We have reviewed the *Independent Auditor's Report* of the Southern Hills Joint Vocational School District, Brown County, prepared by Perry & Associates, Certified Public Accountants, A.C., for the audit period July 1, 2022 through June 30, 2023. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Southern Hills Joint Vocational School District is responsible for compliance with these laws and regulations.

INDEPENDENT AUDITOR’S REPORT

Southern Hills Joint Vocational School District
Brown County
9193 Hamer Road
Georgetown, OH 45121

To the Board of Education:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of **Southern Hills Joint Vocational School District**, Brown County, Ohio (School District), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the School District’s basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Southern Hills Joint Vocational School District, Brown County, Ohio as of June 30, 2023, and the respective changes in financial position and budgetary comparison for the General Fund for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the School District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School District’s ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *management's discussion and analysis* and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 22, 2023, on our consideration of the School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

Southern Hills Joint Vocational School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2023
Unaudited

The discussion and analysis of Southern Hills Joint Vocational School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2023. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the transmittal letter, the basic financial statements and the notes to the basic financial statements to enhance their understanding of the School District's financial performance.

Financial Highlights

- The School District's Net Position increased \$2,178,290.
- The School District's net pension liability increased \$2,621,753 due to an increase in both the net pension liabilities for both SERS and STRS, thus causing the net pension liability to increase for the School District as well.

Using the Basic Financial Statements

This report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Southern Hills Joint Vocational School District as a financial whole, an entire operating entity.

The Statement of Net Position and the Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental activities, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's major funds with all other nonmajor funds presented in total in one column. The major funds for the Southern Hills Joint Vocational School District are the General Fund and the Permanent Improvement Capital Projects Fund.

Reporting the School District as a Whole

One of the most important questions asked about the School District is "How did we do financially during fiscal year 2023?" The Statement of Net Position and the Statement of Activities, which appear first in the School District's financial statements, report information on the School District as a whole and its activities in a way that helps answer this question. These statements include all assets and deferred outflows of resources and liabilities and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current fiscal year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net position and changes in net position. This change in net position is important because it tells the reader that, for the School District as a whole, the financial position of the School District has improved or diminished. However, the School District's goal is to provide services to students, not to generate profits as commercial entities do.

Southern Hills Joint Vocational School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2023
Unaudited

One must consider many other non-financial factors, such as the School District's property tax base, current property tax laws in Ohio restricting revenue growth, required educational programs and other factors.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The analysis of the School District's major funds begins on page 9. Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's major funds.

Governmental Funds – Most of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at fiscal year-end available for spending in future periods. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial assets* that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the School District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or difference) between governmental *activities* (reported in the Statement of Net Position and the Statement of Activities) and governmental *funds* is reconciled in the financial statements.

The School District as a Whole

Recall that the Statement of Net Position provides the perspective of the School District as a whole. Table 1 provides a summary of the School District's net position for fiscal years 2023 and 2022:

(Table 1)
Net Position

	Governmental Activities		
	2023	2022	Change
Assets			
Current and Other Assets	\$18,998,887	\$16,401,705	\$2,597,182

Unrestricted	3,290,655	1,496,131	1,794,524
Total Net Position	\$21,208,915	\$19,030,625	\$2,178,290

The net pension liability (NPL) is the largest single liability reported by the School District at June 30, 2023. GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the “employment exchange” – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the School District is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution

Southern Hills Joint Vocational School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2023
Unaudited

rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

Current and Other Assets increased \$2,597,182, due mainly to an increase in cash and cash equivalents related to an increase in intergovernmental revenue during the fiscal year. Capital Assets, Net decreased \$684,695, due to depreciation and deletions exceeding additions during the fiscal year.

Total liabilities increased \$2,069,818. Net Pension Liability increased \$2,621,753 due to an increase in both the net pension liabilities for both SERS and STRS, thus causing the net pension liability to increase for the School District as well. The School District's deferred inflows of resources decreased \$2,438,523, primarily due to the change in the net difference between projected and annual earnings on pension plan investments compared to the prior fiscal year.

Unrestricted Net Position had an increase of \$1,794,524 and this increase was mainly due to an increase in cash from State foundation caused by the new formula funding.

In order to further understand what makes up the changes in net position for the current year, the following table gives readers further details regarding the results of activities for 2023 and 2022.

Governmental Activities

Grants and Entitlements made up 50 percent of general revenues for governmental activities of the Southern Hills Joint Vocational School District for fiscal year 2023. It is very common for these monies to make up the majority of revenues in low property wealth districts that rely on State revenue to support its daily operations.

Southern Hills Joint Vocational School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2023
Unaudited

The decrease in program revenues was \$103,608 from the prior fiscal year. Charges for Services and Sales decreased due to tuition and fees revenue decreasing due to adult continuing education now going through Brown and Clermont Adult Career Campuses instead of the School District.

As should be expected, instruction costs represent the largest of the School District's expenses for fiscal year 2023. Overall, expenses increased \$783,724 from fiscal year 2022. This increase is mainly the result of an increase in pension expense associated with the significant increase the net pension liability compared to the prior fiscal year along with a significant decrease in deferred inflows associated with the net difference between projected and actual earnings on pension plan investments, especially the decrease associated with STRS.

The School District's Funds

Information about the School District's major funds starts on page 13. These funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$11,090,529 and expenditures of \$8,603,988. The General Fund had an increase of \$2,017,223, mainly due to an increase in intergovernmental revenue. The Permanent Improvement Capital Projects Fund had an increase of \$504,719 mainly due to an increase in investment earnings during the fiscal year as well as the School District paying off debt.

General Fund - Budget Highlights

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

During the course of fiscal year 2023, the School District revised its budget as it attempted to deal with unexpected changes in revenues and expenditures. A summary of the General Fund original and final budgeted amounts is listed on page 15, as well as the actual amounts. A variance comparison is presented between the final budgeted amount and the actual amounts.

For the General Fund, the original budget basis revenues were \$8,052,398, with a final budget estimate of \$8,064,398, a difference of \$12,000. There was a \$827,241 variance between the final budget and actual budget basis revenues mainly due to an increase in intergovernmental revenue.

Original budget basis expenditures and carryover encumbrances for the General Fund were \$7,651,227 and final budget basis expenditures and carryover encumbrances were \$7,835,727, a difference of \$184,500. The increase in estimated expenditures was primarily related to an increase in Operation and Maintenance of Plant. Final actual expenditures fell below the final budgeted expenditures by \$716,829 mainly due to a decrease in Vocational Instruction expenditures. The decreases are mainly due to the School District budgeting conservatively.

The School District's ending unobligated cash balance in the General Fund was \$1,580,767 above the final budgeted amount.

Southern Hills Joint Vocational School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2023
Unaudited

Capital Assets

At the end of fiscal year 2023, the School District had \$11,936,700 invested in capital assets, net of depreciation. Capital Assets decreased \$684,695 from the prior fiscal year. This was due to depreciation exceeding additions during the fiscal year. For more information on Capital Assets, refer to the notes to the basic financial statements (Note 8).

Debt

At June 30, 2023, the School District had no notes outstanding or financed purchase payable.

For more information on Debt, refer to the notes to the basic financial statements (Note 13).

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have any questions about this report or need additional information, contact Kari Barnes, Treasurer at Southern Hills Joint Vocational School District, 9193 Hamer Road, Georgetown, Ohio 45121 or e-mail at kari.barnes@shctc.us.

Southern Hills Joint Vocational School District
*Reconciliation of Total Governmental Fund Balances to
 Net Position of Governmental Activities
 June 30, 2023*

Total Governmental Fund Balances \$15,783,589

***Amounts reported for governmental activities in the
 Statement of Net Position are different because:***

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. These assets consist of:

Land	339,053	
Depreciable capital assets	27,952,497	
Accumulated depreciation	<u>(16,354,850)</u>	
Total		11,936,700

Some of the School District's revenues will be collected after fiscal year-end, but are not available soon enough to pay for the current period's expenditures and therefore are reported as unavailable revenue in the funds.

Property taxes	172,081	
Intergovernmental	7,270	
Interest	<u>21,730</u>	
Total		201,081

The net pension liability and net OPEB liability (asset) are not due and payable in the current period; therefore, the liabilities (asset) and related deferred inflows/outflows are not reported in governmental funds:

Net OPEB asset	602,822	
Deferred outflows - pension	1,651,040	
Deferred outflows - OPEB	134,290	
Net pension liability	(6,609,586)	
Net OPEB liability	(343,910)	
Deferred inflows - pension	(717,225)	
Deferred inflows - OPEB	<u>(954,002)</u>	
Total		(6,236,571)

Some liabilities are not due and payable in the current period and therefore are not reported in the funds. Those liabilities consist of:

Compensated absences	<u>(475,884)</u>
----------------------	------------------

Net Position of Governmental Activities \$21,208,915

See accompanying notes to the basic financial statements

Southern Hills Joint Vocational School District
*Reconciliation of the Statement of Revenues, Expenditures
and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the Fiscal Year Ended June 30, 2023*

Net Change in Fund Balances - Total Governmental Funds \$2,503,381

**Amounts reported for governmental activities in the
Statement of Activities are different because:**

Capital outlays are reported as expenditures in governmental funds. However, in the Statement of Activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are:

Capital assets additions	264,578	
Depreciation expense	(896,518)	
		(631,940)
Excess of depreciation expense over capital outlay		

The proceeds from the sale of capital assets are reported as revenue in the governmental funds. However, the cost of the capital assets are removed from the capital assets account in the Statement of Net Position and offset against the sale of capital assets resulting in a gain or loss on the sale of capital assets in the Statement of Activities.

Proceeds from sale of capital assets	(16,840)	
Loss on sale and disposal of capital assets	(35,915)	
		(52,755)
Total		

Because some revenues will not be collected for several months after the School District's fiscal year ends, they are not considered "available" revenues and are deferred in the governmental funds.

Delinquent property taxes	(7,285)	
Intergovernmental	850	
Interest	14,278	
		7,843
Total		

Contractually required contributions are reported as expenditures in governmental funds; however, the Statement of Net Position reports these amounts as deferred outflows.

Pension	571,816	
OPEB	2,007	
		573,823
Total		

Except for amounts reported as deferred inflows/outflows, changes in the net pension/OPEB liabilities (asset) are reported as pension expense in Statement of Activities.

Pension	(806,541)	
OPEB	137,302	
		(669,239)
Total		

Repayment of long-term debt is reported as an expenditure in governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. In the current fiscal year, these amounts consist of:

Financed Purchase Payment	312,303	
Tax anticipation note principal payment	100,373	
		412,676
Total long-term debt repayment		

Accrued interest payable on the notes and lease are not reported in the funds, but are allocated as an expense over the life of the debt in the Statement of Activities.

Decrease in accrued interest	23,764	
------------------------------	--------	--

Some items reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. These activities consist of:

Decrease in compensated absences payable	10,737	

Change in Net Position of Governmental Activities \$2,178,290

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

Note 1 – Description of the School District and Reporting Entity

The Southern Hills Joint Vocational School District (the “School District”) is a distinct political subdivision of the State of Ohio operated under the direction of a seven-member Board of Education. The Board of Education is not directly elected. The Board of Education is comprised of members of other elected boards who, by charter, also serve as board members of the Southern Hills Joint Vocational School. The School District provides educational services as authorized by State statute and federal guidelines.

A board member is appointed by each local board of education within the Joint Vocational School District. The Board is appointed by the boards of Georgetown Exempted Village School District and Western Brown, Eastern, Fayetteville Perry and Ripley Union Lewis Huntington Local School Districts. Bright Local School District has assigned their appointment to the Southern Ohio Educational Service Center. The Brown County Educational Service Center makes the final appointment to the Board. The School District is responsible for levying taxes, approving its own budget, appointing personnel, and accounting and finance related activities.

The School District, located in Brown County, was established in 1970 and includes all of Brown County and the Bright Local School District in Highland County. The School District serves an area of approximately 634 square miles. It is staffed by 17 non-certificated and 42 certificated teaching personnel and administrative employees providing education to 1,316 secondary students. Secondary students include the full-time equivalents of home schooled students and students attending programs offered outside the central building. These students are not included as full-time students in the School District’s average daily membership.

Reporting Entity

The School District is a jointly governed organization, legally separate from other organizations. None of the school districts that appoint Board members are financially accountable for the School District.

The reporting entity is comprised of the jointly governed organization, component units, and other organizations that are included to ensure that the financial statements are not misleading. The jointly governed organization of the School District consists of all funds, departments, boards and agencies that are not legally separate from the School District. For Southern Hills Joint Vocational School District, this includes general operations, food service, continuing education and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization’s governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization’s resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt, or the levying of taxes, and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the School District. The School District has no component units.

The School District participates in three organizations, one of which is defined as a jointly governed organization, one as an insurance purchasing pool, and one as a public entity shared risk and insurance purchasing pool. These organizations are presented in Notes 15 and 16 to the basic financial statements. These organizations are:

Jointly Governed Organization:

Hamilton/Clermont Cooperative

Insurance Purchasing Pool:

Ohio SchoolComp Workers' Compensation Group Rating Plan

Public Entity Shared Risk and Insurance Purchasing Pool:

Brown County Schools Benefits Consortium

Note 2 – Summary of Significant Accounting Policies

The financial statements of the Southern Hills Joint Vocational School District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the School District's accounting policies are described below.

Basis of Presentation

The School District's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the School District as a whole. These statements include the financial activities of the School District, except for fiduciary funds. The government-wide financial statements usually distinguish between those activities of the School District that are governmental and those that are considered business-type activities; however, the School District has no business-type activities.

The Statement of Net Position presents the financial condition of the governmental activities of the School District at fiscal year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the School District.

Fund Financial Statements

During the fiscal year, the School District segregates transactions related to certain School District functions or activities into separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type, however the School District has no fiduciary funds.

Fund Accounting

The School District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The School District only has governmental funds.

Governmental Funds

Governmental funds are those through which most governmental functions of the School District are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities and deferred inflows of resources is reported as fund balance. The following are the School District's major governmental funds:

General Fund – The General Fund is the operating fund of the School District and is used to account for and report all financial resources not accounted for and reported in another fund. The General Fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Permanent Improvement Fund – This fund accounts for and reports property tax revenues restricted to acquiring, constructing, or improving capital assets.

The nonmajor governmental funds of the School District account for grants and other resources whose use is restricted to a particular purpose.

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

Measurement Focus

Government-wide Financial Statements

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and deferred outflows of resources and liabilities and deferred inflows of resources associated with the operation of the School District are included on the Statement of Net Position. The Statement of Activities reports increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities and deferred inflows of resources generally are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting; proprietary and fiduciary funds also use the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows/outflows of resources, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. “Measurable” means that the amount of the transaction can be determined and “available” means that the resources will be collected within the current fiscal year, or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within 60 days of fiscal year-end.

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (see Note 6). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available for advance, grants, interest, and miscellaneous.

Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net assets that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the School District, deferred outflows of resources are reported on the government-wide statement of net position for pension and OPEB plans. The deferred outflows of resources related to pension and OPEB plans are explained in Note 10 and 11.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the School District, deferred inflows of resources include property taxes, pension, OPEB, leases and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of June 30, 2023, but which were levied to finance fiscal year 2024 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and the governmental fund financial statements. The deferred inflow for leases is related to the lease receivable and is being recognized as lease revenue in a systematic and rational manner over the term of the lease. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the School District unavailable revenue includes delinquent property taxes, intergovernmental grants, and interest. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. The details of these unavailable revenues are identified on the Reconciliation of Total Governmental Fund Balance to Net Position of Governmental Activities found on page 12. Deferred inflows of resources related to pension and OPEB plans are reported on the government-wide statement of net position (See Note 10 and 11).

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

Cash and Cash Equivalents

To improve cash management, all cash received by the School District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through School District records. Interest in the pool is presented as “Equity in Pooled Cash and Cash Equivalents”.

During fiscal year 2023, the School District’s investments were limited to STAR Ohio, Commercial Paper, Money Market Mutual Funds, Federal agency securities, and negotiable certificates of deposit. Investments, except for STAR Ohio and Commercial Paper, are reported at fair value which is based on quoted market prices. For investments in open-end mutual funds, the fair value is determined by the fund’s current share price. The School District’s commercial paper is measured at amortized cost as it is a highly liquid debt instrument with a remaining maturity at the time of purchase less than one year.

STAR Ohio (the State Treasury Asset Reserve of Ohio), is an investment pool managed by the State Treasurer’s Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, “Certain External Investment Pools and Pool Participants.” The School District measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

For the fiscal year 2023, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, 24 hours advance notice for deposits and withdrawals of \$100 million or more is appreciated. STAR Ohio reserves the right to limit the transaction to \$250 million per day.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Investment earnings credited to the General Fund during fiscal year 2023 amounted to \$17,811, none of which was assigned from other funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as cash equivalents.

Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors or laws of other governments or imposed by law through constitutional provisions. Restricted assets in the General Fund include amounts required by statute to be set-aside by the School District for budget stabilization.

Southern Hills Joint Vocational School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2023

Interfund Balances

On fund financial statements, outstanding interfund loans are reported as “Interfund Receivable” and “Interfund Payable”. Long-term interfund loan receivables are reported as “Advances to Other Funds” or “Advances from Other Funds” and are classified as nonspendable fund balance which indicate that they are not in spendable form even though it is a component of net position. These amounts are eliminated in the Statement of Net Position.

Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2023, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the fiscal year in which services are consumed.

Inventory

Materials and supplies inventory is reported at cost, while inventory held for resale is presented at the lower of cost or market value, and donated commodities are presented at their entitlement value. Inventories are presented on a first-in, first-out basis and are expended/expensed when used. Inventories consist of materials and supplies held for consumption and donated and purchased food held for resale.

Capital Assets

The School District’s only capital assets are general capital assets. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements.

Capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the fiscal year. Donated capital assets are recorded at their acquisition values as of the date received. The School District maintains a capitalization threshold of \$1,000 for furniture, equipment, and vehicles. The capitalization threshold for land and buildings is zero dollars. The School District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset’s life are not capitalized.

All reported capital assets, except land, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

<u>Description</u>	<u>Estimated Lives</u>
Land Improvements	15 years
Buildings and Improvements	20 - 50 years
Furniture and Equipment	8 - 10 years
Vehicles	10 years
Textbooks	5 years

Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the School District will compensate the employees for the benefits through paid time off or some other means. The School District records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the School District has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at fiscal year-end, taking into consideration any limits specified in the School District's termination policy. The School District records a liability for accumulated unused sick leave for employees with at least 10 years of service for all positions.

On the governmental fund financial statements, compensated absences are recognized as a liability and expenditures to the extent that payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "Matured Compensated Absences Payable" in the fund from which the employees will be paid.

The entire compensated absences liability is reported on the government-wide financial statements.

Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current fiscal year. Net pension/OPEB liability should be recognized in the governmental funds to the extent that benefit payments are due and payable and the pension/OPEB plan's fiduciary net position is not sufficient for payment of those benefits. The tax anticipation note and the financed purchase that will be paid from governmental funds are recognized as an expenditure and liability on the governmental fund financial statements when due.

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

Leases

The School District serves as both lessor in various noncancellable leases which are accounted for as follows:

Lessor At the commencement of a lease, the School District initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the School is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of interfund loans.

Restricted Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, laws or regulations of other governments or is imposed by law through constitutional provisions.

Committed The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the School District Board of Education. Those committed amounts cannot be used for any other purpose unless the School District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance incorporates termination benefits to the extent that existing resources in the fund have been specifically committed for use in satisfying those requirements. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

Assigned Amounts in the assigned fund balance classification are intended to be used by the School District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. The amounts are assigned by the School District Board of Education. In the General Fund, assigned amounts represent intended uses established by the School District Board of Education or a School District official delegated that authority by resolution or by a State statute. State Statute authorizes the Treasurer to assign fund balances for purchases on order provided such amounts have been lawfully appropriated.

Unassigned Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit fund balance.

The School District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net Position

Net Position represents the difference between all other elements in a statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net position restricted for other purposes include resources restricted for food service operations, music and athletic programs, student activities, and federal and State grants. Restricted assets in the enterprise fund represents amounts held in trust by the pension and OPEB plans for future benefits.

The School District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available. Restricted Net Position for Pension and OPEB plans represent the corresponding restricted asset amounts after considering the related deferred outflows and deferred inflows.

Internal Activity

Transfers within governmental activities are eliminated on the government-wide financial statements.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers and are eliminated from the Statement of Activities. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Southern Hills Joint Vocational School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2023

Budgetary Process

All funds are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution and the certificate of estimated resources, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of budgetary control has been established by the Board of Education at the fund level. Any budgetary modifications at this level may only be made by resolution of the Board of Education. The Treasurer has been authorized to allocate Board appropriations to the function and object level within each fund.

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts reflect the amounts in the amended certificate in effect at the time the final appropriations were passed.

The appropriations resolution is subject to amendment by the Board throughout the fiscal year with the restriction that appropriations may not exceed estimated revenues. The amounts reported as the original budgeted amounts in the budgetary statements reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board of Education during the fiscal year, including all supplemental appropriations.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 3 – Change in Accounting Principles

For fiscal year 2023, the School District implemented Governmental Accounting Standards Board (GASB) No. 91, Conduit Debt Obligations, Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements, GASB Statement No. 96, Subscription-Based Information Technology Arrangements, and GASB Statement No. 99, Omnibus 2022.

GASB 91 clarifies the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The School District did not have any debt that met the definition of conduit debt.

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

GASB Statement 94 improves financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). The School District did not have any arrangements that met the GASB 94 definition of a PPP or an APA.

GASB Statement 96 provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). The School District did not have any long-term contracts that met the GASB 96 definition of a SBITA.

GASB Statement 99 addresses various issues including items related to leases, PPPs, and SBITAs. The requirements related to PPPs and SBITAs were incorporated with the corresponding GASB 94 and GASB 96 changes identified above.

Note 4 – Budgetary Basis of Accounting

While the School District is reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balance - Budget (Non-GAAP Basis) and Actual for the General Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budget basis and GAAP basis are that:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Advances In and Advances Out are operating transactions (budget basis) as opposed to Balance Sheet transactions (GAAP basis).
4. Encumbrances are treated as expenditures (budget basis) rather than as restricted, committed or assigned fund balance (GAAP basis).

The following table summarizes the adjustments necessary to reconcile the GAAP and budgetary basis statements for the General Fund.

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

Net Change in Fund Balance	
	General Fund
GAAP Basis	\$2,017,223
Adjustments:	
Revenue Accruals	(97,194)
Expenditure Accruals	16,201
Advances	4,000
Encumbrances	(153,124)
Budget Basis	\$1,787,106

Note 5 – Deposits and Investments

Monies held by the School District are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the School District treasury. Active monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Protection of the School District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Interim monies held by the School District can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio, and with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio, if training requirements have been met;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio); and
8. Certain bankers' acceptances (for a period not to exceed one hundred eighty days) and commercial paper notes (for a period not to exceed two hundred seventy days) in an amount not to exceed 40 percent of the interim monies available for investment at any one time if training requirements have been met. The investment in commercial paper notes of a single issuer shall not exceed in the aggregate five percent of interim moneys available for investment at the time of purchase.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Except as noted above, an investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the School District, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Southern Hills Joint Vocational School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2023

Investments

Investments are reported at fair value. As of June 30, 2023, the School District had the following investments:

<u>Mesurement/Investment</u>	<u>Measurement Amount</u>	<u>Maturity</u>	<u>Standard & Poor's Rating</u>	<u>Percent of Total Investment</u>
Net Asset Value per Share:				
STAR Ohio	<u>\$3,761,590</u>	Less than one year	AAAm	N/A
Amortized Cost:				
Commercial Paper	<u>579,137</u>	Less than one year	A1	N/A
Fair Value - Level One Inputs:				
Money Market Mutual Fund	<u>8,282</u>	Less than one year	AAAm	N/A
Fair Value - Level Two Inputs:				
Federal Home Loan Bank Bonds	248,745	Less than one year	AA+	N/A
Negotiable Certificate of Deposits	<u>7,100,884</u>	Less than four years	N/A	60.70%
Total Fair Value - Level Two Inputs	<u>7,349,629</u>			
Total Investments	<u><u>\$11,698,638</u></u>			

The School District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The above chart identifies the School District's recurring fair value measurements as of June 30, 2023. The Money Market Mutual Fund is measured at fair value and is valued using quoted market prices (Level 1 Inputs). The School District's remaining investments measured at fair value are valued using methodologies that incorporate market inputs such as benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers and reference data including market research publications. Market indicators and industry and economic events are also monitored, which could require the need to acquire further market data. (Level 2 inputs).

Interest Rate Risk

The School District has no investment policy beyond State statute that addresses interest rate risk. State statute requires that an investment mature within five years from the date of purchase, unless matched to a specific obligation or debt of the School District, and that an investment must be purchased with the expectation that it will be held to maturity.

Southern Hills Joint Vocational School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2023

Credit Risk

The Standard and Poor's or Moody's rating of the School District's investments is listed in the table above. STAR Ohio is permitted by Ohio Revised Code Section 135.45. Ohio law requires that STAROhio maintain the highest rating provided by at least one nationally recognized standard rating service and that the money market mutual funds be rated in the highest category at the time of purchase by at least one nationally recognized rating service. The negotiable certificates of deposit are in denominations of under \$250,000 each, in separate banks, and are insured by the Federal Deposit Insurance Corporation (FDIC). The negotiable certificates of deposit are, therefore, not subject to credit risk. The School District has no investment policy that addresses credit risk.

Concentration of Credit Risk

The School District places no limit on the amount it may invest in any one issuer. The percentage that each investment represents of the total investments is listed in the table preceding.

Note 6 – Property Taxes

Property taxes are levied and assessed on a calendar year basis while the School District's fiscal year runs from July through June. First half tax collections are received by the School District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real and public utility property located in the School District. Real property tax revenue received in calendar year 2023 represents collections of calendar year 2022 taxes. Real property taxes received in calendar year 2023 were levied after April 1, 2022, on the assessed value listed as of January 1, 2022, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar year 2023 represents collections of calendar year 2022 taxes. Public utility real and tangible personal property taxes received in calendar year 2023 became a lien December 31, 2021, were levied after April 1, 2022 and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

The School District receives property taxes from Brown, Highland, Adams, Clinton, and Clermont Counties. The Brown County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2023, are available to finance fiscal year 2023 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

Accrued property taxes receivable includes real property and public utility property taxes that are measurable as of June 30, 2023 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows of resources – property taxes.

The amounts available as an advance at June 30, 2023, were \$765,980 in the General Fund and \$221,970 in the Permanent Improvement Capital Projects Fund. The amounts available as an advance at June 30, 2022, were \$663,776 in the General Fund and \$212,371 in the Permanent Improvement Capital Projects Fund.

On an accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis the revenue has been reported as deferred inflows of resources – unavailable revenue.

The assessed values upon which fiscal year 2023 taxes were collected are:

	<u>2022 First- Half Collections</u>		<u>2023 First- Half Collections</u>	
	<u>Amount</u>	<u>Percent</u>	<u>Amount</u>	<u>Percent</u>
Real Estate	\$921,882,850	93.75%	\$1,089,761,870	83.58%
Public Utility Personal	61,477,370	6.25%	214,069,750	16.42%
Total Assessed Value	<u>\$983,360,220</u>	<u>100.00%</u>	<u>\$1,303,831,620</u>	<u>100.00%</u>
Tax rate per \$1,000 of assessed	\$6.40		\$6.40	

Note 7 – Receivables

Receivables at June 30, 2023, consisted of property taxes, lease, interest, intergovernmental grants, and interfund. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current fiscal year guarantee of federal funds. All receivables, except delinquent property taxes and leases, are expected to be collected within one year. Property taxes, although ultimately collectible, include some portion of delinquents that will not be collected within one year.

A summary of the principal items of intergovernmental receivables follows:

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

	<u>Amount</u>
<u>Governmental Activities:</u>	
State Foundation Adjustment	\$974
High Schools that Work Grant	3,998
Governor's Emergency Education Relief Grant	31,084
Carl D. Perkins Grant	38,473
Total Intergovernmental Receivables	<u><u>\$74,529</u></u>

Lease

The School District is reporting a lease receivable of \$417,397 in the general fund at June 30, 2023. These amounts represent the discounted future lease payments. This discount is being amortized using the interest method. For 2023, the School District recognized lease revenue of \$51,023 and interest revenue of \$17,811 in the general fund. A description of the School District's leasing arrangement is as follows:

Building Office Space – The School District has entered into a lease agreement for building office space with the Brown County Educational Service Center. The payments are made monthly and the lease term ends June 2029.

A summary of future lease revenue is as follows:

	<u>General</u>	
<u>Year</u>	<u>Principal</u>	<u>Interest</u>
2024	\$50,485	\$13,287
2025	60,583	12,465
2026	66,561	10,140
2027	72,948	7,588
2028	79,769	4,794
2029	87,051	1,742
	<u><u>\$417,397</u></u>	<u><u>\$50,016</u></u>

Note 8 – Capital Assets

Capital assets activity for the fiscal year ended June 30, 2023, was as follows:

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

	Ending Balance 6/30/2022	Additions	Deletions	Ending Balance 6/30/2023

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

Note 9 – Risk Management

Property and Liability

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2023, the School District contracted with Ohio School Plan for general liability insurance with a \$7,000,000 single occurrence limit and a \$9,000,000 aggregate. Property is protected by Ohio School Plan and holds a \$1,000 deductible with a \$33,851,000 limit. The School District's vehicles are covered by Ohio School Plan under a business policy and hold a \$1,000 deductible for buses and a \$500 deductible for all other vehicles for comprehensive and collision with a \$7,000,000 limit on any accident. School Board errors and omissions coverage is provided by Ohio School Plan and has a \$7,000,000 general liability and a \$9,000,000 aggregate limit with a \$2,500 deductible.

Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. There has been no significant change in coverage from the prior fiscal year.

Workers' Compensation

For fiscal year 2023, the School District participated in the Ohio SchoolComp Workers' Compensation Group Rating Plan (GRP), an insurance purchasing pool (Note 15). The intent of the GRP is to achieve the benefit of a reduce premium for the School District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participants is calculated as one experience and a common premium rate is applied to all participants in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Participation in the GRP is limited to participants that can meet the GRP's selection criteria. The firm of CompManagement, Inc. provides administrative, cost control and actuarial services to the GRP. Each year, the School District pays an enrollment fee to the GRP to cover the costs of administering the program.

Employee Medical and Dental Benefits

The School District participates in the Brown County Schools Benefits Consortium (the Consortium), a public entity shared risk and insurance purchasing pool (Note 16) consisting of nine districts. The Consortium has elected to have United Healthcare provide medical coverage purchased as a group through the Consortium. Dental coverage is being provided through a shared risk pool based on member districts' number of employees. The School District is responsible for providing a current listing of enrolled employees and for providing timely pro-rata payments of premiums to the Consortium for employee health coverage and dental benefits. The Consortium is responsible for the management and operations of the program. Upon termination from the Consortium, for any reason, the terminated member relinquishes their portion of equity in the Consortium's cash pool.

Note 10 – Defined Benefit Pension Plans

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

Net Pension Liability/Net OPEB Liability

The net pension liability and the net OPEB liability (asset) reported on the statement of net position represent liabilities to employees for pensions and OPEB, respectively. Pensions/OPEB are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions/OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension/OPEB liability (asset) represents the School District’s proportionate share of each pension/OPEB plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan’s fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the School District’s obligation for this liability to annually required payments. The School District cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the School District does receive the benefit of employees’ services in exchange for compensation including pension and OPEB.

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system’s board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients.

The proportionate share of each plan’s unfunded benefits is presented as a *net OPEB asset* or long-term *net pension/OPEB liability* on the accrual basis of accounting. Any liability for the contractually-required pension/OPEB contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting. The remainder of this note includes the required pension disclosures. See Note 11 for the required OPEB disclosures.

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

Plan Description - School Employees Retirement System (SERS)

Plan Description – School District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS’ fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire on or after August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

* Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost of living adjustment (COLA) on the first anniversary date of the benefit. New benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. The COLA is indexed to the percentage increase in the CPI-W, not to exceed 2.5 percent and with a floor of 0 percent. A three-year COLA suspension was in effect for all benefit recipients for the years 2018, 2019, and 2020. The Retirement Board approved a 2.5 percent COLA for calendar year 2023.

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS’ Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System’s funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2023, the allocation to pension, death benefits, and Medicare B was 14.0 percent. For fiscal year 2023, the Retirement Board did not allocate any employer contribution to the Health Care Fund.

Southern Hills Joint Vocational School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2023

The School District's contractually required contribution to SERS was \$127,356 for fiscal year 2023, none of which is reported as an intergovernmental payable.

Plan Description - State Teachers Retirement System (STRS)

Plan Description – School District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple employer public employee system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. In April 2017, the Retirement Board made the decision to reduce COLA granted on or after July 1, 2017, to 0 percent upon a determination by its actuary that it was necessary to preserve the fiscal integrity of the retirement system. Benefit recipients' base benefit and past cost-of-living increases are not affected by this change. Effective July 1, 2022, an ad-hoc COLA of 3 percent of the base benefit was granted to eligible benefit recipients to begin on the anniversary of their retirement benefit in fiscal year 2023 as long as they retired prior to July 1, 2018. Eligibility changes will be phased in until August 1, 2023, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 35 years of service credit and at least age 60.

Eligibility changes for DB Plan members who retire with actuarially reduced benefits will be phased in until August 1, 2023, when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit regardless of age.

The DC Plan allows members to place all their member contributions and 9.53 percent of the 14 percent employer contributions into an investment account. The member determines how to allocate the member and employer money among various investment choices offered by STRS. The remaining 4.47 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12 percent of the 14 percent member rate is deposited into the member's DC account and the remaining 2 percent is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular

Southern Hills Joint Vocational School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2023

DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age fifty and after termination of employment.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The 2023 employer and employee contribution rate of 14 percent was equal to the statutory maximum rates. For 2023, the full employer contribution was allocated to pension.

The School District's contractually required contribution to STRS was \$444,460 for fiscal year 2023. Of this amount, \$85,552 is reported as an intergovernmental payable.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The School District's proportion of the net pension liability was based on the School District's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

Southern Hills Joint Vocational School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2023

	SERS	STRS	Total
Proportion of the Net Pension Liability:			
Current Measurement Date	0.02651600%	0.023280980%	
Prior Measurement Date	0.02795070%	0.023123396%	
Change in Proportionate Share	<u>(0.00143470%)</u>	<u>-(0.00015758%)</u>	
Proportionate Share of the Net			
Pension Liability	\$1,434,193	\$5,175,393	\$6,609,586
Pension Expense	\$66,624	\$739,917	\$806,541

At June 30, 2023, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	SERS	STRS	Total
Deferred Outflows of Resources:			
Differences between expected and actual experience	\$58,086	\$66,252	\$124,338
Changes of assumptions	14,151	619,339	633,490
Net difference between projected and actual earnings on pension plan investments	0	180,092	180,092
Changes in proportionate share and difference between School District contributions and proportionate share of contributions	10,661	130,643	141,304
School District contributions subsequent to the measurement date	127,356	444,460	571,816
Total Deferred Outflows of Resources	<u>\$210,254</u>	<u>\$1,440,786</u>	<u>\$1,651,040</u>
Deferred Inflows of Resources:			
Differences between expected and actual experience	\$9,415	\$19,798	\$29,213
Changes of assumptions	0	466,184	466,184
Net difference between projected and actual earnings on pension plan investments	50,047	0	50,047
Changes in proportionate share and difference between School District contributions and proportionate share of contributions	53,605	118,176	171,781
Total Deferred Inflows of Resources	<u>\$113,067</u>	<u>\$604,158</u>	<u>\$717,225</u>

\$571,816 reported as deferred outflows of resources related to pension resulting from School District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

	SERS	STRS	Total
Fiscal Year Ending June 30:			
2024	(\$10,619)	\$92,014	\$81,395
2025	(31,225)	(45,944)	(77,169)

2027	83,168	524,869	608,037
Total	(\$30,169)	\$392,168	\$361,999

Actuarial Assumptions - SERS

SERS’ total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee’s entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2022, are presented below:

	June 30, 2022
Inflation	2.4 percent
Future Salary Increases, including inflation COLA or Ad Hoc COLA	3.25 percent to 13.58 percent 2.0 percent, on or after April 1, 2018, COLAs for future retirees will be delayed for three years following commencement
Investment Rate of Return	7.00 percent net of System expenses
Actuarial Cost Method	Entry Age Normal (Level Percent of Payroll)

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

Mortality rates were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

The most recent experience study was completed for the five year period ended June 30, 2020.

The long-term return expectation for the Pension Plan Investments has been determined by using a building-block approach and assumes a time horizon, as defined in SERS' Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating an arithmetic weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes.

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash	2.00 %	(0.45) %
US Equity	24.75	5.37
Non-US Equity Developed	13.50	6.22
Non-US Equity Emerging	6.75	8.22
Fixed Income/Global Bonds	19.00	1.20
Private Equity	11.00	10.05
Real Estate/Real Assets	16.00	4.87
Multi-Asset Strategy	4.00	3.39
Private Debt/Private Credit	3.00	5.38
Total	<u>100.00 %</u>	

Discount Rate The total pension liability for 2022 was calculated using the discount rate of 7.00 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.00 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

the discount rate of 7.00 percent, as well as what each plan’s net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent), or one percentage point higher (8.00 percent) than the current rate.

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
School District's proportionate share of the net pension liability	\$2,111,061	\$1,434,193	\$863,938

Actuarial Assumptions - STRS

Key methods and assumptions used in the June 30, 2022, actuarial valuation are presented below:

	June 30, 2022
Inflation	2.50 percent
Salary increases	From 2.5 percent to 12.5 percent based on age
Investment Rate of Return	7.00 percent, net of investment expenses, including inflation
Discount Rate of Return	7.00 percent
Payroll Increases	3.00 percent
Cost-of-Living Adjustments (COLA)	0.0 percent, effective July 1, 2017

For 2022, post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110 percent for males, projected forward generationally using mortality improvement scale MP-2020. Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95 percent for females, projected forward generationally using mortality improvement scale MP-2020. Post-retirement disabled mortality rates are based on Pub-2010 Teachers Disable Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

For 2021, post-retirement mortality rates are based on RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates, thereafter, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2022, valuation are based on the results of an actuarial experience study for the period July 1, 2015, through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

Southern Hills Joint Vocational School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2023

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

<u>Asset Class</u>	<u>Target Allocation *</u>	<u>Long-Term Expected Rate of Return **</u>
Domestic Equity	26.00%	6.60%
International Equity	22.00	6.80
Alternatives	19.00	7.38
Fixed Income	22.00	1.75
Real Estate	10.00	5.75
Liquidity Reserves	1.00	1.00
Total	<u>100.00%</u>	

* Target allocation percentage is effective July 1, 2022. Target weights were phased in over a 3 month period concluding on October 1, 2022.

** 10 year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent, and is net of investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate The discount rate used to measure the total pension liability was 7.00 percent as of June 30, 2022. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2022. Therefore, the long-term expected rate of return on pension plan investments of 7.00 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2022.

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the School District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.00 percent, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.00 percent) or one-percentage-point higher (8.00 percent) than the current rate:

For the Fiscal Year Ended June 30, 2023

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
School District's proportionate share of the net pension liability	\$7,818,132	\$5,175,393	\$2,940,451

Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System of Ohio have an option to choose Social Security or the School Employees Retirement System. As of June 30, 2023, one member of the Board of Education have elected Social Security. The Board's liability is 6.2 percent of wages paid.

Note 11 – Defined Benefit OPEB Plans

See Note 10 for a description of the net OPEB liability.

Plan Description - School Employees Retirement System (SERS)

Health Care Plan Description - The School District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. The following types of credit purchased after January 29, 1981, do not count toward health care coverage eligibility: military, federal, out-of-state, municipal, private school, exempted, and early retirement incentive credit. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Annual Comprehensive Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Southern Hills Joint Vocational School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2023

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund in accordance with the funding policy. For fiscal year 2023, no allocation was made to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2023, this amount was \$25,000. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2023, the School District's surcharge obligation was \$2,007.

The surcharge, added to the allocated portion of the 14 percent employer contribution rate is the total amount assigned to the Health Care Fund. The School District's contractually required contribution to SERS was \$2,007 for fiscal year 2023, which is reported as an intergovernmental payable.

Plan Description – State Teachers Retirement System of Ohio (STRS)

Plan Description – The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. All benefit recipients pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2023, STRS did not allocate any employer contributions to post-employment health care.

OPEB Liability (Asset), OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability (asset) was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of that date. The School District's proportion of the net OPEB liability (asset) was based on the School District's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

Southern Hills Joint Vocational School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2023

	SERS	STRS	Total
Proportion of the Net OPEB Liability/Asset:			
Current Measurement Date	0.02449480%	0.023280980%	
Prior Measurement Date	0.02568440%	0.023123396%	
Change in Proportionate Share	<u>(0.00118960%)</u>	<u>-(0.00015758%)</u>	
Proportionate Share of the:			
Net OPEB (Asset)	\$0	(\$602,822)	(\$602,822)
Net OPEB Liability	\$343,910	\$0	\$343,910
OPEB Expense	(\$42,571)	(\$94,731)	(\$137,302)

At June 30, 2023, the School District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	SERS	STRS	Total
Deferred Outflows of Resources:			
Differences between expected and actual experience	\$2,891	\$8,739	\$11,630
Changes of assumptions	54,703	25,678	80,381
Net difference between projected and actual earnings on pension plan investments	1,787	10,494	12,281
Changes in proportionate share and difference between School District contributions and proportionate share of contributions	0	27,991	27,991
School District contributions subsequent to the measurement date	2,007	0	2,007
Total Deferred Outflows of Resources	<u>\$61,388</u>	<u>\$72,902</u>	<u>\$134,290</u>

Deferred Inflows of Resources:			
Differences between expected and actual experience	\$219,990	\$90,532	\$310,522
Changes of assumptions	141,177	427,459	568,636
Changes in proportionate share and difference between School District contributions and proportionate share of contributions	74,387	457	74,844
Total Deferred Inflows of Resources	<u>\$435,554</u>	<u>\$518,448</u>	<u>\$954,002</u>

\$2,007 reported as deferred outflows of resources related to OPEB resulting from School District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Southern Hills Joint Vocational School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2023

	SERS	STRS	Total
Fiscal Year Ending June 30:

2026	(70,318)	(62,045)	(132,363)
2027	(47,412)	(26,948)	(74,360)
2028	(33,316)	(35,314)	(68,630)
Thereafter	(53,903)	(71,387)	(125,290)
Total	(\$376,173)	(\$445,546)	(\$821,719)

Actuarial Assumptions - SERS

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2022, are presented below:

Southern Hills Joint Vocational School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2023

	June 30, 2022
Inflation	2.40 percent
Future Salary Increases, including inflation	
Wage Increases	3.25 percent to 13.58 percent
Investment Rate of Return	7.00 percent net of investment expense, including inflation
Fiduciary Net Position is Projected to be Depleted	2044
Municipal Bond Index Rate:	
Measurement Date	3.69 percent
Prior Measurement Date	1.92 percent
Single Equivalent Interest Rate, net of plan investment expense, including price inflation	
Measurement Date	4.08 percent
Prior Measurement Date	2.27 percent
Health Care Cost Trend Rate	
Medicare	5.125 to 4.40 percent
Pre-Medicare	6.75 to 4.40 percent
Medical Trend Assumption	7.00 to 4.40 percent

Mortality rates among healthy retirees were based on the PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Mortality rates for contingent survivors were based on PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.5 percent for males and adjusted 122.5 percent for females. Mortality rates for actives is based on PUB-2010 General Amount Weighted Below Median Employee mortality table.

The most recent experience study was completed for the five year period ended June 30, 2020.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2016 through 2020, and was adopted by the Board in 2021. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a long-normal distribution analysis in which best-estimate ranges of expected future real rates of return were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.00 percent, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

The SERS health care plan follows the same asset allocation and long-term expected real rate of return for each major asset class as the pension plan, see Note 10.

Discount Rate The discount rate used to measure the total OPEB liability at June 30, 2022, was 4.08 percent. The discount rate used to measure total OPEB liability prior to June 30, 2021, was 2.27 percent. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the contribution rate of 1.50 percent of projected covered payroll each year, which includes a 1.50 percent payroll surcharge and no contributions from the basic benefits plan. Based on these assumptions, the OPEB plan’s fiduciary net position was projected to become insufficient to make all projected future benefit payments of current System members by SERS actuaries. The Municipal Bond Index Rate is used in the determination of the SEIR for both the June 30, 2022, and the June 30, 2021, total OPEB liability. The Municipal Bond Index rate is the single rate that will generate a present value of benefit payments equal to the sum of the present value determined by the long-term expected rate of return, and the present value determined by discounting those benefits after the date of depletion. The Municipal Bond Index Rate is 3.69 percent at June 30, 2022, and 1.92 percent at June 30, 2021.

Sensitivity of the School District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability of SERS, what SERS' net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.08%) and higher (5.08%) than the current discount rate (4.08%). Also shown is what SERS' net OPEB liability would be based on health care cost trend rates that are 1 percentage point lower (6.00% decreasing to 3.40%) and higher (8.00% decreasing to 5.40%) than the current rate.

	1% Decrease (3.08%)	Current Discount Rate (4.08%)	1 % Increase (5.08%)
School District's proportionate share of the net OPEB liability	\$427,141	\$343,910	\$276,719
	1% Decrease (6.00% decreasing to 3.40%)	Current Trend Rate (7.00% decreasing to 4.40%)	1% Increase (8.00% decreasing to 5.40%)
School District's proportionate share of the net OPEB liability	\$265,216	\$343,910	\$446,696

Actuarial Assumptions – STRS

Key methods and assumptions used in the June 30, 2022, actuarial valuation are presented below:

Southern Hills Joint Vocational School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2023

	<u>June 30, 2022</u>	<u>June 30, 2021</u>
Projected salary increases	Varies by service from 2.5 percent to 8.5 percent	Varies by age from 2.5 percent to 12.50 percent
Investment Rate of Return	7.00 percent, net of investment expenses, including inflation	7.00 percent, net of investment expenses, including inflation
Payroll Increases	3 percent	3 percent
Discount Rate of Return	7.00 percent	7.00 percent
Health Care Cost Trends		
Medical		
Pre-Medicare	7.50 percent initial 3.94 percent ultimate	5.00 percent initial 4 percent ultimate
Medicare	-68.78 percent initial 3.94 percent ultimate	-16.18 percent initial 4 percent ultimate
Prescription Drug		
Pre-Medicare	9.00 percent initial 3.94 percent ultimate	6.50 percent initial 4 percent ultimate
Medicare	-5.47 percent initial 3.94 percent ultimate	29.98 percent initial 4 percent ultimate

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For 2022, healthy retirees post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110 percent for males, projected forward generationally using mortality improvement scale MP-2020; pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95 percent for females, projected forward generationally using mortality improvement scale MP-2020. For disabled retirees, mortality rates are based on the Pub-2010 Teachers Disabled Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

For 2021, healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2022, valuation are based on the results of an actuarial experience study for the period July 1, 2015, through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

The STRS health care plan follows the same asset allocation and long-term expected real rate of return for each major asset class as the pension plan, see Note 10.

Discount Rate The discount rate used to measure the total OPEB liability was 7.00 percent as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed STRS continues to allocate no employer contributions to the health care fund. Based on these

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2022. Therefore, the long-term expected rate of return on health care plan investments of 7.00 percent was applied to all periods of projected health care costs to determine the total OPEB liability as of June 30, 2022.

Sensitivity of the School District's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate The following table represents the net OPEB asset as of June 30, 2022, calculated using the current period discount rate assumption of 7.00 percent, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1 % Increase (8.00%)
School District's proportionate share of the net OPEB asset	(\$557,293)	(\$602,822)	(\$641,821)

	1% Decrease	Current Trend Rate	1% Increase
School District's proportionate share of the net OPEB asset	(\$625,273)	(\$602,822)	(\$574,483)

Note 12 – Employee Benefits

Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified employees earn 10 to 25 days of vacation per fiscal year, depending upon length of service. Vacation leave may be accumulated up to a maximum of 100 days. Teachers do not earn vacation time. Accumulated, unused vacation time is paid to classified employees and certified employees who earn vacation time upon termination of employment.

Teachers, administrators, and classified employees earn sick leave at the rate of one and one-fourth days per month for a total of 15 days of sick leave for each fiscal year under contract. Sick leave may be accumulated up to a maximum of 250 days for all personnel. Upon retirement, payment is made for one-fourth of accrued, but unused sick leave credit up to a maximum of 62.50 days for all personnel.

Other Employee Benefits

The School District provides life insurance and accidental death and dismemberment insurance to most employees through Metropolitan Life Insurance Company. Vision insurance is provided to the School District by Vision Service Plan.

Southern Hills Joint Vocational School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2023

Note 13 – Long-Term Obligations

The changes in the School District’s long-term obligations during fiscal year 2023 were as follows:

	Amount Outstanding 6/30/22	Additions	Deductions	Amount Outstanding 6/30/23	Amounts Due in One Year
<u>Governmental Activities:</u>					
Net Pension Liability:					
STRS	\$2,956,535	\$2,218,858	\$0	\$5,175,393	\$0
SERS	1,031,298	402,895	0	1,434,193	0
Total Net Pension Liability	<u>3,987,833</u>	<u>2,621,753</u>	<u>0</u>	<u>6,609,586</u>	<u>0</u>
Net OPEB Liability:					
SERS	<u>486,098</u>	<u>0</u>	<u>142,188</u>	<u>343,910</u>	<u>0</u>
Direct Placement:					
2014 Permanent Improvement Tax					
Anticipation Note - 2.5%	100,373	0	100,373	0	0
Financed Purchase Payable	312,303	0	312,303	0	0
Compensated Absences	<u>486,621</u>	<u>74,506</u>	<u>85,243</u>	<u>475,884</u>	<u>62,423</u>
Total Governmental Activities Long-Term Obligations	<u>\$5,373,228</u>	<u>\$2,696,259</u>	<u>\$640,107</u>	<u>\$7,429,380</u>	<u>\$62,423</u>

Permanent Improvement Tax Anticipation Note

On August 13, 2013, the School District entered into a tax anticipation note in the amount of \$2,000,000 for general ongoing permanent improvements of the School District. The note was issued for a 10 year period and matured in fiscal year 2023. The loan was retired from the Permanent Improvement Fund.

The School District pays obligations related to employee compensation from the fund benefitting from their service. Compensated absences will be paid from the General Fund. There is no repayment schedule for the net pension liability and net OPEB liability; however, employer pension and OPEB contributions are made from the General Fund. For additional information related to the net pension liability and net OPEB liability see Notes 10 and 11.

Financed Purchase

In prior years, the School District entered into a financed purchase agreement for a renovation project involving the School District building, which meets the definition of a Qualified Zone Academy. Purchase payments are reflected as debt expenditures in the fund financial statements. Principal payments made during fiscal year 2023 totaled \$312,303. The financed purchase was paid off from the Permanent Improvement Fund.

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

The School District’s overall legal debt margin was \$117,344,846, with an unvoted debt margin of \$1,303,832 at June 30, 2023.

Note 14 – Interfund Activity

Interfund Balances

Interfund balances at June 30, 2023, consist of the following individual interfund receivable and payable:

	Receivable
	<u>General Fund</u>
Payable	
Nonmajor Governmental Funds	<u><u>\$54,745</u></u>

The interfund balances are a result of negative cash balances, in these funds. General Fund advances are made to move unrestricted balances to support programs and projects accounted for in other funds. Advancing monies to other funds is necessary due to timing differences in the receiving of grant monies. When the monies are finally received, the grant fund will use these restricted monies to reimburse the General Fund for the initial advance.

Advances To/From Other Funds

As of June 30, 2023, receivables and payables that resulted from various long-term advances were as follows:

	Advances From
	<u>General Fund</u>
Advances To	
Nonmajor Governmental Funds	<u><u>\$200,000</u></u>

The advance from the General Fund to the Nonmajor Governmental Funds was made to cover expenditures for which the School District is awaiting reimbursement from the Ohio School Facilities Commission and to move monies needed to pay for supplies. The General Fund will be reimbursed when the monies are received or when balances become available.

Note 15 – Jointly Governed Organization and Insurance Purchasing Pool

Hamilton/Clermont Cooperative

The School District is a participant in a two county Council of Governments that operates the Hamilton/Clermont Cooperative (H/CC). H/CC is an association of public districts in a geographic area determined by the Ohio Department of Education. The organization was formed for the

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member districts. The Board of H/CC consists of one representative from each of the participating members. The School District paid \$17,662 for services provided during the fiscal year. The Board exercises total control over the operations of the Association including budgeting, appropriating, contracting and designating management. Each School District's degree of control is limited to its representation on the Board. Complete financial statements for H/CC can be obtained from Dave Horine, Director, at the administrative offices at 7615 Harrison Avenue, Cincinnati, Ohio 45231.

Ohio SchoolComp Workers' Compensation Group Rating Plan

The School District participates in the Ohio SchoolComp Workers' Compensation Group Rating Plan (GRP), an insurance purchasing pool. The Ohio School Board Association (OSBA) and the Ohio Association of School Business Officials (OASBO) co-sponsor the GRP. The Executive Directors of the OSBA and the OASBO, or their designees, serve as coordinators of the program.

Note 16 – Public Entity Shared Risk and Insurance Purchasing Pool

Brown County Schools Benefits Consortium

The Brown County Schools Benefits Consortium, a public entity shared risk and insurance purchasing pool, currently operates to provide medical insurance (insurance purchasing pool) and dental coverage (public entity shared risk pool) to enrolled employees of the consortium members and to eligible dependents of those enrolled employees. Six Brown County school districts (Eastern, Fayetteville-Perry, Georgetown, Ripley Union Lewis Huntington, Southern Hills Joint Vocational, and Western Brown Schools) and two Highland County school districts (Bright Local and Lynchburg-Clay Local School Districts), along with the Brown County Educational Service Center have entered into an agreement to form the Brown County Schools Benefits Consortium. The Consortium is governed by a nine member board consisting of the superintendents of each participating school district along with the superintendent of the Brown County Educational Service Center. The overall objectives of the consortium are to formulate and administer a program of medical and dental insurance for the benefit of the consortium members' employees and their dependents. The consortium contracts with United Healthcare to provide medical insurance directly to consortium member employees. The School District pays premiums to the consortium based on employee membership. For dental coverage the consortium acts as a public entity shared risk pool. Each member district pays dental premiums based on the consortium estimates of future claims. If the member district's dental claims exceed its premiums, there is no individual supplemental assessment; on the other hand, if the member district's claims are low, it will not receive a refund. Dental coverage is administered through a third party administrator, Denta Quest. Participating member districts pay an administrative fee to the fiscal agent to cover the costs associated with the administering of the Consortium. To obtain financial information write to the Brown County Educational Service Center at 9231 Hamer Road, Georgetown, Ohio 45121.

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

Note 17 – Set-Asides

The School District is required by State statute to annually set aside, in the General Fund, an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by fiscal year-end or offset by similarly restricted resources received during the fiscal year must be held in cash at fiscal year-end and carried forward to be used for the same purposes in future fiscal years.

The School District is no longer required to set aside funds in the budget stabilization set-aside, with the exception of refunds received from the Bureau of Workers’ Compensation, which must be spent for specified purposes.

The following cash basis information identifies the change in the fiscal year-end set-aside amounts for capital acquisition and budget stabilization. Disclosure of this information is required by State statute.

	Capital Acquisitions	Budget Stabilization
Set-aside Balance as of June 30, 2022	\$0	\$20,297
Current Fiscal Year Set-aside Requirement	129,700	0
Current Fiscal Year Offsets	(129,700)	0
Set-aside Balance as of June 30, 2023	<u>\$0</u>	<u>\$20,297</u>
Required Set-aside Balances Carried Forward to Fiscal Year 2023	<u>\$0</u>	<u>\$20,297</u>

Amounts of offsets and qualifying expenditures presented in the table for the capital acquisition set-asides were limited to those necessary to reduce the year-end balance to zero. Although the School District may have had additional offsets and qualifying expenditures for capital acquisitions, these amounts may not be used to reduce the set-aside requirements of future fiscal years and therefore is not presented as being carried forward to the next fiscal year.

Note 18 - Significant Commitments

Encumbrances

Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At fiscal year-end, the amount of encumbrances expected to be honored upon performance by the vendor in the next fiscal year were as follows:

Southern Hills Joint Vocational School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2023

General Fund	\$153,124
Permanent Improvement	4,784
Nonmajor Governmental Funds	16,243
Total	\$174,151

Note 19 – Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Fund Balances	General Fund	Permanent Improvement Fund	Nonmajor Governmental Funds	Total
<i>Nonspendable</i>				
Prepays	\$1,520	\$0	\$0	\$1,520
Inventory	0	0	1,208	1,208
Long Term Advances	200,000	0	0	200,000
<i>Total Nonspendable</i>	201,520	0	1,208	202,728

Southern Hills Joint Vocational School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2023

Note 20 – Contingencies

Grants

The School District received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, the effect of any such disallowed claims on the overall financial position of the School District at June 30, 2023, if applicable, cannot be determined at this time.

School Foundation

School District foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. The Ohio Department of Education (ODE) is legislatively required to adjust/reconcile funding as enrollment information is updated by schools throughout the State, which can extend past the fiscal year end.

As of the date of this report, additional ODE adjustments for fiscal year 2023 were provided. As a result, the School District recognized a receivable of \$974.

Litigation

The School District is of the opinion that the ultimate disposition of any legal proceedings will not have a material effect, if any, on the financial condition of the School District.

Note 21 – Accountability

The following funds had a deficit fund balance as of June 30, 2023:

Governor's Emergency Education Relief Grant	\$4,060
Carl D. Perkins Grant	2,236
Total	<u><u>\$6,296</u></u>

The deficits in all funds were due to accruals in GAAP. The General Fund provides transfers to cover deficit balances; however, this is done when cash is needed rather than when accruals occur.

Note 22 – COVID 19

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. Ohio's state of emergency ended in June 2021 while the national state of emergency ended in April 2023. During fiscal year 2023, the School District received COVID-19 funding. The School District will continue to spend available COVID-19 funding consistent with the applicable program guidelines.

Net Pension Liability

Changes in Assumptions - SERS

Beginning in fiscal year 2018, on each anniversary of the initial retirement, the allowance of all retirees and survivors may be increased by the annual rate of increase in the CPI-W measured as of the June preceding the beginning of the applicable calendar year. The annual rate of increase shall not be less than 0 percent nor greater than 2.5 percent. The COLA was suspended for 2018-2020. Prior to 2018, an assumption of 3 percent was used.

Amounts reported in 2022 incorporate changes in assumptions used by SERS in calculating the total pension liability in the latest actuarial valuation. These assumptions compared with those used in prior years are presented below:

	<u>Fiscal Year 2022</u>	<u>Fiscal Years 2021-2017</u>	<u>Fiscal Year 2016 and Prior</u>
Wage Inflation	2.4 percent	3.00 percent	3.25 percent
Future Salary Increases, including inflation	3.25 percent to 13.58 percent	3.50 percent to 18.20 percent	4.00 percent to 22.00 percent
Investment Rate of Return	7.0 percent net of system expenses	7.50 percent net of investments expense, including inflation	7.75 percent net of investments expense, including inflation

Beginning in 2022, amounts reported use mortality rates based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

Amounts reported for 2017 through 2021 use mortality rates that are based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females. Amounts reported for fiscal year 2016 and prior, use mortality assumptions that are based on the 1994 Group Annuity Mortality Table set back one year for both men and women. Special mortality tables were used for the period after disability retirement.

Changes in Assumptions - STRS

Beginning with fiscal year 2022, amounts reported incorporate changes in assumptions and changes in benefit terms used by STRS in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used in fiscal years 2018-2021 and fiscal year 2017 and prior are presented below:

Southern Hills Joint Vocational School District

Notes to Required Supplementary Information

For the Fiscal Year Ended June 30, 2023

	Fiscal Year 2022	Fiscal Years 2021-2018	Fiscal Year 2017 and Prior
Inflation	2.50 percent	2.50 percent	2.75 percent
Projected salary increases	From 2.5 percent to 12.5 percent based on age	12.50 percent at age 20 to 2.50 percent at age 65	12.25 percent at age 20 to 2.75 percent at age 70
Investment Rate of Return	7.00 percent, net of investment expenses, including inflation	7.45 percent, net of investment expenses, including inflation	7.75 percent, net of investment expenses, including inflation
Payroll Increases	3 percent	3 percent	3.5 percent
Cost-of-Living Adjustments (COLA)	0.0 percent, effective July 1, 2017	0.0 percent, effective July 1, 2017	2 percent simple applied as follows: for members retiring before August 1, 2013, 2 percent per year; for members retiring August 1, 2013, or later, 2 percent COLA commences on fifth anniversary of retirement date.

Beginning with fiscal year 2022, post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110 percent for males, projected forward generationally using mortality improvement scale MP-2020. Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95 percent for females, projected forward generationally using mortality improvement scale MP-2020. Post-retirement disabled mortality rates are based on Pub-2010 Teachers Disable Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

Beginning with fiscal year 2018, post-retirement mortality rates for healthy retirees were based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016.

For fiscal year 2017 and prior actuarial valuation, mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males’ ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89, and no set back from age 90 and above.

Changes in Benefit Term – STRS Pension

For fiscal year 2023, the Board approved a one-time 3 percent COLA effective on the anniversary of a benefit recipient’s retirement date for those eligible during fiscal year 2023 and eliminated the age 60 requirement to receive unreduced retirement that was scheduled to go into effect August 1, 2026.

Southern Hills Joint Vocational School District

*Notes to Required Supplementary Information
For the Fiscal Year Ended June 30, 2023*

Net OPEB Liability

Changes in Assumptions – SERS

Beginning with fiscal year 2022, amounts reported incorporate changes in assumptions and changes in benefit terms used by SERS in calculating the total OPEB liability in the latest actuarial valuation. These new assumptions compared with those used in fiscal year 2021 and prior are presented below:

	<u>2022</u>	<u>2021 and Prior</u>
Inflation	2.40 percent	3.00 percent
Future Salary Increases, including inflation		
Wage Increases	3.25 percent to 13.58 percent	3.50 percent to 18.20 percent
Investment Rate of Return	7.00 percent net of investment expense, including inflation	7.50 percent net of investment expense, including inflation

Amounts reported incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

Municipal Bond Index Rate:

Fiscal year 2023	3.69 percent
Fiscal year 2022	1.92 percent
Fiscal year 2021	2.45 percent
Fiscal year 2020	3.13 percent
Fiscal year 2019	3.62 percent
Fiscal year 2018	3.56 percent
Fiscal year 2017	2.92 percent

Single Equivalent Interest Rate, net of plan investment expense, including price inflation

Fiscal year 2023	4.08 percent
Fiscal year 2022	2.27 percent
Fiscal year 2021	2.63 percent
Fiscal year 2020	3.22 percent
Fiscal year 2019	3.70 percent
Fiscal year 2018	3.63 percent
Fiscal year 2017	2.98 percent

Changes in Assumptions – STRS

For fiscal year 2018, the discount rate was increased from 3.26 percent to 4.13 percent based on the methodology defined under GASB *Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB)* and the long term expected rate of return was reduced from 7.75 percent to 7.45 percent. Valuation year per capita health care costs were updated, and the salary scale was modified. The percentage of future retirees electing each option was updated based on current data and the percentage of future disabled retirees and terminated vested participants electing health coverage were decreased. The assumed mortality, disability, retirement, withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs.

Southern Hills Joint Vocational School District

Notes to Required Supplementary Information

For the Fiscal Year Ended June 30, 2023

For fiscal year 2019, the discount rate was increased from the blended rate of 4.13 percent to the long-term expected rate of return of 7.45.

For fiscal year 2022, the discount rate was decreased from 7.45 percent to the long-term expected rate of return of 7.00.

For fiscal year 2023, the projected salary increases were changed from age based (2.5 percent to 12.50 percent) to service based (2.5 percent to 8.5 percent.)

Changes in Benefit Terms – STRS OPEB

For fiscal year 2018, the subsidy multiplier for non-Medicare benefit recipients was reduced from 2.1 percent to 1.9 percent per year of service. Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 2020.

For fiscal year 2019, the subsidy multiplier for non-Medicare benefit recipients was increased from 1.9 percent to 1.944 percent per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased effective January 1, 2019, and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020.

For fiscal year 2020, there was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2020, to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020, from 1.944 percent to 1.984 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021, to 2.1 percent for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

For fiscal year 2021, there was no change to the claims costs process. Claim curves were updated to reflect the projected fiscal year ending June 30, 2021, premium based on June 30, 2020, enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2021, from 1.984 percent to 2.055 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021, to 2.1 percent for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

For fiscal year 2022, there was no change to the claims costs process. Claim curves were updated to reflect the projected fiscal year ending June 30, 2022, premium based on June 30, 2021, enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2022, from 2.055 percent to 2.1 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D Subsidy was updated to reflect it is expected to be negative in CY 2022. The Part B monthly reimbursement elimination date was postponed indefinitely.

For fiscal year 2023, healthcare trends were updated to reflect emerging claims and recoveries experience.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
REQUIRED BY *GOVERNMENT AUDITING STANDARDS***

Southern Hills Joint Vocational School District
Brown County
9193 Hamer Road
Georgetown, OH 45121

To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standard applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of **Southern Hills Joint Vocational School District**, Brown County, (the School District) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the School District’s basic financial statements and have issued our report thereon dated December 22, 2023.

Report on the Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School District’s internal control over financial reporting (internal control) as a basis for designing audit procedures appropriate in the circumstances for the purposes of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District’s internal control. Accordingly, we do not express an opinion on the effectiveness of the School District’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the School District’s financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School District’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
