agent, at 1885 Lake Avenue, Elyria, Ohio 44035.

Lake Erie Regional Council (LERC)

The Lake Erie Regional Council (LERC) is a jointly governed organization comprised of 14 school districts. The jointly governed organization was formed for the purpose of promoting cooperative agreements and activities among its members in dealing with problems of mutual concern such as media center, gas consumption, driver education, food service and insurance. Each member provides operating resources to LERC on a per pupil or actual usage charge. The LERC assembly consists of a superintendent or designated representative from each participating school district and the fiscal agent. LERC is governed by a Board of Directors chosen from the general membership. The degree of control exercised by any participating school district is limited to its representation on the Board. Financial information can be obtained by contacting the Treasurer at the Educational Service Center of Lorain County, who serves as fiscal agent, at 1885 Lake Avenue, Elyria, Ohio.

RELATED ORGANIZATION

The Ritter Public Library

The Ritter Public Library is a distinct political subdivision of the State of Ohio created under Chapter 3375 of the Ohio Revised Code. The Library is governed by a Board of Trustees appointed by the District's Board of Education. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel and does not depend on the District for operational subsidies. Although the District does serve as the taxing authority and has issued tax related debt on behalf of the Library, its role is limited to a ministerial function. The determination to request approval of a tax, the rate and the purpose are discretionary decisions made solely by the Board of Trustees. Financial information can be obtained from the Ritter Public Library, Clerk/Treasurer, at 5680 Liberty Avenue, Vermilion, Ohio 44089.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

INSURANCE PURCHASING POOL

Ohio Association of School Business Officials Workers' Compensation Group Rating Plan

The District participates in a group rating plan for workers' compensation as established under Section 4123.29 of the Ohio Revised Code. The Ohio Association of School Business Officials Workers' Compensation Group Rating Plan (the Plan) was established through the Ohio Association of School Business Officials (OASBO) as a group purchasing pool.

The Executive Director of the OASBO, or his designee, serves as coordinator of the Plan. Each year, the participating school districts pay an enrolment fee to the Plan to cover the costs of administering the program.

B. Fund Accounting

The District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following is the District's major governmental fund:

<u>General Fund</u> - The general fund is used to account for all financial resources except those required to be accounted for in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

Other governmental funds of the District are used to account for (a) the accumulation of resources for, and payment of, general long-term debt principal, interest and related costs; (b) financial resources to be used for the acquisition, construction, or improvement of capital facilities; and (c) for grants and other resources whose use is restricted to a particular purpose.

PROPRIETARY FUND

Proprietary funds are used to account for the District's ongoing activities which are similar to those often found in the private sector. The District has no enterprise funds. The following is a description of the District's internal service fund:

<u>Internal Service Fund</u> - The internal service fund is used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the district, or to other governments, on a cost-reimbursement basis. The only internal service fund of the District accounts for a self-insurance program which provides medical/surgical and dental benefits to employees.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

FIDUCIARY FUNDS

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. The District's only trust fund is a private-purpose trust which accounts for scholarship programs for students. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

C. Basis of Presentation and Measurement Focus

<u>Government-wide Financial Statements</u> - The statement of net assets and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. Internal service fund operating activity is eliminated to avoid overstatement of revenues and expenses.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the governmental activities of the District. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include amounts paid by the recipient of goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues of the District.

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the District are included on the statement of net assets.

<u>Fund Financial Statements</u> - Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column, and all nonmajor funds are aggregated into one column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by fund type.

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Like the government-wide statements, the internal service fund is accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of this fund are included on the statement of fund net assets. The statement of changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the District finances and meets the cash flow needs of its proprietary activity.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operation. The principal operating revenues of the District's internal service fund is charges for sales and services. Operating expenses for internal service funds include the cost of sales and services and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The private-purpose trust fund is reported using the economic resources measurement focus. Agency funds do not report a measurement focus as they do not report operations.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Fiduciary funds use the accrual basis of accounting.

<u>Revenues - Exchange and Non-exchange Transactions</u> - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year-end.

Nonexhange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (see Note 6).

Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, interest, tuition, grants, student fees and rentals.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

<u>Deferred Revenue</u> - Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Property taxes for which there is an enforceable legal claim as of June 30, 2005, but which were levied to finance fiscal year 2006 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred. The fair value of donated commodities used during the year is reported in the Statement of Revenues, Expenditures and Changes in Fund Balances as an expenditure with a like amount reported as intergovernmental revenue. Unused donated commodities are reported as intergovernmental revenue.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocation of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgets

The District is required by state statute to adopt an annual appropriated cash basis budget for all funds (except agency). The specific timetable is as follows:

- 1. Prior to January 15 of the preceding year, the Superintendent and Treasurer submit to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing for all funds. Public hearings are publicized and conducted to obtain taxpayers' comments. The express purpose of this budget document is to reflect the need for existing (or increased) tax rates.
- 2. By no later than January 20, the board-adopted budget is filed with the Erie County Budget Commission for tax rate determination. Erie County Commissioners waived this requirement for fiscal year 2005.
- 3. Prior to April 1, the Board of Education accepts, by formal resolution, the tax rates as determined by the Budget Commission and receives the Commission's Certificate of Estimated Resources which states the projected revenue of each fund. Prior to June 30, the District must revise its budget so that total contemplated expenditures from any fund during the ensuing year will not exceed the amount stated in the Certificate of Estimated Resources. The revised budget then serves as a basis for the appropriation measure. On or about July 1, the Certificate is amended to include any unencumbered balances from the preceding year as reported by the District Treasurer. The Certificate may be further amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The amounts reported in the budgetary statement reflect the amounts set forth in the original and final Amended Certificate issued for fiscal year 2005.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

- 4. By July 1, the annual Appropriation Resolution is legally enacted by the Board of Education at the fund level of expenditures, which is the legal level of budgetary control. State statute permits a temporary appropriation to be effective until no later than October 1 of each year. Although the legal level of budgetary control was established at the fund level of expenditures, the District has elected to present budgetary statement comparisons at the fund and function level of expenditures. Resolution appropriations by fund must be within the estimated resources as certified by the County Budget Commission, and the total of expenditures and encumbrances may not exceed the appropriation total.
- 5. Any revisions that alter the total of any fund appropriation must be approved by the Board of Education.
- 6. Formal budgetary integration is employed as a management control device during the year for all funds consistent with the general obligation bond indenture and other statutory provisions. All funds completed the year within the amount of their legally authorized cash basis appropriation.
- 7. Appropriation amounts are as originally adopted, or as amended by the Board of Education through the year by supplemental appropriations which either reallocated or increased the original appropriated amounts. All supplemental appropriations were legally enacted by the Board during fiscal year 2005. All amounts reported in the budgetary statement reflect the original appropriations plus all modifications legally enacted by the Board.
- 8. Unencumbered appropriations lapse at year-end. Encumbered appropriations are carried forward to the succeeding fiscal year and need not be reappropriated. Expenditures may not legally exceed budgeted appropriations at the fund level.

F. Cash and Investments

To improve cash management, cash received by the District other than cash with fiscal agent is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the District's records. Each fund's interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents" on the basic financial statements.

During 2005, investments were limited to the State Treasury Asset Reserve of Ohio (STAR Ohio), repurchase agreements, a U.S. Government money market fund and federal agency securities.

Except for nonparticipating investment contracts, investments are reported at fair value, which is based on quoted market prices. Nonparticipating investment contracts such as repurchase agreements are reported at cost.

STAR Ohio is an investment pool managed by the State Treasurer's Office, which allows governments within the state to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on June 30, 2005.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The District allocates investment earnings to the General, Other Grants, Student Managed Activities, District Managed Student Activity, Auxiliary Services, Private-Purpose Trust, and Food Service funds in accordance with Board policies and state statutes. Interest revenue credited to the general fund during fiscal year 2005 amounted to \$168,460 which includes \$22,219 assigned from other District funds.

The District utilizes a financial institution to service bonded debt as principal and interest payments come due. This interest bearing depository account is presented on the combined balance sheet as "Cash with Fiscal Agent" since it is not required to be deposited into the District treasury. The District also has "Cash with Fiscal Agent" held by the Lake Erie Regional Council for the District's self-insurance plan.

For presentation on the basic financial statements, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the District are considered to be cash equivalents. Investments with an initial maturity of more than three months are reported as investments.

An analysis of the District's investment account at year-end is provided in Note 4.

G. Inventory

On government-wide and fund financial statements, inventories are presented at the lower of cost or market on a first-in, first-out basis and are expensed when used. Inventories are accounted for using the purchase method on the fund statements and using the consumption method on the government-wide statements.

On the fund financial statements, reported material and supplies inventory is equally offset by a fund balance reserve in the governmental funds which indicates that it does not constitute available spendable resources even though it is a component of net current assets.

H. Capital Assets

General capital assets are those related to government activities. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The District maintains a capitalization threshold of \$1,000 for its general capital assets during fiscal year 2005. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

All reported capital assets except land are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

	Governmental
	Activities
Description	Estimated Lives
Land improvements	20 years
Buildings and improvements	25 - 50 years
Furniture and equipment	5 - 20 years
Vehicles	8 years

I. Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in the governmental activities column on the Statement of Net Assets.

J. Compensated Absences

Compensated absences of the District consist of vacation leave and severance liability to the extent that payments to the employee for these absences are attributable to services already rendered and are not contingent on a specific event that is outside the control of the District and the employee.

In accordance with the provisions of GASB Statement No. 16, "Accounting for Compensated Absences", a liability for vacation leave is accrued if a) the employees' rights to payment are attributable to services already rendered; and b) it is probable that the employer will compensate the employees for the benefits through paid time off or other means, such as cash payment at termination or retirement. A liability for severance is accrued using the vesting method; i.e., the liability is based on the sick leave accumulated at the balance sheet date by those employees who are currently eligible to receive termination (severance) payments, as well as those employees expected to become eligible in the future. For purposes of establishing a liability for severance on employees expected to become eligible to retire in the future, all employees with at least 5 years of service with the District, regardless of age, were considered expected to become eligible to retire in accordance with GASB Statement No. 16.

The total liability for vacation and severance payments has been calculated using pay rates in effect at June 30, 2005, and reduced to the maximum payment allowed by labor contract and/or statute, plus any additional salary related payments.

The entire compensated absence liability is reported on the government-wide financial statements.

For governmental fund financial statements, the current portion of unpaid compensated absences is the amount expected to be paid using expendable available resources. These amounts are recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated unpaid leave are paid. The noncurrent portion of the liability is not reported.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

K. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds and capital leases are recognized as a liability on the fund financial statements when due.

L. Fund Reserves

Reserved fund balances indicate that portion of fund equity which is not available for current appropriation or is legally segregated for a specific use. Fund balances are reserved for encumbrances, materials and supplies inventory, debt service and tax advance unavailable for appropriation. The unreserved portions of fund equity reflected for the governmental funds are available for use within the specific purposes of those funds. The reserve for tax revenue unavailable for appropriation represents taxes recognized as revenue under GAAP but not available for appropriations under state statute.

M. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary fund. For the District, these revenues are charges for services for the employee self-insurance program. Operating expenses are necessary costs incurred to provide the good or service that are the primary activity of the fund.

N. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consist of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

O. Prepayments

Certain payments to vendors reflect the costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. These items are reported as assets on the balance sheet using the consumption method. A current asset for the prepaid amounts is recorded at the time of the purchase and the expenditure/expense is reported in the year in which services are consumed. There were no significant payments at fiscal year end.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

P. Estimates

The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

Q. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the basic financial statements.

R. Parochial School

Within the District boundaries, the St. Mary School is operated through the Toledo Catholic Diocese. Current state legislation provides funding to this parochial school. These monies are received and disbursed on behalf of the parochial school by the Treasurer of the District, as directed by the parochial school. The receipt and expenditure of these state monies by the District are reflected in a special revenue fund for financial reporting purposes.

S. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during fiscal year 2005.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Change in Accounting Principles and Restatement of Fund Balance

For fiscal year 2005, the District has implemented GASB Statement No. 40, "Deposit and Investment Risk Disclosures" and GASB Technical Bulletin 2004-2, "Recognition of Pension and Other Postemployment Benefit Expenditures/Expenses and Liabilities by Cost-Sharing Employers".

GASB Statement No. 40 establishes and modified disclosure requirements related to investment risks: credit risk (including custodial credit risk and concentrations of credit risk) and interest rate risk. This statement also establishes and modified disclosure requirements for custodial credit risk on deposits.

GASB Technical Bulletin No. 2004-2 addresses the amount that should be recognized as expenditure/expense and as a liability each period by employers participating in a cost-sharing multiple-employer pension and other postemployment benefit (OPEB) plans.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

The implementation of GASB Statement No. 40 did not have an effect on the financial statements of the District, however additional note disclosure can be found in Note 4. The implementation of GASB Technical Bulletin No. 2004-2 and the correction of a prior year error in the reporting of the internal service fund (see Note 3B), had the following effect on the fund balances of the major and non-major funds of the District as they were previously reported as of June 30, 2004:

	General	N	onmajor_	Total
Fund Balances, June 30, 2004	\$ 4,492,905	\$	689,787	\$ 5,182,692
GASB Technical Bulletin No. 2004-2	(189,069)		(17,332)	(206,401)
Internal Service Fund correction	423,796			423,796
Restated Fund Balance, June 30, 2004	\$ 4,727,632	\$	672,455	\$ 5,400,087

B. Restatement of Net Assets

Beginning net assets has been restated from \$9,002,137 to \$9,342,145 due to the correction of an error in reporting of the internal service fund which accounts for self-insurance. In the prior year, the District reported the self-insurance activity in the general fund. During the year, the District created an Internal Service Fund to properly account for the self-insurance activity. This Internal Service Fund had beginning net assets of \$(83,788).

C. Deficit Fund Balances

Fund balances at June 30, 2005 included the following individual fund deficits:

	_ <u>D</u>	eficit
Nonmajor Funds		
Management Information Systems	\$	1,260
Entry Year Programs		16
Summer Intervention		661
Title I		277
Drug Free School Grant		532
EHA Preschool Grant		2,849
Reducing Class Size		17,473

These funds complied with Ohio state law, which does not permit a cash basis deficit at year-end. The general fund is liable for any deficits in these funds and provides transfers when cash is required, not when accruals occur. The deficit fund balances result from adjustments for accrued liabilities.

NOTE 4 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim moneys are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Protection of District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Interim monies to be deposited or invested in the following securities:

- 1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
- 2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio;
- No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- 6. The State Treasurer's investment pool (STAR Ohio);
- 7. Certain banker's acceptance and commercial paper notes for a period not to exceed one hundred eighty days from the purchase date in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time: and,
- 8. Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Cash with Fiscal Agent

At year-end, a total of \$755 was on deposit in the District's clearance account for bonded debt. The District had \$1,313,687 held by the Lake Erie Regional Council for the self-insurance plan. These amounts are not included in the total amount of deposits reported below; however, these amounts are not part of the internal cash pool on the basic financial statements as "Equity in pooled cash and cash equivalents".

B. Deposits with Financial Institutions

At June 20, 2005, the carrying amount of all District deposits was \$1,967,523, exclusive of the \$61,245 repurchase agreement included in investments below. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of June 30, 2005, \$1,871,162 of the District's bank balance of \$2,167,966 was exposed to custodial risk as discussed below, while \$296,804 was covered by Federal Deposit Insurance Corporation.

Custodial credit risk is the risk that, in the event of bank failure, the District's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the District.

B. Investments

As of June 30, 2005, the District had the following investments and maturities:

			Investment Maturities			turities
		6 months or		6 months or		7 to 12
Investment type	_]	Fair Value	_	less		months
Repurchase Agreement	\$	61,245	\$	61,245	\$	-
STAR Ohio		2,015,745		2,015,745		-
Freddie Mac		249,688		249,688		-
Fannie Mae		321,821		-		321,821
FHLB		2,586,588		1,171,463		1,415,125
U.S. Government Money Market		443,905		443,905		
Total	\$	5,678,992	\$	3,942,046	\$	1,736,946

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

The weighted average maturity of investments is .30 years.

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates and according to state law, the District's investment policy limits investment portfolio maturities to five years or less.

Credit Risk: The District's investments, except for the repurchase agreement as discussed above and STAR Ohio, were rated AAA and Aaa by Standard & Poor's and Moody's Investor Services, respectively. Standard & Poor's has assigned STAR Ohio an AAAm money market rating.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Of the District's investment in repurchase agreements, the entire balance is collateralized by underlying securities pledged by the investment's counterparty, not in the name of the District.

Concentration of Credit Risk: The District places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the District at June 30, 2005:

Investment type	F	air Value	<u>% of Total</u>
Repurchase Agreement	\$	61,245	1.08
STAR Ohio		2,015,745	35.49
Freddie Mac		249,688	4.40
Fannie Mae		321,821	5.67
FHLB		2,586,588	45.54
U.S. Government Money Market		443,905	7.82
Total	\$	5,678,992	100.00

C. Reconciliation of Cash and Investment to the Statement of Net Assets

The following is a reconciliation of cash and investments as reported in the footnote above to cash and investments as reported on the statement of net assets as of June 30, 2005:

Cash and investments per footnote	
Carrying amount of deposits	\$ 1,967,523
Investments	5,678,992
Cash with fiscal agents	 1,314,442
Total	\$ 8,960,957
Cash and investments per Statement of Net Assets	
Cash and investments per Statement of Net Assets Governmental activities	\$ 8,605,910
•	8,605,910 272,428
Governmental activities	
Governmental activities Private-purpose trust funds	272,428

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 5 - INTERFUND TRANSACTIONS

Interfund balances at June 30, 2005 as reported on the fund statements, consist of the following individual interfund loans receivable and payable:

Receivable Fund	Payable Fund	A	mount
General	Nonmajor governmental funds	\$	8,784

The primary purpose of the interfund balances is to cover costs in specific funds where revenues were not received by June 30. These interfund balances will be repaid once the anticipated revenues are received. All interfund balances are expected to be repaid within one year.

Interfund balances between governmental funds are eliminated on the government-wide financial statements; therefore, no internal balances at June 30, 2005 are reported on the statement of net assets.

NOTE 6 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the District fiscal year runs from July through June. First half tax collections are received by the District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real, public utility and tangible personal property (used in business) located in the District. Real property tax revenue received in calendar 2005 represents collections of calendar year 2004 taxes. Real property taxes received in calendar year 2005 were levied after April 1, 2004, on the assessed value listed as of January 1, 2004, the lien date. Assessed values for real property taxes are established by state law at thirty-five percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, state statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar 2005 represents collections of calendar year 2004 taxes. Public utility real and tangible personal property taxes received in calendar year 2005 became a lien December 31, 2003, were levied after April 1, 2004 and are collected in 2005 with real property taxes. Public utility real property is assessed at thirty-five percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

Tangible personal property tax revenue received during calendar 2005 (other than public utility property) represents the collection of 2005 taxes. Tangible personal property taxes received in calendar year 2005 were levied after April 1, 2005, on the value as of December 31, 2004. Tangible personal property is currently assessed at twenty-five percent of true value for capital assets and twenty-four percent of true value for inventory. Payments by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20. Tangible personal property taxes paid by April 30 are usually received by the District prior to June 30.

The District receives property taxes from Erie County. The County Auditor periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2005, are available to finance fiscal year 2005 operations. The amount available to be advanced can vary based on the date tax bills are sent.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 6 - PROPERTY TAXES - (Continued)

Accrued property taxes receivable includes real property, public utility property and tangible personal property taxes which are measurable as of June 30, 2005 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred revenue.

The amount available as an advance at June 30, 2005 was \$1,689,368 in the general fund and \$33,703 in the debt service fund. This amount has been recorded as revenue. The amount available as an advance at June 30, 2004 was \$805,010 in the general fund and \$14,737 in the debt service fund.

On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis the revenue has been deferred.

The assessed values upon which the fiscal year 2005 taxes were collected are:

	2004 Second Half Collections				2005 Firs Half Collect	-
		Amount	Percent		Percent	
Agricultural/residential						
and other real estate	\$	354,056,040	80.40	\$	356,753,310	80.97
Public utility personal		60,711,030	13.79		59,200,720	13.44
Tangible personal property		25,587,700	5.81		24,668,592	5.59
Total	\$	440,354,770	100.00	\$	440,622,622	100.00
Tax rate per \$1,000 of	¢	<u>(8.40</u>		¢	<u> </u>	
assessed valuation	\$	68.40		\$	68.40	

NOTE 7 - RECEIVABLES

Receivables at June 30, 2005 consisted of taxes, accounts (billings for user charged services and student fees), accrued interest, and intergovernmental grants and entitlements. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of state programs and the current year guarantee of federal funds. A summary of the items of receivables reported on the Statement of Net Assets follows:

Governmental Activities:	
Taxes	\$ 14,349,135
Accounts	981
Intergovernmental	48,420
Accrued interest	 19,961
Total	\$ 14,418,497

Receivables have been disaggregated on the face of the basic financial statements. All receivables are expected to be collected within subsequent years.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 8 - CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2005, was as follows:

	Balance	Additions	Deductions	Balance
Governmental Activities:	06/30/04	Additions	Deductions	06/30/05
<i>Capital assets, not being depreciated:</i>				
Land	\$ 699,837	\$ -	\$ -	\$ 699,837
		<u>φ</u> -	<u>φ</u> -	+ 000000
Total capital assets, not being depreciated	699,837			699,837
Capital assets, being depreciated:				
Land improvements	83,936	-	-	83,936
Buildings and improvements	12,504,090	-	-	12,504,090
Furniture and equipment	3,433,780	289,770	-	3,723,550
Vehicles	1,874,987	144,758	(93,679)	1,926,066

Less: accumulated depreciation:				
Land improvements	(34,283)	(3,533)	-	(37,816)
Buildings and improvements	(8,093,393)	(206,042)	-	(8,299,435)
Furniture and equipment	(2,227,627)	(242,990)	-	(2,470,617)
Vehicles	(1,055,610)	(165,951)	93,679	(1,127,882)
Total accumulated depreciation	(11,410,913)	(618,516)	93,679	(11,935,750)
Governmental activities capital assets, net	\$ 7,185,717	<u>\$(183,988)</u>	<u>\$ -</u>	\$ 7,001,729

Depreciation expense was charged to governmental functions as follows:

Instruction:	
Regular	\$ 388,355
Special	340
Support Services:	
Pupil	388
Instructional staff	186
Administration	31
Fiscal	174
Operations and maintenance	4,344
Pupil transportation	191,217
Food service operations	28,206
Extracurricular	5,275
Total depreciation expense	\$ 618,516

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 9 - CAPITALIZED LEASES - LESSEE DISCLOSURE

In a prior year, the District entered into capitalized leases for the acquisition of copiers and stadium bleachers. These lease agreements meet the criteria of capital lease as defined by FASB Statement No. 13, "<u>Accounting for Leases</u>", which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. Capital lease payments have been reclassified and are reflected as debt service expenditures in the financial statements for the governmental funds. These expenditures are reported as function expenditures on the budgetary statements.

Capital assets consisting of equipment have been capitalized in the amount of \$729,632. This amount represents the present value of the minimum lease payments at the time of acquisition. A corresponding liability is recorded in the government-wide financial statements. Principal payments in fiscal year 2005 totaled \$36,929 paid by the general fund and \$82,926 in the nonmajor governmental funds.

The following is a schedule of the future long-term minimum lease payments required under the capital lease and the present value of the future minimum lease payments as of June 30, 2005:

<u>Year Ending June 30</u>	<u> A</u>	Amount
2006	\$	20,865
2007		20,865
2008		20,866
2009		20,866
2010		19,126
Total		102,588
Less: amount representing interest		(18,001)
Total	\$	84,587

NOTE 10 - LEASE-PURCHASE AGREEMENT

In a prior year, the District entered into a lease-purchase agreement with Key Government Financial for new windows. This lease meets the criteria of a lease-purchase as defined by FASB Statement No. 13, "<u>Accounting for Leases</u>", which defines a lease-purchase generally as one which transfers benefits and risks of ownership to the lessee. Capital assets consisting of windows have been capitalized in the amount of \$237,530. Lease-purchase payments have been reflected as debt service expenditures in the general fund. Principal and interest payments in fiscal year 2005 totaled \$36,101 and \$5,413, respectively.

The following is a schedule of the future long-term minimum lease payments required under the leasepurchase and the present value of the minimum lease payments as of June 30, 2005.

Year Ending June 30	Equipment	
2006	\$	41,617
2007		41,724
2008		41,834
2009		41,949
Total minimum lease payment		167,124
Less: amount representing interest		(8,637)
Present value of minimum lease payments	\$	158,487

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 11 - LONG-TERM OBLIGATIONS

A. During the fiscal year 2005, the following changes occurred in governmental activities long-term obligations:

		Balance			Balance	Amounts
	Interest	Outstanding			Outstanding	Due in
	Rate	July 1, 2004	Additions	Reductions	June 30, 2005	One Year
Governmental Activities:						
Energy conservation						
improvement bonds	various	\$ 605,000	\$ -	\$ (35,000)	\$ 570,000	\$ 35,000
General obligation bonds	various	780,000	-	(130,000)	650,000	140,000
Energy conservation bonds	2.6-5.2%	900,000	-	(55,000)	845,000	55,000
Capital lease obligation		119,062	85,380	(119,855)	84,587	14,627
Lease purchase agreement		194,588	-	(36,101)	158,487	37,462
Compensated absences		1,724,081	456,154	(396,254)	1,783,981	262,634
Total long-term obligations,						
governmental activities		\$ 4,322,731	\$ 541,534	\$ (772,210)	\$ 4,092,055	\$ 544,723

General Obligation Bonds - The general obligation library bonds are voted issues for library construction and improvement projects. General obligation bonds are direct obligations of the District for which its full faith, credit, and resources are pledged. These bonds are payable from a .50 mill tax levied on all taxable property in the District. Accordingly, such unmatured obligations are accounted for in the statement of net assets. Payments of principal and interest relating to these bonds are recorded as expenditures in the debt service fund.

Energy Conservation Bonds - In fiscal years 2004 and 2002 the District issued \$660,000 and \$995,000, respectively in long-term energy conservation bonds. Energy conservation bonds outstanding are general obligations of the District, for which the District's full faith and credit are pledged for repayment. Accordingly, these bonds are accounted for in the statement of net assets. Payments of principal and interest relating to these notes are recorded as expenditures in the general fund; however, unlike general obligation bonds, Ohio statute allows for the issuance of these bonds without voter approval, and the subsequent repayment of the bonds from operating revenues.

B. The following is a summary of the District's future annual debt service requirements to maturity for notes and bonds:

Year Ending June 30	Principal on Bonds	Interest on Bonds	Total
2006	\$ 230,000	\$ 90,616	\$ 320,616
2007	250,000	80,618	330,618
2008	265,000	68,383	333,383
2009	285,000	54,943	339,943
2010	105,000	45,873	150,873
2011 - 2015	585,000	153,735	738,735
2016 - 2018	345,000	20,386	365,386
Total	\$ 2,065,000	<u>\$ 514,554</u>	<u>\$ 2,579,554</u>

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 11 - LONG-TERM OBLIGATIONS - (Continued)

C. Legal Debt Margin

The Ohio Revised Code provides that voted net general obligation debt of the District shall never exceed 9% of the total assessed valuation of the District. The code further provides that unvoted indebtedness shall not exceed 1/10 of 1% of the property valuation of the District. The code further provides that unvoted indebtedness for energy conservation measures shall not exceed 9/10 of 1% of the property valuation of the District. The edde further provides that unvoted indebtedness for energy conservation measures shall not exceed 9/10 of 1% of the property valuation of the District. The effects of these debt limitations at June 30, 2005 are a voted debt margin of \$ 39,353,615 (including available funds of \$347,579) an unvoted debt margin of \$440,623, and an unvoted energy conservation debt margin of \$3,120,604.

NOTE 12 - RISK MANAGEMENT

A. Property, Fleet and Liability Insurance

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2005 the District contracted with the Ohio Risk Sharing Authority for general liability, automobile liability and property insurance. The District liability policy has a limit of \$1,000,000 for each occurrence and \$5,000,000 aggregate. Automobile liability has a \$1,000,000 combined single limit of liability. Limits of insurance on real property and equipment are \$52,012,543 with a deductible of \$1,000. The Treasurer is covered by a surety bond in the amount of \$100,000.

Settled claims have not exceeded this commercial coverage in any of the past three years and there have been no significant reductions in insurance coverage from last year.

B. Life Insurance

The District provides group life insurance and accidental death and dismemberment insurance to its employees. Life insurance is provided through the American United Life Insurance Company.

C. Employee Health and Dental

The District has contracted with the Lake Erie Regional Council of Governments (LERC) to provide partially self-insured employee health and medical benefits since December 1988. The LERC is a claims-servicing pool comprised of 14 Lorain County school districts. Rates are set through an annual calculation process. The District pays a monthly contribution which is placed in a common fund from which claim payments are made for all participating school districts. Claims are paid for all participants regardless of claims flow or individual account balance. Upon termination, the terminating school district would be liable for all outstanding claims beyond their individual account balance. The LERC Board of Directors has the right to return monies to an existing district subsequent to the settlement of all expenses and claims. This plan provides a medical/surgical plan with deductibles of \$100 for single and \$200 for family in network and \$150 single and \$250 family out-of-network coverage. Stop loss is provided by a private insurance carrier for all individual claims in excess of \$165,000.

The LERC's pool premiums are billed to each participating school district based on actuarially determined rates. Should contributions prove to be insufficient to pay programs costs of the insurance program in any given year, each participating member is notified of their deficiency and their premium is adjusted to cover its share of the additional cost of anticipated future claims.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 12 - RISK MANAGEMENT - (Continued)

The claims liability of \$515,760 reported in the fund at June 30, 2005, is based on the requirements of GASB Statement No. 10, "<u>Accounting and Financial Reporting for Risk Financing and Related Insurance Issues</u>", as amended by GASB Statement No. 30, "<u>Risk Financing Omnibus</u>", which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred, but not reported claims, be accrued at the estimated ultimate cost of settling the claims. Changes in claims activity for the past two fiscal years are as follows:

Fiscal	Beginning	Current	Claims	Ending
Year	Balance	Year Claims	Payments	Balance
2005	\$ 423,796	\$ 1,794,106	\$ (1,702,142)	\$ 515,760
2004	366,600	1,463,555	(1,406,359)	423,796

D. Workers' Compensation

The District participates in the Ohio Association of School Business Officials Workers' Compensation Group Rating Plan (GRP), an insurance purchasing pool (Note 2.A.). The intent of the GRP is to achieve the benefit of a reduced premium for the district by virtue of its grouping and representation with other participants in the GRP. Participants in the GRP are placed on tiers according to their loss history. Participants with low loss histories are rewarded with greater savings than participants with higher loss histories. Each participant pays its workers' compensation premium to the state based on the rate for its GRP tier rather than its individual rate. Participation in the GRP is limited to school districts than can meet the GRP's selection criteria. The firm of Sheakley UniService, Inc. provides administrative, cost control and actuarial services to the GRP.

NOTE 13 - DEFINED BENEFIT PENSION PLAN

A. School Employees Retirement System

The District contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing, multiple-employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. The report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746, or by calling (614) 222-5853.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 13 - DEFINED BENEFIT PENSION PLAN - (Continued)

Plan members are required to contribute 10% of their annual covered salary and the District is required to contribute at an actuarially determined rate. The current District rate is 14% of annual covered payroll. A portion of the District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits. For fiscal year 2005, 10.57% of annual covered salary was the portion used to fund pension obligations. For fiscal year 2004, 9.09% of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board. The adequacy of the contribution rates is determined annually. The District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2005, 2004, and 2003 were \$414,927, \$394,632, and \$375,455, respectively; 60.96% has been contributed for fiscal year 2005 and 100% for the fiscal years 2004 and 2003. \$162,002 represents the unpaid contribution for fiscal year 2005 and is recorded as a liability within the respective funds.

B. State Teachers Retirement System

The District contributes to the State Teachers Retirement System of Ohio (STRS), a cost-sharing, multiple-employer public employee retirement system administered by the State Teachers Retirement Board. STRS provides retirement and disability benefits, annual cost-of-living adjustments, and death and survivor benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3307 of the Ohio Revised Code. STRS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. The report may be obtained by writing to the State Teachers Retirement System, 275 East Broad Street, Columbus, Ohio 43215-3371, by calling (614) 227-4090, or by visiting the STRS website at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB Plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5% of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or Combined Plan. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 13 - DEFINED BENEFIT PENSION PLAN - (Continued)

Plan members are required to contribute 10% of their annual covered salary and the District is required to contribute at an actuarially determined rate. The current District rate is 14% of annual covered payroll. A portion of the District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits. For fiscal years 2005 and 2004, 13% of annual covered salary was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of 10% for members and 14% for employees. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employee contributions. The District's required contributions for pension obligations to the DB plan for the fiscal years ended June 30, 2005, 2004, and 2003 were \$1,392,264, \$1,271,395, \$1,261,699, respectively; 86.27% has been contributed for fiscal year 2005 and 100% for the fiscal years 2004 and 2003. \$191,137 represents the unpaid contribution for fiscal year 2005 and is recorded as a liability within the respective funds. Contributions to the DC and Combined Plans for fiscal 2005 were \$9,513 made by the District and \$26,547 made by plan members.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by SERS or the STRS have an option to choose Social Security or the SERS/STRS. As of June 30, 2005, certain members of the Board of Education have elected Social Security. The District's liability is 6.2% of wages paid.

NOTE 14 - POSTEMPLOYMENT BENEFITS

The District provides comprehensive health care benefits to retired teachers and their dependents through STRS, and to retired non-certified employees and their dependents through SERS. Benefits include hospitalization, physicians' fees, prescription drugs, and partial reimbursement of monthly Medicare Part B premiums. Benefit provisions and the obligations to contribute are established by STRS and SERS based on authority granted by state statute. Both STRS and SERS are funded on a pay-as-you-go-basis.

The State Teachers Retirement Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS. Most benefit recipients pay a portion of the health care cost in the form of a monthly premium. By Ohio law, the cost of coverage paid from STRS funds shall be included in the employer contribution rate, currently 14% of covered payroll. For fiscal year 2005, the State Teachers Retirement Board allocated employer contributions equal to 1% of covered payroll to the Health Care Stabilization Fund. For the District, this amount equaled \$99,447 during fiscal 2005.

STRS pays health care benefits from the Health Care Stabilization Fund. The balance in the Health Care Stabilization Fund was \$3.1 billion at June 30, 2004 (the latest information available). For the fiscal year ended June 30, 2004 (the latest information available), net health care costs paid by STRS were \$268.739 million and STRS had 111,853 eligible benefit recipients.

For SERS, coverage is made available to service retirees with 10 or more years of qualifying service credit, and disability and survivor benefit recipients. Effective January 1, 2004, all retirees and beneficiaries are required to pay a portion of their health care premium. The portion is based on years of service, Medicare eligibility and retirement status. A safety net is in place for retirees whose household income falls below federal poverty levels. Premiums are reduced by 50% for those who apply.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 14 - POSTEMPLOYMENT BENEFITS - (Continued)

For fiscal year 2005, employer contributions to fund health care benefits were 3.43% of covered payroll. In addition, SERS levies a surcharge to fund health care benefits equal to 14% of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2005, the minimum pay has been established at \$27,400. The surcharge, added to the unallocated portion of the 14% employer contribution rate, provides for maintenance of the asset target level for the health care fund.

The target level for the health care reserve is 150% of annual health care expenses, before premium deduction. Gross expenses for health care at June 30, 2004 (the latest information available) were \$223.444 million and the target level was \$335.2 million. At June 30, 2004, (the latest information available) SERS had net assets available for payment of health care benefits of \$300.8 million and SERS had approximately 62,000 participants receiving health care benefits. For the District, the amount to fund health care benefits, including surcharge, equaled \$156,978 during the 2005 fiscal year.

NOTE 15 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

The Statement of Revenue, Expenditures, and Changes in Fund Balance - Budget and Actual (Non-GAAP Budgetary Basis) presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues and other financing sources are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures and other financing uses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to a reservation of fund balance for that portion of outstanding encumbrances not already recognized as an account payable (GAAP basis).

The adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis for the general fund is as follows:

Net Change in Fund Balance

	Ge	eneral Fund
Budget basis	\$	(270,786)
Net adjustment for revenue accruals		947,936
Net adjustment for expenditure accruals		22,146
Net adjustment for other sources/uses		(15,544)
Adjustment for encumbrances		133,705
GAAP basis	\$	817,457

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 16 - CONTINGENCIES

A. Grants

The District receives significant financial assistance from numerous federal, state and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the District. However in the opinion of management, any such disallowed claims will not have a material effect on the financial position of the District.

B. Litigation

The District is a party to legal proceedings seeking damages or injunctive relief generally incidental to its operations and spending projects. The District management is of the opinion that disposition of the claim and legal proceedings will not have a material effect, if any, on the financial condition of the District.

C. State School Funding Decision

On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the state's school funding plan. The decision reaffirmed earlier decisions that Ohio's current school funding plan is unconstitutional.

The Supreme Court relinquished jurisdiction over the case and directed "...the Ohio General Assembly to enact a school funding scheme that is thorough and efficient...". The District is currently unable to determine what effect, if any, this decision will have on its future state funding and its financial operations.

NOTE 17 - STATUTORY RESERVES

The District is required by state law to set-aside certain (cash-basis) general fund revenue amounts, as defined by statute, into various reserves. These reserves are calculated and presented on a cash basis. During the fiscal year ended June 30, 2005, the reserve activity was as follows:

	Textbooks	Capital <u>Acquisition</u>
Set-aside cash balance as of June 30, 2004 Current year set-aside requirement Qualifying disbursements	\$ (155,378) 361,669 (456,786)	\$ (1,701,988) 361,669 (630,556)
Total	\$ (250,495)	\$ (1,970,875)
Cash balance carried forward to FY 2006	<u>\$ (250,495)</u>	\$ (1,701,988)

The District had qualifying expenditures during the year that reduced the capital acquisition and textbook set-a-sides below zero. The full amount of the excess is being carried forward to reduce the textbook set-aside requirements of future years. The capital acquisition excess is also being carried forward to reduce the capital acquisition set-aside requirements of future years; however current year qualifying disbursements are limited in the carry forward by the current year set-aside requirements.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

Board of Education Vermilion Local School District 1230 Beechview Drive Vermilion, Ohio 44808-1170

We have audited the financial statements of the governmental activities, its major fund, and the remaining aggregate fund information of the Vermilion Local School District, as of and for the fiscal year ended June 30, 2005, which collectively comprise the Vermilion Local School District's basic financial statements, and have issued our report thereon dated November 29, 2005. During the fiscal year ended June 30, 2005, the Vermilion Local School District implemented Governmental Accounting Standards Board (GASB) Technical Bulletin No. 2004-2, "Recognition of Pension and Other Postemployment Benefit Expenditures/Expenses and Liabilities by Cost-Sharing Employers". In addition, there was a restatement for the establishment of an internal service fund which affected both the general fund and internal service fund balances and net assets at July 1, 2004, which is discussed in more detail in Note 3. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Vermilion Local School District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that we have reported to the management of the Vermilion Local School District in a separate letter dated November 29, 2005.

Board of Education Vermilion Local School District

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Vermilion Local School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management and the Board of the Vermilion Local School District, federal awarding agencies and pass through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Report on Compliance With Requirements Applicable to Its Major Federal Program and on Internal Control Over Compliance in Accordance With *OMB Circular A-133*

Board of Education Vermilion Local School District 1230 Beechview Drive Vermilion, Ohio 44808-1170

Compliance

We have audited the compliance of the Vermilion Local School District with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to its major federal program for the fiscal year ended June 30, 2005. As disclosed in Note 3 to the financial statements, the District implemented Governmental Accounting Standards Board (GASB) Technical Bulletin No. 2004-2, "<u>Recognition of Pension and Other Postemployment Benefit Expenditures/Expenses and Liabilities by Cost-Sharing Employers</u>" for the fiscal year ended June 30, 2005. In addition, there was a restatement for the establishment of an internal service fund which affected both the general fund and internal service fund balances and net assets at July 1, 2004, which is discussed in more detail in Note 3. The Vermilion Local School District's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the Vermilion Local School District's management. Our responsibility is to express an opinion on the Vermilion Local School District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audit of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Vermilion Local School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Vermilion Local School District's compliance with those requirements.

Board of Education Vermilion Local School District

In our opinion, the Vermilion Local School District complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the fiscal year ended June 30, 2005.

Internal Control Over Compliance

The management of the Vermilion Local School District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Vermilion Local School District's internal control over compliance with requirements that could have a direct and material effect on its major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to its major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the management, the Board of the Vermilion Local School District, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
