Independent Auditor's Report

Highland County Agricultural Society
Highland County
P.O. Box 564
Hillsboro, Ohio 45133

To the Board of Directors:

Report on the Financial Statement

We have audited the accompanying financial statement of the cash balances, receipts and disbursements, and related notes of the Highland County Agricultural Society, Highland County, Ohio, as of and for the fiscal year ended November 30, 2017.

Management's Responsibility for the Financial Statement

Management is responsible for preparing and fairly presenting this financial statement in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on this financial statement based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statement is free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Highland County Agricultural Society's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Highland County Agricultural Society's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 2 of the financial statement, the Highland County Agricultural Society prepared this financial statement using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States of America (GAAP), to satisfy these requirements.

Although the effects on the financial statement of the variances between the regulatory accounting basis and GAAP are not reasonably determinable, we presume they are material.

Though the Highland County Agricultural Society does not intend this statement to conform to GAAP, auditing standards generally accepted in the United States of America require us to include an adverse opinion on GAAP. However, the adverse opinion does not imply the amounts reported are materially misstated under the accounting basis Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. Our opinion on this accounting basis is in the *Opinion on Regulatory Basis of Accounting* paragraph below.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Highland County Agricultural Society as of November 30, 2017, and the respective changes in financial position or cash flows thereof for the fiscal year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the cash balances, receipts and disbursements, and related notes of the Highland County Agricultural Society, Highland County, Ohio, as of November 30, 2017, for the fiscal year then ended in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 2.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 26, 2018, on our consideration of the Highland County Agricultural Society's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Highland County Agricultural Society's internal control over financial reporting and compliance.

**Independent Auditor's Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Required by *Government Auditing Standards***

Highland County Agricultural Society
Highland County
P.O. Box 564
Hillsboro, Ohio 45133

To the Board of Directors:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statement of the cash balances, receipts and disbursements of the Highland County Agricultural Society, Highland County, Ohio, as of and for the fiscal year ended November 30, 2017, and the related notes to the financial statement, and have issued our report thereon dated September 26, 2018, wherein we noted the Highland County Agricultural Society followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Highland County Agricultural Society's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statement, but not to the extent necessary to opine on the effectiveness of the Highland County Agricultural Society's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Highland County Agricultural Society's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and responses that we consider a significant deficiency. We consider finding 2017-001 to be a significant deficiency.

Compliance and Other Matters

As part of reasonably assuring whether the Highland County Agricultural Society's financial statement is free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Highland County Agricultural Society's Response to Finding

The Highland County Agricultural Society's response to the finding identified in our audit is described in the accompanying schedule of findings and responses. We did not subject the Highland County Agricultural Society's response to the auditing procedures applied in the audit of the financial statement and, accordingly, we express no opinion on it.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Highland County Agricultural Society's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Highland County Agricultural Society's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

FINDINGS RELATED TO THE BASIC FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS	
Finding Number	2017-001

Significant Deficiency - Financial Statement Presentation

Accurate financial reporting is required in order to provide management and the Board of Directors with objective and timely information to enable well-informed decisions.

The following audit adjustments were made to correct misstatements identified in the audit of the Society's financial statement and note disclosures.

- It was necessary to record an audit adjustment to increase Debt Proceeds Non-Operating Receipts by \$20,000 and increase Debt Service Non-Operating Disbursements by the same amount on the Statement of Receipts, Disbursements and Change in Fund Balance (Regulatory Cash Basis) to record the use of the Society's line of credit during the fiscal year.
- It was necessary to record an audit adjustment to increase Administrative Operating Disbursements by \$19,282, increase Contest Expenses Operating Disbursements by \$41,559 and decrease Other Operating Disbursements by \$60,841 on the Statement of Receipts, Disbursements and Change in Fund Balance (Regulatory Cash Basis) to properly classify the type of disbursement in accordance with standard financial presentation.

The Society's financial statement, note disclosures, and records have been updated to reflect these adjustments.

The presentation of a materially correct financial statement and related footnotes is the responsibility of management.

We recommend the Society implement additional control procedures that enable management to timely record information/transactions in their accounting system as well as prevent or detect and correct potential misstatements in the financial statement and related footnotes prior to filing.

Client Response: The Society will include a line item on the financial report for debt proceeds borrowed and debt proceeds paid back even if it is all paid back in the same fiscal year. In addition, the Society now better understands the Hinkle requirements and should have no problem filing the correct statements in the future.
