Independent Accountants' Report on Applying Agreed-Up Procedures

Ohio Department of Medicaid
50 West Town Street, Suite 400
Columbus, Ohio 43215

RE: Andrea E. Kline, D.D.S. NPI: 1194162008
Program Year 2: Meaningful Use Stage 2 Year 1

We have performed the procedures enumerated below, which were agreed to by the Ohio Department of Medicaid (ODM), on Dr. Andrea E. Kline's (hereafter referred to as the Provider) compliance with the requirements of the Medicaid Provider Incentive Program (MPIP) for the year ended December 31, 2015. The Provider is responsible for compliance with the MPIP requirements. The sufficiency of these procedures is solely the responsibility of ODM. Consequently, we make no representation regarding the sufficiency of the procedures enumerated below either for the purpose for which this report has been requested or for any other purpose.

1. We compared the Provider's Ohio Medicaid Agreement dates from the Medicaid Information Technology System to the patient volume and meaningful use attestation periods. We found the Provider had an active agreement in effect during the attestation periods.
2. Using the Ohio e-license center, we compared the licensure type and effective dates to the patient volume and meaningful use attestation periods. We found no exceptions.
3. Using the MPIP system, we confirmed the Provider underwent ODM's payment approval process, was approved for an incentive payment and received an incentive payment. We compared the date of the payment approval with the date of the incentive payment and confirmed the payment approval occurred prior to the payment. In addition, we compared the payment amount with the MPIP payment schedule and found no variance.
4. The Provider had an original attestation period from October 1, 2015 to December 31, 2015. We received a report of the Provider's encounters during an alternate patient volume attestation period (March 1, 2015 to May 31, 2015). We scanned the list and found no duplicate encounters. We also scanned the list and found that it included multiple payer sources.
5. The Provider's original patient volume attestation period did not contain any encounters for the month of December 2015; therefore, the encounters for this period was not a continuous 90 day period per 42 CFR 495.306(c). We recalculated the Medicaid patient volume from the encounters identified in procedure 4 for the alternative patient volume period and confirmed the Provider met the 30 percent patient volume requirement.
6. We found that the location where the Provider worked was using a newer version of the electronic health record (EHR) software reported in the MPIP system. We found that the newer version of the EHR software was not a certified system approved by the Office of the National Coordinator of Health IT.

Andrea E. Kline, D.D.S.
Independent Accountants' Report on
Applying Agreed-Upon Procedures

7. We obtained the Provider's locations and matched that to the meaningful use report. We found no exceptions.
8. We obtained supporting documentation for the 10 objectives and compared it to the applicable criteria. We found no exceptions. For those measures that require only unique patients be counted, we scanned the detailed data and found no duplicate patients.
9. We obtained supporting documentation for the clinical quality measures and compared it to the applicable criteria. We confirmed that the minimum number of measures was met with at least one measure from three different domains.

This agreed-upon procedures engagement was conducted in accordance with the American Institute of Certified Public Accountants' attestation standards. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the Provider's compliance with the requirements of the Medicaid Provider Incentive Program. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported.

This report is intended solely for the information and use of the Provider and the ODM, and is not intended to be, and should not be used by anyone other than the specified parties.
