Mary Taylor, CPA Auditor of State

Clinton Township Franklin County 3820 Cleveland Avenue Columbus, Ohio 43224

To the Board of Trustees:

As you are aware, the Auditor of State's Office (AOS) must modify the *Independent Accountants' Report* we provide on your financial statements due to an interpretation from the American Institute of Certified Public Accountants (AICPA). While AOS does not legally require your Township to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statements in accordance with GAAP. Our Report includes an adverse opinion relating to GAAP presentation and measurement requirements, but does not imply the amounts the statements present are misstated under the non-GAAP basis you follow. The AOS report also includes an opinion on the financial statements you prepared using the cash basis and financial statement format the AOS permits.

INDEPENDENT ACCOUNTANTS' REPORT

Clinton Township Franklin County 3820 Cleveland Avenue Columbus, Ohio 43224

To the Board of Trustees:

We have audited the accompanying financial statements of Clinton Township, Franklin County, (the Township) as of and for the years ended December 31, 2007 and 2006. These financial statements are the responsibility of the Township's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

As described more fully in Note 1, the Township has prepared these financial statements using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America (GAAP). Although we cannot reasonably determine the effects on the financial statements of the variances between these regulatory accounting practices and GAAP, we presume they are material.

Instead of the combined funds the accompanying financial statements present, GAAP require presenting entity wide statements and also presenting the Township's larger (i.e. major) funds separately. While the Township does not follow GAAP, generally accepted auditing standards requires us to include the following paragraph if the statements do not substantially conform to GAAP presentation requirements. The Auditor of State permits, but does not require townships to reformat their statements. The Township has elected not to follow GAAP statement formatting requirements. The following paragraph does not imply the amounts reported are materially misstated under the accounting basis the Auditor of State permits. Our opinion on the fair presentation of the amounts reported pursuant to its non-GAAP basis is in the second following paragraph.

Clinton Township Franklin County Independent Accountants' Report Page 2

In our opinion, because of the effects of the matter discussed in the preceding two paragraphs, the financial statements referred to above for the years ended December 31, 2007 and 2006 do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2007 and 2006, or its changes in financial position for the years then ended.

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of Clinton Township, Franklin County, Ohio as of December 31, 2007 and 2006, and its combined cash receipts and disbursements for the years then ended on the accounting basis Note 1 describes.

The Township has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 6, 2009 on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2007 AND 2006

1. Summary of Significant Accounting Policies

A. Description of the Entity

The constitution and laws of the State of Ohio establish the rights and privileges of the Clinton Township, Franklin County, (the Township) as a body corporate and politic. A publicly-elected three-member Board of Trustees directs the Township. The Township provides road and bridge maintenance, police protection, fire protection and emergency medical services. The Township contracts with the City of Upper Arlington to provide fire and emergency medical services to the western segment of the Township.

The Township's management believes these financial statements present all activities for which the Township is financially accountable.

B. Accounting Basis

These financial statements follow the accounting basis the Auditor of State prescribes or permits. This basis is similar to the cash receipts and disbursements accounting basis. The Township recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the Auditor of State prescribes or permits.

C. Cash and Investments

The Township's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

The Township values U.S. Treasury Notes at cost.

D. Fund Accounting

The Township uses fund accounting to segregate cash and investments that are restricted as to use. The Township classifies its funds into the following types:

1. General Fund

The General Fund reports all financial resources except those required to be accounted for in another fund.

2. Special Revenue Funds

These funds account for proceeds from specific sources (other than from private-purpose trusts or for capital projects) that are restricted to expenditure for specific purposes. The Township had the following significant Special Revenue Funds:

D. Fund Accounting (Continued)

2. Special Revenue Funds (Continued)

<u>Police District Fund</u> – This fund receives property tax money for the operation of Township police protection and enforcement.

<u>Fire District Fund</u> – The fund receives property tax money for the operation of Township fire and emergency medical services.

3. Capital Project Funds

These funds account for receipts restricted to acquiring or constructing major capital projects (except those financed through enterprise or trust funds). The Township had the following significant capital project funds:

<u>Elmore Road Project</u> - The Township received a grant from the State of Ohio to resurface Elmore Road.

<u>Ward Road Project</u> – The Township received a grant from the State of Ohio engineering and improvements to Ward Road.

E. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are carried over, and need not be re-appropriated. The Township did not encumber all commitments required by Ohio law.

A summary of 2007 and 2006 budgetary activity appears in Note 3.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2007 AND 2006 (Continued)

1. Summary of Significant Accounting Policies (Continued)

F. Property, Plant, and Equipment

The Township records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

G. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

2. Equity in Pooled Cash and Investments

The Township maintains a cash and investments pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of cash and investments at December 31 was as follows:

	2007	2006
Demand deposits	\$990,311	\$440,320
Total deposits	990,311	440,320
U.S. Treasury Securities	0	379,301
Total investments	0	379,301
Total deposits and investments	\$990,311	\$819,621

Deposits: Deposits are insured by the Federal Depository Insurance Corporation; or collateralized by the financial institution's public entity deposit pool.

Investments: The Federal Reserve holds the Township's U.S. Treasury Notes in book-entry form by, in the name of the Township's financial institution. The financial institution maintains records identifying the Township as owner of these securities.

3. Budgetary Activity

Budgetary activity for the years ending December 31, 2007 and December 31, 2006 follows:

2007 Budgeted vs. Actual Receipts					
	Budgeted	Actual			
Fund Type	Receipts	Receipts	Variance

4. Property Tax

Real property taxes become a lien on January 1 preceding the October 1 date for which the Trustees adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2007 AND 2006 (Continued)

5. Retirement Systems

The Township's certified Fire Fighters and full-time Police Officers belong to the Police and Fire Pension Fund (OP&F). Other employees belong to the Ohio Public Employees Retirement System (OPERS). OP&F and OPERS are cost-sharing, multiple-employer plans. The Ohio Revised Code prescribes these plans' benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2007 and 2006, OP&F participants contributed 10% of their wages. For 2007 and 2006, the Township contributed to OP&F an amount equal to 19.5% of full-time police members' wages and 24% of full-time fire fighters' wages, respectively. For 2007 and 2006, OPERS members contributed 9.5 and 9%, respectively, of their gross salaries and the Township contributed an amount equaling 13.85 and 13.7%, respectively, of participants' gross salaries. The Township has paid all contributions required through December 31, 2007.

6. Risk Management

The Township is exposed to various risks of property and casualty losses, and injuries to employees.

The Township insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The Township belongs to the Ohio Township Association Risk Management Authority (OTARMA), a risk-sharing pool available to Ohio townships. OTARMA provides property and casualty coverage for its members. OTARMA is a member of the American Public Entity Excess Pool (APEEP). Member governments pay annual contributions to fund OTARMA. OTARMA pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

Casualty Coverage

For an occurrence prior to January 1, 2006, OTARMA retains casualty risks up to \$250,000 per occurrence, including claim adjustment expenses. OTARMA pays a percentage of its contributions to APEEP. APEEP reinsures claims exceeding \$250,000, up to \$1,750,000 per claim and \$10,000,000 in the aggregate per year. For an occurrence on or subsequent to January 1, 2006, the Pool retains casualty risk up to \$350,000 per occurrence, including loss adjustment expenses. Claims exceeding \$350,000 are reinsured with APEEP in an amount not to exceed \$2,650,000 for each claim and \$10,000,000 in the aggregate per year. Governments can elect up to \$10,000,000 in additional coverage with the General Reinsurance Corporation, through contracts with OTARMA.

If losses exhaust OTARMA's retained earnings, APEEP provides excess of funds available coverage up to \$5,000,000 per year, subject to a per-claim limit of \$2,000,000 or \$3,000,000 as noted above.

Property Coverage

Through 2004, OTARMA retained property risks, including automobile physical damage, up to \$100,000 on any specific loss in any one occurrence. The Travelers Indemnity Company reinsured losses exceeding \$100,000 up to \$500 million per occurrence.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2007 AND 2006 (Continued)

6. Risk Management (Continued)

Beginning in 2005, Travelers reinsures specific losses exceeding \$250,000 up to \$600 million per occurrence. This amount increased to \$300,000 in 2007. For 2007, APEEP reinsures members for specific losses exceeding \$100,000 up to \$300,000 per occurrence, subject to an annual aggregate loss payment. Travelers provides aggregate stop-loss coverage based upon the combined members' total insurable values. If the stop loss is reached by payment of losses between \$100,000 and \$250,000 in 2006, or \$100,000 and \$300,000 in 2007, Travelers will reinsure specific losses exceeding \$100,000 up to their \$600 million per occurrence limit. The aggregate stop-loss limit for 2007 was \$2,014,548.

The aforementioned casualty and property reinsurance agreements do not discharge OTARMA's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

Property and casualty settlements did not exceed insurance coverage for the past three fiscal years.

Financial Position

OTARMA's financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2007 and 2006:

Combined Coverage	<u>2007</u>	<u>2006</u>
Assets	\$43,210,703	\$42,042,275
Liabilities	<u>(13,357,837)</u>	<u>(12,120,661)</u>
Retained earnings	<u>\$29,852,866</u>	<u>\$29,921,614</u>

At December 31, 2007 and 2006, respectively, casualty coverage liabilities noted above include approximately \$11.6 million and \$10.8 million of estimated incurred claims payable. The Casualty Coverage assets and retained earnings above also include approximately \$11.6 million and \$10.8 million of unpaid claims to be billed to approximately 950 member governments in the future, as of December 31, 2007 and 2006, respectively. These amounts will be included in future contributions from members when the related claims are due for payment. The Township's share of these unpaid claims collectible in future years is approximately \$91,000. This payable includes the subsequent year's contribution due if the Township terminates participation, as described in the last paragraph below.

Based on discussions with OTARMA, the expected rates OTARMA charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to OTARMA for each year of membership.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2007 AND 2006 (Continued)

6. Risk Management (Continued)

Contributions to OTARMA	
2005	\$ 54,369
2006	\$ 50,029
2007	\$ 45,503

After completing one year of membership, members may withdraw on each anniversary of the date they joined OTARMA provided they provide written notice to OTARMA 60 days in advance of the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year's budgetary contribution. Withdrawing members have no other future obligation to the pool. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Clinton Township Franklin County 3820 Cleveland Avenue Columbus, Ohio 43224

To the Township Board of Trustees:

We have audited the financial statements of the Clinton Township, Franklin County, (the Township) as of and for the years ended December 31, 2007 and 2006, and have issued our report thereon dated March 6, 2009, wherein we noted the Township followed accounting practices the Auditor of State prescribes rather than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' Government Auditing Standards.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the Township's internal control over financial reporting as a basis for designing our audit procedures for expressing our opinion on the financial statements, but not to opine on the effectiveness of the Township's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the Township's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Township's ability to initiate, authorize, record, process, or report financial data reliably in accordance with its applicable accounting basis, such that there is more than a remote likelihood that the Township's internal control will not prevent or detect a more-than-inconsequential financial statement misstatement.

Independent Accountants' Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Required by Government Auditing Standards
Page 2

We consider findings 2007-001 and 2007-002 described in the accompanying schedule of findings to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies resulting in more than a remote likelihood that the Township's internal control will not prevent or detect a material financial statement misstatement.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and accordingly, would not necessarily disclose all significant deficiencies that are also material weaknesses. We believe finding numbers 2007-001 and 2007-002 are also material weaknesses.

We also noted certain internal control matters that we reported to the Township's management in a separate letter dated March 6, 2009.

Compliance and Other Matters

As part of reasonably assuring whether the Township's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matters that we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2007-003.

We also noted certain noncompliance or other matters not requiring inclusion in this report that we reported to the Township's management in a separate letter dated March 6, 2009.

We intend this report solely for the information and use of the audit committee, management, and the Board of Trustees. We intend it for no one other than these specified parties.

SCHEDULE OF FINDINGS DECEMBER 31, 2007 AND 2006

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

Cash Reconciliations - Significant Deficiency / Material Weakness

A bank to book reconciliation should be performed monthly and reconciling items should be identified and adjusted at the time the reconciling item or error is discovered.

All reconciliations performed by the Township had entries referred to as "unknown adjustments." These unknown adjustments did not have supporting documentation and were carryover amounts from previous reconciliations. The carryover differences represented unreconciled bank to book balances. At December 31, 2007 and 2006, variances in the reconciliations were \$25,845 and \$17,415 respectively. The variances were not properly investigated or identified, nor are the amounts of the variances consistent from month to month. Failure to reconcile bank to book balances results in errors or irregularities undetected by management and may result in misguided decisions made by the Board based on inaccurate financial reports provided them.

We recommend the Township reconcile all bank accounts to the books on a timely basis. In this process all reconciling items or errors should be identified and included on the face of the reconciliation. All unreconciled balances should be researched in order to find the known source of the error. All errors should be corrected on the Township's ledgers following the completion of the reconciliation.

Financial Reporting – Significant Deficiency / Material Weakness

Sound financial reporting is the responsibility of the Township's Clerk and Board of Trustees and is essential to ensure the information provided to the readers of the financial statements is complete and accurate.

The following audit adjustments/reclassifications were made to the financial statements and, where applicable, to the Township's accounting records:

- 1. Adjustment to correct the 2006 beginning balances of funds by \$906 in the General Fund and a net amount of \$5.110 in the Special Revenue Funds.
- 2. Adjustment to recognize the appropriate amount of 2006 EMS Charges for Services of \$32,422.
- 3. Reclassification of 2007 Homestead and Rollback revenues from Advances In to Intergovernmental Receipts for \$37,689.
- 4. Adjustment to recognize 2007 Interest Receipts at related expenditures at gross by an amount of \$3,421.
- Adjustment to recognize 2007 Interest Receipts on securities not recognized for an amount of \$1.919.
- 6. Reclassification of 2007 OPWC receipts from Other Revenue to Intergovernmental Revenue for \$73,230.
- 7. Reclassification of the 2007 project match transfer from Other Revenue to Transfer In for \$25,500.
- 8. Adjustment to bring on 2007 and 2006 OPWC on-behalf payments of \$120,878 and \$187,603, respectively, in Intergovernmental Revenue and Capital Outlay Expenditures.

Physica Manuel and	0007 000 (0 (1 1)
Finding Number	2007-002 (Continued)

The following aggregated differences/reclassifications were immaterial to the overall financial statements of the Township and were not posted to the Township's financial statements.

- 1. Reclassification of 2006 General Fund revenues from Other Revenue of \$22,676 to License, Permits, and Fees Revenue of \$13,866, Investment Income Revenue of \$8,700, and Taxes of \$110; 2006 Capital Project Funds revenues from Other Revenue to Intergovernmental Revenue of \$9,129; 2007 General Fund revenues from Other Revenue to License, Permits, and Fees Revenue of \$14,138; and 2007 Special Revenue Funds revenue from Other Revenue of \$42,482 to Charges for Services Revenue of \$16,280, Sale of Assets of \$20,702, and Intergovernmental Revenue of \$5,500.
- 2. Adjustment to recognize the appropriate amount of 2007 EMS Charges for Services of \$69.830.
- 3. Adjustment to recognize Tax Revenue at gross and record Auditor and Treasurer Fees of \$5,215 and \$2,704 in 2007 and 2006 respectively.
- 4. Adjustment to recognize the appropriate amount of 2007 Interest Income of \$19,870.

Lack or failure of controls over the posting of financial transactions and financial reporting can result in errors and irregularities that may go undetected and decreases the reliability of financial data throughout the year.

We recommend the Township develop policies and procedures to enhance its controls over recording of financial transactions and financial reporting to help ensure the information accurately reflects the activity of the Township and thereby increasing the reliability of the financial data throughout the year. We also recommend the Township implement additional procedures over the completeness and accuracy of financial information reported within the Township's annual report. Such procedures may include review of the financial statements and related components by a member of management with analytical comparisons of the current year annual report to the prior year reports for obvious errors or omissions.

Certification of Funds – Material Noncompliance

Ohio Rev. Code Section 5705.41(D) prohibits a subdivision or taxing entity (the Township) from making any contract or ordering any expenditure of money unless a certificate signed by the fiscal officer is attached thereto. The fiscal officer must certify that the amount required to meet any such contract or expenditure has been lawfully appropriated and is in the treasury, or is in the process of collection to the credit of an appropriate fund free from any previous encumbrance.

There are several exceptions to the standard requirement stated above that a fiscal officer's certificate must be obtained prior to a subdivision or taxing authority entering into a contract or order involving the expenditure of money. The main exceptions are: "then and now" certificates, blanket certificates, and super blanket certificates, which are provided for in sections 5705.41(D)(1) and 5705.41(D)(3), respectively, of the Ohio Revised Code.

SCHEDULE OF FINDINGS DECEMBER 31, 2007 AND 2006 (Continued)

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS (Continued)

Finding Number

2007-003 (Continued)

1. "Then and Now" certificate – If the fiscal officer can certify that both at the time that the contract or order was made ("then"), and at the time that the fiscal officer is completing the certification ("now"), that sufficient funds were available or in the process of collection, to the credit of a proper fund, properly appropriated and free from any previous encumbrance, the Township can authorize the drawing of a warrant for the payment of the amount due. The Township has thirty days from the receipt of the "then and now" certificate to approve payment by ordinance or resolution.

Amounts of less than \$3,000 may be paid by the fiscal officer without a resolution or ordinance upon completion of the "then and now" certificate, provided that the expenditure is otherwise lawful. This does not eliminate any otherwise applicable requirement for approval of expenditures by the Township.

- **2. Blanket certificate** Fiscal officers may prepare "blanket" certificates against any specific line item account not extending beyond the current year. The blanket certificates may, but need not, be limited to a specific vendor. Only one blanket certificate may be outstanding at one particular time for any one particular line item appropriation.
- **3. Super Blanket certificate** The Township may also make expenditures and contracts for any amount from a specific line-item appropriation account in a specified fund upon certification of the fiscal officer for most professional services, fuel, oil, food items, and any other specific recurring and reasonably predictable operating expense. This certification is not to extend beyond the current year. More than one super blanket certificate may be outstanding at a particular time for any one line item appropriation.

The Township did not properly certify the availability of funds prior to the purchase commitment for 22 percent of the transactions tested and there was no evidence that the Township followed the aforementioned exceptions. Failure to properly certify the availability of funds can result in overspending and negative cash fund balances.

Unless the exceptions noted above are used, prior certification is not only required by statute but is a key control in the disbursement process to assure that purchase commitments receive prior approval. To improve controls over disbursements and to help reduce the possibility of the Township's funds exceeding budgetary spending limitations, the Township Finance Director should certify that the funds are or will be available prior to the obligation by the Township. When prior certification is not possible, "then and now" certification should be used.

The Township should certify purchases to which section 5705.41(D) applies. The most convenient certification method is to use purchase orders that include the certification language 5705.41(D) requires to authorize disbursements. The Finance Director should sign the certification at the time the Township incurs a commitment, and only when the requirements of 5705.41(D) are satisfied. The Finance Director should post approved purchase commitments to the proper appropriation code, to reduce the available appropriation.
