Mary Taylor, CPA Auditor of State

Medina County General Health District Medina County 4800 Ledgewood Drive Medina, Ohio 44256

Mary Taylor

To the Members of the Board:

As you are aware, the Auditor of State's Office (AOS) must modify the *Independent Accountants' Report* we provide on your financial statements due to a February 2, 2005 interpretation from the American Institute of Certified Public Accountants (AICPA). While AOS does not legally require your District to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statements in accordance with GAAP. Our Report includes an opinion relating to GAAP presentation and measurement requirements, but does not imply the amounts the statements present are misstated under the non-GAAP basis you follow. The AOS report also includes an opinion on the financial statements you prepared using the cash basis and financial statement format the AOS permits.

INDEPENDENT ACCOUNTANTS' REPORT

Medina County General Health District Medina County 4800 Ledgewood Drive Medina, Ohio 44256

To the Members of the Board:

We have audited the accompanying financial statements of the Medina County General Health District, Medina County, Ohio, (the District) as of and for the year ended December 31, 2006. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

As described more fully in Note 1, the District has prepared these financial statements using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America (GAAP). Although we cannot reasonably determine the effects on the financial statements of the variances between these regulatory accounting practices and GAAP, we presume they are material.

Revisions to GAAP would require the District to reformat its financial statement presentation and make other changes effective for the year ended December 31, 2006. Instead of the combined funds the accompanying financial statements present for 2006, the revisions require presenting entity wide statements and also to present its larger (i.e. major) funds separately for 2006. While the District does not follow GAAP, generally accepted auditing standards requires us to include the following paragraph if the statements do not substantially conform to the new GAAP presentation requirements. The Auditor of State permits, but does not require governments to reformat their statements. The District has elected not to reformat its statements. Since this District does not use GAAP to measure financial statement amounts, the following paragraph does not imply the amounts reported are materially misstated under the accounting basis the Auditor of State permits. Our opinion on the fair presentation of the amounts reported pursuant to its non-GAAP basis is in the second following paragraph.

Medina County General Health District Medina County Independent Accountants' Report Page 2

In our opinion, because of the effects of the matter discussed in the preceding two paragraphs, the financial statements referred to above for the year ended December 31, 2006 do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the District as of December 31, 2006, or its changes in financial position for the year then ended.

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of the Medina County General Health District, Medina County, Ohio, as of December 31, 2006, and its combined cash receipts and disbursements for the year then ended on the accounting basis Note 1 describes.

The aforementioned revision to generally accepted accounting principles also requires the District to include Management's Discussion and Analysis for the year ended December 31, 2006. The District has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 11, 2007, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

We conducted our audit to opine on the financial statements that collectively comprise the District's basic financial statements. The U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* requires presenting a federal awards expenditure schedule. The schedule is not a required part of the basic financial statements. We subjected the federal awards expenditure schedule to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Mary Taylor, CPA
Auditor of State

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2006

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The constitution and laws of the State of Ohio establish the rights and privileges of the Medina County General Health District, Medina County, Ohio, (the District) as a body corporate and politic. A seven-member Board and a Health Commissioner govern the District. The District's services include communicable disease investigations, immunization clinics, inspections, public health nursing services, issuance of birth and death certificates, emergency preparedness planning, and issuance of health-related licenses and permits.

The District's management believes these financial statements present all activities for which the District is financially accountable.

B. Basis of Accounting

These financial statements follow the basis of accounting the Auditor of State prescribes or permits. This basis is similar to the cash receipts and disbursements accounting basis. The District recognizes receipts when received in cash rather than when earned and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements adequately disclose material matters the Auditor of State's accounting basis requires.

C. Cash

As required by Ohio Revised Code, the County Treasurer is custodian for the District's cash. The County's cash and investment pool holds the District's assets, valued at the County Treasurer's reported carrying amount.

D. Fund Accounting

The District uses fund accounting to segregate cash and investments that are restricted as to use. The District classifies its funds into the following types:

1. General Fund

The General Fund accounts for all financial resources except those restricted by law or contract.

2. Special Revenue Funds

These funds account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The District had the following significant Special Revenue Funds:

<u>Women, Infants, and Children (WIC) Fund</u> - This federal grant fund accounts for the Special Supplemental Nutrition Program.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2006 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Special Revenue Funds (Continued)

<u>Food Service Organization and Food Establishment Fund</u> – This fund receives monies from the sale of licenses, permits, and the collection of fees from Restaurants, Supermarkets, Convenient Stores, etc. for the prevention and the promotion of public health.

3. Capital Projects Funds

These funds account for receipts restricted to acquiring or constructing major capital projects (except those financed through trust funds). The District had the following significant Capital Project Funds:

<u>Building Fund</u> – This fund receives monies from the General Fund for the payment of building related debt.

<u>Capital Improvement Fund</u> – This fund receives monies from the General Fund for the maintenances and remodeling of the Board of Health's facility.

E. Budgetary Process

The Ohio Revised Code requires the District to budget each fund annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund level of control, and appropriations may not exceed estimated resources. The Board must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure and amendments thereto. Unencumbered appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1.

3. Encumbrances

The Ohio Revised Code requires the District to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2006 budgetary activity appears in Note 2.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2006 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Property, Plant, and Equipment

The District records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

G. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

2. BUDGETARY ACTIVITY

Budgetary activity for the year ended December 31, 2006 is as follows:

2006 Budgeted vs. Actual Receipts

	Budgeted	Actual	
Fund Type	Receipts	Receipts	Variance
General	\$4,083,500	\$4,617,259	\$533,759
Special Revenue	1,479,000	1,175,906	(303,094)
Capital Projects	401,833	401,833	0
Total	\$5,964,333	\$6,194,998	\$230,665

2006 Budgeted vs. Actual Budgetary Basis Expenditures

	Appropriation	Budgetary	
Fund Type	Authority	Expenditures	Variance
General	\$5,163,116	\$4,414,855	\$748,261
Special Revenue	1,598,491	1,209,079	389,412
Capital Projects	446,373	346,619	99,754
Total	\$7,207,980	\$5,970,553	\$1,237,427

3. PROPERTY TAXES

The County Commissioners serve as a special taxing authority for a special levy outside the tenmill limitation to provide the District with sufficient funds for health programs. The levy generated \$2,550,364 in 2006. The financial statements present these amounts as Local taxes.

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by the Board of Health. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reflected in the accompanying financial statements as Intergovernmental Revenue. Payments are due to the County by December 31. If the property owner elects to make semiannual payments, the first half is due December 31. The second half payment is due the following June 20.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by April 30.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2006 (Continued)

3. PROPERTY TAXES (Continued)

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Board of Health.

4. DEBT

Debt outstanding at December 31, 2006 was as follows:

	Outstanding 1/1/2006	<u>Additions</u>	<u>Payments</u>	Outstanding 12/31/2006
General Obligation Limited Tax				
Bonds County of Medina, Ohio				
Health District Facility Bonds,				
Series 1999, interest rates				
range from 4.900% to 5.375%	\$1,070,000	\$0	\$250,000	\$820,000

Outstanding general obligation limited tax bonds were issued by Medina County for the purchase of the Health District facility.

Amortization of the Health District's debt, including interest, is scheduled as follows:

	Facility Bonds
Year ending December 31:	Series 1999
2007	\$301,832
2008	303,702
2009	299,677
	\$905,211

5. RETIREMENT SYSTEM

The District's full-time employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes retirement benefits, including postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2006, OPERS members contributed 9 percent of their gross salaries. The District contributed an amount equal to 13.7 percent of participants' gross salaries. The District has paid all contributions required through December 31, 2006.

6. RISK MANAGEMENT

Commercial Insurance

The District has obtained commercial insurance for the following risks:

- Comprehensive property and general liability;
- Vehicles; and
- Errors and omissions.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2006 (Continued)

7. CONTINGENT LIABILITIES

Amounts received from grantor agencies are subject to audit and adjustment by the grantor, principally the federal government. The grantor may require refund of any disallowed costs. Management cannot presently determine any amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial.

NOTE TO THE FEDERAL AWARDS EXPENDITURES SCHEDULE FISCAL YEAR ENDED DECEMBER 31, 2006

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Federal Awards Expenditures Schedule (the Schedule) summarizes activity of the District's federal award programs. The Schedule has been prepared on the cash basis of accounting.

Mary Taylor, CPA Auditor of State

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Medina County General Health District Medina County 4800 Ledgewood Drive Medina, Ohio 44256

To the Members of the Board:

We have audited the financial statements of the Medina County General Health District, Medina County, Ohio, (the District) as of and for the year ended December 31, 2006, and have issued our report thereon dated April 11, 2007, wherein we noted the District followed accounting practices the Auditor of State prescribes rather than accounting principals generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our audit procedures for expressing our opinion on the financial statements, but not to opine on the effectiveness of the District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the District's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with its applicable accounting basis, such that there is more than a remote likelihood that the District's internal control will not prevent or detect a more-than-inconsequential financial statement misstatement.

A material weakness is a significant deficiency, or combination of significant deficiencies resulting in more than a remote likelihood that the District's internal control will not prevent or detect a material financial statement misstatement.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all internal control deficiencies that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

We noted certain matters that we reported to the District's management in a separate letter dated April 11, 2007.

Medina County General Health District
Medina County
Independent Accountants' Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Required by Government Auditing Standards
Page 2

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We did note certain noncompliance or other matters that we reported to the District's management in a separate letter dated April 11, 2007.

We intend this report solely for the information and use of management, the Board of Health, federal awarding agencies and pass-through entities. We intend it for no one other than these specified parties.

Mary Taylor, CPA Auditor of State

Mary Taylor

April 11, 2007

Mary Taylor, CPA

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND INTERNAL CONTROL OVER **COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Medina County General Health District Medina County 4800 Ledgewood Drive Medina, Ohio 44256

To the Members of the Board:

Compliance

We have audited the compliance of the Medina County General Health District, Medina County, Ohio, (the District) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement that apply to its major federal program for the year ended December 31, 2006. The summary of auditor's results section of the accompanying schedule of findings identifies the District's major federal program. The District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States: and OMB Circular A-133. Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the types of compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the Medina County General Health District, Medina County, Ohio complied, in all material respects, with the requirements referred to above that apply to its major federal program for the year ended December 31, 2006.

Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could directly and materially affect a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Independent Accountants' Report on Compliance with Requirements
Applicable to Each Major Federal Program and Internal Control Over
Compliance in Accordance with OMB Circular A-133
Page 2

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

We intend this report solely for the information and use of management, the Board of Health, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

Mary Taylor, CPA Auditor of State

Mary Taylor
