Independent Auditor's Report

To the Board of Commissioners
Miami County Community Action Council
Troy, Ohio

We have audited the accompanying financial statements of the Miami County Community Action Council, as listed in the Table of Contents, as of and for the year ended December 31, 2004. These financial statements are the responsibility of the Miami County Community Action Council's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, in evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Miami County Community Action Council as of December 31, 2004, and the results of its changes in net assets and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued a report dated October 21, 2005, on our consideration of the Miami County Community Action Council's internal control over financial reporting and our tests of compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the basic financial statements of the Miami County Community Action Council taken as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. The information in this Schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MIAMI COUNTY COMMUNITY ACTION COUNCIL

MANAGEMENT DISCUSSION & ANALYSIS
(MD&A)

December 31, 2004
(Revised)

PURPOSE

(Revised)

The purpose of the Management Discussion and Analysis (MD&A) is to provide an overview of the Miami County Community Action Council's (CAC) significant financial activities, changes in activity and identify funding issues and concerns. It is designed to be read in connection with the CAC's financial statement.

- Net Assets decreased during FYE 2004 by \$226,113. or 44.8% due to the transfer of the Transit Program to the Miami County Commissioners.
- Reserves decreased during FYE 2004 by \$803,814. or 49.3% (same reason)
- Expenses decreased during FYE 2004 by \$709,525. or 44.3% (same reason)

The focus of the report is on the agency as a whole, while the supplemental sections address major program activities. The reports are based on "accrual" accounting. Revenue/Expenses are reported when they are incurred, not necessarily when the cash is received or paid.

The Statement of Net Assets is similar to a Balance Sheet. It reflects capital resources. The format is presented as assets minus liabilities equals "Net Assets" or equity. The order of assets/liabilities is presented in order of liquidity, which are classified as "current" (convertible into cash within one year) and "non-current" on everything else.

Net Assets are divided into three categories:

- "Net Assets", invested in capital, net of debt—i.e. capital assets reduced by claims against the assets;
- "Unrestricted Net Assets" are assets not restricted at all;
- "Temporarily restricted assets" are assets restricted for less than one year;
- "Permanently restricted net assets" are restricted by law or regulation or grantor.

The Statement of Revenues, Expenses and Changes in Fund Net Assets (activities) is similar to an Income Statement for the agency as a whole. It is an Income and Expense Statement, agency wide. "Changes in Net Assets" is similar to "Net gain or loss."

The Financial Statements are similar to Income/Expense Statements by program, as well as agency wide. These are statements of grant monies received and grant monies expensed, as well as balances left in our General Fund. Major funds consist of:

- Community Services Block Grant (CSBG), which supports various information/referral, and intake work for various programs to clients.
- Home Energy Assistance Program (HEAP), which provides utility assistance for income eligible persons.
- Home Weatherization Assistance Program (HWAP), which provides energy savings through home weatherization and education.

NOTE: The Public Transit Programs were in the process of being transferred to the Miami County Commissioners.

The decrease in capital is due to a transfer of Transit equipment and assets.

There are no long-term debts as of 12/31/04. See Financial Report notes for depreciation.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS

The CAC is primarily dependent on federal and state grants for future funding of operations and for federal appropriations each year. This consists of three grants (CSBG, HEAP and HWAP). While costs rise each year, appropriations/grants tend to be decreasing or remaining the same, which in fact is a decrease. This could cause future problems, i.e. inadequate funds to operate grants.

Miami County Community Action Council
Notes to the Financial Statements
For the Year Ended December 31, 2004

Note 1 – Description of the Entity

The Miami County Community Action Council (“MCCAC” or “Council”) is a nonprofit organization exempt from federal income taxes under Section 501(c) (3) of the Internal Revenue Code. Its mission is to develop, coordinate, and operate programs designed to combat the causes and effects of poverty in efforts to enable individuals and families to be self sufficient.

Oversight of the Miami County Community Action Council is provided by a fifteen member board called the Board of Trustees. Five appointees from the Public Sector, five appointees from the Client Sector, and five appointees from the Private Sector compose the Board.

The Miami County Community Action Council received federal funds to administer the following programs:

1. **Transit Program** – This program also known as “Urban Mass Transportation” includes the Miami and Piqua County transportation assistance programs. These programs are available to the general public at a fare. However, certain individuals who meet income, elderly or disability requirements receive a reduced or free fare for transportation.
2. **Home Weatherization Assistance Programs (HWAP)** – This program is also referred to as “Weather Assistance for Low-Income Persons Grant”. Under this program individuals and families who meet certain eligibility requirements receive assistance for weatherization of their homes.
3. **Home Energy Assistance Program (HEAP)** – This program also known as “Low-Income Home Energy Assistance Grant Program” provides energy assistance to individuals and families who meet certain eligibility requirements. Under this program, payments for a portion of the energy bills received are made to the supplier on behalf of applicants.
4. **Community Services Block Grant (CSBG)** – This program funded through the Department of Health and Human Services assists individuals and families with information referral and case management services for those meeting certain eligibility requirements. The Program can consist of many services depending upon the work program as defined by Miami County Community Action Council.

Note 2 – Summary of Significant Accounting Policies

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Further, accounting requires that the financial statements reflect limitations and restrictions placed on the uses of available resources. In accordance with Financial Accounting Standards No. 117, resources and transactions are to be classified in accordance with specific activities or objectives as follows:

Unrestricted Net Assets

The Unrestricted Net Assets account for all resources over which Board officials have discretionary control for use in carrying out the operations of the Miami County Community Action Council. These unrestricted amounts are expensed in accordance with the limitations of its constitution and By Laws.

Temporarily Restricted Net Assets

A grantor imposed restriction that permits Miami County Community Action Council to use or expense the grant as specified and is satisfied by either the passage of time or by actions of the council or grantor.

Permanently Restricted Net Assets

A grantor imposed restriction that stipulates that resources be maintained permanently but permits that organization to use up or expense part of all of the income derived from the assets. As of December 31, 2004, the MCCAC had no permanently restricted assets.

Other significant accounting policies under which the financial statements have been prepared are as follows:

- a. **Cash and cash equivalents** are demand deposits in financial institutions and petty cash. Cash equivalents are carried at the lower of cost or market.

Miami County Community Action Council
Notes to the Financial Statements
For the Year Ended December 31, 2004

Note 2 – Summary of Significant Accounting Policies (continued)

- b. **Furniture, equipment and vehicles** are recorded on the basis of historical cost. The Council capitalized all equipment with a purchase price over \$1,000. Fixed assets are depreciated using the straight-line method over the estimated useful life of the asset. The building and land in use by the Council are owned and reported by Miami County.
- c. **Compensated absences** – The liability for Compensated Absences balances are accounted for by the Miami County Community Action Council.

Miami County Community Action Council employees are covered for absences by Annual Leave and Sick Leave as defined in the Personnel Policies adopted by the Miami County Community Action Council as follows:

- 1. Sick Leave – Regular employees accrue sick leave at the rate of one and one-fourth days per month. Accrual is unlimited and not a claim against the Agency; except an employee may be granted severance pay after one year of service based on accumulated sick leave with a four week maximum liability.
 - 2. Annual Leave – Regular employees accrue annual leave at the rate of one through five years of service equals ten days of earned vacation a year; six through ten years of service equals fifteen days of earned vacation a year; eleven years of service and over equals twenty-one days of earned vacation a year. Annual leave may be carried over for up to one year.
- d. **Interprogram Receivables/Payables** – During the course of operations, numerous short-term interprogram loans are made primarily to cover payroll and interprogram cost allocations. These transactions are not eliminated in the combined statement of financial position as of December 31, 2004.
 - e. **Revenue and expenditures recognition** – Revenue from restricted grants from governmental agencies is recognized when the Miami County Community Action Council has incurred expenditures in compliance with the specific restriction. Grant revenues in excess of grant expenditures incurred are reported as deferred revenue. All contributions are considered to be available for unrestricted use unless specifically restricted by the grantor.

If applicable, unspent funds in closed programs are to be returned to the grantor and are shown as a liability “due to grantor” in the Statement of Financial Position and therefore, are not included as support in the Statement of Activities.

Miami County Community Action Council
Notes to the Financial Statements
For the Year Ended December 31, 2004

Note 2 – Summary of Significant Accounting Policies (continued)

Expenditures are recognized when incurred in accordance with accounting principles generally accepted in the United States of America. Prepaid expense arise when disbursements are made in advance of the period to be charged with the expense and are recorded as an asset until the charge can be properly recognized. Direct cost is charged to the program when incurred; indirect cost is allocated to the various programs in accordance with a cost allocation plan.

- f. **Income Taxes** – The Miami County Community Action Council is exempt from income taxes under 501 (c) (3) of the Internal Revenue Code. Therefore no assets, liabilities, or expenses related to federal income tax are recorded.

Note 3 – Deficit Cash and Net Asset Balances

Various programs of the Miami County Community Action Council had a deficit net asset balance due to grant monies which have been expended but not yet received as of December 31, 2004. The negative cash balances of the various grant programs are a result of expenditures being made prior to reimbursement from the grant agency. These deficit cash balances are covered by unrestricted interprogram loans and recorded as accounts payable.

The net asset deficit balances resulted from adjustments for accrued liabilities. The program is liable for any deficit in these funds and provides operating transfers when cash is required, not when accruals occur.

Note 4 – Temporarily Restricted Net Assets

Temporarily restricted net assets are available for the following purposes:

| | |
|---|------------------|
| HWAP – for expenditures for the Home Weatherization Program | \$ 35,097 |
| HEAP – for payment of Energy Assistance in the year 2004 | <u>48,434</u> |

Notes to the Financial Statements
For the Year Ended December 31, 2004**

Note 10 – Status of Prior Audit Findings

There were no findings reported for the previous year ended December 31, 2004.

Note 11 – Schedule of Expenditures of Federal Awards

The accompanying Schedule of Expenditures of Federal Awards has been prepared on the basis of accounting as described in Note 2.

Note 12 – Use of Estimates

The preparation of the financial statements in accordance with Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 13 – Discontinued Operations

The Miami County Transit Service and Piqua Transit Service were both funded under the Rural Transportation Program. Due to the 2000 census, the funding for the two programs now falls under the Urban Transportation Program. Under the Urban Transportation Program, only public bodies can be grantees. Consequently, the Miami County Transit Service and the Piqua Transit Service were transferred to the Miami County Commissioners and City of Piqua, respectively. The transfer of assets was effective December 31, 2003. However, to assist in the effective transfer of operations, the CAC continued to oversee the Piqua Transit Service until March 31, 2004. Consequently, some financial activity for the Transit Service still appears on the books of record through the spring of 2004.

Note 14 – Prior Period Adjustment

The prior period adjustment of \$161,009 is relating to converting the fixed assets to the proper reporting under accounting principles generally accepted in the United States of America. The fixed assets in prior years were recorded at cost rather than net book value.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Commissioners
Miami County Community Action Council
Troy, Ohio

We have audited the financial statements of the Miami County Community Action Council as of and for the year ended December 31, 2004, and have issued our report thereon dated November 18, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Miami County Community Action Council's internal control over financial reporting in order to determine our auditing procedures for expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Miami County Community Action Council's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the audit committee, management, federal awarding agencies and pass-through agencies and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditor's Report on Compliance with Requirements Applicable to Each Major Federal Program and Internal Control Over Compliance in Accordance with OMB Circular A-133

To the Board of Commissioners
Miami County Community Action Council
Troy, Ohio

Compliance

We have audited the compliance of the Miami County Community Action Council with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to its major federal program for the year ended December 31, 2004. The Miami County Community Action Council's major federal program is identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the Miami County Community Action Council's management. Our responsibility is to express an opinion on the Miami County Community Action Council's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Miami County Community Action Council's compliance with those requirements and performing such other procedures as we considered necessary under the circumstances. We believe that our audit provides a reasonable basis for my opinion. Our audit does not provide a legal determination on Miami County Community Action Council's compliance with those requirements.

In our opinion, the Miami County Community Action Council complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended December 31, 2004.

Internal Control Over Compliance

The management of the Miami County Community Action Council is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Miami County Community Action Council's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of management, federal awarding agencies and pass-through agencies and is not intended to be and should not be used by anyone other than these specified parties.
