

CITY OF CUYAHOGA FALLS, OHIO

SINGLE AUDIT REPORT

DECEMBER 31, 2006

Mary Taylor, CPA
Auditor of State

City Council
City of Cuyahoga Falls
2310 Second Street
Cuyahoga Falls, Ohio 44221-2583

We have reviewed the *Independent Auditor's Report* of the City of Cuyahoga Falls, Summit County, prepared by James G. Zupka, CPA, Inc., for the audit period January 1, 2006 through December 31, 2006. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Cuyahoga Falls is responsible for compliance with these laws and regulations.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To Members of City Council
City of Cuyahoga Falls, Ohio

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Cuyahoga Falls, Ohio, as of and for the year ended December 31, 2006, which collectively comprise the City of Cuyahoga Falls, Ohio's basic financial statements and have issued our report thereon dated July 16, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Cuyahoga Falls, Ohio's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Cuyahoga Falls, Ohio's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Cuyahoga Falls, Ohio's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the City of Cuyahoga Falls, Ohio's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the City of Cuyahoga Falls, Ohio's financial statements that is more than inconsequential will not be prevented or detected by the City of Cuyahoga Falls, Ohio's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the City of Cuyahoga Falls, Ohio's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Cuyahoga Falls, Ohio's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we have reported to the management of the City of Cuyahoga Falls, Ohio, in a separate letter dated July 16, 2007.

This report is intended solely for the information and use of management, City Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
IN ACCORDANCE WITH OMB CIRCULAR A-133**

To Members of City Council
City of Cuyahoga Falls, Ohio

Compliance

We have audited the compliance of the City of Cuyahoga Falls, Ohio, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that are applicable to each of its major federal programs for the year ended December 31, 2006. The City of Cuyahoga Falls, Ohio's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City of Cuyahoga Falls, Ohio's management. Our responsibility is to express an opinion on the City of Cuyahoga Falls, Ohio's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Cuyahoga Falls, Ohio's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City of Cuyahoga Falls, Ohio's compliance with those requirements.

In our opinion, the City of Cuyahoga Falls, Ohio, complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2006.

Internal Control Over Compliance

The management of the City of Cuyahoga Falls, Ohio, is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City of Cuyahoga Falls, Ohio's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Cuyahoga Falls, Ohio, as of and for the year ended December 31, 2006, and have issued our report thereon dated July 16, 2007. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the City of Cuyahoga Falls, Ohio's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of management, members of the City Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Total United States Department of Homeland Security			<u>272,471</u>
TOTAL EXPENDITURES OF FEDERAL AWARDS			<u>\$ 887,463</u>

See accompanying notes to the Schedule of Expenditures of Federal Awards.

CITY OF CUYAHOGA FALLS, OHIO
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED DECEMBER 31, 2006

NOTE 1: GENERAL

The accompanying Schedule of Expenditures of Federal Awards of the City of Cuyahoga Falls, Ohio, presents the activity of all Federal financial assistance programs of the City. The City's reporting entity is defined in Note 1 to the City's basic financial statements. Federal financial assistance received directly from federal agencies as well as financial assistance passed through other government agencies are included on this schedule.

NOTE 2: BASIS OF ACCOUNTING

The accompanying Schedule of Expenditures of Federal Awards is presented on the accrual basis of accounting and has been reconciled to the program's federal financial reports. The following is a reconciliation by grant from the cash basis to the accrual basis at December 31, 2006.

	<u>Direct Program Expenditures</u>
<u>Department of Housing and Urban Development</u>	
Cash Basis	\$ 644,922
Accrual Adjustment	<u>(30,937)</u>
Department of Housing and Urban Development - Accrual Basis	<u>\$ 613,985</u>
 <u>Department of Transportation</u>	
Cash Basis	\$ 1,007
Accrual Adjustment	<u>0</u>
Department of Transportation - Accrual Basis	<u>\$ 1,007</u>
 <u>Department of Homeland Security</u>	
Cash Basis	\$ 272,471
Accrual Adjustment	<u>0</u>
Department of Homeland Security - Accrual Basis	<u>\$ 272,471</u>
 <u>Department of Environmental Protection Agency</u>	
Cash Basis	\$ 4,554
Accrual Adjustment	<u>(4,554)</u>
Department of Environmental Protection Agency - Accrual Basis	<u>\$ 0</u>

NOTE 3: REVOLVING LOANS

The City of Cuyahoga Falls uses Federal funds received in the current and prior years to issue revolving loans. These loans are issued to qualified single family homeowners and are to be repaid to the City in monthly installments. Principal and interest received on these loans are used to issue new loans. The principal outstanding at December 31, 2006 was \$1,601,947.

CITY OF CUYAHOGA FALLS, OHIO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
OMB CIRCULAR A-133 & .505
DECEMBER 31, 2006

The prior audit report, as of December 31, 2005, included no citations. Management letter recommendations have been corrected, repeated, or procedures instituted to prevent occurrences in this audit period.

CITY OF

CUYAHOGA FALLS, OHIO

Don L. Robart, Mayor

Comprehensive Annual Financial Report

for the year ended December 31, 2006

Cover Pictures:

The City of Cuyahoga Falls continues to raise the bar in commitment to community and environmental stewardship. Within long-term planning for clean, reliable sources of energy, air and water, Cuyahoga Falls' environmental initiatives embrace sustainability through research and development. In partnership with American Municipal Power – Ohio (AMP-Ohio), Green Energy Ohio (GEO), the Department of Energy (DOE), and the Environmental Protection Agency (EPA), research and development will continue to support the growth of Cuyahoga Falls' extraordinary municipal services, services which depend upon active citizen involvement and ongoing education. The successes of these initiatives are best illustrated through the high participation rates in the community recycling program, the expansion of community beautification and urban forestry, energy efficiency and renewable energy projects and services, as well as the frequency of requests for educational resources. 2006 was another powerful step forward with the City's commitment to the Tall Towers Wind Study, and to the Energy Freedom Challenge as a Founding City committed to increasing the City's renewable energy portfolio to 50% by 2020.

Deputy Finance Director

July 27, 2007

Honorable Mayor Don L. Robart,
Members of City Council and the
Citizens of the City of Cuyahoga Falls, Ohio

The Comprehensive Annual Financial Report (CAFR) for the City of Cuyahoga Falls, Ohio (the “City”) for the year ended December 31, 2006, is hereby submitted. The responsibility for both the accuracy of the data and the completeness and fairness of presentation including all disclosures, rests with the City’s management. To the best of our knowledge, the enclosed data is accurate in all material respects and is reported in a manner, which fairly presents the financial position and results of operations of the various funds of the City. All disclosures necessary to gain an understanding of the City's financial activities have been included.

The financial statements, schedules, and statistical tables included herein pertain to those functions, which are under the jurisdiction of the City Council and administered by the Mayor. These functions encompass all activities considered by the City to be a part of (controlled by or dependent on) the financial reporting entity. This is determined on the basis of the City's financial accountability for such operations. Financial accountability includes budget adoption, taxing authority, the existence of outstanding debt secured by the City or the obligation of the City to finance any deficits that might occur and selection of governing authority and influence of operations. The City does have financial accountability for The Community Improvement Corporation of Cuyahoga Falls (CIC) and has chosen to incorporate its data into these financial statements using the discrete method of presentation because CIC provides services to the primary government and the citizens of the City as opposed to only the primary government.

Based on the criteria for determining financial accountability, the financial statements do not include the financial activities of the Cuyahoga Falls or Woodridge School Districts (or any other school districts, which fall within the boundaries of the City). In addition, they do not contain financial information pertaining to the Taylor Memorial Public Library or Cuyahoga Falls General Hospital. The City does not have financial accountability for the aforementioned entities. The City is responsible for establishing and maintaining an internal control system designed to protect its assets from loss, theft or misuse. Furthermore, the accounting system must be adequate to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuations of costs and benefits require estimates and judgments by management. Management believes the internal control system is effective.

In accordance with Ohio law, each public office is required to have an independent audit at least once every two years unless an annual audit is required pursuant to The Single Audit Act of 1984. These audits are conducted by either the Auditor of the State, or if the Auditor permits, an independent public accounting firm. The current year audit was completed by James G. Zupka, CPA, Inc. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the year ended December 31, 2006, are free of material misstatement. The independent audit involved examining on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principals used and significant estimates made by management; and evaluating the overall financial statement presentation. The Independent Auditor's Report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City was part of the broader, federally mandated "Single Audit" designed to meet the special needs of grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with an emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the City's separately issued Single Audit Report.

Generally Accepted Accounting Principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the Independent Auditor's Report in the financial section of this report.

PROFILE OF THE GOVERNMENT

The City was incorporated as a village in 1868 and organized as a city after the 1920 census. The City is located in Summit County in northeastern Ohio, approximately 30 miles south of the City of Cleveland and lies on the northern border of the City of Akron. The City currently occupies a land area of 27.8 square miles and serves a population of 49,374 based on 2000 census figures. An appeal was granted on July 1, 2002 by the U.S. Census Bureau establishing 50,272 as the population of the City of Cuyahoga Falls.

The City operates under and is governed by its Charter (first adopted by the voters in 1959). The Charter may be and has been amended by the voters. Every five years a Charter Review Commission is appointed to review the City's Charter and make any recommendations to be voted upon by its residents. The City is also subject to certain general laws applicable to all cities. Under the Ohio Constitution, the City may exercise all powers of local self-government, and police powers to an extent that is not in conflict with applicable general laws. The Charter provides for a Mayor-Council form of government. The City's chief executive and administrative officer is the Mayor, who is elected by the voters specifically to that office for a four-year term. The Mayor also serves as the Public Safety Director. All elected officials, except the Mayor, Clerk of Courts, and both Judges, serve on a part-time basis. The Mayor may veto any legislation passed by the Council. However, a veto may be overridden by a two-thirds vote of all members of the Council.

Legislative authority is vested in an eleven-member Council. Three members are elected at-large for four-year terms, and eight members are elected from wards for two-year terms. The presiding officer is the President, who is elected by the Council for a one-year term. The Charter establishes certain administrative departments and Council may establish divisions of those departments and additional departments. Subject to the approval of Council, the Mayor appoints the Directors of Finance, Public Service, Law and Community Development. The Superintendent of Parks and Recreation is appointed by the Parks and Recreation Board. This Board consists of City residents, three appointed by the Mayor and two appointed by the Cuyahoga Falls City School District Board of Education. The Mayor also appoints members to a number of other boards and commissions and appoints and removes, in accordance with Civil Service requirements, all appointed officers and employees, except Council officers and employees.

City of Cuyahoga Falls, Ohio

The City provides an extensive range of services including police and fire protection, emergency medical service, administration of justice, community planning and development, recreational and cultural activities, street maintenance and environmental services. Outside of the normal governmental services, the City also provides entrepreneurial activities such as sanitation, electric service, sewage disposal and water distribution and leisure time activities, including a wellness center, golf course, and outdoor water park.

The City is home to the Cuyahoga Falls Municipal Court, which serves 16 communities in the northeastern part of Summit County. The Municipal Court employs two Judges and a Clerk of Courts, all of whom are elected for a six-year term by the voters of the 16 communities.

The objective of budgetary controls is to ensure compliance with both the annual appropriated budget approved by City Council and the legal restrictions imposed by state and federal statutes as well. City Council must adopt an annual appropriations ordinance and budget resolution by December 31, of the preceding year. Appropriations may not exceed amounts certified by the County Budget Commission. The Finance Director may transfer appropriated amounts between accounts within funds, but City Council authorization is necessary to make interfund transfers. City Council authorizes appropriation amounts by fund and may amend appropriation levels during the year. As a management tool, budgetary control is maintained in all funds at the department level by the encumbrance of estimated purchase amounts before the release of purchase orders to vendors. The City continually evaluates its accounting and reporting system in an effort to improve internal accounting controls.

LOCAL ECONOMY

The Cleveland-Akron Consolidated Metropolitan Statistical Area (CMSA) is the 16th most populous CMSA of 19 in the United States with a population of 2,945,813. (Rankings are based on 2000 census figures.)

The 2000 census population of the City placed it as the second largest city in Summit County and the twentieth largest in the State of Ohio. In January 1986, the City merged with Northampton Township. This merger between Northampton Township and the City was the first merger of its type in the State. The merger increased the City's population by more than 16 percent and tripled the City's total land area.

Transportation services are provided by diversified venues through the City. Immediate access is available to one state highway (State Route 8), which also offers access to the Ohio Turnpike (Interstate 80) and Interstate Highways 76 and 77. The City is adjacent to areas served by Conrail and Amtrak, and is served by passenger air services at three airports, Cleveland-Hopkins International Airport, Akron-Canton Regional Airport and Akron Fulton International Airport. Public mass transit for the area is provided by the METRO Regional Transit Authority (a separate political subdivision) and long distance bus travel can be obtained from Greyhound bus lines.

The City is not subject to swift or erratic economic downturns because of its diversified income tax base, in which no single employer dominates the local economy. During 2006, ten major employers in the City collectively accounted for approximately 27 percent of the \$13,161,626 withholding taxes remitted to the City.

The 2000 Census reports that the median income for families who live in Cuyahoga Falls is slightly higher than other nationwide averages. The following is a comparative breakout of those medians.

<u>Census Population</u>	<u>Median Income</u>
City of Cuyahoga Falls	\$52,372
County	\$52,200
State	\$50,037
National	\$49,600

The 1986 merger between the City and Northampton Township (now Ward 8) has become a win-win situation for both parties. Due to increased land availability, the City has realized many new opportunities for industrial,

commercial, and residential development. This growth continues to be stimulated by the expansion of water and sewer lines into Ward 8. At the same time, the residents of Ward 8 are benefiting by receiving city-based services, which should ultimately have had a positive impact on current property values.

The City is experiencing an accelerated pace of growth and development throughout the community. Much of this successful development can be attributed to the merger. New building and redevelopment permit valuation, a reliable indicator of a community's condition, averaged \$50,480,750 over the last four years.

Future Economic Outlook

The City's vision is to keep Cuyahoga Falls a vibrant, healthy, attractive, and continually growing City. City officials continue in their visions of infrastructure improvements and new tax revenues for the City, as well as its school systems, jobs, shopping, housing, and recreational opportunities for residents and visitors alike.

Falls River Square, a permanent festival site, has become the premiere gathering spot for our community festivals, concerts, and outdoor activities. Falls River Square includes open space for festivals, an interactive water fountain for adolescent summer frolic, and an amphitheater for various activities from the Spring through the Fall. Activities on the site do not stop when the weather gets cold. Falls River Square includes a pavilion and an outdoor ice skating rink. The pavilion is booked throughout the year and its fireplace is a great way to warm up after skating on the rink, which is larger than the rink at Rockefeller Square in New York.

In conjunction with Falls River Square, the City used a U.S. EPA Brownfield Grant on the South Front Street Corridor. The project included public outreach, and Phase I and Phase II environmental assessments, along with corridor planning. This corridor was originally developed for industrial purposes and was once utilized as a major source of power along the Cuyahoga River. The Grant along with other future budgeted monies is allowing the City the unique opportunity to begin an extensive revitalization project along this corridor.

On July 25, 2007 the City of Cuyahoga Falls was a successful recipient of a grant from the State's Clean Ohio Revitalization Funds also known as CORF. The Development Department applied for a grant to further the redevelopment efforts in the South Front Street area. The grant, in the amount of \$ 2,381,440, will be used to conduct environmental assessments, acquisition and demolition of properties, soil and water remediation, and asbestos removal. These actions will lead to the development of new residential and retail projects in association with a master plan completed in 2005 by Farr & Associates of Chicago, Illinois.

As a part of the grant application, additional funds were also committed by a local developer who, in the first phase of the redevelop, will be constructing a mixed-use project consisting of approximately 122 units residential units and 18,000 square feet of new retail space. In order to properly prepare the properties, approximately 9,500 tons of soil will be removed and ground water will be chemically treated. Historical uses in the Front Street corridor area included wire manufacturers, foundries, and milling companies, which resulted in impacted soil and groundwater. Not only will this project correct these negative environmental issues, but it will also provide for new housing that will be located adjacent to the beautiful Gorge and the Cuyahoga River.

In 1996, the City increased its income tax rate from 1.5 percent to 2 percent. The vote to increase the income tax rate has had positive effects for the City's capital infrastructure program since the City has earmarked the proceeds of the increase solely for capital improvements. The City's Administration has exceeded this commitment every year since the passage of the increase. This foresight is due to strong beliefs within the Administration that strong city infrastructure is a cornerstone of a strong community.

The City received a bond upgrade from Moody's Investors Service from A1 to Aa3 in 2001. Moody's stated "The rating upgrade is due to the City's expanding tax base which continues to diversify, sound financial operations with increasing reserves and manageable debt burden." The bond rating upgrade was the City's first upgrade in 25 years, placing the City in the top 13% of all counties, cities, and school districts rated by Moody's in Ohio. A strong financial condition also anchors the cornerstone of a strong community. The belief was again affirmed in April 2004 with an almost \$15 million bond issue.

City of Cuyahoga Falls, Ohio

The Mayor, his administration, and the City Council are keenly aware of national and local economic conditions. The Mayor and his staff spend considerable amounts of time maintaining the financial strength of the City. Discussions between a larger employer within the City were completed in 2006, and the construction completion date of a new 300,000 square foot facility will be complete in the Fall of 2007. The project also includes a road, which opens up unused vacant land for a new industrial park. As businesses look to relocate or expand, City officials work overtime with these companies to accommodate their needs. These types of investments only strengthen the City's financial position. The City is also not reliant on one particular business for its main source of income taxes or property taxes. No business represents more than five percent of the City's two main sources of income. The City's administration also places a high emphasis on keeping Cuyahoga Falls a positive place to live and work. This can best be seen in the unemployment rates for the City consistently being two percentage points lower than the Summit County rate coupled with local home sales and the real estate market, which are generally ahead of the national trends. Employment within an area is expected to remain positive with wage increases slightly higher than cost of living trends. New development and business opportunities started in the last few years and in the near future will have a positive effect on income tax collections for years to come.

MAJOR INITIATIVES

In 2004, the City created a storm drainage utility funded with a \$2.00 per month charge for residents and \$2.00 per 3,000 square feet of impervious area. The Fund is expected to bring in approximately \$700,000 per year and will be used to protect public and private infrastructure from future flooding. This Fund also works in conjunction with other City legislation allowing voluntary storm water inspections within the City. These free and voluntary inspections are available to all homeowners and those interested in purchasing property in the City. The program was established and designed to determine if clean water is entering the sanitary sewer system through private property infiltration and inflow. A thorough evaluation of downspouts, drains, sump pumps, discharge points and laterals are included in the inspection. If problems are discovered, an assessment process is available to assist property owners remedy their problem. Early in 2007, the rate was adjusted from \$2.00 per month to \$3.00 per month. The additional revenue will be used for more storm water mitigation projects.

The Information Services Department continues to keep pace with technology to improve City services. The City's award winning eGovernment program, Cuyahoga Falls Online, was implemented in 2005 and has been a tremendous success. The program provides centralized online access to City services. Residents can view Utility Bill information and pay online, sign up and pay for Parks and Recreation classes, golf tee times and facility reservations, prepare City income taxes and renew contractor licenses. Other online services include Building Permits, Code Enforcement and Police records. The City of Cuyahoga Falls is committed to the use of technology to better serve our residents and businesses. I invite you to visit the City's website at www.cityofcf.com to learn more about our programs.

The City completed and opened Fire Station 5 in December 2006. A room within the station will house the City's new dispatch center. The location and size of the new center offer the City the ability to expand in the future. The City is also working with several smaller communities to potentially provide dispatch services and Fire/EMS services in the near future. Regionalism is a key component as the City looks to find ways of continuing to provide excellent city services, while achieving economy's of scale financially.

The City is in the process of working with a national developer on various ways to further move the City forward in a positive direction. Plans include residential, retail and educational components. City officials and members of its Community Improvement Corporation have worked with a consulting firm to develop a master plan. Cleveland State University is also in the process of completing an economic impact study.

FINANCIAL INFORMATION

All six of the City's unions completed negotiations in 2006 or 2007. Negotiations were longer than normal due to discussions on health care concessions. All contracts are in effect until 2008.

The City's Capital Project Fund has issued various notes for numerous infrastructure projects over the last several years. The administration along with the assistance of City Council created a plan to pay down on the notes each year to save the cost of long-term interest borrowing. In 2006 and 2007, the City is paying down \$2 million on these notes with the total balance paid off by 2009.

LONG TERM FINANCIAL PLANNING

The City currently prepares a five-year capital improvement plan. This plan helps the City prepare and adjust for major infrastructure projects and maximize potential State and Federal grant assistance. Various other major operations within the City are also being viewed over two, three, and five-year views. Preparing for the future is a key ingredient to financial stability while maintaining important public services. This five year approach is being expanded to all major funds within the City.

AWARDS AND ACKNOWLEDGEMENTS

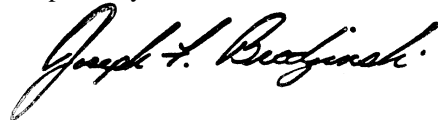

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Cuyahoga Falls for its Comprehensive Annual Financial Report for the fiscal year ended December 31, 2005. The Certificate of Achievement is a prestigious national award, recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report (CAFR), whose contents conform to program standards. Such a report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City has received a Certificate of Achievement for the last 22 consecutive years (fiscal years ended 1984-2005). We believe our current report continues to conform to the Certificate of Achievement program requirements and are therefore submitting it to the GFOA. Receipt of these awards is an outstanding sign of the City's active effort to anticipate and provide for the needs of its citizens.

The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire staff of the Finance Department. A special thanks goes out to Deputy Finance Director, Scott Fitzsimmons, for all of his hard work and dedication. The preparation of the CAFR requires a major effort from the accounting staff and we express our appreciation to all who assisted and contributed to the presentation of this year's report. We also thank the Mayor, his cabinet and the members of City Council for their thoughtful support and encouragement throughout the year.

Respectfully submitted,

Joseph F. Brodzinski
Finance Director

INDEPENDENT AUDITOR'S REPORT

To Members of City Council
City of Cuyahoga Falls, Ohio

The Honorable Mary Taylor
Auditor of State
State of Ohio

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Cuyahoga Falls, Ohio, as of and for the year ended December 31, 2006, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Cuyahoga Falls, Ohio's management. Our responsibility is to express opinions on these financial statements based on our audit.

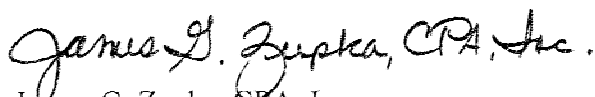

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Cuyahoga Falls, Ohio, as of December 31, 2006, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund and the Municipal Income Tax Special Revenue Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated July 16, 2007, on our consideration of the City of Cuyahoga Falls, Ohio's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis on pages 15 through 28 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Cuyahoga Falls, Ohio's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion on them.

Management's Discussion and Analysis

As management of the City of Cuyahoga Falls, Ohio (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2006. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which begins on page 2 of this report.

FINANCIAL HIGHLIGHTS

- This is the City of Cuyahoga Falls fourth publication of a Comprehensive Annual Financial Report (CAFR) under the new GASB 34 reporting model. Comparisons to prior financials are offered for this discussion and analysis.
- Total assets of the City of Cuyahoga Falls were \$210,604,346. Of this amount, \$96,340,437 were attributable to Governmental Activities and \$114,263,909 were from Business-type Activities.
- Total liabilities of the City of Cuyahoga Falls were \$93,367,718. Governmental Activities accounted for \$36,853,677, while Business-type Activities represented \$56,514,041 of the total.

OVERVIEW OF THE FINANCIAL STATEMENTS

The discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include security of persons and property, leisure time activities, community environment, basic utility services, street maintenance and general government. The business-type activities of the City include sanitary sewage and disposal, water treatment and distribution, electric distribution, refuse and recycling collection service and leisure time activities including an outdoor family aquatic center, an indoor natatorium, a municipal golf course, a civic cultural center and a sports center facility which offers batting cages, a driving range, skate park and a miniature golf course.

The government wide financial statements include not only the City itself (known as the primary government) but also a legally separate community improvement corporation for which the City is financially accountable. Financial information for this component unit is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 31-33 of this report.

City of Cuyahoga Falls, Ohio

Fund financial statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decision. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains twenty-six individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Municipal Income Tax Special Revenue Fund, and Capital Projects Fund, which are considered to be major funds. Data from the other twenty-three funds are combined into a single aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for its General Fund and all Special Revenue, Debt Service, Capital Projects, Enterprise and Internal Service Fund types. A budgetary comparison statement has been provided for the General Fund and the Municipal Income Tax Special Revenue Fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 34-39 of this report.

Proprietary funds. The City maintains two different types of proprietary funds. Enterprise Funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its sewage and disposal, water, electric, sanitation and leisure time operations. Internal Service funds are an accounting device used to accumulate and allocate costs internally to the City's various functions. The City uses Internal Service Funds to account for its vehicle maintenance, office and custodial supplies purchase and distribution, information services (responsible for data processing and computer operations of the City), medical self-insurance, worker's compensation coverage and compensated absences payments to terminated and retired employees. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

While the Utility Billing Fund is considered an Internal Service Fund, it is not reported separately. It has been consolidated in the applicable Enterprise Funds for statement purposes.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Sewage and Disposal Fund, Water Fund, Electric Fund, Sanitation Fund, and Leisure Time Fund, which are considered to be major funds. Conversely, the internal service funds are combined into a single aggregated presentation in the proprietary fund financial statements.

The basic proprietary fund financial statements can be found on pages 40-47 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

City of Cuyahoga Falls, Ohio

The basic fiduciary fund financial statements can be found on page 48 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 49-83 of this report.

Other information. The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the notes to financial statements. Combining and individual fund statements and schedules can be found on pages 87-141 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

City of Cuyahoga Falls, Ohio - Net Assets						
	Governmental Activities		Business-type Activities		Total	
	2006	2005	2006	2005	2006	2005
Assets

Invested in capital assets, net of related debt	38,642,880	38,207,868	38,436,367	35,582,143	77,079,247	73,790,011
Restricted	16,242,651	11,544,126	-	-	16,242,651	11,544,126
Permanent Fund Purpose	206,323	206,449	-	-	206,323	206,449
Unrestricted	4,394,906	5,502,764	19,313,501	17,179,978	23,708,407	22,682,742
Total net assets	\$ 59,486,760	\$ 55,461,207	\$ 57,749,868	\$ 52,762,121	\$ 117,236,628	\$ 108,223,328

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. The City's assets exceeded liabilities by \$117,236,628 at the close of the most recent fiscal year.

The largest portion of the City's net assets (66 percent) reflects its investments in capital assets (e.g. land, buildings, improvements other than buildings, machinery and equipment, and infrastructure), less any related debt used to acquire those assets that is still outstanding. These assets are used to provide services to citizens; therefore, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay debt must be provided from other sources, since capital assets themselves cannot be used to liquidate these liabilities.

Additionally, 14 percent of the City's net assets represent resources that have been restricted on how they may be used. Another portion of the City's net assets (less than 1 percent) represents the Perpetual Care Permanent Fund, which used to be a non-expendable trust fund. The remaining balance of unrestricted net assets \$23,708,407 may be used to meet the government's on-going obligations to its citizens and creditors.

City of Cuyahoga Falls, Ohio

At the end of the current fiscal year, the City of Cuyahoga Falls is able to report positive balances in the three categories of net assets, both for the government as a whole, as well as for its separate governmental and business-type activities.

Overall, net assets of the City increased by \$9.013 million in 2006. Net assets for governmental activities increased \$4.025 million and net assets for business-type activities increased \$4.988 million. A main contributing factor for net assets increasing for Governmental Activities is due to a reduction in Current Liabilities, Notes Payable, of over \$2.0 million for 2006. This is a result of the City's aggressive pay-down on current notes outstanding. The other contributing factor of the increase in Governmental Activities is due to the overall increase in capital assets as more fully explained in the capital asset section of this analysis on page 27.

The increase in net assets for business-type activities is due to a decrease in accounts payable of almost \$1.2 million within the Electric Department relating to purchased power and payables related to capital assets. The other contributing factor relates to an increase in unrestricted net assets within the Electric Department. Revenue is generated within the Electric Department using a twelve-month rolling average power cost factor. Increase costs associated with 2005 were recouped in 2006.

In order to further understand what makes up the changes in net assets for the current year, the following table gives readers further details regarding the results of activities for the current year. This table contains the 2005 fiscal year figures for comparison purposes.

City of Cuyahoga Falls, Ohio

City of Cuyahoga Falls, Ohio - Changes in Net Assets

City of Cuyahoga Falls, Ohio

Governmental activities. Governmental activities increased the City's net assets by \$4.025 million. Key elements of the changes in net assets are as follows:

- ❖ Property and Other Local Taxes increased by \$881,000 or 9 percent.
- ❖ Income Tax Revenue increased by \$674,000 or 4 percent.
- ❖ Other Revenue increased by \$1.02 million or 97 percent.
- ❖ Street Maintenance decreased by \$855,000 or 13 percent.

The increase in property and other local taxes is due to increases in real estate tax revenue.

The increase in income tax revenue is due to the effects of accrual accounting with it's receivable recognized in the available periods and corresponding reversing entries.

Other revenue increased because of interest earnings on investments in 2006 compared to 2005.

The decrease in street maintenance is due to a decreased demand in purchasing rock salt and salaries relating to winter street maintenance.

2006 Revenues by Source – Governmental Activities

2005 Revenues by Source – Governmental Activities

City of Cuyahoga Falls, Ohio

2006 Expenses and Program Revenues – Governmental Activities

2005 Expenses and Program Revenues – Governmental Activities

Business-type activities: Business-type activity net assets increased by \$4.988 million. Key elements of changes in net assets are as follows.

- ❖ Charges for services increased by \$4.16 million or 8 percent.
- ❖ Electric expenses decreased by \$3.05 million or 9 percent.

Charges for services within the Electric Department increased \$3.71 million from \$31.51 million in 2005 to \$35.22 million in 2006. The contributing factor is the power cost factor with its twelve month rolling average. Purchased power costs in 2005 are recouped in 2006.

Electric expenses were lower in 2006 due to the increased kilowatt per hour costs paid by the City in 2005 as compared to 2006.

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related requirements.

Governmental Funds. The focus of the City's *governmental funds* is to provide information on the near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of December 31, 2006, the City's governmental funds reported combined ending fund balances of \$13.144 million, which represents a decrease of \$.520 million in comparison with the prior year. Approximately \$8.530 million of this amount constitutes *unreserved fund balance*, which is available for spending at the government's discretion. The remainder of fund balance is *reserved* to indicate that it is not available for new spending because it has already been committed to liquidate contracts and purchase orders of the prior period and for non-current loans receivable.

The general fund is the chief operating fund of the City. At December 31, 2006, unreserved fund balance of the general fund was \$4.677 million, while total fund balance was \$5.103 million. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures (including transfers out). Unreserved fund balance represents 13.5 percent of total general fund expenditures (including transfers out), while total fund balance represents 14.7 percent of the same amount.

The fund balance of the City's General Fund decreased by \$419,750 during 2006. Key factors contributing to this increase are as follows:

- ❖ Total revenues (including transfers in) increase by \$1,018,337. This increase is attributed to mainly an increase in property taxes in 2006 compared to 2005.
- ❖ Expenditures (including transfers out) increased by \$866,000 or 2.6 percent. Security of persons and property increased by \$847,000 due to increased wages and disaster preparedness within the police and fire departments.

The fund balance of the Capital Projects Fund decreased by \$930,743 in 2006 from \$337,217 in 2005 to negative \$593,526 in 2006. Expenditures were higher in 2006 due to the City's choice of paying down current notes payable. Another reason for increased expenditures is due to the pay-down of prior year commitments from 2005

Proprietary Funds. The City's proprietary funds provide the same information found in the government-wide financial statements, but in more detail.

Unrestricted net assets at the end of the year amounted to \$3.252 million, \$2.322 million, \$17.153 million, (\$.356 million), and (\$.528 million) for the Sewage and Disposal, Water, Electric, Sanitation, and Leisure Time Funds, respectively. The Sanitation Fund had negative unrestricted net assets in 2005. This represents a \$126,000 increase in negative unrestricted net assets for 2006. The cost saving measures continue to standardize refuse containers, which will reduce the number of personnel per route with an ultimate goal of full automation in the future. Revenue generation decreased by \$80,000 and is being closely monitored. The decrease is mainly due to grant revenue. The negative unrestricted net assets in the Leisure Time Fund also increases in 2006 by \$161,000. The main reasons for the increase in negative fund balance is the increase in interest rates on capital borrowing and utility costs attributed to natural gas. Rates have been increased in certain categories at the Natatorium and the golf course.

General Fund Budgetary Highlights

The final amended General Fund budget had total appropriation of approximately \$394,000 less than the original budget. The total original appropriations, including those for transfers out, were \$36.365 million, while the final appropriations were \$35.971 million.

Capital Asset and Debt Administration

Capital assets. The City’s investment in capital assets for governmental and business-type activities as of December 31, 2006, amounts to \$136.2 million (net of accumulated depreciation). This investment in capital assets include land, buildings, improvements, machinery and equipment, as well as, infrastructure prospectively, including roads, sidewalks, bridges, storm sewer, curbs and gutters. The total increase in the City’s investment in capital assets for 2006 was 4.42% (a 10.2 percent increase for governmental activities and a 1.0 percent increase for business-type activities).

Major capital asset events during 2006 were as follows:

- The construction of Fire Station #5 was completed. The new fire station began operations in December of 2006. The total outlay of this project, including land, building and major equipment was over \$5.3 million.
- The Electric Department finalized the construction of a new substation, Substation #13. In addition, they finished a major reconstruction of Substation 2. The combined capital expenditures in these projects exceeded \$3,500,000.
- The City has begun work on the Chart Road Reconstruction Project. Issue II monies have been approved for this project and will provide a major contribution. The capital investment in this project is expected to be \$1.4 million.

For more detailed information on capital asset activity, refer to Note 6-Capital Assets in the Notes to the Financial Statements section.

Long-term debt. At December 31, 2006, the City had \$33.6 million of long-term bonds and capital leases outstanding. All special assessment bonds issued by the City are also general obligation bonds (\$419,390 in governmental activities) and are included herein.

City of Cuyahoga Falls, Ohio

City of Cuyahoga Falls General Obligation Bonds and Capital Leases Outstanding

The City did not issue any general obligation bonds in 2006. The City entered into a lease agreement for a 2006 Pierce 105' Aerial Ladder Truck for the Fire Department in the amount of \$768,740.

Economic Factors and Next Year's Budget

The City of Cuyahoga Falls' elected and appointed officials consider many factors through a lengthy budget process. The main concerns for the 2007 budget process revolved around increasing healthcare costs. The City has experienced a 73 percent increase in healthcare related costs from 2000 to 2006 on a cash basis. The increase since the end of 2003 to 2006 has been at a slower rate of increase at 24 percent. The City attacked the rising healthcare costs on two fronts. First, the City, through union negotiations, proposed that employees start to pay a share of the healthcare costs. The rationale was simply that the taxpayers who pay the bills pay a share of their healthcare costs, therefore, it is only fair that City employees pay a share of their healthcare bills. The three police unions stretched out the negotiations anywhere from eight months to one and a one half years past their contract expiration, thus extending free healthcare longer. All City employees now pay a share of healthcare and costs borne by the taxpayers should now level out. The other front that was attacked was our network provider. The City asked for bids with an April 2007 renewal date. Since the City has a stable base of employees and is self-insured we were attractive in the marketplace. A switch in networks was made and should also help level rising costs.

The City continues to place a high importance on job retention and creation with its current involvement with major developers in retail and residential growth. The goal of City officials is to continue to move the City forward in a positive direction. By the end of 2007, the City will have also completed a review of all services and associated fees. The goal is to ensure that the rates charged are fair to all taxpayers.

Request for Information

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to show accountability for the money it receives. This report is also available on the City's website at www.cityofcf.com. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Cuyahoga Falls Finance Department, 2310 Second Street, Cuyahoga Falls, Ohio, 44221.

**Reconciliation of Total Governmental Fund Balances to Net Assets of
Governmental Activities
December 31, 2006**

Total Governmental Fund Balances \$ 13,143,587

Amounts reported for governmental activities in the statement of net assets are different because:

Capital assets used in governmental activities (excluding internal service fund capital assets) are not financial resources and therefore are not reported in the funds. Those assets consist of:

Nondepreciable capital assets	9,990,026	
Depreciable capital assets	42,146,793	
		52,136,819

Other long-term assets are not available to pay for current-period expenditures and, therefore are deferred in the funds:

Investment earnings	88,516	
Property taxes	304,761	
Grants and entitlements	1,959,781	
Income tax	1,049,609	
Special assessments	1,455,424	
Charges for services	1,393,723	
		6,251,814

Internal service funds are used by the City to account for the financing of goods or services provided by one department to other City departments or agencies, generally on a cost reimbursement basis. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets.

Internal service fund net assets are: 4,389,399

Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds:

Accrued interest payable	(39,876)	
Deferred charges related to debt issuance	419,474	
Unamortized bond premium	(59,459)	
Accrued compensated absences	(6,868,363)	
Capital leases	(810,081)	
Bonds Payable	(9,076,554)	
		(16,434,859)

Total Governmental Activities Net Assets \$ 59,486,760

See accompanying notes to the basic financial statements

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities
December 31, 2006**

Net Change in Fund Balances - Total Governmental Funds \$ (568,533)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital additions	8,220,249	
Current year depreciation	<u>(3,042,988)</u>	
		5,177,261

In the statement of activities, only the loss on the disposal of assets is reported, whereas, in the governmental funds, the proceeds from the disposal increase financial resources. Thus, the change in net assets differs from the change in fund balance by the cost of the assets. (200,066)

Governmental funds report expenditures for inventory of supplies and prepaid items when purchased. However, in the statement of activities, they are reported as an expense when consumed. 48,984

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Investment earnings	88,118	
Property taxes	28,730	
Grants and entitlements	(37,428)	
Income tax	11,473	
Special assessments	(242,489)	
Charges for services	<u>203,330</u>	
		51,734

Repayment of bond principal and capital lease payments are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. 970,431

Issuance of capital lease in governmental funds increased long-term liabilities in the statement of net assets. (768,740)

In the statement of activities, interest is accrued on outstanding debt, whereas in the governmental funds an interest expenditure is reported when due. 7,171

Premiums on bonds issued are recognized as revenues in the governmental funds, however, they are amortized over the life of the issuance in the statement of activities. 43,971

Bond issuance costs are recognized as expenditures in the governmental funds, however, they are amortized over the life of the issuance in the statement of activities. (50,411)

Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. (468,480)

Internal service funds are used by the City to account for the financing of goods or services provided by one department to other City departments or agencies, generally on a cost reimbursement basis. The revenues (expenses) of the internal service funds are allocated among the governmental activities. (217,769)

Changes in Net Assets of Governmental Activities \$ 4,025,553

City of Cuyahoga Falls, Ohio

NOTES TO THE FINANCIAL STATEMENTS

City of Cuyahoga Falls, Ohio

Notes to the Financial Statements December 31, 2006

NOTE 1 – REPORTING ENTITY

The City of Cuyahoga Falls (the “City”) operates as a political subdivision of the State of Ohio. The community was founded in 1812, became a township in 1851, was incorporated as a village in 1868 and became a city in 1920. The City Charter was first adopted on November 3, 1959, and became effective on January 1, 1960. The Charter establishes a strong Mayor-Council form of government.

The City provides municipal services such as police and fire protection, emergency medical service, administration of justice, community planning and development, recreational and cultural activities, street maintenance, cemetery operations, environmental services and other functions necessary for general government. The City also operates certain enterprise operations such as water and sanitary sewer service, refuse collection, electric distribution and recreation facilities that include a natatorium, a golf course, driving range/batting cages/miniature golf, an outdoor water park and a community center.

The accompanying financial statements comply with the provisions of the Governmental Accounting Standards Board (GASB) Statement No. 14, The Financial Reporting Entity, and Statement No. 39, Determining Whether Certain Organizations are Component Units, in that the financial statements include those activities and functions in which the City (the reporting entity) is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit’s board, and either (1) the City’s ability to impose its will over the component unit, or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the City. Based on this criteria, the City has one component unit.

Component unit – The Community Improvement Corporation of Cuyahoga Falls (CIC) is a not for profit corporation to advance, encourage, and promote the industrial, commercial, civic, and economic development of Cuyahoga Falls, Ohio, under the applicable sections of the Ohio Revised Code. The City has assumed a financial burden to the component unit through its contribution of tax increment financing received from the Summit County Fiscal Officer to the CIC. Since this funding represents a significant portion of CIC revenue, the organization is fiscally dependent on the City. Also, the majority of the CIC’s board is appointed by the City. The City has chosen the discrete method of presentation of CIC because it provides services to the primary government and the citizens of the City as opposed to only the primary government. The discrete method of presentation requires component unit data to be reported together with, but separately from the data of the primary government in the government-wide financial statements. Complete financial statement for the CIC may be obtained at the entity’s administrative offices, 2310 Second Street, Cuyahoga Falls, Ohio 44221.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Cuyahoga Falls have been prepared in conformity with generally accepted accounting principals (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principals. The City applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its governmental and business-type activities and to its proprietary funds provided they do not conflict with or contradict GASB pronouncements. The more significant of the City’s accounting policies are described below.

A. Basis of Presentation

The City’s basic financial statements consist of government-wide financial statements, including a statement of net assets and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-wide Financial Statements

The statement of net assets and the statement of activities report information on all of the nonfiduciary activities of the primary government and its component unit. Interfund activity, and related interfund receivables and payables, have been eliminated in the government-wide statements. These eliminations remove the duplicating effect on assets, liabilities, revenues and expenses that would otherwise occur. Internal service fund balances, whether positive or negative, have been eliminated against governmental activity program expenses shown in the statement of activities.

The statement of net assets presents the financial condition of the governmental and business-type activities of the City at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the business-type activities of the City. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function of segment. Revenues which are not classified as program revenues are presented as general revenues of the City with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the City.

Fund Financial Statements

Fund financial Statements are designated to present financial information of the City at a more detailed level. The focus of governmental and proprietary fund financial statements is on major funds. Major individual governmental funds and major individual enterprise funds, which includes all enterprise funds, are reported as separate columns in the fund financial statements. Nonmajor governmental funds are aggregated and presented in a single column on the governmental fund statements. Governmental activities internal service funds are aggregated and presented in a single column in the proprietary fund statements. The City's only business-type internal service fund, the Utility Billing Fund, which is a billing and collections operation for the City's utility enterprise funds: Sewage and Disposal, Water, Electric and Sanitation, has been directly reported in those funds. Fiduciary funds are reported by type.

B. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary, and fiduciary.

Governmental Funds

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the City's major governmental funds:

General Fund

This fund accounts for all financial resources of the City except those required to be accounted for in another fund. The General Fund balance is available to the City for any purpose provided it is expended or transferred according to the Charter of the City of Cuyahoga Falls and/or the general laws of Ohio.

City of Cuyahoga Falls, Ohio

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Municipal Income Tax Special Revenue Fund

This fund accounts for income tax revenue and the expenses of the administration of the income tax. After operating expenses are deducted, allocation is made to the General Fund, Recreation Levy Special Revenue Fund and Capital Projects Fund at a rate of 62.67 percent, 8 percent, and 29.33 percent, respectively.

Capital Projects Fund

This fund accounts for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds).

The other governmental funds of the City account for grants and other resources which are restricted to a particular purpose.

Proprietary Fund Types

Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position, and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise Funds

Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following are the City's major enterprise funds:

Sewage and Disposal Enterprise Fund

This fund accounts for sanitary sewer service provided to residential and commercial users within the City.

Water Enterprise Fund

This fund accounts for the provision of water treatment and distribution to residential and commercial users within the City, the Village of Munroe Falls, the Village of Silver Lake and certain other residents within close proximity.

Electric Enterprise Fund

This fund accounts for the distribution of electricity to residential and commercial users within the City.

Sanitation Enterprise Fund

This fund accounts for the refuse and recycling collection services provided to residential and commercial users within the City.

Leisure Time Enterprise Fund

This fund accounts for the revenues and expenses of an outdoor swimming pool, a Community Recreation Center, a municipal golf course/driving range/batting cages/miniature golf facility and a civic cultural center.

Internal Service Funds

Internal Service Funds account for the financing of goods or services provided by one department of the City to other departments or agencies of the City on a cost-reimbursement basis. The City has the following internal service funds, which are described in the combining statements and individual fund statements section: Garage, Office Supply, Information Services, Self Insurance, Workers' Compensation and Compensated Absences. All of the City's internal service funds are nonmajor funds.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fiduciary Funds

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. The City of Cuyahoga Falls has no trust funds. Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results and operations.

The City's agency funds account for money received from the City for employer pension and Medicare payments, employee withholdings, deposits held for contractors and developers and money on deposit with the Cuyahoga Falls Municipal Court.

C. Measurement Focus

Government-wide Financial Statements

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and liabilities associated with operation of the City are included on the Statement of Net Assets.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and liabilities associated with the operation of these funds are included on the statement of fund net assets. The statement of revenues, expenses and changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in total net assets. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

D. Basis of Accounting

Basis of Accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting; proprietary and fiduciary funds also use the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the City, available means expected to be received within sixty days of year-end.

City of Cuyahoga Falls, Ohio

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned. Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 4). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure

requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: income tax, state-levied locally shared taxes (including gasoline tax), fines and forfeitures, interest, tuition, grants, fees and rentals.

Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of December 31, 2006, but which were levied to finance year 2007 operations, have been recorded as deferred revenue. Special assessments not received within the available period and grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Budgetary Data

The budgetary process is prescribed by Charter and by the provisions of the Ohio Revised Code (ORC) and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the Alternative Tax Budget Information Form, the Official Certificate of Estimated Resources and the Appropriation Ordinance(s), all of which are prepared on the budgetary basis of accounting.

All funds other than the Agency Funds are legally required to be budgeted. The Cemetery Perpetual Care Permanent Fund is not reported on a budgetary basis, as the fund did not have expenditures on a non-GAAP budgetary basis. However, only governmental funds are reported.

Tax Budget

The Summit County Budget Commission (the “Commission”) has waived the requirement for a taxing authority to officially adopt a tax budget, pursuant to ORC. However, the Commission requires a taxing authority to complete and file an Alternative Tax Budget Form (preliminary financial plan) with the County Fiscal Officer on or before July 20th for all subdivisions excluding school districts, which file their form on or before January 20th. The form is prepared to assist the Commission in performing their duties, including the division of the tax rates and the creation of the Official Certificate of Estimated Resources. The following schedules are provided in the form:

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- Levies inside and outside ten mill limitation, inclusive of debt levies.
- Detailed statement of fund activity for the General Fund and any other fund that receives property tax.
- Aggregate statement of fund activity for all other budgeted funds.
- Unvoted general obligation debt.
- Voted debt outside ten mill limit.
- Tax anticipation notes

Estimated Resources

The Commission certifies its actions regarding the Tax Budget to the City by September 1. As part of this certification, the City receives the Official Certificate of Estimated Resources, which states the projected receipts of each fund. On or about January 1, this certificate is amended to include any balances from the preceding year. The Certificate of Estimated Resources may also be amended during the year if projected increases or decreases in revenue are identified by the Finance Director. Prior to December 31, the City must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year will not exceed the amount stated in the Certificate of Estimated Resources. The revised budget then serves as the basis for the annual appropriation measure.

Since the Official Certificate of Estimated Resources is based on the Alternative Tax Budget Information Form, which is preliminary in nature, the amounts reported as the original budgeted amounts on the budgetary statements are based on the first Amended Official Certificate of Estimated Resources to which the original appropriations are based. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final Amended Certificate of Estimated Resources.

Appropriations

A temporary Appropriation Ordinance to control cash disbursements may be passed on or about January 1 of each year for the period January 1 to March 31. An annual Appropriation Ordinance must be passed by April 1 of each year for the period January 1 to December 31. The Appropriation Ordinance is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources, as certified by the Commission.

The Appropriation Ordinance represents City Council authorization to spend resources and sets annual limits on expenditures of the resources. The initial level of budgetary control is passed by City Council at the fund level, department and object level (Personal Services, Capital Outlay, and Other Operations) with further restrictions prohibiting the transfer of funds between departments of a particular fund and limiting transfers of sums between line items of a department, at any time within the fiscal year which exceed in the aggregate seven percent of the amount originally appropriated in the line item from which the transfer is made, but not to exceed \$10,000. The City Finance Director is authorized by Charter to transfer funds already appropriated between funds and departments; however, any revisions that change the total fund appropriations or exceed the limits restricting transfers of sums between line items must be approved by City Council.

The amounts reported as the original budgeted amounts reflect the original Appropriation Ordinance. The amounts reported as the final budgeted amounts represent the final Appropriation Ordinance, including all amendments and modifications passed by City Council in December 2006.

Lapsing of Appropriations

At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding year and is not reappropriated.

City of Cuyahoga Falls, Ohio

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the governmental funds. Encumbrances outstanding at year end are reported as reservations of fund balances in governmental fund financial statements since they do not constitute expenditures or liabilities.

Equity in Pooled Cash and Cash Equivalents and Investments

Cash balances of the City's funds are pooled and invested in short-term investments in order to provide improved cash management. The restricted cash and investments from the following funds are not included in the City's pooled cash and investments: Debt Service Fund, Capital Improvement Reserve Capital Projects Fund, Cemetery Perpetual Care Permanent Fund and the Municipal Court Agency Fund. These short-term investments consist of repurchase agreements, U.S. Treasury Notes, money market accounts and other governmental bonds. Investments maturing within three months of purchase and investments of the pool are included in "Equity in Pooled Cash and Cash Equivalents." Investments with maturities of greater than three months are shown as "Investments" on the balance sheet. For purposes of the statements of cash flows, cash and cash equivalents consist of cash and highly liquid short-term investments with original maturities of three months or less.

Invested monies are stated at fair value, with the exception of money market investments and participating interest-earning contracts that have a remaining maturity at time of purchase of one year or less, which are reported at amortized cost. For reporting purposes, interest earned by the cash and investment pool has been reported as interest income by the Capital Improvement Reserve Capital Projects Fund in accordance with local ordinance.

Inventory of Supplies

On Government-wide financial statements, inventories are presented at the lower of cost or market on a first-in, first-out basis and are expensed when used.

On fund financial statements, inventories of governmental funds are stated at cost and inventories of proprietary funds are stated at the lower of cost or market. For all funds, cost is determined on a first-in, first-out basis. The cost of inventory items is recorded as an expenditure in governmental funds when purchased and as an expense in the proprietary fund types when used. Reported supplies inventory is equally offset by a fund balance reserve in governmental funds which indicates that it does not constitute "available spendable resources" even though it is a component of net current assets. Inventory consists of expendable supplies held for consumption or resale.

Prepaid items

Payments made to vendors for services that will benefit periods beyond December 31, 2006, are recorded as prepaid items. On the government-wide and proprietary fund statements, prepaid items are recorded using the consumption method by recording a current asset for the prepaid amount and reflecting the expense in the year in which services are consumed. On the fund financial statements, the actual payment for these services are recorded as an expenditure when purchased. Reported prepaid items are equally offset by a fund balance reserve, which indicates that it does not constitute "available spendable resources" even though it is a component of net current assets.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets

General capital assets are those specifically associated with general governmental activities. These assets primarily result from expenditures in the governmental funds. General capital assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported in both the business-type activities column of the government-wide statement of net assets and in the respective fund statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The City has a capitalization threshold to \$5,000. The City’s infrastructure consists of roads, bridges, culverts, storm sewers and traffic signalization. Improvements that add to the value of the asset or materially extend the life of an asset are capitalized. The cost of normal maintenance and repairs that does not meet the capitalization criteria is not capitalized. Interest incurred in capital leases or during construction periods is not capitalized.

All capital assets are depreciated with the exception of land and construction in progress. These capital assets are depreciated over the remaining useful lives of the related asset. Useful lives for infrastructure were estimated based on the City’s historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

Assets	Years
Buildings	10-50
Improvements other than buildings	5-50
Equipment	3-30
Infrastructure	25-50

Interfund Balances

On the fund financial statements, unpaid amounts for interfund services are reported as “Due to/from other funds.” Interfund loans are classified as “Advances to/from other funds” and are equally offset by a fund balance reserve account, which indicates that they do not constitute available expendable resources. These amounts are eliminated in the governmental and business-type activities columns of the statement of net assets, except for any residual amounts due between governmental and business-type activities, which are presented as internal balances.

Compensated Absences

The City reports compensated absences in accordance with the provisions of GASB Statement No. 16, *Accounting for Compensated Absences*. Vacation and compensatory time benefits are accrued as a liability as the benefits are earned, since these amounts are attributable to services already rendered and the probability exists that the City will compensate employees for these benefits through paid time off or compensation. Sick leave benefits are accrued as a liability using the termination method. An accrual is made to the extent that it is probable that benefits will result in termination payments. The liability is an estimate based on the City’s past experience of making termination payments.

The entire compensated absences liability is reported on the government-wide financial statements.

City of Cuyahoga Falls, Ohio

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

For Governmental Funds, the current portion of unpaid compensated absences is the amount of matured compensated absences expected to be paid using expendable available financial resources. These amounts are included in accrued salaries, wages and benefits in the funds from which employees are paid. The noncurrent portion of the liability is not reported. In proprietary fund types, the entire amount of compensated absences is reported as a fund liability.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments, compensated absences and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds and long-term loans are recognized as a liability on the governmental fund financial statements when due.

Fund Balance Reserves

The City reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent expendable resources and therefore are not available for appropriation or expenditure. As a result, encumbrances, prepaid items, advances, investments, inventory of supplies, loans receivable, debt service and cemetery perpetual care are recorded as a reservation of fund balance.

Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Grants and Intergovernmental Revenues

Federal Grants and assistance awards made on the basis of entitlement periods are recorded as intergovernmental receivables and revenues when entitlement occurs. Federal reimbursement-type grants are recorded as intergovernmental receivables and revenue in the period when all applicable eligibility requirements have been met and the resources are available.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for sanitary sewer service, water, electric distribution, refuse collection, leisure time activities, internal service charges and self-insurance programs. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets, tap-in fees to the extent they exceed the cost of the connection to the system, or from grants or outside contributions of resources restricted to capital acquisition and construction.

Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Extraordinary and special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Administration and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during 2006.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 3 – BUDGETARY BASIS OF ACCOUNTING

While the City is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts disbursements and encumbrances. The ORC prohibits expenditures plus encumbrances from exceeding appropriations.

The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual (Non-GAAP Budgetary Basis) presented for the General Fund and the Municipal Income Tax Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis as provided by law and GAAP basis are as follows:

- A. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
- B. Expenditures are recorded when paid in cash or encumbered (budget) as opposed to when the liability is incurred (GAAP).
- C. Encumbrances are treated as expenditures (budget) rather than as a reservation of a fund balance (GAAP).
- D. Advances in and advances out are operating transactions (budget) as opposed to balance sheet transactions (GAAP).

City of Cuyahoga Falls, Ohio

NOTE 3 – BUDGETARY BASIS OF ACCOUNTING (CONTINUED)

The adjustments necessary to convert the results of operations for the year on the GAAP basis to the budget basis for the General and the Municipal Income Tax Funds are as follows:

	Net Change in Fund Balance	
	<u>General Fund</u>	<u>Municipal Income Tax Fund</u>
GAAP Basis	\$ (398,669)	\$ 0
Increase (decrease) due to:		
Change in receivables and other assets not recognized on a budget basis	137,109	(38,945)
Change in liabilities not recognized on a budget basis	67,309	241,788
Encumbrances	<u>(256,245)</u>	<u>(7,161)</u>
Budget Basis	<u>\$ (450,496)</u>	<u>\$ 195,682</u>

NOTE 4 - RECEIVABLES

Receivables at December 31, 2006, consisted primarily of municipal income taxes, property taxes and other taxes, intergovernmental receivables arising from entitlements and shared revenues, special assessments, accrued interest on investments, and accounts (billings for utilities and EMS Transport services provided). Utility accounts receivable and EMS Transport fees receivable billed to customers prior to year end are recorded net of an allowance for doubtful accounts, based on management's estimate.

Property Taxes

Property taxes include amounts levied against all real, public utility, and tangible personal property located in the City. Taxes collected from real property (other than public utility) in one calendar year are levied in the preceding calendar year on assessed values as of January 1 of that preceding year, the lien date. Assessed values are established by the County Auditor at 35 percent of appraised market value. All property is required to be revalued every six years with a triennial update. If paid annually, payment is due January 20; if paid semiannually, the first payment is due January 20, with the remainder payable by June 20. In certain circumstances, state statute permits earlier or later payment dates to be established.

Tangible personal property taxes (for tangible property other than public utility property) attach as a lien and are levied on January 1 of the current calendar year. Tax collections for the current year are therefore based upon assessed values as of January 1 of the current year. The tangible personal property tax is being phased out. The assessment percentage for all property including inventory for 2006 is 18.75 percent. This will be reduced to 12.5 percent for 2007, 6.25 percent for 2008 and zero for 2009. Amounts paid by multi-county taxpayers are due September 20. Single-county taxpayers may pay annually or semiannually. If paid annually, payment is due April 30; if paid semiannually, the first payment is due April 30, with the remainder payable by September 20.

Public utility tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien

NOTE 4 – RECEIVABLES (CONTINUED)

date. Certain public utility tangible personal property currently is assessed at 100 percent of its true value. Public utility property taxes are payable on the same date as real property taxes described previously.

The County Treasurer collects property taxes on behalf of all taxing districts in the County including the City of Cuyahoga Falls. The County Auditor periodically remits to the City its portion of the taxes collected with final settlement in June and December for taxes payable in the first and second halves of the year, respectively. The amounts of \$10,199,125 and \$587,374 have been recorded in the balance sheet of the governmental funds for the General Fund and other governmental funds (Police and Fire Pension Funds) as taxes receivable to reflect property taxes receivable as of December 31, 2006.

The assessed values of real public utility and tangible personal property upon which 2006 property tax receipts were based are as follows:

Property Types	Valuation
Real Property – 2005 Tax Valuation	\$ 977,929,560
Public Utility Property – 2004 Tax Valuation	13,559,720
Tangible Personal Property – 2006 Tax Valuation	60,925,920
Total Valuation	\$ 1,052,415,200

Income Taxes

The City levies a tax at the rate of 2 percent on substantially all income earned within the City. In addition, residents of the City are required to pay City income tax on income earned outside the City; however, a 100 percent credit is allowed for income taxes paid to other municipalities with a limitation of 2 percent. The proceeds of the income tax, after payment of the expenses of collection, are allocated by ordinance as follows: 8 percent to the Recreation Levy Special Revenue Fund, 29.33 percent to the Capital Projects Fund and 62.67 percent to the General Fund. The portion allocated to the Recreation Levy Fund and the Capital Projects Fund may be utilized for the acquisition of capital items or the payment of debt service thereon.

Municipal income tax revenue for 2006 was \$17,672,779. The amount of \$3,089,641 has been recorded in the Municipal Income Tax Special Revenue Fund as taxes receivable (net of refunds) to reflect income taxes receivable recorded as of December 31, 2006.

Employers within the City are required to withhold income tax on employee compensation, remit this tax to the City at least quarterly and file a declaration annually. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually.

City of Cuyahoga Falls, Ohio

NOTE 4 – RECEIVABLES (CONTINUED)

Intergovernmental Receivables

A summary of intergovernmental receivables follows:

<u>Governmental Activities</u>	<u>Amounts</u>
Local Government and Local Government Revenue	
Assistance	\$ 1,423,420
Estate Tax	390,812
Municipal Income Tax	76,052
Homestead and Rollback	498,601
Gasoline and Excise Tax	490,074
Motor Vehicle License Fees	190,780
Permissive Motor Vehicle License Tax	36,186
EMS Transport Fees	126,002
In Lieu of Public Site	240,352
Other Court Communities	285,545
Community Development Block Grant	67,616
Highway Distribution	270,505
Liquor Permits	18,032
Municipal Court	240,262
Off Road Fuel Tax Reimbursement	1,116
Ohio Public Works Commission	168,514
Other Agencies	34,957
Total Governmental Activities	<u>\$ 4,558,826</u>
Business-type Activities	
Utilities Charges	\$ 28,207
Off Road Fuel Tax Reimbursement	1,704
	<u>\$ 29,911</u>

NOTE 5 - DEPOSITS AND INVESTMENTS

Policies and Practices

The Charter of the City of Cuyahoga Falls specifies that the Finance Director is responsible for the safekeeping and investment of all public funds. It is also the Finance Director's responsibility to deposit and invest the City's idle funds. Periodically, the Finance Director consults with the other members of the Treasury Investment Board (Mayor and Law Director) concerning investment decisions.

The deposit and investment of City monies is governed by the provisions of the Charter and Codified Ordinances of the City and the ORC. In accordance with the provisions of these items, only banks located in Ohio and domestic building and loan associations are eligible to hold public deposits. These provisions restrict the investment of the City's monies to certificates of deposit, savings accounts, money market accounts, the State Treasurer's investment pool, obligations of the United States government or certain agencies thereof and certain industrial revenue bonds issued by other governmental entities, and repurchase agreements with any eligible depository for a period not exceeding thirty days. The City's practice is to limit investments to U.S. Treasury Notes and Bills, collateralized certificates of deposit and repurchase agreements, insured and/or collateralized demand deposit accounts or obligations of other U.S. agencies.

NOTE 5 - DEPOSITS AND INVESTMENTS (CONTINUED)

Public depositories must give security for all public funds on deposit. These institutions may either specifically collateralize individual accounts in lieu of amounts insured by the Federal Deposit Insurance Corporation or may pledge a pool of government securities the face value of which is at least 105 percent of the total value of public monies on deposit at the institution. Repurchase agreements must be secured by the specific government securities upon which the repurchase agreements are based. These securities must be obligations of or guaranteed by the United States and mature or be redeemable within five years of the date of the related repurchase agreement. State law does not require security for public deposits and investments to be maintained in the City's name.

During 2006, the City believes it has complied with the revisions of these statutes pertaining to the types of investments held and institutions in which deposits were made. The City was also in compliance with the provisions of the statutes concerning security requirements. The City will continue to monitor compliance with applicable statutes pertaining to public deposits and investments.

State statutes classify monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that Council has identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposits maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the finance director by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government Agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;

City of Cuyahoga Falls, Ohio

NOTE 5 - DEPOSITS AND INVESTMENTS (CONTINUED)

5. No-load money market mutual funds consisting exclusively of obligations described in division (1) and (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions; and
6. The State Treasurer's investment pool (STAROhio).

The City may also invest any monies not required to be used for a period of six months or more in the following:

1. Bonds of the State of Ohio;
2. Bonds of any municipal corporation, village, county, township, or other political subdivision of this State, as to which there is no default of principal, interest or coupons; and
3. Obligations of the City.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Historically, the City has not purchased these types of investments or issued these types of investments or issued these types of notes. An investment must mature in five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Deposits

Custodial credit risk for deposits is the risk that in the event of bank failure, the City will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year-end the carrying amount of the City's deposits was \$34,716,682 and the bank balance was \$35,146,819. Of the bank balance \$230,203 was covered by Federal depository insurance and \$34,916,616 was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institutions' trust department or Federal Reserve, but not in the City's name.

At year end, the carrying amount of the Community Improvement Corporation of Cuyahoga Falls, a component unit, deposits was \$ 921,148 and the bank balance was \$ 919,134. Information regarding the collateralization of the Community Improvement Corporation of Cuyahoga Falls can be obtained from the corporation's independent audit report.

NOTE 5 - DEPOSITS AND INVESTMENTS (CONTINUED)

Investments

Investments are reported at fair value. As of December 31, 2006, the City had the following investments:

	Fair Value	Credit Rating (*)	Investment Maturities (In Years)		
			<1	1-2	>2
Repurchase Agreements					
Federal Home Loan Mortgage Bond	\$ 1,120,000	AAA	\$ 1,120,000		
Federal National Mortgage Bond	115,000	AAA	115,000		
US Treasury Bills	30,000		30,000		
US Treasury Notes	65,000		25,000	40,000	
Manuscript Bond	10,000				10,000
Total	\$ 1,340,000		\$ 1,290,000	\$ 40,000	\$ 10,000

* Current ratings were obtained from Standard and Poor's.

Interest Rate Risk

As a means of limiting its exposure to fair value losses caused by rising interest rates, the City's investment policy requires that operating funds be invested primarily in short-term investments maturing within five years from the date of purchase and that the City's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments. To date, no investments have been purchased with a life greater than five years except for the manuscript bonds. The manuscript bond represents an investment in 1991 Street Improvement Special Assessment Projects. This bond matures December 1, 2011

Credit Risk

The credit risk of the City's investments are displayed in the table above. The City has no investment policy that would further limit its investment choices.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Federal Home Loan Mortgage Bond, Federal National Mortgage Association Note, and Federal Home Loan Mortgage Note are exposed to custodial credit risk in that they are uninsured, unregistered, and held by the counterparty's trust department or agent but not in the City's name. The City has no investment policy dealing with investment custodial risk beyond the requirement in state statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Finance Director or qualified trustee.

City of Cuyahoga Falls, Ohio

NOTE 5 - DEPOSITS AND INVESTMENTS (CONTINUED)

Concentration of Credit Risk

Concentration of credit risk is defined by the Governmental Accounting Standards Board as having five percent more invested in the securities of a single issuer. The City's investment policy places no limit on the amount it may invest in any one issuer. The following is the City's risk allocation on deposit and investment as of December 31, 2006:

<u>Investment Issuer</u>	<u>Percentage of Investments</u>
Federal Home Loan Mortgage Bond	83.58%
Federal National Mortgage Bond	8.58%
US Treasury Bills	2.24%
US Treasury Notes	4.85%
Manuscript Bond	.75%

NOTE 6 – CAPITAL ASSETS

NOTE 7 - PENSION PLANS

Ohio Public Employees Retirement System

The City participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan -a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan-a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years @ 20% per year). Under the member directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The Combined Plan-a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the Combined Plan, OPERS invests employers contributions to provide a formula retirement benefit similar to the Traditional Plan benefit. Member contributions, the investment of which is self-directed by the member, accumulate retirement assets in a manner similar to the Member Direct plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost-of-living adjustments to members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by State statute per Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by making a written request to OPERS, 277 East Town Street, Columbus, OH 43215-4642 or by calling (614) 222-5601 or 1-800-222-7377.

The Ohio Revised Code provides statutory authority for member and employer contributions. For 2006, member and employer contribution rates were consistent across all three plans. The 2006 member contribution rates were 9.0% for members in state, local, and public safety classifications. The 2006 employer contribution rate was 13.70% of covered payroll, 9.2 percent was the portion that was used to fund pension benefits.

The City's required contributions for pension obligations to the traditional and combined plans for the years ended December 31, 2006, 2005, and 2004 were \$ 1,831,402, \$1,923,116, and \$1,846,981, respectively; 73.61 percent has been contributed for 2006 and 100 percent for 2005 and 2004. Contributions to the member-directed plan for 2006 were \$30,001 made by the City and \$19,709 made by the plan members.

Ohio Police and Fire Pension Fund

The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing multiple-employer defined benefit pension plan. OP&F provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. The OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215- 5164.

Police and firefighters are required to contribute 10 percent of their annual covered salary, while employers are required to contribute 19.5 percent for police and 24 percent for firefighters, 11.75 percent and 16.25 was the portion that was used to fund pension benefits, respectively. The City's contributions for pension obligations to OP&F for police and firefighters were \$641,134 and \$876,333, respectively for the year ended December 31, 2006, \$604,062 and \$ 841,263 for the year ended December 31, 2005, and \$588,979 and \$814,499 for the year ended December 31, 2004. The full amount has been contributed for 2005 and 2004; 72.25 percent for police and 72.30 percent for firefighters, respectively, have been contributed for 2005.

City of Cuyahoga Falls, Ohio

NOTE 8 - POSTEMPLOYMENT BENEFITS

Ohio Public Employees Retirement System

The Ohio Public Employees Retirement System (OPERS) provides post-retirement health care coverage to age-and-service retirees under the Traditional Pension and Combined Plans must have ten or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage. The health care coverage provided by the retirement system meets the definition of an Other Post-Employment Benefit (OPEB) as described in GASB Statement No. 12. A portion of each employer's contribution to the Traditional or Combined Plans is set aside for the funding of post-retirement health care. The Ohio revised Code provides statutory authority for employer contributions. The 2006 employer contribution rate was 13.70 percent of covered payroll, 4.5 percent was the portion that was used to fund health care for 2006.

Benefits are advance-funded using the entry age normal actuarial cost method of valuation. Significant actuarial assumptions, based on OPERS' latest actuarial review performed as of December 31, 2005, include a rate of return on investments of 6.5 percent, an annual increase in active employee total payroll of 4 percent compounded annually (assuming no change in the number of active employees) and an additional increase in total payroll of between .50 percent and 6.30 percent based on additional annual pay increases. Health care costs were assumed to increase at the projected wage inflation rate plus an additional factor ranging from .50 percent to 6 percent for the next 9 years. In subsequent years (10 and beyond) health care costs were assumed to increase at 4 percent (the projected wage inflation rate).

All investments are carried at market. For actuarial valuation purposes, a smoothed market approach is used. Assets are adjusted to reflect 25 percent of unrealized market appreciation or depreciation on investment assets annually, not to exceed a 12% corridor.

At December 31, 2006, the number of active contributing participants in the Traditional Pension and Combined Plans totaled 369,214. The City's annual contributions for 2006 used to fund post-employment benefits were \$905,649. The actual contribution and the actuarially required contribution amounts are the same. OPERS' net assets available for payment of benefits at December 31, 2005 (the latest information available) was \$11.1 billion. The actuarially accrued liability and the unfunded actuarial accrued liability were \$31.3 billion and \$20.2 billion, respectively.

On September 9, 2004 the OPERS Retirement Board adopted a Health Care Preservation Plan (HCPP) with an effective date of January 1, 2007. The HCPP restructures OPERS' health care coverage to improve the financial solvency of the fund in Health Care Fund in 2005 by creating a separate investment pool for health care assets. Member and employer contribution rates increased as of January 1, 2006, and January 1, 2007 which will allow additional funds to be allocated to the health care plan.

Ohio Police and Fire Pension Fund

The Ohio Police and Fire Pension Fund (OP&F) provides postretirement health care coverage to any person who receives or is eligible to receive a monthly service, disability or survivor benefit check or is a spouse or eligible dependent child of such person. An eligible dependent child is any child under the age of 18 whether or not the child is attending school, or under the age of 22 if attending school full-time or on a two-thirds basis.

The health care coverage provided by the retirement system is considered an Other Post-employment Benefit (OPEB) as described in GASB Statement No. 12. The Ohio Revised Code provides the authority allowing the OP&F's Board of Trustees to provide health care coverage and states that health care costs paid from the OP&F funds shall be included in the employer's contribution rate. Health care funding and accounting are on a pay-as-you-go basis. The total police employer contribution is 19.5 percent of covered payroll and the total firefighter employer contribution rate is 24 percent of covered payroll, of which 7.75 percent of covered payroll was applied to

NOTE 8 - POSTEMPLOYMENT BENEFITS (CONTINUED)

the post-employment health care program during 2006 and 2005. In addition, since July 1, 1992, most retirees and survivors have been required to contribute a portion of the cost of their health care coverage through a deduction from their monthly benefit payment. Beginning in 2001, all retirees and survivors have monthly health care contributions. The number of OP&F participants eligible to receive health care benefits as of December 31, 2005 was 13,922 for police and 10,537 for firefighters.

The City's annual contributions for 2006 that were used to fund post-employment benefits were \$422,876 for police and \$417,943 for fire. OP&F's total health care expenses for the year ended December 31, 2005 (the latest information available) were \$108,039,449, which was net of member contributions of \$55,271,881.

NOTE 9 - COMPENSATED ABSENCES

Vacation leave is earned at rates, which vary depending upon length of service and standard work week. Currently City policy permits vacation leave to be accumulated up to three weeks per year. City employees are paid for earned, unused vacation leave at the time of termination of employment.

Sick leave is earned by substantially all full-time employees and a portion of such sick leave may be paid in cash upon termination, retirement, or death, if certain service requirements are met. Specific sick leave cash-outs are based on formulas contained in union contracts and/or ordinances as follows:

Cash-out Limits	Employee Class	Affiliation
100% of accumulated sick leave up to a maximum of 960 hours	Non-bargaining employees	None
	Municipal Court employees	None
	Patrol Officers	Fraternal Order of Police-Blue (FOP-Blue)
	Community Service Officers	Fraternal Order of Police-Blue (FOP-Blue)
	Various government employees	American Federation of State, County, and Municipal Employees (AFSCME)
	Electric employees	Utility Workers of America Local #399
100% of accumulated sick leave up to a maximum of 1,500 hours	Dispatchers	Fraternal Order of Police-Ohio Labor Council, Inc. (FOP-OLC)
	Police Sergeants/Lieutenants - Captains/Chief -	Fraternal Order of Police-(FOP-Gold) None
46.67% of accumulated sick leave up to a maximum of 2,704 hours	Firefighters	International Association of Firefighters Local #494 (IAFF)

Sick leave may be accumulated beyond these cash-out limits, but can only be used when employees are absent from work due to illness. Compensatory time is earned by substantially all regular non-management employees. Compensatory time that is not used per union contracts and/or City ordinances is paid in cash to the appropriate employees in accordance with the Fair Labor Standards Act.

City of Cuyahoga Falls, Ohio

NOTE 9 - COMPENSATED ABSENCES (CONTINUED)

Employees who have qualified for a service pension (FOP-Gold, FOP-Blue, Dispatchers) or who are within three years of qualifying for a service pension (Non-bargaining, Court, Utility Workers, Firefighters, AFSCME) are permitted to annually sell one-third of their accumulated sick leave hours, up to the maximum hours allowed for their employee class, during their last three years of employment with the City.

In compliance with union contracts, the City has established an Internal Service-Compensated Absence Fund to fund the sick leave and vacation cash out payments.

NOTE 10 - COMMITMENTS AND CONTINGENCIES

A. Litigation

The City is involved in legal actions arising in the ordinary course of business. The City carries adequate insurance coverage for most risks including property damage, personal liability and estimates for any potential claims not covered by such insurance will not materially affect the City's results of operations or financial position.

B. Federal and State Grants

The City participates in state and federally assisted grant programs. The programs are subject to review and audit by the grantor agency or their representatives. It is not anticipated that any audit of federal or state grant programs, if conducted, would result in a material disallowance of grant expenditures. Therefore, no provision for possible refunds has been recorded.

C. Insurance Coverage

The City maintains a variety of liability insurance coverages with varying deductibles. Among these coverages are general liability with limits of \$2 million annually in the aggregate and \$1 million per occurrence, with a \$100,000 self-insurance retention. In addition, the City has umbrella liability coverage with limits of \$10 million in the aggregate and \$10 million per occurrence.

NOTE 11 - CAPITAL LEASES

In addition to existing agreements to lease equipment, the City entered into a lease agreement in 2006 for a Pierce 105' Aerial ladder Truck for the Fire Department in the amount of \$768,740. The City's lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of the future minimum lease payments as of the inception date for governmental activities and business-type activities in the Statement of Net Assets. The assets acquired through capital leases are as follows:

<u>Asset</u>	<u>Governmental Activities</u>	<u>Business-Type Activities</u>
Equipment	\$ 929,740	\$ 323,003
Less: Accumulated Depreciation	<u>(100,323)</u>	<u>(323,003)</u>
Total	\$ <u>829,417</u>	\$ <u>0.00*</u>

* Due to the change in the threshold amount of capitalization, this equipment is no longer individually identified on Capital Asset Schedules. It is not subject to depreciation and has been fully expensed. See Note 2 for details.

NOTE 11 - CAPITAL LEASES (CONTINUED)

The future minimum lease obligations and the net present value of these minimum lease payments as of December 31, 2006, were as follows:

	<u>Governmental Activities</u>	<u>Business-Type Activities</u>
2007	318,622	111,430
2008	274,830	0
2009	274,830	0
Total	<u>868,282</u>	<u>111,430</u>
Less: Amount representing interest	<u>(58,201)</u>	<u>(3,508)</u>
Present value of minimum lease payments	<u>\$ 810,081</u>	<u>\$ 107,922</u>

NOTE 12 - SHORT-TERM OBLIGATIONS

A summary of the changes in the City's short-term obligations for the year ended December 31, 2006, was as follows:

	Balance January 1, 2006	Issued	Retired	Balance December 31, 2006

City of Cuyahoga Falls, Ohio

NOTE 13 - LONG-TERM OBLIGATIONS (CONTINUED)

As of December 31, 2006, the City's legal debt margin (the ability to issue additional amounts of general obligation bonded debt without a vote of the electors) was \$49,248,761. Principal and interest requirements to retire the long-term obligations outstanding at December 31, 2006 (excluding capital leases) are as follows:

Year	Enterprise Fund Obligations		Special Assessment Bonds		Other General Obligations	
	Principal	Interest	Principal	Interest	Principal	Interest
2007	1,819,175	1,033,948	132,366	19,169	831,770	361,513
2008	1,900,212	963,382	136,024	12,880	867,075	348,993
2009	1,688,685	886,968	47,000	6,240	891,464	300,353
2010	1,750,766	820,148	52,000	4,340	924,383	265,652
2011	1,447,388	748,219	52,000	2,195	762,612	228,029
2012-2016	7,919,010	2,800,300	0	0	3,840,991	619,978
2017-2021	5,421,133	1,127,684	0	0	538,869	30,942
2022-2024	1,670,000	169,749	0	0	0	0
Total	\$ 23,616,369	\$ 8,550,398	\$ 419,390	\$ 44,824	\$ 8,657,164	\$ 2,155,460

All general obligation bonds and notes issued by the City are backed by its full faith and credit. This includes the general property taxing power permitted within the tax limitation of the City Charter. In addition, special assessments have been levied to pay the debt service of the special assessment bonds. In the event of a default by a benefited property owner, the City would be responsible for paying the special assessment obligation. The amount of \$265,329 of special assessments receivable recorded in the Debt Service Fund does not represent any delinquent special assessments. Although the obligations of the enterprise funds are general obligations of the City, the practice has been to have the debt serviced by the revenues derived from the operations of the respective funds.

Compensated Absences are paid from the fund in which employees' salaries are paid.

NOTE 14 - INTERFUND TRANSFERS AND BALANCES

A. Transfers

As of December 31, 2006, interfund transfers were as follows:

Transfers Out	Transfers In					Total
	General Fund	Capital Projects Fund	Nonmajor Governmental Funds	Electric Fund	Leisure Time Fund	
General Fund			\$ 1,772,948	\$ 1,771,653	\$ 657,184	\$ 4,201,785
Municipal Income Tax Fund	\$ 10,463,862	\$ 4,897,161	\$ 1,335,740			\$ 16,696,763
Capital Projects Fund	\$ 75,000					\$ 75,000
Nonmajor Governmental Funds	\$ 25,000		\$ 2,200,000		\$ 750,000	\$ 2,975,000
Electric Fund	\$ 1,779,245					\$ 1,779,245
Total	\$ 12,343,107	\$ 4,897,161	\$ 5,308,688	\$ 1,771,653	\$ 1,407,184	\$ 25,727,793

NOTE 14 - INTERFUND TRANSFERS AND BALANCES (CONTINUED)

The General Fund transfers to the Nonmajor Governmental Funds and the Leisure Time Fund were made to provide additional resources. The transfer to the Electric Fund represents sales tax for electric sales “inside” the City of Cuyahoga Falls, in which total sales tax is first transferred from the Electric Fund to the General Fund, with the “outside” sales tax being paid to the proper State agency.

The Municipal Income Tax Fund transfers to the General Fund, Capital Projects Fund and the Recreation Levy Nonmajor Special Revenue Fund represents the proceeds after payment of expenses related to the collection of income taxes, per City Council Ordinance.

The Capital Projects Fund transfer to the General Fund represents operational projects in the Community Development Department. The projects revolve around economic development and job creation and retention. Economic development is a high priority within the city and monies have been made available within the Capital Projects Fund. Monies are then transferred with the approval of city Council to be spent by the Community Development Department in the General Fund.

The Nonmajor Governmental Funds transfer to the General Fund is for partial payment of Municipal Court project expenses in the General Fund, from the Probation Special Revenue Nonmajor Fund. Nonmajor Funds transfer to other Nonmajor funds were made to provide additional resources to the Street Construction, Maintenance and Repair Special Revenue Fund and the Debt Service Fund from the Capital Improvement Reserve Fund. The Nonmajor Governmental Funds transfer to the Leisure Time Fund was made to provide additional resources from the Recreation Levy Special Revenue Fund.

City of Cuyahoga Falls, Ohio

NOTE 14 - INTERFUND TRANSFERS AND BALANCES (CONTINUED)

B. Balances

Interfund balances represent net income taxes, utilities, Self Insurance funding, cemetery endowments, and advances owed between funds at year end.

Interfund balances, including advances, at December 31, 2006 are as follows:

	<u>Due from Other Funds</u>	<u>Due to Other Funds</u>	<u>Advances to Other Funds</u>	<u>Advances from Other Funds</u>
<u>Governmental Funds</u>

	<u>\$ 214,316</u>	<u>\$ 680,000</u>	<u>\$ 300,000</u>	<u>\$ 1,194,316</u>

NOTE 15 - RISK MANAGEMENT

It is the policy of the City to purchase commercial insurance for the risk of losses in the following areas: comprehensive general liability, auto liability, property and boiler, law enforcement professional liability, umbrella excess liability and public officials errors and omissions. The City believes in minimizing its risk through the procurement of the aforementioned coverages. These policies maintain the same level of coverage that was provided in previous years.

Liabilities exceeding the umbrella excess liability amount and deductible amounts are recorded when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Management believes that incurred, but not reported claims, if any, are immaterial. Settlements for the past three fiscal years have not exceeded the insurance coverage/policy limits during those years.

A. Self -Insurance Internal Service Fund

On April 1, 2006, the City changed healthcare coverage to United Healthcare (UHC). Claims are fully paid by the City for full-time employees through the City's Self-Insurance Internal Service Fund, which provides funding for health-care coverage. UHC reviews all claims in accordance with the Summary Plan Description and claims are then paid by the Self-Insurance Fund. For the fiscal coverage year April 1, 2006 through March 31, 2007, the City has purchased specific stop-loss coverage of \$175,000 per person and aggregate stop-loss coverage of \$5,928,612.

The Self-Insurance Fund generates revenues by charging an actuarially determined premium to each fund based on the number of full-time employees enrolled for health-care coverage. The Self-Insurance Fund pays all claims, stop-loss coverages and retention fees for health-care coverage. A liability, in the amount of \$1,225,977 has been recorded to reflect the outstanding claims as of December 31, 2006. Most health insurance claims are presented for payment to the City within several months after occurrence.

B. Workers' Compensation Internal Service Fund

As of December 31, 2006, the City completed its fourteenth consecutive year of participation with the Ohio Bureau of Workers' Compensation (BWC) Retrospective Rating Plan. This Plan requires the City to pay to the BWC only 27 percent of the experience rated premium, as our minimum premium charge. In exchange, the City accepts a maximum individual claim liability of \$300,000 and an aggregate claims liability of \$1,902,046. In addition, the BWC bills for all claim related medical and other expenses on a semi-annual basis, for a period of ten years. At the tenth year, the BWC actuarially determines the expected future cost (reserve) of all active ten-year old claims and bills the City. The BWC then assumes all future liability for those claims. Active management of each claim, from inception, offers the City the opportunity to reduce the cost of each claim, thereby reducing the City's cost. For 2006, the retrospective rating minimum premium due from the City is \$377,369 and the total medical and other expenses paid is \$382,176, for a total of \$759,545. That is a savings of \$163,731 over the experience rated premium of \$923,276.

City of Cuyahoga Falls, Ohio

NOTE 15 - RISK MANAGEMENT (CONTINUED)

The City's Workers' Compensation Internal Service Fund pays for all claims, claim reserves and administrative costs of the program. The Workers' Compensation Internal Service Fund is allocated investment revenue based on City Ordinance. The claims liability is recorded based on an actuarial determination of future claims, review of five years of claim liabilities and claim payment trends including the settlement to the Bureau after the tenth year.

	2004		2005		2006	
	Workers'		Workers'		Workers'

NOTE 16 - INVESTMENTS IN JOINT VENTURES

A. Ohio Municipal Electric Generation Agency Joint Venture 1 (OMEGA JV-1)

The City's Electric Enterprise Fund participates in a joint venture agreement with 20 other municipal electric systems who have formed the Ohio Municipal Electric Generation Agency Joint Venture 1 (OMEGA JV1) for the purpose of providing electric power and energy to its participants on a cooperative basis. The electric generating facilities of OMEGA JV1, known as the Engle Units, are located in the City. Title to these six diesel-powered generating units was transferred to the 21 municipal electric systems from American Municipal Power-Ohio, Incorporated (AMP-Ohio), a non-profit trade association and wholesale power supplier for most of Ohio's 85 municipal electric systems. Each member has a contract which provides for AMP-Ohio to purchase the right to each participant's share of power and energy that is made available through the joint venture contract. The City's net investment and its share of the operating results of OMEGA JV-1 are reported in the City's statement of net assets as "investment in joint ventures". The city's equity interest in OMEGA JV-1 was \$123,525 at 12/31/06. Complete financial statements fro OMEGA JV-1 can be obtained from AMP-Ohio or from the City's Finance Director.

B. Ohio Municipal Electric Generation Agency Joint Venture 2 (OMEGA JV-2)

The City of Cuyahoga Falls is a Financing Participant and an Owner Participant with percentages of liability and ownership of 9.52% and 7.46% respectively and shares participation with thirty-five other subdivisions within the State of Ohio in the Ohio Municipal Electric Generation Agency (OMEGA JV2). Owner Participants own undivided interests, as tenants in common, in the OMEGA JV2 Project in the amount of their respective Project Shares. Purchaser Participants agree to purchase the output associated with their respective Project shares, ownership of which is held in trust for such Purchaser Participants.

Pursuant to the OMEGA JV2 Agreement (Agreement), the participants jointly undertook as either Financing Participants or Non-Financing Participants and as either Owner Participants or Purchaser Participants, the acquisition, construction, and equipping of OMEGA JV2, including such portions of OMEGA JV2 as have been acquired, constructed or equipped by AMP-Ohio and to pay or incur the costs of the same in accordance with the Agreement.

Pursuant to the Agreement each participant has an obligation to pay its share of debt service on the Distributive Generation Bonds (Bonds) from the revenues of its electric system, subject only to the prior payment of Operating &

NOTE 16 - INVESTMENTS IN JOINT VENTURES (CONTINUED)

Maintenance Expenses (O&M) of each participant's System, and shall be on a parity with any outstanding and future senior electric system revenue bonds, notes or other indebtedness payable from any revenues of the System. Under the terms of the Agreement each Financing Participant is to fix, charge and collect rates, fees and charges at least sufficient in order to maintain a debt coverage ratio equal to 110% of the sum of OMEGA JV2 debt service and any other outstanding senior lien electric system revenue obligations. (As of December 31, 2006 the City of Cuyahoga Falls has met their debt coverage obligation).

OMEGA JV2 was created to provide additional sources of reliable, reasonably priced electric power and energy when prices are high or during times of generation shortages or transmission constraints, and to improve the reliability and economic status of the participants' respective municipal electric utility system. The Project consists of 138.65 MW of distributed generation of which 134.081MW is the participants entitlement and 4.569MW are held in reserve. On dissolution of OMEGA JV2, the net assets will be shared by the participants on a percentage of ownership basis. OMEGA JV2 is managed by AMP-Ohio, which acts as the joint venture's agent. During 2001, AMP-Ohio issued \$50,260,000 of 20 year fixed rate bonds on behalf of the Financing Participants of OMEGA JV2. The net proceeds of the bond issue of \$45,904,712 were contributed to OMEGA JV2. The City's net obligation for these bonds at December 31, 2006 was \$3,180,831 (Including amounts withheld for Debt Service Reserve, amounts held in the Bond Fund, previous billings to members, interest payable and debt service paid and collected). The City's net investment and its share of operating results of OMEGA JV2 are reported in the City's electric fund (an enterprise fund). The City's net investment in OMEGA JV2 was \$3,124,664 at December 31, 2006. Complete financial statements for OMEGA JV2 may be obtained from AMP-Ohio or from the State Auditor's website at www.auditor.state.oh.us

C. Ohio Municipal Electric Generation Agency Joint Venture 5 (OMEGA JV-5)

The City of Cuyahoga Falls is a Financing Participant with an ownership percentage of 16.67%, and shares participation with forty-one other subdivisions within the State of Ohio in the Ohio Municipal Electric Generation Agency Joint Venture 5 (OMEGA JV5). Financing Participants own undivided interests, as tenants in common, without right of partition in the OMEGA JV5 Project.

Pursuant to the OMEGA Joint Venture JV5 Agreement (Agreement), the participants jointly undertook as Financing Participants, the acquisition, construction, and equipping of OMEGA JV5, including such portions of OMEGA JV5 as have been acquired, constructed or equipped by AMP-Ohio.

OMEGA JV5 was created to construct a 42 Megawatt (MW) run-of-the-river hydroelectric plant (including 40MW of backup generation) and associated transmission facilities (on the Ohio River near the Bellville, West Virginia Locks and Dam) and sells electricity from its operations to OMEGA JV5 Participants.

Pursuant to the Agreement each participant has an obligation to pay its share of debt service on the Beneficial Interest Certificates (Certificates) from the revenues of its electric system, subject only to the prior payment of Operating & Maintenance Expenses (O&M) of each participant's System, and shall be on a parity with any outstanding and future senior electric system revenue bonds, notes or other indebtedness payable from any revenues of the System. On dissolution of OMEGA JV5, the net assets will be shared by the financing participants on a percentage of ownership basis. Under the terms of the Agreement each participant is to fix, charge and collect rates, fees and charges at least sufficient in order to maintain a debt coverage ratio equal to 110% of the sum of OMEGA JV5 debt service and any other outstanding senior lien electric system revenue obligations. (As of December 31, 2006 Cuyahoga Falls has met their debt coverage obligation).

City of Cuyahoga Falls, Ohio

NOTE 16 - INVESTMENTS IN JOINT VENTURES (CONTINUED)

The Agreement provides that the failure of any JV5 participant to make any payment due by the due date thereof constitutes a default. In the event of a default, OMEGA JV5 may take certain actions including the termination of a defaulting JV5 Participant's entitlement to Project Power. Each Participant may purchase a pro rata share of the defaulting JV5 Participant's entitlement to Project Power, which together with the share of the other non-defaulting

JV5 Participants, is equal to the defaulting JV5 Participant's ownership share of the Project, in kilowatts ("Step Up Power") provided that the sum of any such increases shall not exceed, without consent of the non-defaulting JV5 Participant, an accumulated maximum kilowatts equal to 25% of such non-defaulting JV5 Participant's ownership share of the project prior to any such increases.

OMEGA JV5 is managed by AMP-Ohio, which acts as the joint venture's agent. During 1993 and 2001 AMP-Ohio issued \$153,415,000 and \$13,899,981 respectively of 30 year fixed rate Beneficial Interest Certificates (Certificates) on behalf of the Financing Participants of OMEGA JV5. The 2001 Certificates accrete to a value of \$56,125,000 on February 15, 2030. The net proceeds of the bond issues were used to construct the OMEGA JV5 Project. On February 17, 2004 the 1993 Certificates were refunded by issuing 2004 Beneficial Interest Refunding Certificates in the amount of \$116,910,000, which resulted in a savings to the membership of \$34,951,833 from the periods 2005 through 2024.

The City's net investment and its share of operating results of OMEGA JV5 are reported in the City's electric fund (an enterprise fund). The City's net investment to date in OMEGA JV5 was \$1,800,892 at December 31, 2006. Complete financial statements for OMEGA JV5 may be obtained from AMP-Ohio or from the State Auditor's website at www.auditor.state.oh.us.

D. Ohio Municipal Electric Generation Agency Joint Venture 6 (OMEGA JV-6)

The City of Cuyahoga Falls is a Financing Participant with an ownership percentage of 25.00% and shares participation with nine other subdivisions within the State of Ohio in the Ohio Municipal Electric Generation Agency Joint Venture 6 (OMEGA JV6). Financing Participants, after consideration of the potential risks and benefits can choose to be Owner Participants or Purchaser Participants. Owner Participants own undivided interests, as tenants in common in the Project in the amount of its Project Share. Purchaser Participants purchase the Project Power associated with its Project Share.

Pursuant to the OMEGA Joint Venture JV6 Agreement (Agreement), the participants agree jointly to plan, acquire, construct, operate and maintain the Project, and hereby agree, to pay jointly for the electric power, energy and other services associated with the Project.

OMEGA JV6 was created to construct four (4) wind turbines near Bowling Green, Ohio. Each turbine has a normal capacity of 1.8 MW and sells electricity from its operations to OMEGA JV6 Participants.

Pursuant to the Agreement each participant has an obligation to pay its share of debt service on the Adjustable Rate Revenue Bonds (Bonds) from the revenues of its electric system, subject only to the prior payment of Operating & Maintenance Expenses. (O&M) of each participant's System, and shall be on a parity with any outstanding and future senior electric system revenue bonds, notes or other indebtedness payable from any revenues of the System. On dissolution of OMEGA JV6, any excess funds shall be refunded to the Non-Financing Participants in proportion to each Participant's Project Share and to Financing Participant's respective obligations first by credit against the Financing Participant's respective obligations. Any other excess funds shall be paid to the participants in proportion to their respective Project Shares. Under the terms of the Agreement each financing participant is to fix, charge and collect rates, fees, charges, including other available funds, at least sufficient in order to maintain a debt coverage ratio equal to 110% of the sum of OMEGA JV6 debt service and any other outstanding senior lien electric system revenue obligations. (As of December 31, 2006 Cuyahoga Falls has met their debt coverage obligation).

NOTE 16 - INVESTMENTS IN JOINT VENTURES (CONTINUED)

The Agreement provides that the failure of any JV6 participant to make any payment due by the due date constitutes a default. In the event of a default and one in which the defaulting Participant failed to cure its default as provided for in the Agreement, the remaining participants would acquire the defaulting Participant’s interest in the project and assume responsibility for the associated payments on a pro rata basis up to a maximum amount equal to 25% of such non-defaulting Participant’s Project share (“Step up Power”).

OMEGA JV6 is managed by American Municipal Power-Ohio, Inc., which acts as the joint venture’s agent. On July 30, 2004 AMP-Ohio issued \$9,861,000 adjustable rate bonds that mature on August 15, 2019. The net proceeds of the bond issues were used to construct the OMEGA JV6 project. The City’s net obligation for these bonds at December 31, 2006 was \$1,994,675 (Including amounts withheld for Debt Service Reserve, amounts held in the Bond Fund, previous billings to members, interest payable and debt service paid and collected).

The City’s net investment and its share of operating results of OMEGA JV6 are reported in the City’s electric fund (an enterprise fund). The City’s net investment to date in OMEGA JV6 was \$2,197,456 at December 31, 2006. Complete financial statements for OMEGA JV6 may be obtained from AMP-Ohio or from the State Auditor’s website at www.auditor.state.oh.us.

NOTE 17 – ACCOUNTABILITY AND COMPLIANCE

A. Fund Deficits

At December 31, 2006, the following fund had a deficit fund balance:

<u>Fund Type/Fund</u>	<u>Amount</u>
Capital Projects/Capital Projects Fund	\$593,526

The fund deficit in the Capital Projects Fund resulted from the recognition of general obligation notes payable on the modified accrual basis. The deficit for this does not exist under the cash basis method of accounting.

NOTE 18 – CONSTRUCTION COMMITMENTS

As of December 31, 2006, the City had the following significant commitments with respect to projects requiring capital expenditures:

<u>Capital Project</u>	2006 <u>Remaining Construction Contract</u>	<u>Expected Date of Completion</u>
Electric Line Expansion into Ward 8	\$ 878,483	2007
Jennings Avenue Sanitary and Storm Sewer	626,737	2007
Chart Road Reconstruction	<u>907,611</u>	2007
 Total Capital Projects	 <u>\$ 2,412,831</u>	

City of Cuyahoga Falls, Ohio

NOTE 19 – CHANGE IN ACCOUNTING PRINCIPALS

For fiscal year 2006, the City implemented GASB Statement No. 44, *Economic Condition Reporting: The Statistical Section*, GASB Statement No. 46, *Net Assets Restricted by Enabling Legislation*, GASB Statement No. 47, *Accounting for Termination Benefits*.

GASB Statement No. 44 provides guidance on the tables and narrative explanations in the statistical section. The implementation of GASB Statement No. 44 did not have an effect on the financial statements of the City.

GASB Statement No. 46 defines enabling legislation and specifies how net assets should be reported in the financial statements when there are changes in such legislation. The Statement also requires governments to disclose in the notes to the financial statements that amount of net assets restricted by enabling legislation. The implementation of GASB Statement No. 46 did not have an effect on the financial statements of the City.

GASB Statement No. 47 provides guidance on how employers should account for benefits associated with either voluntary or involuntary terminations. The implementation of GASB Statement No. 47 did not have an effect on the financial statements of the City.

NOTE 20-RESTATEMENT OF PRIOR YEAR FUND BALANCES

Restatement of Prior Year Fund Balances

In 2005 a prior year interfund receivable and payable in the Cemetery Perpetual Care Permanent Fund and General Fund, respectively, was inadvertently not recorded properly in the Financial Statements of these funds. A restatement at 12/31/05 is as follows:

	General Fund	Cemetery Perpetual Care Fund
Fund Balance		
December 31, 2005	\$ 5,514,971	\$ 206,124
Due to/From other funds	<u>7,530</u>	<u>(7,530)</u>
Restated Fund Balance		
December 31, 2005	\$ <u>5,522,501</u>	\$ <u>198,594</u>

**COMBINING STATEMENTS AND
INDIVIDUAL FUND STATEMENTS**

Major Governmental Funds

General Fund

To account for all financial resources except those required to be accounted for in another fund.

Municipal Income Tax

To account for income tax revenue and the expenses of the administration of the income tax. After operating expenses are deducted, allocation is made to the General Fund, Recreation Levy Fund and Capital Projects Fund at a rate of 62.67 percent, 8 percent, and 29.33 percent, respectively.

Capital Projects

To account for income tax revenue which must be used to fund capital projects in accordance with local law.

Nonmajor Governmental Funds

Special Revenue Funds	To account for specific revenues that are legally restricted to expenditure for particular purposes.
State Highway Improvement	Required by the Ohio Revised Code to account for that portion of the state gasoline tax and motor vehicle registration fees for maintenance of state highways within the City.
Street Construction, Maintenance and Repair	Required by the Ohio Revised Code to account for that portion of the state gasoline tax and motor vehicle registration fees for maintenance of streets within the City.
Police Pension	To accumulate property taxes and other monies for the payment of the current and accrued liability for police disability and pension benefits.
Fire Pension	To accumulate property taxes and other monies for the payment of the current and accrued liability for fire disability and pension benefits.
Recreation Levy	To account for income tax collections received from the Municipal Income Tax Fund. The revenue must be used for improvements made by the Parks and Recreation Department.
Permissive Tax	Required by the Ohio Revised Code to account for local vehicle license fees designated for the maintenance of streets within the City. These funds are controlled by the county and limited to non-residential connector streets.
Court Special Projects	To account for fees to acquire and pay for projects to ensure efficient operation of the Municipal Court.
Community and Economic Development	To account for monies received from the sale of City-owned properties in an urban renewal area.
Community Development Block Grant	To account for monies received from the federal government through the Department of Housing and Urban Development as a direct entitlement community. The funding received is to directly benefit low and moderate income persons in the community. Projects funded include housing rehabilitation, economic development activities, infrastructure projects, planning and administrative costs that meet the programs national objectives. Projects are approved via an annual action plan. Fund also accounts for repayments from previous activities related to participation in the Summit County program as a sub-recipient.
Probation	To account for fees received from Municipal Court probationers to offset the cost of probation services.
Enterprise Zone/Community Reinvestment Area	To account for fees collected from enterprises receiving a tax incentive through an enterprise zone agreement for the purpose of administering and monitoring the Enterprise Zone Agreement.

Nonmajor Governmental Funds (Continued)

Suspended License Intervention Program	To account for fees received from individuals who are charged with certain driver's license violations that come before the Municipal Court to offset the cost of services to educate these violators in complying with applicable laws.
Drug Law Enforcement	To account for fines received by the City that are restricted under the Ohio Revised Code to subsidize law enforcement efforts that pertain to drug offenses.
Law Enforcement Trust	To account for proceeds from the sale of contraband that are restricted to subsidizing law enforcement efforts.
Indigent Drivers Alcohol Treatment	To account for proceeds realized from fines to pay the cost of an alcohol and drug addiction treatment program attended by an offender who is ordered to attend such a program by a county or municipal court judge and who is determined by such county or municipal court judge not to have the means to pay for his attendance at such program.
Enforcement and Education	To account for proceeds realized from fines to pay only those costs incurred in enforcing Section 4511.19 of the Ohio Revised Code or a substantially similar municipal ordinance and in educating the public of laws governing the operation of a motor vehicle and the dangers of operation of a motor vehicle while under the influence of alcohol and other information relating to the operation of a motor vehicle and the consumption of alcoholic beverages.
Municipal Motor Vehicle License Tax	Required by the Ohio Revised Code to account for local vehicle license fees designated for the maintenance of certain streets within the City.
Court Computer	To account for the portion of court costs received by the City for the computerization and use of Computerized Legal Research for the operations of the Cuyahoga Falls Municipal Court.
Federal Law Enforcement	To account for the subsidy received by the Police Department for its efforts pertaining to (1) complex investigations/prosecutions by the City's Police/Law Departments; (2) provision of technical training or expertise of a law enforcement nature for Police Department members; (3) provision of matching funds to obtain federal grants; and (4) for such other law enforcement purposes that are deemed appropriate.
FEMA Public Assistance	To account for FEMA Public Assistance Grant Funding relating to storm damage.
Debt Service Fund	To account for the accumulation of resources for and payment of general obligation principal, interest, and related expenditures.

Nonmajor Governmental Funds (Continued)

Capital Improvement Reserve

To account for interest income which must be used to fund capital projects in accordance with local law and to account for interfund charges for the use of City-owned oil and gas wells.

Storm Drainage Utility Fund

To account for monies received for the storm sewer infrastructure repair and upgrade. These monies will be used to construct, equip, operate, repair, improve, extend and maintain open drainage ways, underground storm drains, equipment and appurtenances necessary. Also used for improvements and maintenance of the drainage systems.

Cemetery Perpetual Care Permanent Fund

To account for monies received for the perpetual care of cemetery lots. The amounts received are held as a permanent fund, and the interest received on the invested monies is available for care of the cemetery lots.

Internal Service Funds

Internal Service Funds

To account for the financing of goods or services provided by one department of the City to other departments of the City on a cost reimbursement basis.

Garage

To account for the cost of maintenance facility for automotive equipment used by various City departments. The costs of services provided are billed to the various user departments.

Office Supply

To account for the cost of central purchasing of office supplies and custodial products used by various City departments.

Information Services

To account for the maintenance and support of information technology to various City departments. The actual costs of services are reimbursed to this fund by the user departments.

Self-Insurance

To account for the cost of medical benefits and life insurance provided to the City's employees.

Workers' Compensation

To account for the cost of workers' compensation claims and administrative costs incurred by City employees.

Compensated Absences

To accumulate sums sufficient to defray anticipated employee benefit payments.

Fiduciary Funds – Agency Funds

Agency Funds	Trust and agency funds are established to account for assets received and held by the City acting in the capacity of an agent or custodian.
Treasury	To account for the employer's portion of costs for pension plans and Medicare.
Guarantee Deposits	To account for funds received from a contractor, developer or individual to ensure compliance with the ordinances of the City. Upon satisfactory completion of the project, the deposit is returned to the individual, developer or contractor.
Unclaimed Monies	To account for monies held by the City and Municipal Court pending identification of the individual or organization entitled to the money.
Employee Withholding	To account for amounts withheld from the payroll of the City's employees.
State Cases-Fines and Forfeitures	To account for the portion of Municipal Court fines and forfeitures forwarded to the City which must be remitted to the County Law Library Association.
Municipal Court	To account for fines and fees collected by the Cuyahoga Falls Municipal Court, which are required to be disbursed to various parties.

STATISTICAL SECTION

City of Cuyahoga Falls, Ohio

Statistical Section

This part of the City of Cuyahoga Falls, Ohio's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the City's overall financial health.

Contents	Pages
<i>Financial Trends</i>	145 - 151
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
<i>Revenue Capacity</i>	152 - 157
These schedules contain information to help the reader assess the City's most significant local revenue, the property tax and the municipal income tax.	
<i>Debt Capacity</i>	158 - 164
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the city's ability to issue additional debt in the future.	
<i>Economic and Demographic Information</i>	165 - 166
These schedules offer economic and demographic indicators to help the reader understand the environment within which the City's financial activities take place.	
<i>Operating Information</i>	167 - 169
These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial reports for the relevant year. The City implemented GASB Statement No. 34 in 2003; schedules presenting government-wide information include information beginning in that year.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property was assessed in previous years at 25 percent for machinery and equipment and 23 percent for inventories. General business tangible personal property tax is being phased out beginning in 2006. For collection year 2006 both types of general business tangible personal property were assessed at 18.75 percent. The percentage will be 12.5 percent for 2007, 6.25 percent for 2008 and zero for 2009.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10%, 2 1/2% and homestead exemptions before being billed. Beginning in the 2006 collection year, the 10% rollback for commercial/industrial property has been eliminated.

Note:

The City's basic property tax rate may be increased only by a majority vote of the City's residents.

The real property tax rates for the voted levies of the overlapping taxing districts are reduced so that inflationary increases in value do not generate additional revenue.

Overlapping rates are those of local and county governments that apply to property owners within the City.
