Auditor of State

Board of Trustees  
Green Township  
2822 Township Road 749  
Loudonville, Ohio 44842

We have reviewed the *Report of Independent Accountants* of Green Township, Ashland County, prepared by Charles E. Harris & Associates, Inc., for the audit period January 1, 2008 through December 31, 2008. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Green Township is responsible for compliance with these laws and regulations.

## **REPORT OF INDEPENDENT ACCOUNTANTS**

Green Township  
Ashland County  
2822 Twp. Rd. 749  
Loudonville, OH 44842

To the Board of Trustees:

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Green Township, Ashland County, Ohio, (the Township), as of and for the year ended December 31, 2008, which collectively comprise the Township's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Township's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 2, the accompanying financial statements and notes follow the modified cash accounting basis. This is a comprehensive accounting basis other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, each major fund and the aggregate remaining fund information of Green Township, Ashland County as of December 31, 2008, and the respective changes in modified cash basis financial position and the budgetary comparison for the General Fund, Gasoline Fund, and Road and Bridge Fund for the year then ended in conformity with the accounting basis Note 2 describes.

Management's Discussion and Analysis is not a required part of the basic financial statements, but is supplementary information the Governmental Accounting Standards Board requires. We have applied certain limited procedures, which consisted principally on inquires of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued a report dated June 22, 2009 on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants and other matters. That report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. It does not opine on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

***Charles E. Harris & Associates, Inc.***

June 22, 2009

Green Township, Ashland County, Ohio  
Management's Discussion and Analysis  
For the Year Ended December 31, 2008  
Unaudited

---

This discussion and analysis of Green Township's (the Township) financial performance provides an overall review of the Township's financial activities for the year ended December 31, 2008, within the limitations of the Township's modified cash basis accounting. Readers should also review the basic financial statements and notes to enhance their understanding of the Township's financial performance.

### **Highlights**

Key highlights for 2008 are as follows:

Net assets of governmental activities increased \$50,954 or 14 percent, a moderate change from the prior year. The fund most affected by the increase was the General Fund which received an estate tax settlement.

The Township's general receipts are primarily property taxes. These receipts represent 68 percent of the total cash received for Governmental activities during the year. Property tax receipts for 2008 changed a little compared to 2007 as development within the Township has slowed.

The Township is no longer receiving monies from the Green-Perrysville Fire Levy due to a Joint Fire District that has been formed.

### **Using the Basic Financial Statements**

This annual report is presented in a format consistent with the presentation requirements of Governmental Accounting Standards Board Statement No. 34, as applicable to the Township's modified cash basis of accounting.

#### **Report Components**

The statement of net assets and the statement of activities provide information about the cash activities of the Township as a whole.

Fund financial statements provide a greater level of detail. Funds are created and maintained on the financial records of the Township as a way to segregate money whose use is restricted to a particular specified purpose. These statements present financial information by fund, presenting funds with the largest balances or most activity in separate columns.

The notes to the financial statements are an integral part of the government-wide and fund financial statements and provide expanded explanation and detail regarding the information reported in the statements.

#### **Basis of Accounting**

The basis of accounting is a set of guidelines that determine when financial events are recorded. The Township has elected to present its financial statements on a modified cash basis of accounting. This basis of accounting is a basis of accounting other than generally accepted accounting principles. Under the Township's modified cash basis of accounting, receipts and disbursements are recorded when cash is received or paid.

As a result of using the modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable) and certain liabilities and their related expenses (such as accounts

Green Township, Ashland County, Ohio  
Management's Discussion and Analysis  
For the Year Ended December 31, 2008  
Unaudited

---

payable) are not recorded in the financial statements. Therefore, when reviewing the financial information and discussion within this report, the reader must keep in mind the limitations resulting from the use of the modified cash basis of accounting.

### **Reporting the Township as a Whole**

The statement of net assets and the statement of activities reflect how the Township did financially during 2008, within the limitations of modified cash basis accounting. The statement of net assets presents the cash balances and investments at year end. The statement of activities compares cash disbursements with program receipts for each Governmental area. Program receipts include charges paid by the recipient of the program's goods or services and grants and contributions restricted to meeting the operational or capital requirements of a particular program. General receipts are all receipts not classified as program receipts. The comparison of cash disbursements with program receipts identifies how each Governmental function draws from the Township's general receipts.

These statements report the Township's cash position and the changes in cash position. Keeping in mind the limitations of the modified cash basis of accounting, you can think of these changes as one way to measure the Township's financial health. Over time, increases or decreases in the Township's cash position is one indicator of whether the Township's financial health is improving or deteriorating. When evaluating the Township's financial condition, you should also consider other nonfinancial factors as well such as the Township's property tax base, the condition of the Township's capital assets and infrastructure, the extent of the Township's debt obligations, the reliance on non-local financial resources for operations and the need for continued growth in the major local revenue sources such as property taxes.

In the Statement of Net Assets and the Statement of Activities presents Governmental activities, which includes all of the Township's services. The Township has no business-type activities.

Governmental activities - All of the Township's basic services are reported here, including police, fire, streets and parks. State and federal grants and income and property taxes finance most of these activities. Benefits provided through Governmental activities are not necessarily paid for by the people receiving them.

### **Reporting the Township's Most Significant Funds**

Fund financial statements provide detailed information about the Township's major funds – not the Township as a whole. The Township establishes separate funds to better manage its many activities and to help demonstrate that money that is restricted as to how it may be used is being spent for the intended purpose. The funds of the Township only consist of Governmental Funds.

Governmental Funds - All of the Township's activities are reported in Governmental funds. The Governmental fund financial statements provide a detailed view of the Township's Governmental operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent to finance the Township's programs. The Township's significant Governmental funds are presented on the financial statements in separate columns. The information for nonmajor funds (funds whose activity or balances are not large enough to warrant separate reporting) is combined and presented in total in a single column. The Township's major governmental funds are as follows: General Fund, Gasoline Tax Fund, Road and Bridge Fund, Fire Station Bond Retirement Fund and Dump Truck Fund. The programs reported in Governmental funds are closely related to those reported in the Governmental activities section of the entity-wide statements.

**The Township as a Whole**

Table 1 provides a summary of the Government's net assets for 2008 compared to 2007 on a modified cash basis:

(Table 1)

**Net Assets**

	Governmental Activities	
	2008	2007
<b>Assets</b>		
Cash and Cash Equivalents	\$410,595	\$359,641
Investments	1,250	1,250
<b>Total Assets</b>	<b>\$411,845</b>	<b>\$360,891</b>
 <b>Net Assets</b>		
Restricted for:		
Debt Service	\$79,145	\$99,650
Capital Projects	55,017	55,017
Other Purposes	170,205	164,776
Unrestricted	107,478	41,448
<b>Total Net Assets</b>	<b>\$411,845</b>	<b>\$360,891</b>

As mentioned previously, net assets of governmental activities increased \$ 50,954 or 14 percent during 2008. The primary reason contributing to the increases is the substantial amount of estate tax received in 2008.

Green Township, Ashland County, Ohio

Principal Retirement	45,000	45,000
Interest and Fiscal Charges	15,450	18,050
Total Disbursements	416,775	489,594
Increase (Decrease) in Net Assets	50,954	(2,771)
Net Assets, January 1, 2008	360,891	363,662
Net Assets, December 31, 2008	\$411,845	\$360,891

Green Township, Ashland County, Ohio  
Management's Discussion and Analysis  
For the Year Ended December 31, 2008  
Unaudited

---

Program receipts represent only 23 percent of total receipts and are primarily comprised of restricted intergovernmental receipts such as motor vehicle license and gas tax money.

General receipts represent 77 percent of the Government's total receipts, and of this amount, over 73 percent are local taxes. State and federal grants and entitlements make up the balance of the Government's general receipts (24 percent). Other receipts are very insignificant and somewhat unpredictable revenue sources.

Disbursements for General Government represent the overhead costs of running the Township. The majority of these expenses relate to costs associated with the general administrative needs of the Township, including costs associated with payroll and benefits.

Security of Persons and Property are the costs associated with fire protection and related services in the form of Special Revenue fire protection levies. Public Health Services is the health department; the upkeep and maintenance of County Line and Bethesda Cemeteries, also care of Greenlawn-Union Cemetery in the form of Special Revenue cemetery levies. Public Works is the cost of maintaining the roads. Principal Retirement and Interest and Fiscal Charges are for administrative fees and repayment of principal and interest for the Fire Station Bond Retirement Fund project (construction of the Green-Perrysville Fire District fire station approved by the voters in 1992.)

### **Governmental Activities**

If you look at the Statement of Activities on page 11, you will see that the first column lists the major services provided by the Township. The next column identifies the costs of providing these services. The major program disbursements for governmental activities are for Transportation and General Government, which account for 49 and 27 percent of all governmental disbursements, respectively. Security of Persons and Property also represents a cost of about 4 percent. The next two columns of the Statement entitled Program Receipts identify amounts paid by people who are directly charged for the service and grants received by the Government that must be used to provide a specific service. The net Receipt (Disbursement) column compares the program receipts to the cost of the service. This "net cost" amount represents the cost of the service which ends up being paid from money provided by local taxpayers. These net costs are paid from the general receipts which are presented at the bottom of the Statement. A comparison between the total cost of services and the net cost is presented in Table 3.

Green Township, Ashland County, Ohio  
Management's Discussion and Analysis  
For the Year Ended December 31, 2008  
Unaudited

(Table 3)

**Governmental Activities**

	Total Cost of Services 2008	Net Cost of Services 2008	Total Cost of Services 2007	Net Cost of Services 2007
General Government	\$111,149	(\$111,149)	\$130,693	(\$130,693)
Security of Persons and Property	\$16,254	(\$16,254)	\$74,795	(\$74,795)
Public Health Services	24,308	(24,308)	23,023	(23,023)
Public Works	204,614	(98,107)	198,033	(87,303)
Principal Retirement	45,000	(45,000)	45,000	(45,000)
Interest and Fiscal Charges	15,450	(15,450)	18,050	(18,050)
Other	-	2,725	-	2,525
<b>Total Expenses</b>	<b>\$416,775</b>	<b>(\$307,543)</b>	<b>\$489,594</b>	<b>(\$376,339)</b>

The dependence upon property and income tax receipts is apparent as over 77 percent of governmental activities are supported through these general receipts.

**The Township's Funds**

Total governmental funds had receipts of \$467,729 and disbursements of \$416,775. The greatest change within governmental funds occurred within the General Fund. The fund balance of the General Fund increased \$66,030 as a result of more than expected estate taxes received.

Road and Bridge Fund receipts were less than disbursements by \$19,360 indicating that the Road and Bridge Fund could be in a deficit spending situation. However, the carryover balance in the Road and Bridge Fund should be sufficient.

**Budgeting Highlights**

The Government's budget is prepared according to Ohio law and is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During 2008, the Township amended its General Fund budget several times to reflect changing circumstances. Final budgeted receipts were above original budgeted receipts. This was due to a substantially large amount of estate tax for \$60,889.

Final disbursements for all funds were budgeted at \$815,473 while actual disbursements were \$416,775. A significant amount of the difference is the fact there is "excess" money in the Fire Station Bond Retirement Fund as collected by the County Auditor to be held in safekeeping by the Township until needed. Additionally, the Township also has a large amount of money in the Dump Truck Fund, until this special reserve account has accumulated enough money to make the dump truck purchase which will be at the beginning of 2009.

### **Capital Assets and Debt Administration**

#### **Capital Assets**

The Township has chosen not to report capital assets.

#### **Debt**

At December 31, 2008, the Government's outstanding debt included \$160,000 in general obligation bonds issued for the construction of the Green-Perrysville Joint Fire District fire station building. For further information regarding the Township's debt, refer to Note 9 to the basic financial statements.

### **Current Issues**

The challenge for all Governments is to provide quality services to the public while staying within the restrictions imposed by limited, and in some cases shrinking, funding. We rely heavily on local taxes and have very little industry to support the tax base.

### **Contacting the Township's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the Township's finances and to reflect the Township's accountability for the monies it receives. Questions concerning any of the information in this report or requests for additional information should be directed to Andi Purcell, Fiscal Officer of Green Township, Ashland County, Ohio.

**Note 1 – Reporting Entity**

The Green Township, Ashland County, Ohio (the Township), is a body politic and corporate to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Township is directed by a publicly elected three-member Board of Trustees. The Township also has an elected Township Fiscal Officer.

The reporting entity is comprised of the primary government.

**A. Primary Government**

The primary government consists of all funds, departments, boards and agencies that are not legally separate from the Township. The Township provides general government services, maintenance of Township roads and bridges, and cemetery maintenance. The Township contracts with the Village of Perrysville and the Village of Loudonville for fire protection. Police protection is provided by the Ashland County Sheriff.

**B. Component Units**

Component units are legally separate organizations for which the Township is financially accountable. The Township is financially accountable for an organization if the Township appoints a voting majority of the organization's governing board and (1) the Township is able to significantly influence the programs or services performed or provided by the organization; or (2) the Township is legally entitled to or can otherwise access the organization's resources; the Township is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide support to, the organization; or the Township is obligated for the debt of the organization. The Township is also financially accountable for any organizations that are fiscally dependent on the Township in that the Township approves their budget, the issuance of their debt or the levying of their taxes. Component units also include legally separate, tax-exempt entities whose resources are for the direct benefit of the Township, are accessible to the Township and are significant in amount to the Township. The Township has no component units.

**Note 2 – Summary of Significant Accounting Policies**

As discussed further in Note 2.C, these financial statements are presented on a *modified* cash basis of accounting. This *modified* cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the *modified* cash basis of accounting. In the government-wide financial statements, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied, to the extent they are applicable to the *modified* cash basis of accounting, unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails. The Township does not apply FASB statements issued after November 30, 1989, to its government-wide statements. Following are the more significant of the Township's accounting policies.

**A. Basis of Presentation**

The Township's basic financial statements consist of government-wide financial statements, including a Statement of Net Assets and a Statement of Activities, and fund financial statements which provide a more detailed level of financial information.

**Note 2 – Summary of Significant Accounting Policies** (continued)

Government-Wide Financial Statements

The statement of net assets and the statement of activities display information about the Township as a whole. These statements include the financial activities of the primary government. All activities of the Township are Governmental activities. Governmental activities generally are financed through taxes, intergovernmental receipts or other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. The Township does not currently have any business-type activities.

The Statement of Net Assets presents the cash and investment balances of the Governmental activities of the Township at year end. The statement of activities compares disbursements with program receipts for each of the Township's governmental activities. Disbursements are reported by function. A function is a group of related activities designed to accomplish a major service or regulatory program for which the Township is responsible. Program receipts include charges paid by the recipient of the program's goods or services, grants and contributions restricted to meeting the operational or capital requirements of a particular program and receipts of interest earned on grants that is required to be used to support a particular program. General receipts are all receipts not classified as program receipts, with certain limited exceptions. The comparison of direct disbursements with program receipts identifies the extent to which each governmental function is self-financing on a *modified* cash basis or draws from the Township's general receipts.

Fund Financial Statements

During the year, the Township segregates transactions related to certain Township functions or activities in separate funds to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Township at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

B. Fund Accounting

The Township uses fund accounting to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Funds are used to segregate resources that are restricted as to use. All of the Township's funds are categorized as Governmental.

Governmental Funds

The Township classifies funds financed primarily from taxes, intergovernmental receipts (e.g. grants), and other nonexchange transactions as governmental funds. The Township's major governmental funds are the General Fund, Gasoline Tax Fund, Road and Bridge Fund, Fire Station Bond Retirement Fund, and Dump Truck Fund. The General Fund is used to account for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the Township for any purpose provided it is expended or transferred according to the general laws of Ohio.

The other governmental funds of the Township account for grants and other resources whose use is restricted to a particular purpose.

C. Basis of Accounting

The Township's financial statements are prepared using the *modified* cash basis of accounting. Except for modifications having substantial support, receipts are recorded in the Township's financial records and reported in the financial statements when cash is received rather than when earned and disbursements are recorded when cash is paid rather than when a liability is incurred. Any such modifications made by the Township are described in the appropriate section in this note.

**Note 2 – Summary of Significant Accounting Policies** (continued)

As a result of the use of this *modified* cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued liabilities and the related expenses) are not recorded in these financial statements.

D. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the Township may appropriate.

The appropriation resolution is the Township's authorization to spend resources and sets limits on disbursements plus encumbrances at the level of control selected by the Township. The legal level of control has been established at the object level for all funds.

The certificate of estimated resources may be amended during the year if projected increases or decreases in receipts are identified by the Township Fiscal Officer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time final appropriations were passed by the Township.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Township during the year.

E. Cash and Investments

Township records identify the purchase of specific investments by specific funds.

To improve cash management, cash received by the Township is pooled and invested. Individual fund integrity is maintained through Township records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

Investments with an original maturity of three months or less at the time of purchase and investments of the cash management pool are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

Investments are reported as assets. Accordingly, purchases of investments are not recorded as disbursements, and sales of investments are not recorded as receipts. Gains or losses at the time of sale are recorded as receipts or negative receipts, respectively.

During 2008, the Township invested in nonnegotiable certificates of deposit, U.S. Treasury Bills and STAR Ohio. The nonnegotiable certificates of deposit and the U.S. Treasury Bills are reported at cost.

STAR Ohio is an investment pool, managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940.

**Note 2 – Summary of Significant Accounting Policies** (continued)

Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on December 31, 2008.

Interest earnings are allocated to Township funds according to State statutes, grant requirements, or debt related restrictions. Interest receipts credited to the General Fund during 2008 was \$6,207 which includes \$4,638 assigned from other Township funds.

**F. Restricted Assets**

Cash, cash equivalents and investments are reported as restricted when limitations on their use change the nature or normal understanding of their use. Such constraints are either imposed by creditors, contributors, grantors, or laws of other governments, or imposed by law through constitutional provisions or enabling legislation. The Township did not have any restricted assets.

**G. Inventory and Prepaid Items**

The Township reports disbursements for inventories and prepaid items when paid. These items are not reflected as assets in the accompanying financial statements.

**H. Capital Assets**

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets in the accompanying financial statements.

**I. Accumulated Leave**

In certain circumstances, such as upon leaving employment or retirement, employees are entitled to cash payments for unused leave. Unpaid leave is not reflected as a liability under the Township's *modified* cash basis of accounting.

**J. Employer Contributions to Cost-Sharing Pension Plans**

The Township recognizes the disbursement for employer contributions to cost-sharing pension plans when they are paid. As described in Notes 7 and 8, the employer contributions include portions for pension benefits and for postretirement health care benefits.

**K. Long-Term Obligations**

The Township's *modified* cash basis financial statements do not report liabilities for bonds or other long-term obligations. Proceeds of debt are reported when the cash is received and principal and interest payments are reported when paid.

**L. Net Assets**

Net assets are reported as restricted when there are limitations imposed on their use either through enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The Township's policy is to first apply restricted resources when an obligation is incurred for purposes for which both restricted and unrestricted net assets are available.

**M. Fund Balance Reserves**

The Township reserves any portion of fund balances which is not available for appropriation or which is legally segregated for a specific future use. Unreserved fund balance indicates that portion of fund balance which is available for appropriation in future periods. Fund balance reserves have been established for encumbrances.

**Note 2 – Summary of Significant Accounting Policies** (continued)

**N. Interfund Transactions**

Exchange transactions between funds are reported as receipts in the seller funds and as disbursements in the purchaser funds. Subsidies from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular disbursements to the funds that initially paid for them are not presented in the financial statements.

**Note 3 – Budgetary Basis of Accounting**

The budgetary basis as provided by law is based upon accounting for certain transactions on the basis of cash receipts, disbursements, and encumbrances. The Statement of Receipts, Disbursements and Changes in Fund Balance – Budget and Actual – Budgetary Basis presented for major funds are prepared on the budgetary basis to provide a meaningful comparison of actual results with the budget. The difference between the budgetary basis and the *modified* cash basis is outstanding year end encumbrances are treated as disbursements (budgetary basis) rather than as a reservation of fund balance (*modified* cash basis). The encumbrances outstanding at year end (budgetary basis) amounted to \$55,955 for the general fund and \$20,482 for Road and Bridge Fund.

**Note 4 – Deposits and Investments**

Monies held by the Township are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the Township treasury. Active monies must be maintained either as cash in the Township treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Trustees have identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the Township can be deposited or invested in the following securities:

1. United States Treasury bills
2. Certificates of deposit
3. The State Treasurer's investment pool (STAR Ohio).

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the Township, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions.

**Note 4 - Deposits and Investments** (continued)

At year end, the Township did not have undeposited cash on hand.

Deposits

Custodial credit risk is the risk that in the event of bank failure, the Township will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, \$97,684 of the Township's bank balance of \$197,684 was exposed to custodial credit risk because those deposits were uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the Township's name.

The Township has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the Township or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

Investments

As of December 31, 2008, the Township had the following investments:

	Carrying Value	Maturity
STAR Ohio	212,911	Average
Total Portfolio	\$ 212,911	

Interest rate risk arises because the fair value of investments changes as interest rates change. The Township's investment policy addresses interest rate risk by requiring that the Township's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments, thereby avoiding that need to sell securities on the open market prior to maturity, and by investing operating funds primarily in short-term investments.

STAR Ohio carries a rating of AAAM by Standard and Poor's. The Township's investment policy is limited to requiring compliance with state statutes. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service and that the money market fund be rated in the highest category at the time of purchase by at least one nationally recognized standard rating service.

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Township will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Township has no investment policy dealing with investment custodial risk beyond the requirements in ORC 135.14(M)(2) which states, "Payment for investments shall be made only upon the delivery of securities representing such investments to the treasurer, investing authority, or qualified trustee. If the securities transferred are not represented by a certificate, payment shall be made only upon receipt of confirmation of transfer from the custodian by the treasurer, governing board, or qualified trustee."

**Note 5 – Property Taxes**

Property taxes include amounts levied against all real property, public utility property, and tangible personal property located in the Township. Property tax receipts received in 2008 for real and public utility property taxes represents collections of the 2007 taxes. Property tax payments received during 2008 for tangible personal property (other than public utility property) is for 2008 taxes.

2008 real property taxes are levied after October 1, 2008 on the assessed values as of January 1, 2008, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. 2008 real property taxes are collected in and intended to finance 2009 operations.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility tangible personal property is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2008 public utility property taxes which became a lien on December 31, 2007, are levied after October 1, 2008, and are collected in 2009 with real property taxes.

2008 tangible property taxes are levied after October 1, 2007, on the value as of December 31, 2007. Collections are made in 2008. Tangible personal property assessments are being phased out – the assessment percentage for all property including inventory for 2007 is 12.5 percent. This will be reduced to 6.25 percent for 2008, and zero for 2009. Payments by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 3, with the remainder due September 20.

The full tax rate for all Township operations for the year ended December 31, 2008, was \$5.80 per \$1,000 of assessed value. The assessed values of real and personal property upon which 2008 property tax receipts were based are as follows:

Real Property	\$ 89,526,830
Public Utility Property	18,479,070
Tangible Personal Property	3,750,590
Total Assessed Values	\$ 111,756,490

The County Treasurer collects property taxes on behalf of all taxing districts in the county, including the Township. The County Auditor periodically remits to the Township its portion of the taxes collected.

**Note 6 – Risk Management**

The Township is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During 2008, the Township contracted with one insurance company for insurance coverage. Coverage provided is as follows:

Company	Type of Coverage	Amount of Coverage
Whitaker Myers Insurance Company	Commercial Property	\$ 1,135,655
	General Liability	2,000,000
	Commercial Crime	5,000
	Inland Marine	199,477
	Vehicle	132,815
	Public Officials	2,000,000

**Note 6 – Risk Management** (continued)

Settled claims have not exceeded coverage in any of the last three years and there was no significant reduction in coverage from the prior year.

The Township pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs. The System administers and pays all claims.

The Township has a policy whereby elected officials and employees can be reimbursed for privately obtained health insurance for themselves and their immediate family members. A copy of this entire policy is on file with the Township Fiscal Officer.

**Note 7 – Defined Benefit Pension Plan**

Plan Description - The Township participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the member-directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member-directed plan. While members in the State and local divisions may participate in all three plans, law enforcement (generally sheriffs, deputy sheriffs and township police) and public safety divisions exist only in the traditional plans.

OPERS provides retirement, disability, survivor and death benefits and annual cost-of-living adjustments to members of the traditional and combined plans. Members of the member-directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by writing to OPERS, 277 East Town Street, Columbus, OH 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

Funding Policy – The Ohio Revised Code provides statutory authority for member and employer contributions. For the year ended December 31, 2008, members in state and local classifications contributed 14 percent of covered payroll and public safety members contributed 17.4 percent.

The Township's contribution rate for 2008 was 14 percent of covered payroll. For 2008, a portion of the Township's contribution equal to 7 percent of covered payroll was allocated to fund the postemployment healthcare plan. Employer contribution rates are actuarially determined. State statute sets a maximum contribution rate for the Township of 14 percent, except for public safety and law enforcement, where the maximum employer contribution rate is 18.1 percent.

The Township's required contributions for pension obligations to the traditional and combined plans for the years ended December 31, 2008, 2007, and 2006 were \$16,223, \$15,779, and \$15,243 respectively. The full amount has been contributed for 2008, 2007 and 2006.

**Note 8 - Postemployment Benefits**

**A. Ohio Public Employees Retirement System**

Plan Description - OPERS maintains a cost-sharing multiple-employer defined benefit postemployment healthcare plan for qualifying members of both the traditional and combined pension plans. Members of the member-directed plan do not qualify for ancillary benefits, including postemployment healthcare. The plan includes a medical plan, a prescription drug program and Medicare Part B premium reimbursement.

To qualify for postemployment healthcare coverage, age and service retirees under the traditional and combined plans must have ten years or more of qualifying Ohio service credit. Healthcare coverage for disability benefit recipients and qualified survivor benefit recipients is available. The Ohio Revised code permits, but does not require, OPERS to provide healthcare benefits to eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the healthcare plan are provided separately in the OPERS financial report which may be obtained by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or (800) 222 – 7377.

Funding Policy – The postemployment healthcare plan was established under, and is administered in accordance with, Internal Revenue Code 401 (h). State statute requires that public employers fund postemployment healthcare through contributions to OPERS. A portion of each employer's contribution to the traditional or combined plans is set aside for the funding of postemployment healthcare.

Employer contribution rates are expressed as a percentage of the covered payroll of active employees. In 2008, local government employers contributed 14 percent of covered payroll (18.1 percent for public safety and law enforcement). Each year, The OPERS retirement board determines the portion of the employer contribution that will be set aside for funding postemployment healthcare benefits. The amount of the employer contributions which was allocated to fund postemployment healthcare was 7 percent of covered payroll from January 1 through December 31, 2008.

The retirement board is also authorized to establish rules for the payment of a portion of the healthcare benefits by the retiree or retiree's surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and selected coverage.

The Township's contributions allocated to fund postemployment healthcare benefits for the years ended December 31, 2008, 2007, and 2006 were \$8,112, \$7,890, and \$7,622 respectively; 100 percent has been contributed for 2008, 2007 and 2006.

On September 9, 2004, the OPERS Retirement Board adopted a Health Care Preservation Plan (HCPP) which was effective January 1, 2007. Member and employer contribution rates increased as of January 1, 2006, January 1, 2007, and January 1, 2008, which allowed additional funds to be allocated to the healthcare plan.

Green Township, Ashland County, Ohio  
Notes to the Financial Statements  
For the Year Ended December 31, 2008

---

**Note 9 – Debt**

The Township’s long-term debt activity for the year ended December 31, 2008, was as follows:

	Interest Rate	Balance December 31, 2007	Additions	Reductions	Balance December 31, 2008	Due Within One Year
<b><u>Governmental Activities</u></b>						
General Obligation Bonds						
1992 Issue (\$580,000)	7%	\$ 205,000	\$ 0	\$ 45,000	\$ 160,000	\$ 50,000

The general obligation bonds are supported by the full faith and credit of the Township and are payable from unvoted property tax receipts to the extent that other resources are not available to meet annual principal and interest payments.

The following is a summary of the Township’s future annual debt service requirements:

Year	G.O. Bonds	
	Principal	Interest
2009	\$50,000	\$11,200
2010	55,000	7,700
2011	55,000	3,850
Totals	\$160,000	\$22,750

The Ohio Revised Code provides that net general obligation debt of the Township, exclusive of certain exempt debt, issued without a vote of the electors shall never exceed 5.5 percent of the tax valuation of the Township. The Revised Code further provides that total voted and unvoted net debt of the Township less the same exempt debt shall never exceed amount equal to 10.5 percent of its tax valuation.

**Note 10 – Interfund Transfers**

During 2008 the Township did not make any Interfund Transfers.

**Note 11 – Contingent Liabilities**

Amounts grantor agencies pay to the Township are subject to audit and adjustment by the grantor, principally the federal government. Grantors may require refunding any disallowed costs. Management cannot presently determine amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial.

**Note 12 – Related Organizations**

Green Township has one Trustee designated as a board member for the Greenlawn-Union Cemetery. The Township is not financially accountable to this cemetery board, other than serving as the taxing authority for the purpose of placing operating/maintenance levies on the ballot for voter consideration.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

Green Township  
Ashland County  
2822 Twp. Rd. 749  
Loudonville, OH 44842

To the Board of Trustees:

We have audited the governmental activities, each major fund and the aggregate remaining fund information of Green Township, Ashland County Ohio (Township) as of and for the year ended December 31, 2008 and have issued our report thereon dated June 22, 2009, wherein we noted the Township followed the modified cash basis of accounting rather than generally accepted accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Controls Over Financial Reporting**

In planning and performing our audit, we considered the Township's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Township's ability to initiate, authorize, record, process, or report financial data reliably in accordance the modified cash basis of accounting such that there is more than a remote likelihood that a misstatement of the Township's financial statements that is more than inconsequential will not be prevented or detected by the Township's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Township's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Township's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, grants agreements and other matters, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we have reported to management of the Township in a separate letter dated June 22, 2009.

This report is intended for the information and use of management and the Board of Trustees and is not intended to be and should not be used by anyone other than these specified parties.
