\* School districts that refinance or restructure operating debt while in watch or emergency remain in watch for the duration of the repayment period.

\*\* These districts were originally in fiscal watch, but qualified for fiscal emergency after being unable to develop a financial recovery plan or updated financial recovery plan acceptable to the State Superintendent of Public Instruction/Director of Department of Education and Workforce or not following the financial recovery plan in place following a declaration of fiscal watch.

\*\*\* Districts adopted resolutions they would be unable to develop a financial plan acceptable to the State Superintendent of Public Instruction/Director of Department of Education and Workforce within 120 days, and were immediately declared in emergency.

\*\*\*\* Effective July 1, 2014, the School District relinquished its territory to Old Fort Local School District.

\*\*\*\*\* Effective July 1, 2015, the School District relinquished its territory to Berkshire Local School District.

\*\*\*\*\* These districts were placed in fiscal emergency due to 1) the certification of an operating deficit in the current year that exceeds fifteen percent of the general fund revenue in the preceding fiscal year and 2) the voters have not approved a levy to raise enough money to eliminate the deficit in the next fiscal year.

\* School districts that refinance or restructure operating debt while in watch or emergency remain in watch for the duration of the repayment period.

\*\* These districts were originally in fiscal watch, but qualified for fiscal emergency after being unable to develop a financial plan or not following the financial recovery plan in place.

\*\*\* Districts adopted resolutions indicating they would be unable to develop a financial plan acceptable to the State Superintendent of Public Instruction/Director of Department of Education and Workforce within 120 days, and were immediately declared in fiscal emergency.

\*\*\*\* These districts were in fiscal caution and declared in fiscal watch due to an inability to develop an acceptable plan to eliminate the conditions that lead to the declaration of fiscal caution.
