INDEPENDENT AUDITORS' REPORT

To the Board of Directors of the
Convention Facilities Authority
for Hamilton County, Ohio:

We have audited the accompanying basic financial statements of the Convention Facilities Authority for Hamilton County, Ohio (the "CFA"), a component unit of Hamilton County, Ohio as of and for the year ended December 31, 2006, as listed in the table of contents. These financial statements are the responsibility of the CFA's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Convention Facilities Authority for Hamilton County, Ohio as of December 31, 2006, and the changes in its financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 25, 2007, on our consideration of the CFA's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis on pages 3 - 7 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

It is controlled by Hamilton County who may appoint 6 members. The City of Cincinnati may appoint 3 members and the remaining two members are from other municipalities. Each member may serve a 4-year term and may not serve more than 3 consecutive terms. The CFA was created in 2002 for the purpose of financing the Cincinnati Convention Center renovation and expansion, now known as the Duke Energy Center. No financial activity took place until the revenue bonds were sold in 2004.

a. Component Unit

The Convention Facilities Authority (CFA) is a component unit of Hamilton County, Ohio. The financial report of the CFA is included in the Hamilton County of Ohio financial reports. The CFA is controlled by Hamilton County, Ohio, who appoints the majority of its board members (6 out of 11).

2. Summary of Significant Accounting Policies

The financial statements of the CFA have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

a. Basis of Presentation

The CFA's financial statements consist of a statement of net assets, a statement of revenue, expenses, and changes in net assets, and a statement of cash flows. Enterprise fund reporting focuses on the determination of the change in net assets, financial position, and cash flows.

b. Measurement Focus

Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the statement of net assets. The statement of changes in net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the CFA finances and meets the cash flow needs of its enterprise activities.

c. Enterprise Fund Activity Accounting and Financial Reporting

In accordance with GASB Statement No. 34, “Basic Financial Statements and Management’s Discussion and Analysis for State and Local Government, the CFA applies all GASB pronouncements and all FASB Statements and Interpretations, Accounting Principles Board of Opinions and Accounting Research Bulletins issued on or before November 30, 1989, unless they conflict with GASB pronouncements. The CFA has elected not to apply FASB Statements and interpretations issued after November 30, 1989.

d. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. The CFA’s financial statements are prepared using the accrual basis of accounting.

Non-exchange transactions, in which the CFA receives value without directly giving equal value in return, include grants and donations. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the CFA must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the CFA on a reimbursement basis.

Expenses are recognized at the time they are incurred.

e. Cash and Cash Equivalents

All monies received by the CFA are accounted for by the CFA’s fiscal agent, the City of Cincinnati, or the trustee. All cash received by the fiscal agent or the trustee is maintained in separate accounts in the CFA’s name. For purposes of the Statement of Cash Flows and presentation on the Statement of Net Assets, investments with original maturities of three months or less at the time they are purchased by the CFA, are considered to be cash equivalents.

f. Net Assets

Net assets represent the difference between assets and liabilities. Net assets are reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The CFA applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

g. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity. For the CFA, these revenues are the contributions received for the financing of the Convention Facility and the hotel taxes for the repayment of the debt of the Convention Facility. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the CFA. Revenues and expenses not meeting this definition are reported as non-operating.

h. Receivables and Payables

Hotel Occupancy tax is remitted to the CFA quarterly from the County and the City. Due to other governments represents project costs due to the City. Project cost reimbursements to the City, by the CFA, are made on a monthly basis.

i. Amortization of Bond Issuance Costs

The bond issuance costs are being amortized over the life of the bond in the same proportion as the annual principal payment to total outstanding principal.

j. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

3. Deposits and Investments

Deposits – At December 31, 2006 the carrying amount of CFA deposits held by the trustee total \$19,414,000 and the bank balance was \$19,414,000. These were originally held in custodial accounts at J. P. Morgan and Co. until JP Morgan Chase and The Bank of New York merged and as of December 11,

**REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors of the Convention Facilities
Authority for Hamilton County, Ohio:

We have audited the financial statements of the Convention Facilities Authority for Hamilton County, Ohio (the "CFA"), a component unit of Hamilton County, Ohio as of and for the year ended December 31, 2006, which comprises the CFA's basic financial statements and have issued our report thereon dated June 25, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the CFA's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the CFA's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the CFA's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the CFA's ability to initiate, authorize, record, process or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the CFA's financial statements that is more than inconsequential will not be prevented or detected by the CFA's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the CFA's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance And Other Matters

As part of obtaining reasonable assurance about whether the CFA's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the CFA in a separate letter dated June 25, 2007.

This report is intended for the information and use of the Board of Directors, management, and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.
