Dave Yost • Auditor of State

Members of Council
City of Brunswick
4095 Center Road
Brunswick, Ohio 44212

We have reviewed the *Independent Auditor's Report* of the City of Brunswick, Medina County, prepared by James G. Zupka, CPA, Inc., for the audit period January 1, 2010 through December 31, 2010. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Brunswick is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Dave Yost".

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
*GOVERNMENT AUDITING STANDARDS***

To the Members of City Council and
Members of the Audit Committee
City of Brunswick, Ohio

We have audited the financial statements of the governmental activities, the business-type activity, each major fund, and the aggregate remaining fund information of the City of Brunswick, Medina County, Ohio, as of and for the year ended December 31, 2010, which collectively comprise the City of Brunswick, Ohio's basic financial statements and have issued our report thereon dated April 18, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Brunswick, Ohio's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Brunswick, Ohio's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Brunswick, Ohio's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Brunswick, Ohio's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the City of Brunswick, Ohio, in a separate letter dated April 18, 2011.

This report is intended solely for the information and use of management, members of City Council, members of the Audit Committee, others within the entity and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD
HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
IN ACCORDANCE WITH OMB CIRCULAR A-133**

To the Members of City Council and
Members of the Audit Committee
City of Brunswick, Ohio

Compliance

We have audited the City of Brunswick, Ohio's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City of Brunswick, Ohio's major federal programs for the year ended December 31, 2010. The City of Brunswick, Ohio's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City of Brunswick, Ohio's management. Our responsibility is to express an opinion on the City of Brunswick, Ohio's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Brunswick, Ohio's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City of Brunswick, Ohio's compliance with those requirements.

In our opinion, the City of Brunswick, Ohio, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2010.

Internal Control Over Compliance

The management of the City of Brunswick, Ohio, is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City of Brunswick, Ohio's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Brunswick, Ohio's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activity, each major fund, and the aggregate remaining fund information of the City of Brunswick, Ohio, as of and for the year ended December 31, 2010, and have issued our report thereon dated April 18, 2011, which contained unqualified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements as a whole. The Schedule of Expenditures of Federal Awards is presented for the purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

This report is intended solely for the information and use of management, members of City Council, members of the Audit Committee, others within the entity, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

CITY OF BRUNSWICK, OHIO
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) summarizes activity of the City's federal award programs. The Schedule has been prepared on the cash basis of accounting with one exception. The ARRA - Federal Transit Formula Grant is presented on a GAAP basis.

NOTE 2: MATCHING REQUIREMENTS

Certain Federal programs require that the City contribute non-Federal funds (matching funds) to support the Federally-funded programs. The City has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

NOTE 3: COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REVOLVING LOAN PROGRAM

The City has a revolving loan fund (RLF) program to provide low-interest loans to businesses. The federal Department of Housing and Urban Development (HUD) grants money for these loans to the City, passed through the Ohio Department of Development. There were no loans made or repaid during 2010 and no loans outstanding as of December 31, 2010. The grant funds are currently being utilized by the City's CHIP program as authorized by the ODOD and HUD.

NOTE 4: OHIO ENVIRONMENTAL INFRASTRUCTURE PROGRAM SECTION 594

The City received reimbursement during 2010 for pre-award expenditures of \$97,409 in relation to this grant.

Members of City Council and
Citizens of Brunswick:

We are pleased to submit the City of Brunswick's 2010 Comprehensive Annual Financial Report. This report enables the City to comply with Ohio Administrative Code Section 117-2-03 (B), which requires reporting on a Generally Accepted Accounting Principles (GAAP) basis, and Ohio Revised Code Section 117.38 which requires the cities reporting on a GAAP basis to file an annual report with the Auditor of State within 150 days of fiscal year end.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed the anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

State statutes require the City of Brunswick to be subjected to an annual examination by the Auditor of State. Either the Auditor of State of Ohio or, if the Auditor permits, an independent public accounting firm conducts these audits. Brunswick City Council selected James G. Zupka, CPA to perform these services for the year ended December 31, 2010. The Independent Accountants' Report on the basic financial statements is included in the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

The City of Brunswick is located in north-central Ohio, within the boundaries of Medina County, and is 12.7 square miles in area. The City is fortunate to have I-71 as a major artery running north and south through its eastern half with an intersection at State Route 303. Additionally, the City is only 26 miles from Cleveland and only 12 miles from Cleveland Hopkins International Airport.

With the adoption of the Charter in 1975, the City changed from a part-time Mayor-Council form of government to a part-time Council and full-time City Manager form of government. As required by the City's Charter, every five years a commission is appointed by the Mayor to conduct a comprehensive review of the Charter and recommend any necessary amendments to City Council. Amendments are then reviewed by Council and approved amendments are then presented to the voters of the City for consideration at the November general election. Various amendments to the Charter were approved by the voters in November 2010. The next Charter review year is scheduled for 2015.

4095CENTER ROAD - BRUNSWICK, OHIO 44212

CITY HALL PHONE: (330) 225-9144 - FAX: (330) 273-8023 - POLICE & FIRE PHONE: (330) 225-9111 - FAX: (330) 225-6002
<http://www.brunswick.oh.us>

The City elects a part-time Mayor whose responsibilities include ceremonial and judicial functions. Council consists of seven elected members who engage a City Manager as the chief administrative officer of the City. The City Manager is responsible for hiring directors for: Law, Finance, Public Service, Parks and Recreation and Community Development. The City Manager also is responsible for hiring other department/division heads such as: Clerk of Courts, Cable Facilitator, Information Technology and Security Officer, Economic Development Manager and an Administrative Services Coordinator.

The City provides full-time police and fire/emergency medical services protection, full-time street maintenance, full-time park improvement and maintenance, full-time building permitting and code enforcement, a fixed route transit service, and weekly refuse collection as well as general administration services for all of its stakeholders. Water and sanitary sewer services are provided by the Cleveland Water Department and Medina County Sanitary Sewer Department, respectively. The private sector provides other major utilities for the City.

Brunswick operates a Mayor's Court under the provisions of the Ohio Revised Code. The Court hears all traffic and first to fourth degree misdemeanor charges. In the case of a "not guilty" plea, the cases are transferred to the Municipal Court in the City of Medina.

The City is very proud of its parks and recreational programming which include over 300 acres of park land and a Community Recreation and Fitness Center aimed at improving the quality of life for Brunswick residents and businesses. The City offers 23 parks which include community parks, neighborhood parks, and additional open spaces. The City's community parks are intended to serve the needs of the entire public without specific concentration on location. The Brunswick Lake Park is the City's newest community park and the Susan L. Hambley Nature Center is located within the park. The Susan L. Hambley Nature Center was constructed on the peninsula property at Brunswick Town Center and is a 1,536 square foot log cabin facility that houses many animals and insects that reside in the northern Medina County area. The City's neighborhood parks focus on the needs of specific neighborhoods, generally within one mile. The "open space" parks that are undeveloped by design offer a natural park without any constructed park apparatuses. Some of these parks also exist in order to protect specific areas from future construction, such as wetlands.

The City of Brunswick also operates a Community Recreation and Fitness Center serving residents as a fitness center, community event center, recreational program center, senior citizen center, and social center for public use. The Community Recreation Center offers a full range of recreational and social activities for people of all ages and abilities. Members have full use of the facility for open recreation and fitness opportunities. The City offers discounted membership and programming rates to Brunswick residents and other residents that reside within the School District boundaries (which extend, in part, into surrounding township areas). However, membership is not required to enroll in programs or attend meetings and social events. The Recreation and Fitness Center offers a Community Concert Series hosting concerts and plays for people of all ages as well as a variety of community wide programs at no additional charge to the residents.

Local Economy

Brunswick's local economy continues to outperform most other cities in Ohio. According to the Ohio Department of Job and Family Services civilian labor force estimates, the City of Brunswick's unemployment rate equaled 8.0 percent in February 2011. This was a considerable improvement from one year earlier in February 2010, when the City of Brunswick's unemployment rate was 9.3 percent. The City of Brunswick's February 2011 unemployment rate was also far better than the Ohio's February 2011 seasonally adjusted unemployment rate of 9.2 percent.

Effective January 1, 2010, the City of Brunswick voters approved a four year renewable 0.50 percent income tax increase for the purpose of maintaining safe staffing levels for the City's safety forces. Council also increased the

credit rate by an additional 0.25 percent for taxes paid to another municipality. The City's overall tax rate, effective January 1, 2010 was 1.85 percent with a corresponding credit rate of 1.00 percent. The passage of this additional income tax increase occurred in May of 2009 within a couple of months of the bottom of the economic downturn. The safety levy, as estimated to be realized for fiscal year 2010, is anticipated to bring in an additional \$3,013,618 (Statement of Activities) in income tax revenues than the previous fiscal year.

The City's income tax base is made up of a good mix between business taxes and residential taxes. The biggest contributing group for income tax collections was the business withholdings at 54.21 percent. This is important since it marks the fifth straight year where the withholding percentage was greater than the residential percentage. This is attributed to the emphasis on economic development growth and the City's expanding tax base relative to the residential community. The remaining portions of the City income tax revenue is made up of residential taxes at 41.33 percent and business net-profit taxes at 4.46 percent.

The City of Brunswick continues to be fortunate to have a diverse business tax base that is not reliant on any one business or business sector. This diversity also proved to be a huge positive for the City during the economic downturn. The City did not experience the significant declines in business income tax revenues that other communities experienced. The Brunswick business tax base is made up of many small to medium size companies that have a wide range of products and services. The continued healthy growth in income tax revenue over the last ten years is attributable to this diversified and growing tax base along with an increased tax rate.

The City individual tax base did not fare as well as the business tax base; however, it still outperformed the State's and most other Cities' unemployment rate declines. The total income tax base to the total tax base declined from 46.46 percent in 2009 to 41.33 percent in 2010. This was attributable to two factors: 1) the City of Brunswick average unemployment rate in 2010 was higher than in 2009 and in February 2011, the latest information available for the City of Brunswick and 2) the business withholding tax base for 2010 in the City of Brunswick remained relatively flat while the individual income tax base experienced a small decline. Although the City of Brunswick did experience a decline in the overall tax base in 2010, the early indicators for the first quarter 2011 show that the tax bases are improving in the first quarter.

The City has also become more aggressive, timely and more creative in its collection efforts of delinquent taxes. The City also contracts with a third party agency to collect on delinquent accounts. This effort allows for stronger income tax revenues and less delinquency rates.

The City's second largest revenue source is property taxes. The property tax revenues in 2010 declined \$378,074 from fiscal year 2009 as a result of the expiration of the City's voted 0.6 mill levy for the Recreation Center Building. The expired levy was originally approved by the voters to retire the twenty year recreation center bonds that matured in fiscal year 2010.

The County Auditor has notified the City that the property values for the 2011 collection year are expected to decline an approximate 5.7 percent. Although this decline seems to be a year later than expected, the overall decline to the City's assessed values during these economic times held up better than the majority of the country. Please refer to the past ten years of assessed valuations and estimated actual values of taxable property in the statistical section of this report as provided by Medina County Auditor. The 2011 collection year decline previously mentioned is not yet presented in the statistical section. In spite of the economic times, according to the Medina County Auditor, the 2010 collection rate for property taxes was approximately 92 percent for current tax collections and above 95 percent for total tax collections. Both of those collection percentages are increases over previous years as noted in the Statistical section of this report.

Please see the statistical section of this report for further detailed information with regard to income and property tax collections. Being that these two sources of income are the largest received by the City, it will be important to continue to monitor these amounts and determine the impact, if any, of the ongoing economic condition.

Long-Term Financial Planning and Focus

For the past several years, the City has focused on reducing or controlling its operational costs, revamping its budgeting procedures, and exploring various alternative or additional revenue sources. The outcome of this renewed focus has paid off immensely and has changed the financial behavior and decision making of the City. The City will continue to move forward in this renewed focus and begin to look into establishing various fiscal policies, such as fund balance reserve and debt issuance policies in the future.

In late 2010, there was a renewed focus to balancing the City's budget for 2011 and beyond. There was also a push to obtain alternative funding sources for various City debt obligations currently funded or backed by the City tax dollars. As of the date of this letter, the City's 2011 operational budget for all funds receiving income taxes had estimated revenues in excess of appropriations. City Council is also currently in the process of reading and considering an Ordinance to create a storm management utility fee to fund the operation, maintenance, improvements and programs of the utility, including the payment of new and existing storm water debt service requirements. Furthermore, the City has a Roads Infrastructure and Advisory Committee reviewing and exploring additional funding options to expand its road and repair maintenance and improvement program. If alternative funding sources are enacted, it will allow the City to continue and improve upon the services provided, maintain and improve existing infrastructure and help alleviate fiscal stresses on other City operations.

The City of Brunswick also incorporated a five-year forecast with our annual budgeting procedures back in 2006. The intention of the five-year forecast, in accordance with best practices, is to recognize financial trends in time to make informed financial decisions moving forward. The forecasts brought to light that the City needed to evaluate its revenue and expense structure because it would not be able to sustain services based on the model that existed back in 2006. Therefore, since 2006, the City has been making proactive operating decisions to help minimize operating expenditures by not filling vacated positions, implementing cost saving policies, reducing workers' compensation exposure, and negotiating cost sharing arrangements with its various collective bargaining units. Further, to address the revenue shortfall with regard to funding the full-time police and fire operations, the City proposed a one-half percent increase to the City's income tax rate on the May 5, 2009 primary ballot. This initiative was approved by the voters and the increased income tax rate on January 1, 2010. As adopted, the tax initiative will expire at the end of 2013 and can only be used to fund the safety forces of the City.

In 2009, the City implemented an Ohio Public Employees Retirement System's (OPERS) Early Retirement Incentive (ERI) Program. This program ran from December 1, 2009 through November 30, 2010 and allowed eligible employees to receive up to two years of service credit towards their retirement. In order to qualify, employees had to be eligible to retire as required by the OPERS guidelines. As of December 31, 2010, there were fourteen employees overall who elected to take part in this program. Seven of these positions remain vacant or unfilled, four were changed from full-time positions to part-time positions and three were replaced. Pursuant to the original ERI Plan Document adopted by City Council, one hundred percent of any savings generated from the program were to be deposited into the City's road improvement fund. After further consideration, discussion and review of the City's revamped financial focus, City Council adopted Ordinance number 117-10 on December 20, 2010. This Ordinance states, "if a structural budget deficit does not exist for the subsequent budget year and actual revenues do exceed actual expenditures in the current year (for all funds receiving income tax), Council, if so desires, may budget and transfer available monies, as a result of the Early Retirement Incentive Plan, to the Road Improvement Fund #333 in accordance with Ohio Revised Code Section 5705.14." This very important change would require discussions and reviews of the City's financial status to take place prior to any ERI savings being automatically deposited and used for road improvements.

Additionally, the City began to implement a new debt reduction program in fiscal year 2010 by paying down \$175,000 in existing short term debt principal balances with available cash reserves. This was a new financial practice implemented in fiscal year 2010. The 2011 current appropriations passed by Council include the

continuation of paying down principal on certain short term debt issuances. Although, the City will continue to review and reduce certain short term debt principal balances when possible, the City may also utilize outside financing in order to address various major capital expenditures.

The City is also keeping up to date with the State of Ohio's potential or proposed cuts to the local government funding, estate taxes and limitations to the collective bargaining rights. The end result of these issues may change over the next several months but ultimately the net effect of these issues is projected to have a negative impact on the City's financial picture. The City is currently reviewing various financial options to address these issues and has adopted a conservative approach to adding additional financial obligations without significant scrutiny and discussions. In order to maintain and possibly expand the present level of service, the City continually explores new and creative methods of obtaining additional financial resources and looks to continue to create services through improved management of its current resources.

Largest Revenue Source

The City's largest revenue source is taxes. Taxes are made up of income and property taxes.

Income Taxes:

Based on Council priorities and legal requirements, the City of Brunswick has an Ordinance Number 57-10 in place that determines the allocation of net municipal income tax revenues. The allocation of income taxes received during the calendar year of 2010 net of collection expenses was: 53.50 percent to the police fund; 29.00 percent to the fire fund, 7.00 percent to the street repair and maintenance fund; 5.00 percent to the parks fund; 4.00 percent to the general obligation bond retirement fund; 1.25 percent to the Brunswick transit alternative fund; and 0.25 percent to the general fund. The amount distributed to the street repair and maintenance fund, parks fund and the Brunswick transit alternative fund during the calendar year 2010 were limited to \$177,740, \$354,100, and \$121,025, respectively. Any amounts in excess of these amounts for these funds were retained in the general fund to maximize and allow for additional financial flexibility during these financial times. As a result of non-occurrence of land sales at the Brunswick Lake site during fiscal year 2010 and the potential State reductions in local government funding, City Council did not elect to transfer or advance any excess income taxes retained in the General Fund over and above these established maximums.

Effective January 1, 2010, the City of Brunswick voters approved a four year renewable 0.50 percent income tax increase for the purpose of maintaining safe staffing levels for the City's safety forces. Council sensitive to the economic climate also passed legislation that implemented a 0.25 percent increase to the credit given to those residents who pay municipal income taxes to another community (usually a community where they work) to help minimize the financial impact to the residents of the community. This increase moved the credit to a full 1.0 percent and was only implemented if the tax initiative was successful, otherwise the credit would have remained unchanged at three quarters of one percent.

This levy was needed as a result of the City facing a long-term structural funding deficit, created largely in the early 2000's by expanding the fire department into a full-time department, expanding the police department through short-term federal grants and through significant storm water improvements all without specific long-term funding, City Council presented the voters with a plan to *begin* to address some of the shortfalls. Specifically, based on the recommendation of a 2008 citizens' ad hoc committee, Council passed legislation asking the voters to consider a 0.50 percent income tax increase for the exclusive use for maintaining "safe" safety staffing levels. If the levy were not successful operational cuts would have been enforced immediately.

Finally, Council provided the taxpayers with several accountability measures to ensure that, if successful, safeguards and oversight measures existed to account for the levy proceeds. To that end, Council passed legislation formally creating a Citizen's Financial Audit Review and Advisory Committee. This fifteen member committee is made up of residents and business owners of the community and are required, at a minimum, to

serve as the City's audit committee and to meet [at least] quarterly to review the safety levy proceeds. Council also passed legislation that mandated the accounting of the Police Department be moved from the City's general fund to its own special revenue fund [similar to the Fire Department] for more transparent accounting beginning in 2010. Finally, in an effort to give the taxpayers built in authority to correct misappropriation of the additional income tax proceeds, Council limited the levy to a renewable four year term. So Brunswick voters will have the opportunity to revisit the issue in 2013 to determine if the need continues and if the City did what was promised.

To summarize, the Brunswick community rallied around their safety forces and passed the renewable initiative effective January 1, 2010. The City has made the future tax proceeds transparent and accountable to the stakeholders in an effort to add greater public trust into the process and to provide the best possible service.

Property Taxes:

The City has an Ordinance, based on the City Charter, accepting and certifying the property tax rates. The property tax rates for Fiscal Year 2010 were 2.6 mills in total, with 0.3 mills allocated to the City's police pension expenses and 2.3 mills allocated to the general fund for general operations of the City.

Major Capital Improvement Projects

Road Conditions Study: The City Engineer completed a comprehensive City-wide pavement assessment and pavement maintenance capital needs study in the summer of 2008. The purpose of this study was to 1) review the current conditions of the pavements and obtain basic information regarding the configuration of the pavement; 2) create a database of the pavement information gathered; 3) calculate a numerical ranking of pavement conditions; 4) determine preventative maintenance, repairs and replacement locations and costs and 5) determine schedule of repairs and funding requirements. The City is currently reviewing and discussing the funding sources available for road maintenance and improvements. The City has always sought to obtain federal or state assistance when completing various road projects, however, there may be a need to expand the City's dedicated road improvement funding along with the City's road improvement program in the future.

Boston Road Improvement Project: The planned Boston Road Improvement Project would upgrade Boston Road to a three lane concrete roadway with curbing, sidewalks and storm sewers. The Cuyahoga County Engineer's Office is finalizing the project engineering. Right-of-way and construction for Boston Road have been delayed due to various issues with the parties involved such as the City of Strongsville, the City of Brunswick and Northeast Ohio Area-wide Coordinating Agency (NOACA).

North Carpenter Road Improvement Project(s): In 2005, the City put the project on hold as a result of funding and until the plans could be reviewed and expanded to include a section of the road that was previously omitted from the project. In the meantime, the City has begun addressing other sections of North Carpenter Road that require more immediate attention such as the Center Road intersection, the Plum Creek culvert section, the section of North Carpenter Road that was originally omitted from the larger project. These sections or improvements were mainly made possible through grants or zero percent interest loans from the Ohio Public Works Commission as well as a small amount of local funds. The remainder of the North Carpenter Road Improvement project will expand the remaining major intersections along North Carpenter Road, at Grafton Road and at Boston Road, to three lanes. In addition, the construction will include an upgrade to a full concrete roadway, curbs and gutters, storm sewers and sidewalks. The project is currently being funded by the City, Medina County and the Northeast Ohio Area Coordinating Agency.

Grafton / Hadcock Intersection Improvement Project: In 2009, the City was awarded \$535,000 in grant proceeds and \$92,210 in zero percent loans proceeds from the Ohio Public Works Commission and has allocated \$78,000 of local dollars to assist in the improvements at Grafton and Hadcock roads. The improvements include adding a traffic signal, a turn lane and resurfacing. The project began in 2009 and is expected to be completed in 2011.

Hadcock Road Reconstruction – Phase II Improvement Project: The City has secured a \$466,729 grant and a \$400,000 zero percent interest loans from the Ohio Public Works Commission in 2010 to reconstruct 2,500 feet of roadway, including base repair, installation of curbs, sidewalks, drive aprons, storm drainage improvements. The project takes place along Hadcock Road south of Grafton Road to just south of Ruth Drive. The engineer anticipates this project to be completed in late 2011 or 2012.

Traffic Control Improvements: The City continues their six year funding plan to replace various traffic signals throughout the City in order to improve traffic flow, reduce traffic accidents and install emergency back-up measures to keep the signals operating when power is down. The City anticipates receiving an 80 percent federal grant with the remaining 20 percent being funded through the issuance of debt to be repaid from motor vehicle permissive tax revenues in the State Highway Fund. The City currently anticipates borrowing and using certain existing fund balances in the State Highway Fund to begin the final construction phase of this project in late 2011 or early 2012.

Highland Area Storm Sewer Improvement Project: This project will improve the storm sewers affecting the residences along the west side of Highland Avenue between Center and Walnut Ridge Avenue. The funding for this project is to be paid from Community Development Block Grant funds along with a zero percent interest loan from the Ohio Public Works Commission. The engineer anticipates this project to be completed in 2011.

El Dorado Storm Sewer Improvement Project: The City has secured \$134,175 in zero percent loans from the Ohio Public Works Commission in 2009 to improve the El Dorado stream embankment by constructing and installing a gabion basket retaining wall along the western stream bank by approximately fifty feet in each direction. The engineer anticipates this project to be completed in 2011.

Awards and Acknowledgments

The Government Finance Officers Association of the United States and Canada (GFOA) awards a Certificate of Achievement for Excellence in Financial Reporting to a governmental unit that publishes an easily readable and efficiently organized Comprehensive Annual Financial Report which conforms to program standards. Such a report must satisfy both generally accepted accounting principles and applicable legal requirements.

The Certificate of Achievement is the highest form of recognition in the area of governmental financial reporting and its award represents a significant accomplishment by a government and its management. GFOA awarded a Certificate of Achievement to the City of Brunswick for its CAFR for the year ended December 31, 2009. A copy of this certificate is contained within this report. This is the 27th award the City has received.

A Certificate of Achievement is valid for a period of one year. The City of Brunswick believes the 2010 Comprehensive Annual Financial Report conforms to the Certificate of Achievement Program requirements and standards, and has submitted it to the GFOA for consideration.

The employees of the City of Brunswick are dedicated to serve its citizens. The preparation of a report of this scope depends upon the dedication of many employees, but especially the employees in the Department of Finance who have worked on various parts of this project. The City also appreciates the dedication of Local Government Services Section of the Auditor of State's Office for their assistance and guidance in the preparation of this report.

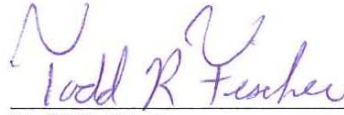

In addition, we would like to thank Brunswick City Council, whose leadership and encouragement made the preparation of this report possible.

We would like to take this opportunity to thank the residents, businesses and taxpayers of the City of Brunswick for entrusting us with the administration of their local government.

Respectfully submitted,

James M. Lukas

INDEPENDENT AUDITOR'S REPORT

To the Members of City Council and
Members of the Audit Committee
City of Brunswick, Ohio

The Honorable David Yost
Auditor of State
State of Ohio

We have audited the accompanying financial statements of the governmental activities, the business-type activity, each major fund, and the aggregate remaining fund information of the City of Brunswick, Medina County, Ohio, as of and for the year ended December 31, 2010, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Brunswick, Ohio's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activity, each major fund, and the aggregate remaining fund information of the City of Brunswick, Ohio, as of December 31, 2010, and the respective changes in financial position, and cash flows, where applicable, thereof, and the respective budgetary comparison for the General Fund, the Fire Department Fund, the Street Repair and Maintenance Fund, and the Police Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 18, 2011, on our consideration of the City of Brunswick, Ohio's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3 through 13 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Brunswick, Ohio's financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

April 18, 2011

City of Brunswick, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2010
Unaudited

The management's discussion and analysis of the City of Brunswick's financial performance provides an overall review of the City's financial activities for the year ended December 31, 2010. The intent of this discussion and analysis is to look at the City's financial performance as a whole; readers should also review the transmittal letter and the basic financial statements to enhance their understanding of the City's financial performance.

Financial Highlights

Key financial highlights for 2010 are:

- Effective January 1, 2010, the City's income tax rate was increased from 1.35 percent to 1.85 percent for a four year period. The credit was also increased by Council from 0.75 percent to 1.00 percent for taxes paid to another municipality.
- Effective January 1, 2010, all police financial activity previously presented in the general fund in 2009 is presented in the police special revenue fund. The presentation change was made as a direct result of the voters approving the 0.50 percent income tax increase.
- During 2010, the City retired the voter-approved Community Recreation Center General Obligation Bonds.
- The City also controlled and reduced "non-safety" labor and benefit costs through attrition and the early retirement incentive program. The City did not replace eight full-time vacated positions in the 2nd half of 2010 and replaced two full-time positions with part-time positions. These events enabled the City to reduce costs in 2010 and will also enable the City to reduce future year costs provided these positions either remain vacant or staffed similarly in the future. The City was also aided by the temporary vacancies of three other positions during 2010; however, these positions are likely to or already have been replaced in 2011.

Using This Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are prepared and organized so the reader can understand the City of Brunswick as a financial whole or as an entire operating entity. The statements proceed to provide an increasingly detailed look at the City's specific financial condition.

The *Statement of Net Assets* and *Statement of Activities* provide information about the activities of the whole City, presenting both an aggregate view of the City's finances and a longer-term view of those assets. Major fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short term as well as what dollars remain for future spending. The fund financial statements also look at the City's most significant funds with all other non-major funds presented in total in one column.

Reporting the City of Brunswick as a Whole

Statement of Net Assets and Statement of Activities

While this document contains information about the funds used by the City to provide services to our citizens, the view of the City as a whole looks at all financial transactions and asks the question, "How did the City do financially during 2010?" The *Statement of Net Assets* and the *Statement of Activities* answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting method used by the private sector. The basis of this accounting takes into account all of the current year's revenues and expenses regardless of when the cash is received or paid. These two statements report the City's net assets and the changes in those assets. The changes in net assets are important because it tells the reader whether, for the City as a whole, the financial position of the City has improved or diminished. However, in evaluating the overall position of the City, non-financial information such as changes in the City's tax base and the condition of the City's capital assets will also need to be evaluated.

The *Statement of Net Assets* and the *Statement of Activities* are divided into the following categories:

- Assets
- Liabilities
- Net Assets (Assets minus Liabilities)
- Program Revenue and Expenses
- General Revenues
- Net Assets Beginning of Year and Year's End

Reporting the City of Brunswick's Most Significant Funds

Fund Financial Statements

The presentation of the City's major funds begins on page 18. Fund financial reports provide detailed information about the City's major funds based on the restrictions on the use of monies. The City has established many funds which account for the multitude of services, facilities and infrastructure provided to our stakeholders. However, these fund financial statements focus on the City's most significant funds. In the case of the City of Brunswick, the major funds are the general, fire department, street repair and maintenance, police, special assessment bond retirement, Brunswick Lake construction, and refuse.

Government Funds

Most of the City's activities are reported in the governmental funds which focus on how money flows into and out of those funds and the available balances left at year end for spending in future periods. Governmental funds are reported using an accounting method called modified accrual accounting which measures cash and all other financial assets that are expected to be readily converted to cash. The governmental fund statements provide a detailed short-term view of the City's general operations and the basic services it provides. Government fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future on services provided to our residents. The relationship (or differences) between governmental activities (reported in the *Statement of Net Assets* and the *Statement of Activities*) and governmental funds is reconciled in the financial statements.

City of Brunswick, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2010
Unaudited

Proprietary Funds

The proprietary fund (the refuse fund) has historically operated as an enterprise fund using the same basis of accounting as a business-type activity; therefore, these statements will essentially match the information provided in the statements for the City as a whole.

The City as a Whole

The Statement of Net Assets looks at the City as a whole. Table 1 provides a summary of the City's net assets for 2010 compared to 2009.

Table 1
Net Assets

	Governmental Activities		Business-Type Activity		Total	
	2010	2009	2010	2009	2010	2009
Assets						
Current and Other Assets	\$23,972,199	\$23,157,318	\$785,139	\$736,093	\$24,757,338	\$23,893,411
Capital Assets, Net	41,797,448	41,874,330	194,474	220,015	41,991,922	42,094,345
<i>Total Assets</i>	65,769,647	65,031,648	979,613	956,108	66,749,260	65,987,756
Liabilities						
Current and Other Liabilities	6,166,936	7,082,955	180,857	182,517	6,347,793	7,265,472
Long-Term Liabilities:						
Due Within One Year	768,635	1,157,527	167	2,449	768,802	1,159,976
Due in More than One Year	6,717,225	7,449,408	1,070	350	6,718,295	7,449,758
<i>Total Liabilities</i>	13,652,796	15,689,890	182,094	185,316	13,834,890	15,875,206
Net Assets						
Invested in Capital Assets, Net of Related Debt	32,948,516	32,426,336	194,474	220,015	33,142,990	32,646,351
Restricted:						
Capital Projects	4,663,156	4,252,051	0	0	4,663,156	4,252,051
Debt Service	2,378,423	2,939,856	0	0	2,378,423	2,939,856
Other Purposes	8,630,457	7,434,598	0	0	8,630,457	7,434,598
Unrestricted	3,496,299	2,288,917	603,045	550,777	4,099,344	2,839,694
<i>Total Net Assets</i>	\$52,116,851	\$49,341,758	\$797,519	\$770,792	\$52,914,370	\$50,112,550

Total assets for the governmental and business-type activities remained relatively constant from 2009 to 2010. The increase in the current and other assets is mainly attributable to the increase in income tax receivables pertaining to the increase in the income tax rates.

The total liabilities for the governmental and business-type activities decreased by \$2,040,316. The decrease in the current liabilities category was mainly due to the completion of a couple of storm sewer projects and grants, \$175,000 reduction in short-term notes, the change in accrual periods between years for salaries and benefits and the reduction of non-safety personnel during 2010. The long term liabilities declined as a result of debt payments made, including the final maturity of the City's voted recreation center improvement bonds, and the reduction of long-term liabilities pertaining to the early retirement incentive and compensated absences payables.

City of Brunswick, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2010
Unaudited

Net assets for the governmental and business-type activities increased by \$2,801,820. This increase was mainly attributable to the recognition of \$1,278,592 additional income tax receivables in 2010 from 2009; and the increase in invested in capital assets, net of related debt in the governmental activities.

Table 2 shows the changes in net assets for the year ended December 31, 2010.

Table 2
Changes in Net Assets

	Governmental Activities		Business-Type Activity		Total	
	2010	2009	2010	2009	2010	2009
Revenues						
<i>Program Revenues:</i>

City of Brunswick, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2010
Unaudited

The overall financial strength of the City improved from 2009 to 2010 as a result of the City residents voting in a new 0.5 percent income tax to maintain “safe” safety forces and the City’s ability to control costs. Every program expense category in the governmental activities, with the exception of security of persons and property, was reduced in 2010 from 2009. These reductions are reflective of the City’s focus to reduce non-safety related labor and benefit costs during 2010. The security of persons and property expenses actually increased due to various cost increases and the successful passage of the income tax safety levy.

The business-type expenses increased \$190,782 from 2009 to 2010. This is the result of the renegotiation of a five year contract with the City’s refuse hauler. The City refuse rates also increased from \$195.60 for 2009 to \$207.90 for 2010. The goal of the refuse program is to only charge the residents their “pro rata” share of the costs of the program.

Governmental Activities

Several revenue sources fund the City's governmental activities with the City’s income tax being the largest contribution by a large margin. On April 8, 1968, the income tax rate of one percent was established by City Ordinance No. 6-68. The Income Tax Ordinance was amended on July 24, 1995 requiring proposed tax rate changes be submitted to the electors of the City for approval or rejection. On November 7, 1995 the electors approved the proposed .35 percent increase for the purpose of expanding the City’s safety forces. On May 5, 2009, the electors approved the proposed 0.5 percent income tax rate increase for police and fire operational expenses, with a corresponding increase of 0.25 percent to the income tax credit rate approved by City Council. As of January 1, 2010, the City’s income tax rate is 1.85 percent with a maximum of a 1.00 percent credit for income taxes paid to another municipality. General revenues from property taxes and local government funds are also significant revenue generators. The City monitors its sources of revenue very closely for any changes or fluctuations.

The City’s income tax revenues increased in 2010 from 2009 as a result of the change in the income tax rate. Effective January 1, 2010, the income tax rate increased as previously mentioned. Prior to 2010, the City enjoyed a steady increase in income tax collections over the past ten years with the exception of a two year period in 2002 and 2003 where income tax revenues remained relatively stable and a decrease in 2009 due to a significant downturn in the economy. Several years of increases along with cash reserves allowed the City to continue to provide municipal services to its expanding resident and workforce base. Although, 2010 did mark the year in which non-safety services were reduced in an attempt to address the declining tax bases incurred as a result of the downturn in the economy. The City continues to be very aggressive in collecting delinquent income taxes and is continuously exploring creative methods of collecting these delinquencies. Since 2007 the City has contracted with a firm to collect delinquent tax accounts in which the City has exhausted all of their collection efforts. In 2010, the City received \$183,983, excluding collection fees and legal costs, from this firm. Each year the collection amounts have increased.

The City is committed to a strong economic development program which correlates into income tax revenues. The number of businesses, being industrial or commercial, large or small, provides the City with an income tax base that can sustain the loss of any major tax paying entity without significantly affecting the financial needs of the City. During 2010, the City income tax revenues were distributed to the following funds by City Council approved Ordinance: Police fund (53.5 percent); fire fund (29.00 percent); street repair and maintenance fund (7.00 percent) up to a maximum of \$177,740; Brunswick transit alternative fund (1.25 percent) up to a maximum of \$121,025; parks fund (5.00 percent) up to a maximum of \$354,100; general obligation bond retirement fund (4.00 percent); and the general fund (0.25 percent). Income tax receipts that exceed the established maximums in any one fund were retained in the general fund. The police and fire fund’s 2010 percent income tax allocations were temporarily increased and the general fund percent income

City of Brunswick, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2010
Unaudited

tax allocation was temporarily reduced to almost zero percent to eliminate any prior year negative GAAP fund balances and build stronger cash reserves in the police and fire funds. To compensate the general fund for the temporary percent allocation reduction to near zero, income tax ceilings or maximums were placed on various other non-safety funds and any excesses above these ceilings were then retained in the general fund. In 2011, the income tax allocations for these three funds were amended as a result of the build-up of cash reserves during 2010 in these funds. Each year income tax allocations, voted levy language, fund balance reserves, priorities and needs of the City are evaluated prior to the income tax allocations being approved by Council. Effective January 1, 2011, City Council amended the income tax allocation to the prescribed funds as follows: police fund (49.90 percent); fire fund (26.75 percent); street repair and maintenance fund (6.75 percent) up to a maximum of \$754,602; Brunswick Transit Alternative fund (1.05 percent) up to a maximum of \$117,383; parks fund (3.55 percent) up to a maximum of \$396,865; general obligation bond retirement fund (4.30 percent); and the general fund (7.70 percent). Income tax receipts that exceed the established maximums in any one fund are retained in the general fund.

Charges for services represents revenues from the Mayor's Court, cable franchise fees, building permits, park development and fees, recreation center fees, emergency rescue fees, transit fees, special assessments, and rental fees. Operating and capital grants and contributions are represented mainly of revenues received from other governments for a specific purpose.

Security of persons and property represents the highest program expense for the City by a large margin. This expense category is made up of all of the expenses and related activities of the City's Police and Fire Departments. Both departments are efficient and operated within its operating budget. The Police Department consists of a full-time police chief who oversees full-time and part-time police officers and communication specialists. The Police Department is funded primarily from revenues generated through the City's income tax, a pension levy and fines and forfeitures. As a result of the passage of the four year renewable 0.5 percent safety levy, the City presented the Police Department activities, unless otherwise restricted by the Ohio Revised Code, in the police special revenue fund in 2010. In 2009 and prior, the police activity was split out between the general and police levy special revenue fund. The Fire Department operates as a full-time fire department and is funded with income tax collections and rescue billing collections. The department employs full-time and part-time firefighters/EMT personnel and is headed by a full-time chief. The goal of these two Departments is to provide the best possible services to our community.

The second highest governmental activities program expense for the City is general government. This classification covers all general activities of the City, including but not limited to Council, Mayor, information technology, administration, finance, income tax, law, building, mayor's court, civil service and building repairs and maintenance expenditures. These expenses decreased in 2010 as a result of retirements, non-replacement of positions and two temporary vacancies.

Transportation expense is the third highest governmental activities program expense for the City. Transportation expenses include depreciation, maintenance and repairs to the City's roads and infrastructure as well as operate the City's Brunswick Transit Alternative (BTA). The City paid for these activities primarily from the City's motor vehicle license tax, permissive tax and gasoline taxes in addition to a portion of the City's income tax. The City's Engineer has evaluated all of the City roads to prioritize which City roads are projected to be or are in need of repair. In assessing roads and potential future infrastructure projects, the City has always applied for State Issue II and federal stimulus monies when applicable as well as searching for joint projects with surrounding communities and the County. The City street laborers were reduced from fifteen to twelve individuals through attrition and retirements during 2010.

City of Brunswick, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2010
Unaudited

The City also operates its own public transit system. The City has a contract with Medina County Public Transit, (MCPT), our transport provider. MCPT's relationship with the City is to operate, maintain and manage the transit system within the agreed upon guidelines set forth in the contract. A large portion of capital and operating expenses needed to run a public transit system are reimbursable through the Ohio Greater Cleveland Regional Transit Authority (RTA), Ohio Department of Transportation and the United States Department of Transportation. The City also has a contract with the Northeast Ohio Areawide Coordinating Agency (NOACA) to assist the City in achieving its goal of improving the economy, environment, transportation system and quality of life for the citizens of Northeast Ohio and the City of Brunswick. The City is reimbursed for 65 percent of the net transit operation expenses, 90 percent of NOACA contractual service expenses and 100 percent of any capital purchases.

The next two highest program expenses are: community environment and leisure time activities. Interest and fiscal charges and public health services make up the remaining governmental program expenses.

The City's Funds

The City of Brunswick uses fund accounting as mandated by governmental legal requirements. The importance of accounting and reporting using this method is to demonstrate compliance with these finance related requirements.

Governmental Funds

Information about the City's governmental funds begins on page 18. These funds are accounted for by using the modified accrual basis of accounting.

The most significant funds are the general, fire department, street repair and maintenance, police, special assessment bond retirement and Brunswick Lake construction funds.

The general and street repair and maintenance funds experienced a decrease in both revenues and expenditures. The main decreases in revenue are due to the change in how income taxes were distributed amongst the funds and the establishment of ceilings on the income tax revenue distributions as discussed previously. The City was also able to control costs in these funds by not replacing certain full-time positions. For the general fund, the decreases in revenues and expenditures were also related to the presentation change of the Police Department from the general fund to its own special revenue police fund in fiscal year 2010.

The special revenue police fund now accounts for all of the police activity. The income tax allocation change, the recognition of receivables and payables relating to the police department and the police activity presentation change resulted in the police special revenue fund's revenues and expenditures increasing over 2009. The City is committed to reflecting all police activity, not otherwise required to be separated by the Ohio Revised Code, into one special revenue police fund as a result of the passage of the 0.50 percent income tax levy. This will allow all of the City's constituents, general public and financial readers to be able to clearly determine how these tax dollars are spent.

City of Brunswick, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2010
Unaudited

The fire fund's revenues increased while the expenditures remained relatively constant from the prior year. The revenues increased as a result of the passage of the 0.50 percent income tax levy. The increase in income tax dollars was necessary to maintain a "safe" level of safety forces and to correct structural budget deficits. The additional safety levy proceeds will be continually monitored and be expended on safety only.

The Brunswick Lake construction fund accounts for the purchase of and improvements to the Brunswick Lake site financed by loans from the general fund and the proceeds of general obligation and special assessment bonds.

The City's special assessment bond retirement fund accounts for the special assessment revenues and expenditures associated with paying off special assessment debt.

Business-Type Fund

The City's lone business-type activity is the refuse fund. The refuse fund accounts for the garbage collection services and billing costs. The City's refuse contract was recently re-negotiated for a five year period resulting in cost increases paid to the refuse hauler during 2010.

General Fund Budgeting Highlights

The City's budget is prepared according to Ohio and local laws and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the police special revenue fund. The City's general fund is now the second most significant fund as a result of the police activity being moved from the general fund to the police special revenue fund as of January 1, 2010. The City constantly monitors the estimated revenues and appropriations and performs detailed quarterly reviews of each estimated revenues and appropriation account. During the course of 2010, the City amended the overall budget nine different times during the year as a result of these reviews and discussions with the various departments. The most significant budgeted increase during 2010 related to the increase in percentage of residents paying income tax estimated receipts and various businesses voluntarily switching from quarterly to monthly remittances of withholdings. The most significant decrease to the City budget related to the removal of an approximate \$1,400,000 general fund advance in from the Brunswick Lake fund. The estimated advance in was removed from the budget as a result of budgeted land sales no longer being anticipated. This reduction resulted in the City reviewing its income tax allocations and establishing income tax ceiling amounts for various funds, with any excesses above these ceilings being retained in the general fund.

As required by the City Charter, expenditures in excess of \$7,500 must be reviewed and approved individually by Council. Recommendations and requests for budget changes are referred to the Finance Committee and/or Committee as a Whole for review, after which to a Council work session for presentation before going to the formal Council Meeting for ordinance enactment. The legal level of control is to each office, department, and division, and, within each, the amount appropriated for personal services and other. Interdepartmental budget changes that modify line items within the established legal level of control are allowed without requiring Council's authorization.

The most significant addition in capital assets is in the area of storm sewers. During 2010 the City completed the Oakleigh, Ashleigh, Briarleigh storm sewer project. The project involves the installation of storm sewers and appurtenant structures along Oakleigh Drive, Ashleigh Drive, Briarleigh Drive, Boston Road and defined areas. Plum Creek and Manitoulin Pike storm sewer projects were also completed during 2010.

The most significant deletions were to construction in progress and are discussed in the additions above. The deletions in construction in progress consist of projects that were completed during 2010 and were previously listed as construction in progress as of December 31, 2009. For additional information see Note 11 to the basic financial statements.

The City has purchased approximately 144 acres of land for the Brunswick Lake project and had previously designated approximately 77 acres of the 144 acres to be resold and developed in accordance with an approved master plan. As of December 31, 2010, the City has sold approximately 60 acres of the 77 acres, leaving approximately 17 acres available for resale. On February 25, 2009, the City sold approximately 16 acres to Zarembo Brunswick Associates, LLC. The land was sold in exchange for \$779,536 in cash and escrow deposits on hand plus a \$394,040 note receivable with 4 percent simple interest payable upon the sale of individual "blanks" of land or four years, whichever is earlier.

The Administration continues to seek grants for infrastructure projects, State and/or federal grant entitlements and stimulus and various other small grants serving a variety of purposes. In 2010, the City received federal grants for these purposes as awarded by the United States Department of Defense, United States Department of Homeland Security, United States Department of Housing and Urban Development, United States Department of Justice and the United States Department of Transportation. The City received Issue II State

Unaudited

grant and/or zero percent loan monies for our North Carpenter and Grafton Road improvements and our Applewood, Oakleigh, Ashleigh, Briarleigh, Plum Creek, Highland and El Dorado storm sewer improvements. It is through these grants and entitlements along with our capital replacement programs, notes and transfers that we are able to improve upon our capital assets.

Debt

Table 4 summarizes bonds, notes and loans outstanding.

Table 4
Outstanding Debt at Year End

	Governmental Activities		Business-Type Activities		Totals	
	2010	2009	2010	2009	2010	2009
General Obligation Bonds	\$4,756,836	\$5,446,141	\$0	\$0	\$4,756,836	\$5,446,141
Special Assessment Bonds	1,791,298	1,979,666	0	0	1,791,298	1,979,666
Notes	2,825,000	3,000,000	0	0	2,825,000	3,000,000
Capital Leases	153,837	215,733	0	2,395	153,837	218,128
OPWC Loans	180,360	170,047	0	0	180,360	170,047
Totals	<u>\$9,707,331</u>	<u>\$10,811,587</u>	<u>\$0</u>	<u>\$2,395</u>	<u>\$9,707,331</u>	<u>\$10,813,982</u>

The general obligation bonds outstanding are composed of Capital Improvement Bonds and a City Hall Expansion Bond. The Capital Improvement and City Hall Expansion Bonds are paid from income tax revenue, and if necessary, monies transferred from the general fund.

The special assessment bonds consist of capital improvement, Cross Creek, South Carpenter Road, Laurel Road West Waterline, Grafton Road, Laurel Road, South Industrial Parkway, and Brunswick Lake Dam and Dredging improvements. Principal and interest for these bonds are paid from the collection of special assessments from the benefited property owners.

The notes payable represent bond anticipation notes for the following projects: (1) \$1,525,000 will finance the improvement of a storm water drainage system by constructing and reconstructing storm sewers, storm water detention basins and other storm water management improvements. Unless an alternate funding source is determined, the note will be repaid with the proceeds from the sale of general obligation bonds and the bonds will be repaid with income tax revenues and/or general fund transfers; (2) \$800,000 will finance the engineering and right-of-way costs of the improvement to the City's traffic control system. The note will be repaid with the proceeds from the sale of general obligation bonds and the bonds will be repaid with intergovernmental revenues earned in the state highway fund; and (3) \$500,000 was used to acquire fire apparatus and related equipment. The note will be paid with available fund balance reserves and with the proceeds from the sale of general obligation bonds and the bonds will be repaid with income tax revenues and/or general fund transfers.

The outstanding Ohio Public Works Commission loans represent interest free loans obtained to finance the Fireside Twin Storm, Highland Drive and El Dorado storm sewer projects. The loans will be repaid with municipal income tax or general fund transfer monies.

City of Brunswick, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2010
Unaudited

The City's current debt rating is Aa2. For information on the City's debt limitation (voted and unvoted) and additional information on the City's debt see the statistical section and notes 14 and 15 to the basic financial statements.

Current Financial Related Activities

Effective January 1, 2010, the City's income tax rate was increased from 1.35 percent to 1.85 percent for a four year period. The credit was also increased by Council from 0.75 percent to 1.00 percent for taxes paid to another municipality.

The City of Brunswick is committed to a strong economic development program and strives to maintain the highest level of service. The City of Brunswick's received a bond rating of Aa2 by Moody's in 2010 and is extremely proud of its rating. This rating should ultimately result in the City receiving low interest rates on newly issued debt obligations.

The City is ideally situated on Interstate 71, approximately twenty-five minutes from Cleveland, Ohio and approximately fifteen minutes from Cleveland Hopkins International Airport. Interstate 71 is intersected by State Route 303 and provides a perfect separation for industrial development east of Interstate 71 and commercial and residential development west of Interstate 71. The City enjoys two industrial parks on the east side of Interstate 71.

The City of Brunswick has committed itself to financial excellence and has a history of doing just that. The City has received the Government Finance Officers Award Certificate of Achievement for Excellence since 1982 (with the exception of 1986). Our commitment to our residents has always been one of full disclosure of the financial position of the City.

In the last six years, the City of Brunswick has also received four State Auditor Awards for our outstanding commitment to the highest standards of financial reporting. This recognition award is given to the top 4 percent of governments in the State of Ohio for not only meeting the strict standards established by the United States Government Finance Officers Association, but also for building sound internal accounting controls that provide for the safeguarding, reliability and accountability of financial records and City assets.

These awards would not have been possible without the hard work of the Finance Committee, Finance Department staff, City Administration, and the Local Government Services Section of the Auditor of State's office. It is a great honor for the City of Brunswick to be able to place itself in the top 4 percent of all governments in the State of Ohio and we look forward to maintaining excellence in financial reporting and internal accounting controls in the years to come.

Contacting the City's Finance Department

This financial report is designed to provide our citizens, taxpayers, creditors and investors with a general overview of the City's finances and show the City's accountability for all money it receives, spends or invests. If you have any questions about this report or need financial information contact the Director of Finance, Todd Fischer, 4095 Center Road Brunswick, Ohio 44212, telephone (330) 225-9144 or the website at www.brunswick.oh.us.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

Note 1 - Description of the City and Reporting Entity

The City of Brunswick (the "City") is a charter municipal corporation, incorporated under the laws of the State of Ohio. The City operates under a part-time Council and full-time City Manager form of government. The Mayor is elected to a four year term and performs ceremonial and judicial functions. Members of Council are elected to 4 year staggered terms.

Reporting Entity

The reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the City. For the City of Brunswick, this includes the agencies and departments that provide the following services: police and fire protection, emergency medical, parks and recreation, planning, zoning, street maintenance and repair and general administrative services.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and 1) the City is able to significantly influence the programs or services performed or provided by the organization; or 2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations for which the City authorizes the issuance of debt or levying of taxes, or determining the budget. The City has no component units.

The City participated in the Southwest Council of Governments, Northeast Ohio Public Energy Council and Medway Drug Enforcement Agency as jointly governed organizations. Additional information is included in Note 20.

Note 2 - Summary of Significant Accounting Policies

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The City also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its governmental and business-type activities and to its enterprise fund provided they do not conflict with or contradict GASB pronouncements. The City has elected not to apply FASB pronouncements and interpretations issued after November 30, 1989, to its business-type activity and enterprise fund. The most significant of the City's accounting policies are described below.

Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements The statement of net assets and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the City that are governmental and those that are considered business-type.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

The statement of net assets presents the financial condition of the governmental and business-type activities of the City at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the single business-type activity of the City. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the City.

Fund Financial Statements During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of the governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Fund Governmental funds are those through which most governmental functions are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the City's major governmental funds:

General Fund The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio.

Fire Department Special Revenue Fund The fire department fund accounts for income tax proceeds received to pay for the expenditures related to fire protection in the City.

Street Repair and Maintenance Special Revenue Fund The street repair and maintenance fund accounts for State gasoline tax and motor vehicle registration fees designated for maintenance of streets within the City as required by the Ohio Revised Code.

Police Fund The police fund accounts for the .5 percent voted income tax levy proceeds for the police department.

Special Assessment Bond Retirement Debt Service Fund The special assessment bond retirement fund accounts for the collection of special assessments levied against benefited properties for the payment of special assessment bonds and the related interest.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

Brunswick Lake Construction Capital Projects Fund The Brunswick Lake construction fund accounts for the purchase of and improvements to the Brunswick Lake site financed by the proceeds of bonds and loans from the general fund.

The other governmental funds of the City account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service. The City's only proprietary fund is an enterprise fund.

Enterprise Fund Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The City has one enterprise fund.

Refuse Fund The refuse fund accounts for the garbage collection services offered by the City to its residents.

Fiduciary Funds Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The City's only fiduciary funds are agency funds. The agency funds are used for performance bonds, collection and distribution of State monies, to accumulate employee contributions for future child care and health services and for expenditures for the local softball teams.

Measurement Focus

Government-wide Financial Statements The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the City are included on the Statement of Net Assets. The Statement of Activities presents increases (i.e. revenues) and decreases (i.e. expenses) in total net assets.

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statement for governmental funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of fund net assets. The statement of revenues, expenses and changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in total net assets. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting; proprietary and fiduciary funds also use the accrual basis of accounting. Government funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue and in the presentation of expenses versus expenditures.

Revenues – Exchange and Non-exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the City, available means expected to be received within thirty-one days of year-end.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned. Revenue from property taxes is recognized in the year for which the taxes are levied. (See Note 7) Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: income tax, state-levied locally shared taxes (including gasoline tax and motor vehicle license fees), interest, fines and forfeitures, grants and fees.

Deferred Revenue Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of December 31, 2010, but which were levied to finance year 2011 operations, have been recorded as deferred revenue. Grants and entitlements received before eligibility requirements are met are also recorded as deferred revenue.

On the governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized when they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations ordinance, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount Council may appropriate. The appropriations ordinance is Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Council. The legal level of budgetary control has been established by City Council at the function level of expenditures by personal services and all other expenditure categories within each department for all funds pursuant to Ohio Revised Code Section 5705.38(C). Budgetary modifications may only be made by ordinance of the City Council at the legal level of control. The Finance Director has been authorized to allocate appropriations within expenditure categories as appropriated by Council. Budgetary statements are presented beyond the legal level of control for informational purposes only.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Finance Director. The amounts reported as the original and final budgeted amounts on the budgetary statements reflect the amounts on the original and final amended official certificate of estimated resources when the original and final appropriations were enacted by Council.

The appropriations ordinance is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts on the budgetary statements reflect the first appropriations ordinance for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by Council during the year.

Cash and Cash Equivalents

To improve cash management, cash received by the City is pooled. Monies for all funds, including proprietary funds, are maintained in this pool. Individual fund integrity is maintained through City records. Interest in the pool is presented as "equity in pooled cash and cash equivalents".

The City has segregated bank accounts for monies held separate from the City's central bank account. These interest bearing depository accounts are presented as "cash and cash equivalents in segregated accounts" since they are not required to be deposited into the City treasury.

The City utilizes a financial institution to service bonded debt as principal and interest payments come due. The balance in this account is presented as "cash and cash equivalents with fiscal agents" and represents deposits or short-term investments in certificates of deposit.

Investments are reported at fair value which is based on quoted market prices, with the exception of nonparticipating repurchase agreements, which are reported at cost.

During 2010, investments were limited to manuscript bond and State Treasury Asset Reserve of Ohio (STAROhio).

"Investments" on the basic financial statements represents a manuscript bond issued by the City and purchased by the debt service fund.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

STAROhio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price, which is the price the investment could be sold for on December 31, 2010.

Investment procedures are restricted by the provisions of the Ohio Revised Code. Interest revenue is distributed to the general fund, certain special revenue funds, debt service funds and certain capital projects funds. Interest revenue credited to the general fund during 2010 amounted to \$15,708, which includes \$12,983 assigned from other City funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the City are presented on the financial statements as cash equivalents.

Restricted Assets

Assets are reported as restricted when limitations on their use change in nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, or laws or other governments or imposed by law through constitutional provisions or enabling legislation. Restricted assets in the general fund represent money set aside for unclaimed monies.

Inventory

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventory consists of expendable supplies held for consumption.

Assets Held for Resale

Assets held for resale represent land purchased by the City which will be sold for development purposes. This amount is offset by a fund balance reserve on the governmental fund financial statements.

Capital Assets

General capital assets are capital assets which are associated with and generally arise from governmental activities. They generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net assets and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The City was able to estimate the historical cost for the initial reporting of infrastructure by backtrending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). Donated capital assets are valued at their fair market values as of the date received. The City maintains a capitalization threshold of ten thousand dollars for infrastructure, zero dollars for land, works of art, computers and computer peripherals and five thousand dollars for all other assets. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of an asset or materially extend an asset's life are not.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

All reported capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacements. Depreciation for governmental and business-type capital assets is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Land Improvements	20 years
Building and Improvements	5 - 50 years
Equipment, Machinery and Vehicles	3 - 25 years
Furniture and Fixtures	7 - 10 years
Infrastructure	30 - 50 years

The City's infrastructure consists of roads, sidewalks, storm sewers, dams, bridges and culverts and does not include infrastructure acquired prior to December 31, 1980.

Interfund Balances

On the fund financial statements, outstanding interfund loans and unpaid amounts for interfund services are reported as "interfund receivables/payables". Long term interfund loans are reported as "loans to/from other funds" and are equally offset by a fund balance reserve account which indicates that they do not constitute "available expendable resources" since they are not a component of net current assets. Interfund balance amounts are eliminated in the statement of net assets, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the City will compensate the employees for the benefits through paid time off or some other means. The City records a liability for accumulated unused vacation time when earned for all employees with more than one year of service. Since the City's policy limits the accrual of vacation time to one year from the employee's anniversary date, the outstanding liability is recorded as "vacation benefits payable" on the statement of net assets rather than as a long-term liability.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the City has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at year end, taking into consideration any limits specified in the City's termination policy. The City records a liability for accumulated unused sick leave for all employees after five years of service.

The entire compensated absence liability is reported on the government-wide financial statements.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds and long-term loans are recognized as a liability on the governmental fund financial statements when due.

Fund Balance Reserves

The City reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent expendable resources and therefore are not available for appropriation or expenditure. Fund balance reserves have been established for encumbrances, unclaimed monies, interfund, notes receivable and assets held for resale. Under Ohio law, unclaimed monies are not available for appropriation until they have remained unclaimed for five years.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary fund. For the City, these revenues are charges for services for refuse collection programs. Operating expenses are necessary costs incurred to provide the service for the primary activity of the fund. Revenues and expenses not meeting these definitions are reported as nonoperating.

Internal Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Internal allocations of overhead expenses from one function to another within the same function are eliminated on the statement of activities. Interfund payments for services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net assets restricted for other purposes include resources restricted for the computerization of the mayor's court.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Administration and that are either unusual in nature or infrequent in occurrence.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 3 – Change in Accounting Principles

For 2010, the City has implemented Governmental Accounting Standard Board (GASB) Statement No. 51, “Accounting and Reporting for Intangible Assets.” GASB Statement No. 51 establishes accounting and financial reporting of such assets to reduce inconsistencies, thereby enhancing the comparability of accounting and financial reporting of such assets among state and local governments. The implementation of this statement did not result in any change to the City’s financial statements.

Note 4 – Fund Deficits

The following funds had a deficit fund balance as of December 31, 2010:

Major Capital Projects Funds:	
Brunswick Lake Construction	\$65,027
Special Revenue Fund:	
State Highway	263,015
Community Home Investment Program Grant	3,942
Transit Federal Grant	6,929
Capital Projects Funds:	
Community Development Block Grant	3,494
Ohio Environmental Improvement Grant	53,161
Storm Sewer	926,240
Total Non Major	<u>1,256,781</u>
Grand Total	<u><u>\$1,321,808</u></u>

The deficits are due to adjustments for accrued liabilities. The general fund is liable for any deficit in other funds and provides transfers when cash is required, rather than when accruals occur.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

Note 5 - Budgetary Basis of Accounting

While the City is reporting financial position, results of operations, and changes in fund balance/net assets on the basis of generally accepted accounting principles (GAAP basis), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual presented for the general and major special revenue funds are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are as follows:

1. Revenues and other sources are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
2. Expenditures and other uses are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
3. Encumbrances are treated as expenditures (budget) rather than as a reservation of fund balance (GAAP).
4. Advances-In and Advances-Out are operating transactions (budget) as opposed to balance sheet transactions (GAAP).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general fund and for the major special revenue funds.

	Net Change in Fund Balances			
	General	Fire Department	Street Repair and Maintenance	Police
GAAP Basis	\$898,011	\$344,303	(\$276,954)	\$726,304
Net Adjustment for Revenue Accruals	(114,543)	(70,993)	(22,064)	(133,195)
Advances In	267,790	0	0	0
Net Adjustment for Expenditure Accruals	(140,485)	(96,456)	(116,223)	(54,654)
Advances Out	(396,000)	0	0	0
Adjustments for Encumbrances	(203,401)	(58,890)	(125,418)	(13,356)
Budget Basis	<u>\$311,372</u>	<u>\$117,964</u>	<u>(\$540,659)</u>	<u>\$525,099</u>

Note 6 - Deposits and Investments

The City has chosen to follow State statutes and classify monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that Council has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the finance director by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions; and
6. The State Treasurer's investment pool (STAROhio).

The City may also invest any monies not required to be used for a period of six months or more in the following:

1. Bonds of the State of Ohio;
2. Bonds of any municipal corporation, village, county, township, or other political subdivision of this State, as to which there is no default of principal, interest or coupons; and
3. Obligations of the City.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Historically, the City has not purchased these types of investments or issued these types of notes. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Deposits

Custodial credit risk for deposits is the risk that in the event of bank failure, the City will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year-end, the carrying amount of the City's deposits was \$8,558,331 and the bank balance was \$8,546,225. Of the bank balance \$5,849,032 was covered by Federal depository insurance or was collateralized with pledged securities and \$2,697,193 was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institutions' trust department or agent, but not in the City's name.

The City has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the City or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

Investments

Investments are reported at fair value. As of December 31, 2010, the City had the following investments:

	Fair Value	Maturity
Manuscript Bond	\$20,815	December 1, 2018
STAROhio	3,196,154	Average 58.0 days
Total Portfolio	\$3,216,969	

Interest Rate Risk As a means of limiting its exposure to fair value losses caused by rising interest rates, the City's investment policy requires that operating funds be invested primarily in short-term investments maturing within five years from the date of purchase and that the City's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments. To date, no investments have been purchased with a life greater than five years except for the manuscript bonds. The manuscript bond represents an investment in which the City purchased its own special assessment bond to pay the property owners' portion of the cost of improving Grafton Road. This bond matures on December 1, 2018.

Credit Risk The manuscript bonds carry a rating of AAA by Standard and Poor's. STAROhio carries a rating of AAA, by Standard and Poor's. Ohio law requires that STAROhio maintain the highest rating provided by at least one nationally recognized standard rating service. The City has no investment policy that addresses credit risk.

Custodial Credit Risk For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The manuscript bonds are exposed to custodial credit risk in that they are uninsured, unregistered, and held by the counterparty's trust department or agent but not in

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

the City's name. The City has no investment policy dealing with investment custodial risk beyond the requirement in State statute that requires securities purchased pursuant to this division shall be delivered into the custody of the Finance Director or an agent designated by the Finance Director.

Concentration of Credit Risk is defined by the Governmental Accounting Standards Board as having five percent or more invested in the securities of a single issuer. The City's investment policy places no limit on the amount it may invest in any one issuer.

Note 7 - Receivables

Receivables at December 31, 2010, consisted primarily of municipal income taxes, property taxes, special assessments, intergovernmental receivables arising from grants, entitlements and shared revenues, interest, and accounts (billings for user charged services).

No allowance for doubtful accounts has been recorded because uncollectible amounts are expected to be insignificant. All receivables except property taxes, notes, and special assessments are expected to be received within one year. Property taxes and special assessments, although ultimately collectible, include some portion of delinquencies that will not be collected within one year.

Notes receivable in the Brunswick Lake capital projects fund represents a promissory note with a local developer. The developer bought land that the City held an asset held for resale, and a portion of the sale was financed through a note with the City at an interest rate of four percent. As the developer develops and sells each lot, the City will be repaid a portion of the note. If the remaining lots have not been sold by February 25, 2013, the entire balance of the loan and any accrued interest would be due in full.

Special assessments expected to be collected in more than one year amount to \$1,591,433 in the special assessment bond retirement fund. The amount of delinquent special assessments outstanding at year-end is \$6,108.

Property Taxes

Property taxes include amounts levied against all real, public utility, and tangible personal property located in the City. Property tax revenue received during 2010 for real and public utility property taxes represents collections of 2009 taxes. Property tax payments received during 2010 for tangible personal property (other than public utility property) are for 2010 taxes.

2010 real property taxes are levied after October 1, 2010, on the assessed value as of January 1, 2010, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2010 real property taxes are collected in and intended to finance 2011.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31, if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payments dates to be established.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2010 public utility property taxes became a lien December 31, 2009, are levied after October 1, 2010, and are collected in 2011 with real property taxes.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

Tangible personal property tax revenue received during 2010 (other than public utility property tax) represents the collection of 2010 taxes levied against local and inter-exchange telephone companies. Tangible personal property tax on business inventory, manufacturing machinery and equipment, furniture and fixtures is no longer levied and collected. Tangible personal property taxes received from telephone companies in 2010 were levied after October 1, 2009, on the value as of December 31, 2009. Payments by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20.

The full tax rate for all City operations for the year ended December 31, 2010, was \$2.60 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2010 property tax receipts were based are as follows:

	Assessed Value
Real Estate	
Residential/Agricultural	\$612,020,650
Commercial Industrial/PU	133,798,300
Public Utility Property	5,683,640
Tangible Personal	1,371,610
Total Assessed Value	\$752,874,200

The Medina County Treasurer collects property taxes on behalf of all taxing districts in the County, including the City of Brunswick. The County Auditor periodically remits to the City its portion of the taxes. Property taxes receivable represents real and tangible personal property taxes, public utility taxes and outstanding delinquencies which are measurable as of December 31, 2010 and for which there is an enforceable legal claim. In the governmental funds, the entire receivable has been offset by deferred revenue since current taxes were not levied to finance 2010 operations and the collection of delinquent taxes during the available period is not subject to reasonable estimation. On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue while on the modified accrual basis the revenue is deferred.

Income Tax

The City levies a municipal income tax of 1.85 percent on salaries, wages, commissions and other compensation, and net profits earned within the City as well as incomes of residents earned outside of the City. Residents of the City are granted a credit up to one percent for taxes paid to other municipalities.

Employers within the City are required to withhold income tax on employee compensation and remit the tax to the City either monthly or quarterly. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually. By City ordinance, income tax proceeds for 2011, after income tax department expenditures, are credited to the following funds: police fund 49.90 percent; fire fund 26.75 percent; street repair and maintenance fund 6.75 percent up to a maximum of \$754,602; Brunswick transit alternative fund 1.05 percent up to a maximum of \$117,383; park fund 3.55 percent up to a maximum of \$396,865; general obligation bond retirement fund 4.30 percent; and the general fund 7.70 percent. Income tax receipts that exceed the established maximums in any one fund are retained in the general fund. The income tax receivable amounts are based on the 2011 allocation.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

Intergovernmental Receivables

A summary of the governmental activities principal items of intergovernmental receivables follows:

	<u>Amounts</u>
Gasoline Tax	\$592,443
Local Government	496,592
Permissive Motor Vehicle License Tax	205,706
Grants	160,366
Motor Vehicle License Registration	126,019
Homestead and Rollback	122,598
Fines, Licenses and Fees	30,223
Deregulation Monies	16,103
Cigarette and Liquor Tax	15,947
Miscellaneous	5,696
Dispatch	4,627
Court	2,700
Total	<u><u>\$1,779,020</u></u>

Note 8 - Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. The City has insurance coverage with Ohio Plan Risk Management Incorporated. The City's coverage for general liability, bodily injury and property damage to others is limited to \$10,000,000 per occurrence and has a \$12,000,000 aggregate limit per year.

Errors and omissions for public officials and police professional liability are \$10,000,000 per occurrence and \$12,000,000 aggregate per year. Vehicle coverage is limited to \$10,000,000 per each occurrence, no aggregate, and a \$1,000 physical damage deductible for comprehensive and collision for all City vehicles.

Comprehensive crime is covered at \$100,000 with various individual bonds ranging from \$10,000 to \$1,000,000 in coverage.

Coverage for the City's buildings, furniture, fixtures, and contents has a limit of \$27,785,793 with a \$2,500 per event deductible. Inland marine coverage for all City property that moves has a limit of \$2,426,680 with a \$1,000 deductible.

Settled claims have not exceeded this commercial coverage in any of the past four years. There has not been a significant reduction in coverage from the prior year.

The City pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

Note 9 – Contractual Commitments

As of December 31, 2010, the City had the following contractual commitments:

Project	Amount Remaining on Contract
Fiber Optic Ring City Contractual Commitment	\$380,212
City-Wide Signilzation Project (Engineering & Right-of-way)	199,236
Refuse December 2010 Contractual Services	180,000
Fire Rescue Squad	174,853
OPWC North Carpenter Road Project	165,438
Gradall Capital Lease Payments	116,031
Ohio Environmental Infrastructure Program Grant	58,810
OPWC Hadcock Road Phase II Project	48,416
Fire Rescue Capital Lease Payments	45,736
Bus Transit	44,027
Neighborhood Stabilization Program Projects	37,968
Information Technology Infrastructure and Licensing Project	37,854
Total	\$1,488,581

Note 10 - Contingencies

Grants

The City received financial assistance from federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the City at December 31, 2010.

Litigation

Several claims and lawsuits are pending against the City. The amount of the liability, if any, cannot be reasonably estimated at this time. However, in the opinion of management, any such claims and lawsuits will not have a material adverse effect on the overall financial position of the City at December 31, 2010.

Total Depreciation Expense	<u>\$1,819,683</u>

Note 12 – Assets Held for Resale

Assets held for resale represents land near Brunswick Lake purchased by the City which will be sold for development purposes. During fiscal year 2010, the City did not sell any of the land. As of December 31, 2010 the City has 17 acres of land remaining which is being held for resale.

Note 13 – Capital Leases Payable

The City has previously entered into leases for the acquisition of a grader and ambulance. These lease obligations meet the criteria of a capital lease as defined by Financial Accounting Standards Board Statement Number 13, "Accounting for Leases," and have been recorded as capital assets on the government-wide statements. Capital lease payments have been reclassified and are reflected as debt service expenditures in the general and refuse funds on the basic financial statements. These expenditures are reflected as programs/function expenditures on a budgetary basis.

Asset:	<u>Governmental Activities</u>
Machinery and Equipment	\$362,448
Less: Accumulated depreciation	(118,058)
Current Book Value	<u>\$244,390</u>

City of Brunswick, Ohio
Notes to the Basic Financial Statements

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

	Amounts Outstanding 12/31/09	Additions	Reductions	Amounts Outstanding 12/31/10	Amounts Due in One Year
<i>Business-Type Activities:</i>					
Capital Lease	\$2,395	\$0	(\$2,395)	\$0	\$0
Compensated Absences	404	833	0	1,237	167
<i>Total Business-Type Activities</i>	<u>\$2,799</u>	<u>\$833</u>	<u>(\$2,395)</u>	<u>\$1,237</u>	<u>\$167</u>

On September 24, 2009, the City issued \$5,075,000 in capital improvement bonds, of which, \$4,672,492 was general obligation bonds and \$402,508 was special assessment bonds. The bonds were issued for the reconstruction of the dam at Brunswick Lake, the dredging and improvements of Brunswick Lake and various improvements to the City's storm sewer water drainage system.

General obligation bonds will be paid from the taxes receipted into the debt service fund. The special assessment bonds will be paid from the proceeds of special assessments levied against the benefitted property owners. In the event that a property owner would fail to pay the assesement, payment would be made to the City.

A line of credit has been established with the Ohio Public Works Commission in the amount of \$134,174 for improvements to the El Dorado storm sewers and \$141,500 for improvements to the Highland storm sewers; however, since these loans are not finalized, the repayment schedules are not included in the schedule of debt service payments.

Compensated absences will be paid from the general fund, the court computerization, police, fire department, street repair and maintenance, Brunswick transit, cable tv, parks and recreational center special revenue funds and the refuse enterprise fund which are the funds from which the employees' salaries are paid. The OPWC loans will be paid with income tax proceeds in the street repair and maintenance special revenue fund.

The City's overall debt margin was \$71,756,468 and the unvoted legal debt margin was \$34,112,758 at December 31, 2010. Principal and interest requirements to retire long-term obligations outstanding at December 31, 2010, are as follows:

	General Obligation Bonds		Special Assessment Bonds		OPWC Loans	Total	
	Principal	Interest	Principal	Interest	Principal	Principal	Interest
2011	\$284,764	\$174,031	\$188,953	\$89,383	\$4,520	\$478,237	\$263,414

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

Note 15 – Notes Payable

A summary of the note transactions for the year ended December 31, 2010, follows:

	Outstanding 12/31/2009	Issued	Retired	Outstanding 12/31/2010
1.30% Capital Improvement and Equipment Notes	\$0	\$2,825,000	\$0	\$2,825,000
1.65% Capital Improvement and Equipment Notes	3,000,000	0	3,000,000	0
Total	<u>\$3,000,000</u>	<u>\$2,825,000</u>	<u>\$3,000,000</u>	<u>\$2,825,000</u>

On November 16, 2010 the City issued \$2,825,000 in Capital Improvement and Equipment Notes. \$1,525,000 will finance the improvement of a storm water drainage system by constructing and reconstructing storm sewers, storm water detention basins and other storm water management improvements, \$800,000 will finance the engineering and right-of-way costs of the improvement to the City's traffic control system and \$500,000 was used to acquire fire apparatus and related equipment. These notes mature on November 16, 2011. The City had \$705,930 in unspent proceeds as of December 31, 2010.

All notes are backed by the full faith and credit of the City of Brunswick and mature within one year. The note liability is reflected in the fund which received the proceeds and will repay the debt. The notes are generally issued in anticipation of long-term bond financing and are refinanced until such bonds are issued.

Note 16 – Defined Benefit Pension Plans

Ohio Public Employees Retirement System

Plan Description - The City participates in the Ohio Public Employees Retirement System (OPERS). OPERS administer three separate pension plans. The Traditional Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the Member Directed Plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan. Under the Combined Plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to, but less than, the Traditional Pension Plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the Member Directed Plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the Traditional Pension and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 614-222-5601 or 800-222-7377.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

Funding Policy - The Ohio Revised Code provides statutory authority for member and employer contributions and currently limits the employer contribution to a rate not to exceed 14 percent of covered payroll for state and local employer units and 18.1 percent of covered payroll for law and public safety employer units. Member contribution rates, as set in the Ohio Revised Code, are not to exceed 10 percent. For the year ended December 31, 2010, members in state and local classifications contributed 10 percent of covered payroll while public safety and law enforcement members contributed 10.5 percent and 11.1 percent, respectively. While members in the state and local divisions may participate in all three plans, law enforcement and public safety divisions exist only within the Traditional Pension Plan. For 2010, member and employer contribution rates were consistent across all three plans.

The City's 2010 contribution rate was 14.0 percent, except for those plan members in law enforcement or public safety, for whom the City's contribution was 17.87 percent of covered payroll. The portion of employer contributions used to fund pension benefits is net of post-employment health care benefits. The portion of employer contribution allocated to health care for members in the Traditional Plan was 5.5 percent from January 1 through February 28, 2010, and 5 percent from March 1 through December 31, 2010. The portion of employer contributions allocated to health care for members in the Combined Plan was 4.73 percent from January 1 through February 28, 2010, and 4.23 percent from March 1 through December 31, 2010. Employer contribution rates are actuarially determined.

The City's required contributions for pension obligations to the Traditional Pension and Combined Plans for the years ended December 31, 2010, 2009, and 2008 were \$398,893, \$400,751 and \$347,456 respectively. For 2010, 89.71 percent has been contributed with the balance being reported as an intergovernmental payable. The full amount has been contributed for 2009 and 2008. Contributions to the Member-Directed Plan for 2010 were \$5,233 made by the City and \$3,738 made by the plan members.

Ohio Police and Fire Pension Fund

Plan Description - The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing multiple-employer defined benefit pension plan. OP&F provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to the OP&F, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding Policy - The Ohio Revised Code requires plan members to contribute 10.0 percent of their annual covered salary, while employers are required to contribute 19.5 percent for police officers and 24.0 percent for firefighters. The OP&F Pension Fund is authorized by the Ohio Revised Code to allocate a portion of the employer contributions to retiree health care benefits. The portion of employer contributions used to fund pension benefits was 12.75 percent of covered payroll for police officers and 17.25 percent of covered payroll for firefighters.

The City's contributions to the OP&F for police and firefighters were \$380,544 and \$331,164 for the year ended December 31, 2010, \$365,512 and \$327,366 for the year ended December 31, 2009, and \$365,014 and \$321,638 for the year ended December 31, 2008, respectively. For 2010, 69.10 percent for police and 68.59 percent for firefighters has been contributed with the balance for both police and firefighters being reported as an intergovernmental payable. The full amount has been contributed for 2009 and 2008.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

Note 17 – Postemployment Benefits

Ohio Public Employees Retirement System

Plan Description – Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan—a cost sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan—a defined contribution plan; and the Combined Plan—a cost sharing, multiple employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing multiple-employer defined benefit post-employment health care plan for qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage. The plan includes a medical plan, prescription drug program and Medicare Part B premium reimbursement.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have ten or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The Ohio Revised Code permits, but does not mandate, OPERS to provide health care benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report which may be obtained by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 800-222-7377.

Funding Policy – The post-employment health care plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). The Ohio Revised Code provides the statutory authority requiring public employers fund post-employment health care through contributions to OPERS. A portion of each employer’s contribution to OPERS is set aside for the funding of post-retirement health care.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2010, state and local employers contributed at a rate of 14.0 percent of covered payroll, and public safety and law enforcement employers contributed at 17.87 percent. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14 percent of covered payroll for state and local employer units and 18.1 percent of covered payroll for law and public safety employer units.

Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of post-employment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional Plan was 5.5 percent from January 1 through February 28, 2010, and 5 percent from March 1 through December 31, 2010. The portion of employer contributions allocated to health care for members in the Combined Plan was 4.73 percent from January 1 through February 28, 2010, and 4.23 percent from March 1 through December 31, 2010.

The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the post-employment health care plan.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

The City's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2010, 2009 and 2008 were \$227,406, \$289,774 and \$347,456 respectively. For 2010, 89.71 percent has been contributed with the balance being reported as an intergovernmental payable. The full amount has been contributed for 2009 and 2008.

The Health Care Preservation Plan (HCPP) adopted by the OPERS Retirement Board on September 9, 2004, was effective January 1, 2007. Member and employer contribution rates increased on January 1, of each year from 2006 to 2008. Rates for law and public safety employees increased over a six year period beginning on January 1, 2006, with a final rate increase on January 1, 2011. These rate increases allowed additional funds to be allocated to the health care plan.

Police and Firemen's Disability and Pension Fund

Plan Description – The City contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored health care program, a cost-sharing multiple-employer defined post-employment healthcare plan administered by OP&F. OP&F provides health care benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long-term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-retirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or survivor benefit check or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F meets the definition of an Other Post-Employment Benefit (OPEB) as described in GASB Statement No. 45.

The Ohio Revised Code allows, but does not mandate, OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to the OP&F, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding Policy – The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F defined benefit pension plan. Participating employers are required by Ohio Revised Code to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.5 percent and 24.0 percent of covered payroll for police and fire employers, respectively. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS Code Section 115 trust and one for Medicare Part B reimbursements administrated as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. For the year ended December 31, 2010, the employer contribution allocated to the healthcare plan was 6.75 percent of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and also is limited by the provisions of Section 115 and 401(h).

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

The OP&F Board of Trustees is also authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions to OP&F which were allocated to fund post-employment health care benefits for police and firefighters were \$201,464 and \$129,586 for the year ended December 31, 2010, \$193,506 and \$128,100 for the year ended December 31, 2009, and \$193,243 and \$125,858 for the year ended December 31, 2008. For 2010, 69.10 percent has been contributed for police and 68.59 percent has been contributed for firefighters with the balance for both police and firefighters being reported as an intergovernmental payable. The full amount has been contributed for 2009 and 2008.

Note 18 - Other Employee Benefits

Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Employees earn two to six weeks of vacation per year, depending upon length of service. Vacation accumulation is limited to one year unless an extension is approved by the City Manager. All accumulated unused vacation time is paid upon termination of employment. Outstanding unused vacation is reflected as vacation benefits payable on the statement of net assets.

Employees earn sick leave at the rate of 1.25 days per month of service. Sick leave accumulation is unlimited, but upon retirement or death, an employee, other than full-time sergeants or patrolman, can be paid twenty-five percent of accumulated, unused sick leave to a maximum of thirty days. Sergeants or patrolmen can be paid thirty-three percent of accumulated unused sick leave to various maximums based on the number of years of continuous service.

Health and Life Insurance

The City provides health insurance through Medical Mutual to its employees. It also provides life insurance and accidental death and dismemberment insurance to its employees through Group Life Insurance. The option to select an HMO from Kaiser Permanente is provided to the employees and premiums are paid by the City.

Early Notification of Retirement Incentive

The City offered an early retirement incentive (ERI) program to all employees, beginning December 1, 2009 and ending November 30, 2010. Employees must be eligible to retire under Ohio Public Employees Retirement System (OPERS) rules on or before November 30, 2010, including service to be purchased by the City under the ERI program. Service credit for each participating employee shall be purchased by the City of Brunswick in an amount equal to the lesser of the following two years of service credit; or an amount of service credit equal to one-fifth of the total service credit of record credited to the participating employee in OPERS, exclusive of the service credit purchased under this ERI program. The City will purchase the service credit from OPERS over a two year period. These expenditures are reflected in the funds from which the employee's salary and severance are paid. Fourteen employees participated in the program and \$235,643 of the incentive was paid in 2010 and \$185,276 of the incentive will be paid in 2011.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

Note 19 - Interfund Transfers and Balances

Transfers

Transfers are used to move unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations; to provide additional resources for current operations; and to segregate money for anticipated capital projects. Transfers were made from the general fund to various other governmental funds during 2010. Transfers at December 31, 2010 consisted of the following:

	<u>Transfers Out</u>	<u>Transfers In</u>
Major Funds		
General Fund	\$22,827	\$0
Special Assesment Bond Retirement	0	15,541
Total Major Funds	<u>22,827</u>	<u>15,541</u>
Nonmajor Funds		
<i>Capital Projects Fund:</i>		
City Hall Expansion	0	7,286
Total Nonmajor Funds	<u>0</u>	<u>7,286</u>
Total All Funds	<u>\$22,827</u>	<u>\$22,827</u>

A transfer of \$15,541 was made to from the general fund to the special assessment Laurel Road bond retirement fund to subsidize a portion of the operations not covered through fees, grants or income taxes. A transfer of \$7,286 was made from the general fund to the city hall expansion fund to cover various City Hall capital expenditures.

Balances

Interfund receivables and payables are due to the timing of the receipt of grant monies by the nonmajor funds. All interfund balances will be repaid within one year. Loans from other funds are due to the land held for resale in the Brunswick Lake construction fund, which was originally paid for by the general fund. Loans from other funds will be repaid in more than one year with the proceeds from the sale of the land after all contractual obligations are paid. As of December 31, 2010, the loan balance between the general fund and the brunswick lake construction fund was \$1,411,286.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

Interfund balances at December 31, 2010, consist of the following:

	Receivables	Payables
Major Funds		
General Fund	\$681,300	\$0
Nonmajor Funds		
<i>Special Revenue Funds:</i>		
Brunswick Transit Authority	0	58,800
Community Home Investment Program Grant	0	15,500
Neighborhood Stabilization Program Grant	0	25,000
Transit Federal Grant	0	30,000
<i>Capital Projects Funds:</i>		
Community Development Block Grant	0	91,000
Road Improvement	0	215,000
Storm Sewer	0	217,800
Pedestrian Infrastructure Grant	0	28,200
Total Nonmajor Funds	0	681,300
Total All Funds	\$681,300	\$681,300

Note 20 - Jointly Governed Organizations

Southwest Council of Governments

The Southwest Council of Governments helps foster cooperation between municipalities in areas affecting health, safety, welfare, education, economic conditions, and regional development. The board is comprised of one member from each of the sixteen participating entities. The board exercises total control over the operation of the Council including budgeting, appropriating, contracting, and designating management. Budgets are adopted by the board. Each city's degree of control is limited to its representation on the board. In 2010, the City contributed \$13,000 to the Southwest Council of Governments.

The Council has established two subsidiary organizations, the Hazardous Material Response Team ("HAZ MAT") which provides hazardous material protection and assistance, and the Southwest Enforcement Bureau which provides extra assistance to cities in the form of a SWAT Team. The Council's financial statements may be obtained by contacting the Southwest Council of Governments, Parma Heights, Ohio.

Northeast Ohio Public Energy Council

The City is a member of the Northeast Ohio Public Energy Council (NOPEC). NOPEC is a regional council of governments formed under Chapter 167 of the Ohio Revised Code. NOPEC was formed to serve as a vehicle for communities wishing to proceed jointly with an aggregation program for the purchase of electricity. NOPEC is currently comprised of over 164 communities who have been authorized by ballot to purchase electricity on behalf of their citizens. The intent of NOPEC is to provide electricity at the lowest possible rates while at the same time insuring stability in prices by entering into long-term contracts with suppliers to provide electricity to the citizens of its member communities.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2010

NOPEC is governed by a General Assembly made up of one representative from each member community. The representatives from each county then elect one person to serve on the eight-member NOPEC Board of Directors. The Board oversees and manages the operation of the aggregation program. The degree of control exercised by any participating government is limited to its representation in the General Assembly and on the Board. The City of Brunswick did not contribute to NOPEC during 2010. Financial information can be obtained by contacting Joseph Migliorini, Board Chairman, 175 South Main Street, Akron, Ohio 44308.

Medway Drug Enforcement Agency

The Medway Drug Enforcement Agency (the Agency) is an undercover investigative law enforcement agency whose objective is to remove illegal drugs from the community. The Agency is controlled by and is responsible to the Medway Council of Governments, which consists of two governing bodies: the General Assembly and the Governing Board. The General Assembly consists of a county commissioner, the City Manager of the City of Brunswick, and a representative of each township and village within the County. The Governing Board consists of the County Prosecutor and the County Sheriff, the Police Chief of the City of Brunswick, and one village chief of police chosen by a caucus of village chiefs of police. The degree of control exercised by the participating government is limited to its representation in the General Assembly and on the Board. The City of Brunswick contributed \$95,176 to Medway during 2010. The County Auditor and County Treasurer, respectively, serve as fiscal officer and custodian of funds for the Agency.

Note 21 - Subsequent Events

Effective January 1, 2011, City Council amended the income tax allocation to the prescribed funds as follows: police fund 49.90 percent; fire fund 26.75 percent; street repair and maintenance fund 6.75 percent up to a maximum of \$754,602; Brunswick transit alternative fund 1.05 percent up to a maximum of \$117,383; park fund 3.55 percent up to a maximum of \$396,865; general obligation bond retirement fund 4.30 percent; and the general fund 7.70 percent. Income tax receipts that exceed the established maximums in any one fund are retained in the general fund. The previous income tax allocation was: police fund 53.50 percent; fire fund 29.00 percent; street repair and maintenance fund 7.00 percent up to a maximum of \$177,740; Brunswick transit alternative fund 1.25 percent up to a maximum of \$121,025; parks fund 5.00 percent up to a maximum of \$354,100; general obligation bond retirement fund 4.00 percent; and the general fund .25 percent. Income tax receipts that exceed the established maximums in any one fund were in the general fund.

and Individual Fund Schedules**

Fund Descriptions – Nonmajor Governmental Funds

Nonmajor Special Revenue Funds

To account for revenues from specific sources which legally, or otherwise, are restricted to expenditures for specific purposes.

Court Computerization Fund To account for court fees and fines used to maintain and support the systems of the mayor's court.

Drug Enforcement Fund To account for County shared revenues which help support Medway, a drug enforcement operation.

State Highway Fund Required by the Ohio Revised Code to account for State gasoline tax and motor vehicle registration fees restricted for maintenance of State highways within the City.

Law Enforcement Fund To account for monies received from the sale or disposition of seized contraband. Expenditures from this fund are made for law enforcement purposes.

Brunswick Transit Alternative Fund To account for federal, State and local intergovernmental monies, user charges and income tax monies used for the development, implementation and operation of a bus transit system in the City.

Revolving Loan Fund To account for loans made by the City to local businesses and the subsequent repayment of these loans. In addition, a portion of these funds can be used for certain capital projects upon approval of the United States Department of Housing and Urban Development.

Cable TV Fund To account for cable franchise fees used for providing local programming.

Parks Fund To account for income tax monies used for the development, maintenance and operations of the City's parks.

Department of Justice Federal Grant Fund To account for new federal grants originated from the Department of Justice Fund.

Enforcement and Education Fund To account for fines imposed under Section 4511.99 (A) of the Ohio Revised Code. These monies are used to pay costs incurred in enforcing Section 4511.19 of the Ohio Revised Code, and to educate the public about the laws against and the dangers of operating a motor vehicle while under the influence of alcohol.

Community Recreation Center Fund To account for membership fees, program fees, sales and general fund subsidies used to operate the Rec-Center.

Federal Emergency Management Agency (FEMA) Grant Fund To account for federal grant monies used to assist local governments in disaster assistance.

(continued)

Fund Descriptions – Nonmajor Governmental Funds (continued)

Community Home Investment Program Grant Fund To account for federal monies used in providing rehabilitation, home repair and emergency payment assistance in an effort to prevent homelessness and provide homeownership assistance.

Neighborhood Stabilization Program Grant Fund To account for federal monies used in developing viable urban communities by means of providing decent housing, a suitable living environment and expanding economic opportunities, principally for persons of low to moderate income.

Transit Federal Grant Fund To account for federal grant monies used for the purchase of replacement buses, operations, vehicle equipment and preventive maintenance.

Nonmajor Debt Service Fund

The debt service funds are used to account for the accumulation of financial resources for, and the payment of, general long-term debt principal, interest, and related costs.

General Obligation Bond Retirement Fund To account for tax levies that are utilized for the repayment of general obligation bonds of the City.

Nonmajor Capital Projects Funds

Capital projects funds account for the acquisition, construction or improvement of capital facilities other than those financed by proprietary funds.

Community Development Block Grant Fund To account for federal grant monies used for various capital projects of the City.

Fire Station Improvement Fund To account for the improvement of the fire station financed by taxes.

Permanent Improvement Fund To account for monies used for the purpose of improving, constructing, maintaining, and purchasing those items necessary to enhance the operation of the city.

Traffic Control Equipment Fund To account for the purchase of traffic control equipment.

Park Development Fund To account for the acquisition and development of various City Parks and Public Square.

City Hall Expansion Fund To account for the expansion and improvement of City Hall.

Ohio Environmental Improvement Grant Fund To account for federal monies used to help alleviate some of the environmental infrastructure problems of the City of Brunswick by reconstructing storm sewers, detention basins and related improvements and acquiring real estate and interests in real estate.

Road Improvement Fund To account for transfers, debt proceeds and grant monies used for improvements to various City roads.

Storm Sewer Fund The storm sewer fund accounts for the transfers, debt proceeds and grant monies used for improvements to various City storm sewers.

Pedestrian Infrastructure Grant Fund To account for federal monies used to develop a City-wide bicycle route master plan.

Fund Descriptions - Fiduciary Funds

Fiduciary funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. The following is the City's fiduciary fund type:

Agency Funds

These funds are purely custodial (assets equal liabilities) and thus do not involve the measurement of results of operations.

Performance Bond Fund To account for monies posted for grade and engineer bonds. These monies are returned after final approval by the City.

Family Violence Fund To account for grant monies received for the Committee Against Family Violence. The City's role, as directed by the Committee, is limited to that of custodian of funds.

Recreational Programs Fund To account for purchases of supplies and equipment for local softball teams.

Flex Spending Fund To account for monies withheld from employees' paychecks for future child care and health services purchased by the employee.

Non-Residential Three Percent Fund To account for an assessment on fees for the inspection of nonresidential buildings which is collected on behalf of the State Board of Building Standards.

Residential One Percent Fund To account for an assessment on fees for the inspection of residential buildings which is collected on behalf of the State Board of Building Standards.

STATISTICAL SECTION

Statistical Section

This part of the City of Brunswick, Ohio's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the City's overall financial health.

Contents	Pages(s)
<i>Financial Trends</i>	<i>S2 – S9</i>
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
<i>Revenue Capacity</i>	<i>S10 – S17</i>
These schedules contain information to help the reader assess the City's most significant local revenue, the property tax and the municipal income tax.	
<i>Debt Capacity</i>	<i>S18 – S22</i>
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	
<i>Economic and Demographic Information</i>	<i>S23 – S24</i>
These schedules offer economic and demographic indicators to help the reader understand the environment within which the City's financial activities take place.	
<i>Operating Information</i>	<i>S26 – S31</i>
These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year. The City implemented GASB Statement No. 34 in 2002; schedules presenting government-wide information include information beginning in that year.

City of Brunswick, Ohio

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property was assessed in previous years at 25 percent for machinery and equipment and 23 percent for inventories. General business tangible personal property tax was phased out beginning in 2006. Both types of general business tangible personal property were assessed at 12.5 percent for 2007, 6.25 percent for 2008 and zero for 2009. Beginning in 2007, House Bill 66 switched telephone companies from being public utilities to general business taxpayers and began a four year phase out of the tangible personal property tax on local and inter-exchange telephone companies. No tangible personal property taxes were levied or collected in 2010 from general business taxpayers (except telephone companies whose last year to pay tangible personal property tax is 2010).

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10%, 2 1/2% and homestead exemptions before being billed. Beginning in the 2006 collection year, the 10% rollback for

Note: The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year.

The City's basic property tax rate may be increased only by a majority vote of the City's residents.

The real property tax rates for the voted levies of the overlapping taxing districts are reduced so that inflationary increases in value do not generate additional revenue.

Overlapping rates are those of local and county governments that apply to property owners within the City.

(1) State reimbursement of rollback and homestead exemptions are included.

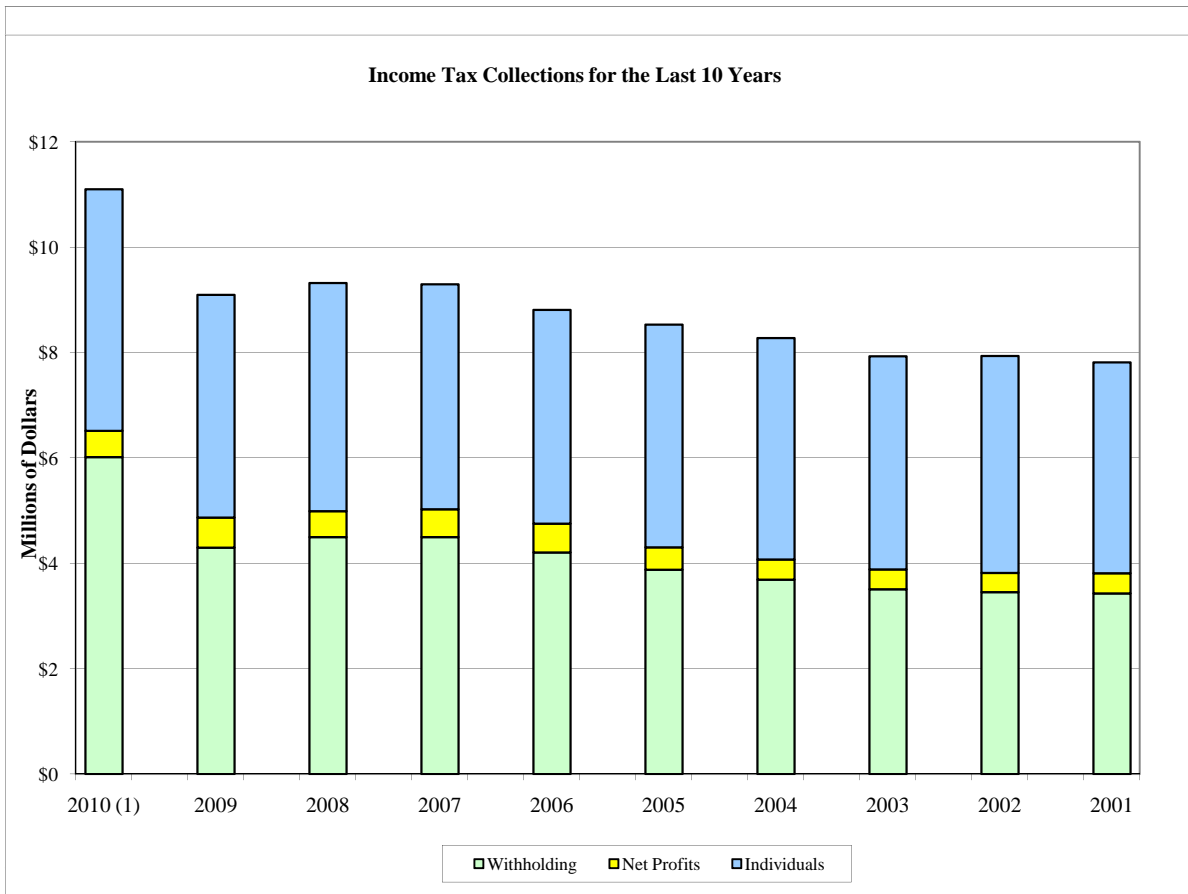

(2) Penalties and interest are included, since by Ohio law they become part of the tax obligation as assessment occurs.

Note: The County does not identify delinquent collections by the year for which the tax was levied.
