## INDEPENDENT ACCOUNTANTS' REPORT

Canton City Schools Digital Academy  
Stark County  
617 McKinley Avenue SW  
Canton, Ohio 44707

To the Board of Directors:

We have audited the accompanying basic financial statements of the Canton City Schools Digital Academy, Stark County, Ohio, (the Digital Academy) a component unit of the Canton City School District as of and for the year ended June 30, 2006, as listed in the Table of Contents. These financial statements are the responsibility of the Digital Academy's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Canton City Schools Digital Academy, as of June 30, 2006, and the changes in its financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 19, 2007, on our consideration of the Digital Academy's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information the Governmental Accounting Standards Board requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

A handwritten signature in cursive script that reads "Mary Taylor".

Mary Taylor, CPA  
Auditor of State

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2006  
(UNAUDITED)

The discussion and analysis of the Canton City Schools Digital Academy's (the "Digital Academy") financial performance provides an overall review of the Digital Academy's financial activities for the fiscal year ended June 30, 2006. The intent of this discussion and analysis is to look at the Digital Academy's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the Digital Academy's financial performance.

**Financial Highlights**

Key financial highlights for 2006 are as follows:

- In total, net assets were \$431,624 at June 30 2006.
- The Digital Academy had operating revenues of \$836,455, operating expenses of \$592,173 and non-operating revenues of \$5,000 for fiscal year 2006. Total change in net assets for the fiscal year was an increase of \$249,282.

**Using these Basic Financial Statements**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Digital Academy's financial activities. The *Statement of Net Assets* and *Statement of Revenues, Expenses and Changes in Net Assets* provide information about the activities of the Digital Academy, including all short-term and long-term financial resources and obligations.

**Reporting the Digital Academy's Financial Activities**

***Statement of Net Assets, Statement of Revenues, Expenses, and Changes in Net Assets and the Statement of Cash Flows***

These documents look at all financial transactions and asks the question, "How did we do financially during 2006?" The Statement of Net Assets and the Statement of Revenues, Expenses and Changes in Net Assets answer this question. These statements include *all assets, liabilities, revenues and expenses* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the Digital Academy's *net assets* and changes in those assets. This change in net assets is important because it tells the reader that, for the Digital Academy as a whole, the *financial position* of the Digital Academy has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. These statements can be found on pages 7 and 8 of this report.

The statement of cash flows provides information about how the Digital Academy finances and meets the cash flow needs of its operations. The statement of cash flows can be found on page 9 of this report.

STARK COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2006  
(UNAUDITED)

The table below provides a summary of the Digital Academy's net assets for fiscal year 2006 and 2005.

	<b>Net Assets</b>	
	<u>2006</u>	<u>2005</u>
<b><u>Assets</u></b>		
Current assets	\$ 302,863	\$ 165,590
Capital assets, net	<u>178,331</u>	<u>115,576</u>
Total assets	<u>481,194</u>	<u>281,166</u>
<b><u>Liabilities</u></b>		
Current liabilities	<u>49,570</u>	<u>98,824</u>
Total liabilities	<u>49,570</u>	<u>98,824</u>
<b><u>Net Assets</u></b>		
Invested in capital assets	178,331	115,576
Restricted for state funded programs	2,000	925
Unrestricted	<u>251,293</u>	<u>65,841</u>
Total net assets	<u>\$ 431,624</u>	<u>\$ 182,342</u>

Over time, net assets can serve as a useful indicator of a government's financial position. At June 30, 2006, the Digital Academy's net assets totaled \$431,624.

At year-end, capital assets represented 37.06% of total assets. Capital assets consisted of furniture and computer equipment. There is no debt related to these capital assets. Capital assets are used to provide services to the students and are not available for future spending.

**Capital Assets**

At June 30, 2006, the Digital Academy had \$178,331 invested in furniture and equipment. See Note 4 to the basic financial statements for more detail on the capital assets.

**Current Financial Related Activities**

The Digital Academy is sponsored by Canton City School District. The Digital Academy is reliant upon State Foundation monies and federal grants to offer quality, online learning to students.

In order to continually provide online learning opportunities to the Digital Academy's students, the Digital Academy will apply all financial resources to best meet the needs of its students. It is the intent of the Digital Academy to apply for other State and Federal funds that are made available to finance its operations.

**Contacting the Digital Academy's Financial Management**

This financial report is designed to provide our clients and creditors with a general overview of the Digital Academy's finances and to show the Digital Academy's accountability for the money it receives. If you have questions about this report or need additional financial information contact Tim Pickana, Treasurer, Canton City Schools Digital Academy, 617 McKinley Avenue SW, Canton, Ohio 44707.

**CANTON CITY SCHOOLS DIGITAL ACADEMY  
STARK COUNTY, OHIO**

NOTES TO BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2006

**NOTE 1 - DESCRIPTION OF THE DIGITAL ACADEMY**

The Canton City Schools Digital Academy (the “Digital Academy”) was established pursuant to Ohio Revised Code Chapters 3314 and 3314.03 to establish a new conversion school in Canton City School District (the “Sponsor”) addressing the needs of students in grades K-12. The Digital Academy, which is part of the State’s education program is nonsectarian in its programs, admission policies, employment practices and all other operations. The Digital Academy may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the Digital Academy. The Digital Academy is considered a component unit of the Canton City School District for reporting purposes in accordance with Governmental Accounting Standards Board (GASB) Statement No. 14.

The Digital Academy provides opportunities for students who have a desire for, and whose education can be optimized by, a program of online instruction in an independent environment that does not include most ancillary components of a more traditional education. The Digital Academy uses the latest technology to reach a diverse student population. This population includes students within the Sponsor’s district that have specific career interests in a technology field. The students may be children who need an alternative to the traditional classroom. Enrollment is limited to students within the attendance area of the Sponsor. The Digital Academy uses the services of the Sponsor and the Jefferson County ESC Virtual Learning Academy (“VLA”) to assist with overall programming and operations. The VLA is an internet-based educational delivery system designed for grades 2-12, providing alternative educational options for credit deficiencies, alternative programs, students being schooled at home, and summer school programs.

The Digital Academy was approved under contract with the Sponsor for a period of five years commencing July 1, 2002 through June 30, 2007 after which, the Digital Academy must apply for an additional contract with the Sponsor. The Digital Academy began operations on December 16, 2003. The Sponsor is responsible for evaluating the performance of the Digital Academy and has the authority to deny renewal of the contract at its expiration. The Board of Directors is responsible for the operations of the Digital Academy.

The Digital Academy operates under the direction of a five-member Board of Directors. The Board is composed of the Sponsor’s Assistant to the Superintendent-Elementary Instruction, the Sponsor’s Director of Special Education and the Sponsor’s Director of Instructional Technology and Assessment. The Board also includes two other persons who are neither officers nor staff members of the Digital Academy or Sponsor to serve as voting members. One of these members is the Assistant Superintendent of the Stark County Educational Service Center and the other is the Director of Technology Integration at the Stark Portage Area Computer Consortium (SPARCC). The Board is responsible for carrying out the provisions of the contract, which include, but are not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards and qualification of teachers.

The Digital Academy, under contractual agreement with VLA, provides planning, instructional and technical services (see Note 8). Personnel providing services to the Digital Academy on behalf of VLA under the contractual agreement are considered employees of the VLA and the VLA shall be solely responsible for all payroll functions.

The Sponsor, under a purchased services basis with the Digital Academy, provides planning, instructional, administrative and technical services. Personnel providing services to the Digital Academy on behalf of the Sponsor under the purchased services basis are considered employees of the Sponsor, and the Sponsor is solely responsible for all payroll functions. The Digital Academy provides services to approximately 120 students.

**CANTON CITY SCHOOLS DIGITAL ACADEMY  
STARK COUNTY, OHIO**

**NOTES TO BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2006**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The basic financial statements (BFS) of the Digital Academy have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Digital Academy also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued prior to November 30, 1989, provided those pronouncements do not conflict with or contradict GASB pronouncements. The Digital Academy has elected not to apply FASB Statements and Interpretations issued after November 30, 1989. The Digital Academy's significant accounting policies are described below.

**A. Basis of Presentation**

Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

**B. Measurement Focus and Basis of Accounting**

Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the statement of net assets. The difference between total assets and liabilities are defined as net assets. Operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made. The accrual basis of accounting is utilized for reporting purposes. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

**C. Budgetary Process**

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Revised Code Section 5705, unless specifically provided in the Digital Academy's contract with its Sponsor except for Ohio Revised Code Section 5705.391 as it relates to five year forecasts. The contract between the Digital Academy and its Sponsor requires a detailed school budget for each year of the contract; however, the budget does not have to follow the provisions of Ohio Revised Code Section 5705.

**D. Cash**

All monies received by the Digital Academy are deposited in a demand deposit account.

**CANTON CITY SCHOOLS DIGITAL ACADEMY  
STARK COUNTY, OHIO**

NOTES TO BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2006

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

**E. Capital Assets and Depreciation**

All capital assets are capitalized at cost and updated for additions and reductions during the year. Donated capital assets are recorded at their fair market value on the date donated. The Digital Academy maintains a capitalization threshold of \$500. The Digital Academy does not have any infrastructure. Improvements are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All capital assets are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method. Furniture and equipment is depreciated over five to thirty years.

**F. Net Assets**

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets consist of capital assets, net of accumulated depreciation. Net assets are reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net assets have been restricted for State funded programs.

The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

**G. Prepayments**

Certain payments to vendors reflect the costs applicable to future accounting periods and are recorded as prepaid items in the financial statements. These items are reported as assets on the statement of net assets using the consumption method. A current asset for the prepaid amounts is recorded at the time of the purchase and the expense is reported in the year in which services are consumed.

**H. Intergovernmental Revenue**

The Digital Academy currently participates in the State Foundation Program through the Ohio Department of Education. Revenue from this program is recognized as operating revenue in the accounting period in which they are earned, essentially the same as the fiscal year.

Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met. Eligibility includes timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the Digital Academy must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Digital Academy on a reimbursement basis. During fiscal year 2006, the Digital Academy received \$155,000 in State and Federal grants. Of this total, the \$150,000 Federal grant was previously accrued at June 30, 2005 resulting in Federal and State grants revenue for 2006 of \$5,000.

**CANTON CITY SCHOOLS DIGITAL ACADEMY  
STARK COUNTY, OHIO**

NOTES TO BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2006

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

**I. Operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the primary activity of the Digital Academy. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the Digital Academy. All revenues and expenses not meeting this definition are reported as non-operating.

**J. Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**NOTE 3 - DEPOSITS**

At June 30, 2006, the carrying amount of the Digital Academy's deposits was \$302,433. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of June 30, 2006, \$234,850 of the Digital Academy's bank balance of \$334,850 was exposed to custodial risk as discussed below, while \$100,000 was covered by the Federal Deposit Insurance Corporation.

Custodial credit risk is the risk that, in the event of bank failure, the Digital Academy's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the Digital Academy.

**NOTE 4 - CAPITAL ASSETS**

Capital asset activity for the fiscal year ended June 30, 2006, was as follows:

	<u>Balance at June 30, 2005</u>	<u>Additions</u>	<u>Disposals</u>	<u>Balance at June 30, 2006</u>
Furniture and equipment	\$ 153,245	\$ 103,068	\$ -	\$ 256,313
Less: accumulated depreciation	<u>(37,669)</u>	<u>(40,313)</u>	<u>-</u>	<u>(77,982)</u>
Capital assets, net	<u>\$ 115,576</u>	<u>\$ 62,755</u>	<u>\$ -</u>	<u>\$ 178,331</u>

**NOTE 5 - RISK MANAGEMENT**

The Digital Academy is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to contracted personnel; and natural disasters. For fiscal year 2006, the Digital Academy was named on the Sponsor's policy for property and general liability insurance. The Digital Academy provides employee bond coverage through Ohio Casualty Insurance in the following amounts: Treasurer \$50,000, Executive Director \$20,000 and Board of Directors \$20,000.

**CANTON CITY SCHOOLS DIGITAL ACADEMY  
STARK COUNTY, OHIO**

NOTES TO BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2006

**NOTE 6 - PURCHASED SERVICES**

For fiscal year ended June 30, 2006, purchased services expenses were as follows:

Professional and technical services	\$ 358,438
Property services - rentals	5,134
Travel and meetings	7,121
Communications	989
Miscellaneous	4,474
Total	<u>\$ 376,156</u>

**NOTE 7 - CONTINGENCIES**

**A. Grants**

The Digital Academy received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability. However in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the Digital Academy at June 30, 2006.

**B. Litigation**

A suit was filed in the U.S. District Court, Southern District of Ohio, Western Division on October 6, 2004, which challenges the funding of charter schools under Equal Protection, Due Process and claims violation of a right to vote on the bodies administering public schools. The case is still pending. The effect of this suit, if any, on the Canton City Schools Digital Academy is not presently determinable.

**C. State Foundation Funding**

The Ohio Department of Education conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. The review for fiscal year 2006 did not have a material effect on the financial statements.

**NOTE 8 - SERVICE CONTRACT**

Prior to July 1, 2005, the Digital Academy used the services of the Stark-Portage Area Computer Consortium (SPARCC), in partnership with Tri-Rivers Educational Computer Association (TRECA), for planning, instructional, administrative and technical services required for the operation of the Digital Academy. For the period July 1, 2005 through June 30, 2006, the Digital Academy has contracted with the Jefferson County ESC Virtual Learning Academy ("VLA") for these services. The Digital Academy is required to pay the following fees to VLA under the contract:

Fee for Services - The Digital Academy shall pay to VLA \$2,500 per contract year plus license costs and applicable teacher costs. Student VLA license fees are the responsibility of the Digital Academy and license costs for the period July 1, 2005 through June 30, 2006 will be \$150 per student.

During fiscal year 2006, \$23,533 was paid to SPARCC for services related to the service agreement that was in effect for the period ended June 30, 2005 and a total of \$107,659 was paid to the VLA for services under the contract during fiscal year 2006.

**CANTON CITY SCHOOLS DIGITAL ACADEMY  
STARK COUNTY, OHIO**

**NOTES TO BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2006**

**NOTE 9 – RELATED PARTY TRANSACTIONS**

For the fiscal year ended June 30, 2006, the Digital Academy had expenses of \$260,536 to their sponsor.

# Mary Taylor, CPA

Auditor of State

## INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Canton City Schools Digital Academy  
Stark County  
617 McKinley Avenue SW  
Canton, Ohio 44707

To the Board of Directors:

We have audited the financial statements of the Canton City School District Digital Academy, Stark County, Ohio, (the Digital Academy) a component unit of the Canton City School District, as of and for the year ended June 30, 2006, and have issued our report thereon dated January 19, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Digital Academy's internal control over financial reporting to determine our auditing procedures to express our opinion on the financial statements and not to opine on the internal control over financial reporting. Our consideration of the internal control would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts material to the financial statements we audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider material weaknesses. In a separate letter to the Digital Academy's management dated January 19, 2007, we reported other matters involving internal control over financial reporting we did not deem reportable conditions.

### **Compliance and Other Matters**

As part of reasonably assuring whether the Digital Academy's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*. In a separate letter to the Digital Academy's management dated January 19, 2007, we reported other matters related to noncompliance we deemed immaterial.
