We have reviewed the *Independent Auditor's Report* of the Village of Scott, Van Wert County, prepared by Caudill & Associates, CPA's, for the audit period January 1, 2007 through December 31, 2008. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

The financial statements in the attached report are presented in accordance with a regulatory basis of accounting prescribed or permitted by the Auditor of State. Due to a February 2, 2005 interpretation from the American Institute of Certified Public Accountants (AICPA), modifications were required to the *Independent Auditor's Report* on your financial statements. While the Auditor of State does not legally require your government to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statements in accordance with GAAP. The attached report includes an opinion relating to GAAP presentation and measurement requirements, but does not imply the statements are misstated under the non-GAAP regulatory basis. The *Independent Auditor's Report* also includes an opinion on the financial statements using the regulatory format the Auditor of State permits.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Village of Scott is responsible for compliance with these laws and regulations.

Independent Auditor's Report

Members of Council
Village of Scott
Van Wert/Paulding County
P.O. Box 155
Scott, Ohio 45886

We have audited the accompanying financial statements of the Village of Scott (The Village), Van Wert/Paulding County, Ohio, as of and for the years ended December 31, 2008 and 2007. These financial statements are the responsibility of the Village's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described more fully in Note 1, the Village has prepared these financial statements using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America (GAAP). Although we cannot reasonably determine the effects on the financial statements of the variances between these regulatory accounting practices and GAAP, we presume they are material.

Revisions to GAAP would require the Village to reformat its financial statement presentation and make other changes effective for the years ended December 31, 2008 and 2007. Instead of the combined funds the accompanying financial statements present for 2008 and 2007, the revisions require presenting entity wide statements and also presenting its larger (i.e. major) funds separately for 2008 and 2007. While the Village does not follow GAAP, generally accepted auditing standards requires us to include the following paragraph if the statements do not substantially conform to the new GAAP presentation requirements. The Auditor of State permits, but does not require governments to reformat their statements. The Village has elected not to reformat its statements. Since this Village does not use GAAP to measure financial statement amounts, the following paragraph does not imply the amounts reported are materially misstated under the accounting basis the Auditor of State permits. Our opinion on the fair presentation of the amounts reported pursuant to its non-GAAP basis is in the second following paragraph.

In our opinion, because of the effects of the matter discussed in the preceding two paragraphs, the financial statements referred to above for the years ended December 31, 2008 and 2007, do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Village as of December 31, 2008 and 2007, or its changes in financial position for the years then ended.

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of the Village as of the December 31, 2008 and 2007, and its combined cash receipts and disbursements for the years then ended on the accounting basis Note 1 describes.

The aforementioned revision to generally accepted accounting principles also requires the Village to include Management's Discussion and Analysis for the years ended December 31, 2008 and 2007. The Village has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 15, 2009, on our consideration of the Village's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

**VILLAGE OF SCOTT
VAN WERT/ PAULDING COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2008 AND 2007**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The constitution and laws of the State of Ohio establish the rights and privileges of the Village of Scott, Van Wert/Paulding County, (the Village), as a body corporate and politic. A publicly-elected six-member Council governs the Village. The Village provides street lighting and street maintenance and repair, park operations (leisure time activities), fire protection services, and police services.

The Village's management believes these financial statements present all activities for which the Village is financially accountable.

B. Basis of Accounting

These financial statements follow the accounting basis the Auditor of State prescribes or permits. This basis is similar to the cash receipts and disbursements accounting basis. This basis recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved). These statements adequately disclose material matters the Auditor of State prescribes.

C. Cash and Investments

The Village's accounting basis includes investments as assets. This basis does not report disbursements for investment purchases or receipts for investment sales. The Village reports gains or losses at the time of sale as receipts or disbursements, respectively.

Money market mutual funds (including STAR Ohio) are recorded at share values the mutual fund reports.

D. Fund Accounting

The Village uses fund accounting to segregate cash and investments that are restricted as to use. The Village classifies its funds into the following types:

1. General Fund

The General Fund reports all financial resources except those required to be accounted for in another fund.

2. Special Revenue Funds

These funds account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The Village had the following significant Special Revenue Funds:

Fire Levy Fund – This fund receives tax levy monies and charges for services to provide fire protection to the Village and other area Townships and Villages.

EMS Fund – This fund receives grant monies, charges for services and donations to provide emergency medical services to the Village and other area Townships and Villages.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2008 AND 2007**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Debt Service Fund

These funds account for resources the Village accumulates to pay bond and note debt. The Village had the following significant Debt Service Fund:

Debt Service Fund – This Fund receives a transfer of monies from the Fire Levy Fund and is used for a loan payment on a fire truck.

4. Capital Project Funds

These funds account for receipts restricted to acquiring or constructing major capital projects (except those financed through enterprise or trust funds). The Village had the following significant Capital Project Fund:

ODNR State Grant Fund – This fund received grant monies to be used for the development of a nature trail.

E. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. Village Council must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the Village to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are carried over and need not be reappropriated in the subsequent year. The Village encumbered all of the commitments that were required by Ohio Law. A summary of 2008 and 2007 budgetary activity appears in Note 3.

F. Property, Plant, and Equipment

The Village records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

**VILLAGE OF SCOTT
VAN WERT/ PAULDING COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2008 AND 2007**

2. EQUITY IN POOLED CASH AND INVESTMENTS

The Village maintains a cash and investments pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of cash and investments at December 31 was as follows:

	2008	2007
Demand Deposits	\$67,324	\$59,721
Star Ohio	90,654	88,325
Total Deposits and Investments	\$157,978	\$148,046

Deposits: Deposits are insured by the Federal Depository Insurance Corporation; or collateralized by the financial institution's public entity deposit pool.

Investments: Investments in STAR Ohio are not evidenced by securities that exist in physical or book-entry form.

3. BUDGETARY ACTIVITY

Budgetary activity for the years ending December 31, 2008 and December 31, 2007 follows:

2008 Budgeted vs. Actual Receipts

Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$42,805	\$41,540	(\$1,265)

Debt Service	19,023	19,023	0
Capital Projects	0	0	0
Total	\$294,509	\$155,272	\$139,237

4. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which the Village Council adopts tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The State pays the Village amounts equaling these deductions. The Village includes these with Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half payment is due December 31. The second half payment is due the following June 20. Public utilities are also taxed on personal and real property located within the Village.

Property owners assess tangible personal property tax. They must file a list of tangible property to the County by each April 30. The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on the Village's behalf.

5. DEBT

Debt outstanding at December 31, 2008 was as follows:

	<u>Principal</u>	<u>Interest Rate</u>
Fire Truck Lease	\$51,693	5.22%

During October 2002, the Village entered into a lease agreement with Bank One for the purchase of a fire truck. At the end of the lease, the Village will own the fire truck.

Amortization of the above debt, including interest, follows:

<u>Year ending December 31:</u>	<u>Fire Truck Lease</u>
2009	19,023
2010	19,024
2011	<u>19,023</u>
	<u>\$57,070</u>

**VILLAGE OF SCOTT
VAN WERT/ PAULDING COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2008 AND 2007**

6. RETIREMENT SYSTEMS

The Village's full-time employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes the plan's retirement benefits, including postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10 percent of their wages. The Village contributed an amount equal to 14 percent of participants' gross salaries. The Village has paid all contributions required through December 31, 2008.

7. RISK MANAGEMENT

Risk Pool Membership

The Village belongs to the Ohio Government Risk Management Plan (the "Plan"), an unincorporated non-profit association providing a formalized, jointly administered self-insurance risk management program and other administrative services to approximately 500 Ohio governments ("Members").

Pursuant to Section 2744.081 of the Ohio Revised Code, the Plan is a separate legal entity. The Plan provides property, liability, errors and omissions, law enforcement, automobile, excess liability, crime, surety and bond, inland marine and other coverages, modified for each Member's needs. The Plan pays judgments, settlements and other expenses resulting from covered claims that exceed the Member's deductible.

The Plan issues its own policies and reinsures the Plan with A-VII or better rated carriers, except for the 5% portion retained by the Plan. After September 1, 2003, the Plan pays the lesser of 5% or \$25,000 of casualty losses and the lesser of 5% or \$50,000 of property losses. The individual members are only responsible for their self-retention (deductible) amounts, which vary from member to member.

The Pool's audited financial statements conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2007 and 2006.

	<u>2007</u>	<u>2006</u>
Assets	\$11,136,455	\$9,620,148
Liabilities	<u>\$4,273,553</u>	<u>\$3,329,620</u>
Retained Earnings	<u>\$6,862,902</u>	<u>\$6,290,528</u>

You can read the complete audited financial statements for The Ohio Government Risk Management Plan at the Plan's website, www.ohioplan.org.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2008 AND 2007**

8. COMPLIANCE

The Village did not certify to the County Auditor the total amount from all sources which are available for expenditures from each fund in the tax budget along with any balances that existed at the end of the preceding year for 2008 and 2007 contrary to the Ohio Revised Code Section 5705.36.

In 2008, appropriations for the Park and Fire fund exceeded its estimated resources by \$2,508 and \$24,034, respectively. In 2007, appropriations for the General and Fire fund exceeded its estimated resources by \$8,905 and \$29,433, respectively, contrary to the Ohio Revised Code Section 5705.39

Appropriations for 2008 and 2007 were not filed with the County Auditor, and therefore, were not legally approved contrary to the Ohio Revised Code Section 5705.41 (B).

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Members of Council
Village of Scott
Van Wert/Paulding County
P.O. Box 155
Scott, Ohio 45886

We have audited the financial statements of the Village of Scott, Van Wert/Paulding County, Ohio, (the Village), as of and for the years ended December 31, 2008 and 2007, and have issued our report thereon dated June 15, 2009, wherein we noted the Village prepared its financial statements using accounting practices the Auditor of State prescribes rather than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Village's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness on the Village's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Village's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Village's ability to initiate, authorize, record, process, or report financial data reliably in accordance with its applicable accounting basis, such that there is more than a remote likelihood that a misstatement of the Village's financial statements that is more than inconsequential will not be prevented or detected by the Village's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Village's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Village of Scott
Van Wert/Paulding County
Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of
Financial Statements Performed in Accordance with *Government Auditing Standards*

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Village's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed three instances of noncompliance that is required to be reported under *Government Auditing Standards* which is described in the accompanying Schedule of Findings and Responses as items No. 2008-001, 2008-002 and 2008-003.

We noted certain noncompliance or other matters that we reported to the Village's management in a separate letter dated June 15, 2009.

The Village's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Responses. We did not audit the Village's responses and, accordingly, we express no opinion on them.

This report is intended for the information and use of management, Village Council, and is not intended to be and should not be used by anyone other than these specified parties.

DECEMBER 31, 2008 AND 2007**

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS
--

FINDING NUMBER 2008-001

Noncompliance Citation

The Ohio Revised Code Section 5705.36 (A)(2) allows all subdivisions to request increased amended certificates of estimated resources and reduced amended certificates upon determination by the fiscal officer that revenue to be collected will be greater or less than the amount in the official certificate of estimated resources.

During 2008, appropriations exceeded total resources available for appropriation in the Street and Park funds by \$405 and \$13,032, respectively. During 2007, appropriations exceeded total resources available for appropriation in the General, Park, Fire and EMS funds by \$10,528, \$7,504, \$7,278 and \$7,915, respectively.

The Village should document in the minutes, the passage of all amended certificates of estimated resources and retain supporting documentation that the amounts were certified by the County Auditor.

Village Response:

FINDING NUMBER 2008-002

Noncompliance Citation

The Ohio Revised Code Section 5705.39 states, in part that the total appropriation from each fund should not exceed the total estimated revenue. No appropriation measure is to become effective until the County Auditor files a certificate that the total appropriations from each fund do not exceed the total official estimate or amended official certificate

During 2008, appropriations exceeded estimated resources in the Park and Fire funds by \$2,508 and \$24,034, respectively. During 2007, appropriations exceeded estimated resources in the General and Fire funds by \$8,905 and \$29,433, respectively.

The Village should document in the minutes the passage of annual appropriation measures and certificates of estimated resources available for expenditure, and retain supporting documentation that the amounts were certified by the County Auditor. Furthermore, the Village Clerk and Council should monitor these amounts to ensure appropriations do not exceed estimated resources available for expenditure.

FINDING NUMBER 2008-003

Noncompliance Citation

The Ohio Revised Code Section 5705.41 (B) states that no subdivision or taxing unit is to expend money unless it has been appropriated. Furthermore, appropriations must be filed with the County Budget Commission to be legally approved.

While the Village did adopt appropriations during 2008 and 2007, the appropriations were not filed with the County Auditor, and therefore were not legally approved.

The Village should approve appropriations amounts and obtain certification from the County Auditor in a timely manner.
