CUYAHOGA COMMUNITY COLLEGE

Single Audit Report
for the Year Ended
June 30, 2006

Mary Taylor, CPA
Auditor of State

Board of Trustees
Cuyahoga Community College
700 Carnegie Avenue
Cleveland, Ohio 44115-2878

We have reviewed the *Independent Auditors Report* of the Cuyahoga Community College, Cuyahoga County, prepared by Hausser + Taylor LLC, for the audit period July 1, 2005 through June 30, 2006. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Cuyahoga Community College is responsible for compliance with these laws and regulations.

INDEPENDENT AUDITORS' REPORT

Board of Trustees
Cuyahoga Community College
Cleveland, Ohio

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of Cuyahoga Community College (the "College") as of and for the years ended June 30, 2006 and 2005, which collectively comprise the College's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the College's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities and the discretely presented component unit of the College at June 30, 2006 and 2005, and the respective changes in financial position and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Management's Discussion and Analysis on pages 2 - 7 is not a required part of the basic financial statements but is supplemental information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 13, 2006 on our consideration of the College's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the College's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEARS ENDED JUNE 30, 2006 AND 2005

Cuyahoga Community College (the "College") is Ohio's first and largest community college. The College opened its doors in 1963 in temporary quarters to approximately 3,000 students. Today the College serves more than 55,000 credit and non-credit students each year at its three Cuyahoga County campuses and three stand-alone facilities.

The College offers credit and non-credit programs to its students. For the Fall 2005 semester, the College offered over 70 two-year technical associate degree programs and 25 one-year certificate programs. The Continuing and Professional Education Division seeks to extend the resources of the College to the business, health and human, and social services communities. In addition, specialized support is provided through focused centers or institutions including: The FabriCare Technology Center, the Labor Management Relations Institute, the Quality Center, and the Small Business Environmental Assistance Center. The College also offers cultural enrichment programs as well as programs for K-12 students and teachers. A number of these programs have been recognized as award-winning national models.

The following discussion and analysis provides an overview of the College's financial activities and should be read in conjunction with the College's financial statements, which begin on page 8.

FINANCIAL HIGHLIGHTS

As of June 30, 2006, the College's net assets increased to $236.1 million from $223.7 million as of June 30, 2005. Operating revenues increased $3.5 million due mainly to increased tuition rates ($2.1 million). Operating expenses increased $9.0 million which included $6.6 million of increases in salaries and benefits and $897 thousand in maintenance contracts. Depreciation expense increased by $477 thousand due to placing approximately $18.9 million of buildings, moveable equipment, and other assets into service in fiscal year 2006. The remainder of the increase is due to normal inflationary increases and other factors.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements are presented in accordance with accounting principles generally accepted in the United States of America, including GASB Statements No. 34, No. 35, and No. 39. The College follows the "business-type activities" reporting requirements of GASB Statements No. 34 and No. 35 that provide a comprehensive College-wide look at the College's financial activities. The statements are:

- Statement of Net Assets
- Statement of Revenues, Expenses and Changes in Net Assets
- Statement of Cash Flows

The statements are prepared on the accrual basis and present all assets and liabilities of the College, both financial and capital, and short and long-term. They also present all revenues and expenses of the College during the year, regardless of when cash was received or paid. Collectively, the statements provide information regarding the College's financial condition as of June 30, 2006 and 2005, and the results of its operations and cash flows for the years then ended. Although the Cuyahoga Community College Foundation is considered a component unit of the College, Management's Discussion and Analysis will focus on the activities of the College only.

FINANCIAL ANALYSIS OF THE COLLEGE AS A WHOLE

Statement of Net Assets

The Statement of Net Assets includes all assets and liabilities of the College using the accrual basis of accounting. Condensed information from the College's statements of net assets follows:

	(in thousands) June 30 2006	2005	Increase (Decrease)	Percent Change
Current assets	$ 174,818	$ 143,600	$ 31,218	21.7 %
Non current assets:				
Capital assets, net of depreciation	201,683	199,361	2,322	1.2 %
Other	31,835	53,079	(21,244)	(40.0)%
Total assets	408,336	396,040	12,296	3.1 %
Current liabilities	104,999	102,590	2,409	2.3 %
Non-current liabilities	67,195	69,799	(2,604)	(3.7)%
Total liabilities	172,194	172,389	(195)	(0.1)%
Net assets:				
Invested in capital assets, net of related debt	138,709	134,521	4,188	3.1 %
Restricted - expendable	1,634	3,465	(1,831)	(52.8)%
Unrestricted	95,799	85,665	10,134	11.8 %
Total net assets	$ 236,142	$ 223,651	$ 12,491	5.6 %

Assets

Total assets increased $12.3 million from 2005 principally due to the following factors:

- Cash and cash equivalents increased $25.0 million due to the reduction in long term investments to maximize the College's rate of return from shorter term investments.

- Property taxes receivable increased approximately $2.1 million from 2005 due to an adjustment in the tax base and anticipated collection of delinquencies, and is offset by an increase of $3.3 million in deferred property tax revenue.

- Other long term investments decreased $20.3 million as cash and cash equivalents were invested in shorter term investments in order to maximize the College's rate of return.

- Capital assets, net of accumulated depreciation, increased by $2.3 million due to the addition of $12.3 million in buildings and building improvements, and the acquisition of $6.6 million in non-building related capital assets, offset by $16.6 million in depreciation expense.

Liabilities

Total liabilities decreased approximately $195 thousand principally due to the following factors:

- Accounts payable and accrued liabilities decreased $3.5 million due to reduced accrued payrolls for 2006.

- Deferred property tax revenues increased $3.3 million based upon tax collection estimates provided by the county.

- Deferred revenues, relating mainly to student revenues for the summer term and cash advances on certain grants with eligibility requirements, increased $1.9 million, due to the timing of student registration and payment of account.

- Capital lease obligations decreased $861 thousand due to the College entering into thirteen new capital leases in 2006, totaling $3.5 million, offset by $4.4 million of principal payments in the ordinary course of business.

- Long-term debt decreased $1.0 million as a result of scheduled payments on the outstanding Series A and B General Receipt Bonds.

- Compensated absences increased $355 thousand mainly due to the additional long term payable vested by employees.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEARS ENDED JUNE 30, 2006 AND 2005

Statement of Revenues, Expenses and Changes in Net Assets

The Statement of Revenues, Expenses and Changes in Net Assets presents the operating results of the College, as well as the nonoperating revenues and expenses. Annual state appropriations and local property taxes, while budgeted for operations, are considered nonoperating revenues according to generally accepted accounting principles. Condensed information from the College's statements of revenues, expenses and changes in net assets follows:

	(in thousands) Year Ended June 30,		Increase	Percent
	2006	2005	(Decrease)	Change
Operating revenue:				
Net tuition and fees	$ 37,565	$ 35,414	$ 2,151	6.1 %

Other revenue (expense)	(2,495)	(2,035)	(460)	22.6 %
Total nonoperating revenue	131,332	126,450	4,882	3.9 %
Income before state capital appropriations	8,421	9,011	(590)	(6.5)%
State capital appropriations	4,070	2,997	1,073	35.8 %
Increase in net assets	12,491	12,008	483	4.0 %
Net assets - beginning of year	223,651	211,643	12,008	5.7 %
Net assets - end of year	$ 236,142	$ 223,651	$ 12,491	5.6 %

Operating Revenues

The increase in net tuition and fees is primarily due to increased tuition rates. Tuition rate increase of five percent was in effect for the entire year.

Contract and grant revenue decreased $654 thousand overall, with an increase of $503 thousand in federal and state grants and contracts and a decrease of $1.2 million in local and private grants and contracts. The main factors for the increase in federal grants relate to increases in grants obtained from the U. S. Department of Education within the student financial aid cluster, as well as newly realized grant sources through the U. S. Department of Labor to fund the College's workforce and economic development efforts.

Auxiliary enterprises consist of book centers, parking facilities, and food service. Revenues related to these operations are dependent on fluctuations in enrollment and pricing.

Other operating revenues consist of sales and services and miscellaneous revenues, including non-credit instruction revenues and other services provided by the Workforce and Economic Development Division, as well as revenues from Corporate College training, conferences, facility rentals, and other various items. Revenues generated from these types of activities increased $686 thousand during fiscal year 2006.

Operating Expenses

Operating expenses increased in almost all categories due to salary and benefits increases of approximately $9.0 million due to the addition of employees to support increases in enrollment, scheduled salary increases, and increases in general benefit costs.

In addition to the overall increases noted above, additional changes are described below:

- Instruction and department research decreased $441 thousand due mainly to a reduction in bad debt expenses.
- Public service costs increased $440 thousand, the net effect of increases in salaries and fringes.
- Academic support increased $1.6 million, the net effect of increases in salaries and fringes.
- Student services increased $906 thousand, the net effect of increases in salaries and wages.
- Institutional support increased $1.5 million due to an increase in salaries and benefits as noted above.
- Operations and maintenance of plant increased approximately $3.4 million due to increases in salaries and fringes; increases in maintenance contracts, and a portion of these expenses being capital in nature and not meeting the terms of the College's capitalization policy.
- Student aid expenses increased approximately $500 thousand due to increased scholarship revenues, as noted above.
- Depreciation expense increased $477 thousand mainly due to the depreciation of capital assets placed in service in 2006.

The remainder of the increase in operating expenses was due to normal inflationary factors.

Nonoperating Revenues

State operating appropriations increased approximately $4.3 million due entirely to increases in enrollment. Local appropriations consist entirely of property tax revenues. The $357 thousand decrease is due to slight changes in the tax base and decreased collection of delinquent property taxes.

The increase of $1.4 million in investment income is attributable primarily to increased investment principal available during the fiscal year combined with favorable market interest rates.

Included in other income and expense is interest expense on long-term debt and capital leases. The thirteen new capital leases account for the majority of the increase.

Capital appropriations from the State of Ohio increased approximately $1.1 million. The College receives capital dollars from the State of Ohio for joint state projects that are approved as a part of the State's biennial budget process.

CAPITAL ASSETS AND DEBT ADMINISTRATION

The College uses State capital appropriations, internal resources including debt proceeds, and gifts and other grants for the acquisition of capital assets. State capital appropriations are budgeted on a biennium basis and are predominantly based on the respective institutions' enrollment and size and age of facilities. During fiscal year 2006, the College's capital assets additions totaled $18.9 million and were offset by disposals of $623 thousand and a net increase in accumulated depreciation of $16.6 million. Additional information on the College's capital assets may be found in Note 4 of the financial statements.

The College's long-term debt is comprised of 2002 Series A and Series B Ohio General Receipts Bonds and capital lease obligations. During fiscal year 2006, the College added $3.5 million in capital lease liabilities, and paid $4.4 million as a result of debt maturities. Additional information on the College's long-term debt may be found in Notes 11 and 12 of the financial statements.

FACTORS IMPACTING FUTURE PERIODS

State appropriations, property taxes, student tuition and fees, and federal grants and contracts comprise the College's principal revenue sources and support the College's operational needs and its abilities to expand programs and pursue other initiatives. The viability of each of these four critical revenue components is highly dependent on variables external to the College such as enrollment trends, local and state economic conditions, federal, state and local legislative actions, County voter sentiment, and others. The College's ability to manage fluctuations within these revenue sources, as well as potential increases in costs of energy and employee benefits, will be vital to its continued success.

(Concluded)

The accompanying notes are an integral part of the financial statements.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity - Cuyahoga Community College (the "College") is an institution of higher education. In accordance with Governmental Accounting Standards Board ("GASB") Statement No. 39, *The Financial Reporting Entity*, the College is a primary government with one component unit. The Cuyahoga Community College Foundation (the "Foundation"), which is a legally separate, not-for-profit organization incorporated and operated exclusively for the benefit of the College, is presented as a discrete component unit in the accompanying financial statements.

The College is exempt from income taxes as a political subdivision under federal income tax laws and regulations of the Internal Revenue Service.

Basis of Presentation - The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") as prescribed by the GASB. Effective July 1, 2001, the College implemented GASB Statement No. 35, *Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities*, issued in November 1999; Statement No. 37, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments: Omnibus, an amendment of GASB Statements No. 21 and 34*, issued in June 2001; and Statement No. 38, *Certain Financial Statement Note Disclosures*, issued in June 2001. The College follows the "business-type activities" reporting requirements of GASB Statement No. 35. In accordance with GASB Statement No. 35, the Statement of Net Assets, the Statement of Revenues, Expenses, and Changes in Net Assets, and the Statement of Cash Flows are reported on a College-wide basis.

Basis of Accounting - The financial statements of the College have been prepared on the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when they represent a legal or contractual obligation to pay.

In accordance with GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, the College is required to follow all applicable GASB pronouncements. In addition, the College should apply all applicable Financial Accounting Standards Board (the "FASB") Statements and Interpretations, Accounting Principles Board (the "APB") Opinions and Accounting Research Bulletins of the Committee on Accounting Procedures issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements. The College has elected to not apply FASB statements and interpretations issued after November 30, 1989.

Cash Equivalents - Cash equivalents are defined as highly liquid investments with a maturity of three months or less when purchased (see Note 2).

Restricted Cash and Cash Equivalents – Certain unspent proceeds from bonds are classified as restricted assets on the June 30, 2006 Statement of Net Assets since their use is limited by applicable bond covenants (see Note 2).

Investments - Investments are stated at fair value, based on published market quotations. The College does not invest in derivatives. Investments with a maturity of less than one year is considered short term.

Inventories - Inventories are valued at the lower of cost (first-in, first-out) or market. Inventory costs are charged to operations when inventory is sold or consumed.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Capital Assets - Land, buildings and equipment are recorded at cost at the date of acquisition, or fair value at the date of donation in the case of gifts. When property is sold or otherwise disposed of, the carrying value of such assets is removed from the accounts. Depreciation on buildings and equipment is calculated using the straight-line method over the estimated useful life of the asset and is not allocated to the functional expense categories. Expenditures for construction in progress are capitalized as incurred. Interest expense relating to construction is capitalized net of interest income earned on resources set aside for this purpose. The College's capitalization limit for moveable equipment is $5,000.

The following estimated useful lives are used to compute depreciation:

Buildings	40 years
Building improvements	15 years
Improvements other than buildings	20 years
Library books	5 years
Moveable equipment	5-10 years

Compensated Absences – Full time employees receive paid time off for vacation, illness, and personal reasons. Time is accrued on a fiscal year basis. The amount of time accrued plus the amount of unused leave that can be carried over into the next fiscal year is dependent on the employee's job classification. Compensated absences, including unpaid vacation and sick leave are accrued to conform to GASB Statement No. 16, *Accounting for Compensated Absences*, using the vesting method.

Deferred Revenue - Revenues and expenditures related to academic terms conducted over two fiscal years, such as summer sessions, are recognized in the fiscal year in which the program is predominantly conducted. In addition, property taxes and certain grant proceeds that do not meet the revenue recognition criteria under GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions,* and No. 36, *Recipient Reporting for Certain Shared Nonexchange Revenues (an amendment of GASB Statement No. 33)*, are deferred.

Net Asset Classifications - In accordance with GASB Statement No. 35 guidelines, the College's resources are classified into the following three net asset categories:

Invested in Capital Assets, Net of Related Debt - capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.

Restricted - Expendable - net assets whose use is subject to externally imposed stipulations that can be fulfilled by actions of the College pursuant to those stipulations or that expire by the passage of time. These net assets principally represent funds related to grants and temporarily restricted net assets of the Foundation.

Restricted – Nonexpendable – net assets subject to externally imposed stipulations that they be maintained permanently. Such assets include the permanent endowment funds of the Foundation.

Unrestricted - net assets that are not subject to externally imposed restrictions. Unrestricted net assets may be designated for specific purposes by the Board of Trustees.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Operating Revenues and Expenses – All revenues from tuition and programmatic sources are considered to be operating revenues. Operating expenses include educational costs, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition, including state appropriations, property tax revenues, investment income, and interest on capital asset-related debt, are reported as nonoperating revenues and expenses.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and disclosure in the notes to financial statements. Actual results could differ from those estimates.

Reclassifications – Certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

2. DEPOSITS AND INVESTMENTS

Ohio law requires that deposits be placed in eligible banks or building and loan associations located in Ohio. Any public depository in which the College places deposits must pledge as collateral eligible securities of aggregate market value equal to the amount of deposits not insured by the Federal Depository Insurance Corporation (FDIC). Further, Ohio law allows for pledges of pooled collateral in amounts that exceed the secured deposits by at least five percent. Collateral that may be pledged is limited to obligations of the following entities: the United States and its agencies, the State of Ohio, the Ohio Student Loan Commission and any legally constituted taxing subdivision within the State of Ohio.

The College's investment policies are governed by state statutes that authorize the College to invest in obligations of the U.S. Treasury, agencies and instrumentalities; bonds and other State of Ohio obligations; certificates of deposit; and U.S. Government money market funds and repurchase agreements. Such repurchase agreements must be acquired from qualifying Ohio financial institutions, or from registered brokers/dealers.

The following information classifies deposits and investments by categories of risk as defined in GASB Statement 3, *"Deposits with Financial Institutions, Investments and Reverse Repurchase Agreements."*

Deposits - Custodial credit risk is the risk that in the event of a failure of a depository financial institution or counterparty to a transaction, the inability to recover the value of deposits, investments or collateral securities in the possession of an outside party. The College's policy for deposits is any balance not covered by depository insurance will be collateralized by the financial institution with pledged securities. Of the June 30, 2006 and 2005 bank balances of $8,016,306 and $16,388,505, $300,000 was covered by federal depository insurance, and the remaining $7,955,436 and $16,088,505 was exposed to custodial risk because it was secured by collateral pools of U.S. government and municipal securities established by each respective financial institution for the purpose of pledging a pool of collateral against all public deposits held, as permitted by Ohio law.

2. DEPOSITS AND INVESTMENTS - Continued

Investments – As of June 30, 2006 and 2005, the College's investments were as follows:

Type of Investment	Fair Value	Weighted Average Maturity (Years)	Fair Value	Weighted Average Maturity (Years)
Treasury Notes	$ 38,808,781	0.77	$ 51,089,688	1.29
Treasury Bills	8,430,887	0.34	9,458,187	0.00
Certificates of Deposit	103,916	0.44	101,059	0.44
Mutual Funds	136,639		75,096	
STAROhio	43,466,025		24,343,708	
Totals	$ 90,946,248	0.36	$ 85,067,738	0.70

Interest rate risk – In accordance with the investment policy, the College manages its exposure to declines in fair values by limiting the maximum maturity of any individual security to five years, and of its investment portfolio to approximately three years. During fiscal year 2006, the College's Weighted Average Maturity was 0.36 years.

Credit Risk – It is College policy to limit its investments to those explicitly guaranteed by the U.S. government, to STAROhio (rated AAA by Standard & Poor's), or to high yield cash investments with authorized banks which pledge pooled securities as collateral.

Concentration of credit risk – As of June 30, 2006, the College had approximately 52% of its investments in U.S. Treasury obligations, 48% in STAROhio.

Custodial credit risk is the risk that in the event of the failure of the counterparty, the College will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. While a large portion of the College's investments are insured and held in the College's name, the Treasury Notes were determined by a previous audit to be uninsured and unregistered investments for which securities are held by the counterparty, or by its trust department or agent, but not in the name of the College.

STAROhio is an investment pool created pursuant to Ohio statutes and managed by the Treasurer of the State of Ohio. STAROhio is not registered with the Securities and Exchange Commission as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price, which is the price the investment could be sold for on the balance sheet date. The amount invested with STAROhio is not classified by risk category because it is not evidenced by securities that exist in physical or book entry form as defined by GASB Statement No. 3.

2. DEPOSITS AND INVESTMENTS - Continued

The following summarizes the market value of investments based on quoted market prices for the Foundation at June 30, 2006 and 2005:

	2006	2005
Common Stock	$ 5,692,688	$ 4,803,525
U.S. Government Bonds	1,800,785	1,943,171
Foreign Bonds	33,841	75,244
Corporate Bonds	833,573	729,685
Mutual Funds	5,965,134	4,507,033
Totals	$ 14,326,021	$ 12,058,658

3. ACCOUNTS RECEIVABLE

Accounts receivable consists of the following as of June 30:

	2006	2005
Tuition and fees receivable	$ 18,207,511	$ 16,917,898
Grants receivable	9,805,259	8,557,886
State capital appropriations receivable	332,296	84,180
Interest receivable	246,311	264,709
Other receivables	974,350	499,431
Allowance for doubtful accounts	(5,465,744)	(5,409,727)
Total	$ 24,099,983	$ 20,914,377

Total accumulated depreciation	163,770,679	16,111,564	923,906	178,958,337
Capital assets, net	$ 172,395,134	$ 28,328,716	$ 1,362,620	$ 199,361,230

5. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

Accounts payable and accrued liabilities consist of the following at June 30:

	2006	2005
Accounts payable	$ 4,224,382	$ 4,148,640
Accrued liabilities	$ 3,743,222	$ 6,603,871
Payroll and fringe liablilities	$ 3,967,670	$ 4,693,131
Total	$ 11,935,274	$ 15,445,642

6. STATE APPROPRIATIONS

The College is a state-assisted institution of higher education that receives a student-based subsidy from the State of Ohio. This subsidy is determined annually based upon a formula determined by the State of Ohio.

In addition to the student subsidies, the State of Ohio provides funding for the construction of major academic plant facilities on the College's campuses. Funding is obtained from the issuance of revenue bonds by the Ohio Public Facilities Commission ("OPFC"). Bond proceeds are used for the construction and subsequent transfer of the facility to the College.

College facilities are not pledged as collateral for the revenue bonds. Instead, the bonds are supported by a pledge of monies in the Higher Education Bond Service Fund established in the custody of the Treasurer of the State of Ohio. If sufficient monies are not available from this fund, the Ohio Board of Regents may assess a special fee uniformly applicable to students in state-assisted institutions of higher education throughout the state.

As a result of the above-described financial assistance provided by the State of Ohio to the College, outstanding debt issued by OPFC is not included on the College's balance sheet. In addition, the appropriations by the General Assembly to the Ohio Board of Regents for payment of debt service and the related debt service payments are not recorded in the College's accounts.

The College follows the practice of recording additions to net assets and accounts receivable for appropriations approved by the State of Ohio to cover expenses that have been incurred for plant facilities and equipment.

7. PROPERTY TAXES

The College receives funds from property taxes levied on all real, public utility, and tangible personal property used in businesses located in Cuyahoga County. Two levies for .6 and 1.0 mills were renewed by voters in 1992 and combined as one levy which expired during the year ended June 30, 2004. During November 2001, Cuyahoga County voters approved an eight year, 1.6 mill replacement of the .6 and 1.0 mill levies, which commenced during the year ended June 30, 2004. A 1.2 mill levy that expires on December 31, 2006 was replaced by the voters in November 2005.

8. PENSION AND RETIREMENT PLANS

Defined Benefit Plans - The College's faculty is covered by the State Teachers Retirement System of Ohio ("STRS"). Substantially all other employees are covered by the Ohio Public Employees Retirement System of Ohio ("OPERS"). OPERS administers three separate pension plans: the Traditional Plan – a cost-sharing, multiple employer defined benefit pension plan; the Member-Directed Plan – a defined contribution plan; and the Combined Plan – a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan. STRS, a cost-sharing, multiple employer public employee retirement system, offers a defined benefit plan, a defined contribution plan, and a combined plan. OPERS and STRS provide retirement, disability, survivor and death benefits and annual cost-of-living adjustments to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute. Members of the OPERS Member-Directed plan do not quality for auxiliary benefits. Both STRS and OPERS issue separate, publicly available financial reports that include financial statements and required supplementary information.

These reports may be obtained by contacting the two organizations at the following locations:

STRS	OPERS
275 East Broad Street	277 East Town Street
Columbus, OH 43215-3771	Columbus, OH 43215-4642
(614) 227-4090	(614) 226-6701 or (800) 222-7377

In addition to the retirement benefits described above, STRS and OPERS provide postretirement healthcare benefits (see Note 9).

Defined Contribution Plan - An Alternative Retirement Plan ("ARP") was established by the College's Board of Trustees on February 5, 1999. The ARP is a defined contribution pension plan available to full-time administrative and professional staff in lieu of OPERS or STRS. For the employees who elected participation in ARP, prior employee contributions to STRS and OPERS were transferred from those plans and invested in individual accounts established with selected external investment managers.

The ARP does not provide disability benefits, annual cost-of-living adjustments, postretirement health care benefits or death benefits to plan members and beneficiaries. Benefits are entirely dependent on the sum of contributions and investment returns earned by each participant's choice of investment options.

Funding – The ORC provides statutory authority for employee and employer contributions to STRS, OPERS and the ARP. Contributions equal to those required by STRS and OPERS are required to be made to the ARP; however, a portion (which may be revised pursuant to periodic actuarial studies) of the employer contribution must be contributed to STRS or OPERS to enhance the stability of those plans.

8. PENSION AND RETIREMENT PLANS - Continued

The required contribution rates (as a percentage of covered payroll) for plan members and the College were as follows for the years ended June 30, 2006 and 2005:

	STRS	OPERS July 1- Dec 31 2005	OPERS Jan 1- June 30 2006	ARP
Faculty:				
Plan member	10.00%			10.00%
College	14.00%		*	14.00%
Staff:				
Plan member		8.50%	9.00% **	9.00%
College		13.55%	13.70% **	13.70%
Law enforcement staff:				
Plan member		9.00%	10.10% **	10.10%
College		16.70%	16.93% **	16.93%

* Employer contributions included 5.76% paid to STRS. The remaining amount is credited to the participant's ARP account.

** Employer and Employee contributions were increased effective January 1, 2006 for both OPERS and OPERS ARP.

The College's contributions for the year ended June 30, 2006 and for each of the two preceding years, including the portion applicable to postretirement benefits (see Note 9), were as follows:

Year Ended June 30,	STRS Contribution	OPERS Contribution	ARP Contribution
2006	$6,106,000	$6,606,000	$691,000
2005	5,573,000	6,063,000	561,000
2004	5,535,000	5,864,000	505,000

The College's actual contributions to each of the plans equaled the required contributions for each year.

9. POSTRETIREMENT BENEFITS

OPERS - OPERS provides postretirement healthcare coverage to age and service retirants under the Traditional and Combined Plans with ten or more years of qualifying Ohio service credit. Healthcare coverage for disability recipients and qualified survivor benefit recipients is available. Healthcare coverage provided by the OPERS is considered an Other Post Employment Benefit (OPEB) as described in GASB Statement No. 12.

A portion of each employer's contribution to OPERS (4% of covered payroll during fiscal year 2006 and fiscal year 2005) is set aside for funding of postretirement healthcare. The ORC provides statutory authority for employer contributions. The statutory healthcare contribution requirement from the College for the year ended June 30, 2006 and 2005 (which is included in the College's total OPERS contribution) were $2,906,000 and $2,675,000.

9. POSTRETIREMENT BENEFITS - Continued

OPEB are advance-funded on an actuarially determined basis and are financed through employer contributions and investment earnings thereon. The contributions allocated to retiree healthcare, along with investment income on allocated assets and periodic adjustments in healthcare provisions are expected to be sufficient to sustain the program indefinitely. The summary of assumptions used are as follows:

Actuarial Review – The assumptions and calculations below were based on OPERS latest actuarial review performed as of December 31, 2004.

Funding Method – An entry age normal actuarial cost method of valuation is used in determining the present value of OPEB. The difference between assumed and actual experience (actuarial gains and losses) becomes part of unfunded actuarial accrued liability.

Assets Valuation Method – All investments are carried at market value. For actuarial valuation purposes, a smoothed market approach is used. Under this approach, assets are adjusted to reflect 25% of unrealized market appreciation or depreciation on investment assets annually.

Investment Return – The investment assumption rate for 2004 was 8.00%.

Active Employee Total Payroll – An annual increase of 4.00%, compounded annually, is the base portion of the individual pay increase assumption. This assumes no change in the number of active employees. Additionally, annual pay increases, over and above the 4.00% base increase, were assumed to range from 0.50% to 6.30%.

Health Care – Health care costs were assumed to increase at the project wage inflation rate plus an additional factor ranging from 1% to 6% for the next 8 years. In subsequent years (9 and beyond) health care costs were assumed to increased at 4% (the projected wage inflation rate).

At December 31, 2005 (latest information available), there were 376,109 active participants contributing to the Traditional and Combined plans. In addition, at December 31, 2004, the actuarial value of the plan's net assets available for OPEB approximated $10.8 billion and the actuarial accrued liability and the unfunded actuarial accrued liability, based on the actuarial method used, were $29.5 billion and $18.7 billion, respectively.

The Health Care Preservation Plan (HCPP) adopted by the OPERS Retirement Board on September 9, 2004, will be effective January 1, 2007. The HCPP incorporates a cafeteria approach, offering a broad range of health care options that allow benefit recipients to use their monthly allocation to purchase health care coverage customized to meet their individual needs. If the monthly allocation exceeds the cost of the options selected, the excess is deposited into a Retiree Medical Account that can be used to fund future health care expenses. As an additional component of the HCPP, member and employer contribution rates increased as of January 1, 2006, which will allow additional funds to be allocated to the health care plan.

9. POSTRETIREMENT BENEFITS - Continued

STRS - STRS provides access to healthcare coverage to retired teachers who participated in the defined benefit or combined plans and their dependents. Coverage includes hospitalization, physician fees, prescription drugs, and partial reimbursement of monthly Medicare Part B premiums. All benefit recipients and sponsored dependents are eligible for healthcare coverage. Pursuant to the ORC, STRS has discretionary authority over how much, if any, of the healthcare costs will be absorbed by STRS. All benefit recipients pay a portion of the healthcare cost in the form of a monthly premium.

The ORC grants authority to STRS to provide healthcare coverage to eligible benefit recipients, spouses, and dependents. By Ohio law, healthcare benefits are not guaranteed and the cost of the coverage paid from STRS funds shall be included in the employer contribution rate, currently 14% of covered payroll.

Postretirement healthcare under STRS is financed on a pay-as-you-go basis. For the fiscal years ended June 30, 2006 and 2005, STRS allocated employer contributions equal to 1% of covered payroll to the Health Care Stabilization Fund from which healthcare benefits are paid. The healthcare contribution requirement from the College for the years ended June 30, 2006 and 2005 (which is included in the College's total STRS contribution) was $488,000 and $438,000, respectively. The balance in the Health Care Reserve Fund was $3.3 billion on June 30, 2005 (latest information available). For the year ended June 30, 2005 (latest information available), net healthcare costs paid by STRS were $254,780,000 million. There were 115,395 eligible benefit recipients on June 30, 2005.

10. SELF-INSURANCE LIABILITIES

The College is exposed to various risks of loss during the normal course of its operations including, but not limited to, loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and injuries to employees. The College is self-insured for the purpose of providing employee healthcare, workers' compensation, disability and retiree death benefits. Losses from asserted claims and from unasserted claims identified under the College's incident reporting systems are accrued based on estimates that incorporate the College's past experience, as well as other considerations including the nature of each claim or incident and relevant trend factors. The liabilities for estimated self-insured claims include estimates of the ultimate costs for both reported claims and claims incurred but not reported.

10. SELF-INSURANCE LIABILITIES - Continued

Changes in the reported liabilities (included in claims and other liabilities on the statements of net assets) during the past two fiscal years resulted from the following:

	Healthcare		Workers' Compensation	
	2006	2005	2006	2005
Liability at the beginning of year	$ 518,097	$ 574,925	$ 794,573	$ 664,140
Current year claims, net of changes in estimates	4,779,265	4,735,710	(437,456)	149,885
Claim payments	(4,552,970)	(4,792,538)	(17,912)	(19,452)
Balance at end of year	$ 744,392	$ 518,097	$ 339,205	$ 794,573

	Disability		Retiree Death	
	2006	2005	2006	2005
Liability at the beginning of year	$ 1,452,000	$ 1,381,700	$ 842,169	$ 812,169
Current year claims, net of changes in estimates	91,143	83,187	48,800	50,000
Claim payments	(23,943)	(12,887)	(13,000)	(20,000)
Balance at end of year	$ 1,519,200	$ 1,452,000	$ 877,969	$ 842,169

Self-insured liabilities amounted to $3,480,766 and $3,606,839 at June 30, 2006 and 2005, respectively. Other miscellaneous liabilities amounted to $241,692 and $511,468, as June 30, 2006 and 2005, respectively.

The College purchases insurance policies in varying amounts for general liability, property damage and employee and Board of Trustee's liability, including errors and omissions of the College's safety forces. Settled claims have not exceeded the College's insurance coverage in any of the past three years.

CUYAHOGA COMMUNITY COLLEGE

NOTES TO BASIC FINANCIAL STATEMENTS (continued)
FOR THE YEARS ENDED JUNE 30, 2006 AND 2005

11. LEASE COMMITMENTS

Capital Leases - The College has 29 capital leases as described below. The changes in the lease obligations during the years ended June 30, 2006 and 2005 are shown below:

2006	Beginning Balance	Additions	Reductions	Ending Balance
Apple Computer Lease	$ 151,300		$ 151,300	$ 0
Academic Systems Lease	121,309		121,309	0
255 IBM MP 50 PC's	247,545		82,062	165,483
Minolta Copiers CF 3102	35,122		13,219	21,903

On October 30, 2004, the College entered into a long-term lease-purchase agreement with a financial institution to finance its new IBM PC's. The agreement requires payments of principal and interest in equal monthly installments of $11,034 through October 2008. The components financed by the lease had a net book value of $326,750 at June 30, 2006, which was composed of a capitalized cost of $490,125 less accumulated depreciation of $163,375.

On December 30, 2004, the College entered into a long-term lease-purchase agreement with a financial institution to finance its new Meritech printers. The agreement requires payments of principal and interest in equal monthly installments of $13,545 through December 2009. The components financed by the lease had a net book value of $514,945 at June 30, 2006, which was composed of a capitalized cost of $735,636 less accumulated depreciation of $220,691.

On June 15, 2004, the College entered into a long-term lease-purchase agreement with a financial institution to finance its new IBM PC's. The agreement requires payments of principal and interest in equal monthly installments of $4,936 through June 2008. The components financed by the lease had a net book value of $132,530 at June 30, 2006, which was composed of a capitalized cost of $220,883 less accumulated depreciation of $88,353.

On January 30, 2005, the College entered into a long-term lease-purchase agreement with a financial institution to finance its Servers. The agreement requires payments of principal and interest in equal monthly installments of $12,592 through January 2010. The components financed by the lease had a net book value of $488,478 at June 30, 2006, which was composed of a capitalized cost of $681,597 less accumulated depreciation of $193,119.

11. LEASE COMMITMENTS - Continued

On February 1, 2005, the College entered into a long-term lease-purchase agreement with a financial institution to finance its new Copiers. The agreement requires payments of principal and interest in equal monthly installments of $1,195 through February 2010. The components financed by the lease had a net book value of $56,038 at June 30, 2006, which was composed of a capitalized cost of $64,659 less accumulated depreciation of $8,621.

On March 22, 2005, the College entered into a long-term lease-purchase agreement with a financial institution to finance its new HP Computers. The agreement requires payments of principal and interest in equal monthly installments of $17,469 through March 2009. The components financed by the lease had a net book value of $580,387 at June 30, 2006, which was composed of a capitalized cost of $773,850 less accumulated depreciation of $193,463.

On March 22, 2005, the College entered into a long-term lease-purchase agreement with a financial institution to finance its new Servers. The agreement requires payments of principal and interest in equal monthly installments of $1,006 through March 2009. The components financed by the lease had a net book value of $33,431 at June 30, 2006, which was composed of a capitalized cost of $44,575 less accumulated depreciation of $11,144.

On March 31, 2001, the College entered into a long-term lease-purchase agreement with a financial institution to finance certain energy conservation improvements under Ohio House Bill 7. The agreement requires payments of principal and interest in equal monthly installments of $120,861 through August 2012. The building improvements under the capital lease had a net book value of $10,234,148 at June 20, 2006, which was composed of a capitalized cost of $12,792,685 less accumulated depreciation of $2,558,537.

On October 1, 2003, the College entered into a long-term lease-purchase agreement with a financial institution to finance its new communication system. The agreement requires payments of principal and interest in equal monthly installments of $18,859 through September 2007. The components financed by the lease had a net book value of $71,523 at June 30, 2006, which was composed of a capitalized cost of $858,275 less accumulated depreciation of $786,752.

On October 1, 2003, the College entered into a long-term lease-purchase agreement with a financial institution to finance its new mainframe computer system. The agreement requires payments of principal and interest in equal monthly installments of $138,284 through October 2008. The components financed by the lease had a net book value of $3,020,301 at June 30, 2006, which was composed of a capitalized cost of $6,472,074 less accumulated depreciation of $3,451,773.

On December 1, 2003, the College entered into a long-term lease-purchase agreement with a financial institution to finance its new IBM PC computers. The agreement requires payments of principal and interest in equal monthly installments of $10,879 through December 2007. The components financed by the lease had a net book value of $81,068 at June 30, 2006, which was composed of a capitalized cost of $486,410 less accumulated depreciation of $405,342.

11. LEASE COMMITMENTS - Continued

On January 16, 2004, the College entered into a long-term lease-purchase agreement with a financial institution to finance its new servers. The agreement requires payments of principal and interest in equal monthly installments of $5,510 through January 2008. The components financed by the lease had a net book value of $123,190 at June 30, 2006, which was composed of a capitalized cost of $246,380 less accumulated depreciation of $123,190.

On January 16, 2004, the College entered into a long-term lease-purchase agreement with a financial institution to finance its new copiers. The agreement requires payments of principal and interest in equal monthly installments of $1,187 through January 2008. The components financed by the lease had a net book value of $10,319 at June 30, 2006, which was composed of a capitalized cost of $53,071 less accumulated depreciation of $42,752.

On May 15, 2004, the College entered into a long-term lease-purchase agreement with a financial institution to finance its new IBM PC's. The agreement requires payments of principal and interest in equal monthly installments of $7,448 through May 2008. The components financed by the lease had a net book value of $101,837 at June 30, 2006, which was composed of a capitalized cost of $333,285 less accumulated depreciation of $231,448.

On May 1, 2005 the College entered into a long term lease purchase agreement with a financial institution to finance its new SBC Data Communication equipment. The agreement requires payments of principal and interest in equal monthly installments of $3,596 through May 2008. The components financed by the lease had a net book value of $95,570 at June 30, 2006 which was composed of a capitalized cost of $122,030 less accumulated depreciation of $26,440.

On May 15, 2005 the College entered into a long term lease purchase agreement with a financial institution to finance its new Smart Solutions servers. The agreement requires payments of principal and interest in equal monthly installments of $2,476 through May 2009. The components financed by the lease had a net book value of $85,905 at June 30, 2006 which was composed of a capitalized cost of $109,666 less accumulated depreciation of $23,761.

On August 15, 2005 the College entered into a long term lease purchase agreement with a financial institution to finance its new Servers. The agreement requires payments of principal and interest in equal monthly installments of $4,570 through August 2008. The components financed by the lease had a net book value of $129,164 at June 30, 2006 which was composed of a capitalized cost of $154,997 less accumulated depreciation of $25,833.

On August 8, 2005 the College entered into a long term lease purchase agreement with a financial institution to finance its new Software. The agreement requires payments of principal and interest in equal monthly installments of $5,506 through August 2008. The components financed by the lease had a net book value of $155,495 at June 30, 2006 which was composed of a capitalized cost of $186,594 less accumulated depreciation of $31,099.

11. LEASE COMMITMENTS - Continued

On September 30, 2005 the College entered into a long term lease purchase agreement with a financial institution to finance its new Copiers. The agreement requires payments of principal and interest in equal monthly installments of $402 through December 2009. The components financed by the lease had a net book value of $17,436 at June 30, 2006 which was composed of a capitalized cost of $18,850 less accumulated depreciation of $1,414.

On October 10, 2005 the College entered into a long term lease purchase agreement with a financial institution to finance its new HP Computers. The agreement requires payments of principal and interest in equal monthly installments of $7,888 through October 2009. The components financed by the lease had a net book value of $302,829 at June 30, 2006 which was composed of a capitalized cost of $349,418 less accumulated depreciation of $46,589.

On December 22, 2005 the College entered into a long term lease purchase agreement with a financial institution to finance its new Servers. The agreement requires payments of principal and interest in equal monthly installments of $6,513 through December 2009. The components financed by the lease had a net book value of $252,856 at June 30, 2006 which was composed of a capitalized cost of $286,252 less accumulated depreciation of $33,396.

On December 30, 2005 the College entered into a long term lease purchase agreement with a financial institution to finance its new Computers. The agreement requires payments of principal and interest in equal monthly installments of $202 through December 2009. The components financed by the lease had a net book value of $7,854 at June 30, 2006 which was composed of a capitalized cost of $8,891 less accumulated depreciation of $1,037.

On February 15, 2006 the College entered into a long term lease purchase agreement with a financial institution to finance its new Computers. The agreement requires payments of principal and interest in equal monthly installments of $13,974 through February 2010. The components financed by the lease had a net book value of $575,915 at June 30, 2006 which was composed of a capitalized cost of $617,052 less accumulated depreciation of $41,137.

On February 28, 2006 the College entered into a long term lease purchase agreement with a financial institution to finance its new Monitors. The agreement requires payments of principal and interest in equal monthly installments of $365 through February 2010. The components financed by the lease had a net book value of $15,027 at June 30, 2006 which was composed of a capitalized cost of $16,100 less accumulated depreciation of $1,073.

On February 28, 2006 the College entered into a long term lease purchase agreement with a financial institution to finance its new Computers. The agreement requires payments of principal and interest in equal monthly installments of $13,503 through February 2010. The components financed by the lease had a net book value of $556,505 at June 30, 2006 which was composed of a capitalized cost of $596,255 less accumulated depreciation of $39,750.

11. LEASE COMMITMENTS - Continued

On May 1, 2006 the College entered into a long term lease purchase agreement with a financial institution to finance its new Computers. The agreement requires payments of principal and interest in equal monthly installments of $10,892 through May 2010. The components financed by the lease had a net book value of $470,308 at June 30, 2006 which was composed of a capitalized cost of $478,279 less accumulated depreciation of $7,971.

On June 15, 2006 the College entered into a long term lease purchase agreement with a financial institution to finance its new Computers. The agreement requires payments of principal and interest in equal monthly installments of $12,701 through June 2010. The components financed by the lease had a net book value of $556,491 at June 30, 2006 which was composed of a capitalized cost of $556,491 less accumulated depreciation of zero.

Future minimum lease payments under the capital leases are due as follows:

Fiscal Year	Amount
2007	$ 5,368,716
2008	5,089,180
2009	3,386,520
2010	2,198,509
2011	1,450,327
2012-2013	1,692,049
Total minimum lease payments	19,185,301
Less amount representing interest	1,766,632
Present value of net minimum lease payments	$ 17,418,669

Operating Leases - The College leases a building, certain equipment and automobiles under noncancelable operating leases. Future minimum rental payments under operating leases with remaining terms in excess of one year as of June 30, 2006 are as follows:

Fiscal Year	Amount
2007	$ 142,669
2008	142,669
2009	137,880
2010	134,460
Total	$ 557,678

The College's rent expense under these leases was $139,263 and $996,599 for the years ended June 30, 2006 and 2005, respectively. On September 4, 2002, the College entered into a lease agreement to lease real estate to a third party. The lease is an operating lease, which commenced on October 1, 2002, with a partial lease year from September 4, 2002 through September 30, 2002. The lease is for a period of two years and has fixed monthly rentals of $26,508. The lease provides for four additional 2-year renewals at the option of the tenant. Rental for the first two renewals remains the same as the initial term, with a 10% increase going into effect for the third renewal term. Total rental revenue under this lease was approximately $318,096 in 2006.

12. NONCURRENT LIABILITIES

Description	Balance June 30, 2005	Additions	Reductions	Balance June 30, 2006	Current Portion
Long-term debt	$46,560,777		$1,004,845	$45,555,932	$1,000,000

The College's long-term debt at June 30, 2006 consisted of the following:

Series A bonds, including premium of $780,932	$	28,465,932
Series B bonds		17,090,000
Total		45,555,932
Less current portion		1,000,000
Long-term portion	$	44,555,932

12. NONCURRENT LIABILITIES - Continued

In September 2002, the College issued $29,105,000 Cuyahoga Community College District, Ohio General Receipts Bonds, Series A, and in October 2002, the College issued $17,875,000 Cuyahoga Community College District, Ohio General Receipts Bonds, Series B. The proceeds of both issuances were used to fund the Corporate College project and are described below:

- The Series A Bonds consist of $6,275,000 of serial bonds maturing each June 1 and December 1, beginning June 1, 2005 and ending December 1, 2013. Interest on each series varies and ranges from 1.6% to 3.55 %. The $22,830,000 of term bonds, with interest rates ranging from 4.6% to 5%, mature as follows: $1,525,000 on December 1, 2015; $6,715,000 on December 1, 2022; $1,765,000 on June 1, 2024; and $12,825,000 on December 1, 2032.

- The Series B Bonds mature on December 1, 2032. The holders of the notes are permitted to demand repayment prior to maturity under certain circumstances. As a result, the College has executed a remarketing agreement and a letter of credit with a financial institution which requires the financial institution to use its best efforts to resell any portion of the notes presented for payment prior to their scheduled maturity. The letter of credit, which expires on October 10, 2006, renews annually and provides assurance that funds will be available through the financial institution to redeem any non-marketable notes prior to their maturity. The notes provide for interest at a rate as determined by the remarketing agent based upon current transactions in comparable securities the enable the agent to remarket the notes at par. The interest rate on the Series B Bonds was 3.68% on June 30, 2006.

The bonds are payable as follows (with an assumed interest rate of 3.50% on the Series B Bonds):

Fiscal Year	Principal	Interest	Total
2007	$ 1,000,000	$ 1,872,068	$ 2,872,068
2008	1,030,000	1,842,746	2,872,746
2009	1,055,000	1,810,732	2,865,732
2010	1,085,000	1,776,525	2,861,525
2011	1,120,000	1,739,983	2,859,983
2012-2016	6,235,000	8,053,775	14,288,775
2017-2021	7,655,000	6,586,281	14,241,281
2022-2026	9,440,000	4,729,973	14,169,973
2027-2031	11,670,000	2,421,379	14,091,379
2032-2032	4,485,000	193,471	4,678,471
Total	$ 44,775,000	$ 31,026,933	$ 75,801,933

13. CONTINGENCIES

Under the terms of federal and state grants, periodic audits are required and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such audits could lead to reimbursement to the grantor agencies. The College management believes such reimbursements, if any, will be immaterial.

14. LITIGATION

During the normal course of its operations, the College has been named as a defendant in certain legal actions and claims. The College management is of the opinion that the disposition of these legal actions and claims will not have a material adverse effect on the financial condition of the College. The College purchases commercial insurance to cover certain potential losses.

CUYAHOGA COMMUNITY COLLEGE

NOTES TO SUPPLEMENTAL SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2006

1. BASIS OF PRESENTATION

The accompanying Supplemental Schedule of Expenditures of Federal Awards (the "Schedule") reflects the expenditures of Cuyahoga Community College (the "College") under programs financed by the U.S. Government for the year ended June 30, 2006. The Schedule has been prepared using the accrual basis of accounting.

For purposes of the Schedule, federal awards include the following:

- Direct federal awards
- Pass-through funds received from non-federal organizations made under federally sponsored programs conducted by those organizations.

All programs are presented by federal department. Pass-through programs are also presented by the entity through which the College received the federal award. Catalog of Federal Domestic Assistance ("CFDA") Numbers or Primary Grant Numbers are presented for those programs for which such numbers are available.

2. FEDERAL LOAN PROGRAMS

Federal Perkins Loan Program - The outstanding balance under this federal loan program administered by the College is as follows:

	CFDA Number	Outstanding Balance at June 30, 2006
Federal Perkins Loan Program	84.038	$ 424,623

Nursing Student Loan Program - The outstanding balance under this federal loan program administered by the College is as follows:

	CFDA Number	Outstanding Balance at June 30, 2006
Nursing Student Loan Program	94.364	$ 127,243

Federal Direct Student Loan Program - During the fiscal year ended June 30, 2006, the College processed the following amount of new loans under the Federal Direct Student Loan Program:

	CFDA Number	Amount Disbursed
Federal Direct Student Loan Program	84.268	$6,689,956

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

We have audited the financial statements of Cuyahoga Community College as of and for the year ended June 30, 2006, and have issued our report thereon dated October 13, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Cuyahoga Community College's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted certain other matters that we reported to management of Cuyahoga Community College in a separate letter dated October 13, 2006.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Cuyahoga Community College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters which are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Trustees and management of Cuyahoga Community College, the U.S. Department of Education, applicable pass-through agencies, and the Auditor of the State of Ohio, and is not intended to be and should not be used by anyone other than these specified parties.

Report on Compliance With Requirements Applicable to Each Major Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133

Compliance

We have audited the compliance of Cuyahoga Community College with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2006. Cuyahoga Community College's major program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Cuyahoga Community College's management. Our responsibility is to express an opinion on Cuyahoga Community College's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Cuyahoga Community College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Cuyahoga Community College's compliance with those requirements.

In our opinion, the College complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2006.

Internal Control Over Compliance

The management of Cuyahoga Community College is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Cuyahoga Community College's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Cleveland Elyria Akron Canton Columbus

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. A material weakness is a reportable condition in which the design or operation of one of more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operations that we consider to be material weaknesses.

This report is intended solely for the information and use of the Board of Trustees and management of Cuyahoga Community College, the U.S. Department of Education, applicable pass-through agencies, and the Auditor of the State of Ohio, and is not intended to be and should not be used by anyone other than these specified parties.
