## BEDFORD CITY SCHOOL DISTRICT CUYAHOGA COUNTY

## **AUDIT REPORT**

FOR THE FISCAL YEAR ENDED JUNE 30, 2010

James G. Zupka, CPA, Inc.
Certified Public Accountants

Board of Education Bedford City School District 475 Northfield Road Bedford, Ohio 44146

We have reviewed the *Independent Auditor's Report* of the Bedford City School District, Cuyahoga County, prepared by James G. Zupka, CPA, Inc., for the audit period July 1, 2009 through June 30, 2010. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Bedford City School District is responsible for compliance with these laws and regulations.

Dave Yost Auditor of State

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Education Bedford City School District Bedford, Ohio

We have audited the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Bedford City School District, Cuyahoga County, Ohio, as of and for the year ended June 30, 2010, which collectively comprise the Bedford City School District, Ohio's basic financial statements and have issued our report thereon dated December 3, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

## **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Bedford City School District, Ohio's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Bedford City School District, Ohio's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Bedford City School District, Ohio's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Bedford City School District, Ohio's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to the management of the Bedford City School District, Ohio, in a separate letter dated December 3, 2010.

This report is intended solely for the information and use of management, the Board of Education, the District's Audit Committee, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

# REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Education Bedford City School District Bedford, Ohio

## **Compliance**

We have audited the Bedford City School District, Cuyahoga County, Ohio's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Bedford City School District, Ohio's major federal programs for the year ended June 30, 2010. The Bedford City School District, Ohio's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the Bedford City School District, Ohio's management. Our responsibility is to express an opinion on the Bedford City School District, Ohio's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Bedford City School District, Ohio's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Bedford City School District, Ohio's compliance with those requirements.

In our opinion, the Bedford City School District, Ohio complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010.

## **Internal Control Over Compliance**

Management of the Bedford City School District, Ohio, is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Bedford City School District, Ohio's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Bedford City School District, Ohio's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be *material weaknesses*, as defined above.

## Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Bedford City School District, Ohio, as of and for the year ended June 30, 2010, and have issued our report thereon dated December 3, 2010. Our audit was performed for the purpose of forming our opinions on the financial statements that collectively comprise the Bedford City School District, Ohio's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of management, the Board of Education, the District's Audit Committee, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

# BEDFORD CITY SCHOOL DISTRICT CUYAHOGA COUNTY NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS JUNE 30, 2010

## NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) summarizes activity of the District's federal award programs. The Schedule has been prepared on the cash basis of accounting.

## NOTE 2: CHILD NUTRITION CLUSTER

Cash receipts from the U.S. Department of Agriculture are commingled with State grants. It is assumed federal monies are expended first.

## NOTE 3: **FOOD DONATION PROGRAM**

Program regulations do not require the District to maintain separate inventory records for purchased food and food received from the U.S. Department of Agriculture. This non-monetary assistance (expenditures) is reported in the Schedule at the fair market value of the commodities received.

## BEDFORD CITY SCHOOL DISTRICT

Office of the Treasurer • 475 Northfield Road • Bedford, OH 44146-2201 Phone: 440-439-4670 • FAX: 440-439-4327 • Website: www.bedford.k12.oh.us

December 3, 2010

Board of Education Members and Residents of Bedford City School District

We are pleased to submit to you the Comprehensive Annual Financial Report (CAFR) of the Bedford City School District for the fiscal year ended June 30, 2010. This report enables the School District to comply with Ohio Administrative Code Section 117-2-03 (B), which requires reporting on a GAAP (Generally Accepted Accounting Principles) basis, and Ohio Revised Code Section 117.38 which requires the School Districts reporting on a GAAP basis to file an annual unaudited report with the Auditor of State within 150 days of fiscal year end.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for the purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Ohio law requires independent audits to be performed on all financial operations of the School District either by the Auditor of State or an independent public accounting firm, if permitted by the Auditor of State. James G. Zupka, CPA, Inc. rendered an opinion on the School District's financial statements for the fiscal year ending June 30, 2010, and the Independent Auditors' Report on the basic financial statements is included in the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

#### The School District

The Bedford City School District is located in northeastern Ohio, approximately 15 miles southeast of downtown Cleveland. The School District includes the City of Bedford, most of the City of Bedford Heights, and all of the villages of Oakwood and Walton Hills. The School District's geographical area encompasses approximately 25 square miles.

Formed as Township 6 in Range 11 of the Western Reserve of Ohio in 1823, Bedford Township consisted of what today is known as the five communities of Bedford, Bedford Heights, Oakwood, Walton Hills and Maple Heights. In 1837, the Village of Bedford was formed from the center of the Township and for the next 70-plus years, the two communities – Village of Bedford and Bedford Township – coexisted. In

1915, residents of the northwest corner of Bedford Township formed a separate municipality, to be called the Village of Maple Heights, with its own separate school district. In 1951, Bedford Township as a government ceased to exist when the Villages of Bedford Heights, Oakwood and Walton Hills were formed from the remaining areas. Today, the School District serves as a common bond, linking the four communities of Bedford, Bedford Heights, Oakwood and Walton Hills.

Bedford City School District is one of the 614 school districts in the State of Ohio and one of 33 in Cuyahoga County. The School District provided, as of June 30, 2010, education to 3,635 students in grades preschool-12. Statutorily, the School District operates under standards prescribed by the Ohio State Board of Education as provided in division (D) of Section 3301.07 of the Ohio Revised Code, to provide services authorized by charter and further mandated by State and Federal agencies.

The elected five-member Board of Education is required to adopt an annual tax budget and an annual appropriation resolution which serves as the basis for control over and authorization for all expenditures of School District tax money.

## **Reporting Entity**

The Bedford City School District has reviewed its reporting entity definition in order to insure conformance with the Governmental Accounting Standards Board Statement No. 14, "The Financial Reporting Entity". In evaluating how to define the School District for financial reporting purposes, management has considered its relationship with all departments, boards, and agencies that make up the Bedford City School District. For Bedford City School District, this includes general operations, food service, and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District has no component units. Excluded from the reporting entity because they are fiscally independent of the School District are the City of Bedford, City of Bedford Heights, the Villages of Oakwood and Walton Hills, the Cuyahoga County Public Library, the Parent Teacher Association and the non-public school districts located in the School District. The governing bodies of these entities are not appointed by the School District, nor are they fiscally dependent on the School District.

The School District participates in an insurance purchasing pool and two jointly governed organizations. These organizations are the Ohio School Boards Association Workers' Compensation Group II Program, the Lakeshore Northeast Ohio Computer Association and the Ohio Schools Council Association. These organizations are presented in Notes 16 and 19 of the notes to the basic financial statements.

A complete discussion of the School District's reporting entity is provided in Note 1 to the basic financial statements.

#### **Economic Condition and Outlook**

The School District is well-located at the conjunction of Interstate Highways 480 and 271. Downtown Cleveland is 20 minutes away, and all the major metropolitan areas of Ohio are directly accessible via the interstate system. Residential property is middle class, and properties are well kept. The tax base of \$726,625,040 is divided among the four municipalities making up the School District in the following manner: Bedford 38 percent, Bedford Heights 29 percent, Oakwood Village 16 percent and Walton Hills 17 percent. Approximately 54 percent of the tax base is residential real property, 5 percent is public utility tangible property and 41 percent is commercial/industrial property. Each of the four municipalities actively encourages the maintenance and growth of the tax base.

The City of Bedford established an Enterprise Zone, which included all land within the boundaries of the City of Bedford in April 1990. The City established a Community Reinvestment area in 1997 and updated this in 2005, which included all land within the boundaries of the City of Bedford. The establishment of the Enterprise Zone and the Community Reinvestment areas gave the City the ability to maintain and expand business located in the City.

Ben Venue Laboratories, Inc., the Bedford City School District's largest real estate taxpayer was acquired by Boehringer Ingelheim Corporation on December 1, 1997. Boehringer Ingelheim is privately held and is the 15<sup>th</sup> largest pharmaceutical company in the world having more than 41,000 employees with locations in over 47 countries. Under Boehringer Ingelheim's ownership, Ben Venue has many options as to where to manufacture and distribute Ben Venue's products. Boehringer Ingelheim has many highly automated manufacturing facilities located in Columbus, Ohio, Mexico City, Mexico and Barcelona, Spain. Ben Venue has a long-standing reputation as the premier contract manufacturer of injectable pharmaceuticals. Ben Venue is the largest and oldest manufacturer of lyophilized (freeze-dried) drugs in the United States. Since 1995, Ben Venue, through its Bedford Laboratories Division, has obtained over 130 Abbreviated New Drug Applications ("ANDA") approvals for injectable drugs from the FDA, building a portfolio of over 265 presentations.

Ben Venue's history of continued growth is one any School District could hope for. The company moved to Bedford in 1941 and as of 1995, Ben Venue operated within a 250,000 square foot facility. From 1996 to present, Ben Venue has approached the City for abatements in the Community Reinvestment area, regarding real estate development and tax exemptions to be able to conduct various expansion projects. Subsequently, Ben Venue has been able to continue to grow within their Bedford, Ohio location. Today, they are now operating in a one million square foot manufacturing area.

In November 2009, Cuyahoga County was the recipient of a \$2.5 million Clean Ohio Revitalization Fund grant that will be used to conduct remediation activities at the Ben Venue site. This is a tremendous success that comes as a result of the collaborative efforts of the County, City of Bedford and Ben Venue officials working together for the betterment of the community.

The City is in progress to complete a new industrial development in cooperation with the Hemisphere Corporation on the site designated as the Tinkers Creek Commerce Park. Taylor Chair Corporation has completed the construction of their headquarters building. The Hemisphere Corporation and Hull & Associates have completed construction of a new headquarters on this site at a cost of \$3.2 million. This was constructed on a Brownfield site and the site is to be developed by receiving grants from the Cuyahoga County Brownfield Fund, Brush Wellman prior owners of the site, the State of Ohio 629 Fund and the Federal Housing and Urban Development Fund (Brownfield Economic Development Initiative Grant, BEDI grant).

The City of Bedford Heights is a mature suburban community located approximately fourteen miles southeast of the City of Cleveland. The City is a second ring suburban community that experienced a buildout between the 1970 and 1990 period. This boom period was driven mainly as a result of the community's excellent location along the I-271, I-480, and U.S. 422 corridors. Bedford Heights has immediate freeway access to all of these interstates and the commercial and industrial development that happened during the twenty year period has left the City with the fifth largest industrial/commercial property valuation in suburban Cuyahoga County.

As a result of the twenty-year development, several important industrial clusters have developed within the City's industrial area along Miles, Richmond, Fargo and Aurora Roads. These clusters include automobile parts manufacturing (including die casting), machine parts and fasteners, steel fabricating/distribution, paint manufacturing, commercial and residential construction supplies/services, food manufacturing, and wholesale food distribution operations.

Because of the twenty-year development plan, Bedford Heights became home to manufactures in the automobile and machine parts industry. The economic environment, especially in the auto industry, adversely affected many of our manufactures. The unseen benefit to this is parts manufactured for the auto industry are the same type of parts used in the wind industry. The wind industry experienced exponential growth in 2009 and is projected to continue to grow exponentially over the next ten years.

Mayfield Collision Center completed a \$1.3 million renovation of the former Carpet Barn building in 2009.

Secure State, an existing Bedford Heights company, recently purchased their leased facility on Miles Road. Secure State offers ethical hacking services to for-profit companies, non-profit organizations and various levels of government. Secure's most recent contract with the National Aeronautics and Space Administration (NASA) is a \$1 billion, five year contract.

The Village of Oakwood continues to experience upscale commercial development moving from a community which was reliant on smokestack industries, landfills and truck terminals for its revenue to one predicated upon knowledge and technology.

ViewRay Inc., a Florida company, has chosen Oakwood as its new home, a 41,000-square-foot building on Thermo Fisher Way. The company is developing image-guided radiation therapy technology. The company's Renaissance System 1000 uses magnetic resonance images to precisely target cancer tumors with gamma radiation with little damage to surrounding healthy tissue. A group of East and West coast investors offered ViewRay a \$25 million investment if it moved from Gainesville, Fla., to a center of bioscience innovation. The region's medical imaging heritage, clinical and medical academic institutions, and economic development teamwork won over the company. Some tax incentives also helped. The Ohio Tax Credit Authority granted ViewRay job-creation tax credits worth \$537,431 over 10 years. Oakwood granted the company a 90 percent abatement of personal property tax for 15 years.

Thermo Fisher has made Oakwood Village its corporate venue, developing security products which include a comprehensive range of fixed and portable instruments used for chemical, radiation, and explosive detection. These products are used in airports, embassies, cargo facilities, border crossings, and other high threat facilities.

Airgas opened their new location in Oakwood Village in the summer of 2009. Airgas is the largest distributor of industrial, medical and specialty gases and related equipment in the United States.

#### **General Information**

As of October 2009, 3,653 students were enrolled in the School District's six schools (two primary, two intermediate schools, one middle school, and one high school). In addition to its six schools, the Bedford City School District operates a variety of facilities to complement the educational program. These include athletic facilities, a central administration building, a maintenance facility, and a transportation garage. As of June 30, 2010, the School District employed 284 professional staff members (including 256 teachers and 28 administrators) and 242 non-teaching and support staff employees.

#### **Instructional Program**

Bedford City School District offers a wide range of programs and services to meet the interests and skill levels of students of all ages. Helping children build a strong foundation for learning is a major focus in the **primary grades** where teachers help children master basic skills. To better prepare the School District's youngest students for successful learning, Bedford City School District has had an all-day kindergarten program in place for all incoming kindergartners since 2004. **Intermediate school** educators work to broaden educational opportunities to help children reach their maximum potential. The **middle school** experience provides expanded opportunities for math, computer science and art. Selected students may earn high school credit by taking German I, Algebra I, and Geometry, and Keyboarding I or Keyboarding II/Desktop Publishing.

Bedford High School is fully accredited by the North Central Association of Colleges and Schools. The curriculum offers approximately 200 courses to meet a wide range of interests and skill levels. These include Honors and Advanced Placement, college preparatory, modified, foreign language, music, and fine and cultural arts courses. An on-site Career and Technology Education program includes traditional vocational trades as well as Tech-Prep programs to prepare students for technology-based careers. Career and Technology Education courses include Biotechnology, Health Sciences/Pre-nursing, Microsoft Office®, Automotive Technology, Quick-Serve Automotive Care, CISCO Network Academy, Community Job Skills, Cosmetology, Home Improvement and Maintenance, and Financial Management and Marketing Education. Tech-Prep students can earn credits toward an Associate's Degree at Cuyahoga Community College. The credits may later transfer to a four-year college. More than 70 extra-curricular programs and activities are offered.

The School District's Department of Pupil Services includes school health and psychological services, pupil appraisal, counseling and guidance services, special education services, and speech-language and hearing services. Full-time guidance counselors are available in all school buildings.

Beginning with the 4<sup>th</sup> grade, programs are offered onsite for gifted students. Students are evaluated for entry into the Gifted and Talented Education (GATE) Program based on Ohio Department of Education criteria involving IQ and achievement test scores. In the areas of music, art, drama, and dance, students are evaluated on criteria established by the Ohio Department of Education.

Bedford City School District also provides many programs for students with disabilities. These programs include specific learning disabilities, cognitive disabilities, speech/language pathology, multiple disabilities, severe emotional disabilities, and more. The majority of these programs are offered within the School District to provide direct oversight of all children's needs.

## **Academic Program Highlights**

The School District's academic program includes the following highlights from the 2009-2010 school year:

- The Bedford City School District earned the "CONTINUOUS IMPROVEMENT" rating on the Ohio Report Card. The School District's Performance Index was 86.8. Glendale Primary School and Central Primary School earned "EXCELLENT" ratings.
- Central Primary School also met the federal designation for Adequate Yearly Progress (AYP). AYP is a measure of yearly progress toward reaching State-established academic standards.
- Central Primary School was also named a School of Promise by the Ohio Department of Education. Central was among 161 schools throughout the State to receive this recognition. Schools of Promise show high achievement based on test scores, despite the fact that 40 percent or more of the children are from low-income backgrounds. Central joins the Bedford City School District's Glendale Primary School which was named a "School of Promise" last school year.
- Heskett Middle School academic expectations in reading and math were rated ABOVE using the new value-added criteria. This designation means that the academic growth of Heskett students from one year to the next was more than what was expected from one school year to the next.
- Approximately 86 percent of the Class of 2010 made plans to pursue higher education. Another 5 percent entered the workforce, while 4 percent entered the military and 5 percent were undecided. The Class also earned more than \$3 million in academic and athletic scholarships.
- A Carylwood 4<sup>th</sup> grader took third place in the Intermediate Division at the Statewide Martin Luther King, Jr. Oratorical Contest held in April 2010. She was one of four students who emerged as winners from the region competition. Other regional winners included two Central Primary school first graders and a Glendale primary School first grader.
- The Bedford High School Madrigal Singers took second place in the Chamber Choir category at the annual Heritage Music Festival held in Chicago in March. More than 1,300 students participated in what is one of the most prestigious music competitions for high school students in the U.S.
- A Heskett Middle School PTSA volunteer was named the 2010 Helping Hands recipient for PTA District 11, which is composed of PTA organizations in most of Cuyahoga County. The Helping Hands award recognizes PTA volunteers who positively impact the lives of children and youth.
- A Heskett Middle School 8<sup>th</sup> grader advanced from School District and regional contests to participate in the 2010 State Power of the Pen creative writing tournament at the College of Wooster. She finished in the top 15 percent of the best middle school writers in the State.

- A Bedford High School 12<sup>th</sup> grader won a first-place Award of Excellence for her entry in the annual PTA Reflections contest for the State of Ohio. Her pencil drawing -- butterflies surrounding a fist holding a rose -- was displayed at the Ohio PTA Convention in Columbus. Her entry now advances to the National PTA competition.
- Bedford Schools raised more than \$6,000 for the Haiti earthquake victims. The funds were used to purchase water purification tablets, donated to the United Way and Salvation Army for the Haiti relief effort, or used to purchase shelter boxes to supply families of up to 10 people with a tent and essential equipment while they are displaced.
- Several Heskett Middle School students placed in the North East Ohio Engineering and Science Fair Regional Competition held at Cleveland State University in May. Two students took second place; four took third place, and three students received Honorable Mention.
- Bedford High School's Academic Decathlon Team captured three medals in the 31<sup>st</sup> Annual Ohio Academic Decathlon held at Lake Erie College in March. Bedford was one of 12 schools competing in 10 separate events.
- Special education students attending Carylwood, Heskett, and Bedford High School, brought home gold, silver, and bronze medals at the local Special Olympics competition held in May. Students competed in various contests, including the shot-put, standing long jump, softball throw, and running competitions.
- As part of the Post Secondary Enrollment Option, Bedford High School students continued to benefit from an opportunity to earn college credit while in high school. Through an arrangement with Lorain County Community College, students took college-level courses during the school day without ever having to leave the building. This State-funded program allows Ohio students to earn college credit while in high school, earning dual credit for the courses they take.
- To encourage students to pursue college after graduation the University Bound Scholars (UBS) program was established at Bedford High School. UBS encourages college-eligible students to aim high to compete for spots in the 25 most prestigious colleges in the U.S. To make this possible, the program provides resources and support for their families to seek financial aid, complete college applications, and search for scholarships.

#### **Long-term Planning**

The Bedford City School District has been engaged in a strategic planning process since 1990. Its most recent plan was adopted in 2003, and references efforts to address the School District's cultural diversity, efforts to improve academic achievement, increase parental involvement, expand the use of technology, and provide ongoing support to address students' emotional needs.

During the 2009-2010 school year, elements in the plan were addressed in the following ways:

• Cultural Diversity: The Bedford City School District held a Multicultural Fair in April 2010 to celebrate the School District's diversity. The purpose of this event was to acquaint children to cultures that are not present in the School District but are important for them to learn about as they prepare to live and work in our global society.

- Academic Achievement: Students participated in a variety of before- and after-school tutoring programs at the elementary schools. A Homework Club was established to provide assistance to students who needed help completing assignments at Heskett Middle School and the Saturday Academy was offered to prepare high school students to take the Ohio Graduation Test.
- **Expanded use of technology:** Under a recommendation in the Bedford City School District's Strategic Plan the use of technology to support the classroom continues to be expanded.
  - o Plans were made for a major network upgrade to be done in the summer of 2010 to replace the existing 15-year-old network. The new data network will enable almost the entire School District to be wireless. It will be almost 100 times faster than the previous network and able to accommodate emerging classroom technologies, such as distance learning, faster Internet connections, and streaming video applications. In addition, the upgrade will enhance the School District's telephone system. New capabilities include voicemail delivered directly to staff members' laptops, text messaging between laptops, and text messaging to classroom telephones to enhance building safety and security.
  - As part of a major technology upgrade following passage of a school operating levy in May 2008, about one-third or about 100 of the five-year-old laptop computers issued to teachers were replaced. The new laptops offer greater memory storage, new features and software enhancements to accommodate the latest classroom technology.
  - O Additional equipment was purchased to allow for greater interactive classroom experiences between teachers and students through visual and audio presentations. Five interactive white boards were purchased for each of the School District's six schools. The interactive boards enable teachers to draw students directly into the learning process. A total of 24 sets of Student Response Systems (clickers) were purchased for each school. The clickers provide teachers with near instant feedback regarding student understanding of what is being taught in class. Students use their clickers to select an answer and the results are instantaneously recorded for the teacher to review. A total of 20 Elmo/LCD visual presenters also were purchased. Elmo's enable teachers to display images of virtually anything, including visual aids, text, and 3D objects, so that everyone in the classroom can see a clear crisp image.
  - To increase access to technology for elementary students about 75 Netbook computers were purchased for individual student use. Computer labs also were added at the high school and middle school.

#### Other achievements

- Beginning with the first day of the 2009-2010 school year, the Bedford City School District introduced additional (expanded) guidelines to the student dress code which was established with the 2008-2009 school year. Under the 2009 revisions, students are no longer permitted to wear t-shirts and jeans, tops must have collars, and dress pants must be worn with belts. The revised guidelines for the 2009-2010 school year expanded color choices for solid-color tops to include brown and gray. Belts may now be worn in any solid color and pants were clarified with respect to pockets. The standardized dress code was developed to help to create a more positive learning environment free of fashion distractions.
- The Bedford High School Girls' Fast Pitch Softball team clinched the Lake Erie League (LEL) Erie Division Championship, the first championship for the team since 2001.

• Likewise, the Bedford High School Boys' Track and Field Team won its second straight LEL Erie Division Championship this past spring. The four by 100-meter relay team finished the season with the 3<sup>rd</sup> best time in a field of 16 at the regional competition to qualify for the State Track and Field meet.

#### **Employees**

As of June 30, 2010, the School District had 425 employees. A statewide public employee collective bargaining law applies generally to public employee relations and collective bargaining.

As of June 30, 2010, 293 of the School District's employees were professionals (certified or licensed by the State Department of Education) serving as treasurer, assistant treasurer, business manager, classroom teachers, education specialists and certificated administrators, of whom all had at least a bachelor's degree and 62 percent or 182 held advanced degrees. The 2009-2010 starting salary for a teacher with a bachelor's degree was \$37,523; the maximum teacher salary (for a teacher with a master's degree plus 45 semester hours and 18 years' experience) was \$78,009. The average current base salary of a School District teacher for 2009-2010 was \$56,820, compared to a State average of (fiscal year 2010) \$55,958.

All of the School District's teachers and educational specialists (excluding 19 administrators) are represented by the Bedford Education Association (the "Association") which is a labor organization affiliated with the Ohio Education Association. The present contract between the Board of Education and the Association became effective on July 1, 2010 and will be in effect through June 30, 2013.

All of the School District's classified support staff (secretarial-clerical, custodial, maintenance, transportation and cafeteria staff) members are represented for bargaining purposes by the Ohio Association of Public School Employees ("OAPSE"), with the exception of 9 administrators and 3 confidential secretaries and the EMIS Coordinator. A new contract was negotiated and will expire on December 31, 2013. There have been no work stoppages in the last 17 years. In the judgment of the Board of Education, labor relations with all of its employees are excellent.

#### **Awards**

The Governmental Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Bedford City School District for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2009. The Certificate is the highest form of recognition in the area of governmental financial reporting. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, whose contents conform to program standards. Such a report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA.

#### Acknowledgements

The publication of this report continues the School District's commitment to professionalism in financial reporting. Appreciation is extended to the staff of the treasurer's department: Mrs. Loretta Dunkel, Payroll Specialist, Mrs. Bonnie Baschko, Accounts Receivable/Leave Accounting Specialist, and Mrs. Sonya Jackson, Accounts Payable Specialist. A school district cannot produce a CAFR without an efficient treasurer's department. The dedication and accurate work of these employees ensures a smooth day-to-day operation and the accurate maintenance of records. It is their work that makes a timely audit possible. These employees have made a major contribution toward the School District's 2010 CAFR.

The 2010 CAFR is also the work of Assistant Treasurer, Donald E. Houghton, Jr., whose name appears on the title page.

Layout and content of the 2010 CAFR, as they have been since 1997, are credited to Mrs. Margaret Bierman, Communications Coordinator. Ms. Debi Jones, Technology Clerk was instrumental in the graphic design of this report. The digital 2010 CAFR was produced by the Information Technology Department of the Bedford City School District.

Special appreciation is expressed to the Local Government Services Section of State Auditor Mary Taylor's office for assistance in the planning, designing and reviewing of this financial report.

Respectfully submitted,

# INDEPENDENT AUDITOR'S REPORT

Board of Education Bedford City School District Bedford, Ohio The Honorable Mary Taylor Auditor of State State of Ohio

We have audited the accompanying financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Bedford City School District, Cuyahoga County, Ohio, as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Bedford City School District, Ohio's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of the Bedford City School District, Ohio, as of June 30, 2010, and the respective changes in financial position, and cash flows, where applicable, thereof and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated December 3, 2010, on our consideration of the Bedford City School District, Ohio's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3 through 11 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Bedford City School District, Ohio's financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financials statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2010 Unaudited

The discussion and analysis of the Bedford City School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2010. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the transmittal letter, the basic financial statements as well as the notes to the basic financial statements to enhance their understanding of the School District's financial performance.

# **Financial Highlights**

Key financial highlights for fiscal year 2010 are as follows:

- Net assets of governmental activities increased in fiscal year 2010 due to greater property tax collected, as a result of the new 4.9 mill levy that was passed in May 2009, and intergovernmental revenues being partially offset by greater support services expenses.
- For fiscal year 2010, the School District saw an increase in current and other assets, primarily due to an increase in taxes receivable, which can be attributed to the passage of the 4.9 mill operating levy.
- Governmental activities reflected an overall increase in revenues from fiscal year 2009 from
  greater property taxes and intergovernmental revenues being collected offset by a decrease in
  investment earnings. This decrease in investment earnings is due to the School District having
  less cash to invest and the overall poor economy
- The School District had slightly higher program expenses related to governmental activities than the previous fiscal year, mainly due to the increase in instruction related expenses.
- The general fund had greater revenues than expenditures, resulting in the general fund's fund balance increasing in 2010.

# **Using This Comprehensive Annual Financial Report ("CAFR")**

This annual report consists of a series of financial statements and notes to those statements. These statements are presented following the requirements of Governmental Accounting Standards Board ("GASB") Statement No. 34, and are organized so the reader can understand the Bedford City School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *Statement of Net Assets* and *Statement of Activities* provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other non-major funds presented in total in one column. In the case of the Bedford City School District, the general fund is the most significant fund.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2010 Unaudited

# Reporting on the District as a Whole (District-wide)

Statement of Net Assets and the Statement of Activities

The analysis of the School District as a whole begins on page 5. The view of the School District as a whole looks at all financial transactions and asks the questions, "Are we in a better financial position this year than last?" and "Why" or "Why not". The Statement of Net Assets and the Statement of Activities provide the basis for answering these questions. The statements include *all assets* and *liabilities* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting recognizes all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's *net assets* and any changes in those assets. The change in net assets is important because it tells the reader that, for the School District as a whole, the *financial position* of the School District has improved or diminished. The causes of this change may be the result of many factors, some strictly within the scope of the School District, some not. External factors include the School District's property tax base, community demographics, current property tax laws in Ohio restricting revenue growth, required educational programs and other factors.

The Statement of Net Assets and the Statement of Activities is represented in one type of activity; Governmental Activities. The School District's programs and services are reported here including instruction, support services, operation and maintenance of plant, pupil transportation and extracurricular activities as well as food service operations.

# **Reporting the School District's Most Significant Funds (Fund Financials)**

The analysis of the School District's major fund begins on page 8. Fund financial reports provide detailed information about the School District's major fund. The School District uses many funds to account for a multitude of financial transactions. However, the fund financial statements focus on the School District's most significant fund. The School District's only major fund is the general fund.

Governmental Funds - The School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements of the Governmental Funds.

**Proprietary Funds** - Proprietary funds have historically operated as *enterprise* and *internal service funds* using the same basis of accounting as business-type activities. In 2002 the School District reclassified the enterprise funds as *special revenue funds*. The internal service funds account for the self insurance fund for prescription drugs and dental coverage and the computer network fund which accounts for the costs associated with computer supplies available to all departments and are reported as the School District's only proprietary funds.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2010 Unaudited

# The School District as a Whole

Recall that the *Statement of Net Assets* provides the perspective of the School District as a whole, showing assets, liabilities and the difference between them (net assets). Table 1 provides a summary of the School District's governmental activities net assets for fiscal year 2010 compared to fiscal year 2009:

**Table 1**Net Assets

|   | 2010         | 2009         | Change      |
|---|--------------|--------------|-------------|
| Assets                                  |              |              |             |
| Current and Other Assets                | \$52,670,784 | \$49,131,638 | \$3,539,146 |
| Capital Assets, Net                     | 19,824,063   | 20,982,548   | (1,158,485) |
| Total Assets                            | 72,494,847   | 70,114,186   | 2,380,661   |
| Liabilities                             |              |              |             |
| Current and Other Liabilities           | 29,788,809   | 27,009,174   | 2,779,635   |
| Long-Term Liabilities:                  |              |              |             |
| Due Within One Year                     | 2,540,097    | 2,563,161    | (23,064)    |
| Due in More than One Year               | 7,257,798    | 8,661,313    | (1,403,515) |
| Total Liabilities                       | 39,586,704   | 38,233,648   | 1,353,056   |
| Net Assets                              |              |              |             |
| Invested in Capital Assets, Net of Debt | 13,805,233   | 13,531,705   | 273,528     |
| Restricted:                             |              |              |             |
| Capital Projects                        | 1,400,209    | 557,011      | 843,198     |
| Debt Service                            | 2,148,734    | 2,264,251    | (115,517)   |
| Other Purposes                          | 557,401      | 1,337,606    | (780,205)   |
| Unrestricted                            | 14,996,566   | 14,189,965   | 806,601     |
| Total                                   | \$32,908,143 | \$31,880,538 | \$1,027,605 |

The increase in assets was predominantly due to an increase in taxes receivable. This increase is offset by an overall increase in liabilities. The increase in liabilities was led by deferred revenue and accrued wages and benefits payable. Deferred revenue increased due to the increase in taxes receivable. The increase in taxes receivable is due to the passage of a 4.9 mill operating levy in May of 2009.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2010 Unaudited

Table 2 shows changes in governmental net assets for fiscal years 2010 and 2009.

**Table 2**Changes in Net Assets

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2010 Unaudited

General revenues increased from 2009. In 2010, the School District experienced lower levels of Personal Property Tax collections due to the phase out of this revenue source. A portion of this loss is made up in Grants and Entitlements. In addition, the School District received higher than scheduled revenues in State Fiscal Stabilization and other American Recovery and Reinvestment Act Grants and Entitlements due to the receipt of hold-harmless reimbursements for public utility taxes due in 2009. The School District also saw a slight increase in delinquent property taxes.

The decrease in program revenues is due to the receipt of smaller amounts in fees and charges than the previous year.

The School District has been working to reduce expenditures as a response to decreased revenues. Despite these efforts, the School District experienced increased costs in tuition and utilities.

#### **Governmental Activities**

The School District went to the voters in November, 2008 seeking approval of a 5.9 mill operating levy in order to keep on track with rising costs and lower revenues incoming from taxes and school foundation funding. Prior to this attempt, the last operating levy approved by voters was 4.9 mills in November 2004. The November, 2008 levy was defeated.

The School District then placed a 4.9 mill operating levy on the ballot in May, 2009. This levy was approved by the voters.

The nature of property taxes in Ohio creates the need to routinely seek voter approval for operating funds. The overall revenue generated by a levy will not increase solely as a result of inflation. As an example, the School District would receive from a home valued at \$100,000 and taxed at 1.0 mill, \$35.00, annually. If three years later the home were reappraised and increased to \$200,000 (and this inflationary increase in value is comparable to other property owners) the effective tax rate would become .5 mills, and the School District would still receive \$35.00, annually.

The School District is heavily dependent on property taxes and is hampered by a lack of revenue growth. Thus, the School District must regularly return to the voters to maintain a constant level of service. Property taxes made up over half of total revenues in the School District for fiscal year 2010, followed by grants, entitlements and contributions and then charges for services, investments and other revenue made up the remaining revenues.

Instructional expenses account for the largest portion of total program expenses. Building maintenance and pupil transportation cost made up the second largest portion of current year expenses, while board of education, administrative, fiscal and business costs made up the remaining amount.

The *Statement of Activities* shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows, for governmental activities, the total cost of service and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements.

| Pupil Transportation                     | 3,578,892              | 3,578,892            | 3,615,129              | 3,615,129            |
| Central                                  | 321,466                | 311,649              | 338,807                | 331,390              |
| Operation of Non-Instructional Services: |                        |                      |                        |                      |
| Food Service Operations                  | 1,697,599              | (122,496)            | 1,682,513              | (92,164)             |
| Other Non-Instructional Services         | 340,054                | 38,760               | 427,311                | 27,568               |
| Extracurricular Activities               | 804,712                | 661,653              | 875,259                | 730,578              |
| Interest and Fiscal Charges              | 437,058                | 437,058              | 479,677                | 479,677              |
| Total                                    | \$51,714,154           | \$44,520,269         | \$51,256,160           | \$43,215,671         |

The dependence on tax revenues and State subsidies for governmental activities is apparent. 87.83 percent of instructional activities are supported through taxes and other general revenues. For all governmental activities, general revenue support is over 88.08 percent.

# **The School District's Funds**

Information about the School District's governmental funds starts on page 14. These funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$52,804,932 and expenditures of \$52,021,828. The net change in fund balance for the year in the general fund increased by \$306,026 with a \$477,078 increase in all other governmental funds. The increase in all other governmental funds was primarily due to an increase in the amount of grant money received over the 2009 fiscal year.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2010 Unaudited

# General Fund Budgeting Highlights

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the general fund.

During the course of fiscal year 2010, the School District amended its general fund budget several times, but no change was significant. The general fund final budget revenue amount is higher than the original budget amount. The increase was due to the higher than anticipated collection of real estate tax funds. Actual revenues are higher than the final budget amount. Actual expenditures are less than the final budget amount. The School District made a conscious effort to keep expenditures below budgeted amounts. Savings were the greatest in regular instruction and operation and maintenance of plant. The School District ended the fiscal year with a fund balance of \$13,849,287, an increase of \$1,719,568 from fiscal year 2009, and \$3,932,825 higher than what was estimated.

The School District uses a modified site-based budget technique which is designed to tightly control site budgets while providing flexibility for site management. The School District prepares and monitors a detailed cashflow plan for the general fund annually. Actual cashflow is compared to monthly and year-to-date estimates, and a monthly report is prepared for top management and the Board of Education.

# **Capital Assets and Debt Administration**

# Capital Assets

At the end of fiscal year 2010, the School District had, at cost, \$51,662,051 invested in land, construction in progress, buildings and improvements, furniture and equipment, and vehicles. That total carries an accumulated depreciation of \$31,837,988. Table 4 shows fiscal year 2010 balances compared to fiscal year 2009.

**Table 4**Capital Assets at June 30
Governmental Activities

| _                                 | 2010         | 2009         |
|-----------------------------------|--------------|--------------|
| Land                              | \$2,432,595  | \$2,432,595  |
| Construction in Progress          | 58,891       | 0            |
| <b>Buildings and Improvements</b> | 14,244,123   | 15,245,177   |

| _                                 | \$19,824,063 | \$20,982,548 |
| <del></del>                       |              |              |

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2010 Unaudited

In May of 2007, voters in the School District approved the renewal of a one mill permanent improvement levy. This levy generates approximately \$490,000 a year, and coupled with reimbursements for lost levy proceeds in the amount of \$162,000, provides funds which are used exclusively for capital purchases. These funds are currently being used to finance several construction projects which were started in 2010. The net value of governmental capital assets is 38.37 percent of the value of the capital assets at cost. This ratio reflects a relatively old physical plant and bus fleet. The buildings of the School District are well maintained and in good repair. For additional information on capital assets, see Note 9 of the notes to the basic financial statements.

#### Debt

At June 30, 2010, the School District had \$6,758,208 in bonds, loans and leases outstanding, \$1,544,305 of which was due within one year. Table 5 summarizes bonds and loans outstanding.

Table 5
Outstanding Debt at June 30
Governmental Activities

|  | 2010        | 2009        |
|--|-------------|-------------|
| 2001 Refunding Serial Bonds                | \$2,418,808 | \$3,551,211 |
| 2001 Refunding Capital Appreciation Bonds  | 1,262,950   | 1,142,262   |
| 2002 Maintenance Facility Loan             | 210,000     | 274,000     |
| 2004 Astro Turf Lease                      | 96,000      | 144,000     |
| 2006 Energy Conservation Improvement Bonds | 2,770,450   | 2,966,698   |
| Totals                                     | \$6,758,208 | \$8,078,171 |

The School District's general obligation bonds were issued for the purposes of renovations of facilities which conserved energy, the renovation and construction of facilities, an addition to Columbus Road School, and the refunding of \$975,000 in library construction bonds and \$8,215,000 in facilities renovation bonds. The refunding bonds also consisted of \$536,300 in capital appreciation bonds. The maintenance facility loan was issued to construct a new maintenance facility for the School District.

During 2004, the School District entered into astro turf leases. The accumulated rental fees for the use of the stadium will be paying for the astro turf lease at no additional cost to taxpayers.

The School District's overall debt margin was \$64,232,224 with an unvoted debt margin of \$726,479. For additional information on long-term obligations, see Note 18 of the notes to the basic financial statements.

# **Current Financial Related Activities**

As the preceding information shows, the School District is heavily dependent on property taxes. Property tax revenue does not increase solely as a result of inflation. Therefore, the School District must continue to monitor its revenues and expenses to ensure the public's confidence and support.

In November 2008, the School District had placed a 5.9 mill operating levy on the ballot which was defeated by voters. In response, the School District made additional reductions in operations. Voters approved a 4.9 mill levy in May 2009. Funding from the new levy began to be collected in January 2010.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2010 Unaudited

# School Funding

After conducting a series of public forums in 2008, first to gather input about the desired attributes of world class educational system, and then about financing such educational system, Governor Strickland developed and proposed the Ohio Evidence-Based Model Education Program (OEBM), most of which was incorporated into the fiscal 2010-2011 biennial State budget, House Bill No.1. The OEBM represents a significant overhaul to the historical per pupil funding model utilized by the State, and is scheduled to be phased-in over the ensuing ten to twelve years. The State of Ohio utilized approximately \$8 billion of the Federal Stimulus package (American Recovery and Reinvestment Act, aka ARRA) to fill its budgetary hole for the 2010-2011 biennium, under which, the School District's State Foundation funding has continued to be under the guarantee subject to a one percent reduction during each of the two fiscal years of the biennium. In November 2010, Governor Strickland lost his bid for re-election. Governor-Elect Kasich has publicly stated that he intends to repeal the OEBM and reinstate a modified per pupil funding model. Regardless of the outcome of the currently unfunded OEBM, the State is facing an \$8 billion budget deficit for the 2012-2013 biennium which begins July 1, 2011. The newly elected leaders of the Ohio House have indicated public education would be the subject of budget reductions in the new biennium due to the minimalistic economic recovery in Ohio and the upcoming budget hole created by the non-recurring ARRA funds. The long-term impact of the outcome of these and other issues on the School District is unknown at this time. Consequently, all of the School District's financial abilities will be called upon to meet the challenges the future will bring. The School District's Board and management team continue to carefully and prudently plan in order to provide the resources required to meet the future needs of its students.

The State Legislature has also effected the deregulation of electric public utilities. Electric deregulation took place January 1, 2001. The Department of Education will pay to each school district their share of school district property tax replacement funds. The calculated amount for the Bedford City School District is \$1.1 million annually for five years, beginning in calendar year 2002. Beginning in 2008, by State law, each School District will be evaluated annually as to whether they will continue to receive deregulation funds. The School District was evaluated and did qualify to receive electric deregulation funds in 2010.

The Bedford City School District has committed itself to the highest standards of financial excellence for many years. The School District has received the Government Finance Officers Association Certificate of Achievement for Excellence in Financial Reporting each year since 1997. The commitment continues with this tenth financial report using the GASB Statement No. 34 reporting model.

# **Contacting the School District's Financial Management**

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the District's finances and to show the School District's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the Treasurer of Bedford City School District, 475 Northfield Road, Bedford, OH 44146.

Reconciliation of Total Governmental Fund Balances to Net Assets of Governmental Activities June 30, 2010

| <b>Total Governmental Funds Balances</b>   |                         | \$17,647,435 |
|--|-------------------------|--------------|
| Amounts reported for governmental activities in the statement of net assets are different because  |                         |              |
| Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.  |                         | 19,824,063   |
| Other long-term assets are not available to pay for current-<br>period expenditures and therefore are deferred in the funds:<br>Delinquent Property Taxes<br>Grants                                      | 3,733,638<br>135,412    |              |
| Bond issuance costs will be amortized over the life of the bonds on  |                         | 3,869,050    |
| the statement of net assets.   |                         | 12,728       |
| In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due.   |                         | (38,697)     |
| The internal service funds are used by management to charge the costs of insurance and goods warehoused and distributed to individual funds. The assets and liabilities of the internal service fund are |                         |              |
| included in governmental activities in the statement of net assets.  |                         | 1,391,459    |
| Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds:   |                         |              |
| General Obligation Bonds   | (6,452,208)             |              |
| Loan Payable   | (210,000)               |              |
| Capital Leases Compensated Absences  | (96,000)<br>(3,039,687) |              |
| Total  | (3,039,007)             | (9,797,895)  |
| Net Assets of Governmental Activities  |                         | \$32,908,143 |

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Fiscal Year Ended June 30, 2010

| Net Change in Fund Balances -Total Governmental Funds  |   | \$783,104   |
|--|---|-------------|
| Amounts reported for governmental activities in the statement of activities are different because  |   |             |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.  This is the amount by which depreciation exceeded capital outlay in the current period.  Capital Asset Additions Capital Contributions Current Year Depreciation Total | 309,626<br>21,000<br>(1,489,111)            | (1,158,485) |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.   |   |             |
| Delinquent Property Taxes Intergovernmental Total  | 549,735<br>(633,908)                        | (84,173)    |
| In the statement of activities, interest is accrued on outstanding bonds, bond accretion, bond premium, bond issuance costs and loss on refunding are amortized over the term of the bonds, whereas in governmental funds an interest expenditure is reported when due and premiums, issuance costs and loss on refunding are reported when the bonds are issued.            |   |             |
| Accrued Interest Annual Accretion Amortization of Premium on Bonds Amortization of Loss on Refunding   | (14,538)<br>(120,688)<br>53,965<br>(61,562) |             |
| Amortization of Issuance Costs<br>Total  | (8,638)                                     | (151,461)   |
| Repayment of bond, loan and lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.   |   | 1,448,248   |
| Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.   |   | 106,616     |
| The internal service fund used by management to charge the costs of insurance to individual funds are not reported in the district-wide statement of activities. Governmental fund expenditures and related internal service fund revenues are eliminated. The net revenue (expense) of the internal service fund are allocated among the governmental activities.           |   | 83,756      |
| Change in Net Assets of Governmental Activities  |   | \$1,027,605 |

| Net Assets End of Year       | \$82,067    |

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

# Note 1 - Description of the School District and Reporting Entity

Bedford City School District (the School District) is a city school district as defined by Section 3311.02 of the Ohio Revised Code. The School District is one of the 614 school districts in the State of Ohio and one of 33 in Cuyahoga County, and provides education to 3,653 students in grades K through 12. The School District also provides preschool education to 19 handicapped students. The School District is located in northeast Ohio, covers approximately 25 square miles and includes the City of Bedford, most of the City of Bedford Heights, and the Villages of Walton Hills and Oakwood. The operation of the School District is governed by an elected five-member Board of Education.

# Reporting Entity

A reporting entity is comprised of the primary government, component units and other organizations that are included to insure that the financial statements are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the School District. For Bedford City School District, the agencies and departments provide the following services: general operations, food service and student related activities of the School District.

Nonpublic Schools - Within the School District boundaries, there are various nonpublic schools, including Holy Spirit, Chanel, and Safely Home. Current State legislation provides funding to these non-public schools. These monies are received and disbursed by the School District on behalf of the non-public schools by the Treasurer of the School District, as directed by the non-public schools. These transactions are reported in a special revenue fund and as a governmental activity of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt or the levying of taxes. The School District has no component units.

The School District participates in an insurance purchasing pool and two jointly governed organizations. These organizations are the Ohio School Boards Association Workers' Compensation Group II Program, the Lakeshore Northeast Ohio Computer Association and Ohio Schools Council Association. These organizations are presented in Notes 16 and 19 of the notes to the basic financial statements.

# **Note 2 - Summary of Significant Accounting Policies**

The financial statements of the Bedford City School District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School District also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its governmental activities and to its internal service funds unless those pronouncements conflict with or contradict GASB pronouncements. The more significant of the School District's accounting policies are described below.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

# Basis of Presentation

The School District's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements The statement of net assets and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is eliminated to avoid "doubling up" revenues and expenses. These statements usually distinguish between those activities of the School District that are governmental and those that are considered business-type. The School District, however has no business-type activities.

The statement of net assets presents the financial condition of the governmental activities of the School District at fiscal year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District, within certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which a governmental function is self-financing or draws from the general revenues of the School District.

**Fund Financial Statements** During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service funds are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

# Fund Accounting

The School District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. The funds of the School District are divided into three categories: governmental, proprietary and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following is the School District's only major governmental fund:

**General Fund** The general fund is the operating fund of the School District and is used to account for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

The other governmental funds of the School District account for grants and other resources whose use is restricted to a particular purpose.

**Proprietary Fund Type** Proprietary funds focus on the determination of operating income, changes in net assets, financial position and cash flows and are classified as either enterprise or internal service. The School District only has two internal service funds.

Internal Service Funds The internal service funds account for the financing of services provided by one department or agency to other departments or agencies of the School District on a cost reimbursement basis. The School District utilizes two internal service funds, one to account for the operation of the School District's self insurance program for dental and prescription benefits and the other to account for a computer supplies warehouse available to all departments within the School District.

Fiduciary Fund Type Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the School District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the School District's own programs. The School District's only trust fund is a private purpose trust which accounts for a college scholarship program for students. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The School District's only agency fund reports resources belonging to the student bodies of the various schools.

#### Measurement Focus

Government-wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the School District are included on the statement of net assets. The statement of activities presents increases (i.e., revenues) and decreases (i.e., expenses) in total net assets.

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, the internal service funds are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the funds are included on the statement of fund net assets. The statement of revenues, expenses and changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the School District finances and meets the cash flow needs of its internal service funds activity.

The private purpose trust fund is reported using the economic resources measurement focus.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

# Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

**Revenues - Exchange and Non-Exchange Transactions** Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within sixty days of fiscal year-end.

Nonexchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. (See Note 8). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the School District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, interest, tuition, grants, and fees.

**Deferred Revenue** Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of June 30, 2010, but which were levied to finance fiscal year 2011 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

#### **Budgetary Data**

All funds, other than agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution and the certificate of estimated resources, which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and set annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of control has been established by the Board of Education at the fund level for all funds; however, the budgets are monitored on a daily basis at the object account level within a function and fund. The Treasurer has been given the authority to allocate appropriations to the function and object levels within each fund.

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts in the amended certificate in effect when the final appropriations were passed by the Board of Education.

The appropriation resolution is subject to amendment by the Board throughout the fiscal year with the restriction that appropriations may not exceed estimated revenues by fund. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

#### Cash and Cash Equivalents

To improve cash management, all cash received by the School District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through School District records. Interest in the pool is presented as "equity in pooled cash and cash equivalents."

During fiscal year 2010, the School District's investments were limited to the State Treasurer's Asset Reserve (STAR Ohio). STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price which is the price the investment could be sold for on June 30, 2010.

Following Ohio statutes, the Board of Education has, by resolution, identified the funds to receive an allocation of interest earnings. Interest revenue credited to the general fund during fiscal year 2010 amounted to \$27,384, which includes \$5,948 assigned from other School District funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months not purchased from the pool are reported as investments.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

# **Inventory**

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventory consists of expendable supplies held for consumption and donated and purchased food held for resale.

#### Restricted Assets

Assets are reported as restricted when limitations on their use change in nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, laws of other governments, or imposed by law through constitutional provisions or enabling legislation. Restricted assets in the general fund include unspent resources restricted for the purchase of buses.

# Capital Assets

All capital assets of the School District are classified as general capital assets. These assets generally result from expenditures in the governmental funds. They are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements.

Capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the fiscal year. Donated capital assets are recorded at their fair market values as of the date received. The School District maintains a capitalization threshold of three thousand dollars. The School District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets except land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

|                            | Governmental    |  |
|----------------------------|-----------------|--|
|                            | Activities      |  |
| Description                | Estimated Lives |  |
| Buildings and Improvements | 10 - 30 years   |  |
| Furniture and Equipment    | 10 - 20 years   |  |
| Vehicles                   | 12 years        |  |

#### **Bond Issuance Costs**

On the government-wide financial statements, bond issuance costs are deferred and amortized over the term of the applicable bonds using the effective interest method. Within the governmental fund statements, bond issuance costs are expended when incurred.

As permitted by State statute, the School District paid bond issuance costs for the bond proceeds and therefore does not consider that portion of the debt to be capital-related debt. That portion of the debt was offset against the unamortized bond issuance costs which were included in the determination of unrestricted net assets. Reporting both within the same element of net assets prevents one classification from being overstated while another is understated by the same amount.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

#### **Bond Premium**

On government-wide financial statement, bond premiums are deferred and amortized over the term of the bonds using the effective interest method. Bond premiums are presented as an increase of the face amount of the bonds payable. On the governmental fund statements, bond premiums are receipted in the year the bonds are issued.

# Gain/Loss on Refunding

On the government-wide financial statements, the difference between the reacquisition price (funds required to refund the old debt) and the net carrying amount of the old debt, the gain/loss on refunding, is being amortized as a component of interest expense. This deferred amount is amortized over the life of the old or new debt, which ever is shorter.

# **Interfund Balances**

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." Interfund loans which do not represent available expendable resources are offset by a fund balance reserve account. These amounts are eliminated in the governmental activity column of the statement of net assets.

# Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. The School District records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the termination method. An accrual for earned sick leave is made to the extent that it is probable that benefits will result in termination payments. The liability is an estimate based on the School District's past experience of making termination payments.

The entire compensated absence liability is reported on the government-wide financial statements.

On the governmental fund financial statements, compensated absences are recognized as liabilities and expenditures to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "matured compensated absences payable" in the funds from which the employees who have resigned or retired will be paid.

#### Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements and all payables, accrued liabilities and long-term obligations payable from the internal service funds are reported on the internal service fund financial statements.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current fiscal year. Bonds and capital leases are recognized as a liability on the fund financial statements when due.

# **Internal Activity**

Transfers between governmental activities are eliminated on the government-wide financial statements. Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the Statement of Activities. Interfund payments for services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

#### Fund Balance Reserves

The School District reserves those portions of fund equity which are legally segregated for a specific future use or which do not represent available expendable resources and therefore are not available for appropriation or expenditure. Unreserved fund balance indicates that portion of fund equity which is available for appropriation in future periods. Fund balance reserves have been established for encumbrances, property taxes, bus purchase and long-term advances.

The reserve for property taxes represents taxes recognized as revenue under generally accepted accounting principles but not available for appropriation under State statute.

#### Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The School District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

#### Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the School District, these revenues are charges for services for the self-insurance program and the computer network services. Operating expenses are necessary costs incurred to provide the goods or services that are the primary activity of the fund. All revenues and expenses not meeting these definitions are reported as non-operating.

#### **Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### **Note 3 – Change in Accounting Principles**

For fiscal year 2010, the School District has implemented Governmental Accounting Standard Board (GASB) Statement No. 51, "Accounting and Reporting for Intangible Assets", Statement No. 53, "Accounting and Financial Reporting for Derivative Instruments", Statement No. 57, "OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans", and Statement No. 58, "Accounting and Financial Reporting for Chapter 9 Bankruptcies".

GASB Statement No. 51 establishes accounting and financial reporting requirements for intangible assets to reduce inconsistencies thereby enhancing the comparability of accounting and financial reporting of such assets among state and local governments. The implementation of this statement did not result in any change to the School District's financial statements.

GASB Statement No. 53 enhances the usefulness and comparability of derivative instrument information reported by state and local governments. This Statement provides a comprehensive framework for the measurement, recognition, and disclosure of derivative instrument transactions. The implementation of this statement did not result in any change to the School District's financial statements.

GASB Statement No. 57 addresses issues related to the use of the alternative measurement method and the frequency and timing of measurements by employers that participate in agent multiple-employer other postemployment benefit (OPEB) plans (that is, agent employers). The requirements in this Statement will allow more agent employers to use the alternative measurement method to produce actuarially based information for purposes of financial reporting and clarify that OPEB measures reported by agent multiple-employer OPEB plans and their participating employers should be determined at the same minimum frequency and as of a common date to improve the consistency of reporting with regard to funded status and funding progress information. The implementation of this statement did not result in any change in the School District's financial statements.

GASB Statement No. 58 provides accounting and financial reporting guidance for governments that have petitioned for protection from creditors by filing for bankruptcy under Chapter 9 of the United States Bankruptcy Code. The requirements in this Statement will provide more consistent recognition, measurement, display, and disclosure guidance for governments that file for Chapter 9 bankruptcy. The implementation of this statement did not result in any change in the School District's financial statements.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

## Note 4 – Accountability

At June 30, 2010, the following funds had deficit fund balances:

|                                     | Amount  |
|-------------------------------------|---------|
| Special Revenue Funds:              |         |
| Recreation                          | \$9,859 |
| District Managed Student Activities | 53      |
| Title VI-B                          | 16,243  |
| Vocational Education                | 22,606  |
| Technology Title II-D               | 40,181  |
| Title I                             | 64,569  |
| Drug Free Schools                   | 4       |
| Preschool Handicapped               | 6,426   |
| Title VI-R                          | 4,551   |

The deficits are due to adjustments for accrued liabilities. The general fund is liable for any deficit in these funds and provides transfers when cash is required, rather then when accruals occur.

## **Note 5 - Budgetary Basis of Accounting**

While the School District is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are as follows:

- 1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
- 2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
- 3. Encumbrances are treated as expenditures (budget basis) rather than as a reservation of fund balance (GAAP basis).
- 4. Advances in and advances out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis)

The following table summarizes the adjustments necessary to reconcile the GAAP basis statement to the budgetary basis statement for the general fund.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

Net Change in Fund Balance

| -                                   |           |
|-------------------------------------|-----------|
| GAAP Basis                          | \$306,026 |

| Advances In                         | 1,058,100 |
|                                     |           |

Net Adjustment for Expenditure Accruals 734,653 Advances Out (896,000)Adjustment for Encumbrances (818,668)\$1,719,568 **Budget Basis** 

# **Note 6 - Deposits and Investments**

Monies held by the School District are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the School District treasury. Active monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the School District can be deposited or invested in the following securities:

- 1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
- 2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed above;
- 4. Bonds and other obligations of the State of Ohio;
- 5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
- 6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2);

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

- 7. The State Treasurer's investment pool (STAR Ohio); and
- 8. Commercial paper and bankers acceptances if training requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Investments may only be made through specified dealers and institutions.

#### **Deposits**

Custodial Credit Risk Custodial credit risk is the risk that in the event of bank failure, the School District will not be able to recover deposits or collateral securities that are in possession of an outside party. At fiscal year end, \$20,742 of the School District's bank balance of \$400,891 was uninsured and uncollateralized. Although the collateral securities were held by the pledging institution's trust department and all statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the School District to a successful claim by the FDIC.

The School District has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the School District or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

#### **Investments**

As of June 30, 2010, the School District had a STAROhio investment with a fair value of \$20,822,181, an average maturity of fifty-six days and a rating of AAAm by Standard and Poor's.

*Interest Rate Risk.* As a means of limiting its exposure to fair value losses caused by rising interest rates, the School District's investment policy requires that operating funds be invested primarily in short-term investments maturing within five years from the date of purchase and that the School District's investment portfolio be structured so that the securities mature to meet cash requirements for ongoing operations and/or long-term debt payments. The stated intent of the policy is to avoid the need to sell securities prior to maturity. To date, no investments have been purchased with a life greater than two years.

*Credit Risk.* Ohio law requires that STAROhio maintain the highest rating provided by at least one nationally recognized standard rating service. The School District has no investment policy that addresses credit risk.

#### Note 7 - Receivables

Receivables at June 30, 2010, consisted of taxes, accounts (student fees and tuition), interfund, and intergovernmental grants. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current fiscal year guarantee of federal funds. All receivables except for manuscript debt and delinquent property taxes are expected to be collected within one year. Property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

A summary of principal items of intergovernmental receivables follows:

| Governmental Activities                    | Amount    |  |
|--|-----------|--|
| Title I Grants and Subsidies               | \$242,850 |  |
| Title VI-B Grants and Subsidies            | 236,613   |  |
| School Employees Retirement System         | 50,755    |  |
| Title VI-R Grants and Subsidies            | 44,901    |  |
| Auditor of State - CAFS                    | 27,973    |  |
| Vocational Education Grants and Subsidies  | 25,499    |  |
| Auxiliary Services                         | 16,786    |  |
| Preschool Handicapped Grants and Subsidies | 9,958     |  |
| Substitute Teacher Reimbursement           | 8,253     |  |
| State of Ohio                              | 8,100     |  |
| Drug Free Schools Grants and Subsidies     | 3,785     |  |
| Title II-D Technology                      | 3,043     |  |
| Total                                      | \$678,516 |  |

#### **Note 8 - Property Taxes**

Property taxes are levied and assessed on a calendar year basis while the School District fiscal year runs from July through June. First half tax collections are received by the School District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real, public utility and tangible personal property (used in business) located in the School District. Real property tax revenue received in calendar year 2010 represents collections of calendar year 2009 taxes. Real property taxes received in calendar year 2010 were levied after April 1, 2009, on the assessed value listed as of January 1, 2009, the lien date. Assessed values for real property are established by State law at thirty-five percent of appraised market value. Real property are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar year 2010 represents collections of calendar year 2009 taxes. Public utility real and tangible personal property taxes received in calendar year 2010 become a lien December 31, 2008, were levied after April 1, 2009 and are collected in 2010 with real property taxes. Public utility real property is assessed at thirty-five percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

Tangible personal property tax revenue received during calendar 2010 (other than public utility property) represents the collection of 2010 taxes levied against local and inter-exchange telephone companies. Tangible personal property tax on business inventory, manufacturing machinery and equipment, and furniture and fixtures is no longer levied and collected. Tangible personal property taxes received from telephone companies in calendar year 2010 were levied after October 1, 2009, on the value as of December 31, 2009. Amounts paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semiannually. If paid annually, payment is due April 30; if paid semiannually, the first payment is due April 30, with the remainder payable by September 20. Tangible personal property taxes paid by April 30 are usually received by the School District prior to June 30.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

The School District receives property taxes from Cuyahoga County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2010, are available to finance fiscal year 2010 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable represents real property and public utility property taxes which were measurable as of June 30, 2010, and for which there was an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 are reflected as revenue at fiscal year end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred revenue.

The amount available as an advance at June 30, 2010 was 3,386,558 in the general fund, \$156,043 in the bond retirement debt service fund, and \$52,853 in the permanent improvement capital projects fund. The amount available as an advance at June 30, 2009, was \$3,797,068 in the general fund, \$221,434 in the bond retirement debt service fund, and \$67,002 in the permanent improvement capital projects fund. The difference was in timing and collection by the County Auditor.

On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis the revenue has been deferred.

The assessed values upon which the fiscal year 2010 taxes were collected are:

|  | 2009 Second<br>Half Collections |          | 2010 First<br>Half Collections |          |
|--|---------------------------------|----------|--------------------------------|----------|
|  | Amount                          | Percent  | Amount                         | Percent  |
| Residential/Agricultural                   | \$432,422,870                   | 55.03 %  | \$390,270,020                  | 53.71 %  |
| Other Real Estate                          | 298,786,290                     | 38.02    | 302,456,730                    | 41.62    |
| Public Utility Personal                    | 31,677,970                      | 4.03     | 33,898,290                     | 4.67     |
| Tangible Personal Property                 | 22,970,064                      | 2.92     | 0                              | 0.00     |
| Total                                      | \$785,857,194                   | 100.00 % | \$726,625,040                  | 100.00 % |
| Tax rate per \$1,000 of assessed valuation | \$67.87                         |          | \$72.50                        |          |

The increase in the tax rate per \$1,000 of assessed valuation is from a 4.9 mill continuing levy passed on May 5, 2009.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

**Note 9 - Capital Assets** 

Capital asset activity for the fiscal year ended June 30, 2010, was as follows:

|  | Balance 6/30/09 | Additions     | Deletions | Balance 6/30/10 |
|--|-----------------|---------------|-----------|-----------------|
| <b>Governmental Activities</b>               |                 |               |           |                 |

| Operation and Maintenance of Plant       | 550,152     |
| Pupil Transportation                     | 237,704     |
| Central                                  | 4,645       |
| Operation of Non-Instructional Services: |             |
| Food Service Operations                  | 2,483       |
| Other Non-Instructional Services         | 45,192      |
| Extracurricular Activities               | 132,491     |
| Total Depreciation Expense               | \$1,489,111 |

The School District received exercise equipment valued at \$21,000. The School District has recorded this as a capital contribution.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

## **Note 10 - Contingencies**

#### Grants

The School District received financial assistance from federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School District at June 30, 2010.

#### Litigation

The School District is a party to legal proceedings. The School District is of the opinion that ultimate disposition of claims will not have a material effect, if any, on the financial condition of the School District.

#### **Note 11 - Interfund Balances**

Interfund balances at June 30, 2010, consist of the following individual fund receivables and payables:

| _                             | Interfund Receivable |              |           |  |  |
|-------------------------------|----------------------|--------------|-----------|--|--|
|                               | Other                |              |           |  |  |
|                               | General              | Governmental |           |  |  |
| Interfund Payable             | Fund Funds To        |              |           |  |  |
| Other Governmental Funds      |                      |              |           |  |  |
| Recreation                    | \$11,000             | \$0          | \$11,000  |  |  |
| Title VI-B                    | 175,000              | 0            | 175,000   |  |  |
| Vocational Education          | 35,000               | 0            | 35,000    |  |  |
| Technology Title II-D         | 60,000               | 0            | 60,000    |  |  |
| Title I                       | 235,000              | 0            | 235,000   |  |  |
| Drug Free Schools             | 4,000                | 0            | 4,000     |  |  |
| Preschool Handicapped         | 8,000                | 0            | 8,000     |  |  |
| Title VI-R                    | 30,000               | 0            | 30,000    |  |  |
| Permanent Improvement         | 0                    | 90,000       | 90,000    |  |  |
| Total Governmental Activities | \$558,000            | \$90,000     | \$648,000 |  |  |

The interfund payables are advances for grant monies that were not received by fiscal year end. The School District expects to receive the grant monies and repay the advances within the next fiscal year.

The interfund transaction between the bond retirement debt service and permanent improvement capital projects fund is a manuscript bond. The manuscript bond consists of a facility acquisition bond and was issued by the School District and purchased by the bond retirement debt service fund as an investment. The manuscript bond will mature on December 1, 2015.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

|  | Outstanding   |           |           | Outstanding   |
|--|---------------|-----------|-----------|---------------|
|  | June 30, 2009 | Additions | Deletions | June 30, 2010 |
| Manuscript Bond - Facility Acquisition | \$105,000     | \$0       | \$15,000  | \$90,000      |

The general fund transferred \$104,212 to the district managed student activities special revenue fund to provide financial support for the School District's athletics and \$291,500 to the capital replacement capital projects fund for bus purchases.

## **Note 12 - Risk Management**

#### **Property and Liability**

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During fiscal year 2010, the School District contracted for property and general liability insurance, and boiler and machinery coverage through the 91-member Ohio Schools Council Association Group Purchasing Consortium. The Ohio Casualty Insurance Company is the carrier for the School District's insurance.

Aggregate property coverage is \$108,753,600 with a \$5,000 deductible. Aggregate boiler and machinery coverage is approximately \$50 million with a \$1,000 deductible. The policy is renewable on July 1, 2010, for each coverage. Casualty and fleet insurance coverage was provided with a combined single limit of \$1 million and \$1,000 deductible. Education and umbrella liability insurance coverage was provided with a combined single limit of \$8 million each occurrence and combined aggregate of \$8 million. The Treasurer is covered by a \$200,000 surety bond and the Superintendent, Board of Education President, and Business Manager are covered by \$50,000 position bonds.

Settled claims have not exceeded this commercial coverage in any of the past three years. There have been no significant reductions in coverage from last year.

#### Worker's Compensation

For fiscal year 2010, the School District participated in the Ohio School Boards Association Workers' Compensation Group II Program, an insurance purchasing pool (Note 16). The intent of the Group Rating Program, (GRP) is to achieve the benefit of a reduced premium for the School District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria. In 2010 the District did not qualify for the 2010 GRP and instead participated in the Group II Program. The firm of CompManagement, Inc. provides administrative, cost control, and actuarial services to the GRP.

#### Employee Benefits

The School District has elected to provide employee dental and prescription drug benefits to full time employees through a self-insurance program, while hospitalization and medical benefits are provided with a fully-insured program. Full time is defined as the full 186 day academic year, or 1,700 hours for non-certificated employees. Employees working shorter calendars pay a prorated portion of the health care premiums. The School District maintains a self-insurance internal service fund to account for and finance its

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

uninsured risk of loss in the drug and dental programs. Dental claims are limited to \$2,500 per covered individual per year, with a lifetime limit of \$1,000 on orthodontia. There is no limitation on prescription drug benefits as this type of coverage is not subject to catastrophic loss. A third party administrator, Medical Mutual of Ohio, reviews and pays all claims. The School District pays the following monthly premium into the self-funded benefits fund, which represents 93 percent of the premium required: dental - \$24.38 (single), \$73.14 (family); drug - \$95.37 (single), \$262.25 (family). These premiums are paid by the fund that pays the salary for each employee and is based on historical cost information.

The claims liability of \$58,532 reported in the self insurance fund at June 30, 2010, is based on an estimate provided by the Treasurer and the requirements of Governmental Accounting Standards Board Statement No. 30 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses.

Changes in the fund's claims liability amount for the last two years follows:

|      | Balance at        | Current Year | Claim       | Balance at  |
|------|-------------------|--------------|-------------|-------------|
|      | Beginning of Year | Claims       | Payments    | End of Year |
| 2009 | \$80,000          | \$1,189,168  | \$1,200,168 | \$69,000    |
| 2010 | 69,000            | 1,117,376    | 1,127,844   | 58,532      |

#### **Note 13 - Compensated Absences**

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified employees earn ten to twenty days of vacation per year, depending upon length of service and hours worked. Accumulated unused vacation time is paid to classified employees upon termination of employment. Teachers do not earn vacation time. Each employee earns sick leave at a rate of one and one-fourth days per month. Sick leave may be accumulated to a maximum of 275 days for non-certificated and certificated employees and 370 days for administrators. Upon retirement or termination after 25 years of service, payment is made for up to 30 days plus one-tenth of the days remaining for certificated employees and administrators. The maximum number of days to be paid out is 54 days for certificated staff and 64 days for administrators. The non-certificated employees payment is calculated using one-fourth of the days unless the employee has accumulated 90 percent or more of their maximum number of days in which case the calculation is made at 30 percent for a maximum of 78 days. For purposes of retirement, the employee receiving such payment must meet the eligibility requirement provisions set by STRS or SERS.

#### Note 14 - Defined Benefit Pension Plans

#### School Employees Retirement System

Plan Description – The School District contributes to the School Employees Retirement System (SERS), a cost-sharing multiple employer pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute at an actuarially determined rate. The current School District rate is 14 percent of annual covered payroll. A portion of the School District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2010, 12.78 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The School District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2010, 2009 and 2008 were \$721,249, \$779,920, and \$774,975 respectively; 95.55 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

#### State Teachers Retirement System of Ohio

Plan Description – The School District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, Ohio 43215-3771, or by calling (888) 227-7877, or by visiting the STRS Ohio Web site at <a href="https://www.strsoh.org">www.strsoh.org</a>.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years of credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For the fiscal year ended June 30, 2010, plan members were required to contribute 10 percent of their annual covered salaries. The School District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For fiscal year 2009, the portion used to fund pension obligations was also 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School District's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2010, 2009, and 2008 were \$2,426,702, \$2,574,773, and \$2,438,865 respectively; 88.90 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008. Contributions to the DC and Combined Plans for fiscal year 2010 were \$62,017 made by the School District and \$77,901 made by the plan members.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

#### Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System of Ohio have an option to choose Social Security or the School Employees Retirement System. As of June 30, 2010, two members of the Board of Education have elected Social Security. The Board's liability is 6.2 percent of wages paid.

## **Note 15- Postemployment Benefits**

#### School Employee Retirement System

Plan Description – The School District participates in two cost-sharing multiple employer defined benefit OPEB plans administrated by the School Employees Retirement System for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's and traditional indemnity plans as well as a prescription drug program. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries up to a statutory limit. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 Broad St., Suite 100, Columbus, Ohio 43215-3746.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 401h. For 2010, .46 percent of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined amount; for 2010, this amount was \$35,800. During fiscal year 2010, the School District paid \$157,038 in surcharge.

Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

The School District's contributions for health care for fiscal years ended June 30, 2010, 2009, and 2008 were \$487,115, \$484,201, and \$481,282 respectively; 95.55 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For 2010, this actuarially required allocation was 0.76 percent of covered payroll. The School District's contributions for Medicare Part B for the fiscal years ended June 30, 2010, 2009, and 2008 were \$59,509, \$66,924, and \$55,839 respectively; 95.55 percent has been contributed for fiscal year 2010, and 100 percent for fiscal years 2009 and 2008.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

#### State Teachers Retirement System

Plan Description – The School District contributes to the cost sharing multiple employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2010, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The School District's contributions for health care for the fiscal years ended June 30, 2010, 2009, and 2008 were \$186,669, \$198,059, and \$187,605 respectively; 88.90 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

## **Note 16 - Insurance Purchasing Pool**

Ohio School Boards Association Workers' Compensation Group II Program - The School District participates in the Ohio School Boards Association Workers' Compensation Group II Program, an insurance purchasing pool. The group's business and affairs are conducted by a three member Board of Directors consisting of the President, the President Elect and the Immediate Past President of the OSBA. The Executive Director of the OSBA, or his designee, serves as coordinator of the program. Each year, the participating school districts pay an enrollment fee to the OSBA to cover the costs of administering the program.

#### Note 17 - Set Asides

The School District is required by State statute to annually set aside in the general fund an amount based on a statutory formula for the purchase of textbooks and other instructional materials and an equal amount for the acquisition and construction of capital improvements. Amounts not spent by fiscal year end or offset by similarly restricted resources received during the fiscal year must be held in cash at fiscal year end and carried forward to be used for the same purposes in future fiscal years.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

The following cash basis information describes the change in the fiscal year end set aside amounts for textbooks and capital acquisition. Disclosure of this information is required by State statute.

|  | Textbooks     |             |
|--|---------------|-------------|
|  | Instructional | Capital     |
|  | Materials     | Improvement |
|  | Reserve       | Reserve     |
| Set-aside Reserve Balances as of June 30, 2009           | (\$1,386,232) | \$0         |
| Current Year Set-aside Requirement                       | 645,538       | 645,538     |
| Current Year Offsets                                     | 0             | (456,868)   |
| Qualifying Disbursements                                 | (558,353)     | (555,077)   |
| Totals   | (\$1,299,047) | (\$366,407) |
| Set-aside Balance Carried Forward to Future Fiscal Years | (\$1,299,047) | \$0         |
| Set-aside Reserve Balances as of June 30, 2010           | \$0           | \$0         |

The School District had qualifying disbursements during the fiscal year that reduced the textbook set-aside amount below zero. This extra amount may be used to reduce the set-aside requirements of future fiscal years. While the current year offsets and qualifying disbursements during the fiscal year reduced the capital improvement set-aside amount to below zero, this amount may not be used to reduce the set-aside requirements of future fiscal years.

## **Note 18 - Long Term Obligations**

The original issue date, interest rate, original issue amount and date of maturity of each of the School District's long-term obligations follows:

|   | Original   | Original     | Interest   | Date of          |
|---|------------|--------------|------------|------------------|
| Debt Issue                                    | Issue Date | Issue Amount | Rate       | Maturity         |
| General Obligation Bonds:                     |            |              |            |                  |
| Serial Library and Facilities Refunding Bonds | 2001       | \$8,560,000  | 3.00-5.00% | December 1, 2011 |
| Capital Appreciation Refunding Bonds          | 2001       | 536,300      | 10.30%     | December 1, 2012 |
| Energy Conservation Improvement Bonds         | 2006       | 3,562,114    | 4.11%      | October 15, 2020 |
| Maintenance Facility Loan                     | 2002       | 606,000      | 3.64%      | December 1, 2012 |
| Astro Turf Lease                              | 2004       | 385,000      | 3.29%      | June 1, 2012     |

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

The changes in the School District's long-term obligations during the year consist of the following:

|   | Principal Outstanding 6/30/09 | Additions   | (Reductions)  | Principal Outstanding 6/30/10 | Amount Due in One Year |
|---|-------------------------------|-------------|---------------|-------------------------------|------------------------|
| Governmental Activities:                      |                               |             |               |                               |                        |
| General Obligations Bonds:                    |                               |             |               |                               |                        |
| Serial Library and Facilities Refunding Bonds | \$3,570,000                   | \$0         | (\$1,140,000) | \$2,430,000                   | \$1,225,000            |
| Unamortized Premium on Serial Bonds           | 133,474                       | 0           | (53,965)      | 79,509                        | 0                      |
| Unamortized Loss on Refunding on Serial Bonds | (152,263)                     | 61,562      | 0             | (90,701)                      | 0                      |
| Capital Appreciation Refunding Bonds          | 536,300                       | 0           | 0             | 536,300                       | 0                      |
| Accretion on Capital Appreciation Bonds       | 605,962                       | 120,688     | 0             | 726,650                       | 0                      |
| Energy Conservation Improvement Bonds         | 2,966,698                     | 0           | (196,248)     | 2,770,450                     | 204,305                |
| Total General Obligation Bonds                | 7,660,171                     | 182,250     | (1,390,213)   | 6,452,208                     | 1,429,305              |
| Maintenance Facilities Loan                   | 274,000                       | 0           | (64,000)      | 210,000                       | 67,000                 |
| Astro Turf Lease                              | 144,000                       | 0           | (48,000)      | 96,000                        | 48,000                 |
| Compensated Absences                          | 3,146,303                     | 1,008,297   | (1,114,913)   | 3,039,687                     | 995,792                |
| Total Governmental Activities                 | \$11,224,474                  | \$1,190,547 | (\$2,617,126) | \$9,797,895                   | \$2,540,097            |

The serial library and facilities refunding bonds and capital appreciation refunding bonds will be paid with property taxes from the bond retirement fund.

Energy conservation improvement bonds were issued for the purpose of improvements throughout the School District. These bonds will be paid from the general fund.

The maintenance facilities loan will be paid from the general fund. The astro turf lease will be paid from the special enterprise special revenue fund. Compensated absences will be paid from the general fund, the food service, auxiliary services, title VI-B, title I, preschool handicapped and title VI-R special revenue funds.

In November 2001, the School District issued general obligation refunding bonds having an original face value of \$9,096,300. These refunding bonds consist of \$8,560,000 in current interest serial bonds and \$536,300 in capital appreciation bonds. This year the addition on the capital appreciation bonds was \$120,688 which represents the annual accretion of discounted interest. The final maturity amount of these bonds is \$1,665,000. The bonds were issued at a \$900,303 premium and issuance costs were \$144,116.

The refunding bonds were issued to defease the 1993 library construction and facilities renovations general obligation bonds by placing the proceeds of the new bonds in an irrevocable trust to provide for all future debt service payments. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the School District's financial statements. On June 30, 2010, \$8,495,000 of bonds outstanding were considered defeased.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

The overall debt margin of the School District as of June 30, 2010, was \$64,232,224 with an unvoted debt margin of \$726,479. Principal and interest requirements to retire general obligation bonds outstanding at June 30, 2010, are as follows:

|           | General Oblig | ation Bonds | Capital Apprec | ciation Bonds | Maintenance Fa | acilities Loan |
|-----------|---------------|-------------|----------------|---------------|----------------|----------------|
|           | Principal     | Interest    | Principal      | Interest      | Principal      | Interest       |
| 2011      | \$1,429,305   | \$204,617   | \$0            | \$0           | \$67,000       | \$7,390        |
| 2012      | 1,417,693     | 135,479     | 406,331        | 823,669       | 70,000         | 4,506          |
| 2013      | 221,425       | 96,622      | 129,969        | 305,031       | 73,000         | 1,516          |
| 2014      | 230,516       | 87,531      | 0              | 0             | 0              | 0              |
| 2015      | 239,980       | 78,067      | 0              | 0             | 0              | 0              |
| 2016-2020 | 1,356,027     | 234,208     | 0              | 0             | 0              | 0              |
| 2021      | 305,504       | 12,543      | 0              | 0             | 0              | 0              |
| Total     | \$5,200,450   | \$849,067   | \$536,300      | \$1,128,700   | \$210,000      | \$13,412       |

# **Note 19 - Jointly Governed Organizations**

#### Lakeshore Northeast Ohio Computer Association

The Lakeshore Northeast Ohio Computer Association (LNOCA) is a jointly governed organization among sixteen school districts, one educational service center and the Bedford City School District. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among the member districts. Each of the school districts support LNOCA based on a per pupil charge. The School District paid \$108,675 to LNOCA during fiscal year 2010.

The Governing Board consists of the superintendent from each of the participating school districts and the educational service center. The degree of control exercised by any participant is limited to its representation on the Governing Board. The Board exercises total control over the operation of the organization including budgeting, appropriating, contracting and designating management. A copy of LNOCA's financial statements may be obtained by contacting the Educational Service Center at 5811 Canal Road, Valley View, Ohio 44125.

#### Ohio Schools Council Association

The Ohio Schools' Council Association (Council) is a jointly governed organization among 126 school districts. The jointly governed organization was created by school districts for the purpose of saving money through volume purchases. Each district supports the Council by paying an annual participation fee. Each school district member's superintendent serves as a representative of the Assembly. The Assembly elects five of the Council's Board members and the remaining four are representatives of the Greater Cleveland School Superintendents' Association. The Council operates under a nine-member Board of Directors (the Board). The Board is the policy making authority of the Council. The Board meets monthly from September through June. The Board appoints an Executive Director who is responsible for receiving and disbursing funds, investing available funds, preparing financial reports for the Board and Assembly and carrying out such other responsibilities as designated by the Board. In fiscal year 2010, the School District paid \$400 to the Council. Financial information can be obtained by contacting Dr. David A. Cottrell, the Executive Director of the Ohio Schools' Council at 6133 Rockside Road, Suite 10, Independence, Ohio 44131.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

The School District participates in the natural gas purchase program. This program allows the School District to purchase natural gas at reduced rates. Energy USA served as the natural gas supplier and program manager from October 1, 2008 to September 30, 2010. Compass Energy has been selected as the new supplier and program manager for the period from October 1, 2010 through March 31, 2013. There are currently 143 participants in the Program. The participants make monthly payments based on estimated usage. Each September, these estimated payments are compared to their actual usage for the year (July to June). Districts that paid more in estimated billings than their actual billings are issued credits on future billings in September until the credits are exhausted and districts that did not pay enough on estimated billings are invoiced for the difference on the September monthly estimated billing.

The School District also participates in the Council's current electricity group purchase program. The Council's current program, which began in September 2009 and runs through May 2011, provides as much as 25 percent in savings to 244 school districts in the First Energy territory.

#### Note 20 - Capital Leases - Lessee Disclosure

In prior years, the School District entered into a capital lease agreement for the installation of astro turf at the football stadium of the School District. The School District's lease obligation meets the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, "Accounting for Leases." Capital lease payments are reflected as debt service expenditures in the special enterprise special revenue fund on the basic financial statements.

As part of the agreement for the astro turf lease, Key Bank, as lessor, deposited monies in segregated accounts for the installation of the astro turf. The entire amount was paid to the vendors at the direction of the School District when the installations were completed. At year-end capital assets have been capitalized for the capital lease.

Capital assets acquired by lease have been capitalized as follows:

# **Governmental Activities:**

Capital Assets, being depreciated:

**Building and Improvements** 

| Cost  | \$385,000 |
|---|-----------|
| Accumulated Depreciation                    | (115,500) |
| Governmental Activities Capital Assets, Net | \$269,500 |

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2010

The following is a schedule of the future long-term minimum lease payments required under the capital leases and the present value of the minimum lease payments as of June 30, 2010.

|   | Governmental |
|---|--------------|
| Fiscal Year Ending June 30                  | Activities   |
| 2011  | \$51,250     |
| 2012  | 49,425       |
| Total                                       | 100,675      |
| Less: Amount Representing Interest          | (4,675)      |
| Present Value of Net Minimum Lease Payments | \$96,000     |

# **Note 21 – Subsequent Events**

On November 4, 2010, The School District entered into a \$433,136 five year lease purchase agreement with Key Government Finance for the acquisition of computer and related equipment.

# COMBINING STATEMENTS AND INDIVIDUAL FUND SCHEDULES

## Combining Statements - Nonmajor Governmental Funds

#### Nonmajor Special Revenue Funds

To account for revenues from specific sources which legally, or otherwise, are restricted to expenditures for specific purposes.

**Food Service Fund** To account for the financial transactions related to the food service operations of the School District.

Summer School Fund To account for the operation of the summer school program.

Adult and Continuing Education Fund To account for the operation of the adult high school and the adult and community education programs.

**Recreation Fund** To account for the operation of the swimming pool when it serves the community for open swim, lessons, youth competition and facility rentals.

**Public School Support Fund** To account for proceeds of local fund raising at the building level.

**Local Grants Fund** To account for proceeds of specific revenue sources, except for State and federal grants that are legally restricted to expenditure for specific purposes.

*Special Enterprise Fund* To account for the financial transactions related to the rental of the School District's high school athletic facilities.

*District Managed Student Activities Fund* To account for all costs (excluding supplemental coaching and advising contracts) of the adult-led student activities.

**Auxiliary Services Fund** To account for State monies received for educational programs run by the School District on behalf of four non-public schools within the boundaries of the School District.

**Education Management Information Systems Fund** To account for State monies provided for costs associated with the requirements of the management information system.

*Entry Year Teachers Fund* To account for State monies spent on teacher in-service and training for first year teachers.

**Data Communications Fund** To account for State monies provided for Ohio Educational Computer Network Connections.

(continued)

#### Combining Statements – Nonmajor Governmental Funds (continued)

#### Nonmajor Special Revenue Funds (continued)

**SchoolNet Professional Development Fund** To account for a limited number of professional development subsidy grants.

Ohio Reads Grant Fund To account for State monies intended to improve reading outcomes.

**Poverty Aid Fund** This fund accounts for State monies used for improving the educational and cultural status of disadvantaged pupils.

*Miscellaneous State Grants Fund* To account for State monies which support academic and enrichment programs for the student body.

*Title VI-B Fund* To account for federal monies to be used to provide full educational opportunities to handicapped children.

**Vocational Education Fund** To account for federal monies for cooperating development of vocational education programs.

*State Fiscal Stabilization Fund* This fund accounts for the allocation of restricted Federal grant monies used to assist schools in minimizing reductions in education and other essential services at the preschool, elementary and secondary levels.

**Technology Title II-D Fund** This fund accounts for restricted Federal grant monies used for technology.

Title III Fund To account for federal monies used for costs associated with English proficiency.

Title I Fund To account for federal monies used to meet the needs of educationally deprived children.

Title VI Fund To account for federal monies given to the State to meet pre-determined educational needs.

*Drug Free Schools Fund* To account for federal monies which support drug abuse education and prevention programs.

**Preschool Handicapped Fund** To account for federal monies which support the improvement and expansion of services for handicapped children ages three through five.

*Title VI-R Fund* To account for federal monies used to hire additional classroom teachers in grades one through three.

*Miscellaneous Federal Grants Fund* To account for federal monies which support academic and enrichment programs for the student body.

## Combining Statements – Nonmajor Governmental Funds (continued)

## Nonmajor Debt Service Fund

The debt service fund is used to account for the accumulation of financial resources for, and the payment of, general long-term debt principal, interest, and related costs.

**Bond Retirement Fund** To account for tax levies that are utilized for the repayment of general obligation bonds of the School District.

#### Nonmajor Capital Projects Funds

Capital projects funds account for the acquisition, construction or improvement of capital facilities other than those financed by proprietary funds.

**Permanent Improvement Fund** To account for monies used for the acquisition or construction of major capital facilities.

**Building Fund** To account for monies used for construction and capital acquisitions.

*Capital Replacement Fund* To account for the monies transferred from the general fund for the purpose of vehicle replacement.

*SchoolNet Fund* This fund accounts for State monies used to obtain computers and related educational technology equipment and/or the necessary infrastructure for educational technology.

### Agency Fund

Agency Funds are purely custodial (assets equal liabilities) and thus do not involve the measurement of results of operations.

*Student Activities Fund* To account for resources that belong to the student bodies of various schools, accounting for sales and other revenue generating activities.

### **Bedford City School District**

This part of the Bedford City School District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the School District's overall financial health.

| Contents  | Page(s)   |
|---|-----------|
| Financial Trends  These schedules contain trend information to help the reader understand how the School District's financial performance and well-being have changed over time.                                      | S2 - S13  |
| Revenue Capacity  | S14 - S23 |
| These schedules contain information to help the reader assess the School District's most significant local revenue source, the property tax.  |           |
| Debt Capacity   | S24 - S28 |
| These schedules present information to help the reader assess the affordability of the School District's current levels of outstanding debt and the School District's ability to issue additional debt in the future. |           |
| Economic and Demographic Information  | S29 - S31 |
| These schedules offer economic and demographic indicators to help the reader understand   |           |
| the environment within which the School District's financial activities take place.   |           |
| Operating Information   | S32 - S41 |
| These schedules contain service data to help the reader understand how the information  |           |
| in the School District's financial report relates to the services the School District provides and the activities it performs.  |           |

**Sources**: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant fiscal year. The School District implemented GASB Statement 34 in 2001; schedules presenting government-wide information include information beginning in that fiscal year.

Net Assets by Component Last Ten Fiscal Years (accrual basis of accounting)

Source: Ohio Department of Taxation

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property was assessed in previous years at 25 percent for machinery and equipment and 23 percent for inventories. General business tangible personal property tax was phased out beginning in 2006. Both types of general business tangible personal property were assessed at 12.5 for 2007, 6.25 percent for 2008 and zero for 2009. Beginning in 2007, House Bill 66 switched telephone companies from being public utilities to general business taxpayers and began a four year phase out of the tangible personal property tax on local and inter-exchange telephone companies. No tangible personal property taxes were levied or collected in 2009 from general business taxpayers

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10 percent, 2 1/2 percent and homestead exemptions before being billed. Beginning in the 2006 collection year, the 10 percent rollback for commercial/industrial property has been eliminated.

Source: Ohio Department of Taxation

(1) The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented on S14 and S15 generated the property tax revenue billed in that year.

Rates may only be raised by obtaining the approval of a majority of the voters at a public election.

Real property tax rates for voted continuing and operating levies are reduced so that inflationary increases in value do not generate additional revenue.

Overlapping rates are those of local and county governments that apply to property owners within the School District.

<sup>(1)</sup> The definition of tax valuation for the purpose of calculating the debt margin was modified by H.B. 530, effective 3/3/06, to exclude tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, and personal property owned or leased by a railroad company and used in railroad operations.

<sup>(2)</sup> Ohio Bond Law sets a limit of 9 percent for voted debt and .10 percent for unvoted debt.
