CITY OF NORTH RIDGEVILLE LORAIN COUNTY

NOTES TO THE FEDERAL AWARDS EXPENDITURES SCHEDULE FISCAL YEAR ENDED DECEMBER 31, 2012

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Federal Awards Expenditures Schedule (the Schedule) reports the City of North Ridgeville's (the City's) federal award programs' disbursements. The Schedule has been prepared on the cash basis of accounting.

NOTE B - MATCHING REQUIREMENTS

Certain Federal programs require the City to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The City has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

CFDA - Catalog of Federal Domestic Assistance.

N/A – Not applicable.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

City of North Ridgeville Lorain County 7307 Avon Belden Road North Ridgeville, Ohio 44039

To the City Council:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of North Ridgeville, Lorain County, Ohio (the City) as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the City basic financial statements and have issued our report thereon dated June 27, 2013.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the City's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the City's financial statements. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

City of North Ridgeville Lorain County Independent Auditor's Report on Internal Controls Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards* Page 2

Compliance and Other Matters

As part of reasonably assuring whether the City's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Dave Yost Auditor of State

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133, AND THE FEDERAL AWARDS EXPENDITURES SCHEDULE

City of North Ridgeville Lorain County 7307 Avon Belden Road North Ridgeville, Ohio 44039

To the City Council:

Report on Compliance for Each Major Federal Program

We have audited the City of North Ridgeville's, (the City) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect each of the City of North Ridgeville's major federal programs for the year ended December 31, 2012. The *Summary of Audit Results* in the accompanying schedule of findings identifies the City's major federal programs.

Management's Responsibility

The City's Management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the City's compliance for each of the City's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the City's major programs. However, our audit does not provide a legal determination of the City's compliance.

Compliance Required by OMB Circular A-133, and the Federal Awards
Expenditures Schedule
Page 2

Basis for Qualified Opinion on the Railroad Improvement and Rehabilitation Set Aside

As described in finding 2012-001 in the accompanying schedule of findings, the City did not comply with requirements regarding Procurement and Suspension and Debarment applicable to its *Railroad Improvement and Rehabilitation Set Aside* major federal program. Compliance with this requirement is necessary, in our opinion, for the City to comply with requirements applicable to this program.

Qualified Opinion on the Railroad Improvement and Rehabilitation Set Aside

In our opinion, except for the noncompliance described in the *Basis for Qualified Opinion on the Railroad Improvement and Rehabilitation Set Aside* paragraph, the City of North Ridgeville complied, in all material respects, with the requirements referred to above that could directly and materially affect its *Railroad Improvement and Rehabilitation Set Aside* for the year ended December 31, 2012.

Unmodified Opinion on the Other Major Federal Program

In our opinion, the City of North Ridgeville, complied in all material respects with the requirements referred to above that could directly and materially affect its other major federal program identified in the summary of auditor's results section of the accompanying schedule of findings for the year ended December 31, 2012.

Report on Internal Control Over Compliance

The City's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the City's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the City's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Therefore, we cannot assure we have identified all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. However, as discussed below, we identified a certain deficiency in internal control over compliance that we consider to be a material weakness.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program's compliance requirement will not be prevented, or timely detected and corrected. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings as item 2012-001 to be a material weakness.

Applicable to Each Major Federal Program and on Internal Control Over
Compliance Required by OMB Circular A-133, and the Federal Awards
Expenditures Schedule
Page 3

The City's response to our internal control compliance finding is described in the accompanying schedule of findings. We did not audit the City's response and, accordingly, we express no opinion on it.

This report only describes the scope of our tests of internal control over compliance and the results of this testing based on OMB Circular A-133 requirements. Accordingly, this report is not suitable for any other purpose.

Report on Federal Awards Expenditures Schedule

We have also audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of North Ridgeville, (the City) as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our unmodified report thereon dated June 27, 2013. We conducted our audit to opine on the City's basic financial statements. accompanying federal awards expenditures schedule presents additional analysis required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Operating Information

THE CITY OF NORTH RIDGEVILLE

7307 AVON BELDEN ROAD, NORTH RIDGEVILLE, OHIO 44039 TELEPHONE: (440) 353-0851 FAX: (440) 353-1542

Auditor's Office

Members of City Council and Citizens of North Ridgeville North Ridgeville, Ohio

We are pleased to submit this Comprehensive Annual Financial Report (CAFR) of the City of North Ridgeville, Ohio for its fiscal year ended December 31, 2012. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation including all disclosures rests with the City. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner that presents fairly the financial position and results of operations of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

Independent Audit

The City's financial statements for the year ended December 31, 2012 were examined by independent auditor **Dave Yost**, Auditor of State of Ohio. The Independent Auditor's Report on the basic financial statements is included in the Financial Section of this report.

Reporting Entity

For financial reporting purposes, the City includes all funds that comprise the primary government and all agencies, boards and commissions for which the City is financially accountable and component units. Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the organization is fiscally dependent on the City or if the City appoints a majority of the organization's governing board and 1) it is able to impose its will on the organization or 2) there is a potential for the organization to provide specific financial benefits or impose specific financial burdens on the City. The City has no component units.

CITY PROFILE

The City

The City of North Ridgeville is located in Lorain County in north central Ohio, approximately twenty miles southwest of the City of Cleveland and approximately ten miles southeast of the City of Lorain. The City's area is approximately 25 square miles. The City's population was 29,465 according to the 2010 Federal census, which is the third largest in Lorain County. The City is in the Cleveland-Elyria-Mentor Metropolitan Statistical Area (MSA) and the Cleveland-Akron-Elyria Combined Statistical Area (CSA).

The City is provided with banking and financial services by eight local commercial banks and savings and loan associations, operating a total of eight offices within the City. Three daily and two weekly newspapers serve the City. The City is within the broadcast area of seven television stations and approximately thirty-one AM and FM radio stations. Multi-channel cable TV service, including educational, governmental and public access channels is provided by Time Warner Cable.

Within commuting distance are several public and private two-year and four-year colleges and universities, including Cleveland State University, University of Akron, and Kent State University (three of Ohio's twelve state universities), Lorain County Community College (LCCC), Cuyahoga Community College, Oberlin College (located in the County), Baldwin Wallace University, John Carroll University and Case Western Reserve University. The LCCC University Partnership Ridge Campus opened in January 2013 offering numerous academic programs within the City.

The City is served by four acute-care hospitals, located in the cities of Lorain, Elyria, Westlake, and Fairview Park within a ten mile radius of the City. A Medivac unit, providing emergency medical services, operates at the Lorain County Regional Airport and a heliport has been built adjacent to Community Health Partners (Health Center) in Lorain to provide for emergency transportation of patients by helicopter.

The City owns and operates five parks covering 118 acres and provides recreational facilities including basketball, volleyball and tennis courts, baseball / softball fields, soccer fields, picnic areas and a stocked fishing lake. An additional 66 acres has been leased for private use as a sports park. In addition, the City is within the Lorain County Metropolitan Park District, created to preserve natural resources and provide park and recreation facilities within the County. The Park District's Sandy Ridge Reservation, which is located within the City, consists of 310 acres of wildlife preservation with small ponds, a trail complete with information signs, observation mound, playground, educational center and picnic area.

City Government

The City of North Ridgeville was founded in 1810, incorporated as a village in 1958 and became a city in 1960.

The City operates under and is governed by its Charter, first adopted by voters in 1961 and which has been and may be amended by the voters from time to time. The City is also subject to some general laws applicable to all cities. Under the Ohio Constitution, the City may exercise all powers of local self-government and police powers to the extent not in conflict with applicable laws. The Charter provides for a Mayor-Council form of government.

Legislative authority is vested in a seven-member Council, of whom three are elected at-large and four are elected from wards, all for four-year terms. The Council fixes compensation of City officials and employees, and enacts ordinances and resolutions relating to the City services, tax levies, appropriating and borrowing money, licensing and regulating businesses and trades, and other municipal purposes. The presiding officer is the President of Council, who is elected by the Council from the at-large members for a two-year term.

The City's chief executive and administrative officer is the Mayor, who is elected by the voters for a four-year term. The Mayor appoints the directors of most City departments, subject to the approval of a majority of all the members of Council. The major appointed officials are the Directors of Law, Safety-Service and the Treasurer. The Mayor also appoints members to a number of boards and commissions, and appoints and removes, in accordance with civil service requirements, all appointed officers and employees.

The Auditor, who is the City's chief fiscal officer, and the Clerk of Council are appointed by Council. The Auditor is appointed to a two-year term, subject to removal by a majority of all of the members elected to Council. The Clerk of Council serves at the pleasure of Council.

All elected officials, except the Mayor, serve part-time.

The City provides a full range of municipal services. These include police, fire, emergency rescue, parks and recreation, water and sewer utility, planning, zoning, general administrative services, and a Mayor's court.

CITY ECONOMIC CONDITION

Local Economy and Outlook

The City is primarily a residential and agricultural area with many residents commuting daily to work in the City of Cleveland and other areas in Lorain County and adjacent Cuyahoga County. Approximately one fourth of the land in the City is undeveloped or used for agricultural purposes. Because of its location adjacent to the substantially fully developed Cities of Westlake and North Olmsted and access to I-80, I-90, I-480 and State Route 10, and close proximity to Cleveland Hopkins International Airport, new residential, commercial, light industrial and warehousing development is expected to continue within the next several years.

Because the City has a diverse workforce and is not reliant on any concentration of industry, it has been able to weather the economic downturns without curtailing basic services. The City's major sources of revenues are municipal income taxes, property taxes and intergovernmental revenues consisting of state shared taxes and grants. Over the past ten years, the City has been one of the fastest growing residential communities in the State of Ohio. In 2009, the City completed an update of its comprehensive master plan that identifies areas for residential, commercial, industrial and governmental development and infrastructure improvements to encourage and accommodate responsible and orderly development.

In recent years, the City has constructed a two million gallon water tower and acquired additional water capacity from the City of Avon Lake with the installation of new water mains through the eastern and western portions of the City. The City believes that all of its foreseeable needs for waterworks system capacity to support development in the City have been met. In 2004, the City completed a major expansion of its French Creek Wastewater Treatment Plant to meet the anticipated needs of the City and the adjacent City of Avon and Village of Sheffield, which the plant also serves. The City also completed construction of an interceptor trunk sanitary sewer line to service the previously underdeveloped western area of the City. Infrastructure is now in place to allow further residential and commercial development on the City's westside.

To attract commercial developments, the City has established an enterprise zone (coterminous with the City) and a community reinvestment area. Under its enterprise zone program and policy, the City offers businesses abatements of up to 100% of real property taxes on new property added to the tax duplicate, for a period of up to ten years. The amounts, types and duration of the actual abatements offered by the City under this program are a function of the size of the proposed development and the number of jobs created. Under its community reinvestment zone program and policy, the City offers an abatement of real property taxes on new property added to the tax duplicate, for a period of up to 15 years.

Five separate industrial parks are located within in the City. The largest of these is Taylor Woods Industrial Park, which includes facilities of Invacare Corp. (a manufacturer of wheelchairs), Beckett Gas, Inc. (a manufacturer of gas burners), and Beckett Air, Inc. (a manufacturer of blower parts). The newest of these is Bliss Industrial Park, which includes JBC Technology Incorporated (a manufacturer of seals and gaskets and precision die cutting). Building permits were issued in 2012 for commercial buildings and improvements with an estimated value of \$ 2,045,000, the lowest in recent years. However, the City expects commercial development to expand as the result of its infrastructure improvements completed in recent years, access to Interstate highways and close proximity to Cleveland Hopkins International Airport and downtown Cleveland, Ohio.

Residential development continues within the City. In various stages of planning and construction in the western half of the City are two planned community developments: Waterbury, a 640 acre development representing approximately 2,000 residential units, and Meadow Lakes, a 570 acre development representing approximately 1,900 residential units, each of which are approximately fifty percent completed. Other developments in the western area include the subdivisions of Avalon, Hampton Place, Hartford Oval, Stone Creek, Cypress Station and Timber Ridge, which together, represent approximately 950 homes. Elsewhere in the City, Ridgefield Homes, an upscale development represents approximately 1,000 homes, about two-thirds complete. Several other smaller subdivisions remain under development throughout the City. The City's Building Department reflects about 2,800 residential units projected to be constructed within the developments. Building permits were issued in 2012 for new residential units with an estimated value of \$29,401,600.

The City believes its infrastructure and planning are in place to allow it to remain one of the fastest growing communities in Northeast Ohio.

Long-term Planning

Long-term financial planning is performed on a departmental basis and incorporated as a part of the annual appropriation process.

Operating costs are forecast for governmental operations on a five-year basis for the following reason. Property tax collections are the second highest source of general revenue to the City. The City's voted property tax levies are limited to five years in duration and must be "renewed" or "replaced" by voter approval upon expiration. Property tax levies are voted on at a specific millage rate. Ohio House Bill 920, in effect since 1976, removed the inflationary revenue growth resulting from increased property valuation by requiring annually, a decrease in the millage rate proportional to the increase in property valuation. As a result, the amount of annual tax collections generated by the levy remains approximately the same for the five-year period based on the annually determined "effective tax rate". Upon expiration of each levy, the City must seek voter approval to "renew" or "replace" each levy. A renewal levy results in the continuation of tax collections at the effective rate based on the property tax valuation when the original levy was first passed, resulting in the same annual tax collections as the previous five years. A "replacement" levy results in the original tax rate applied to the current property valuation, which results in additional tax revenue based on the updated most recent valuation. The City's policy in recent years has been to seek "replacement" levies, which have been supported by the voters. Accordingly, in the initial years following passage, levy monies are allowed to accumulate for use in the later years when increasing operating costs exceed the tax levy revenue collected.

Capital asset budgets for governmental operations are maintained by the departments, and capital asset replacements are planned as part of the City's annual appropriation process. Annually, 15% of the City's net municipal income tax collections, after deducting tax department operating costs are earmarked for transfer to the City's Capital Projects Fund for the acquisition of capital outlay and payment of debt service related thereto.

Operating costs and capital outlay related to the City's enterprise operations consisting of water and sanitary sewer are paid from user fees and tap-in charges, as applicable. Historically, the City's water and sanitary sewer operations have been self-sufficient. The City obtains independent rate studies periodically and adjusts user fees as needed. Recent rate studies have resulted in water and sanitary sewer user rate increases.

Major Initiatives

Police Department

The Police Department provides basic and enhanced law enforcement services to this growing community with a compliment of thirty seven full-time officers, six full-time dispatchers, two administrative staff, seven part-time staff and seventeen volunteer auxiliary officers. Police services include directed patrol, selective traffic patrol, detective bureau, school resource officer, bicycle patrol, motorcycle units, K-9 units, Safetyville program, animal control units, Lorain County Community College Police Academy staff, and participation with multi-jurisdictional SWAT and bomb teams, the U.S. Marshall Fugitive Task Force, and the Cuyahoga County Incident Response Team. In 2012, the department responded to over 34,000 calls for service and assistance. In January, 2013, the City was notified that it had achieved the ranking of 21st Safest City in America, by *NeighborhoodScout*, a division of *Location, Inc.*, based on nationwide crime data research reported to the FBI calculated on cities with 25,000 or more population.

Fire Department

The Fire Department is the largest dual-role emergency service in Lorain County providing both advanced life-support paramedic service and fire protection on a twenty-four hour basis with a full time staff of thirty-seven including thirty-three fire suppression personnel who are state certified paramedics. The Department is a member of the Lorain County dive rescue, technical rescue and hazardous materials teams which provide various technical rescue assistance throughout Lorain County. The Department maintains an aggressive fire prevention program that educates students, conducts fire safety inspections and provides CPR classes to residents and businesses. In 2012, the Department responded to 2,488 medical emergencies and 595 fire calls. The Department is a member of the WESTCOM regional dispatch center which provides mutual aid emergency support services to the City from various surrounding cities. The Department is also involved in various safety inspections and prevention programs. The Department maintains an ISO Public Protection Classification (PPC) of #4 for its fire suppression services. The Department is currently exploring funding options and feasibility for the construction of two new fire stations with the goal of improving services and reducing initial response times.

Building Department

The Building Department staffs five full-time building inspectors, two part-time building inspectors and two secretaries under the direction of the Chief Building Official. The City maintains an ISO (Insurance Service Office) building code rating of #5 for residential and #4 for commercial property owners. The Department continually strives to maintain or improve the City's ISO ratings to minimize the insurance cost of its citizens. During 2012, building permits were issued for 249 residential dwellings and 2 commercial buildings. In 2012, the Department implemented mobile technology for its field inspectors enabling remote access to plans and inspection reports enhancing efficiency and compliance. In 2013, the Department will implement electronic plan review enabling applicants to upload drawings through the internet and track the status of their plan review from inception through issuance of a permit electronically.

Engineering Department

The Engineering Department consists of seven full-time staff. In 2012, the Department's services included engineering review for 8 commercial projects, and 8 residential subdivisions to provide an additional 248 residential lots receiving preliminary or final approval at various locations throughout the City. The Department continues enhancements of its Geographic Information System for the City's infrastructure systems including, storm sewer, sanitary sewer, waterways, contouring, zoning and soil conditions. The Department is currently studying methods to improve storm water management within the City.

Utilities Department

The Utilities Department serviced over 12,300 water, sewer and sanitation accounts in 2012 with its utilities office staff of four full-time employees. The City continues to reap the benefits of its automated electronic meter reading system which, in addition to providing contemporaneous "read" information transmitted directly to the utility department computers, can identify potential water leaks, broken and vandalized meters, greatly enhancing its customer service while reducing operating costs. The City-wide recycling program which provided color coordinated wheel cart receptacles to its residents continues to increase in the volume of recyclables collected annually.

French Creek Wastewater Treatment Plant

The City's French Creek Wastewater Treatment Plant services the City, the City of Avon and the Village of Sheffield. The Plant's staff consists of twenty-one full-time employees. In 2004, the City completed expansion and upgrade of the plant which increased its capacity by fifty percent to 11.25 MGD. The land and plant facilities were originally designed to accommodate a 33 MGD treatment facility to be constructed in four phases, as the served communities continue to grow. In 2011, the City entered into a contract with Quasar Energy Group to construct an anaerobic digestion sludge treatment system. Upon completion in mid-2013, the digester will be capable of treating sludge with high volatile organic content to produce renewable energy gas which will be converted to electrical energy used to operate the plant. Adaption of this process should result in significant cost savings to the City.

Parks and Recreation

The Parks and Recreation Department provides affordable programs and services for residents that include leisure activities, special events, cultural enrichment and education. The City's park system includes South Central park, a 30 acre woodland park with a fishing lake; state-of- the-art splash pad, pavilions, and an array of sport amenities; Shady Drive Complex, a 59 acre baseball/softball complex; Frontier Park, a 13 acre football complex; and Root Road Soccer Complex, a 12 acre soccer complex. In 2012, the Department offered over 100 toddler, youth and adult programs and special events for the City's residents. The Department provides internet access to the community including program tracking and online registration. The Department has contracted with an outside consultant for preparation of a comprehensive master plan to include optimum use of facilities and future planning recommendations, which is to be presented to City Council in 2013. The Department obtained a \$150,000 grant from the Ohio Department of Natural Resources for construction of a 1.2 mile walking trail through its South Central Park to be completed in 2013.

Service Department

In 2012, the City's Service Department consisting of 20 employees, repaved 3 lane miles of roads, repaired 38 water main breaks, replaced 201 curb boxes and 17 fire hydrants, and spread 2,124 tons of winter road salt over 19,000 truck miles of roads. The Department began experimentation with a newly developed winter road mix to enhance driving conditions while reducing annual labor and product costs, to be expanded in 2013.

Office of Older Adults

The North Ridgeville Senior Center (Office of Older Adults) is a multi-functioning center that strives to keep older adults independent and in their homes as long as possible with assistance through its transportation, socialization, health assistance, supportive services and snow plowing programs. In addition to its staff of 6 full time equivalent employees, the Center received over 6,000 hours of volunteer services in 2012. The Center provides nutritional meals to homebound seniors through its Meals-on-Wheels program for the City and surrounding townships, and provides transportation services for doctor appointments, grocery shopping, and other special trips. Help clinics and screenings are provided at no charge for various health matters including hearing, blood pressure, glucose/cholesterol, and memory testing. The Senior Center provides a "CareCall" program consisting of an automated telephone service to communicate with seniors and other needy citizens on a daily basis. Other services include recreational programs, CPR classes, self-defense and driving classes, flu shots and periodic outings. Activities at the Center include bingo, line-dancing, yoga and numerous other fun and fellowship events. The Office continues to explore and enhance its programs and activities for the seniors of the City.

Financial Information

Internal Control

Management of the City is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the government are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that 1) the cost of a control should not exceed the benefits likely to be derived, and 2) the valuation of costs and benefits requires estimates and judgments by management. We believe that the City's system of internal control is adequate to safeguard assets and provide reasonable assurance of proper recording of transactions.

Basis of Accounting

The City prepares its annual financial statements under the reporting model required by Government Accounting Standards Board Statement No. 34 (GASB 34), "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments". Under GASB 34, the basic financial statements consist of:

Government-wide financial statements - These statements are prepared on an accrual basis of accounting, which is similar to the basis of accounting followed by many businesses. The government-wide statements distinguish between those activities of the City that are governmental and those that are considered business-type activities.

Fund financial statements - These statements present information for individual major funds rather than by fund type. Nonmajor funds are combined and presented in total in one column. Governmental funds use the modified accrual basis of accounting and include reconciliation to the governmental activities accrual information presented in the governmental-wide financial statements. Proprietary and fiduciary funds use the accrual basis of accounting.

Statements of budgetary comparisons - These statements present comparison of actual information to the legally adopted budget. The budgetary basis, as provided by Ohio law, is on the basis of cash receipts, disbursements and encumbrances.

For a more detailed description, see the Management's Discussion and Analysis and the Notes to the Basic Financial Statements.

Budgetary Controls

Detailed provisions for budgeting, tax levies and appropriations are set forth in the Ohio Revised Code and the City Charter.

The City prepares an annual budget of estimated receipts and expenditures for the upcoming year, which is filed with the Lorain County Budget Commission by July 20th preceding the budget year. Estimated resources, which includes estimated receipts taken from the City's budget, property tax and local government assistance as revised by the County, and unencumbered balances, is certified by the County Budget Committee, which estimated resources serve as the basis for appropriations. A temporary appropriation resolution to control expenditures may be passed by City Council around January 1 of each year for the period January 1 to March 31. An annual appropriation measure must be passed by April 1 each year for the period January 1 to December 31. Appropriations by fund-type cannot exceed the estimated resources as certified by the County Budget Commission. Revisions to its estimated resources may be made during the year as new information becomes available which, upon written request is certified by the County Budget Commission. City Council can pass supplemental appropriation ordinances, as long as total appropriations by fund-type do not exceed the amount of estimated resources certified by the County, as reflected on the most recent Amended Certificate of Estimated Resources.

For management purposes, the City maintains budgetary control on a non-GAAP basis by fund and within each fund by department at major object levels, which include personal services, other expenditures, and transfers. Budgetary control is maintained by an encumbrance of purchase commitment amounts prior to the release of purchase orders to vendors. Purchase order requests for the expenditure of monies are submitted to the Mayor or Safety-Service Director for approval. The purchase order is forwarded to the Auditor's office for certification of the availability of funds. The estimated expenditure is then encumbered against available appropriation. Encumbrances, which would exceed the available appropriation are not approved or recorded until the City Council authorizes additional appropriations or transfers. The Auditor's office prepares monthly financial statements on the budgetary basis for City Council and the Administration, which reflect detailed annual budget information, monthly and year-to-date receipts, expenditures, encumbrances and unencumbered balances.

AWARDS AND ACKNOWLEDGEMENTS

GFOA Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of North Ridgeville, Ohio for its comprehensive annual financial report for the fiscal year ended December 31, 2011. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

The preparation of this report could not have been accomplished without the efficient and dedicated services of the staff of the Auditor's Office. Preparation of the Comprehensive Annual Financial Report requires a major effort and special appreciation is extended to everyone who assisted and contributed to the preparation of this report especially the City's Departments heads. Appreciation is extended to the Administration and City Council for their continued support and commitment to responsible fiscal reporting.

Respectfully submitted

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of North Ridgeville Ohio

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
December 31, 2011

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

INDEPENDENT AUDITOR'S REPORT

City of North Ridgeville Lorain County 7307 Avon Belden Road North Ridgeville, Ohio 44039

To the City Council:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of North Ridgeville, Lorain County, Ohio (the City), as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the City's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

City of North Ridgeville Lorain County Independent Auditor's Report Page 2

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of North Ridgeville, Lorain County, Ohio, as of December 31, 2012, and the respective changes in financial position and where applicable, cash flows, thereof and the respective budgetary comparisons for the General Fund and Solid Waste Management Fund thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the City's basic financial statements taken as a whole. The introductory section, the financial section's combining statements, and individual fund statements and schedules, and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The financial section's combining statements, individual fund statements and schedules, are management's responsibility, and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

City of North Ridgeville Lorain County Independent Auditor's Report Page 3

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 27, 2013, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF NORTH RIDGEVILLE. OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2012 UNAUDITED

Management's discussion and analysis (MD&A) of the City of North Ridgeville's financial performance presents a narrative overview and analysis of the City's financial activities for the year ended December 31, 2012. The intent of the discussion and analysis is to present the City's financial performance as a whole. Readers are encouraged to consider this information in conjunction with the basic financial statements and notes to the basic financial statements for an enhanced understanding of the City's financial performance.

Financial Highlights

Following the latest economic recession, the City's recovery has been progressing at a slow pace. The City has continued to curtail certain controllable expenditures without a significant reduction in City services. Labor costs were reduced in 2012 as the result negotiated temporary wage and benefit reductions in year 2011. Certain unfunded capital expenditures have been delayed. These management initiatives with employee cooperation have resulted in control of the City's costs. Favorably, as result of installation of the City's west side sanitary sewer trunkline and acquiring additional contractual drinking water volume in recent years, residential new construction in the community has continued, resulting in annual revenue to the City consisting of increased municipal income taxes, licenses and fees, charges for services, tap-in fees and developer contributions.

The City's total net position increased by \$3,535,114 to \$136,913,360 at December 31, 2012. Total assets (after depreciation and amortization) increased by \$487,769 to \$180,354,514, while total liabilities favorably decreased by \$3,047,345 to \$43,441,154 at December 31, 2012. Net position of governmental activities increased by \$1,641,467 to \$66,609,937 and net position of business-type activities increased by \$1,893,647, reflecting the improving financial condition of the City.

Total revenues of the City increased by \$1,965,408 or 5.2% to \$40,025,565 in 2012 due primarily to increases in charges for services, and grants and entitlements. Charges for services of governmental activities included a 23% increase in sanitation collection fees in the Solid Waste Management Fund. Charges for services of business-type activities included an increase in water and sanitary sewer rates of 11.6% and 3%, respectively. Total program expenses increased by \$1,175,125 or 3.3 % to \$36,490,451 in 2012, due in large part to the reinstatement of a portion of the labor and benefit cost reductions negotiated in 2011.

Overview of Financial Statements

This annual report includes the City's basic financial statements which consist of government-wide financial statements, fund financial statements, notes to the basic financial statements and other information. The Government-wide financial statements provide information about the City as a whole, providing an aggregate view of the City's finances. The fund financial statements provide an additional level of detail focusing on spendable resources.

Government-wide Financial Statements

The government-wide financial statements provide a broad overview of the City's finances in a manner similar to a private-sector business. The *Statement of Net Position* presents information on all the City's assets, deferred outflows of resources, liabilities and deferred inflows of resources with the residual being reported as net position. Increases or decreases in net position over time serve as a useful indicator of whether or not the financial position of the City is improving or deteriorating. The *Statement of Activities* presents information reflecting the City's financial activities and changes in net position during the year. These two statements use the accrual basis of accounting, under which revenue is generally recognized when earned and expenses recognized when incurred, regardless of when cash is received or paid. These statements distinguish between governmental activities which are those that are principally supported by taxes and intergovernmental revenues, and business-type activities which are those that are intended to recover their costs through user fees and charges. The City's business-type activities consist of water system operations and sanitary sewer system operations.

CITY OF NORTH RIDGEVILLE. OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2012 UNAUDITED

Fund Financial Statements

The governmental fund financial statements, listed in the table of contents, focus on the City's most significant, or major funds. The City's major governmental funds are the General Fund, Solid Waste Management Fund and Capital Projects Fund. The remaining non-major funds are combined and reflected in one single column. Governmental fund financial statements focus on near-term inflows and outflows of spendable resources and on balances of spendable resources that are available at year-end. This information can be useful in determining what financial resources are available to finance the City's activities. A Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities for the year ended December 31, 2012 is presented. The City, similar to other local governments, uses fund accounting to ensure and demonstrate finance related legal requirements.

Fund Categories

The City's funds can be divided into three categories comprised of governmental funds, proprietary funds and fiduciary funds.

Governmental funds

Most of the City's activities are reported in governmental funds, which are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Governmental funds use the modified accrual method of accounting, which measures cash and other financial assets readily convertible to cash.

Proprietary funds

Proprietary funds are generally used to account for activities for which the City will charge customers and users. The City maintains two types of proprietary funds. The first type, enterprise funds are used to account for those functions reported as business-type activities in the government-wide financial statements, which for the City, consists of water system operations and sanitary sewer system operations. The second type, internal service funds are used to accumulate and allocate costs of goods and services among the City's various functions. The City uses an internal service fund for its medical self-insurance program. This internal service fund is included within the governmental activities in the government-wide financial statements since the City was the only participant in the self-insurance program. Proprietary funds use the accrual basis of accounting.

Fiduciary funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the City and are not included in the government-wide financial statements since the resources held are not available to support City programs. The City uses agency funds included under the fiduciary funds category. Agency funds are reported on a full accrual basis, for which only a statement of assets and liabilities is presented.

Notes to the Basic Financial Statements

Notes to the basic financial statements provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. These should be read in conjunction with those financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2012 UNAUDITED

Other Information

In addition to the basic financial statements and accompanying notes to the basic financial statements, also presented are combining statements for nonmajor governmental funds and individual budgetary comparisons.

The City of North Ridgeville as a Whole

Analysis of Net Position

The Statement of Net Position presents the City as a whole. The following provides a summary of the City's net position as of the current year-end compared to the prior year-end.

| | Governmental Activities | | Business-type Activities | | Total | |
|--------------------------|-------------------------|--------------|--------------------------|---------------|---------------|----------------|
| | 2012 | 2011 | 2012 | 2011 | 2012 | 2011 |

| Unrestricted | 4,918,035 | 3,748,051 | 19,536,260 | 18,042,812 | 24,454,295 | 21,790,863 |
| Total net position | \$66,609,937 | \$64,968,470 | \$70,303,423 | \$ 68,409,776 | \$136,913,360 | \$ 133,378,246 |

Total assets increased by \$487,769 to \$180,354,514 in year 2012, which included an increase of \$ 3.723,500 in current and other assets and a decrease of \$ 3.235,731 in capital assets, net. Current and other assets included increases in equity in pooled cash, municipal income taxes receivable and due from other governments. Net investment in capital assets (land, construction in progress, buildings and improvements, equipment and vehicles and infrastructure, net of depreciation) less any debt related to acquire those assets still outstanding, represents the largest portion of net position, which decreased by \$ 718,996 due to the effect of depreciation. Capital assets are used to provide services to the City's citizens, however, are not available for future spending. Total capital assets, net of depreciation and amortization, in 2012 decreased by \$ 3,235,731 to \$ 135,630,911. New additions to capital assets included \$ 1,482,835 of developer contributions of infrastructure related to residential real estate development. The City obtained \$865,606 of other capital grants and contributions and expended \$2,161,666 for capital asset additions. Total capital asset additions of \$4,510,107 in 2012 consisted of \$29,675 for land and building, \$1,359,850 for construction in progress, \$848,593 for equipment and vehicles, and \$2,271,989 for infrastructure. Depreciation and amortization of capital assets amounted to \$7,191,008 and \$68,352, respectively. Total liabilities decreased by \$ 3,047,345 to \$ 43,441,154 resulting from debt repayments and reductions in accounts and contracts payable. The City's total net position increased by \$3,535,114 to \$ 136,913,360, comprised of a \$ 1,641,467 increase in governmental activities and \$ 1,893,647 increase in business-type activities.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2012 UNAUDITED

Analysis of Changes in Net Position
To understand what makes up changes in net position, following is a summary of activities for the current year compared to the prior year.

Change in Net Position

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2012 UNAUDITED

Governmental activities

Revenues by source of governmental activities in 2012 were comprised of:

Revenues by Source, Governmental Activities

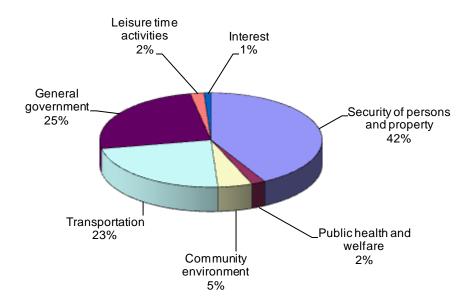

Total program revenues of governmental activities reflected a net increase of \$693,901 or 7.4% in 2012 compared to 2011. Charges for services increased by \$785,959 resulting primarily from an increase in sanitation revenue in 2012, operating grants and contributions decreased by \$337,774 due primarily to a reduction in federal private housing grants received, and capital grants and contributions increased by \$245,716 due to an increase in federal grants and Ohio Public Works grants which exceeded a decrease in developer contributions of infrastructure in 2012. Developer governmental type infrastructure contributions in recent years, consisting primarily of road systems, amounted to \$730,903 in 2012, \$1,555,377 in 2011, \$1,066,089 in 2010, \$1,765,033 in 2009, \$2,073,655 in 2008, \$5,231,564 in 2007, and \$12,294,015 in 2006, reflecting the activity of the local housing market.

Total general revenues increased by \$199,752 or 1.2% in 2012, resulting from higher grants and entitlements, municipal income taxes, and property and other taxes. Municipal income taxes of \$8,658,855 represented the largest portion of general revenues and 32.0% of total revenues in 2012, followed by property and other local taxes which represented 23.2% of total revenues. Municipal income taxes increased by \$125,993 or 1.5%, property and other taxes increased by \$110,698 or 1.8%, and grants and entitlements increased by \$292,050 or 18.2%, in 2012 over 2011.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2012 UNAUDITED

Program expenses of governmental activities in 2012 were comprised of:

Program Expenses, Governmental Activities

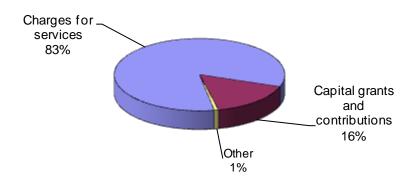

Program expenses amounted to \$25,389,769 in 2012, of which \$10,029,529 was supported by program revenue. Security of persons and property, which includes police, fire and paramedic services, in 2012 represented \$10,673,542 or 42% of total program expenses. Transportation, which includes street maintenance, snow removal and storm channel maintenance, represented \$5,896,752 or 23% of program expenses. General government, which includes legislative and administrative services of council, mayor, law, finance and computer services departments, utilities and maintenance of buildings represented \$6,530,544 or 25% of program expenses. Community environment represented \$ 1,200,276 or 5% of program expenses and included sanitation collection and community development. Leisure time activities, which include recreation activities and maintenance of the City's park system. represented \$417,638 or 2% of total program expenses. Public health and welfare, which includes senior citizen programs, payments to the County health department and cemetery maintenance, represented \$442,970 or 2% of total program expenses in 2012. Program expenses, in total were \$ 461,806 higher in 2012 than 2011. In governmental activities in 2012, as a result of negotiated labor contracts in 2011, the City realized \$388,000 of labor cost savings and benefit decreases including employee hospitalization contributions, reduced from labor cost savings of \$ 516,000 in 2011. In 2012, the Police received a negotiated 2% base wage increase.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2012 UNAUDITED

Business-type activities

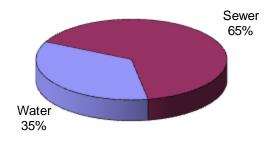

Revenues by source for business-type activities for 2012 were comprised of:

Revenues by Source, Business-type Activities

Program revenues of business-type activities represented 99% of total revenues in 2012. Charges for services of \$10,810,865 represented 83% of total revenues while capital grants and contributions of \$2,136,165 represented 16%. Capital grants and contributions included \$752,033 of contractor contributions of infrastructure 2012, down from \$1,276,700 in 2011. Tap-in fees amounted to \$1,464,200 in 2012, up from \$1,262,100 in 2011. The City's water rates were increased by 11.6% and its sewer rates by 3% in 2012. The volume of billed water usage increased by 14% in 2012 over 2011. Other general revenues of \$47,299 represented 1% of total revenues, comprised primarily of interest income.

Expenses, Business-type Activities

Water operations expenses amounted to \$3,903,422 or 35% and sanitary sewer operations expenses amounted to \$7,197,260 or 65% of total program expenses for business-type activities in 2012. Both water operations and sanitary sewer operations have historically been self-supporting through user fees and charges. Water is purchased from three sources. The City's wastewater treatment facility services the City and two neighboring communities.

For the year 2012, business-type activities realized an increase in net position of \$1,766,083 comprised of water \$886,891, and sewer \$879,192.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2012 UNAUDITED

The City's Funds

The City's governmental funds financial information begins at page 20. As reflected on the *Balance Sheet*, total governmental assets increased by \$2,031,330 or 9.5%, to \$23,331,949, while total governmental liabilities were reduced by \$244,884 or 2.0%, to \$11,884,189, which decrease in liabilities was comprised primarily of a decrease in accounts and contracts payable. The net result was an increase in governmental total fund balances of \$2,276,214 or 24.8% to \$11,447,760 at year-end 2012. As reflected on the *Statement of Revenues, Expenditures and Changes in Fund Balances*, total governmental funds revenues increased by \$830,054 or 3.3% in 2012, while total expenditures increased by \$184,232 or .7%. Total other financing sources (uses) decreased by \$198,196, which included lower note proceeds of \$2,515,860 in 2012 compared to note proceeds of \$2,714,056 in 2011. The most significant changes in governmental revenues consisted of an increase in charges for services of \$570,574, resulting primarily from a 22.9% rate increase in sanitation fees. The most significant changes in current governmental expenditures were increases in security of persons and property and capital outlay of \$618,642 and \$608,127, respectively. The increase in security of persons and property resulted from a reduction in employee concessions from negotiated contracts in 2011, and a 2% renegotiated base wage increase to Police in 2012.

The City's major funds in 2012 consisted of the General Fund, Solid Waste Management Fund and Capital Projects Fund. General Fund revenues were \$ 420,533 or 3.3% lower in 2012 than 2011, resulting primarily from lower intergovernmental revenue. General Fund total expenditures increased by \$ 198,533 or 2.0%, due primarily to an increase in security of persons and property. Other financing sources (uses) were \$ 75,000 higher in 2012 than 2011, resulting from higher transfers to the Capital Projects Fund. Accordingly, the General Fund balance increased by \$ 943,482 to \$ 6,191,830 at year-end 2012, compared to a \$ 1,637,548 increase in 2011. The Solid Waste Management Fund became a major fund in 2012 as the result of increased revenue from a 23% rate increase to offset the cost of sanitation collections provided by an outside sanitation collection company. The operations of the Solid Waste Management Fund are supported predominately by charges for services. The Capital Projects Fund is supported primarily by transfers from the income tax collections which increased to \$ 1,125,000 in 2012 from \$ 1,050,000 in 2011. Proceeds from the issuance of notes of \$ 2,421,000 in 2012 were used primarily to repay existing notes, which are issued for a one year term. Capital outlay expended from the Capital Projects Fund in 2012 amounted to \$ 389,744. The Capital Projects Fund ending fund balance reflected a net increase of \$ 152,689 in 2012.

The City's proprietary funds information begins at page 26. Drinking water operations are reflected in the Water Fund. Water Fund net position increased by \$886,891 to \$20,780,321 at year-end 2012. Charges for services included an 11.6% water rate increase in 2012 to offset the increased cost of water operations. Water consumption increased by 14% in 2012. Water operating revenues increased by \$767,674 or 21.2% in 2012 as the result of lower water consumption. Capital contributions were \$418,768 in 2012, consisting primarily of developers' contributions of waterlines infrastructure and tap-in fees, which amounted to \$325,601 or 43.7% less than in 2011. Sanitary sewer operations are reflected in the Sewer Fund. The City's wastewater treatment facility services the City, the City of Avon and the Village of Sheffield. Sewer fund net position increased by \$879,192 to \$49,354,549 at year-end 2012. Charges for services included 3% rate increase in 2012 to the City's users to offset the increased cost of sewer operations. Sewer operating revenues increased by \$583,821 or 10.0% in 2012, resulting from the sewer rate increase and volume increases. Capital contributions were \$1,717,397 in 2012, comprised primarily of developer contributions of sewer system infrastructure and tap-in fees, which were \$60,013 or 3.6% more than 2011. The City's water and sewer operations have historically been self-sufficient.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2012 UNAUDITED

Budgetary Highlights

The City prepares its budget in accordance with Ohio law on the basis of cash receipts, disbursements and encumbrances. The City's original budget and amendments are enacted by City Council upon recommendation of Council's Finance Committee. Budgetary expenditure modifications at the legal level of control may only be made by ordinance of City Council. The City's final budget differs from the original budget due to various amendments during the year to reflect changes in unanticipated revenue receipts and amended appropriations.

The General Fund is the City's most significant budgeted fund. Original budgeted receipts (excluding other financing sources) for the General Fund were \$ 3,445,000. Final budgeted receipts were \$ 3,870,000. The City actually received \$ 4,206,214. Actual receipts were greater than estimated due in large part to the City's conservative approach, inasmuch as original budget revenue is conservatively estimated. Intergovernmental revenues, fines, licenses and permits from building fees and Mayor's court, and miscellaneous were higher than originally estimated. Original budgeted appropriations (excluding other financing uses) were \$ 11,343,209 and final amended appropriations were \$ 11,445,609. Amended appropriations provided for two new project feasibility studies and personnel cost revisions. The City actually expended \$ 10,146,661, which was \$ 1,298,948 less than final appropriations, resulting from the intended management control over expenditures. The City historically spends less than appropriated. In 2012 actual expenditures were 89% of final appropriations.

Capital and Intangible Assets

Capital and intangible assets, net of depreciation and amortization, at December 31, consisted of:

| | Governmental Activities | | Business-ty | pe Activities | Total | | |
|----------------------------|-------------------------|--------------|--------------|---------------|---------------|---------------|--|
| | 2012 | 2011 | 2012 | 2011 | 2012 | 2011 | |
| Land | \$ 1,709,949 | \$ 1,686,299 | \$ 785,216 | \$ 786,184 | \$ 2,495,165 | \$ 2,472,483 | |
| Construction in progress | 1,896,877 | 1,351,555 | 337,138 | 5,925 | 2,234,015 | 1,357,480 | |
| Buildings and improvements | 3,085,740 | 3,200,452 | 468,133 | 485,233 | 3,553,873 | 3,685,685 | |
| Equipment and vehicles | 2,946,624 | 2,826,023 | 8,985,745 | 9,822,634 | 11,932,369 | 12,648,657 | |
| Infrastructure | 52,554,930 | 54,774,724 | 61,473,641 | 62,472,343 | 114,028,571 | 117,247,067 | |
| Intangible assets | | | 1,386,918 | 1,455,270 | 1,386,918 | 1,455,270 | |
| | \$62,194,120 | \$63,839,053 | \$73,436,791 | \$75,027,589 | \$135,630,911 | \$138,866,642 | |

Capital assets are major assets that benefit more than one fiscal year. The City's capitalization threshold is \$2,500, that is, asset cost must equal \$2,500 or more to be capitalized. Infrastructure assets are long-lived capital assets that are normally stationary in nature with a useful life significantly greater than most capital assets. The City's governmental infrastructure includes streets, bridges, culverts, sidewalks and storm drainage systems.

The City's total capital assets, net of depreciation and amortization amounted to \$135,630,911 at December 31, 2012, which was \$3,235,731 lower than the previous year, since depreciation and amortization exceeded additions. Capital assets, net of depreciation under governmental activities decreased by \$1,644,933 in 2012, which included \$730,903 from developers' contributions of infrastructure of road systems. Business-type capital assets, net of depreciation decreased by \$1,590,798 to \$73,436,791, which additions included \$752,033 of developers' contributions of waterlines and sewer lines infrastructure. Total depreciation and amortization increased by \$52,644 or .7% to \$7,259,360 in 2012 from \$7,206,716 in 2011.

For more information about the City's capital assets, see Note 2J and Note 8 of *Notes to the Basic Financial Statements*.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2012 UNAUDITED

DebtOutstanding debt obligations of the City at December 31 consisted of:

| | Governmental Activities | | Business-ty | pe Activities | Total | | |
|--------------------------|-------------------------|--------------|--------------|---------------|---------------|---------------|--|
| | 2012 | 2011 | 2012 | 2011 | 2012 | 2011 | |
| Notes and loans payable | \$ 2,901,000 | \$ 2,841,140 | \$ 1,434,000 | \$ 1,659,000 | \$ 4,335,000 | \$ 4,500,140 | |
| Water rights ETL-2 loan | - | = | 709,593 | 735,418 | 709,593 | 735,418 | |
| OPWC loans | 848,705 | 919,596 | 63,380 | 71,831 | 912,085 | 991,427 | |
| OWDA loan | - | - | 1,614,500 | 1,759,840 | 1,614,500 | 1,759,840 | |
| Capital lease | 56,480 | 81,187 | 3,155 | 4,536 | 59,635 | 85,723 | |
| General obligation bonds | 3,785,000 | 4,250,000 | 16,885,000 | 18,370,000 | 20,670,000 | 22,620,000 | |
| Special assessment bonds | 90,000 | 115,000 | 1,960,000 | 2,060,000 | 2,050,000 | 2,175,000 | |
| Accrued leave benefits | 3,570,145 | 3,493,697 | 609,278 | 619,143 | 4,179,423 | 4,112,840 | |
| | \$11,251,330 | \$11,700,620 | \$23,278,906 | \$25,279,768 | \$ 34,530,236 | \$ 36,980,388 | |

As of December 31, 2012, the City had \$34,530,236 of total debt outstanding, of which \$6,629,994 is due within one year. Total debt outstanding decreased by \$2,450,152 in 2012, which resulted from debt payments.

The general obligation bonds outstanding at year-end 2012 include various purposes consisting of road improvements, service garage addition, waterlines and sanitary sewer improvements. Sources for the debt service payments include property tax collections, general revenues of the City, and water and sewer operations, as applicable. The special assessment bonds were for infrastructure improvements, which debt service is repaid from collections from property owners. The City's general obligation bonds and special assessment bonds mature in various increments through 2028. The OWDA loan financed an elevated water storage tank, which debt is repaid from water system revenues. The OPWC loans consist of several zero percent interest loans with twenty year terms, used primarily for road reconstruction, which are repaid from the City's capital projects and street funds, and a sewer line reconstruction which is repaid from sanitary sewer system revenues. The water rights ETL-2 loan consists of the cost of water rights, to purchase a specified amount of drinking water, financed over 258 months.

In October 2008, Moody's Investors Service affirmed the City's general obligation long-term rating of A-1 in connection with the issuance of \$12,000,000 of general obligation capital improvement and equipment bonds in November 2008. The A-1 rating applied to the general obligation long-term bonded debt outstanding at that date in addition to the new Series 2008 issue. The City has not requested a rating update since 2008.

The State of Ohio statute limits the amount of general obligation debt, including both voted and unvoted debt, but excluding certain exempt debt, that may be issued to $10 \frac{1}{2} \%$ of the total tax valuation of all property within the City. The City's overall debt limitation at December 31, 2012 was \$ 71,366,000 against which \$ 5,195,000 of debt has been issued, leaving significant additional debt capacity within the debt limitation, in the amount of \$ 66,171,000.

For more information about the City's debt, see Note 2M, Note 9, Note 10 and Note 11 of *Notes to the Basic Financial Statements.*

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2012 UNAUDITED

Economic Factors and Next Year's Budget

While the City continues to use a conservative economic forecast for revenue growth and a zero-based approach to expenditure appropriations for 2013, the economic outlook remains cautiously optimistic, as the regional economy continues its slow improvement. Favorably, as the result of significant infrastructure improvements made by the City over the past several years, new housing construction has continued within the City resulting in additional annual revenues consisting of increased municipal income taxes, licenses and fees, charges for services and tap-in fees. A continued increase in revenues from new housing construction is expected in year 2013. Municipal income taxes are also anticipated to increase from the continued residential and commercial growth within the City. Unfavorably, as result of the sexennial reappraisal of real estate within the County in 2012 pursuant to statutory requirements, the assessed value of residential and agricultural real estate within the City was reduced by \$56 million or 9%, resulting in an anticipated reduction of \$513,000 in property tax collections in 2013. It is anticipated that the increase in revenues from housing and municipal income taxes will offset this loss in property taxes. The City is anticipating a reduction in certain intergovernmental revenues from the State of Ohio as contained in the Governor's last biennial budget, and from elimination of the Ohio Estate tax after 2012. City's management anticipates additional water and sewer rate increases over the next few years, as necessary, to offset the rising cost of these enterprise operations.

The City previously renegotiated labor agreements with its three employee bargaining units in 2011, resulting in cost reductions from wage and benefit curtailments in 2011 and 2012. For 2013, these curtailments have been fully eliminated and additional wage rate increases are expected to average between 2% - 4% higher than 2012. Other inflationary cost increases are anticipated to be offset by revenue increases in 2013 and controlled spending.

Request for Information

This financial report is designed to provide our citizens, taxpayers and creditors with a general overview of the City's finances and show the City's accountability for the money it receives and spends. If you have any questions about this report or need additional financial information, contact the Auditor's Office, City of North Ridgeville, 7307 Avon Belden Road, North Ridgeville, Ohio 44039; telephone (440) 353-0851.

| Total liabilities | \$ 1,060,976 |

NOTE 1 DESCRIPTION OF THE CITY AND REPORTING ENTITY

The City of North Ridgeville, Ohio, was founded in 1810 and became a City in 1960. The North Ridgeville Charter was originally adopted by the voters in October, 1961, in order to secure the benefits of municipal home rule. Under the Ohio Constitution, the City may exercise all powers of local self-government to the extent not in conflict with applicable general laws. The City, under its charter, operates with an elected Council/Mayor form of government. The responsibilities for the major financial functions of the City are divided among the Council, Mayor, Auditor, and Treasurer. The Auditor, who is appointed by Council, is the City's fiscal and chief accounting officer. The Treasurer, Law Director, and other appointed officials are appointed by the Mayor with Council approval. The City's fiscal year corresponds with the calendar year.

A reporting entity is comprised of the primary government, component units and other organizations that are included to insure that the financial statements are not misleading. The primary government of the City consists of all funds, agencies, departments and offices that are not legally separate from the City. The primary government includes the City departments and agencies that provide the following services: police protection, fire fighting and prevention, emergency rescue, street maintenance and repairs, sanitation, building inspection, parks and recreation, water and sewer.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the City in that the City approves the budget, the issuance of debt or the levying of taxes. The City has no component units.

The City is associated with the Lorain County General Health District, a jointly governed organization, which provides health services to the members of the Health District. The City does not have any financial interest in or responsibility for the Health District. The County Auditor serves as fiscal agent. See Note 19.

The City is a member of the Northeast Ohio Public Energy Council (NOPEC). NOPEC is a regional council of governments formed under Chapter 167 of the Ohio Revised Code. NOPEC was formed to serve as a vehicle for communities wishing to proceed with an aggregation program for the purchase of electricity. See Note 19.

The City entered into a Joint Economic Development Zone Agreement (JEDZ) in 2008. However, the City has no financial commitment to the project and has no direct economic benefit. See Note 19.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of North Ridgeville have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The most significant of the City's accounting policies are described below.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

A. BASIS OF PRESENTATION

The City's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements

The statement of net position and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities.

The statement of net position presents the financial condition of the governmental and business-type activities of the City at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the City.

Fund Financial Statements

During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

B. FUND ACCOUNTING

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets and deferred outflows of resources are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities and deferred inflows of resources are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the City's major governmental funds:

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. FUND ACCOUNTING (continued)

General Fund - The General Fund accounts for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the City for any purpose provided it is expended or transferred according to the charter of the City and/or the general laws of Ohio.

<u>Solid Waste Management Fund</u> – The Solid Waste Management Fund accounts for fees charged for the payment of sanitation collections.

<u>Capital Projects Fund</u> – The Capital Projects Fund accounts for resources used for the acquisition and construction of major capital assets.

The other governmental funds of the City account for grants and other resources whose use is restricted to a specific purpose.

Proprietary Funds

Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

<u>Enterprise Funds</u> - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following are the City's major enterprise funds:

<u>Water Fund</u> - The Water Fund accounts for the operation of the City's drinking water distribution system.

<u>Sewer Fund</u> - The Sewer Fund accounts for the operation of the City's sanitary sewer collection system and City owned wastewater treatment facility.

<u>Internal Service Funds</u> - Internal service funds account for the financing of services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis. The City's Internal Service Fund reports on a self-insurance program for employee medical benefits.

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. The City has no trust funds. Agency funds are purely custodial in nature (assets equal liabilities) and thus do not involve measurement of results of operations. The City's agency funds account for building permit fees collected on behalf of the State, certain activities of the senior citizens center, mayor court bail bond collections, and deposits from citizens, contractors and developers.

C. MEASUREMENT FOCUS

Government-wide Financial Statements

The government-wide financial statements are prepared using the flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the City are included on the Statement of Net Position. The Statement of Activities presents increases (i.e. revenues) and decreases (i.e. expenses) in net position.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. MEASUREMENT FOCUS (continued)

Amounts reported as program revenues include: charges to customers for goods, services, or privileges provided; operating grants and contributions; and capital grants and contributions including special assessments. Internally dedicated resources are reported as general revenues rather than program revenues, as are taxes.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources along with current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Proprietary funds distinguish operating revenue and expenses from non-operating items. Operating revenue and expenses generally result from providing services and producing and delivering goods in accordance with the proprietary fund's principle on going operations. The principle operating revenue of the City's water fund and sewer fund are charges for services. These funds also recognize fees intended to recover the cost of connecting new customers to the City's water and sewer utility systems as operating revenue. Operating expenses for the enterprise funds include the cost of services, administrative expenses and overhead and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenue and expenses, which for the City includes interest income, gain/loss on disposal of capital assets, and interest and fiscal charges.

As with the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

D. BASIS OF ACCOUNTING

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the City, available means expected to be received within thirty-one days of year-end.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. BASIS OF ACCOUNTING (continued)

Nonexchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned. Revenue from property taxes is recognized in the year for which the taxes are levied. See Note 7A. Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: income tax, state-levied locally shared taxes including gasoline tax, fines and forfeitures, interest, grants, fees and rentals.

Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of December 31, 2012, but which were levied to finance subsequent year operations, have been recorded as deferred revenue. Special assessments not received within the available period, and grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. BUDGETARY PROCESS

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations ordinance, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount Council may appropriate. The appropriations ordinance is Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Council. The legal level of control has been established by Council by fund and within each fund by department at major object level, which includes personal services, other expenditures and transfers. Budgetary modifications may only be made by ordinance of the City Council.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. BUDGETARY PROCESS (continued)

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time the final appropriations were enacted by Council.

The appropriations ordinance is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation ordinance for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriations amounts passed by Council during the year.

Encumbrances outstanding at year end represent the estimated amount of expenditures that will ultimately result if unperformed contracts in process (for example, purchase orders and contracted services) are completed. Encumbrances outstanding at year end are reported as part of restricted, committed or assigned fund balance for subsequent year expenditures in the governmental funds.

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations.

F. CASH AND CASH EQUIVALENTS

The City pools its cash for investment and administration purposes. Deposit and investment procedures are restricted by the provisions of the Ohio Revised Code. For purposes of the statement of cash flows, the City considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

G. INVESTMENTS

Nonparticipating interest-earning investment contracts are stated at cost. Money market investments and participating interest earning investment contracts with a remaining maturity of one year or less at time of purchase are stated at amortized cost. All other investments are stated at fair value.

During the year, the City invested funds in the State Treasury Assets Reserve (STAR Ohio). STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within Ohio to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of The Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price which is the price the investment could be sold for on December 31, 2012.

H. INVENTORIES

Inventories are valued at the lower of cost (first-in, first-out) or market. The costs of inventory items are recognized as expenses when used in the enterprise funds. Inventories consist of parts and supplies.

I. PREPAID AND DEFERRED EXPENSES

Payments made to vendors for services that will benefit periods beyond the current year-end are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the year in which services are consumed. A portion of the relevant governmental funds' balances equal to the prepaid items has been reserved to indicate that it is not available for appropriation.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

J. CAPITAL ASSETS

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective funds.

Capital assets are recorded at cost or estimated historical cost and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The City maintains a capitalization threshold of twenty-five hundred dollars. The City's infrastructure consists of streets, bridges, culverts, curbs, sidewalks, storm sewers, and water and sanitary sewer systems. Improvements are capitalized, whereas the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

| | Estimated |
|----------------------------|----------------|
| Description | Lives |
| Buildings and improvements | 30 to 50 years |
| Infrastructure | 15 to 50 years |
| Equipment and vehicles | 3 to 10 years |

K. INTERFUND BALANCES

On fund financial statements, outstanding interfund loans and unpaid amounts for interfund services are reported as "interfund receivables/payables". Interfund loans which do not represent available expendable resources are offset by a fund balance reserve account. Interfund balance amounts are eliminated in the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances. Long-term interfund loans are offset by a fund balance reserve account which indicates that they do not constitute available expendable financial resources, even though it is a component of net current assets.

L. COMPENSATED ABSENCES

Vacation benefits are accrued as a liability as the benefits are earned if the employee's rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability using the vesting method. The liability is based on an estimate of the amount of accumulated sick leave that will be paid as a termination benefit.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

M. ACCRUED LIABILITIES AND LONG-TERM LIABILITIES

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements. All payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

Generally, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments, compensated absences and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases and long-term loans are recognized as a liability on the governmental fund financial statements when due.

N. FUND BALANCE

Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

<u>Nonspendable</u> - The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable, as well as property acquired for resale, unless the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned.

<u>Restricted</u> - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

<u>Committed</u> - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (ordinance) of the City Council. Those committed amounts cannot be used for any other purpose unless the City Council removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

<u>Assigned</u> - Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by the City Council.

<u>Unassigned</u> - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

O. NET POSITION

Net position is the residual amount when comparing assets and deferred outflows of resources to liabilities and deferred inflows of resources. The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. The restricted component of net position is reported when there are limitations imposed on their use either through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The government-wide statement of net position for the governmental activities reports \$7,178,967 of restricted net position, none of which is restricted by enabling legislation. The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted components of net position are available.

P. OPERATING REVENUES AND EXPENSES

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services primarily for water and sanitary sewer services and self-insurance program. Operating expenses are necessary costs incurred to provide the goods or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating.

Q. CONTRIBUTIONS OF CAPITAL

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets (primarily related to housing developments), tap-in fees to the extent they exceed the cost of the connection to the system, or from grants or outside contributions of resources restricted to capital acquisition and construction.

R. INTERFUND ACTIVITY

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Transfers between governmental activities are eliminated on the government-wide financial statements. Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the Statement of Activities. Interfund payments for services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are presented on the financial statements.

S. EXTRAORDINARY AND SPECIAL ITEMS

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Administration and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during the current year.

T. USE OF ESTIMATES

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 3 CHANGE IN ACCOUNTING PRINCIPLES

GASB Statement No.57, "OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans". The objective of this Statement is to address issues related to the use of the alternative measurement method and the frequency and timing of measurements by employers that participate in agent multiple-employer other postemployment benefit (OPEB) plans. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2011 and have been implemented by the City. The implementation of GASB Statement No. 57 did not have an effect on the financial statements of the City.

GASB Statement No. 60, "Accounting and Financial Reporting for Service Concession Arrangements". The objective of this Statement is to improve financial reporting by addressing issues related to service concession arrangements (SCAs), which are a type of public-private or public-public partnership. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2011 and have been implemented by the City. The implementation of GASB Statement No. 60 did not have an effect on the financial statements of the City.

GASB Statement No. 62, "Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements". The objective of this Statement is to incorporate into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in the FASB and AICPA pronouncements which does not conflict with or contradict GASB pronouncements. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2011 and have been implemented by the City. The implementation of GASB Statement No. 62 did not have an effect on the financial statements of the City.

GASB Statement No. 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position". This Statement provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2011 and have been implemented by the City. The implementation of GASB Statement No. 63 did not have an effect on the financial statements of the City.

GASB Statement No. 64, "Derivative Instruments: Application of Hedge Accounting Termination Provisions". The objective of this Statement is to clarify whether an effective hedging relationship continues after the replacement of a swap counterparty or a swap counterparty's credit support provider. This Statement sets forth criteria that establish when the effective hedging relationship continues and hedge accounting should continue to be applied. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2011 and have been implemented by the City. The implementation of GASB Statement No. 64 did not have an effect on the financial statements of the City.

NOTE 4 COMPLIANCE AND ACCOUNTABILITY

Not apparent in the basic financial statements are the following deficit fund balances:

Special Revenue Funds

Police Lew \$ (13,095) Fire Lew \$ (65,481)

These deficits result from reflecting expenditures in accordance with the modified accrual basis of accounting, which are larger than amounts recognized on the budget basis. The City, in accordance with its budget basis, will appropriate such expenditures from resources of the subsequent year.

NOTE 5 BUDGETARY BASIS OF ACCOUNTING

While the City is reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The "Statement of Revenues, Expenditures, and Changes in Fund Balance – Budget (Non-GAAP Basis) and Actual" is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

Revenues are recorded when received (budget basis) rather than when susceptible to accrual (GAAP basis).

Expenditures are recorded when paid or encumbered (budget basis) rather than when the liability is incurred (GAAP basis).

Proceeds from and principle payments on short-term note obligations are reported on the operating statement (budget basis) rather than balance sheet transactions (GAAP basis).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the General Fund and Solid Waste Management Fund (Special Revenue Fund).

| Net Change in Fund Balance | | | | | |
|----------------------------------|-------------|-----------|-----------|---------|--|
| | Solid Waste | | | | |
| | | General | Managemen | | |
| | | Fund | Fund | | |
| Budget basis | \$ | 535,764 | \$ | 210,366 | |
| Adjustments, increase (decrease) | | | | | |
| Revenue accruals | | (704,711) | | 7,900 | |
| Expenditure accruals | | 602,375 | | 188,939 | |
| Funds budgeted elsewhere ** | | 510,054 | | | |
| GAAP basis, as reported | \$ | 943,482 | \$ | 407,205 | |
| | | | | | |

^{**} As part of Governmental Accounting Standards Board Statement No. 54, "Fund Balance Reporting", the Income Tax Fund is legally budgeted in a separate special revenue fund, but is considered part of the General Fund on a GAAP basis.

NOTE 6 POOLED CASH AND EQUIVALENTS, DEPOSITS AND INVESTMENTS

A. LEGAL REQUIREMENTS

State statutes classify monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits the City has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts, including passbook accounts.

Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution, or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Interim monies may be invested in the following securities:

- 1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States:
- Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- Written repurchase agreements in the securities listed above provided that the market value
 of the securities subject to the repurchase agreement must exceed the principal value of the
 agreement by at least 2 percent and be marked to market daily, and the term of the
 agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio;
- 5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- 6. The State Treasurer's investment pool (STAR Ohio).

NOTE 6 DEPOSITS AND INVESTMENTS (continued)

A. LEGAL REQUIREMENTS (continued)

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

B. DEPOSITS AND CASH ON HAND

Custodial credit risk is the risk that, in the event of a bank failure, the City's deposits may not be returned. The City does not have a deposit policy for custodial credit risk. At fiscal year-end, the carrying amount of the City's deposits was \$17,305,427 and the bank balance was \$18,381,738. Of the bank balance, \$16,788,172 was covered by federal depository insurance and \$1,593,566 by collateral held by third party trustees in accordance with the Ohio Revised Code, in collateral pools securing all public funds on deposit with specific depository institutions, which amount is considered uncollateralized as defined by the Government Accounting Standards Board.

Cash on hand at December 31, 2012 amounted to \$2,625.

C. <u>INVESTMENTS</u>

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. As of December 31, 2012, the City had the following investments:

| | | Fair |
|-----------------------------------|------------|---------------|
| | Maturities | Value |
| State Treasurer's investment pool | n/a | \$ 12,538,551 |

D. INTEREST RATE RISK

The Ohio Revised Code generally limits security purchases to those that mature within five years of the settlement date.

E. CREDIT RISK

The City follows the Ohio Revised Code that limits its investment choices, as discussed in Note 6 A. above. As of December 31, 2012, the City's investments in Star Ohio were rated AAAm by Standard & Poor's. Ohio law requires that Star Ohio maintain the highest rating provided by at least one nationally recognized standard rating service.

F. CONCENTRATION OF CREDIT RISK

The City places no limit on the amount that may be invested in any one issuer.

NOTE 7 RECEIVABLES

Receivables at December 31, 2012, consisted primarily of municipal income taxes, property and other taxes, intergovernmental revenues arising from entitlements and shared revenues, special assessments, and accounts (billings for utility service).

No allowances for doubtful accounts have been recorded because uncollectible amounts are expected to be insignificant.

Special assessments expected to be collected in more than one year amount to \$68,300 in the Special Assessment Bond Retirement Fund and \$2,585,300 in the Sewer Fund.

A. PROPERTY TAXES

Property taxes include amounts levied against all real and public utility property located in the City. Property tax revenue received during 2012 for real and public utility property taxes represents collections of the 2011 taxes.

2012 real property taxes are levied after October 1, 2012, on the assessed value as of January 1, 2012, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2012 real property taxes are collected in and intended to finance 2013 activities.

Public utility property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2012 public utility property taxes became a lien December 31, 2011, are levied after October 1, 2012, and are collected in 2013 with real property taxes.

The full tax rate for all City operations for the collection year ended December 31, 2012 was \$ 11.71 per \$1,000 of assessed value. The assessed values of real and public utility property upon which 2012 property tax receipts were based are as follows:

| | | 2012 |
|----------------------------------|----|----------------|
| Property valuation consisted of: | Co | ollection Year |
| Real property | \$ | 720,626,020 |
| Public utility property | | 10,994,850 |
| Total valuation | \$ | 731,620,870 |

Real property taxes are payable annually or semi-annually. If paid annually, the payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

NOTE 7 RECEIVABLES (continued)

A. PROPERTY TAXES (continued)

The County Treasurer collects property taxes on behalf of all taxing districts in the county, including the City. The County Auditor periodically remits to the City its portion of the taxes collected. Property taxes receivable represents real property taxes, public utility taxes and outstanding delinquencies which are measurable as of December 31, 2012 and for which there is an enforceable legal claim. In the General Fund, Street Levy, Police Levy, Police Pension, Fire Levy, Fire Pension, and Paramedic Levy (Special Revenue) Funds, the entire receivable has been offset by deferred revenue since the current taxes were not levied to finance 2012 operations and the collection of delinquent taxes during the available period is not subject to reasonable estimation. On a full accrual basis, delinquent property taxes have been recorded as revenue while the remainder of the receivable is deferred.

B. INCOME TAXES

The City levies an income tax of 1% on substantially all income earned within the City. In addition, residents are required to pay City income tax on income earned outside the City with a certain credit for income taxes paid to other municipalities. This tax has been historically collected and administered by the City. However, beginning on January 1, 2013, the Regional Income Tax Agency (R.I.T.A.) will begin collecting the City's municipal income taxes. Employers within the City are required to withhold income tax on employee compensation and remit at least quarterly. Corporations and other individual taxpayers are also required to pay their estimated taxes at least quarterly and file a final return annually.

C. <u>DUE FROM OTHER GOVERNMENTS</u>

A summary of the principal items due from other governments follows:

| | Amount |
|--------------------------------|-----------------|
| Governmental Activities | |
| Gasoline tax | \$ 599,000 |
| Local government assistance | 193,400 |
| Homestead and rollback | 332,350 |
| Estate tax | 98,800 |
| Permissive tax | 213,000 |
| Issue II | 371,756 |
| CDBG | 47,426 |
| Title III Grant | 1,159 |
| Miscellaneous | 67,668 |
| Total governmental activities | 1,924,559 |
| Business-type Activities | |
| Sanitary sewer charges | 566,717 |
| Total business-type activities | 566,717 |
| Total | \$ 2,491,276 |

NOTE 8 CAPITAL AND INTANGIBLE ASSETS

A summary of changes in capital assets during 2012 follows:

| | Balance | A alalitia.a | Diamagala | Balance |
|---------------------------------------------------------------|------------------------|-----------------------|---------------------------------------|---------------------------------------|
| Governmental activities | January 1 | Additions | Disposals | December 31 |
| Capital assets, not being depreciated | | | | |
| Land | \$ 1,686,299 | \$ 23,650 | \$ - | \$ 1,709,949 |
| Construction in progress | 1,351,555 | 943,701 | 398,379 | 1,896,877 |
| Total capital assets, not being depreciated | 3,037,854 | 967,351 | 398,379 | 3,606,826 |
| Capital assets, being depresented | | | | |
| Capital assets, being depreciated Buildings and improvements | 5,235,361 | 6,025 | _ | 5,241,386 |
| Equipment and vehicles | 9,847,103 | 846,193 | 421,881 | 10,271,415 |
| Infrastructure | 97,142,128 | 1,435,020 | | 98,577,148 |

NOTE 8 CAPITAL AND INTANGIBLE ASSETS (continued)

Depreciation expense was charged to governmental functions as follows:

| Security of persons and property | \$ 406,422 |
|----------------------------------|-----------------|
| Public health and welfare | 40,609 |
| Leisure time activities | 41,173 |
| Transportation | 3,915,426 |
| General government | 95,318 |
| | \$ 4,498,948 |

Intangible assets at December 31, 2012 consisted of:

| | | Balance | | | | | | Balance | |
|-------------------------------|-----------|-----------|----|----------|------|-------|-------------|-----------|--|
| Business-type activities | January 1 | | | dditions | Disp | osals | December 31 | | |
| Intangible assets | | | | _ | | | | _ | |
| Waterway rights | \$ | 2,363,474 | \$ | - | \$ | - | \$ | 2,363,474 | |
| Less accumulated amortization | | 908,204 | | 68,352 | | | | 976,556 | |
| Total intangible assets, net | \$ | 1,455,270 | \$ | (68,352) | \$ | _ | \$ | 1,386,918 | |

The City entered into agreements in 1993 and 2008 for the right to purchase specified amounts of drinking water. The cost of these water rights is amortized ratably on a straight line basis over 30 -50 years.

NOTE 9 NOTES PAYABLE

Notes payable during the year consisted of the following general obligation bond anticipation notes:

| | Balance 12/31/11 | Additions | Repayments | Balance 12/31/12 |
|-----------------------------------------------------------------------------------|---------------------|--------------|--------------|---------------------|
| Governmental activities Long-term notes payable Capital Improvements | | | | |
| 2011, 1.00% various purpose | \$ 2,396,000 | \$ - | \$ 2,396,000 | \$ - |

General obligation bonds are direct obligations of the City for which its full faith and credit are pledged for payment. The governmental general obligation bonds are paid primarily from the Capital Projects and Street Levy funds. The water and sewer bonds are paid from respective Water and Sanitary Sewer enterprise fund revenues. The special assessment bonds are paid from proceeds of special assessments levied against benefited property owners and collected in the City's Special Assessment Debt Service Fund. In the event that a property owner would fail to pay the assessment, payment would be made by the City.

In 2003, the City issued \$5,290,000 of general obligation capital improvement refunding bonds to advance refund \$1,950,000 of general obligation bonds under governmental activities and \$3,215,000 of general obligation bonds under business-type activities. The defeased bonds were callable and repaid in December 2005 from proceeds placed in an irrevocable trust obtained from the 2003 bond issue.

NOTE 10 LONG-TERM DEBT (continued)

OPWC loan payments are paid from the respective special revenue, capital project and sanitary sewer enterprise funds. OWDA loan payments are paid from the water enterprise fund.

Notes payable balance outstanding at December 31, 2012 of \$2,421,000 under governmental activities and \$1,434,000 under business-type activities are classified as long-term. Although the notes are due within one year or less, the aforementioned notes are intended to be refinanced. Of these notes, approximately \$895,000 will be repaid from future special assessments and the balance from capital projects, streets, water and sewer funds, as applicable.

The loan payable of \$ 480,000 will be repaid from the Capital Projects Fund or Street Levy Fund. Water rights ETL-2 loan payments are paid from the Water Fund. Accrued leave benefits will be paid from the funds from which employees' wages are paid, primarily the General Fund, Street (SCMR) Fund, Water Fund and Sewer Fund.

The City's overall legal debt margin was \$71,366,000 at December 31, 2012, with debt leeway of \$66,171,000.

Principal and interest requirements to retire long-term obligations outstanding at December 31, 2012, excluding accrued leave benefits, are as follows:

NOTE 11 CAPITAL LEASE

The City is obligated under a certain lease accounted for as a capital lease. The leased assets are included in capital assets and the related obligation is included under long-term debt. At December 31, 2012, assets under capital lease totaled \$ 107,381 in governmental activities, with related accumulated depreciation of \$ 67,113 and \$ 5,999 in business-type activities, with related accumulated depreciation of \$ 3,750. The lease is in effect until 2014. The following is the schedule of future minimum lease payments under the capital lease together with the net present value of the minimum lease payments as of December 31, 2012.

| Less amount representing interest | | (5,372) | | (300) | (5,672) |
| Net present value of minimum lease payments | \$ | 56,480 | \$ | 3,155 | \$ 59,635 |

NOTE 12 DEFINED BENEFIT PENSION PLANS

A. OHIO PUBLIC EMPLOYEES RETIREMENT SYSTEM

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans as described below:

- 1. The Traditional Pension Plan —a cost sharing, multiple-employer defined benefit pension plan.
- 2. The Member-Directed Plan —a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings.
- 3. The Combined Plan —a cost sharing, multiple-employer defined benefit pension plan. Under the Combined Plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to, but less than, the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost-of living adjustments to members of the Traditional Pension and Combined Plans. Members of the Member- Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting https://www.opers.org/investments/cafr.shtml, writing to OPERS, 277 East Town Street, Columbus, OH 43215-4642, or by calling 614-222-5601 or 800-222-7377.

The Ohio Revised Code provides statutory authority for member and employer contributions. For 2012, member and employer contribution rates were consistent across all three plans. While members in the state and local divisions may participate in all three plans, law enforcement and public safety divisions exist only within the Traditional Pension Plan. The 2012 member contribution rates were 10.0% for members in state and local classifications. Public safety and law enforcement members contributed 11.5% and 12.1%, respectively. Effective January 1, 2013, the member contribution rates for public safety and law enforcement members increased to 12.00% and 12.60% respectively.

The 2012 employer contribution rate for state and local employers was 14.0% of covered payroll. The law enforcement and public safety division employer contribution rate was 18.10% of covered payroll.

The City's required contributions for pension obligations to the traditional and combined plans for the years ended December 31, 2012, 2011, and 2010, were \$627,000, \$642,400, and \$604,500, respectively. For 2012, \$542,100 (86.5%) has been contributed. The balance was subsequently contributed in 2013. The full amount has been contributed for 2011 and 2010.

NOTE 12 DEFINED BENEFIT PENSION PLANS (continued)

B. OHIO POLICE AND FIRE PENSION FUND

The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing multiple-employer defined benefit pension plan. OP&F provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Plan members are required to contribute 10% of their annual covered salary, while employers are required to contribute 12.75% and 17.25% respectively for police officers and firefighters. The City's contributions to OP&F for police and firefighters pensions, respectively, were\$ 346,000 and \$ 433,900 for the year ended December 31, 2012, \$ 343,600 and \$ 417,600 for the year ended December 31, 2011 and \$ 542,800 and \$ 600,500 for the year ended December 31, 2010. The full amount has been contributed for 2011 and 2010. For 2012, \$ 254,100 (73.4%) and \$ 310,000 (71.5%) has been contributed for police and firefighters pensions, respectively. The balance was subsequently paid in 2013.

NOTE 13 - POSTEMPLOYMENT BENEFITS

A. OHIO PUBLIC EMPLOYEES RETIREMENT SYSTEM

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan - a cost-sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan - a defined contribution plan; and the Combined Plan - a cost sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing multiple employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45.

The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing OPERS, 277 East Town Street, Columbus OH 43215-4642, or by calling 614-222-5601 or 800- 222-7377. The Ohio Revised Code provides the statutory authority requiring public employers to fund post retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post retirement health care benefits.

NOTE 13 – POSTEMPLOYMENT BENEFITS (continued)

A. OHIO PUBLIC EMPLOYEES RETIREMENT SYSTEM (continued)

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2012, state and local employers contributed at a rate of 14.00% of covered payroll and public safety and law enforcement employer units contributed at 18.10%. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active members do not make contributions to the OPEB Plan.

OPERS' Post Employment Health Care plan was established under, and is administrated in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of post employment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional Plan was 4.0% during calendar year 2012. The portion of employer contributions allocated to health care for members in the Combined Plan was 6.05% during calendar year 2012. The portion of employer contributions allocated to health care for the calendar year beginning January 1, 2012 remained the same, but they are subject to change based on Board action. Employers will be notified if the portion allocated to health care changes during calendar year 2012. The OPERS Board of Trustees is also authorized to establish rules for the retiree, or their surviving beneficiaries, to pay a portion of the health care benefits provided. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City contributions to fund postemployment benefits for the years ended December 31, 2012, 2011, and 2010, were \$ 250,800, \$ 256,900, and \$ 344,600, respectively. For 2012, \$ 216,800 (87.7%) has been contributed. The balance was subsequently contributed in 2013. The full amount has been contributed for 2011 and 2010.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4 percent of the employer contributions toward the health care fund after the end of the transition period.

B. OHIO POLICE AND FIRE PENSION FUND

The City contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored health care program, a cost-sharing multiple-employer defined postemployment health care plan administered by OP&F. OP&F provides healthcare benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-retirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or survivor benefit check or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45. The Ohio Revised Code allows, but does not mandate OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information for the Plan. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, Ohio 43215-5164.

NOTE 13 – POSTEMPLOYMENT BENEFITS (continued)

B. OHIO POLICE AND FIRE PENSION FUND (continued)

The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.50% and 24.00% of covered payroll for police and fire employers, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.50% of covered payroll for police employer units and 24.00% of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS Code Section 115 trust and one for Medicare Part B reimbursements administrated as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees. The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits.

For the year ended December 31, 2012, the employer contribution allocated to the health care plan was 6.75% of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h).

The OP&F Board of Trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's actual contributions to fund postemployment health care benefits for police and firefighters were \$ 183,200 and \$ 169,800 for the year ended December 31, 2012, \$ 181,900 and \$ 163,400 for the year ended December 31, 2011, and \$ 187,800 and \$ 168,700 for the year ended December 31, 2010. The full amount has been contributed for 2011 and 2010. For 2012, \$ 134,500 (73.4%) and \$ 121,300 (71.5%) has been contributed for police and firefighters, respectively. The balance was subsequently paid in 2013.

NOTE 14 RISK MANAGEMENT

The City is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees and natural disasters. There have not been any significant reductions in insurance coverage from coverage in the prior year and the amounts of settlements have not exceeded coverage for any of the prior three years.

The City has insurance coverage through the Municipal Insurance Alliance of Ohio with the U.S. Specialty Insurance Company. This coverage includes general liability including personal and bodily injury in the amount of \$1 million per occurrence and \$3 million aggregate, business automobile liability in the amount of \$1 million combined single limit, employee benefits liability in the amount of \$1 million aggregate limit, stop gap liability in the amount of \$1 million, public official liability in the amount of \$1 million annual aggregate limit, law enforcement liability in the amount of \$1 million annual aggregate limit. Various deductibles apply. The City also has in force building and personal property casualty coverage with the same insurer in the amount of \$46,858,585 with additional flood and earthquake coverage in the amount of \$1 million for any one flood and \$1 million annual aggregate and \$1 million for any one earthquake and \$1 million annual aggregate, electronic data processing systems coverage in the amount of \$500,000, and crime coverage for forgery or alteration of \$50 thousand, theft and destruction of \$100 thousand and public employee dishonesty of \$100 thousand per loss. Various deductibles apply.

In order to minimize the annual cost of medical insurance, the City has established a medical self-insurance fund for City employees and their covered dependents. This program is administered with the use of an outside third-party administrator. At December 31, 2012, self-insurance was in effect for losses up to \$75,000 per participant. Excess losses are insured by a private insurance company. At year-end, self-insurance was in effect with an annual aggregate liability limit of \$2,721,277 and an aggregate terminal liability of \$401,076. At December 31, 2012 the self-insurance total net position amounted to \$768,685 and cash held in reserve by the insurer for future claims payment amounted to \$437,000.

Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Changes in the balance of claims liability during the years ended December 31, 2012 and 2011 are as follows. Incurred claims and claims payments are not segregated between events related to the current year and events related to prior years due to the impracticability of obtaining such information by separate period.

| | 2012 | 2011 |
|----------------------------------|-----------------|-----------------|
| Unpaid claims, beginning of year | \$ 332,097 | \$ 385,000 |
| Incurred claims | 1,973,756 | 2,132,230 |
| Claims payment | (1,990,853) | (2,185,133) |
| Unpaid claims, end of year | \$ 315,000 | \$ 332,097 |

NOTE 15 FEDERAL GRANTS AND ENTITLEMENTS

For the year ended December 31, 2012, the City recognized federal grants and entitlements revenue of \$727,051. These programs generally require compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the City at December 31, 2012.

NOTE 16 CONTINGENCIES

The City of North Ridgeville, Ohio is defendant in certain lawsuits, the outcome of which cannot be determined. It is the opinion of the City's management that any judgment against the City would not have a material adverse effect on the City's financial position.

NOTE 17 CONTRACTUAL COMMITMENTS

As of December 31, 2012 the City had contractual commitments as follows:

| | | Project's | O | utstanding |
|-------------------------------|-----|-------------|----|------------|
| Project | Est | imated Cost | Co | mmitments |
| Road projects | \$ | 1,526,000 | \$ | 769,700 |
| Park trail project | | 328,000 | | 328,000 |
| Storm water retention project | | 150,000 | | 138,000 |
| Waterlines | | 408,000 | | 256,000 |
| Sanitary sewer projects | | 1,067,000 | | 1,013,300 |
| | \$ | 3,479,000 | \$ | 2,505,000 |

NOTE 18 INTERFUND BALANCES AND TRANSFERS

At December 31, 2012 interfund balances consisted of \$250,000 due to the General Fund from the Federal Grants Fund (Special Revenue Fund). The General Fund advanced monies to the Federal Grants Fund which will be repaid upon collection of grant proceeds.

The Capital Projects Fund is supported primarily by transfers from income tax collections, which transfers for the year ended December 31, 2012 consisted of the following:

| Transferred to: | Transferred from: | Amount |
|-----------------------|-------------------|--------------|
| Capital Projects Fund | General Fund | \$ 1,125,000 |

NOTE 19 JOINTLY GOVERNED ORGANIZATIONS

A. LORAIN COUNTY GENERAL HEALTH DISTRICT

The Lorain County General Health District, a jointly governed organization, provides health care services to the citizens within the Health District. The Health District is governed by the Board of Health which represents the area served by the Health District and oversees the operation of the Health District. The Board of Health members are appointed to staggered four year terms. One member is appointed by the City of North Ridgeville, one member is jointly appointed by the Cities of Avon and Sheffield Lake and one member is appointed jointly by the Cities of Amherst and Oberlin. The remaining four members are appointed by the various mayors of villages, chairmen of the township trustees and the County Commissioners. The City contributed \$ 102,146 during 2012 for the operation of the Health District. Financial information can be obtained by contacting the Health Commissioner, 9880 S. Murray Ridge Road, Elyria, Ohio 44035.

B. NORTHEAST OHIO PUBLIC ENERGY COUNCIL

The City is a member of the Northeast Ohio Public Energy Council (NOPEC). NOPEC is a regional council of governments formed under Chapter 167 of the Ohio Revised Code. NOPEC was formed to serve as a vehicle for communities wishing to proceed with an aggregation program for the purchase of electricity. NOPEC is currently comprised of 129 communities who have been authorized by ballot to purchase electricity on behalf of their citizens. The intent of NOPEC is to provide electricity at the lowest possible rates while at the same time insuring stability in prices by entering into long-term contracts with suppliers to provide electricity to the citizens of its member communities.

NOPEC is governed by a General Assembly made up of one representative from each member community. The representatives from each county then elect one person to serve on the eight member NOPEC Board of Directors. The Board oversees and manages the operation of the aggregation program. The degree of control exercised by any participating government is limited to its representation in the General Assembly and on the Board. The City did not contribute to NOPEC during the current year. Financial information can be obtained by contacting the Treasurer, 31320 Solon Road, Suite 20, Solon, Ohio 44139.

C. JOINT ECONOMIC DEVELOPMENT ZONE AGREEMENT

In 2008, the City adopted a joint economic development zone agreement (JEDZ) with the City of Avon, Ohio, together with several other cities (Parties), pursuant to Ohio Revised Code Section 715.69. The purpose of the agreement was to stimulate economic growth within the JEDZ and to reimburse the Parties to the JEDZ for a portion of the lost tax revenue for certain businesses that relocate to the JEDZ from the Parties' cities. The JEDZ consists of approximately 791 acres in the City of Avon at an intersection being developed on Interstate 90 and Nagel Road. The City's contribution to the JEDZ is its agreement to support and advocate for County, State and/or Federal funding for this project. The City has no financial commitment to the project and has no other economic benefit.

NOTE 20 FUND BALANCES

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on a fund for the major governmental funds and all other governmental funds are presented below:

| | General | Solid Waste Management | Capital Projects | Other Governmental Funds | Total Governmental Funds | |
|-----------------------|--------------|------------------------------|---------------------|--------------------------------|--------------------------------|--|
| Fund balances | | | | | | |
| Nonspendable | | • | _ | | | |
| Prepaid items | \$ 44,700 | \$ - | \$ - | \$ 5,000 | \$ 49,700 | |
| Restricted | | | | | | |
| Debt service | _ | - | - | 169,571 | 169,571 | |
| Capital projects | - | - | 467,571 | - | 467,571 | |
| Highway and streets | - | - | , - | 2,292,784 | 2,292,784 | |
| Public safety | - | - | - | 850,800 | 850,800 | |
| Recreation | - | - | - | 336,713 | 336,713 | |
| Community environment | - | 697,762 | - | 132,514 | 830,276 | |
| Other purposes | - | - | - | 381,791 | 381,791 | |
| Total restricted | | 697,762 | 467,571 | 4,164,173 | 5,329,506 | |
| Committed | | | | | | |
| Capital projects | 525,940 | | | | 525,940 | |
| Assigned | | | | | | |
| Encumbrances | 223,482 | _ | _ | _ | 223,482 | |
| 2013 appropriations | 2,860,081 | - | - | - | 2,860,081 | |
| Total assigned | 3,083,563 | | | | 3,083,563 | |
| Unassigned (deficit) | 2,537,627 | | | (78,576) | 2,459,051 | |
| Total fund balances | \$ 6,191,830 | \$ 697,762 | \$ 467,571 | \$ 4,090,597 | \$ 11,447,760 | |

NOTE 21 SUBSEQUENT EVENTS

In April 2013, the City issued \$3,505,000 of bond anticipation notes (BANs), consisting of \$2,945,000 used to pay existing BANs, \$450,000 for acquisition of motor vehicles and equipment, \$100,000 for recreational improvements, and \$10,000 related to a future special assessment project.

COMBINING STATEMENTS AND NONMAJOR FUND SCHEDULES COMBINING STATEMENTS – NONMAJOR GOVERNMENTAL FUNDS

NONMAJOR SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for specific revenues that are restricted for a specific purpose. These resources are usually restricted by statute, City Charter or ordinance to finance specific functions or activities.

Street Construction, Maintenance and Repair Fund (SCMR) - Accounts for the portion of State gasoline tax and motor vehicle registration fees designated for maintenance and repair of roadways within the City.

State Highway Fund – Accounts for the portion of State gasoline tax and motor vehicle registration fees designated for maintenance and repairs of roadways within the City.

Motor Vehicle License Tax Fund – Accounts for the additional motor vehicle registration fees designated for maintenance and repairs of roadways within the City.

Street Levy Fund – Accounts for property taxes received from a voted tax levy for the construction, reconstruction, resurfacing and repair of roads and bridges.

Surface Drainage Fund – Accounts for revenues from building permit fees for the purpose of providing and maintaining storm sewer drainage.

Police Levy Fund – Accounts for property taxes from a voted tax levy for the purpose of operating the City police department.

Police Pension Fund – Accounts for property taxes levied for the payment of current employer contributions for police disability and pension benefits.

Law Enforcement Trust Fund – Accounts for confiscated monies or proceeds from the sale of confiscated property seized by law enforcement officers in the course of their work for the purpose of enhancing police services.

Local Law Enforcement Assistance Fund – Accounts for reimbursements for continuing professional training programs for peace officers from the State Law Enforcement Assistance Fund.

Drug Law Enforcement Trust Fund – Accounts for confiscated monies or proceeds from the sale of confiscated property seized by law enforcement officers in the course of their work for the purpose of enhancing police services and promoting drug education.

DUI Enforcement and Education Trust Fund – Accounts for fines imposed by the courts for the purpose of enhancing police services and promoting DUI education.

Clerk of Courts Computer Service Fund – Accounts for court fees for the purpose of the computerization of the clerk of court's office.

Court Computerization Fund – Accounts for court fees for the purpose of computerizing the court, procuring and maintaining computerized legal research services.

NONMAJOR SPECIAL REVENUE FUNDS (Continued)

Fire Levy Fund – Accounts for property taxes received from a voted tax levy for the purpose of operating the City fire department.

Fire Pension Fund – Accounts for property taxes levied for the payment of current employer contributions for fire disability and pension benefits.

Paramedic Levy Fund – Accounts for property taxes received from a voted tax levy for the purpose of operating a paramedic program.

Ambulance Fund – Accounts for ambulance fees for the purpose of maintaining and purchasing ambulatory equipment.

State and Other Grants Fund – Accounts for revenues and related expenditures of state and other grants.

Federal Grants Fund – Accounts for revenues and related expenditures of federal grants.

Cemetery Fund – Accounts for burial fees used to maintain the City's cemeteries.

Park and Recreation Trust Fund – Accounts for program revenues and expenditures for the operation and maintenance of recreation programs, services, parks and related.

Park and Recreation Improvement Fund – Accounts for building permit fees for the purpose of planning, acquisition, improvement, expansion and operation of public parks, playgrounds and recreation facilities.

Senior Citizens Title III Fund – Accounts for grant monies received for support service for older adults.

NONMAJOR DEBT SERVICE FUNDS

General Obligation Bond Retirement Fund – Accounts for resources that are used for payment of principal and interest and fiscal charges on general obligation debt.

Special Assessment Bond Retirement Fund – Accounts for the accumulation of resources from special assessments levied against benefited properties for the payment of principal and interest and fiscal charges on special assessment debt.

NONMAJOR CAPITAL PROJECTS FUND

Capital Projects funds are used to account for the acquisition and construction of capital assets other than those financed by proprietary funds.

Issue II Fund – Accounts for Ohio Public Works grant activity consisting of the grant received and the related expenditure paid by the Ohio Public Works Commission directly to the contractors on behalf of the City.

COMBINING STATEMENTS - AGENCY FUNDS

Agency Funds are used to account for assets held by the government as an agent for individuals, private organizations, other governments and/or other funds. These funds are purely custodial in nature (assets equal liabilities) and therefore do not involve the measurement of results of operations.

Board of Building Standards Fund – Accounts for fees required by the State to be collected by the City and paid to the State.

Senior Citizens Multi Trust Fund – Accounts for revenue earned and expended by the Senior Citizens Center.

Mayor's Court Bail Trust Fund – Accounts for bail collected.

Trust Miscellaneous Fund – Accounts for deposits held by the City from contractors, developers or individuals to ensure compliance with City Ordinances, and for other various deposits held by the City on behalf of others.

STATISTICAL SECTION

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the City's overall financial health.

| Contents | Page |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|
| Financial Trends These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time. | S 2 |
| Revenue Capacity These schedules contain information to help the reader assess the City's most significant local revenue sources, property tax and municipal income tax. | S 20 |
| Debt Capacity These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future. | S 29 |
| Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place. | S 35 |
| Operating Information These schedules contain information about the City's operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs. | S 38 |

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB Statement No. 34 in 2003; schedules presenting government-wide information include information beginning in that year.

CITY OF NORTH RIDGEVILLE LORAIN COUNTY

SCHEDULE OF FINDINGS OMB CIRCULAR A -133 § .505 DECEMBER 31, 2012 (Continued)

3. FINDINGS FOR FEDERAL AWARDS

Excluded Parties List System Verification – Procurement and Suspension and Debarment – Material Weakness and Material Noncompliance

| Finding Number | 2012-001 |
|-----------------------------|-----------------------------------------------------------------|
| CFDA Title and Number | Railroad Improvement and Rehabilitation Set Aside, CFDA #20.205 |
| Federal Award Number / Year | 2012 |
| Federal Agency | U.S. Congress |
| Pass-Through Agency | Ohio Department of Transportation |

2 CFR 180.300 states that Non-Federal entities are prohibited from contracting with or making subawards under covered transactions to parties that are suspended or debarred or whose principals are suspended or debarred. "Covered transactions" include those procurement contracts for goods and services awarded under a nonprocurement transaction (e.g., grant or cooperative agreement) that are expected to equal or exceed \$25,000 or meet certain other specified criteria. 2 CFR section 180.220 of the government-wide nonprocurement debarment and suspension guidance contains those additional limited circumstances.

When a non-Federal entity enters into a covered transaction with an entity at a lower tier, the non-Federal entity must verify that the entity is not suspended or debarred or otherwise excluded. The General Services Administration (GSA) discontinued the Excluded Parties List System (EPLS) on November 21, 2012. The verification may now be accomplished by checking the System for Award Management, which currently maintains the EPLS, collecting a certification from the entity, or adding a clause or condition to the covered transactions with that entity.

During fiscal year 2012, the City entered into an agreement with the Campbell Technology Corporation for the purchase of loop detectors. The purchase of loop detectors was reimbursed in the amount of \$305,302. The City did not maintain evidence of verifying the vendor was not suspended or debarred by checking the EPLS, collecting the certification from the entity or adding a clause or condition to the covered transactions with the vendor at the time of entering the contract. Therefore, the City could have entered into a contact with an organization and its principals that was suspended or debarred. It was subsequently determined the vendor was not suspended or debarred and was eligible for federal funds.

We recommend the City maintain evidence of verifying that vendors are not suspended or debarred by checking the EPLS, collecting the certification from the entity or adding a clause or condition to the covered transactions with a vendor at the time of entering a contract where more than \$25,000 in federal funds will be expended.

Official's Response: The City's expenditure for loop detectors represented the City's agreed upon contribution related to a significantly larger federal grant obtained by the Ohio Railroad Development Commission (ORDC) and Norfolk Southern Railroad Corporation (NS). While the City was advised that all or a portion of its contribution could potentially be reimbursed if funds remained available upon completion of this overall project, the City did not anticipate any reimbursement at the inception of its commitment and proceeded accordingly, following its policies and procedures including verification to the State of Ohio Findings for Recovery Database, a listing of excluded vendors. Subsequently, the City did receive a federal reimbursement, and it was subsequently verified that the City's vendor was not listed on the Excluded Parties List System.

CITY OF NORTH RIDGEVILLE LORAIN COUNTY

CORRECTIVE ACTION PLAN OMB CIRCULAR A -133 § .315 (c) DECEMBER 31, 2012

| Finding Number | Planned Corrective Action | Anticipated Completion Date | Responsible Contact Person |
|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------|----------------------------------------|
| 2012-001 | The City's policies and practices for competitive bid contracts include a checklist of specific procedures to be followed when awarding a contract. A procedure has been added to this checklist for contracts with federal funding of \$25,000 or greater, requiring verification to the Excluded Parties List System (EPLS), to avoid contracting with parties that are suspended or debarred or whose principals are suspended or debarred. | 6/20/13 | Chris S. Costin, CPA, CGFM, Auditor |
