#### INDEPENDENT ACCOUNTANTS' REPORT

Dayton View Academy School Montgomery County 1416 West Riverview Avenue Dayton, OH 45402

To the Governing Board:

We have audited the accompanying financial statements of the Dayton View Academy School, Montgomery County, (the School), as of and for the year ended June 30, 2009, which collectively comprise of the School's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Dayton View Academy School, Montgomery County, as of June 30, 2009, and the respective changes in financial position and cash flow for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 12, 2010, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

Mary Taylor

We conducted our audit to opine on the financial statements that collectively comprise the School's basic financial statements. The Schedule of Federal Awards Receipts and Expenditures provides additional information and is not a required part of the basic financial statements. We subjected the Schedule of Federal Awards Receipts and Expenditures to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2009 UNAUDITED

The discussion and analysis of the Dayton View Academy School's financial performance provides an overall review of the School's financial activities for the fiscal year ended June 30, 2009. The intent of this discussion and analysis is to look at the School's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the School's financial performance.

#### **Financial Highlights**

In total, net assets decreased \$43,201 from fiscal year 2008.

Total revenues decreased by \$1,090,678, or 16 percent from fiscal year 2008.

Expenses decreased \$939,312, or 14 percent from fiscal year 2008.

#### **Using this Financial Report**

This annual report consists of a series of financial statements and notes to those statements.

The statement of net assets and the statement of revenues, expenses, and changes in net assets reflect how the School did financially during fiscal year 2009. These statements include all assets and liabilities using the accrual basis of accounting similar to that which is used by most private-sector companies. This basis of accounting considers all of the current fiscal year's revenues and expenses regardless of when cash is received or paid.

These statements report the School's net assets and change in those assets. This change in net assets is important because it tells the reader whether the financial position of the School has increased or decreased from the prior fiscal year. Over time, these increases and/or decreases are one indicator of whether the financial position is improving or deteriorating.

Table 1 provides a summary of the School's net assets for fiscal year 2009 and fiscal year 2008:

	(Table 1) Net Assets		
	2009	2008	Change
Assets:			
Current Assets	\$1,800,243	\$2,204,735	(\$404,492)
Liabilities:			
Current Liabilities	1,287,863	1,649,154	(361,291)
Net Assets:			
Unrestricted	\$ 512,380	\$ 555,581	(\$ 43,201)

Total assets decreased \$404,492, mainly due to a decrease in federal and State grants receivable. Current liabilities also decreased due to the federal and state grants receivable because that amount is also shown as a payable to Edison. The decrease in the receivable and payable is due to the timing of when grants are received. Net Assets decreased by \$43,201, an eight percent decrease from the prior fiscal year. The School has no capital assets.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2009 UNAUDITED (Continued)

There was a decrease in revenues of \$1,090,678 and a decrease in expenses of \$939,312 from fiscal year 2008. Community schools receive no support from tax revenues and rely on funding through state foundation. Revenues decreased due to a decrease in enrollment and a decrease in grants. The decrease in expenses was the result of lower payments to Edison as staffing levels decreased to coincide with the decrease in enrollment.

Community schools' enrollments can fluctuate drastically from year to year. Since the funding for community schools is mainly through State foundation and grant monies, which are based on enrollment, revenues and expenses can also fluctuate drastically as is the case this fiscal year for the School.

Salaries for the School are generated by a management company and such expenses are shown as purchased services. Purchased services decreased \$933,608, the result of a decrease in staffing levels.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2009

#### 1. DESCRIPTION OF THE SCHOOL AND REPORTING ENTITY

Alliance Community School, Inc. "Doing Business As" Dayton View Academy School (the "School") is a nonprofit corporation established pursuant to Ohio Rev. Code Chapters 3314 and 1702 to maintain and provide a school exclusively for any educational literary, scientific, and related teaching service. Specifically, the School's purpose is to be a charter school serving children from kindergarten through grade eight. The School, which is part of the state's education program, is to operate or arrange for the operation of schools in the Dayton, Ohio area. The School may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the School.

The School qualifies as an exempt organization under Section 501(c)(3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect the school's tax-exempt status.

The creation of the School was initially proposed to the Ohio State Board of Education, the sponsor, by the Board of Trustees of Alliance Community Schools, Inc. (the "Board") on November 9, 1998. The Ohio State Board of Education approved the proposal and entered into a contract with the Board, which provided for the commencement of School operations beginning with the 2001 academic year and terminated upon conclusion of fiscal year 2005.

The contract with the Ohio State Board of Education was not renewed and the School entered a sponsor contract with the Thomas B. Fordham Foundation for the period July 1, 2005 through June 30, 2010.

The School operates under a nine member Board of Trustees. This Board of Trustees exercises its authority by appointing a separate six member Board of Governance for the School. The Board of Trustees is responsible for carrying out the provisions of the sponsor contract which include, but are not limited to, State-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers.

The School is associated with the Metropolitan Dayton Educational Cooperative Association, which is defined as a jointly governed organization. It is a computer consortium of area schools sharing computer resources. (See Note 15)

Alliance Community Schools, Inc. has several divisions. These divisions operate under the names of Dayton Academy School, Dayton View Academy School, and Alliance Facilities Management. Alliance Community Schools, Inc. has contracted with EdisonLearning, Inc. to act as a management company for both of the schools. (See Note 13)

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the School have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The School has elected not to apply FASB Statements and Interpretations issued after November 30, 1989. The more significant of the School's accounting policies are described below.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2009 (Continued)

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### A. Basis of Presentation

The School's basic financial statements consist of a statement of net assets, a statement of revenues, expenses and changes in net assets, and a statement of cash flows.

During the fiscal year, the School segregates transactions related to certain School functions or activities into separate funds in order to aid financial management and to demonstrate legal compliance. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. For financial reporting, the School uses a single enterprise fund presentation.

Enterprise fund reporting focuses on the determination of the change in net assets, financial positions and cash flows. An enterprise fund may be used to account for any activity for which a fee is charged to external users for goods and services.

#### **B.** Measurement Focus

The accounting and financial reporting treatment of an entity's financial transactions is determined by the entity's measurement focus. The enterprise activity is accounted for using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the School are included on the statement of net assets. The statement of revenues, expenses, and changes in net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net assets. The statement of cash flows provides information about how the School finances and meets its cash flow needs.

#### C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. The School's financial statements are prepared using the accrual basis of accounting.

#### D. Revenues – Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place.

Non-exchange transactions, in which the School receives value without directly giving equal value in return, include grants, entitlements, and donations. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the School must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School on a reimbursement basis.

#### E. Expenses

Expenses are recognized at the time they are incurred.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2009 (Continued)

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### F. Cash and Cash Equivalents

During fiscal year 2009, the School's investments were limited to repurchase agreements which are reported at cost.

Investments with an original maturity of three months or less at the time they are purchased by the School are presented on the financial statements as cash equivalents.

#### G. Net Assets

Net assets represent the difference between assets and liabilities. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The School applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. The School had no restricted net assets as of June 30, 2009.

#### H. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activities. For the School, these revenues are primarily foundation payments from the State and sales for food services. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the School. Revenues and expenses not meeting this definition are reported as non-operating.

#### I. Intergovernmental Revenues

The School currently participates in the State Foundation Program. Revenues received from this program are recognized as operating revenues in the accounting period in which all eligibility requirements have been met.

The amount of these grants is directly related to the number of students enrolled in the School. The Ohio Department of Education conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by the School. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which State foundation funding is calculated.

The remaining grants and entitlements received by the School are recognized as non-operating revenues in the accounting period in which eligibility requirements have been met.

#### J. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### K. Budgetary Process

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Revised Code Chapter 5705, unless specifically provided in the contract between the School and its sponsor. The contract between the School and its Sponsor does not prescribe a budgetary process for the School.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2009 (Continued)

#### 3. DEPOSITS AND INVESTMENTS

Articles of Incorporation, Article VI, states that the assets of the School may be invested in obligations issued or guaranteed by the United States of America or any agency thereof, obligations of state governments and municipal corporations, real estate mortgage, savings deposits, corporate bonds, and notes and carefully selected preferred stocks.

#### **Investments**

As of June 30, 2009, the School had the following investments:

	Fair Value	Maturity

#### 1. Interest Rate Risk

The School has no investment policy that addresses interest rate risk.

#### 2. Credit Risk

The underlying investment in the repurchase agreement is a Federal Home Loan Mortgage Corporation Note which carries a rating of Aaa by Moody's. The School has no investment policy that addresses credit risk.

#### 4. RECEIVABLES

#### 5. RISK MANAGEMENT

During the fiscal year ended June 30, 2009, the School's management company, EdisonLearning, Inc., carried comprehensive insurance on all of the schools they manage. This policy cannot be broken out on a per school basis, and therefore is presented on a cumulative basis. EdisonLearning, Inc. contracted with Hilb Rogel and Hobbs of New York, LLC for employee dishonesty, workers compensation and employer's liability, commercial property insurance, automobile liability, school leader's liability, general liability and excess liability insurance.

#### 6. DEFINED BENEFIT PENSION PLANS

#### A. School Employees Retirement System

**Plan Description** – Alliance Community Schools, Inc. contributes to the School Employees Retirement System (SERS), a cost-sharing multiple-employer pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746.

**Funding Policy** – Plan members are required to contribute 10 percent of their annual covered salary and the School is required to contribute at an actuarially determined rate. The current School rate is 14 percent of annual covered payroll. A portion of the School's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2009, 9.09 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. Alliance Community Schools, Inc. is required contributions for pension obligations to SERS for the fiscal years ended June 30, 2009, 2008 and 2007 were \$31,592, \$83,268, and \$34,821, respectively; 100 percent has been contributed for fiscal years 2009, 2008, and 2007.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2009 (Continued)

#### 6. DEFINED BENEFIT PENSION PLANS (Continued)

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB Plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years of credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

**Funding Policy** – For the fiscal year ended June 30, 2009, plan members were required to contribute 10 percent of their annual covered salaries. The School was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

Alliance Community Schools, Inc.'s required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2009, 2008, and 2007 were, \$303,877, \$167,984, and \$258,839, respectively; 100 percent has been contributed for fiscal years 2009, 2008 and 2007. Contributions to the DC and Combined Plans for fiscal year 2009 were \$5,406 made by the School and \$5,175 made by the plan members.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2009 (Continued)

#### 7. POSTEMPLOYMENT BENEFITS

#### A. School Employees Retirement System

Plan Description – Alliance Community Schools, Inc. participates in two cost-sharing multiple-employer defined benefit OPEB plans administered by the School Employees Retirement System (SERS) for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's and traditional indemnity plans as well as a prescription drug program. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries up to a statutory limit. Benefit provisions and the obligations to contribute are established by SERS based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746.

**Funding Policy** – State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 401h. For 2009, 4.16 percent of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined amount: for 2009, this amount was \$35,800.

Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

The School's contributions for health care for the fiscal years ended June 30, 2009, 2008, and 2007 were \$14,458, \$37,998, and \$11,561, respectively; 100 percent has been contributed for fiscal years 2009, 2008, and 2007.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For 2009, this actuarially required allocation was 0.75 percent of covered payroll. Alliance Community Schools, Inc.'s contributions for Medicare Part B for the fiscal years ended June 30, 2009, 2008, and 2007 were \$2,607, \$6,000, and \$2,368, respectively; 100 percent has been contributed for fiscal years 2009, 2008, and 2007.

#### B. State Teachers Retirement System of Ohio

**Plan Description** – Alliance Community Schools, Inc. contributes to the cost-sharing multiple-employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2009 (Continued)

#### 7. POSTEMPLOYMENT BENEFITS (Continued)

**Funding Policy** – Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2009, STRS Ohio allocated employer contributions equal to one percent of covered payroll to the Health Care Stabilization Fund. Alliance Community Schools, Inc.'s contributions for health care for the fiscal years ended June 30, 2009, 2008, and 2007 were \$23,375, \$12,922, and \$19,911, respectively; 100 percent has been contributed for fiscal years 2009, 2008, and 2007.

## INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Dayton View Academy School Montgomery County 1416 West Riverview Avenue Dayton, Ohio 45402

To the Governing Board:

We have audited the financial statements of Dayton View Academy School, Montgomery County, (the School) as of and for the year ended June 30, 2009, which collectively comprise the School's basic financial statements and have issued our report thereon dated March 12, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the School's internal control over financial reporting as a basis for designing our audit procedures for expressing our opinion on the financial statements, but not to opine on the effectiveness of the School's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the School's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Government's ability to initiate, authorize, record, process, or report financial data reliably in accordance with its applicable accounting basis, such that there is more than a remote likelihood that the School's internal control will not prevent or detect a more-than-inconsequential financial statement misstatement.

A material weakness is a significant deficiency, or combination of significant deficiencies resulting in more than a remote likelihood that the School's internal control will not prevent or detect a material financial statement misstatement.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all internal control deficiencies that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

We noted certain internal control matters that we reported to the School's management in a separate letter dated March 12, 2010.

Montgomery County
Independent Accountants' Report on Internal Control Over Financial Reporting and On
Compliance and Other Matters Required by *Government Auditing Standards*Page 2

#### **Compliance and Other Matters**

As part of reasonably assuring whether the School's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We intend this report solely for the information and use of the management, the Community School's sponsor, and federal awarding agencies and pass-through entities. We intend it for no one other than these specified parties.

## INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Dayton View Academy School Montgomery County 1416 West Riverview Avenue Dayton, Ohio 45402

To the Governing Board:

#### Compliance

We have audited the compliance of Dayton View Academy School (the School) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that apply to each of its major federal programs for the year ended June 30, 2009. The summary of auditor's results section of the accompanying schedule of findings identifies the School's major federal programs. The School's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the School's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the types of compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the School's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the School's compliance with those requirements.

In our opinion, the Dayton View Academy School complied, in all material respects, with the requirements referred to above that apply to each of its major federal programs for the year ended June 30, 2009. However, the results of our auditing procedures disclosed an instance of noncompliance with those requirements that OMB Circular A-133 requires us to report, which is described in the accompanying schedule of finding as item 2009-001.

#### **Internal Control Over Compliance**

The School's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the School's internal control over compliance with requirements that could directly and materially affect a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over compliance.

## Internal Control Over Compliance (Continued)

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the School's internal control that might be significant deficiencies or material weaknesses as defined below. However, as discussed below, we identified a certain deficiency in internal control over compliance that we consider to be a significant deficiency.

A control deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent or detect noncompliance with a federal program compliance requirement on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the School's ability to administer a federal program such that there is more than a remote likelihood that the School's internal control will not prevent or detect more-than-inconsequential noncompliance with a federal program compliance requirement. We consider the deficiency in internal control over compliance described in the accompanying schedule of finding as finding 2009-001 to be a significant deficiency.

A material weakness is significant deficiency, or combination of significant deficiencies, that result in more than a remote likelihood that the School's internal control will not prevent or detect material noncompliance with a federal program's compliance requirements. We consider finding 2009-001 described in the accompanying schedule of findings to be material weaknesses.

The School's response to the finding we identified is described in the accompanying Corrective Action Plan. We did not audit the School's response and, accordingly, we express no opinion on it.

We also noted a matter involving internal control over federal compliance not requiring inclusion in this report, that we have reported to the School's management in a separate letter dated March 12, 2010.

We intend this report solely for the information and use of the Governing Board, The Community School Sponsor, and the federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

#### **Non-Compliance and Material Weakness**

Office of Management and Budget (OMB) Circular A-133 Subpart C, §\_\_.310(b) Schedule of Expenditures of Federal Awards states that the auditee shall prepare a schedule of expenditures of Federal awards for the period covered by the auditee's financial statements. While not required, the auditee may choose to provide information requested by Federal awarding agencies and pass-through entities to make the schedule easier to use. For example, when a Federal program has multiple award years, the auditee may list the amount of Federal awards expended for each award year separately.

At a minimum, the Schedule shall:

- List individual Federal programs by Federal agency. For Federal programs included in a cluster of programs, list individual Federal programs within a cluster of programs. For R&D, total Federal awards expended shall be shown either by individual award or by Federal agency and major subdivision within the Federal agency. For example, the National Institutes of Health is a major subdivision in the Department of Health and Human Services.
- 2. For Federal awards received as a sub-recipient, the name of the pass-through entity and identifying number assigned by the pass-through entity shall be included.
- 3. Provide total Federal awards expended for each individual Federal program and the CFDA number or other identifying number when the CFDA information is not available.
- 4. Include notes that describe the significant accounting policies used in preparing the schedule.
- 5. To the extent practical, pass-through entities should identify in the schedule the total amount provided to sub-recipients from each Federal program.
- 6. Include, in either the schedule or a note to the schedule, the value of the Federal awards expended in the form of non-cash assistance, the amount of insurance in effect during the year, and loans or loan guarantees outstanding at year end. While not required, it is preferable to present this information in the schedule.

The Academy received federal funds from the Ohio Department of Education and remitted those funds to the Management Company (Edison Schools) for expenditure. Although the federal dollars were remitted to the management company, the federal dollars were in the name of the Academy, and the Academy had the ultimate responsibility for ensuring proper posting and expenditure of all federal dollars. The Academy recorded expenditures on its Schedule of Federal Awards Receipts and Expenditures based on the remittances to the Management Company which did not coincide with the timing of the actual expenditures by the Management Company.

Dayton View Academy School Montgomery County Schedule of Findings Page 3

Finding Number	2009-001 (Continued)
----------------	----------------------

The Academy's 2009 Schedule of Federal Awards Receipts and Expenditures, which was presented on the cash basis of accounting, had the following errors:

- Federal Expenditures for the Title I Grant to Local Educational Agencies were overstated by \$89,679, the Special Education Grants to States program were understated by \$94,827 and Nutrition Cluster Program expenditures were understated by \$55,153. In addition, several other Comprehensive Continuous Improvement Plan (CCIP) grants (i.e Improving Teacher Quality, Education Technology State Grants, and State Grants for Innovative Programs) had insignificant variances between reported federal expenditures and actual federal expenditures.
- Federal Receipts for the Reading First Grant was understated by \$220,248 and Nutrition Cluster Program receipts were understated by \$332,953.

To reduce the risk of inaccurate reporting of federal expenditures and receipts and noncompliance with OMB Circular A-133, Subpart C, §\_\_.310(b), due care should be taken in the preparation of the Schedule of Federal Awards Receipts and Expenditures. The Schedule should be reviewed after preparation and tied to the underlying cash reports of the Academy for accuracy.

The sufficiency of these procedures is solely the responsibility of the Board. Consequently; we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

- 1. We noted the Board revised its anti-harassment policy at its meeting on April 11, 2008.

- 3. We read the policy, noting it did not include the following requirements from Ohio Rev. Code Section 3313.666(B):
  - A requirement that parents or guardians of any student involved in a prohibited incident be notified and, to the extent permitted by section 3319.321 of the Revised Code and the "Family Educational Rights and Privacy Act of 1974," 88 Stat. 571, 20 U.S.C. 1232q, as amended, have access to any written reports pertaining to the prohibited incident;
  - 2) A strategy for protecting a victim from additional harassment, intimidation, or bullying, and from retaliation following a report;
  - 3) A requirement that the district administration semiannually provide the president of the district board a written summary of all reported incidents and post the summary on its web site, if the district has a web site, to the extent permitted by section 3319.321 of the Revised Code and the "Family Educational Rights and Privacy Act of 1974," 88 Stat. 571, 20 U.S.C. 1232q, as amended.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the anti-harassment policy. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Governing Board and School's sponsor, and is not intended to be and should not be used by anyone other than these specified parties.
