We have reviewed the *Independent Auditor's Report* of the Mental Health and Recovery Board of Clark, Greene and Madison Counties, Clark County, prepared by Caudill & Associates, CPAs, for the audit period July 1, 2009 through June 30, 2010. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

The financial statements in the attached report are presented in accordance with a regulatory basis of accounting prescribed or permitted by the Auditor of State. Due to a February 2, 2005 interpretation from the American Institute of Certified Public Accountants (AICPA), modifications were required to the *Independent Auditor's Report* on your financial statements. While the Auditor of State does not legally require your government to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statements in accordance with GAAP. The attached report includes an opinion relating to GAAP presentation and measurement requirements, but does not imply the statements are misstated under the non-GAAP regulatory basis. The *Independent Auditor's Report* also includes an opinion on the financial statements using the regulatory format the Auditor of State permits.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Mental Health and Recovery Board of Clark, Greene and Madison Counties is responsible for compliance with these laws and regulations.

Independent Auditor's Report

Mental Health & Recovery Board of Clark, Greene and Madison Counties
1055 East High Street
Springfield, Ohio 45505

To the Board of Directors:

We have audited the accompanying financial statements of the Mental Health & Recovery Board of Clark, Greene and Madison Counties (the Board), as of and for the year ended June 30, 2010. These financial statements are the responsibility of the Board's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described more fully in Note 1, the Board has prepared these financial statements using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America (GAAP). Although we cannot reasonably determine the effects on the financial statements of the variances between these regulatory accounting practices and GAAP, we presume they are material.

Instead of the combined funds the accompanying financial statement presents, GAAP require presenting entity-wide statements and also presenting the Board's larger (i.e. major) funds separately. While the Board does not follow GAAP, generally accepted auditing standards requires us to include the following paragraph if the statements do not substantially conform to GAAP presentation requirements. The Auditor of State permits, but does not require governments to reformat their statements. The Board has elected not to follow GAAP formatting requirements. The following paragraph does not imply the amounts reported are materially misstated under the accounting basis the Auditor of State permits. Our opinion on the fair presentation of the amounts reported pursuant to its non-GAAP basis is in the second following paragraph.

In our opinion, because of the effects of the matter discussed in the preceding two paragraphs, the financial statements referred to above for the year ended June 30, 2010, do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Board as of June 30, 2010, or its changes in financial position for the year then ended.

Board of Directors
Mental Health & Recovery Board of Clark, Greene and Madison Counties
Independent Auditor's Report

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances of the Mental Health & Recovery Board of Clark, Greene and Madison Counties, as of June 30, 2010, and its combined cash receipts and disbursements for the year then ended on the accounting basis Note 1 describes.

The Board has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 19, 2010, on our consideration of the Board's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was performed for the purpose of forming an opinion on the financial statements of the Board, taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis, as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements, and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

**MENTAL HEALTH & RECOVERY BOARD OF CLARK,
GREENE, AND MADISON COUNTIES
NOTES TO THE FINANCIAL STATEMENT
FOR THE YEAR ENDED JUNE 30, 2010**

1. Summary of Significant Accounting Policies

A. Reporting entity

The Mental Health & Recovery Board of Clark, Greene and Madison Counties (the Board), is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Board is directed by an eighteen-member Board. Board members are appointed by Ohio Department of Mental Health (ODMH), Ohio Department of Alcohol and Drug Addiction Services (ODADAS) and the legislative authorities of the counties making up the Board. Those subdivisions are the Clark, Greene and Madison County Commissioners. The Board provides alcohol, drug addiction, and mental health services and programs to citizens in Clark, Greene and Madison Counties primarily through contracts with private and public agencies.

The Clark County Auditor and the Clark County Treasurer serve respectively as fiscal officer and custodian of all public funds. The Board's management believes these financial statements present all activities for which the Board is financially accountable.

B. Basis of accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

C. Cash

As required by the Ohio Revised Code, the Board's cash is held and invested by the Clark County Treasurer, who acts as custodian for the Board's money. The Board's assets are held in the County's cash and investment pool, and are valued at the County Treasurer's carrying amount. Information related to investments and credit risk can be obtained by reviewing the Clark County, Ohio financial statements.

D. Fund Accounting

The Board uses fund accounting to segregate cash and investments that are restricted as to use. The Board classifies its funds into the following types:

General Fund - The General Fund is the general operating fund of the Board. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - These funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Board had the following significant special revenue funds:

Medicaid (ODMH) – This fund accounts for the Medicaid reimbursements received from the Ohio Department of Mental Health based on claims submitted by provider agencies.

D. Fund Accounting

Special Revenue Funds Continued

ODMH 408 SMD Services - This fund accounts for funding passed through the Ohio Department of Mental Health to local mental health boards to pay for inpatient services as well as community services for persons with severe mental illnesses.

ODMH 505 Regular – This fund accounts for funding passed through the Ohio Department of Mental Health to local mental health boards to provide mental health services to members of the community.

E. Budgetary Process

The Ohio Revised Code requires that each fund (except certain agency funds) be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, or account level of control, and appropriations may not exceed estimated resources. The Board must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of July 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the Board to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are carried over, and need not be re-appropriated.

A summary of fiscal year 2010 budgetary activity appears in Note 2.

F. Property, Plant, and Equipment

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

H. Interfund Transactions

During the course of normal operations, the Board will, as necessary, transfer or advance cash between funds to meet current obligations. In 2010, net interfund transactions were \$323,140.

2. Budgetary Activity

Budgetary activity for the year ending June 30, 2010 follows:

3. Long-Term Obligations

Over the years, the Board has received numerous mortgage loans payable from the State of Ohio Department of Mental Health (ODMH) to fund construction or acquisition of facilities. These loans are being forgiven by the State over 40 years, as long as the use of these facilities continues to provide mental health services. The loans are exempt from the debt limitations established by Section 5705.19 of the Ohio Revised Code.

The original balances of these loans are as follows:

<u>Loan Number</u>	<u>Original Loan Amount</u>	<u>ODMH Balance as of 6/30/10</u>

Monthly installments of \$1,008 will be paid on the mortgage related to the properties at 323 and 335 E. Market, Xenia, Ohio. Principal balance at June 30, 2010 was \$53,399.

A promissory note to Sky Bank with an original mortgage borrowing of \$860,000 was issued on December 21, 2000. Total	<u>\$987,480</u>	<u>\$109,246</u>	<u>\$1,096,726</u>

4. Property Tax

Real property taxes become a lien on January 1 preceding the October 1 date. Property tax levies have been passed in Clark, Greene and Madison Counties. Total mental health levy tax rates in effect for fiscal year 2010 are 2.65, 1.5, and 0.5 mills in Clark, Greene and Madison Counties respectively. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reported in the accompanying financial statements as Intergovernmental Receipts.

Public utilities are also taxed on personal and real property located within the respective counties. Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The respective counties are responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Board.

5. Retirement System

The Board's employees belong to the Public Employees Retirement System (PERS) of Ohio. PERS is a cost-sharing, multiple-employer plan. This plan provides retirement benefits, including postretirement healthcare, and survivor and disability benefits to participants as prescribed by the Ohio Revised Code. Contribution rates are also prescribed by the Ohio Revised Code. For the period July 1, 2009 to June 30, 2010 PERS members contributed 10% of their gross salaries and the Board contributed an amount equal to 14% of participants' gross salaries. The Board has paid all contributions required through June 30, 2010. See the financial report of Clark County, Ohio, for a complete pension disclosure.

GREENE, AND MADISON COUNTIES
NOTES TO THE FINANCIAL STATEMENT
FOR THE YEAR ENDED JUNE 30, 2010**

6. Deferred Compensation Programs

Employees of the Board have the option to participate in either, or both, the Ohio Public Employees Deferred Compensation Program or the County Commissioners Association of Ohio Deferred Compensation Plan. Both of these programs are deferred compensation plans under Internal Revenue Code section 457. Employees may elect to defer a portion of their pay until a later date, normally retirement.

7. Risk Management

The Board has obtained commercial insurance for the following risks:

- Comprehensive Property and general liability
- Vehicles
- Employee Practice and Dishonesty
- Employer liability
- Director and Officers liability

The Board also provides health insurance and dental coverage to full-time employees through a private carrier. There was no reduction in the level of coverage during the year.

8. Contingencies

The Board received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Any disallowed costs may require refunding to the grantor. Amounts which may be disallowed, if any, are not presently determinable. However, based on prior experience, management believes such refunds, if any, would not be material.

9. Subsequent Events

On July 21, 2010 the Mental Health & Recovery Board of Clark, Greene and Madison Counties entered into a tax exempt debt obligation through PNC. Three mortgages with Huntington National Bank and one mortgage with Chase Bank were paid in full. The refinance is for a 10 year fixed rate of 4.37% with the 600 Dayton-Yellow Springs, Fairborn property as collateral.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Mental Health & Recovery Board of Clark, Greene and Madison Counties
1055 East High Street
Springfield, Ohio 45505

To the Board of Directors:

We have audited the financial statements of the Mental Health & Recovery Board of Clark, Greene and Madison Counties (the Board), as of and for the year ended June 30, 2010, and have issued our report thereon dated September 19, 2010, wherein we noted the Board followed accounting practices the Auditor of State prescribes rather than generally accepted accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Board's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of the Board's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the Board's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the Board's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the Board's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

We did note a certain matter not requiring inclusion in this report that we reported to the Board's management in a separate letter dated September 19, 2010.

This report is intended for the information and use of the Board of Directors, audit committee, management, the Auditor of State, federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Report on Compliance with Requirements Applicable to Each Major Federal Program and on Internal Control Over Compliance Required by OMB Circular A-133

Mental Health & Recovery Board of Clark, Greene and Madison Counties
1055 East High Street
Springfield, Ohio 45505

To the Board of Directors:

Compliance

We have audited the compliance of the Mental Health & Recovery Board of Clark, Greene and Madison Counties (the Board) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to its major federal program for the year ended June 30, 2010. The summary of auditor's results section of the accompanying schedule of findings identifies the Board's major federal program. The Board's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the Board's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the Board's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Board's compliance with those requirements.

In our opinion, the Mental Health & Recovery Board of Clark, Greene and Madison Counties complied, in all material respects, with the requirements referred to above that apply to its major federal program for the year ended June 30, 2010.

Internal Control Over Compliance

The Board's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Board's internal control over compliance with requirements that could directly and materially affect a major federal program in order to determine our auditing procedures for the purpose of opining on compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Board's internal control over compliance.

Report on Compliance with Requirements Applicable to Each Major Federal Program and on Internal Control Over Compliance Required by OMB Circular A-133

Internal Control Over Compliance (continued)

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We intend this report solely for the information and use of the Board of Directors, audit committee, management, Auditor of State, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.
