- The total pensionable wages and employee contributions information reported to the Ohio Police and Fire Pension Fund for the year ended December 31, 2017 agrees with the payroll records of the employer.

City of Westerville's management is responsible for the assertions. Our responsibility is to opine on management's assertions based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements included in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertions are fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about management's assertion. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertions, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

In our opinion, management's assertions related to the accuracy and completeness of the census data and pensionable wages as described above provided to Ohio Police and Fire Pension Fund as of and for the year ended December 31, 2017 are fairly stated in all material respects.

In accordance with *Government Auditing Standards*, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud and noncompliance with provisions of laws or regulations that have a material effect on the accuracy and completeness of the census data and pensionable wages; and any other instances that warrant the attention of those charged with governance; noncompliance with provisions of contracts or grant agreements, and abuse that has a material effect on the subject matter. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions. We performed our examination to express an opinion on whether management's assertion regarding the accuracy and completeness of the census data reported to the retirement system is fairly stated, and not for the purpose of expressing an opinion on the internal control over the accuracy and completeness of the census data provided to the pension system, or on compliance and other matters; accordingly, we express no such opinions. Our examination disclosed certain findings that are required to be reported under *Government Auditing Standards* and those findings, along with the views of responsible officials, are described in the attached Schedule of Findings.

This report is intended solely for the information and use of City of Westerville's management, those charged with governance, and Ohio Police and Fire Pension Fund, and RSM US LLP to provide assurances that the census data reported to the Ohio Police and Fire Pension Fund is accurate and complete. This report is not suitable for any other purpose.
